(A) CONTINUING CONNECTED TRANSACTION FULLY EXEMPT FROM THE REPORTING, ANNUAL REVIEW, ANNOUNCEMENT AND INDEPENDENT SHAREHOLDERS’ APPROVAL REQUIREMENTS

1. Trademark Licensing

On August 12, 2020, a trademark license agreement was entered into between Jinbi Property and Evergrande Real Estate (the “**PRC Trademark License Agreement**”), pursuant to which Evergrande Real Estate agreed to irrevocably and unconditionally grant to Jinbi Property, its subsidiaries and branches, its controlling shareholders and its controlling shareholders’ subsidiaries an exclusive license to use certain trademarks (the “**PRC Trademarks**”) on a royalty-free basis. The PRC Trademark License Agreement is a transitional arrangement between Jinbi Property and Evergrande Real Estate to allow our Group to use the PRC Trademarks while the parties are in the process of completing the transfer of the PRC Trademarks to Jinbi Property pursuant to a trademark transfer agreement dated August 12, 2020, upon completion of which Jinbi Property will be the owner of the PRC Trademarks. The PRC Trademark License Agreement has a term commencing from the date of the PRC Trademark License Agreement until the completion date of the transfer of the PRC Trademarks.

On [●] 2020, a deed of trademark licensing was entered into between our Company and China Evergrande Group (the “**Hong Kong Trademark License Deed**”), pursuant to which China Evergrande Group agreed to irrevocably and unconditionally grant to our Company and other members of our Group a non-transferrable and non-exclusive license to use the trademark  (the “**Hong Kong Trademark**”), being a trademark registered in Hong Kong, on a royalty-free basis, for a perpetual term commencing from the date of the Hong Kong Trademark License Deed. China Evergrande Group has undertaken in the Hong Kong Trademark License Deed to maintain the registration of the Hong Kong Trademark throughout the term of the Hong Kong Trademark License Deed.

For details of the PRC Trademarks and the Hong Kong Trademark, see “B. Information about Our Business – 2. Intellectual property rights of our Group” in Appendix IV to this Document.

We believe that the entering into of the PRC Trademark License Agreement with a term which ends on the completion date of the transfer of the PRC Trademarks and the entering into of the Hong Kong Trademark License Deed with a term of more than three years can ensure the stability of our operations, and is beneficial to us and the Shareholders as a whole. The Joint Sponsors are of the view that it is normal business practice for agreements of this type to be of duration of more than three years.

China Evergrande Group is one of our Controlling Shareholders and therefore a connected person of our Company for the purpose of the Listing Rules. As of the Latest Practicable Date, Evergrande Real Estate was indirectly owned as to 63.46% by China Evergrande Group. Evergrande Real Estate is therefore a connected person of our Company for the purpose of the

CONNECTED TRANSACTIONS

Listing Rules. Accordingly, the transactions under the PRC Trademark License Agreement and the Hong Kong Trademark License Deed will constitute continuing connected transactions for our Company under Chapter 14A of the Listing Rules upon [REDACTED].

As the rights to use the PRC Trademarks and the Hong Kong Trademark are granted on a royalty-free basis, the transactions under the PRC Trademark License Agreement and the Hong Kong Trademark License Deed will be within the *de minimis* threshold provided under Rule 14A.76 of the Listing Rules and will be exempt from the reporting, annual review, announcement and independent Shareholders’ approval requirements under Chapter 14A of the Listing Rules.

(B) CONTINUING CONNECTED TRANSACTIONS SUBJECT TO THE REPORTING, ANNUAL REVIEW AND ANNOUNCEMENT REQUIREMENTS BUT EXEMPT FROM INDEPENDENT SHAREHOLDERS’ APPROVAL REQUIREMENT

1. Car Parking Space Leasing

On [●], 2020, our Company entered into a master car parking space leasing agreement (the “**Master Car Parking Space Leasing Agreement**”) with China Evergrande Group, pursuant to which our Group will lease from the Evergrande Group certain car parking spaces (the “**Car Parking Spaces**”) situated in the residential and commercial properties developed by the Evergrande Group and managed by us for subleasing to residents and tenants in such residential and commercial properties. The Master Car Parking Space Leasing Agreement has a term commencing from the [REDACTED] until December 31, 2022.

For each of the three years ended December 31, 2019 and the six months ended June 30, 2020, the total amount of rent payable by our Group to the Evergrande Group for the lease of the Car Parking Spaces amounted to approximately RMB33.2 million, RMB48.6 million, RMB59.7 million and RMB40.5 million, respectively.

The rent to be paid by our Group for the lease of the Car Parking Spaces will be determined after arm’s length negotiations with reference to, among others, the prevailing market rent of car parking spaces in similar locations and similar properties and the number and occupancy rate of the Car Parking Spaces leased by our Group from the Evergrande Group.

It is estimated that the maximum amounts of rent fee payable by our Group for the leasing of the Car Parking Spaces for each of the three years ending December 31, 2022 will not exceed RMB121.8 million, RMB146.2 million and RMB175.4 million, respectively. The increase in the annual caps for the lease of Car Parking Spaces as compared to the historical transaction amounts for the Track Record Period is primarily due to the expected increase in the demand for car parking spaces, taking into account the estimated GFA of residential and commercial properties to be delivered by the Evergrande Group and managed by us and the expected increase in vehicles possessed by the owners and occupants of the managed properties in the three years ending December 31, 2022. In addition, with the introduction of user-charging car parking spaces at certain properties of the Evergrande Group in 2019, our lease of such car parking spaces increased more significantly for sub-leasing purposes. The

CONNECTED TRANSACTIONS

rapid increase in the demand for car parking spaces in the second half of 2020 has been estimated with reference to our understanding of the total GFA to be delivered and time of delivery in the second half of 2020 pursuant to the scheduled delivery plan of the Evergrande Group.

The following factors were considered in arriving at the above annual caps:

- the historical transaction amounts in relation to the lease of the Car Parking Spaces during the Track Record Period;
- the terms and conditions, in particular, the rent, under the existing lease agreements;
- the prevailing market rent of the car parking spaces in similar locations and similar properties and the estimated increase for the three years ending December 31, 2022;
- the estimated number and occupancy rate of the Car Parking Spaces leased by our Group from the Evergrande Group for the three years ending December 31, 2022; and
- the expected increase in rental fee and demand for the Car Parking Spaces taking into account the estimated GFA of residential and commercial properties to be developed by the Evergrande Group and managed by our Group based on the properties under development and the land bank held by the Evergrande Group as of June 30, 2020 and its development plan for the three years ending December 31, 2022. According to the 2020 interim results announcement of China Evergrande Group, as of June 30, 2020, it had residential land reserves of approximately 240 million sq.m., which covered 817 projects located in 229 cities across China. In addition, it had a total GFA under construction of 123 million sq.m. It also held investment properties including commercial podiums in living communities and office buildings with GFA of approximately 8.97 million sq.m. and approximately 359,000 car parking spaces.

China Evergrande Group is one of our Controlling Shareholders and therefore a connected person of our Company for the purpose of the Listing Rules. Accordingly, the transactions under the Master Car Parking Space Leasing Agreement will constitute continuing connected transactions for our Company under Chapter 14A of the Listing Rules upon [REDACTED].

Since each of the applicable percentage ratios under the Listing Rules in respect of the annual caps under the Master Car Parking Space Leasing Agreement is expected to be more than 0.1% but less than 5% on an annual basis, the transactions under the Master Car Parking Space Leasing Agreement constitute continuing connected transactions for our Company which are subject to the reporting, annual review and announcement requirements but exempt from the circular and independent Shareholders’ approval requirement under Chapter 14A of the Listing Rules.

2. Procurement of Goods and Services

On [●], 2020, our Company entered into a master procurement agreement (the “**Master Procurement Agreement**”) with China Evergrande Group, pursuant to which our Group agreed to procure from the Evergrande Group certain goods and services, including but not

CONNECTED TRANSACTIONS

limited to (i) maintenance materials and parts for use in our operations; (ii) office and communication equipment; (iii) staff uniforms and other consumables; and (iv) gardening services (the “**Procurement**”). The Master Procurement Agreement has a term commencing from the [REDACTED] until December 31, 2022.

For each of the three years ended December 31, 2019 and the six months ended June 30, 2020, the total amount of fees payable by our Group to the Evergrande Group for the Procurement amounted to approximately RMB103.5 million, RMB139.8 million, RMB111.6 million and RMB63.5 million, respectively. The decrease in the total amount of fees payable for the Procurement in 2019 was primarily due to the decrease in the procurement of consumables from the Evergrande Group as a result of the destocking measures implemented in such year which increased the rate of consumption of earlier procurement. Such stock had been largely consumed by the end of 2019 and the demand for the procurement of consumables increased in 2020.

The fees to be paid by our Group for the Procurement will be determined after arm’s length negotiations with reference to (i) the catalog prices (if available) of goods from the Evergrande Group and other independent third party suppliers; and (ii) the prevailing market price of similar goods and services (taking into account the scope of services and the anticipated operational costs including but not limited to labor costs and costs of materials).

It is estimated that the maximum amounts of fees payable by our Group for the Procurement for each of the three years ending December 31, 2022 will not exceed RMB146.1 million, RMB169.0 million and RMB193.6 million, respectively. The increase in the annual caps for the Procurement as compared to the historical transaction amounts for the Track Record Period is primarily due to the estimated increase in demand for the Procurement, taking into account the expected increase in the GFA to be managed by our Group and our business development in the three years ending December 31, 2022.

The following factors were considered in arriving at the above annual caps:

- the historical transaction amounts in relation to the Procurement during the Track Record Period;
- the estimated transaction amounts in relation to the Procurement for the three years ending December 31, 2022 based on existing signed contracts;
- the estimated GFA of properties under development or to be delivered by the Evergrande Group and the land bank held by the Evergrande Group as of June 30, 2020 and its development plan for the three years ending December 31, 2022. According to the 2020 interim results announcement of China Evergrande Group, as of June 30, 2020, it had residential land reserves of approximately 240 million sq.m., which covered 817 projects located in 229 cities across China. In addition, it had a total GFA under construction of 123 million sq.m.;

CONNECTED TRANSACTIONS

- the estimated demand for the Procurement for the three years ending December 31, 2022 based on our business development plan.

China Evergrande Group is one of our Controlling Shareholders and is therefore a connected person of our Company for the purpose of the Listing Rules. Accordingly, the transactions under the Master Procurement Agreement will constitute continuing connected transactions for our Company under Chapter 14A of the Listing Rules upon [REDACTED].

Since each of the applicable percentage ratios under the Listing Rules in respect of the annual caps under the Master Procurement Agreement is expected to be more than 0.1% but less than 5% on an annual basis, the transactions under the Master Procurement Agreement constitute continuing connected transactions for our Company which are subject to the reporting, annual review and announcement requirements but exempt from the independent Shareholders’ approval requirement under Chapter 14A of the Listing Rules.

3. Recreation Center Operational Management Services

On [●], 2020, our Company entered into a master recreation center operational management services agreement (the “**Master Recreation Center Operational Management Services Agreement**”) with China Evergrande Group, pursuant to which our Group agreed to provide operational management services (the “**Recreation Center Operational Management Services**”) with respect to recreation centers situated in the residential and commercial properties developed and owned by the subsidiaries, joint ventures, and associates of China Evergrande Group (the “**Evergrande Associates**”). The Master Recreation Center Operational Management Services Agreement has a term commencing from the [REDACTED] until December 31, 2022.

For each of the three years ended December 31, 2019 and the six months ended June 30, 2020, the total service fee payable to our Group in respect of the Recreation Center Operational Management Services amounted to approximately RMB2.3 million, RMB6.6 million, RMB11.0 million and RMB0.9 million, respectively. The decrease in the total amount of service fee for the Recreation Center Operational Management Services for the six months ended June 30, 2020 was primarily due to the fact that many recreation centers were not in operation for the corresponding period as a result of the COVID-19 pandemic and no operational management services were rendered.

The fees to be charged for the Recreation Center Operational Management Services will be determined after arm’s length negotiations with reference to the prevailing market price (taking into account the location and condition of the recreation centers, the scope of services and the anticipated operational costs including but not limited to labor costs, administrative costs and costs of materials).

It is estimated that the maximum amounts of service fee payable to our Group in relation to the Recreation Center Operational Management Services for each of the three years ending December 31, 2022 will not exceed RMB4.2 million, RMB20.1 million and RMB26.2 million, respectively. The rapid increase in the expected total amount of service fee for the Recreation

CONNECTED TRANSACTIONS

Center Operational Management Services between 2020 and 2021 has been estimated primarily in view of the resumption of operation of recreation centers after the COVID-19 pandemic and the estimated increase in the GFA and number of recreation centers to be managed by our Group.

The following factors were considered in arriving at the above annual caps:

- the historical transaction amounts in relation to the Recreation Center Operational Management Services during the Track Record Period;
- the costs incurred for the Recreation Center Operational Management Services during the Track Record Period;
- the estimated revenue from the provision of the Recreation Center Operational Management Services for the three years ending December 31, 2022 based on existing signed contracts with the Evergrande Associates; and
- the estimated size and number of recreation centers to be developed by the Evergrande Associates for the three years ending December 31, 2022 pursuant to the development plan of the Evergrande Associates which will require our operational management services and the opening time of such recreation centers.

China Evergrande Group is one of our Controlling Shareholders and therefore a connected person of our Company for the purpose of the Listing Rules. Accordingly, the transactions under the Master Recreation Center Operational Management Services Agreement will constitute continuing connected transactions for our Company under Chapter 14A of the Listing Rules upon [REDACTED].

Since each of the applicable percentage ratios under the Listing Rules in respect of the annual caps under the Master Recreation Center Operational Management Services Agreement is expected to be more than 0.1% but less than 5% on an annual basis, the transactions under the Master Recreation Center Operational Management Services Agreement constitute continuing connected transactions for our Company which are subject to the reporting, annual review and announcement requirements but exempt from the independent Shareholders' approval requirement under Chapter 14A of the Listing Rules.

We started providing property assistance services in respect of the leasing of unsold properties (excluding car parking spaces) developed by the Evergrande Associates from 2018 and assistance services in respect of the sales of the car parking spaces situated in properties developed by the Evergrande Associates from 2019.

The fees to be charged for the Property Transaction Assistance Services will be determined after arm’s length negotiations with reference to (i) the rental and GFA of the properties to be leased through our Property Transaction Assistance Services, (ii) the selling price and number of car parking spaces to be sold through our Property Transaction Assistance Services; (iii) the scope of our Property Transaction Assistance Services; and (iv) a certain service fee calculated as a rate which is comparable to the prevailing market rate paid by the Evergrande Associates to other independent property transaction assistance service providers for similar services.

It is estimated that the maximum amounts of service fee payable to our Group in relation to the Property Transaction Assistance Services for each of the three years ending December 31, 2022 will not exceed RMB121.7 million, RMB157.6 million and RMB192.3 million, respectively.

The following factors were considered in arriving at the above annual caps:

- the estimated increase of our capacity in providing the Property Transaction Assistance Services.
