BUSINESS REVIEW

For the year ended 31 March 2019 (the “Year”), the Goldbond Group Holdings Limited (the “Company”) and its subsidiaries (collectively the “Group”) continued to be principally engaged in the provision of financial services business including financing and factoring services in Hong Kong and the Peoples’ Republic of China (the “PRC”) and held interests in associates.

Core business

Financial services business – Financing

During the year ended 31 March 2019, the financing services segment realised revenue of approximately HK\$1.2 million (2018: approximately HK\$4.3 million). The segment result before impairment loss decreased by approximately HK\$3.5 million or 164.9% to loss of approximately HK\$1.4 million (2018: profit of approximately HK\$2.1 million) for the Year. The decrease in revenue was mainly attributable to the fact that the Group has changed its operation strategy and reduced the scale of the business in the small loan financing which resulted in no new small loan having been granted during the Year. For the year ended 31 March 2019, a net impairment loss of approximately HK\$46.2 million was recognised, details of which are set out below. As a result, the segment recorded a loss of approximately HK\$47.6 million (2018: approximately HK\$135.1 million) for the Year.

– *Small loan financing*

The Group was engaged in small loan financing business through Yancheng Goldbond Technology Small Loan Company Limited (“Yancheng Goldbond”), established in Yancheng, Jiangsu Province, the PRC. Yancheng Goldbond offers short-term loan financing services, loan guarantee services, direct investment and other services approved by the provincial government, to small and medium-sized enterprises (“SMEs”) and individuals in Yancheng.

In view of the slow-down of the economy in third-tier cities like Yancheng, the Group adjusted its operating strategy by taking a very cautious approach in granting loans. The revenue from the small loan financing business further dropped to zero as no new small loan has been granted during the Year. The Group also decided to further reduce the investment in the small loan financing sector and the capital reduction of Yancheng Goldbond in the amount of US\$6.5 million was approved in October 2018. Financial resources will be diverted to other businesses with better growth potential, such as factoring financial services business and operating lease business.

– *Loan to Yong Hua International Ltd*

As disclosed in the interim report of the Company for the six months ended 30 September 2018 (the “2018/19 Interim Report”), Solomon Glory Limited, a wholly-owned subsidiary of the Company (“Solomon Glory”) has commenced legal proceedings against Yong Hua International Limited (“Yong Hua”) and Mr. Xie Xiaoqing (“Mr. Xie”) pursuant to a term loan facility in the principal amount of approximately HK\$128.8 million in The Court of First Instance of The High Court. The judgement was awarded in favour of Solomon Glory. Solomon Glory is taking enforcement actions against the assets of Yong Hua and Mr. Xie for the recovery of outstanding loan. The Group has obtained a garnishee order in respect of a bank account of Mr. Xie and recovered approximately HK\$0.3 million. A charging order has also been granted by the court in Hong Kong in favour of Solomon Glory for 38,503,380 issued shares of China Rongzhong Financial Holdings Company Limited (“China Rongzhong”) (Stock code: 03963) held by Yong Hua.

Given that during the Year, (i) the charging order was granted by the court in Hong Kong in favour of Solomon Glory for issued shares of China Rongzhong; and (ii) the garnishee order was obtained and the amount was recovered, a reversal of impairment loss on advances provided to customers amounting to approximately HK\$17.6 million was recognised for the year ended 31 March 2019.

Financial services business – Factoring

The Group’s factoring business is conducted through Jiangsu Goldbond Factoring Co., Ltd (“Jiangsu Goldbond”), a wholly-owned subsidiary of the Company.

The Group provides customers with funds secured by, amongst others, their accounts receivable, and offers them accounts receivable management services, which include review of documents relating to the accounts receivable, collection of the accounts receivable, and reporting regularly to customers on matters concerning their accounts receivable. In return, the Group receives interest income as well as professional fees for the services rendered.

Before granting loans to potential customers, the Group assesses the potential borrower’s credit quality and/or receivables’ quality and defines the credit limits granted to the borrowers. The credit limits attributed to the borrowers are reviewed by the management regularly.

During the year ended 31 March 2019, the factoring service segment realised revenue of approximately HK\$12.2 million (2018: approximately HK\$13.6 million). The segment result before impairment loss decreased by approximately HK\$1.6 million or 17.1% to profit of approximately HK\$7.8 million (2018: approximately HK\$9.4 million) for the Year. For the year ended 31 March 2019, a net impairment loss of approximately HK\$151.2 million was recognised, details of which are set out below. As a result, the segment recorded a loss of approximately HK\$143.4 million (2018: profit of approximately HK\$9.4 million) for the Year.

Management Discussion and Analysis

Impairment loss on advance provided to Shenzhen Huarongfeng Group Co. Ltd.

On 17 June 2017, Jiangsu Goldbond, entered into a revolving factoring facility agreement with the borrower, Shenzhen Huarongfeng Group Co. Ltd.* 深圳市華榮豐實業(集團)有限公司 (“Shenzhen Huarongfeng”), a company established in the PRC; and the guarantor, China Huayang Economic and Trading Group Co. Ltd.* 中國華陽經貿集團有限公司 (“China Huayang”), which is a company established in the PRC and listed in Shanghai Stock Exchange (上海證券交易所). Jiangsu Goldbond agreed to provide recourse factoring facility up to RMB100 million (equivalent to approximately HK\$116.3 million) to Shenzhen Huarongfeng for a fixed term of two years. As disclosed in the 2018/19 Interim Report, it had come to the attention of the board (the “Board”) of directors (the “Directors”) of the Company that China Huayang had defaulted on repayment of certain bonds and was sued by its debtors.

The Board, after taking into account (i) several debentures of China Huayang are in default and the debtors have initiated legal proceedings against China Huayang; (ii) China Huayang is currently in the process of debt restructuring but no debt restructuring plan is finalized at this stage; (iii) there are at least eight debtors of China Huayang that have claimed their rights through legal procedures and Jiangsu Goldbond’s position is rather behind from those debtors and (iv) the valuation result from the Independent valuer, Integrity Appraisal Asia Limited, considered that the chance of recovering the debt due and owing by them was low. Accordingly, an impairment loss on the advance provided to customers of approximately HK\$116.3 million was recognised for the Year.

Impairment loss on advance provided to Sichuan Xinju Emerging Advanced Materials Technology Co. Ltd. 四川鑫炬新興新材料科技有限公司 (“Sichuan Xinju”)*

On 18 December 2017, Jiangsu Goldbond, entered into a factoring service agreement (“Factoring Service Agreement”) with Sichuan Xinju, a company established in the PRC with limited liability, whereby Jiangsu Goldbond has conditionally agreed to acquire the electronic commercial drafts (“Electronic Commercial Drafts”), from Sichuan Xinju at a consideration of RMB30 million (equivalent to approximately HK\$34.9 million). The Electronic Commercial Drafts were issued by CECEP Industrial Energy Conservation Co., Ltd (“CECEP”), is a subsidiary of China Energy Conservation and Environmental Protection Group* 中國節能環保集團公司 (“CECEPG”), which is a state level enterprise specialised in industrial energy-saving and emission reduction. The Electronic Commercial Drafts have a maturity date falling on 1 December 2018 and were to be transferred by Sichuan Xinju to Jiangsu Goldbond pursuant to the arrangement set out in the Factoring Service Agreement.

On 1 December 2018, Sichuan Xinju failed to transfer the Electronic Commercial Drafts with face value of RMB30 million to Jiangsu Goldbond. Subsequently, on 12 December 2018, Jiangsu Goldbond commenced legal proceeding against Sichuan Xinju and CECEP. On 18 September 2020, a judgment was issued by the relevant PRC court under which Sichuan Xinju and CECEP were ordered to compensate Jiangsu Goldbond (i) the face value of the Electronic Commercial Drafts in the amount of RMB30 million; (ii) the interest incurred therefrom; and (iii) the litigation fee.

The Board, after taking into account that (i) the valuation result from the independent valuer, Integrity Appraisal Asia Limited; and (ii) the ability of CECEP to repay was in doubt, considered that the chance of recovering the debt due and owing by them was low. Accordingly, an impairment loss on advance provided to customers of approximately HK\$34.9 million was recognised for the Year.

Investments

Interest in an associate: 34.86% of China Rongzhong

China Rongzhong and its subsidiaries (“China Rongzhong Group”), is primarily engaged in finance leasing business through Rongzhong International Financial Leasing Co., Ltd., which provides finance lease services to customers in Hubei Province, the PRC.

Based on publicly available information, the revenue of China Rongzhong Group for the Year was approximately HK\$70.8 million (2018: approximately HK\$128.5 million), which decreased by approximately HK\$57.7 million or 44.9% compared to previous year. China Rongzhong Group experienced high level of impairment loss on its finance lease receivables in the amount of approximately HK\$100.8 million for the Year (2018: approximately HK\$398.9 million). As a result, China Rongzhong Group reported a net loss attributable to the owners of the Company of approximately HK\$91.4 million (2018: approximately HK\$352.5 million). The Group’s share of loss of China Rongzhong Group for the Year was approximately HK\$31.9 million (2018: approximately HK\$122.9 million).

The annual report of China Rongzhong is available for viewing and downloading from the website of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) at <http://www.hkexnews.hk> and the website of China Rongzhong at <http://www.chinarzfh.com>.

Also, the Board considered that the operating environment for China Rongzhong Group is expected to remain challenging. The Board carried out impairment reviews on the carrying amount of the investment in China Rongzhong as at 31 March 2019 and 2018 by comparing the recoverable amount with the carrying amount of the investment in China Rongzhong. Fair value less costs of disposal, measured using the quoted price for China Rongzhong listed shares on the Stock Exchange as at 29 March 2019 was approximately HK\$64.7 million (29 March 2018: approximately HK\$138.1 million). In determining the value in use of the investment as at 31 March 2018, the Group estimated its share of the present value of the estimated future cash flows expected to be generated by the associate, including cash flows from the operations of the associate and estimated terminal value at a discount rate of 23.4% as the year ended 31 March 2018. Based on the assessment as at 31 March 2018, the recoverable amount of China Rongzhong based on fair value less costs of disposal amounted to approximately HK\$138.1 million is higher than its carrying amount. Hence, a reversal of impairment loss of approximately HK\$21,930,000 on the interest in China Rongzhong was recognised. As at 31 March 2019, the recoverable amount of China Rongzhong is higher than its carrying amount. No impairment had been recognised.

Interests in associates: 49% of Goldbond Capital Investments Limited (the “Fund Manager”) and 19.9% of Allied Golden Capital Fund I (Cayman) Company Limited (the “Fund”)

The Fund sold its first real estate investment in Los Angeles in the United States of America with a successful closing in the Year. An investment in real estates of US\$10.5 million was made in November 2018. The Fund is managed by the Fund Manager. The Fund Manager will continue to look for opportunistic investments for the Fund in the United States of America, United Kingdom and Hong Kong. The Group’s share of loss of the Fund for the Year was approximately HK\$0.1 million (2018: share of loss of approximately HK\$0.1 million) while its share of profit of the Fund Manager was approximately HK\$0.3 million (2018: share of loss of approximately HK\$0.4 million).

OUTLOOK

The Group's financial services businesses have remained challenging during the Year. The trade dispute between the United States of America and the PRC in recent months has added new uncertainties and variables to the outlook of world economy and global financial markets. In addition, the Group suspended its business of trading transactions in chemical products in January 2019. The Group will be more cautious on the counterparties' ability on resisting fluctuation in the market when exploring new opportunities in the financing businesses.

Looking ahead, the Group will continue its business strategy of building an asset portfolio with a good balance of recurring income streams and growth opportunities.

FINANCIAL REVIEW

Revenue

The Group realised revenue for the Year of approximately HK\$3.4 million, representing an increase of approximately HK\$0.7 million or 27.7% as compared to the previous year. The increase was mainly contributed by the increase in revenue derived from the financing business of the Group of approximately HK\$1.2 million (2018: approximately HK\$0.5 million).

Interest revenue – financing and factoring services

The Group realised interest revenue from financing and factoring services for the Year of approximately HK\$10.0 million, representing a decrease of approximately HK\$5.4 million or 35.0% as compared to the previous year. The decrease was mainly due to no interest income was recognised by the Group from financing service (2018: approximately HK\$3.9 million).

Staff costs

Staff costs of the Group amounted to approximately HK\$16.1 million, representing a decreased by approximately HK\$3.2 million or 16.6% compared to the previous year. Such decrease was mainly attributable to the decrease in staff salaries and share option expenses.

Other operating expenses

Other operating expenses were approximately HK\$15.3 million, representing a decreased by approximately HK\$13.0 million or 45.9% compared to the previous year. The decrease was mainly attributable to the decrease in exchange loss as a result of the appreciation of Hong Kong dollar against RMB.

Share of loss of a joint venture

The Group shared loss of a joint venture, Rongzhong Group Limited, of HK\$Nil for the Year (2018: approximately HK\$2.9 million).

Share of loss of associates

Share of loss of associates mainly composed of the share of loss of China Rongzhong of approximately HK\$38.3 million (2018: approximately HK\$122.9 million) and share of loss of the Fund of approximately HK\$0.1 million (2018: approximately HK\$0.1 million), offset by the share of profit of the Fund Manager of HK\$0.3 million (2018: loss of approximately HK\$0.4 million).

Loss for the Year attributable to the owners of the Company

As a result of the foregoing, loss for the Year attributable to the owners of the Company was approximately HK\$233.2 million (2018: approximately HK\$267.8 million).

Other comprehensive (expense)/income for the Year

Other comprehensive expense for the Year represented exchange differences arising on translation to presentation currency of approximately HK\$34.0 million (2018: other comprehensive income of approximately HK\$58.9 million).

Liquidity, financial resources and capital structure

The Group always seeks to maintain a healthy liquid position and retain sufficient capital for business development. The Group generally finances its operations through its internal resources. As at 31 March 2019, the aggregate sum of cash, bank balances and short term bank deposits amounted to approximately HK\$195.2 million (2018: approximately HK\$296.7 million) and there was no bank borrowing. The working capital (current assets less current liabilities) and the total equity of the Group were approximately HK\$192.2 million (2018: approximately HK\$422.0 million) and approximately HK\$296.7 million (2018: approximately HK\$561.8 million) respectively. No gearing ratio was calculated as the Group had no debt as at 31 March 2019.

Key Financial Ratio – Net asset value per share

	2019	2018
Net asset value per share (HK cents)	10.7	20.3

The decrease in the net asset value per share in the Year was mainly contributed by impairment losses on advances provided to customers and accounts receivable and share of loss of China Rongzhong.

Management Discussion and Analysis

Foreign Currency Risk

The Group reports its operating result in Hong Kong dollar but major operations of the Group are carried out in the PRC, transacted and recorded in RMB with some monetary assets and liabilities denominated in other foreign currencies. The Group is, thus, exposed to the fluctuation in exchange rates between RMB, Hong Kong dollar and other currencies. On the other hand, our cash and cash equivalents are primarily in RMB and Hong Kong Dollars. During the Year, the Group has not entered into any hedging or other instrument to reduce currency risks. The management will closely monitor the Group's exposure to the fluctuation of exchange rates and take appropriate measures as necessary to minimise any adverse impact that may be caused by such fluctuation.

Charges on group assets

As at 31 March 2019, structured deposits of approximately HK\$86.1 million and short term bank deposits with original maturity more than three months of approximately HK\$0.1 million were pledged to two banks to comply with the deposit requirement for the issuance of bills payable by the Group.

Contingent liabilities

As at 31 March 2019, there was no contingent liability.

Future plans for material investments

Save as disclosed in this annual report, there was no other specific plan for material investments or capital assets as at 31 March 2019.

Material acquisitions and disposals of subsidiaries, associated companies or joint ventures

The Group did not have any material acquisition or disposal of subsidiaries, associated companies or joint ventures for the Year.

Subsequent events

Events subsequent to 31 March 2019 are set out in note 40 to the consolidated financial statements in this annual report.

Employees and remuneration policy

As at 31 March 2019, the Group had 27 staff located in both Hong Kong and the PRC. The Group remunerates these employees based on their performance, experience and prevailing industry practices. Other benefits offered to these employees include medical insurance, retirement scheme and training subsidies. In addition, the Group has set up a share option scheme for the purpose of providing incentives to the eligible directors and employees.

In Hong Kong, the Group participates in the Mandatory Provident Fund Scheme (the “MPF Scheme”) established under the Mandatory Provident Fund Schemes Ordinance (Cap 485 of the Laws of Hong Kong). The assets of the MPF Scheme are held separately from those of the Group and administered by an independent trustee. Under the MPF Scheme, the Group and its employees are each required to make a contribution to the MPF Scheme at 5% of the employees’ relevant monthly income subject to a cap, which is currently set at HK\$1,500.

The employees employed by the subsidiaries in the PRC are members of the state-managed retirement benefit schemes operated by the PRC government. The PRC subsidiaries are required to contribute a certain percentage of payroll cost to the retirement benefits scheme to fund the benefits. The only obligation of the Group with respect to the retirement benefits scheme is to make specified contributions.

Dividend

The Board did not recommend the payment of dividend for the Year (2018: nil).

The Board of the Company understands that it has overall responsibility for the Group’s ESG strategy and reporting. ESG-related risks are identified through the risk control procedures and the identified material aspects are strictly managed through the Group’s policies and guidelines. Management of the aspects have been described in separate sections below. The Group will continue to identify areas of improvement for the concerned aspects and keep close communication with its stakeholders to share and exchange ideas for advancing the Group’s ESG management.

STAKEHOLDERS’ FEEDBACK

The Company welcomes stakeholders’ feedback on our ESG approach and performance. Please give your suggestions or share your views with us via email at contact@goldbondgroup.com.

Environmental, Social and Governance Report

ENVIRONMENTAL, SOCIAL AND GOVERNANCE POLICY

At Goldbond Group Holdings Limited, ESG is viewed as a business philosophy that creates sustainable value for all our stakeholders including but not limited to shareholders, employees, business partners, customers, suppliers, Government bodies and community members. By embracing business opportunities and managing risks derived from environmental, social, and economic developments, our ESG policy defines our long-term approach to specific issues in two cornerstones: Environmental and Social, which is instrumental in enabling our business to operate in a sustainable manner. The Group is committed to the long-term sustainability of our business development and the communities in which we operate.

Environmental

We value the importance of environmental protection and the impact of the environment to the well-being of communities. The Group pursues the following initiatives on the environmental protection policy:

- To give due consideration to environmental issues in our corporate decision-making process and actively minimize the impact of our business operations on the environment.
- To continue to improve our environmental performance and comply with applicable environmental laws and standards.
- To reduce energy consumption and improve energy efficiency, conserve resources, use renewable or recyclable materials, minimize the use of paper and dispose of waste in an environmentally responsible manner.
- To raise staff awareness of environmental issues through education and training and enlist their support in improving our environmental performance.

Social

We consider our staff as valuable wealth of the Group and the foundation for the development of the Group. We also believe in giving back to the communities in which we operate. The following are our policy on social aspects:

- To foster a supportive and quality working environment by upholding employment practices that treat our staff fairly and equally.
- To safeguard the rights and interests of our staff with strict compliance with the applicable laws and will never harm their interests.
- To provide them opportunities for training and development.
- To ensure a healthy and safe workplace and facilitate meaningful communication within the Group.
- To maintain a high standard of integrity, transparency and accountability in our operations, improving our services based on evolving market demands, and promoting sustainable development to our stakeholders.
- To support local initiatives that create effective and lasting benefits to the community through corporate philanthropy and mobilizing our staff to participate in volunteer work.

This Policy shall be communicated to the Group's stakeholders, including but not limited to its employees, shareholders, suppliers, business partners and customers, and made available to the public, in particular the investing public.

The Group is committed to the continual development of this Policy and its integration into the Group's operations and will review this Policy on a regular basis.

Other recyclable materials (including waste packaging and raw materials) were collected either by licensed recyclers or suppliers.

A1.5. Measures to Mitigate Emissions

The Group has set up teleconference facilities in office to avoid business air travels whenever possible. When options are available, the Group also opts for direct flights to reduce unnecessary carbon emissions.

A1.6. Waste Handling and Reduction Initiatives

The Group prides itself on segregating waste efficiently. Waste paper is collected in collection bags while waste metal and plastic are collected in the pantry. The assigned Environmental Protection Ambassador will then transfer all these recyclable materials to corresponding recycling bins regularly. Knowing that staff uses 2 to 3 pieces of M-Fold paper towel daily for drying cups and containers, staff is highly recommended to bring their own towel for cleaning and drying, or use 1 piece of paper towel each time when needed. They are also encouraged to use less dishwashing detergent.

The Group is aware that enormous amount of waste is usually generated after Chinese New Year and the Mid-Autumn Festival. Therefore, staff from the Hong Kong office actively participates in recycling campaigns. During the reporting period, the Group collected mooncake tin boxes to the Project Green Moon 2018 program co-organized by Swire Properties Limited and Hong Kong Maxim's Group. Tin boxes were donated to the Salvation Army which is devoted to supporting the underprivileged while the paper boxes were proceeded for reuse and recycling. In February 2019, the Group joined the red packet reuse and recycling campaign organized by Greeners Action for the 2nd consecutive year. The program encourages the public to get used to the idea of reusing red packets as an environmentally friendly practice during Chinese New Year. The collected red packets would be re-distributed to the general public in 2020 by Greeners Action.

Reducing Paper Waste

The Group practices paper saving initiatives, such as adopting duplex printing and printing internal documents with recycling paper. Starting from 2016, the Group has been providing employees with monthly e-Payroll Advice instead of paper forms to reduce paper use at source. It encourages staff to reuse single-side printed waste paper, used envelope, box file, and filing index etc. During the reporting period, a total of 595 kg of paper had been recycled, which contributed to an emission reduction of 2.9 tCO₂e.

A1.6. Waste Handling and Reduction Initiatives (continued)

Reducing Paper Waste (continued)

The Group's "Go Paperless" initiative reduces paper usage and makes use of technologies that create a paperless working environment. Staff is encouraged to:

- Make printing and copying a need instead of a want;
- Reuse blank second sides of copies for notes or scrap paper;
- Print or copy with "2-in-1" or double-sided settings; and
- Go digital whenever possible for filing, presentations on-screen and follow up with electronic copies.

A2. Use of Resources

The resources used by the Group are principally attributed to electricity, water and paper consumed at its offices in its daily operation. With the aim to better manage its use of resources, regular assessments of the use of resources are performed. The Group has adopted green office practices to reduce natural consumption and its impact on the environment.

A2.1. Energy Consumption

<u>Energy Consumption Sources</u>	<u>Direct Consumption</u>	<u>Consumption (in kWh)</u>
Electricity	38,692 kWh	38,692
Petrol	6,099.77 L	59,167.8
Diesel	62.98 L	<u>673.9</u>

A. ENVIRONMENTAL (continued)

A2. Use of Resources (continued)

A2.3. *Energy Use Efficiency Initiatives*

The Group encourages staff to adopt energy saving measures through reminders, emails and notices. For example, switching off unnecessary lighting and electronic appliances (including printers, computers and monitors), controlling temperature of air conditioners (at or above 26 degrees Celsius) and heater (at or lower than 20 degrees Celsius), and ensuring lighting and electronic appliances are turned off after work. The Group also adopted LED light bulbs in its office and will explore further opportunities to reduce electricity consumption.

Energy Saving labels are placed on lighting switches, printers, paper shredders, copiers and monitors as friendly reminders, reminding staff to turn them off whenever possible.

A2.4. *Water Use Efficiency Initiatives*

The water used by the Group is mainly for daily general usage. During the reporting period, the Group have actively adopted various measures to educate the staffs to save water from daily life. In order to establish proper attitude towards the use of water in the office, the Group have posted water saving sign at prominent places to remind employees of controlling the water flow when washing hands, minimizing tap water flow and switching off the tap after use.

A2.5. *Packaging Materials*

The Group had not involved in the consumption of packaging materials during the reporting period.

A3. The Environment and Natural Resources

A3.1. *Significant Impacts of Activities on the Environment*

The Group believes that contributing to a more sustainable environment is a creditable business practice. It constantly reminds staff to “save paper, save energy and save water” through notices and email. By implementing the following initiatives, it also strives to perform the best in every aspect of environmental protection so as to construct a green office ultimately.

B1. *Employment (continued)*

Employee Benefits and Welfare

The Group is committed to safeguarding the rights and interests of its staff with strict compliance with all relevant applicable laws. It provides attractive annual remuneration with discretionary year-end bonus. Salaries are reviewed annually taking into account the employees' overall work performance, attitude, job knowledge, job responsibilities, punctuality, qualification and other relevant factors, the Group's operating results, the prevailing inflation rate, pay scale and other conditions in the market. The standard working hours are around 8-9 hours per day and 40-45 hours per week, with discretion on compensation for overtime work depending on employees' positions and duties. On top of all statutory holidays set by the government, employees are also entitled to annual leave, sick leave, maternity leave, paternity leave, compassionate leave, jury service leave, marriage leave and seminar/conference/training leave. Insurance benefits scheme offered includes employees' compensation insurance, medical insurance, business travel insurance plan, Mandatory Provident Fund ("MPF") scheme and social insurance in China. Allowances on mobile phone and transportation are also provided to employees with respective needs. The Group was honoured as a Good MPF Employer and was presented with E-contribution Award and Support for MPF Management Award by the MPF Schemes Authority.

There was no non-compliance in relation to compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination, and other benefits and welfare that have a significant impact on the Group during the reporting period.

Transfer, Promotion and Dismissal

The Group provides opportunities for internal transfers under employees' request, provided that there is an opening in the transferee department. It is also subject to appraisal evaluation of the employee's qualification and approval by the head of the transferor and transferee department. Annual performance appraisal serves as an effective tool for department heads to evaluate employees' capabilities, work performances and contribution to the Group in accordance with the Group's policies and procedures, setting the basis for any salary adjustment and internal promotion. Whenever possible, promotion opportunities will first be offered to talented employees before posting of job vacancies in public. Employees are also welcomed to discuss their career development with their respective department head or the Human Resources Department.

An employee who wishes to resign should tender notice in writing to the Group as stipulated in his or her letter of appointment. While termination of employment will be initiated if an employee does not respond to the performance standards or disciplinary guidelines set forth by the Group, and/or other outside factors.

Equal Opportunity

The Group provides a fair, equal opportunity, respectful and pleasant work environment to employees. All practices are designed to ensure processes of recruitment, employment, assignment, training, promotion, compensation and offers are based on employees' qualifications, experience and/or the terms and conditions, regardless of employees' race, colour, creed, religion, sex, sexual orientation, age, marital status, national origin, disability, family status or any other discrimination and harassment prohibited by applicable laws.

Employee Relations

To strengthen team spirit and sense of belonging among staff, the Group organizes celebrative activities, voluntary activities and gatherings. In the reporting year, the Group organized the Christmas Buffet Dinner 2018, Annual Chinese Dinner 2019, the Chinese New Year Lion Dance Ceremony 2019 and the Team-building Day 2019.

B2. *Employee Health and Safety*

In alignment with the Group's ESG Policy, the Group strives to maintain a healthy, safe and quality workplace. Apart from complying with all relevant laws and regulations of Hong Kong and China, it established a guideline on occupational health and safety to raise employees' awareness on occupational health and safety, understand potential hazards in their workplace and preventive measures to occupational health and safety diseases. The guideline laid out measures to ensure healthy and safe practices in the following aspects:

- Lighting;
- Indoor Air Quality and Ventilation;
- Office Furniture and Working Posture;
- Office Equipment;
- Manual Work Handling;
- Other Office Safety;
- Fire Safety;
- First Aid Box; and
- General Cleanliness.

B. SOCIAL (continued)

1. Employment and Labour Practices (continued)

B2. *Employee Health and Safety (continued)*

The guideline is circulated to all employees through email. In the reporting period, the Group participated in a series of fire safety activities (including fire drill, fire safety knowledge seminar, safety check, and promotion on fire safety knowledge handbook and office health) organized by the office building's management. In cases of injury by accident or infection by disease in the course of work duties, staff members should report to the Administration Department as soon as possible after immediate proper first aid treatment. The accident will then be reported to the Labour Department and relevant insurer as appropriate. There was no work-related fatality nor work injury cases recorded in the reporting period.

There was no non-compliance in relation to providing a safe working environment and protecting employees from occupational hazards that have a significant impact on the Group during reporting period.

B3. *Development and Training*

The Group recognizes the importance of providing opportunities for training and development to employees. It supports employees to attend continuing professional development courses or conferences organized by professional bodies, such as trainings related to requirements for Initial Public Offering ("IPO"), updates on Hong Kong Corporate Governance Code, share option schemes, ESG reporting, stress and time management, and corporate laws and regulations in foreign countries.

B4. Labour Standards

Pursuant to the Employment Ordinance of the Laws of Hong Kong in terms of employment management and the Labour Law of the People's Republic of China ("PRC"), there was no child nor forced labour in the Group's operation during the reporting period.

When collecting personal information from employees, the Group complies with the Personal Data (Privacy) Ordinance of the Laws of Hong Kong. All employees have the right to request access to, and to request correction of their personal data in relation to their employment. Candidates or employees shall provide truthful personal data to the Group for the Human Resources Department to verify their identities. Shall any candidate or employee proved to be guilty of fraud and dishonesty, the Group reserves the right to terminate his or her service without notice at common law and without grant of benefits. There was no non-compliance in relation to preventing child and forced labour that have a significant impact on the Group during the reporting period.

2. Operating Practices

B5. Supply Chain Management

The Group's operation in China has developed its own procurement management policy, covering procedures on managing fixed assets, office supplies and equipment. The procurement process starts with a list of annual or quarter demand prepared by the application departments. After approval by the general managers, market surveys are conducted and quotations are obtained to formulate a procurement proposal for formal application. The application will then be approved by the financial managers and general managers before selecting suppliers and purchasing.

Although the Hong Kong operation has no procurement policy, it gives preferences to products or services that are more environmentally friendly. For example, it selected printing company using environmentally friendly paper and soy ink for its bulk printing of annual reports.

B6. Product Responsibility

There was no non-compliance in relation to health and safety, advertising, labelling and privacy matters of products and services provided and methods of redress that have a significant impact on the Group during the reporting period.

Intellectual Property Rights

To protect intellectual property of computer software, the Group does not allow employees to use their personal notebook and/or computer in the workplace, unless prior written approval is obtained from the management as set forth by the staff handbook. Employees are also strictly prohibited from installing any unauthorized and/or pirated software in the Group provided notebooks, computers, servers and/or other electronic devices without the consent of the management. If extra hardware, software and/or licenses are needed, employee should directly submit a requisition to seek proper approval from the management. Violation of the above regulations may result in disciplinary actions including immediate termination of employment without any compensation and notice. No material non-compliance in relation to intellectual property rights laws and regulations was recorded during the reporting period.

B6. Product Responsibility (continued)

Confidentiality

Employees shall make every effort in providing adequate awareness and physical protection when handling the Group's trade secrets, proprietary information or confidential data. Such information shall be held in strictest confidence and shall not be disclosed to any person, firm or corporation except as necessary in carrying his or her duties for the Group with such third party. Information including enquiries concerning the Group, its customers, business partners, existing and/or former employees should be directed to the appropriate party for proper handling. A breach of the above confidentiality provisions will result in disciplinary actions or dismissal without compensation. No material non-compliance in relation to confidentiality laws and regulations was recorded during the reporting period.

Email Usage Monitoring

The Group monitors email usage to facilitate efficient provision of service to business partners, maintain a stable email service environment for communications and provide information for management to ensure proper utilization of the Group's resources. Email facilities shall only be used for facilitating business of the Group. The Group reserves the right to log all out-going and in-coming email, access contents of all email held in the employee's mailboxes at any times and conduct random checks to ensure conditions of use of email facilities are observed. The logs and recorded information of email will be used for ensuring compliance of the Group's rules and regulations, respond to any legal processes or to investigate suspected breach of the staff handbook and/or any policy. Access to the logs and contents of email is restricted to the management and/or other authorized person(s) only.

Complaints Handling

The Group opens complaint channels to all shareholders and potential shareholders, customers and consumers, suppliers and contractors, all directors and employees of the Group. Although no policy was set up, complaints will be received by the company secretary, general managers and human resources heads of the respective offices for further handling. There was no complaint received in the reporting year.

B. SOCIAL (continued)

2. Operating Practices (continued)

B7. Anti-corruption

The Group adheres to a high standard of integrity, transparency and accountability in its operations. In accordance with the staff handbook, employee shall not be engaged in any work or be involved in any business either alone or jointly with any other person or persons, or with a company directly or indirectly for reward or receipt of commission or fee, without obtaining prior permission from the Group. He or she is not allowed to solicit or accept for his or her personal benefit any advantage in money or in kind from any parties having business relations with the Group. Employee is also prohibited to invite any of the parties having business relations with the Group to attend their personal banquets, dinner parties and/or personal gathering. In case of suspected corruption or other criminal offences, a report will be made to the Hong Kong Independent Commission Against Corruption (“ICAC”) or the appropriate authorities. Any employee in breach of this regulation is liable to be summarily dismissed and may render himself or herself liable to prosecution under Section 9 of the Prevention of Bribery Ordinance of the Laws of Hong Kong. The Group has set up whistleblowing policy for employees to raise concerns related to improprieties. The policy established scope of reporting, reporting procedures, investigation procedures and actions to be taken when handling untrue allegations and false report. The Group’s operations in China also posted whistleblowing reminders publicly to provide channels for the public to report any improprieties of the Group. Whistleblowing complaints will be handled with sensitivity, discretion, and confidentiality to the extent allowed by the circumstances and the law. The identity of the whistleblower will not be disclosed without the consent of the employee. Allegations that are baseless and not made in good faith may result in disciplinary action.

The Group was in compliance with all applicable laws on prohibiting bribery, extortion, fraud and money laundering of Hong Kong and the PRC. There was no concluded legal case regarding corrupt practices brought against the Group or its employees during the reporting period.

B8. Community Investment

The Group believe in the importance of giving back and supporting the sustainability of the communities by integrating community service into our corporate social responsibility.

In addition, the Group has set up a share option scheme for the purpose of providing incentives to the eligible employees, details of which are set out under the section headed "SHARE OPTION SCHEMES" below.

PRINCIPAL RISKS AND UNCERTAINTIES

The Group's financial condition, results of operations, and business prospects may be affected by a number of risks and uncertainties directly or indirectly pertaining to the Group's businesses. To the best of knowledge and belief, the Directors consider that the following are the key risks and uncertainties identified by the Group as at the date of this report.

Market Risk

Market risk is the risk that deteriorates profitability or affects ability to meet business objectives arising from the movement in market prices, for instance, foreign exchange rates and interest rates. The management of the Group manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Foreign Exchange Rate Risk

The Group mainly operates in the PRC with most of the transactions settled in Renminbi. During the year ended 31 March 2019, the Group did not carry out any hedging activity against foreign currency risk. Any substantial exchange rate fluctuation of foreign currencies against Renminbi may have a financial impact on the Group.

Interest Rate Risk

For interest-sensitive investments, the Group analyses its interest rate exposure on a dynamic basis and considers managing this risk in a cost-effective manner when appropriate, through variety of means.

Equity Price risk

Equity price risk arises from fluctuation in market prices of the Group's investment in financial assets. The investment portfolio is frequently reviewed and monitored by the senior management to ensure prompt action is taken and the loss arising from the changes in the market values is capped within an acceptable range.

Liquidity Risk

Liquidity risk is the potential that the Group will be unable to meet its obligations when they fall due because of an inability to obtain adequate funding or liquidate assets. In managing liquidity risk, the Group monitors cash flows and maintains an adequate level of cash and cash equivalents to ensure the ability to finance the Group's operations and reduce the effects of fluctuation in cash flows.

Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Responsibility for managing operational risks basically rests with every function at divisional and departmental levels. Key functions in the Group are guided by their standard operating procedures, limits of authority and reporting framework. The management will identify and assess key operational exposures regularly so that appropriate risk response can be taken.

Investment Risk

Investment risk can be defined as the likelihood of occurrence of losses relative to the expected return on any particular investment. Key concern of investment framework will be balancing risk and return across different investments, and thus risk assessment is a core aspect of the investment decision process. Proper authorisation system has been set up and detailed analysis will be made before approving investments. Regular updates on the progress of the investments of the Group would be submitted to the Board.

Economic Environment

All of the Group's facilities, operations and revenue are principally located in and derived from the PRC and Hong Kong. The Group's results of operations and financial condition therefore depend on the economies of the PRC and Hong Kong. The economy of Hong Kong is significantly affected by the developments in Mainland China and the Asia-Pacific region. Mainland China's economy may experience negative economic developments, and other regional economies may also deteriorate. The Group also has significant business across the PRC and part of its growth strategy is to expand into new regions. These regions have also been adversely affected by the global economic slowdown and any continued slowdown may have an adverse effect on the Group's existing operations in, and planned expansion into, these regions.

COMPLIANCE WITH THE RELEVANT LAWS AND REGULATIONS

As far as the Board and management of the Company are aware, the Group has complied in material respects with the relevant laws and regulations that have a significant impact on the business and operation of the Group. During the Year, there was no material breach of or non-compliance with the applicable laws and regulations by the Group.

ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group is committed to the long term sustainability of the environment and communities in which it operates. Acting in an environmentally responsible manner, the Group endeavours to comply with laws and regulations regarding environmental protection and adopt effective measures to achieve efficient use of resources, energy saving and waste reduction. Green initiatives and measures have been adopted in the Group. Such initiatives include recycling of used papers and energy saving.

RELATIONSHIPS WITH STAKEHOLDERS

The Company recognises that employees are our valuable assets. Thus, the Group provides competitive remuneration package to attract and motivate the employees. The Group regularly reviews the remuneration package of the employees and makes necessary adjustments to conform to the market standard. The Group also understands that it is important to maintain good relationships with business partners and bank enterprises to achieve its long-term goals. Accordingly, our senior management have kept good communication, promptly exchanged ideas and shared business update with them when appropriate. During the Year, there was no material and significant dispute between the Group and its business partners or bank enterprises.

Notes:

1. Mrs. Wong is deemed to be interested in these underlying Shares held by Mr. Wong, her spouse, for the purpose of the SFO.
2. These Shares were indirectly held by two discretionary trusts. The assets of these trusts included the entire issued share capital of Allied Luck (directly holding 855,808,725 Shares), Allied Golden and Aceyork (indirectly holding 719,656,792 Shares through Ace Solomon, a company which was equally owned by Allied Golden and Aceyork). The trustees of these trusts were Mr. Wong and Mrs. Wong and the beneficiaries of these trusts were Ms. Michelle Wong and Miss Jacqueline Wong and their children.

In light of the above, each of Mrs. Wong and Miss Jacqueline Wong is deemed to be interested in these Shares.

3. Mr. Kwok is deemed to be interested in these Shares/underlying Shares held by Ms. Michelle Wong, his spouse, for the purpose of the SFO.
4. These Shares were held by Ace Solomon as described in Note 2 above. Allied Golden and Aceyork are taken to be interested in these Shares.
5. As at 31 March 2019, there was a total of 2,761,912,843 Shares in issue.
6. As at 31 March 2019, there was a total of 68,400,000 PS in issue.

Save as disclosed above, as at 31 March 2019, the Company had not been notified by any persons (other than Directors or chief executives of the Company) who had interests or short positions in the Shares or underlying Shares of the Company which would fall to be disclosed to the Company under the provisions of Divisions 2 and 3 of Part XV of the SFO, or which were recorded in the register required to be kept by the Company under Section 336 of the SFO.

CONTINUING CONNECTED TRANSACTIONS

During the Year, the Group entered into the following continuing connected transactions:

On 22 April 2016, one of the Company's wholly-owned subsidiaries entered into a tenancy agreement (the "Tenancy Agreement") with Golden Palms Development Limited ("Golden Palms") whereby the Group agreed to lease certain areas located at Unit 3901, 39/F., Tower One, Lippo Centre, 89 Queensway, Hong Kong for a term of three years commencing from 1 May 2016 at a monthly rental of HK\$392,400 (exclusive of management fees, rate, government rent and operating expenses). Golden Palms is beneficially owned by a discretionary trust of which, Ms. Michelle Wong, being a Director, is an eligible beneficiary, and therefore a connected person of the Group pursuant to the Listing Rules.

The transactions (the "Transactions") contemplated under the Tenancy Agreement constituted continuing connected transactions of the Company under Chapter 14A of the Listing Rules which were subject to the reporting, announcement and annual review requirements but were exempt from the independent shareholders' approval requirement under Chapter 14A of the Listing Rules. Details of the Tenancy Agreement are set out in the announcement of the Company dated 22 April 2016.

The independent non-executive Directors have reviewed the Transactions for the Year and have confirmed that the Transactions for the Year have been entered into:

- (a) in the ordinary and usual course of business of the Company;
- (b) on normal commercial terms or better; and
- (c) in accordance with the agreement governing it on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

The auditor of the Company has reviewed the Transactions for the Year and confirmed that nothing has come to their attention that causes them to believe that the Transactions for the Year:

- (a) have not been approved by the Board;
- (b) were not entered into, in all material respects, in accordance with the relevant agreement governing the Transactions (i.e. the Tenancy Agreement); and
- (c) have exceeded the annual cap set by the Company.

RELATED PARTY TRANSACTIONS

Details of the related party transactions are set out in Note 37 to the consolidated financial statements. Other than the transaction disclosed in the paragraph headed "CONTINUING CONNECTED TRANSACTIONS", each of the related party transactions during the Year constitutes a connected transaction or continuing connected transaction but is fully exempted and not subject to any of the disclosure requirements under Chapter 14A of the Listing Rules.

DIRECTORS' INTERESTS IN CONTRACTS

Save as disclosed under the paragraph headed "Related Party Transactions" and in Note 37 to the consolidated financial statements in connection with the related party transactions, no contracts of significance in relation to the Group's business to which the Company and any of its subsidiaries was a party, and in which a Director had a material interest, whether directly or indirectly subsisted at the year-end or at any time during the Year.

SHARE OPTION SCHEMES

On 31 August 2012, the Company terminated the old share option scheme (the "2002 Scheme") which was adopted on 18 September 2002, and adopted a new share option scheme (the "2012 Scheme") on the same date with similar terms for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Eligible participants under the 2012 Scheme include, among others, employees (whether full time or part time), Directors, controlling shareholders, customers, adviser, consultant, contractor, suppliers, agents or service providers of the Group. No further share options will be granted under the 2002 Scheme, but the provisions of the 2002 Scheme remain in full force and effect to the extent necessary to give effect to the exercise of the share options (to the extent not already exercised) granted prior to its termination.

The maximum number of shares which may be issued upon exercise of all options that are or may be granted under the 2012 Scheme and the 2002 Scheme equals to 10% of the shares in issue as at the date of adoption of the 2012 Scheme.

As at 31 March 2019, the total number of shares which may be issued on the exercise of options granted or to be granted under the 2012 Scheme and the 2002 Scheme is 257,601,284, representing approximately 9.33% of the issued share capital of the Company as at the date of this report. In addition, no options shall be granted to any eligible participant which, if exercised, would result in such eligible participant becoming entitled to subscribe for such number of shares as, when aggregated with the total number of shares already issued or to be issued to him under all options granted to him (including exercised, cancelled and outstanding options) in the 12-month period up to and including the date of offer, exceeds 1% of the shares in issue at such date.

An option granted under the 2012 Scheme shall be subject to such terms and conditions (if any) as may be determined by the Board at the date of offer and specified in the offer. Such terms and conditions may include a minimum period for which any option must be held before it can be exercised and/or any performance target which need to be achieved by an option-holder before the option can be exercised.

Notes:

1. During the Year, no share options were granted, exercised or cancelled under the 2002 Scheme and the 2012 Scheme;
2. The vesting period of the share options is from the date of grant until the commencement of the exercise period;
3. Mr. Ding Chung Keung, Vincent resigned as a Director and the chief executive officer of the Company with effect from 1 May 2019; and
4. Mr. Ng Chi Keung MH resigned as a Director with effect from 20 June 2019.

DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Save as disclosed under the section "SHARE OPTION SCHEMES" above, at no time during the Year or at the end of the Year was the Company, or any of its holding companies or subsidiaries, or any of its fellow subsidiaries, a party to any arrangement to enable the Directors or chief executive of the Company or their respective associates (as defined under the Listing Rules) to have any right to subscribe for securities of the Company or any of its associated corporations as defined in the SFO or to acquire benefits by means of acquisition of shares in, or debentures of, the Company or any other body corporate.

DIRECTORS' INTERESTS IN A COMPETING BUSINESS

During the Year and up to the date of this report, none of the Directors and directors of the Company's subsidiaries or their respective associates had any interests in any businesses, apart from the Group's business, which compete or are likely to compete either directly or indirectly, with the businesses of the Company and its subsidiaries as required to be disclosed pursuant to the Listing Rules.

PRE-EMPTIVE RIGHTS

There is no provision for pre-emptive rights under the Company's articles of association (the "Articles") or the laws of the Hong Kong, being the jurisdiction in which the Company was incorporated, which would oblige the Company to offer new shares on a pro-rata basis to its existing shareholders.

MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or in existence during the Year, other than service contracts with the Directors and other person engaged in the full-time employment of the Company.

EQUITY-LINKED AGREEMENTS

No equity-linked agreements were entered into during the Year, save for the share options which were outstanding under the 2002 Scheme and the 2012 Scheme disclosed in this annual report.

SUFFICIENCY OF PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors as at the date of this annual report, there is sufficient public float of more than 25% of the Shares in the market as required under the Listing Rules.

PURCHASE, SALE OR REDEMPTION OF SECURITIES

During the Year, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's shares.

CODE ON CORPORATE GOVERNANCE PRACTICES

The Company complied with CG Code as set out in Appendix 14 to the Listing Rules during the Year, except for the following deviation:

In respect of code provision E.1.2 of the CG Code, Mr. Wang Jun did not attend the 2018 AGM due to health reason. Mr. Wang Jun was the Chairman and executive Director at the time of the 2018 AGM and he retired from both positions after the conclusion of the 2018 AGM. Nevertheless, all other Directors at the relevant time (including Mr. Wong Yu Lung, Charles, the then deputy Chairman of the Company who has been performing the role of Chairman after the conclusion of the 2018 AGM) had attended the 2018 AGM to answer questions and collect views of the shareholders of the Company.

Further information on the Company's corporate governance practices is set out in the Corporate Governance Report contained in this annual report.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group has dedicated its effort to review and monitor the Group's ESG policy and practices to ensure compliance with the relevant legal and regulatory requirements as described in Appendix 27 to the Listing Rules. During the year ended 31 March 2019, there was no material non-compliance with laws and regulations related to the environmental and social aspects. The Group has identified key material aspects with stakeholders and will continue to keep close communication with stakeholders for advancing its ESG management. Details of the Group's ESG performance in the Year is contained in this annual report.

AUDIT COMMITTEE

The audited consolidated financial statements for the year ended 31 March 2019 have been reviewed by the Audit Committee. Information on the work of the Audit Committee and its composition are set out in the Corporate Governance Report of this annual report.

AUDITOR

Messrs. Deloitte Touche Tohmatsu has resigned as auditor of the Company with effect from 23 January 2020. ZHONGHUI ANDA CPA Limited ("ZHONGHUI ANDA") has been appointed as the auditors of the Company with effect from 23 January 2020 to fill the causal vacancy following the resignation of Messrs. Deloitte Touche Tohmatsu. The financial statements for the Year have been audited by ZHONGHUI ANDA who retire and being eligible, offer themselves for reappointment at the forthcoming annual general meeting. Details of the change of auditor are set out in the announcement of the Company dated 23 January 2020.

FORWARD-LOOKING STATEMENTS

This annual report contains certain statements that are forward-looking or which use certain forward-looking terminologies. These forward-looking statements are based on the current beliefs, assumptions and expectations of the Board of Directors of the Company regarding the industry and markets in which it operates. These forward looking statements are subject to risks, uncertainties and other factors beyond the Company's control which may cause actual results or performance to differ materially from those expressed or implied in such forward-looking statements.

On behalf of the Board

Wong Yu Lung, Charles

Chairman

19 October 2020

TO THE SHAREHOLDERS OF GOLDBOND GROUP HOLDINGS LIMITED

(Incorporated in Hong Kong with limited liability)

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

QUALIFIED OPINION

We have audited the consolidated financial statements of Goldbond Group Holdings Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) set out on pages 60 to 126, which comprise the consolidated statement of financial position as at 31 March 2019, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion section of our report, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2019, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

BASIS FOR QUALIFIED OPINION

1. Interests in associates

Included in the consolidated statement of financial position as at 31 March 2018 and 1 April 2017 were interest in an associate with carrying amounts of HK\$100,941,000 and HK\$185,510,000 respectively. Share of loss of this associate of HK\$122,893,000 and reversal of impairment loss on interest in an associate of HK\$21,930,000 were recognised for the year ended 31 March 2018 respectively. Share of loss of this associate of HK\$38,291,000 was recognised for the year ended 31 March 2019.

We have been unable to obtain sufficient appropriate audit evidence to ascertain the carrying amount of aforesaid balances as at 31 March 2018 and 1 April 2017. There were no other satisfactory audit procedures that we could perform to satisfy ourselves whether the aforesaid balances were fairly stated as at 31 March 2018 and 1 April 2017 and we have not been provided with sufficient appropriate audit evidence on the share of loss of this associate and reversal of impairment loss on interest in an associate recorded in the year ended 31 March 2018 and thus the consequential effect on the share of loss of this associate recorded in the year ended 31 March 2019.

2. Revenue

Included in the revenue for the year ended 31 March 2018 and 2019 are income from financing service of HK\$476,000 and HK\$1,152,000, respectively. We have been unable to obtain sufficient appropriate audit evidence to ascertain the nature of transactions. There were no other satisfactory audit procedures that we could perform to satisfy ourselves whether the aforesaid amount were properly recorded for the years ended 31 March 2018 and 2019.

Any adjustments to the figures as described from points 1 to 2 above might have a consequential effect on the Group's financial performance and cash flows for the years ended 31 March 2019 and 2018 and the financial position of the Group as at 31 March 2018, and the related disclosures thereof in the consolidated financial statements.

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSA”) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in the Basis for Qualified Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report.

ACCOUNTS RECEIVABLE

Refer to Note 20 to the consolidated financial statements

The Group tested the amount of accounts receivable for impairment. The impairment test is significant to our audit because the balance of accounts receivable of HK\$1,919,000 as at 31 March 2019 and impairment loss of HK\$64,103,000 recognized for the year ended 31 March 2019 is material to the consolidated financial statements. In addition, the Group’s impairment test involves application of judgment and is based on estimates.

Our audit procedures included, among others:

- Assessing the Group’s procedures on granting credit limits and credit periods to customers;
- Assessing the Group’s relationship and transaction history with the customers;
- Evaluating the Group’s impairment assessment;
- Assessing ageing of the debts;
- Assessing creditworthiness of the customers;
- Checking subsequent settlements from the customers; and
- Assessing the disclosure of the Group’s exposure to credit risk in the consolidated financial statements.

We consider that the Group’s impairment test for accounts receivable is supported by the available evidence.

ADVANCES PROVIDED TO CUSTOMERS

Refer to Note 21 to the consolidated financial statements

The Group tested the amount of advances provided to customers for impairment. This impairment test is significant to our audit because the balance of advances provided to customers of HK\$17,327,000 as at 31 March 2019 and impairment loss of HK\$133,286,000 recognized for the year ended 31 March 2019 is material to the consolidated financial statements. In addition, the Group’s impairment test involves application of judgement and is based on assumptions and estimates.

Independent Auditor's Report

Our audit procedures included, among others:

- Assessing the Group's procedures on granting credit limits and credit periods to customers;
- Assessing the Group's relationship and transaction history with the customers;
- Evaluating the Group's impairment assessment;
- Assessing ageing of the debts;
- Assessing creditworthiness of the customers;
- Assessing the value of the collateral for the debts;
- Checking subsequent settlements from the customers; and
- Assessing the disclosure of the Group's exposure to credit risk in the consolidated financial statements.

We consider that the Group's impairment test for advance provided to customers is supported by the available evidence.

OTHER INFORMATION

The directors are responsible for the other information. The other information comprises all the information in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

1. CORPORATE INFORMATION

Goldbond Group Holdings Limited (the “Company”) is a public limited company incorporated in Hong Kong with its shares listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) and have been suspended for trading since 28 June 2019. The addresses of the registered office and principal place of business of the Company are Unit 3901, 39/F, Tower One, Lippo Centre, 89 Queensway, Hong Kong.

The Company is an investment holding company. The principal activities of the Company and its subsidiaries (the “Group”) is the provision of financing and factoring services in Hong Kong and the PRC and held interests in associates.

The consolidated financial statements are presented in Hong Kong dollars (“HK\$”) while the functional currency of the Company is Renminbi (“RMB”) and all values are rounded to the nearest thousand (“HK\$’000”), unless otherwise stated. The reason for selecting Hong Kong dollar as the presentation currency is because the Company is a public company with its shares listed on the Stock Exchange, where most of its investors are located in Hong Kong.

2. BASIS OF PREPARATION

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) which also include Hong Kong Accounting Standards (“HKASs”) and interpretations issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”), accounting principles generally accepted in Hong Kong, the applicable disclosure required by the Hong Kong Company Ordinance and the applicable disclosure provisions of Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”).

The preparation of consolidated financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRSs that have significant effect on the consolidated financial statements and estimates with a significant risk of material adjustments in the next year are discussed in Note 6 to the consolidated financial statements.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

3. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

In the current year, the Group has adopted all the new and revised HKFRSs issued by the HKICPA that are relevant to its operations and effective for its accounting year beginning on 1 April 2018. HKFRSs comprise Hong Kong Financial Reporting Standards (“HKFRS”); Hong Kong Accounting Standards (“HKAS”); and Interpretations. The adoption of these new and revised HKFRSs did not result in significant changes to the Group accounting policies, presentation of the Group’s consolidated financial statements and amounts reported for the current year and prior years, except as stated below.

A. HKFRS 9 (2014) “Financial Instruments”

Available-for-sale investments are now classified as equity investments at fair value through profit and loss.

HKFRS 9 (2014) has been applied retrospectively and resulted in changes in the consolidated amounts reported in the consolidated financial statements as follows:

	31 March 2018 HK’000	1 April 2017 HK’000
At 31 March 2018:		
Decrease in financial assets designated at fair value through profit and loss

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

4. PRIOR YEAR ADJUSTMENTS

(a) Revenue and cost of sales of trading business

On 25 June 2019, Deloitte Touche Tohmatsu (the “Former Auditor”), being the auditor of the Company since 10 November 2006, issued a letter to the Audit Committee, in which the Former Auditor requested the Audit Committee to undertake an independent investigation (the “Investigation”) in respect of the trading transactions in chemical products between Shanghai Goldbond Trading Company Limited (“Shanghai Goldbond”), a wholly owned subsidiary of the Company established in the PRC and certain customers and suppliers, involving an aggregate overdue account receivables for the Group in the amount of approximately RMB57,000,000 (equivalent to approximately HK\$65,000,000). Details of which are set out in the announcement of the Company dated 28 June 2019.

On 18 July 2019, Ernst & Young (China) Advisory Limited, an independent professional accounting firm (the “Independent Firm”), was engaged to conduct the Investigation. On 31 January 2020, the Independent Firm issued a first report on the Investigation and follow up by issuing a final report on the supplemental investigation on 4 September 2020 (collectively the “Investigation Reports”). Details of the key findings of the Investigation are set out in the announcements of the Company dated 31 January 2020 and 4 September 2020, respectively.

Based on the findings of the Investigation, the Independent Firm and the directors of the Company considered those trading transactions were not primarily for trading purpose but as a part and parcel arrangement aimed for earning finance income. In upholding the principle of prudence by the directors of the Company, prior year adjustments have been made to record those trading revenue as finance income. As a result, prior year adjustments have been made to reclassify the cost of sales of the trading business amounting to approximately HK\$245,067,000 to revenue for the year ended 31 March 2018.

(b) Interests in associates

The management of the Company carried out impairment assessment on the carrying amount of the interest in China Rongzhong Financial Holdings Company Limited (“China Rongzhong”), an associate of the Company and listed on the Stock Exchange, as at 31 March 2018. The recoverable amount of China Rongzhong amounting to approximately HK\$138,054,000 as at 31 March 2018, which is higher than the carrying amount as at same day. In accordance with HKAS 36 – Impairment of Assets, a full reversal of impairment loss on interest in an associate amounting to approximately HK\$21,930,000 and exchange differences on translation to presentation currency attributable to an associate amounting to approximately HK\$262,000 have been recognised in the consolidated statement of profit or loss and other comprehensive income for the year ended 31 March 2018.

(c) Foreign currencies

In previous years, certain exchange differences arising from amounts receivable from or payable to the foreign operations of the Company which are neither planned nor likely to occur settlement in the foreseeable future are, in substance, a part of the entity’s net investment in that foreign operation. Together with a portion of exchange differences arising from the investment in subsidiaries, an amount totaling HK\$13,861,000 was recognised in the consolidated statement of profit or loss for the year ended 31 March 2018.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

4. PRIOR YEAR ADJUSTMENTS (continued)

(c) Foreign currencies (continued)

As a result, in accordance with HKAS 21 – The Effects of Changes in Foreign Exchange Rates, the Group has made a retrospective restatement to re-classify the loss for the year of approximately HK\$13,861,000 to other comprehensive income of approximately HK\$13,861,000 for the year ended 31 March 2018 and reclassified the accumulated losses of approximately HK\$9,599,000 as at 1 April 2017 to translation reserve of approximately HK\$9,599,000 as at 1 April 2017.

The following tables disclose the restatements that have been made in order to reflect the above corrections to each of the line items in the financial statement of comprehensive income as previously reported for the year ended 31 March 2018 and statement of financial position as at 31 March 2018 and 2017 as previously reported:

5. SIGNIFICANT ACCOUNTING POLICIES

These consolidated financial statements have been prepared under the historical cost convention. They are presented in Hong Kong dollars (“HK\$”) and all values are rounded to the nearest thousand except when otherwise indicated.

The preparation of these consolidated financial statements in conformity with HKFRSs requires the use of key assumptions and estimates. It also requires the directors (“Directors”) to exercise their judgements in the process of applying the accounting policies. The areas involving critical judgements and areas where assumptions and estimates are significant to these consolidated financial statements are disclosed in note 6.

The significant accounting policies applied in the preparation of these consolidated financial statements are set out below.

Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 31 March. Subsidiaries are entities over which the Group has control. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Group has power over an entity when the Group has existing rights that give it the current ability to direct the relevant activities, i.e. activities that significantly affect the entity’s returns.

When assessing control, the Group considers its potential voting rights as well as potential voting rights held by other parties, to determine whether it has control. A potential voting right is considered only if the holder has the practical ability to exercise that right.

Subsidiaries are consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date the control ceases.

Intragroup transactions, balances and unrealised profits are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Subsidiaries

Subsidiaries are entities controlled by the Group. Control exists when the Group has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that presently are exercisable are taken into account. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances and transactions and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Interest in associate

Associates are entities over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of an entity but is not control or joint control over those policies. The existence and effect of potential voting rights that are currently exercisable or convertible, including potential voting rights held by other entities, are considered when assessing whether the Group has significant influence. In assessing whether a potential voting right contributes to significant influence, the holder's intention and financial ability to exercise or convert that right is not considered.

Investment in an associate is accounted for in the consolidated financial statements by the equity method and is initially recognised at cost. Identifiable assets and liabilities of the associate in an acquisition are measured at their fair values at the acquisition date. The excess of the cost of acquisition over the Group's share of the net fair value of the associate's identifiable assets and liabilities is recorded as goodwill. The goodwill is included in the carrying amount of the investment and is tested for impairment together with the investment at the end of each reporting period when there is objective evidence that the investment is impaired. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of acquisition is recognised in consolidated profit or loss.

The Group's share of an associate's post-acquisition profits or losses is recognised in consolidated profit or loss, and its share of the post-acquisition movements in reserves is recognised in the consolidated reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate. If the associate subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The gain or loss on the disposal of an associate that results in a loss of significant influence represents the difference between (i) the fair value of the consideration of the sale plus the fair value of any investment retained in that associate and (ii) the Group's share of the net assets of that associate plus any remaining goodwill relating to that associate and any related accumulated foreign currency translation reserve. If an investment in an associate becomes an investment in a joint venture, the Group continues to apply the equity method and does not remeasure the retained interest.

Unrealised profits on transactions between the Group and its associates are eliminated to the extent of the Group's interests in the associates. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been changed where necessary to ensure consistency with the policies adopted by the Group.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Interest in joint venture

A joint arrangement is an arrangement of which two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control. Relevant activities are activities that significantly affect the returns of the arrangement. When assessing joint control, the Group considers its potential voting rights as well as potential voting rights held by other parties, to determine whether it has joint control. A potential voting right is considered only if the holder has the practical ability to exercise that right.

A joint arrangement is either a joint operation or a joint venture. A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement.

In relation to its interest in a joint operation, the Group recognises in its consolidated financial statements, its assets, including its share of any assets held jointly; its liabilities, including its share of any liabilities incurred jointly; its revenue from the sale of its share of the output arising from the joint operation; its share of the revenue from the sale of the output by the joint operation; and its expenses, including its share of any expenses incurred jointly, in accordance with the HKFRSs applicable to the particular assets, liabilities, revenues and expenses.

Investment in a joint venture is accounted for in the consolidated financial statements by the equity method and is initially recognised at cost. Identifiable assets and liabilities of the joint venture in an acquisition are measured at their fair values at the acquisition date. The excess of the cost of acquisition over the Group's share of the net fair value of the joint venture's identifiable assets and liabilities is recorded as goodwill. The goodwill is included in the carrying amount of the investment and is tested for impairment together with the investment at the end of each reporting period when there is objective evidence that the investment is impaired. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of acquisition is recognised in consolidated profit or loss.

The Group's share of a joint venture's post-acquisition profits or losses is recognised in consolidated profit or loss, and its share of the post-acquisition movements in reserves is recognised in the consolidated reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. When the Group's share of losses in a joint venture equals or exceeds its interest in the joint venture, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the joint venture. If the joint venture subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The gain or loss on the disposal of a joint venture that results in a loss of joint control represents the difference between (i) the fair value of the consideration of the sale plus the fair value of any investment retained in that joint venture and (ii) the Group's share of the net assets of that joint venture plus any remaining goodwill relating to that joint venture and any related accumulated foreign currency translation reserve. If an investment in a joint venture becomes an investment in an associate, the Group continues to apply the equity method and does not remeasure the retained interest.

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Interest in joint venture (continued)

Unrealised profits on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interests in the joint ventures. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of joint ventures have been changed where necessary to ensure consistency with the policies adopted by the Group.

Foreign currencies

These consolidated financial statements are presented in Hong Kong dollars, which is the Company's presentation currency. The functional currency of the Company is RMB. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions are initially recorded using the functional currency rates ruling at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rates of exchange ruling at the end of the reporting period. All differences are taken to the statement of comprehensive income. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

The functional currencies of certain overseas subsidiaries are currencies other than the Hong Kong dollar. At the end of the reporting period, the assets and liabilities of these entities are translated into the presentation currency of the Company at the exchange rates ruling at the end of the reporting period, and their statement of comprehensive incomes are translated into Hong Kong dollars at the weighted average exchange rates for the year. Exchange differences arising are recognised in the exchange reserve.

Goodwill and fair value adjustments on identifiable assets acquired arising on an acquisition of a foreign operation are treated as assets and liabilities of that foreign operation and translated at the rate of exchange prevailing at the end of the reporting period. Exchange differences arising are recognised in the exchange reserve.

Equipment

An equipment is stated at cost less accumulated depreciation and any impairment losses. The cost of an item of equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are recognised in profit or loss during the period in which they are incurred.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Equipment (continued)

Gain or losses arising from the retirement or disposal of an item of equipment are determined as the difference between the net disposal proceeds on disposal and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

Depreciation is calculated to write off the cost of items of equipment, less their estimated residual value, if any, using the straight-line method over their estimated useful life at the following rates per annum:

Furniture, fixtures and other fixed assets	20% to 33 $\frac{1}{3}$ %
--	---------------------------

Where parts of an item of equipment have different useful lives, the cost of the item is allocated on a reasonable basis between the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

Operating leases

The Group as lessee

Leases that do not substantially transfer to the Group all the risks and rewards of ownership of assets are accounted for as operating leases. Lease payments (net of any incentives received from the lessor) are recognised as an expense on a straight-line basis over the lease term.

Recognition and derecognition of financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when the Group becomes a party to the contractual provisions of the instruments.

Financial assets are derecognised when the contractual rights to receive cash flows from the assets expire; the Group transfers substantially all the risks and rewards of ownership of the assets; or the Group neither transfers nor retains substantially all the risks and rewards of ownership of the assets but has not retained control on the assets. On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received is recognised in profit or loss.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in profit or loss.

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial assets

Financial assets are recognised and derecognised on a trade date basis where the purchase or sale of an asset is under a contract whose terms require delivery of the asset within the timeframe established by the market concerned, and are initially recognised at fair value, plus directly attributable transaction costs except in the case of investments at fair value through profit or loss. Transaction costs directly attributable to the acquisition of investments at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets of the Group are classified under the following categories:

- Financial assets at amortised cost;
- Investments at fair value through profit or loss.

(i) *Financial assets at amortised cost*

Financial assets (including trade and other receivables) are classified under this category if they satisfy both of the following conditions:

- the assets are held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

They are subsequently measured at amortised cost using the effective interest method less loss allowance for expected credit losses.

(ii) *Investments at fair value through profit or loss*

Financial assets are classified under this category if they do not meet the conditions to be measured at amortised cost and the conditions of debt investments at fair value through other comprehensive income unless the Group designates an equity investment that is not held for trading as at fair value through other comprehensive income on initial recognition.

Investments at fair value through profit or loss are subsequently measured at fair value with any gains or losses arising from changes in fair values recognised in profit or loss. The fair value gains or losses recognised in profit or loss are net of any interest income and dividend income. Interest income and dividend income are recognised in profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Loss allowances for expected credit losses

The Group recognises loss allowances for expected credit losses on financial assets at amortised cost. Expected credit losses are the weighted average of credit losses with the respective risks of a default occurring as the weights.

At the end of each reporting period, the Group measures the loss allowance for a financial instrument at an amount equal to the expected credit losses that result from all possible default events over the expected life of that financial instrument ("lifetime expected credit losses") for trade receivables, or if the credit risk on that financial instrument has increased significantly since initial recognition.

If, at the end of the reporting period, the credit risk on a financial instrument (other than trade receivables) has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to the portion of lifetime expected credit losses that represents the expected credit losses that result from default events on that financial instrument that are possible within 12 months after the reporting period.

The amount of expected credit losses or reversal to adjust the loss allowance at the end of the reporting period to the required amount is recognised in profit or loss as an impairment gain or loss.

Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents represent cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term highly liquid investments which are readily convertible into known amounts of cash and subject to an insignificant risk of change in value. Bank overdrafts which are repayable on demand and form an integral part of the Group's cash management are also included as a component of cash and cash equivalents.

Financial liabilities and equity instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument under HKFRSs. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The accounting policies adopted for specific financial liabilities and equity instruments are set out below.

Trade and other payables

Trade and other payables are stated initially at their fair value and subsequently measured at amortised cost using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost.

Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue from contracts with customers

Revenue is measured based on the consideration specified in a contract with a customer with reference to the customary business practices and excludes amounts collected on behalf of third parties. For a contract where the period between the payment by the customer and the transfer of the promised product or service exceeds one year, the consideration is adjusted for the effect of a significant financing component.

The Group recognises revenue when it satisfies a performance obligation by transferring control over a product or service to a customer. Depending on the terms of a contract and the laws that apply to that contract, a performance obligation can be satisfied over time or at a point in time. A performance obligation is satisfied over time if:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance;
- the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If a performance obligation is satisfied over time, revenue is recognised by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the product or service.

Other income

Interest income is recognised on a time-proportion basis using the effective interest method.

Employee benefits

Employee leave entitlements

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the end of the reporting period.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

Pension obligations

The Group contributes to defined contribution retirement schemes which are available to all employees. Contributions to the schemes by the Group and employees are calculated as a percentage of employees' basic salaries. The retirement benefit scheme cost charged to profit or loss represents contributions payable by the Group to the funds.

Termination benefits

Termination benefits are recognised at the earlier of the dates when the Group can no longer withdraw the offer of those benefits and when the Group recognises restructuring costs and involves the payment of termination benefits.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Share-based payment

The Group issues equity-settled share-based payments to eligible participants who contribute to the success of the Group's operations. Equity-settled share-based payments are measured at the fair value (excluding the effect of non market-based vesting conditions) of the equity instruments at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of shares that will eventually vest and adjusted for the effect of non market-based vesting conditions.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

To the extent that funds are borrowed generally and used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalisation is determined by applying a capitalisation rate to the expenditures on that asset. The capitalisation rate is the weighted average of the borrowing costs applicable to the borrowings of the Group that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Provisions and contingent liabilities

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefit is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Income tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "profit before taxation" as reported in the consolidated statement of profit or loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Income tax (continued)

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Related parties

- (a) A person or a close member of that person's family, is related to the Group if that person:
- (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or the Group's parent.
- (b) An entity is related to the Group if any of the following conditions applies:
- (i) The entity and the entities comprising the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) The entity and the Group are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Close family members of an individual are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

A transaction is considered to be a related party transaction when there is a transfer of resources and obligations between related parties.

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of assets

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets except investment properties, inventories and receivables to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of any impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset or cash-generating unit is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset or cash-generating unit in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

Segment reporting

Operating segments, and the amounts of each segment item reported in the consolidated financial statements, are identified from the financial information provided regularly to the Group's chief operating decision maker ("CODM") for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical location.

Dividends

Final dividends proposed by the Directors are classified as a separate allocation of retained earnings within the equity section of the consolidated statement of financial position, until they have been approved by the shareholders in a general meeting. When these dividends have been approved by the shareholders and declared, they are recognised as a liability.

Interim dividends are simultaneously proposed and declared, because the Company's memorandum and articles of association grant the Directors the authority to declare interim dividends. Consequently, interim dividends are recognised immediately as a liability when they are proposed and declared.

Notes to the Consolidated Financial Statements

5. SIGNIFICANT ACCOUNTING POLICIES (continued)

Events after the reporting period

Events after the reporting period that provide additional information about the Group's position at the end of the reporting period or those that indicate the going concern assumption is not appropriate are adjusting events and are reflected in the consolidated financial statements. Events after the reporting period that are not adjusting events are disclosed in the notes to the consolidated financial statements when material.

Redeemable convertible preference shares containing liability and equity components

Redeemable convertible preference shares issued by the Group that contain both the liability and conversion option components are classified separately into respective items on initial recognition. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is classified as an equity instrument.

On initial recognition, the fair value of the liability component is determined using the prevailing market interest of similar non-convertible debts. The difference between the gross proceeds of the issue of the redeemable convertible preference shares and the fair value assigned to the liability component, representing the conversion option for the holder to convert the notes into equity, is included in equity.

In subsequent periods, the liability component of the redeemable convertible preference shares is carried at amortised cost using the effective interest method. The equity component, representing by the option to convert the liability component into ordinary shares of the Company, will remain in the redeemable convertible preference shares reserve until the embedded option is exercised (in which case the balance stated in the redeemable convertible preference shares reserve will be transferred to share premium). Where the option remains unexercised at the expiry date, the balance stated in redeemable convertible preference shares reserve will be released to retained profits. No gain or loss is recognised in profit or loss upon conversion or expiration of the option.

Transaction costs that relate to the issue of the redeemable convertible preference shares are allocated to the liability and equity components in proportion to the allocation of the proceeds. Transaction costs relating to the equity component are charged directly to equity. Transaction costs relating to the liability component are included in the carrying amount of the liability portion and amortised over the period of the redeemable convertible preference shares using the effective interest method.

6. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

Critical judgements in applying accounting policies

In the process of applying the accounting policies, the Directors have made the following judgements that have the most significant effect on the amounts recognised in the consolidated financial statements (apart from those involving estimations, which are dealt with below).

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

(a) *Impairment of interest in associates*

Interest in associates are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Value-in-use calculations are used for assessing the recoverable amount of these interests. These calculations require use of judgments and estimates.

Management judgment is required for assessing impairment particularly in assessing: (i) whether an event has occurred that may indicate that the related carrying value of interests may not be recoverable; and (ii) whether the carrying value of the interests can be supported by the recoverable amount. Changing the estimations used by management in assessing impairment could materially affect the recoverable amount used in the impairment test and as a result affect the Group's consolidated financial position and consolidated results of operations. At the end of the reporting period, the carrying value of interest in associates were approximately HK\$72,177,000 (2018: HK\$104,208,000).

(b) *Impairment on financial assets*

The measurement of impairment losses under HKFRS 9 across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

At each reporting date, the Group assesses whether there has been a significant increase in credit risk for exposures since initial recognition by comparing the risk of default occurring over the expected life between the reporting date and the date of initial recognition. The Group considers reasonable and supportable information that is relevant and available without undue cost or effort for this purpose. This includes quantitative and qualitative information and also, forward-looking analysis.

(c) *Income taxes*

As at 31 March 2019, no deferred tax asset (2018: nil) in relation to estimated unused tax losses of HK\$217,304,000 (2018: HK\$208,510,000) was recognised in the Group's consolidated statement of financial position because of the unpredictability of future profit streams as disclosed in Note 27. The realisability of the deferred tax asset mainly depends on whether sufficient future profits or taxable temporary differences will be available in the future.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

7. OPERATING SEGMENT INFORMATION

The Group's operating segments, identified on the basis of internal reports about components of the Group that are regularly reviewed by the executive directors of the Company, being the chief operating decision maker ("CODM"), in order to allocate resources to the segments and to assess performance, are summarised as follows:

- (a) financial services business – factoring service segment: provision of factoring services; and
- (b) financial services business – financing service segment: provision of financing services.

The segment information is reported below.

Segment revenue and results

An analysis of the Group's revenue and results by reportable and operating segments is as follows:

14. TAXATION

	2019 HK\$'000	2018 HK\$'000
The charge comprises:		
Current tax		
Enterprise Income Tax in the PRC		
– Provision for the current year	3,173	2,502
– Under-provision in prior year	7	–
	3,180	2,502

No provision for Hong Kong Profits Tax has been made in the consolidated financial statements as the Group's operation in Hong Kong had no assessable income during both years.

Pursuant to the approval of the tax bureau, in accordance with the Enterprise Income Tax Law of the PRC ("EIT Law"), all subsidiaries in the PRC are subject to the tax rate of 25% during both years.

The reconciliation between income tax expense and loss before tax is as follows:

	2019 HK\$'000	2018 HK\$'000 (Restated)
Loss before taxation	(230,044)	(265,332)

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

16. LOSS PER SHARE

The calculation of basic and diluted loss per share attributable to the owners of the Company was based on the following data:

	2019 HK\$'000	2018 HK\$'000
Loss:		
Loss for the purposes of basic and diluted loss per share (Loss for the year attributable to owners of the Company)	(233,224)	(267,834)
Number of shares (thousand):		
Weighted average number of ordinary shares for the purpose of basic and diluted loss per share	2,761,913	2,761,913

Note: The computation of diluted loss per share for the years ended 31 March 2019 and 2018 does not assume the exercise of the Company's outstanding share options because the exercise price of those share options was higher than the average market price of shares for both years.

18. INVESTMENT IN ASSOCIATES/LOAN TO AN ASSOCIATE (continued)

Summarised financial information of the material associate (continued)

China Rongzhong (continued)

Reconciliation of the above summarised financial information to the carrying amount of the interest in China Rongzhong recognised in the consolidated financial statements:

	2019 HK\$'000	2018 HK\$'000 (Restated)
Net assets of China Rongzhong	84,624	208,549
Proportion of the Group's ownership interest in China Rongzhong	34.86%	34.86%
Goodwill	26,596	28,238
Carrying amount of the Group's interest in China Rongzhong	56,097	100,941

During the year, the share of loss of associates and other comprehensive expenses of associates by the Group was HK\$31,657,000 (2018: HK\$123,445,000) and HK\$4,911,000 (2018: income of HK\$15,830,000), respectively. Of the share of loss of associates of HK\$31,657,000 (2018: HK\$123,445,000), HK\$31,866,000 (2018: HK\$122,893,000) represented the share of loss of China Rongzhong which suffered from a high level of impairment allowances on its finance lease receivables and significant loss for both years.

The management of the Group carried out impairment review on the carrying amount of the investment in China Rongzhong as at 31 March 2018 and 2019 by comparing the recoverable amount with the carrying amount of the investment in China Rongzhong. Fair value less costs of disposal, measured using the quoted price for China Rongzhong listed shares on Hong Kong Exchanges and Clearing Limited as at 29 March 2018 and 2019, was approximately HK\$138,054,000 and HK\$64,713,000, respectively. In determining the value in use of the investment as at 31 March 2018, the Group estimated its share of the present value of the estimated future cash flows expected to be generated by the associate, including cash flows from the operations of the associate and estimated terminal value at a discount rate of 23.4% as the year ended 31 March 2018. Based on the assessment as at 31 March 2018, the recoverable amount of China Rongzhong based on fair value less costs of disposal amounted to HK\$138,054,000 is higher than its carrying amount. Hence, a reversal of impairment loss of HK\$21,930,000 on the interest in China Rongzhong was recognised. As at 31 March 2019, the recoverable amount of China Rongzhong is higher than its carrying amount. No impairment had been recognised.

Notes to the Consolidated Financial Statements

20. ACCOUNTS RECEIVABLE

	2019 HK\$'000	2018 HK\$'000
Trade receivables	66,022	53,750
Less: Impairment loss recognised on trade receivables	(64,103)	–
	1,919	53,750

The Group normally allows credit period for trade customers of 60 days (2018: 60 days). The accounts receivable presented based on the invoice date, which approximated the respective revenue recognition dates, at the end of the reporting period was aged over 60 days. At the end of the reporting period, the accounts receivable were all past due.

Before accepting any new customer, the Group assesses the potential customer's credit quality and defines its credit limit. Credit sales are made to customers with appropriate credit history. Credit limits attributed to customers are reviewed regularly.

The aging analysis of trade receivables at the end of the reporting period, based on the date the Group is entitled to receive, and net of allowance, is as follows:

	2019 HK\$'000	2018 HK\$'000
Within 60 days	–	53,750
More than 60 days	1,919	–
	1,919	53,750

Balance at the end of the year	64,103	–

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

20. ACCOUNTS RECEIVABLE (continued)

The Group applies the simplified approach under HKFRS 9 to provide for expected credit losses using the lifetime expected loss provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The weighted average expected credit losses also incorporate forward looking information.

	Current	past due		Total
		31-60 days past due	61-120 days past due	
At 31 March 2019				
Weighted average expected loss rate	0%	96%	98%	
Receivable amount (HK\$'000)	–	33,064	32,958	66,022
Loss allowance (HK\$'000)	–	31,785	32,318	64,103
At 31 March 2018				
Weighted average expected loss rate	0%	0%	0%

Advances provided to customers	341,747	355,027
Less: Impairment allowances	(324,420)	(194,533)
	17,327	160,494
Less: Amounts shown under current assets	(17,327)	(160,494)
Amount due after one year	–	–

As at 31 March 2019, the advances provided to customers, which bore fixed interest at a rate of not more than 23.0% (2018: 16.8%) per annum, were repayable according to terms stipulated in the loan agreements and factoring facility agreements. Included in the balances, an aggregate amount of HK\$17,327,000 was secured by 38,503,380 ordinary shares of China Rongzhong (2018: HK\$160,494,000 was secured by assets such as accounts receivable and bank's acceptance bills).

Before granting loans to outsiders, the Group uses internal credit assessment process to assess the potential borrower's credit quality and defines the credit limits granted to the borrowers. The credit limits attributed to the borrowers are reviewed by the management regularly. Management considered that the receivables which were neither past due nor impaired are customers of good credit quality.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

21. ADVANCES PROVIDED TO CUSTOMERS (continued)

The following is a credit quality analysis of advances provided to customers:

	2019 HK\$'000	2018 HK\$'000

22. STRUCTURED DEPOSITS

As at 31 March 2019, the Group has principal-protected floating income structured deposits of HK\$86,065,000 (2018: HK\$96,543,000) issued by banks which carried interest ranging from 3.85% to 4.05% (2018: 4.30% to 4.55%) per annum. As the directors of the Company evaluate the performance of the structured deposits on a fair value basis, the Group designated the structured deposits as financial asset at fair value through profit or loss on initial recognition. The fair value of the structured deposits was determined by reference to recent market transaction.

As at 31 March 2019, structured deposits of HK\$86,065,000 (2018: HK\$89,136,000) were pledged to banks to comply with the deposit equipment for the issuance of bills payable.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

23. SHORT TERM BANK DEPOSITS/BANK BALANCES AND CASH

All bank deposits of the Group carry interest at prevailing market rates ranging from 0% to 4.7% (2018: 0% to 4.7%) per annum respectively.

Included in short term bank deposits and bank balances and cash are the following amounts denominated in currencies other than the functional currencies of the group entities:

	Currency	2019 HK\$'000	2018 HK\$'000
Hong Kong dollars	HKD	10,735	29,039
United States dollars	USD	112,622	121,769

As at 31 March 2019, short term bank deposits with original maturity more than three months amounting to HK\$147,000 (2018: HK\$72,164,000) were pledged to banks to comply with the deposit requirement for the issuance of bills payable.

24. BILLS AND OTHER PAYABLES

Other payables of the Group are non-interest-bearing and have an average payment term of one month.

	2019 HK\$'000	2018 HK\$'000
Bills payables	84,215	160,633
Other payables	24,207	24,700
	108,422	185,333

Bills payables were normally required to be settled within six months and secured by certain assets as disclosed in Note 36. The Group has financial risk management policies in place to ensure that all payables are settled within the credit time frame.

25. SHARE CAPITAL

	Number of shares '000	Amount HK\$'000
Issued and fully paid:		
At 1 April 2017, 31 March 2018 and 31 March 2019	2,761,913	829,209

None of the Company's subsidiaries has purchased, sold or redeemed any of the Company's listed securities during both years.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

26. REDEEMABLE CONVERTIBLE PREFERENCE SHARES

As at 31 March 2019, 68,400,000 (2018: 68,400,000) preference shares were in issue.

Pursuant to the terms and conditions of the preference shares, the preference shares may be redeemed by the holders of the preference shares at any time subsequent to 50 years after the date of issue on 18 September 2001 at a redemption value of HK\$10.00 per preference share. The preference shares carry no right to dividend distributions to the holders. The preference shares were convertible until 17 September 2004 and the conversion rights attached to the preference shares lapsed with no conversion then.

The liability component of the preference shares is carried at amortised cost based on an effective interest rate of 13.97% per annum.

27. DEFERRED TAX ASSET

At 31 March 2019, the Group had estimated unused tax losses arising in Hong Kong of HK\$217,304,000 (2018: HK\$208,510,000), certain of which subject to agreement of the Hong Kong Inland Revenue Department, the unused tax losses are available indefinitely for offset against future profits of the companies in which the losses arose. No deferred tax asset has been recognised due to the unpredictability of future profit streams.

As at 31 March 2019, the Group had deductible temporary differences in respect of certain impairment allowances on advances provided to customers of HK\$54,688,000 (2018: HK\$58,351,000). No deferred tax asset has been recognised as at 31 March 2019 and 31 March 2018 in relation to such deductible temporary differences as it is not probable that taxable profit will be available against which the deductible temporary differences can be utilised.

Under the EIT law, withholding tax is imposed on dividends declared in respect of profits earned by the subsidiaries in the PRC from 1 January 2008 onwards. Deferred taxation has not been provided for in the consolidated financial statements in respect of temporary differences attributable to the accumulated profits of the subsidiaries in the PRC amounting to HK\$nil (2018: HK\$31,313,000) as the Group is able to control the timing of the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

Detail please refer to Note 4(c).

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

29. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to owners of the Company through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from the prior year.

The capital structure of the Group consists of equity attributable to owners of the Company, comprising issued share capital and reserves less accumulated losses.

The directors of the Company review the capital structure on a regular basis. As part of this review, the directors consider the cost of capital and the risks associated with each class of capital. Based on recommendations of the directors, the Group will balance its overall capital structure through the payment of dividends, repurchase of shares and new share issues.

30. FINANCIAL INSTRUMENTS BY CATEGORY

The carrying amounts of each of the categories of financial instruments as at the end of the reporting period are as follows:

	2019 HK\$'000	2018 HK\$'000 (Restated)
Financial assets:		
Financial assets at amortised cost (including cash and cash equivalents)	216,061	515,150
Financial assets at fair value through profit or loss	126,528	136,093
Financial liabilities:		
Financial liabilities Amortised cost	96,150	167,039

Fair value

The fair values of financial assets at fair value through profit or loss are determined based on generally accepted pricing models as disclosed in Notes 19 and 22.

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements approximate to their fair values.

31. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Financial risk management objectives and policies

The risks associated with these financial instruments included market risk (price risk, currency risk and interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. Management manages and monitors these exposures to ensure appropriate measures are implemented in a timely and effective manner.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

31. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Financial risk management objectives and policies (continued)

Market risk

Price risk

The Group is exposed to price risk through its investments in club debentures which are classified as financial assets at fair value through profit or loss. The management manages this exposure by maintaining a portfolio of investments with different risks. No sensitivity analysis is prepared for the price risk as the directors of the Company considered that the Group is not subject to significant amount of risk for both years.

Currency risk

The Company and several subsidiaries of the Company have foreign currency denominated monetary assets and monetary liabilities, thus exposing the Group to foreign currency risk.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities, including short term bank deposits, bank balances and redeemable convertible preference shares at the reporting date were as follows:

	Currency	Assets		Liabilities	
		2019 HK\$'000	2018 HK\$'000	2019 HK\$'000	2018 HK\$'000
Hong Kong dollar	HKD	27,519	29,233	7,851	6,407
United States dollar	USD	112,803	122,048	–	–

The Group currently does not have a foreign exchange hedging policy to eliminate the currency exposures. However, management monitors the related foreign currency exposure closely and will consider hedging significant foreign currency exposures should the need arise.

Sensitivity analysis

The Group is mainly exposed to the effects of fluctuation in USD and HKD.

The following table details the Group's sensitivity to a 5% increase and decrease in RMB, the functional currency of respective group entities, against USD and HKD. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year end for a 5% change in foreign currency rate. The analysis illustrates the impact for a 5% weakening of USD and HKD against RMB and a positive number below indicates an increase in loss for the year. For a 5% strengthening of USD and HKD against RMB, there would be an equal and opposite impact on loss for the year.

	USD impact		HKD impact	
	2019 HK\$'000	2018 HK\$'000	2019 HK\$'000	2018 HK\$'000
Increase in loss for the year	4,230	4,577	627	856

In management's opinion, the sensitivity analysis is unrepresentative of the inherent currency risk as the year end exposure does not reflect the exposure during the year.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2019

31. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Financial risk management objectives and policies (continued)

Market risk (continued)

Interest rate risk

Fair value interest rate risk is the risk that the value of a financial instrument will fluctuate because of changes in market interest rates. The Group is exposed to fair value interest rate risk in relation to advances provided to customers as set out in Note 21. Management considers that the risk is insignificant as advances provided to customers are measured at amortised cost. Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group takes on exposure to the effects of fluctuation in the prevailing levels of market interest rates on the cash flow risk. Interest margins may increase as a result of such changes but may reduce or create losses in the event that unexpected movements arise. Limits are set on the level of mismatch of interest rate repricing that may be undertaken, which is monitored monthly.

The Group is exposed to cash flow interest rate risk in relation to variable-rate bank deposits and bank balances (see Note 23 for details of these financial instruments respectively). Management monitors the related interest exposure closely to ensure the interest rate risks are maintained at an acceptable level.

Sensitivity analysis for cash flow interest rate risk

The sensitivity analysis below has been determined based on the exposure to variable-rate bank deposits and bank balances. The analysis is prepared assuming the amount of asset and liability of variable-rate outstanding at the end of the reporting period were outstanding for the whole year. A 50 basis points (2018: 50 basis points) increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points (2018: 50 basis points) higher/lower and all other variables were held constant, the Group's loss for the year ended 31 March 2019 would decrease/increase by HK\$529,000 (2018: HK\$462,000). This is mainly attributable to the Group's exposure to interest rates on its variable-rate bank deposits and bank balances.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent interest rate risk as the year end exposure does not reflect the exposure during the year.

31. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Financial risk management objectives and policies (continued)

Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group considers whether there has been a significant increase in credit risk of financial assets on an ongoing basis throughout each reporting period by comparing the risk of a default occurring as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. Especially the following information is used:

- internal credit rating;
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations;
- actual or expected significant changes in the operating results of the borrower;
- significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers.

As at 31 March 2019, the Group's maximum exposure to credit risk is the carrying amounts of financial assets.

In order to minimise the credit risk, credit limits and credit terms granted to customers are approved by delegated officers and follow-up action is taken to recover overdue debts. In addition, the management of the Group reviews the recoverable amount of each individual receivable at the end of the reporting period to ensure that adequate impairment losses are made for irrecoverable amounts. Any further extension of credit beyond the approved limit had to be approved by the directors of the Company. In this regard, the directors of the Company consider that the credit risk of the Group is significantly reduced.

The credit risk on liquid funds (i.e. short term bank deposits, bank balances and cash) is limited because the majority of the counterparties are banks with good reputations.

The Group's concentration of credit risk on loan to an associate, accounts receivable and advances provided to customers (the "Receivables") as at 31 March 2019 included five major counterparties accounting for 100% (2018: 100%) of the Receivables. The Group has closely monitored the recoverability of the advances to these counterparties and taken effective measures to ensure timely collection of outstanding balances.

The Group is exposed to the concentration of geographical risk on revenue which is generated from customers located in the PRC. The Group has closely monitored the business performance and diversified its customer.

31. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Financial risk management objectives and policies (continued)

Liquidity risk

In the management of the liquidity risk, the Group monitors and maintain a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

The following table details the Group's contractual maturity for its financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities and the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows.

32. FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following disclosures of fair value measurements use a fair value hierarchy that categories into three levels the inputs to valuation techniques used to measure fair value:

Level 1 inputs: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.

Level 2 inputs: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs: unobservable inputs for the asset or liability.

The Group's policy is to recognise transfers into and transfers out of any of the three levels as of the date of the event or change in circumstances that caused the transfer.

(a) Disclosures of level in fair value hierarchy at 31 March 2019 and 2018:

Description	Fair value measurement using:			Total
	Level 1 HK\$'000	Level 2 HK\$'000	Level 3 HK\$'000	2019 HK\$'000

32. FAIR VALUE MEASUREMENTS (continued)

- (b) Disclosure of valuation process used by the Group and valuation techniques and inputs used in fair value measurements:

Some of the Group's assets and liabilities are measured at fair value for financial reporting purposes. The Directors determine the appropriate valuation techniques and inputs for fair value measurements.

In estimating the fair value of an asset or a liability, the Group uses market-observable data to the extent it is available. Where level 1 inputs are not available, the Group engages third party qualified valuers to perform the valuation. The Directors work closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model and to understand the cause of fluctuations in the fair value of the assets and liabilities.

Level 2 fair value measurements

Description	Valuation technique	Inputs	Fair value 2019 HK\$'000
Structured deposits	Income approach	Risk free rate Credit spread Discount rate	86,065
Club debentures	Market approach	Quoted prices	40,463

Description	Valuation technique	Inputs	Fair value 2018 HK\$'000
Structured deposits	Income approach	Risk free rate Credit spread Discount rate	96,543
Club debentures	Market approach	Quoted prices	39,550

During the year ended 31 March 2019 and 2018, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3 for both financial assets and financial liabilities.

33. EQUITY-SETTLED SHARE-BASED TRANSACTIONS

A share option scheme was adopted by the Company on 18 September 2002 (the “2002 Share Option Scheme”) with amendments made on 29 August 2003 to give clarity to it. Upon a new share option scheme of the Company came into effect on 31 August 2012 (the “2012 Share Option Scheme”), the 2002 Share Option Scheme was terminated and no further share options will be granted thereunder, but the provisions of the 2002 Share Option Scheme will remain in full force and effective to the extent necessary to give effect to the exercise of the share options (to the extent not already exercised) granted prior to its termination.

The Company operates the 2002 Share Option Scheme and the 2012 Share Option Scheme for the purpose of providing incentives and rewards to eligible participants, including the Company’s directors and other eligible participants of the Group. Key terms of the 2012 Share Option Scheme are as follows:

The maximum number of shares in the Company which may be issued upon exercise of all outstanding options granted but yet to be exercised under the 2002 Share Option Scheme, the 2012 Share Option Scheme and any other share option scheme shall not in aggregate exceed 30 percent of the issued share capital of the Company from time to time. The maximum number of shares in the Company that may be issued upon exercise of all options to be granted under the 2012 Share Option Scheme and any other share option scheme must not in aggregate exceed 10 percent of the issued share capital of the Company as at the date of approval of the 2012 Share Option Scheme.

The total number of shares issued and which may fall to be issued upon exercise of the options granted to each participant in any 12-month period shall not exceed 1 percent of the issued share capital of the Company for the time being.

The offer of a grant of share options may be accepted no later than 21 days from the date of offer with HK\$1 as consideration being payable by the grantee. The exercise period of the share options granted is determinable by the directors.

The subscription price of a share option is determined by the directors, but may not be less than the highest of (i) the closing price of the shares as stated in the Stock Exchange’s daily quotations sheet for trades in one or more board lots of shares on the date of offer; (ii) the average closing price of the shares as stated in the Stock Exchange’s daily quotations sheets for the five business days immediately preceding the date of offer; and (iii) the nominal value of the share.

33. EQUITY-SETTLED SHARE-BASED TRANSACTIONS (continued)

(b) Details of the share options outstanding during the year are as follows: (continued)

No share options were exercised and 8,300,000 share options (2018: 3,500,000 share options) were lapsed during the year ended 31 March 2019. The weighted average share price at the date of exercise for share options exercised during the year ended 31 March 2019 was HK\$0.372 (2018: HK\$0.376). The options outstanding at the end of the year have a weighted average remaining contractual life of 7.7 years (2018: 8.7 years) and the exercise price is HK\$0.372 per share (2018: HK\$0.376 per share).

Fair value of share options and assumptions

The fair value of services received in return for share options granted are measured by reference to the fair value of share options granted. The estimate of the fair value of the services received is measured based on trinomial lattice model. The contractual life of the option is used as an input into these models. Expectations of early exercise are incorporated into the trinomial lattice model.

The Group recognised total expenses of HK\$2,144,000 (2018: HK\$3,144,000) relating to share option payment transactions for the year ended 31 March 2019.

34. OPERATING LEASE COMMITMENT

As at 31 March 2019, the total future minimum lease payment under non-cancellable operating leases was payable as follows:

As lessee

The Group is the lessee of a number of properties held under operating leases. The leases typically run for an initial period of one to three years, with an option to renew the lease upon expiry when all terms are re-negotiated.

At 31 March 2019 and 2018, the Group had total future minimum lease payments under non-cancellable operating leases falling due as follows:

	2019 HK\$'000	2018 HK\$'000
Within one year	775	5,912
After one year but within five years	99	644
	874	6,556

Notes to the Consolidated Financial Statements

35. RETIREMENT BENEFIT SCHEME

The Group participates a Mandatory Provident Fund Scheme (the “MPF Scheme”) under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees in Hong Kong under the jurisdiction of the Hong Kong Employment Ordinance. The assets of the MPF Scheme are held separately from those of the Group and administered by an independent trustee. Under the MPF Scheme, the Group and its employees are each required to make a contribution to the MPF Scheme at 5% of the employees’ relevant income subject to a cap of monthly relevant income as specified in the rules. No forfeited contribution is available to reduce the contribution payable in the future years.

The employees employed by the subsidiaries in the PRC are members of the state-managed retirement benefit schemes operated by the PRC government. The PRC subsidiaries are required to contribute a certain percentage of payroll cost to the retirement benefits scheme to fund the benefits. The only obligation of the Group with respect to the retirement benefits scheme is to make specified contributions.

36. PLEDGE OF ASSETS

As at 31 March 2019, as disclosed in Note 22 and 23, assets with the following carrying amounts were pledged to secure the bills payables as disclosed in Note 24:

40. EVENT AFTER THE END OF THE REPORTING PERIOD

(a) Grant of share options

On 18 April 2019, the Company granted 52,000,000 share options (“Share Options”) under its share option scheme adopted on 31 August 2012 (the “2012 Share Option Scheme”) to certain eligible persons (as defined in the 2012 Share Option Scheme) to subscribe for ordinary shares of the Company. The option period of the Share Options granted commenced on the date of grant (i.e. 18 April 2019) and expires on the tenth anniversary of the date of grant. The Share Options granted will be vested in respect of their underlying shares on the third anniversary of the date of grant.

Further details of the grant of Share Options are set out in the announcement of the Company dated 18 April 2019.

(b) Investigation

On 25 June 2019, the Former Auditor issued a letter to the Audit Committee, in which the Former Auditor requested the Audit Committee to undertake the Investigation in respect of the trading transactions in chemical products (the “Trading Business”) by Shanghai Goldbond involving an aggregate overdue account receivables for the Group in the amount of approximately RMB57,000,000 (equivalent to approximately HK\$65,000,000).

On 18 July 2019, the Independent Firm was engaged to conduct the Investigation. The Independent Firm issued a first report on the Investigation (the “Investigation Report”) to the Audit Committee on 31 January 2020. The Audit Committee engaged the Independent Firm to conduct certain extended procedures relevant to the Investigation on 19 March 2020 (the “Supplemental Investigation”) and the Independent Firm issued a final report on the Supplemental Investigation (the “Supplemental Investigation Report”) on 4 September 2020 to the Audit Committee.

Details of the key findings of the Investigation Report and Supplemental Investigation Report are set out in the announcements of the Company dated 31 January 2020 and 4 September 2020, respectively.

(c) Acquisition of Optimus Financial Group Limited

On 26 June 2020, Goldbond Investment Group Limited (“Goldbond Investment”), a wholly-owned subsidiary of the Company, entered into the sale and purchase agreement with the Quan Tai Limited (the “Vendor”), pursuant to which Goldbond Investment has conditionally agreed to purchase, and the Vendor has conditionally agreed to sell, 17,110,500 issued shares of Optimus Financial Group Limited (the “Target Company”), representing 51% of the total issued share capital of the Target Company (the “Acquisition”).

The Target Company and its subsidiary are principally engaged in financial leasing and provision of property and automobile financial lease services in Shanghai and Jiangsu Province, the PRC. The completion of the Acquisition took place on 30 June 2020. Upon completion of the Acquisition, the Target Company and its subsidiaries have become non wholly-owned subsidiaries of the Company.

40. EVENT AFTER THE END OF THE REPORTING PERIOD (continued)

(d) Other business updates

As disclosed in the announcement of the Company dated 26 June 2020, in April 2020, the Group has formed a subsidiary in Shenzhen, the PRC (the “SZ Subsidiary”) with a local non-controlling shareholder (the “Local Partner”), which is an independent third party to the Company and its connected persons (as defined under the Listing Rules). The SZ Subsidiary is engaged in the provision of property technology services, which uses and integrates software (e.g. programs and algorithms), hardware (e.g. internetconnected sensors and devices) and data to help individuals, landlords and property managers better manage and optimise the usage of their real estate, which is expected to capture the growing demand for property technology services in the PRC. The SZ Subsidiary shall be operated by the Group and the Local Partner where the Group shall contribute its development resources and business network while the Local Partner shall contribute its technology and brand resources, respectively. In addition, since April 2020, the Group has expanded into the business of car operating lease in Huzhou City, Zhejiang province, the PRC.

In addition, as disclosed in the announcements of the Company dated 4 September 2020 and 25 September 2020, the Audit Committee, after having reviewed the key findings of the Supplemental Investigation Report, has recommended the Board to consider disposing of the Trading Business with a view to terminate the Trading Business (which has already been suspended since January 2019) and for the Group to focus on its principal business, and such recommendation has been considered and endorsed by the Board. No definitive agreement has been entered into by the Group in this regard as at the date of this report.
