Appointment of the joint provisional liquidators and the Winding-Up Hearing

On 23 January 2015, Mega International Commercial Bank Co., Ltd. presented a winding-up petition to the Grand Court of the Cayman Islands (the "Grand Court") for the winding-up of the Company. On 27 January 2015, a summons was filed with the Grand Court seeking the appointment of liquidators to the Company.

At the hearing on 25 February 2015, the Grand Court handed down the Court Order appointing Mr. Man Chun So, Mr. Yat Kit Jong and Mr. David Walker as the joint provisional liquidators of the Company together with another Order adjourning the hearing of the Winding Up Petition to 26 May 2015. At the adjourned hearing on 26 May 2015, the Winding Up Petition was further adjourned to a date to be fixed.

On 2 August 2016, the Grand Court made a further order releasing Mr. David Walker from the obligation to perform any further duties in his capacity as joint provisional liquidator and replacing him with Mr. Simon Conway.

Upon the appointment of the joint provisional liquidators of the Company (the "Provisional Liquidators") and pursuant to the powers conferred to the Provisional Liquidators in the Order, the Provisional Liquidators have sought to obtain information, books and records of the Company from relevant parties including the directors and key employees of the Company, banks and auditors as well as from site visits to the offices and operations in Hong Kong and the People's Republic of China ("the PRC").

The Provisional Liquidators have sought to identify and secure any assets of the Company including securing the Hong Kong office premises, taking possession of limited books and records in Hong Kong, requesting Statements of Affairs from the directors and seeking to transfer bank balances to the Provisional Liquidators' designated accounts.

Restructuring of the Company

Suspension of trading in shares of the Company

Trading in the shares on the Main Board of the Stock Exchange of Hong Kong Limited (the "Stock Exchange") has been suspended with effect from 10:56 a.m. on 25 March 2014.

First Resumption Conditions

On 20 November 2014, the Stock Exchange informed the Company that the following resumption conditions (the "First Resumption Conditions") have been imposed on the Company to proceed with the resumption of trading in the shares of the Company:

- (a) publish an announcement addressing the allegations of Glaucus Report by Glaucus Research Group and Emerson Report by Emerson Analytics Co., Ltd., and disclosing all material information that is necessary for the market to appraise the Company's latest operating and financial position;
- (b) publish all outstanding financial results required by Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules") and address any audit qualifications; and
- (c) demonstrate that the Company has sufficient operations or value of assets under Rule 13.24 of the Listing Rules.

The Company is also required to comply with the Listing Rules and all applicable laws and regulations in Hong Kong and its place of incorporation before resumption. The Stock Exchange may modify any of the above and/or impose further conditions if the situation changes.

First delisting stage

On 16 March 2015, according to the letter from the Stock Exchange dated 13 March 2015, the Stock Exchange decided to place the Company in the first delisting stage under Practice Note 17 of the Listing Rules as the Stock Exchange considers that the Company is unable to maintain a sufficient level of operations or assets required under Rule 13.24 to support a continued listing.

The first delisting stage expired on 12 September 2015. The Company was required to submit a viable resumption proposal addressing all the resumption conditions at least 10 business days before the expiry of the first delisting stage. The proposal must be clear, plausible and coherent, and contain sufficient details (including forecasts and a clear plan for future business development) for the Stock Exchange's assessment. The Company must demonstrate that it has a business of substance and that the business model is viable and sustainable. The proposal should also comply with the Listing Rules and all applicable laws and regulations.

In addition to the Resumption Conditions published on 26 November 2014, the Stock Exchange has imposed Further Resumption Conditions for the resumption of trading in the shares of the Company on the Stock Exchange, being to:

- (a) demonstrate that the Company has put in place adequate financial reporting procedures and internal control systems to meet its Listing Rule obligations; and
- (b) have the winding up petition against the Company withdrawn or dismissed and the Provisional Liquidators discharged.

Second delisting stage

On 25 September 2015, the Company announced that as no resumption proposal had been submitted before the expiry date of the first delisting stage, the Stock Exchange accordingly decided to place the Company in the second delisting stage commencing on 17 September 2015 pursuant to Practice Note 17 of the Listing Rules. The second delisting stage expired on 16 March 2016. The Company was required to provide a viable resumption proposal at least 10 business days before the second delisting stage expires (i.e. 1 March 2016) to:

- (a) demonstrate that the Company has sufficient operations or value of assets under Rule 13.24;
- (b) address the allegations of the reports published by Glaucus Research Group and Emerson Analytics Co., Ltd. and disclose all material information;
- (c) publish all outstanding financial results and address any audit qualifications;
- (d) demonstrate that the Company has put in place adequate financial reporting procedures and internal control systems to meet its Listing Rule obligations; and
- (e) withdraw or dismiss the winding up petition and discharge of the Provisional Liquidators.

Third delisting stage

On 8 April 2016, the Company announced that as no resumption proposal had been submitted before the expiry date of the second delisting stage, the Stock Exchange decided to place the Company in the third delisting stage pursuant to Practice Note 17 of the Listing Rules. The third delisting stage commenced on 8 April 2016 and will expire on 7 October 2016.

The resumption proposal to be submitted should demonstrate sufficient operations or assets as required under Rule 13.24 and to have the winding up petition against the Company withdrawn or dismissed and the Provisional Liquidators discharged.

The Company must also:

- (a) address the alleged irregularities mentioned in the reports published by Glaucus Research Group and Emerson Analytics Co., Ltd. and inform the market of material information;
- (b) publish all outstanding financial results and address any audit qualifications; and
- (c) demonstrate that the Company has put in place adequate financial reporting procedures and internal control systems to meet its obligations under the Listing Rules.

Proposed Restructuring of the Company

On 23 September 2016, the Company entered into a restructuring framework agreement (the "Restructuring Framework Agreement") with independent third parties (the "Investors"), pursuant to which the Company will implement a restructuring of the Company's equity and debt ("Proposed Restructuring").

Pursuant to the Restructuring Framework Agreement, the Company will carry out the Proposed Restructuring which comprises: (i) the Capital Reorganisation; (ii) the Creditors Schemes; (iii) the Open Offer; (iv) the Subscription; (v) the Acquisition; (vi) Reverse Takeover; and (vii) Whitewash Waiver. The Subscription was subsequently cancelled and replaced by the Share Offer pursuant to the amendment letter dated 26 November 2018.

Following the entering into of the Restructuring Framework Agreement, the Company submitted the resumption proposal to the Stock Exchange before the expiry of the third delisting stage to seek resumption of trading of the Company's shares. On 24 October 2016, the Company received a letter of even date from the Stock Exchange, which stated that the Stock Exchange agreed to allow the Company to submit a new listing application relating to the resumption proposal (but not any other proposal) on or before 31 March 2017. If the Company fails to submit a new listing application by 31 March 2017, or the transactions proposed in the resumption proposal fail to proceed for any reason, the Stock Exchange will proceed with cancelling the Company's listing on the Stock Exchange.

On 31 March 2017, a new listing application was submitted to the Stock Exchange. In accordance with the Listing Rules, the new listing application was required to be re-submitted in the event that a six month period passed following the original submission. As such, six re-submissions were filed with the Stock Exchange on 16 October 2017, 9 May 2018, 14 November 2018, 22 May 2019, 25 November 2019 and 8 June 2020 respectively. In parallel, the Stock Exchange, together with the Securities and Futures Commission (collectively, the "Regulators") issued a number of sets of queries in relation to the new listing application throughout the period from April 2017 to June 2020. The Company, the Investors and all other professional parties have been working closely to address the Regulators' queries and made relevant replies throughout the year of 2017, 2018, 2019 and the first six months of 2020, and the Circular has been published on 29 November 2019. As of the date of these financial statements, the Regulators have granted in-principle approval to the new listing application.

In consideration of the progress of the Proposed Restructuring and the recent financial performance of the target group, eight amendment letters (the "Amendment Letters") were entered between the Company, the Provisional Liquidators and the Investors on 29 September 2017, 29 December 2017, 27 April 2018, 26 November 2018, 25 April 2019, 29 July 2019, 31 October 2019 and 2 June 2020 respectively to extend the Long Stop Date of the Restructuring Framework Agreement to 31 July 2020 (or any other date as the parties may agree in writing), to amend the Open Offer Price, the Subscription Price and the price of the Consideration Shares (from HK\$0.08 to HK\$0.06), to amend the share consolidation ratio from 10 shares to 1 share to 40 shares to 1 share, resulting to an increase of the Open Offer Price, the Subscription Price and the price of the Consideration Shares from HK\$0.06 to HK\$0.24, and to revise the transaction structure, where a Share Offer (details as set out below) will be implemented while the Subscription and the Open Offer were cancelled.

Save as disclosed above, the Restructuring Framework Agreement remains substantially unchanged and in full force and effect in all respects.

SHARE OPTIONS

On the basis that the relevant books and records are incomplete, no representation is made by the Provisional Liquidators and the Company as to the completeness, existence, rights and obligations, and valuation of the share option outstanding as at 30 June 2020 for the Company as of the date of publication of these unaudited condensed consolidated interim financial statements.

A. Pre-IPO Share Option Scheme

Pursuant to a written resolution approved by the Company's shareholders on 30 April 2008, the pre-IPO share option scheme (the "Pre-IPO Share Option Scheme") became effective. Certain executive directors, senior managerial staff and employees of the Group were granted options to recognise their contributions to the Group. Under the Pre-IPO Share Option Scheme, 198 individuals (the "Grantees") comprised of 3 directors, 7 senior managerial staff and 188 employees of the Group, were granted options conditionally. The exercise of the options would entitle the Grantees to purchase an aggregate of 76,000,000 shares of the Company immediately following completion of the global offering and the capitalisation issue at the offer price. The options vested on 16 June 2009, the date on which the shares of the Company were listed on the Stock Exchange (the "Listing Date"), and the Grantees remain in employment for a certain period of time. The options are exercisable by instalments and up to 7 years since the Listing Date. The Group has no legal or constructive obligation to repurchase or settle the options other than by issuing the Company's ordinary shares. The Group would receive HKD1.00 for each grant under the Pre-IPO Share Option Scheme. The fair value of the options is determined using the Binomial Option Pricing Model that takes into account factors specific to the share incentive plans. The following table lists the inputs to the model used:

Expected volatility*	47.88%
Risk-free interest rate	2.544%
Dividend yield	3.93%
Expected life of option	7 years
Fair value at grant date	HKD0.51 – HKD0.59
Exercise price at the date of grant	HKD1.659

* The expected volatility is assumed based on the historical volatilities of the share prices of the comparable companies. It is assumed that the volatility is constant throughout the option life.

B. Share Option Scheme

In order to comply with the Listing Rules of Main Board regarding share option scheme of a Company, a share option scheme (the "Share Option Scheme") was adopted by the Company on 26 May 2009.

Eligible participants of the Share Option Scheme include executive directors, non-executive directors, employees, consultants, advisers and other service providers. The Share Option Scheme became effective on 26 May 2009 and, unless otherwise cancelled or amended will remain in force for 10 years from that date.

Share options granted to a director, chief executive or substantial shareholder of the Company, or to any of their respective associates are subject to approval in advance by the independent non-executive directors. In addition, any share options granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their respective associates, in excess of 0.1% of the shares of the Company in issue at any time and with an aggregate value (based on the closing price of the Company's shares as stated in the daily quotation sheets issued by the Stock Exchange at the date of the grant) in excess of HKD5 million, within any 12-month period, are subject to shareholders' approval in advance in a general meeting.

The exercise price of the share options must be at least the highest of (1) the nominal value of an ordinary share on the date of grant; (ii) the closing price of the Company's shares as stated in the daily quotations sheet of the Stock Exchange on the date of the offer of the share options; and (iii) the average closing price of the Company's shares as stated in the daily quotations sheet of the Stock Exchange for the five trading days immediately preceding the date of the offer.

The Group has no legal or constructive obligation to repurchase or settle the options other than by issuing the Company's ordinary shares.

Going concern

The Group has received a winding up petition filed by the Petitioner against the Company and it was alleged in the Winding Up Petition that the Company was indebted to and failed to satisfy the Lenders. In preparing these unaudited condensed consolidated interim financial statements, and taking into account of the incomplete books and records available to the Company (see the section under the header “Incomplete books and records” on page 22 for details), the Company has given careful consideration to the impact of the current and anticipated future liquidity of the Group and the Company and the ability of the Group and the Company to generate a profit and attain positive cash flows from operations in the immediate and longer term.

Based on the cash flow projections of the Group and having taken into account the assumption that the proposed restructuring of the Company, as mentioned above, will be successfully completed, the Company has concluded that the Group and the Company is able to continue as a going concern and to meet their financial liabilities as and when they fall due in the foreseeable future.

Should the Group be unable to continue as a going concern, adjustments would have to be made to restate the values of assets to their recoverable amounts, to provide for any further liabilities which might arise and to classify non-current assets and liabilities as current assets and liabilities respectively. The effects of these potential adjustments have not been reflected in these unaudited condensed consolidated interim financial statements.

**REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION
TO THE BOARD OF DIRECTORS OF CHINA LUMENA NEW MATERIALS CORP. (IN PROVISIONAL LIQUIDATION)**
(incorporated in the Cayman Islands with limited liability)

Introduction

We were engaged to review the interim financial information set out on pages 15 to 30 which comprise the condensed consolidated statement of financial position of China Lumena New Materials Corp. (In Provisional Liquidation) (the "Company") and its subsidiaries (together "the Group") as at 30 June 2020, and the related condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the six-month period then ended and other explanatory information.

The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and International Accounting Standard 34 "Interim Financial Reporting" ("IAS 34") issued by the International Accounting Standards Board. The directors and provisional liquidators are responsible for the preparation and presentation of this interim financial information in accordance with IAS 34.

Our responsibility is to express a conclusion on this interim financial information based on our review and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Because of the matters described in the basis for disclaimer of conclusion paragraphs, however, we were not able to obtain sufficient appropriate evidence as a basis for expressing a conclusion on the interim financial information.

Basis for disclaimer of conclusion

Scope limitation due to incomplete books and record

Up to the date of this report, given the incomplete books and records and serious doubts over the reliability of the Group's accounting and other records, the provisional liquidators of the Company, acting as agents of the Company (without liability and recourse), believe that, it is almost impossible, and not practical, to ascertain the correct revenue and profit or loss (and the resultant assets and liabilities) for the current period for inclusion in the interim financial information of the Group. Also, due to incomplete books and records, the Provisional Liquidators of the Company believe that it is almost impossible, and not practical, to verify the interim financial information of the Group for the past years and, in particular prior to the appointment of the Provisional Liquidators on 25 February 2015. We were therefore unable to carry out satisfactory procedures to obtain reasonable assurance regarding the completeness, accuracy, existence, valuation, classification and disclosures of the transactions, contingent liabilities and commitments of the Group for the year ended 31 December 2019 and period ended 30 June 2020.

Given these circumstances, which are more fully disclosed in note 1 to the unaudited condensed consolidated interim financial statements, there were no practicable procedures that we could perform to satisfy ourselves that the information and documents presented to us for the purpose of our review are complete and accurate in all material respects, nor to quantify the extent of adjustments that might be necessary in respect of the Group's unaudited interim financial information.

Any adjustments found to be necessary in respect thereof had we obtained sufficient appropriate evidence would have had a consequential effect on the net liabilities of the Group as at 1 January 2020 and 30 June 2020, and on its loss for the periods ended 30 June 2020 and 2019, and the related disclosures thereof in the unaudited condensed consolidated interim financial statements.

Non-compliance with IFRSs and omission of disclosures

As explained in note 1 to the unaudited condensed consolidated interim financial statements, as the unaudited condensed consolidated interim financial statements of the Group have been prepared based on the information provided by the former management of the Company and the Provisional Liquidators have presented these financial statements based on incomplete books and records, the Provisional Liquidators believe it is almost impossible and not practicable to ascertain the correct amounts. Consequently, the Provisional Liquidators of the Company were unable to confirm that the unaudited condensed consolidated interim financial statements comply with IFRSs, or that the disclosure requirements of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited have been complied with. Given these circumstances, which are more fully described in note 1 to the unaudited condensed consolidated interim financial statements, there were no practicable procedures that we could perform to quantify the extent of adjustments that might be necessary in respect of the Group's interim financial information.

Investments in unconsolidated subsidiaries and deconsolidation of subsidiaries

As disclosed in note 6 to the unaudited condensed consolidated interim financial statements, due to incomplete books and records, the Provisional Liquidators of the Company have been unable to access the books and records of certain subsidiaries of the Company (collectively referred to as "Unconsolidated Subsidiaries"). Due to the lack of complete books and records of the Unconsolidated Subsidiaries, the provisional liquidators consider that there is insufficient documentation to satisfy the Provisional Liquidators on control of the Unconsolidated Subsidiaries in accordance with the requirements of International Financial Reporting Standard 10 "Consolidated Financial Statements". Therefore, it is almost impossible, and not practical, to consolidate the financial statements of the Unconsolidated Subsidiaries into the Group's consolidated financial statements since 25 February 2015, the date of the appointment of the provisional liquidators of the Company.

However, no sufficient evidence has been provided to satisfy ourselves as to whether the Company had control of these Unconsolidated Subsidiaries since 25 February 2015 and throughout the six months ended 30 June 2020 and accordingly we have been unable to obtain sufficient reliable evidence to satisfy ourselves as to whether it is appropriate to exclude the Unconsolidated Subsidiaries from the consolidated financial statements and the loss on deconsolidation of unconsolidated subsidiaries.

The exclusion of the financial position and results of the Unconsolidated Subsidiaries in the consolidated financial statements is a departure from the requirements of International Financial Reporting Standard 10 "Consolidated Financial Statements".

Due to the lack of complete books and records of the Unconsolidated Subsidiaries, we were unable to obtain sufficient appropriate evidence and explanations to determine whether the carrying values of the investments in the Unconsolidated Subsidiaries were free from material misstatement. Any adjustments that might have been found to be necessary would have a consequential significant effect on the Group's and the Company's net liabilities as at 30 June 2020 and the Group's results for the period then ended.

Material uncertainty related to going concern basis

The unaudited condensed consolidated interim financial statements have been prepared on a going concern basis on the assumption that the proposed restructuring of the Company will be successfully completed, and that, following the restructuring, the Group will continue to meet in full its financial obligations as they fall due in the foreseeable future. The unaudited condensed consolidated interim financial statements do not include any adjustments that would result from a failure to complete the restructuring. We consider that the disclosures are adequate. However, in view of the extent of the uncertainty relating to the completion of the restructuring, we disclaim our conclusion in respect of the material uncertainty relating to the going concern basis of preparation of these unaudited condensed consolidated interim financial statements.

Disclaimer of conclusion

Because of the significance of the matters described in the basis for disclaimer of conclusion paragraphs, we have not been able to obtain sufficient appropriate evidence to form a conclusion on the unaudited condensed consolidated interim financial statements. Accordingly, we do not express a conclusion on the unaudited condensed consolidated interim financial statements.

Other matters

The Provisional Liquidators were appointed on 25 February 2015. The Provisional Liquidators have recovered only limited books and records of the Company and they have used their reasonable endeavours to present the unaudited condensed consolidated interim financial statements based on the information prepared by the former management of the Company available to them to date and based on all available information to the extent provided to them in their capacity as Provisional Liquidators subsequent to their appointment on 25 February 2015 to fulfil the Company's responsibilities for the preparation of the unaudited condensed consolidated interim financial statements in accordance with IFRSs.

1. GENERAL INFORMATION (Continued)

Reverse Takeover

The Acquisition constitutes a very substantial acquisition and a reverse takeover for the Company under Chapter 14 of the Listing Rules and therefore is subject to the reporting, announcement and shareholders' approval requirements pursuant to the Listing Rules and approval of the new listing application of the Company by the Listing Committee.

Whitewash Waiver

Upon the completion of the Proposed Restructuring, the Concert Group will, in aggregate, hold approximately 65.0% of the share capital of the Company after the capital reorganisation and as enlarged by the Offer Shares, the Share Offer Shares and the Consideration Shares and after the completion of share placement to maintain sufficient public float. As such, the Concert Group would be required to make a mandatory general offer for all the issued shares of the Company (not already owned or agreed to be acquired by the Concert Group) under Rule 26.1 of the Hong Kong Codes on Takeover (the "Takeovers Code"), unless a waiver from strict compliance with Rule 26.1 of the Takeovers Code is granted by the Regulators. The Investors will make an application to the Regulators for the granting of the Whitewash Waiver pursuant to Note 1 on dispensations from Rule 26 of the Takeovers Code.

Incomplete books and records

Due to the limited information available, the Company was unable to obtain sufficient documentary information regarding the completeness of books and records and the treatment of various balances as included in the unaudited condensed consolidated interim financial statements for the six months ended 30 June 2020 and have formed the opinion as follows:

As the unaudited condensed consolidated interim financial statements have been prepared based on the incomplete books and records available to the Company, the Company is unable to represent that all transactions entered into by the Group for the six months ended 30 June 2020 have been properly reflected in the unaudited condensed consolidated interim financial statements. As such, the Provisional Liquidators of the Company are also unable to represent as to the completeness, existence and accuracy of identification and the disclosures of the unaudited condensed consolidated interim financial statements in accordance with IFRSs and the disclosure requirements of the Listing Rules. The Provisional Liquidators have recovered only limited books and records of the Company and therefore it is almost impossible, and not practical to verify the interim financial information of the Group.

Going concern

The Group has received a winding up petition filed by the Petitioner against the Company and it was alleged in the Winding Up Petition that the Company was indebted to and failed to satisfy the Lenders. In preparing these unaudited condensed consolidated interim financial statements, and taking into account of the incomplete books and records available to the Company (see the preceding section under the header "Incomplete books and records" for details), the Company has given careful consideration to the impact of the current and anticipated future liquidity of the Group and the Company and the ability of the Group and the Company to generate a profit and attain positive cash flows from operations in the immediate and longer term.

Based on the cash flow projections of the Group and having taken into account the assumption that the Proposed Restructuring of the Company, as mentioned above, will be successfully completed, the Company has concluded that the Group and the Company is able to continue as a going concern and to meet their financial liabilities as and when they fall due in the foreseeable future.

Should the Group be unable to continue as a going concern, adjustments would have to be made to restate the values of assets to their recoverable amounts, to provide for any further liabilities which might arise and to classify non-current assets and liabilities as current assets and liabilities respectively. The effects of these potential adjustments have not been reflected in these unaudited condensed consolidated interim financial statements.
