Swire Properties Limited (the “Company”) expects that there will be a substantial decrease in the profit attributable to its shareholders for the six months ending 30th June 2020, as compared to the same period in 2019.

It is expected that there will be a loss on revaluation of investment properties, net of deferred tax, of approximately HK$2.6 billion in the first six months of 2020, compared with a profit on revaluation of investment properties, net of deferred tax, of approximately HK$3.6 billion in the first six months of 2019. The loss principally reflects the effect of adverse market conditions and COVID-19 on the valuation of investment properties in Hong Kong and retail investment properties in the U.S.A. Profits on the sale of investment properties, which were significant in the first six months of 2019, are not expected to be significant in the first six months of 2020. The hotel interests, which recorded a profit in the first six months of 2019, are expected to make a loss in the first six months of 2020.

General

It is considered that the information in this announcement may constitute inside information.
