

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this announcement and the listing documents attached hereto, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement and the listing documents attached hereto.

This announcement and the listing documents attached hereto are for information purposes only and do not constitute an invitation or offer to acquire, purchase or subscribe for the securities referred to herein.

This announcement and the listing document referred to herein have been published for information purposes only as required by the Listing Rules and do not constitute an offer to sell nor a solicitation of an offer to buy any securities. Neither this announcement nor anything referred to herein (including the listing document) forms the basis for any contract or commitment whatsoever. For the avoidance of doubt, the publication of this announcement and the listing document referred to herein shall not be deemed to be an offer of securities made pursuant to a prospectus issued by or on behalf of the Company for the purposes of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong nor shall it constitute an advertisement, invitation or document containing an invitation to the public to enter into or offer to enter into an agreement to acquire, dispose of, subscribe for or underwrite securities for the purposes of the Securities and Futures Ordinance (Cap. 571) of Hong Kong.

*This announcement and the listing documents attached hereto do not constitute or form a part of any offer or solicitation to purchase or subscribe for securities of the Company in or into the United States or to U.S. Persons (as defined in Regulation S under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”)) or in any other jurisdiction. The securities referred to herein have not been and will not be registered under the Securities Act, or the securities laws of any State of the United States or other jurisdiction, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act (“**Regulation S**”)) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. This announcement, and listing documents attached hereto and the information contained herein are not for distribution, directly or indirectly, in or into the United States or to U.S. Persons (as defined in Regulation S under the Securities Act) or in any other jurisdiction. The securities will be offered only outside the United States to non-U.S. Persons (as defined in Regulation S under the Securities Act) in reliance on Regulation S. No public offering of the securities will be made in or into the United States or to U.S. Persons (as defined in Regulation S under the Securities Act) or to the public in Hong Kong or in any other jurisdiction where such an offering is restricted or prohibited.*

Notice to Hong Kong investors: *The Company confirms that the Notes are intended for purchase by professional investors only (as defined in Chapter 37 of the Rules Governing the Listing of Securities (the “**Listing Rules**”) on The Stock Exchange of Hong Kong Limited (the “**Hong Kong Stock Exchange**”)) and have been listed on the Hong Kong Stock Exchange on that basis. Accordingly, the Company confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.*

FAR EAST HORIZON LIMITED

遠東宏信有限公司
FAR EAST HORIZON LIMITED

(the “**Company**”)

(Incorporated in Hong Kong with limited liability)

(Stock Code: 3360)

Issue of CNY1,700,000,000 4.70 per cent. Notes due 2024 (the “Notes**”)**
(Stock Code: 85953)

**under the US\$4,000,000,000 Medium Term Note
and Perpetual Securities Programme**
(the “**Programme**”)

This announcement is issued pursuant to Rule 37.39A of the Listing Rules on the Hong Kong Stock Exchange.

Please refer to the offering circular dated 22 September 2020 in relation to the Programme (the “**Offering Circular**”) and the pricing supplements dated 2 February 2021 and 4 February 2021 in relation to the Notes (together, the “**Pricing Supplements**”), each appended hereto (the Offering Circular and the Pricing Supplements together, the “**Listing Documents**”, and each a “**Listing Document**”). As disclosed in the Listing Documents, the Notes are intended for purchase by professional investors only (as defined in Chapter 37 of the Listing Rules) and have been listed on the Hong Kong Stock Exchange on that basis.

None of the Listing Documents constitutes a prospectus, notice, circular, brochure or advertisement offering to sell any securities to the public in any jurisdiction, nor is any Listing Document an invitation to the public to make offers to subscribe for or purchase any securities, nor is any Listing Document circulated to invite offers by the public to subscribe for or purchase any securities.

None of the Listing Documents should be regarded as an inducement to subscribe for or purchase any Notes of the Company and no such inducement is intended. No investment decision should be made based on the information contained in the Listing Documents.

By order of the Board
Far East Horizon Limited
KONG Fanxing
Chief Executive Officer and Executive Director

Hong Kong, 10 February 2021

As at the date of this announcement, the executive directors of the Company are Mr. KONG Fanxing and Mr. WANG Mingzhe, the non-executive directors of the Company are Mr. NING Gaoning (Chairman), Mr. YANG Lin, Mr. LIU Haifeng David, Mr. KUO Ming-Jian and Mr. John LAW, and the independent non-executive directors of the Company are Mr. CAI Cunqiang, Mr. HAN Xiaojing, Mr. LIU Jialin and Mr. YIP Wai Ming.

TABLE OF CONTENTS

OFFERING CIRCULAR DATED 22 SEPTEMBER 2020
PRICING SUPPLEMENT DATED 2 FEBRUARY 2021
PRICING SUPPLEMENT DATED 4 FEBRUARY 2021

IMPORTANT NOTICE

NOT FOR DISTRIBUTION TO ANY PERSON OR ADDRESS IN THE UNITED STATES

THIS OFFERING IS AVAILABLE ONLY TO INVESTORS WHO ARE EITHER (1) QIBs (AS DEFINED BELOW) UNDER RULE 144A UNDER THE SECURITIES ACT (AS DEFINED BELOW) (“**RULE 144A**”) OR (2) NON-U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT (AS DEFINED BELOW) (“**REGULATIONS**”)) PURCHASING THE SECURITIES OUTSIDE THE UNITED STATES IN AN OFFSHORE TRANSACTION IN RELIANCE ON REGULATION S.

IMPORTANT: You must read the following before continuing. The following applies to the offering circular following this page (the “**Offering Circular**”), and you are therefore advised to read this carefully before reading, accessing or making any other use of the Offering Circular. In accessing the Offering Circular, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER OF SECURITIES FOR SALE IN ANY JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”), OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR OTHER JURISDICTION, AND THE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES, EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS.

THIS OFFERING CIRCULAR MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER AND, IN PARTICULAR, MAY NOT BE FORWARDED TO ANY US ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

Confirmation of your Representation: In order to be eligible to view the following Offering Circular or make an investment decision with respect to the securities, investors must be either (I) qualified institutional buyers (“**QIBs**”) (within the meaning of Rule 144A under the Securities Act) or (II) non-U.S. persons eligible to purchase the securities outside the United States in an offshore transaction in reliance on Regulation S under the Securities Act. By accepting the e-mail and accessing the following Offering Circular, you shall be deemed to have represented to us that (1) you and any customers you represent are either (a) QIBs or (b) non-U.S. persons eligible to purchase the securities outside the United States in an offshore transaction in reliance on Regulation S under the Securities Act and that the electronic e-mail address that you gave us and to which this e-mail has been delivered is not located in the United States and (2) that you consent to the delivery of such Offering Circular by electronic transmission.

You are reminded that this Offering Circular has been delivered to you on the basis that you are a person into whose possession this Offering Circular may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not, nor are you authorised to, deliver this Offering Circular to any other person.

The materials relating to the offering of securities to which this Offering Circular relates do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the underwriters or any affiliate of the underwriters is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the underwriters or such affiliate on behalf of the Issuer (as defined in this Offering Circular) in such jurisdiction.

This Offering Circular has been sent to you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently neither the Issuer, DBS Bank Ltd. nor Standard Chartered Bank (Hong Kong) Limited (the “**Arrangers**”) nor Agricultural Bank of China Limited Hong Kong Branch nor Australia and New Zealand Banking Group Limited nor China International Capital Corporation Hong Kong Securities Limited nor Citigroup Global Markets Limited nor DBS Bank Ltd. nor Deutsche Bank AG, Hong Kong Branch nor The Hongkong and Shanghai Banking Corporation Limited nor Industrial and Commercial Bank of China (Asia) Limited nor Standard Chartered Bank nor Standard Chartered Bank (Hong Kong) Limited nor UBS AG, Hong Kong Branch (the “**Dealers**”), nor any person who controls the Arrangers or the Dealers, nor any director, officer, employee or agent of the Issuer or the Arrangers or the Dealers, or affiliate of any such person, accepts any liability or responsibility whatsoever in respect of any difference between the Offering Circular distributed to you in electronic format and the hard copy version available to you on request from the Arrangers or the Dealers.

You are responsible for protecting against viruses and other destructive items. Your use of this e-mail is at your own risk and it is your responsibility to take precautions to ensure that it is free from viruses and other items of a destructive nature.

遠東宏信有限公司
FAR EAST HORIZON LIMITED

(incorporated in Hong Kong with limited liability)

(Stock Code: 3360)

U.S.\$4,000,000,000

Medium Term Note and Perpetual Securities Programme

Under the Medium Term Note and Perpetual Securities Programme described in this Offering Circular (the “Programme”), Far East Horizon Limited (the “Issuer”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue medium term notes (the “Notes”) and perpetual securities (the “Securities”) and together with the Notes, the “Instruments”). The aggregate nominal amount of Instruments outstanding will not at any time exceed U.S.\$4,000,000,000 (or the equivalent in other currencies), subject to increase as described herein. Notes may be issued in bearer or registered form. Securities shall be issued in registered form. Instruments may be issued on a continuing basis to one or more of the Dealers specified under “Summary of the Programme” and any additional Dealer the Issuer may appoint under the Programme from time to time (each a “Dealer” and together the “Dealers”), which appointment may be for a specific issue or on an ongoing basis. References in this Offering Circular to the “relevant Dealer” shall, in the case of an issue of Instruments being (or intended to be) subscribed for by more than one Dealer, be to all Dealers agreeing to subscribe for such Instruments.

Application has been made to The Stock Exchange of Hong Kong Limited (the “HKSE”) for the listing of the Programme during the 12-month period from the date of this Offering Circular on the HKSE by way of debt issues to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the “SFO”), (together, the “Professional Investors”) only. This document is for distribution to Professional Investors only. Investors should not purchase the Instruments in the primary or secondary markets unless they are Professional Investors and understand the risks involved. The Instruments are only suitable for Professional Investors.

Notice to Hong Kong investors: The Issuer confirms that the Instruments are intended for purchase by professional investors only (as defined in the Securities and Futures Ordinance (Cap 571) and Rules made thereunder) and will be listed on the HKSE on that basis. Accordingly, the Issuer confirms that the Instruments are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

The HKSE has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only, have been reproduced in this document. Listing of the Programme and the Instruments on the HKSE is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Instruments or the Issuer or quality of disclosure in this document. Hong Kong Exchanges and Clearing Limited and the HKSE take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

The listing of the Programme is expected to become effective on or about 23 September 2020. Unlisted Instruments and Instruments to be listed, traded or quoted on or by any other competent authority, stock exchange or quotation system may be issued pursuant to the Programme. The relevant Pricing Supplement (as defined in “Summary of the Programme”) in respect of the issue of any Instruments will specify whether or not such Instruments will be listed on the HKSE (or listed, traded or quoted on or by any other competent authority, other exchange or quotation system). Instruments listed on the HKSE will be traded on the HKSE in a board lot size of at least HK\$500,000 (or its equivalent in other currencies). Notice of the aggregate nominal amount of any Instrument, interest (if any) payable in respect of Notes, distribution (if any) payable in respect of Securities, the issue price of Instruments and any other terms and conditions not contained herein which are applicable to each series of Instruments will be set out in the relevant Pricing Supplement which, with respect to Instruments to be listed on the HKSE, will be delivered to the HKSE, on or before the date of issue of such series of Instruments.

Each Series (as defined in “Summary of the Programme”) of the Notes in bearer form (“Bearer Notes”) will be represented on issue by a temporary global note in bearer form (each a “temporary Global Note”) or a permanent global note in bearer form (each a “permanent Global Note”) (collectively, the “Global Notes”). Interests in temporary Global Notes generally will be exchangeable for interests in permanent Global Notes or, if so stated in the relevant Pricing Supplement, definitive Notes (“Definitive Notes”), after the date falling 40 days after the later of the commencement of the offering and the relevant issue date of such Tranche upon certification as to non-US beneficial ownership. Interests in permanent Global Notes will be exchangeable for Definitive Notes in whole but not in part, as described under “Form of the Instruments”. Instruments in registered form will be represented by registered certificates (each a “Certificate”), one Certificate being issued in respect of each Noteholder’s or Securityholder’s entire holding of the Instruments in registered form of one Series. Global Notes and Global Certificates (as defined below) may be deposited on the issue date with a common depository on behalf of Euroclear Bank SA/NV (“Euroclear”) and Clearstream Banking S.A. (“Clearstream”) (the “Common Depository”) or with a sub-custodian for the Central Money Markets Unit Service, operated by the Hong Kong Monetary Authority (the “CMU” or “CMU Service”).

Where applicable for a relevant Tranche of Instruments, the Instruments will be issued within the quota granted pursuant to the Circular on Promoting the Reform of the Administrative System on the Issuance by Enterprises of Foreign Debt and Registrations (Fa Gai Wai Zi [2015] No. 2044) (國家發債改革委關於推進企業發行外債備案登記制管理改革的通知(發改外資[2015]2044號)) by the National Development and Reform Commission (the “NDRC”) which came into effect on 14 September 2015 (the “NDRC Circular”) and other applicable implementation rules, regulations, certificates, circulars, notices or policies thereof as issued by the NDRC from time to time. After the issuance of such relevant Tranche of Instruments, the Issuer intends to provide the requisite information on the issuance of such Instruments to the NDRC within the time period as required by the NDRC.

The Instruments have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”). The Instruments are being offered and sold by the Dealers outside the United States in accordance with Regulation S of the Securities Act (“Regulation S”) and, if in the United States, only to qualified institutional buyers (“QIBs”) in reliance on Rule 144A under the Securities Act (“Rule 144A”). Prospective investors are hereby notified that sellers of Instruments may be relying on the exemption from provisions of Section 5 of the Securities Act provided by Rule 144A. Any Series of Instruments may be subject to additional selling restrictions. The relevant Pricing Supplement in respect of such Series of Instruments will specify any such restrictions. See “Subscription and Sale” and the relevant Pricing Supplement. Registered Instruments are subject to certain restrictions on transfer as described in “Subscription and Sale.”

MiFID II product governance/target market – The Pricing Supplement in respect of any Instruments may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Instruments and which channels for distribution of the Instruments are appropriate. Any person subsequently offering, selling or recommending the Instruments (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU (as amended, “MiFID II”) is responsible for undertaking its own target market assessment in respect of the Instruments (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “MiFID Product Governance Rules”), any Dealer subscribing for any Instruments is a manufacturer in respect of such Instruments, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

PRIIPs/IMPORTANT – EEA AND UK RETAIL INVESTORS – If the Pricing Supplement in respect of any Instruments includes a legend entitled “Prohibition of Sales to EEA and UK Retail Investors”, the Instruments are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”) or in the United Kingdom (the “UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Instruments or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Instruments or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

PRODUCT CLASSIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT (CHAPTER 289 OF SINGAPORE)

The Pricing Supplement in respect of any Instruments may include a legend entitled “Singapore Securities and Futures Act Product Classification” which will state the product classification of the Notes pursuant to section 309B(1) of the Securities and Futures Act (Chapter 289 of Singapore) (the “SFA”).

The Issuer will make a determination in relation to each issue about the classification of the Instruments being offered for purposes of section 309B(1)(a). Any such legend included on the relevant Pricing Supplement will constitute notice to “relevant persons” for purposes of section 309B(1)(c) of the SFA.

BENCHMARKS REGULATION: Interest and/or other amounts payable under the Instruments may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the “Benchmark Regulation”). If any such reference rate does constitute such a benchmark, the applicable Pricing Supplement will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (“ESMA”) pursuant to Article 36 of the Benchmark Regulation. Not every reference rate will fall within the scope of the Benchmark Regulation. Transitional provisions in the Benchmark Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the relevant Pricing Supplement (or, if located outside the European Union, recognition, endorsement or equivalence). The registration status of any administrator under the Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the relevant Pricing Supplement to reflect any change in the registration status of the administrator.

The Programme is rated “BBB-” by Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies, Inc., and its successors (“S&P”). The ratings assigned to the Programme are only applicable to the Notes; ratings in respect of the Securities issued may be separately obtained. These ratings are only correct as at the date of this Offering Circular. Instruments issued under the Programme may be rated or unrated. Where a Tranche of Instruments is to be rated, such rating will not necessarily be the same as the ratings assigned to the Programme. Where an issue of Instruments is rated, its rating will not necessarily be the same as the rating applicable to the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency. Instruments in registered form (“Registered Instruments”) and which are being offered and sold in accordance with Regulation S (“Unrestricted Instruments”) will initially be represented by a permanent registered global certificate of the Notes or, as the case may be, of the Securities (each an “Unrestricted Global Certificate”) without interest coupons. Registered Instruments that are being offered and sold in reliance on Rule 144A (“Restricted Instruments”) will bear the Securities Act Legend (as defined in each of the notes trust deed dated 31 May 2017 (the “Notes Trust Deed”) and the securities trust deed dated 31 May 2017 (the “Securities Trust Deed”)) and will initially be represented by a registered global certificate of the Notes or, as the case may be, of the Securities (each, a “Restricted Global Certificate”), and together with the Unrestricted Global Certificates, the “Global Certificates”), without interest coupons. The Global Certificates of the Notes and of the Securities will each be deposited on the relevant issue date with (i) a custodian (the “Custodian”) for, and registered in the name of a nominee for, The Depository Trust Company (“DTC”) or (ii) a common depository on behalf of Euroclear and Clearstream or, as the case may be, a sub-custodian for the CMU. Beneficial interests in Global Certificates will be shown on, and transfers thereof will be effected only through records maintained by Euroclear and Clearstream, the CMU and DTC and their account holders.

Prospective investors should have regard to the factors described under the section headed “Risk Factors” in this Offering Circular in connection with an investment in Instruments.

The date of this Offering Circular is 22 September 2020

The Issuer having made all reasonable enquiries, confirms that, to the best of its knowledge and belief, (i) this Offering Circular contains all information with respect to the Issuer, the Issuer and its subsidiaries taken as a whole (the “**Group**”) and the Instruments that is material in the context of the issue and offering of the Instruments, (ii) the statements contained in it relating to the Issuer and the Group are in every material particular true and accurate and not misleading in any material respect, (iii) the opinions and intentions expressed in this Offering Circular with regard to the Issuer and the Group are honestly held, have been reached after considering all relevant circumstances and are based on reasonable assumptions, (iv) there are no other facts in relation to the Issuer, the Group, and the Instruments, the omission of which would, in the context of the issue and offering of the Instruments, make any statement in this Offering Circular misleading in any material respect and (v) all reasonable enquiries have been made by the Issuer to ascertain such facts and to verify the accuracy of all such information and statements.

Each Tranche (as defined in “Summary of the Programme”) of the Notes will be issued on the terms set out herein under “Terms and Conditions of the Notes” (the “**Notes Conditions**”) and each Tranche (as defined in “Summary of the Programme”) of the Securities will be issued on the terms set out herein under “Terms and Conditions of the Securities” (the “**Securities Conditions**” and together with the Notes Conditions, the “**Conditions**”). The Conditions of any Tranche of Instruments may be amended and/or supplemented by a document specific to such Tranche called a pricing supplement (the “**Pricing Supplement**”). This Offering Circular and Pricing Supplement must be read and construed together with any amendments or supplements hereto and with any information incorporated by reference herein and, in relation to any Tranche of Instruments, must be read and construed together with the relevant Pricing Supplement.

MiFID II product governance/target market – The Pricing Supplement may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Instruments and which channels for distribution of the Instruments are appropriate. A distributor should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Instruments (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance Rules, any Dealer subscribing for any Instruments is a manufacturer in respect of such Instruments, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

PRIIPs/IMPORTANT – EEA AND UK RETAIL INVESTORS – If the Pricing Supplement in respect of any Instruments includes a legend entitled “Prohibition of Sales to EEA and UK Retail Investors”, the Instruments are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA or in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by the PRIIPs Regulation for offering or selling the Instruments or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Instruments or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

This Offering Circular and Pricing Supplement is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see “Documents Incorporated by Reference”). This Offering Circular shall be read and construed on the basis that such documents are incorporated in, and form part of, this Offering Circular.

PRODUCT CLASSIFICATION PURSUANT TO SECTION 309B OF THE SFA

The Pricing Supplement in respect of any Instruments may include a legend entitled “Singapore Securities and Futures Act Product Classification” which will state the product classification of the Instruments pursuant to section 309B(1) of the SFA. The Issuer will make a determination in relation to each issue about the classification of the Instruments being offered for purposes of section 309B(1)(a). Any such legend included on the relevant Pricing Supplement will constitute notice to “relevant persons” for purposes of section 309B(1)(c) of the SFA.

No person has been authorised to give any information or to make any representation other than those contained in this Offering Circular in connection with the issue or sale of any Instruments and, if given or made, such information or representation must not be relied upon as having been authorised by or on behalf of any of the Issuer, the Arrangers, any of the Dealers, the Trustee and the Agents (each as defined in “Summary of the Programme”). Neither the delivery of this Offering Circular or any Pricing Supplement nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Offering Circular has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Offering Circular has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

None of the Issuer, the Arrangers, the Dealers, the Trustee or the Agents represents that this Offering Circular may be lawfully distributed, or that any Instruments may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any available exemption, or assumes any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Arrangers, the Dealers, the Trustee or the Agents which would permit a public offering of any Instruments or distribution of this Offering Circular in any jurisdiction where action for that purpose is required. Accordingly, no Instruments may be offered or sold, directly or indirectly, and neither this Offering Circular, any Pricing Supplement nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations.

The distribution of this Offering Circular and any Pricing Supplement and the offering or sale of the Instruments in certain jurisdictions may be restricted by law. Persons into whose possession this Offering Circular or any Pricing Supplement comes are required by the Issuer, the Arrangers and the Dealers to inform themselves about and to observe any such restriction. The Instruments have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and the Notes may include Notes in bearer form that are subject to U.S. tax law requirements. The Instruments may not be offered or sold within the United States except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act.

The Instruments are being offered and sold, in the case of Bearer Notes and Unrestricted Instruments outside the United States, in reliance on Regulation S and, in the case of Restricted Instruments, within the United States to QIBs in reliance on Rule 144A. Prospective purchasers are hereby notified that sellers of the Instruments may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A. Any Series of Instruments may be subject to additional selling restrictions. The relevant Pricing Supplement in respect of such Series of Instruments will specify any such restrictions. See “Subscription and Sale” and the relevant Pricing Supplement. Registered Instruments are subject to certain restrictions on transfer as described in “Subscription and Sale.” The Issuer is not, and the Arrangers and

Dealers are not, making an offer to sell the Instruments in any jurisdiction where such offer or sale would be unlawful. The Instruments are subject to restrictions on transferability and resale and may not be transferred or resold except as permitted under the Securities Act and applicable state securities laws pursuant to registration thereunder or exemption therefrom. Prospective purchasers should be aware that they might be required to bear the financial risks of an investment in the Instruments for an indefinite period of time.

For a more complete description of these and certain further restrictions on offers, sales and transfers of Instruments and distribution of this Offering Circular, see “Subscription and Sale” and “Transfer Restrictions” in this Offering Circular.

NEITHER THE PROGRAMME NOR THE INSTRUMENTS HAVE BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION (THE “SEC”), ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER U.S. REGULATORY AUTHORITY, NOR HAS ANY OF THE FOREGOING AUTHORITIES PASSED UPON OR ENDORSED THE MERITS OF ANY OFFERING OF INSTRUMENTS OR THE ACCURACY OR ADEQUACY OF THIS BASE PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

Neither this Offering Circular nor any Pricing Supplement constitutes an offer of, or an invitation by or on behalf of the Issuer, the Arrangers, the Dealers, the Trustee or the Agents to subscribe for or purchase, any Instruments.

This Offering Circular includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**HKSE Rules**”) for the purpose of giving information with regard to the Issuer. The Issuer accepts full responsibility for the accuracy of the information contained in this Offering Circular and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement herein misleading. This Offering Circular is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see “Documents Incorporated by Reference”). This Offering Circular shall be read and construed on the basis that such documents are incorporated and form part of this Offering Circular.

None of the Arrangers, the Dealers, the Trustee or the Agents has separately verified the information contained in this Offering Circular. To the fullest extent permitted by law, none of the Arrangers, the Dealers, the Trustee or the Agents makes any representation, warranty or undertaking, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Offering Circular. To the fullest extent permitted by law, none of the Arrangers, the Dealers, the Trustee or the Agents accepts any responsibility for the contents of this Offering Circular, or for any other statement made or purported to be made by an Arranger, a Dealer, the Trustee or an Agent, or on its behalf, in connection with the Issuer, the Group or the issue and offering of the Instruments in this Offering Circular. The Arrangers, each Dealer, the Trustee and each Agent accordingly disclaim all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Offering Circular or any such statement. Neither this Offering Circular nor any other information provided or incorporated by reference in connection with the Programme is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arrangers, the Dealers, the Trustee or the Agents that any recipient of this Offering Circular or of any such information should purchase the Instruments. Each potential purchaser of the Instruments should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and the Group. Each potential purchaser of the Instruments should determine for itself the relevance of the information contained in this Offering Circular and its purchase of the Instruments should be based upon such investigation as it deems necessary.

None of the Arrangers, the Dealers, the Trustee or the Agents undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Offering Circular or to advise any investor or potential investor in the Instruments of any information coming to the attention of any of the Arrangers, the Dealers, the Trustee or the Agents.

In connection with the issue of the Instruments, the Dealer or Dealers (if any) named as the stabilisation manager(s) (the “Stabilisation Manager(s)”) (or persons acting on behalf of any Stabilisation Manager) in the relevant Pricing Supplement may over-allot Instruments or effect transactions with a view to supporting the price of the Instruments at a level higher than that which might otherwise prevail for a limited period after the Issue Date. However, there is no obligation on such Stabilisation Manager(s) (or persons acting on behalf of the Stabilisation Manager(s)) to do this. Such stabilising, if commenced, may be discontinued at any time, and must be brought to an end after a limited period. Such stabilising shall be in compliance with all applicable laws, regulations and rules.

In this Offering Circular, unless otherwise specified or the context otherwise requires, references to “**Hong Kong**” or “**Hong Kong SAR**” are to the Hong Kong Special Administrative Region of the People’s Republic of China, to the “**PRC**” are to the People’s Republic of China excluding Hong Kong, the Macau Special Administrative Region of the PRC and Taiwan, to “**HK\$**” are to Hong Kong dollars, to “**CNY**” or “**RMB**” are to Renminbi, the currency of the People’s Republic of China, to “**JPY**” or to Japanese Yen, to “**U.S.\$**” or “**USD**” are to U.S. dollars, to “**sterling**” or “**£**” are to the currency of the United Kingdom and to “**euro**” or “**€**” are to the lawful currency of member states of the European Union (“**Member States**”) that adopt the single currency introduced in accordance with the Treaty establishing the European Community, as amended from time to time.

Certain figures included in this Offering Circular have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

NOTICE TO NEW HAMPSHIRE RESIDENTS

NEITHER THE FACT THAT A REGISTRATION STATEMENT OR AN APPLICATION FOR A LICENCE HAS BEEN FILED UNDER CHAPTER 421-B OF THE NEW HAMPSHIRE REVISED STATUTES ANNOTATED, 1955 (“**RSA 421-B**”), WITH THE STATE OF NEW HAMPSHIRE NOR THE FACT THAT A SECURITY IS EFFECTIVELY REGISTERED OR A PERSON IS LICENSED IN THE STATE OF NEW HAMPSHIRE CONSTITUTES A FINDING BY THE SECRETARY OF STATE OF NEW HAMPSHIRE THAT ANY DOCUMENT FILED UNDER RSA 421-B IS TRUE, COMPLETE AND NOT MISLEADING. NEITHER ANY SUCH FACT NOR THE FACT THAT AN EXEMPTION OR EXCEPTION IS AVAILABLE FOR A SECURITY OR A TRANSACTION MEANS THAT THE SECRETARY OF STATE HAS PASSED IN ANY WAY UPON THE MERITS OR QUALIFICATIONS OF, OR RECOMMENDED OR GIVEN APPROVAL TO, ANY PERSON, SECURITY OR TRANSACTION. IT IS UNLAWFUL TO MAKE, OR CAUSE TO BE MADE, TO ANY PROSPECTIVE PURCHASER, CUSTOMER OR CLIENT ANY REPRESENTATION INCONSISTENT WITH THE PROVISIONS OF THIS PARAGRAPH.

ENFORCEABILITY OF JUDGMENTS

The Issuer is a corporation organised under the laws of Hong Kong. All or a substantial portion of the assets of the Issuer are located outside the United States. In addition, substantially all of its officers and directors reside outside the United States and a substantial part of the assets of these persons are located outside the United States. As a result, it may not be possible for investors to effect service of process within the United States upon the Issuer or to enforce against the Issuer based on judgments obtained in United States courts, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any State or territory within the United States.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This Offering Circular includes forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the United States Securities and Exchange Act of 1934 (the “**Exchange Act**”). The words “anticipate”, “believe”, “expect”, “plan”, “intend”, “targets”, “aims”, “estimate”, “project”, “will”, “would”, “may”, “could”, “continue” and similar expressions are intended to identify forward-looking statements. All statements other than statements of historical fact included in this Offering Circular, including, without limitation, those regarding the Group’s financial position, business strategy, management plans and objectives for future operations, are forward-looking statements. These forward-looking statements involve known and unknown risks, uncertainties and other factors, which may cause the Group’s actual results, performance or achievements, or industry results, to be materially different from those expressed or implied by these forward-looking statements. These forward-looking statements are based on numerous assumptions regarding the Group’s present and future business strategies and the environment in which the Group expects to operate in the future. Important factors that could cause the Group’s actual results, performance or achievements to differ materially from those in the forward-looking statements include, among other factors referenced in this Offering Circular:

- the competitive industries in which the Group operates;
- industry risks in the financial leasing business;
- general economic, political and social conditions and developments in the PRC and other jurisdictions in which the Group operates;
- the Group’s ability to meet financial and other covenants provided under its financing agreements;
- legal proceedings and regulatory investigations; and
- other risks identified in the “Risk Factors” section of this Offering Circular.

Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under “Risk Factors”. Forward-looking statements speak only as of the date of this Offering Circular and the Issuer expressly disclaims any obligation or undertaking to update publicly or revise any forward-looking statements in this Offering Circular to reflect any change in the Group’s expectations or any change in events, conditions or circumstances on which these forward-looking statements are based. Given the uncertainties of forward-looking statements, there can be no assurance that projected results or events will be achieved and undue reliance should not be placed on these statements.

AVAILABLE INFORMATION

The Issuer has agreed that, for so long as any Instruments are “restricted securities” as defined in Rule 144(a)(3) under the Securities Act, the Issuer will during any period in which it is neither subject to section 13 or 15(d) of the Exchange Act, nor exempted from reporting thereunder pursuant to Rule 12g3-2(b) under the Exchange Act, furnish, upon request, to any holder or beneficial owner of such restricted securities or any prospective purchaser of such restricted securities designated by any such holder or beneficial owner or to the Trustee for delivery to such holder, beneficial owner or prospective purchaser, in each case upon the request of such holder, beneficial owner or, prospective purchaser or, as the case may be, the Trustee, the information specified in, and meeting the requirements of, Rule 144A(d)(4) of the Securities Act.

PRESENTATION OF FINANCIAL INFORMATION

The audited consolidated financial information of the Group as of and for the years ended 31 December 2017, 2018 and 2019 has been prepared and presented in accordance with Hong Kong Financial Reporting Standards (“**HKFRS**”) and interpretation promulgated by the Hong Kong Institute of Certified Public Accountants and is included in this Offering Circular (which have been audited by Ernst & Young, Certified Public Accounts).

The audited consolidated financial information of the Group as of and for the year ended 31 December 2017 included in this Offering Circular is derived from the Issuer’s consolidated financial statements for the year ended 31 December 2018 as comparative, whereby the presentation of the consolidated statement of comprehensive income is different from that included in the Issuer’s consolidated financial statements for the year ended 31 December 2017. These changes in presentation have had no impact on the reported profit for the year ended 31 December 2017 or any other financial statements as at and for the year ended 2017.

The audited consolidated financial information of the Group as of and for the year ended 31 December 2018 included in this Offering Circular is derived from the Issuer’s consolidated financial statements for the year ended 31 December 2019 as comparative, whereby the presentation of the consolidated statement of profit or loss and consolidated statement of financial position are different from that included in the Issuer’s consolidated financial statements for the year ended 31 December 2018. These changes in presentation have had no impact on the reported profit for the year ended 31 December 2018 or any other financial statements as of and for the year ended 2018.

The unaudited but reviewed consolidated interim financial information as at and for the six months ended 30 June 2019 and 2020 of the Group included in this Offering Circular is derived from the Group’s unaudited but reviewed consolidated interim report as at and for the six months ended 30 June 2020 as announced on 26 August 2020 (the “**Interim Report**”). The unaudited but reviewed consolidated interim financial information as at and for the six months ended 30 June 2019 and 2020 set forth in the Interim Report was prepared on the basis of the Hong Kong Accounting Standard 34 Interim Financial Reporting issued by the Hong Kong Institute of Certified Public Accountants and has not been audited by the Group’s auditors. Consequently, such consolidated interim financial information and the Interim Report should not be relied upon by investors to provide the same quality of information associated with information that has been subject to an audit. Investors must exercise caution when using such data to evaluate the Group’s financial condition and results of operations. Such unaudited but reviewed consolidated interim financial information as at and for the six months ended 30 June 2019 and 2020 should not be taken as an indication of the expected financial condition and results of operations of the Group for the full financial year ending 31 December 2020.

DOCUMENTS INCORPORATED BY REFERENCE

This Offering Circular should be read and construed in conjunction with the following:

- (a) each relevant Pricing Supplement;
- (b) all amendments and supplements from time to time to this Offering Circular; and
- (c) the most recently published audited consolidated annual financial statements and any interim consolidated financial statements (whether audited or unaudited) published subsequent to the date of this Offering Circular from time to time,

each of which shall be deemed to be incorporated in, and to form part of, this Offering Circular and which shall be deemed to modify or supersede the contents of this Offering Circular to the extent that a statement contained in any such document is inconsistent with such contents. Copies of all such documents which are so deemed to be incorporated in, and to form part of, this Offering Circular will be available free of charge during usual business hours on any weekday (Saturdays and public holidays excepted) from the specified offices of the Paying Agents (except for document specified in (c) above, which will be available from the specified office of the Issuer) set out at the end of this Offering Circular. See “General Information” for a description of the financial statements currently published by the Group.

SUMMARY OF THE PROGRAMME

The following summary of the Programme does not purport to be complete and is qualified in its entirety by the remainder of this Offering Circular. This summary must be read as an introduction to this Offering Circular and any decision to invest in the Instruments should be based on a consideration of the Offering Circular as a whole, including any information incorporated by reference. Words and expressions defined in “Form of the Instruments”, “Terms and Conditions of the Notes” and “Terms and Conditions of the Securities” shall have the same meanings in this summary.

Issuer:	Far East Horizon Limited
Programme Size:	Up to U.S.\$4 billion (or its equivalent in other currencies calculated as described in the Programme Agreement) outstanding at any time. The Issuer may increase the amount of the Programme in accordance with the terms of the Programme Agreement.
Arrangers:	DBS Bank Ltd. Standard Chartered Bank (Hong Kong) Limited
Dealers:	Agricultural Bank of China Limited Hong Kong Branch Australia and New Zealand Banking Group Limited China International Capital Corporation Hong Kong Securities Limited Citigroup Global Markets Limited DBS Bank Ltd. Deutsche Bank AG, Hong Kong Branch The Hongkong and Shanghai Banking Corporation Limited Industrial and Commercial Bank of China (Asia) Limited Standard Chartered Bank Standard Chartered Bank (Hong Kong) Limited UBS AG, Hong Kong Branch
Trustee:	The Hongkong and Shanghai Banking Corporation Limited
Issuing and Paying Agent and Transfer Agent:	The Hongkong and Shanghai Banking Corporation Limited
Registrar for DTC Issues:	HSBC Bank USA, National Association
Registrar for Non-DTC Issues:	The Hongkong and Shanghai Banking Corporation Limited
CMU Lodging and Paying Agent:	The Hongkong and Shanghai Banking Corporation Limited
US Paying Agent, US Transfer Agent and US Exchange Agent:	HSBC Bank USA, National Association
Calculation Agent with respect to the Securities:	The Hongkong and Shanghai Banking Corporation Limited

Method of Issue:	The Instruments may be issued on a syndicated or non-syndicated basis. The Instruments will be issued in series (each a “ Series ”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest or distribution, as the case may be, and/or the issue price) to the Instruments of each Series being intended to be interchangeable with all other Instruments of that Series. Each Series may be issued in tranches (each a “ Tranche ”) on the same or different issue dates. The specific terms of each Tranche (which will be supplemented, where necessary, with supplemental terms and conditions and, save in respect of the issue date, issue price, first payment of interest or distribution, as the case may be, and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in a pricing supplement to this Offering Circular (a “Pricing Supplement”).
Issue Price:	The Instruments may be issued at their nominal amount or at a discount or premium to their nominal amount. Partly Paid Notes may be issued, the issue price of which will be payable in two or more instalments.
Form of the Instruments:	The Notes may be issued in bearer form (“ Bearer Notes ”) or in registered form (“ Registered Notes ”). Registered Notes will not be exchangeable for Bearer Notes and <i>vice versa</i> . Securities shall be issued in registered form (“ Registered Securities ”).
Clearing Systems:	Euroclear, Clearstream, DTC and the CMU Service and, in relation to any Tranche, such other clearing system as may be agreed between the Issuer, the Issuing and Paying Agent and the relevant Dealer.
Listing and Admission to Trading:	<p>Application has been made to the HKSE for the listing of the Programme during the 12-month period from the date of this Offering Circular on the HKSE under which Instruments may be issued by way of debt issues to Professional Investors only.</p> <p>The Instruments may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer in relation to the Series. Instruments which are neither listed nor admitted to trading on stock exchange or any market may also be issued.</p> <p>The relevant Pricing Supplement will state whether or not the relevant Instruments are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.</p>
Governing Law:	The Instruments and any non-contractual obligations arising out of or in connection with them will be governed by, and construed in accordance with, English law.

Selling Restrictions:

There are restrictions on the offer, sale and transfer of the Instruments in the United States, the European Economic Area, the United Kingdom, the Netherlands, the People's Republic of China, Hong Kong, Singapore, Japan, Taiwan and Macau, and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Instruments, see "Subscription and Sale" and the relevant Pricing Supplement.

United States Selling Restrictions:

Regulation S, Category 1, Rule 144A and Section 4(2), TEFRA C or D.

Offers and sales in accordance with applicable exemptions from registration (Rule 144A/Section 4(2)) under the Securities Act will be permitted, if specified, in the relevant Pricing Supplement, subject to compliance with all applicable legal and/or regulatory requirements of the United States; see "Subscription and Sale" and "Transfer Restrictions".

Rating:

The Programme has been rated BBB- by S&P. The ratings assigned to the Programme are only applicable to the Notes; ratings in respect of the Securities issued may be separately obtained. The ratings are only correct as at the date of this Offering Circular. Instruments issued under the Programme may be rated or unrated. Where an issue is rated, the rating of the Instruments to be issued under the Programme will be specified in the relevant Pricing Supplement. Where a Tranche of Instruments is to be rated, such rating will not necessarily be the same as the ratings assigned to the Programme. Where an issue of Instruments is rated, its rating will not necessarily be the same as the rating applicable to the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

THE NOTES

Terms of Notes:

Notes may be issued on a fully-paid or a partly-paid basis and at an issue price which is at par or at a discount to, or premium over, par.

Notes may be denominated in any agreed currency and with any agreed maturity, subject to any applicable legal or regulatory restrictions and any requirements of the relevant central bank (or equivalent body).

The terms of the Notes will be specified in the relevant Pricing Supplement. The following types of Note may be issued: (i) Fixed Rate Notes; (ii) Floating Rate Notes; (iii) Index Linked Notes; (iv) Dual Currency Notes; and (v) Zero Coupon Notes.

Interest periods, rates of interest and the terms of and/or amounts payable on redemption may differ depending on the Notes being issued and such terms will be specified in the relevant Pricing Supplement.

The relevant Pricing Supplement will indicate either that the relevant Notes cannot be redeemed prior to their stated maturity (other than in specified instalments, if applicable, or for taxation reasons or following an Event of Default) or that such Notes will be redeemable at the option of the Issuer and/or the Noteholders upon giving notice to the Noteholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be agreed between the Issuer and the relevant Dealer.

The relevant Pricing Supplement may provide that Notes may be redeemable in two or more instalments of such amounts and on such dates as are indicated in the relevant Pricing Supplement.

The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer, save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency, and save that the minimum denomination of each Note admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

Maturities:

Any maturity, subject to, in relation to specific currencies, compliance with all applicable legal and/or regulatory and/or central bank requirements.

Where Notes have a maturity of less than one year and either (a) the issue proceeds are received by the Issuer in the United Kingdom or (b) the activity of issuing the Notes is carried on from an establishment maintained by the Issuer in the United Kingdom, such Notes must: (i) have a minimum redemption value of £100,000 (or its equivalent in other currencies) and be issued only to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses; or (ii) be issued in other circumstances which do not constitute a contravention of section 19 of the Finance Services and Markets Act 2000 (“FSMA”) by the Issuer.

Taxation:

All payments in respect of the Notes will be made without withholding or deduction for, or on account of, withholding taxes imposed by any Tax Jurisdiction, subject to certain exceptions as provided in Notes Condition 8. In the event that any such withholding or deduction is made, the Issuer will, save in certain limited circumstances provided in Notes Condition 8, be required to pay additional amounts to cover the amounts so deducted.

Negative Pledge:

The terms of the Notes will contain a negative pledge provision as further described in Notes Condition 4.1.

Cross Default:

The terms of the Notes will contain a cross-default provision as further described in Notes Condition 10.

Status of the Notes:

The Notes will constitute direct, unconditional, unsubordinated and (subject to the provisions of Notes Condition 4.1) unsecured obligations of the Issuer and will rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, from time to time outstanding.

Initial Delivery of Notes:

On or before the issue date for each Tranche, the Global Note representing Bearer Notes or the Global Certificate representing Registered Notes may be (i) deposited with a common depository for Euroclear and Clearstream or (ii) deposited with a sub-custodian for the CMU Service or (iii) registered in the name of Cede & Co. (or such other entity as is specified in the relevant Pricing Supplement) or nominee for DTC and deposited on or about the issue date with the Custodian or (iv) deposited with any other clearing system or may be delivered outside any clearing system (such delivery in all events to be outside the United States in the case of Bearer Notes) provided that the Issuer, the Issuing and Paying Agent and the relevant Dealers have agreed in advance to the method of such delivery. Registered Notes that are to be credited to one or more clearing systems on issue will be registered in the name of, or in the name of nominees or a common nominee or a sub-custodian for, such clearing systems.

THE SECURITIES

Maturity Date:

There is no maturity date.

Denomination:

The Securities may be denominated in any agreed currency, subject to any applicable legal or regulatory restrictions and any requirements of the relevant central bank (or equivalent body).

Status of the Securities:

The Securities are direct, unconditional, unsubordinated and (subject to the provisions of Securities Condition 4.1) unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, from time to time outstanding.

Distribution Basis:

Subject to Securities Condition 5.5, the Securities confer a right to receive distribution (each a “**Distribution**”) from the Issue Date at the Distribution Rate in accordance with Securities Condition 5. Subject to Securities Condition 5.5, Distribution shall be payable on the Securities semi-annually in arrear in equal instalments on each Distribution Payment Date (all terms as defined in the Securities Conditions).

Distribution Rate:

Subject to any increase pursuant to Securities Condition 5.3, the rate of distribution (“**Distribution Rate**”) applicable to the Securities shall be:

- (i) in respect of the period from, and including, the Issue Date to, but excluding the First Call Date, the Initial Distribution Rate; and
- (ii) in respect of the periods (A) from, and including the First Call Date, to, but excluding, the immediate following Reset Date, and (B) from, and including, each Reset Date falling after the First Call Date to, but excluding, the immediately following Reset Date, the Relevant Reset Distribution Rate.

Pursuant to Securities Condition 5.3 and if so provided in the relevant Pricing Supplement, upon the occurrence of, a Breach of Covenant Event or a Relevant Indebtedness Default Event, unless (i) such event is remedied by the 30th day following its occurrence (the “**Grace Period**”) or (ii) the Issuer elects to redeem the Securities by giving not less than 30 nor more than 60 days’ notice to the Securityholders, the then-prevailing Distribution Rate, and (subject to Securities Condition 5.3.2) each subsequent prevailing Distribution Rate otherwise determined in accordance with the provisions of the Securities Conditions, shall be increased by the Step-up Rate with effect from (and including) the next Distribution Payment Date or, if the date on which a Breach of Covenant Event or a Relevant Indebtedness Default Event (as applicable) occurs is prior to the most recent preceding Distribution Payment Date, and the Grace Period extends beyond such recent preceding Distribution Payment Date and such Breach of Covenant Event or Relevant Indebtedness Default Event, as the case may be, is not remedied upon the expiry of the Grace Period, such Distribution Payment Date; provided that the maximum aggregate increase in the Distribution Rate shall be the Step-up Rate, as further described in “Terms and Conditions of the Securities – Distribution – Step up after occurrence of certain events”.

Distribution Deferral:

Unless a Compulsory Distribution Payment Event has occurred, the Issuer may, at its sole discretion, elect to defer (in whole or in part) a Distribution which is otherwise scheduled to be paid on a Distribution Payment Date to the next Distribution Payment Date by giving notice of such election to the Securityholders, the Trustee and the Issuing and Paying Agent not more than ten nor less than five business days in Hong Kong prior to the relevant Distribution Payment Date.

**Compulsory Distribution
Payment Event:**

Circumstances in which during the three-month period ending on the day before the relevant Distribution Payment Date either or both of the following have occurred:

- (a) a discretionary dividend, distribution or other discretionary payment has been paid or declared by the Issuer (or in the case of any Parity Securities, the issuer thereof) on or in respect of any Junior Securities or any Parity Securities of the Issuer (except (i) in relation to the Parity Securities of the Issuer, on a *pro rata* basis or (ii) in connection with any employee benefit plan or similar arrangements with or for the benefit of employees, officers, directors or consultants); or
- (b) the Issuer (or in the case of Parity Securities, the issuer thereof) has at its discretion repurchased, redeemed, reduced, cancelled, bought-back or otherwise acquired for any consideration any of its Junior Securities or Parity Securities prior to its stated maturity (except (i) in relation to the Parity Securities of the Issuer, on a *pro rata* basis, (ii) in connection with any employee benefit plan or similar arrangements with or for the benefit of employees, officers, directors or consultants or (iii) as a result of the exchange or conversion of its Parity Securities for its Junior Securities).

No Obligation to Pay:

The Issuer shall have no obligation to pay any Distribution (including any Arrears of Distribution and any Additional Distribution Amount) on any Distribution Payment Date if it validly elects not to do so in accordance with Securities Condition 5.5.1.

Cumulative Deferral:

Any Distribution deferred pursuant to Securities Condition 5.5 shall constitute "Arrears of Distribution". The Issuer may, at its sole discretion, elect to further defer any Arrears of Distribution by complying with the relevant notice requirement applicable to any deferral of an accrued Distribution. The Issuer is not subject to any limit as to the number of times Distributions and Arrears of Distribution can be deferred pursuant to Securities Condition 5.5 except that Securities Condition 5.5.5 shall be complied with until all outstanding Arrears of Distribution have been paid in full.

Each amount of Arrears of Distribution shall accrue distribution at the prevailing Distribution Rate and the amount of such distribution (the “**Additional Distribution Amount**”) with respect to Arrears of Distribution shall be due and payable as if it were a Distribution pursuant to Securities Condition 5 and shall be calculated by applying the applicable Distribution Rate to the amount of the Arrears of Distribution and otherwise *mutatis mutandis* as provided in the provisions of Securities Condition 5. The Additional Distribution Amount accrued up to any Distribution Payment Date shall be added (for the purpose of calculating the Additional Distribution Amount accruing thereafter) to the amount of Arrears of Distribution remaining unpaid on such Distribution Payment Date so that it will itself become Arrears of Distribution.

**Satisfaction of Arrears of
Distribution by Payment:**

The Issuer:

- (i) may satisfy any Arrears of Distribution and Additional Distribution Amounts (in whole or in part) at any time by giving notice of such election to the Securityholders (in accordance with Securities Condition 13), the Trustee and the Issuing and Paying Agent not more than ten nor less than five business days prior to the relevant payment date specified in such notice (which notice is irrevocable and shall oblige the Issuer to pay the relevant Arrears of Distribution and any Additional Distribution Amounts on the payment date specified in such notice); and
- (ii) in any event shall satisfy any outstanding Arrears of Distribution and Additional Distribution Amounts (in whole but not in part) on the earliest of:
 - (a) the date of redemption of the Securities in accordance with Securities Condition 7;
 - (b) the next Distribution Payment Date on the occurrence of a breach of Securities Condition 5.5.5 or the occurrence of a Compulsory Distribution Payment Event;
 - (c) on a Winding-Up of the Issuer; and
 - (d) the date of any substitution or variation in accordance with Securities Condition 15.2.

Any partial payment of outstanding Arrears of Distribution and any Additional Distribution Amount by the Issuer shall be shared by the Securityholders of all outstanding Securities on a *pro rata* basis.

**Restrictions in the case of
Deferral:**

If, on any Distribution Payment Date, payment of all Distribution payments scheduled to be made on such date (including any Distribution accrued but unpaid on the Securities (including any Arrears of Distribution and any Additional Distribution Amounts)) is not made in full by reason of Securities Condition 5, the Issuer shall not and the Issuer shall procure that (in relation to any Parity Securities) any other person which is the issuer thereof shall not:

- (a) declare or pay any discretionary dividends, distributions or make any other discretionary payment, and will procure that no discretionary dividend, distribution or other discretionary payment is made, on any Junior Securities or Parity Securities of the Issuer (except (i) in relation to Parity Securities of the Issuer, on a *pro rata* basis with the Securities, or (ii) in connection with any employee benefit plan or similar arrangements, with or for the benefit of employees, officers, directors or consultants); or
- (b) at its discretion repurchase, redeem, reduce, cancel, buy-back or otherwise acquire for any consideration any Junior Securities or Parity Securities of the Issuer prior to its stated maturity (except (i) in relation to the Parity Securities of the Issuer, on a *pro rata* basis with the Securities, or (ii) in connection with any employee benefit plan or similar arrangements with or for the benefit of employees, officers, directors or consultants or (iii) as a result of the exchange or conversion of its Parity Securities for its Junior Securities),

in each case, unless and until: (a) the Issuer satisfies in full all outstanding Arrears of Distribution and any Additional Distribution Amounts; or (b) it is permitted to do so by an Extraordinary Resolution (as defined in the Securities Trust Deed) of the Securityholders, provided that nothing in Securities Condition 5.5.5 shall restrict the ability of the Issuer to advance loans to any of its shareholders or shareholders of other Subsidiaries of the Issuer or otherwise invest in such shareholders' or Subsidiaries' debt, howsoever issued or represented.

Taxation:

All payments of principal, premium and Distribution, Arrears of Distribution and Additional Distribution Amounts by or on behalf of the Issuer in respect of the Securities by the Issuer shall be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (“**Taxes**”) imposed or levied by or on behalf of Hong Kong or the PRC, or any political subdivision or any authority thereof or therein having power to tax (each a “**Tax Jurisdiction**”), unless the withholding or deduction of Taxes is required by law, as further described in Securities Condition 8. In that event, the Issuer shall, subject to the limited exceptions specified in Securities Condition 8, pay such additional amounts as will result in receipt by the Securityholders of such amounts as would have been received by them had no such withholding or deduction been required.

Redemption at the Option of the Issuer:

The Issuer may, if so specified in the applicable Pricing Supplement on giving not less than 30 nor more than 60 days’ notice to the Trustee, the Issuing and Paying Agent and the Securityholders, redeem all, but not some only, of the Securities at their principal amount together with any Distribution accrued to the date fixed for redemption (including any Arrears of Distribution and any Additional Distribution Amounts) on the First Call Date or on any Distribution Payment Date falling after the First Call Date.

Redemption for Tax Reasons:

The Securities may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days’ notice (a “**Tax Redemption Notice**”) to the Trustee, the Issuing and Paying Agent and the Securityholders at their principal amount together with all outstanding Arrears of Distribution and any Additional Distribution Amounts (if any) and any Distribution accrued to the date fixed for redemption, if the Issuer satisfies the Trustee immediately before giving such notice that:

- (a) on the occasion of the next payment due under the Securities, the Issuer has or will become obliged to pay Additional Amounts as provided or referred to in Securities Condition 8 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction, or any change in the application or official interpretation of such laws or regulations (including a decision by a court of competent jurisdiction), which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Securities, provided that, in the case of the PRC, such change or amendment has resulted in the rate of any withholding or deduction being in excess of 10 per cent.; and

(b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no Tax Redemption Notice shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such Additional Amounts were a payment in respect of the Securities then due.

Redemption for Accounting Reasons:

If so specified in the applicable Pricing Supplement, the Securities may be redeemed at the option of the Issuer in whole, but not in part, at any time, on the Issuer giving not less than 30 nor more than 60 days' notice to the Trustee, the Issuing and Paying Agent and the Securityholders (which notice will be irrevocable) at (i) their applicable Early Redemption Amount if such redemption occurs prior to the First Call Date or (ii) their principal amount together with any Distribution accrued to the date fixed for redemption (including any Arrears of Distribution and Additional Distribution Amounts) if such redemption occurs on or after the First Call Date, if, immediately before giving such notice, as a result of any changes or amendments to the Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants as amended from time to time or any other generally accepted accounting standards that may be adopted by the Issuer for the purposes of preparing its financial statements, the Securities must not or must no longer be recorded as "equity" in the financial statements of the Issuer pursuant to those accounting standards.

Redemption on the occurrence of a Breach of Covenant Event:

If so specified in the applicable Pricing Supplement, the Securities may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' irrevocable notice to the Trustee, the Issuing and Paying Agent and the Securityholders at their principal amount, together with any Distribution accrued to the date fixed for redemption (including any Arrears of Distribution and any Additional Distribution Amount), if a Breach of Covenant Event has occurred and is continuing.

Redemption on the occurrence of a Relevant Indebtedness Default Event:

If so specified in the applicable Pricing Supplement, the Securities may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' irrevocable notice to the Trustee, the Issuing and Paying Agent and the Securityholders at their principal amount, together with any Distribution accrued to the date fixed for redemption (including any Arrears of Distribution and any Additional Distribution Amount), if a Relevant Indebtedness Default Event has occurred and is continuing.

**Redemption for Minimal
Outstanding Amount:**

If so specified in the applicable Pricing Supplement, the Securities may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' irrevocable notice to the Trustee, the Issuing and Paying Agent and the Securityholders at their principal amount together with any Distribution accrued to the date fixed for redemption (including any Arrears of Distribution and any Additional Distribution Amounts), provided that prior to the date of such notice at least 80 per cent. in principal amount of the Securities originally issued has already been redeemed or purchased or cancelled.

**Limited rights to institute
proceedings:**

No Securityholder shall be entitled to proceed directly against the Issuer or to institute proceedings for the winding-up or claim in the liquidation of the Issuer or to prove in such winding-up unless the Trustee, having become so bound to proceed or to prove in such winding-up or claim in such liquidation, fails to do so within a reasonable period and such failure shall be continuing, in which case the Securityholder shall have only such rights against the Issuer as those which the Trustee is entitled to exercise as set out in Securities Condition 10.

Proceedings for Winding-Up:

If (i) there is a final and effective court order or effective resolution for the winding-up, liquidation or similar proceedings of the Issuer (except, in any such case, a solvent winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation or the substitution in place of the Issuer, of a successor in business, or, as the case may be, the terms of which reorganisation, reconstruction, amalgamation or substitution have been previously approved by an Extraordinary Resolution (as defined in the Trust Deed)), or (ii) the Issuer shall not make payment in respect of the Securities for a period of 14 days or more after the date on which such payment is due, the Issuer shall be deemed to be in default under the Securities Trust Deed and the Securities and the Trustee may, subject to the provisions of Securities Condition 10.4, institute proceedings for the Winding-Up of the Issuer and/or prove in the Winding-Up of the Issuer and/or claim in the liquidation of the Issuer for the principal amount of the Securities and any Distribution accrued but unpaid, together with all outstanding Arrears of Distribution and Additional Distribution Amounts.

SUMMARY FINANCIAL INFORMATION

The following tables set forth the summary consolidated financial information of the Issuer as of and for the years indicated.

The summary audited consolidated financial information of the Group as of and for the years ended 31 December 2017, 2018 and 2019 set forth below is derived from the Issuer's consolidated financial statements for the years ended 31 December 2018 and 2019 prepared and presented in accordance with HKFRS and interpretation promulgated by the Hong Kong Institute of Certified Public Accountants and is included in this Offering Circular (which have been audited by Ernst & Young, Certified Public Accounts). The historical results do not necessarily indicate the Group's expected results for any future period.

The audited consolidated financial information of the Group as of and for the year ended 31 December 2017 included in this Offering Circular is derived from the Issuer's consolidated financial statements for the year ended 31 December 2018 as comparative, whereby the presentation of the consolidated statement of comprehensive income is different from that included in the Issuer's consolidated financial statements for the year ended 31 December 2017. These changes in presentation have had no impact on the reported profit for the year ended 31 December 2017 or any other financial statements as of and for the year ended 2017.

The audited consolidated financial information of the Group as of and for the year ended 31 December 2018 included in this Offering Circular is derived from the Issuer's consolidated financial statements for the year ended 31 December 2019 as comparative, whereby the presentation of the consolidated statement of profit or loss and consolidated statement of financial position are different from that included in the Issuer's consolidated financial statements for the year ended 31 December 2018. These changes in presentation have had no impact on the reported profit for the year ended 31 December 2018 or any other financial statements as of and for the year ended 2018.

*The unaudited but reviewed consolidated interim financial information as at and for the six months ended 30 June 2019 and 2020 of the Group included in this Offering Circular is derived from the Group's unaudited but reviewed consolidated interim report as at and for the six months ended 30 June 2020 as announced on 26 August 2020 (the "**Interim Report**"). The unaudited but reviewed consolidated interim financial information as at and for the six months ended 30 June 2019 and 2020 set forth in the Interim Report was prepared on the Hong Kong Accounting Standard 34 Interim Financial Reporting issued by the Hong Kong Institute of Certified Public Accountants and has not been audited by the Group's auditors.*

RISK FACTORS

Prior to making any investment decision, prospective investors should consider carefully all of the information contained in this Offering Circular, including the risks and uncertainties described below. The business, financial condition or results of operations of the Group could be materially adversely affected by any of these risks. The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Instruments. Additional considerations and uncertainties not presently known to the Issuer or which the Group currently deems immaterial may also have an adverse effect on an investment in the Instruments. All of these factors are contingencies which may or may not occur and the Group is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Group believes may be material for the purpose of assessing the market risks associated with the Instruments are described below. The Group believes that the factors described below represent the principal risks inherent in investing in the Instruments, but the inability of the Issuer to repay principal, pay interest, distribution or premium (if any) or other amounts or fulfil other obligations on or in connection with the Instruments may occur for other reasons and the Group does not represent that the statements below regarding the risks of holding the Instruments are exhaustive.

RISKS RELATING TO THE GROUP'S BUSINESS

Any inability to effectively mitigate credit risk and maintain its asset quality may have a material adverse impact on the Group's business, financial condition and results of operations

The sustainability of the Group's business and future growth depends largely on its ability to effectively manage its credit risk and maintain the quality of its receivables portfolio. As such, any deterioration in its asset quality or impairment in the collectability of lease receivables could materially and adversely affect its results of operations. The Group's non-performing assets ratios were 0.91 per cent, 0.96 per cent, 1.11 per cent and 1.13 per cent as of 31 December 2017, 2018 and 2019 and 30 June 2020, respectively. The Group may not be able to effectively control the level of its non-performing assets in its current lease receivables portfolio or effectively control the level of new non-performing assets in the future. The amount of the Group's non-performing assets may increase in the future due to a substantial increase in its lease contract value, a deterioration in the quality of its lease receivables portfolio, or a decline in the quality of future receivables. The Group's net lease receivables from customers was RMB173,075.3 million, RMB206,316.5 million, RMB186,868.9 million and RMB203,348.3 million as of 31 December 2017, 2018 and 2019 and as of 30 June 2020, respectively.

The quality of the Group's lease receivables portfolio may deteriorate for a variety of reasons, including factors beyond its control, such as a slowdown in the economic growth of the PRC or global economies, including but not limited to as a result of recent U.S.-Sino trade tensions, a recurrence of a global credit crisis or other adverse macroeconomic trends which may cause operational, financial and liquidity problems for its customers, thereby affecting their ability to make timely lease payments. Please see "Any slowdown in the Chinese economy may affect the target industries in which the Group operates and result in a material adverse effect on the Group's business, results of operations, financial condition and prospects". If the level of its impaired lease receivables increases, the Group's business, financial condition and results of operations may be materially and adversely affected.

Any inability to effectively manage its cash flow position may have a material adverse impact on the Group's liquidity and its continuing position in net cash outflows from operating activities

The Group has experienced periods of net cash outflows from operating activities in the past. For the six months ended 30 June 2020, the Group recorded a net cash outflow from operating activities amounting to RMB16,805.2 million, as compared to a net cash inflow from operating activities amounting to RMB12,647.8 million for the six months ended 30 June 2019. For the year ended 31 December 2019, the Group recorded a net cash inflow from operating activities amounting to RMB18,389.1 million. For the years ended 31 December 2017 and 2018, the Group had net cash outflows from operating activities in the amounts of RMB40,786.6 million and RMB14,843.2 million, respectively as the Group expanded its business and increased the balance of its net lease receivables. As the Group engages in the business of financial leasing, it correspondingly increases its bank and other borrowings, which are recorded as cash inflows from financing activities. The Issuer recorded net cash inflows from financing activities of RMB47,165.0 million, RMB23,685.0 million and RMB27,560.2 million for the years ended 31 December 2017 and 2018 and the six months ended 30 June 2020, respectively, while it recorded net cash outflows from financing activities of RMB10,201.8 million and RMB13,517.6 million, for the six months ended 30 June 2019 and the year ended 31 December 2019, respectively. This fluctuation in the Group's net cash inflows from financing activities is primarily affected by (i) cash outflows due to repayments on borrowings and (ii) cash inflows due to cash received from borrowings. The Group had net cash inflows from financing activities in 2017 and 2018 and the first half of 2020 while it recorded net cash outflows from financing activities in 2019 and the first half of 2019 mainly due to the following reasons: for the years ended 31 December 2017 and 2018 and the six months ended 30 June 2020, cash outflows due to repayments on borrowings were RMB122,135.6 million, RMB103,035.4 million, and RMB49,727.9 million, respectively, while cash inflows due to cash received from borrowings were RMB160,742.6 million, RMB128,763.8 million and RMB74,598.5 million, respectively. In comparison, for the year ended 31 December 2019 and the six months ended 30 June 2019, the Group has net cash outflows from financing activities mainly because the Group recorded cash outflows amounting to RMB110,220.9 million and RMB41,291.4 million, respectively due to repayments on borrowings, while it recorded cash inflows amounting to RMB99,485.1 million and RMB31,887.6 million of cash inflows due to cash received from borrowings. At the same time, the Group's cash flows from operating activities were also impacted by its ability to collect on its outstanding lease receivables. Therefore, the Group's net cash flows from operating activities could be adversely impacted if it does not effectively manage its credit risk and fails to maintain the quality of its lease receivables portfolio, and the Group cannot guarantee that it will not experience periods of net cash outflow from operating activities in the future. The Group's liquidity in the future will to some extent depend on its ability to maintain adequate cash inflows from operating activities, collected primarily from its outstanding lease receivables. If the Group does not effectively manage its credit risk, or should there be any prolonged or significant decrease in the quality of its lease receivables portfolio, its liquidity and cash flows from operating activities could be materially and adversely affected.

The Group cannot guarantee that it can or will continue to match the maturity profile of its assets and liabilities as both its assets and liabilities grow. Any inability to do so will impact its liquidity and its ability to repay its borrowings and settle its outstanding liabilities, which could have a material adverse effect on its business, financial condition and results of operations

The Group strives to effectively match its asset growth with its fundraising on an ongoing basis through regular review and periodic adjustment of its funding sources and structure, as necessary, in view of the changes to its internal financial condition and its external business environment. As of 31 December 2017, 2018 and 2019 and 30 June 2020, the Group's total financial assets, based on the contractual undiscounted cash flows, amounted to RMB234,431.9 million, RMB271,397.2 million, RMB250,970.6 million and

RMB280,005.0 million, respectively, while its total financial liabilities, based on the contractual undiscounted cash flows, amounted to RMB193,867.5 million, RMB228,365.6 million, RMB214,114.3 million and RMB239,092.1 million, respectively. The Group manages its liquidity risk by maintaining the stability of the leasing business, projecting cash flows, maintaining an efficient internal fund transfer mechanism, regularly monitoring the relative maturities between its assets and liabilities and by taking the necessary steps to maintain an appropriate and prudent balance of long-term and short-term funding sources. The Group manages its interest rate exposure by regularly assessing potential changes in interest rates using gap analysis. While the Group has not experienced net liquidity shortfalls for the years ended 31 December 2017, 2018 and 2019 and the six months ended 30 June 2019 and 2020, with respect to its financial assets and liabilities as a whole or with respect to its current financial assets and liabilities (receivable or payable in one year or less), there is no assurance that the Group will continue to maintain this in the future. The Group may fail to effectively match the relative maturities of its assets and liabilities or manage its interest rate exposures between its borrowings and its lease receivables. Net liquidity shortfalls may occur and the Group may not be able to meet its financial liabilities as they fall due. In addition, such liquidity shortfalls may also impair the Group's ability to obtain sufficient additional financing, if at all. As a result, the Group's liquidity may be impaired, which would have a material adverse effect on its business, financial condition and its results of operation.

The Group may not be able to obtain sufficient funds on commercially acceptable terms to finance its operations or expansion plans, or at all

Due to the capital-intensive nature of its business operations, a substantial amount of capital as well as ongoing funding activities are required to support the growth of the Group's lease receivables portfolio and to fund future expansion. The Group primarily funds its operations and expansion through both domestic and foreign bank loans and cash flow from its operations. As of 30 June 2020, the aggregate amount of current and non-current borrowings of the Group is RMB101,661.4 million and RMB86,521.5 million, respectively. If there are changes in the international and/or domestic macroeconomic conditions or policies, or if the Group fails to maintain its existing and future loan arrangements on commercially acceptable terms, the Group may not be able to continue to obtain adequate funding in the future on reasonable commercial terms, or at all. If sufficient financing is not available to meet its needs, or cannot be obtained on commercially acceptable terms, or at all, the Group may not be able to refinance its existing portfolio, fund the operation and/or expansion of its business, introduce new services or compete effectively.

Since 2017, major central banks in the world withdrew quantitative easing monetary policy, reduced the scale of the balance sheet and entered the interest rate hike cycle. On the other hand, domestically, with tightening of the medium-and long-term monetary policy and the continued decline in the growth rate of money supply, financial supervision continued to increase. The financial market as a whole tended to be tight. The growth rate of financing slowed down, the interest rate of the money market and the yield of the bonds market continued to increase.

In recent years, the People's Bank of China ("PBOC") has adjusted the benchmark interest rates, the one-to-three year Renminbi lending rates and three-to-five year Renminbi lending rates several times. Since 2012, the PBOC has reduced the benchmark one-year lending rate several times, to the rate of 4.35 per cent in October 2015, where it has been maintained. The Group holds financial assets and financial liabilities on both fixed and floating rates. It is therefore exposed to interest rate risk as the fair value or future cash flows of a financial instrument will fluctuate when market interest rate changes. The Group's exposure to the risk of such changes in market interest rate relates primarily to its interest-bearing bank and other borrowings and lease receivables, factoring receivables. As of 30 June 2020, assuming that all other variables are held constant and based on the financial assets and financial liabilities held at 30 June

2020 (subject to re-pricing within the coming period), the Group's profit before tax may decrease up to RMB73.1 million when there is a decrease in interest rate of 100 basis points. To manage its interest rate risk, the Group monitors the sensitivity of projected net interest income under varying interest rate scenarios (simulation modelling). The Group aims to continuously monitor the impact of prospective interest rate movements which could reduce future net interest income, while balancing the cost of such risk measures to mitigate such risk. As of 30 June 2020, the interest rate risk exposure of the Group amounted to RMB15.5 billion, as compared to RMB14.3 billion as of 30 June 2019.

There can be no assurance that the PBOC will not raise lending rates, and any increase may cause the Group to be unable to obtain sufficient financing, or at all. As a result, the business, financial condition, results of operations and prospects of the Group would be materially and adversely affected.

The Group may not be able to service its debts

The Group's financing agreements with debt lenders contain a number of covenants, undertakings, restrictions and default provisions. Examples of major covenants, undertakings and restrictions that may trigger default provisions include:

- cross-default provisions in the Group's loans and debt securities;
- transfer of material operating assets (e.g. 20 per cent of the total assets) without obtaining lender's prior approval;
- material changes to the Group's shareholding structure, including but not limited to merger or consolidation with another company or division, restructuring, change of controlling shareholder;
- seeking additional financing from third parties for the underlying assets without lender's prior approval; and
- failure of the Group's financial indicators to meet certain standards set out under the financing agreements.

As of the date of this Offering Circular, none of the Group's lenders has claimed default against the Group under the above provisions. The Group has not breached any of the provisions that could result in any event of default in any of the years ended 31 December 2017, 2018 and 2019 and the six months ended 30 June 2020. If it fails to comply with any of these provisions, or is unable to generate sufficient cash flows from its business operations, from the disposal of the assets underlying its leases, or from other business activities, or if it is unable to obtain further financing on favourable terms or at all to meet or repay its debts when due, the lenders may be entitled to accelerate the maturity of loans or foreclose on collateral supporting such loans, which would consequently adversely affect the Group's business, financial condition and its ability to obtain future financing.

The Group's provisions for impairment losses on lease receivables may not be adequate to cover future credit losses, and it may need to increase its provisions for impaired receivables to cover such future credit losses

The Group makes provisions for impairment losses on lease receivables in accordance with HKFRS. The Group's impairment provisions on lease receivables amounted to RMB3,539.8 million, RMB4,846.4 million, RMB5,257.7 million and RMB5,848.4 million, representing 2.05 per cent, 2.35 per cent, 2.81 per cent and 2.88 per cent of the Group's net lease receivables as of 31 December 2017, 2018 and 2019 and

30 June 2020, respectively. This reflected both the growth of its business operations and its approach to provisions in view of the adverse macroeconomic environment. The amount of such provisions for impairment losses is determined on the basis of its internal provisioning procedures and guidelines, with consideration of factors such as the nature and industry-specific characteristics of its customers and their creditworthiness, economic conditions and trends, write-off experience, delinquencies and the value of underlying collateral and guarantees. As the Group's provisions under HKFRS require significant judgment and estimation, its allowance for impairment losses may not always be adequate to cover credit losses in the business operations. Its allowance may prove to be inadequate if adverse changes occur in the PRC economy or other economies in which the Group operates or if other events adversely affect specific customers, industries or markets. Under such circumstances, it may need to make additional provisions for its receivables, which could significantly reduce its profit and may materially and adversely affect its business, financial condition, results of operations and prospects.

The value of collateral or guarantees securing the Group's leases and the assets underlying its leases to be disposed upon repossession may be inadequate

As of 30 June 2020, certain of the Group's leases were secured by guarantees. To mitigate the risks, the Group usually requests that lessees provide guarantees for the leases. However, such guarantees need to be agreed and whether they are provided may depend upon the nature of the business of the particular lessees. For example, the lessees that are public institutions such as hospitals and universities usually do not provide guarantees due to low risk and their state-ownership. In the event of any material default on interest payment terms, the Group is contractually entitled to enforce its security rights over any collateral or guarantee, and/or repossess and dispose of the assets underlying its leases to realise their residual value. The value of its collateral and/or assets underlying its leases to be disposed of may decline and may be materially and adversely affected by a number of factors, such as damage, loss, oversupply, devaluation or reduced market demand. Similarly, a significant deterioration in the financial condition of guarantors under its leases could significantly decrease the amounts it may recover under such guarantees.

The Group's policies require periodic internal re-evaluations of collateral and assets underlying its leases to be disposed of for impairment testing purposes. If the value of such collateral or assets underlying its leases to be disposed of prove to be inadequate to cover the related lease receivables, the Group may need to obtain additional security from its customers or other sources, but there is no assurance that it could do so.

Decline in the value of such collateral, guarantees or assets underlying its leases to be disposed of or its inability to obtain additional security may result in impairments and require the Group to make additional impairment provisions against its lease receivables, which may, in turn, materially and adversely affect its business, financial condition and results of operations.

The Group may not be able to successfully enforce its rights to the underlying collateral or guarantees to its leases, or enforce its rights to repossess leased assets

As mentioned above, certain leases of the Group are secured either by guarantees or collateral. In the event of any material default on the payment terms thereof, the Group is entitled to enforce its security rights over any collateral or guarantee, and/or repossess and dispose of the assets underlying its leases to realise their residual value. The lessees under the leases secured by guarantees are independent third parties to the Group, its shareholders or directors or any of their respective associates. In the PRC, the procedures for liquidating or otherwise realising the collateral value of tangible assets and the procedures for enforcing the rights to a guarantee or to repossess and dispose of the assets underlying its leases are usually time-consuming. The whole process may take three to six months or even a longer period of time.

Furthermore, in practice it may be difficult to realise such collateral value, enforce the guarantee or repossess and dispose of the assets underlying the leases. Although the Group could apply to a PRC court in accordance with the PRC Civil Procedure Law (民事訴訟法) for the attachment and disposal of any underlying collateral, the enforcement of a guarantee or the repossession of the assets underlying its leases upon default, it is uncertain whether any judgment made by local courts would be enforceable due to uncertainties of the PRC legal system in respect of such enforcement. In addition, under PRC law, the Group's rights to any collateral securing its leases may be subordinated to other claims. For example, according to the PRC Enterprise Bankruptcy Law (企業破產法), claims for the amount that a company in bankruptcy owed its employees prior to 27 August 2006 (being the date of publication of the PRC Enterprise Bankruptcy Law), including but not limited to salaries, medical insurance and pension benefits, will have priority over the Group's rights to collateral. If the Group is unable to bring an enforcement action on any collateral, or guarantee and/or repossess and dispose of the assets underlying its leases on a timely basis, it may have a material adverse effect on its asset quality, financial condition or results of operations.

The provision of advisory services has made significant contributions to the Group's revenue. There is no assurance that the Group's revenue generated from advisory services will remain stable or continue to make a significant contribution to its total revenue

Revenue generated from the Group's advisory services (before business taxes and surcharges) amounted to RMB4,661.3 million, RMB4,889.0 million, RMB4,574.0 million, RMB3,078.8 million and RMB1,969.2 million for the years ended 31 December 2017, 2018 and 2019 and the six months ended 30 June 2019 and 2020, representing approximately 24.8 per cent, 19.3 per cent, 17.0 per cent, 21.7 per cent and 14.8 per cent of its total revenue (before business taxes and surcharges), respectively. The fees that the Group charges for the provision of its advisory services are set with each customer on a case-by-case basis. Although the Group strives to maintain healthy growth of service income of the business, there can be no assurance that the demand from its customers for advisory services will remain stable. In addition, failure to provide satisfactory and customised advisory services in a timely manner to address the specific needs of the Group's customers may reduce revenue generated from its advisory services, which may materially and adversely affect its results of operation and overall financial position.

The Group relies on its key personnel and its ability to attract and retain qualified personnel

The Group depends on the continued efforts of its senior management team and other key employees for its success. The executive Directors (namely Mr. Kong Fanxing and Mr. Wang Mingzhe) and its senior management (namely Mr. Kong Fanxing, Mr. Wang Mingzhe, Mr. Cao Jian, Mr. Wang Ruisheng, Mr. Li Jiancheng, Mr. Zhang Chunyu, Mr. Zhan Jing, Mr. Guo Chunhao, Mr. Cai Jianjun, Mr. Xu Huibin and Mr. Ma Hong) have played vital roles in the Issuer's operations. Most of them have more than 24 years of experience in the financial service industry in China and possess a deep understanding of the Group's nine target industries, its competitors and the laws regulating its business. Therefore, they play an important role in formulating and implementing appropriate strategies to achieve business success for the Issuer. All senior management team members have signed open-ended employment contracts with the Group and it cannot be guaranteed that any of the key employees will not voluntarily terminate his or her employment with the Group or leave his or her position due to other reasons beyond its control. The loss of service of any of the key management, in particular the executive Directors, could impair the Group's ability to operate and make it difficult to implement its business and growth strategies. The Group may not be able to replace such persons within a reasonable period of time or with another individual of equivalent expertise and experience, which may severely disrupt its business operations.

The Group's continued success also depends on its ability to attract and retain qualified personnel to manage its existing operations and future growth. Qualified individuals are in high demand and the Group may not be able to successfully attract, assimilate or retain all the personnel it needs with the required industry expertise (such as personnel for its sales and marketing department, business operation centre and asset management department). The Group may also need to offer superior compensation and other benefits to attract and retain key personnel and therefore there is no assurance that the Group's compensation and benefits payments will not increase unpredictably or at a greater rate than its revenues. The Group's failure to attract and retain qualified personnel and any increase in staffing costs to retain such personnel could have a negative impact on its ability to maintain its competitive position and grow its business, and may also have a material adverse effect on its financial condition, results of operations and prospects.

The Group's risk management systems and internal control policies may not be effective in mitigating the Group's risk exposure

The Group's risk management systems and internal control policies may not be effective in mitigating its exposure to all types of risks, including unidentified or unanticipated risks. Some risk management and control methods are based upon historical market behaviours and past events. As such, the Group may not be able to adequately identify or estimate future risk exposures, which could be significantly greater than indicated by measures based on historical data. Other risk management methods depend on evaluation of information regarding markets, customers or other relevant matters, which may be inaccurate, incomplete, obsolete or improperly evaluated. For instance, the information infrastructure in the PRC is relatively undeveloped and there is no extensive and unified nationwide credit information system. As such, the Group is only able to rely on publicly available resources and its internal resources to assess credit risks associated with a particular customer. Such assessment may not be based on complete, accurate or reliable information. Furthermore, as the Group enters new industry sectors, approaches other customer segments or develops additional product and service offerings, it may not be in a position to adequately identify and predict future risk exposures.

In addition, management of operational, legal or regulatory risks requires various sets of policies and procedures in order to accurately record and verify a large number of transactions and events. Such policies and procedures may not be fully effective. Any failure of the Group's risk management procedures or any failure to identify applicable risks may have a material adverse effect on its results of operations and financial condition.

Disruptions to the Group's information technology systems may adversely affect its operations and financial condition

The Group's business operations are dependent on the ability of its information technology systems to accurately process a large number of transactions and information in a timely manner. These systems include the System Application Products System, the Customer Marketing Management System, the Core Business Management System, and the Rent Integration Management System. The proper functioning of the Group's financial control, risk management, accounting, customer service and other data processing systems is critical to the Group's business and its ability to compete effectively. The Group has established its own internal back-up systems to carry on principal functions upon system failures.

However, it cannot be guaranteed that the Group's operations will not be significantly disrupted if any of the Group's systems fail due to, among other things, fire, natural disasters, power loss, software faults, computer virus attacks, conversion errors due to system upgrades, or security breaches. The "Network and Information Safety Measures" formulated by the Group's Information Technology centre may not be effective in preventing any harm or damage resulting from risks threatening its information technology systems. Any disruption to any of the Group's information technology systems could harm its business and adversely affect its operations and financial condition.

The Group may not be able to detect and prevent fraud or other misconduct committed by its employees or third parties

Fraud or other misconduct by employees (such as unauthorised business transactions and breaches of its internal policies and procedures) or third parties (such as breach of law) may be difficult to detect and prevent, and could subject the Group to financial loss, sanctions imposed by governmental authorities and serious harm to its reputation. The Group's risk management systems, information technology systems and internal control procedures are designed to monitor its operations and overall compliance. However, it may be unable to identify non-compliance or suspicious transactions in a timely manner or at all. Furthermore, it is not always possible to detect and prevent fraud or other misconduct and the precautions the Group takes to prevent and detect such activities may not be effective. Hence, there exists the risk that fraud or other misconduct may have previously occurred but was undetected, or that such fraud or misconduct may occur in the future. This may have a material adverse effect on the Group's business, financial condition and results of operations.

The Group may not be able to fully prevent or timely detect any money laundering and other illegal or improper activities

The Group has strictly complied with applicable anti-money laundering laws and other relevant regulations. The Group is not aware of any money laundering or other major illegal or improper activities engaged by or involving any employee of its domestic or overseas operations.

However, the Group cannot assure potential investors that it can completely eradicate money laundering activities or other improper activities carried out by organisations or individuals through it. If the Group fails to timely detect and prevent money laundering activities or other illegal or improper activities, relevant regulatory agencies will have the power and authority to impose sanctions on it, which may adversely affect its reputation, financial condition and results of operations.

The Group may not have adequate insurance coverage to cover potential liabilities or losses

The Group has obtained insurance coverage for its business operations in accordance with legal requirements, and in respect of all assets which it deems material for its operations. The Group faces various risks in connection with its businesses and may lack adequate insurance coverage or may have no relevant insurance coverage. In addition, the Group does not maintain business interruption insurance, which is in line with the general practice in the PRC. As a result, its insurance coverage may be inadequate to cover such losses should they arise. Any such uninsured losses may materially and adversely affect its results of operations and financial position.

Failure to obtain, renew or retain licences, permits or approvals or failure to comply with applicable laws and regulations may affect the Group's ability to conduct its business

The Group is required to hold various licences, permits and approvals issued by relevant authorities allowing it to conduct its business operations. Any infringement of legal or regulatory requirements, or any suspension or revocation of these licences, permits and approvals, may have a material adverse impact on the business operations of the Group. In addition, the licensing requirements within the PRC financial leasing industry are constantly evolving and the Group may be subject to more stringent regulatory requirements due to changes in political or economic policies in the PRC. It cannot be certain that the Group will be able to satisfy such regulatory requirements and as a result it may be unable to retain, obtain or renew relevant licences, permits or approvals in the future. This may in turn hinder the Group's business operations and materially and adversely affect its results of operations and financial condition.

Pursuant to existing foreign exchange regulations in the PRC, foreign exchange transactions for capital account purposes, including direct overseas investment and various international loans, may require the registration with the State Administration of Foreign Exchange of the PRC (“SAFE”) (國家外匯管理局) or a bank to which SAFE has delegated its authority. If the Group fails to complete such registration to convert Renminbi into foreign currencies for such purposes, its capital expenditure plans, business operations and consequently its results of operations and financial condition could be materially and adversely affected.

If the Group encounters difficulties in executing and integrating its growth strategy and expansion plans, its growth prospects may be limited and it may be unable to recoup the costs incurred

As part of its business strategy, the Group plans to expand its business to include other target industries in the PRC with attractive growth potential. The Group intends to achieve this through expansion, alliances, joint ventures or partnerships, when suitable opportunities arise and under appropriate market conditions. In April 2012, the Group consolidated the electronic information business and incorporated the electronic business in the machinery industry into other industries. The Group incubated its new business in the electronic information industry and established a new business segment in this regard, namely the electronic information segment, in December 2012. This new business segment targets the information industry in the PRC and provides finance leases and other related value-added services to customers in this target market. In March 2015, the Group established a new business sector, namely the urban public utility business unit, which would focus on providing a wide range of financial products and professional consulting services to China’s urban utilities industry. Through this new sector, the Group aims to seize the opportunities arising from the development of China’s urban utilities by providing a wide range of financial products and professional consulting services to three main urban public utility industries, namely urban infrastructure construction, urban operation and municipal services. In 2019, the Group reconfigured its industrial layout from seven major business sectors to nine business sectors, namely healthcare, cultural and tourism, engineering construction, machinery, chemical & medicine, electronic information, public consuming, transportation & logistics and urban public utility.

There can be no assurance that the Group will be able to identify any suitable target industries, investment projects or business partners in the near future. In addition, failure to effectively manage the Group’s expansion may lead to increased costs, reduced growth and reduced profitability for the Group. Even upon completion of investments or partnerships, the Group may experience difficulties in integrating such businesses into its business model, and may incur higher costs than initially anticipated. This may materially and adversely affect the Group’s business, results of operation and financial position.

The Group’s business may be impacted by political events, international trade disputes and other business interruptions

Political events, international trade disputes, war, terrorism, and other business interruptions could harm or disrupt international commerce and the global economy, and could have an adverse effect on the Group and its customers, suppliers and other partners as well as associates and/or affiliates. In particular, the U.S.-China trade conflict has brought uncertainty to global markets and to a certain extent, impacted businesses and financial market sentiment, influenced financial market volatility, and slowed investment and trade. The U.S.-China trade conflict manifests a deterioration in the relationship between China and the United States which has led to greater uncertainties in the geopolitical situations in other parts of the world affecting China and Chinese companies. For example, export controls, economic and trade sanctions, entity list have been threatened and/or imposed by the U.S. government on a number of Chinese companies. The United States has also threatened to impose further export controls, sanctions, trade embargoes, and other heightened regulatory requirements on China and Chinese companies for alleged activities both inside and outside of China. The trade tensions between the United States and China could place pressure on the economic growth in China as well as the rest of the world. This may adversely affect the Group’s business, financial condition, access to international capital markets and results of operations.

RISKS RELATING TO THE INDUSTRY

The Group operates in an increasingly competitive market

The financial services industry is an increasingly competitive industry and it cannot be guaranteed that the Group will be able to sustain its competitive advantage or effectively implement its business strategies. The Group's competitors are mainly comprised of bank-affiliated leasing companies, captive leasing companies, independent leasing companies and other financial service companies, which are all similarly involved in the financial leasing and/or financial services business. Competition from such entities may have an impact in the Group's industry, business and operating environment, such as downward competitive pressure on interest rates charged to customers, expansion by existing competitors, adoption by its competitors of innovative financial services or comparatively effective branding efforts, any of which may have a material adverse effect on the Group's business, financial condition and results of operations.

Upon China's accession to the World Trade Organisation in 2001, the PRC leasing industry entered a phase of rapid development and the number of both foreign and domestic investors in the industry has increased. In order to fulfil its commitment to liberalise the PRC financial leasing market, China's Ministry of Commerce ("MOFCOM") (中華人民共和國商務部) and the State Council of the PRC ("State Council") (國務院) have implemented several policies to further develop the leasing industry and encourage additional investment since 2005 including the *Guiding Opinions on Encouraging the Development of Financial Leasing Industry in the 12th Five-year Period* (商務部關於十二五期間促進融資租賃業發展的指導意見) issued by MOFCOM in December 2011, the *Opinions on Further Supporting the Healthy Development of Small and Micro Businesses* (關於進一步支持小型微型企業健康發展的意見) promulgated by the State Council in April 2012, the *Instructive Opinions on Improving the Technological Upgrading of Enterprises* (關於促進企業技術改造的指導意見) promulgated by the State Council in September 2012, the *Guiding Opinions of the State Council on Accelerating the Development of Production-oriented Service Industries and Promoting Industrial Restructuring and Upgrading* (國務院關於加快發展生產性服務業促進產業結構調整升級的指導意見) promulgated by the State Council in July 2014 and the *Guiding Opinions of the General Office of the State Council on Accelerating the Development of the Financial Leasing Industry* (國務院辦公廳關於加快融資租賃業發展的指導意見) promulgated by the General Office of the State Council in August 2015. In 2019, amendments to the Administration Measure on Supervision of Financial Leasing Companies (《融資租賃企業監督管理辦法》) were officially included in the China Banking and Insurance Regulatory Commission (the "CBIRC") work plan. On 26 May 2020, the CBIRC published the Interim Measures for the Supervision and Management of Financial Leasing Companies (融資租賃公司監督管理暫行辦法), which specified regulatory particulars for operations of financial leasing companies. Based on this, in various regions including Shanghai, Shenzhen, Tianjin, Hunan and Jiangsu, local financial regulatory authorities increased efforts to straighten out and rectify leasing companies with irregular activities such as existing only on paper and being out of reach. These tighter regulation of the financial leasing industry on one hand facilitates the healthy and orderly development of the financial leasing industry by decreasing the number and improving the quality of the companies and on the other hand, was favourable to large, compliant and professional financial leasing companies in the long run. It is expected that the relevant PRC governments may issue new implementing rules to promote the development of financial leasing companies under their respective regimes. The Group believes that these rules and measures are likely to further increase competition in the PRC financial leasing industry. If the Group is unable to successfully compete against current and future participants in the industry, its business, results of operations, financial condition and prospects may be materially and adversely affected.

Interest rate changes may adversely affect interest expense related to the Group's borrowings, reduce net interest income and reduce demand for its leasing services

The Group's business is affected by interest rates, both the interest rates charged to its financial leasing customers and the rates at which it pays interest on its loans and other financing obligations. In order to remain responsive to changing interest rates and to manage its interest rate exposure, the Group has implemented measures to adjust the structure of its assets and liabilities by assessing the sensitivity of projected net interest income under various interest rate scenarios. However, an increase in interest rates, or the perception that such an increase may occur, could adversely affect the Group's ability to obtain bank loans at favourable interest rates, its ability to maximise its interest income, its ability to originate new leases and its ability to grow. In addition, changes in interest rates or in the relationships between short-term and long-term interest rates or between different interest rate indices (i.e. basis risk) could affect the interest rates received from interest-earning assets differently from the interest rates paid on interest-bearing liabilities, which could, in turn, result in an increase in interest expense or a decrease in the Group's net interest income (which is its interest income minus its interest expense). In addition, the Group's net interest income is also impacted by whether it can adjust the interest rates it charges its customers in response to fluctuations in interest rates for its interest-bearing bank borrowings so as to maintain its net interest spread and its net interest margin. If the Group fails to appropriately adjust interest rates on its lease contracts in a timely manner, its net interest spread and its net interest margins may decrease and, as a result, its profitability and results of operations would be adversely impacted. Any increase to its interest expense or decrease to its net interest income could have a material adverse effect on its business, results of operations and financial condition.

Fluctuation of equipment prices may adversely affect the Group's operation and business

The Group currently operates its business by targeting nine focused industries which it believes to have sustainable growth potential, namely healthcare, cultural and tourism, engineering construction, machinery, chemical & medicine, electronic information, public consuming, transportation & logistics and urban public utility. There is no assurance that the demand for financial leasing services in these target industries will remain sustainable. Rapid increase of equipment price may reduce overall demand and accordingly reduce the Group's origination of new contracts. Moreover, reduction of equipment price may also affect the Group's ability to recover the related lease receivables due to the increasing likelihood of default by its customers. To be specific, the price at which the Group is able to sell any asset underlying its leases may be lower than the price at which it acquired such assets and this may have a material adverse effect on the Group's business, results of operations and financial condition.

Certain industries in which the Group is involved are highly cyclical

Certain industries, such as culture & tourism and transportation & logistics in which the Group is involved are highly cyclical with demand for, and supply of, services such as vessels to be leased or sold affected by several factors, including global and regional economic and political conditions, changes in regulatory regimes, strikes or armed conflicts, extreme weather conditions and piracy. These factors are beyond the Group's control and the nature, timing and degree of changes in industry conditions are largely unpredictable. Any decrease in demand for the Group's services in the above industries due to cyclical downturns could result in extensive customer defaults, decreased revenue and an inability to grow or maintain its business, and could materially and adversely affect its business, results of operations and financial condition.

An outbreak of epidemics, such as the 2019 novel coronavirus (“COVID-19”), Severe Acute Respiratory Syndrome (“SARS”), bird flu, Type A H1N1 influenza, H7N9 influenza, Ebola virus, MERS, natural disasters, acts of war or terrorism or other factors beyond its control may adversely affect the Group’s business, results of operations and financial condition

Areas in which the Group operate may be prone to infectious diseases such as the recent COVID-19 outbreak or other epidemics. The recent outbreak of COVID-19 has caused a wide range business slowdowns and disrupted the economic activities in the affected areas and countries, including the PRC and other countries including but not limited to South Korea, Italy, Iran, United States and various European countries. Outbreaks of infectious diseases in the past, such as SARS, have damaged the regional and national economies in the PRC.

The outbreak of COVID-19, a recurrence of SARS, or an outbreak of other infectious diseases such as avian influenza H5N1 bird flu, Type A H1N1 influenza, H7N9 influenza, Ebola virus or Middle East respiratory syndrome (“MERS”), especially in the areas in which the Group or its customers operate, may result in material disruptions to the Group and its customers’ businesses. In particular, since December 2019, the outbreak of COVID-19 has spread rapidly and is still spreading across the world, significantly affecting the national and global economy and has affected corporate operations and the general industry environment in certain regions or certain industries. This may affect the quality or the yields of the interesting earning assets of the Group, and the degree of the impact depends on the situation and duration of the spread of COVID-19, and implementation of preventive and control measures.

The Group intends to closely and continuously monitor the development of the COVID-19 epidemic. The normal operation of some of the Group’s businesses suffered an inevitable short-term impact. All businesses activities have gradually resumed normal operation since March 2020. For the six months ended 30 June 2020, the profit attributable to ordinary shares declined by approximately 7.96 per cent year-on-year. In the first half of 2020, due to the negative effects of COVID-19 and the economic shut down for a period of time in the first quarter of 2020, advisory service business activities in the industry-related sectors such as healthcare, culture & tourism, chemical & medicine, engineering construction and transportation & logistics were restricted, resulting in a decline in advisory service revenue. The operating income of educational institutions for the first half of 2020 decreased by 19.31 per cent as compared to the first half of 2019, which was mainly due to the effects of the COVID-19 and that the kindergartens in the Group’s system were unable to carry out teaching activities according to the original plan for the first half of 2020. However, as the outbreak is rapidly evolving, it is uncertain and the Group is unable to accurately assess the larger potential impact on its business operations, profitability, financial condition and prospects arising from the outbreak of COVID-19 for the rest of 2020.

Hence, there will be uncertainties in operations of the Group, which might affect profitability of the Group to a certain extent. In addition, if any of the Group’s employees is suspected of having contracted a contagious disease, the Group may be required to apply quarantines or suspend its operations. Furthermore, any future outbreak may restrict economic activities in affected regions, resulting in reduced business volume, temporary closure of the Group offices or facilities, or otherwise disrupt the Group’s business operations and adversely affect the Group’s results of operations.

In addition, natural disasters such as earthquakes, floods, severe weather conditions or other catastrophic events may severely affect the regions in which the Group or its customers operate. These natural disasters could cause a material economic downturn in the affected area, nationally or internationally and could have a material adverse effect on the Group’s business prospects, financial condition and results of operations.

Similarly, war, terrorist activity, threats of war or terrorist activity, social unrest and the corresponding heightened travel security measures instituted in response to such events, as well as geopolitical uncertainty and international conflict and tension, could affect economic development and construction projects. In turn, there could be a material adverse effect on the Group's business, financial condition and results of operations. In addition, the Group may not be adequately prepared in terms of contingency planning or have recovery capabilities in place to deal with a major incident or crisis. As a result, the Group's operational continuity may be adversely and materially affected and the Group's reputation seriously harmed.

Risks Relating to Conducting Operations in China

Changes in the economic, political and social conditions in the PRC may have a material adverse effect on the Group's business, results of operations and financial condition

The Chinese economy differs from the economies in developed countries in many respects, including the degree of government involvement and the control of capital investment, as well as the overall level of development. The Group believes the PRC government has indicated its commitment to the continued reform of the economic system as well as the structure of the government. The PRC government's reform policies have emphasised the independence of enterprises and the use of market mechanisms. Since the introduction of these reforms, significant progress has been made in economic development, and enterprises have enjoyed an improved environment for their development. However, any changes in the political, economic or social conditions in the PRC may have a material adverse effect on the Group's present and future business operations.

Any slowdown in the Chinese economy may affect the target industries in which the Group operates and result in a material adverse effect on the Group's business, results of operations, financial condition and prospects

Most of the Group's revenue is derived from the provision of financial leasing services and extended value-added services. The Group relies primarily on domestic demand to achieve growth in its revenue. Such demand is materially influenced by industrial development and the overall economic growth in China as well as policy support for its target industries and for its financial services. Any deterioration of these industries in China resulting from a global economic downturn or the Chinese government's macroeconomic measures affecting these industries may have a material adverse impact on its financial performance and prospects. Furthermore, any deterioration in the financial condition of the Group's customers in these industries or any industry-specific difficulties encountered by these customers could affect its business (such as the deterioration of the quality of its existing lease receivables and its ability to generate new leases), thereby materially and adversely affecting its business, financial condition or results of operations.

Furthermore, the global crisis in financial services and credit markets since 2008 caused a slowdown in the growth of the global economy with a corresponding impact on the Chinese economy. Although there are signs of recovery in the global and Chinese economies, it cannot be certain that any such recovery is sustainable. In addition, if the crisis in global financial services and credit markets were to persist, there is no certainty as to its impact on the global economy, especially the Chinese economy. More recently, there has been volatility in global financial markets as a result of uncertainty caused by ongoing U.S.-Sino trade tensions. In July 2018, the U.S. government-imposed tariffs on U.S.\$34 billion worth of Chinese goods, which led the PRC to respond with similar sized tariffs on U.S. products. By January 2020, the U.S. had set tariffs on more than U.S.\$360 billion worth of Chinese products and the PRC had set tariffs on more than U.S.\$110 billion worth of U.S. goods. On 15 January 2020, the two sides showed signs of

making a truce by signing a “Phase 1” trade deal that cut some U.S. tariffs on Chinese goods. However, the outbreak of COVID-19 has reignited tensions between the U.S. and China, which adds uncertainties to the overall global economy. The effect of such tariffs on the economy of the PRC and the U.S. is yet to be seen, and the trade dispute between the PRC and the U.S. and the increasing amount of the tariff that the U.S. plans to impose on Chinese imports may have an adverse effect on the global and the PRC economies, resulting in continuing uncertainty for the overall prospects for the global and the PRC economies this year and beyond and may also result in structural shifts in the PRC economy. On 31 January 2020, the United Kingdom officially commenced the transition period of its withdrawal from the European Union (“**Brexit**”). Brexit has also given rise to calls for the governments of other European Union member states to consider withdrawal. The potential impact of Brexit on the economic conditions in the United Kingdom, the European Union and global financial services and credit markets is uncertain, and there is no certainty as to its impact on the global economy, especially the Chinese economy.

As a result of global economic conditions, it cannot be certain that the Chinese economy will grow in a sustained or steady manner. Any slowdown or recession in the Chinese economy may affect the Group’s ability to secure new leases and contracts and its ability to obtain sufficient financing, which may in turn have a material adverse effect on its business, results of operations, financial condition and prospects.

The Group may be subject to PRC income taxes on its worldwide income

Under the PRC EIT Law, the term “de facto management bodies” is defined as “bodies that substantially carry out comprehensive management and control of the business operations, employees, accounts and assets of enterprises”. Under the PRC EIT Law, an enterprise outside of China whose “de facto management bodies” are located in China is considered a “resident enterprise” and will be subject to a uniform 25 per cent enterprise income tax rate on its global income. In April 2009, the State Administration of Tax (“**SAOT**”) (國家稅務總局) issued the *Notice on Issues Relevant to Foreign-registered Chinese-invested Holding Enterprises Determined as Resident Enterprises in Accordance with Actual Management Organization Standard* (國家稅務總局關於境外註冊中資控股企業依據實際管理機構標準認定為居民企業有關問題的通知), which has been amended on 29 December 2017, to further specify criteria for the determination of the “de facto management bodies” for foreign enterprises which are controlled by PRC enterprises. If all of these criteria are met, the relevant foreign enterprise controlled by a PRC enterprise will be deemed to have its “de facto management bodies” located in China and therefore be considered a PRC resident enterprise. These criteria include: (i) the enterprise’s day-to-day operational management is primarily exercised in China; (ii) decisions relating to the enterprise’s financial and human resource matters are made by, or are subject to approval by, organisations or personnel in China; (iii) the enterprise’s primary assets, accounting books and records, company seals, and board and shareholders’ meeting minutes are located or maintained in China; and (iv) 50 per cent. or more of voting board members or senior executives of the enterprise habitually reside in China. In addition, SAOT issued the *Measures for the Administration of Income Tax for Chinese-controlled Resident Enterprises Registered Overseas* (the “**Measures**”) (境外註冊中資控股居民企業所得稅管理辦法(試行)) to provide more guidance on the implementation of the aforesaid circular which came into effect on 1 September 2011 and was revised on 17 April 2015, 28 June 2016 and 15 June 2018. The Measures specify that SAOT is entitled to decide whether a foreign enterprise controlled by a PRC company or a PRC company group shall be deemed a “resident enterprise” through the application of such foreign enterprises or the investigation conducted by the competent tax authorities.

In January 2014, SAOT issued the Circular on the Determination of PRC Tax Resident Enterprises Subject to Criteria of “De Facto Management Body” (關於依據實際管理機構標準實施居民企業認定有關問題的公告), which requires a Chinese-controlled offshore-incorporated enterprise that falls within the criteria of “de facto management body” to make an application for the classification as a “resident enterprise”, which

in turn will be confirmed by the province-level tax authority. However, it is still unclear how the PRC tax authorities will determine whether a non-PRC entity (that has not already been notified of its status for EIT purposes) will be classified as a “resident enterprise”.

The Issuer is currently not treated as a PRC resident enterprise by the relevant tax authorities and has not applied for such a treatment. Although the Issuer currently has no controlling shareholders, there is no assurance that it will not be considered a “resident enterprise” under the PRC EIT Law and not be subject to the enterprise income tax rate of 25 per cent. on its global income in the future.

Under the PRC EIT Law and the implementation regulations thereunder, PRC withholding tax at a rate of 10 per cent. is normally applicable to PRC-sourced income of nonresident enterprises, subject to adjustment by applicable treaty. The PRC EIT Law’s implementation regulations further set forth that interest income is viewed as PRC-sourced income if the enterprise that pays interest is domiciled in the PRC. In October 2017, SAOT issued, and further amended in June 2018, the Announcement on Issues Concerning the Withholding of Non-resident Enterprise Income Tax at Source (國家稅務總局關於非居民企業所得稅源泉扣繳有關問題的公告), which further specified the withholding of PRC-sourced income tax of nonresident enterprises. If the Issuer is deemed a PRC resident enterprise for tax purposes, interest paid to overseas Noteholders and Securityholders may be regarded as PRC-sourced and therefore be subject to PRC withholding tax at the rate of up to 10 per cent. in the case of a nonresident enterprise holder and 20 per cent. in the case of a nonresident individual holder. Similarly, any gain realised on the transfer of the Instruments by such investors is also subject to a 10 per cent. PRC income tax in the case of a nonresident enterprise holder and 20 per cent. in the case of a nonresident individual holder (or lower treaty rate, if any) if such gain is regarded as income derived from sources within the PRC.

The Group’s profits and results of operations may be materially and adversely affected by tax reforms in the PRC

On 23 March 2016, the Ministry of Finance of the PRC and the SAOT jointly released the Circular on Comprehensively Promoting the Pilot Program of the Collection of Value-added Tax in Lieu of Business Tax (關於全面推開營業稅改徵增值稅試點的通知), whereby business tax in certain industry sectors will be replaced by value-added tax with effect from 1 May 2016. On 19 April 2016 and 18 August 2016, the SAOT respectively released the Announcement on Matters relating to the Tax Collection and Administration in Comprehensive Promotion of the Pilot Programme of Replacing Business Tax with Value-added Tax (關於全面推開營業稅改徵增值稅試點有關稅收徵收管理事項的公告) which was further amended on 18 December 2017, 29 January 2018, 15 June 2018, 19 January 2019, 3 February 2019 and 16 September 2019 and the Announcement on Several Collection and Administration Issues in Pilot Programme of Replacing Business Tax with Value-added Tax (關於營改增試點若干徵管問題的公告), which specifically provided the relevant tax collection and administration matters regarding the implementation of the replacement of business tax with value-added tax. On 19 November 2017, the State Council amended the Interim Regulations of the PRC on Value-added Tax (中華人民共和國增值稅暫行條例), based on which, value-added tax at a rate of 6 per cent. and 17 per cent. shall be imposed on the Group’s indirect financing business and direct financing business, respectively. On 4 April 2018, the Ministry of Finance and the SAOT promulgated the Notice of Adjustment on Value-added Tax Rates (財政部、國家稅務總局關於調整增值稅稅率的通知) to adjust the value-added tax at a rate of 17 per cent. where applicable to 16 per cent., which came into effect on 1 May 2018. On 20 March 2019, Ministry of Finance, the SAOT and General Administration of Customs issued the Announcement of the Ministry of Finance, the State Taxation Administration and the General Administration of Customs on Relevant Policies for Deepening the Value-Added Tax Reform (財政部、稅務總局、海關總署關於深化增值稅改革有關政策的公告), which came into effective on 1 April 2019, to adjust the value-added tax at a rate of 16 per cent. where applicable to 13 per cent. There is no assurance that the PRC governmental authorities will

not adopt any new taxation policies to the financing leasing industry in the PRC in the future. Any future actions and policies adopted by the PRC government may affect the Chinese economy and adversely impact financial leasing industry in the PRC, which could materially and adversely affect the Group's profits and results of operations.

Any limitation on the ability of the Issuer's PRC subsidiaries to pay dividends to the Issuer and repay its debts to creditors could limit the Issuer's ability to fulfil its payment obligations

The Issuer is a holding company incorporated in Hong Kong, and it relies on dividends and intercompany loan repayments paid by its PRC operating subsidiaries for its cash requirements, including the funds necessary to service the Instruments and any other debt it may incur, and to pay its operating expenses. PRC regulations currently permit payments of dividends only out of accumulated profits, as determined in accordance with the accounting standards and regulations in the PRC, which differ in many aspects from generally accepted accounting principles in other jurisdictions. The Issuer's PRC subsidiaries are required to allocate certain percentages of any accumulated profits after tax each year to their statutory common reserve fund as required under the PRC Company Law, until the aggregate accumulated statutory common reserve funds exceed 50 per cent. of its registered capital. These reserve funds cannot be distributed as cash dividends. In addition, if the Issuer's PRC subsidiaries incur debts on their own or enter into certain agreements in the future, the instruments governing the debts or such other agreements may restrict their ability to pay dividends or make other repayments or distributions to the Issuer. Therefore, these restrictions on the availability and usage of the Issuer's major source of funding may materially and adversely affect its ability to service the Instruments.

The Issuer's PRC subsidiaries receive substantially all of their revenue in Renminbi, which is not freely convertible into other currencies. As a result, any restriction on currency exchange may limit the ability of the PRC subsidiaries to use their Renminbi revenues to pay dividends to the Issuer.

On 8 August 2017, the State Council promulgated the Notice on Several Measures for Promoting the Growth of Foreign Investment (國務院關於促進外資增長若干措施的通知), which provided that foreign investors may freely remit abroad the profits, dividends and other investment returns lawfully obtained inside PRC in Renminbi or foreign currencies. On 5 January 2018, the PBOC promulgated the Notice on Further Fine-tuning the Policies on Cross-border Renminbi Business to Promote Trade and Investment Facilitation (中國人民銀行關於進一步完善人民幣跨境業務政策促進貿易投資便利化的通知), to further specify that regarding the profits, dividends and other investment returns obtained inside PRC by foreign investors, banks shall handle Renminbi cross-border settlement after reviewing relevant supporting materials to ensure that the profits of foreign investors be remitted abroad freely in accordance with the PRC laws.

However, uncertainty exists as to whether the PRC Government will restrict access to foreign currency for current account transactions in the PRC, in which case the ability of the PRC subsidiaries to pay dividends to the Issuer or to satisfy their other regulatory requirements may be adversely affected.

PRC regulation of loans to, and direct investments in, PRC companies by offshore holding companies may delay or prevent the Group from providing loans or capital contributions to its PRC subsidiaries, which could materially and adversely affect their liquidity and its ability to fund and expand its business

Under the PRC law, any capital contributions and loans made by the Issuer (as a foreign shareholder) to the Group's PRC-incorporated subsidiaries are subject to the relevant PRC regulatory regime. In terms of a foreign shareholder's loan, the loan made by the Issuer to its PRC subsidiaries must be registered with SAFE or any government bureau or agency to which SAFE has delegated its authority. Otherwise, the loan

cannot be remitted into the PRC and (if required) converted into Renminbi. In respect of capital contributions made by the Issuer to its PRC subsidiaries, the Issuer must complete the registration formalities with the competent business registration authority (e.g. the State Administration for Market Regulation (“SAMR”) or its relevant local branch), and the foreign exchange registrations with the relevant bank. Due to the discretionary and arbitrary nature of the aforementioned relevant agencies, there can be no assurance that the Group will be able to register the loans or complete the registration and filing in a timely fashion, or at all. If the Group fails to complete such registration or filings, its ability to finance the operations of its PRC subsidiaries and expansion projects may be adversely affected, which in turn could harm the Group’s business, results of operations and financial condition.

The uncertainties of the PRC legal system and its laws and regulations may have a negative impact on the Group’s operations

The Group’s core business is conducted in the PRC and substantially all of its operations are located in the PRC, hence its business operations are regulated primarily by PRC laws and regulations. The PRC legal system is a civil law system based on written statutes. Unlike the common law systems, past court judgments in the PRC have limited precedential value and may be cited only for reference. Furthermore, PRC written statutes often require detailed interpretations by courts and enforcement bodies for their application and enforcement. The PRC laws and regulations are still evolving and, because of the limited number and non-binding nature of published cases, there exist uncertainties about their interpretation and enforcement, and such uncertainties may have a negative impact on the Group’s business and prospects.

The Group intends to continue exploring growth opportunities within other target industries in China with growth potential and thus may be subject to further laws and regulations applicable to these new industries. On 18 September 2013, MOFCOM promulgated the *Measures for Supervision and Administration of Financial Leasing Enterprises* (融資租賃企業監督管理辦法), which provides for a uniform regulatory system for the operation, supervision and administration of both foreign-invested and domestic-invested financial leasing enterprises. In accordance with the *Notice Concerning the Clarification of the Operating Rules with respect to the Settlement of Renminbi in the Context of Foreign Direct Investment* (關於明確外商直接投資人民幣結算業務操作細則的通知), promulgated by the PBOC on 14 June 2012 and amended on 5 June 2015, apart from some certain special types of foreign invested enterprises, such as foreign invested holding companies and foreign invested financial leasing companies, the total amount of the Renminbi and foreign currency loans of an foreign invested enterprise shall not exceed the difference between the total investment and its registered capital approved by relevant governmental authorities. On 8 May 2018, the General Office of MOFCOM promulgated the *Notice of the General Office of the Ministry of Commerce on Matters concerning the Adjustments to the Duties of Administration of Financial Leasing Companies, Commercial Factoring Companies and Pawnshops* (國務院辦公廳關於融資租賃公司、商業保理公司和典當行管理職責調整有關事宜的通知). According to the Notice, MOFCOM has transferred the duties of the development of the rules on business operations and regulation of financial leasing companies, commercial factoring companies and pawnshops to the CBIRC, and, from 20 April 2018, the relevant duties has been performed by the CBIRC. On 26 May 2020, the CBIRC has published the *Interim Measures for the Supervision and Management of Financial Leasing Companies* (融資租賃公司監督管理暫行辦法), which specified regulatory particulars for operations of financial leasing companies.

There is no assurance that the Group will not be subject to any further regulatory measures imposing stricter requirements such as further restrictions on the proportion of risky assets or the introduction of minimum capital adequacy requirements. If the Group fails to meet any such additional regulatory requirements, the CBIRC or other relevant regulators may take corrective actions (including, for example, restricting the growth of the Group’s lease receivables and its business activities), thereby materially and adversely affecting the Group’s business, results of operations and financial condition.

The issuance of the NDRC Circular is a recent development and its interpretation may involve significant uncertainty, which may adversely affect the enforceability and/or effective performance of the Instruments

According to the *Circular on Promoting the Reform of the Administrative System on the Issuance by Enterprises of Foreign Debt Filings and Registrations (Fa Gai Wai Zi [2015] No. 2044)* (國家發展改革委關於推進企業發行外債備案登記制管理改革的通知(發改外資)[2015]2044號) issued by the National Development and Reform Commission (the “NDRC”) which came into effect on 14 September 2015 (the “NDRC Circular”), domestic enterprises and their overseas controlled entities shall procure the registration of any debt securities or medium-to-long term loans issued or incurred outside the PRC with the NDRC prior to the issuance of securities or loans, and report the particulars of the relevant issuance within 10 working days upon completion of each issuance. The issuance of the NDRC Circular is a recent development and its interpretation may involve significant uncertainty, which may adversely affect the enforceability and/or effective performance of the Instruments. In addition, the administration of the NDRC Circular may be subject to a certain degree of executive and policy discretions by the NDRC. The NDRC Circular does not expressly state the legal consequences of non-compliance with the post-issue notification requirements under the NDRC Circular. However, the NDRC provided in its *Risk Reminder for the Issuance by Enterprises of Foreign Debt* (企業境外發行債券風險提示) on 12 June 2017 that it will consider adding non-compliance enterprises into a national adverse credit list and joint punishment list; therefore there is no assurance that the failure to comply with the NDRC requirements would not result in any other adverse consequences for the Issuer, the Instruments or the investors in the Instruments. There is also no assurance that the registration certificate with the NDRC will not be revoked or amended in the future or that future changes in PRC laws and regulations will not have a negative impact on the performance or validity and enforceability of the Instruments in the PRC.

Any failure to comply with PRC regulations regarding the Issuer’s employee equity incentive plans may subject the PRC plan participants or the Group to fines and other legal or administrative sanctions

The Issuer is a company listed on the HKSE. Directors, executive officers and other employees of the Issuer who are PRC citizens or who have resided in the PRC for a continuous period of not less than one year and who have been granted restricted shares (the “RSUs”) or options will be subject to the *Notice on Issues Concerning the Foreign Exchange Administration for Domestic Individuals Participating in Stock Incentive Plan of Overseas Publicly Listed Company* (國家外匯管理局關於境內個人參與境外上市公司股權激勵計劃外匯管理有關問題的通知), issued by SAFE in February 2012, according to which, employees, directors, supervisors and other senior management members participating in any stock incentive plan of an overseas publicly listed company who are PRC citizens or who are non-PRC citizens residing in China for a continuous period of not less than one year, subject to limited exceptions, are required to register with SAFE through a domestic qualified agent, which could be a PRC subsidiary of such overseas listed company participating in such stock incentive plan, and complete certain other procedures. Failure to complete such SAFE registrations may subject them to legal sanctions and may also limit the participants’ ability to receive dividends or sales proceeds from the Issuer’s equity incentive plans. There are also regulatory uncertainties that could restrict the Issuer’s ability to adopt additional equity incentive plans for its directors and employees under PRC law.

In addition, SAT has issued circulars concerning employee share options or restricted shares. Under these circulars, employees working in the PRC who exercise their share options or receive RSUs will be subject to PRC individual income tax. The PRC subsidiaries of an overseas listed company have obligations to file documents related to employee share options or restricted shares with relevant tax authorities and to withhold individual income taxes of those employees related to their share options or RSUs. Although the Issuer currently withholds income tax from its PRC employees in connection with their exercise of options and the granting of their RSUs, if the employees fail to pay, or the PRC subsidiaries fail to withhold the relevant taxes according to the applicable PRC laws, rules and regulations, the PRC subsidiaries may face sanctions imposed by the tax authorities or other PRC government authorities.

It may be difficult to effect service upon, or to enforce judgments against, the Group or the Directors or senior management residing in China in connection with judgments obtained from courts other than PRC courts

Although the Issuer is incorporated in Hong Kong, most of its Directors and all of the members of its senior management reside in China. Almost all of its assets and most of the assets of its Directors and the members of its senior management are located within China. Therefore, it may not be possible for investors to effect service of process upon the Issuer or those persons inside China. China has not entered into treaties or arrangements providing for the recognition and enforcement of judgments made by courts of most other jurisdictions. On 14 July 2006, Hong Kong and the PRC entered into the Arrangement on Reciprocal Recognition and Enforcement of Judgments in Civil and Commercial Matters by the Courts of the Mainland and of the Hong Kong Special Administrative Region Pursuant to Choice of Court Agreements Between Parties Concerned (the “**Arrangement**”), pursuant to which a party with a final court judgment rendered by a Hong Kong court requiring payment of money in a civil and commercial case according to a choice of court agreement in writing may apply for recognition and enforcement of the judgment in the PRC. Similarly, a party with a final judgment rendered by a PRC court requiring payment of money in a civil and commercial case pursuant to a choice of court agreement in writing may apply for recognition and enforcement of such judgment in Hong Kong. A choice of court agreement in writing is defined as any agreement in writing entered into between parties after the effective date of the Arrangement in which a Hong Kong court or a PRC court is expressly designated as the court having sole jurisdiction for the dispute. Therefore, it is not possible to enforce a judgment rendered by a Hong Kong court in China if the parties in dispute do not agree to enter into a choice of court agreement in writing. As a result, it may be difficult or impossible for holders of the Instruments to effect service of process against the Issuer’s assets or Directors in China in order to seek recognition and enforcement for foreign judgments in China.

Furthermore, China does not have treaties or agreements providing for the reciprocal recognition and enforcement of judgments awarded by courts of the United States, the United Kingdom, most other European countries, or Japan. Hence, the recognition and enforcement in China of judgments of a court in any of these jurisdictions in relation to any matter that is not subject to a binding arbitration provision may be difficult or even impossible.

The enforcement of the Labour Contract Law and other labour-related regulations in China may adversely affect the Group’s business and its results of operations

In China, Labour Contract Law of the PRC (中華人民共和國勞動合同法), as amended in December 2012 with such amendments effect from 1 July 2013 (the “**Labour Contract Law**”), the *Interim Provisions on Labour Dispatching* (勞務派遣暫行規定) which came into effect on 1 March 2014 and the Regulations on Paid Annual Leave for Employees (職工帶薪年休假條例), which became effective on 1 January 2008 provide for regulation on employment contract, temporary employment, paid vacation, employment termination and related compensation. These laws and regulation in general have improved employee benefit and protection, implemented more restrictions on the use of dispatched workers, temporary employees and increased cost to employers upon termination of employees. As a result of these protective labour measures or any additional future measures, the Group’s labour costs may increase. The Group cannot give assurance that any disputes, work stoppages or strikes will not arise in the future.

The PRC Anti-Monopoly Law may restrict the Group's business dealings or require it to divest its shares in certain assets in China

The PRC Anti-Monopoly Law (中華人民共和國反壟斷法), which attempts to prevent monopolistic activities and protect fair competition in the PRC, became effective on 1 August 2008. It prohibits business entities (including the Group and all of its subsidiaries) from engaging in monopolistic behaviour, entering into monopolistic agreements, abusing a dominant market position or pursuing consolidations which exclude, restrict or potentially inhibit competition. The PRC Anti-Monopoly Law does not prohibit any business entity from increasing its market share to achieve or maintain a dominant market position through fair competition, nor does it set limits on the market share that any one entity can achieve or maintain in the PRC. The PRC Anti-Monopoly Law also provides clear standards under which business operators are excluded from anti-monopoly examination.

Under the PRC Anti-Monopoly Law, an entity that enters into monopolistic agreements or abuses its dominant market position may be subject to penalties, including confiscation of illegal gains and fines ranging from 1 per cent. to 10 per cent. of its revenue for the preceding year. If an entity pursues an illegal consolidation, it may be forced to terminate the consolidation, divest its shares and assets or businesses within a limited period of time or otherwise unwind the consolidation. The operating flexibility of the Group's PRC subsidiaries and the Group's business expansion through a merger with or acquisition of other competitors may be subject to strict examination and approval by SAMR, which is the main authority in charge of reviewing anti-monopoly issues related to business combinations. As the PRC Anti-Monopoly Law has not been fully interpreted and implemented, its effect on the Group's business is not yet known and it cannot give assurances that the relevant authorities will not interpret the law in such a manner or announce specific rules such that the implementation of the PRC Anti-Monopoly Law will affect its business in general or will contradict the PRC government's existing policies. In the event of non-compliance with the PRC Anti-Monopoly Law, the Group may be subject to substantial fines and other penalties. In the event of these circumstances, its business model and revenues may be materially and adversely affected.

Risks Relating to the Instruments issued under the Programme

Instruments may not be suitable investments for all investors

Each potential investor in any Instruments must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Instruments, the merits and risks of investing in the relevant Instruments and the information contained or incorporated by reference in this Offering Circular or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Instruments and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Instruments, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Instruments and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Instruments may be complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to the purchaser's overall portfolios. A potential investor should not invest in Instruments which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Instruments will perform under changing conditions, the resulting effects on the value of such Instruments and the impact this investment will have on the potential investor's overall investment portfolio.

Additionally, the investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Instruments are legal investments for it, (ii) Instruments can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase of any Instruments. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Instruments under any applicable risk-based capital or similar rules.

Modification and waivers

The Conditions contain provisions for calling meetings of Noteholders and Securityholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders and Securityholders including Noteholders and Securityholders who did not attend and vote at the relevant meeting, and Noteholders and Securityholders who voted in a manner contrary to the majority.

The Conditions also provide that the Trustee may, without the consent of Noteholders, Securityholders, Receiptholders or Couponholders (as the case may be), agree to (i) any modification of the Instruments, Receipts, the Coupons, the Agency Agreement, the Notes Trust Deed or the Securities Trust Deed which, in the Trustee's opinion, is of a formal, minor or technical nature or to correct a manifest error or to comply with mandatory provisions of law or an error which is, in the opinion of the Trustee, proven, and (ii) any other modification (except such modification in respect of which an increased quorum is required as mentioned in the Conditions) of the Instruments, the Receipts, the Coupons, the Agency Agreement, the Notes Trust Deed and the Securities Trust Deed (as the case may be) which in the Trustee's opinion is not materially prejudicial to the interests of the Noteholders and Securityholders.

The Issuer may be unable to redeem Instruments

On certain dates, including a redemption event or the occurrence of (i) an early redemption event of the Instruments and (ii) at maturity of the Notes, the Issuer may, and at maturity of the Notes and upon the issuance of a notice in exercising its option to redeem Securities, the Issuer will be required to, redeem all of the Notes and/or the Securities (as the case may be). If such an event were to occur, the Issuer may not have sufficient cash in hand and may not be able to arrange financing to redeem the Instruments in time, or on acceptable terms, or at all. The ability to redeem the Instruments in such event may also be limited by the terms of other debt instruments. If the Issuer fails to repay, repurchase or redeem tendered Instruments, such an event would constitute an event of default under the Notes or, as the case may be, entitle the Trustee to institute winding-up proceedings against the Issuer under the Securities, which may also constitute a default under the terms of Issuer's other indebtedness.

A change in English law which governs the Instruments may adversely affect Noteholders and Securityholders

The Conditions are governed by English law in effect as at the date of issue of the relevant Instruments. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Instruments.

The Notes may be represented by Global Notes or Global Certificates, the Securities may be represented by Global Certificates, and holders of a beneficial interest in a Global Note or Global Certificate must rely on the procedures of the relevant Clearing System(s)

Notes issued under the Programme may be represented by one or more Global Notes (in the case of Bearer Notes) or Global Certificates (in the case of registered Notes). Securities issued under the Programme will be in registered form and represented by one or more Global Certificates. Such Global Notes and Global Certificates will be deposited with a common depositary for Euroclear and Clearstream, with DTC or lodged with CMU (each of Euroclear, Clearstream, DTC and CMU, a “**Clearing System**”). Except in the circumstances described in the relevant Global Note or Global Certificate, investors will not be entitled to receive definitive Instruments. The relevant Clearing System(s) will maintain records of the beneficial interests in the Global Notes or Global Certificates. While the Instruments are represented by one or more Global Notes or Global Certificates (as the case may be), investors will be able to trade their beneficial interests only through the Clearing Systems.

While the Instruments are represented by one or more Global Notes or Global Certificates, the Issuer will discharge its payment obligations under the Instruments (as the case may be) by making payments to the common depositary for Euroclear and Clearstream, to DTC or, as the case may be, to the relevant paying agent, in the case of the CMU, for distribution to their account holders. A holder of a beneficial interest in a Global Note or Global Certificate must rely on the procedures of the relevant Clearing System(s) to receive payments under the relevant Instruments (as the case may be). The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes or Global Certificates.

Holders of beneficial interests in the Global Notes or Global Certificates will not have a direct right to vote in respect of the relevant Instruments. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant Clearing System(s) to appoint appropriate proxies.

Noteholders and Securityholders should be aware that Definitive Notes and Definitive Certificates which have a denomination that is not an integral multiple of the minimum denomination may be illiquid and difficult to trade

Instruments may be issued with a minimum denomination. The Pricing Supplement of a Tranche of Instruments may provide that, for so long as the Instruments are represented by a Global Note or a Global Certificate and the relevant Clearing System(s) so permit, the Instruments will be tradable in (i) nominal amounts equal to, or integral multiples of, the minimum denomination, and (ii) the minimum denomination plus integral multiples of an amount lower than the minimum denomination.

Definitive Notes and Definitive Certificates will only be issued if the relevant Clearing System(s) is/are closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announce(s) an intention to permanently cease business. The Pricing Supplement may provide that, if Definitive Notes or Definitive Certificates are issued, such Instruments will be issued in respect of all holdings of Instruments equal to or greater than the minimum denomination. However, Noteholders and Securityholders should be aware that Definitive Notes or Definitive Certificates that have a denomination that is not an integral multiple of the minimum denomination may be illiquid and difficult to trade.

Definitive Notes and Definitive Certificates will in no circumstances be issued to any person holding Instruments in an amount lower than the minimum denomination and such Instruments will be cancelled and holders will have no rights against the Issuer (including rights to receive principal or interest or to vote) in respect of such Instruments.

The Trustee may request Noteholders and Securityholders to provide an indemnity and/or security and/or prefunding to its satisfaction

In certain circumstances, the Trustee may (at its sole discretion) request Noteholders or Securityholders to provide an indemnity and/or security and/or prefunding to its satisfaction before it takes actions on behalf of Noteholders or Securityholders. Negotiating and agreeing to an indemnity and/or security and/or prefunding can be a lengthy process and may impact on when such actions can be taken. The Trustee may not be able to take actions, notwithstanding the provision of an indemnity or security or prefunding, in breach of the terms of the Notes Trust Deed or, as the case may be, the Securities Trust Deed; and, in circumstances where there is uncertainty or dispute as to the applicable laws or regulations, and to the extent permitted by the agreements and the applicable law, it will be for the Noteholders or Securityholders to take such actions directly.

Instruments subject to optional redemption by the Issuer may have a lower market value than Instruments that cannot be redeemed

An optional redemption feature is likely to limit the market value of Instruments. During any period when the Issuer may elect to redeem Instruments, the market value of those Instruments generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period. The Issuer may be expected to redeem Instruments when its cost of borrowing is lower than the interest rate on the Notes or, as the case may be, the distribution rate payable under the Securities. At such times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes or, as the case may be, the distribution rate payable under the Securities being redeemed, and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The Instruments are redeemable in the event of certain withholding taxes being applicable

No assurances are made by the Issuer as to whether or not payments on the Instruments may be made without withholding taxes or deductions applying from the relevant Issue Date on account of any taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of a Tax Jurisdiction. Investors are referred to the section headed “Taxation” for details of the prevailing withholding taxes application in the relevant jurisdictions and the risks associated with any identified ambiguity in the withholding tax rules. Although, pursuant to the Conditions, the Issuer is required to gross up payments on account of any such withholding taxes or deductions, the Issuer also has the right to redeem the Instruments at any time in the event it has or will become obliged to pay additional amounts as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), as set out in the Conditions.

The Issuer may raise or redeem other capital which affects the price of the Instruments

The Issuer may raise additional capital through the issue of other securities or other means. Other than certain restrictions on issuing certain secured indebtedness as set out in negative pledge provisions in the condition there is no restriction, contractual or otherwise, on the amount or type of securities or other liabilities which the Issuer may issue or incur and which rank senior, or *pari passu* to, the instruments.

For instance, in respect of any series of Notes, the incurring of additional debt could diminish the Issuer’s ability to make payments on the Notes and of amortising the Notes when due. In respect of an issue of the Securities, it may reduce the amount (if any) recoverable by Securityholders on a Winding-Up or may increase the likelihood of a deferral of Distributions under the Securities. The issue of any such securities or the incurrence of any such other liabilities might also have an adverse impact on the trading price of the Instruments and/or the ability of Noteholders or Securityholders to sell their Instruments.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) the Instruments are legal investments for it, (ii) the Instruments can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Instruments. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Instruments under any applicable risk-based capital or similar rules.

The insolvency laws of Hong Kong and other local insolvency laws may differ from those of another jurisdiction with which the Holders are familiar

As the Issuer is incorporated under the laws of Hong Kong, any insolvency proceeding relating to the Issuer would likely involve insolvency laws of Hong Kong, the procedural and substantive provisions of which may differ from comparable provisions of the local insolvency laws of jurisdictions with which the Holders are familiar.

Risks Relating to the Structure of a Particular Issue of Instruments

A wide range of Instruments may be issued under the Programme. A number of these Instruments may have features which contain particular risks for potential investors. Set out below is a description of certain such features:

Index-linked notes and dual currency notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates, or other factors (each, a “**Relevant Factor**”). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (a) the market price of such Notes may be volatile;
- (b) they may receive no interest;
- (c) payment of principal or interest may occur at a different time or in a different currency than expected;
- (d) they may lose all or a substantial portion of their principal;
- (e) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (f) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable will likely be magnified; and
- (g) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any index-linked notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any index-linked notes and the suitability of such Notes in light of its particular circumstances.

Failure by an investor to pay a subsequent instalment of partly-paid Notes may result in an investor losing all of its investment

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of its investment.

The market price of variable rate Notes with a multiplier or other leverage factor may be volatile

Notes with variable interest rates can be volatile securities. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

The regulation and reform of “benchmarks” may adversely affect the value of Notes linked to or referencing such “benchmarks”

Interest rates and indices which are deemed to be “benchmarks” (including the London interbank offered rate (“**LIBOR**”) and the euro interbank offered rate (“**EURIBOR**”)) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes referencing such a benchmark.

The Benchmarks Regulation was published in the Official Journal of the EU on 29 June 2016 and mostly applies, subject to certain transitional provisions, from 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a benchmark, in particular if the methodology or other terms of the benchmark are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements.

Specifically, the sustainability of LIBOR has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of benchmark reforms) for market participants to continue contributing to such benchmarks. On 27 July 2017, and in a subsequent speech by its Chief Executive on 12 July 2018, the UK Financial Conduct Authority (“**FCA**”) confirmed that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (“**FCA Announcements**”). The FCA Announcements indicated that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

In addition, on 29 November 2017, the Bank of England and the FCA announced that, from January 2018, its Working Group on Sterling Risk-Free Rates has been mandated with implementing a broad-based transition to the Sterling Overnight Index Average (“**SONIA**”) over the next four years across sterling bond, loan and derivative markets, so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021.

Separate workstreams are also underway in Europe to reform EURIBOR using a hybrid methodology and to provide a fallback by reference to a euro risk-free rate (based on a euro overnight risk-free rate as adjusted by a methodology to create a term rate). On 13 September 2018, the working group on euro risk-free rates recommended Euro Short-term Rate (“**ESTR**”) as the new risk free rate. ESTR is expected to be published by the ECB by October 2019. In addition, on 21 January 2019, the euro risk free-rate working group published a set of guiding principles for fallback provisions in new euro denominated cash products (including bonds). The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts may increase the risk to the euro area financial system.

It is not possible to predict with certainty whether, and to what extent, LIBOR and EURIBOR will continue to be supported going forwards. This may cause LIBOR and EURIBOR to perform differently than they have done in the past, and may have other consequences which cannot be predicted. Such factors may have (without limitation) the following effects on certain benchmarks: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the benchmark; and/or (iii) leading to the disappearance of the benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a benchmark.

Investors should be aware that, if LIBOR or EURIBOR were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference LIBOR or EURIBOR will be determined for the relevant period by the fallback provisions applicable to such Notes. Depending on the manner in which LIBOR or EURIBOR is to be determined under the Notes Conditions, this may in certain circumstances (i) be reliant upon the provision by reference banks of offered quotations for LIBOR or EURIBOR which, depending on market circumstances, may not be available at the relevant time or (ii) result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last determined on the last preceding Interest Determination Date (as defined in the Notes Conditions). Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes which reference LIBOR or EURIBOR.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation or any of the international or national reforms in making any investment decision with respect to any Notes referencing a benchmark.

Inverse floating rate Notes are typically more volatile than conventional floating rate debt

Inverse floating rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of such Notes are typically more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse floating rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Notes carrying an interest rate which may be converted from fixed to floating interest rates, and vice versa, may have lower market values than other Notes

Fixed or floating rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the fixed or floating rate Notes may be less favourable than the then-prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than the then-prevailing rates on its Notes.

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Investors may lose part or all of their investment in any index-linked Notes issued

If, in the case of a particular tranche of Notes, the relevant Pricing Supplement specifies that the Notes are Index-Linked Notes or variable redemption amount Notes, there is a risk that the investor may lose the value of its entire investment or part of it.

Risks Relating to the Securities

Securities may be issued for which investors have no right to require redemption

The Securities are perpetual and have no fixed final maturity date. Securityholders have no right to require the Issuer to redeem Securities at any time, and an investor who acquires Securities may only dispose of such Securities by sale. Securityholders who wish to sell their Securities may be unable to do so at a price at or above the amount they have paid for them, or at all. Therefore, holders of Securities should be aware that they may be required to bear the financial risks of an investment in Securities for an indefinite period of time.

Securityholders may not receive Distribution payments if the Issuer elects to defer Distribution payments under the Securities Conditions

The Issuer may, at its sole discretion and subject to certain conditions, elect to defer any scheduled Distribution on the Securities for any period of time. The Issuer is subject to certain restrictions in relation to the payment of dividends on its Junior Securities and its Parity Securities, the redemption and repurchase on its Junior Securities and Parity Securities prior to their stated maturity until any outstanding Arrears of Distribution and Additional Distribution Amount are satisfied or save in certain specified situations as further described in the Securities Conditions. The Issuer is not subject to any limits as to the number of times Distributions and Arrears of Distribution can be deferred pursuant to the Securities Conditions, subject to compliance with certain restrictions. Although, following a deferral, Arrears of Distributions are cumulative, subject to the Securities Conditions, the Issuer may defer their payment for an indefinite period of time by delivering the relevant deferral notices to the Securityholders. Any such deferral of Distribution shall not constitute a default for any purpose.

Any deferral of Distribution will likely have an adverse effect on the market price of the Securities. In addition, as a result of the Distribution deferral provision of the Securities, the market price of the Securities may be more volatile than the market prices of other debt securities on which original issue discount or interest accrues that are not subject to such deferrals and may be more sensitive generally to adverse changes in the Group's financial condition.

If specified in the relevant Pricing Supplement, the Securities may be redeemed at the Issuer's option on the date(s) specified in the relevant Pricing Supplement or on the occurrence of certain other events

The Securities are redeemable at the option of the Issuer on the First Call Date and on any Distribution Payment Date falling after the First Call Date at their principal amount together with any Distribution accrued to the date fixed for redemption (including any Arrears of Distribution and any Additional Distribution Amount).

In addition, if specified on the relevant Pricing Supplement, the Issuer also has the right to redeem the Securities upon the occurrence of (i) a Gross-up Event, (ii) an Accounting Event, (iii) a Breach of Covenant Event or (iv) a Relevant Indebtedness Default Event. The Securities may also be redeemed at the option of the Issuer if prior to the date of a notice to be provided by the Issuer at least 80 per cent. in principal amount of the Securities originally issued has already been redeemed or purchased and cancelled. The date on which the Issuer elects to redeem the Securities may not accord with the preference of individual Securityholders. This may be disadvantageous to the Securityholders in light of market conditions or the individual circumstances of the Securityholders. In addition, an investor may not be able to reinvest the redemption proceeds in comparable securities at an effective distribution rate at the same level as that of the Securities.

There are limited remedies for default under the Securities

Any scheduled distribution will not be due if the Issuer elects not to pay all or a part of that distribution pursuant to the Securities Conditions. Notwithstanding any of the provisions relating to non-payment defaults, the right to institute winding-up proceedings is limited to circumstances where payment under the Securities has become due and the Issuer fails to make the payment when due. The only remedy against the Issuer available to any Securityholder for recovery of amounts in respect of the Securities following the occurrence of a payment default after any sum becomes due in respect of the Securities will be proving in such winding-up and/or claiming in the liquidation of the Issuer in respect of any payment obligations of the Issuer arising from the Securities.

The Securities confer Securityholders with limited rights upon the occurrence of a Breach of Covenant Event or a Relevant Indebtedness Default Event

The Securities confer Securityholders with limited rights upon the occurrence of a Breach of Covenant Event or a Relevant Indebtedness Default Event. The Issuer may, at any time, on giving irrevocable notice to the Trustee, and the Securityholders, redeem in whole, but not in part, the Securities if any of such events occurs. The Issuer is, however, not obliged to redeem the Securities upon the occurrence of any of such events under the Securities. If the Issuer elects not to redeem the Securities upon the occurrence of such events, the Distribution Rate will increase by a certain percentage per annum pursuant to Securities Condition 5.3. However, the occurrence of a Breach of Covenant Event or a Relevant Indebtedness Default Event may result in certain of the Issuer's other capital markets indebtedness becoming immediately due and payable upon certain steps being taken by the relevant holders and/or their representatives. There can be no assurance that, after discharge of the Issuer's obligations under such other capital markets indebtedness, the Issuer would have sufficient liquidity to ensure timely payment of any amounts payable in respect of the Securities.

Risks Relating to the Market Generally

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

Instruments issued under the Programme have no current active trading market and may trade at a discount to their initial offering price and/or with limited liquidity

Instruments issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (unless, in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Instruments which is already issued). If the Instruments are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. If the Instruments are trading at a discount, investors may not be able to receive a favourable price for their Instruments and in some circumstances investors may not be able to sell their Instruments at all or at their fair market value. In addition, the market for investment grade and crossover grade debt has been subject to disruptions that have caused volatility in prices of securities similar to the Instruments issued under the Programme. Accordingly, there is no assurance as to the development or liquidity of any trading market, or that disruptions will not occur, for any particular Tranche of Instruments. This is particularly the case for Instruments that are especially sensitive to interest rate, currency or market risks, designed for specific investment objectives or strategies, or have been structured to meet the investment requirements of limited categories of investors. These types of Instruments generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have an adverse effect on the market value of the Instruments.

Exchange rate risks and exchange controls may result in investors receiving less interest or principal than expected

The Issuer will pay principal, interest and distribution (if applicable) on the Instruments in the currency specified in the relevant Pricing Supplement (the “**Specified Currency**”). This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (i) the Investor’s Currency equivalent yield on the Instruments, (ii) the Investor’s Currency equivalent value of the principal payable on the Instruments and (iii) the Investor’s Currency equivalent market value of the Instruments.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Changes in market interest rates may adversely affect the value of fixed rate Instruments

Investment in fixed rate Instruments involves the risk that subsequent changes in market interest rates may adversely affect the value of fixed rate Instruments.

Risks Relating to Renminbi-denominated Instruments

Instruments denominated in RMB (“**RMB Instruments**”) may be issued under the Programme. RMB Instruments carry particular risks for potential investors.

Renminbi is not freely convertible; there are significant restrictions on the remittance of Renminbi into or out of the PRC

Renminbi is not freely convertible at present. The government of the PRC continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar. However, there has been significant reduction in control by it in recent years particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items. On the other hand, the remittance of Renminbi by foreign investors into the PRC for the settlement of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are being developed.

Although PBOC has implemented policies improving accessibility to Renminbi to settle cross-border transactions in the past, there is no assurance that the PRC government will liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. Despite the Renminbi internationalisation pilot programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC government will not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Instruments denominated in Renminbi.

The availability of Renminbi outside the PRC may be limited, which may affect the liquidity of RMB Instruments and the Issuer’s ability to source Renminbi outside the PRC to service such RMB Instruments

As a result of the restrictions by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

While the PBOC has entered into agreements (“**Settlement Agreements**”) on the clearing of Renminbi business with financial institutions (“**Renminbi Clearing Banks**”) in a number of financial centres and cities, including but not limited to Hong Kong and has established the Cross-Border Inter-Bank Payments System (“**CIPS**”) to facilitate cross-border Renminbi settlement and is further in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions, the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by the PBOC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from the PBOC, although PBOC has gradually allowed participating banks to access the PRC's onshore inter-bank market for the purchase and sale of Renminbi. The Renminbi Clearing Banks only have limited access to onshore liquidity support from the PBOC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In cases where the participating banks cannot source sufficient Renminbi through the above channels, they will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future, which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the RMB Instruments. To the extent the Issuer is required to source Renminbi outside the PRC to service the RMB Instruments, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Investment in RMB Instruments is subject to exchange rate risks

The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. Recently, the PBOC implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. All payments of interest, distribution, premium (if any) and principal will be made in Renminbi with respect to RMB Instruments unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the RMB Instruments in that foreign currency will decline.

Payments for the RMB Instruments will only be made to investors in the manner specified in the RMB Instruments

All payments to investors in respect of the RMB Instruments will be made solely (i) for so long as the RMB Instruments are represented by global certificates held with the common depositary for Clearstream and Euroclear Bank SA/NV or any alternative clearing system, by transfer to a Renminbi bank account maintained in Hong Kong or a financial centre in which a Renminbi Clearing Bank clears and settles Renminbi, (ii) for so long as the RMB Instruments are represented by global certificates lodged with a sub-custodian for or registered with the CMU, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing CMU rules and procedures, or (iii) or so long as the RMB Instruments are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. The Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC).

Gains on the transfer of the RMB Instruments may become subject to income taxes under PRC tax laws

Under the PRC EIT Law, the PRC Individual Income Tax Law and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of RMB Instruments by non-PRC resident enterprise or individual Holders may be subject to PRC enterprise income tax (“**EIT**”) or PRC individual income tax (“**IIT**”) if such gain is income derived from sources within the PRC. The PRC EIT Law levies EIT at the rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident enterprise from the transfer of RMB Instruments but its implementation rules have reduced the EIT rate to 10 per cent. The PRC Individual Income Tax Law levies IIT at a rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident individual Holder from the transfer of RMB Instruments. However, uncertainty remains as to whether the gain realised from the transfer of RMB Instruments by non-PRC resident enterprise or individual Holders would be treated as income derived from sources within the PRC and subject to the EIT or IIT. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC EIT Law, the PRC Individual Income Tax Law and the relevant implementing rules. Pursuant to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, Noteholders and Securityholders who are residents of Hong Kong, including enterprise Holders and individual Holders, will not be subject to the PRC EIT or IIT on capital gains derived from a sale or exchange of the Instruments.

Therefore, if non-PRC enterprise or individual resident Holders are required to pay PRC income tax on gains derived from the transfer of RMB Instruments, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise or individual resident holders of RMB Instruments reside that reduces or exempts the relevant EIT or IIT, the value of their investment in RMB Instruments may be materially and adversely affected.

TERMS AND CONDITIONS OF THE NOTES

This Note is one of a Series (as defined below) of Notes issued by Far East Horizon Limited (the *Issuer*) constituted by a notes trust deed (such notes trust deed as modified and/or supplemented and/or restated from time to time, the *Notes Trust Deed*) dated 31 May 2017 made between the Issuer and The Hongkong and Shanghai Banking Corporation Limited (the *Trustee*, which expression shall include any successor as Trustee).

References herein to the *Notes* shall be references to the Notes of this Series and shall mean:

- (a) in relation to any Notes represented by a global Note, units of the lowest Specified Denomination in the Specified Currency;
- (b) any global Note in bearer form (each a *Global Note*);
- (c) any global Note in registered form (each a *Global Certificate*);
- (d) any definitive Note in bearer form (*Definitive Note*, together with the Global Note, the *Bearer Notes*) issued in exchange for a Global Note; and
- (e) any definitive Note in registered form (*Definitive Certificate*, together with the Global Certificate, the *Registered Notes*) issued in exchange for a Global Certificate.

The Notes, the Receipts (as defined below) and the Coupons (as defined below) have the benefit of an agency agreement (such agency agreement as amended and/or supplemented and/or restated from time to time, the *Agency Agreement*) dated 31 May 2017 and made between the Issuer, the Trustee, The Hongkong and Shanghai Banking Corporation Limited as the issuing and paying agent (the *Issuing and Paying Agent*, which expression shall include any successor issuing and paying agent), The Hongkong and Shanghai Banking Corporation Limited as CMU lodging and paying agent (the *CMU Lodging and Paying Agent*, which expression shall include any successor CMU lodging and paying agent) and the other paying agents named therein (together with the Issuing and Paying Agent, the CMU Lodging and Paying Agent and the U.S. Paying Agent (as defined below), the *Paying Agents*, which expression shall include any additional or successor paying agents) and The Hongkong and Shanghai Banking Corporation Limited as registrar (the *Registrar*, which expression shall include any successor registrar) and as transfer agent (together with the Registrar and the other transfer agents named therein, the *Transfer Agents*, which expression shall include any additional or successor transfer agents) and The HSBC Bank USA, National Association as the U.S. paying agent, U.S. registrar, U.S. transfer agent and U.S. exchange agent (the *U.S. Paying Agent, U.S. Registrar, U.S. Transfer Agent and U.S. Exchange Agent*). For the purposes of these Conditions, all references (other than in relation to the determination of interest and other amounts payable in respect of the Notes) to the Issuing and Paying Agent shall, with respect to a Series of Notes to be held in the CMU Service (as defined below), be deemed to be a reference to the CMU Lodging and Paying Agent and all such references shall be construed accordingly.

Interest bearing Definitive Notes have interest coupons (*Coupons*) and, if indicated in the applicable Pricing Supplement, talons for further Coupons (*Talons*) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Definitive Notes repayable in instalments have receipts (*Receipts*) for the payment of the instalments of principal (other than the final instalment) attached on issue. Registered Notes and Notes in global forms do not have Receipts, Coupons or Talons attached on issue.

The final terms for this Note (or the relevant provisions thereof) are set out in the Pricing Supplement attached to or endorsed on this Note which supplements these Conditions and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the Conditions, replace or modify the Conditions for the purposes of this Note. References to the *applicable Pricing Supplement* are to the Pricing Supplement (or the relevant provisions thereof) attached to or endorsed on this Note.

The Trustee acts for the benefit of the holders for the time being of the Notes (the *Noteholders*, which expression shall, in relation to any Notes represented by a Global Note or Global Certificate, be construed as provided in Condition 1 below), the holders of the Receipts (the *Receiptholders*) and the holders of the Coupons (the *Couponholders*, which expression shall, unless the context otherwise requires, include the holders of the Talons), in accordance with the provisions of the Notes Trust Deed.

As used herein, *Tranche* means Notes which are identical in all respects (including as to listing and admission to trading) and *Series* means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (a) expressed to be consolidated and form a single series and (b) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Copies of the Notes Trust Deed and the Agency Agreement are available for inspection during normal business hours upon reasonable advance notice at the specified office for the time being of the Trustee and at the specified office of each of the Paying Agents, the Registrar, the U.S. Registrar, the other Paying Agents, Transfer Agents, the U.S. Transfer Agent and the U.S. Exchange Agent (such Paying Agents, Transfer Agents, U.S. Transfer Agent, U.S. Registrar, U.S. Exchange Agent and the Registrar being together referred to as *Agents*). Copies of the applicable Pricing Supplement are available for viewing during normal business hours at the registered office of the Issuer and of any Agent (as applicable) and copies may be obtained from those offices save that, if this Note is an unlisted Note of any Series, the applicable Pricing Supplement will only be obtainable by a Noteholder holding one or more unlisted Notes of that Series and such Noteholder must produce evidence satisfactory to the Issuer and the Trustee or, as the case may be, and the relevant Agent as to its holding of such Notes and identity. The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Notes Trust Deed, the Agency Agreement and the applicable Pricing Supplement which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Notes Trust Deed and the Agency Agreement.

Words and expressions defined in the Notes Trust Deed, the Agency Agreement or used in the applicable Pricing Supplement shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Notes Trust Deed and the Agency Agreement, the Notes Trust Deed will prevail and, in the event of inconsistency between the Notes Trust Deed or the Agency Agreement and the applicable Pricing Supplement, the applicable Pricing Supplement will prevail.

1. Form, Denomination and Title

The Notes are in bearer form or in registered form as specified in the applicable Pricing Supplement and, in the case of definitive Notes, serially numbered, in the Specified Currency and the Specified Denomination(s). Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination and Bearer Notes may not be exchanged for Registered Notes and *vice versa*.

This Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, a Dual Currency Interest Note or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Pricing Supplement.

This Note may be an Index Linked Redemption Note, an Instalment Note, a Dual Currency Redemption Note, a Partly Paid Note or a combination of any of the foregoing, depending upon the Redemption/Payment Basis shown in the applicable Pricing Supplement.

Definitive Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in the Conditions are not applicable.

Subject as set out below, title to the Bearer Notes, Receipts and Coupons will pass by delivery and title to Registered Notes will pass upon registration of transfers in the register which is kept by the Registrar in accordance with the provisions of the Agency Agreement. The Issuer, the Agents and the Trustee will (except as otherwise required by law) deem and treat the bearer of any Bearer Note, Receipt or Coupon and the registered holder of any Registered Note as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note or Global Certificate, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note or Global Certificate held on behalf of Euroclear Bank SA/NV as operator of the Euroclear System (*Euroclear*) and/or Clearstream Banking, S.A. (*Clearstream*), The Depository Trust Company (*DTC*) and/or the Hong Kong Monetary Authority as operator of the Central Moneymarkets Unit Service (the *CMU Service*), each person (other than Euroclear, Clearstream, DTC or the CMU Service) who is for the time being shown in the records of Euroclear, Clearstream, DTC or the CMU Service as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear, Clearstream, DTC or the CMU Service as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Agents and the Trustee as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note or the registered holder of the relevant Global Certificate shall be treated by the Issuer, the Agents and the Trustee as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note or Global Certificate and the expressions *Noteholder* and *holder of Notes* and related expressions shall be construed accordingly. Notwithstanding the above, if a Note (whether in global or definitive form) is held through the CMU Service, any payment that is made in respect of such Note shall be made to the person(s) for whose account(s) interests in such Note are credited as being held through the CMU Service in accordance with the CMU Rules at the relevant time as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Instrument Position Report or any other relevant notification by the CMU Service (which notification, in either case, shall be conclusive evidence of the records of the CMU Service as to the identity of any accountholder and the principal amount of any Note credited to its account, save in the case of manifest error) (*CMU Accountholders*) and such payments shall discharge the obligation of the Issuer in respect of that payment under such Note.

For so long as DTC or its nominee is the registered owner or holder of a Global Certificate, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented such Global Certificate for all purposes under the Notes Trust Deed and the Agency Agreement and the Notes except to the extent that in accordance with DTC's published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants.

Notes which are represented by a Global Note or a Global Certificate will be transferable only in accordance with the rules and procedures for the time being of Euroclear, Clearstream, DTC or the CMU Service, as the case may be.

References to Euroclear, Clearstream, DTC and/or the CMU Service shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Pricing Supplement or as may otherwise be approved by the Issuer, the Agents and the Trustee.

2. Transfers of Registered Notes

2.1 Transfers of interests in Global Certificates

Transfers of beneficial interests in Global Certificates will be effected by Euroclear, Clearstream DTC or the CMU Service, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Global Certificate will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Definitive Certificate or for a beneficial interest in another Global Certificate only in the authorised denominations set out in the applicable Pricing Supplement and only in accordance with the rules and operating procedures for the time being of Euroclear, Clearstream, DTC or the CMU Service, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.

2.2 Transfers of Definitive Certificates

Subject as provided in Condition 2.7 and Condition 2.8 below, upon the terms and subject to the conditions set forth in the Agency Agreement, a Definitive Certificate may be transferred in whole or in part (in the authorised denominations set out in the applicable Pricing Supplement). In order to effect any such transfer (a) the holder or holders must (i) surrender the Definitive Certificate for registration of the transfer of the Definitive Certificate (or the relevant part of the Definitive Certificate) during normal business hours at the specified office of the Registrar or the U.S. Registrar (as applicable) or any Transfer Agent or U.S. Transfer Agent (as applicable), with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (ii) complete and deposit such other certifications as may be required by the Registrar or the U.S. Registrar (as applicable) or, as the case may be, the relevant Transfer Agent or the U.S. Transfer Agent (as applicable) during normal business hours at their respective specified offices and (b) the Registrar or the U.S. Registrar (as applicable) or, as the case may be, the relevant Transfer Agent or the U.S. Transfer Agent (as applicable) must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar (or the U.S. Registrar, as the case may be) may from time to time prescribe (the initial such regulations being set out in Schedule 4 to the Agency Agreement). Subject as provided above, the Registrar or the U.S. Registrar (as applicable) or, as the case may be, the relevant Transfer Agent or the U.S. Transfer Agent (as applicable) will, within three business days (being for the purpose of this Condition a day on which banks are open for business in the city where the specified office of the Registrar or the U.S. Registrar (as applicable) or, as the case may be, the relevant Transfer Agent or the U.S. Transfer Agent (as applicable) is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), procure the authentication and delivery of, to the transferee at its specified office or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Definitive Certificate of a like aggregate nominal amount to the Definitive Certificate (or the relevant part of the Definitive Certificate) transferred. In the case of the transfer of part only of the Definitive Certificate, a new Definitive Certificate in respect of the balance of the definitive Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent by uninsured mail to the transferor.

2.3 Registration of transfer upon partial redemption

In the event of a partial redemption of Notes under Condition 7, the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

2.4 Costs of registration

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration. To the extent that any such costs and expenses are incurred by the Trustee and/or the Agents, the Trustee and/or the Agents will be indemnified according to the Notes Trust Deed and the Agency Agreement.

2.5 Transfers of interests in Regulation S Global Certificate

Prior to expiry of the applicable Distribution Compliance Period, transfers by the holder of, or of a beneficial interest in, a Regulation S Global Certificate to a transferee in the United States or who is a U.S. person will only be made:

2.5.1 upon receipt by the Registrar or the U.S. Registrar (as applicable) of a written certification substantially in the form set out in the Agency Agreement, amended as appropriate (a *Transfer Certificate*), copies of which are available from the specified office of the Registrar or the U.S. Registrar (as applicable) or any Transfer Agent or the U.S. Transfer Agent (as applicable), from the transferor of the Note or beneficial interest therein to the effect that such transfer is being made:

- (A) to a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A; or
- (B) to a person who is an Institutional Accredited Investor, together with, in the case of (B), a duly executed investment letter from the relevant transferee substantially in the form set out in the Agency Agreement (an *IAI Investment Letter*); or

2.5.2 otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any States of the United States,

and, in each case, in accordance with any applicable securities laws of any States of the United States or any other jurisdiction.

In the case of (A) above, such transferee may take delivery through a Legended Note in global or definitive form and, in the case of (B) above, such transferee may take delivery only through a Legended Note in definitive form. After expiry of the applicable Distribution Compliance Period (i) beneficial interest in Regulation S Global Certificates registered in the name of a nominee for DTC may be held through DTC directly, by a participant in DTC, or indirectly through a participant in DTC and (ii) such certificate requirements will no longer apply to such transfers.

2.6 Transfer of interests in Legended Notes

Transfers of Legended Notes or beneficial interests therein may be made:

2.6.1 to a transferee who takes delivery of such interest through a Regulation S Global Certificate, upon receipt by the Registrar or the U.S. Registrar (as applicable) of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that in the case of a Regulation S Global Certificate registered in the name of a nominee for DTC, if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interest in the Notes being transferred will be held immediately thereafter through Euroclear and/or Clearstream; or

2.6.2 to a transferee who takes delivery of such interest through a Legended Note:

(A) where the transferee is a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A, without certification; or

(B) where the transferee is an Institutional Accredited Investor, subject to delivery to the Registrar of a Transfer Certificate from the transferor to the effect that such transfer is being made to an Institutional Accredited Investor, together with a duly executed IAI Investment Letter from the relevant transferee; or

2.6.3 otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States,

and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

Notes transferred by Institutional Accredited Investors to QIBs pursuant to Rule 144A or outside the United States pursuant to Regulation S will be eligible to be held by such QIBs or non-U.S. investors through DTC, Euroclear or Clearstream, as appropriate, and the Registrar or the U.S. Registrar (as applicable) will arrange for any Notes which are subject of such a transfer to be represented by the appropriate Registered Global Certificate, where applicable.

Upon the transfer, exchange or replacement of Legended Notes, or upon specific require for removal of the Legend, the Registrar or the U.S. Registrar (as applicable) shall deliver only Legended Notes or refuse to remove such Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

2.7 Closed Periods

No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on the due date for redemption of, or payment of any Instalment Amount (as set out in the Pricing Supplement) in respect of, that Note, (ii) during the period of 15 days before any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 7.3, (iii) after any such Note has been called for redemption, or (iv) during the period of seven days ending on (and including) any Record Date (as defined in Condition 6.4).

2.8 Exchanges and transfers of Definitive Certificates generally

Holders of Definitive Certificates may exchange such Certificates for interests in a Global Certificate of the same type at any time.

2.9 Definitions

In this Condition, the following expressions shall have the following meanings:

Business Day Convention means the convention for adjusting any relevant date if it would otherwise fall on a day that is not a Business Day (as defined below);

Distribution Compliance Period has the meaning given to it in Regulation S;

Institutional Accredited Investor means *accredited investors* (as defined in Rule 501(a)(1), (2), (3) or (7) under the Securities Act that are institutions;

Legended Notes means Registered Notes in definitive form that are issued to Institutional Accredited Investors and Registered Notes (whether in definitive form or represented by a Registered Global Certificate) sold in private transactions to QIBs in accordance with the requirements of Rule 144A which bear a legend specifying certain restrictions on transfer (a *Legend*);

QIB means a *qualified institutional buyer* within the meaning of Rule 144A;

Regulation S means Regulation S under the Securities Act;

Regulation S Global Certificate means a Global Certificate representing Notes sold outside the United States in reliance on Regulation S;

Rule 144A means Rule 144A under the Securities Act; and

Securities Act means the United States Securities Act of 1933, as amended.

3. Status of the Notes

The Notes and any relative Receipts and Coupons are direct, unconditional, unsubordinated and (subject to the provisions of Condition 4.1) unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, from time to time outstanding.

4. Covenants

4.1 Negative Pledge

For so long as any Note remains outstanding, the Issuer will not, and will ensure that none of its Subsidiaries (as defined below) will create, or have outstanding, any mortgage, charge, lien, pledge or other security interest, upon the whole or any part of its present or future undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness (as defined below), or any guarantee or indemnity in respect of any Relevant Indebtedness, without at the same time or prior thereto according to such Note the same security as is created or subsisting to secure any such Relevant Indebtedness, guarantee or indemnity or such other security as shall be approved by an Extraordinary Resolution (as defined in the Notes Trust Deed) of the Noteholders.

For the purposes of these Conditions:

- (a) **Relevant Indebtedness** means any indebtedness which is in the form of, or represented or evidenced by, bonds, notes, debentures, loan stock or other securities which for the time being are, or are intended by the Issuer to be or capable of being, quoted, listed or dealt in or traded on any stock exchange or over-the-counter or other securities market but shall not include any asset-backed securities offered or issued by the Issuer or any Subsidiaries of the Issuer to investors where payments made under such securities are backed by or collateralised against certain assets of the Issuer or its Subsidiaries, provided that the aggregate value of such assets at any time shall not exceed 30 per cent. of the consolidated gross assets of the Issuer (as shown by the latest audited balance sheet of the Issuer); and
- (b) **Subsidiary** means any entity whose financial statements at any time are required by law or in accordance with generally accepted accounting principles to be fully consolidated with those of the Issuer.

4.2 Disposals

The Issuer will not, and will ensure that none of its Principal Subsidiaries (as defined in Condition 10) will (whether by a single transaction or a number of related or unrelated transactions and whether at the same time or over a period of time) sell, transfer or otherwise dispose of any asset if the aggregate value of the assets being disposed, together with those assets previously disposed of since the Issue Date of the relevant Note, at any time exceeds 30 per cent. of the consolidated gross assets of the Issuer (as shown by the latest audited balance sheet of the Issuer) provided, however, that such disposal of assets shall not include assets sold or disposed to a trust or a financial institution as part of any asset backed securities transactions or other like arrangement where the payment obligations in respect of the indebtedness whether or not secured by the relevant security interest are to be discharged from the revenues generated by assets over which such security interest is created, if any (including, without limitation, receivables).

4.3 NDRC Post-issue Registration

The Issuer will, where the NDRC Circular applies to the relevant Tranche of Notes, provide or cause to be provided a notification of the requisite information and documents in connection with such Tranche of Notes to the NDRC within the prescribed timeframe after the relevant Issue Date in accordance with the NDRC Circular (the **NDRC Post-issue Registration**), and the Issuer undertakes to give notice to the Noteholders in accordance with Condition 14 confirming submission of the NDRC Post-issue Registration as soon as practicable following the NDRC Post-issue Registration.

The Trustee shall have no obligation to monitor and ensure the completion of the NDRC Post-issue Registration on or before the deadline referred to above or to verify the accuracy, validity and/or genuineness of any documents in relation to or in connection with the NDRC Post-issue Registration or to give notice to the Noteholders confirming the completion of the NDRC Post-issue Registration. The Trustee shall not be liable to the Noteholders or any other person for not doing so.

For the purpose of this Condition 4.3:

- (a) **NDRC** means the National Development and Reform Commission of the People's Republic of China or its local counterparts; and
- (b) **NDRC Circular** means the Circular on Promoting the Reform of the Administrative System on the Issuance by Enterprises of Foreign Debt Filings and Registrations (國家發展改革委關於推進企業發行外債備案登記制管理改革的通知(發改外資[2015]2044號)) issued by the NDRC and which came into effect on 14 September 2015, and other applicable implementation rules, regulations, certificates, circulars, notices or policies thereof as issued by the NDRC from time to time.

5. Interest

5.1 Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the nominal amount paid up) from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Pricing Supplement, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Pricing Supplement, amount to the Broken Amount so specified.

As used in these Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Pricing Supplement, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (a) in the case of Fixed Rate Notes which are represented by a Global Note or Global Certificate, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note or Global Certificate (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (b) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (a) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (b) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (c) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

For the purposes of these Conditions:

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 5.1:

- (a) if “**Actual/Actual (ICMA)**” is specified in the applicable Pricing Supplement:
 - (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates (as specified in the applicable Pricing Supplement) that would occur in one calendar year; or
 - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (b) if “30/360” is specified in the applicable Pricing Supplement, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360; and
- (c) if “Actual/365 (Fixed)” is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365;

Business Day means a day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Hong Kong and any Additional Business Centre specified in the applicable Pricing Supplement; and
- (b) either (i) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than Hong Kong and any Additional Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (ii) in relation to any sum payable in Euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the TARGET2 System) is open or (iii) in relation to any sum payable in CNY, a day (other than a Saturday, Sunday or public holiday) on which commercial banks in Hong Kong are generally open for business and settlement of CNY payments in Hong Kong;

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than Euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to Euro, one cent.

5.2 Interest on Floating Rate Notes and Index Linked Interest Notes

5.2.1 Interest Payment Dates

Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the nominal amount paid up) from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Pricing Supplement;
or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Pricing Supplement, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Pricing Supplement after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 5.2.1(i) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Conditions, **Business Day** means a day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Hong Kong and any Additional Business Centre specified in the applicable Pricing Supplement; and
- (b) either (i) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than Hong Kong and any Additional Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (ii) in relation to any sum payable in Euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the TARGET2 System) is open or (iii) in relation to any sum payable in CNY, a day (other than a Saturday, Sunday or public holiday) on which commercial banks in Hong Kong are generally open for business and settlement of CNY payments in Hong Kong.

5.2.2 Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Index Linked Interest Notes will be determined in the manner specified in the applicable Pricing Supplement.

(i) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any). For the purposes of this subparagraph 5.2.2(i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Issuing and Paying Agent under an interest rate swap transaction if the Issuing and Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the applicable Pricing Supplement;
- (B) the Designated Maturity is a period specified in the applicable Pricing Supplement; and
- (C) the relevant Reset Date is either (a) if the applicable Floating Rate Option is based on the London interbank offered rate (**LIBOR**), the Euro-zone interbank offered rate (**EURIBOR**) or the Hong Kong interbank offered rate (**HIBOR**), the first day of that Interest Period or (b) in any other case, as specified in the applicable Pricing Supplement.

For the purposes of this subparagraph 5.2.2(i), (**Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity** and **Reset Date**) have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Pricing Supplement the Minimum Rate of Interest shall be deemed to be zero.

(ii) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR, or Hong Kong time, in the case of HIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any), all as determined by the Issuing and Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Issuing and Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Pricing Supplement as being other than LIBOR, EURIBOR or HIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Pricing Supplement.

5.2.3 Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Pricing Supplement specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph 5.2.2 above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Pricing Supplement specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph 5.2.2 above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

5.2.4 Determination of Rate of Interest and calculation of Interest Amounts

The Issuing and Paying Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Index Linked Interest Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Index Linked Interest Notes, the Calculation Agent will notify the Issuing and Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Issuing and Paying Agent will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes or Index Linked Interest Notes for the relevant Interest Period by applying the Rate of Interest to:

- (i) in the case of Floating Rate Notes or Index Linked Interest Notes which are represented by a Global Note or Global Certificate, the aggregate outstanding nominal amount of the Notes represented by such Global Note or Global Certificate (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (ii) in the case of Floating Rate Notes or Index Linked Interest Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note or an Index Linked Interest Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

For the purposes of these Conditions:

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 5.2:

- (i) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “Actual/365 (Fixed)” is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365;
- (iii) if “Actual/365 (Sterling)” is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “Actual/360” is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30; and

- (vii) if “30E/360 (ISDA)” is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

5.2.5 Notification of Rate of Interest and Interest Amounts

The Issuing and Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Trustee and any stock exchange on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth Hong Kong Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression ***Hong Kong Business Day*** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Hong Kong.

5.2.6 Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5.2, whether by the Issuing and Paying Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful misconduct, fraud, gross negligence, manifest error or proven error) be binding on the Issuer, the Issuing and Paying Agent, the Calculation Agent (if applicable), the other Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful misconduct, fraud or gross negligence) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Issuing and Paying Agent, if applicable, the Calculation Agent, the Trustee or any other Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 Interest on Dual Currency Interest Notes

The rate or amount of interest payable in respect of Dual Currency Interest Notes shall be determined in the manner specified in the applicable Pricing Supplement.

5.4 Interest on Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Pricing Supplement.

5.5 Accrual of interest

Each interest-bearing Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue both before and after judgment in accordance with these Conditions until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) as provided in the Notes Trust Deed.

6. Payments

6.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than Euro or CNY will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively);
- (b) payments in Euro will be made by credit or transfer to a Euro account (or any other account to which Euro may be credited or transferred) specified by the payee or, at the option of the payee, by a Euro cheque;
- (c) payments in CNY will be made by transfer to a CNY account maintained by or on behalf of the Noteholder with a bank in Hong Kong.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8.

6.2 Presentation of Definitive Notes, Receipts and Coupons

Payments of principal in respect of Definitive Notes will (subject as provided below) be made in the manner provided in Condition 6.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Definitive Notes, and payments of interest in respect of Definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case during normal business hours at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of Definitive Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in Condition 6.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in Condition 6.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Definitive Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Note to which it appertains. Receipts presented without the Definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any Definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive bearer form (other than Dual Currency Notes, Index Linked Notes or Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case

of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A *Long Maturity Note* is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any Definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Note.

6.3 Payments in respect of Global Notes

Payments of principal and interest (if any) in respect of any Global Note will (subject as provided below) be made in the manner specified above in relation to Definitive Notes or otherwise in the manner specified in the relevant Global Note (i) in the case of a Global Note lodged with the CMU Service to the CMU Accountholders and payment made in accordance thereof shall discharge the obligation of the Issuer in respect of that payment, or (ii) in the case of a Global Note not lodged with the CMU Service, against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States during normal business hours. A record of each payment made in respect any Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note (in the case of a Global Note not lodged with the CMU Service) against presentation by the Paying Agent to which it was presented or (in the case of a Global Note lodged with the CMU Service) on withdrawal of such Global Note by the CMU Lodging and Paying Agent, or in the records of Euroclear, Clearstream, DTC or the CMU Service, as applicable.

6.4 Payments in respect of Registered Notes

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note during normal business hours at the specified office of the Registrar or the U.S. Registrar (as applicable) or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the *Register*) (i) where in global form, at the close of the business day (being for this purpose,

in respect of Notes clearing through Euroclear and Clearstream, a day on which Euroclear and Clearstream, are open for business, in respect of Notes clearing through DTC, a day on which DTC is open for business and in respect of Notes clearing through the CMU Service, a day on which the CMU Service is open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, for payments in any Specified Currency other than CNY, if (a) a holder does not have a Designated Account or (b) the principal amount of the Notes held by a holder is less than U.S.\$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). **Designated Account** means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than Euro and CNY) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively) and (in the case of a payment in Euro) any bank which processes payments in Euro and (in the case of a payment in CNY) a bank in Hong Kong.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note (whether or not in global form) will be made by transfer to the Designated Account of the holder of the Registered Note or (in respect of any Specified Currency other than CNY) by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located on the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose, in respect of Notes clearing through Euroclear and Clearstream, a day on which Euroclear and Clearstream are open for business, in respect of Notes clearing through DTC, a day on which DTC is open for business and in respect of Notes clearing through the CMU Service, a day on which the CMU Service is open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifth day (in the case of CNY) or the fifteenth day (in the case of a currency other than CNY, whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**) at his address shown in the Register on the Record Date and at his risk.

Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest or an instalment of principal (other than the final instalment) in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

All amounts payable to DTC or its nominee as registered holder of Global Certificate in registered form in respect of Notes denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the U.S. Paying Agent to an account in the relevant Specified Currency of the U.S. Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Agency Agreement.

In the case of Registered Note held through the CMU Service, payment will be made to the CMU Accountholders and such payment shall discharge the obligations of the Issuer in respect of that payment.

None of the Issuer, the Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Global Certificates or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

6.5 General provisions applicable to payments

The holder of a Global Note or a Global Certificate (if the Global Note or the Global Certificate is not lodged with the CMU Service) or the CMU Accountholder (if the Global Note or the Global Certificate is lodged with the CMU Service) shall be the only person(s) entitled to receive payments in respect of Notes represented by such Global Note or Global Certificate or such CMU Accountholder (as the case may be) and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note or Global Certificate or such CMU Accountholder in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, DTC or the CMU Service as the beneficial holder of a particular nominal amount of Notes represented by such Global Note or Global Certificate must look solely to Euroclear, Clearstream, DTC or the CMU Service, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note or Global Certificate.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Bearer Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

6.6 Payment Day

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day (as defined below), the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, *Payment Day* means any day which (subject to Condition 9) is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (i) the relevant place of presentation (if the Notes are in definitive form);
 - (ii) Hong Kong; and
 - (iii) each Additional Financial Centre specified in the applicable Pricing Supplement; and
- (b) either (A) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (B) in relation to any sum payable in Euro, a day on which the TARGET2 System is open or (C) in relation to any sum payable in CNY, a day on which banks and foreign exchange markets are open for business and settlement of CNY payments in Hong Kong; and
- (c) in the case of any payment in respect of a Global Certificate denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Global Certificate) has elected to receive any part of such payment in U.S. dollars, a day other than a Saturday or Sunday or any other day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.

6.7 Interpretation of principal and interest

Any reference in these Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) any Additional Amounts (as defined in Condition 8) which may be payable with respect to principal under Condition 8 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Notes Trust Deed;
- (b) the Final Redemption Amount of the Notes;
- (c) the Early Redemption Amount of the Notes;
- (d) the Optional Redemption Amount(s) (if any) of the Notes;
- (e) in relation to Notes redeemable in instalments, the Instalment Amounts (as set out in the Pricing Supplement);
- (f) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7.6); and
- (g) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any Additional Amounts which may be payable with respect to interest under Condition 8 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Notes Trust Deed.

7. Redemption and Purchase

7.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note (including each Index Linked Redemption Note and Dual Currency Redemption Note) will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Pricing Supplement in the relevant Specified Currency on the Maturity Date.

7.2 Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is neither a Floating Rate Note, an Index Linked Interest Note nor a Dual Currency Interest Note) or on any Interest Payment Date (if this Note is either a Floating Rate Note, an Index Linked Interest Note or a Dual Currency Interest Note), on giving not less than 30 nor more than 60 days' notice (a ***Tax Redemption Notice***) to the Trustee and the Issuing and Paying Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if the Issuer satisfies the Trustee immediately before the giving of such notice that:

- (a) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay Additional Amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8), or any change in the application or official interpretation of such laws or regulations (including a decision by a court of competent jurisdiction), which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes, provided that in the case of the People's Republic of China, such change or amendment has resulted in the rate of any withholding or deduction being in excess of 10 per cent.; and
- (b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no Tax Redemption Notice shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such Additional Amounts were a payment in respect of the Notes then due.

Prior to the publication of any Tax Redemption Notice pursuant to this Condition, the Issuer shall deliver to the Trustee a certificate signed by one authorised signatory of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal or tax advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such Additional Amounts as a result of such change or amendment and the Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders, the Receiptholders and the Couponholders, notwithstanding that such certificate may contain a monetary or other limitation or any exclusion of liability of the Issuer.

Notes redeemed pursuant to this Condition 7.2 will be redeemed at their Early Redemption Amount referred to in Condition 7.6 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

7.3 Redemption at the option of the Issuer (Issuer Call)

If Issuer Call is specified in the applicable Pricing Supplement, the Issuer may, having given:

- (a) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 14; and
- (b) not less than five business days before the giving of the notice referred to in Condition 7.3(a) above, notice to the Trustee, the Issuing and Paying Agent and, in the case of a redemption of Registered Notes, the Registrar;

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Pricing Supplement together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. If the Notes are to be redeemed in part only, any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Pricing Supplement. In the case of a partial redemption of Notes, the Notes to be redeemed (*Redeemed Notes*) will be selected individually by lot, (i) in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear, Clearstream and/or DTC (to be reflected in the records of Euroclear, Clearstream and/or DTC (as applicable) as either a pool factor or a reduction in nominal amount, at their discretion) and/or the CMU Service (as appropriate); and (ii) in the case of Redeemed Notes represented by a Global Note or Global Certificate, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the *Selection Date*). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding and Notes outstanding represented by such Global Note or Global Certificate, respectively, bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that, if necessary, appropriate adjustments shall be made to such nominal amounts to ensure that each represents an integral multiple of the Calculation Amount. No exchange of the relevant Global Note or Global Certificate will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 7.3 and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least five days prior to the Selection Date.

7.4 Redemption at the option of the Noteholders (Investor Put)

If Investor Put is specified in the applicable Pricing Supplement, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than 15 nor more than 30 days' notice (or such other notice period as is specified in the applicable Pricing Supplement) (which notice shall be irrevocable save as provided below) the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Pricing Supplement, such Note on the Optional Redemption Date and at the relevant Optional Redemption Amount as specified in, or determined in the manner specified in, the applicable Pricing Supplement, together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Registered Notes may be redeemed under this Condition 7.4 in any multiple of their lowest Specified Denomination. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Pricing Supplement. Such option shall operate as set out below.

To exercise the right to require redemption of the Notes pursuant to this Condition 7.4, the holder of each Note must, if such Note is in definitive form and held outside Euroclear, Clearstream, DTC and the CMU Service, deliver at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), at any time during the normal business hours of such Paying Agent or, as the case may be, the Registrar on any Business Day (as defined in Condition 5) falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a *Put Notice*) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2.2. If such Note is in definitive bearer form, the Put Notice must be accompanied by such Note or evidence satisfactory to the Paying Agent concerned that such Note will, following delivery of the Put Notice, be held to its order or under its control.

If such Note is represented by a Global Note or Global Certificate or is in definitive form and held through Euroclear, Clearstream, DTC or the CMU Service, to exercise the right to require redemption of such Note the holder of such Note must, within the notice period, give notice to the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) of such exercise in accordance with the standard procedures of Euroclear, Clearstream, DTC and the CMU Service (which may include notice being given on his instruction by Euroclear, Clearstream, DTC or any common depositary, as the case may be, for them to the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) by electronic means or notice being given to the CMU Lodging and Paying Agent) in a form acceptable to Euroclear, Clearstream, DTC and the CMU Service from time to time.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear, Clearstream, DTC and the CMU Service given by a holder of any Note pursuant to this Condition 7.4 shall be irrevocable except where, prior to the due date of redemption, an Event of Default has occurred and the Trustee has declared the Notes to be due and payable pursuant to Condition 10, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 7.4.

7.5 Redemption in the case of Minimal Outstanding Amount

If so specified in the applicable Pricing Supplement, the Issuer may at its option, at any time, on giving not less than 30 nor more than 60 days' notice to the Noteholders in accordance with Condition 14 and the Trustee (which notice will be irrevocable), redeem, in whole but not in part, the Notes at their principal amount together with any interest accrued to the date fixed for redemption, provided that prior to the date of such notice at least 80 per cent. in principal amount of the Notes originally issued has already been redeemed or purchased and cancelled.

7.6 Early Redemption Amounts

For the purpose of Condition 7.2 above and Condition 10, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (a) in the case of a Note (other than a Zero Coupon Note, an Instalment Note and a Partly Paid Note) with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (b) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note and a Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Note is denominated, at the amount specified in, or determined in the manner specified in, the applicable Pricing Supplement or, if no such amount or manner is so specified in the applicable Pricing Supplement, at its nominal amount; or
- (c) in the case of a Zero Coupon Note, at an amount (the *Amortised Face Amount*) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360, or on such other calculation basis as may be specified in the applicable Pricing Supplement.

7.7 Instalments

Instalment Notes will be redeemed in the Instalment Amounts (as set out in the Pricing Supplement) and on the Instalment Dates (as set out in the Pricing Supplement). In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 7.6.

7.8 Partly Paid Notes

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Pricing Supplement.

7.9 Purchases

The Issuer or any Subsidiary of the Issuer may at any time purchase Notes (provided that, in the case of Definitive Notes, all unmaturing Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent and/or the Registrar for cancellation.

7.10 Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to Condition 7.9 above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Issuing and Paying Agent and cannot be reissued or resold.

7.11 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 7.1, 7.2, 7.3 or 7.4 above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 7.6(c) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Issuing and Paying Agent or the Trustee and notice to that effect has been given to the Noteholders in accordance with Condition 14.

8. Taxation

All payments of principal, premium and interest by or on behalf of the Issuer in respect of the Notes, Receipts and Coupons by the Issuer shall be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (*Taxes*) imposed or levied by or on behalf of a Tax Jurisdiction, unless the withholding or deduction of Taxes is required by law. In that event, the Issuer will pay such additional amounts (*Additional Amounts*) as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of the withholding or deduction; except that no such Additional Amounts shall be payable with respect to any Note, Receipt or Coupon:

- (a) presented for payment by or on behalf of a holder who is liable for the Taxes in respect of such Note, Receipt or Coupon by reason of his having some connection with such Tax Jurisdiction other than the mere holding of such Note, Receipt or Coupon;
- (b) presented for payment by or on behalf of a holder of such Note, Receipt or Coupon who is able to avoid such withholding or deduction by making a declaration of non-residence or other similar claim for exemption and does not make such declaration or claim; or
- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that a holder thereof would have been entitled to an Additional Amount on presenting the same for payment on the thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6.6).

For the purposes of these Conditions:

- (a) **Tax Jurisdiction** means Hong Kong and the People's Republic of China, or any political subdivision or any authority thereof or therein having power to tax; and
- (b) **Relevant Date** means the date on which the payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Trustee, the Issuing and Paying Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders by the Issuer in accordance with Condition 14.

The Issuer or any of its agents making a payment on its behalf shall be permitted to withhold or deduct from any payment of principal or interest any amounts (i) required by the rules of U.S. Internal Revenue Code of 1986 (the **Code**) Sections 1471 through 1474 (or any amended or successor provisions), any regulations or agreements thereunder, any official interpretation thereof, or (without prejudice to the provisions of this Condition 8) any law implementing an inter-governmental approach thereto, (ii) pursuant to any inter-governmental agreement or implementing legislation adopted by another jurisdiction in connection with these provisions, or (iii) pursuant to any agreement with the U.S. Internal Revenue Service (**FATCA withholding**), as a result of a holder, beneficial owner or an intermediary that is not an agent of the Issuer not being entitled to receive such payment free of FATCA withholding. The Issuer and its agents will have no liability for or have any obligation to pay Additional Amounts in respect of any such FATCA withholding deducted or withheld by the Issuer, any of its agents or any other party.

References in these Conditions to principal, interest and/or premium shall be deemed also to refer to any Additional Amounts which may be payable under this Condition or any undertaking or covenant given in addition thereto or in substitution therefor pursuant to the Notes Trust Deed.

9. Prescription

The Notes (whether in bearer or registered form), Receipts and Coupons will become void unless presented for payment within a period of five years after the Relevant Date (as defined in Condition 8) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6.2 or any Talon which would be void pursuant to Condition 6.2.

10. Events of Default

10.1 Events of Default

The Trustee at its discretion may, and if so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction), give notice in writing to the Issuer that each Note is, and each Note shall thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Notes Trust Deed if any of the following events (each an **Event of Default**) shall occur:

- (a) if default is made in the payment of any principal, premium (if any) or interest due in respect of the Notes or any of them and the default continues for a period of 5 days; or

- (b) if the Issuer does not perform or comply with one or more of its other obligations under the Conditions, the Agency Agreement or the Notes Trust Deed and (except in any case where the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by the Trustee on the Issuer of notice requiring the same to be remedied; or
- (c) if (i) any other present or future indebtedness of the Issuer or any of its Principal Subsidiaries for or in respect of moneys borrowed or raised becomes (or becomes capable of being declared) due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described), other than at the option of the Issuer or such Principal Subsidiary or any person entitled to such indebtedness (for the avoidance of doubt, excluding any person to which such indebtedness is owed), (ii) any such indebtedness is not paid when due or, as the case may be, within any originally applicable grace period or (iii) the Issuer or any of its Principal Subsidiaries fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this Condition 10.1(c) have occurred equals or exceeds U.S.\$35,000,000 (or its equivalent in any other currency or currencies); or
- (d) if a distress, attachment, execution or other legal process is levied, enforced or sued out on or against any material part of the property, assets or revenues of the Issuer or any of the Principal Subsidiaries and is not discharged or stayed within 30 days; or
- (e) if any mortgage, charge, pledge, lien or other encumbrance, present or future, created or assumed by the Issuer or any of the Principal Subsidiaries becomes enforceable and any step is taken to enforce it (including the taking of possession or the appointment of a receiver manager or other similar person); or
- (f) if the Issuer or any of the Principal Subsidiaries is (or could be deemed by law or a court to be) insolvent or bankrupt or unable to pay its debts, stops, suspends or threatens to stop or suspend payment of all or a material part of (or a particular type of) its debts, proposes or makes a general assignment or an arrangement or composition with or for the benefit of the relevant creditors in respect of any of such debts or a moratorium is agreed or declared in respect of or affecting all or any material part of (or of a particular type of) the debts of the Issuer or any of the Principal Subsidiaries; or
- (g) if an order is made or an effective resolution passed for the winding-up or dissolution of the Issuer or any of the Principal Subsidiaries, or the Issuer or any of the Principal Subsidiaries ceases or threatens to cease to carry on all or a material part of its business or operations, except for the purpose of and followed by a reconstruction, amalgamation, reorganisation, merger or consolidation
 - (i) on terms approved by Extraordinary Resolution of the Noteholders or (ii) in the case of a Principal Subsidiary, whereby the undertaking and assets of the Principal Subsidiary are transferred to or otherwise vested in the Issuer or another of its Subsidiaries; or
- (h) if any action, condition or thing (including the obtaining or effecting of any necessary consent, approval, authorisation, exemption, filing, licence, order, recording or registration) at any time required to be taken, fulfilled or done in order (i) to enable the Issuer to lawfully enter into, exercise its rights and perform and comply with its obligations under or in respect of the Notes, the Agency Agreement and the Notes Trust Deed, (ii) to ensure that those obligations are legal, valid, binding and enforceable and (iii) to make the Notes, the Agency Agreement and the Notes Trust Deed admissible in evidence in the courts of Hong Kong is not taken, fulfilled or done; or

- (i) if it is or will become unlawful for the Issuer to perform or comply with any one or more of its obligations under or in respect of any of the Notes, the Agency Agreement or the Notes Trust Deed; or
- (j) if any event occurs which under the laws of any relevant jurisdiction has an analogous effect to any of the events referred to in any of the foregoing paragraphs of this Condition 10.

For the purposes of these Conditions, **Principal Subsidiary** means any Subsidiary of the Issuer:

- (a) whose gross revenues (consolidated in the case of a Subsidiary which has Subsidiaries) attributable to the Issuer, as shown by its latest audited statement of comprehensive income are at least 10 per cent. of the consolidated gross revenues as shown by the latest published audited statement of comprehensive income of the Issuer and its consolidated Subsidiaries; or
- (b) whose profits before taxation and exceptional items (**pre-tax profit**) (consolidated in the case of a Subsidiary which itself has Subsidiaries) attributable to the Issuer, as shown by its latest audited statement of comprehensive income, are at least 10 per cent. of the consolidated pre-tax profit as shown by the latest published audited consolidated statement of comprehensive income of the Issuer and its consolidated Subsidiaries, including, for the avoidance of doubt, the Issuer and its consolidated Subsidiaries' share or profits of Subsidiaries not consolidated and of associated entities and after adjustments for minority interests; or
- (c) whose gross assets (consolidated in the case of a Subsidiary which itself has Subsidiaries) attributable to the Issuer, as shown by its latest audited balance sheet, are at least 10 per cent. of the consolidated gross assets of the Issuer and its Subsidiaries as shown by the latest published audited consolidated balance sheet of the Issuer and its Subsidiaries, including the investment of the Issuer and its consolidated Subsidiaries in each Subsidiary whose accounts are not consolidated with the consolidated audited accounts of the Issuer and of associated companies and after adjustment for minority interests;

provided that, in relation to paragraphs (a), (b) and (c) above:

- (i) in the case of a corporation or other business entity becoming a Subsidiary after the end of the financial period to which the latest consolidated audited accounts of the Issuer relate, the reference to the then latest consolidated audited accounts of the Issuer and its Subsidiaries for the purposes of the calculation above shall, until consolidated audited accounts of the Issuer for the financial period in which the relevant corporation or other business entity becomes a Subsidiary are published be deemed to be a reference to the then latest consolidated audited accounts of the Issuer and its Subsidiaries adjusted to consolidate the latest audited accounts (consolidated in the case of a Subsidiary which itself has Subsidiaries) of such Subsidiary in such accounts;
- (ii) if at any relevant time in relation to the Issuer or any Subsidiary which itself has Subsidiaries no consolidated accounts are prepared and audited, gross income, pre-tax profit or gross assets of the Issuer and/or any such Subsidiary shall be determined on the basis of *pro forma* consolidated accounts prepared for this purpose by the Issuer for the purposes of preparing a certificate thereon to the Trustee;

- (iii) if at any relevant time in relation to any Subsidiary, no accounts are audited, its gross assets (consolidated, if appropriate) shall be determined on the basis of *pro forma* accounts (consolidated, if appropriate) of the relevant Subsidiary prepared for this purpose by the Issuer for the purposes of preparing a certificate thereon to the Trustee; and
 - (iv) if the accounts of any subsidiary (not being a Subsidiary referred to in proviso (i) above) are not consolidated with those of the Issuer, then the determination of whether or not such subsidiary is a Principal Subsidiary shall be based on a *pro forma* consolidation of its accounts (consolidated, if appropriate) with the consolidated accounts (determined on the basis of the foregoing) of the Issuer, or
- (d) any Subsidiary of the Issuer to which is transferred the whole or substantially the whole of the assets of a Subsidiary which immediately prior to such transfer was a Principal Subsidiary shall become a Principal Subsidiary at the date on which the first published audited accounts (consolidated, if appropriate) of the Issuer prepared as of a date later than such transfer are issued, provided that the Principal Subsidiary which so transfers its assets shall forthwith upon such transfer cease to be a Principal Subsidiary unless such Subsidiary which so transfers its assets would continue to be a Principal Subsidiary on the basis of such accounts by virtue of the provisions of paragraph (a), (b) or (c) above.

A certificate prepared by an authorised signatory of the Issuer whether or not addressed to the Trustee, that in their opinion, a Subsidiary is or is not, or was or was not, a Principal Subsidiary may be relied upon by the Trustee without further enquiry or evidence and, if relied upon by the Trustee, shall, in the absence of manifest error, be conclusive and binding on all parties, notwithstanding that such certificate may contain a monetary or other limitation or an exclusion of liability of the Issuer.

10.2 Enforcement

The Trustee may at any time, at its discretion and without notice, take such proceedings against the Issuer as it may think fit to enforce the provisions of the Notes Trust Deed, the Notes, the Receipts and the Coupons, but it shall not be bound to take any such proceedings or any other action in relation to the Notes Trust Deed, the Notes, the Receipts or the Coupons unless (i) it shall have been so directed by an Extraordinary Resolution or so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding and (ii) it shall have been indemnified, secured and/or pre-funded to its satisfaction.

No Noteholder, Receiptholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing, in which case the Noteholders, Receiptholders or Couponholders shall have only such rights against the Issuer as those which the Trustee is entitled to exercise as set out in this Condition 10.

10.3 Extent of Holders' remedy

No remedy against the Issuer, other than as referred to in this Condition 10, shall be available to the Trustee or the Noteholders, Receiptholders or Couponholders, whether for the recovery of amounts owing in respect of the Notes or under the Notes Trust Deed or in respect of any breach by the Issuer of any of its other obligations under or in respect of the Notes or under the Notes Trust Deed, as the case may be.

11. Replacement of Notes, Receipts, Coupons and Talons

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Issuing and Paying Agent (in the case of Bearer Notes, Receipts or Coupons) or the Registrar (in the case of Registered Notes) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. Agents

The names of the initial Agents and their initial specified offices are set out below.

The Issuer is entitled, with the prior written approval of the Trustee, to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that:

- (a) there will at all times be a Paying Agent and a Registrar, including a U.S. Paying Agent or a U.S. Registrar (as applicable);
- (b) so long as the Notes are listed on any stock exchange or admitted to trading by any other relevant authority, there will at all times be a Paying Agent (in the case of Bearer Notes) (or a U.S. Paying Agent, as the case may be) and a Registrar and Transfer Agent (in the case of Registered Notes) (or a U.S. Registrar and U.S. Transfer Agent, as the case may be) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority; and
- (c) so long as any of the Global Certificates denominated in a Specified Currency other than U.S. dollars are held through DTC or its nominee, there will at all times be a U.S. Exchange Agent.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 6.5. Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 14.

In acting under the Agency Agreement, the Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholders, Receiptholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

13. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9.

14. Notices

All notices regarding the Notes will be deemed to be validly given if published in a leading daily newspaper of general circulation in Hong Kong. It is expected that any such publication in a newspaper will be made in the *South China Morning Post* in Hong Kong. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or any other relevant authority on which the Bearer Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

All notices regarding Registered Notes will be deemed to be validly given if (a) sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the day after mailing and (b) if and for so long as any Registered Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes).

Receiptholders and Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the Noteholders in accordance with this Condition.

15. Meetings of Noteholders, Modification, Waiver and Substitution

15.1 Meeting of Noteholders

The Notes Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or any of the provisions of the Notes Trust Deed. Such a meeting may be convened by the Issuer or the Trustee and shall be convened by the Issuer if required in writing by Noteholders holding not less than ten per cent., in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing more than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes, the Receipts or the Coupons or the Notes Trust Deed (including modifying the date of maturity of the Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, the Receipts or the Coupons), the quorum shall be one or more persons holding or representing not less than two-thirds in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one-quarter in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders. The Notes Trust Deed provides that a written resolution signed by or on behalf of the Holders of not less than 90 per cent. of the nominal amount of Notes for the time being outstanding shall be as valid and effective as a duly passed Extraordinary Resolution.

15.2 Modifications

The Trustee and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (a) any modification (except such modification in respect of which an increased quorum is required as mentioned above) of the Notes, the Receipts, the Coupons, the Agency Agreement or the Notes Trust Deed which in the Trustee's opinion is not materially prejudicial to the interests of the Noteholders;
or
- (b) any modification of the Notes, the Receipts, the Coupons, the Agency Agreement or the Notes Trust Deed which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law.

The Trustee may agree, at the direction of the Noteholders, Receiptholders or Couponholders through an Extraordinary Resolution, to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or the Notes Trust Deed, or determine, without any such consent as aforesaid, that any Event of Default or potential Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders so to do or may agree, without any such consent as aforesaid, to any modification which is of a formal, minor or technical nature or to correct a manifest error or an error which, in the opinion of the Trustee, is proven. Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

15.3 Interests of Holders

In connection with the exercise by it of its functions, rights, powers and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders, Receiptholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders, Receiptholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder, Receiptholder or Couponholder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders, Receiptholders or Couponholders except to the extent already provided for in Condition 8 and/or any undertaking or covenant given in addition to, or in substitution for, Condition 8 pursuant to the Notes Trust Deed.

The Trustee may, at the direction of the Noteholders through an Extraordinary Resolution, agree with the Issuer, to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, Receipts, Coupons and the Notes Trust Deed of another company, being a Subsidiary of the Issuer, subject to (a) the Notes being unconditionally and irrevocably guaranteed by the Issuer, (b) the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution and (c) certain other conditions set out in the Notes Trust Deed being complied with.

16. Indemnification of the Trustee and Trustee Contracting with the Issuer

The Notes Trust Deed contains provisions for the indemnification of and/or provision of security to the Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured to its satisfaction.

The Notes Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any of its Subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any of its Subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders, Receiptholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

17. Further Issues

The Issuer shall be at liberty, from time to time, without the consent of the Noteholders, the Receiptholders or the Couponholders, to create and issue further notes having terms and conditions the same as the Notes (or the same in all respects save for the amount and date of the first payment of interest thereon) and so that such further issue shall be consolidated and form a single Series with the outstanding Notes. References in these Conditions to the Notes include (unless the context requires otherwise) any other notes issued pursuant to this Condition and forming a single Series with the Notes.

18. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

19. Governing Law and Submission to Jurisdiction

19.1 Governing law

The Notes Trust Deed, the Agency Agreement, the Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

19.2 Submission to jurisdiction

The Issuer irrevocably agrees, for the benefit of the Trustee, the Agents, the Noteholders, the Receipholders and the Couponholders, that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes Trust Deed, the Agency Agreement, the Notes, the Receipts, the Coupons and/or the Talons and accordingly submit to the exclusive jurisdiction of the English courts (including a dispute relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts and/or the Coupons) and that accordingly any suit, action or proceedings (together referred to as Proceedings) arising out of or in connection with the Notes, the Receipts and the Coupons (including any Proceedings relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts and the Coupons) may be brought in such courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum and further agrees that a final judgment in any Proceedings brought in the English courts shall be conclusive and binding upon it.

The Trustee, the Agents, the Noteholders, the Receipholders and the Couponholders, may take any Proceedings against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

19.3 Appointment of Process Agent

The Issuer appoints Law Debenture Corporate Services Limited at its registered office at Fifth Floor, 100 Wood Street, London EC2V 7EX as its agent for service of process, and undertakes that, in the event of Law Debenture Corporate Services Limited ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process in England in respect of any Proceedings and notify the Trustee, the Agents and the Noteholders of such appointment. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

TERMS AND CONDITIONS OF THE SECURITIES

This Security is one of a Series (as defined below) of Securities issued by Far East Horizon Limited (the *Issuer*) constituted by a securities trust deed (such securities trust deed as modified and/or supplemented and/or restated from time to time, the *Securities Trust Deed*) dated 31 May 2017 made between the Issuer and The Hongkong and Shanghai Banking Corporation Limited (the *Trustee*, which expression shall include any successor as Trustee).

References herein to the *Securities* shall be references to the Securities of this Series and shall mean:

- (a) in relation to any Securities represented in global form, units of the lowest Specified Denomination in the Specified Currency;
- (b) any global Security in registered form (each a *Global Certificate*);
- (c) any definitive Security in registered form (*Definitive Certificate*, together with the Global Certificate, the *Certificate*) issued in exchange for a Global Certificate.

The Securities have the benefit of an agency agreement (such agency agreement as amended and/or supplemented and/or restated from time to time, the *Agency Agreement*) dated 31 May 2017 and made between the Issuer, the Trustee, The Hongkong and Shanghai Banking Corporation Limited as the issuing and paying agent (the *Issuing and Paying Agent*, which expression shall include any successor issuing and paying agent), The Hongkong and Shanghai Banking Corporation Limited as CMU lodging and paying agent (the *CMU Lodging and Paying Agent*, which expression shall include any successor CMU lodging and paying agent) and the other paying agents named therein (together with the Issuing and Paying Agent, the CMU Lodging and Paying Agent and the U.S. Paying Agent (as defined below), the *Paying Agents*, which expression shall include any additional or successor paying agents) and The Hongkong and Shanghai Banking Corporation Limited as registrar (the *Registrar*, which expression shall include any successor registrar) and as transfer agent (together with the Registrar and the other transfer agents named therein, the *Transfer Agents*, which expression shall include any additional or successor transfer agents) and The Hongkong and Shanghai Banking Corporation Limited as calculation agent (the *Calculation Agent*, which expression shall include any successor calculation agent) and The HSBC Bank USA, National Association as the U.S. paying agent, U.S. registrar, U.S. transfer agent and U.S. exchange agent (the *U.S. Paying Agent*, *U.S. Registrar*, *U.S. Transfer Agent* and *U.S. Exchange Agent*). For the purposes of these Conditions, all references (other than in relation to the determination of Distribution and other amounts payable in respect of the Securities) to the Issuing and Paying Agent shall, with respect to a Series of Securities to be held in the CMU Service (as defined below), be deemed to be a reference to the CMU Lodging and Paying Agent and all such references shall be construed accordingly.

The final terms for this Security (or the relevant provisions thereof) are set out in the Pricing Supplement attached to or endorsed on this Security which supplements these Conditions and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the Conditions, replace or modify the Conditions for the purposes of this Security. References to the *applicable Pricing Supplement* are to the Pricing Supplement (or the relevant provisions thereof) attached to or endorsed on this Security.

The Trustee acts for the benefit of the Holders for the time being of the Securities (the *Securityholders*, which expression shall, in relation to any Securities represented by a Global Certificate, be construed as provided in Condition 1 below) in accordance with the provisions of the Securities Trust Deed.

As used herein, *Tranche* means Securities which are identical in all respects (including as to listing and admission to trading) and *Series* means a Tranche of Securities together with any further Tranche or Tranches of Securities which are (a) expressed to be consolidated and form a single series and (b) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Distribution Commencement Dates and/or Issue Prices.

Copies of the Securities Trust Deed and the Agency Agreement are available for inspection during normal business hours upon reasonable advance notice at the specified office for the time being of the Trustee and at the specified office of each of the Paying Agents, the Registrar, the U.S. Registrar, the other Paying Agents, Transfer Agents, the U.S. Transfer Agent, the Calculation Agent and the U.S. Exchange Agent (such Paying Agents, Transfer Agents, U.S. Transfer Agent, U.S. Registrar, U.S. Exchange Agent, Calculation Agent and the Registrar being together referred to as *Agents*). Copies of the applicable Pricing Supplement are available for viewing during normal business hours at the registered office of the Issuer and of any Agent (as applicable) and copies may be obtained from those offices save that, if this Security is an unlisted Security of any Series, the applicable Pricing Supplement will only be obtainable by a Securityholder holding one or more unlisted Securities of that Series and such Securityholder must produce evidence satisfactory to the Issuer and the Trustee or, as the case may be, and the relevant Agent as to its holding of such Securities and identity. The Securityholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Securities Trust Deed, the Agency Agreement and the applicable Pricing Supplement which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Securities Trust Deed and the Agency Agreement.

Words and expressions defined in the Securities Trust Deed, the Agency Agreement or used in the applicable Pricing Supplement shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Securities Trust Deed and the Agency Agreement, the Securities Trust Deed will prevail and, in the event of inconsistency between the Securities Trust Deed or the Agency Agreement and the applicable Pricing Supplement, the applicable Pricing Supplement will prevail.

1. Form, Denomination and Title

The Securities are in registered form as specified in the applicable Pricing Supplement and, in the case of definitive Securities, serially numbered, in the Specified Currency and the Specified Denomination(s). Securities of one Specified Denomination may not be exchanged for Securities of another Specified Denomination.

Subject as set out below, title to Securities will pass upon registration of transfers in the register which is kept by the Registrar in accordance with the provisions of the Agency Agreement. The Issuer, the Agents and the Trustee will (except as otherwise required by law) deem and treat the registered Holder of any Security as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Certificate, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Securities is represented by a Global Certificate held on behalf of Euroclear Bank SA/NV as operator of the Euroclear System (*Euroclear*) and/or Clearstream Banking, S.A. (*Clearstream*), The Depository Trust Company (*DTC*) and/or the Hong Kong Monetary Authority as operator of the Central Moneymarkets Unit Service (the *CMU Service*), each person (other than Euroclear, Clearstream, DTC or the CMU Service) who is for the time being shown in the records of Euroclear, Clearstream, DTC

or the CMU Service as the Holder of a particular nominal amount of such Securities (in which regard any certificate or other document issued by Euroclear, Clearstream, DTC or the CMU Service as to the nominal amount of such Securities standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Agents and the Trustee as the Holder of such nominal amount of such Securities for all purposes other than with respect to the payment of principal or Distribution on such nominal amount of such Securities, for which purpose the registered holder of the relevant Global Certificate shall be treated by the Issuer, the Agents and the Trustee as the Holder of such nominal amount of such Securities in accordance with and subject to the terms of the relevant Global Certificate and the expressions *Securityholder* and *Holder* and related expressions shall be construed accordingly. Notwithstanding the above, if a Security (whether in global or definitive form) is held through the CMU Service, any payment that is made in respect of such Security shall be made to the person(s) for whose account(s) interests in such Security are credited as being held through the CMU Service in accordance with the CMU Rules at the relevant time as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Instrument Position Report or any other relevant notification by the CMU Service (which notification, in either case, shall be conclusive evidence of the records of the CMU Service as to the identity of any accountholder and the principal amount of any Security credited to its account, save in the case of manifest error) (*CMU Accountholders*) and such payments shall discharge the obligation of the Issuer in respect of that payment under such Security.

For so long as DTC or its nominee is the registered owner or holder of a Global Certificate, DTC or such nominee, as the case may be, will be considered the sole owner or Holder of the Securities represented such Global Certificate for all purposes under the Securities Trust Deed and the Agency Agreement and the Securities except to the extent that in accordance with DTC's published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants.

Securities which are represented by a Global Certificate will be transferable only in accordance with the rules and procedures for the time being of Euroclear, Clearstream, DTC or the CMU Service, as the case may be.

References to Euroclear, Clearstream, DTC and/or the CMU Service shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Pricing Supplement or as may otherwise be approved by the Issuer, the Agents and the Trustee.

2. Transfers of Securities

2.1 Transfers of interests in Global Certificates

Transfers of beneficial interests in Global Certificates will be effected by Euroclear, Clearstream, DTC or the CMU Service, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Global Certificate will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Definitive Certificate or for a beneficial interest in another Global Certificate only in the authorised denominations set out in the applicable Pricing Supplement and only in accordance with the rules and operating procedures for the time being of Euroclear, Clearstream, DTC or the CMU Service, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.

2.2 Transfers of Definitive Certificates

Subject as provided in Condition 2.7 and Condition 2.8 below, upon the terms and subject to the conditions set forth in the Agency Agreement, a Definitive Certificate may be transferred in whole or in part (in the authorised denominations set out in the applicable Pricing Supplement). In order to effect any such transfer (a) the Holder or Holders must (i) surrender the Definitive Certificate for registration of the transfer of the Definitive Certificate (or the relevant part of the Definitive Certificate) during normal business hours at the specified office of the Registrar or the U.S. Registrar (as applicable) or any Transfer Agent or U.S. Transfer Agent (as applicable), with the form of transfer thereon duly executed by the Holder or Holders thereof or his or their attorney or attorneys duly authorised in writing and (ii) complete and deposit such other certifications as may be required by the Registrar or the U.S. Registrar (as applicable) or, as the case may be, the relevant Transfer Agent or the U.S. Transfer Agent (as applicable) during normal business hours at their respective specified offices and (b) the Registrar or the U.S. Registrar (as applicable) or, as the case may be, the relevant Transfer Agent or the U.S. Transfer Agent (as applicable) must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar (or the U.S. Registrar, as the case may be) may from time to time prescribe (the initial such regulations being set out in Schedule 4 to the Agency Agreement). Subject as provided above, the Registrar or the U.S. Registrar (as applicable) or, as the case may be, the relevant Transfer Agent or the U.S. Transfer Agent (as applicable) will, within three business days (being for the purpose of this Condition a day on which banks are open for business in the city where the specified office of the Registrar or the U.S. Registrar (as applicable) or, as the case may be, the relevant Transfer Agent or the U.S. Transfer Agent (as applicable) is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), procure the authentication and delivery of, to the transferee at its specified office or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Definitive Certificate of a like aggregate nominal amount to the Definitive Certificate (or the relevant part of the Definitive Certificate) transferred. In the case of the transfer of part only of the Definitive Certificate, a new Definitive Certificate in respect of the balance of the definitive Security not transferred will be so authenticated and delivered or (at the risk of the transferor) sent by uninsured mail to the transferor.

2.3 Registration of transfer upon partial redemption

In the event of a partial redemption of Securities under Condition 7, the Issuer shall not be required to register the transfer of any Security, or part of a Security, called for partial redemption.

2.4 Costs of registration

Securityholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration. To the extent that any such costs and expenses are incurred by the Trustee and/or the Agents, the Trustee and/or the Agents will be indemnified according to the Securities Trust Deed and the Agency Agreement.

2.5 Transfers of interests in Regulation S Global Certificate

Prior to expiry of the applicable Distribution Compliance Period, transfers by the holder of, or of a beneficial interest in, a Regulation S Global Certificate to a transferee in the United States or who is a U.S. person will only be made:

2.5.1 upon receipt by the Registrar or the U.S. Registrar (as applicable) of a written certification substantially in the form set out in the Agency Agreement, amended as appropriate (a *Transfer Certificate*), copies of which are available from the specified office of the Registrar or the U.S. Registrar (as applicable) or any Transfer Agent or the U.S. Transfer Agent (as applicable), from the transferor of the Security or beneficial interest therein to the effect that such transfer is being made:

- (A) to a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A; or
- (B) to a person who is an Institutional Accredited Investor, together with, in the case of (B), a duly executed investment letter from the relevant transferee substantially in the form set out in the Agency Agreement (an *IAI Investment Letter*); or

2.5.2 otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any States of the United States,

and, in each case, in accordance with any applicable securities laws of any States of the United States or any other jurisdiction.

In the case of (A) above, such transferee may take delivery through a Legended Security in global or definitive form and, in the case of (B) above, such transferee may take delivery only through a Legended Security in definitive form. After expiry of the applicable Distribution Compliance Period (i) beneficial interest in Regulation S Global Certificates registered in the name of a nominee for DTC may be held through DTC directly, by a participant in DTC, or indirectly through a participant in DTC and (ii) such certificate requirements will no longer apply to such transfers.

2.6 Transfer of interests in Legended Securities

Transfers of Legended Securities or beneficial interests therein may be made:

2.6.1 to a transferee who takes delivery of such interest through a Regulation S Global Certificate, upon receipt by the Registrar or the U.S. Registrar (as applicable) of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that in the case of a Regulation S Global Certificate registered in the name of a nominee for DTC, if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interest in the Securities being transferred will be held immediately thereafter through Euroclear and/or Clearstream; or

2.6.2 to a transferee who takes delivery of such interest through a Legended Security:

- (A) where the transferee is a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A, without certification; or

- (B) where the transferee is an Institutional Accredited Investor, subject to delivery to the Registrar of a Transfer Certificate from the transferor to the effect that such transfer is being made to an Institutional Accredited Investor, together with a duly executed IAI Investment Letter from the relevant transferee; or

2.6.3 otherwise pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with any applicable securities laws of any State of the United States,

and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

Securities transferred by Institutional Accredited Investors to QIBs pursuant to Rule 144A or outside the United States pursuant to Regulation S will be eligible to be held by such QIBs or non-U.S. investors through DTC, Euroclear or Clearstream, as appropriate, and the Registrar or the U.S. Registrar (as applicable) will arrange for any Securities which are subject of such a transfer to be represented by the appropriate Registered Global Certificate, where applicable.

Upon the transfer, exchange or replacement of Legended Securities, or upon specific require for removal of the Legend, the Registrar or the U.S. Registrar (as applicable) shall deliver only Legended Securities or refuse to remove such Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

2.7 Closed Periods

No Securityholder may require the transfer of a Security to be registered (i) during the period of 15 days ending on the due date for redemption of, or payment of any Distribution in respect of, that Security, (ii) during the period of 15 days before any date on which Securities may be called for redemption by the Issuer at its option pursuant to Condition 7.2, (iii) after any such Security has been called for redemption, or (iv) during the period of seven days ending on (and including) any Record Date (as defined in Condition 6.2).

2.8 Exchanges and transfers of Definitive Certificates generally

Holders of Definitive Certificates may exchange such Certificates for interests in a Global Certificate of the same type at any time.

3. Status of the Securities

The Securities are direct, unconditional, unsubordinated and (subject to the provisions of Condition 4.1) unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer, from time to time outstanding.

4. Covenants

4.1 Negative Pledge

For so long as any Securities remains outstanding, the Issuer will not, and will ensure that none of its Subsidiaries (as defined below) will create, or have outstanding, any mortgage, charge, lien, pledge or other security interest, upon the whole or any part of its present or future undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness (as defined below), or any guarantee or indemnity in respect of any Relevant Indebtedness, without at the same time or prior thereto according to such Security the same security as is created or subsisting to secure any such Relevant Indebtedness, guarantee or indemnity or such other security as shall be approved by an Extraordinary Resolution (as defined in the Securities Trust Deed) of the Securityholders.

For the purposes of this Condition 4.1, *Relevant Indebtedness* means any indebtedness which is in the form of, or represented or evidenced by, bonds, notes, debentures, loan stock or other securities which for the time being are, or are intended by the Issuer to be or capable of being, quoted, listed or dealt in or traded on any stock exchange or over-the-counter or other securities market but shall not include any asset-backed securities offered or issued by the Issuer or any Subsidiaries of the Issuer to investors where payments made under such securities are backed by or collateralised against certain assets of the Issuer or its Subsidiaries, provided that the aggregate value of such assets at any time shall not exceed 30 per cent. of the consolidated gross assets of the Issuer (as shown by the latest audited balance sheet of the Issuer).

4.2 Disposals

The Issuer will not, and will ensure that none of its Principal Subsidiaries will (whether by a single transaction or a number of related or unrelated transactions and whether at the same time or over a period of time) sell, transfer or otherwise dispose of any asset if the aggregate value of the assets being disposed, together with those assets previously disposed of since the Issue Date of the relevant Security, at any time exceeds 30 per cent. of the consolidated gross assets of the Issuer (as shown by the latest audited balance sheet of the Issuer) provided, however, that such disposal of assets shall not include assets sold or disposed to a trust or a financial institution as part of any asset backed securities transactions or other like arrangement where the payment obligations in respect of the indebtedness whether or not secured by the relevant security interest are to be discharged from the revenues generated by assets over which such security interest is created, if any (including, without limitation, receivables).

4.3 NDRC Post-issue Registration

The Issuer will, where the NDRC Circular applies to the relevant Tranche of Securities, provide or cause to be provided a notification of the requisite information and documents in connection with such Tranche of Securities to the NDRC within the prescribed timeframe after the relevant Issue Date in accordance with the NDRC Circular (the *NDRC Post-issue Registration*), and the Issuer undertakes to give notice to the Securityholders in accordance with Condition 13 confirming submission of the NDRC Post-issue Registration as soon as practicable following the NDRC Post-issue Registration.

The Trustee shall have no obligation to monitor and ensure the completion of the NDRC Post-issue Registration on or before the deadline referred to above or to verify the accuracy, validity and/or genuineness of any documents in relation to or in connection with the NDRC Post-issue Registration or to give notice to the Securityholders confirming the completion of the NDRC Post-issue Registration. The Trustee shall not be liable to the Securityholders or any other person for not doing so.

5. Distribution

5.1 Accrual of Distribution

Subject to Condition 5.5, the Securities confer a right to receive distribution (each a *Distribution*) from the Distribution Commencement Date at the Distribution Rate in accordance with this Condition 5. Subject to Condition 5.5, Distribution shall be payable on the Securities semi-annually in arrear on each Distribution Payment Date.

Unless otherwise provided for in these Conditions, each Security will cease to confer the right to receive any Distribution from the due date for redemption unless, upon due presentation, payment of the full amount due is improperly withheld or refused. In such event, the right to a Distribution will continue to accrue at the applicable Distribution Rate (after as well as before any judgment) up to but excluding whichever is the earlier of (i) the date on which all sums due in respect of any Security are received by or on behalf of the relevant Holder and (ii) the day which is three days after the Issuing and Paying Agent or the Trustee has notified the Holders that it has received all sums due in respect of the Securities up to such third day (except to the extent that there is a failure in the subsequent payment to the relevant Holders under these Conditions).

Distribution payable under this Condition 5 will be paid in accordance with Condition 6.1.

5.2 Rate of Distribution

The rate of Distribution (*Distribution Rate*) applicable to the Securities shall be:

- 5.2.1 in respect of the period from, and including, the Issue Date to, but excluding the First Call Date, the Initial Distribution Rate; and
- 5.2.2 in respect of the periods (A) from, and including, the First Call Date to, but excluding, the immediately following Reset Date and (B) from, and including, each Reset Date falling after the First Call Date to, but excluding, the immediately following Reset Date, the Relevant Reset Distribution Rate.

5.3 Step up after occurrence of certain events

- 5.3.1 If so specified in the applicable Pricing Supplement, notwithstanding any other provision of this Condition 5, upon the occurrence of a Breach of Covenant Event or a Relevant Indebtedness Default Event, unless such event is remedied by the 30th day following its occurrence (the *Grace Period*) or the Issuer elects to redeem the Securities in accordance with Condition 7.5, the then-prevailing Distribution Rate, and (subject to Condition 5.3.2) each subsequent Distribution Rate otherwise determined in accordance with the provisions of this Condition 5, shall be increased by the Step-up Rate with effect from (and including) (a) the next Distribution Payment Date or (b) if the date on which a Breach of Covenant Event or a Relevant Indebtedness Default Event (as applicable) occurs is prior to the most recent preceding Distribution Payment Date, and the Grace Period extends beyond such recent preceding Distribution Payment Date and such Breach of Covenant Event or Relevant Indebtedness Default Event, as the case may be, is not remedied upon the expiry of the Grace Period, such Distribution Payment Date; provided that the maximum aggregate increase in the Distribution Rate pursuant to this Condition 5.3 shall be the Step-up Rate. For the avoidance of doubt, any increase in the Distribution Rate pursuant to this Condition 5.3 is separate from and in addition to any increase in the Distribution Rate pursuant to Condition 5.2.2.

Any increase in the Distribution Rate pursuant to this Condition 5.3 shall be notified by the Issuer to the Holders, the Trustee and the Agents in writing no later than the 14th day following the occurrence of a Breach of Covenant Event or, as the case may be, a Relevant Indebtedness Default Event.

If a Distribution Payment Date shall fall within 30 days of the date on which a Breach of Covenant Event or, as the case may be, a Relevant Indebtedness Default Event occurs, any additional Distribution accrued up to (but excluding) such Distribution Payment Date pursuant to Condition 5.3.1 shall be payable only on the next following Distribution Payment Date.

- 5.3.2 If following an increase in the Distribution Rate after a Breach of Covenant Event or a Relevant Indebtedness Default Event pursuant to Condition 5.3.1 the relevant Breach of Covenant Event or Relevant Indebtedness Default Event is cured, upon written notice of such facts being given to the Holders in accordance with Condition 13 (*Notices*) and the Trustee, the Distribution Rate shall be decreased by the Step-up Rate with effect from (and including) the Distribution Payment Date immediately following the date falling 30 days after the date on which the Trustee receives evidence to its satisfaction of the cure of such Breach of Covenant Event or, as the case may be, such Relevant Indebtedness Default Event, provided that the maximum aggregate decrease in the Distribution Rate pursuant to this Condition 5.3.2 shall be the Step-up Rate.

5.4 Calculation of Distribution Amount

- 5.4.1 The amount of Distribution payable in respect of each Security of any period shall be calculated by applying the Distribution Rate to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. For this purpose a *sub-unit* means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day in the calendar month in which a Distribution Payment Date should occur or (y) if any Distribution Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (a) the Following Business Day Convention, such Distribution Payment Date shall be postponed to the next day which is a Business Day; or
 - (b) the Modified Following Business Day Convention, such Distribution Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Distribution Payment Date shall be brought forward to the immediately preceding Business Day; or
 - (c) the Preceding Business Day Convention, such Distribution Payment Date shall be brought forward to the immediately preceding Business Day.
- 5.4.2 If the applicable Pricing Supplement specified that the Distribution Rate is subject to reset, the Calculation Agent will, on the second Business Day prior to each Reset Date, calculate the Relevant Reset Distribution Rate payable in respect of each Security. The Calculation Agent will cause the applicable Distribution Rate determined by it to be notified to the Paying Agents, the Trustee and the

Issuer as soon as practicable after the date on which it has been calculated. Notice thereof shall also promptly in turn be given to the Holders by the Issuer. All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5.4 by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Agents, the Trustee and the Holders and (subject as aforesaid) no liability to any such person will attach to the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

5.5 Distribution Deferral

5.5.1 Deferral

Unless a Compulsory Distribution Payment Event has occurred, the Issuer may, at its sole discretion, elect to defer (in whole or in part) a Distribution which is otherwise scheduled to be paid on a Distribution Payment Date to the next Distribution Payment Date by giving notice (a ***Deferral Election Notice***) of such election to the Holders in accordance with Condition 13, the Trustee and the Issuing and Paying Agent not more than ten nor less than five business days in Hong Kong prior to the relevant Distribution Payment Date (a ***Deferral Election Event***). Any partial payment of any Distribution by the Issuer shall be shared by the Holders of all outstanding Securities on a *pro rata* basis.

5.5.2 No obligation to pay

The Issuer shall have no obligation to pay any Distribution (including any Arrears of Distribution and any Additional Distribution Amounts) on any Distribution Payment Date if it validly elects not to do so in accordance with Condition 5.5.1.

5.5.3 Requirements as to notice

Each Deferral Election Notice shall be accompanied, in the case of the notice to the Trustee and the Issuing and Paying Agent, by a certificate in the form scheduled to the Securities Trust Deed signed by one authorised signatory of the Issuer confirming that no Compulsory Distribution Payment Event has occurred. The Trustee shall be entitled to accept such certificate as sufficient evidence of the occurrence of a Deferral Election Event (and that no Compulsory Distribution Payment Event has occurred) in which event it shall be conclusive and binding on the Holders.

5.5.4 Cumulative deferral

Any Distribution deferred pursuant to this Condition 5.5 shall constitute ***Arrears of Distribution***. The Issuer may, at its sole discretion, elect to further defer any Arrears of Distribution by complying with the foregoing notice requirement applicable to any deferral of an accrued Distribution. The Issuer is not subject to any limit as to the number of times Distribution and Arrears of Distribution can be deferred pursuant to this Condition 5.5 except that Condition 5.5.5 shall be complied with until all outstanding Arrears of Distribution have been paid in full.

Each amount of Arrears of Distribution shall accrue distribution at the prevailing Distribution Rate and the amount of such distribution (the ***Additional Distribution Amounts***) with respect to Arrears of Distribution shall be due and payable as if it were a Distribution pursuant to this Condition 5 and shall be calculated by applying the applicable Distribution Rate to the amount of the Arrears of Distribution and otherwise *mutatis mutandis* as provided in the foregoing provisions of this

Condition 5. The Additional Distribution Amounts accrued up to any Distribution Payment Date shall be added (for the purpose of calculating the Additional Distribution Amounts accruing thereafter) to the amount of Arrears of Distribution remaining unpaid on such Distribution Payment Date so that it will itself become Arrears of Distribution.

5.5.5 Restrictions in the case of deferral

If, on any Distribution Payment Date, payment of all Distribution payments scheduled to be made on such date (including any Distribution accrued but unpaid on the Securities (including any Arrears of Distribution and any Additional Distribution Amounts)) is not made in full by reason of this Condition 5, the Issuer shall not and the Issuer shall procure that (in relation to any Parity Securities) any other person which is the issuer thereof shall not:

- (a) declare or pay any discretionary dividends, distribution or make any other discretionary payment, and will procure that no discretionary dividend, distribution or other discretionary payment is made, on any Junior Securities or Parity Securities of the Issuer (except (i) in relation to Parity Securities of the Issuer, on a *pro rata* basis with the Securities, or (ii) in connection with any employee benefit plan or similar arrangements with or for the benefit of employees, officers, directors or consultants); or
- (b) at its discretion repurchase, redeem, reduce, cancel, buy-back or otherwise acquire for any consideration any Junior Securities or Parity Securities of the Issuer prior to its stated maturity (except (i) in relation to the Parity Securities of the Issuer, on a *pro rata* basis with the Securities, or (ii) in connection with any employee benefit plan or similar arrangements with or for the benefit of employees, officers, directors or consultants or (iii) as a result of the exchange or conversion of its Parity Securities for its Junior Securities),

in each case, unless and until (a) the Issuer satisfies in full all outstanding Arrears of Distribution and any Additional Distribution Amounts; or (b) it is permitted to do so by an Extraordinary Resolution (as defined in the Securities Trust Deed) of the Holders, provided that nothing in this Condition 5.5.5 shall restrict the ability of the Issuer to advance loans to any of its shareholders or shareholders of other Subsidiaries of the Issuer or otherwise invest in such shareholders' or Subsidiaries' debt, howsoever issued or represented.

5.5.6 Satisfaction of arrears of distribution by payment

The Issuer may satisfy any Arrears of Distribution and any Additional Distribution Amounts (in whole or in part) at any time by giving notice of such election to the Holders (in accordance with Condition 13), the Trustee and the Issuing and Paying Agent not more than ten nor less than five Business Days prior to the relevant payment date specified in such notice (which notice is irrevocable and shall oblige the Issuer to pay the relevant Arrears of Distribution and any Additional Distribution Amounts on the payment date specified in such notice); and in any event shall satisfy any outstanding Arrears of Distribution (in whole but not in part) and any Additional Distribution Amounts on the earliest of (a) the date of redemption of the Securities in accordance with Condition 7; (b) the next Distribution Payment Date on the occurrence of a breach of Condition 5.5.5 or the occurrence of a Compulsory Distribution Payment Event; (c) on a Winding-Up of the Issuer; and (d) the date of any substitution or variation in accordance with Condition 15.2. Any partial payment of outstanding Arrears of Distribution and any Additional Distribution Amounts by the Issuer shall be shared by the Holders of all outstanding Securities on a *pro rata* basis.

5.5.7 No default

Notwithstanding any other provision in these Conditions or in the Securities Trust Deed, the deferral of any Distribution payment pursuant to this Condition 5.5 shall not constitute a default for any purpose (including, without limitation, pursuant to Condition 10) on the part of the Issuer under the Securities or for any other purpose.

6. Payments

6.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than Euro or CNY will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively);
- (b) payments in Euro will be made by credit or transfer to a Euro account (or any other account to which Euro may be credited or transferred) specified by the payee or, at the option of the payee, by a Euro cheque;
- (c) payments in CNY will be made by transfer to a CNY account maintained by or on behalf of the Securityholder with a bank in Hong Kong,

Distribution due on a Distribution Payment Date will be paid on the due date for the payment of such Distribution to the Holder shown on the Register at the close of business on the Record Date.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8.

6.2 Payments in respect of Securities

Payments of principal in respect of each Security will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Security during normal business hours at the specified office of the Registrar or the U.S. Registrar (as applicable) or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the Holder (or the first named of joint Holders) appearing in the register of Holders maintained by the Registrar (the **Register**) (i) where in global form, at the close of the business day (being for this purpose, in respect of Securities clearing through Euroclear and Clearstream, a day on which Euroclear and Clearstream are open for business, in respect of Securities clearing through DTC, a day on which DTC is open for business and in respect of Securities clearing through the CMU Service, a day on which the CMU Service is open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for the purpose of this Condition a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, for payments in any Specified Currency other than CNY, if (a) a Holder does not have a Designated Account or (b) the principal amount of the Securities held by a Holder is less than U.S.\$250,000 (or its approximate equivalent in any other Specified Currency), payment will

instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). **Designated Account** means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by a Holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than Euro and CNY) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively) and (in the case of a payment in Euro) any bank which processes payments in Euro and (in the case of a payment in CNY) a bank in Hong Kong.

Payments of Distribution and payments of principal in respect of each Security (whether or not in global form) will be made by transfer to the Designated Account of the Holder or (in respect of any Specified Currency other than CNY) by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located on the relevant due date to the Holder (or the first named of joint Holders) appearing in the Register (i) where in global form, at the close of the business day (being for this purpose, in respect of Securities clearing through Euroclear and Clearstream, a day on which Euroclear and Clearstream are open for business, in respect of Securities clearing through DTC, a day on which DTC is open for business and in respect of Securities clearing through the CMU Service, a day on which the CMU Service is open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifth day (in the case of CNY) or the fifteenth day (in the case of a currency other than CNY, whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**) at his address shown in the Register on the Record Date and at his risk.

Upon application of the Holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of Distribution or principal in respect of a Security, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of Distribution (other than Distribution due on redemption) and principal in respect of the Securities which become payable to the Holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such Holder. Payment of the Distribution due in respect of each Securities on redemption and principal will be made in the same manner as payment of the principal amount of such Securities.

Holders will not be entitled to any Distribution or other payment for any delay in receiving any amount due in respect of any Security as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such Holders by the Registrar in respect of any payments of principal or Distribution in respect of the Securities.

All amounts payable to DTC or its nominee as registered holder of Global Certificate in registered form in respect of Securities denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the U.S. Paying Agent to an account in the relevant Specified Currency of the U.S. Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Agency Agreement.

In the case of Securities held through the CMU Service, payment will be made to the CMU Accountholders and such payment shall discharge the obligations of the Issuer in respect of that payment.

None of the Issuer, the Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Global Certificates or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

6.3 General provisions applicable to payments

The holder of a Global Certificate (if the Global Certificate is not lodged with the CMU Service) or the CMU Accountholder (if the Global Certificate is lodged with the CMU Service) shall be the only person(s) entitled to receive payments in respect of Securities represented by such Global Certificate or such CMU Accountholder (as the case may be) and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Certificate or such CMU Accountholder in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, DTC or the CMU Service as the beneficial Holder of a particular nominal amount of Securities represented by such Global Certificate must look solely to Euroclear, Clearstream, DTC or the CMU Service, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Certificate.

6.4 Payment Day

If the date for payment of any amount in respect of any Security is not a Payment Day (as defined below), the Holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further distribution or other payment in respect of such delay. For these purposes, *Payment Day* means any day which (subject to Condition 9) is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (i) the relevant place of presentation (if the Securities are in definitive form);
 - (ii) Hong Kong; and
 - (iii) each Additional Financial Centre specified in the applicable Pricing Supplement; and
- (b) either (A) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (B) in relation to any sum payable in Euro, a day on which the TARGET2 System is open or (C) in relation to any sum payable in CNY, a day on which banks and foreign exchange markets are open for business and settlement of CNY payments in Hong Kong; and
- (c) in the case of any payment in respect of a Global Certificate denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Global Certificate) has elected to receive any part of such payment in U.S. dollars, a day other than a Saturday or Sunday or any other day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.

7. Redemption and Purchase

7.1 No fixed redemption date

The Securities are perpetual securities in respect of which there is no fixed redemption date and the Issuer shall (without prejudice to Condition 10) only have the right to redeem or purchase them in accordance with the following provisions of this Condition 7.

7.2 Redemption at the Option of the Issuer

If so specified in the applicable Pricing Supplement, the Issuer may at its option, on giving not less than 30 nor more than 60 days' notice to the Trustee and the Issuing and Paying Agent and, in accordance with Condition 13, the Securityholders (which notice shall be irrevocable), redeem all, but not some only, of the Securities:

- (i) the First Call Date; or
- (ii) on any Distribution Payment Date falling after the First Call Date,

(each, a *Call Date*).

On expiry of any such notice as is referred to in this Condition 7.2, the Issuer shall be bound to redeem the Securities on the relevant Call Date at their principal amount together with any Distribution accrued to the date fixed for redemption (including any Arrears of Distribution and any Additional Distribution Amounts).

7.3 Redemption for tax reasons

The Securities may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' notice (a *Tax Redemption Notice*) to the Trustee and the Issuing and Paying Agent and, in accordance with Condition 13, the Securityholders (which notice shall be irrevocable) at their principal amount together with all outstanding Arrears of Distribution and Additional Distribution Amounts (if any) and any Distribution accrued to the date fixed for the redemption, if the Issuer satisfies the Trustee immediately before the giving of such notice that:

- (a) on the occasion of the next payment due under the Securities, the Issuer has or will become obliged to pay Additional Amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8), or any change in the application or official interpretation of such laws or regulations (including a decision by a court of competent jurisdiction), which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Securities, provided that in the case of the People's Republic of China, such change or amendment has resulted in the rate of any withholding or deduction being in excess of 10 per cent.; and
- (b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

((a) and (b) together, a *Gross-Up Event*) provided that no Tax Redemption Notice shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such Additional Amounts were a payment in respect of the Securities then due.

Prior to the publication of any Tax Redemption Notice pursuant to this Condition, the Issuer shall deliver to the Trustee a certificate signed by one authorised signatory of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal or tax advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such Additional Amounts as a result of such change or amendment and the Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Securityholders notwithstanding that such certificate may contain a monetary or other limitation or any exclusion of liability of the Issuer.

Upon the expiry of the Tax Redemption Notice, the Issuer will be bound to redeem the Securities at their principal amount together with all outstanding Arrears of Distribution and Additional Distribution Amounts (if any) and any Distribution accrued up to (but excluding) the date fixed for redemption.

7.4 Redemption for Accounting Reasons

If so specified in the applicable Pricing Supplement, the Issuer may at its option, at any time, on giving not less than 30 nor more than 60 days' notice (an *Accounting Event Notice*) to the Trustee and the Issuing and Paying Agent and, in accordance with Condition 13, the Securityholders (which notice shall be irrevocable) redeem, in whole but not in part, the Securities at: (i) their applicable Early Redemption Amount if such redemption occurs prior to the First Call Date or (ii) their principal amount together with any Distribution accrued to the date fixed for redemption (including any Arrears of Distribution and Additional Distribution Amounts) if such redemption occurs on or after the First Call Date, if an Accounting Event has occurred and is continuing immediately prior to the giving of the Accounting Event Notice and the Issuer complies with the requirements under this Condition 7.4.

For the purposes of this Condition, an *Accounting Event* is deemed to have occurred if as a result of any changes or amendments to the Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants as amended from time to time or any other generally accepted accounting standards that may be adopted by the Issuer for the purposes of preparing its financial statements, the Securities must not or must no longer be recorded as "equity" in the financial statements of the Issuer pursuant to those accounting standards.

No Accounting Event Notice shall be given at any time before 90 days before the amendment or change constituting an Accounting Event becoming effective in respect of the Issuer. Prior to the publication of any Accounting Event Notice pursuant to this paragraph, the Issuer shall deliver to the Trustee (a) a certificate signed by one authorised signatory of the Issuer stating that the Accounting Event has occurred and such event cannot be avoided by the Issuer taking reasonable measures available to it; and (b) an opinion, in form and substance satisfactory to the Trustee of the Issuer's independent auditors or auditors of a recognised accountancy firm of international standing to the effect that such Accounting Event has occurred (irrespective of whether such amendment or change is then effective). The Trustee shall be entitled to accept and rely on such certificate and opinion as sufficient evidence thereof in which event it shall be conclusive and binding on the Holders.

Upon the expiry of any such notice as is referred to in this Condition 7.4, the Issuer shall be bound to redeem the Securities on such date in accordance with this Condition 7.4, provided that such date for redemption shall be no earlier than the last day before the date on which the Securities must not or must no longer be so recorded as *equity* of the Issuer pursuant to the Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants as amended from time to time or any other generally accepted accounting standards that may be adopted by the Issuer for the purposes of preparing its financial statements.

7.5 Redemption on the occurrence of a Breach of Covenant Event or a Relevant Indebtedness Default Event

If so specified in the applicable Pricing Supplement, the Issuer may at its option, at any time, on giving not less than 30 nor more than 60 days' notice to the Trustee and the Issuing and Paying Agent and, in accordance with Condition 13, the Securityholders (which notice shall be irrevocable), redeem, in whole but not in part, the Securities at their principal amount, together with any Distribution accrued to the date fixed for redemption (including any Arrears of Distribution and any Additional Distribution Amounts), if a Breach of Covenant Event or a Relevant Indebtedness Default Event has occurred and is continuing.

Upon the expiry of any such notice as is referred to in this Condition 7.5, the Issuer shall be bound to redeem the Securities on such date in accordance with this Condition 7.5.

The Issuer shall give notice to Securityholders in accordance with Condition 13 and to the Trustee and Issuing and Paying Agent by not later than 30 days following the first day on which it becomes aware of the occurrence of a Breach of Covenant Event or a Relevant Indebtedness Default Event.

The Trustee shall not be required to take any steps to ascertain whether a Breach of Covenant Event or a Relevant Indebtedness Default Event or any event which could lead to the occurrence of a Breach of Covenant Event or a Relevant Indebtedness Default Event has occurred nor be liable to any person for any failure to do so.

7.6 Redemption in the case of Minimal Outstanding Amount

If so specified in the applicable Pricing Supplement, the Issuer may at its option, at any time, on giving not less than 30 nor more than 60 days' notice to the Trustee and the Issuing and Paying Agent and, in accordance with Condition 13, the Securityholders (which notice shall be irrevocable), redeem, in whole but not in part, the Securities at their principal amount together with any Distribution accrued to the date fixed for redemption (including any Arrears of Distribution and any Additional Distribution Amounts), provided that prior to the date of such notice at least 80 per cent. in principal amount of the Securities originally issued has already been redeemed or purchased and cancelled.

7.7 Purchases

The Issuer or any Subsidiary of the Issuer may at any time purchase Securities at any price in the open market or otherwise. Such Securities may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent and/or the Registrar for cancellation.

7.8 Cancellation

All Securities which are redeemed will forthwith be cancelled or surrendered therewith at the time of redemption). All Securities so cancelled and the Securities purchased and cancelled pursuant to Condition 7.7 above shall be forwarded to the Issuing and Paying Agent and cannot be reissued or resold.

8. Taxation

All payments of principal, premium and Distribution, Arrears of Distribution and Additional Distribution Amounts by or on behalf of the Issuer in respect of the Securities by the Issuer shall be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (*Taxes*) imposed or levied by or on behalf of a Tax Jurisdiction, unless the withholding or deduction of Taxes is required by law. In that event, the Issuer will pay such additional amounts (*Additional Amounts*) as shall be necessary in order that the net amounts received by the Holders after such withholding or deduction shall equal the respective amounts of principal and Distribution, Arrears of Distribution and Additional Distribution Amounts which would otherwise have been receivable in respect of the Securities in the absence of the withholding or deduction; except that no such Additional Amounts shall be payable with respect to any Security:

- (a) presented for payment by or on behalf of a Holder who is liable for the Taxes in respect of such Security by reason of his having some connection with such Tax Jurisdiction other than the mere holding of such Security;

- (b) presented for payment by or on behalf of a Holder who is able to avoid such withholding or deduction by making a declaration of non-residence or other similar claim for exemption and does not make such declaration or claim; or
- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that a Holder thereof would have been entitled to an Additional Amount on presenting the same for payment on the thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6.4).

For the purposes of these Conditions:

- (a) **Tax Jurisdiction** means Hong Kong and the People's Republic of China, or any political subdivision or any authority thereof or therein having power to tax; and
- (b) **Relevant Date** means the date on which the payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Trustee, the Issuing and Paying Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Securityholders by the Issuer in accordance with Condition 13.

The Issuer or any of its agents making a payment on its behalf shall be permitted to withhold or deduct from any payment of principal or Distribution any amounts (i) required by the rules of U.S. Internal Revenue Code of 1986 (the **Code**) Sections 1471 through 1474 (or any amended or successor provisions), any regulations or agreements thereunder, any official interpretation thereof, or (without prejudice to the provisions of this Condition 8) any law implementing an inter-governmental approach thereto, (ii) pursuant to any inter-governmental agreement or implementing legislation adopted by another jurisdiction in connection with these provisions, or (iii) pursuant to any agreement with the U.S. Internal Revenue Service (**FATCA withholding**), as a result of a Holder, beneficial owner or an intermediary that is not an agent of the Issuer not being entitled to receive such payment free of FATCA withholding. The Issuer and its agents will have no liability for or have any obligation to pay Additional Amounts in respect of any such FATCA withholding deducted or withheld by the Issuer, any of its agents or any other party.

References in these Conditions to principal, Distribution, premium, Arrears of Distribution and/or Additional Distribution Amounts shall be deemed also to refer to any Additional Amounts which may be payable under this Condition or any undertaking or covenant given in addition thereto or in substitution therefor pursuant to the Securities Trust Deed.

9. Prescription

The Securities will become void unless presented for payment within a period of five years after the Relevant Date (as defined in Condition 8) therefor.

10. Non-payment

10.1 Non-Payment when due

Notwithstanding any of the provisions below in this Condition 10, the right to institute Winding-Up proceedings is limited to circumstances where payment has become due. In the case of any Distribution, such Distribution will not be due if the Issuer has elected to defer that Distribution pursuant to Condition 5.5.

In addition, nothing in this Condition 10, including any restriction on commencing proceedings, shall in any way restrict or limit any rights of the Trustee, the Agents or any of their respective directors, officers, employees or agents to claim from or to otherwise take any action against the Issuer, as the case may be, in respect of any costs, charges, fees, expenses or liabilities incurred by such party pursuant to or in connection with the Securities Trust Deed, the Agency Agreement or the Securities.

10.2 Proceedings for Winding-Up

If (i) there is a Winding-Up of the Issuer or (ii) the Issuer shall not make payment in respect of the Securities for a period of 14 days or more after the date on which such payment is due, the Issuer shall be deemed to be in default under the Securities Trust Deed and the Securities and the Trustee may subject to the provisions of Condition 10.4, institute proceedings for the Winding-Up of the Issuer and/or prove in the Winding-Up of the Issuer and/or claim in the liquidation of the Issuer for the principal amount of the Securities and any Distribution accrued but unpaid, together with all outstanding Arrears of Distribution and Additional Distribution Amounts.

10.3 Enforcement

Without prejudice to Condition 10.2 but subject to the provisions of Condition 10.4, the Trustee may without further notice to the Issuer institute such proceedings against the Issuer as it may think fit to enforce any term or condition binding on the Issuer under the Securities Trust Deed or the Securities (other than any payment obligation of the Issuer under or arising from the Securities or the Securities Trust Deed, including, without limitation, payment of any principal or premium or satisfaction of any Distribution (including any Arrears of Distribution and any Additional Distribution Amounts) in respect of the Securities, including any damages awarded for breach of any obligations) but in no event shall the Issuer, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums, in cash or otherwise, sooner than the same would otherwise have been payable by it.

Nothing in this Condition 10.3 shall, however, prevent the Trustee from instituting proceedings for the Winding-Up of the Issuer, proving in any Winding-Up of the Issuer and/or claiming in any liquidation of the Issuer in respect of any payment obligations of the Issuer arising from the Securities or the Securities Trust Deed (including any damages awarded for breach of any obligations).

10.4 Entitlement of Trustee

The Trustee shall not be obliged to take any of the actions referred to in Condition 10.2 or 10.3 against the Issuer to enforce the terms of the Securities Trust Deed or the Securities unless (i) it shall have been so requested by an Extraordinary Resolution of the Holders or in writing by the Holders of at least 25 per cent. in principal amount of the Securities then outstanding and (ii) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction and provided that the Trustee shall not be held liable for the consequences of exercising its discretion or taking any such action and may do so without having regard to the effect of such action on individual Securityholders.

10.5 Right of Holders

No Holder shall be entitled to proceed directly against the Issuer or to institute proceedings for the winding-up or claim in the liquidation of the Issuer or to prove in such winding-up unless the Trustee, having become so bound to proceed or to prove in such winding-up or claim in such liquidation, fails to do so within a reasonable period and such failure shall be continuing, in which case the Holder shall have only such rights against the Issuer as those which the Trustee is entitled to exercise as set out in this Condition 10.

10.6 Extent of Holders' remedy

No remedy against the Issuer, other than as referred to in this Condition 10, shall be available to the Trustee or the Holders, whether for the recovery of amounts owing in respect of the Securities or under the Securities Trust Deed or in respect of any breach by the Issuer of any of its other obligations under or in respect of the Securities or under the Securities Trust Deed, as the case may be.

11. Replacement of Securities

Should any Security be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Registrar upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Securities must be surrendered before replacements will be issued.

12. Agents

The names of the initial Agents and their initial specified offices are set out below.

The Issuer is entitled, with the prior written approval of the Trustee, to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that:

- (a) there will at all times be a Paying Agent and a Registrar, including a U.S. Paying Agent or a U.S. Registrar (as applicable);
- (b) so long as the Securities are listed on any stock exchange or admitted to trading by any other relevant authority, there will at all times be a Registrar and Transfer Agent (or a U.S. Registrar and U.S. Transfer Agent, as the case may be) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority; and
- (c) so long as any of the Global Certificates denominated in a Specified Currency other than U.S. dollars are held through DTC or its nominee, there will at all times be a U.S. Exchange Agent.

Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Securityholders in accordance with Condition 13.

In acting under the Agency Agreement, the Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Securityholders. The Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

13. Notices

All notices regarding the Securities will be deemed to be validly given if published in a leading daily newspaper of general circulation in Hong Kong. It is expected that any such publication in a newspaper will be made in the *South China Morning Post* in Hong Kong. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or any other relevant authority on which the Securities are for the time being listed or by which they have

been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

All notices regarding the Securities in definitive form will be deemed to be validly given if (a) sent by first class mail or (if posted to an address overseas) by airmail to the Holders (or the first named of joint Holders) at their respective addresses recorded in the Register and will be deemed to have been given on the day after mailing and (b) if and for so long as any Securities in definitive form are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules.

Notices to be given by any Securityholder shall be in writing and given by lodging the same, together (in the case of any Security in definitive form) with the relative Security or Securities, with the Registrar.

14. Meetings of Securityholders, Modification, Waiver and Substitution

The Securities Trust Deed contains provisions for convening meetings of Holders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Securities or the provisions of the Securities Trust Deed. Such a meeting may be convened by the Issuer or the Trustee and shall be convened by the Issuer if required in writing by Holders holding not less than ten per cent, in nominal amount of the Securities for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing more than 50 per cent. in nominal amount of the Securities for the time being outstanding or, at any adjourned such meeting, one or more persons being or representing Holders whatever the nominal amount of the Securities so held or represented unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to modify the circumstances in which the Securities may be redeemed or the circumstances in which Distribution (including any Arrears of Distribution or Additional Distribution Amounts) are payable in respect of the Securities, (ii) to vary the method of calculating the Distribution Rate or reducing the Distribution Rate, (iii) to reduce or cancel the amount of principal, premium, Distribution (including any Arrears of Distribution or Additional Distribution Amounts) payable in respect of the Securities (other than as provided under these Conditions), (iv) to change the currency of payment of the Securities, or (v) to modify the provisions concerning the quorum required at any meeting of the Holders or the majority required to pass an Extraordinary Resolution, in which case the necessary quorum for passing an Extraordinary Resolution is one or more persons holding or representing not less than two-thirds or at any adjourned such meeting not less than one-quarter, in nominal amount of the Securities for the time being outstanding. An Extraordinary Resolution passed at any meeting of Holders will be binding on all Holders, whether or not they are present at the meeting. The Securities Trust Deed provides that a written resolution signed by or on behalf of the Holders of not less than 90 per cent. of the nominal amount of Securities for the time being outstanding shall be as valid and effective as a duly passed Extraordinary Resolution.

15. Modification, Waiver and Substitution or Variation

15.1 Modification and Waiver

The Trustee and the Issuer may agree, without the consent of the Securityholders, to:

- (a) any modification (except such modification in respect of which an increased quorum is required as mentioned above) of the Securities, the Agency Agreement or the Securities Trust Deed which in the Trustee's opinion is not materially prejudicial to the interests of the Securityholders; or

- (b) any modification of the Securities, the Agency Agreement or the Securities Trust Deed which is of a formal, minor or technical nature or is made to correct a manifest or proven error or to comply with mandatory provisions of the law.

The Trustee may agree, at the direction of the Securityholder through an Extraordinary Resolution (as defined in the Securities Trust Deed), to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Securities or the Securities Trust Deed, or determine, without any such consent as aforesaid, that any Breach of Covenant Event, Relevant Indebtedness Default Event or Enforcement Event (as defined in the Securities Trust Deed) shall not be treated as such, where, in any such case, it is not, in the opinion of the Trustee, materially prejudicial to the interests of the Securityholders so to do or may agree, without any such consent as aforesaid, to any modification which is of a formal, minor or technical nature or to correct a manifest error or an error which, in the opinion of the Trustee, is proven. Any such modification shall be binding on the Securityholders and any such modification shall be notified to the Securityholders in accordance with Condition 13 as soon as practicable thereafter.

15.2 Substitution or Variation

If a Special Event has occurred and is continuing, then the Issuer may, at its option, subject to Condition 5 (without any requirement for the consent or approval of the Holders) and subject to it having satisfied the Trustee immediately prior to the giving of any notice referred to in this Condition 15.2 that the provisions of this Condition 15.2 have been complied with, and having given not less than 30 nor more than 60 days' irrevocable notice to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 13, the Holders, at any time either (i) substitute all, but not some only, of the Securities for, or (ii) vary the terms of the Securities with the effect that they remain or become (as the case may be), Qualifying Securities, and the Trustee shall (subject to the following provisions of this Condition 15.2 and subject to the receipt by it of the certificate of an Authorised Signatory of the Issuer referred to in the definition of Qualifying Securities) agree to such substitution or variation.

Upon expiry of such notice, the Issuer shall either vary the terms of or, as the case may be, substitute the Securities in accordance with this Condition 15.2.

In connection therewith, any outstanding Arrears of Distribution (including any Additional Distribution Amounts) shall be satisfied in full in accordance with the provisions of Condition 5.5.6.

In connection with any substitution or variation in accordance with this Condition 15.2, the Issuer shall comply with the rules of any stock exchange on which the Securities are for the time being listed or admitted to trading.

Any such substitution or variation in accordance with the foregoing provisions of this Condition 15.2 shall not be permitted if any such substitution or variation would itself give rise to a Special Event with respect to the Securities or the Qualifying Securities.

The Trustee shall not be obliged to agree to any substitution or variation under this Condition 15.2 if such substitution or variation shall have the effect of exposing the Trustee to liability or increasing or amending any obligation or duty of the Trustee or reducing or amending any of the Trustee's rights, powers or protections.

15.3 Interests of Holders

In connection with the exercise of its functions, rights, powers and discretions including, without limitation, any modification, waiver, authorisation or determination), the Trustee shall have regard to the general interests of the Securityholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Holders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of such exercise for individual Holders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Securityholders be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Securityholders except to the extent already provided for in Condition 8 and/or any undertaking or covenant given in addition to, or in substitution for, Condition 8 pursuant to the Securities Trust Deed.

The Trustee may, at the direction of the Securityholders through an Extraordinary Resolution, agree with the Issuer, to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Securities and the Securities Trust Deed of another company, being a Subsidiary of the Issuer, subject to (a) the Securities being unconditionally and irrevocably guaranteed by the Issuer, (b) the Trustee being satisfied that the interests of the Securityholders will not be materially prejudiced by the substitution and (c) certain other conditions set out in the Securities Trust Deed being complied with.

16. Indemnification of the Trustee and Trustee Contracting with the Issuer

The Securities Trust Deed contains provisions for the indemnification of and/or provision of security to the Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured to its satisfaction.

The Securities Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any of its Subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any of its Subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Securityholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

17. Further Issues

The Issuer shall be at liberty, from time to time, without the consent of the Securityholders to create and issue further securities having terms and conditions the same as the Securities (or the same in all respects save for the amount and date of the first payment of interest thereon) and so that such further issue shall be consolidated and form a single Series with the outstanding Securities. References in these Conditions to the Securities include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single Series with the Securities.

18. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of this Security under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

19. Governing Law and Submission To Jurisdiction

19.1 Governing law

The Securities Trust Deed, the Agency Agreement and the Securities and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

19.2 Submission to jurisdiction

The Issuer irrevocably agrees, for the benefit of the Trustee, the Agents and the Securityholders, that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Securities Trust Deed, the Agency Agreement and/or the Securities and accordingly submit to the exclusive jurisdiction of the English courts (including a dispute relating to any non-contractual obligations arising out of or in connection with the Securities) and that accordingly any suit, action or proceedings (together referred to as Proceedings) arising out of or in connection with the Securities (including any Proceedings relating to any non-contractual obligations arising out of or in connection with the Securities) may be brought in such courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum and further agrees that a final judgment in any Proceedings brought in the English courts shall be conclusive and binding upon it.

The Trustee, the Agents and the Securityholders may take any Proceedings against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

19.3 Appointment of Process Agent

The Issuer appoints Law Debenture Corporate Services Limited at its registered office at Fifth Floor, 100 Wood Street, London EC2V 7EX as its agent for service of process, and undertakes that, in the event of Law Debenture Corporate Services Limited ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process in England in respect of any Proceedings and notify the Trustee, the Agents and the Securityholders of such appointment. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

20. Definitions

In these Conditions, the following expressions shall have the following meanings:

Additional Business Centre means a city specified as such in the applicable Pricing Supplement;

Additional Financial Centre means a city specified as such in the applicable Pricing Supplement;

Benchmark Rate means (a) in the case of Securities denominated in U.S. dollars, the Comparable Treasury Rate; and (b) in the case of Securities denominated in any currency other than U.S. dollars, the benchmark rate as specified in the applicable Pricing Supplement;

Breach of Covenant Event means the occurrence of (a) a non-compliance and/or non-performance by the Issuer of any one or more of its obligations and covenants set out in Condition 4 and (b) the Trustee or the Holders holding 25 per cent. or more in aggregate principal amount of the Securities outstanding gives notice in writing to the Issuer that the Distribution Rate will be adjusted in accordance with Condition 5.3 unless the Securities are redeemed in accordance with Condition 7.5;

Business Day means a day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Hong Kong and any Additional Business Centre specified in the applicable Pricing Supplement; and
- (b) either (i) in relation to any sum payable in a Specified Currency other than Euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than Hong Kong and any Additional Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (ii) in relation to any sum payable in Euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the TARGET2 System) is open or (iii) in relation to any sum payable in CNY, a day (other than a Saturday, Sunday or public holiday) on which commercial banks in Hong Kong are generally open for business and settlement of Renminbi payments in Hong Kong;

Business Day Convention means the convention for adjusting any relevant date if it would otherwise fall on a day that is not a Business Day;

Calculation Amount has the meaning given in the applicable Pricing Supplement;

Calculation Date means, for the purpose of calculating, the Relevant Reset Distribution Rate, the commencement date of the relevant Reset Distribution Period;

Comparable Period means the period specified as such in the applicable Pricing Supplement;

Comparable Treasury Issue means, in relation to calculating the Relevant Reset Distribution Rate, the US Treasury security selected by the Calculation Agent as having a maturity of Comparable Period that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities with a maturity of Comparable Period;

Comparable Treasury Price means, with respect to any redemption date:

- (a) the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) on the third Business Day preceding such redemption date, as set forth in the daily statistical release (of any successor release) published by the Federal Reserve Bank of New York and designated “Composite 3:30 p.m. Quotations for US Government Securities”;
or
- (b) if such release (or any successor release) is not published or does not contain such prices on such Business Day, (i) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (ii) if fewer than three such Reference Treasury Dealer Quotations are available, the average of all such quotations;

Comparable Treasury Rate means the rate notified by the Calculation Agent to the Issuer and the Securityholders (in accordance with Condition 13) in per cent. per annum equal to the yield, under the heading that represents the average for the week immediately prior to the relevant Calculation Date, appearing in the most recently published statistical release designated “H.15(519)” or any successor publication that is published weekly by the Board of Governors of the Federal Reserve System and that establishes yields on actively traded US Treasury securities adjusted to constant maturity under the caption “Treasury constant maturities” for the maturity corresponding to the Comparable Treasury Issue. If such release (or any successor release) is not published during the week preceding the Calculation Date or does not contain such yields, Treasury Rate means the rate in per cent. per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for the Calculation Date. The Comparable Treasury Rate will be calculated on the second Business Day preceding the relevant Calculation Date;

Compulsory Distribution Payment Event means circumstances in which during the three-month period ending on the day before the relevant Distribution Payment Date either or both of the following have occurred:

- (a) a discretionary dividend, distribution or other discretionary payment has been paid or declared by the Issuer (or in the case of any Parity Securities, the issuer thereof) on or in respect of any Junior Securities or any Parity Securities of the Issuer (except (i) in relation to the Parity Securities of the Issuer, on a *pro rata* basis or (ii) in connection with any employee benefit plan or similar arrangements with or for the benefit of employees, officers, directors or consultants); or
- (b) the Issuer (or in the case of Parity Securities, the issuer thereof) has at its discretion repurchased, redeemed, reduced, cancelled, bought-back or otherwise acquired for any consideration any of its Junior Securities or Parity Securities prior to its stated maturity (except (i) in relation to the Parity Securities of the Issuer, on a *pro rata* basis, (ii) in connection with any employee benefit plan or similar arrangements with or for the benefit of employees, officers, directors or consultants or (iii) as a result of the exchange or conversion of its Parity Securities for its Junior Securities).

For the avoidance of doubt, the Issuer’s right of optional deferral pursuant to Condition 5.5.1 will not be affected solely as a result of the incurrence of any Parity Securities or Junior Securities. In addition, the incurrence of any Parity Securities (including any senior indebtedness) or Junior Securities itself will not constitute a Compulsory Distribution Payment Event. A non-discretionary payment on, or redemption of, Parity Securities or Junior Securities (such as a scheduled payment of principal and interest on such Parity Securities or Junior Securities, which the issuer thereof has no right to defer) does not constitute a Compulsory Distribution Payment Event;

Day Count Fraction in respect of the calculation of an amount of Distribution in accordance with Condition 5.4:

- (a) if “**Actual/Actual (ICMA)**” is specified in the applicable Pricing Supplement:
 - (i) in the case of Securities where the number of days in the relevant period from (and including) the most recent Distribution Payment Date (or, if none, the Distribution Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Periods that would occur in one calendar year; or

- (ii) in the case of Securities where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (b) if “30/360” is specified in the applicable Pricing Supplement, the number of days in the period from (and including) the most recent Distribution Payment Date (or, if none, the Distribution Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360; and
- (c) if “Actual/365 (Fixed)” is specified in the applicable Pricing Supplement, the actual number of days in the Accrual Period divided by 365;

Determination Date means the day and month (but not the year) on which any Distribution Payment Date falls;

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date;

Distribution Commencement Date means, in respect of any Security, the date specified in the applicable Pricing Supplement from (and including) which such Security bears distribution, which may or may not be the Issue Date of such Security;

Distribution Compliance Period has the meaning given to it in Regulation S;

Distribution Payment Date means the First Distribution Payment Date and any other date or dates specified as such in, or determined in accordance with the provisions of, the applicable Pricing Supplement;

Early Redemption Amount means, in relation to a redemption during the period up to, but excluding, the First Call Date pursuant to Condition 7.4, 101 per cent. of the principal amount of the Securities, together with any Distribution accrued to the date fixed for redemption (including any Arrears of Distribution and any Additional Distribution Amounts);

First Call Date means the date specified as such in the applicable Pricing Supplement;

First Distribution Payment Date means date specified in the applicable Pricing Supplement;

Independent Investment Bank means an independent investment bank of international repute (acting as an expert) selected by the Issuer and approved in writing by the Trustee;

Initial Distribution Rate means the rate specified as such in the applicable Pricing Supplement;

Initial Spread means the rate specified as such in the applicable Pricing Supplement;

Institutional Accredited Investor means *accredited investors* (as defined in Rule 501(a)(1), (2), (3) or (7) under the Securities Act that are institutions;

Junior Securities means (a) any class of the Issuer's share capital (including preference shares); (b) any instrument or security issued by the Issuer which ranks, or is expressed to rank, by its terms or by operation of law, junior to the Issuer's obligations under the Securities; and (c) any security for which the Issuer has guaranteed or otherwise assumed liability where the Issuer's obligations under the relevant guarantee or other assumption of liability rank or are expressed to rank junior to the Issuer's obligations under the Securities, which, in the case of (b) and (c) and for the avoidance of doubt, shall not include any indebtedness under any syndicated or bilateral loan facility or any trade finance or any promissory note arranged or granted by a bank or other financial institution or any guarantee or indemnity in respect of such indebtedness (including any drawing down of any existing credit line or facility of the Issuer);

Legended Securities means Securities in definitive form that are issued to Institutional Accredited Investors and Securities (whether in definitive form or represented by a Global Certificate) sold in private transactions to QIBs in accordance with the requirements of Rule 144A which bear a legend specifying certain restrictions on transfer (a **Legend**);

NDRC means the National Development and Reform Commission of the People's Republic of China or its local counterparts;

NDRC Circular means the Circular on Promoting the Reform of the Administrative System on the Issuance by Enterprises of Foreign Debt Filings and Registrations (國家發展改革委關於推進企業發行外債備案登記制管理改革的通知(發改外資[2015]2044號)) issued by the NDRC and which came into effect on 14 September 2015, and other applicable implementation rules, regulations, certificates, circulars, notices or policies thereof as issued by the NDRC from time to time;

Parity Securities means any instrument or security (which for the avoidance of doubt shall not include any indebtedness under any syndicated or bilateral loan facility or any trade finance or any promissory note arranged or granted by a bank or other financial institution or any guarantee or indemnity in respect of such indebtedness (including any drawing down of any existing credit line or facility of the Issuer) issued or guaranteed by the Issuer which ranks or is expressed to rank, by its terms or by operation of law, *pari passu* with the Securities;

Principal Subsidiary means any Subsidiary of the Issuer:

- (a) whose gross revenues (consolidated in the case of a Subsidiary which has Subsidiaries) attributable to the Issuer, as shown by its latest audited statement of comprehensive income are at least 10 per cent. of the consolidated gross revenues as shown by the latest published audited statement of comprehensive income of the Issuer and its consolidated Subsidiaries; or
- (b) whose profits before taxation and exceptional items (pre-tax profit) (consolidated in the case of a Subsidiary which itself has Subsidiaries) attributable to the Issuer, as shown by its latest audited statement of comprehensive income, are at least 10 per cent. of the consolidated pre-tax profit as shown by the latest published audited consolidated statement of comprehensive income of the Issuer and its consolidated Subsidiaries, including, for the avoidance of doubt, the Issuer and its consolidated Subsidiaries' share or profits of Subsidiaries not consolidated and of associated entities and after adjustments for minority interests; or

- (c) whose gross assets (consolidated in the case of a Subsidiary which itself has Subsidiaries) attributable to the Issuer, as shown by its latest audited balance sheet, are at least 10 per cent. of the consolidated gross assets of the Issuer and its Subsidiaries as shown by the latest published audited consolidated balance sheet of the Issuer and its Subsidiaries, including the investment of the Issuer and its consolidated Subsidiaries in each Subsidiary whose accounts are not consolidated with the consolidated audited accounts of the Issuer and of associated companies and after adjustment for minority interests;

provided that, in relation to paragraphs (a), (b) and (c) above:

- (i) in the case of a corporation or other business entity becoming a Subsidiary after the end of the financial period to which the latest consolidated audited accounts of the Issuer relate, the reference to the then latest consolidated audited accounts of the Issuer and its Subsidiaries for the purposes of the calculation above shall, until consolidated audited accounts of the Issuer for the financial period in which the relevant corporation or other business entity becomes a Subsidiary are published be deemed to be a reference to the then latest consolidated audited accounts of the Issuer and its Subsidiaries adjusted to consolidate the latest audited accounts (consolidated in the case of a Subsidiary which itself has Subsidiaries) of such Subsidiary in such accounts;
- (ii) if at any relevant time in relation to the Issuer or any Subsidiary which itself has Subsidiaries no consolidated accounts are prepared and audited, gross income, pre-tax profit or gross assets of the Issuer and/or any such Subsidiary shall be determined on the basis of *pro forma* consolidated accounts prepared for this purpose by the Issuer for the purposes of preparing a certificate thereon to the Trustee;
- (iii) if at any relevant time in relation to any Subsidiary, no accounts are audited, its gross assets (consolidated, if appropriate) shall be determined on the basis of *pro forma* accounts (consolidated, if appropriate) of the relevant Subsidiary prepared for this purpose by the Issuer for the purposes of preparing a certificate thereon to the Trustee; and
- (iv) if the accounts of any subsidiary (not being a Subsidiary referred to in proviso (i) above) are not consolidated with those of the Issuer, then the determination of whether or not such subsidiary is a Principal Subsidiary shall be based on a *pro forma* consolidation of its accounts (consolidated, if appropriate) with the consolidated accounts (determined on the basis of the foregoing) of the Issuer, or
- (d) to which is transferred the whole or substantially the whole of the assets of a Subsidiary which immediately prior to such transfer was a Principal Subsidiary shall become a Principal Subsidiary at the date on which the first published audited accounts (consolidated, if appropriate) of the Issuer prepared as of a date later than such transfer are issued, provided that the Principal Subsidiary which so transfers its assets shall forthwith upon such transfer cease to be a Principal Subsidiary unless such Subsidiary which so transfers its assets would continue to be a Principal Subsidiary on the basis of such accounts by virtue of the provisions of paragraph (a), (b) or (c) above.

A certificate prepared by an Authorised Signatory of the Issuer whether or not addressed to the Trustee, that in their opinion, a Subsidiary is or is not, or was or was not, a Principal Subsidiary may be relied upon by the Trustee without further enquiry or evidence and, if relied upon by the Trustee, shall, in the absence of manifest error, be conclusive and binding on all parties, notwithstanding that such certificate may contain a monetary or other limitation or an exclusion of liability of the Issuer;

QIB means a *qualified institutional buyer* within the meaning of Rule 144A;

Qualifying Securities means, in respect of a Series, securities that:

- (a) have terms not materially less favourable to an investor than the terms of the Securities of the relevant Series (provided that certification to such effect (and confirming that the conditions set out in (i) and (ii) below have been satisfied) of (i) one authorised signatory of the Issuer and (ii) an Independent Investment Bank, shall have been delivered to the Trustee prior to the substitution or variation of the relevant Securities upon which certificates the Trustee shall rely absolutely), provided that (i) they are issued by the Issuer or any wholly-owned direct or indirect finance Subsidiary of the Issuer and (ii) they shall rank *pari passu* on a Winding-Up with the Securities of the relevant Series and shall contain terms which provide at least for the same Distribution Rate from time to time applying to the Securities of the relevant Series and otherwise have substantially identical terms (as reasonably determined by the Trustee) to the Securities of the relevant Series save where any modifications to such terms are required to be made to avoid the occurrence of a Gross-Up Event or, as the case may be, an Accounting Event; and
- (b) are listed on The Stock Exchange of Hong Kong Limited or such other stock exchange of international standing;

Reference Treasury Dealer means each of any three investment banks of recognised standing that is a primary US Government securities dealer in The City of New York, selected by the Issuer in good faith;

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average as determined by the Calculation Agent, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to such Trustee by such Reference Treasury Dealer at 5:00 p.m. on the third Business Day preceding such redemption date;

Register means the register of Holders which the Issuer shall procure to be kept by the Registrar;

Regulation S means Regulation S under the Securities Act;

Regulation S Global Certificate means a Global Certificate representing Securities sold outside the United States in reliance on Regulation S;

Relevant Date has the meaning ascribed to it in Condition 8;

Relevant Indebtedness has the meaning ascribed to it in Condition 4;

Relevant Indebtedness Default Event means the occurrence of one or more of the following events (and such event is continuing): (i) any other present or future Relevant Indebtedness of the Issuer or any of its Principal Subsidiaries for or in respect of moneys borrowed or raised becomes (or becomes capable of being declared) due and payable prior to its stated maturity by reason of any actual default or potential default, event of default or the like (howsoever described), other than at the option of the Issuer or such Principal Subsidiary or any person entitled to such Relevant Indebtedness (for the avoidance of doubt, excluding any person to which such Relevant Indebtedness is owed), (ii) any such Relevant Indebtedness is not paid when due or, as the case may be, within any originally applicable grace period, or (iii) the Issuer or any of its Principal Subsidiaries fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any such Relevant Indebtedness, provided that the aggregate amount of the Relevant Indebtedness, guarantees and indemnities of which one or more of the events mentioned above in this definition have occurred equals or exceeds U.S.\$35,000,000 (or its equivalent in any other currency or currencies);

Relevant Reset Distribution Rate means the Benchmark Rate with respect to the relevant Reset Date plus the Initial Spread plus the Step-Up Rate;

Reset Date means the First Call Date and each day as specified in the applicable Pricing Supplement after the First Call Date;

Reset Distribution Period means the period beginning on and including the First Call Date and ending on but excluding the following Reset Date and each successive period beginning on and including a Reset Date and ending on but excluding the next succeeding Reset Date;

Rule 144A means Rule 144A under the Securities Act;

Securities Act means the United States Securities Act of 1933, as amended;

Special Event means a Gross-Up Event, an Accounting Event or any combination of the foregoing;

Specified Currency means has the meaning given in the applicable Pricing Supplement;

Step-up Rate means the rate specified as such in the applicable Pricing Supplement;

Subsidiary means any entity whose financial statements at any time are required by law or in accordance with generally accepted accounting principles to be fully consolidated with those of the Issuer;

Tranche means all Securities which are identical in all respects (including as to listing); and

Winding-Up means a final and effective court order or effective resolution for the winding up, liquidation or similar proceedings in respect of the Issuer (except, in any such case, a solvent winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation or the substitution in place of the Issuer, of a successor in business, or, as the case may be, the terms of which reorganisation, reconstruction, amalgamation or substitution have been previously approved by an Extraordinary Resolution (as defined in the Securities Trust Deed)).

FORM OF THE INSTRUMENTS

The Notes may, subject to all applicable legal and regulatory requirements, be issued in series comprising either Notes in bearer form (“**Bearer Notes**”) or Notes in registered form (“**Registered Notes**”), as specified in the relevant Pricing Supplement. The Securities shall be issued in registered form.

Bearer Notes

Each series of Notes initially issued in bearer form will be issued either as a Temporary Global Note (the “**Temporary Global Note**”), without receipts, coupons and talons attached, or as a Permanent Global Note (the “**Permanent Global Note**”), without receipts, coupons or talons attached, in each case as specified in the relevant Pricing Supplement. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a “**Global Note**”) will be delivered on or prior to the original issue date of the relevant series of the Notes to a common depository for Euroclear and/or Clearstream and/or a sub-custodian for the Hong Kong Monetary Authority (“**HKMA**”), as operator of the Central Moneymarkets Unit Service (the “**CMU Service**”), and/or any other relevant clearing system on or about the original issue date of the relevant series.

The relevant Pricing Supplement will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (or substantially similar rules to be issued under Section 4701 of the United States Internal Revenue Code of 1986, as amended (the “**Code**”)) (the “**TEFRA C Rules**”) or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (or substantially similar rules to be issued under Section 4701 of the Code) (the “**TEFRA D Rules**”) are applicable in relation to the Notes.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Pricing Supplement specifies the form of Notes as being represented by a “Temporary Global Note exchangeable for a Permanent Global Note”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without receipts, coupons or talons attached, not earlier than 40 days after the original issue date of the relevant series of the Notes upon certification as to non-U.S. beneficial ownership.

Whenever any interest in a Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated, to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- presentation and (in the case of final exchange) surrender of the Temporary Global Note at the specified office of the Issuing and Paying Agent or the CMU Lodging and Paying Agent, as the case may be; and
- receipt by the Issuing and Paying Agent or the CMU Lodging and Paying Agent, as the case may be, of a certificate or certificates of non-U.S. beneficial ownership issued by Euroclear and/or Clearstream and/or the CMU Service and/or any other relevant clearing system,

within seven days of the bearer requesting such exchange. In the case of the CMU Service, no such exchange will be effected until all relevant account holders (as set out in a CMU Instrument Position Report (as defined in the rules of the CMU Service) or any other relevant notification supplied to the CMU Lodging and Paying Agent by the CMU Service) have provided certification of non-U.S. beneficial ownership.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership; provided, however, that in no circumstances shall the principal amount of the Permanent Global Note exceed the aggregate initial principal amount of the Temporary Global Note and any Temporary Global Note representing a fungible series of Notes with the series of Notes represented by the first Temporary Global Note.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Pricing Supplement specifies the form of Notes as being a “Temporary Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules nor the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the original issue date of the relevant series of Notes.

If the relevant Pricing Supplement specifies the form of Notes as being a “Temporary Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the original issue date of the relevant series of Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with receipts, coupons and talons attached (if so specified in the relevant Pricing Supplement), in an aggregate principal amount equal to the principal amount of the Temporary Global Note so exchanged to the bearer of the Temporary Global Note against the presentation (and, in the case of final exchange, surrender) of the Temporary Global Note at the specified office of the Issuing and Paying Agent or the CMU Lodging and Paying Agent, as the case may be, within 30 days of the bearer requesting such exchange but not earlier than 40 days after the original issue date of such Notes.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Pricing Supplement specifies the form of Notes as being a “Permanent Global Note exchangeable for Definitive Notes” and also specifies that the TEFRA C Rules are applicable or that TEFRA does not apply, then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes if Euroclear or Clearstream or the CMU Service or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with receipts, coupons and talons attached (if so specified in the relevant Pricing Supplement), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the specified office of the Issuing and Paying Agent or the CMU Lodging and Paying Agent, as the case may be, within 30 days of the bearer requesting such exchange but not earlier than 40 days after the original issue date of such Notes.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denominations(s) only. Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of a Specified Denomination may need to purchase or sell, on or before the relevant date of exchange, a principal amount of Notes such that their holding is an integral multiple of a Specified Denomination.

Conditions applicable to the Notes

The Conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the Conditions set out under “Terms and Conditions of the Notes” above and the provisions of the relevant Pricing Supplement which supplement, amend, vary and/or replace those Conditions.

The Conditions applicable to any Global Note will differ from those Conditions which would apply to the Definitive Note to the extent described under “Form of the Instruments – Provisions relating to the Instruments while in Global Form”.

Legend concerning United States persons

Global Notes and Definitive Notes having a maturity of more than one year and any receipts, coupons and talons appertaining thereto will bear a legend to the following effect, unless the relevant Pricing Supplement specifies that the TEFRA C Rules are applicable or that TEFRA does not apply:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections referred to in such legend provide that a U.S. person who holds a Note, receipt, coupon or talon will generally not be allowed to deduct any loss realised on the sale, exchange or redemption of such Note, receipt, coupon or talon and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

Payments in respect of Global Notes

No payments will be made under a Temporary Global Note unless exchange for interests in the applicable Permanent Global Note is improperly withheld or refused. In addition, payments of interest in respect of the Notes cannot be collected without certification of non-U.S. beneficial ownership.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream against presentation or surrender (as the case may be) of the Permanent Global Note without any requirement for certification.

In respect of a Global Note held through the CMU Service, any payments of principal, interest or any other amounts shall be made to the person(s) for whose account(s) interests in the relevant Global Note are credited (as set out in a CMU instrument position report or any other relevant notification supplied to the CMU Lodging and Paying Agent by the CMU Service) and, save in the case of final payment, no presentation of the relevant Global Note shall be required for such purpose.

Registered Instruments

The Instruments of each series sold in reliance on Regulation S under the Securities Act, as specified in the relevant Pricing Supplement, will be represented on issue by one or more global certificates of such series in fully registered form without interest coupons or distribution coupons (in the case of the Securities) or principal receipts attached (each an “**Unrestricted Global Certificate**”), which will be deposited with a common depository for Euroclear and Clearstream or the CMU Service. Beneficial interests in an Unrestricted Global Certificate may be held only through Euroclear or Clearstream or the CMU Service or their participants at any time. See “Book-Entry Clearance Procedures”.

The Instruments of each series sold in reliance on Rule 144A under the Securities Act, as specified in the relevant Pricing Supplement, will be represented on issue by one or more permanent global certificates of such series, in fully registered form without interest coupons or principal receipts attached (each a “**Restricted Global Certificate**”), which will be deposited with a common depository for Euroclear and Clearstream (each a “**Restricted EC Global Certificate**”) and/or will be deposited with a custodian for, and registered in the name of Cede & Co. as nominee of, DTC (each a “**Restricted DTC Global Certificate**”). Beneficial interests in a Restricted Global Certificate may only be held through Euroclear, Clearstream (in the case of Restricted EC Global Certificates) or DTC (in the case of Restricted DTC Global Certificates) or their participants at any time. See “Book-Entry Clearance Procedures”. Beneficial interests in a Restricted Global Certificate may only be held by persons who are QIBs, holding their interests for their own account or for the account of one or more QIBs. By acquisition of a beneficial interest in a Restricted Global Certificate, the purchaser thereof will be deemed to represent, among other things, that it is a QIB and that, if in the future it determines to transfer such beneficial interest, it will transfer such interest in accordance with the procedures and restrictions contained in the Restricted Global Certificate.

The Unrestricted Global Certificates and the Restricted Global Certificates are referred to herein as “Global Certificates”. Beneficial interests in Global Certificates will be subject to certain restrictions on transfer set out herein, in the relevant Pricing Supplement and in the Agency Agreement, and such Global Certificates will bear the applicable legends regarding the restrictions set out in the relevant Pricing Supplement. Unless otherwise provided in the relevant Pricing Supplement, no beneficial interest in an Unrestricted Global Certificate may be transferred to a person who takes delivery in the form of a beneficial interest in a Restricted Global Certificate unless (i) a corresponding Restricted Global Certificate is also issued in respect of such series of Instruments (as stated in the relevant Pricing Supplement), (ii) the transfer is to a person that is a QIB, (iii) such transfer is made in reliance on Rule 144A, and (iv) the transferor provides the Registrar with a written certification substantially in the form set out in the Notes Trust Deed or, as the case may be, the Securities Trust Deed. Unless otherwise provided in the relevant Pricing Supplement, no beneficial interest in the Restricted Global Certificates may be transferred to a person who takes delivery in the form of a beneficial interest in an Unrestricted Global Certificate unless a corresponding Unrestricted Global Certificate is also issued in respect of such series of Instruments (as stated in the relevant Pricing Supplement), and in such case only if the transfer is to a person who is neither a U.S. person nor a U.S. resident, and is conducted in an offshore transaction in reliance on Regulation S and the transferor provides the Registrar with a written certification substantially in the form set out in the Notes Trust Deed or, as the case may be, the Securities Trust Deed.

Any beneficial interest in an Unrestricted Global Certificate that is transferred to a person who takes delivery in the form of an interest in a Restricted Global Certificate, which is possible only if a corresponding Restricted Global Certificate is also issued in respect of such series of Instruments (as stated in the relevant Pricing Supplement) and subject to the limitation stated in the paragraph above, will, upon transfer, cease to be an interest in such Unrestricted Global Certificate and become an interest in the

Restricted Global Certificate and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in a Restricted Global Certificate for as long as it remains such an interest. Any beneficial interest in a Restricted Global Certificate that is transferred to a person who takes delivery in the form of an interest in an Unrestricted Global Certificate, which is possible only if a corresponding Unrestricted Global Certificate is also issued in respect of such series of Instruments (as stated in the relevant Pricing Supplement) and subject to the limitation stated in the paragraph above, will, upon transfer, cease to be an interest in a Restricted Global Certificate and become an interest in the Unrestricted Global Certificate and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in an Unrestricted Global Certificate for so long as it remains such an interest. No service charge will be made for any registration of transfer or exchange of Instruments, but the Registrar or Transfer Agent may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Except in the limited circumstances described below, owners of beneficial interests in Global Certificates will not be entitled to receive physical delivery of certificated Instruments.

Exchange for Definitive Certificates

Each Restricted Global Certificate will be exchangeable, free of charge to the holder, on or after its Individual Exchange Date (as defined below), in whole but not in part, for certificates in Definitive Certificate form and each Unrestricted Global Certificate will be exchangeable, free of charge to the holder, on or after its Individual Exchange Date, in whole but not in part, for Definitive Certificates in fully registered form (“**Definitive Certificates**”):

- if a Global Certificate is held (directly or indirectly) on behalf of Euroclear and/or Clearstream, the CMU Service or an alternative clearing system (other than DTC) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces that it is to permanently cease business or does in fact do so; or
- if a Global Certificate is held on behalf of DTC and DTC notifies the Issuer that it is no longer willing to properly discharge its responsibilities as depository with respect to the relevant Global Certificate or DTC ceases to be a “clearing agency” registered under the Exchange Act or is at any time no longer eligible to act as such, and the Issuer is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of DTC; or
- any of the circumstances described in Notes Condition 10 (Events of Default) or Securities Condition 10 (Non-Payment) occurs.

The Registrar will not register the transfer of, or exchange of interests in, a Global Certificate for Definitive Certificates for a period of 15 calendar days ending on the date for any payment of principal, or interest or distribution (as the case may be) in respect of the relevant series of Instruments.

If only one of the Global Certificates (the “**Exchanged Global Certificate**”) becomes exchangeable for Definitive Certificates in accordance with the above paragraphs, transfers of Instruments may not take place between, on the one hand, persons holding Definitive Certificates issued in exchange for beneficial interests in the Exchanged Global Certificate and, on the other hand, persons wishing to purchase beneficial interests in the other Global Certificate.

“**Individual Exchange Date**” means a day falling not less than 30 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Registrar and any Transfer Agent is located.

In such circumstances, the relevant Global Certificate shall be exchanged in full for Definitive Certificates and the Issuer will, at the cost of the Issuer (but against such indemnity as the Registrar or any relevant Transfer Agent may require in respect of any tax or other duty of whatever nature which may be levied or imposed in connection with such exchange), cause sufficient Definitive Certificates to be executed and delivered to the Registrar for completion, authentication and dispatch to the relevant Noteholders or Securityholders (as the case may be). A person having an interest in a Global Certificate must provide the Registrar with (a) a written order containing instructions and such other information as the Issuer and the Registrar may require to complete, execute and deliver such Definitive Certificates and (b) in the case of the Restricted Global Certificate only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange or, in the case of simultaneous sale pursuant to Rule 144A, a certification that the transfer is being made in compliance with the provisions of Rule 144A to a purchaser that the transferor reasonably believes to be a QIB. Definitive Certificates issued in exchange for a beneficial interest in the Restricted Global Certificate shall bear the legends applicable to transfers pursuant to Rule 144A.

Legends and Transfers

The holder of a Definitive Certificate may transfer the Instruments represented thereby in whole or in part in the applicable minimum denomination by surrendering it at the specified office of the Registrar or any Transfer Agent, together with the completed form of transfer thereon. Upon the transfer, exchange or replacement of a Definitive Certificate bearing the legend referred to under “Transfer Restrictions” or upon specific request for removal of the legend on a Definitive Certificate, the Issuer will deliver only Definitive Certificates that bear such legend, or will refuse to remove such legend, as the case may be, unless there is delivered to the Issuer and the Registrar such satisfactory evidence, which may include an opinion of counsel, as may reasonably be required by the Issuer, that neither the legend nor the restrictions on transfer set out therein are required to ensure compliance with the provisions of the Securities Act and the Investment Company Act. Definitive Certificates for each series of Notes for the Restricted Notes and each series of Securities for the Securities will bear the same legend as the legend for the Restricted Global Certificates for such series set out under “Transfer Restrictions”. The Definitive Certificates of any Restricted Notes may not at any time be held by or on behalf of U.S. persons or U.S. residents that are not QIBs. Definitive Certificates for each series of Notes for the Unrestricted Notes are for each series of Securities for the Unrestricted Securities will bear the same legend as the legend for the Unrestricted Global Certificates for such series set out under “Transfer Restrictions”.

Provisions Relating to the Instruments while in Global Form

Global Notes and Global Certificates will contain provisions that apply to the Instruments which they represent, some of which modify the effect of the Conditions as set out in this Offering Circular. The following is a summary of certain of those provisions:

- *Meetings*: The holder of a Global Note or Global Certificate shall be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders or Securityholders and, at any such meeting, the holder of a Global Note or Global Certificate shall be treated as having one vote in respect of each minimum denomination of Notes for which such Global Note or Global Certificate may be exchanged.
- *Cancellation*: Cancellation of any Note or Security represented by a Global Note or Global Certificate that is required by the Notes Conditions or, as the case may be, the Securities Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Global Note or Global Certificate.

- *Notices:* So long as any Instruments are represented by a Global Note or Global Certificate and such Global Note or Global Certificate is held on behalf of (i) Euroclear, Clearstream and/or DTC, there may be substituted for publication as provided in the Notes Conditions or, as the case may be, the Securities Conditions, the delivery of the relevant notice to Euroclear, Clearstream and/or DTC for communication by them to the holders of the Instruments; or (ii) the CMU Service, there may be substituted for publication as provided in the Conditions the delivery of the relevant notice to the persons shown in a CMU Instrument Position Report issued by the CMU Service on no later than the second business day preceding the date of dispatch of such notice as holding interest in the Global Note or Global Certificate and, in addition, in the case of both (i) and (ii) above, for so long as any Instruments are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in a place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the Instruments on the second business day after the day on which the said notice was given to Euroclear, Clearstream, DTC and/or the persons shown in the relevant CMU Instrument Position Report.

USE OF PROCEEDS

The net proceeds of any Instruments issued under the Programme shall be used for the Issuer's working capital and general corporate purposes. Subject to all necessary approvals having been obtained from the relevant PRC government authorities, the proceeds may also be on-lent to the subsidiaries of the Issuer in the PRC by way of intercompany loan.

CAPITALISATION AND INDEBTEDNESS

Capitalisation of the Group

The following table sets out the consolidated capitalisation of the Group as derived from the Issuer's consolidated financial statements and should be read in conjunction with the consolidated financial statements of the Group and the notes thereto included in this Offering Circular.

	As of 30 June 2020
	(RMB'000)
Interest-bearing bank and other borrowings	
– Current	101,661,363
– Non-current	86,521,456
Total borrowings	188,182,819
Equity	
Equity attributable to ordinary shareholders of the parent	
– Share capital	10,299,965
– Reserves	20,700,211
	31,000,176
Holders of perpetual securities	12,724,852
Non-controlling interests	1,967,954
Total equity	45,692,982
Total capitalisation⁽¹⁾	233,875,801

Note:

(1) The capitalisation represents the sum of total equity and total borrowings.

In July 2020, the Issuer, through its wholly-owned subsidiary, issued U.S.\$300,000,000 2.50 per cent. guaranteed convertible bonds due 2025. In August, the Issuer raised a U.S.\$1,290,871,795 equivalent term loan with a term of 36 months and a US\$60 million credit facility with a term of one year.

Save as indicated in this Offering Circular, there has been no material change in the capitalisation of the Group since 30 June 2020.

DESCRIPTION OF THE GROUP

Overview

The Group is one of China's leading innovative financial service companies, specialised in providing (i) customised financing solutions, through equipment-based financial leasing, and (ii) extended value-added services to customers in targeted major industries in China. International Far Eastern Leasing Co., Ltd., the Group's major operating subsidiary for its leasing business, has 29 years of operating history since its establishment. Other principal operating subsidiaries include Far East Horizon (Tianjin) Financial Co., Ltd., Far East Horizon Financial Leasing Co., Ltd. and Shanghai Horizon Construction Development Co., Ltd. In 2000, Sinochem Group and its subsidiaries acquired control of the Group, and in 2001, the Group's operating centre was relocated from Shenyang to Shanghai to establish its market position and enhance its business contacts within China's financial, trade and transportation hub.

The Group's current business mainly concentrates in the following nine major industries:

- Healthcare – this industry business segment mainly provides financial leasing, advisory and trading services for public and private hospitals throughout in China. This business segment ceases to provide services to pharmaceutical manufacturing enterprises and medical equipment manufacturing enterprises when compared to 2018.
- Culture & tourism – this industry business segment mainly focuses on educational institutions and cultural venues. The leased educational equipment mainly comprises information technology equipment, laboratory equipment and practical training equipment. Relying on industry knowledge and close relationship with the clients, the Group extends its service to advisory services (e.g. working capital and cash flow management consulting) as well as management consulting services (e.g. national policy analysis).
- Engineering construction – this industry business segment mainly provides infrastructure construction equipment financial leasing services to mid-to-high-end construction companies within China. In light of China's rapidly developing urbanisation and increasing demand for the construction of basic infrastructure, the Group extended its services to three major sectors of the construction industry, namely construction, construction materials, electric power production and supply.
- Machinery – this industry business segment mainly provides machinery equipment financial leasing services for manufacturing companies in China with a primary focus on automobile parts producers, with the aim of achieving sustainable growth and technology enhancement in the Chinese manufacturing industry.
- Chemical & medicine – this industry business segment mainly offers equipment financial leasing services for various chemical industries in China, primarily focusing on chemical companies and pharmaceutical manufacturing.
- Electronic information – this industry business segment mainly includes the segment sectors of the electronic information manufacturing, information technology application and information transportation and services.
- Livelihood & consumption – this industry business segment involves the segment sectors of manufacturing, packaging, food, textile and light industry and commercial and retail industries.

- Transportation & logistics – this industry business segment mainly includes the segment sectors of the transportation infrastructure, transportation services, transportation extension services, materials and trading, farming, forestry, animal husbandry and fishery and green ecology industries.
- Urban public utility – this industry business segment mainly includes the segment sectors of urban infrastructure construction, urban operation and municipal services.

Based on its operational philosophy and development strategy of “finance + industry”, the Group endeavours to realise its vision of “integrating global resources and promoting China’s industries” by innovating its products and services to provide its customers with tailor-made integrated operations services. For more than a decade, the Group has been leading the development of the industries in which it has been actively participating in. In 2016, the Group was listed on the China Fortune 500. In 2017, the group became one of the Forbes Global 2000 and was included in FTSE4Good Index. Over the past 10 years, the Group has been leading the development of the PRC leasing industry, and has been listed among the Fortune China 500 and Forbes Global 2000. The FTSE4Good Index Series is an index designed to measure the performance of companies demonstrating strong environmental, social and governance practices. The Group’s inclusion into the China Fortune 500, the Forbes Global 2000 and FTSE4Good Index Series indicates that the scale of the Group’s business has officially entered the ranks of important companies in the world, and the business model and operating results have been widely recognised in the global market. In 2019, the Group received the honourable title of “4A-grade Social Organisation” and received, for the fifth consecutive year, the full score under the CFC Foundation Transparency Index in 2019, ranking first in China. These awards and honours show not only the Group’s excellent performance in the financing services industry, but also its social responsibility awareness.

The Group’s typical leasing business model provides its customers with a commercial arrangement whereby: (i) its customer, as the lessee, will select an asset (such as equipment); (ii) the Group, as lessor, will then purchase that asset; (iii) the lessee will have use of that asset for the duration of the lease; (iv) the lessee will make a series of rental payments for the use of that asset; (v) the Group will recover a majority or the entire cost of the asset and earn interest from the rental payments made by the lessee; and (vi) the lessee has the option to acquire ownership of the asset from the Group upon expiry of the lease term.

By leveraging its understanding of the customers’ specific needs in each target industry, the Group also provides extended value-added services primarily comprising advisory, engineering, trading and brokerage services to its customers. This has enabled the Group to develop a distinctive business model through which it provides an integrated range of tailor-made financial services, develops deeper customer relationships, enhances the effectiveness of its risk management systems, and leverages its accumulated industry and management expertise to expand into other target industries in China with promising growth potential.

The following sets out an overview of the growth of the Group’s focus on target industries:

- Between 2011 and 2012, the Group further expanded its business operations into the textile (now part of the Group’s livelihood & consumption industry business segment) and electronic information industries (having first consolidated and incorporated the electronic information business in the earlier machinery business into other industries), increasing its focus from six business segments to eight.

- In 2013, the Group resolved to build up a whole-packaging industry chain to expand the scope of its printing business and enhance its operating capabilities by renaming the printing sector as the packaging sector. Further, in order to get involved in areas of railway transportation, pipeline transportation and smart logistics, the Group also renamed its shipping sector as the transportation sector in the same year.
- In 2015, the Group established a new business segment, namely the urban public utility business segment, which focuses on providing a wide range of financial products and professional consulting services to China's urban utilities industry, increasing its portfolio of focused business segments from eight to nine. In the same year, amidst slow macroeconomic growth, intensified competition in the financial market and downturn of industries, the Group continued to integrate its finance business and industrial operation business, and focused on healthcare, infrastructure construction and education business sectors, and maintained stable business growth.
- In 2018, under the operational philosophy of “finance + industry”, the Group continued to implement the principle of healthy operations, strengthened its strategic guidance, focused on reducing operational risks and improved asset security. The Group also reconfigured its industries focus from nine to seven, being healthcare, education, infrastructure construction, industry and machinery, livelihood & consumption, transportation & logistics and urban public utility.
- In 2019, in order to adapt to the external environment, especially for the continuously changing industry and to optimise its organisational structure, the Group reconfigured the original seven industry layout into nine industries to cover healthcare, culture & tourism, engineering construction, machinery, chemical & medicine, electronic information, livelihood & consumption, transportation & logistics and urban public utility. The Group focuses particularly on healthcare, culture & tourism, engineering construction, machinery, chemical & medicine, electronic information, livelihood & consumption, transportation & logistics and urban public utility.

In terms of healthcare services, the Group's expanding and leading hospital operational and management business covers, as of 30 June 2020, 60 invested medical institutions with more than 20,000 available beds, forming a preliminary national hospital operation network in regions including East China, Southern China, Northern China, Southwest and Northeast China. The Group has developed strong industry expertise in the healthcare industry and is able to customise its services and enhance its sales and marketing capabilities primarily through: (i) establishing a dedicated sales team comprising former healthcare industry professionals which have been honed within the context of the healthcare industry; (ii) establishing its business network which is in close proximity to its customers' operations throughout China; (iii) maintaining close and regular contact with its customers by organising industry exhibitions and forums, and participating in industry specific associations to gain market information on the latest market trends within the healthcare industry; (iv) leveraging its established relationships with sales agents of healthcare equipment in order to source suitable healthcare equipment to better serve its customers and enhance its competitiveness; and (v) forming its operating pattern integrated by finance, hospital, management and engineering through continuously improving its professionalism in those aspects.

In terms of culture & tourism services, the Group has focused on high-end early childhood education and international high school education. The Group has been actively exploring opportunities to establish a high-end education institute network in major cities in the PRC. As of 30 June 2020, the Group operated 14 quality kindergartens (among which, five kindergartens had fulfilled their enrolment quota following further optimisation of their curriculum and operation systems) and three schools (among which, one had fulfilled its enrolment quota) with nearly 2,111 students. Due to the tightening of education industry policies, the Group, at this time, has no plan to acquire or open new schools and kindergartens, however,

it does plan to make extensions on original sites, improve the quality of education and fineness of operation management, adhere to the idea of exquisite schools, and continue to work hard for the private and boutique education system with high reputation brand, strong service capability and the most distinctive characteristics. The Group intends to adjust its development strategy according to changes in external educational policies, refining its services, improving the quality of its teaching, thereby providing students with a good study environment based on the “school + ground” concept and striving to become a boutique private education provider that is well known for its good reputation, strong service capabilities and distinguishing traits.

In terms of engineering construction services, the Group relies on more than 12 years’ experience, with a focus on infrastructure investment. The Group continues to explore integrated operation services such as equipment operation, engineering services and Public-Private-Partnership (PPP), in order to improve the service system for the Group’s investments, financing, construction and operations. The Group has followed the trend of new industry development and has implemented a series of measures, such as adjustment of asset structures, enhancement of customer structures, expansion of business sites and development of comprehensive businesses. In 2019, the Group maintained its leading position in the PRC in terms of operational scale for high-altitude vehicles, turnover materials and new formworks. The Group continuously enhances operating network density and accelerates operating network expansion to realise coverage and in-depth expansion to major cities in China. As of 30 June 2020, the Group had 186 business outlets, covering 97 cities. At the same time, the Group also actively explored the overseas market, and gradually established overseas operations. As of 30 June 2020, the Group operated in six countries and regions. In addition, Horizon Construction Development also developed and facilitated the online marketing channels such as “Far East e Market” and “Horizon Equipment high-altitude vehicles”, thus realising one-stop service for equipment leasing and trading.

In terms of urban public utility services, the Group established its urban public utility business unit in 2015. Through this sector, the Group aims to seize the opportunities arising from the development of China’s urban public utilities by providing a wide range of financial products and professional consulting services to three main urban public utility industries, namely urban infrastructure construction, urban operation and municipal services. The Group has established extensive cooperative relations with domestic and overseas renowned manufacturers, agencies, associations, research institutions, government authorities and other business partners and built a nationwide service network with a mature business process management system. The business scope of this business sector mainly comprises: (i) financing services, including providing financing for equipment purchase, sale-leaseback of current assets, operating lease, factoring and commercial paper financing; (ii) capital services, including making equity investments as strategic investor, acting as financial adviser in mergers and acquisitions and providing consulting services; and (iii) industrial services, including investing in PPP projects, cooperating with government authorities on industrial investment funds and providing value-added services.

For the six months ended 30 June 2020, due to the negative effects of the COVID-19, the growth of major industries was greatly affected, especially the industries of culture & tourism, transportation & logistics, healthcare, and chemical & medicine with negative growth of -35.08 per cent., -13.05 per cent., -16.85 per cent. and -17.08 per cent., respectively, as compared to the corresponding period of the last year. With the successive introduction of national macro-control policies, the urban public utility, electronic information and engineering construction industries grew by 13.04 per cent., 7.92 per cent. and 3.83 per cent., respectively, as compared to the corresponding period of the last year. Due to the continuing maturing and stabilisation of the environment in certain industries, the Group has adjusted the contents of its advisory services, resulting in the decline in service fee income from culture & tourism, engineering construction, chemical & medicine, transportation & logistics and urban public utility sectors.

As of 30 June 2020, the Group's total interest-earning assets increased to approximately RMB223.9 billion from RMB203.1 billion as of 31 December 2019, representing an increase by 10.20 per cent., mainly due to: (i) the Group's business expansion and in-depth exploration of industries in chemical & medicine, urban public utility, livelihood & consumption, electronic information, machinery and engineering construction, expanding the customer base in the above industries and increasing the introduction of high-quality customers in the above industries; (ii) the Group's adaptation to the changes in the macro economy and the trend of the industrial environment and adjustments to the layout of key industries; and (iii) the Group's continuous maintenance of quality industries and customers and exploration of their needs for financial service. For the years ended 31 December 2017, 2018 and 2019 and the six months ended 30 June 2019 and 2020, the Group's consolidated revenues were approximately, RMB18,782.3 million, RMB25,378.6 million, RMB26,856.5 million, RMB14,181.4 million and RMB13,275.4 million, respectively, and its net lease receivables as of 31 December 2017, 2018 and 2019 and 30 June 2020 were, RMB173,075.3 million, RMB206,316.5 million, RMB186,868.9 million and RMB203,348.3 million respectively. The amount of revenue earned for the six months ended 30 June 2020 marked a year-on-year decrease of approximately 6.39 per cent. Further in the first half of 2020, the Group's net profit attributable to shareholders of ordinary shares amounted to RMB2.06 billion, representing a year-on-year decrease of approximately 7.96 per cent. As of 30 June 2020, the non-performing asset ratio was 1.13 per cent., while the ratio of overdue interest-bearing assets past 30 days was approximately 1.28 per cent.

Group History and Structure

The Issuer is a company listed on the HKSE. It is also the ultimate holding company of the Group's principal operating subsidiaries, International Far Eastern Leasing Co., Ltd. ("**Far Eastern**"), Far East Healthcare Holding Limited, Far East Horizon Shipping Holdings Co., Limited ("**FEH Shipping**"), Shanghai Donghong, Far East Tianjin, Far East Financial and Horizon Construction Development.

Far Eastern, one of the Group's principal operating subsidiaries, was established in 1991 as an equity joint venture enterprise in Shenyang, China. The registered office of Far Eastern was relocated to Shanghai in 2001, which was an important step in the commencement of the Group's strategy to focus on China's major industries with sustainable growth potential through its operations in the healthcare industry. In the following few years, the Group gradually entered into the other key industries. In 2008, the Issuer was incorporated in Hong Kong. In 2009, three strategic investors, KKR Future Investment (an affiliate of KKR Asian Fund L.P.), Techlink (an affiliate of Government of Singapore Investment Corporation (Ventures) Pte. Ltd.) and Target Magic Limited (an affiliate of CICC fund) became shareholders of the Issuer. In 2006, the Group established Shanghai Donghong, through which it conducts its trading business. In 2009, FEH Shipping (formerly named Sino Advance Limited) was established for the development of the offshore ship leasing and ship brokerage business of the Group. On 30 March 2011, the Issuer became listed on the HKSE. In July 2011, Shanghai Horizon Equipment Engineering Co., Ltd. was established in the PRC to carry on the business of operating lease of construction machinery and related equipment. In December 2013, Far East Tianjin was established in the PRC to focus on the provision of financial services. The company mainly caters to the needs of clients in North China, and with finance leasing as its core business, it helps clients solve financial and capital problems that they encounter during the development process. In January 2017, Far East Financial was established in the PRC to provide financial services to clients in East China. In 2014, the Group actively integrated its internal resources and incorporated Horizon Construction Development as a comprehensive equipment service provider in the construction sector in China, mainly engaged in the lease of equipment and engineering construction in the fields of industrial equipment, turnover materials, pavement equipment and electric power equipment. As of 30 June 2020, the market capitalisation of the Issuer was HK\$26.1 billion.

Business Segments

The Group categorises its business operations into two major business segments: (i) financial and advisory segment; and (ii) industrial operation segment. The Group's financial and advisory segment relates to the provision of financial leasing services and advisory services. Its industrial and operation segment primarily relates to the provision of trading and brokerage services. The following table sets forth the contribution (before business taxes and surcharges) of each of: (i) financial services (interest income); (ii) advisory services (fee income); and (iii) industrial operation to the total revenue of the Group (before business taxes and surcharges) for the years indicated:

	Year ended 31 December						Six months ended 30 June			
	2017		2018		2019		2019		2020	
	RMB'000	per cent	RMB'000	per cent	RMB'000	per cent	RMB'000	per cent	RMB'000	per cent

Financial and Advisory Segment

Financial Leasing and Factoring

Financial leasing is the principal business activity of the Group. It primarily provides two types of equipment-based leasing services: (i) direct financial leasing and (ii) sale-leaseback. The Group's leasing operations cover primarily its nine focused industries, namely the healthcare, culture & tourism, engineering construction, machinery, chemical & medicine, electronic information, livelihood & consumption, transportation & logistics and urban public utility industries.

As of 30 June 2020, approximately 16 of the Group's lease contracts are priced at a floating interest rate, which floats at a pre-set margin above a base interest rate, thereby allowing it to transfer the impact of interest rate fluctuations to its customers to a significant extent. The base interest rate references the PBOC benchmark interest rates, and the pre-set margin is a commercial term in the lease contract which the Group negotiates on a case-by-case basis with the individual customer based on its industry. Based on this floating mechanism, the interest rates it charges its customers for most of its lease contracts are re-adjusted periodically at every payment date, if necessary. The majority of all of the Group's lease contracts have quarterly payment dates, with a portion having monthly payment dates; the interest rates it charges to leasing customers can be adjusted at each subsequent quarter or month should the PBOC benchmark interest rates fluctuate. For these reasons, the interest rates that are charged on the Group's lease contracts vary depending on its commercial arrangements with the individual customers based on the relevant industry, and it does not set a defined range for interest rates charged to its leasing customers.

There are no regulatory restrictions relating to the maximum or minimum interest rates charged by the Group to its customers of lease contracts under the relevant PRC laws and regulations. The Group understands that its practice of adjusting the interest rates which it charges to customers, with reference to the PBOC benchmark interest rates, fully complies with the relevant PRC laws and regulations as of 30 June 2020. The revenue generated from the Group's financial business (before business taxes and surcharges) amounted to RMB10,972.4 million, RMB16,137.7 million, RMB15,841.6 million, RMB8,163.8 million and RMB7,730.0 million for the years ended 31 December 2017, 2018 and 2019, and the six months ended 30 June 2019 and 2020 representing approximately 58.1 per cent., 63.2 per cent., 58.8 per cent., 57.4 per cent. and 58.0 per cent. of the Group's total revenue, respectively.

The SAOT promulgated the *Notice of the State Administration of Taxation on Levying Turnover Tax on Financial Leasing Business* (國家稅務總局關於融資租賃業務徵收流轉稅問題的通知) on 7 July 2000. According to this notice, the financial leasing business conducted by entities approved by the PBOC shall be levied business tax according to the *Provisional Regulations of the People's Republic of China on Business Tax* (中華人民共和國營業稅暫行條例), which was abolished on 19 November 2017, and no value-added tax ("VAT") shall be levied, whether or not the ownership of the leased goods has been transferred to the lessee. For the same business conducted by other entities, VAT, rather than business tax, shall be levied if the ownership of the leased goods has been transferred to the lessee, while business tax rather than VAT shall be levied if the ownership of the leased goods has not been transferred to the lessee. The SAOT promulgated the *Supplemental Notice of the State Administration of Taxation on Levying Turnover Tax on Financial Leasing Business* (國家稅務總局關於融資租賃業務徵收流轉稅問題的補充通知) on 15 November 2000, which stipulates that the *Notice of the State Administration of Taxation on Levying Turnover Tax on Financial Leasing Business* shall be applicable to the financial leasing business conducted by foreign-invested enterprises and foreign enterprises approved by Ministry of Foreign Trade and Economic Cooperation (對外貿易經濟合作部, the predecessor of MOFCOM).

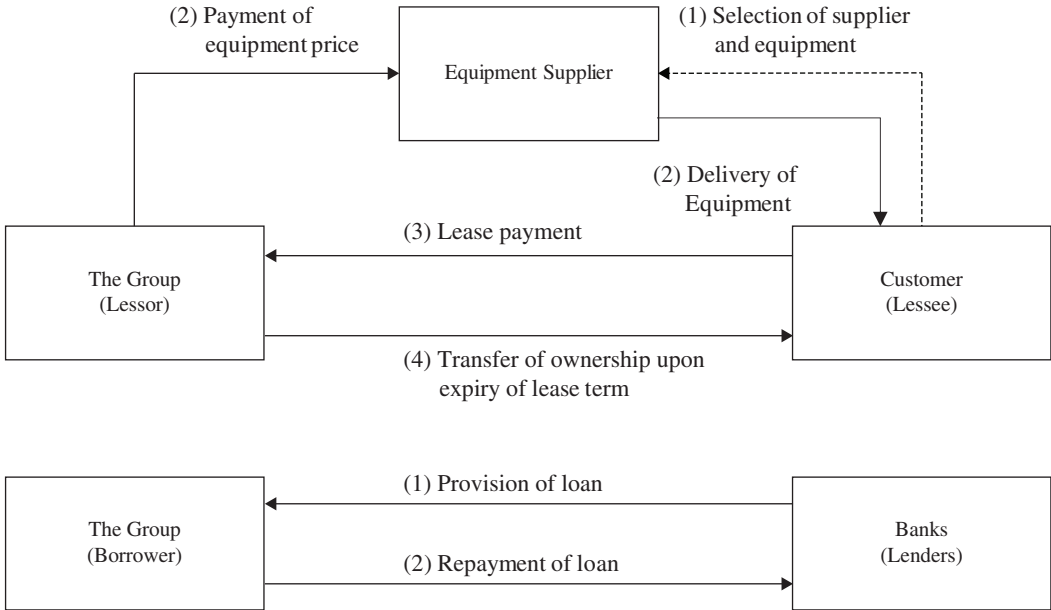

On 16 November 2011, the Ministry of Finance and the SAOT promulgated the *Notice of the Ministry of Finance and the State Administration of Taxation on Carrying out the Pilot Practice of Levying Value-Added Tax in Lieu of Business Tax on the Transportation Industry and Some Modern Service Industries in Shanghai* (財政部國家稅務總局關於在上海市開展交通運輸業和部份現代服務業營業稅改徵增值稅試點的通知), which became effective on 1 January 2012 and was discontinued on 1 August 2013. According to this notice, Shanghai is the pilot city approved by the State Council for levying VAT in lieu of business tax on the transportation industry and some modern service industries. This notice stipulates that all entities and individuals providing services in the transportation industry and some modern service industries (including tangible movables leasing) (hereinafter referred to as "**taxable services**") within the territory of the PRC are VAT taxpayers and shall pay VAT and shall no longer pay the business tax, and the tax rate shall be 17 per cent. for the tangible movables leasing service. This notice indicates that for financial leasing services of tangible movables provided by general taxpayers among the pilot taxpayers who engage in financial leasing business upon approval by the PBOC, CBIRC and the MOFCOM, the policy on VAT refund upon collection shall be applicable to the part in excess of 3 per cent. of their actual burden of VAT. On 24 May 2013, the Ministry of Finance and the SAOT promulgated the *Notice of the Ministry of Finance and the State Administration of Taxation on Carrying out the Pilot Practice of Levying Value-Added Tax in Lieu of Business Tax on the Transportation Industry and Some Modern Service Industries Nationwide* (財政部國家稅務總局關於在全國開展交通運輸業和部分現代服務業營業稅改徵增值稅試點稅收政策的通知), which became effective on 1 August 2013 and was discontinued on 1 January 2014. This notice expands the pilot practice of levying value-added tax in lieu of business tax on the transportation industry and some modern service industries from the pilot provinces and cities to a nationwide scope and adopts substantially the same policies as those adopted in the *Notice of the Ministry of Finance and the State Administration of Taxation on Carrying out the Pilot Practice of Levying Value-Added Tax in Lieu of Business Tax on the Transportation Industry and Some Modern Service*

Industries in Shanghai (財政部國家稅務總局關於在上海市開展交通運輸業和部分現代服務業營業稅改徵增值稅試點的通知). The *Notice of the Ministry of Finance and the State Administration of Taxation on Including Railway Transport and Postal Services under the Pilot Program of Replacing Business Tax with Value-Added Tax* (財政部、國家稅務總局關於將鐵路運輸和郵政業納入營業稅改徵增值稅試點的通知 (including its attachments)), which became effective on 1 January 2014 and was discontinued on 1 May 2016, stipulates that the policy that VAT refund upon collection shall be applicable to the portion in excess of 3 per cent. of the actual burden of VAT for taxpayers who provide financial leasing services of tangible movables until 31 December 2015. On 23 March 2016, the Ministry of Finance and the SAOT promulgated the *Notice of the Ministry of Finance and the State Administration of Taxation on Overall Implementation of the Pilot Program of Levying Value-Added Tax in Lieu of Business Tax* (財政部國家稅務總局關於全面推開營業稅改徵增值稅試點的通知), which became effective on 1 May 2016 and further amended on 11 July 2017 and 1 April 2019. This notice stipulates that for financial leasing services of tangible movables provided by general taxpayers among the pilot taxpayers who engage in financial leasing business upon approval by the PBOC, CBIRC and the MOFCOM, the policy on VAT refund upon collection shall be applicable to the part in excess of 3 per cent. of their actual burden of VAT. As a financial leasing company engaging in tangible movables, Far Eastern shall be governed by these notices.

(A) Direct Financial Leasing

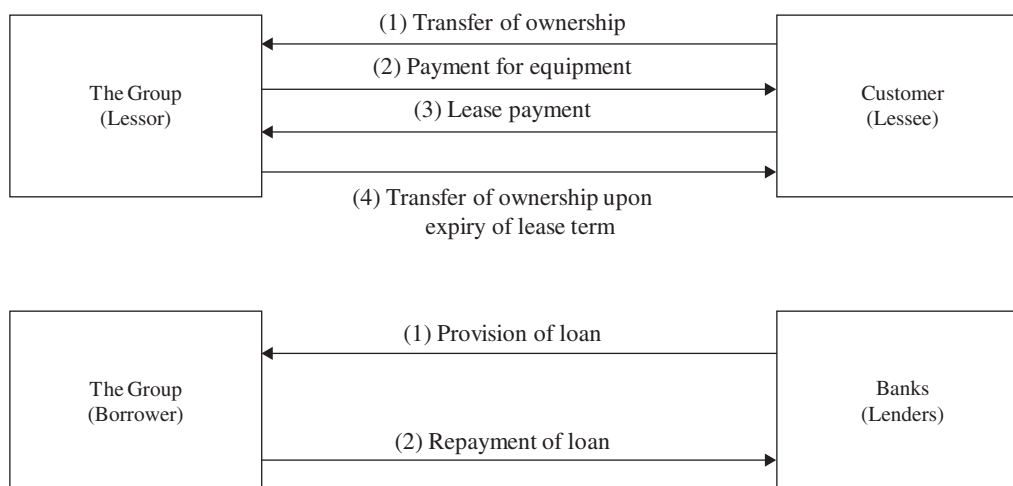

A direct financial lease is typically for one specific user, with financial terms designed to recoup most, if not all, of the initial cost of the asset being leased during the initial contractual lease term. Around 46 per cent. of all of the lease contracts of the Group have quarterly payment dates, while the remaining have monthly payment dates. A typical direct financial lease cannot be terminated without the Group’s consent during its term and typically ranges from three to five years. Upon expiry of the lease term, the Group usually provides the lessee with an option to purchase the asset underlying the lease at a nominal value so as to incentivise the lessee to purchase such asset.

A typical direct financial leasing transaction usually involves three parties, namely the lessor, the lessee and the equipment supplier. The relationships among the three parties are illustrated in the following diagram. The Group funds its financial leasing transactions as a whole primarily through bank loans.

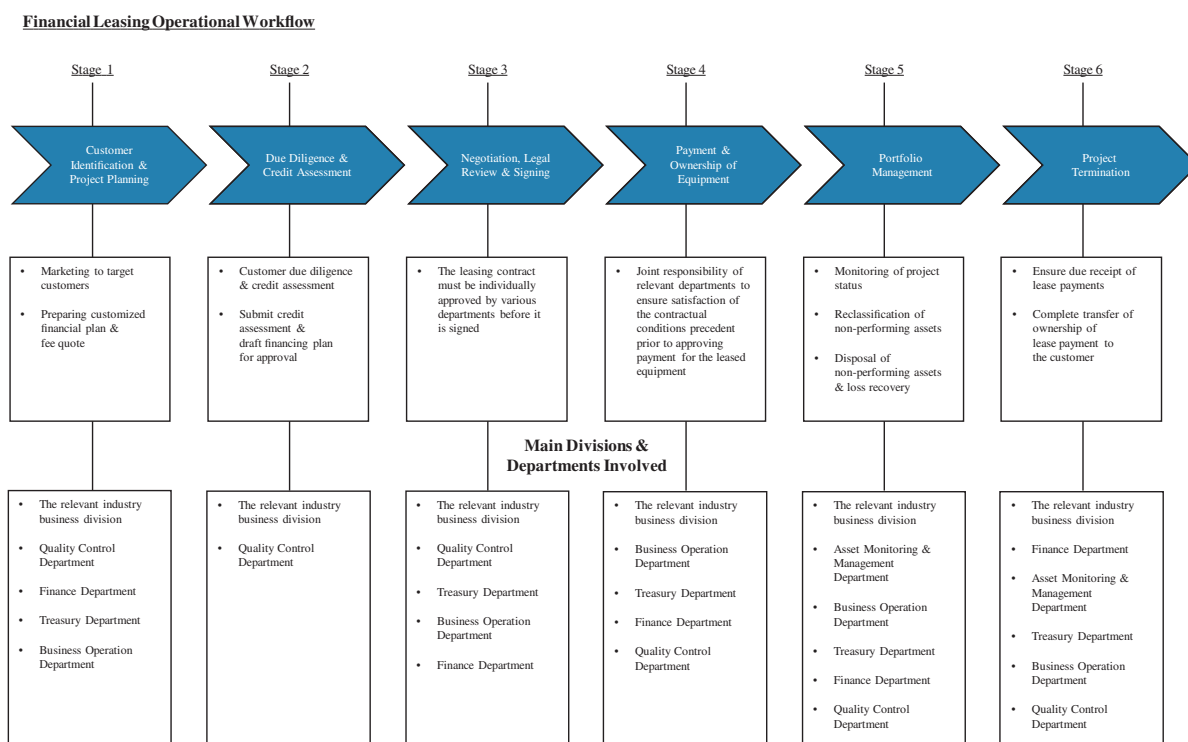

(B) Sale-leaseback

Sale-leaseback is a form of financial leasing where the lessor purchases the asset from the lessee who originally owned such asset but subsequently sells it to the lessor to satisfy its financing needs. The lessee then leases the asset back from the lessor for a relatively long term, such that the lessee can continue to use the asset as a lessee (and not as an owner). The majority of the Group's lease contracts have quarterly payment dates, while a portion have monthly payment dates. A typical sale-leaseback contract cannot be terminated without the Group's consent during its term, and typically ranges from three to five years. Upon expiry of the lease term, the Group usually provides the lessee with an option to purchase the asset underlying the lease at a nominal value so as to incentivise the lessee to purchase such asset.

Financial Leasing Operational Workflow

The Group has designed a systematic operational workflow from Stage 1 to Stage 6, which applies to financial leasing projects in each of its target industries. Under this workflow, various risk control measures and procedures are consistently applied to every lease project, which involves the active participation of different departments in the Group. The chart below sets out the workflow process of the Group's leasing business operations:

Stage 1: Customer Identification and Project Planning

The Group commences a leasing project in Stage 1, during which target customers are carefully identified, appropriate projects are selected and tailored financing plans and price quotes are duly prepared. Each project is initiated by the relevant industry business division and reviewed and assisted by other relevant departments, such as the Finance Department, Business Operation Center and Treasury Department.

Stage 2: Customer Due Diligence and Credit Assessment

Once the customer identification and project planning process under Stage 1 has been completed, Stage 2 procedures are entered into where more detailed research into the background and creditworthiness of the customer is conducted. This stage is mainly driven by the relevant industry business division, which is in charge of preparing customer due diligence and credit assessment reports and the finalised financing plan to be approved by the Business Operation Center. Depending on the customer's creditworthiness, the Group will determine down payment amounts, risk mitigation measures and other key terms in Stage 2.

Stage 3: Negotiation, Legal Review and Signing

Upon obtaining approval from the Business Operation Center, the relevant industry business division takes the lead in participating in contract negotiations and reviewing legal documents (with the support of the Legal Centre of the Business Operation Center). The leasing contract must be individually approved by various departments before it is signed. The Finance Department also assists at Stage 3.

Stage 4: Payment and Ownership of Equipment

After the leasing contract is signed, the Business Operation Center, Treasury Department and Finance Department are jointly responsible for ensuring the satisfaction of the contractual conditions precedent prior to approving payment for the leased equipment, while the Business Operation Center is also in charge of monitoring logistics, insurance coverage, delivery of goods, equipment installation and inspection procedures during Stage 4. The relevant industry business division continues to assist at Stage 4.

Stage 5: Asset monitoring and management

The Group's Asset Monitoring and Management Department and the relevant industry business division is principally responsible for asset monitoring and management through timely collection of lease payments, monitoring of project status and preparation of regular project reports. When there are "negative signals" (such as missed lease payments which may lead to potential lease defaults), certain risk control procedures will be initiated to claim outstanding lease receivables in order to mitigate potential losses. The Asset Monitoring and Management Department will review the classification of non-performing assets and closely monitor the loss recovery procedures (including restructuring of lease receivables repayment terms or the repossession and subsequent disposal of the assets underlying the lease). The restructuring of repayment terms primarily comprises acceleration of lease receivables payments and the extension of the repayment term depending on the circumstances for each case. Under its financial leasing contracts, the Group is usually entitled to several remedies including, among other things, acceleration of lease receivables repayment when there is a default of the customer. It may decide whether to exercise this remedy by primarily considering: (i) the credit record of the customer; (ii) its relationship with the customer; (iii) the current status and the prospects of the customer's financial condition; and (iv) the difficulty of repossessing the assets underlying its leases and realising their value. Before the Group decides whether to grant a customer extension of a repayment term, it conducts stringent due diligence and determines whether an extension of the repayment term is the optimal option for mitigating risks according to the customer's credit record and financial condition. The term to be extended does not exceed half of the initial lease term and the total lease term after extension does not exceed five years. The Group usually does not extend the repayment term as this may increase its risk exposure. The Group's Treasury Department and Finance Department also actively assist in controlling the risk of overdue lease receivables and repayment difficulties. The Business Operation Center also helps manage the portfolio at this stage.

Stage 6: Project Termination

The lease project is terminated upon full performance of the leasing contract. During the termination procedure, the Finance Department is responsible for ensuring due receipt of lease payments and the

timely despatch of lease receipts, while the Asset Monitoring and Management Department is in charge of completing the transfer of ownership of lease equipment to the Group's customer. The relevant industry business division, Treasury Department, Business Operation Department and Quality Control Department cooperate closely with the Finance Department and Asset Monitoring and Management Department for project termination.

In June 2012, Far Eastern obtained approval from MOFCOM to expand its scope of business to include commercial factoring.

Advisory Services

The Group's business is operated with an industry focus approach and its respective business departments are staffed with professional personnel who are organised around and focused on nine key target industries. The opportunity to provide financial leasing services to its prospective customers has enabled the Group to better understand their needs and the various types of customised value-added services that they may require. Accordingly, the Group also provides advisory services in addition to financial leasing in line with its strategy to provide its customers with an integrated range of services. The provision of advisory services is optional to the Group's leasing customers, who are free to decide whether or not to enter into an advisory contract with the Group. As of 30 June 2020, approximately 80 per cent. of the customers of the Group used both financial leasing services and the advisory services provided by the Group.

In the first half of 2020, due to the negative effects of the COVID-19 and the economic shut down for a period of time in the first quarter of 2020, advisory service business activities in the industry-related sectors such as healthcare, culture & tourism, chemical & medicine, engineering construction and transportation & logistics were restricted, resulting in a decline in advisory service revenue. However, with the guidance of national macro policies and the promotion of industries such as infrastructure, public and online consumption, the Group's advisory service income in the machinery, electronic information and livelihood & consumption industries increased respectively as compared to the first half of 2019. The Group intends to gradually enhance its service capabilities, enrich the scope and means of service based on changes in customers' requirements, and strive to achieve steady and healthy growth in service income from the business.

The Group believes that its business model allows it to generate fee income that is complementary to the financial leasing services provided to its financial leasing customers. The advisory services are normally provided in conjunction with the provision of its financial leasing services to the same customer. However, the level of advisory services required by such customers differs in accordance with their specific needs and sophistication, and hence the service component varies significantly from customer to customer and has to be specifically agreed with each customer. As such, the fees for the advisory service component are distinct from the financial leasing arrangements and are clearly set out in the advisory contracts with its customers which are separate from the financial leasing agreements.

Based on the specific needs and requirements of the Group's existing and prospective financial leasing customers from different industries, the Group has focused on the development of various value-added businesses such as its advisory services to better serve those customers. The Group constantly and closely interacts with its advisory customers to determine the service content and scope in order to provide optimal solutions in relation to financing options, cash management and operation of the leased assets appropriate for their businesses, which the Group believes are unique from its peers and competitors. The Group's comprehensive industry expertise accumulated through its provision of financial leasing services, advanced financial analysis and risk management capabilities, and its deep understanding of customers' specific needs, have enabled the Group to provide its customers with professional and customised advisory

services, which has led to a significant contribution to the Group's revenue. For example, in the packaging industry, the Group assists customers in analysing competitive products by leveraging the market information that it has accumulated from its financial leasing business and formulating marketing plans accordingly. The Group provides advice as to how to manage inventory and optimise manufacturing processes. The Group also provides training to customers on how to manage their inventory stock, how to establish an operating centre for product material and how to utilise excess capacity. These advisory services primarily include the selection of equipment suppliers, advice in respect of various forms of financing, assisting customers with cash flow management and analysis, and the provision of financing solutions typical to the respective target industries. The fees that the Group charges for the provision of advisory services vary according to the actual services provided to individual customers in the respective target industries and are agreed with each customer on a case-by-case basis. The Group's fees are determined primarily based on: (i) the nature and estimated term of services; (ii) the importance of the advisory services to the customers; (iii) the Group's relationship with the customers; and (iv) the importance of the customers to the Group's overall business. Therefore, the Group does not have a fixed-fee rate for charging its customers in relation to the advisory services.

Revenue generated from the Group's advisory services (before business taxes and surcharges) amounted to RMB4,661.3 million, RMB4,889.0 million, RMB4,574.0 million, RMB3,078.8 million and RMB1,969.2 million for the years ended 31 December 2017, 2018 and 2019 and the six months ended 30 June 2019 and 2020 representing approximately 24.7 per cent., 19.1 per cent., 17.0 per cent., 21.7 per cent. and 14.8 per cent. of its total revenue (before business taxes and surcharges), respectively.

Industrial Operation Segment

Along with the provision of leasing services to its customers, the Group has explored and identified business opportunities in other business segments in accordance with its customers' specific needs, such as trading and brokerage services, financial services, industrial investment and operation services, hospital operations, education institution operation, operational leasing, management consulting and construction services in multiple fields including healthcare, engineering construction, machinery, livelihood & consumption, transportation & logistics and urban public utility.

In terms of revenue, hospital operation and operating lease are the two most significant business segments of the Group's industrial operation segment. As of 30 June 2020, the Group invested or gained control over 60 invested medical institutions with over 20,000 available beds, as compared to approximately 60 invested medical institutions with over 20,000 available beds in 2019. For the years ended 31 December 2017, 2018 and 2019 and the six months ended 30 June 2019 and 2020 the Group's revenue (before taxes and surcharges) from hospital operation was RMB1,314.2 million, RMB2,194.5 million, RMB2,912.5 million, RMB1,332.2 million and RMB1,534.6 million, respectively, representing 40.4 per cent., 48.6 per cent., 44.7 per cent., 44.9 per cent. and 42.4 per cent. of the Group's total revenue from the industrial operation segment, respectively.

By 2018, the Group's equipment operation business development had established a relatively optimised complete preliminary marketing system and the assets scale has joined the front ranks in sub-markets such as engineering equipment and scaffolds. For the years ended 31 December 2018 and 2019 and the six months ended 30 June 2019 and 2020, the Group's revenue (before taxes and surcharges) from equipment operation was RMB1,787.5 million, RMB2,362.4 million, RMB1,153.6 million and RMB1,398.4 million respectively, representing 39.6 per cent., 36.2 per cent., 38.8 per cent. and 38.6 per cent. of the Group's total revenue from the industrial operation segment, respectively.

For the years ended 31 December 2017, 2018 and 2019 and the six months ended 30 June 2019 and 2020, the Group's education institution operation contributed RMB146.6 million, RMB176.7 million, RMB234.6 million, RMB109.2 million and RMB88.1 million of the Group's revenue (before taxes and surcharges), respectively, representing 4.5 per cent., 3.9 per cent., 3.6 per cent., 3.7 per cent. and 2.4 per cent. of the Group's total revenue from the industrial operation segment, respectively. As of 30 June 2020, the Group operated 14 quality kindergartens (among which, five kindergartens had fulfilled their enrolment quota after optimisation of its curriculum and operation systems) and three schools (among which, one had fulfilled its enrolment quota) with nearly 2,111 students, representing an increase of approximately 9.43 per cent. as compared to the first half of 2019, and the proportion of students with high tuition fees increased. The operating income of educational institutions for the first half of 2020 decreased by 19.31 per cent. as compared to the first half of 2019, which was mainly due to the effects of the COVID-19 and that the kindergartens in the Group's system were unable to carry out teaching activities according to the original plan for the first half of 2020.

The Group believes that the provision of value-added services, in addition to its leasing business, will help enhance its competitive strength and customer loyalty, and diversify its operational risk. By matching up the organisational operation of financial resources with the discovery and cultivation of industrial resources, the Group creates an operational advantage with the characteristics of joint development finance and industry. The Group established Shanghai Donghong in 2006, through which it conducts its trading business. The Group engages in import and export trade and domestic trade of medical equipment and spare parts, paper, ink, cardboard and paper goods primarily within the healthcare and packaging industries, as well as trade agency services primarily within the machinery industry. The Group is able to leverage its established customer relationships and business contacts within target industries so as to procure collective sales and purchases of equipment, thereby achieving economies of scale and lowering transaction costs and expenses.

The Group also provides ship brokerage services in the form of broker sales and purchases of new and used vessels within the transportation industry. It acts as broker and liaises with vendors and purchasers within the transportation industry to match purchase orders and sales information. The Group usually charges approximately 1 per cent. of the transaction consideration as brokerage fee for the provision of its brokerage services. The target customers for its ship brokerage business are primarily small-to-medium sized enterprises seeking to acquire ships, and the large-scale ship manufacturers which are seeking to sell their ships to suitable purchasers.

The Group does not undertake material inventory risks in its industrial and operation segment. Its inventory stock within the trading business is derived primarily from the procurement of products required by its customers, such as the supply of paper products to printing companies. In respect of its ship brokerage business, the Group acts as an intermediary for the sale and purchase of vessels for a brokerage fee and does not undertake any inventory risks as its brokerage contracts do not require it to hold vessels as part of its inventory.

Revenue generated from the Group's industrial and operation segment (before business taxes and surcharges) amounted to RMB3,254.4 million, RMB4,515.6 million, RMB6,521.3 million, RMB2,970.5 million and RMB3,620.1 million, for the years ended 31 December 2017, 2018 and 2019 and the six months ended 30 June 2019 and 2020, representing approximately 17.2 per cent., 17.7 per cent., 24.2 per cent., 20.9 per cent. and 27.2 per cent. of its total revenue (before business taxes and surcharges), respectively.

The Group's Target Industries

Prior to 2018, the Group had operated its business in nine focused industries which it believed to have sustainable growth potential, including healthcare, education, infrastructure construction, industry and machinery, packaging, transportation, electronic information, urban public utility and comprehensive development industries. The Group has accumulated years of industry expertise and has expanded its customer base in each of its target industries by organising and operating its financial leasing services, sales and marketing, and risk management systems through an industry-focused approach. In 2018, the Group adjusted its industry focus to include seven major industries, namely healthcare, education, infrastructure, construction, industry and machinery, livelihood & consumption and transportation & logistics and urban public utility.

In 2019, the Group reconfigured its industrial layout and the current business is mainly concentrated in following nine major industries: healthcare, culture & tourism, engineering construction, machinery, chemical & medicine, electronic information, livelihood & consumption, transportation & logistics and urban public utility. Through active adjustment, the Group has created a more industry-focused operational structure, and strengthened its risk identification capability.

The Group's industry selection process consists of six steps which take approximately one and a half years to two years: (i) firstly the Group conducts a search in the new industry assessing the feasibility of that new industry based on the Group's domestic and overseas industry experience; (ii) the Group then takes a preliminary industry test with a controlled volume; (iii) at the initial evaluation stage, the Group develops comprehensive business plans considering entry feasibility, growth potential, market capacity, capital needs, equipment, staff and other resources required for entry into such new industry; (iv) if the initial evaluation results of the new industry is positive, the Group tests the market extensively through conducting more comprehensive evaluations; (v) after the extensive market test, the Group finalises business plans and evaluation processes for the new industry; and (vi) the Group formally enters into the new target industry and scales up its operations in that industry appropriately.

Since the beginning of 2020, the sudden outbreak of the COVID-19 pandemic severely disrupted the normal order of production and life, leading to a period of economic shutdown with an effect exceeding all expectations in terms of both scope and degree. The COVID-19 outbreak poses potential risks to the Group's business operation and financial condition. The World Health Organisation has declared the COVID-19 outbreak a pandemic in March 2020. Under this backdrop, on the premise of ensuring the prevention and control of the pandemic, the Group committed to a phased resumption of work and production as early as possible in order to minimise losses. In addition, the Group continued to adhere to the development strategy of "finance + industry" and pushed forward measures for lean operation and management, as a response to the complex and ever-changing macro situation and the severe challenges.

For the various industry sectors the Group operates in, despite the supply chain disruption and short-term business suspension caused by measures such as regional isolation and travel restrictions, rapid growth was achieved in the areas relating to anti-epidemic materials, infrastructure, domestic substitutes and online consumption, driven by the demands in epidemic control, stable growth and industrial transformation and upgrading. The exports of anti-epidemic materials, such as face masks, protective suits and medical supplies, mitigated the influence from decrease in external demands. Special purposes machines, steel and construction industries benefitted from the successive commencement of major projects. The domestic substitution process in the electronics industry accelerated, and new infrastructure fields, such as 5G, created new momentum for economic development. In addition, the spread of COVID-19 promoted changes in consumption habits, which led to growth in delivery logistics field to a certain extent. Demands for daily chemical products were steadily climbing with growing awareness of

personal health. Meanwhile, automobile production and sales, affected by the global supply chain to a greater extent, continued to recover, domestic tourism was in a slow rebooting process, and the diagnosis and treatment procedure of medical institutions has gradually returned to normal.

The Group intends to closely and continuously monitor the development of the COVID-19 epidemic. The normal operation of some of the Group's businesses suffered an inevitable short-term impact but All businesses activities have gradually resumed normal operation since March 2020. For the six months ended 2020, the profit attributable to ordinary shares declined by approximately 8.0 per cent. year-on-year. As the outbreak is still evolving in the world, the Group is unable to accurately assess the potential impact on its business, financial condition and prospects arising from the outbreak and there will be uncertainties in operations of the Group, which might affect profitability of the Group to a certain extent. Please see *“Risk Factors – Risks Relating to the Industry – An outbreak of epidemics, such as the 2019 novel coronavirus (“COVID-19”), Severe Acute Respiratory Syndrome (“SARS”), bird flu, Type A H1N1 influenza, H7N9 influenza, Ebola virus, MERS, natural disasters, acts of war or terrorism or other factors beyond its control may adversely affect the Group’s business, results of operations and financial condition.”*

The table below sets forth the contribution by the reconfigured industries to the Group's total revenue respectively (before business taxes and surcharges) for the years ended 31 December 2018 and 2019 and the six months ended 30 June 2019 and 2020:

	Year ended 31 December				Six months ended 30 June			
	2018		2019		2019		2020	
	RMB'000	per cent	RMB'000	per cent	RMB'000	per cent	RMB'000	per cent
Healthcare	6,112,802	23.9	6,833,070	25.4	3,553,149	25.0	2,954,387	22.2
Culture & tourism	3,653,454	14.3	3,600,778	13.4	2,030,993	14.3	1,318,473	9.9
Engineering								
construction	4,087,593	16.0	4,535,576	16.8	2,365,256	16.6	2,455,906	18.4
Machinery	1,207,070	4.7	805,420	3.0	455,402	3.2	429,065	3.2
Chemical & medicine ...	431,582	1.7	498,925	1.9	245,656	1.7	203,693	1.5
Electronic information ...	891,196	3.5	1,136,890	4.2	525,056	3.7	566,650	4.3

Others	34,435	0.1	222,999	0.8	104,911	0.8	118,952	0.9
Total	<u>25,542,371</u>	<u>100</u>	<u>26,936,796</u>	<u>100</u>	<u>14,213,074</u>	<u>100.0</u>	<u>13,319,310</u>	<u>100.0</u>

Following the re-division of the industry business segments in 2019, the contribution by industry business segment to the Group's revenue for the year ended 31 December 2019 is only comparable to the equivalent numbers for the year ended 31 December 2018, as set out in the Group's consolidated financial statements for the year ended 31 December 2019. The contribution by industry business segment to the Group's revenue for the year ended 31 December 2017 was prepared in respect of the original nine industry business segments and is not comparable to that for the years ended 31 December 2018 and 2019 as shown in the table above.

The Group's Business in the Healthcare Industry

The healthcare industry was the first target industry which the Group entered into in 2001, and it remains the Group's largest target industry among the nine target industries in which it is currently primarily involved. As one of the first comprehensive finance industry service providers in China focusing on healthcare, the Group is committed to providing comprehensive financial solutions to its healthcare customers, namely public and private hospitals throughout China, comprising financial leasing, advisory and trading services.

The Group adhered to the medical philosophy of “providing inclusive, quality and warm medical services”, focuses on areas with insufficient medical resources and is committed to providing comprehensive financial solutions to its healthcare customers, namely public and private hospitals throughout China, comprising financial leasing, advisory and trading services. Since 2014, the Group has continued to expand its healthcare industry network by continually investing in hospitals and other medical institutions – from the two hospitals it initially invested in 2014 to having invested in or gained control in 60 invested medical institutions with over 20,000 available beds as of 30 June 2020:

- As of 30 June 2020, the actual number of medical institutions in which the Group had holdings or interests which were put into operation had reached 53, of which there was one new hospital project was put into operation in the first half of 2020. The number of beds available in the 53 medical institutions amounted to approximately 19,000 as of 30 June 2020 (compared to approximately 19,000 as of the end of 2019).
- According to the operation needs of various hospitals, the actual number of beds available at of 30 June 2020 was about 12,000 (compared to approximately 12,000 as of the end of 2019).
- As of 30 June 2020, 31 hospitals holding by the Group were completed and delivered, among them, the newly completed and delivered hospital project in the first half of 2020 is Pizhou Dongda Hospital.
- During the COVID-19 pandemic, the Group actively responded to the government's call and fulfilled its social mission of providing medical service and deployed a total of more than 30 medical personnel from its five hospitals to aid the epidemic area in Hubei, providing an effective supplement to the public healthcare system with strong professional capacity and accumulated rich experience.
- The hospitals form part of the Group's national hospitals operation network, covering East China, South China, North China, Southwest China and Northeast China. Through the vertical and horizontal linkage, the Group intends to explore the operating pattern of the administration offices, improve the operational efficiency of the subject units, and constantly improve the content of the business to establish a hospital group under the operation of “One system, One network, One hospital”.

The Group's hospital has reached the area with the weakest resource with a broad and accessible service network, enabling more people to enjoy quality, warm and affordable medical services in their neighbourhood.

The Group was one of the leading market players in the first half of 2020 in the for-profit healthcare industry based on market information and has developed strong industry expertise in the healthcare industry. The Group is able to customise its services and enhance its sales and marketing capabilities primarily through the following:

- establishing a dedicated sales team comprising former healthcare industry professionals which have been honed within the context of the healthcare industry;
- establishing its business network which is in close proximity to its customers' operations throughout China;
- maintaining close and regular contact with its customers by organising industry exhibitions and forums, and participating in industry specific associations to gain market information on the latest market trends within the healthcare industry;
- leveraging its established relationships with sales agents of healthcare equipment in order to source suitable healthcare equipment to better serve its customers and enhance its competitiveness; and
- forming its operating pattern integrated by finance, hospital, management and engineering through continuously improving its professionalism in those aspects.

For its healthcare equipment financial leasing customers, the Group provides both direct financial leasing and sale-leaseback services. Direct financial leasing is adopted mainly to finance the purchase of new healthcare equipment. Sale-leasebacks are more frequently adopted by the Group's healthcare customers to satisfy their financing needs for the construction of basic hospital facilities. The leased equipment consists of a wide variety of healthcare equipment, such as tomography, magnetic resonance imaging, ultrasound imaging, life support machines and operating room disinfectant systems. Major and targeted customers of the Group in healthcare industry are mainly in industries including hospital, equipment agents and medical institutions.

According to the *Regulations on Supervision and Control of Medical Equipment* (醫療器械監督管理條例) (“**Regulations on Medical Equipment**”) promulgated by the State Council and amended on 7 March 2014 and 4 May 2017 and the *Measures on the Supervision and Administration of the Business Operations of Medical Devices* (醫療器械經營監督管理辦法) promulgated by the State Food and Drug Administration (“**SFDA**”) (國家食品藥品監督管理總局) on 30 July 2014 and amended on 17 November 2017, no approval or filing is required for establishment of a business operation in category one medical device; establishment of a business operation in category two medical device shall be filed for record with the drug regulatory bureaus in charge at the municipal level; and establishment of a business operation in category three medical device shall be registered for review and approval with the drug regulatory bureaus in charge at the municipal level. SFDA promulgated the *Official Replies to Relevant Issues about Medical Equipment Leasing* (關於租賃醫療器械有關問題的批覆) and *Comments in Response to Some Regulatory Issues about Medical Equipment Financial Leasing* (關於融資租賃醫療器械監管問題的答覆意見) on 15 April 2004 and 1 June 2005, respectively. On 22 May 2018, the *National Health Commission and SFDA promulgated the Measures on Administration of the Configuration and Use of Large Medical Equipment (For Trial Implementation)* (大型醫用設備配置與使用管理辦法(試行)), which implemented hierarchical and classified planning and licence management for large medical equipment according to the catalogue approved by the State Council. Accordingly, medical equipment financial leasing conducted by financial leasing companies shall be categorised as business dealings in medical equipment and a licence for business dealings in medical equipment shall be obtained in accordance with the Regulations on Medical Equipment. Far Eastern, Shanghai Donghong and Shanghai Domin have all been issued with licences for business dealings in certain categories of medical equipment.

Along with its in-depth understanding of the healthcare industry and continuing penetration into the healthcare market during its operating history, the Group has extended its services to include diversified, value-added services, such as advisory and trading services. In addition to a trading services business, the Group also provides various advisory services which include:

- industry analysis, including analysis of policies and development strategies in healthcare industries by cooperating with universities and research institutions;
- equipment operation analysis, including advisory services in relation to selection, instalment and operation of equipment;
- management consulting, including providing customers with research reports, management training and business development strategies based on the competition in the local market;
- financial consulting services, including providing management staff of healthcare institutions with financial management plans and training, plus innovative financing plans, optimal finance planning analysis, cost cutting and applying for governmental subsidies for fixed-asset investment;
- internal management optimisation, including proposals for business and management process optimisation; and
- fixed-asset investment analysis, including comprehensive fixed-asset investment strategies, feasibility studies of investment plans, information regarding market prices, management of investment projects and providing financing support for the investment.

The Group also intends to develop its engineering services capability in connection with the engineering, construction and management of healthcare infrastructure facilities in the future so as to enhance and further develop its vertical integration within the healthcare leasing industry.

For the six months ended 30 June 2020, the Group's revenue (before business taxes and surcharges) from the healthcare industry was RMB2,954.4 million, as compared to RMB3,553.1 million for the six months ended 30 June 2019. The revenue (before business taxes and surcharges) from the healthcare industry for the years ended 31 December 2018 and 2019 and the six months ended 30 June 2019 and 2020 represented approximately 23.9 per cent., 25.4 per cent., 25.0 per cent. and 22.2 per cent. of the Group's total revenue (before business taxes and surcharges) for the same periods, respectively.

The Group's Business in the Culture & Tourism Industry

The Group's business in the culture & tourism industry includes the education business. As one of the first comprehensive financial service organisations engaged in fields of education, science and technology, culture & tourism and sports in China, the Group has long been providing solutions in terms of investment and financing and consulting for multiple education, science, cultural and tourism and sports organisations in China. Under the strategy of "finance + industry" of the Issuer, the Group has actively developed the K12 educational field covering kindergartens and compound schools, as well as developing cultural and tourism and sport industry operation businesses.

The Group commenced its operations in the educational equipment financial leasing business in 2002. It provides financial leasing services and advisory services for diverse types of educational institutions within China, such as colleges, universities, high schools and professional educational institutions. The Group believes that it commands the dominant market share within China's universities and colleges, and

has achieved strong-growth momentum over recent years. There has been significant breakthrough in the education industry business segment of the Group, with profound strategic implications for further improvement of the Group's operating capability in this business segment:

- In 2015, the Group completed the acquisition of a Confucius International School and three Montessori International Kindergartens.
- In 2016, the Group entered into agreements in respect of 12 new quality kindergarten sites in Shanghai, Hangzhou, Xiamen, Wuhan and Chongqing.
- In 2017, the Group entered into agreements in respect of three new quality kindergarten sites, one new school site and opened three kindergartens.
- In 2018, the Group entered into agreements in respect of three kindergarten sites; there are also six newly opened kindergartens and one school site in Shanghai and Qingdao. As of the end of 2018, the Group operated 13 quality kindergartens and three schools with nearly 1,800 students, representing an increase of approximately 65.1 per cent. as compared to the previous year, with one kindergarten pending for acquisition.
- In 2019, there were two newly opened kindergartens, together with three schools and 13 kindergartens that had been operating in previous years. As of 30 June 2020, the Group had operated 14 high-end kindergartens (among which, five kindergartens had fulfilled their enrolment quota) and three schools (among which, one had fulfilled its enrolment quota) with 2,111 students, representing an increase of 9.43 per cent. as compared to first half of 2019.
- In the first half of 2020, the Group steadily promoted the layout of high-end K12 education at home and abroad. By adhering to the principle of "people orientation, fusion of Chinese and western education and training elites", the Group continued to deepen and improve the level of teachers, curriculum system, campus facilities and operation flow management of kindergartens and schools within the Group, so as to cultivate outstanding students with social contribution, scientific innovation and international competitiveness.

Educational institutions are geographically dispersed across China. In order to identify and reach its potential customers in the education industry, the Group has established a strong sales and marketing team which is effective in promoting its products and services to educational institutions through various sales and marketing activities and the establishment of education professional alliances and forums to further penetrate the education market and further deepen the Group's industry expertise and customer relationships.

The leased educational equipment mainly comprises information technology equipment, laboratory equipment and practical training equipment. Based on its deep understanding of the specific needs of educational institutions and its close relationship with customers, the Group has extended its services to include value-added services such as: (i) financial advisory services, including working capital and cash flow management consulting based on an analysis of a customer's financial statements and operational status as well as financing policy training for education institutions; and (ii) management consulting services which include national policy analysis and consulting on the structure of an internal financial system.

As customers of the Group in the education industry are generally high-quality customers with stable cash flow, they represent high-asset quality and are able to make timely and regular lease payments. Their payments schedules are also customised to appropriately match their fund allocation capabilities. The Group maintains a low-risk profile within the education industry. Major customers of the Group's education industry mainly come from industries including colleges, high schools, universities, vocational education institutions, cultural venues and sports and recreation.

The customers of the Group in the tourism industry are mainly high-level domestic customers, such as tourism investment groups established by provincial and municipal governments, and these groups generally operate physical facilities, such as natural scenic spots, cultural scenic spots, and high-end hotels, generating a strong driving force for social-economic development for the local communities. The Group benefits from its large-scale asset investment, stable cash flow, and strong financing and repayment ability.

For the six months ended 30 June 2020, the Group's revenue (before business taxes and surcharges) from the culture & tourism industry was RMB1,318.5 million, as compared to RMB2,031.0 million for the six months ended 30 June 2019. The Group's revenue (before business taxes and surcharges) from the culture & tourism industry for the six months ended 30 June 2019 and 2020 represented approximately 14.3 per cent. and 9.9 per cent. of the Group's total revenue (before business taxes and surcharges) for the same periods, respectively.

The Group's Business in the Engineering Construction Industry

The Group entered the engineering construction industry in 2004 primarily to provide infrastructure construction equipment financial leasing services to mid-to-high-end construction companies within China. In light of China's rapidly developing urbanisation and increasing demand for the construction of basic infrastructure, the Group extended its services to three major sectors of the construction industry, namely construction, construction materials, electric power production and supply. The Group systematically promoted its operating leasing business for the infrastructure construction and has become a leading industrial enterprise in the market segments of road equipment, industrial equipment and mould bases. In 2015, the Group continued to promote comprehensive services such as operation of machinery and scaffolding equipment and effective linkage with the financial business in an orderly manner to lay out a framework of an industry service corporation, and the network of the Group's operation services has gradually spread nation-wide and created relevant advantages in related sub-markets. In 2016, in order to adapt to the market environment, the Group made strategic moves to reduce the allocation of resources to certain sluggish industries, which led to a lower growth rate for its engineering construction business sector. Since 2017, the Group continued to explore integrated operation services, such as equipment operation, engineering services and Public-Private-Partnership (PPP), in order to improve the service system for the Group's investments, financing, construction and operations.

The Group established Horizon Construction Development, a comprehensive equipment service provider in the construction sector in China, which is mainly engaged in the lease of equipment and engineering construction in the fields of industrial equipment, turnover materials, pavement equipment and electric power equipment. Horizon Construction Development relies on its nationwide operating network, compound operation capabilities, full range of equipment and expertise in equipment operation to provide a one-stop service to customers. It has served 20,000 customers and participated in projects such as construction of the Terminals at Beijing Daxing Airport, construction and installation of Shanghai National Convention and Exhibition Centre, decoration of the Bird's Nest in Beijing, construction of Shenyang Metro and construction of Hangzhou East Railway Station. As of 30 June 2020, Horizon Construction Development owned over 40,000 pieces of equipment and over 1,000,000 tons of turnover materials, with the total original value of its operating assets ranking No. 1 in China. It has a stock of more than 40,000 pieces of industrial equipment, as well as turnover materials, pavement equipment and electric power equipment. Horizon Construction Development actively participated in the national emergency mobilisation system, successively supported and secured emergency power supply to over 20 hospitals

across the nation, including Vulcan Mountain Hospital and Thunder Mountain Hospital in Wuhan, participated in the construction of over 10 emergency hospitals and took an active part in the rescue and relief of flood disasters across the country. As of 30 June 2020, Horizon Construction Development had more than 186 business outlets covering 97 cities in East China, South China, North China, Southwest China and Northeast China, being the one with the largest network size in China. Horizon Construction Development is continuing seeking opportunities to expand its network to achieve nationwide peripheral coverage. It also provides tailored design and research services for its customers, with many of its independently-developed products holding a leading position in China. It has obtained 133 authorised patents, 13 invention patents and eight software copyrights. In recent years, it ranked 39th among the top 100 global leasing companies in 2020, received numerous honourable awards, such as the Top Ten Chinese Leasing Companies, the most influential enterprise in China's aerial work platform leasing industry and the Pioneer in the International Aerial Work Platform Industry, all of which has made it a leading company in the field of equipment leasing in China.

Horizon Construction Development has further explored the overseas market, and operated in six countries and regions in 2019. It has also developed online marketing channels, such as "Far East e Market" and "Horizon Equipment high-altitude vehicles", thus enhancing the Group's internal operating efficiency and service of external customers. In the first half of 2020, Horizon Construction Development and the hospital group under the Group not only played to their own strengths and actively participated in the national front-line epidemic prevention and anti-epidemic efforts, but also continuously unleashed its financial efficiency, contributing critical growth momentum for the Group's "finance + industry" dual driven and coordinated development.

Capitalising on the rapid growth of the industry and its deep understanding of the sector, the Group has achieved strong growth over recent years. It maintains a competitive sales team with significant industry understanding and finance expertise to provide customised services to its customers in the engineering construction industry.

The Group frequently liaises with industry experts and retains an external expert as its regular adviser. It maintains frequent and close contact with major construction equipment manufacturers and trading companies domestically and overseas in order to gain first-hand information on industry and regulatory trends. Active involvement in industry associations and customer forums are also considered key sales and marketing activities to help the Group strengthen industry penetration and promote its services. Its leased construction equipment is mainly comprised of excavating machines, earthmoving machines, road maintaining machines, pavement equipment, pile machines, concrete machines, drilling machines and hoisting construction equipment.

The Group's advisory services in the engineering construction industry include: (i) sharing of market information and statistics, and providing customers with regulatory trend analysis and market data based on industry expertise and accumulated market information; and (ii) financial consulting services such as working capital and cash flow management consulting based on analysis of the customers' financial statements and operational status as well as financial policy. Major customers of the Group's engineering construction industry mainly come from industries including transportation construction, urban development, industrial construction, construction materials, cultural venues and electricity.

For the six months ended 30 June 2020, the Group's revenue (before business taxes and surcharges) from the engineering construction industry was RMB2,455.9 million, as compared to RMB2,365.3 million for the six months ended 30 June 2019. The Group's revenue (before business taxes and surcharges) from the engineering construction industry for the six months ended 30 June 2019 and 2020 represented approximately 16.6 per cent. and 18.4 per cent. of the Group's total revenue (before business taxes and surcharges) for the same periods, respectively.

The Group's Business in the Machinery Industry

The Group formed its machinery business division in 2005. The Group provides industrial machinery equipment financial leasing services for various manufacturing companies in China, primarily focusing on automobile parts producers, with the aim of achieving sustainable growth and technology enhancement in the Chinese manufacturing industry. The Group successfully penetrated into different customer areas and was one of the leading market players in 2018 and 2019 in the machinery industry, based on market information.

As its financing services are extended to a number of sectors within the machinery industry, such as machine tools, automotive, public transportation, energy and electronic devices, the Group's sales and marketing strategy focuses on active involvement and liaison with various industry associations, such as automobile industry associations and mechanical bearing industry associations, to collect the latest industry information and, more importantly, machinery purchase and financing demand information to facilitate its marketing efforts. The Group also organises machinery exhibitions regularly and involves its key customers, various manufacturing companies and machinery equipment purchasers to promote its services. Its sales staff make regular visits to a number of key government industrial parks to develop business relationships with various manufacturing companies. As the financial leasing business of the machinery industry involves mostly small-ticket machine tool leasing, and requires industry-specific financing expertise and an extended sales network to reach customers which are spread across China, the Group has established a specialised sales team equipped with the necessary industry expertise and marketing capability to maintain sufficient coverage of a diverse customer base and to provide customised small-ticket financial leasing services for machinery equipment.

The advisory services provided in the machinery industry include (i) market information and statistics exchange and providing customers with regulatory trend analysis and market data based on industry expertise and accumulated market information, and (ii) financial consulting services, such as working capital and cash flow management consulting based on an analysis of the customer's financial statements and operational status as well as financial policy. Major customers of the Group's machinery industry mainly come from industries including automobile parts manufacture, railway transportation equipment manufacture, electrical power equipment manufacture, general equipment and basic parts manufacture and electronics machinery manufacture.

For the six months ended 30 June 2020, the Group's revenue (before business taxes and surcharges) from the machinery industry was RMB429.1 million, as compared to RMB455.4 million for the six months ended 30 June 2019. The Group's revenue (before business taxes and surcharges) from the machinery industry for the six months ended 30 June 2019 and 2020 represented approximately 3.2 per cent. and 3.2 per cent. of the Group's total revenue (before business taxes and surcharges) for the same periods, respectively.

The Group's Business in the Chemical & Medicine Industry

The chemical & medicine business development department was established in October 2019. It offers equipment financial leasing services for various chemical industries in China, primarily focusing on chemical companies and pharmaceutical manufacturing, with the aim of achieving sustainable growth and technology enhancement in China's chemical industry. China has become the world's largest chemical production and trading country and has established a unique whole-industry-chain chemical system. The chemical & medicine business development department mainly focuses on high-value-added sub-sectors in the chemical industry, such as pesticides, dyes, adhesives, coatings, rubber and plastic additives, etc. Factors, such as having a large population base, aging community, and continued growth in per capita disposable income have led to continued increase in demand for medicines. China's pharmaceutical manufacturing industry has maintained rapid growth for ten years, and the production of chemical raw materials accounts for 60 per cent. of the world. The chemical & medicine business development department focuses on supplying chemical raw materials, chemical-pharmaceutical preparations and products for other subdivided medical fields. Major customers of the Group's chemical & medicine industry mainly come from industries including chemical and pharmaceutical manufacturing.

For the six months ended 30 June 2020, the Group's revenue (before business taxes and surcharges) from the chemical & medicine industry was RMB203.7 million, as compared to RMB245.7 million for the six months ended 30 June 2019. The Group's revenue (before business taxes and surcharges) from the chemical & medicine industry for the six months ended 30 June 2019 and 2020 represented approximately 1.7 per cent. and 1.5 per cent. of the Group's total revenue (before business taxes and surcharges) for the same periods, respectively.

The Group's Business in the Electronic Information Industry

In April 2012, the Group consolidated the electronic information business and incorporated the electronic business in the machinery industry into other industries. The Group commenced its new business in the electronic information industry and established the electronic information segment in December 2012.

The electronic information segment targets the information industry in the PRC and is an integrated financial services institution providing diversified financial solutions to upstream and downstream customers of various industry chains. Demands in electronic information industry have been increasing, with frequent hot topics on 5G base station, wearable devices and other aspects. The electronic information segment is currently involved in fields such as electronic information manufacturing and information technology application. Relying on vast industry experience and resource-coordination skills, and through the dedicated corporation of corporate customers, well-known domestic and overseas manufacturers, agents, associations, government and business partners, the electronic information segment has built up a national customer service network, with Shanghai as its centre.

Through continued in-depth research and pioneering in the electronic information manufacturing and information technology application fields, the electronic information segment is committed to providing the industry chain with quality and professional financial services, operational services and investment services. Major customers of the Group's electronic information industry mainly come from industries including electronics manufacture, 3C (computer, communications and consumer-electronics) and electronic terminals, electrical machinery and applications of information technology.

For the six months ended 30 June 2020, the Group's revenue (before business taxes and surcharges) from the electronic information industry was RMB566.7 million, as compared to RMB525.1 million for the six months ended 30 June 2019. The Group's revenue (before business taxes and surcharges) from the electronic information industry for the six months ended 30 June 2019 and 2020 represented approximately 3.7 per cent. and 4.3 per cent. of the Group's total revenue (before business taxes and surcharges) for the same periods, respectively.

The Group's Business in the Livelihood & Consumption Industry

This industry segment mainly includes segment sectors of packaging, food, textile and light industry, and commercial and retail industries.

This industry segment is targeted at products reflecting a consumer-oriented focus, and is developing in line with industry trends of the upgrading of consumption and consumer intelligence, which in turn follow the general upward trajectory and changes to general consumers' livelihoods. Complementary concentration on other segment sectors within this industry segment (such as textile and apparel, food and beverage and retail and commerce) allows the Group to provide more comprehensive financial solutions. These include tailored financial leasing solutions, factoring services, providing financial services to small and medium-sized enterprises in the targeted industry sectors and facilitating asset securitisation products and structured financing products and equity pledge financing.

Through continued in-depth research and pioneering in the livelihood & consumption industry application fields, the industry segment is committed to providing the industry chain with quality and professional financial services, operational services and investment services.

For the six months ended 30 June 2020, the Group's revenue (before business taxes and surcharges) from the livelihood & consumption industry was RMB468.9 million, as compared to RMB469.3 million for the six months ended 30 June 2019. The Group's revenue (before business taxes and surcharges) from the livelihood & consumption industry for the six months ended 30 June 2019 and 2020 represented approximately 3.3 per cent. and 3.5 per cent. of the Group's total revenue (before business taxes and surcharges) for the same periods, respectively.

The Group's Business in the Transportation & Logistics Industry

The Group began to provide its services within the ship financial leasing industry in 2003. It primarily provides ship leasing services to shipping companies established in China, or ultimately owned by Chinese entities, in the form of direct financial leases, whereby its shipping customers purchase vessels with its financing support. In addition, it also provides ship brokerage services for the selling and purchasing of new and used vessels. In July 2013, the Group renamed its shipping sector as the transportation sector to expand its business to include railway transportation, pipeline transportation and smart logistics industries. In 2016, the growth of demand in the shipping industry remained sluggish, and the problem of over-capacity could not be fundamentally resolved in the short term with the downturn and volatility of the shipping market expected to continue for a certain period. The Group undertook measures such as writing off bad debts and monitoring assets in this business sector. Since 2017, with the gradual recovery of the shipping market, shipping prices also gradually increased, and the imbalance between supply and demand was alleviated. Therefore, in 2018, as the shipping business picked up, the Group restarted its ship financial leasing services.

The Group leverages its industry expertise within the transportation & logistics industry and provides transportation financing services which are specially customised to provide reliable funding support for its transport customers. The Group's specialised sales team is capable of providing comprehensive financing solutions and professional advisory services for its customers, who request essential, industry-specific financing advice at the time they purchase vessels. The Group believes that its provision of an integrated and customised range of financial services to its transport customers has enhanced its customers' trust and reliance on its services and enabled it to establish its market position within the transportation financing market. Its extensive network with ship builders, sellers and purchasers allows it to continue its expansion into ship brokerage service. Major customers of the Group's transportation & logistics industry mainly come from industries including logistics, transportation infrastructure, supply chain management, and smart system and smart transportation.

The Group's operations in the transportation financial leasing market are divided into the U.S. dollar financing business and the CNY financing business. Its U.S. dollar financing services are provided primarily to shipping companies operating on international shipping lines, while its CNY financing services are provided principally to shipping companies operating on domestic shipping lines. The Group also provides various advisory services to its transportation & logistics industry customers, which include: (i) vessel operation advisory services, such as ship selection and purchase timing analysis; (ii) industry competition analysis, based on its cumulative industry expertise and market information; and (iii) financial consulting services, such as working capital and cash flow management consulting based on an analysis of the customer's financial statements and operational status, profit projection and vessel value assessment.

On 28 March 2008, the Ministry of Communications (交通運輸部) issued the *Notice of the General Office of the Ministry of Communications on Improving Administration of Ship Financial Leasing* (交通運輸部辦公廳關於規範國內船舶融資租賃管理的通知) in the PRC (the "**Notice**"), which became effective on the same date and abolished on 10 June 2020. According to the Notice, where a lessor conducts ship financial leasing in China in the form of Sino-foreign equity joint ventures, Sino-foreign cooperative joint ventures or wholly foreign-owned enterprises, the foreign shareholding shall not exceed 50 per cent. of the total

investment. To comply with the Notice, Far Eastern, a wholly foreign-owned enterprise, has, since March 2008, ceased to provide ship financial leasing services in China. Instead, the Group continues to conduct its ship financial leasing business in China by way of entrusted loans, whereby the Group entrusts local financial institutions qualified for the lending business (such as banks) to lend the Group's money to domestic enterprises to provide financing for their ship construction or purchasing. The constructed or purchased ships will then be mortgaged to the Group as a guarantee for the repayment of the entrusted loans. In addition, the Group also conducts its ship financial leasing business outside China through the offshore subsidiaries wholly owned by FEH Shipping. Therefore, the Group's lease receivables relating to the transportation & logistics industry currently include entrusted loans granted for ship leasing and offshore ship leasing receivables.

The Group understands its provision of entrusted loans within the transportation & logistics industry (after the Notice became effective) does not contravene PRC laws and regulations. In addition, the performance of those ship leasing contracts that the Group was completed before the effective date of the Notice, and the receipt of related interest income after the effective date will not be deemed by the relevant PRC authorities to be a breach of the Notice.

In addition, the Group, as the general partner, established a shipping fund with the total capital of U.S.\$40 million in the Cayman Islands on 18 March 2015, through which the Group explored brand new model for the asset management business to leverage the potential industry risks and enhance the operational capability of the Group over the control of the shipping assets.

For the six months ended 30 June 2020, the Group's revenue (before taxes and surcharges) from the transportation & logistics industry was RMB807.0 million, as compared to RMB928.1 million for the six months ended 30 June 2019. Its revenue (before business taxes and surcharges) from the transportation & logistics industry for the six months ended 30 June 2019 and 2020 represented approximately 6.5 per cent. and 6.1 per cent. of the Group's total revenue (before business taxes and surcharges) for the same periods, respectively.

The Group's Business in the Urban Public Utility Industry

In March 2015, the Group established the urban public utility business unit. Through this sector, the Group aims to seize the opportunities arising from the development of China's urban public utilities by providing a wide range of financial products and professional consulting services to three main urban public utility industries, namely urban infrastructure construction, urban operation and municipal services.

The business scope of this business sector mainly comprises: (i) financing services, including providing financing for equipment purchase, sale-leaseback of current assets, operating lease, factoring and commercial paper financing; (ii) capital services, including making equity investments as strategic investors, acting as financial adviser in mergers and acquisitions and providing consulting services; and (iii) industrial services, including investing in PPP projects, cooperating with government authorities on industrial investment funds and providing value-added services.

Through its long-term efforts, the Group has established extensive cooperative relations with domestic and overseas renowned manufacturers, agencies, associations, research institutions, government authorities and other business partners, and has built a nationwide service network with a mature business process management system. Major customers of the Group's urban public utility industry mainly come from industries including city transportation, water treatment, energy, waste treatment and gas supply.

For the six months ended 30 June 2020, the Group's revenue (before business taxes and surcharges) from the urban public utility industry was RMB3,996.3 million, as compared to RMB3,535.2 million for the six months ended 30 June 2019. Its revenue (before business taxes and surcharges) from the urban utilities industry for the six months ended 30 June and 2020 represented approximately 24.9 per cent. and 30.0 per cent. of the Group's total revenue (before business taxes and surcharges) for the same periods, respectively.

Competitive Strengths

The Group believes that it has the following competitive strengths:

The Group has capitalised on China's robust economic growth by strategically focusing on selected industries which have been expanding as China's economy grows.

Over the past three decades, China's economy has grown significantly, in part, largely due to the Chinese government's extensive economic reforms. According to the National Bureau of Statistics of China, the nominal GDP of China grew from RMB21.9 trillion to RMB99.1 trillion between 2006 and 2019. In the first half of 2020, the COVID-19 epidemic swept the world. As a result, the GDP growth rate in China during the first quarter decreased by 6.8 per cent. In addition, China's urban fixed-assets investment grew from RMB9.3 trillion to RMB55.1 trillion between 2006 and 2019.

The Group's target industries have also enjoyed rapid growth along with the Chinese economy and the Chinese financial leasing industry. In particular, the total expenditure or total output value of its target industries has increased over the past three years.

The Group currently operates its business within its redefined nine target industries, a large majority of which have experienced continued growth in recent years.

The Group has developed a distinctive business model providing customised and integrated financial services to target industries by leveraging its established industry expertise and thorough understanding of its customers' specific needs.

The Group's distinctive business model enables it to provide a customised and integrated range of financial services primarily across a portfolio comprising its target industries, so as to support the growth of its customers' businesses along with the growth of the Chinese economy. In addition, the Group is also able to leverage its accumulated industry and management expertise derived from its business model to expand into other target industries in China with promising growth potential. The Group believes that its business model is distinctive for the following reasons:

- it provides an integrated and customised range of financial services;
- it has effective operational and project execution capabilities in step with its business growth;
- it maintains strong asset and customer quality through effective risk management systems; and
- it has industry-specific sales and marketing initiatives.

The Group is a market leader in China's financial leasing industry and has an extensive customer base.

The Group enjoys a leading market share in a majority of its target industries and is one of the top performers among China's financial leasing companies in terms of revenue and net profit. Based on the market information, for the six months ended 30 June 2020, the Group has a leading position among the top 10 financial leasing companies in China in terms of net profit and total assets and achieved a leading market share in terms of the aggregate value of new lease contracts in revenue terms in the provision of financial leasing services to public utilities, public hospitals, construction industry and automobile parts manufacturers.

The Group's leading market position in the majority of its target industries is bolstered by a growing customer base with whom it has well established long-term relationships. Its customers primarily comprise of small-to-medium-sized enterprises, large corporations and public institutions within its target

industries, each of which has been selected under stringent risk management procedures based on factors such as the stability of their cash flows and/or asset values, industry reputation and track record. As of 30 June 2020, the Group's customer base consisted of over 20,000 customers located in nearly every province of China, and was located primarily within the regions which are growing along with China's economy, such as the Bohai Rim (comprising Beijing Tianjin, Shandong, Liaoning and Hebei), the Yangtze River Delta (comprising Jiangsu, Zhejiang, Shanghai and Anhui), the Pearl River Delta (comprising Guangdong, Guangxi and Hainan) and central China (comprising Hunan, Hubei, Chongqing, Sichuan and Henan). As testimony to its customers' loyalty and reliance on its services, the Group also has a large number of repeat customers. The Group has further successfully tapped into its financial leasing customer base to provide extended value-added services, in addition to providing its integrated financial services to new customers.

The Group has an experienced, stable and cohesive management team and qualified staff with proven track record and a performance-based corporate culture.

The Group's management team has successfully developed its business into a leading financial services company in China. The executive Directors and key senior management have been with the Group since 2002 and have contributed their management expertise and business acumen to lead the Group since the relocation of the Group's operating centre to Shanghai in 2001. Most of the Group's senior management members have an average of around 23 years' experience in China's financial services industry. The Group has a highly capable, committed and motivated management team, whose strong entrepreneurship has led to the successful development of its businesses within its target industries. The Group's management team also shares a vision of loyalty, teamwork, cohesiveness, continuous learning and excellence with its employees. As of 30 June 2020, approximately 44.70 per cent. of the Group's employees have a bachelor's degree and above, and approximately 17.50 per cent. have a master's degree and above. Due to the employees' diversified education background, work experience and internal training, the employees of the Group possess the necessary professional and specialised expertise within the relevant target industry division in which they operate.

The Group is committed to motivating its employees and creating a meritocratic system under which compensation is dependent on the satisfaction of attainable performance targets. It has fostered a distinct culture and core set of values which it seeks to reinforce with its Directors, senior management and employees.

The Group has diversified and sustainable funding sources to support its business growth and has strong capabilities in managing its funding risks.

The Group's business growth and working capital requirements are primarily supported by interest-bearing bank and other borrowings and equity. Since 2002, the Group has developed strong relationships with domestic and foreign financial institutions from which it has obtained loan financing (including syndicated loans). As of 30 June 2020, these financial institutions included, among others, the big six commercial banks in China, national joint stock commercial banks, China Development Bank, The Export Import Bank of China, Agricultural Development Bank of China, China Merchants Bank, Bank of Shanghai, Bank of Communications, city and rural commercial banks and foreign-invested banks. In December 2016, Far Eastern finalised a five-year strategic cooperation agreement with China Development Bank, ending 2021. In September 2018, Far Eastern finalised a strategic cooperation agreement with Bank of Shanghai. These relationships have allowed the Group to secure the sustainable sources of financing to support its business growth and working capital requirements. The Group also encourages foreign syndicated facility renewal to further developed foreign facilities markets such as Hong Kong and Taiwan.

The Group has also diversified its funding sources to include private banking, trusts, third-party wealth management and the employment of financial instruments, such as asset backed securitisation, perpetual securities and medium-term notes, so as to expand its funding sources and maintain a capital-adequate and cost-efficient funding base. Since its first issuance of offshore Renminbi bonds in a principal amount of RMB1,250 million in May 2011, the Issuer has been very active in the bond market. The Issuer issued senior perpetual securities in June 2014 and June 2017, and further subordinated perpetual securities in December 2017, further achieving diversification in fund raising.

Other members of the Group also have a variety of financial instruments for funding purposes. Having previously issued two asset-backed securities products, Far East issued a third asset-backed securities project in July 2014, namely, Far Eastern Third Leasing Asset Backed Security Management Programme. In August 2014, Far Eastern received a notice of acceptance of registration (the “**Registration Notice**”), issued by National Association of Financial Market Institutional Investors (中國銀行間市場交易商協會), to issue domestic medium-term notes with registered amount of RMB3 billion within two years commencing from the date of issue of the Registration Notice. It was one of few domestic leasing companies that were given a rating of investment grade internationally recognised and had diverse financing methods with an improved liability structure, enabling it to further reduce its reliability on a single product and a single market and in turn to achieve diversity of financing products, decentralisation of financing regions and the long-term finance. In September 2014, Far Eastern completed the issuance of five-year domestic medium term notes with a coupon rate of 5.6 per cent. per annum in a principal amount of RMB1.5 billion pursuant to the Registration Notice. Far Eastern was the first finance leasing company in the PRC being approved to issue medium term notes in the inter-bank market publicly.

In 2015, the Group proactively adjusted its financing strategies and increased its financing ratio in China due to the looser domestic monetary market and lowering financing costs. In 2016, the Group further enriched bond portfolios at home. With respect to direct financing, there were 14 issuances in that year, with the cumulative amount of RMB26 billion, including RMB13 billion of corporate bonds, RMB8 billion of private placement notes, RMB2 billion of ultra-short financing bills, RMB2 billion of short financing bills and RMB1 billion of other bonds.

In respect of indirect financing, the Group maintained its current financing channel and strengthened its cooperative relationships with key bank channels at the same time. The Group has also achieved cross-platform facility on the basis of the current financing channel as required by its strategic development, and strengthened its cooperation relationship with key bank channels, in particular with the six big banks and three policy banks. At the same time, the Group has adjusted its previous cooperation methods according to its own development progress and channel characteristics in order to meet the demand for the Group’s products.

In terms of off-balance sheet financing, the issuing efficiency of the Group’s asset securitisation products was significantly improved, and the issuance cost repeatedly hit a record low, which enabled the Issuer to be the most active financial leasing company with the issue of asset-backed securities products in China. In 2019, the Group was awarded the “Excellent Participant in Asset Securitisation Business” by the Shanghai Stock Exchange. Off-balance sheet financing diversified funding sources optimised the Group’s liability structure and improved the management of financial statements.

In 2017, in order to replenish the working capital and further expand the scale of its business, the Group further enriched its bond financing channels. The Group enhanced the size of the distribution in the domestic and foreign direct financing market. The Group completed 22 issuances in the year, with an aggregate amount of RMB40.3 billion, including corporate bonds of RMB15 billion, private placement notes of RMB10.8 billion, ultra-short financial bonds of RMB7.5 billion, short-term financial bonds of

RMB1.5 billion, mid-term notes of RMB5 billion and other bonds of RMB0.5 billion. In 2018, the Group further enriched its bond financing varieties and expanded the size of its issuances in the domestic direct financing market, creating an environment for continuous issuance. The Group completed 17 issuances in the year, with an aggregate amount of RMB22.7 billion, including corporate bonds of RMB9.7 billion, private placement notes of RMB3.5 billion, ultra-short financial bonds of RMB7.5 billion, and mid-term notes of RMB2.0 billion. In 2019, the Group completed 13 issuances in the year, with an aggregate amount of RMB17.0 billion, including ultra-short financial bonds of RMB9.0 billion, corporate bonds of RMB7.0 billion, and mid-term notes of RMB1.0 billion. In February 2020, the Group successfully completed the issuance of the first RMB2 billion of renewable disease prevention and control bonds. The funds raised is planned to be used in part to support the development of enterprises in epidemic areas and pharmaceutical companies, which reflects the Group's social responsibility and active participation in epidemic prevention work. In July 2020, the Issuer, through its wholly-owned subsidiary, issued U.S.\$300,000,000 2.50 per cent. guaranteed convertible bonds due 2025.

The Group has further enriched its bond portfolios by introducing innovative products, such as renewable corporate bonds, and has formed the new stage of alternate issue of various products, such as corporate bonds, PPN and ultra-short financing bills in different markets. Currently the Group is fully equipped with continuous and effective ability to issue securities, enabling it to set up the image of being a mature issuer in the capital markets.

In summary, the Group has diverse financing methods with an improved liability structure, thus further reducing its reliance on a single product or a single market, and in turn achieving diversification of financing products, decentralisation of financing markets and continuation of maintaining a competitive cost advantage.

The Group is also able to match, effectively, its funding with its asset growth on an ongoing basis through regular review and adjustment of its funding sources and structure in view of the changes in its internal and external business environments.

The Group manages its liquidity risks by regularly monitoring the relative maturities between its assets and liabilities and taking the necessary steps to maintain an appropriate and prudent balance of long-term and short-term funding sources. The Group manages its interest rate exposure by regularly assessing potential changes in interest rates using gap analysis. It further strengthens research capabilities to determine interest rate fluctuations and trends by formulating regular tracking and reporting systems.

Business Strategies

The Group intends to implement the following principal strategies to grow its business:

Capitalising on growth opportunities of China's financial leasing market.

The Group believes China's financial leasing industry is still underdeveloped, and that its target industries still enjoy sustainable growth potential. Hence, there are promising opportunities to explore the attractive growth potential of China's financial leasing industry and its target industries. Furthermore, the Group intends to continue exploring growth opportunities within other target industries in China with growth potential and in which it believes its services can be competitive, so as to complement its existing business. The Group believes that its track record and experience in China's financial leasing industry has provided it with sufficient insights into industry trends, customer needs and market potential, which will equip it with the required capabilities to pursue suitable expansion and penetration into these new industries.

In addition, the Group believes that there is substantial growth potential in the market demand for its financial leasing services arising from the growth of private sector enterprises and public institutions. In addition to conventional bank lending, the Group's ability to understand the value of the assets underlying the leases as well as its customers' needs provides a differentiated and effective competitive advantage. For close to 29 years, the Group has been successfully developing its business by taking advantage of the rapid growth of China's economy and the continuing opening up of China's financial market. The Group intends to continue to capitalise on growth opportunities of China's financial leasing market by leveraging its industrial expertise, established presence in its target industries and extensive customer network.

Expanding the Group's customer base and achieving deeper market penetration within its existing target industries through focused sales and marketing efforts and the expansion of its existing services.

The Group is constantly evaluating opportunities to leverage its significant industry expertise and extend its services to additional customer segments within each of its existing target industries. In this respect, the Group plans to devote more attention, manpower and resources to expanding its customer base and strengthening its customer relationships through focused sales and marketing efforts and further segmentation of China's economic areas in which it operates. These sales and marketing efforts will include the regular organisation of, and participation in, more industry exhibitions and trade associations so as to maintain industry presence and promote its specialised industry knowledge among key industry players. The Group believes that such focused sales and marketing efforts will strengthen market demand for its integrated financial services and enable it to further capture larger market share and more customer segments ahead of its competitors.

The Group has also adopted the operational philosophy and development strategy of "finance + industry" and focuses on the basic industries related to national economy and people's livelihood. The Group endeavours to realise its vision of "Integrating global resources and promoting China's industries" by making innovations in products and services to provide its customers with tailor-made integrated operations services. For instances, the Group has integrated the high-quality resources of its healthcare business unit and ventured into high-end maternity and rehabilitation services, further expanding the Group's influence in the healthcare industry.

Within its existing services, the Group increased the introduction and cultivation of medical personnel, strengthened the quality of medical care and service management, promoted the development and construction of disciplines and greatly increased the medical service capability and management level of the Group's hospitals.

Diversifying services portfolio in China to enhance the Group's value-adding capabilities.

The Group believes innovation is key to the continuing growth of its business. It intends to continue to develop a differentiated services portfolio, targeting specific customers' needs so that it can differentiate itself from its competitors and enhance its market competitiveness. Going forward, when suitable opportunities arise, the Group intends to expand its services portfolio to explore the medical engineering business in the healthcare industry, explore opportunities in higher-end quality kindergartens and schools in the culture & tourism industry, to extend its services across the packaging industry value chain, and to provide operating leases in the engineering construction industry.

Through the diversification of its services portfolio and expanded scope of integrated value-added services, the Group intends to continue to broaden its customer base, develop a greater understanding of its customers' needs, cultivate long-lasting relationships and secure more repeat business. The Group intends to extend the reach of its new services within China by leveraging its brand equity, business network, established customer base, expertise within the industry value chain, sales and marketing expertise, and management expertise to set strategic directions pertaining to its service portfolio diversification and, where required, acquire suitable management and technical expertise.

Continue to optimise funding sources, minimise funding cost and effectively manage funding risks.

The Group will continue to seek to minimise its costs of funding and expand its funding sources on a sustainable basis to maintain the liquidity necessary to manage its business growth and to provide competitive pricing to its customers. The Group intends to leverage its previous experience in the issuance of three Far Eastern asset-backed security management programmes and domestic medium term notes in the PRC inter-bank market and use similar financing channels under appropriate market conditions. The Group will leverage the opening up of China's financial markets to explore further financing options where suitable opportunities arise and under appropriate market conditions. In addition, the Group intends to increase its participation in the capital markets (including both equity and debt financing) as additional funding sources. The Group also seeks to enhance its strategic cooperation with both domestic and foreign financial institutions to facilitate timely funding at competitive rates for its business operations, and will continue to adhere to its stringent processes to effectively manage its liquidity and interest rate risks.

In 2019, under the strategy of "resources globalisation", the Group continued to optimise its liability structure and effectively control its finance costs. The Group's major measures are as follows: (i) the Group will deepen its cooperation with domestic major banks and non-bank institutions; (ii) the Group will actively focus on development in international market, enhance its communications with rating agencies and investors, as well as expand its cooperation with overseas financial markets; and (iii) the Group will continue to explore new channels and products, thereby further enhancing and enriching its financing structure.

Continue to strengthen risk management capabilities.

The Group intends to continue to enhance its risk management capabilities by continuing to implement an integrated and dynamic risk management system and optimising its prudent risk management systems to protect the long-term interests of its shareholders, customers and employees. The Group also intends to proactively streamline its procedures to enhance its stringent selection process of suitable fundamental and sustainable industries, the segmentation of suitable target customers, its customer credit assessment and approval procedures, and its portfolio monitoring and management. In addition, the Group intends to upgrade its information technology system, and to more closely monitor and control the status of assets, its financing project management and overall asset monitoring of the Issuer.

Continue to select, develop, motivate and retain a talented and professional workforce.

The Group believes that part of its success is greatly attributable to its ability to select, develop, motivate and retain its talented and professional workforce. The Group plans to further strengthen its workforce to meet its strategic goals. The Group will continue to focus on recruiting and cultivating the technical expertise and industrial knowledge of its workforce and training and development programmes to enhance its employees' professional knowledge and capability. The Group is dedicated to the creation of a supportive culture, promoting personal and professional development. The Group will continue to rely on an incentive-based compensation structure to better align employees' compensation with their contribution to its business. The Group will also continue to improve its human resources policies to attract, train, incentivise and retain employees.

Sales and Marketing

The Group organises its sales and marketing activities by industry divisions, and its sales and marketing network has been developed along with the development of its industry divisions. Each industry division has its own sales and marketing strategies and plans, conducts market and consumer research, coordinates marketing activities for the particular industry, promotes partnership and cooperation relationships with customers, and conducts sales and marketing activities with personnel having substantial industry expertise. As of 30 June 2020, the Group has established a nationwide sales and marketing network throughout its regional offices which are strategically located in Harbin, Shenyang, Beijing, Tianjin, Urumqi, Taiyuan, Jinan, Zhengzhou, Xi'an, Nanjing, Hefei, Shanghai, Chengdu, Wuhan, Chongqing, Nanchang, Changsha, Guiyang, Kunming, Xiamen, Guangzhou, Nanning, Shenzhen and Hong Kong in close proximity to the principal offices of its key target customers. In addition, it intends to establish more regional offices as its client base grows. The Group provides its services directly through its sales staff. It sends its sales staff directly to the customers to understand their requests and needs, and to establish close relationships with them. The industry expertise and background of the staff bring better sales and marketing achievements.

The Group promotes customer awareness of its brands and products through its advertising and promotional activities. It has combined its sales and marketing efforts with various activities, including the following:

- organisation of interactive meetings and regular industry exhibitions involving its customers, industry professionals, suppliers and manufacturers, and representatives of regulatory authorities of each of the nine target industries;
- frequent liaison with various industry associations;
- organisation and sponsorship of a number of customer forums;
- regular visits made by its sales staff to its existing and potential customers (at, for example, industrial parks); and
- advertisement in a variety of media such as journals, magazines and television networks with specific industry focus.

These activities have enabled the Group to: (i) establish strong relationships with its customers as well as other key participants within the relevant industry; (ii) collect the latest industry information as well as demand and supply trends to facilitate its marketing efforts; and (iii) maintain a stable customer base and achieve comprehensive market coverage in its reach to potential customers.

Customers

The main customer base of the Group consists of small-to-medium-sized enterprises, large corporations and public institutions. As of 30 June 2020, the Group had around 20,000 customers across its nine target industries. The Group has established comprehensive systems adopting certain criteria for its customer-selection process, including proven track record and business scale factors, such as the target customer's total assets, revenue, stability of cash flow, competitive advantages, customer base, industry qualifications and ranking, operating and credit histories and main customer characteristics. The Group aims to select high-quality customers with strong profitability potential, long-term financing demands, stable cash flows and a sound financial base.

The Group's five largest customers contributed in aggregate less than 5 per cent. of the Group's total revenue for each of the years ended 31 December 2018 and 2019 and the six months ended 30 June 2020.

Funding Capabilities

The Group has established strong and effective funding capabilities and has prudently managed its balance sheet by maintaining gearing ratios at a level that the Group considers reasonable. The Group aims to make full use of capital leverage for its operations to keep its gearing ratio relatively high but at the same time closely managing the levels of gearing ratio to avoid any potential liquidity risk. By reference to the gearing ratios of commercial banks and main competitors in China, the Group believes that its gearing ratio was maintained at reasonable levels for the three years ended 31 December 2017, 2018 and 2019 and the six months ended 30 June 2020. It has been able to secure sufficient equity and debt financing to match the expansion of its business operations and working capital requirements. It has achieved stable funding while diversifying its funding sources by implementing the following funding strategies:

- steady and effective management of its funding through stringent and dynamic capital budgeting systems to optimise funding continuity and maturity profiles, and to mitigate liquidity risks;
- operating through streamlined capital management workflows to enhance capital efficiency;
- diversifying funding channels to ensure capital supply and balanced funding mix; and
- strategic selection of multiple domestic and overseas financial instruments to effectively manage funding costs.

Through these funding strategies, the Group is able to:

- effectively match its funding with its asset growth on an ongoing basis through regular review, adjustment and structuring of its funding sources and instruments while closely monitoring changes in its internal and external business environments;
- manage its liquidity risks by regularly monitoring the relative maturities between its assets and liabilities and taking the necessary steps to maintain an appropriate and prudent balance of long-term and short-term funding sources;
- manage its interest rate exposure arising from its interest payments on its loans and financing obligations by regularly assessing potential changes in interest rates using gap analysis and further strengthening research capabilities to forecast interest rate fluctuations and trends by formulating regular tracking and reporting systems; and
- maintain diversified funding channels through various types of banks and non-bank financial institutions, and has established a well-balanced portfolio of funding sources such as loans and syndicated loans, trust financing, private banking, third-party wealth management and other financial instruments such as asset-backed securitisation perpetual securities and medium term notes so as to vary its funding sources and maintain a capital-adequate and cost-efficient funding base.

Moreover, by adhering to its funding strategies, the Group has successfully increased the proportion of long-term interest-bearing bank and other borrowings to more adequately match the maturity profile of its assets.

Competition

The opening up of the financial leasing industry in China has resulted in increased competition. The Group's competitors are mainly non-bank financial service providers, in particular bank-affiliated leasing companies, captive leasing companies and independent leasing companies which operate either on a similar or larger scale than the Group. Benefiting from China's supportive policies, China's financial leasing industry has increased greatly in the number of its participants in recent years. Based on market information, as of 30 June 2020, there were approximately 12,151 financial leasing entities, including domestic, foreign and foreign-invested enterprises operating in China, as compared with 12,130 financial leasing entities operating in China as of 31 December 2019. The financial leasing industry erects high entry barriers, which include operational qualifications, initial starting capital, strong and sustainable capital funding capabilities, professional and industrialised risk management and sales and marketing strengths.

Bank-affiliated leasing companies typically focus on big ticket leasing and have a customer base largely built on the banks' network. Captive leasing companies (which refers to the internal leasing division or the subsidiary leasing arm owned by a manufacturer or a dealer for the purposes of offering alternative financing options to the parent company's customers) typically focus on supporting their equipment sales and planning their business expansions in line with their equipment sale demand. Independent leasing companies utilise diversified capital sources and provide services to a relatively broader customer base characterised by greater flexibility, independence and discretion.

The Group's ability to compete against these competitors is, to a significant extent, dependent on its ability to distinguish its services from those of the Group's competitors through the following factors:

- provision of integrated, customised and supplemental value-added services that are competitive in terms of quality and effectiveness;
- extensive market coverage in China by leveraging on its sales and marketing capabilities;
- specific industry focus and professional expertise;
- diversified capital sourcing capabilities; and
- strong brand equity and established customer relationships.

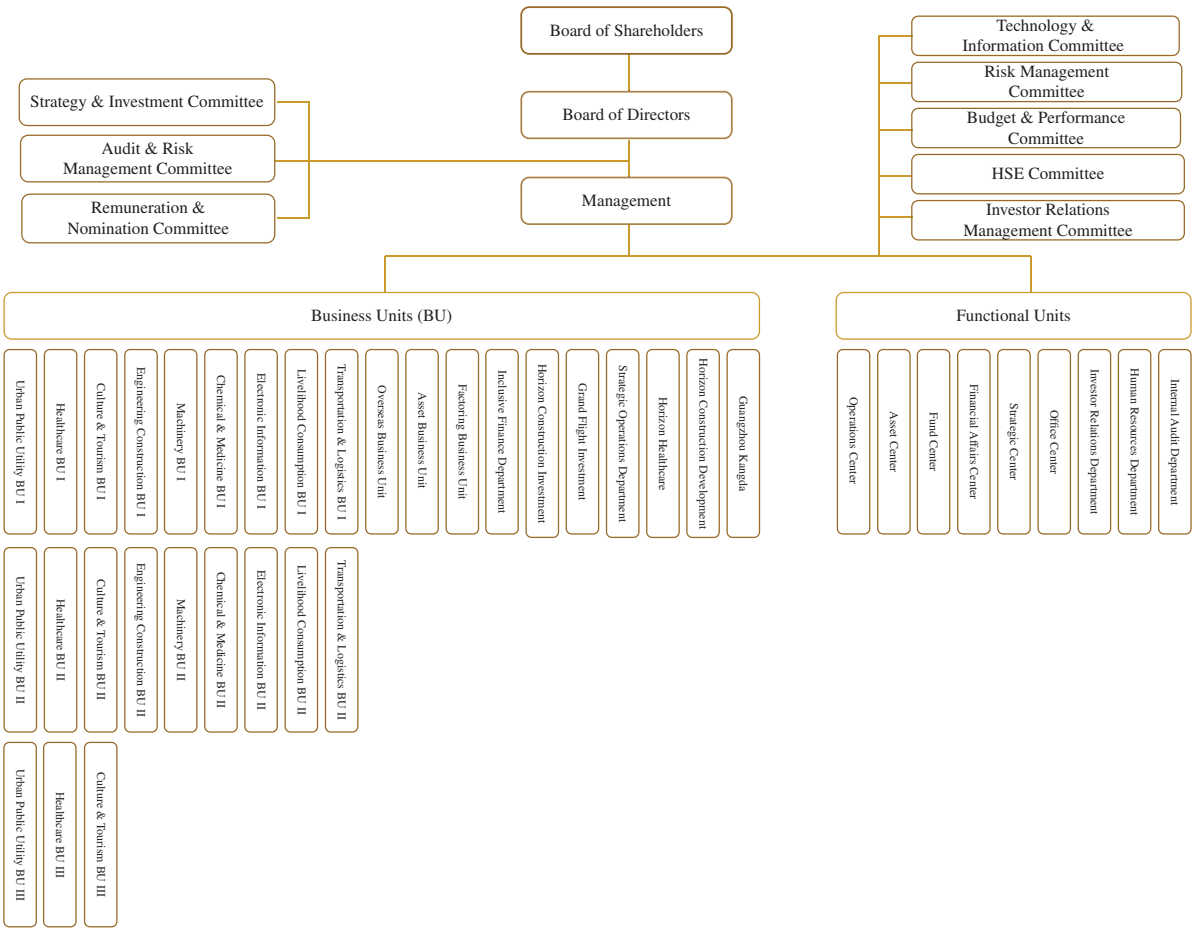

The Group intends to continue to implement its strategies to differentiate itself from its competitors and to enable it to compete effectively in China's financial services industry.

Risk Management

As a financial services provider, the Group is subject to substantial liquidity risk, credit risk and interest rate risk in its business operations while it is exposed to relatively limited operational risk and exchange rate risk. The Group's risk management principle is to implement an integrated and dynamic risk management system, and continue to optimise its prudent risk management system to protect the long-term interests of its shareholders, customers and employees.

The Issuer has established the Audit and Risk Management Committee and Internal Audit Department which report to the board of directors. Owing to the prudent risk management system the Group has established, the Group’s non-performing asset ratio as of 31 December 2017, 2018, 2019 and 30 June 2020 was 0.91 per cent., 0.96 per cent., 1.11 per cent. and 1.13 per cent., respectively. The assets are interest-earning.

The chart below sets forth the Group’s organisation structure and reporting system for its internal risk management.

The Group has adopted the following strategies to achieve its risk management objectives:

- continue to optimise its business model, integrating it with the Group’s enhanced corporate governance structure to strategically reduce systematic risks, including strategic selection of industries and sub-sectors within each industry;
- continue to remain selective in the screening of customers, based on the Group’s thorough industry understanding. In 2019, the Group endeavoured to minimise risk by addressing information asymmetry regarding its customers by obtaining further information of the relevant market and the customers themselves;

- continue to strengthen the Group’s risk management capabilities by taking advantage of a layered and independent risk management structure. In 2016, the Group established a collective management system covering four levels, namely the Group headquarters level, industrial group level, platform companies level and enterprise level, which strengthened collective management and control. This mitigates the increasing risks that the Group faces with its active adoption of its “finance + industry” strategy, which involves the rapid development into its main target industries such as hospital, education and engineering equipment sectors;
- continue to optimise the Group’s customer evaluation model based on its extensive customer base and its deep understanding of the customers’ common characteristics. The Group has implemented differentiation risk management for different industries;
- continue to utilise the Group’s broad customer base and industry contacts to effectively dispose of repossessed assets due to events of default, thereby mitigating potential losses;
- continue to cultivate a strong risk management culture through rigorous implementation of the Group’s risk management policies and measures, as well as company-wide senior employee training;
- continue to optimise the asset allocation and comprehensively control the asset introduction risks;
- continue to construct a strict asset monitoring system, including putting in place asset management localisation systems and enhancing internet monitoring systems, which has helped strengthened the risk prevention and mitigation; and
- continue to optimise its risk assets disposal capabilities by forming special teams to provide collective litigation support, establishing and implementing various supporting mechanisms, enhancing the efficiency of cross-department collaboration and rapidly developing the regional disposal resources.

Risk Management Procedures

The following table below sets forth the risk management measures adopted by the Group in the following nine major industries:

Healthcare

The Group’s healthcare customers generally include hospitals with a proven track record and of a satisfactory business scale. The Group controls its risk in the healthcare industry mainly by (i) stringent internal standards in selecting its healthcare customers with the aim of retaining high-quality customers with stable cash flow and strong credit ratings, and (ii) efficient process management of leased healthcare equipment through its well-developed customer management capabilities.

Culture & tourism

The Group controls its risk in the culture & tourism industry by prioritising two groups of customers: (i) the customers in the culture & tourism industry which have access to high-end scenic spots with unique monopoly tourism resources; (ii) higher-education institutions with stable enrolment rate and K-12 education institutions with rapid income growth rate and a long-term focus on education. These two groups of customers share the following favourable common characteristics: (i) ability to maintain stable cash flow; (ii) extensive financing channels and outstanding financing capabilities, which make them appear as partners for the financial institutions; and (iii) the first group of customers is the main driving force for China to increase domestic demand and local consumption, while the second group has a high degree of stability, and some of them possess more growth potential.

Engineering construction

The Group controls its risk in the engineering construction industry by: (i) stringent selection of clients from reputable construction companies, which must have an operating history or management history amounting to a stipulated number of years, and with asset value reaching a required threshold; (ii) equipment management and control characterised by conducting detailed audits on customer credit diligence; and (iii) adopting strict tracking techniques to ensure asset safety.

Machinery

The Group controls its risk in the machinery industry by: (i) stringent equipment selection and controls characterised by conducting customer credit diligence; and (ii) matching the specific demands for its customers in relation to deal structure.

Chemical & medicine

The Group controls its risks in the chemical & medicine industry by: (i) developing relationships with state-owned customers, and maintaining close relationships with current customers in the private sector with cost advantages; and (ii) prioritising a strong demand and related industry chain for the medicine industry, attracting customers with specialty raw material and those which have medicines with clinical value and remarkable efficacy, and customers with poor environmental and safety management are restricted.

Electronic information

The Group controls its risk in the electronic information industry by: (i) conducting in-depth research on the industry; (ii) stringent internal standards in selecting customers and projects; and (iii) conducting careful and continual testing of the technologies and/or products.

Livelihood & consumption

The Group controls its risk in the livelihood & consumption industry by: (i) conducting in-depth research on the industry; (ii) stringent internal standards in selecting customers and projects; and (iii) conducting careful and continual testing of the technologies and/or products.

Transportation & logistics

The Group controls its risk in the transportation & logistics industry by: (i) for the logistic segment, stringent selection of clients from companies that have long-term establishment, stable operating capacity and relatively high credit rating; (ii) for the ship segment, stringent selection of clients as well as stringent controls on lease amounts, which generally represent 50 per cent. to 60 per cent. of the value of the vessel collateral while engaging independent firms to evaluate the remaining market value of vessels and track the value of the ship.

Urban public utility

Customers in the urban public utility sector are usually of good quality and are businesses of a large scale and are able to make timely repayment. The Group controls its risk in the urban public utility industry by: (i) stringent selection of customers according to the Group's strict internal standards and targeting highly qualified urban public companies as customers (mainly comprise urban utilities companies in the capital cities and also the ones in the cities with GDP over RMB200 billion); (ii) selecting customers that have business stability, large income and a monopoly position in the located city, provide indispensable services for the operation of the cities and continually to receive persistent large amounts of government subsidies; and (iii) ensuring customers have a stable cash flow, diversified financing sources and good repayment records of their financings in the past.

The Group has implemented its prudent risk management system across three dimensions:

Business Model Dimension

The Group's business is organised and operated with an industry-focus approach. Such a business model helps manage systematic risk through established procedures, primarily comprising: (i) a stringent selection process of suitable fundamental and sustainable industries; (ii) segmentation of suitable targeted customers; (iii) customer credit assessment and approval procedures; and (iv) portfolio monitoring and management. The Group believes these established procedures enable it to maintain relatively low overall risk.

Strategic Dimension

The Group's risk management initiatives at the strategic level are led by its CEO and senior management under the supervision of its Audit and Risk Management Committee, with the management focusing on risks arising from its strategic planning, business operations, corporate credit environment, finance and accounting, and the financial markets. The Group has established a vertical reporting procedure involving relevant functional departments in its strategic risk management system, and a monthly risk reporting framework has been established to monitor the overall risk balance at the corporate level and to regularly oversee its risk management system at strategic level.

Operational Dimension

The Group's risk management initiatives at the operational level primarily focus on the management of its credit risk (which includes risks arising from new industry selection, new customer selection and customer credit assessment and approval, as well as portfolio monitoring and management), operational risk, liquidity risk and interest rate risk. The Group has organised its credit, strategy, asset management and finance departments to organise a joint assessment group to carry out market testing, verification steps and a period of pilot assessment before initiating any new industry projects. If any risks are identified during that period, the particular business project will not go ahead. The Group has established "three lines of defence" at the operational level, mainly:

- in terms of credit risk and operational risk management, the Group has been: (i) controlling project risks by ensuring strict adherence to internal credit facility standards and preliminary screening guidelines; (ii) assessing credit risks of new customers and projects through standardised credit evaluation procedures before entering into any business contract; (iii) strengthening its internal authorisation and approval policies and procedures; and (iv) instituting effective supervision and monitoring measures during post-transaction asset monitoring and management;
- in terms of liquidity risk management, the Group has been prudently managing its balance sheet to match the maturity periods of its assets and liabilities; and
- in terms of interest rate risk management, the Group has been hedging its interest rate risk by matching its lease pricing mechanisms with interest on its borrowings.

In addition, the Group has established an independent internal audit department which oversees its risk management system. It reports directly to the audit committee of the Group on a regular basis and performs independent audits of the reasonableness, completeness and effectiveness of its operational management and risk controls.

Information Technology

The Group's information technology ("IT") systems are integral to many aspects of its business operations, including transaction processing, quality control, risk management, customer services and financial management. The Group has adopted a number of advanced IT systems to improve the efficiency and quality of its services and to further strengthen its risk and financial management capabilities.

The Group may face IT risks arising from the malfunction of its IT systems on which its operations significantly rely. The Information Management Department is responsible for managing and controlling its IT risks. The Group manages its IT risks in terms of information technology governance, information system formulation, system maintenance and information security. The Group has established an IT team, consisting of approximately 419 employees as of 30 June 2020, with extensive IT knowledge and experience, to design its IT systems and to supervise implementation of IT related rules and measures. The Group has also formulated and implemented a series of internal rules to regulate information system governance measures, procedures and tools, inspection of its internet environment and equipment maintenance, and information safety strategies, anti-virus protection and internet controls. The Group has also established an internal back-up IT system at its operation centre in Shanghai.

Insurance

As of 30 June 2020, the Group maintains a range of insurance coverage on its fixed assets underlying its leases. The Group maintains asset insurance for the assets underlying its leases to cover any loss or damage to such assets during the leasing period. In line with common market practice, the Group usually does not maintain asset insurance for assets from hospitals and universities. The insurance payments are generally paid by its customers in line with leasing industry practice and the Issuer is usually the beneficiary of such insurance. Currently, there are a very limited number of insurance companies in China that can provide credit insurance coverage for lease receivables and, as of 30 June 2020, the credit insurance products available in the market can only cover lease receivables in the printing industry.

The Group also carries property insurance and cargo transportation insurance coverage for its trade business. In addition, the Group maintains directors, and officers' liability insurance coverage. The Group provides social security insurance for its employees as required by PRC social security regulations, such as pension insurance, unemployment insurance, work injury insurance and medical insurance. The Group does not have any business interruption insurance, which is not required under PRC laws and regulations.

Intellectual Property

The Issuer conducts its business under the "Far East Horizon" and "遠東宏信" brand names. It is the registered owner of the domain name of its website: www.fehorizon.com. It does not license any of its intellectual property rights to any third parties.

Employees

As of 30 June 2020, the Group had 20,935 full-time employees, an increase of 6,164 full-time employees as compared to 14,771 in the corresponding period of 2019. The Group believes that it has a high-quality workforce with specialised industry expertise, with approximately 44.7 per cent. of its employees having bachelor's degrees and above, and approximately 17.50 per cent. having master's degrees and above as of 30 June 2020. More than half of the Group's key employees have an average experience of over nine years within the relevant target industry.

The Group has established effective employee incentive schemes to correlate the remuneration of its employees with their overall performance and contribution to the Issuer rather than operational results and has established a merit-based remuneration awards system. Employees are promoted not only in terms of position and seniority, but also in terms of professional classification. The senior employees of the Group are reviewed every quarter on the basis of, among other criteria, their performance as business leaders to achieve stipulated performance targets (such as budget targets) and their risk management capabilities on the operational matters under their supervision.

Training and Development

The Group places great emphasis on the training and development of its employees. The Group has developed a series of training courses with individualised emphasis and focus based on its accumulated industry experience over the ten years since the Group entered the financial leasing market. The Group invests in continuing education and training programmes for its management staff and other employees with a view to constantly upgrading their skills and knowledge. The Group has arranged for internal and external professional training programmes to develop its employees skills and knowledge. These programmes include further educational studies, fundamental economics and finance knowledge and skills training and professional development courses for its management personnel. New employees are required to attend induction training courses to ensure that they are equipped with the necessary skills to perform

their duties, and they are also required to participate in a one-year mentoring programme to learn closely from other experienced employees with outstanding performance.

Employee Relations

Neither of the Issuer nor the Group has experienced any strikes or significant labour disputes which have materially affected its operations, and it considers its relations with the employees to be good.

In accordance with PRC regulations, the Group has established an employee labour union, in which all of its employees are eligible for participation. The labour union organises various activities for its employees, such as charity fund raising activities to help employees in poor economic condition due to serious illnesses. The Group also provides financial assistance to its new college graduate employees who need funds for renting apartments in Shanghai. The labour union has established a labour dispute committee to assist its employees in dealing with their potential labour disputes with the Issuer.

Employee Benefits

In accordance with applicable PRC regulations, the Group has made contributions to social security insurance funds, including pension plans, medical insurance, work-related injury insurance, unemployment insurance and maternity insurance and housing funds for its employees. The Group also provides supplemental commercial medical insurance, property insurance and safety insurance in addition to those required under the PRC regulations. As of 30 June 2020, the Group complied with all statutory social insurance and housing fund obligations applicable to the Group under the PRC laws in all material aspects.

The Group has established effective employee incentive schemes to correlate the remuneration of our employees with their overall performance and contribution to Group rather than operating results, and have established a merit-based remuneration awards system. Employees are promoted, not only in terms of position and seniority, but also in terms of professional classification. Our senior employees are reviewed every quarter on the basis of, among other criteria, their performance as business leaders to achieve stipulated performance targets (such as budget targets) and their risk management capabilities on the operational matters under their charge.

With a view of promoting the Group to establish and complete the medium-to long-term stimulation and restriction system for fully arousing the enthusiasm of the management, attracting and retaining the excellent management talents, and effectively integrating the interests of shareholders, the Issuer adopted a share option scheme (the “**2014 Share Option Scheme**”) on 7 July 2014. Since the total share options under the 2014 Share Option Scheme had been fully granted, on 5 June 2019, the Issuer adopted a new share option scheme (the “**2019 Share Option Scheme**”) to incentivise and reward the selected participants thereunder. The Issuer also adopted a restricted share award scheme (the “**2014 Restricted Share Award Scheme**”) on 11 June 2014 and made certain amendments to such scheme on 2 June 2016 and 20 March 2019.

2014 Share Option Scheme

The purpose of the 2014 Share Option Scheme is to incentivise and reward selected participants (i.e. senior and middle management personnel, as well as other key employees of the Issuer or any subsidiary of the Issuer) for their contribution to the Group and to align their interests with that of the Issuer so as to encourage them to work towards enhancing the value of the Issuer. The eligibility of the selected participants will be decided by the Directors or the administration committee of such scheme, at its respective absolute discretion, as to his contribution to the Issuer or any of its subsidiaries. The 2014 Share

Option Scheme is valid for 10 years from 7 July 2014, the date of its adoption. The maximum number of new shares in respect of which options may be granted under the 2014 Share Option Scheme will not exceed 4 per cent. of the Issuer's issued share capital as at the date of approval of the 2014 Share Option Scheme by the Shareholders, which is 131,696,000 shares. The maximum number of shares which are issued and may be issued upon exercise of all options (including exercised and outstanding options) granted to any selected participant within any 12-month period must not exceed 1 per cent. of the issued share capital of the Issuer from time to time. Any grant of further share options above this limit is subject to certain requirements as stipulated in the listing rules of the HKSE and the rules of the 2014 Share Option Scheme.

2019 Share Option Scheme

The purpose of the 2019 Share Option Scheme is to incentivise and reward selected participants (i.e. senior and middle management personnel, as well as other key employees of the Issuer or any subsidiary of the Issuer) for their contribution to the Group and to align their interests with that of the Issuer so as to encourage them to work towards enhancing the value of the Issuer. The eligibility of the selected participants will be decided by the Directors or the administration committee of such scheme, at its respective absolute discretion, as to his contribution to the Issuer or any of its subsidiaries. The 2019 Share Option Scheme is valid for 10 years from 5 June 2019, the date of its adoption. The maximum number of new shares in respect of which options may be granted under the 2019 Share Option Scheme will not exceed 4 per cent. of the Issuer's issued share capital as at the date of approval of the 2019 Share Option Scheme by the Shareholders, which is 158,167,904 shares. The maximum number of shares which are issued and may be issued upon exercise of all options (including exercised and outstanding options) granted to any selected participant within any 12-month period must not exceed 1 per cent. of the issued share capital of the Issuer from time to time. Any grant of further share options above this limit is subject to certain requirements as stipulated in the listing rules of the HKSE and the rules of the 2019 Share Option Scheme.

2014 Restricted Share Award Scheme

In the first half of 2020, the Issuer did not grant any shares under the 2014 Restricted Share Award Scheme, and as of 30 June 2020, the Issuer granted an aggregate of 246,254,407 shares under the 2014 Restricted Share Award Scheme.

In July 2020, the Issuer granted 37,485,793 shares to certain qualified participants (the “**Selected Grantees**”) under the 2014 Restricted Share Award Scheme. Under the 2014 Restricted Share Award Scheme, restricted shares (the “**Restricted Shares**”) will be held on trust for the grantees until such Restricted Shares are vested with the relevant selected grantees in accordance with the rules of the 2014 Restricted Share Award Scheme.

Properties

As of 30 June 2020, the Group has not obtained the property ownership certificates for five buildings with a total net book value of RMB581,278,000, but was in the process of applying for the property ownership certificates for the above buildings.

Environmental Compliance

As a financial service provider, the Group is not subject to any significant environmental regulation. It does not currently have any environmental liabilities and does not expect to incur any environmental liabilities that could have any material impact on its financial condition or business operations in the future.

Legal Proceedings

The Group is involved, from time to time, in legal proceedings arising in the ordinary course of its operations. A majority of these legal proceedings involve claims initiated by it to recover payment of leasing receivables from its customers.

As of 30 June 2020, no legal proceeding was initiated by any third party against the Group as a defendant which could have a material adverse effect on the financial condition, prospects or results of operations of the Issuer or the Group, or which are otherwise material in the context of the Programme and the issue of the Instruments under the Programme.

SUBSTANTIAL SHAREHOLDERS

As of 30 June 2020, the entities or individuals who had an interest or short positions in the shares and underlying shares of the Issuer, as recorded in the register required to be kept under section 336 of the Securities and Futures Ordinance (the “SFO”), were as follows:

Name of shareholder	Capacity/nature of interest	Number of ordinary shares ⁽¹⁾	Approximate percentage of interest
Sinochem Capital Investment Management (Hong Kong) Limited ⁽²⁾	Beneficial owner	919,914,440 (L)	23.20

LIU Jialin	The Issuer	Beneficial owner	125,000 (L)	0.00
		Interest of spouse	125,000 (L)	0.00

- (1) The letter “L” denotes the person’s long position in the shares of the Issuer. The letter “S” denotes the person’s short position in the shares of the Issuer. The letter “P” denotes the person’s shares of the Issuer by approved lending agent.
- (2) Sinochem Capital Investment Management (Hong Kong) Limited is 100 per cent. controlled by Sinochem Capital Investment Management Limited, which is 100 per cent. controlled by Sinochem Corporation, which is in turn controlled as to 98 per cent. by Sinochem Group Co., Ltd. Sinochem Group Co., Ltd is 100 per cent. controlled by the State-owned Assets Supervision and Administration Commission of the State Council.
- (3) The interest includes 13,169,599 underlying shares in respect of the share options granted pursuant to the Issuer’s 2014 Share Option Scheme, 3,163,358 underlying shares in respect of the share options granted pursuant to the Issuer’s 2019 Share Option Scheme and 24,499,438 underlying shares in respect of the awarded shares granted pursuant to the Issuer’s 2014 Restricted Share Award Scheme. In addition to the share interest in respect of the share options and awarded shares granted, to the best of the directors’ knowledge, information and belief, having made all reasonable enquiries, Mr. Kong Fanxing is interested in 870,000 ordinary shares of the Issuer as of 30 June 2020.
- (4) The interest is held directly by Will of Heaven HK Limited, Swallow Gird HK Limited and Powerful Force HK Limited. Will of Heaven HK Limited, Swallow Gird HK Limited and Powerful Force HK Limited are 100 per cent. controlled by Aim Future Limited, which is in turn 100 per cent. controlled by Gold Stone Enterprise Limited. Cantrust (Far East) Limited is the trustee of The Gold Stone I Trust, and holds 100 per cent. interest in Gold Stone Enterprise Limited.
- (5) The interests include: (1) 1,067,000 ordinary shares of the Issuer held directly by New Trace Limited, which is 100 per cent. controlled by Mr. Liu Haifeng David; (2) 32,055,000 ordinary shares of the Issuer held directly by Capital Bridge Limited; (3) 332,033,100 ordinary shares of the Issuer held directly by Capital Rise Limited; and (4) 50,000,000 ordinary shares of the Issuer held directly by Capital Lead Limited. Capital Bridge Limited holds the entire share capital of Capital Rise Limited and Capital Lead Limited respectively. Capital Bridge Limited is 100 per cent. controlled by DCP Capital Partners, L.P., which is 100 per cent. controlled by DCP General Partner, Ltd, which in turn is 100 per cent. controlled by DCP Partners Limited. DCP Partners Limited is 100 per cent. controlled by DCP, Ltd., which is 50 per cent. controlled by Mr. Julian Juul Wolhardt and 50 per cent. controlled by Mr. Liu Haifeng David.
- (6) The interest includes 4,220,264 underlying shares in respect of the share options granted pursuant to the Issuer’s 2014 Share Option Scheme, 996,458 underlying shares in respect of the share options granted pursuant to the Issuer’s 2019 Share Option Scheme and 7,925,083 underlying shares in respect of the awarded shares granted pursuant to the Issuer’s 2014 Restricted Share Award Scheme.

In addition to the share interest in respect of the share options and awarded shares granted, to the best of the directors’ knowledge, information and belief, having made all reasonable enquiries, Mr. Wang Mingzhe is interested in 386,000 ordinary shares of the Issuer as of 30 June 2020.

Save as disclosed above, the register required to be kept under section 336 of the SFO showed that the Issuer had not been notified by any person of any interest or short position in the shares or underlying shares of the Issuer as of 30 June 2020.

DIRECTORS

The board of the Issuer (the “**Board**”) currently consists of 11 Directors, comprising two executive Directors, five non-executive Directors and four independent non-executive Directors. The Board is responsible for leadership and control of the Issuer and oversees the Group’s businesses, strategic decisions and performance, and is collectively responsible for promoting the success of the Issuer by directing and supervising its affairs. Other duties of the Board include convening shareholders’ meetings, reporting on the Board’s work at these meetings, implementing the resolutions passed on these meetings, determining business and investment plans, formulating the Issuer’s annual budget and final accounts, and formulating its proposals for profit distributions and for the increase or reduction of registered capital. In addition, the Board is responsible for exercising other powers, functions and duties in accordance with the Articles of Association of the Issuer.

Name	Position
NING Gaoning	Chairman and Non-executive Director
KONG Fanxing	Vice Chairman and Executive Director
WANG Mingzhe	Executive Director
YANG Lin	Non-executive Director
LIU Haifeng David	Non-executive Director
KUO Ming-Jian	Non-executive Director
John LAW	Non-executive Director
CAI Cunqiang	Independent Non-executive Director
HAN Xiaojing	Independent Non-executive Director
LIU Jialin	Independent Non-executive Director
YIP Wai Ming	Independent Non-executive Director

Mr. NING Gaoning (寧高寧), aged 61, holds a Bachelor’s degree in Economics from Shandong University in China and a Master of Business Administration degree from University of Pittsburgh in the United States. Mr. Ning has been the Chairman and the Party Group Secretary of Sinochem Group since December 2015 and was appointed as a non-executive director of the Issuer in March 2016.

Mr. Ning served as the chairman of the board of directors of COFCO Corporation (“**COFCO**”) from December 2004 to January 2016, and also served as a director of certain subsidiaries of COFCO. Before joining COFCO, Mr. Ning held various positions such as vice chairman, director and general manager at China Resources (Holdings) Company Limited and certain of its subsidiaries.

In the last three years, Mr. Ning was a non-executive director of China Agri-Industries Holdings Limited (a company listed on the HKSE), a non-executive director of China Foods Limited (a company listed on the HKSE) (“**China Foods**”), a non-executive director of CPMC Holdings Limited (a company listed on the HKSE) and the chairman of the board of directors and a non-executive director of China Mengniu Dairy Company Limited (a company listed on the HKSE) until February 2016. Mr. Ning was a director of BOC International Holdings Limited, an independent non-executive director of Bank of China (Hong Kong) Limited and an independent non-executive director of BOC Hong Kong (Holdings) Limited (a company listed on the HKSE) until October 2014. Mr. Ning was also an independent director of Huayuan Property Co., Ltd. (a company listed on the Shanghai Stock Exchange) until November 2014 and an executive director of China Foods until November 2013.

Mr. Ning has rich business management experience and extensive knowledge about economic activities of capital market.

Mr. KONG Fanxing (孔繁星), aged 56, is an executive director, the Vice Chairman and the Chief Executive Officer of the Issuer. Mr. Kong received an EMBA degree from Peking University in March 2005, a master's degree in Economics and a bachelor's degree in Economics from University of International Business and Economics (對外經濟貿易大學) in China in June 1991 and July 1986, respectively. Mr. Kong joined Sinochem Group in August 1991. During the period which Mr. Kong worked for Sinochem Group, he had been the general manager of Sinochem International Engineering Trade Company (中化國際工程貿易公司), the deputy general manager of Sinochem International Industrial Company (中化國際實業公司), the deputy general manager, general manager of Sinochem International Tendering Co., Ltd. (中化國際招標有限責任公司), the deputy chief of the fertiliser division of China National Chemicals Import & Export Corporation (中國化工進出口總公司), the executive deputy general manager of Sinochem International Fertilizer Trading Company (中化國際化肥貿易公司) respectively. In April 2001, he joined Far Eastern and has become the general manager since then. Mr. Kong has been the President and Chief Executive Officer of the Issuer since September 2009. Currently, Mr. Kong is also the chairman and general manager of Far East Horizon (Tianjin) Financial Leasing Co., Ltd. (遠東宏信(天津)融資租賃有限公司) and Far East Horizon Financial, the chairman of Far East Horizon Inclusive Financial Leasing (Tianjin) Co., Limited (遠東宏信普惠融資租賃(天津)有限公司) and Far East Horizon Factoring (Tianjin) Co., Limited (遠東宏信商業保理(天津)有限公司), as well as the executive director and general manager of Shanghai Donghong Industrial Development Co., Ltd. (上海東泓實業發展有限公司) and Donghong Investment Co., Ltd. (東泓投資有限公司).

Mr. Kong has over 25 years of experience in enterprise management.

Mr. WANG Mingzhe (王明哲), aged 49, is an executive director and the Chief Financial Officer of the Issuer. Mr. Wang obtained a bachelor's degree in Economics from Hangzhou Institute of Electronic Engineering (杭州電子工業學院) in China in July 1993 and an MBA degree from Northeastern University (東北大學) in China in March 2003. Mr. Wang joined Far Eastern in October 1995 and has worked there since then. In Far Eastern, Mr. Wang served as the manager of the business development department, the deputy general manager of the first business division, the deputy general manager, the general manager and assistant general manager of the quality control department and the chief financial officer. In September 2009, Mr. Wang was appointed as the Chief Financial Officer of the Issuer and he has held the position since then. Currently, Mr. Wang is also the general manager of the operation centre of the Issuer, as well as the financial director of Far East Horizon (Tianjin) Financial Leasing Co., Ltd. (遠東宏信(天津)融資租賃有限公司) and Far East Financial.

Mr. Wang has over 24 years of experience in finance management.

Mr. YANG Lin (楊林), aged 56, has been a non-executive director of the Issuer since October 2009. Mr. Yang obtained a bachelor's degree in Economics from Tianjin Commerce College (天津商學院) in China in July 1985, and studied enterprise management course in University of Stuttgart in Germany (德國思圖加特大學) from 1990 to 1993. Mr. Yang then worked for Siemens AG and Wella AG from 1993 to 1994. In July 1994, Mr. Yang joined Sinochem Group and has worked there ever since. In Sinochem Group, Mr. Yang served as the deputy general manager of the finance and accounting department, the general manager of the treasury department and the deputy general manager of the investment and development department.

Currently, Mr. Yang is the chief financial officer of Sinochem Group as well as the chief financial officer and the chairman of the budget and evaluation committee of Sinochem Corporation. Mr. Yang also holds directorships in Sinochem International Corporation (a company listed on the Shanghai Stock Exchange), Sinofert Holdings Limited (a company listed on the HKSE) and China Jinmao Holdings Group Limited (a company listed on the HKSE) and is the chairman of China Foreign Economy, Trade Trust Co., Ltd.

Mr. Yang has approximately 24 years of experience in finance and treasury management.

Mr. LIU Haifeng David (劉海峰), aged 50, has been a non-executive director of the Issuer since October 2009. He is the executive chairman of DCP. Prior to establishing DCP, Mr. Liu previously served as partner of KKR, co-head of KKR Asia Private Equity and chief executive officer of KKR Greater China. Prior to joining KKR, Mr. Liu was a managing director and co-head of Morgan Stanley Private Equity Asia. Mr. Liu has established one of the leading investment track records in Greater China over the past 26 years and was responsible for a number of successful and innovative investments, including Mengniu Dairy, Ping An Insurance, Qingdao Haier Co., Sunner Poultry, the Issuer, Nanfu Battery, China Modern Dairy, United Envirotech Ltd, China International Capital Corporation Limited (CICC), China Cord Blood Corporation, Paradise Retail, Hengan International, COFCO Meat, Yuehai Feed, Asia Dairy and Venus Medtech. Mr. Liu is an advisory director of the private equity investment fund Committee of the Asset Management Association of China (AMAC) and the chairman of the China Venture Capital and Private Equity Association (CVCA). Mr. Liu graduated from Columbia University as Class Salutatorian with a B.S. in Electrical Engineering. He is a member of Tau Beta Pi National Engineering Honor Society and a winner of the Edwin Howard Armstrong Memorial Award for the top electrical engineering student at Columbia University. “KKR” as defined in this paragraph means Kohlberg Kravis Roberts & Co. L.P. together with its affiliates. Mr. Liu was a non-executive director for CICC (a company listed on the HKSE) from February 2015 to February 2020. Mr. Liu also serves as a non-executive director for Sunpower Group (a company listed in Singapore).

Mr. KUO Ming-Jian (郭明鑑), aged 58, was appointed as a non-executive director of the Issuer in March 2013. Mr. Kuo is currently the Chairman of Cathay United Bank, Chairman of Cathay United Bank (China) and a director of Cathay Financial Holding Co., Ltd. (a company listed in Taiwan). He took the roles as the vice chairman and a senior managing director and senior advisor of Blackstone Group L.P. (a company listed on the New York Stock Exchange), Great China during 2007 to 2018. Before joining Blackstone Group L.P., Mr. Kuo was a partner and co-vice chairman and managing director, Head of Greater China in H&Q Asia Pacific. Before that, Mr. Kuo was also the head and country head of investment banking for JP Morgan Chase & Co (a company listed on the New York Stock Exchange) in Hong Kong and the vice chairman of JPMorgan Chase & Co’s Greater China Operating Committee. Mr. Kuo was an independent non-executive director of Cathay Financial Holdings Co., Ltd. and Cathay Life Insurance Co., Ltd.

Mr. Kuo is also an independent non-executive director of Samson Holding Limited (a company listed on the HKSE), a director of Avary Holding (Shenzhen) Co., Ltd. (鵬鼎控股(深圳)股份有限公司) (a company listed on the Shenzhen Stock Exchange), and a director of Long Chen Paper & Packaging Co., Ltd. (a company listed in Taiwan).

Mr. Kuo received his undergraduate degree from Fu-Jen Catholic University and holds an MBA degree from City University of New York.

Mr. John LAW (羅強), aged 69, was appointed as a non-executive director of the Issuer on 25 October 2012. Mr. Law worked for J.P. Morgan & Co. as training head of Asia Pacific Region, as risk manager for Greater China Region and as senior credit officer for Asia Pacific Region, Euroclear respectively. He then worked for Citigroup (a company listed on the New York Stock Exchange) from August 2000 to November 2003 as the regional credit officer for Asia Pacific Financial Markets. Prior to joining the Issuer, he worked for International Finance Corporation from March 2004 to September 2012 as principal banking specialist for global financial markets. Mr. Law was an independent non-executive director of IntelliCentrics Global Holdings Ltd. (中智全球控股有限公司) (a company listed on the HKSE) from March 2019 to January 2020. Mr. Law is currently a non-executive director of Rizal Commercial Banking Corporation (菲律賓中華銀行) (a company listed on the Philippines Stock Exchange).

Mr. Law holds a master’s degree in business administration (finance) from Indiana University in USA and has more than 31 years’ experience in finance.

Mr. CAI Cunqiang (蔡存強), aged 70, was appointed as an independent non-executive director of the Issuer in March 2011. Mr. Cai graduated from Shanghai Maritime College (上海海運學院) (now known as Shanghai Maritime University (上海海事大學)) in 1977, and worked for that college since then.

He was promoted to be a deputy professor in 1993 and later a professor in 1995. In 2001, Mr. Cai became the deputy dean of Shanghai Maritime College and was awarded the special government allowance by the State Council. Currently, Mr. Cai is a part-time lawyer in Shanghai Yingtai Law Firm (上海瀛泰律師事務所) and an arbitrator of China Maritime Arbitration Commission (中國海事仲裁委員會).

Mr. Cai is admitted to practicing law in the PRC. Mr. Cai has 42 years of experience in the shipping industry.

Mr. HAN Xiaojing (韓小京), aged 65, was appointed as an independent non-executive director of the Issuer in March 2011. From 1986 to 1992, Mr. Han worked at China Law Center (中國法律事務中心). During the same period, he spent three and a half years at Zimmerman Lawyers (默爾曼律師事務所) in Canada and Livasiri & Co. (廖綺雲律師事務所) in Hong Kong for study. In 1992, Mr. Han was involved in the establishment of Commerce & Finance Law Offices (北京市通商律師事務所), and has been a partner there ever since. Mr. Han is admitted to practicing law in the PRC and has 33 years of experience in the legal profession.

Currently, Mr. Han is an independent non-executive director of Sino-Ocean Group Holdings Limited (遠洋集團控股有限公司) (a company listed on the HKSE) and Vital Innovations Holdings Limited (維太創科控股有限公司) (a company listed on the HKSE). He also serves as independent director of Ping An Bank Company Limited (平安銀行股份有限公司) (a company listed on the Shenzhen Stock Exchange) and Beijing Sanju Environmental Protection Company Limited (北京三聚環保新材料股份有限公司) (a company listed on the Shenzhen Stock Exchange).

Mr. LIU Jialin (劉嘉凌), aged 57, was appointed as an independent non-executive director of the Issuer in March 2011. From 1992 to 2007, Mr. Liu worked for Morgan Stanley group of companies and once served as a member of the Management Committee and Asia Executive Committee as well as a Managing Director in the Fixed Income Division in Hong Kong. In 2008, Mr. Liu established Shelter Cove Capital Limited (now known as Voras Capital Management (HK) Limited). Mr. Liu has 31 years of experience in the finance and securities industry.

Mr. Liu also serves as the independent non-executive director of Fortunet e-Commerce Group Limited (a company listed on the HKSE) and the managing director of asset management department at Cinda International Holdings Limited (a company listed on the HKSE).

Mr. Liu obtained a bachelor's degree in science from Peking University and a degree of Master of Science in physics from Massachusetts Institute of Technology.

Mr. YIP Wai Ming (葉偉明), aged 55, was appointed as an independent non-executive director of the Issuer in March 2011. Mr. Yip graduated from the University of Hong Kong (香港大學) with a bachelor of social sciences degree in November 1987. He also obtained a degree of bachelor of laws from the University of London (倫敦大學) in August 2001. Mr. Yip started his career in Ernst & Young in 1987, and was a senior manager at the time of his departure in 1996. From 1996 to 2010, Mr. Yip served as an associate director in ING Bank N.V., the chief financial officer in Fulbond Holdings Limited (福邦控股有限公司), the vice president of Hi Sun Technology (China) Limited (高陽科技(中國)有限公司) (a company listed on the HKSE), the chief financial officer of Haier Electronics Group Co., Ltd. (海爾電器集團有限公司) (a company listed on the HKSE) and the deputy general manager of Yuzhou Properties

Company Limited (禹州地產股份有限公司) (a company listed on the HKSE), respectively. Currently, Mr. Yip is an independent non-executive director of Ju Teng International Holdings Limited (巨騰國際控股有限公司) (a company listed on the HKSE), Pax Global Technology Limited (百富環球科技有限公司) (a company listed on the HKSE), Poly Culture Group Corporation Limited (保利文化集團股份有限公司) (a company listed on the HKSE), Yida China Holdings Limited (億達中國控股有限公司) (a company listed on the HKSE), Huobi Technology Holdings Limited (火幣科技控股有限公司) (a company listed on the HKSE) and Peijia Medical Limited (沛嘉醫療有限公司) (a company listed on the HKSE).

Mr. Yip is a fellow of the Association of Chartered Certified Accountants, an associate of the Hong Kong Institute of Certified Public Accountants and a member of the Chinese Institute of Certified Public Accountants.

Mr. Yip has over 29 years of experience in accounting and finance.

TAXATION

The following is a general description of certain tax considerations relating to the Instruments and is based on law, published practice and relevant interpretations thereof in effect as at the date of this Offering Circular, all of which are subject to change (which could be made on a retroactive basis), and does not constitute legal or taxation advice. It does not purport to be a complete analysis of all tax considerations which may be relevant to a decision to purchase, own or dispose of any Instruments. Prospective holders of the Instruments who are in any doubt as to their tax position or who may be subject to tax in any jurisdiction are advised to consult their own professional advisers.

Hong Kong

Withholding Tax

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of payments of principal or distribution on the Securities or in respect of any capital gains arising from the sale of the Instruments.

Profits Tax

Hong Kong profits tax is chargeable on every person carrying on a trade, profession or business in Hong Kong in respect of profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Under the Inland Revenue Ordinance (Cap. 112) of the Laws of Hong Kong (the “**IRO**”) as it is currently applied by the Inland Revenue Department, Hong Kong profits tax may be charged on revenue profits arising on the sale, disposal or redemption of the Instruments where such sale, disposal or redemption is or forms part of a trade, profession or business carried on in Hong Kong.

Interest on the Notes and distribution on the Securities (to the extent treated as interest) may be subject to profits tax in Hong Kong in the following circumstances:

- (i) interest on the Notes and distribution on the Securities are derived from Hong Kong and are received by or accrues to a company (other than a financial institution) carrying on a trade, profession or business in Hong Kong;
- (ii) interest on the Notes and distribution on the Securities are derived from Hong Kong and are received by or accrues to a person, other than a corporation, carrying on a trade, profession or business in Hong Kong and are in respect of the funds of that trade, profession or business;
- (iii) interest on the Notes and distribution on the Securities are received by or accrues to a financial institution (as defined in the IRO) and arises through or from the carrying on by the financial institution of its business in Hong Kong; or
- (iv) interest on the Notes and distribution on the Securities are received by or accrues to a corporation, other than a financial institution, and arises through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (within the meaning of section 16(3) of the IRO).

Sums received by or accrued to a financial institution by way of gains or profits arising through or from the carrying on by the financial institution of its business in Hong Kong from the sale, disposal or redemption of the Notes or Instruments may be subject to profits tax. Sums received by or accrued to a corporation, other than a financial institution, by way of gains or profits arising through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (within the meaning of section 16(3) of the IRO) from the sale, disposal or other redemption of the Notes or Instruments may be subject to Hong Kong profits tax.

Sums derived from the sale, disposal or redemption of the Notes or Instruments may be subject to Hong Kong profits tax where received by or accrued to a person, other than a financial institution, who carries on a trade, profession or business in Hong Kong and the sum has a Hong Kong source. The source of such sums will generally be determined by having regard to the manner in which the Notes or Instruments are acquired and disposed of.

Stamp Duty

Stamp duty will not be payable on the issue of Bearer Notes, provided that either:

- (i) such Bearer Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (ii) such Bearer Notes constitute loan capital (as defined in the Stamp Duty Ordinance (Cap.117) of the Laws of Hong Kong (the “SDO”)).

If stamp duty is payable, it is payable by the Issuer on the issue of Bearer Notes at a rate of 3 per cent. of the market value of the Bearer Notes at the time of issue. No stamp duty will be payable on any subsequent transfer of Bearer Notes.

No stamp duty is payable on the issue of Registered Instruments. Stamp duty may be payable on any transfer of Registered Instruments if the relevant transfer is required to be registered in Hong Kong. Stamp duty will, however, not be payable on any transfer of Registered Instruments, provided that either:

- (i) such Registered Instruments are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (ii) such Registered Instruments constitute loan capital (as defined in the SDO).

If stamp duty is payable in respect of the transfer of Registered Instruments, it will be payable at the rate of 0.2 per cent. (of which 0.1 per cent. is payable by the seller and 0.1 per cent. is payable by the purchaser) normally by reference to the consideration or its value, whichever is higher. In addition, stamp duty is payable at the fixed rate of HK\$5 on each instrument of transfer executed in relation to any transfer of the Registered Instruments if the relevant transfer is required to be registered in Hong Kong.

PRC Taxation

The following summary describes the principal PRC tax consequences of ownership of the Instruments by beneficial owners who, or which, are not residents of mainland China for PRC tax purposes. These beneficial owners are referred to as non-PRC Noteholders or Securityholders in this section. In considering whether to invest in the Instruments, investors should consult their individual tax advisers with regard to the application of PRC tax laws to their particular situations as well as any tax consequences arising under the laws of any other tax jurisdiction. Reference is made to PRC taxes imposed during the taxable year beginning on or after 1 January 2008.

Pursuant to the New Enterprise Income Tax Law (the “**New EIT Law**”) and its implementation regulations, enterprises that are established under laws of foreign countries and regions (including Hong Kong, Macau and Taiwan) but whose “de facto management body” is within the territory of China shall be treated as PRC tax resident enterprises for the purpose of the New EIT Law and they shall pay enterprise income tax at the rate of 25 per cent. in respect of their income sourced from both within and outside China. If the relevant PRC tax authorities decide, in accordance with applicable tax rules and regulations, that the “de facto management body” of the Issuer is within the territory of the PRC, the Issuer may be held to be a PRC tax resident enterprise for the purpose of the New EIT Law and be subject to enterprise income tax at the rate of 25 per cent. for its income sourced from both within and outside the PRC.

As confirmed by the Issuer, as of the date of this Offering Circular, the Issuer has not been notified or informed by the PRC tax authorities that it is considered a PRC tax resident enterprise for the purpose of the New EIT Law. However, there is no assurance that the Issuer will not be treated as a PRC tax resident enterprise under the New EIT Law and related implementation regulations in the future.

Pursuant to the New EIT Law and its implementation regulations, any non-resident enterprise without establishment within the PRC or its income have no actual connection to its establishment inside the PRC shall pay enterprise income tax at the rate of 10 per cent., subject to the application of any relevant income tax treaty that the PRC has entered into, on the income sourced inside the PRC, and such income tax shall be withheld by sources with the PRC payer acting as the obligatory withholder, who shall withhold the tax amount from each payment or payment due. Accordingly, in the event the Issuer is deemed to be a PRC tax resident enterprise by the PRC tax authorities in the future, the Issuer shall withhold income tax from the payments of interest or distribution (as applicable) in respect of the Instruments for any non-PRC enterprise Noteholder or Securityholder. However, despite the potential withholding of PRC tax by the Issuer, the Issuer has agreed to pay additional amounts to holders of the Instruments so that holders of the Instruments would receive the full amount of the scheduled payment, as further set out in the Conditions.

Non-PRC Noteholders and Securityholders will not be subject to the PRC tax on any capital gains derived from a sale or exchange of the Instruments consummated outside mainland China between non-PRC Noteholders and Securityholders, except however, if the Issuer is treated as a PRC tax resident enterprise under the New EIT Law and related implementation regulations in the future, any gain realised by the non-PRC enterprise Noteholders and Securityholders from the transfer of the Instruments may be regarded as being derived from sources within the PRC and accordingly would be subject to PRC withholding tax at a rate of up to 10 per cent., subject to the application of any relevant income tax treaty that the PRC has entered into.

No PRC stamp duty will be chargeable upon the issue or transfer (for so long as the register of Noteholders or Securityholders as the case may be, is maintained outside China) of an Instrument.

The proposed financial transactions tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Instruments (including secondary market transactions) in certain circumstances. The issuance and subscription of Instruments should, however, be exempt.

Under the Commission's Proposal the FTT could apply, in certain circumstances, to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Instruments where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State, or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States and the scope of any such tax is uncertain. Additional EU Member States may decide to participate.

Prospective holders of Instruments are advised to seek their own professional advice in relation to the FTT.

PRC CURRENCY CONTROLS

The following is a general description of certain currency controls in the PRC and is based on the law and relevant interpretations thereof in effect as at the date of this Offering Circular, all of which are subject to change, and does not constitute legal advice. It does not purport to be a complete analysis of all applicable currency controls in the PRC relating to the Instruments. Prospective holders of the Instruments who are in any doubt as to PRC currency controls are advised to consult their own professional advisers.

Renminbi is not a freely convertible currency. The remittance of Renminbi into and outside the PRC is subject to control imposed under PRC law.

Current Account Items

Under PRC foreign exchange control regulations, current account items refer to any transaction for international receipts and payments involving goods, services, earnings and other frequent transfers.

Prior to July 2009, all current account items were required to be settled in foreign currencies with limited exceptions.

Following progressive reforms, Renminbi settlement of imports and exports of goods and of services and other current account items became permissible nationwide in 2012.

Since July 2013, the procedures for cross-border Renminbi trade settlement under current account items have been simplified and trades through e-commerce can also be settled under in Renminbi under the current regulatory regime. A cash pooling arrangement for qualified multinational enterprise group companies was introduced in late 2014, under which a multinational enterprise group can process cross-border Renminbi payments and receipts for current account items on a collective basis for eligible member companies in the group. In addition, the eligibility requirements for multinational enterprise groups have been lowered and the cap for net cash inflow has been increased in September 2015.

The PBOC also permit enterprises in the China (Shanghai) Free Trade Pilot Zone (“**Shanghai FTZ**”) to establish an additional cash pool in the local scheme in the Shanghai FTZ, but each onshore company within the group may only elect to participate in one cash pooling programme where applicable to other Free Trade Pilot Zones in China thereafter. In November 2016, PBOC Shanghai Headquarters further allowed banks in Shanghai to provide multinational enterprise groups with services of full-function onshore cash pooling, which will enable broader scope for utilising pooled cash.

On 5 January 2018, the PBOC promulgated the *Notice on Further Fine-tuning the Policies on Cross-border Renminbi Business to Promote Trade and Investment Facilitation* (中國人民銀行關於進一步完善人民幣跨境業務政策促進貿易投資便利化的通知). Accordingly, an enterprise shall be allowed to use Renminbi to settle all cross-border transactions that may be settled by foreign currencies pursuant to PRC laws.

On 23 October 2019, the SAFE promulgated the *Circular of Further Promoting Cross-border Trade and Investment Facilitation* (國家外匯管理局關於進一步促進跨境貿易投資便利化的通知), which further provided details in facilitating foreign exchange procedures in compliance with PRC laws.

The regulations referred to above are subject to interpretation and application by the relevant PRC authorities. Local authorities may adopt different practices in applying these regulations and impose conditions for settlement of current account items.

Capital Account Items

Under PRC foreign exchange control regulations, capital account items include cross-border transfers of capital, direct investments, securities investments, derivative products and loans. Capital account payments are generally subject to approval of, and/or registration or filing with, the relevant PRC authorities.

Previously, settlement of capital account items, for example, the capital contribution of foreign investors to foreign invested enterprises in the PRC, were generally required to be made in foreign currencies. Under progressive reforms, foreign enterprises are now permitted use Renminbi to settle all capital account items that can be settled in foreign currencies. Cross-border Renminbi payment infrastructure and trading facilities are being improved. Approval, registration and filing requirements specifically for capital account payments in Renminbi are being removed gradually.

PRC entities are also permitted to borrow Renminbi-denominated loans from foreign lenders (which are referred to as “**foreign debt**”) and lend Renminbi-denominated loans to foreign borrowers (which are referred to as “**outbound loans**”), as long as such PRC entities have the necessary quota, approval or registration. PRC entities may also denominate security or guarantee arrangements in Renminbi and make Renminbi payments thereunder to parties in the PRC as well as other jurisdictions (which is referred to as “**cross-border security**”). Under current rules promulgated by the State Administration of Foreign Exchange of the PRC (“**SAFE**”) and PBOC, foreign debts borrowed, outbound loans extended, and the cross-border security provided by a PRC onshore entity (including a financial institution) in Renminbi shall, in principle, be regulated under the current PRC foreign debt, outbound loan and cross-border security regimes applicable to foreign currencies. After piloting in the free trade zones, PBOC and SAFE launched a nation-wide system of macro-prudential management on cross-border financing in 2016, which provides for a unified regime for financings denominated in both foreign currencies and Renminbi.

Since September 2015, qualified multinational enterprise groups can extend Renminbi-denominated loans to, or borrow Renminbi-denominated loans from, eligible offshore member entities within the same group by leveraging the cash pooling arrangements. The Renminbi funds will be placed in a special deposit account and may not be used to invest in stocks, financial derivatives, or non-self-use real estate assets, or purchase wealth management products or extend loans to enterprises outside the group. Enterprises within the Shanghai FTZ may establish another cash pool under the Shanghai FTZ rules to extend inter-company loans, although Renminbi funds obtained from financing activities may not be pooled under this arrangement. On 10 June 2018, the State Council issued the *Notice of the State Council on Certain Measures for Actively and Effectively Utilizing Foreign Investment to Promote Quality Economic Development* (國務院關於積極有效利用外資推動經濟高質量發展若干措施的通知), to simplify the management of cash pools, relax the conditions for filing of enterprises launching pilot programmes of centralised operation and management of foreign exchange funds of multinational corporations and support multinational enterprise groups in transacting RMB two-way cross-border cash pooling business. On 10 April 2020, the SAFE issued the *Notice on Optimizing Foreign Exchange Administration to Support the Development of Foreign related Business* (國家外匯管理局關於優化外匯管理支持涉外業務發展的通知), which further improved the facilitation for cross-border trade and investment, including simplifying the registration of some items under the capital account and delegating the authority to banks.

The securities markets, specifically the Renminbi Qualified Foreign Institutional Investor (“**RQFII**”) regime and the China Interbank Bond Market (“**CIBM**”), have been further liberalised for foreign investors. SAFE has removed the quota control for RQFII, and PBOC has also expanded the list of eligible foreign investors in CIBM, removed quota restriction, and granted more flexibility for the settlement agents to provide the relevant institutions with more trading facilities (for example, in relation to derivatives for hedging foreign exchange risk).

Interbank foreign exchange market is also opening-up. In January 2016, CFETS set forth qualifications, application materials and procedure for foreign participating banks (which needs to have an international reputation, regional representativeness and a relatively large scale of Renminbi purchase and sale business and international influence) to access the inter-bank foreign exchange market.

There is no assurance that the PRC Government will continue to gradually liberalise the control over Renminbi payments of capital account item transactions in the future. The relevant regulations are and will be subject to interpretation and application by the relevant PRC authorities. Further, if any new PRC regulations are promulgated in the future which have the effect of permitting or restricting (as the case may be) the remittance of Renminbi for payment of transactions categorised as capital account items, then such remittances will need to be made subject to the specific requirements or restrictions set out in such rules.

BOOK-ENTRY CLEARANCE PROCEDURE

The information set out below has been obtained from the Clearing Systems (as defined herein) and the Issuer believes that such sources are reliable, but prospective investors are advised to make their own enquiries as to such procedures. In particular, such information is subject to any change in or reinterpretation of the rules, regulations and procedures of Euroclear, Clearstream, DTC or the CMU Service (together, the “Clearing Systems”) currently in effect, and investors wishing to use the facilities of any of the Clearing Systems are therefore advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System.

The relevant Pricing Supplement will specify the Clearing System(s) applicable for each series of Instruments.

The Clearing Systems

Euroclear and Clearstream

Euroclear and Clearstream each hold securities for their customers and facilitate the clearance and settlement of securities transactions through electronic book-entry transfer between their respective accountholders. Indirect access to Euroclear and Clearstream is available to other institutions which clear through or maintain a custodial relationship with an accountholder of either system. Euroclear and Clearstream provide various services, including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream also deal with domestic securities markets in several countries through established depositary and custodial relationships. Euroclear and Clearstream have established an electronic bridge between their two systems across which their respective customers may settle trades with each other. Their customers are worldwide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Investors may hold their interests in Global Notes and Global Certificates directly through Euroclear or Clearstream if they are accountholders (“**Direct Participants**”) or indirectly (“**Indirect Participants**”) and together with Direct Participants, “**Participants**”) through organisations which are accountholders therein.

Distributions of principal with respect to book-entry interests in the Instruments held through Euroclear or Clearstream will be credited, to the extent received by the Issuing and Paying Agent, to the cash accounts of Euroclear or Clearstream participants in accordance with the relevant system’s rules and procedures.

DTC

DTC is a limited purpose trust company organised under the laws of the State of New York, a “banking organisation” under the laws of the State of New York, a member of the U.S. Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic computerised book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. Indirect access to DTC is available to others, such as banks, securities brokers, dealers and trust companies, that clear through or maintain a custodial relationship with a DTC direct participant, either directly or indirectly. Investors may hold their interests in a Global Certificate directly through DTC if they are participants (“**Direct Participants**”) in the DTC system, or indirectly through organisations which are participants in such system (“**Indirect Participants**”) and together with Direct Participants, “**Participants**”).

CMU Service

The CMU Service is a central depository service provided by the Central Moneymarkets Unit of the Hong Kong Monetary Authority (“**HKMA**”) for the safe custody and electronic trading between the members of this service (“**CMU Members**”) of capital markets instruments (“**CMU Instruments**”) which are specified in the CMU Service Reference Manual as capable of being held within the CMU Service.

The CMU Service is only available for CMU Instruments issued by a CMU Member or by a person for whom a CMU Member acts as an agent for the purposes of lodging instruments issued by such persons. Membership of the CMU Service is open to all members of the Hong Kong Capital Markets Association and “authorised institutions” under the Banking Ordinance (Chapter 155 of the Laws of Hong Kong).

Compared to clearing services provided by Euroclear and Clearstream, the standard custody and clearing service provided by the CMU Service is limited. In particular (and unlike the European clearing systems), the HKMA does not, as part of this service, provide any facilities for the dissemination to the relevant CMU Members of payments (of interest or principal) under, or notices pursuant to the notice provisions of, CMU Instruments. Instead, the HKMA advises the CMU Lodging and Paying Agent of the identities of the CMU Members to whose accounts payments in respect of the relevant CMU Instruments are credited, whereupon the CMU Lodging and Paying Agent will make the necessary payments of interest or principal or send notices directly to the relevant CMU Members. Similarly, the HKMA will not obtain certificates of non-U.S. beneficial ownership from CMU Members or provide any such certificates on behalf of CMU Members. The Issuing and Paying Agent will collect such certificates from the relevant CMU Members identified from an instrument position report obtained by request from the HKMA for this purpose.

An investor holding an interest through an account with either Euroclear or Clearstream, in any Instruments held in the CMU Service will hold that interest through the respective accounts which Euroclear and Clearstream each have with the CMU Service.

Book-entry ownership

Bearer Notes

In respect of Bearer Notes, a temporary Global Note and/or a permanent Global Note will be deposited with a common depository for Euroclear and Clearstream or a sub-custodian with the CMU Service. Transfers of interests in a temporary Global Note or a permanent Global Note will be made in accordance with the normal market debt securities operating procedures of Euroclear, Clearstream and the CMU Service. Each Global Note will, where applicable, have an International Securities Identification Number (“**ISIN**”) and/or a Common Code or a CMU Instrument Number. Investors in Notes of such series may hold their interests in a Global Note only through Euroclear, Clearstream or the CMU Service, as the case may be.

Registered Instruments

Each Global Certificate deposited with a common depository for Euroclear and/or Clearstream will, where applicable, have an ISIN and/or a Common Code or, if lodged with a sub-custodian for the CMU Service, will have a CMU Instrument Number. Investors in Instruments of such series may hold their interests in an Unrestricted Global Certificate only through Euroclear or Clearstream or the CMU Service, as the case may be.

The Issuer and the Issuing and Paying Agent may make applications to DTC for acceptance in its book-entry settlement system of Registered Instruments represented by each Restricted Global Certificate. Each Restricted Global Certificate will have a CUSIP number. Each Restricted Global Certificate will be subject to restrictions on transfer contained in a legend appearing on the front of such Instruments, as set out under “Transfer Restrictions”. In certain circumstances, as described below in “Transfers of Registered Instruments”, transfers of interests in a Restricted Global Certificate may be made as a result of which such legend is no longer applicable.

The custodian, with whom the Restricted Global Certificates are deposited (the “**Custodian**”), and DTC will electronically record the nominal amount of the Registered Instruments held within the DTC system. Investors may hold their interests in a Restricted Global Certificate directly through DTC if they are participants in the DTC system, or indirectly through organisations which are participants in such system.

Individual Definitive Certificates

Registration or title to Registered Instruments in a name other than a depository for Euroclear and Clearstream, CMU or DTC will not be permitted unless (i) in the case of Registered Instruments issued pursuant to Rule 144A, DTC notifies the Issuer that it is no longer willing or able to discharge properly its responsibilities as depository with respect to the Rule 144A Global Instruments, or ceases to be a “clearing agency” registered under the Exchange Act, or is at any time no longer eligible to act as such and the Issuer is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of DTC, or (ii) (in the case of Registered Instruments issued pursuant to Regulation S deposited with a common depository for Euroclear and Clearstream or CMU) Euroclear, Clearstream or CMU is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so. In such circumstances, the Issuer will cause sufficient individual Definitive Certificates to be executed and delivered to the Registrar for completion, authentication and dispatch to the relevant Noteholder(s) or Securityholder(s). A person having an interest in a Global Certificate must provide the Registrar with:

- (i) a written order containing instructions and such other information as the Issuer and the Registrar may require to complete, execute and deliver such Definitive Certificates; and
- (ii) in the case of a Restricted Global Certificate only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange, or in the case of a simultaneous resale pursuant to Rule 144A, a certification that the transfer is being made in compliance with the provisions of Rule 144A. Rule 144A Certificates issued pursuant to this paragraph (ii) shall bear the legends applicable to transfers pursuant to Rule 144A.

Payments and relationship of participants with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream or DTC, as the holder of an Instrument represented by a Global Note or a Global Certificate, must look solely to Euroclear, Clearstream or DTC (as the case may be) for his share of each payment made by the Issuer to the holder of such Global Note or Global Certificate and in relation to all other rights arising under the Global Note or Global Certificate, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream or DTC (as the case may be). The Issuer expects that, upon receipt of any payment in respect of Instruments represented by a Global Note or a Global Certificate, the common depository by whom such Instrument is held, or nominee in whose name it is registered, will immediately credit the relevant participants’ or accountholders’ accounts in the relevant Clearing System with payments in amounts proportionate to their

respective beneficial interests in the principal amount of the relevant Global Note or Global Certificate (as the case may be) as shown on the records of the relevant Clearing System or its nominee. The Issuer also expects that payments by direct participants in any Clearing System to owners of beneficial interests in any Global Note or Global Certificate held through such direct participants in any Clearing System will be governed by standing instructions and customary practices. Save as aforesaid, such persons shall have no claim directly against the Issuer in respect of payments due on the Instruments for so long as the Instruments are represented by such Global Note or Global Certificate and the obligations of the Issuer will be discharged by payment to the registered holder, as the case may be, of such Global Note or Global Certificate in respect of each amount so paid.

If a Global Note or a Global Certificate is lodged with a sub-custodian for or registered with the CMU, the person(s) for whose account(s) interests in such Global Note or Global Certificate are credited as being held in the CMU in accordance with the CMU Rules as notified by the CMU to the CMU Lodging and Paying Agent in a relevant CMU Instrument Position Report or any other relevant notification by the CMU (which notification, in either case, shall be conclusive evidence of the records of the CMU save in the case of manifest error) shall be the only person(s) entitled or in the case of Registered Instruments, directed or deemed by the CMU as entitled to receive payments in respect of Instruments represented by such Global Note (if applicable) or Global Certificate and the Issuer will be discharged by payment to, or to the order of, such person(s) for whose account(s) interests in such Global Note or Global Certificate are credited as being held in the CMU in respect of each amount so paid. Each of the persons shown in the records of the CMU, as the beneficial holder of a particular nominal amount of Instruments represented by such Global Note (if applicable) or Global Certificate must look solely to the CMU Lodging and Paying Agent (as agent of the Issuer) for his share of each payment so made by the Issuer in respect of such Global Note or Global Certificate.

Transfers of Registered Instruments

Transfers within Clearing Systems

Transfers of interests in Global Certificates within Euroclear, Clearstream, DTC or the CMU Service will be in accordance with the usual rules and operating procedures of the relevant Clearing System. The laws of some states in the United States require that certain persons take physical delivery in definitive form of securities. Consequently, the ability to transfer interests in a Restricted Global Certificate to such persons may be limited. As DTC can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a Restricted Global Certificate to pledge such interest to persons or entities that do not participate in DTC, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate in respect of such interest.

Transfers between Clearing Systems

Beneficial interests in an Unrestricted Global Certificate may be held only through Euroclear or Clearstream or the CMU Service. Transfers may be made at any time by a holder of an interest in an Unrestricted Global Certificate to a transferee who wishes to take delivery of such interest through the Restricted Global Certificate for the same Series of Instruments, provided that any such transfer made on or prior to the expiration of the distribution compliance period (defined as 40 days after completion of the distribution of any identifiable Tranche as determined, and certified to the Issuer, by the Issuing and Paying Agent, or in the case of Instruments issued on a syndicated basis, to the Issuer and the Issuing and Paying Agent by the relevant Dealers) relating to the Instruments represented by such Unrestricted Global Certificate will only be made upon receipt by the Registrar or any Transfer Agent of a written certificate from the transferor of such interest to the effect that such transfer is being made to a person whom the

transferor reasonably believes is a QIB within the meaning of Rule 144A in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities law of any state of the United States or any other jurisdiction. Any such transfer of the Instruments represented by such Unrestricted Global Certificate made thereafter will only be made upon request through Euroclear or Clearstream by the holder of an interest in the Unrestricted Global Certificate to the Issuing and Paying Agent or its agent and receipt by the Issuing and Paying Agent or its agent of details of that account at DTC to be credited with the relevant interest in the Rule 144A Global Certificate. Transfers at any time by a holder of any interest in the Restricted Global Certificate to a transferee who takes delivery of such interest through an Unrestricted Global Certificate will only be made upon delivery to the Registrar or any Transfer Agent of a Certificate setting forth compliance with the provisions of Regulation S and giving details of the account at Euroclear, Clearstream, DTC or the CMU Service, as the case may be, to be credited and debited, respectively, with an interest in the relevant Global Certificates.

Subject to compliance with the transfer restrictions applicable to the Registered Instruments described above and under “Transfer Restrictions”, cross-market transfers between DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream or the CMU Service accountholders on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Custodian, the Registrar and the Issuing and Paying Agent.

On or after the Issue Date for any Series, transfers of the Instruments of such Series between accountholders in Euroclear and Clearstream and/or the CMU Service and transfers of the Instruments of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T + 3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Euroclear or Clearstream or the CMU Service and DTC participants will need to have an agreed settlement date between the parties to such transfer. As there is no direct link between DTC, on the one hand, and Euroclear and Clearstream and the CMU Service, on the other, transfers of interests in the relevant Global Certificates will be effected through the Issuing and Paying Agent or its agent, the Custodian and the Registrar receiving instructions (and where appropriate certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. Transfers will be effected on the later of (i) three business days after the trade date for the disposal of the interest in the relevant Global Certificate resulting in such transfer, and (ii) two business days after receipt by the Issuing and Paying Agent or its agent or the Registrar, as the case may be, of the necessary certification or information to effect such transfer. In the case of cross-market transfers, settlement between Euroclear, Clearstream or the CMU Service accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

For a further description of restrictions on the transfer of Registered Instruments, see “Transfer Restrictions”.

DTC Procedures

DTC will take any action permitted to be taken by a holder of Registered Instruments (including, without limitation, the presentation of Restricted Global Certificates for exchange as described above) only at the direction of one or more participants in whose accounts with DTC, an interest(s) in Restricted Global Certificates is (are) credited, and only in respect of such portion of the aggregate nominal amount of the relevant Restricted Global Certificates as to which such participant or participants has or have given such direction. However, in the circumstances described above, DTC will surrender the relevant Restricted

Global Certificates for exchange for individual Definitive Certificates (which will, in the case of Registered Instruments issued pursuant to Rule 144A, bear the legend applicable to transfers pursuant to Rule 144A).

Although Euroclear, Clearstream, DTC and the CMU Service have agreed to the foregoing procedures in order to facilitate transfers of beneficial interests in the Global Certificates among participants and accountholders of Euroclear, Clearstream, DTC and the CMU Service, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Issuing and Paying Agent or any other agent will have any responsibility for the performance by Euroclear, Clearstream, DTC or the CMU Service or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

While a Restricted Global Certificate is lodged with DTC or the Custodian, Registered Instruments issued pursuant to Rule 144A represented by individual Definitive Instruments will not be eligible for clearing or settlement through Euroclear, Clearstream, DTC or the CMU Service.

TRANSFER RESTRICTIONS

The Instruments have not been, and will not be, registered under the Securities Act or the securities laws of any other jurisdiction, and may not be offered, sold or delivered within the United States (as defined in Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Instruments are being offered and sold only (1) to QIBs in compliance with Rule 144A under the Securities Act, and (2) outside the United States in offshore transactions in reliance on Regulation S under the Securities Act.

Because of the following restrictions, purchasers are advised to consult legal counsel prior to making any offer, sale, resale, pledge or other transfer of the Instruments.

Restricted Instruments

Each purchaser or transferee of a Restricted Instrument (or beneficial interests therein), by purchasing and accepting delivery of such Instruments or beneficial interest therein, will be deemed to have represented, agreed and acknowledged that:

1. It and each person for which it is acting is: (a) a QIB; (b) aware, and each beneficial owner of such Instruments has been advised, that the sale of such Instruments to it is being made in reliance on Rule 144A; and (c) acquiring such Instruments for its own account or for the account of a QIB.
2. It understands and agrees that such Instruments (or beneficial interests therein) have not been and will not be registered under the Securities Act and may not be offered, sold, pledged or otherwise transferred except: (a) pursuant to a registration statement that has been declared effective under the Securities Act; (b) in reliance on Rule 144A to a person who the seller reasonably believes is a QIB purchasing for its own account or for the account of one of more QIBs; (c) outside the United States, in an offshore transaction in accordance with Regulation S; (d) pursuant to an exemption from registration provided by Rule 144 under the Securities Act (if available); or (e) pursuant to any other available exemption from the registration requirements of the Securities Act, in each case in accordance with all applicable securities laws including the securities laws of any state of the United States.
3. It acknowledges that the Instruments offered and sold hereby in the manner set forth above are “restricted securities” within the meaning of Rule 144(a)(3) under the Securities Act, are being offered and sold in a transaction not involving any public offering in the United States within the meaning of the Securities Act, and that no representation is made as to the availability of the exemption provided by Rule 144 for resales of the Instruments.
4. It understands and agrees that any purported transfer of such Instruments (or a beneficial interest therein) to a purchaser that does not comply with the requirements of the transfer restrictions herein will be of no force and effect and will be void *ab initio*.
5. It understands that such Notes, unless otherwise agreed between the Issuer and the Trustee in accordance with such applicable law, will bear a legend to the following effect:

THIS NOTE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”) OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE

TRANSFERRED EXCEPT: (1) PURSUANT TO A REGISTRATION STATEMENT THAT HAS BEEN DECLARED EFFECTIVE UNDER THE SECURITIES ACT; (2) IN ACCORDANCE WITH RULE 144A UNDER THE SECURITIES ACT TO A PERSON THAT THE HOLDER AND ANY PERSON ACTING ON ITS BEHALF REASONABLY BELIEVE IS A QUALIFIED INSTITUTIONAL BUYER (WITHIN THE MEANING OF RULE 144A) PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ANOTHER QUALIFIED INSTITUTIONAL BUYER IN ACCORDANCE WITH RULE 144A; (3) IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH REGULATIONS UNDER THE SECURITIES ACT; (4) PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE); OR (5) PURSUANT TO ANY OTHER AVAILABLE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT, AND IN EACH CASE IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR ANY OTHER APPLICABLE JURISDICTION. NO REPRESENTATION CAN BE MADE AS TO THE AVAILABILITY OF THE EXEMPTION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT FOR REALES OF THIS NOTE.

It understands that such Securities, unless otherwise agreed between the Issuer and the Trustee in accordance with such applicable law, will bear a legend to the following effect:

THIS SECURITY HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”) OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED EXCEPT: (1) PURSUANT TO A REGISTRATION STATEMENT THAT HAS BEEN DECLARED EFFECTIVE UNDER THE SECURITIES ACT; (2) IN ACCORDANCE WITH RULE 144A UNDER THE SECURITIES ACT TO A PERSON THAT THE HOLDER AND ANY PERSON ACTING ON ITS BEHALF REASONABLY BELIEVE IS A QUALIFIED INSTITUTIONAL BUYER (WITHIN THE MEANING OF RULE 144A) PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ANOTHER QUALIFIED INSTITUTIONAL BUYER IN ACCORDANCE WITH RULE 144A; (3) IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH REGULATIONS UNDER THE SECURITIES ACT; (4) PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE); OR (5) PURSUANT TO ANY OTHER AVAILABLE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT, AND IN EACH CASE IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR ANY OTHER APPLICABLE JURISDICTION. NO REPRESENTATION CAN BE MADE AS TO THE AVAILABILITY OF THE EXEMPTION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT FOR REALES OF THIS SECURITY.

6. It agrees that it will give to each person to whom it transfers any Instruments notice of any restrictions on the transfer of such Instruments.
7. If it is acquiring any Instruments for the account of one or more QIBs, it represents that it has sole investment discretion with respect to each such account and that it has full power to make (and does make) the foregoing acknowledgements, representations and agreements on behalf of each such account. The Issuer, the Arrangers, the Dealers and their affiliates, and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements.

8. It understands that the Instruments offered in reliance on Rule 144A will be represented by the Restricted Global Certificate. Before any interest in the Restricted Global Certificate may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in the Unrestricted Global Certificate, it will be required to provide a Transfer Agent with a written certification (in the form provided in the Agency Agreement) as to compliance with applicable securities laws.
9. Distribution of this Offering Circular, or disclosure of any of its contents to any person other than such purchaser and those persons, if any, retained to advise such purchaser with respect thereto is unauthorised, and any disclosure of any of its contents, without the prior written consent of the Issuer, is prohibited.

Prospective purchasers or transferees are hereby notified that sellers of the Instruments may be relying on the exemption from the provisions of section 5 of the Securities Act provided by Rule 144A.

Unrestricted Instruments

Each purchaser or transferee of any Unrestricted Instruments (or beneficial interest therein) will be deemed to have represented, warranted, acknowledged and agreed that:

1. It understands that the Instruments have not been and will not be registered under the Securities Act, and such Instruments are being offered and sold in accordance with Regulation S.
2. It is, or at the time the Instruments are purchased will be, the beneficial owner of such Instruments and: (i) it is purchasing the Instruments in an offshore transaction (within the meaning of Regulation S); and (ii) it is not an affiliate of the Issuer or a person acting on behalf of such an affiliate.
3. The Issuer, the Registrar, the Arrangers, the Dealers and their affiliates, and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements.

SUBSCRIPTION AND SALE

The Arrangers and the Dealers have agreed, in an amended and restated programme agreement (the “**Programme Agreement**”) dated 22 September 2020, with the Issuer on a basis upon which they or any of them may from time to time agree to purchase Instruments. Any such agreement will extend to those matters stated under “Form of the Instruments” and “Terms and Conditions of the Notes” and “Terms and Conditions of the Securities”. In the Programme Agreement, the Issuer has agreed to reimburse the Arrangers and the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Instruments under the Programme and to indemnify the Arrangers and the Dealers against certain liabilities incurred by them in connection therewith.

The relevant Arrangers and Dealers and certain of their respective affiliates may have performed certain investment banking and advisory services for the Issuer and/or its affiliates from time to time for which they have received customary fees and expenses and may, from time to time, engage in transactions with and perform services for the Issuer and/or its affiliates in the ordinary course of their business.

The relevant Arrangers and Dealers and certain of their respective affiliates may trade the Instruments and be allocated Instruments for asset management and/or proprietary purposes.

The relevant Arrangers and Dealers or certain of their respective affiliates may act as investors and place orders, receive allocations and trade the Instruments for their own accounts and enter into transactions, including credit derivatives, such as asset swaps, repackaging and credit default swaps relating to the Instruments and/or other securities of the Issuer or its subsidiaries or associates at the same time as the offer and sale of the Instruments or in secondary market transactions. Such transactions would be carried out as bilateral trades with selected counterparties and separately from any existing sale or resale of the Instruments to which this Offering Circular relates (notwithstanding that such selected counterparties may also be purchasers of the Instruments) and such entities are not expected to disclose such transactions or the extent of any such investment, otherwise than in accordance with any applicable legal or regulatory requirements. If such transactions occur, the trading price and liquidity of the Instruments may be impacted. Furthermore, it is possible that a significant proportion of the Instruments may be initially allocated to, and subsequently held by, a limited number of investors. If this is the case, the trading price and liquidity of trading in the Instruments may be constrained. The Issuer, the relevant Arrangers and Dealers and certain of their respective affiliates are under no obligation to disclose the extent of the distribution of the Instruments amongst individual investors, otherwise than in accordance with any applicable legal or regulatory requirements.

In connection with the issue of the Instruments, the Dealer or Dealers (if any) named as the stabilisation manager(s) (the “**Stabilisation Manager(s)**”) (or persons acting on behalf of any Stabilisation Manager) in the relevant Pricing Supplement may, to the extent permitted by applicable laws and directives, over-allot Instruments or effect transactions with a view to supporting the price of the Instruments at a level higher than that which might otherwise prevail, but in so doing, the Stabilisation Manager or any person acting on behalf of the Stabilisation Manager shall act as principal and not as agent of the Issuer. However, there is no assurance that the Stabilisation Manager or any person acting on behalf of the Stabilisation Manager will undertake Stabilisation action. Any loss or profit sustained as a consequence of any such overallotment or stabilisation shall be for the account of the relevant Dealers.

General

Each of the Arrangers and the Dealers has severally and not jointly agreed and each dealer further appointed under the Programme will be required to agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Instruments or possesses or distributes this Offering Circular and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Instruments under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and none of the Issuer, the Trustee and any other Arranger or Dealer shall have any responsibility therefor.

If a jurisdiction requires that the offering be made by a licensed broker or dealer and the underwriters or any affiliate of the underwriters is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the underwriters or such affiliate on behalf of the Issuer (as defined in this Offering Circular) in such jurisdiction.

None of the Issuer, the Trustee, the Arrangers, nor any of the Dealers represents that Instruments may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating any such sale.

With regard to each Tranche, the relevant Arranger or Dealer will be required to comply with any additional restrictions agreed between the Issuer and the relevant Arranger or Dealer and set out in the applicable Pricing Supplement.

Each of the Arrangers and the Dealers has severally and not jointly acknowledged (and each dealer further appointed under the Programme will be required to acknowledge) that the Instruments have not been and will not be registered under the Securities Act and severally agreed (and each dealer further appointed under the Programme will be required to agree) that they may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Each of the Arrangers and the Dealers has severally represented and agreed and each dealer further appointed under the Programme will be required to represent and agree that it has not offered or sold, and will not offer or sell, any Instruments constituting part of its allotment within the United States except: (1) to persons it reasonably believes to be QIBs (as defined in Rule 144A) in transactions meeting the requirements of Rule 144A or other exemption(s) from registration under the Securities Act; or (2) in accordance with Rule 903 of Regulation S.

Each of the Arrangers and the Dealers has severally and not jointly represented and agreed and each dealer further appointed under the Programme will be required to represent and agree that neither it nor any of its affiliates (within the meaning of Rule 501(b) under the Securities Act) has offered or sold or will offer or sell the Instruments in the United States by means of any: (1) general solicitation or general advertising within the meaning of Rule 502(c) under the Securities Act, or any other conduct involving a public offering within the meaning of Section 4(2) of the Securities Act; or (2) directed selling efforts within the meaning of Rule 902 under the Securities Act.

United States of America

The Instruments have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”) and may not be offered or sold within the United States, except in transactions exempt from, or not subject to, the registration requirements of the Securities Act.

Each of the Arrangers and the Dealers has agreed that, and each dealer further appointed under the Programme will be required to agree that, save as permitted by the Programme Agreement, it will not offer, sell or deliver the Instruments outside the United States except in accordance with Regulation S, or within the United States to QIBs except in reliance on Rule 144A. Any offers and sales in the United States will be conducted by broker-dealers registered with the SEC.

In addition, until 40 days after the commencement of the offering of Instruments, an offer or sale of Instruments within the United States by a dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in reliance on Rule 144A or another available exception from registration under the Securities Act.

Prohibition of Sales to European Economic Area and UK Retail Investors

Unless the Pricing Supplement in respect of any Instruments specifies “Prohibition of Sales to EEA and UK Retail Investors” as “Not Applicable”, each of the Arrangers and the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Instruments which are the subject of the offering contemplated by this Offering Circular as completed by the Pricing Supplement in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression “retail investor” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the “Prospectus Regulation”); and
- (b) the expression an “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe for the Instruments.

If the Pricing Supplement in respect of any Instruments specifies “Prohibition of Sales to EEA and UK Retail Investors” as “Not Applicable”, in relation to each Member State of the European Economic Area and the UK (each, a “**Relevant State**”), each of the Arrangers and the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of any Instruments which are the subject of the offering contemplated by this Offering Circular as completed by the Pricing Supplement in relation thereto to the public in that Relevant State except that it may make an offer of such Instruments to the public in that Relevant State:

- (a) if the Pricing Supplement in relation to the Instruments specify that an offer of those Instruments may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Relevant State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Instruments which has been approved by the competent authority in that Relevant State or, where appropriate, approved in another Relevant State and notified to the competent authority in that Relevant State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Instruments referred to in paragraphs (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation, or supplement a prospectus pursuant to Article 16 of the Prospectus Regulation.

For the purposes of the provisions of this provision, the expression an “offer of Instruments to the public” in relation to any Instruments in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe the Instruments and the expression “Prospectus Regulation” means Regulation (EU) 2017/1129.

United Kingdom

Each of the Arrangers and the Dealers has represented and agreed, and each dealer further appointed under the Programme will be required to represent and agree, that:

- (a) in relation to any Notes which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business, and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of FSMA by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Instruments in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Instruments in, from or otherwise involving the United Kingdom.

The Netherlands

Each of the Arrangers and Dealers has represented and agreed, and each dealer further appointed under the Programme will be required to represent, warrant and agree, that Instruments will only be offered in the Netherlands to Qualified Investors (as defined in the Prospectus Directive), unless such offer is made in accordance with the Dutch Financial Supervision Act (*Wet op het financieel toezicht*).

PRC

Each of the Arrangers and the Dealers has represented, warranted and agreed, and each dealer further appointed under the Programme will be required to represent, warrant and agree, that the Instruments are not being offered or sold and may not be offered or sold, directly or indirectly, in the People's Republic of China (for such purposes, not including Hong Kong, Macau Special Administrative Regions or Taiwan), except as permitted by the securities laws and regulations of the People's Republic of China.

Hong Kong

In relation to each Tranche of Instruments issued by the Issuer, each of the Arrangers and the Dealers has represented and agreed, and each dealer further appointed under the Programme will be required to represent and agree, that:

- (a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Instruments (except for Instruments which are a "structured product" as defined in the SFO) other than: (a) to "professional investors" as defined in the Securities and Futures Ordinance and any rules made under that Ordinance; or (b) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Chapter 32) of Hong Kong or which do not constitute an offer to the public within the meaning of that Ordinance; and
- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Instruments, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Instruments which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the Securities and Futures Ordinance and any rules made under that Ordinance.

Singapore

Each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that this Offering Circular has not been registered as a prospectus with the Monetary Authority of Singapore (MAS). Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold any Instruments or caused the Instruments to be made the subject of an invitation for subscription or purchase and will not offer or sell any Instruments or cause the Instruments to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Offering Circular or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Instruments, whether directly or indirectly, to any person in Singapore other than: (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act (Chapter 289) of Singapore, as modified or amended from time to time (the "SFA") pursuant to Section 274 of the SFA); (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA; or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Instruments are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

- (a) a corporation which is not an accredited investor (as defined in Section 4A of the SFA) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an individual who is an accredited investor,

securities or securities-based derivatives contracts (each term as defined in Section 2(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Instruments pursuant to an offer under Section 275 of the SFA except:

- (i) to an institutional investor or to a relevant person, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
- (ii) where no consideration is or will be given for the transfer;
- (iii) where the transfer is by operation of law;
- (iv) pursuant to Section 276(7) of the SFA; or
- (v) as specified in Regulation 37A of the Securities and Futures (Offers of Investments) (Securities and Securities-based Derivatives Contracts) Regulations 2018.

Japan

The Instruments have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948) (as amended) (the “**FIEA**”). Accordingly, each of the Arrangers and the Dealers has represented, warranted and agreed, and each dealer further appointed under the Programme will be required to represent, warrant and agree, that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Instruments in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA, and other relevant laws and regulations of Japan.

Taiwan

The Instruments have not been and will not be registered or filed with, or approved by, the Financial Supervisory Commission of Taiwan, the Republic of China (“**Taiwan**”) and/or other regulatory authority pursuant to relevant securities laws and regulations and may not be offered, issued or sold in Taiwan through a public offering or in circumstances which constitute an offer within the meaning of the Securities and Exchange Act of Taiwan or relevant laws and regulations that requires a registration, filing or approval of the Financial Supervisory Commission and/or other regulatory authority of Taiwan.

Macau

Each of the Arrangers and the Dealers has represented, warranted and agreed, and each dealer further appointed under the Programme will be required to represent, warrant and agree, that the Instruments may not be promoted, distributed, sold or delivered in the Macau Special Administrative Region of the People's Republic of China ("**Macau**"), or any document relating to the Instruments be distributed or circulated in Macau, except under the terms of and in compliance with the Macau Financial System Act and any other laws in Macau that may apply to the offer and sale of the Instruments in Macau. The Instruments are not registered or otherwise authorised for public offer under the Financial System Act of Macau and thus may not be offered or sold in Macau, unless such offer is made by Macau licensed entities according to the Macau Financial System Act and upon their communication to the Macau Monetary Authority, in observation of the guidelines and recommendations issued by the Macau local regulatory authority from time to time.

FORM OF PRICING SUPPLEMENT OF THE NOTES

The form of Pricing Supplement that will be issued in respect of each Tranche, subject only to the deletion of non-applicable provisions, is set out below:

[PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”) or in the United Kingdom (the “**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (“**MiFID II**”); (ii) a customer within the meaning of Directive (EU) 2016/97 (“**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the “**Prospectus Regulation**”). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.]

[MiFID II product governance/Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, “**MiFID II**”)] [MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]¹

[Singapore Securities and Futures Act Product Classification – Solely for the purposes of its obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore (the “**SFA**”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A of the SFA) that the Notes are “prescribed capital markets products” (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and “Excluded Investment Products” (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]

[This document is for distribution to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**HKSE**”) and in the Securities and Futures Ordinance (Cap. 571) of Hong Kong) (together, “**Professional Investors**”) only. **Investors should not purchase the Notes in the primary or secondary markets unless they are Professional Investors and understand the risks involved. The Notes are only suitable for Professional Investors.**

¹ Only to be included if one or more of the parties is deemed to be a MiFID manufacturer.

Notice to Hong Kong investors: The Issuer confirms that the Notes are intended for purchase by professional investors only (as defined in the Securities and Futures Ordinance (Cap 571) and Rules made thereunder) and will be listed on the HKSE on that basis. Accordingly, the Issuer confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

The HKSE has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only have been reproduced in this document. Listing of the Programme and Notes on the HKSE is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Notes or the Issuer or quality of disclosure in this document. Hong Kong Exchanges and Clearing Limited and the HKSE take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

This document, together with the Offering Circular, include particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Issuer. The Issuer accepts full responsibility for the accuracy of the information contained in this document and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement herein misleading.]

[Date]

Far East Horizon Limited

**Issue of [Aggregate Nominal Amount of Tranche] [Title of Notes]
under its U.S.\$4,000,000,000 Medium Term Note and Perpetual Securities Programme**

This document constitutes the Pricing Supplement relating to the issue of Notes described herein.

Terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions (the “**Conditions**”) set forth in the Offering Circular dated [●] 2020. This Pricing Supplement contains the final terms of the Notes and must be read in conjunction with such Offering Circular. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of this Pricing Supplement and the Offering Circular.

[The following alternative language applies if the first tranche of an issue which is being increased was issued under an Offering Circular with an earlier date.

Terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions (the “**Conditions**”) set forth in the Offering Circular dated [original date]. This Pricing Supplement contains the final terms of the Notes and must be read in conjunction with the Offering Circular dated [current date], save in respect of the Conditions which are extracted from the Offering Circular dated [original date] and are attached hereto.]

[Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or subparagraphs. Italics denote directions for completing the Pricing Supplement.]

[If the Notes have a maturity of less than one year from the date of their issue, the minimum denomination may need to be €100,000 or its equivalent in any other currency.]

1. Issuer: Far East Horizon Limited
2. [(i)] Series Number: [●]
[(ii)] Tranche Number: [●] (*If fungible with an existing Series, details of that Series, including the date on which the Notes become fungible*)
3. Specified Currency or Currencies: [●]
4. Aggregate Nominal Amount:
[(i)] Series: [●]
[(ii)] Tranche: [●]
5. [(i)] Issue Price: [●] per cent. of the Aggregate Nominal Amount [plus accrued interest from *[insert date]* (in the case of fungible issues only, if applicable)]
[(ii)] Net Proceeds: [●] (*Required only for listed issues*)
[(iii)] Use of Proceeds: [●] (*give details if different from the “Use of Proceeds” section in the Offering Circular*)
6. (i) Specified Denominations²: [●]
(in the case of Registered Notes, this means the minimum integral amount in which transfers can be made)
(N.B. Where Bearer Notes with multiple denominations above €100,000 or equivalent are being used the following sample wording should be followed:

“€100,000 and integral multiples of €1,000 in excess thereof up to and including €199,000. No Notes in definitive form will be issued with a denomination above €199,000”.)

(N.B. If an issue of Notes is: (i) NOT admitted to trading on an European Economic Area exchange; and (ii) only offered in the European Economic Area in circumstances where a prospectus is not required to be published under the Prospectus Directive the €100,000 minimum denomination is not required.)

² Notes listed on the HKSE will be traded on the HKSE in a board lot size of at least HK\$500,000 (or its equivalent in other currencies).

- (ii) Calculation Amount:
- (If there is only one Specified Denomination, insert the Specified Denomination.*
- If there is more than one Specified Denomination, insert the highest common factor. Note: There must be a common factor in the case of two or more Specified Denominations.)*
7. (i) Issue Date:
- (ii) Interest Commencement Date: [specify/Issue Date/Not Applicable]
(N.B. An Interest Commencement Date will not be relevant for certain Notes, for example Zero Coupon Notes.)
8. Maturity Date: [Fixed rate – specify date/Floating rate – Interest Payment Date falling on or nearest to [specify month and year]]³
9. Interest Basis: per cent. Fixed Rate]
 [[LIBOR/EURIBOR/HIBOR] +/- per cent.
 [Floating Rate]
 [Zero Coupon]
 [Index Linked Interest]
 [Dual Currency Interest]
 [specify other]
(further particulars specified below)
10. Redemption/Payment Basis: [Redemption at par]
 [Index Linked Redemption]
 [Dual Currency Redemption]
 [Partly Paid]
 [Instalment]
 [specify other]
11. Change of Interest Basis or Redemption/Payment Basis: [Specify details of any provision for change of Notes into another Interest Basis or Redemption/Payment Basis]
12. Put/Call Options: [Investor Put]
 [Issuer Call]
 [(further particulars specified below)]
13. (i) Date of approval of the Financial Secretary of Hong Kong for issuance of Notes obtained:

³ Note that, for Hong Kong dollar denominated Fixed Rate Notes where the Interest Payment Dates are subject to modification, it will be necessary to use the second option here.

(ii) Date of [Board] approval for issuance of Notes obtained: [●] [and [●], respectively]]

(N.B. Only relevant where Board (or similar) authorisation is required for the particular tranche of Notes)

14. Listing: [Hong Kong/specify other/None]⁴

15. Method of distribution: [Syndicated/Non-syndicated]

PROVISIONS RELATING TO INTEREST (IF ANY) PAYABLE

16. Fixed Rate Note Provisions [Applicable/Not Applicable]
(If not applicable, delete the remaining subparagraphs of this paragraph)

(i) Rate[(s)] of Interest: [●] per cent. per annum [payable [annually/semi-annually/quarterly/other specify] in arrear]

(If payable other than annually, consider amending Condition 6)

(ii) Interest Payment Date(s): [●] in each year up to and including the Maturity Date]/[specify other]⁵

(N.B.: This will need to be amended in the case of long or short coupons)

(iii) Fixed Coupon Amount(s): [●] per Calculation Amount⁶
(Applicable to Notes in definitive form)

(iv) Broken Amount(s): [●] per Calculation Amount, payable on the Interest Payment Date falling [in/on] [●]

⁴ If Listing in Hong Kong, specify expected listing date.

⁵ Note that, for certain Hong Kong dollar denominated Fixed Rate Notes, the Interest Payment Dates are subject to modification and the following words should be added: "provided that if any Interest Payment Date falls on a day which is not a Business Day, the Interest Payment Date will be the next succeeding Business Day unless it would thereby fall in the next calendar month in which event the Interest Payment Date shall be brought forward to the immediately preceding Business Day. For these purposes, "**Business Day**" means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and currency deposits) in Hong Kong and [●]."

⁶ For Hong Kong dollar denominated Fixed Rate Notes where the Interest Payment Dates are subject to modification, the following alternative wording is appropriate: "Each Fixed Coupon Amount shall be calculated by multiplying the product of the Rate of Interest and the Calculation Amount by the Day Count Fraction and rounding the resultant figure to the nearest HK\$0.01, HK\$0.005 being rounded upwards."

(Applicable to Notes in definitive form)

- (v) Day Count Fraction: [30/360 or Actual/Actual (ICMA) or Actual/365 (Fixed)⁵ or *[specify other]*]
- (vi) Determination Date(s): [●] in each year
- [Insert regular interest payment dates, ignoring issue date or maturity date in the case of a long or short first or last coupon]*
- (NB: This will need to be amended in the case of regular interest payment dates which are not of equal duration)*
- (NB: Only relevant where Day Count Fraction is Actual/Actual (ICMA))*
- (vii) Other terms relating to the method of calculating interest for Fixed Rate Notes: [None/Give details]
17. Floating Rate Note Provisions [Applicable/Not Applicable]
(If not applicable, delete the remaining subparagraphs of this paragraph)
- (i) Specified Period(s)/Specified Interest Payment Dates: [●]
- (ii) Business Day Convention: [Floating Rate Convention/Following Business Day Convention/Modified Following Business Day Convention/Preceding Business Day Convention/*[specify other]*]
- (iii) Additional Business Centre(s): [●]
- (iv) Manner in which the Rate of Interest and Interest Amount is to be determined: [Screen Rate Determination/ISDA Determination/*specify other*]
- (v) Party responsible for calculating the Rate of Interest and Interest Amount (if not the Issuing and Paying Agent): [●]

(vi) Screen Rate Determination:

- Reference Rate: [●]

(Either LIBOR, EURIBOR, HIBOR or other, although additional information is required if other – including fallback provisions in the Agency Agreement)

- Interest Determination Date(s): [●]

(Second London business day prior to the start of each Interest Period if LIBOR (other than Sterling, Hong Kong or euro LIBOR), first day of each Interest Period if Sterling or Hong Kong LIBOR or HIBOR and the second day on which the TARGET2 System is open prior to the start of each Interest Period if EURIBOR or euro LIBOR)

- Relevant Screen Page: [●]

(In the case of EURIBOR, if not Reuters EURIBOR01 ensure it is a page which shows a composite rate or amend the fallback provisions appropriately)

(vii) ISDA Determination:

- Floating Rate Option: [●]
- Designated Maturity: [●]
- Reset Date: [●]

(viii) Margin(s): [+/-] [●] per cent. per annum

(ix) Minimum Rate of Interest: [●] per cent. per annum

(x) Maximum Rate of Interest: [●] per cent. per annum

(xi) Day Count Fraction: [Actual/Actual or Actual/Actual (ISDA)
Actual/365 (Fixed)
Actual/365 (Sterling)
Actual/360
30/360, 360/360 or Bond Basis
30E/360 or Eurobond Basis
30E/360 (ISDA)
Other]

(See Condition 5 for alternatives)

- (xii) Fall back provisions, rounding provisions and any other terms relating to the method of calculating interest on Floating Rate Notes, if different from those set out in the Conditions:
18. **Zero Coupon Note Provisions** [Applicable/Not Applicable]
- (If not applicable, delete the remaining subparagraphs of this paragraph)*
- (i) Accrual Yield: per cent. per annum
- (ii) Reference Price:
- (iii) Any other formula/basis of determining amount payable:
- (iv) Day Count Fraction in relation to Early Redemption Amounts and late payment: [Condition 7.5(c) and Condition 7.10 apply/*specify other*]
- (Consider applicable day count fraction if not U.S. dollar denominated)*
19. **Index Linked Interest Note Provisions** [Applicable/Not Applicable]
- (If not applicable, delete the remaining subparagraphs of this paragraph)*
- (i) Index/Formula: [*give or annex details*]
- (ii) Calculation Agent:
- (iii) Party responsible for calculating the Rate of Interest (if not the Calculation Agent) and Interest Amount (if not the Issuing and Paying Agent):
- (iv) Provisions for determining Coupon where calculation by reference to Index and/or Formula is impossible or impracticable: [*to include a description of market disruption or settlement disruption events and adjustment provisions*]
- (v) Specified Period(s)/Specified Interest Payment Dates:

- (vi) Business Day Convention: [Floating Rate Convention/Following Business Day Convention/Modified Following Business Day Convention/Preceding Business Day Convention/*specify other*]
- (vii) Additional Business Centre(s): [●]
- (viii) Minimum Rate of Interest: [●] per cent. per annum
- (ix) Maximum Rate of Interest: [●] per cent. per annum
- (x) Day Count Fraction: [●]

20. **Dual Currency Interest Note Provisions** [Applicable/Not Applicable]

(If not applicable, delete the remaining subparagraphs of this paragraph)

- (i) Rate of Exchange/method of calculating Rate of Exchange: [*give or annex details*]
- (ii) Party, if any, responsible for calculating the principal and/or interest due (if not the Issuing and Paying Agent): [●]
- (iii) Provisions applicable where calculation by reference to Rate of Exchange impossible or impracticable: [*to include a description of market disruption or settlement disruption events and adjustment provisions*]
- (iv) Person at whose option Specified Currency(ies) is/are payable: [●]

PROVISIONS RELATING TO REDEMPTION

21. Issuer Call: [Applicable/Not Applicable]

(If not applicable, delete the remaining subparagraphs of this paragraph)

- (i) Issuer Call Price: [●]
- (ii) Optional Redemption Date(s): [●]
- (iii) Optional Redemption Amount and method, if any, of calculation of such amount(s): [[●] per Calculation Amount/*specify other/see Appendix*]

- (iv) If redeemable in part:
- (a) Minimum Redemption Amount:
- (b) Maximum Redemption Amount:
- (v) Notice period (if other than as set out in the Conditions):
- (N.B. If setting notice periods which are different to those provided in the Conditions, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example, clearing systems and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Issuing and Paying Agent.)*
22. Investor Put: [Applicable/Not Applicable]
- (If not applicable, delete the remaining subparagraphs of this paragraph)*
- (i) Issuer Put Price:
- (ii) Optional Redemption Date(s):
- (iii) Optional Redemption Amount and method, if any, of calculation of such amount(s): per Calculation Amount/specify other/see Appendix]
- (iv) Notice period (if other than as set out in the Conditions):
- (N.B. If setting notice periods which are different to those provided in the Conditions, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example, clearing systems and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Issuing and Paying Agent.)*
23. Redemption in the case of Minimal Outstanding Amount: [Applicable/Not Applicable]
24. Final Redemption Amount: per Calculation Amount/specify other/see Appendix]]

25. Early Redemption Amount payable on redemption for taxation reasons or on event of default and/or the method of calculating the same (if required or if different from that set out in Condition 7.6): per Calculation Amount/specify other/see Appendix]]

GENERAL PROVISIONS APPLICABLE TO THE NOTES

26. Form of Notes: [Bearer Notes:
- [Temporary Global Note exchangeable for a Permanent Global Note which is exchangeable for Definitive Notes [on 60 days' notice given at any time/only upon an Exchange Event]*]
- [Temporary Global Note exchangeable for Definitive Notes on and after the Exchange Date]
- [Permanent Global Note exchangeable for Definitive Notes [on 60 days' notice given at any time/only upon an Exchange Event]*]

* *(Ensure that this is consistent with the wording in the "Form of the Instruments" section in the Offering Circular and the Notes themselves. N.B. The exchange upon notice option should not be expressed to be applicable if the Specified Denomination of the Notes in subparagraph 6(i) includes language substantially to the following effect: "€100,000 and integral multiples of €1,000 in excess thereof up to and including €199,000." Furthermore, such Specified Denomination construction is not permitted in relation to any issue of Notes which is to be represented on issue by a Temporary Global Note exchangeable for Definitive Notes.)*

[Registered Notes:

[Regulation S/Rule 144A] [Registered Global Certificate (U.S.\$ nominal amount) [registered in the name of a nominee for a common depository for Euroclear and Clearstream /a nominee for DTC/held through the CMU Service]]

27. Additional Financial Centre(s) or other special provisions relating to Payment Dates: [Not Applicable/give details]
- (Note that this paragraph relates to the place of payment and not Interest Period end dates to which subparagraphs 17(iii) and 19(vii) relate)*

28. Talons for future Coupons or Receipts to be attached to Definitive Notes (and dates on which such Talons mature): [Yes/No. If yes, *give details*]
29. Details relating to Partly Paid Notes: amount of each payment comprising the Issue Price and date on which each payment is to be made and consequences of failure to pay, including any right of the Issuer to forfeit the Notes and interest due on late payment: [Not Applicable/*give details*. **NB: new forms of Global Note may be required for Partly Paid issues.**]
30. Details relating to Instalment Notes:
- (i) Instalment Amount(s): [Not Applicable/*give details*]
- (ii) Instalment Date(s): [Not Applicable/*give details*]
31. Relevant Benchmark[s]: [[*specify benchmark*] is provided by [*administrator legal name*]]. As at the date hereof, [[*administrator legal name*] *appears*]/[*does not appear*] in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (Register of administrators and benchmarks) of the Benchmark Regulation]/[As far as the Issuer is aware, as at the date hereof, [*specify benchmark*] does not fall within the scope of the Benchmark Regulation]/[Not Applicable]
32. Other terms or special conditions⁷: [Not Applicable/*give details*]

DISTRIBUTION

33. (i) If syndicated, names of Managers: [Not Applicable/*give names*]
- (ii) Stabilisation Manager(s) (if any): [Not Applicable/*give name*]
34. If non-syndicated, name of relevant Dealer: [Not Applicable/*give name*]
35. U.S. Selling Restrictions: [Regulation S Category [1/2]/Rule 144A/TEFRA C/TEFRA D/TEFRA not applicable]
36. Prohibition of Sales to EEA and UK Retail Investors [Not Applicable/Applicable]
37. Additional selling restrictions: [Not Applicable/*give details*]

⁷ Add specific conditions regarding private bank rebate or commissions.

FORM OF PRICING SUPPLEMENT OF THE SECURITIES

The form of Pricing Supplement that will be issued in respect of each Tranche, subject only to the deletion of non-applicable provisions, is set out below:

[PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS – The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”) or in the United Kingdom (the “**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (“**MiFID II**”); (ii) a customer within the meaning of Directive (EU) 2016/97 (“**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the “**Prospectus Regulation**”). Consequently, no key information document required by Regulation (EU) No 1286/2014 (the “**PRIIPs Regulation**”) for offering or selling the Securities or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.]

[MiFID II product governance/Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Securities has led to the conclusion that: (i) the target market for the Securities is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, “**MiFID II**”)] [MiFID II]; and (ii) all channels for distribution of the Securities to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Securities (a “**distributor**”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]⁸

[Singapore Securities and Futures Act Product Classification – Solely for the purposes of its obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore (the “**SFA**”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A of the SFA) that the Securities are “prescribed capital markets products” (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and “Excluded Investment Products” (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]

[This document is for distribution to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**HKSE**”) and in the Securities and Futures Ordinance (Cap. 571) of Hong Kong) (together, “**Professional Investors**”) only. **Investors should not purchase the Securities in the primary or secondary markets unless they are Professional Investors and understand the risks involved. The Securities are only suitable for Professional Investors.**

⁸ Only to be included if one or more of the parties is deemed to be a MiFID manufacturer.

Notice to Hong Kong investors: The Issuer confirms that the Securities are intended for purchase by professional investors only (as defined in the Securities and Futures Ordinance (Cap 571) and Rules made thereunder) and will be listed on the HKSE on that basis. Accordingly, the Issuer confirms that the Securities are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

The HKSE has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only have been reproduced in this document. Listing of the Programme and Securities on the HKSE is not to be taken as an indication of the commercial merits or credit quality of the Programme, Securities or the Issuer or quality of disclosure in this document. Hong Kong Exchanges and Clearing Limited and the HKSE take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

This document, together with the Offering Circular, include particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Issuer. The Issuer accepts full responsibility for the accuracy of the information contained in this document and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement herein misleading.]

[Date]

Far East Horizon Limited

**Issue of [Aggregate Nominal Amount of Tranche] [Title of Securities]
under its U.S.\$4,000,000,000
Medium Term Note and Perpetual Securities Programme**

This document constitutes the Pricing Supplement relating to the issue of Securities described herein.

Terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions (the “**Conditions**”) of the Securities set forth in the Offering Circular dated [●] 2020. This Pricing Supplement contains the final terms of the Securities and must be read in conjunction with such Offering Circular. Full information on the Issuer and the offer of the Securities is only available on the basis of the combination of this Pricing Supplement and the Offering Circular.

[The following alternative language applies if the first tranche of an issue which is being increased was issued under an Offering Circular with an earlier date.

Terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions (the “**Conditions**”) set forth in the Trust Deed in relation to the Securities dated [original date] (the “**Securities Trust Deed**”). This Pricing Supplement contains the final terms of the Securities and must be read in conjunction with the Securities Trust Deed and the Offering Circular dated [current date], save in respect of the Conditions which are extracted from the Securities Trust Deed dated [original date] and are attached hereto.]

[Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or subparagraphs. Italics denote directions for completing the Pricing Supplement.]

1. Issuer: Far East Horizon Limited
2. [(i)] Series Number: [●]
 [(ii)] Tranche Number: [●] *(If fungible with an existing Series, details of that that Series, including the date on which the Securities become fungible).*
3. Specified Currency or Currencies: [●]
4. Aggregate Nominal Amount:
 [(i)] Series: [●]
 [(ii)] Tranche: [●]
5. [(i)] Issue Price: [●] per cent. of the Aggregate Nominal Amount [plus accrued interest from *[insert date]* (if applicable)]
 [(ii)] Net proceeds: [●] *(Required only for listed issues)*
 [(iii)] Use of Proceeds: [●] *(give details if different from the “Use of Proceeds” section in the Offering Circular)*
6. (i) Specified Denominations: [●]
 (ii) Calculation Amount: [●]
(If there is only one Specified Denomination, insert the Specified Denomination.

If there is more than one Specified Denomination, insert the highest common factor. Note: There must be a common factor in the case of two or more Specified Denominations.)
7. (i) Issue Date: [●]
 (ii) Distribution Commencement Date: *[specify/Issue Date]*

GENERAL INFORMATION

- (1) Application has been made to the HKSE for the listing of the Programme during the 12-month period from the date of this Offering Circular on the HKSE, under which Instruments may be issued by way of debt issues to Professional Investors only. The issue price of Instruments listed on the HKSE will be expressed as a percentage of their nominal amount. Transactions will normally be effected for settlement in the relevant specified currency and for delivery by the end of the second trading day after the date of the transaction. It is expected that dealings will, if permission is granted to deal in and for the listing of such Instruments, commence on or about the date of listing of the relevant Instruments. Instruments listed on the HKSE will be traded on the HKSE in a board lot size of at least HK\$500,000 (or its equivalent in other currencies).
- (2) The Issuer has obtained all necessary consents, approvals and authorisations in Hong Kong in connection with the establishment and update of the Programme. The establishment of the Programme was authorised by resolutions of the Board of Directors of the Issuer passed on 30 March 2012. The update of the Programme was authorised by written resolutions of the Board of Directors of the Issuer passed on 26 August 2020.
- (3) Where applicable for a relevant Tranche of Instruments, the Instruments will be issued within the quota granted pursuant to the NDRC Circular and other applicable implementation rules, regulations, certificates, circulars, notices or policies thereof as issued by the NDRC from time to time. After the issuance of such relevant Tranche of Instruments, the Issuer intends to provide the requisite information on the issuance of such Instruments to the NDRC within the time period as required by the NDRC.
- (4) There has been no material adverse change in the financial or trading position of the Issuer or of the Group since 30 June 2020.
- (5) None of the Issuer or the Group is involved in any litigation, arbitration or administrative proceedings relating to claims which are material in the context of the issue of the Instruments and, so far as the Issuer or any member of the Group is aware, no such litigation, arbitration or administrative proceedings are pending or threatened.
- (6) Each Bearer Note having a maturity of more than one year, Receipt, Coupon and Talon will bear the following legend: “Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code”.
- (7) Instruments have been accepted for clearance through the Euroclear and Clearstream systems. The legal entity identifier code of the Issuer is 549300S9XRG01ZPUHE62. The Issuer may also apply to have Instruments accepted for clearance through the CMU. The relevant CMU instrument number will be set out in the relevant Pricing Supplement. In addition, the Issuer may make an application for Registered Instruments to be accepted for trading in book-entry form by DTC. The relevant ISIN, the Common Code, CUSIP, and (where applicable) the identification number for any other relevant clearing system for each Series of Instruments will be specified in the applicable Pricing Supplement. If the Instruments are to clear through an additional or alternative clearing system, the appropriate information will be set out in the relevant Pricing Supplement.

- (8) For so long as Instruments may be issued pursuant to this Offering Circular, copies of the following documents will, when published, be available during usual business hours on any weekday (Saturdays and public holidays excepted), for inspection at the head office of the Issuer at Unit 6608, 66/F, International Commerce Centre, 1 Austin Road West, Kowloon, Hong Kong and at the specified office of the Paying Agents:
- (i) the Notes Trust Deed (which includes the form of the Global Notes, the definitive Bearer Notes, the Certificates, the Coupons, the Receipts and the Talons);
 - (ii) the Securities Trust Deed (which includes the form of the Certificates);
 - (iii) the Agency Agreement;
 - (iv) the Articles of Association of the Issuer;
 - (v) the published annual report of the Group and audited consolidated accounts of the Group for the years ended 31 December 2018 and 2019 (the Issuer currently prepares consolidated audited accounts on an annual basis) and the published interim report of the Group and unaudited but reviewed consolidated accounts of the Group for the six months ended 30 June 2020; and
 - (vi) a copy of this Offering Circular, together with any supplement (including any Pricing Supplement save that a Pricing Supplement relating to an unlisted Series of Instruments will only be available for inspection by a holder of any such Instruments and such holder must produce evidence satisfactory to the Issuer and the relevant Paying Agent as to its holding of Instruments and identity) to this Offering Circular or further Offering Circular.

Copies of the documents referred to in subparagraphs (i) to (vi) above will also be available free of charge during the hours referred to above at the following address of The Hongkong and Shanghai Banking Corporation Limited: Level 24, HSBC Main Building, 1 Queen's Road Central, Hong Kong, so long as any of the Instruments is outstanding.

- (9) Ernst & Young have given and not withdrawn their written consent to the inclusion in this Offering Circular of their reports in relation to the Group in the form and context in which they are included.

To the members of Far East Horizon Limited
(Incorporated in Hong Kong with limited liability)

Opinion

We have audited the consolidated financial statements of Far East Horizon Limited (the "Company") and its subsidiaries (the "Group") set out on pages 132 to 297, which comprise the consolidated statement of financial position as at 31 December 2018, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2018, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Independent Auditor's Report

Key audit matter	How our audit addressed the key audit matter
<i>Impairment assessment of loans and accounts receivable under HKFRS 9</i>	
<p>The Group's loans and accounts receivable consisted of lease receivables, interest receivables, notes receivable, accounts receivable, factoring receivables, entrusted loans, long-term receivables and secured loans, and accounted for 83.0% of the Group's total assets. The assessment of impairment of such loans and accounts receivable was considered to be a matter of most significance as it required the application of judgement and use of subjective assumptions by management.</p> <p>HKFRS 9, the new accounting standards on financial instruments, has been adopted by the Group on January 1, 2018. HKFRS 9 requires that the measurement of impairment of financial assets be changed from the "incurred loss" model to the "expected credit loss" ("ECL") model. In order to measure impairment of loans and accounts receivable under HKFRS 9, management should use judgement, assumptions and estimation techniques in aspects such as judging significant increases in credit risk, estimating the parameters for measuring ECL and determining the forward-looking adjustments.</p> <p>The accounting policies, the impact of change resulting from initial adoption of HKFRS 9, disclosures of the allowance for impairment of loans and receivables and the related credit risk are included in note 2.4, note 2.2(b), note 3, note 23 and note 49 to the consolidated financial statements.</p>	<p>We evaluated and tested the effectiveness of the design and implementation of key controls relating to approval, post approval monitoring, the credit grading management, and loan impairment assessment including the transition to ECL on adoption of HKFRS 9. We adopted a risk-based sampling approach in our tests of the allowances for impairment of loans and receivables.</p> <p>We selected samples of performing loans considering size, risk factors, industry trends for our tests on the reasonableness of loan grading and measurement of impairment.</p> <p>We evaluated and tested the important parameters of the expected credit loss model, management's major judgements and related assumptions, mainly focusing on the following aspects:</p> <ul style="list-style-type: none"> • Assessing the rationality of the expected credit loss model methodology and related parameters, including default probability, default loss rate, risk exposure, and significant increase in credit risk; • Assessing the management's consideration of forward-looking adjustment information when determining expected credit losses, including the use of macroeconomic information, the judgement of adjustments, and the reasonableness of reviews. <p>We also assessed the adequacy of the Group's disclosure of the allowance for impairment of loans and receivables and the related credit risk in note 2.2(b), note 2.4, note 3, note 23 and note 49 to the consolidated financial statements.</p>
<i>Impairment assessment of goodwill</i>	
<p>As at 31 December 2018, goodwill amounted to RMB1,717 million, representing 4.4% of net assets. The goodwill arose from the Group's acquisition of companies in recent years. The annual impairment assessment on such goodwill was complex and involved the use of various significant assumptions and estimates in respect of future profitability and discount rates, and others.</p> <p>The accounting policies and disclosures of the impairment assessment of goodwill are included in note 2.4, note 3 and note 15 to the consolidated financial statements.</p>	<p>Our audit procedures included, amongst others, assessing and testing the assumptions, methodologies, and data used by the Group in performing the impairment assessment of goodwill. We involved our valuation specialists in performing these procedures. We specifically focused on assessing the reasonableness of the forecasted future profitability and discount rates used. We also assessed the historical accuracy of the management's forecasts.</p> <p>We also assessed the adequacy of the Group's disclosures included in note 15 to the consolidated financial statements about the key assumptions.</p>

Independent Auditor's Report

Other information included in the Annual Report

The directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the consolidated financial statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Independent Auditor's Report

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditor's Report

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Ng Chi Keung.

CASH AND CASH EQUIVALENTS AT END OF YEAR		5,269,392	2,815,544

Notes to Financial Statements

31 December 2018

1. CORPORATE AND GROUP INFORMATION

Far East Horizon Limited (the “Company”) is a limited liability company which was incorporated in Hong Kong on 15 May 2008. Pursuant to the special resolutions dated 15 October 2008 and 29 November 2010, respectively, the Company changed its name from Fully Ascent Limited to Far Eastern Hong Xin Co., Limited and then to Far East Horizon Limited. The registered office of the Company is located at Suite 6305, 63/F Central Plaza, 18 Harbour Road, Wanchai, Hong Kong.

The Group is principally engaged in the provision of finance to its customers by a wide array of assets under finance lease arrangements, operating lease arrangements, entrusted loan arrangements, factoring, the provision of advisory services, equipment operation business, industrial operation business and other services as approved by the Ministry of Commerce (the “MOFCOM”) of the People’s Republic of China (the “PRC”).

2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for derivative financial instruments and equity investments which have been measured at fair value. These financial statements are presented in Renminbi (“RMB”) and all values are rounded to the nearest thousand (“RMB’000”) except when otherwise indicated.

Through a group reorganisation (the “Reorganisation”) as set out in the section headed “Our History and Reorganisation” in the Prospectus dated 18 March 2011 for the public listing of the Company’s shares on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”), the Company became the holding company of the companies comprising the Group on 13 March 2009. The Company was listed on the Stock Exchange on 30 March 2011.

Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries (collectively referred to as the “Group”) for the year ended 31 December 2018. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group’s voting rights and potential voting rights.

Notes to Financial Statements

31 December 2018

2.1 BASIS OF PREPARATION (continued)

Basis of consolidation (continued)

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the ordinary shareholders of the parent of the Group, the non-controlling interests and holders of perpetual securities even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following new and revised HKFRSs for the first time for the current year's financial statements.

Amendments to HKFRS 2	<i>Classification and Measurement of Share-based Payment Transactions</i>
Amendments to HKFRS 4	<i>Applying HKFRS 9 Financial Instruments with HKFRS 4 Insurance Contracts</i>
HKFRS 9	<i>Financial Instruments</i>
HKFRS 15	<i>Revenue from Contracts with Customers</i>
Amendments to HKFRS 15	<i>Clarifications to HKFRS 15 Revenue from Contracts with Customers</i>
Amendments to HKAS 40	<i>Transfers of Investment Property</i>
HK(IFRIC)-Int 22	<i>Foreign Currency Transactions and Advance Consideration</i>
<i>Annual Improvements</i> 2014-2016 Cycle	Amendments to HKFRS 1 and HKAS 28

Notes to Financial Statements

31 December 2018

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

Except for the amendments to HKFRS 4, amendments to HKAS 40 and Annual Improvements 2014-2016 Cycle, which are not relevant to the preparation of the Group's financial statements, the nature and the impact of the new and revised HKFRSs amendments are described below:

- (a) Amendments to HKFRS 2 address three main areas: the effects of vesting conditions on the measurement of a cash-settled share-based payment transaction; the classification of a share-based payment transaction with net settlement features for withholding a certain amount in order to meet an employee's tax obligation associated with the share-based payment; and accounting where a modification to the terms and conditions of a share-based payment transaction changes its classification from cash-settled to equity-settled. The amendments clarify that the approach used to account for vesting conditions when measuring equity-settled share-based payments also applies to cash-settled share-based payments. The amendments introduce an exception so that a share-based payment transaction with net share settlement features for withholding a certain amount in order to meet the employee's tax obligation is classified in its entirety as an equity-settled share-based payment transaction when certain conditions are met. Furthermore, the amendments clarify that if the terms and conditions of a cash-settled share-based payment transaction are modified, with the result that it becomes an equity-settled share-based payment transaction, the transaction is accounted for as an equity-settled transaction from the date of the modification. The amendments have had no impact on the financial position or performance of the Group as the Group does not have any cash-settled share-based payment transactions and has no share-based payment transactions with net settlement features for withholding tax.
- (b) HKFRS 9 Financial Instruments replaces HKAS 39 Financial Instruments: Recognition and Measurement for annual periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement, impairment and hedge accounting.

With the exception of hedge accounting, which the Group has applied prospectively, the Group has recognised the transition adjustments against the applicable opening balances in equity at 1 January 2018. Therefore, the comparative information was not restated and continues to be reported under HKAS 39.

Classification and measurement

The following information sets out the impacts of adopting HKFRS 9 on the statement of financial position, including the effect of replacing HKAS 39's incurred credit loss calculations with HKFRS 9's expected credit losses ("ECLs").

Notes: L&R Loans and receivables

AFS Available-for-sale instruments

AC Financial assets or financial liabilities at amortised cost

FVPL Financial assets at fair value through profit or loss

Notes:

- (i) HKFRS 9 expected credit losses have decreased net assets by RMB163,425,000 principally comprising of RMB190,532,000 reduction in the carrying value of assets classified as "loans and accounts receivables", RMB1,133,000 reduction in the carrying value of assets classified as "financial assets included in prepayments, other receivables and other assets", RMB26,235,000 increase in "Provisions" under "Other liabilities" relating to expected credit losses on credit commitments and RMB54,475,000 increase in "deferred tax assets".
- (ii) RMB103,555,000 of available-for-sale equity investments as they were not designated as equity instruments at fair value through other comprehensive income and RMB1,569,887,000 of available-for-sale unlisted debt investment as these debt investments did not pass the contractual cash flow characteristics test in HKFRS 9 have been reclassified as "Financial assets at fair value through profit or loss" in accordance with HKFRS 9.
- (iii) These derivative financial instruments are hedging instruments designated in cash flow hedges.

Notes to Financial Statements

31 December 2018

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

(b) (continued)

Impairment

The following table reconciles the aggregate opening impairment allowances under HKAS 39 to the ECL allowances under HKFRS 9. Further details are disclosed in notes 23, 24 and 31 to the financial statements.

Measurement category	Impairment allowances under HKAS 39 at 31 December 2017		ECLs under HKFRS 9 at 1 January 2018
	2017	Re-measurement	
Financial assets at amortised cost	RMB'000	RMB'000	RMB'000
Loans and accounts receivables	4,105,236	190,532	4,295,768
Financial assets included in prepayments, other receivables and other assets	34,071	1,133	35,204
Total	4,139,307	191,665	4,330,972

Measurement Category	Impairment allowances under HKAS 37 at 31 December 2017		ECLs under HKFRS 9 at 1 January 2018
	2017	Re-measurement	
Credit commitments	RMB'000	RMB'000	RMB'000
Provisions (credit commitments)	–	26,235	26,235
Total	–	26,235	26,235

The pre-tax net asset impact of additional impairment allowances on adoption of HKFRS 9 was RMB217,900,000; RMB191,665,000 in respect of financial assets at amortised cost and RMB26,235,000 related to credit commitments. Total expected credit loss allowance at 1 January 2018 was RMB4,330,972,000 in respect of financial assets at amortised cost and RMB26,235,000 related to credit commitments.

Notes to Financial Statements

31 December 2018

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

(b) (continued)

Impact on retained profits

The impact of transition to HKFRS 9 on retained profits is as follows:

	Retained profits RMB'000
Retained profits	
Balance as at 31 December 2017 under HKAS 39	12,573,481
Recognition of ECLs for loans and accounts receivables under HKFRS 9	(190,532)
Recognition of ECLs for financial assets included in prepayments, other receivables and other assets under HKFRS 9	(1,133)
Recognition of ECLs for credit commitments under HKFRS 9	(26,235)
Deferred tax in relation to the above	54,475
Balance as at 1 January 2018 under HKFRS 9	12,410,056

- (c) HKFRS 15 and its amendments replace HKAS 11 Construction Contracts, HKAS 18 Revenue and related interpretations and it applies, with limited exceptions, to all revenue arising from contracts with customers. HKFRS 15 establishes a new five-step model to account for revenue arising from contracts with customers. Under HKFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The principles in HKFRS 15 provide a more structured approach for measuring and recognising revenue. The standard also introduces extensive qualitative and quantitative disclosure requirements, including disaggregation of total revenue, information about performance obligations, changes in contract asset and liability account balances between periods and key judgements and estimates. The disclosures are included in notes 5 to the financial statements. As a result of the application of HKFRS 15, the Group has changed the accounting policy with respect to revenue recognition in note 2.4 to the financial statements.

The Group has adopted HKFRS 15 using the modified retrospective method of adoption. Under this method, the standard can be applied either to all contracts at the date of initial application or only to contracts that are not completed at this date. The Group has elected to apply the standard to contracts that are not completed as at 1 January 2018.

There was no cumulative effect of the initial application of HKFRS 15 to be recognised as an adjustment to the opening balance of retained profits as at 1 January 2018 and the comparative information was not restated and continues to be reported under HKAS 11, HKAS 18 and related interpretations.

Notes to Financial Statements

31 December 2018

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

(c) (continued)

Set out below are the amounts by which each financial statement line item was affected as at 1 January 2018 as a result of the adoption of HKFRS 15:

	Notes	Increase/ (decrease) RMB'000
Assets		
Construction contracts	(i)	(44,170)
Contract assets	(i)	44,170
Total assets		–

Set out below are the amounts by which each financial statement line item was affected as at 31 December 2018 as a result of the adoption of HKFRS 15. The adoption of HKFRS 15 has had no impact on the consolidated statement of profit or loss or on the comprehensive income or on the Group's operating, investing and financing cash flows. The first column shows the amounts recorded under HKFRS 15 and the second column shows what the amounts would have been had HKFRS 15 not been adopted:

Consolidated statement of financial position as at 31 December 2018:

	Notes	Amounts prepared under		Increase/ (decrease) RMB'000
		HKFRS 15 RMB'000	Previous HKFRS RMB'000	
Construction contracts	(i)	–	27,168	(27,168)
Contract assets	(i)	27,168	–	27,168
Total assets		27,168	27,168	–

The nature of the adjustments as at 1 January 2018 and the reasons for the significant changes in the statement of financial position as at 31 December 2018 are described below:

(i) Construction services

Before the adoption of HKFRS 15, contract costs were recognised as an asset provided it was probable that they would be recovered. Such costs represented an amount due from the customers and were recorded as construction contracts in the statement of financial position before the construction services were billed to customers. Upon the adoption of HKFRS 15, a contract asset is recognised when the Group performs by transferring goods or services to customers and the Group's right to consideration is conditional. Accordingly, the Group reclassified RMB44,170,000 from construction contracts to contract assets as at 1 January 2018.

As at 31 December 2018, the adoption of HKFRS 15 resulted in a decrease in construction contracts of RMB27,168,000 and an increase in contract assets of RMB27,168,000.

Notes to Financial Statements

31 December 2018

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

- (d) HK(IFRIC)-Int 22 provides guidance on how to determine the date of the transaction when applying HKAS 21 to the situation where an entity receives or pays advance consideration in a foreign currency and recognises a non-monetary asset or liability. The interpretation clarifies that the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it) is the date on which an entity initially recognises the non-monetary asset (such as a prepayment) or non-monetary liability (such as deferred income) arising from the payment or receipt of the advance consideration. If there are multiple payments or receipts in advance of recognising the related item, the entity must determine the transaction date for each payment or receipt of the advance consideration. The interpretation has had no impact on the Group's financial statements as the Group's accounting policy for the determination of the exchange rate applied for initial recognition of non-monetary assets or non-monetary liabilities is consistent with the guidance provided in the interpretation.

2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and revised HKFRSs that have been issued but are not yet effective, in these financial statements.

Amendments to HKFRS 3	<i>Definition of a Business</i> ²
Amendments to HKFRS 9	<i>Prepayment Features with Negative Compensation</i> ¹
Amendments to HKFRS 10 and HKAS 28 (2011)	<i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i> ⁴
HKFRS 16	<i>Leases</i> ¹
HKFRS 17	<i>Insurance Contracts</i> ³
Amendments to HKAS 1 and HKAS 8	<i>Definition of Material</i> ²
Amendments to HKAS 19	<i>Plan Amendment, Curtailment or Settlement</i> ¹
Amendments to HKAS 28	<i>Long-term Interests in Associates and Joint Ventures</i> ¹
HK(IFRIC)-Int 23	<i>Uncertainty over Income Tax Treatments</i> ¹
<i>Annual Improvements 2015-2017 Cycle</i>	<i>Amendments to HKFRS 3, HKFRS 11, HKAS 12 and HKAS 23</i> ¹

¹ Effective for annual periods beginning on or after 1 January 2019

² Effective for annual periods beginning on or after 1 January 2020

³ Effective for annual periods beginning on or after 1 January 2021

⁴ No mandatory effective date yet determined but available for adoption

Notes to Financial Statements

31 December 2018

2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

Further information about those HKFRSs that are expected to be applicable to the Group is described below.

Amendments to HKFRS 3 clarify and provide additional guidance on the definition of a business. The amendments clarify that for an integrated set of activities and assets to be considered a business, it must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create output. A business can exist without including all of the inputs and processes needed to create outputs. The amendments remove the assessment of whether market participants are capable of acquiring the business and continue to produce outputs. Instead, the focus is on whether acquired inputs and acquired substantive processes together significantly contribute to the ability to create outputs. The amendments have also narrowed the definition of outputs to focus on goods or services provided to customers, investment income or other income from ordinary activities. Furthermore, the amendments provide guidance to assess whether an acquired process is substantive and introduce an optional fair value concentration test to permit a simplified assessment of whether an acquired set of activities and assets is not a business. The Group expects to adopt the amendments prospectively from 1 January 2020.

Amendments to HKFRS 10 and HKAS 28 (2011) address an inconsistency between the requirements in HKFRS 10 and in HKAS 28 (2011) in dealing with the sale or contribution of assets between an investor and its associate or joint venture. The amendments require a full recognition of a gain or loss when the sale or contribution of assets between an investor and its associate or joint venture constitutes a business. For a transaction involving assets that do not constitute a business, a gain or loss resulting from the transaction is recognised in the investor's profit or loss only to the extent of the unrelated investor's interest in that associate or joint venture. The amendments are to be applied prospectively. The previous mandatory effective date of amendments to HKFRS 10 and HKAS 28 (2011) was removed by the HKICPA in January 2016 and a new mandatory effective date will be determined after the completion of a broader review of accounting for associates and joint ventures. However, the amendments are available for adoption now.

HKFRS 16 replaces HKAS 17 Leases, HK(IFRIC)-Int 4 Determining *whether an Arrangement contains a Lease*, HK(SIC)-Int 15 Operating Leases – Incentives and HK(SIC)-Int 27 *Evaluating the Substance of Transactions Involving the Legal Form of a Lease*. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise assets and liabilities for most leases. The standard includes two elective recognition exemptions for lessees – leases of low-value assets and short-term leases. At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). The right-of-use asset is subsequently measured at cost less accumulated depreciation and any impairment losses unless the right-of-use asset meets the definition of investment property in HKAS 40, or relates to a class of property, plant and equipment to which the revaluation model is applied. The lease liability is subsequently increased to reflect the interest on the lease liability and reduced for the lease payments. Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset. Lessees will also be required to remeasure the lease liability upon the occurrence of certain events, such as change in the lease term and change in future lease payments resulting from a change in an index or rate used to determine those payments. Lessees will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset. Lessor accounting under HKFRS 16 is substantially unchanged from the accounting under HKAS 17. Lessors will continue to classify all leases using the same classification principle as in HKAS 17 and distinguish between operating leases and finance leases. HKFRS 16 requires lessees and lessors to make more extensive disclosures than under HKAS 17. Lessees can choose to apply the standard using either a full retrospective or a modified retrospective approach. The Group will adopt HKFRS 16 from 1 January 2019. The Group plans to adopt the transitional provisions in HKFRS 16 to recognise the cumulative effect of initial adoption as an adjustment to the opening balance of retained earnings at 1 January 2019 and will not restate the comparatives. In addition, the Group plans to apply the new requirements to contracts that were previously identified as leases applying HKAS 17 and measure the lease liability at the present value of the remaining lease payments, discounted using the Group's incremental borrowing rate at the date of initial application. The right-of-use asset will be measured at the amount of the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to the lease recognised in the statement of financial position immediately before the date of initial application. The Group plans to use the exemptions allowed by the standard on lease contracts whose lease terms end within 12 months as of the date of initial application. During 2018, the Group has performed a detailed assessment on the impact of adoption of HKFRS 16. As a result, the total assets and the total liabilities in the consolidated statement of financial position as at 1 January 2019 are both increased by less than 0.5%, mainly arising from the effect of right-of-use assets and lease liabilities, and there is no significant impact on total equity in the consolidated statement of financial position as at 1 January 2019.

Notes to Financial Statements

31 December 2018

2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

Amendments to HKAS 1 and HKAS 8 provide a new definition of material. The new definition states that information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. The amendments clarify that materiality will depend on the nature or magnitude of information. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users. The Group expects to adopt the amendments prospectively from 1 January 2020. The amendments are not expected to have any significant impact on the Group's financial statements.

Amendments to HKAS 28 clarify that the scope exclusion of HKFRS 9 only includes interests in an associate or joint venture to which the equity method is applied and does not include long-term interests that in substance form part of the net investment in the associate or joint venture, to which the equity method has not been applied. Therefore, an entity applies HKFRS 9, rather than HKAS 28, including the impairment requirements under HKFRS 9, in accounting for such long-term interests. HKAS 28 is then applied to the net investment, which includes the long-term interests, only in the context of recognising losses of an associate or joint venture and impairment of the net investment in the associate or joint venture. The Group expects to adopt the amendments on 1 January 2019 and will assess its business model for such long-term interests based on the facts and circumstances that exist on 1 January 2019 using the transitional requirements in the amendments. The Group also intends to apply the relief from restating comparative information for prior periods upon adoption of the amendments.

HK(IFRIC)-Int 23 addresses the accounting for income taxes (current and deferred) when tax treatments involve uncertainty that affects the application of HKAS 12 (often referred to as "uncertain tax positions"). The interpretation does not apply to taxes or levies outside the scope of HKAS 12, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments. The interpretation specifically addresses (i) whether an entity considers uncertain tax treatments separately; (ii) the assumptions an entity makes about the examination of tax treatments by taxation authorities; (iii) how an entity determines taxable profits or tax losses, tax bases, unused tax losses, unused tax credits and tax rates; and (iv) how an entity considers changes in facts and circumstances. The interpretation is to be applied retrospectively, either fully retrospectively without the use of hindsight or retrospectively with the cumulative effect of application as an adjustment to the opening equity at the date of initial application, without the restatement of comparative information. The Group expects to adopt the interpretation from 1 January 2019. The interpretation is not expected to have any significant impact on the Group's financial statements.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments in associates and joint ventures

An associate is an entity in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

The Group's investments in associates and joint ventures are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses. Adjustments are made to bring into line any dissimilar accounting policies that may exist.

The Group's share of the post-acquisition results and other comprehensive income of associates is included in the consolidated statement of profit or loss and consolidated other comprehensive income, respectively. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associates or joint ventures are eliminated to the extent of the Group's investments in the associates, except where unrealised losses provide evidence of an impairment of the asset transferred. Goodwill arising from the acquisition of associates or joint ventures is included as part of the Group's investments in associates or joint ventures.

When an investment in an associate or a joint venture is classified as held for sale, it is accounted for in accordance with HKFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*.

Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts of the acquiree.

If the business combination is achieved in stages, the previously held equity interest is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Business combinations and goodwill (continued)

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability is measured at fair value with changes in fair value recognised in profit or loss. Contingent consideration that is classified as equity is not remeasured and subsequent settlement is accounted for within equity.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports in its financial statements provisional amounts for the items for which the accounting is incomplete. During the measurement period, the Group retrospectively adjusts the provisional amounts recognised at the acquisition date to reflect new information obtained about facts and circumstances that existed as of the acquisition date and, if known, would have affected the measurement of the amounts recognised as of that date. During the measurement period, the Group also recognises additional assets or liabilities if new information is obtained about facts and circumstances that existed as of the acquisition date and, if known, would have resulted in the recognition of those assets and liabilities as of that date. The measurement period ends as soon as the Group receives the information it was seeking about facts and circumstances that existed as of the acquisition date or learns that more information is not obtainable. However, the measurement period shall not exceed one year from the acquisition date.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable net assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill at the end of each reporting period. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Where goodwill has been allocated to a cash-generating unit (group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on the disposal. Goodwill disposed of in these circumstances is measured based on the relative value of the operation disposed of and the portion of the cash-generating unit retained.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair value measurement

The Group measures its derivative financial instruments at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – based on quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly

Level 3 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories, construction contract assets and financial assets), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the statement of profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the statement of profit or loss in the period in which it arises, unless the asset is carried at a revalued amount, in which case the reversal of the impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

Related parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Related parties (continued)

- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Group are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the Group are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third party;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Property, plant and equipment and depreciation

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses. When an item of property, plant and equipment is classified as held for sale or when it is part of a disposal group classified as held for sale, it is not depreciated and is accounted for in accordance with HKFRS 5. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the statement of profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property, plant and equipment and depreciation (continued)

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Category	Annual depreciation rate
Leasehold improvements	Shorter of the remaining period of the lease and the useful life of the assets
Buildings	1.90-19.40%
Equipment, tools and moulds	5.00-33.33%
Office equipment and computers	9.50-33.33%
Motor vehicles	9.00-32.33%
Vessels	3.20-7.90%
Others	10.00-50.00%

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in the statement of profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Construction in progress is stated at cost less any impairment losses, and is not depreciated. Cost comprises the direct costs of construction and capitalised borrowing costs on related borrowed funds during the period of construction. Construction in progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

Intangible assets (other than goodwill)

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value as at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether the indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is accounted for on a prospective basis.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Leases

Leases that transfer substantially all the rewards and risks of ownership of assets to the Group, other than legal title, are accounted for as finance leases. At the inception of a finance lease, the cost of the leased asset is capitalised at the present value of the minimum lease payments and recorded together with the obligation, excluding the interest element, to reflect the purchase and financing. Assets held under capitalised finance leases, including prepaid land lease payments under finance leases, are included in property, plant and equipment, and depreciated over the shorter of the lease terms and the estimated useful lives of the assets. The finance costs of such leases are charged to the statement of profit or loss so as to provide a constant periodic rate of charge over the lease terms.

Assets acquired through hire purchase contracts of a financing nature are accounted for as finance leases, but are depreciated over their estimated useful lives.

When the Group is a lessor under finance leases, an amount representing the minimum lease payment receivables and initial direct costs is included in the statement of financial position as loans and accounts receivables. Any unguaranteed residual value is also recognised at the inception of the lease. The difference between the sum of the minimum lease payment receivables, initial direct costs, the unguaranteed residual value and their present value is recognised as unearned finance income. Unearned finance income is recognised over the period of the lease using the effective interest rate method.

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Where the Group is the lessor, assets leased by the Group under operating leases are included in non-current assets, and rentals receivable under the operating leases are credited to the statement of profit or loss on the straight-line basis over the lease terms. Where the Group is the lessee, rentals payable under operating leases net of any incentives received from the lessor are charged to the statement of profit or loss on the straight-line basis over the lease terms.

Prepaid land lease payments under operating leases are initially stated at cost and subsequently recognised on the straight-line basis over the lease terms.

When the lease payments cannot be allocated reliably between the land and buildings elements, the entire lease payments are included in the cost of the land and buildings as a finance lease in property, plant and equipment.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and other financial assets (policies under HKFRS 9 applicable from 1 January 2018)

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financing component, the Group initially measures a financial asset at its fair value, plus in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under HKFRS 15 in accordance with the policies set out for "Revenue recognition (applicable from 1 January 2018)" below.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

Financial assets at amortised cost (debt instruments)

The Group measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows.
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in the statement of profit or loss when the asset is derecognised, modified or impaired.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and other financial assets (policies under HKFRS 9 applicable from 1 January 2018) (continued)

Subsequent measurement (continued)

Financial assets at fair value through other comprehensive income (debt instruments)

The Group measures debt investments at fair value through other comprehensive income if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling.
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For debt investments at fair value through other comprehensive income, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in other comprehensive income. Upon derecognition, the cumulative fair value change recognised in other comprehensive income is recycled to the statement of profit or loss.

Financial assets designated at fair value through other comprehensive income (equity investments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity investments designated at fair value through other comprehensive income when they meet the definition of equity under HKAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to the statement of profit or loss. Dividends are recognised as other income in the statement of profit or loss when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in other comprehensive income. Equity investments designated at fair value through other comprehensive income are not subject to impairment assessment.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through other comprehensive income, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and other financial assets (policies under HKFRS 9 applicable from 1 January 2018) (continued)

Subsequent measurement (continued)

Financial assets at fair value through profit or loss (continued)

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the statement of profit or loss.

This category includes derivative instruments and equity investments which the Group had not irrevocably elected to classify at fair value through other comprehensive income. Dividends on equity investments classified as financial assets at fair value through profit or loss are also recognised as other income in the statement of profit or loss when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognised in the statement of profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

A derivative embedded within a hybrid contract containing a financial asset host is not accounted for separately. The financial asset host together with the embedded derivative is required to be classified in its entirety as a financial asset at fair value through profit or loss.

Investments and other financial assets (policies under HKAS 39 applicable before 1 January 2018)

Initial recognition and measurement

Financial assets are classified, at initial recognition, as financial assets at fair value through profit or loss, loans and receivables and available-for-sale financial investments, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. When financial assets are recognised initially, they are measured at fair value plus transaction costs that are attributable to the acquisition of the financial assets, except in the case of financial assets recorded at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and other financial assets (policies under HKAS 39 applicable before 1 January 2018) (continued)

Subsequent measurement (continued)

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition as at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of sale in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments as defined by HKAS 39.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with positive net changes in fair value presented as other income and gains and negative net changes in fair value presented as finance costs in the statement of profit or loss. These net fair value changes do not include any dividends or interest earned on these financial assets, which are recognised in accordance with the policies set out for "Revenue recognition (applicable before 1 January 2018)" below.

Financial assets designated upon initial recognition as at fair value through profit or loss are designated at the date of initial recognition and only if the criteria in HKAS 39 are satisfied.

Derivatives embedded in host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not held for trading or designated as at fair value through profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in the statement of profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such assets are subsequently measured at amortised cost using the effective interest rate method less any allowance for impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and includes fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in revenue in the statement of profit or loss. The loss arising from impairment is recognised in the statement of profit or loss in administrative expenses.

Held-to-maturity investments

Non-derivative financial assets with fixed or determinable payments and fixed maturity are classified as held to maturity when the Group has the positive intention and ability to hold them to maturity. Held-to-maturity investments are subsequently measured at amortised cost using the effective interest rate method less any allowance for impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in other income and gains in the statement of profit or loss. The loss arising from impairment is recognised in the statement of profit or loss in administrative expenses.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and other financial assets (policies under HKAS 39 applicable before 1 January 2018) (continued)

Subsequent measurement (continued)

Available-for-sale financial investments

Available-for-sale financial investments are non-derivative financial assets in listed and unlisted equity investments and debt securities. Equity investments classified as available for sale are those which are neither classified as held for trading nor designated as at fair value through profit or loss. Debt securities in this category are those which are intended to be held for an indefinite period of time and which may be sold in response to needs for liquidity or in response to changes in market conditions.

After initial recognition, available-for-sale financial investments are subsequently measured at fair value, with unrealised gains or losses recognised as other comprehensive income in the available-for-sale investment revaluation reserve until the investment is derecognised, at which time the cumulative gain or loss is recognised in the statement of profit or loss in other gains or losses, or until the investment is determined to be impaired, when the cumulative gain or loss is reclassified from the available-for-sale investment revaluation reserve to the statement of profit or loss. Interest and dividends earned whilst holding the available-for-sale financial investments are reported as interest income and dividend income, respectively and are recognised in the statement of profit or loss as other income in accordance with the policies set out for "Revenue recognition (applicable before 1 January 2018)" below.

When the fair value of unlisted equity investments cannot be reliably measured because (a) the variability in the range of reasonable fair value estimates is significant for that investment or (b) the probabilities of the various estimates within the range cannot be reasonably assessed and used in estimating fair value, such investments are stated at cost less any impairment losses.

The Group evaluates whether the ability and intention to sell its available-for-sale financial assets in the near term are still appropriate. When, in rare circumstances, the Group is unable to trade these financial assets due to inactive markets, the Group may elect to reclassify these financial assets if management has the ability and intention to hold the assets for the foreseeable future or until maturity.

For a financial asset reclassified from the available-for-sale category, the fair value carrying amount at the date of reclassification becomes its new amortised cost and any previous gain or loss on that asset that has been recognised in equity is amortised to profit or loss over the remaining life of the investment using the effective interest rate. Any difference between the new amortised cost and the maturity amount is also amortised over the remaining life of the asset using the effective interest rate. If the asset is subsequently determined to be impaired, then the amount recorded in equity is reclassified to the statement of profit or loss.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Derecognition of financial assets (policies under HKFRS 9 applicable from 1 January 2018 and policies under HKAS 39 applicable before 1 January 2018)

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets (policies under HKFRS 9 applicable from 1 January 2018)

The Group recognises an allowance for ECLs for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

General approach

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of financial assets (policies under HKFRS 9 applicable from 1 January 2018) (continued)

General approach (continued)

At each reporting date, the Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information that is available without undue cost or effort, including historical and forward-looking information.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Debt investments at fair value through other comprehensive income and financial assets at amortised cost are subject to impairment under the general approach and they are classified within the following stages for measurement of ECLs except for trade receivables and contract assets which apply the simplified approach as detailed below.

- Stage 1 – Financial instruments for which credit risk has not increased significantly since initial recognition and for which the loss allowance is measured at an amount equal to 12-month ECLs
- Stage 2 – Financial instruments for which credit risk has increased significantly since initial recognition but that are not credit-impaired financial assets and for which the loss allowance is measured at an amount equal to lifetime ECLs
- Stage 3 – Financial assets that are credit-impaired at the reporting date (but that are not purchased or originated credit-impaired) and for which the loss allowance is measured at an amount equal to lifetime ECLs

Simplified approach

For trade receivables and contract assets that do not contain a significant financing component or when the Group applies the practical expedient of not adjusting the effect of a significant financing component, the Group applies the simplified approach in calculating ECLs. Under the simplified approach, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For trade receivables and contract assets that contain a significant financing component and lease receivables, the Group chooses as its accounting policy to adopt the general approach in calculating ECLs with policies as described above.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of financial assets (policies under HKAS 39 applicable before 1 January 2018)

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. An impairment exists if one or more events that occurred after the initial recognition of the asset have an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that a debtor or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and observable data indicating that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

Financial assets carried at amortised cost

For financial assets carried at amortised cost, the Group first assesses whether impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

The amount of any impairment loss identified is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate (i.e., the effective interest rate computed at initial recognition).

The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in the statement of profit or loss. Interest income continues to be accrued on the reduced carrying amount using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. Loans and receivables together with any associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Group.

If, in a subsequent period, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a future write-off is later recovered, the recovery is credited to the statement of profit or loss.

Assets carried at cost

If there is objective evidence that an impairment loss has been incurred on an unquoted equity instrument that is not carried at fair value because its fair value cannot be reliably measured, or on a derivative asset that is linked to and must be settled by delivery of such an unquoted equity instrument, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate or return for a similar financial asset. Impairment losses on these assets are not reversed.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of financial assets (policies under HKAS 39 applicable before 1 January 2018) (continued)

Available-for-sale financial investments

For available-for-sale financial investments, the Group assesses at the end of each reporting period whether there is objective evidence that an investment or a group of investments is impaired.

If an available-for-sale asset is impaired, an amount comprising the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in the statement of profit or loss, is removed from other comprehensive income and recognised in the statement of profit or loss.

In the case of equity investments classified as available for sale, objective evidence would include a significant or prolonged decline in the fair value of an investment below its cost. "Significant" is evaluated against the original cost of the investment and "prolonged" against the period in which the fair value has been below its original cost. Where there is evidence of impairment, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that investment previously recognised in the statement of profit or loss – is removed from other comprehensive income and recognised in the statement of profit or loss. Impairment losses on equity instruments classified as available for sale are not reversed through the statement of profit or loss. Increases in their fair value after impairment are recognised directly in other comprehensive income.

The determination of what is "significant" or "prolonged" requires judgement. In making this judgement, the Group evaluates, among other factors, the duration or extent to which the fair value of an investment is less than its cost.

In the case of debt instruments classified as available for sale, impairment is assessed based on the same criteria as financial assets carried at amortised cost. However, the amount recorded for impairment is the cumulative loss measured as the difference between the amortised cost and the current fair value, less any impairment loss on that investment previously recognised in the statement of profit or loss. Future interest income continues to be accrued based on the reduced carrying amount of the asset and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. The interest income is recorded as part of revenue. Impairment losses on debt instruments are reversed through the statement of profit or loss if the subsequent increase in fair value of the instruments can be objectively related to an event occurring after the impairment loss was recognised in the statement of profit or loss.

Financial liabilities (policies under HKFRS 9 applicable from 1 January 2018 and HKAS 39 applicable before 1 January 2018)

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and bills payables, other payables and accruals and interest-bearing bank and other borrowings.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial liabilities (policies under HKFRS 9 applicable from 1 January 2018 and HKAS 39 applicable before 1 January 2018) (continued)

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

Financial liabilities at fair value through profit or loss (policies under HKFRS 9 applicable from 1 January 2018)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by HKFRS 9. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the statement of profit or loss. The net fair value gain or loss recognised in the statement of profit or loss does not include any interest charged on these financial liabilities.

Financial liabilities designated upon initial recognition as at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in HKFRS 9 are satisfied. Gains or losses on liabilities designated at fair value through profit or loss are recognised in the statement of profit or loss, except for the gains or losses arising from the Group's own credit risk which are presented in other comprehensive income with no subsequent reclassification to the statement of profit or loss. The net fair value gain or loss recognised in the statement of profit or loss does not include any interest charged on these financial liabilities.

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are acquired for the purpose of repurchasing in the near term. This category includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by HKAS 39. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the statement of profit or loss. The net fair value gain or loss recognised in the statement of profit or loss does not include any interest charged on these financial liabilities.

Financial liabilities designated upon initial recognition as at fair value through profit or loss are designated at the date of initial recognition and only if the criteria of HKAS 39 are satisfied.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial liabilities (policies under HKFRS 9 applicable from 1 January 2018 and HKAS 39 applicable before 1 January 2018) (continued)

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in the statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in cost of sales in the statement of profit or loss.

Derecognition of financial liabilities (policies under HKFRS 9 applicable from 1 January 2018 and HKAS 39 applicable before 1 January 2018)

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments (policies under HKFRS 9 applicable from 1 January 2018 and HKAS 39 applicable before 1 January 2018)

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments and hedge accounting (policies under HKFRS 9 applicable from 1 January 2018 and HKAS 39 applicable before 1 January 2018)

Initial recognition and subsequent measurement

The Group uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risk and interest rate risk, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

Any gains or losses arising from changes in fair value of derivatives are taken directly to the statement of profit or loss, except for the effective portion of cash flow hedges, which is recognised in other comprehensive income and later reclassified to profit or loss when the hedged item affects profit or loss.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Derivative financial instruments and hedge accounting (policies under HKFRS 9 applicable from 1 January 2018 and HKAS 39 applicable before 1 January 2018) (continued)

Initial recognition and subsequent measurement (continued)

For the purpose of hedge accounting, hedges are classified as:

- fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment; or
- cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction, or a foreign currency risk in an unrecognised firm commitment; or
- hedges of a net investment in a foreign operation.

At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting, the risk management objective and its strategy for undertaking the hedge.

Before 1 January 2018, the documentation included identification of the hedging instrument, the hedged item or transaction, the nature of the risk being hedged and how the Group assessed the hedging instrument's effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges were expected to be highly effective in achieving offsetting changes in fair value or cash flows and were assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Starting from 1 January 2018, the documentation includes identification of the hedging instrument, the hedged item, the nature of the risk being hedged and how the Group will assess whether the hedging relationship meets the hedge effectiveness requirements (including the analysis of sources of hedge ineffectiveness and how the hedge ratio is determined). A hedging relationship qualifies for hedge accounting if it meets all of the following effectiveness requirements:

- There is "an economic relationship" between the hedged item and the hedging instrument.
- The effect of credit risk does not "dominate the value changes" that result from that economic relationship.
- The hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the Group actually hedges and the quantity of the hedging instrument that the Group actually uses to hedge that quantity of hedged item.

Hedges which meet all the qualifying criteria for hedge accounting are accounted for as follows:

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Derivative financial instruments and hedge accounting (policies under HKFRS 9 applicable from 1 January 2018 and HKAS 39 applicable before 1 January 2018) (continued)

Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised directly in other comprehensive income in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit or loss. The cash flow hedge reserve is adjusted to the lower of the cumulative gain or loss on the hedging instrument and the cumulative change in fair value of the hedged item.

The amounts accumulated in other comprehensive income are accounted for, depending on the nature of the underlying hedged transaction. If the hedged transaction subsequently results in the recognition of a non-financial item, the amount accumulated in equity is removed from the separate component of equity and included in the initial cost or other carrying amount of the hedged asset or liability. This is not a reclassification adjustment and will not be recognised in other comprehensive income for the period. This also applies where the hedged forecast transaction of a non-financial asset or non-financial liability subsequently becomes a firm commitment to which fair value hedge accounting is applied.

For any other cash flow hedges, the amount accumulated in other comprehensive income is reclassified to the statement of profit or loss as a reclassification adjustment in the same period or periods during which the hedged cash flows affect the statement of profit or loss.

If cash flow hedge accounting is discontinued, the amount that has been accumulated in other comprehensive income must remain in accumulated other comprehensive income if the hedged future cash flows are still expected to occur. Otherwise, the amount will be immediately reclassified to the statement of profit or loss as a reclassification adjustment. After the discontinuation, once the hedged cash flow occurs, any amount remaining in accumulated other comprehensive income is accounted for depending on the nature of the underlying transaction as described above.

Fair value hedges

The change in the fair value of a hedging instrument is recognised in the statement of profit or loss as other expenses. The change in the fair value of the hedged item attributable to the risk hedged is recorded as a part of the carrying amount of the hedged item and is also recognised in the statement of profit or loss as other expenses.

For fair value hedges relating to items carried at amortised cost, the adjustment to carrying value is amortised through the statement of profit or loss over the remaining term of the hedge using the effective interest rate method. Effective interest rate amortisation may begin as soon as an adjustment exists and shall begin no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged. If the hedged item is derecognised, the unamortised fair value is recognised immediately in the statement of profit or loss.

When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in the statement of profit or loss. The changes in the fair value of the hedging instrument are also recognised in the statement of profit or loss.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Derivative financial instruments and hedge accounting (policies under HKFRS 9 applicable from 1 January 2018 and HKAS 39 applicable before 1 January 2018) (continued)

Current versus non-current classification

Derivative instruments that are not designated as effective hedging instruments are classified as current or non-current or separated into a current or non-current portion based on an assessment of the facts and circumstances (i.e., the underlying contracted cash flows).

- Where the Group will hold a derivative as an economic hedge (and does not apply hedge accounting) for a period beyond 12 months after the end of the reporting period, the derivative is classified as non-current (or separated into current and non-current portions) consistently with the classification of the underlying item.
- Embedded derivatives that are not closely related to the host contract are classified consistently with the cash flows of the host contract.
- Derivative instruments that are designated as, and are effective hedging instruments, are classified consistently with the classification of the underlying hedged item. The derivative instruments are separated into current portions and non-current portions only if a reliable allocation can be made.

Treasury shares

Own equity instruments which are required and held by the Company or the Group (treasury shares) are recognised directly in equity at cost. No gain or loss is recognised in the statement of profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instrument.

Perpetual securities

Perpetual securities issued by the Group contain no contractual obligation to deliver cash or another financial asset, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Group. The Group classifies such perpetual securities issued as an equity instrument. Fees, commissions and other transaction costs of such perpetual securities issuance are deducted from equity. The distributions on perpetual securities are recognised as profit distribution at the time of declaration.

Inventories

Inventories are goods valued at the lower of cost and net realisable value at the end of the reporting period. The cost of inventories issued is determined on the specific identification basis. The difference between the cost and the lower net realisable value is stated as a provision. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs to be incurred to completion and estimated expenses and related taxes necessary to make the sale.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks (including term deposits with original maturity of less than three months), and assets similar in nature to cash, which are not restricted as to use.

Provisions

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the statement of profit or loss.

A contingent liability recognised in a business combination is initially measured at its fair value. Subsequently, it is measured at the higher of (i) the amount that would be recognised in accordance with the general guidance for provisions above; and (ii) the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with the guidance for revenue recognition.

Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income tax (continued)

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and joint ventures, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Group has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the periods necessary to match the grant on a systematic basis to the costs that it is intended to compensate or is deducted in reporting the related expense.

Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to the statement of profit or loss over the expected useful life of the relevant asset by equal annual instalments or deducted from the carrying amount of the asset and released to the statement of profit or loss by way of a reduced depreciation charge.

Revenue recognition (applicable from 1 January 2018)

Revenue from contracts with customers

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Group will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

When the contract contains a financing component which provides the customer a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amount receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Group and the customer at contract inception. When the contract contains a financing component which provides the Group a significant financial benefit for more than one year, revenue recognised under the contract includes the interest expense accreted on the contract liability under the effective interest method. For a contract where the period between the payment by the customer and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in HKFRS 15.

(a) Sale of goods

Revenue from the sale of goods is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods.

(b) Construction services

Revenue from the provision of construction services is recognised over time, using an input method to measure progress towards complete satisfaction of the service, because the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced. The input method recognises revenue based on the proportion of the actual costs incurred relative to the estimated total costs for satisfaction of the construction services.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue recognition (applicable from 1 January 2018) (continued)

Revenue from contracts with customers (continued)

(c) Provision of services

The Group generates service income from services provided at a fixed price over time or at a point in time.

Revenue from other sources

Operating lease income is recognised on a time proportion basis over the lease terms.

Finance lease, factoring and loan interest income

Finance lease, factoring and loan interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial assets.

Other Income

Dividend income is recognised when the shareholders' right to receive payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably, on the following bases:

- (a) finance lease income, on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts through the expected life of the net investment of the finance lease or a shorter period, when appropriate, to the net carrying amount of the net investment of the finance lease;
- (b) from the rendering of services, where income is recognised when the services have been rendered and the revenue can be reasonably estimated and deferred revenue is recorded as liability when the payments have been made in advance by customers for services yet to be rendered as at each reporting date and recognised as income when the services have been rendered and the revenue can be reasonably estimated;
- (c) from the sale of goods, when the significant risks and rewards of ownership have been transferred to the buyer, provided that the Group maintains neither managerial involvement to the degree usually associated with ownership, nor effective control over the goods sold;
- (d) from construction contracts, on the percentage of completion basis, as further explained in the accounting policy for "Construction contracts" below;

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue recognition (applicable from 1 January 2018) (continued)

- (e) interest income, on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset;
- (f) rental income, on a time proportion basis over the lease terms; and
- (g) dividend income, when the shareholders' right to receive payment has been established.

Contract assets (applicable from 1 January 2018)

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Contract liabilities (applicable from 1 January 2018)

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received a consideration (or an amount of consideration that is due) from the customer. If a customer pays the consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

Contract costs (applicable from 1 January 2018)

Other than the costs which are capitalised as inventories, property, plant and equipment and intangible assets, costs incurred to fulfil a contract with a customer are capitalised as an asset if all of the following criteria are met:

- (a) The costs relate directly to a contract or to an anticipated contract that the entity can specifically identify.
- (b) The costs generate or enhance resources of the entity that will be used in satisfying (or in continuing to satisfy) performance obligations in the future.
- (c) The costs are expected to be recovered.

The capitalised contract costs are amortised and charged to the statement of profit or loss on a systematic basis that is consistent with the pattern of the revenue to which the asset related is recognised. Other contract costs are expensed as incurred.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Construction contracts (applicable before 1 January 2018)

Contract revenue comprises the agreed contract amount and appropriate amounts from variation orders, claims and incentive payments. Contract costs incurred comprise direct materials, the costs of subcontracting, direct labour and an appropriate proportion of variable and fixed construction overheads.

Revenue from fixed price construction contracts is recognised using the percentage of completion method, measured by reference to the proportion of costs incurred to date to the estimated total cost of the relevant contract.

Revenue from cost plus construction contracts is recognised using the percentage of completion method, by reference to the recoverable costs incurred during the period plus the related fee earned, measured by the proportion of costs incurred to date to the estimated total cost of the relevant contract.

Provision is made for foreseeable losses as soon as they are anticipated by management. Where contract costs incurred to date plus recognised profits less recognised losses exceed progress billings, the surplus is treated as an amount due from contract customers. Where progress billings exceed contract costs incurred to date plus recognised profits less recognised losses, the surplus is treated as an amount due to contract customers.

Share-based payments

The Company operates a share option scheme and a restricted share award scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Employees (including directors) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments ("equity-settled transactions").

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted. The fair value is determined using a binomial model, further details of which are given in note 35 and note 36 to the financial statements.

The cost of equity-settled transactions is recognised in employee benefit expense, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at the end of each reporting period until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to the statement of profit or loss for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Share-based payments (continued)

For awards that do not ultimately vest because non-market performance and/or service conditions have not been met, no expense is recognised. Where awards include a market or non-vesting condition, the transactions are treated as vesting irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

Employee benefits

Salaries and bonuses, social security contributions and other short term employee benefits are accrued in which services have been rendered by the employees of the Group.

The employees of the Company and its subsidiaries which operate in Mainland China are required to participate in a central pension scheme operated by the local municipal government. The entities are required to contribute a certain percentage of their payroll costs to the central pension scheme. The contributions are charged to the statement of profit or loss as they become payable in accordance with the rules of the central pension scheme.

In addition, employees in Mainland China also participate in a defined contribution retirement benefit plan established by the Group (the "Annuity Plan"). The Group and its employees are required to contribute a certain percentage of the employees' previous year's basic salaries to the Annuity Plan. The contribution is charged to the statement of profit or loss when it incurs. The Group pays a fixed contribution into the Annuity Plan and has no obligation to pay further contributions even if the Annuity Plan does not hold sufficient assets to pay all employee benefits.

Contributions to these plans are recognised in the statement of profit or loss as incurred.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, i.e., assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs capitalised. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Notes to Financial Statements

31 December 2018

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Dividends

Final dividends are recognised as a liability when they are approved by the shareholders in a general meeting. Proposed final dividends are disclosed in the notes to the financial statements.

Foreign currencies

These financial statements are presented in RMB, which is the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rates of exchange ruling at the end of the reporting period. All differences arising on settlement or translation of monetary items are taken to the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss, respectively).

Where the Group receives or pays advance consideration in a foreign currency and recognises a non-monetary asset or liability, the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it) is the date on which the Group initially recognises the non-monetary asset (such as a prepayment) or non-monetary liability (such as deferred income) arising from the payment or receipt of the advance consideration. If there are multiple payments or receipts in advance of recognising the related item, the Group must determine the transaction date for each payment or receipt of the advance consideration.

The functional currencies of certain subsidiaries are currencies other than RMB. As at the end of the reporting period, the assets and liabilities of these entities are translated into RMB at the exchange rates ruling at the end of the reporting period and their statements of profit or loss are translated into RMB at the weighted average exchange rates for the year. The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in the statement of profit or loss.

For the purpose of the consolidated statement of cash flows, the cash flows of subsidiaries whose functional currency is other than RMB are translated into RMB at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of entities with a functional currency other than RMB which arise throughout the year are translated into RMB at the weighted average exchange rates for the year.

Notes to Financial Statements

31 December 2018

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

Estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

Impairment of goodwill

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the value in use of the cash-generating units to which the goodwill is allocated. Estimating the value in use required the Group to make an estimation of the expected future cash flows from the cash-generating units and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amount of the goodwill at 31 December 2018 was RMB1,716,527,000 (31 December 2017: RMB1,283,695,000). Further details are given in note 15.

Impairment of financial instruments

The measurement of impairment losses under HKFRS 9 across debt instruments recorded at amortised cost or at FVOCI, lease receivables, credit commitments and financial guarantee contracts that are not accounted for at FVTPL requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Group's ECL calculations are outputs of appropriate models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- (i) The Group's internal credit grading model, which assigns PDs to the individual grades
- (ii) The Group's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a lifetime ECL basis and the qualitative assessment
- (iii) Development of ECL models, including the various formulas and the choice of inputs
- (iv) Determination of associations between macroeconomic scenarios and, economic inputs, and the effect on PDs, EADs and LGDs

The Group will regularly review the expected credit loss model in the context of actual loss experience and adjust when necessary.

Notes to Financial Statements

31 December 2018

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

Estimation uncertainty (continued)

Impairment of non-financial assets (other than goodwill)

The Group assesses whether there are any indicators of impairment for all non-financial assets at the end of each reporting period. Non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. An impairment exists when the carrying value of an asset or a cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The calculation of the fair value less costs of disposal is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing of the asset. When value in use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash-generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

Deferred tax assets and liabilities

Deferred tax assets are recognised for all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies. Where the actual or expected tax positions of the relevant companies of the Group in future are different from the original estimates, such differences will impact on the recognition of deferred tax assets and liabilities and income tax charge in the period in which such estimate has been changed.

Fair value of financial instruments

For financial instruments where there is no active market, the fair value is determined using appropriate valuation techniques. Such techniques include using recent arm's length market transactions; reference to the current market value of another instrument which is substantially the same; a discounted cash flow analysis; and option pricing models or other valuation models.

Valuation techniques make use of observable market information to the greatest extent, however, when the observable market information cannot be obtained, management will have to make assumptions on the credit risk, market volatility and correlations of the Group and the counterparties, and any changes in these underlying assumptions will affect the fair value of financial instruments.

Share-based payments

Estimating fair value for share-based payment transactions requires determination of an appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including volatility, expected exercise behaviour and dividend yield, etc, and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in note 35 and note 36.

Judgements

In the process of applying the Group's accounting policies, management has made the following judgement, apart from those involving estimations, which has the most significant effect on the amounts recognised in the financial statements:

Notes to Financial Statements

31 December 2018

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

Judgements (continued)

Classification between finance leases and operating leases

Leases are required to be classified as either finance leases (which transfer substantially all the risks and rewards of ownership, and give rise to asset and liability recognition by the lessee and a receivable by the lessor) and operating leases (which result in expense recognition by the lessee, with the asset remaining recognised by the lessor).

Situations that would normally lead to a lease being classified as a finance lease include the following:

- the lease transfers ownership of the asset to the lessee by the end of the lease term;
- the lessee has the option to purchase the asset at a price which is expected to be sufficiently lower than the fair value at the date the option becomes exercisable and, at the inception of the lease, it is reasonably certain that the option will be exercised;
- the lease term is for the major part of the economic life of the asset, even if title is not transferred;
- at the inception of the lease, the present value of the minimum lease payments amounts to at least substantially all of the fair value of the leased asset; and
- the leased assets are of a specialised nature such that only the lessee can use them without major modifications being made.

4. OPERATING SEGMENT INFORMATION

For management purposes, the Group is organised into two operating segments, namely the financial, lease and advisory business and the industrial operation and management business, based on internal organisational structure, management requirement and the internal reporting system:

- The financial, lease and advisory business comprises (a) direct finance leasing; (b) sale-leaseback; (c) factoring; (d) entrusted loans; (e) operating leases and (f) advisory services.
- The industrial operation and management business comprises primarily (a) import and export trade and domestic trade of medical equipment, as well as the provision of trade agency services primarily within the machinery industry; (b) the ship brokerage services; (c) medical engineering; (d) hospital and healthcare management and (e) education consulting and management.

Management monitors the operating results of the Group's business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment information is prepared in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group.

Notes to Financial Statements

31 December 2018

4. OPERATING SEGMENT INFORMATION (continued)

Segment revenue, results and assets mainly include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Intersegment transfers are transacted with reference to the selling prices used for sales made to third parties at the then prevailing market prices.

As at and for the year ended 31 December 2018

	Financial, lease and advisory RMB'000	Industrial operation and management RMB'000	Adjustments and eliminations RMB'000	Total RMB'000

5. REVENUE, OTHER INCOME AND GAINS (continued)

Revenue from contracts with customers (continued)

(i) Disaggregated revenue information (continued)

Set out below is the reconciliation of the revenue from contracts with customers with the amounts disclosed in the segment information:

For the year ended 31 December 2018

Segments	Financial, lease and advisory RMB'000	Industrial operation and management RMB'000	Total RMB'000
Revenue from contracts with customers			
External customers	5,120,852	2,736,094	7,856,946
Intersegment sales	4,186	38,727	42,913
Intersegment adjustments and eliminations	(4,186)	(38,727)	(42,913)
Total revenue from contracts with customers	5,120,852	2,736,094	7,856,946

The following table shows the amounts of revenue recognised in the current reporting period that were included in the contract liabilities at the beginning of the reporting period and recognised from performance obligations satisfied in previous periods:

	2018 RMB'000
Revenue recognised that was included in contract liabilities at the beginning of the reporting period:	
Service fee income	607,431
Sale of goods	8,838
	616,269

Notes to Financial Statements

31 December 2018

5. REVENUE, OTHER INCOME AND GAINS (continued)

Revenue from contracts with customers (continued)

(ii) Performance obligations

Information about the Group's performance obligations is summarised below:

Sale of goods

The performance obligation is satisfied upon delivery of the goods and payment is generally due within 60 to 180 days from delivery.

Construction services

The performance obligation is satisfied over time as services are rendered and payment is generally due within 90 days from the date of billing. A certain percentage of payment is retained by customers until the end of the retention period as the Group's entitlement to the final payment is conditional on the satisfaction of the service quality by the customers over a certain period as stipulated in the contracts.

Services

The performance obligation is satisfied over time or at a point in time as services are rendered and short-term advances are normally required before rendering the services. Most service contracts are for periods of one year or less, or are billed based on the time incurred.

The transaction prices allocated to the remaining performance obligations (unsatisfied or partially unsatisfied) as at 31 December 2018 are as follows:

	2018 RMB'000
Within one year	426,203
More than one year	212,222
	638,425

The remaining performance obligations expected to be recognised in more than one year relate to service fee that are to be satisfied within thirteen years. All the other remaining performance obligations are expected to be recognised within one year. The amounts disclosed above do not include variable consideration which is constrained.

9. FIVE HIGHEST PAID EMPLOYEES

An analysis of the five highest paid employees within the Group during the year is as follows:

	Number of employees	
	2018	2017
Directors	2	2
Non-directors	3	3
	5	5

The five highest paid employees during the year included two (2017: two) directors, details of whose remuneration are set out in Note 8 above. Details of the remuneration of the remaining three (2017: three) non-directors, highest paid employees for the year are as follows:

	2018 RMB'000	2017 RMB'000
Salaries, allowances and benefits in kind	7,110	7,098
Performance related bonuses	3,900	3,900
Pension scheme contributions	150	319
	11,160	11,317

The number of non-directors, highest paid employees whose remuneration fell within the following bands is as follows:

	Number of employees	
	2018	2017
HK\$3,500,001 to HK\$4,000,000 (Equivalent to RMB2,996,193 to RMB3,424,220)	1	1
HK\$4,000,001 to HK\$4,500,000 (Equivalent to RMB3,424,221 to RMB3,852,248)	1	1
HK\$4,500,001 to HK\$5,000,000 (Equivalent to RMB3,852,249 to RMB4,280,275)	1	1
	3	3

During the year ended 31 December 2018, certain highest paid employees were granted share options and restricted shares, in respect of their services to the Group, under the share option scheme and the restricted share award scheme of the Company, details of which are set out in Note 35 and Note 36 to the financial statements, respectively.

Notes to Financial Statements

31 December 2018

9. FIVE HIGHEST PAID EMPLOYEES (continued)

The Group adopted collective economic-gain bonus schemes (the "Schemes") since 2014. According to the Schemes, the Group paid a portion of employee bonus to separate funds (the "Employees' Collectively Owned Funds"). The Employees' Collectively Owned Funds are collectively owned by employees participating the Scheme until distributed to individual employees. A committee (the "Committee"), elected by the general meeting of employee representatives, is established to be in charge of the management and operation of the Scheme and the determination and distribution of the Employees' Collectively Owned Funds to all individual participating employees. In the view of the directors, the Employees' Collectively Owned Funds are not the property of the Company or any of its subsidiaries, and the Group has no rights and obligations in respect of the management and operation of the Employees' Collectively Owned Funds. As at 31 December 2018, the above information of the five highest paid employees has not taken into employees' potential entitlement under the Schemes.

10. INCOME TAX

	2018 RMB'000	2017 RMB'000
Current – Hong Kong		
Charge for the year	90,866	61,040
Current – Mainland China		
Charge for the year	2,674,708	2,565,915
Deferred tax (Note 26)	(661,132)	(1,249,332)
Total tax charge for the year	2,104,442	1,377,623

Hong Kong profits tax

Hong Kong profits tax has been provided at the rate of 16.5% (2017: 16.5%) on the estimated assessable profits arising in Hong Kong for the year.

Corporate Income Tax ("CIT")

The income tax provision of the Group in respect of its operations in Mainland China has been calculated at the tax rate of 25% (2017: 25%) on the estimated assessable profits for the year, based on existing legislation, interpretations and practices in respect thereof.

The State Administration of Taxation announced that enterprises of encouraged industries in the Western Region of PRC would have used a preferential tax rate of 15% from 1 January 2011 to 31 December 2020. Deyang The Fifth Hospital Co., Ltd, Chongqing Yudong Hospital Co., Ltd and Nayong Xinli Hospital Co., Ltd were recognized to fulfill the aforesaid preferential taxation policy and thus enjoyed a preferential tax rate of 15% since 2016. Zhaotong Renan Hospital Co., Ltd and Qiaojia Renan Hospital Co., Ltd were recognized to fulfill the aforesaid preferential taxation policy and thus enjoyed a preferential tax rate of 15% since 2017.

On 30 October 2015, Shanghai Horizon Equipment & Engineering Co., Ltd. was recognised as a high-technology enterprise by the Shanghai Science and Technology Commission. Since then, Shanghai Horizon Equipment & Engineering Co., Ltd. has enjoyed a preferential tax rate of 15%.

Notes to Financial Statements

31 December 2018

10. INCOME TAX (continued)

Corporate Income Tax ("CIT") (continued)

A reconciliation of the tax charge applicable to profit before tax using the statutory/applicable rates for the jurisdictions in which the Company and the majority of its subsidiaries are domiciled to the tax charge at the effective tax rate is as follows:

	2018 RMB'000	2017 RMB'000
Profit before tax	6,492,567	4,787,188
Tax at the statutory income tax rates	1,710,768	1,241,819
Expenses not deductible for tax	224,296	60,385
Income not subject to tax	(52,484)	(20,243)
Adjustment on current income tax in respect of prior years	23,523	10,766
Utilisation of previously unrecognised tax losses	(7,962)	(5,551)
Unrecognised tax losses	125,446	46,051
Effect of recognition of deductible temporary differences that were not recognised in prior years	(6,070)	(8,539)
Effect of withholding tax on interest on intra-group balances	86,925	52,935
Income tax expense as reported in the consolidated statement of profit or loss	2,104,442	1,377,623

The share of tax attributable to associates and joint ventures amounting to approximately RMB24,083,000 (31 December 2017: a credit amount of RMB4,550,000) and RMB77,069,000 (31 December 2017: RMB2,026,000), respectively, is included in "Share of net (losses)/profits of: Associates" and "Share of net (losses)/profits of: Joint ventures" in the consolidated statement of profit or loss.

11. DIVIDENDS

	2018 RMB'000	2017 RMB'000
Proposed final dividend – HK\$0.30 (2017: HK\$0.30) per ordinary share	1,010,551	963,480

A final dividend for the year 2018 of HK\$0.30 per share was proposed at the meeting of the Board of directors ("the Board") held on 20 March 2019. As at 31 December 2018, based on the total number of outstanding ordinary shares of 3,844,445,611 (2017: 3,842,039,341) (excluding the 109,717,026 (2017: 109,566,946) shares held for share award scheme (note 36)), the proposed final dividend amounted to approximately HK\$1,153,334,000 (2017: HK\$1,152,612,000) (equivalent to RMB1,010,551,000 (2017: RMB963,480,000)). The proposed final dividend for the year is subject to the approval of the Company's shareholders at the forthcoming annual general meeting. This proposed dividend is not reflected as a dividend payable in the financial statements.

Notes to Financial Statements

31 December 2018

12. EARNINGS PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE PARENT

The calculation of basic earnings per share for the year is based on the consolidated net profit for the year attributable to ordinary equity holders of the parent and the weighted average number of ordinary shares of 3,838,383,169 (2017: 3,826,729,633) outstanding during the year.

The calculation of the diluted earnings per share amounts is based on the consolidated net profit for the year attributable to ordinary equity holders of the parent. The weighted average number of ordinary shares used in the calculation is the number of ordinary shares in issue during the year, as used in the basic earnings per share calculation, and the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The Group has one category of dilutive potential ordinary shares, namely share options (Note 35), and the number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options.

The calculations of basic and diluted earnings per share are based on:

Earnings

	2018 RMB'000	2017 RMB'000
Profit attributable to ordinary equity holders of the parent, used in the basic and diluted earnings per share calculations	3,927,472	3,229,057

Shares

	Number of shares	
	2018	2017
Weighted average number of ordinary shares outstanding during the year, used in the basic earnings per share calculation	3,838,383,169	3,826,729,633
Effect of dilution – weighted average number of ordinary shares:		
Share options	3,665,450	859,236
Weighted average number of ordinary shares for diluted earnings per share	3,842,048,619	3,827,588,869

For the year ended 31 December 2018, the unvested share options under the Share Option Scheme (Note 35) and the unvested restricted shares under the Restricted Share Award Scheme (Note 36) had no dilutive effect on earnings per share. The Group had no other potentially dilutive ordinary shares in issue. There have been no other transactions involving ordinary shares or potential ordinary shares between the reporting date and the date of approval of these financial statements.

15. GOODWILL

	RMB'000
At 1 January 2017:	
Cost	749,521
Accumulated impairment	(700)
Net carrying amount	748,821
Cost at 1 January 2017, net of accumulated impairment	748,821
Acquisition of subsidiaries	534,874
Cost and net carrying amount at 31 December 2017	1,283,695
At 31 December 2017:	
Cost	1,284,395
Accumulated impairment	(700)
Net carrying amount	1,283,695
Cost at 1 January 2018, net of accumulated impairment	1,283,695
Acquisition of subsidiaries (Note 39)	594,057
Impairment during the year	(161,225)
Cost and net carrying amount at 31 December 2018	1,716,527
At 31 December 2018:	
Cost	1,878,452
Accumulated impairment	(161,925)
Net carrying amount	1,716,527

Goodwill acquired through business combinations is allocated to each acquired subsidiary (Note 39) as the cash-generating units ("CGUs") within medical service industry and educational service industry for impairment testing, which for the purpose of the presentation were grouped as follows:

- Medical service industry; and
- Education service industry.

Notes to Financial Statements

31 December 2018

15. GOODWILL (continued)

For cash-generating units within medical service industry

The recoverable amount of each CGU within the medical service industry has been determined based on a value-in-use calculation using cash flow projections based on financial budgets covering a five-year period or a longer period which can be justified approved by senior management. The post-tax discount rates applied to the cash flow projections is 14.0% (2017: 14.0%). The implied pre-tax discount rates for the cash flow projections are 15.9% to 19.2% (2017: 15.9% to 17.7%). As at 31 December 2018, the Group assessed the impairment on goodwill and the recoverable amounts exceeded carrying amount, and hence the goodwill was not regarded as impaired (2017: Nil).

For cash-generating units within educational service industry

The recoverable amount of each CGU within the educational service industry has been determined based on a value-in-use calculation using cash flow projections based on financial budgets covering a five-year period approved by senior management. The post-tax discount rate applied to the cash flow projections is 17.0% (2017: 14.0%). The implied pre-tax discount rates for the cash flow projections are 17.0% to 21.4% (2017: 17.1% to 17.5%).

As at 31 December 2018, the Group assessed the impairment on goodwill and determined that the carrying amount of goodwill (RMB213,990,000) arising from the acquisition of some kindergartens and international schools was higher than its recoverable amount (RMB52,765,000). Considering the fact that the actual educational service income was below previously expected financial budget, the management thus estimated that the future cash flows of these kindergartens and international schools would probably be reduced than originally expected, resulting in a decrease in value-in-use calculation. As a result, an impairment loss of approximately RMB161,225,000 (2017: Nil) was recognised in the Group's consolidated financial statements for the year ended 31 December 2018.

The carrying amounts of goodwill are as follows:

	2018 RMB'000	2017 RMB'000
Medical service industry	1,663,762	1,088,412
Education service industry	52,765	195,283
Total	1,716,527	1,283,695

Assumptions were used in the value in use calculation of each CGU within the medical service industry and educational service industry for 31 December 2018 and 31 December 2017. The following describes each key assumption on which management has based its cash flows projections to undertake impairment testing of goodwill.

Budgeted gross margin – the basis used to determine the value assigned to the budgeted gross margin is the average gross margin achieved in the year immediately before the budget year, increased for expected efficiency improvement, and expected market development.

Discount rates – the discount rates used reflect specific risks relating to the units.

The values assigned to the key assumptions on market development of the medical service industry and the educational service industry, and the discount rates are comparable to external information sources.

* The decisions about relevant activities that most significantly affect the returns of these investees would be subject to the consents of others (e.g. other shareholders or directors), hence, the ownership interests and powers held by the Group in those investees do not currently grant the Group the unilateral ability to direct the relevant activities in these investees.

The Group's loan and account receivable balances due from the joint ventures are disclosed in Note 23 to the financial statements.

Kangda and Yuanyi Kaiyuan, which are considered material joint ventures of the Group, are mainly engaged in the development, construction and investment holding business in Mainland China respectively. The aforementioned companies are accounted for using the equity method.

19. INVESTMENTS IN ASSOCIATES (continued)

The following table illustrates the summarised financial information in respect of 3 largest associates (in terms of carrying amount) adjusted for any differences in accounting policies and reconciled to the fair value of the net assets in the financial statements.

	2018	2018	2018
	RMB'000	RMB'000	RMB'000
Current assets	6,667,365	3,400,735	38,065,872
Non-current assets	5,823,946	2,985,595	8,164,023
Current liabilities	(2,875,661)	(1,148,189)	(22,186,772)
Non-current liabilities	(3,111,678)	(1,640,444)	(13,298,417)
Net assets	6,503,972	3,597,697	10,744,706
Net assets attributable to the shareholders of the parent	3,694,775	3,597,697	8,310,980
Reconciliation to the Group's interest in the associates:			
Proportion of the Group's ownership	13.3082%	19.5%	10.0254%
Group's share of net assets of the associates, excluding excess of consideration over share of net assets	491,708	701,551	833,209
Excess of consideration over share of net assets	282,092	23,717	158,185
Carrying amount of the investment	773,800	725,268	991,394
Revenue	–	194,705	963,688
Profit and total comprehensive income for the period after the Group's investment in the associates	–	104,818	103,749
Profit and total comprehensive attributable to the parent after the Group's investment in the associates	–	104,818	90,126

The following table illustrates the aggregate financial information of the Group's associates that are not individually material:

	2018	2017
	RMB'000	RMB'000
Share of the associates' profit/(loss) for the year	33,824	(13,650)
Aggregate carrying amount of the Group's investments in the associates	1,575,088	766,577

The above balances include a total of RMB871,628,000 (31 December 2017: RMB642,475,000) investments held by the Group as an investor in sub-ordinated tranches of several collective fund trusts, whose total funds raising amount to RMB4,277,520,000 (31 December 2017: RMB3,301,000,000), the Group had significant influence over these trusts. These trusts conduct entrusted finance lease and entrusted loan businesses.

Notes to Financial Statements

31 December 2018

20. AVAILABLE-FOR-SALE INVESTMENTS

	2018 RMB'000	2017 RMB'000
Unlisted equity investments, at cost	–	103,555
Unlisted debt investments, at fair value	–	1,569,887
	–	1,673,442
Portion classified as current assets	–	1,412,886
Non-current portion	–	260,556

The above equity investments were reclassified as financial assets at fair value through profit or loss as they were not designed as equity instruments at fair value through other comprehensive income in HKFRS 9 and the above debt investments were reclassified as financial assets at fair value through profit or loss as the debt investments did not pass the contractual cash flow characteristics test in HKFRS 9.

21. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

	2018 RMB'000	2017 RMB'000
Listed equity investments, at fair value	–	445,183
Unlisted equity investments, at fair value	801,617	1,441,084
Unlisted debt investments, at fair value	1,867,787	–
Unlisted equity investments, at cost	–	124,000
	2,669,404	2,010,267

The above equity investments at 31 December 2018 were classified as financial assets at fair value through profit or loss as the Group has not elected to recognise the fair value gain or loss through other comprehensive income.

The above debt investments at 31 December 2018 included a carrying amount of RMB282,298,000 were wealth management products issued by banks or asset management companies in Mainland China. The above debt investments at 31 December 2018 also included a carrying amount of RMB1,390,603,000 convertible bonds with face value of US\$200,000,000. They were mandatorily classified as financial assets at fair value through profit or loss as their contractual cash flows are not solely payments of principal and interest.

Notes to Financial Statements

	1,042,779	(207,854)	123,057	(260,276)

Cash flow hedge under HKFRS 9

At 31 December 2018, the Group designated 36 (2017: 24) cross-currency interest rate swap contracts and 17 (2017: 15) forward currency contracts as hedges of future cash flows arising from foreign currency borrowings, details as follows:

At 31 December 2018, the Group had 7 (2017: 3) cross-currency interest rate swaps in place with notional amounts of HK\$2,106,000,000 (2017: HK\$780,000,000) whereby the Group receives a floating rate of interest on the HK\$ notional amount at HKD-HIBOR-HKAB and pays a fixed rate of interest on the RMB notional amount at 3.96% to 4.21% per annum. The swaps are being used to hedge the foreign currency and interest rate exposure of 7 floating rate long-term borrowings denominated in HK\$ with the total face value of HK\$2,106,000,000 (2017: HK\$780,000,000).

At 31 December 2018, the Group had 27 (2017: 21) cross-currency interest rate swaps in place with notional amounts of US\$2,955,000,000 (2017: US\$1,640,799,000) whereby the Group receives a floating rate of interest on the US\$ notional amount at USD-LIBOR-BBA and pays a fixed rate of interest on the RMB notional amount at 3.35% to 5.84% per annum. The swaps are being used to hedge the foreign currency and interest rate exposure of 27 floating rate long-term borrowings denominated in US\$ with the total face value of US\$2,955,000,000 (2017: US\$1,640,799,000).

Notes to Financial Statements

31 December 2018

22.DERIVATIVE FINANCIAL INSTRUMENTS (continued)

Cash flow hedge under HKFRS 9 (continued)

At 31 December 2018, the Group had 2 (2017: Nil) cross-currency interest rate swaps in place with notional amounts of US\$200,000,000 (2017: Nil) whereby the Group receives a fixed rate of interest on the US\$ notional amount at 4.38% p.a. and pays a fixed rate of interest on the RMB notional amount at 5.84% to 5.88% per annum. The swaps are being used to hedge the foreign currency exposure of 2 fixed rate long-term borrowings denominated in US\$ with the total face value of US\$200,000,000 (2017: Nil).

At 31 December 2018, the Group had 17 (2017:15) forward currency contracts with a total notional amount of US\$321,100,000 (2017: US\$142,000,000), SG\$200,000,000 (2017: SG\$200,000,000) and AU\$200,000,000 (2017: AU\$200,000,000) as hedges of future cash flows arising from foreign currency borrowings which will be settled in United States Dollar, Singapore Dollar and Australian Dollar, respectively.

There is an economic relationship between the hedged items and the hedging instruments as the terms of the cross-currency interest rate swap contracts and forward currency contracts match the terms of the terms of the borrowing contracts (i.e., notional amount, expected payment date and interest rate). The Group has established a hedge ratio of 1:1 for the hedging relationships as the underlying risks of the cross-currency interest rate swap contracts and forward currency contracts are identical to the hedged risk components. To measure the hedge effectiveness, the Group uses the hypothetical derivative method and compares the changes in the fair value of the hedging instruments against the changes in fair value of the hedged items attributable to the hedged risks.

Hedge ineffectiveness can arise from:

- Differences in the timing of the cash flows of the hedged items and the hedging instruments
- Different interest rate curves applied to discount the hedged items and hedging instruments
- The counterparties' credit risks differently impacting the fair value movements of the hedging instruments and hedged items

Notes to Financial Statements

31 December 2018

22.DERIVATIVE FINANCIAL INSTRUMENTS (continued)

Cash flow hedge under HKFRS 9 (continued)

The Group holds the following cross-currency interest rate swap contracts and forward currency contracts:

	Maturity						Total
	Less than 3 months	3 to 6 months	6 to 9 months	9 to 12 months	1 to 2 years	2 to 5 years	
As at 31 December 2018							
Cross-currency interest rate swap contracts

Fair value hedge under HKFRS 9 – Interest rate risk

At 31 December 2018, the Group had 14 (2017:7) interest rate swap agreements in place with a total notional amount of RMB11,900,000,000 (2017: RMB5,400,000,000) whereby it receives interest at fixed rates of 4.05% to 4.85% per annum and pays interest at variable rates equal to the benchmark interest rate of Renminbi loans of the People's Bank of China on the notional amount. The swaps are used to hedge the exposure to changes in the fair value of the fixed rate long-term bonds. The critical terms of the interest rate swaps substantially match those of the borrowings. These hedges were assessed to be highly effective.

Notes to Financial Statements

31 December 2018

22.DERIVATIVE FINANCIAL INSTRUMENTS (continued)

Fair value hedge under HKFRS 9 – Interest rate risk (continued)

There is an economic relationship between the hedged item and the hedging instrument as the terms of the interest rate swap match the terms of the long-term bonds (i.e., notional amount, maturity, payment and reset dates). The Group has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the interest rate swap is identical to that of the hedged risk component. In assessing the hedge effectiveness, the Group notes that the critical terms of the hedged items and the hedging instruments match each other, and therefore the changes in the fair value of the hedging instrument exactly offset the changes in fair value of the hedged item attributable to the hedged risk.

The hedge ineffectiveness can arise from:

- differences in the timing of interest cash flows of the hedged item and the hedging instrument
- the counterparties' credit risks may impact the fair value movements of the hedging instruments.

The impact of the hedging instrument on the statement of financial position is as follows:

	Notional amount RMB'000	Carrying amount RMB'000	Line item in the statement of financial position RMB'000	Change in fair value used for measuring hedge ineffectiveness for the year RMB'000
As at 31 December 2018				
Interest rate swap	9,100,000	14,601	Derivative Financial Instruments (Assets)	14,018
Interest rate swap	2,800,000	(3,317)	Derivative Financial Instruments (Liabilities)	12,194

The impact of the hedged item on the statement of financial position is as follows:

	Carrying amount RMB'000	Accumulated fair value adjustments RMB'000	Line item in the statement of financial position	Change in fair value used for measuring hedge ineffectiveness for the year RMB'000
As at 31 December 2018				
Bonds amounted to RMB equivalent 11,900,000,000	11,911,284	11,284	interest-bearing bank and other borrowings	26,212

31 December 2018

23. LOANS AND ACCOUNTS RECEIVABLES (continued)**23c. Analysis of interest-bearing assets** (continued)

	31 December 2017 RMB'000
Interest-bearing assets:	
Individually assessed (Note (i))	1,760,972
Collectively assessed	192,216,611
Total	193,977,583
Allowance for impairment losses	
Individually assessed (Note (i))	700,180
Collectively assessed	3,168,838
Total	3,869,018

Note (i) Individually assessed interest-bearing assets include those classified as substandard, doubtful and loss by the Group.

23d. Change in provision for interest-bearing assets

The Group has applied the general approach to providing for expected credited losses ("ECL") prescribed by HKFRS 9 from 1 January 2018, which permits the use of either a twelve-month basis or a lifetime basis to record expected credit losses based on an expected credit loss model for interest-bearing assets.

The Group has conducted an assessment of ECL according to forward-looking information and used appropriate models and a large number of assumptions in its expected measurement of credit losses. These models and assumptions relate to the future macroeconomic conditions and borrower's creditworthiness (e.g., the likelihood of default by customers and the corresponding losses). The Group has adopted judgement, assumptions and estimation techniques in order to measure ECL according to the requirements of accounting standards such as criteria for judging significant increases in credit risk, definition of credit-impaired financial asset, parameters for measuring ECL and forward-looking information.

Notes to Financial Statements

31 December 2018

23. LOANS AND ACCOUNTS RECEIVABLES (continued)

23d. Change in provision for interest-bearing assets (continued)

	Year ended 31 December 2018			Total
	Stage I (12-month ECL)	Stage II (Lifetime ECL)	Stage III** (Lifetime ECL – impaired)	
At beginning of the year before adopting HKFRS 9				3,869,018
At beginning of the year after adopting HKFRS 9	2,880,655	478,715	700,180	4,059,550
Impairment losses for the year	689,630*	633,372	619,767	1,942,769
Disposal	(364,689)	–	–	(364,689)
Conversion to Stage I	92,857	(92,857)	–	–
Conversion to Stage II	(157,606)	181,496	(23,890)	–
Conversion to Stage III	–	(15,227)	15,227	–
Write-off	–	–	(605,874)	(605,874)
Recovery of interest-bearing assets previously written off	–	–	54,400	54,400
Exchange differences	4,825	2,570	181	7,576
At end of the year	3,145,672	1,188,069	759,991	5,093,732

* This includes RMB1,775,748,000 loss allowance provided for newly originated interest-bearing assets, and RMB1,086,118,000 of loss allowances reversed as a result of repayment of existing interest-bearing assets.

** The majority of the interest-bearing assets are finance lease receivables, under which the lessor owns the related leased asset, so the finance leases are similar to secured lendings. Among these interest-bearing assets, 94% (in the terms of carrying amount) of the credit-impaired assets falling in stage 3 in the table above are finance lease receivables and hence the related leased assets owned by the Group, such leased assets are similar to security and constitute the main source of collection of impaired assets.

	Individually assessed	Collectively assessed	Total
	31 December 2017 RMB'000	31 December 2017 RMB'000	31 December 2017 RMB'000
At beginning of the year	558,366	2,388,320	2,946,686
Charge for the year	195,569	1,345,845	1,541,414
Recovery of interest-bearing assets previously written off	20,113	–	20,113
Disposal	–	(556,073)	(556,073)
Write-off	(72,431)	–	(72,431)

At end of the year	700,180	3,168,838	3,869,018

Notes to Financial Statements

31 December 2018

23. LOANS AND ACCOUNTS RECEIVABLES (continued)**23e. An aging analysis of accounts receivable as at the end of the reporting period is as follows:**

Accounts receivable are non-interest-bearing and are generally on 60-day terms, while the credit terms for major customers can be extended to 180 days.

	31 December 2018 RMB'000	31 December 2017 RMB'000
Within 1 year	1,487,678	1,283,606
More than 1 year	496,180	324,656
Total	1,983,858	1,608,262

23f. Change in provision for accounts receivable

	31 December 2018 RMB'000	31 December 2017 RMB'000
At beginning of year	236,218	82,385
Charge for the year	182,197	193,023
Acquisition of a subsidiary	1,570	2,993
Write-off	(11,322)	(41,719)
Exchange differences	(790)	(464)
At end of period/year	407,873	236,218

Impairment under HKFRS 9 for the year ended 31 December 2018

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on aging for groupings of various customer segments with similar loss patterns.

Set out below is the information about the credit risk exposure on the Group's accounts receivable using a provision matrix:

As at 31 December 2018

	Aging				Total
	within 1 year	1-2 years	2-3 years	3-5 years	
Gross Carrying amount	1,487,678	279,861	148,127	68,192	1,983,858
Expected credit loss	133,637	97,634	108,410	68,192	407,873
Average expected credit loss rate	8.98%	34.89%	73.19%	100.00%	

Notes to Financial Statements

* The leased assets arise from the situations where the Group had already made payments to vendors or suppliers of machinery and equipment, but the terms of the lease contracts of the said machinery and equipment have not commenced. The Group records these paid amounts under leased assets among its current assets as such assets had already been earmarked for leases to customers. Once the terms of a lease contract commence, the Group ceases to recognise the amount relating to the leased assets and recognise the lease receivables due under the lease contract.

25. CONTRACT ASSETS

	31 December 2018 RMB'000	1 January 2018 RMB'000	31 December 2017 RMB'000
Contract assets arising from construction services	27,168	44,170	–
	27,168	44,170	–

Contract assets are initially recognised for revenue earned from the provision of related construction services as the receipt of consideration is conditional on successful completion of construction. Upon completion of construction and acceptance by the customer, the amounts recognised as contract assets are reclassified to trade receivables.

Notes to Financial Statements

31 December 2018

25. CONTRACT ASSETS (continued)

The expected timing of recovery or settlement for contract assets as at 31 December 2018 is as follows:

	RMB'000
Within one year	27,168
Total contract assets	27,168

26. DEFERRED TAX

Notes to Financial Statements

31 December 2018

26. DEFERRED TAX (continued)

For the purpose of the presentation of the consolidated statement of financial position, certain deferred tax assets and liabilities have been offset. The following is an analysis of the deferred tax balances of the Group for financial reporting purposes:

	31 December 2018 RMB'000 (Audited)	31 December 2017 RMB'000 (Audited)
Net deferred tax assets recognised in the consolidated statement of financial position	4,031,727	3,169,406
Net deferred tax liabilities recognised in the consolidated statement of financial position	149,472	76,707

As at 31 December 2018, the Group had tax losses arising in Hong Kong of RMB273,775,000 (31 December 2017: RMB475,092,000) that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose and tax losses arising in Mainland China of RMB364,656,000 (31 December 2017: RMB299,932,000) that will expire in one to five years for offsetting against future taxable profits. The Group has recognised deferred tax assets in respect of the tax losses mentioned above. Aside from this, as at 31 December 2018, the Group did not recognise deferred tax assets arising in Mainland China and Hong Kong in respect of unutilised tax losses of RMB490,941,000 (31 December 2017: RMB146,129,000) and RMB276,628,000 (31 December 2017: RMB100,924,000), respectively, due to uncertainty in their recoverability.

Pursuant to the resolution of the Company, part of the Mainland China subsidiaries' profits generated from 2012 onwards will be retained by the Mainland China subsidiaries for the use in future operations or investments. In the opinion of the directors, it is probable that the temporary differences relating to the profits that are not expected to be distributed will not reverse in the foreseeable future. As at 31 December 2018, the aggregate amount of unrecognised deferred tax liabilities (i.e., withholding taxes relating to such temporary differences) was approximately RMB684,582,000 (31 December 2017: RMB508,911,000).

Notes to Financial Statements

31 December 2018

27. CASH AND CASH EQUIVALENTS AND RESTRICTED DEPOSITS

	2018 RMB'000	2017 RMB'000
Cash and bank balances	10,498,240	7,334,216
Time deposits	51,275	65,998
	10,549,515	7,400,214
Less:		
Pledged deposits	845,015	361,950
Restricted bank deposits related to asset securitisations	4,314,961	4,150,820
Restricted bank deposits related to collective fund trusts	120,147	71,900
Cash and cash equivalents	5,269,392	2,815,544

At the end of the reporting period, the cash and bank balances of the Group denominated in Renminbi ("RMB") amounted to RMB9,440,130,000 (31 December 2017: RMB7,029,788,000). RMB is not freely convertible into other currencies, however, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at either fixed or floating rates based on daily bank deposit rates.

As at 31 December 2018, cash of RMB510,222,000 (31 December 2017: RMB211,948,000) was pledged for bank and other borrowings (Note 32(b)).

As at 31 December 2018, cash of RMB319,874,000 (31 December 2017: RMB135,083,000) was pledged for bank acceptances, letters of credit and others.

As at 31 December 2018, cash of RMB14,919,000 (31 December 2017: RMB14,919,000) was pledged for collective fund trusts.

As at 31 December 2018, cash of RMB372,120,000 (31 December 2017: RMB596,867,000) was deposited with Sinochem Finance Co., a subsidiary of the ultimate holding company of a shareholder with significant influence.

SCHTRUST- Far Eastern Leasing portfolio investment collective fund trust	5,725	–
	102,655	71,900
	153,371	74,580

Balances with related parties were unsecured and non-interest-bearing.

Notes to Financial Statements

31 December 2018

31. OTHER PAYABLES AND ACCRUALS (continued)**31b. Contract Liabilities**

Details of contract liabilities as at 31 December 2018 and 1 January 2018 are as follows:

	31 December 2018 RMB'000	1 January 2018 RMB'000
Contract liabilities		
Short-term:		
– Sale of goods	10,343	10,251
– Service fee	414,930	643,877
Long-term:		
– Service fee	222,505	–
Total contract liabilities	647,778	654,128

Contract liabilities include short-term advances received to deliver goods and services. The decrease in contract liabilities in 2018 was mainly due to the decrease in short-term advances received from customers in relation to the provision of services at the end of the year.

	172,514,982	144,899,680

- (a) As at 31 December 2018, the Group's bank and other borrowings were secured by the pledge of or the transfer of certain of the Group's lease receivables and long term receivables amounting to RMB13,747,761,000 (31 December 2017: RMB13,794,562,000) and RMB1,729,420,000 (31 December 2017: RMB855,284,000), respectively.
- (b) As at 31 December 2018, the Group's bank borrowings amounting to RMB18,225,279,000 (31 December 2017: RMB2,130,684,000) were secured by the pledge of cash.
- (c) As at 31 December 2018, the Group's bank and other borrowings, secured by the Group's leasehold land, and property, plant and equipment, amounted to RMB1,027,489,000 (31 December 2017: RMB736,959,000). The Group had not provided any guarantees for other entities (31 December 2017: Nil).

Notes to Financial Statements

31 December 2018

33. DEFERRED REVENUE

	Service fee		Government special subsidies	
	2018 RMB'000	2017 RMB'000	2018 RMB'000	2017 RMB'000
At the beginning of year	–	95,576	704,862	52,492
Additions during the year	–	–	716,241	693,345
Amortised to the statement of profit or loss	–	(80,398)	(439,707)	(40,975)
Transfers	–	(15,178)	–	–
At the end of year	–	–	981,396	704,862

(i) Service fee

The Group recognised the revenue in accordance with the progress of the services rendered.

(ii) Government special subsidy

For the year ended 31 December 2018, the Group received a government special subsidy of RMB199,763,000 (2017: RMB237,370,000), which was mainly granted in accordance with the policies on Shanghai Pudong New Area government financial subsidy. In addition, the Group also received a government special subsidy of RMB473,990,000 (2017: RMB455,624,328) due to policies to support finance lease industry of the Tianjin Dongjiang bonded port area. In addition, the Group received a government special subsidy of RMB35,460,000 (2017: Nil) due to policies of Putuo District to upgrade and develop industrial support fund of enterprises. Those special subsidies are granted for certain purposes only. The amortisation of those special subsidies reduced the expense to which it related or reduced the amortisation charges of the related assets.

34. SHARE CAPITAL

	Number of shares	Amounts HK\$
Issued and fully paid ordinary shares:		
At 31 December 2017 (note (i))	3,951,606,287	13,012,431,000
At 31 December 2018 (note (i))	3,954,162,637	13,032,555,000

Note:

- (i) The Company purchased its own shares through a trust under a share award scheme (Note 36), which were presented as shares held for the share award scheme.

Notes to Financial Statements

31 December 2018

34.SHARE CAPITAL (continued)

A summary of movements in the Company's share capital is as follows:

	Number of shares in issue	Share capital HK\$'000	Equivalent share capital RMB'000
At 1 January 2018 and 31 December 2017	3,951,606,287	13,012,431	10,218,442
Share options exercised (note (ii))	2,556,350	20,124	16,931
As at 31 December 2018	3,954,162,637	13,032,555	10,235,373

Note:

- (ii) The subscription rights attaching to 893,590, 716,692 and 946,068 share options were exercised at the subscription price of HK\$5.86, HK\$7.17 and HK\$5.714 per share, respectively (note 35), resulting in the issue of 2,556,350 shares for a total cash consideration, before expenses, of HK\$15,780,000. An amount of HK\$4,344,000 was transferred from the share option reserve to share capital upon the exercise of the share options.

35.SHARE OPTION SCHEME

Pursuant to a resolution in writing passed on 7 July 2014 by the shareholders of the Company, a share option scheme (the "Share Option Scheme") has been adopted by the Company.

The Company operates the Share Option Scheme for the purpose of providing incentives and rewards to eligible participants certain qualified participants who contribute to the success of the Group's operations. Eligible participants of the Share Option Scheme include senior and middle management personnel, as well as other key employees of the Company or any Subsidiary (the "Grantees"). The total number of new shares in respect of which options may be granted under the Share Option Scheme shall not exceed 4% of the Company's issued share capital as at the date of approval of the Share Option Scheme by the shareholders at the General Meeting, which is 131,696,000 shares. The Share Option Scheme will be valid for 10 years from the date of its adoption.

The offer of a grant of share options ("Share Options") may be accepted within 14 days from the date of offer, upon payment of a nominal consideration of HK\$1 in total by the Grantees subject to any early termination, the share option scheme will remain in force for a period of 10 years commencing on the date on which the share option scheme is approved by the shareholders of the Company. The vesting of the share options is mainly subject to fulfilment of the Company's performance targets, the Grantees remaining at all times after the offer date and on each vesting date as an employee of the Group, as well as the Grantees achieving a specified level in annual personal performance evaluations.

The exercise price in respect of any option shall be such price as determined by the Board or the Administration Committee of the Share Option Scheme and notified to the Grantees and which shall not be less than the highest of: (i) the closing price of the shares on the Stock Exchange as stated in the Stock Exchange's daily quotation sheet on the offer date; (ii) the average of the closing prices of the shares on the Stock Exchange as stated in the Stock Exchange's daily quotation sheets for the five trading days immediately preceding the Offer Date; and (iii) the nominal value of the shares as at the offer date. The exercise price of the share options is subject to adjustment in the case of rights or other similar changes in the Company's share capital.

On 18 July 2018, the Board announced that, the Company has resolved to the 5th offer to grant Share Options to the Grantees under the Share Option Scheme to subscribe for a total of 34,109,264 ordinary shares in the capital of the Company.

Notes to Financial Statements

31 December 2018

35.SHARE OPTION SCHEME (continued)

Share options outstanding at the end of the year have the following expiry dates and exercise prices:

Expiry date	Exercise price* per share option HK\$	Number of share options	
		2018	2017
11 July 2024	5.86	9,281,353	10,214,452
3 July 2025	7.17	15,411,202	16,386,461
15 June 2026	5.714	30,708,096	32,123,953
20 June 2027	6.82	32,166,747	32,726,455

Total number at the end of the year		60,633,513	32,924,000	(1,283,722)	(822,470)	91,451,321	34,109,264	(1,491,298)	(2,556,350)	121,512,937
Weighted average exercise price (HK\$)		6.15	6.82	6.31	6.10	6.39	7.36	6.57	6.17	6.66

9,281,353 (2017: 6,465,439), 10,003,662 (2017: 5,360,160) and 9,649,917 (2017: Nil) share options which were granted on 11 July 2014, 3 July 2015 and, 15 June 2016 respectively, were vested and exercisable, but not yet exercised during the year.

Notes to Financial Statements

31 December 2018

35.SHARE OPTION SCHEME (continued)

The fair value (measured as at the grant dates) of the Share Options that were outstanding as at 31 December 2018 was RMB185,356,000 (31 December 2017: RMB134,650,000). The weighted average fair values were RMB1.49, RMB1.53 and RMB1.55 per option (31 December 2017: RMB1.44, RMB1.48 and RMB1.50 per option) each for three tranches with two-year, three-year and four-year vesting periods, respectively. The Group recognised a share option expense of RMB43,779,000 (2017: RMB33,872,000) during the year ended 31 December 2018 in employee benefit expense.

The fair values of the Share Options were estimated as at their respective dates of grant, using a binomial model, taking into account the terms and conditions upon which the options were granted. The following table lists the main inputs to the model used:

	2018	2017
Expected dividend yield (%)	4.08	3.37
Expected volatility (%)	34.72	35.39
Risk-free interest rate (%)	2.19	1.29
Validity period of the share options (year)	10	10
Share price (HK\$ per share)	7.36	6.82
Expected exercise trigger multiple	2.00	2.00

Estimation of the value of the share options is subjective and uncertain as such values are subject to a number of assumptions and with regard to the limitation of the model. The expected volatility is based on the historical volatility reflecting the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome. The expected exercise trigger multiple is also estimated and is not necessarily indicative of the exercise patterns that may occur.

All significant features necessary to be considered for the measurement of fair values of the share options granted in the year were incorporated into such measurement.

At 31 December 2018, the Company had 92,578,005 (31 December 2017: 79,625,722) non-vested share options (including 12,529,229 (31 December 2017: 10,902,192) non-vested share options granted to certain executive directors, 20,613,500 (31 December 2017: 17,964,478) non-vested share options granted to certain employees among five highest paid employees and 27,767,479 (31 December 2017: 24,741,290) non-vested share options granted to certain key management personnel) outstanding under the Share Option Scheme. Should all of them be vested, the exercise in full of the outstanding share options would, under the present capital structure of the Company, result in the issue of 92,578,005 (31 December 2017: 79,625,722) additional ordinary shares of the Company.

At the date of approval of these financial statements, the Company had 121,512,937 (2017: 91,451,321) share options outstanding under the Share Option Scheme, which represented approximately 3.16% (2017: 2.38%) of the Company's shares in issue as at that date.

Notes to Financial Statements

31 December 2018

36. RESTRICTED SHARE AWARD SCHEME

On 11 June 2014, the Board announced that it has adopted a share award scheme (the "Share Award Scheme"), under which some restricted shares (the "Restricted Shares") will be held on trust for the relevant selected grantees (the "Selected Grantees") until such Restricted Shares are vested with the relevant Selected Grantees in accordance with the Share Award Scheme rules. The number of Restricted Shares under the Share Award Scheme shall not exceed 197,544,000, representing 6% of the Company's issued share capital as at the date of approval of the Share Award Scheme by the Board. The Share Award Scheme shall be effective from its adoption until it is terminated by the Board or shareholders in a general meeting.

Pursuant to the rules of the Share Award Scheme, the Company has set up a trust, and a third party company acts as the trustee (the "Trustee"). The Company's shares may be purchased by the Trustee from the market out of cash contributed by the Group and be held in trust for the Selected Grantees until such shares are vested with the Selected Grantees in accordance with the provisions of the Share Award Scheme.

The vesting of the Restricted Shares under the Share Award Scheme is mainly subject to the fulfilment of Company's performance targets, Selected Grantees remaining as an employee of the Group, as well as Selected Grantees achieving a specified level in annual personal performance evaluations.

The following Restricted Shares were outstanding under the Share Award Scheme during the year:

	Number of Restricted Shares
At 1 January 2017	86,891,134
Granted	49,386,000
Vested	(30,581,972)
Forfeited	(1,478,518)
At 31 December 2017 and 1 January 2018	104,216,644
Granted	51,163,896
Vested	(46,323,920)
Forfeited	(1,646,536)
At 31 December 2018	107,410,084

Notes to Financial Statements

31 December 2018

36. RESTRICTED SHARE AWARD SCHEME (continued)

46,323,920 Restricted Shares were vested during the year. The vesting periods of the Restricted Shares outstanding as at the end of the reporting period are as follows:

2018

Number of Restricted Shares	Vesting period
8,531,358	3 July 2015 to 3 July 2019
15,793,665	15 June 2016 to 15 June 2019
16,083,376	20 June 2017 to 20 June 2019
16,083,376	20 June 2017 to 20 June 2020
16,972,760	18 July 2018 to 18 July 2019
16,972,760	18 July 2018 to 18 July 2020
16,972,789	18 July 2018 to 18 July 2021
107,410,084	

2017

Number of Restricted Shares	Vesting period
5,623,443	11 July 2014 to 11 July 2018
8,689,648	3 July 2015 to 3 July 2018
8,689,913	3 July 2015 to 3 July 2019
16,061,959	15 June 2016 to 15 June 2018
16,061,996	15 June 2016 to 15 June 2019
16,363,225	20 June 2017 to 20 June 2018
16,363,225	20 June 2017 to 20 June 2019
16,363,235	20 June 2017 to 20 June 2020
104,216,644	

Notes to Financial Statements

31 December 2018

36. RESTRICTED SHARE AWARD SCHEME (continued)

At 31 December 2018, the Company had 107,410,084 (31 December 2017: 104,216,644) non-vested Restricted Shares (including 14,489,441 (31 December 2017: 14,246,969) non-vested Restricted Shares granted to certain executive directors, 23,909,075 (31 December 2017: 23,624,668) non-vested Restricted Shares granted to certain employees among five highest paid employees and 32,295,232 (31 December 2017: 32,606,673) non-vested Restricted Shares granted to certain key management personnel) outstanding under the Share Award Scheme.

Under the Share Award Scheme, there were non-vested shares of 109,717,026 (31 December 2017: 109,566,946) in total amounting to RMB673,079,000 (31 December 2017: RMB659,384,000), i.e. at a weighted average price of RMB6.13 (2017: RMB6.02), held by the trust at 31 December 2018. The movements of the shares held for the Share Award Scheme are as follows:

	Number of shares	Amount RMB'000
At 1 January 2017	140,148,918	852,459
Vested	(30,581,972)	(193,075)
At 31 December 2017 and 1 January 2018	109,566,946	659,384
Purchase of shares under Share Award Scheme	46,474,000	300,575
Vested	(46,323,920)	(286,880)
At 31 December 2018	109,717,026	673,079

The fair value (measured as at the grant dates) of the Restricted Shares that were outstanding as at 31 December 2018 was RMB577,643,000 (31 December 2017: RMB517,443,000). The weighted average fair values were RMB6.03, RMB5.68, RMB5.06 and RMB4.74 per share (31 December 2017: RMB5.75, RMB4.98, RMB4.82 and RMB4.43 per share) each for four tranches with one-year, two-year, three-year and four-year vesting periods (31 December 2017: for four tranches with one-year, two-year, three-year and four-year vesting periods), respectively. The Group recognised an amount of RMB262,125,000 (2017: RMB220,405,000) in employee benefit expense during the year ended 31 December 2018.

The fair value of the Restricted Shares granted during the year was estimated as at their respective dates of grant, using a binomial model, taking into account the terms and conditions upon which the options were granted. The following table lists the main inputs to the model used:

	2018	2017
Expected dividend yield (%)	4.08	3.37
Share price (HK\$ per share)	7.36	6.82

Notes to Financial Statements

31 December 2018

37. RESERVES

The amounts of the Group's reserves and the movements therein for the current and prior periods are presented in the consolidated statement of changes in equity of the financial statements.

The Group's capital reserve represents the excess of the carrying amounts of capital and capital reserve of the subsidiaries acquired pursuant to the reorganisation as defined in the Prospectus, over the nominal value of the Company's shares issued as consideration plus the amount of borrowings capitalised in excess of the nominal value of shares issued.

Pursuant to the relevant PRC rules and regulations, those PRC subsidiaries which are domestic enterprises in the PRC as are required to transfer no less than 10% of their profits after taxation, as determined under PRC Company Law, to the statutory reserve fund until the balance reaches 50% of the registered capital. The transfer to this statutory reserve fund must be made before the distribution of dividend to shareholders.

Special reserve mainly represents funds set aside for the purpose of certain safety production activities. Pursuant to certain regulations issued by the State Administration of Work Safety of the PRC and other relevant regulatory bodies, the subsidiary, Shanghai Horizon Construction Engineering Equipment Co., Ltd. set aside funds mainly for construction service activities at prescribed rates. These funds can be used for maintenance and/or improvements of safety of these activities, and are not available for distribution to shareholders.

Share-based compensation reserve of the Group comprises the recognition of the equity-settled share-based payments under the Share Option Scheme and the Share Award Scheme which are yet to be exercised. The amount will either be transferred to the share capital account when the related share options or awards are exercised, or be transferred to retained profits should the related options or awards expire or be forfeited.

38. PERPETUAL SECURITIES

On 14 June 2017, the Company issued US\$300,000,000 perpetual capital securities (the "Perpetual Securities") at an initial distribution rate of 4.35% under the US\$4,000,000,000 medium term note and perpetual securities programme updated on 1 June 2017 by the Company. The Perpetual Securities are unsecured.

Distributions of the Perpetual Securities may be paid semi-annually in arrears on 14 June and 14 December of each year (the "Distribution Payment Date") and may be deferred at the discretion of the Company unless a compulsory distribution payment event (including distributions to ordinary shareholders of the Company) has occurred. Following a deferral, arrears of distributions are cumulative.

The Perpetual Capital Securities have no fixed maturity date and are callable at the Company's option in whole on 14 June 2022 (the "First Call Date") or on any Distribution Payment Date falling after the First Call Date at their principal amounts together with any distribution accrued to the date fixed for redemption (including any arrears of distribution and any additional distribution amounts). The applicable distribution rate will be reset, (i) in respect of the period from, and including, the Issue Date to, but excluding, 14 June 2022 (the "First Call Date") at 4.35% per annum (the "Initial Distribution Rate"); and (ii) in respect of the period (A) from, and including, the First Call Date to, but excluding, the immediately following reset date (the "Reset Date") and (B) from, and including, each Reset Date falling after the First Call Date to, but excluding, the immediately following Reset Date, the relevant reset distribution rate shall be the specified US treasury rate as at each relevant Reset Date plus the initial spread 2.62% plus 5.00% per annum.

Notes to Financial Statements

31 December 2018

38. PERPETUAL SECURITIES (continued)

On 6 July 2017, International Far Eastern Leasing Co., Ltd. ("Far Eastern Leasing"), a wholly-owned subsidiary of the Company, completed the issuance of renewable corporate bonds (the "Renewable Bonds") in an amount of RMB5 billion in the PRC. The basic term of the Renewable Bonds will be 3 years (Far Eastern Leasing is entitled to exercise its renewable option at the end of the stipulated basic term and at the end of each renewal period), with a coupon distribution rate of 5.5% per annum.

Distributions of the Renewable Bonds may be paid annually in arrears on 6 July of each year and may be deferred at the discretion of Far Eastern Leasing unless a compulsory distribution payment event (including distributions to shareholders of Far Eastern Leasing) has occurred. Following a deferral, arrears of distributions are cumulative.

On 4 December 2017, King Talent Management Limited ("King Talent"), a wholly-owned subsidiary of the Company, issued US\$400,000,000 guaranteed subordinated perpetual capital securities (the "Guaranteed Perpetual Securities") at an initial distribution rate of 5.60% per annum. The Company has guaranteed on a subordinated basis all sums falling due under the terms of the Guaranteed Perpetual Securities.

The Company may, at its sole discretion, elect to defer (in whole or in part) a Distribution which is otherwise scheduled to be paid by King Talent on a Distribution Payment Date (i.e. 4 June and 4 December of each year, starting from June 4, 2018) to the next Distribution Payment Date prior to the relevant Distribution Payment Date, unless a compulsory distribution payment event (including distributions to ordinary shareholders of the Company) has occurred.

The Guaranteed Perpetual Securities have no fixed maturity date, which may be redeemed at the option of King Talent in whole, but not in part, on the First Reset Date or on any Distribution Payment Date thereafter at their principal amount together with all outstanding arrears of distribution and any Additional Distribution Amounts (if any) and any Distribution accrued to the date fixed for redemption. The distribution rate will be reset for the period (A) from and including the Issue date to, but excluding 4 December 2022 (the "First Reset Date"), the initial distribution rate; (B) for each reset distribution period from and including the First Reset Date to, but excluding 4 December 2037, the relevant reset distribution rate; and (C) for each reset distribution period from and including 4 December 2037 to, but excluding the redemption date of the securities, if any, the relevant reset distribution rate plus 5.00 percent per annum. The relevant reset distribution rate shall be the specified US treasury rate as at each relevant Reset Date plus the initial spread of 3.521%.

In the opinion of the directors, the Group is able to control the delivery of cash or other financial assets to the holders of the Perpetual Capital Securities, the Renewable Bonds and the Guaranteed Perpetual Securities other than an unforeseen liquidation of the Company.

The direct transaction costs attributable to the Perpetual Capital Securities, the Renewable Bonds and the Guaranteed Perpetual Securities amounted to RMB5,451,000, RMB14,892,000 and RMB16,309,000, respectively.

Notes to Financial Statements

31 December 2018

38.PERPETUAL SECURITIES (continued)

For the year ended 31 December 2018, the profits attributable to holders of the Perpetual Capital Securities, the Renewable Bonds and the Guaranteed Perpetual Securities (collectively “Perpetual Securities”) based on the applicable distribution rates, were RMB90,809,000 (2017: RMB47,373,000), RMB263,253,000 (2017: RMB136,736,000), and RMB148,673,000 (2017: RMB11,228,000), respectively, and the distribution made by the Group to the holders of the Perpetual Securities was RMB510,865,000 (2017: RMB81,011,000).

39.BUSINESS COMBINATIONS

In January 2018, the Group acquired 60% of the voting shares of Qinghai Kangle Hospital Company Limited (“Qinghai Kangle Hospital”), 51% of the voting shares of Xinxiang League Hospital Company Limited (“Xinxiang League Hospital”), and 51% of the voting shares of Xianning Matang Hospital Company Limited (“Xianning Matang Hospital”).

In March 2018, the Group acquired 63.5% of the voting shares of Renshou Yunchang Hospital Company Limited (“Renshou Yunchang Hospital”) and 100% of the voting shares of Chengdu Gaoxinyuan Company Limited (“Chengdu Gaoxinyuan”).

In October 2018, the Group acquired 100% of the voting shares of Sihui Wanlong Hospital.Co.,Ltd. (“Sihui Wanlong”) and 100% of the voting shares of Montessori Kinder Garden Tianjin Taolesi Campus (“Tianjin Taolesi”).

All these acquisitions have been accounted for using the acquisition method. The consolidated financial statements include the results of these acquired subsidiaries since their respective acquisition dates.

Notes to Financial Statements

31 December 2018

39. BUSINESS COMBINATIONS (continued)**Acquisition of Qinghai Kangle Hospital**

The fair values of the identifiable assets and liabilities of Qinghai Kangle Hospital as at the date of acquisition were:

	Fair value recognised on acquisition RMB'000
Assets	
Property, plant and equipment	40,482

Notes to Financial Statements

31 December 2018

39. BUSINESS COMBINATIONS (continued)**Acquisition of Tianjin Taolesi**

The fair values of the identifiable assets and liabilities of Tianjin Taolesi as at the date of acquisition were:

	Fair value recognised on acquisition RMB'000
Assets	
Property, plant and equipment	46
Cash	521
Prepayments, other receivables and other assets	93
	660
Liabilities	
Trade payables	(91)
Other payables and accruals	(310)
	(401)
Total identifiable net assets at fair value	259
Goodwill arising on acquisition	10,041
Purchase consideration transferred	10,300
Including: Consideration paid after acquisition	1,545
Consideration to be paid as additional capital injection to the subsidiary	8,755
Analysis of cash flows on acquisition:	
Net cash acquired with the subsidiary (included in cash flows from investing activities)	521
Cash paid	(1,545)
Net outflow of cash and cash equivalents (included in cash flows from investing activities)	(1,024)
Transaction costs of the acquisition (included in cash flows from operating activities)	(65)
	(1,089)

Since the acquisition, Tianjin Taolesi has contributed RMB886,000 to the Group's revenue and a net profit of RMB284,000 to the consolidated profit for the year ended 31 December 2018.

If the acquisitions had taken place at the beginning of the period, revenue of the Group would have been RMB25,520,211,000 and net profit of the Group for the year would have been RMB3,865,881,000.

The goodwill recognised is primarily attributed to the expected synergies and other benefits from combining their assets and activities with those of the Group. The goodwill is not deductible for income tax purposes.

Transaction costs of RMB4,732,000 have been expensed and are included in administrative expenses in the statement of profit or loss.

Notes to Financial Statements

31 December 2018

39. BUSINESS COMBINATIONS (continued)

The assessments of the fair values of the identifiable assets and liabilities of Sihui Wanlong and Tianjin Taolesi are still ongoing and the information of the fair values of the identifiable assets and liabilities is provisional.

The Group acquired Zhengzhou Renji Hospital Company Limited, Shenzhen Xinzonghai Healthcare Investment Company Limited, Siyang Xiehe Hospital Company Limited, Daishan Guanghua Orthopedic Hospital Company Limited, Jinhua Rehabilitation Hospital Company Limited, Meizhou Tieluqiao Hospital Company Limited, Zhaotong Renan Hospital Company Limited and Jinhua BaiKun Yangsheng Yanglao Hospital Company Limited during the year ended 31 December 2017.

40. DISPOSAL OF SUBSIDIARIES

In January 2018, upon the amendments to the partnership agreement, the Group lost its control over Tianjin Yuanyi Kaiyuan Asset Management Centre (Limited Partnership) and Grand Flight Investment Management Co., Ltd., since under the amended partnership agreement the Group no longer had the unilateral ability to direct the relevant activities in these investees, which resulted in the disposal of the subsidiaries. The aforementioned companies changed from subsidiaries to joint ventures of the Group.

Notes to Financial Statements

31 December 2018

42. CONTINGENT LIABILITIES

At 31 December 2018, contingent liabilities that are not provided for in the financial statements were as follows:

	2018 RMB'000	2017 RMB'000
Claimed amounts	2,654	1,199

43. PLEDGE OF ASSETS

Details of the Group's assets pledged for the Group's bank loans and other borrowings are included in Notes 13, 14, 23, 27 and 32, respectively, to the financial statements.

44. OPERATING LEASE ARRANGEMENTS

(a) **As lessor**

The Group leases its equipment, tools and moulds (Note 13 to the financial statements) under operating lease arrangements, with leases negotiated for terms ranging from one to five years. The terms of the leases generally also require the tenants to pay security deposits and provide for periodic rent adjustments according to the then prevailing market conditions.

At 31 December 2018, the Group had total future minimum lease receivables under non-cancellable operating leases with its tenants falling due were as follows:

	2018 RMB'000	2017 RMB'000
Within one year	1,174,081	640,521
In the second to fifth years, inclusive	503,178	274,548
	1,677,259	915,069

Notes to Financial Statements

31 December 2018

44. OPERATING LEASE ARRANGEMENTS (continued)**(b) As lessee**

The Group leases certain properties as its office premises under operating lease arrangements. Leases for properties are negotiated for terms ranging from one to more than five years.

At 31 December 2018, the Group had total future minimum lease payments under non-cancellable operating leases falling due were as follows:

	2018 RMB'000	2017 RMB'000
Within one year	142,361	135,549
In the second to fifth years, inclusive	502,446	365,913
More than five years	395,274	426,857
	1,040,081	928,319

45. COMMITMENTS**(a) Capital commitments**

In addition to the operating lease commitments detailed in Note 44(b) above, the Group had the following capital commitments at the end of the reporting period:

	2018 RMB'000	2017 RMB'000
Contracted, but not provided for:		
Capital expenditure for acquisition of property, plant and machinery	158,361	620,444
Purchase of shareholding	204,049	517,578
	362,410	1,138,022

(b) Credit commitments

The Group's irrevocable credit commitments at the end of the reporting period were as follows:

	2018 RMB'000	2017 RMB'000
Irrevocable credit commitments	9,706,751	8,036,296

At any given time, the Group also has outstanding commitments to extend credit, which are included in irrevocable credit commitments. These commitments are in the form of approved lease contracts, which have yet to be provided at the end of each reporting period.

Notes to Financial Statements

31 December 2018

48. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

Financial instruments not measured at fair value

Financial assets and liabilities not presented at their fair value on the statement of financial position mainly represent cash and cash equivalents, restricted deposits, loans and accounts receivables, financial assets included in deposits, other receivables and other assets, trade and bills payables, financial liabilities included in other payables and accruals, and interest-bearing bank and borrowings.

Fair value estimates are made at a specific point in time based on relevant market information and information about various financial instruments. The following methods and assumptions have been used to estimate the fair value of each class of financial instrument as far as practicable:

Cash and cash balances, current portion of financial assets included in deposits and other receivables, trade and bills payables, short term borrowings and current portion of financial liabilities included in other payables and accruals

Substantially all of the financial assets and liabilities mature within one year from the end of each reporting period and their carrying values approximate to their fair values.

Loans and accounts receivables, interest-bearing bank and other borrowings except for bonds issue and short term borrowings and restricted deposits

Substantially all of the loans and accounts receivables, restricted deposits and interest-bearing bank and other borrowings, except for bonds issued and short term borrowings, are on floating rate terms and bear interest at prevailing market interest rates and their carrying values approximate to their fair values.

Bonds issued

The fair values of the bonds issued are calculated based on a discounted cash flow model that is used based on a current yield curve appropriate for the remaining term to maturity.

The table below summarises the carrying amounts and fair values of bonds issued which are included in interest-bearing bank and other borrowings not presented at fair value on the statement of financial position.

	Carrying amounts		Fair values	
	2018 RMB'000	2017 RMB'000	2018 RMB'000	2017 RMB'000
Financial liabilities				
Bonds	74,394,157	65,600,971	75,300,048	65,146,283

Notes to Financial Statements

31 December 2018

48. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS (continued)

Financial instruments not measured at fair value (continued)

Non-current portion of financial assets included in prepayments deposits and other receivables and non-current portion of financial liabilities included in other payables and accruals

The fair values of the non-current portion of financial assets included in prepayment deposits and other receivables and non-current portion of financial liabilities included in other payables and accruals have been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturities. The difference between the carrying amounts and the fair values of those financial assets and liabilities is not significant.

Financial instruments measured at fair value

Non-deliverable cross-currency swaps and interest rate swaps

Non-deliverable cross-currency swaps and interest rate swaps are measured using valuation techniques similar to the present value calculations of the forward pricing and swap models, which incorporate various market observable inputs including the credit quality of counterparties, foreign exchange spot and forward rates and interest rate curves.

Financial assets at fair value through profit or loss

The valuations of the financial assets at fair value through profit or loss were based on information known to the Group and market conditions existing at the end of the reporting period. The fair values were determined by using appropriate valuation techniques. Valuation techniques include using recent arm's length market transactions, referring to the current market value of another instrument that is substantially the same and making as much use of available and supportable market data as possible.

Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments:

Level 1:	fair values measured based on quoted prices (unadjusted) in active markets for identical assets or liabilities
Level 2:	fair values measured based on valuation techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly
Level 3:	fair values measured based on valuation techniques for which any inputs which have a significant effect on the recorded fair value are not based on observable market data (unobservable inputs)

Notes to Financial Statements

31 December 2018

48. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS (continued)

Fair value hierarchy (continued)

Assets and liabilities measured at fair value

As at 31 December 2018

	Level 1 Quoted prices in active markets RMB'000	Level 2 Significant observable inputs RMB'000	Level 3 Significant unobservable inputs RMB'000	Total RMB'000
Cross-currency interest rate swaps – assets	–	984,879	–	984,879
Forward currency contracts – assets	–	43,299	–	43,299
Interest rate swaps – assets	–	14,601	–	14,601
Cross-currency interest rate swaps – liabilities	–	–	–	–
Forward currency contracts – liabilities	–	(204,537)	–	(204,537)
Interest rate swaps – liabilities	–	(3,317)	–	(3,317)
Financial assets at fair value through profit or loss	–	2,669,404	–	2,669,404

As at 31 December 2017

	Level 1 Quoted prices in active markets RMB'000	Level 2 Significant observable inputs RMB'000	Level 3 Significant unobservable inputs RMB'000	Total RMB'000
Available-for-sale investments – debt investments	–	1,569,887	–	1,569,887
Cross-currency interest rate swaps – assets	–	122,474	–	122,474
Interest rate swaps – assets	–	583	–	583
Cross-currency interest rate swaps – liabilities	–	(112,844)	–	(112,844)
Forward currency contracts – liabilities	–	(131,921)	–	(131,921)
Interest rate swaps – liabilities	–	(15,511)	–	(15,511)

49. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise lease receivables, entrusted loans, trade receivables, trade payables, bank loans, other interest-bearing loans, cash and short term deposits and derivative financial instruments. The main purpose of bank loans and other interest-bearing loans is to finance the Group's operations while other financial assets and liabilities such as lease receivables, entrusted loans, trade receivables and trade payables are directly related to the Group's operating activities.

The Group also enters into derivative transactions, including principally cross-currency interest rate swaps, forward currency contracts and RMB-denominated interest rate swaps. The purpose is to manage the interest rate and currency risks arising from the Group's operations and its sources of finance.

The main risks arising from the Group's financial instruments are interest rate risk, currency risk, credit risk and liquidity risk. The board of directors reviews and agrees policies for managing each of these risks.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's interest-bearing bank and other borrowings, lease receivables and other loans. The Group aims to mitigate such risks by reducing future variability in cash flows or fair value, while balancing the cost of such risk mitigation measure. For example, the Group enters into cash flow and fair value hedges (See Note 22).

Notes to Financial Statements

31 December 2018

49.FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Interest rate risk (continued)

The table below demonstrates the sensitivity to a reasonably possible change in interest rate, with all other variables held constant, to the Group's profit before tax.

The sensitivity of the profit before tax is the effect of the assumed changes in interest rates on profit before tax, based on the financial assets and financial liabilities held at the end of the reporting period subject to repricing within the coming year.

	Increase/(decrease) in profit before tax	
	As at 31 December	
	2018	2017
	RMB'000	RMB'000
Change in basis points		
+100 basis points	127,471	105,105
- 100 basis points	(127,471)	(105,105)

The interest rate sensitivities set out in the tables above are for illustration only and are based on simplified scenarios. The figures represent the effect of the pro forma movements in profit before tax based on the projected yield curve scenarios and the Group's current interest rate risk profile. This effect, however, does not incorporate actions that would be taken by management to mitigate the impact of interest rate risk. The projections above also assume that interest rates of financial instruments with different maturities move by the same amount and, therefore, do not reflect the potential impact on profit before tax in the case where some rates change while others remain unchanged.

Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange relates primarily to the operating activities of the Group (when receipt or payment is settled using a currency that is different from the functional currency).

The Group conducts its businesses mainly in RMB, with certain transactions denominated in US\$, and, to a lesser extent, other currencies. The Group's exposure to treasury operations mainly arises from its transactions in currencies other than RMB. The Group seeks to limit its exposure to foreign currency risk by minimising its net foreign currency position. For example, the Group enters into cross currency interest rate swaps and forward currency contracts to mitigate the currency risk arising from variable cash flows of some of its foreign currency floating rate loans (see Note 22)

Notes to Financial Statements

31 December 2018

49.FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)**Currency risk** (continued)

The exchange rate of RMB to United States Dollar ("US\$") is managed under a floating exchange rate system. The Hong Kong Dollar ("HK\$") exchange rate has been pegged to US\$ and therefore the exchange rate of RMB to HK\$ has fluctuated in line with the changes in the exchange rate of RMB to US\$.

The table below is a sensitivity analysis of exchange rate change of the currency to which the Group had significant exposure on its monetary assets and liabilities and its forecast cash flows. The analysis shows the effect of a reasonably possible movement in the currency rate against RMB, with all other variables held constant, on profit before tax. This effect, however, was based on the assumption that the Group's foreign exchange exposures as at the end of each reporting period were kept unchanged and, therefore, have not incorporated actions that would be taken by the Group to mitigate the adverse impact of this foreign exchange risk.

Group

Currency	Change in currency rate	Increase/(decrease) in profit before tax	
		As at 31 December	
		2018 RMB'000	2017 RMB'000
US\$	+/-1%	24,900/(24,900)	6,042/(6,042)
HK\$	+/-1%	(7,647)/7,647	(5,413)/5,413

Credit risk

Credit risk is the risk of loss arising from a lessee's or counterparty's inability to meet its obligations.

The Group enters into transactions only with recognised and creditworthy third parties. In accordance with the policy of the Group, the Group examines and verifies the credit risk of all customers that the Group has credit transactions with. Besides, the Group monitors and controls the lease receivables regularly to mitigate the risk of significant exposure from bad debts.

Other financial assets of the Group include cash and bank deposits, accounts receivable, notes receivable, derivative financial instruments, entrusted loans and subordinated tranches of asset-backed securities/notes. The credit risk of these financial assets arises from the counterparty's inability to meet its obligations. The maximum exposure to credit risk is equal to the carrying amounts of these assets.

Maximum exposure and year-end staging as at 31 December 2018

The table below shows the credit quality and the maximum exposure to credit risk based on the Group's credit policy, which is mainly based on the customers' creditworthiness information unless other information is available without undue cost or effort, and year-end staging classification as at 31 December 2018. The amounts presented are gross carrying amounts for financial assets and the exposure to credit risk for the financial guarantee contracts.

Notes to Financial Statements

31 December 2018

49. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Credit risk (continued)

	Stage I	Stage II	Stage III	Simplified Approach	Total
	(12-month ECL)	(Lifetime ECL)	(Lifetime ECL – impaired)		
	RMB'000	RMB'000	RMB'000	RMB'000	RMB'000
Contract assets	–	–	–	27,168	27,168
Accounts receivable	–	–	–	1,575,985	1,575,985
Interest-bearing assets	200,042,087	17,461,559	1,391,700	–	218,895,346
Financial assets included in prepayments, other receivables and other assets	3,679,459	–	–	–	3,679,459
Pledged deposits	5,280,123	–	–	–	5,280,123
Cash and cash equivalents	5,269,392	–	–	–	5,269,392
	214,271,061	17,461,559	1,391,700	1,603,153	234,727,473

Note:

Among which, the financial assets falling in stage 1 are mainly credit rated as Pass, except for an amount of interest-bearing assets of RMB8,088,291,000 are credit rated as Special Mention; All of the financial assets falling in stage 2 and stage 3 are credit rated as Special Mention and Non-performing, respectively.

As at 31 December 2017

Credit risk is often greater when lessees are concentrated in one single industry or geographical location or have comparable economic characteristics. Customers of the Group are mainly located in Mainland China. Lessees of the Group are from different industries as follows:

	As at 31 December 2017	
	RMB'000	%
Net lease receivables		
Healthcare	34,318,815	20
Packaging	13,995,007	8
Transportation	17,153,562	10
Infrastructure construction	23,731,482	14
Industrial machinery	16,649,415	10
Education	31,890,059	18
Comprehensive development	11,555,583	7
Electronic information	12,469,955	7
Urban public utilities	11,311,468	6
	173,075,346	100
Less: Impairment provision of lease receivables	(3,539,797)	
Net	169,535,549	

Notes to Financial Statements

31 December 2018

49. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)**Credit risk** (continued)**As at 31 December 2017** (continued)

The customers of the Group are widely dispersed and are engaged in different industries, and in this respect, there is no significant credit risk concentration within the Group.

The quantitative data of exposure to credit risk arising from lease receivables, notes receivable, accounts receivable, entrusted loans, derivative financial instruments and other receivables are set out in Note 23, Note 22 and Note 24 respectively. Note 51 also sets out the details of securitisation transactions, whereby the Group transfers loans and accounts receivable to special purpose entities and acquires some subordinated tranches of those asset-backed securities/notes issued by those special purpose entities. That results in the Group retaining significant portions of credit risk in the transferred loans and accounts receivable.

The analysis of financial assets which are neither past due nor impaired is as follows:

	As at 31 December 2017 RMB'000
Lease receivables	170,187,651
Notes receivable	110,699
Accounts receivable	1,483,897
Factoring receivables	2,735,148
Entrusted loans	14,972,610
Secured loans	61,435
Interest receivables	1,180,870
Derivative financial instruments	123,057
Prepayments, other receivables and other assets	5,438,044
Long term receivables	1,619,511

Notes to Financial Statements

31 December 2018

49. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)**Credit risk** (continued)**As at 31 December 2017** (continued)

As 31 December 2017, the assets which were past due but were not considered impaired amounted to RMB1,430,836,000. The ageing analysis is as follows:

2017	Less than 90 days RMB'000	90 days to 1 year RMB'000	1 year to 3 years RMB'000	Over 3 years RMB'000	Total RMB'000
Loans and accounts receivables	1,430,836	–	–	–	1,430,836

Liquidity risk

Liquidity risk is the risk that funds will not be available to meet the liabilities as they fall due. This may arise from mismatches in amounts or duration with regard to the maturity of financial assets and liabilities.

The Group manages its liquidity risk through daily execution of the following objectives: maintaining the stability of the leasing business, projecting cash flows and evaluating the level of current assets and liquidity of the Group, maintaining an efficient internal fund transfer mechanism.

The tables below summarise the maturity profile of the Group's financial assets and liabilities based on the contractual undiscounted cash flows:

Notes to Financial Statements

31 December 2018

49.FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)**Capital management**

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust dividend payments to shareholders, return capital to shareholders, raise new debt or issue new shares. No changes were made to the objectives, policies or processes for managing capital during the year.

The Group monitors capital using a gearing ratio, which is defined by management as net debt divided by total equity plus net debt. Net debt includes bank and other borrowings. The gearing ratios as at the reporting dates are as follows:

	As at 31 December	
	2018	2017
	RMB'000	RMB'000
Bank and other borrowings	172,514,982	144,899,680
Total equity	39,092,504	36,407,792
Total equity and net debt	211,607,486	181,307,472
Gearing ratio	82%	80%

50.OTHER LIABILITIES

	2018	2017
	RMB'000	RMB'000
Continuing involvement in transferred assets (Note 51)	2,327,322	2,492,078
Payables to non-controlling interests of consolidated structured entities	–	657,851
	2,327,322	3,149,929

Notes to Financial Statements

31 December 2018

51. TRANSFERS OF FINANCIAL ASSETS AND INTERESTS IN THE UNCONSOLIDATED STRUCTURED ENTITIES

The Group enters into securitisation transactions in the normal course of business whereby it transfers loans and accounts receivables to special purpose entities. These special purpose entities are structured entities established with the narrow and well-defined objectives to provide investors opportunities to invest in those loans and accounts receivables and they generally finance the purchase of the loans and accounts receivables by issuing asset-backed securities to investors. The Group assessed and determined that those structured entities need not be consolidated as the Group has no control over them.

The Group may acquire some subordinated tranches of those asset-backed securities/notes and accordingly may retain portions of the risks and rewards of the transferred loans and accounts receivables. The Group would determine whether or not to derecognise the transferred loans and accounts receivables mainly by evaluating the extent to which it retains the risks and rewards of the transferred assets.

During the year ended 31 December 2018, the Group did not transfer loans and accounts receivables to unconsolidated structured entities, which qualified for full derecognition (2017: RMB932,429,000. The Group did not provide liquidity support to these unconsolidated structured entities. There was no exposure to losses).

During the year ended 31 December 2018, the Group also transferred an aggregate carrying amount of RMB16,754,638,000 (2017: RMB32,425,140,000) of loans and accounts receivables to other unconsolidated structured entities, where the Group retained continuing involvement in the transferred assets, therefore, the Group recognized its acquisition of subordinated tranches of such asset-backed securities/notes issued by the structured entities of RMB955,302,000 (2017: RMB1,852,055,000) as other receivables, as well as recognized the transferred assets to the extent of its continuing involvement amounting to RMB955,302,000 (2017: RMB1,852,055,000) as other assets, and associated liabilities amounting to RMB955,302,000 as other liabilities (2017: RMB1,852,055,000). As a result, as at 31 December 2018, the balance of subordinated tranches of asset-backed securities/notes held by the Group amounted to RMB2,327,322,000 (31 December 2017: RMB2,492,078,000). In addition, the balances of continuing involvement in transferred assets and associated liabilities both amounted to RMB2,327,322,000 (31 December 2017: both RMB2,492,078,000), which approximate the maximum exposure to losses from its involvement in such securitisation arrangements and the unconsolidated structured entities.

As a result of the above securitisation transactions, the Group recognised gains of RMB27,619,000 and losses of RMB1,676,000 (2017: gains of RMB42,445,000 and losses of RMB32,616,000) from transfers of loans and accounts receivables.

52. EVENTS AFTER THE REPORTING PERIOD

There was no material subsequent event undertaken by the Group after 31 December 2018.

53. COMPARATIVE AMOUNTS

Certain comparative amounts have been reclassified to conform with the current year's presentation.

Notes to Financial Statements

31 December 2018

54.STATEMENT OF FINANCIAL POSITION OF THE COMPANY

Information about the statement of financial position of the Company at the end of the reporting period is as follows:

	31 December 2018 RMB'000	31 December 2017 RMB'000
NON-CURRENT ASSETS		
Property, plant and equipment	327	707
Investments in subsidiaries	36,300,374	29,831,604
Deferred tax assets	102,802	65,700

54.STATEMENT OF FINANCIAL POSITION OF THE COMPANY (continued)

Note: (continued)

- # The reserve of the Company represents the recognition of the equity-settled share-based payments of the Share Options which are yet to be exercised and the Restricted Shares which are yet to be vested. The amount will either be transferred to the share capital account when the Share Options are exercised or Restricted Share are vested, or be transferred to retained profits should the related options or awards expired.

55.APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the board of directors on 20 March 2019.

Financial Summary

A summary of the results and of the assets, liabilities and non-controlling interests of the Group for the past few financial years as extracted from the published audited financial information and financial statements is set out below.

Business Overview

	For the year ended 31 December				
	2018 RMB'000	2017 RMB'000	2016 RMB'000	2015 RMB'000	2014 RMB'000

To the members of Far East Horizon Limited
(Incorporated in Hong Kong with limited liability)

Opinion

We have audited the consolidated financial statements of Far East Horizon Limited (the "Company") and its subsidiaries (the "Group") set out on pages 134 to 304, which comprise the consolidated statement of financial position as at 31 December 2019, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2019, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Independent auditor's report

Key audit matter	How our audit addressed the key audit matter
<i>Impairment assessment of loans and accounts receivable under HKFRS 9</i>	
<p>The Group's loans and accounts receivable consisted of lease receivables, interest receivables, notes receivable, accounts receivable, factoring receivables, entrusted loans, long-term receivables and secured loans, and accounted for 77.2% of the Group's total assets. The assessment of impairment of such loans and accounts receivable was considered to be a matter of most significance as it required the application of judgement and use of subjective assumptions by management.</p> <p>HKFRS 9 requires the use of the "expected credit loss" ("ECL") model for the measurement of impairment allowances of financial assets. In measuring ECL of loans and accounts receivable under HKFRS 9, management need to apply judgement, make necessary assumptions and select estimation techniques in aspects such as determining whether there are significant increases in credit risk, determining the parameters and the forward-looking adjustments.</p> <p>The accounting policies, disclosures of the allowance for impairment of loans and receivables and the related credit risk are included in note 2.4, note 3, note 22 and note 45 to the consolidated financial statements.</p>	<p>We evaluated and tested the effectiveness of the design and implementation of key controls relating to approval, post approval monitoring, the credit grading management, and loan impairment assessment. We adopted a risk-based sampling approach in our tests of the allowances for impairment of loans and receivables.</p> <p>We selected samples of performing loans considering size, risk factors, industry trends for our tests on the reasonableness of loan grading and measurement of impairment.</p> <p>We evaluated and tested the key parameters of the expected credit loss model, management's major judgements and related assumptions, mainly focusing on the following aspects:</p> <ul style="list-style-type: none"> • Assessing the reasonableness of the expected credit loss model methodology and related parameters, including probability of default, loss given default exposure at default, and significant increase in credit risk; • Assessing the reasonableness of the management's consideration of forward-looking adjustment information when determining expected credit losses, including the use of macroeconomic information and the judgement of adjustments. <p>We also assessed the adequacy of the Group's disclosure of the allowance for impairment of loans and receivables and the related credit risk in note 2.4, note 3, note 22 and note 45 to the consolidated financial statements.</p>
<i>Impairment assessment of goodwill</i>	
<p>As at 31 December 2019, the Group's goodwill amounted to RMB2,322 million, representing 5.6% of net assets. The goodwill arose from the Group's acquisition of companies in recent years. The annual impairment assessment on such goodwill was complex and involved the use of various significant assumptions and estimates in respect of future profitability and discount rates, and others.</p> <p>The accounting policies and disclosures of the impairment assessment of goodwill are included in note 2.4, note 3 and note 15 to the consolidated financial statements.</p>	<p>Our audit procedures included, amongst others, assessing and testing the assumptions, methodologies, and data used by the Group in performing the impairment assessment of goodwill. We involved our valuation specialists in performing these procedures. We specifically focused on assessing the reasonableness of the forecasted future profitability and discount rates used. We also assessed the historical accuracy of the management's forecasts.</p> <p>We also assessed the adequacy of the Group's disclosures included in note 15 to the consolidated financial statements about the key assumptions.</p>

Independent auditor's report

Other information included in the Annual Report

The directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the consolidated financial statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Independent auditor's report

As part of an audit in accordance with HKSAAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Independent auditor's report

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Leung Shing Kit.

CASH AND CASH EQUIVALENTS AT END OF YEAR		3,989,571	5,269,392

Notes to Financial Statements

31 December 2019

1. CORPORATE AND GROUP INFORMATION

Far East Horizon Limited (the “Company”) is a limited liability company which was incorporated in Hong Kong on 15 May 2008. Pursuant to the special resolutions dated 15 October 2008 and 29 November 2010, respectively, the Company changed its name from Fully Ascent Limited to Far Eastern Hong Xin Co., Limited and then to Far East Horizon Limited. The registered office of the Company is located at Suite 6305, 63/F Central Plaza, 18 Harbour Road, Wanchai, Hong Kong.

The Group is principally engaged in the provision of finance to its customers by a wide array of assets under finance lease arrangements, operating lease arrangements, entrusted loan arrangements, factoring, the provision of advisory services, equipment operation business, industrial operation business and other services as approved by the Ministry of Commerce (the “MOFCOM”) of the People’s Republic of China (the “PRC”).

2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for derivative financial instruments and financial assets at fair value through profit or loss which have been measured at fair value. These financial statements are presented in Renminbi (“RMB”) and all values are rounded to the nearest thousand (“RMB’000”) except when otherwise indicated.

Through a group reorganisation (the “Reorganisation”) as set out in the section headed “Our History and Reorganisation” in the Prospectus dated 18 March 2011 for the public listing of the Company’s shares on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”), the Company became the holding company of the companies comprising the Group on 13 March 2009. The Company was listed on the Stock Exchange on 30 March 2011.

Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries (collectively referred to as the “Group”) for the year ended 31 December 2019. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group’s voting rights and potential voting rights.

Notes to Financial Statements

31 December 2019

2.1 BASIS OF PREPARATION (continued)

Basis of consolidation (continued)

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the ordinary shareholders of the parent of the Group, the non-controlling interests and holders of perpetual securities even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following new and revised HKFRSs for the first time for the current year's financial statements.

Amendments to HKFRS 9	<i>Prepayment Features with Negative Compensation</i>
HKFRS 16	<i>Leases</i>
Amendments to HKAS 19	<i>Plan Amendment, Curtailment or Settlement</i>
Amendments to HKAS 28	<i>Long-term Interests in Associates and Joint Ventures</i>
HK(IFRIC)-Int 23	<i>Uncertainty over Income Tax Treatments</i>
<i>Annual Improvements to HKFRSs 2015-2017 Cycle</i>	Amendments to HKFRS 3, HKFRS 11, HKAS 12 and HKAS 23

Notes to Financial Statements

31 December 2019

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

The amendments that are more relevant to the Group are described below, other amendments do not have any significant impact on the Group's financial statements.

- (a) HKFRS 16 replaces HKAS 17 Leases, HK(IFRIC)-Int 4 *Determining whether an Arrangement contains a Lease*, HK(SIC)-Int 15 *Operating Leases – Incentives* and HK(SIC)-Int 27 *Evaluating the Substance of Transactions Involving the Legal Form of a Lease*. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model to recognise and measure right-of-use assets and lease liabilities, except for certain recognition exemptions. Lessor accounting under HKFRS 16 is substantially unchanged from HKAS 17. Lessors continue to classify leases as either operating or finance leases using similar principles as in HKAS 17.

HKFRS 16 did not have any significant impact on leases where the Group is the lessor.

The Group has adopted HKFRS 16 using the modified retrospective method with the date of initial application of 1 January 2019. Under this method, the standard has been applied retrospectively with the cumulative effect of initial adoption recognised as an adjustment to the opening balance of retained profits at 1 January 2019, and the comparative information for 2018 was not restated and continued to be reported under HKAS 17 and related interpretations.

New definition of a lease

Under HKFRS 16, a contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to obtain substantially all of the economic benefits from use of the identified asset and the right to direct the use of the identified asset. The Group elected to use the transition practical expedient allowing the standard to be applied only to contracts that were previously identified as leases applying HKAS 17 and HK(IFRIC)-Int 4 at the date of initial application. Contracts that were not identified as leases under HKAS 17 and HK(IFRIC)-Int 4 were not reassessed. Therefore, the definition of a lease under HKFRS 16 has been applied only to contracts entered into or changed on or after 1 January 2019.

Notes to Financial Statements

31 December 2019

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

(a) (continued)

As a lessee – Leases previously classified as operating leases

Nature of the effect of adoption of HKFRS 16

The Group has lease contracts for various items of property, machinery and other equipment. As a lessee, the Group previously classified leases as either finance leases or operating leases based on the assessment of whether the lease transferred substantially all the rewards and risks of ownership of assets to the Group. Under HKFRS 16, the Group applies a single approach to recognise and measure right-of-use assets and lease liabilities for all leases, except for two elective exemptions for leases of low-value assets (elected on a lease-by-lease basis) and leases with a lease term of 12 months or less (“short-term leases”) (elected by class of underlying asset). Instead of recognising rental expenses under operating leases on a straight-line basis over the lease term commencing from 1 January 2019, the Group recognises depreciation (and impairment, if any) of the right-of-use assets and interest accrued on the outstanding lease liabilities (as finance costs).

Impact on transition

Lease liabilities at 1 January 2019 were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at 1 January 2019. The right-of-use assets were measured at the amount of the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to the lease recognised in the statement of financial position immediately before 1 January 2019.

All these assets were assessed for any impairment based on HKAS 36 on that date. The Group elected to present the right-of-use assets separately in the statement of financial position. This includes the lease assets recognised previously under finance leases of RMB8,721,000 that were reclassified from property, plant and equipment.

The Group has used the following elective practical expedients when applying HKFRS 16 at 1 January 2019:

- Applying the short-term lease exemptions to leases with a lease term that ends within 12 months from the date of initial application
- Using hindsight in determining the lease term where the contract contains options to extend/terminate the lease

As a lessee – Leases previously classified as finance leases

The Group did not change the initial carrying amounts of recognised assets and liabilities at the date of initial application for leases previously classified as finance leases. Accordingly, the carrying amounts of the right-of-use assets and the lease liabilities at 1 January 2019 were the carrying amounts of the recognised assets and liabilities (i.e., finance lease payables) measured under HKAS 17.

Notes to Financial Statements

31 December 2019

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

(a) (continued)

Financial impact at 1 January 2019

The impact arising from the adoption of HKFRS 16 at 1 January 2019 was as follows:

	Increase/(decrease) RMB' 000 (Unaudited)
Assets	
Increase in right-of-use assets	2,388,548
Decrease in property, plant and equipment	(8,721)
Decrease in prepaid land lease payments	(1,546,827)
Increase in total assets	833,000
Liabilities	
Increase in lease liabilities	844,821
Decrease in interest-bearing bank and other borrowings	(11,821)
Increase in total liabilities	833,000

The lease liabilities as at 1 January 2019 reconciled to the operating lease commitments as at 31 December 2018 are as follows:

	RMB' 000 (Unaudited)
Operating lease commitments as at 31 December 2018	1,040,081
Less:	
Commitments relating to short-term leases and those leases with a remaining lease term ending on or before 31 December 2019	(7,238)
Commitments relating to leases of low-value assets	(469)
	1,032,374
Weighted average incremental borrowing rate as at 1 January 2019	4.9%
Discounted operating lease commitments at 1 January 2019	833,000
Add:	
Finance lease liabilities recognised as at 31 December 2018	11,821
Lease liabilities as at 1 January 2019	844,821

Notes to Financial Statements

31 December 2019

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

- (b) HK(IFRIC)-Int 23 addresses the accounting for income taxes (current and deferred) when tax treatments involve uncertainty that affects the application of HKAS 12 (often referred to as “uncertain tax positions”). The interpretation does not apply to taxes or levies outside the scope of HKAS 12, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments. The interpretation specifically addresses (i) whether an entity considers uncertain tax treatments separately; (ii) the assumptions an entity makes about the examination of tax treatments by taxation authorities; (iii) how an entity determines taxable profits or tax losses, tax bases, unused tax losses, unused tax credits and tax rates; and (iv) how an entity considers changes in facts and circumstances. The interpretation did not have any significant impact on the financial position or performance of the Group.

2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and revised HKFRSs that have been issued but are not yet effective, in these financial statements.

Amendments to HKFRS 3	<i>Definition of a Business</i> ¹
Amendments to HKFRS 9, HKAS 39 and HKFRS 7	<i>Interest Rate Benchmark Reform</i> ¹
Amendments to HKFRS 10 and HKAS 28 (2011)	<i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i> ³
HKFRS 17	<i>Insurance Contracts</i> ²
Amendments to HKAS 1 and HKAS 8	<i>Definition of Material</i> ¹

¹ Effective for annual periods beginning on or after 1 January 2020

² Effective for annual periods beginning on or after 1 January 2021

³ No mandatory effective date yet determined but available for adoption

Notes to Financial Statements

31 December 2019

2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

Further information about those HKFRSs that are expected to be applicable to the Group is described below.

Amendments to HKFRS 3 clarify and provide additional guidance on the definition of a business. The amendments clarify that for an integrated set of activities and assets to be considered a business, it must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create output. A business can exist without including all of the inputs and processes needed to create outputs. The amendments remove the assessment of whether market participants are capable of acquiring the business and continue to produce outputs. Instead, the focus is on whether acquired inputs and acquired substantive processes together significantly contribute to the ability to create outputs. The amendments have also narrowed the definition of outputs to focus on goods or services provided to customers, investment income or other income from ordinary activities. Furthermore, the amendments provide guidance to assess whether an acquired process is substantive and introduce an optional fair value concentration test to permit a simplified assessment of whether an acquired set of activities and assets is not a business. The Group expects to adopt the amendments prospectively from 1 January 2020. Since the amendments apply prospectively to transactions or other events that occur on or after the date of first application, the Group will not be affected by these amendments on the date of transition.

Amendments to HKFRS 9, HKAS 39 and HKFRS 7 address the effects of interbank offered rate reform on financial reporting. The amendments provide temporary reliefs which enable hedge accounting to continue during the period of uncertainty before the replacement of an existing interest rate benchmark. In addition, the amendments require companies to provide additional information to investors about their hedging relationships which are directly affected by these uncertainties. The amendments are effective for annual periods beginning on or after 1 January 2020. The Group expects to adopt the amendments prospectively from 1 January 2020. The amendments are not expected to significantly change the current hedge accounting in the Group's financial statements.

Amendments to HKFRS 10 and HKAS 28 (2011) address an inconsistency between the requirements in HKFRS 10 and in HKAS 28 (2011) in dealing with the sale or contribution of assets between an investor and its associate or joint venture. The amendments require a full recognition of a gain or loss when the sale or contribution of assets between an investor and its associate or joint venture constitutes a business. For a transaction involving assets that do not constitute a business, a gain or loss resulting from the transaction is recognised in the investor's profit or loss only to the extent of the unrelated investor's interest in that associate or joint venture. The amendments are to be applied prospectively. The previous mandatory effective date of amendments to HKFRS 10 and HKAS 28 (2011) was removed by the HKICPA in January 2016 and a new mandatory effective date will be determined after the completion of a broader review of accounting for associates and joint ventures. However, the amendments are available for adoption now. The Group has not adopted the amendments yet.

Amendments to HKAS 1 and HKAS 8 provide a new definition of material. The new definition states that information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. The amendments clarify that materiality will depend on the nature or magnitude of information. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users. The Group expects to adopt the amendments prospectively from 1 January 2020. The amendments are not expected to have any significant impact on the Group's financial statements.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments in associates and joint ventures

An associate is an entity in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

The Group's investments in associates and joint ventures are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses. Adjustments are made to bring into line any dissimilar accounting policies that may exist.

The Group's share of the post-acquisition results and other comprehensive income of associates is included in the consolidated statement of profit or loss and consolidated other comprehensive income, respectively. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associates or joint ventures are eliminated to the extent of the Group's investments in the associates, except where unrealised losses provide evidence of an impairment of the asset transferred. Goodwill arising from the acquisition of associates or joint ventures is included as part of the Group's investments in associates or joint ventures.

When an investment in an associate or a joint venture is classified as held for sale, it is accounted for in accordance with HKFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*.

Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts of the acquiree.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Business combinations and goodwill (continued)

If the business combination is achieved in stages, the previously held equity interest is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability is measured at fair value with changes in fair value recognised in profit or loss. Contingent consideration that is classified as equity is not remeasured and subsequent settlement is accounted for within equity.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports in its financial statements provisional amounts for the items for which the accounting is incomplete. During the measurement period, the Group retrospectively adjusts the provisional amounts recognised at the acquisition date to reflect new information obtained about facts and circumstances that existed as of the acquisition date and, if known, would have affected the measurement of the amounts recognised as of that date. During the measurement period, the Group also recognises additional assets or liabilities if new information is obtained about facts and circumstances that existed as of the acquisition date and, if known, would have resulted in the recognition of those assets and liabilities as of that date. The measurement period ends as soon as the Group receives the information it was seeking about facts and circumstances that existed as of the acquisition date or learns that more information is not obtainable. However, the measurement period shall not exceed one year from the acquisition date.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable net assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill at the end of each reporting period. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Business combinations and goodwill (continued)

Where goodwill has been allocated to a cash-generating unit (group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on the disposal. Goodwill disposed of in these circumstances is measured based on the relative value of the operation disposed of and the portion of the cash-generating unit retained.

Fair value measurement

The Group measures its derivative financial instruments at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly
- Level 3 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories, contract assets, deferred tax assets and financial assets), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the statement of profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the statement of profit or loss in the period in which it arises, unless the asset is carried at a revalued amount, in which case the reversal of the impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

Related parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Related parties (continued)

- (b) the party is an entity where any of the following conditions applies:
- (i) the entity and the Group are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the Group are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third party;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Property, plant and equipment and depreciation

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses. When an item of property, plant and equipment is classified as held for sale or when it is part of a disposal group classified as held for sale, it is not depreciated and is accounted for in accordance with HKFRS 5. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the statement of profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property, plant and equipment and depreciation (continued)

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Category	Annual depreciation rate
Leasehold improvements	Shorter of the remaining period of the lease and the useful life of the assets
Buildings	1.90-19.40%
Equipment, tools and moulds	7.00-33.33%
Office equipment and computers	9.00-33.33%
Motor vehicles	9.00-32.33%
Vessels	3.20-10.53%
Others	20.00-50.00%

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in the statement of profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Construction in progress is stated at cost less any impairment losses, and is not depreciated. Cost comprises the direct costs of construction and capitalised borrowing costs on related borrowed funds during the period of construction. Construction in progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Intangible assets (other than goodwill)

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value as at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether the indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is accounted for on a prospective basis.

Leases (applicable from 1 January 2019)

The Group assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(a) Right-of-use assets

Right-of-use assets are recognised at the commencement date of the lease (that is the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease terms and the estimated useful lives of the assets as follows:

Leasehold land	40 to 50 years
Buildings	1 to 17 years
Equipments	5 to 7 years

If ownership of the leased asset transfers to the Group by the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Leases (applicable from 1 January 2019) (continued)

Group as a lessee (continued)

(b) Lease liabilities

Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for termination of a lease, if the lease term reflects the Group exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as an expense in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., a change to future lease payments resulting from a change in an index or rate) or a change in assessment of an option to purchase the underlying asset.

(c) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (that is those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the recognition exemption for leases of low-value assets to leases of office equipment and laptop computers that are considered to be of low value.

Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

Group as a lessor

When the Group acts as a lessor, it classifies at lease inception (or when there is a lease modification) each of its leases as either an operating lease or a finance lease.

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. Rental income is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Leases (applicable from 1 January 2019) (continued)

Group as a lessor (continued)

Leases that transfer substantially all the risks and rewards incidental to ownership of an underlying assets to the lessee are accounted for as finance leases.

At the commencement date, the cost of the leased asset is capitalised at the present value of the lease payments and related payments (including the initial direct costs), and presented as a receivable at an amount equal to the net investment in the lease. The finance costs of such leases are charged to the statement of profit or loss so as to provide a constant periodic rate of charge over the lease terms.

Leases (applicable before 1 January 2019)

Leases that transfer substantially all the rewards and risks of ownership of assets to the Group, other than legal title, are accounted for as finance leases. At the inception of a finance lease, the cost of the leased asset is capitalised at the present value of the minimum lease payments and recorded together with the obligation, excluding the interest element, to reflect the purchase and financing. Assets held under capitalised finance leases, including prepaid land lease payments under finance leases, are included in property, plant and equipment, and depreciated over the shorter of the lease terms and the estimated useful lives of the assets. The finance costs of such leases are charged to the statement of profit or loss so as to provide a constant periodic rate of charge over the lease terms.

Assets acquired through hire purchase contracts of a financing nature are accounted for as finance leases, but are depreciated over their estimated useful lives.

Leases where substantially all the rewards and risks of ownership of assets remain with the lessor are accounted for as operating leases. Where the Group is the lessor, assets leased by the Group under operating leases are included in non-current assets, and rentals receivable under the operating leases are credited to the statement of profit or loss on the straight-line basis over the lease terms. Where the Group is the lessee, rentals payable under operating leases net of any incentives received from the lessor are charged to the statement of profit or loss on the straight-line basis over the lease terms.

Prepaid land lease payments under operating leases are initially stated at cost and subsequently recognised on the straight-line basis over the lease terms.

When the lease payments cannot be allocated reliably between the land and buildings elements, the entire lease payments are included in the cost of the land and buildings as a finance lease in property, plant and equipment.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and other financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financing component, the Group initially measures a financial asset at its fair value, plus in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under HKFRS 15 in accordance with the policies set out for "Revenue recognition" below.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows, while financial assets classified and measured at fair value through other comprehensive income are held within a business model with the objective of both holding to collect contractual cash flows and selling. Financial assets which are not held within the aforementioned business models are classified and measured at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in the statement of profit or loss when the asset is derecognised, modified or impaired.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and other financial assets (continued)

Subsequent measurement (continued)

Financial assets at fair value through other comprehensive income (debt instruments)

For debt investments at fair value through other comprehensive income, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in other comprehensive income. Upon derecognition, the cumulative fair value change recognised in other comprehensive income is recycled to the statement of profit or loss.

Financial assets designated at fair value through other comprehensive income (equity investments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity investments designated at fair value through other comprehensive income when they meet the definition of equity under HKAS 32 *Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to the statement of profit or loss. Dividends are recognised as other income in the statement of profit or loss when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in other comprehensive income. Equity investments designated at fair value through other comprehensive income are not subject to impairment assessment.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the statement of profit or loss.

This category includes derivative instruments and equity investments which the Group had not irrevocably elected to classify at fair value through other comprehensive income. Dividends on equity investments classified as financial assets at fair value through profit or loss are also recognised as other income in the statement of profit or loss when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognised in the statement of profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and other financial assets (continued)

Subsequent measurement (continued)

Financial assets at fair value through profit or loss (continued)

A derivative embedded within a hybrid contract containing a financial asset host is not accounted for separately. The financial asset host together with the embedded derivative is required to be classified in its entirety as a financial asset at fair value through profit or loss.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of financial assets (continued)

General approach

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

At each reporting date, the Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information that is available without undue cost or effort, including historical and forward-looking information.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Debt investments at fair value through other comprehensive income and financial assets at amortised cost are subject to impairment under the general approach and they are classified within the following stages for measurement of ECLs except for trade receivables and contract assets which apply the simplified approach as detailed below.

- Stage 1 – Financial instruments for which credit risk has not increased significantly since initial recognition and for which the loss allowance is measured at an amount equal to 12-month ECLs
- Stage 2 – Financial instruments for which credit risk has increased significantly since initial recognition but that are not credit-impaired financial assets and for which the loss allowance is measured at an amount equal to lifetime ECLs
- Stage 3 – Financial assets that are credit-impaired at the reporting date (but that are not purchased or originated credit-impaired) and for which the loss allowance is measured at an amount equal to lifetime ECLs

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of financial assets (continued)

Simplified approach

For trade receivables and contract assets that do not contain a significant financing component or when the Group applies the practical expedient of not adjusting the effect of a significant financing component, the Group applies the simplified approach in calculating ECLs. Under the simplified approach, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For trade receivables and contract assets that contain a significant financing component and lease receivables, the Group chooses as its accounting policy to adopt the general approach in calculating ECLs with policies as described above.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and bills payables, other payables and accruals and interest-bearing bank and other borrowings.

Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by HKFRS 9. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the statement of profit or loss. The net fair value gain or loss recognised in the statement of profit or loss does not include any interest charged on these financial liabilities.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial liabilities (continued)

Subsequent measurement (continued)

Financial liabilities at fair value through profit or loss (continued)

Financial liabilities designated upon initial recognition as at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in HKFRS 9 are satisfied. Gains or losses on liabilities designated at fair value through profit or loss are recognised in the statement of profit or loss, except for the gains or losses arising from the Group's own credit risk which are presented in other comprehensive income with no subsequent reclassification to the statement of profit or loss. The net fair value gain or loss recognised in the statement of profit or loss does not include any interest charged on these financial liabilities.

Financial liabilities at amortised cost (loans and borrowings)

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in the statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in the statement of profit or loss.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The Group uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risk and interest rate risk, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Derivative financial instruments and hedge accounting (continued)

Initial recognition and subsequent measurement (continued)

Any gains or losses arising from changes in fair value of derivatives are taken directly to the statement of profit or loss, except for the effective portion of cash flow hedges, which is recognised in other comprehensive income and later reclassified to profit or loss when the hedged item affects profit or loss.

For the purpose of hedge accounting, hedges are classified as:

- fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment; or
- cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction, or a foreign currency risk in an unrecognised firm commitment; or
- hedges of a net investment in a foreign operation.

At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting, the risk management objective and its strategy for undertaking the hedge.

The documentation includes identification of the hedging instrument, the hedged item, the nature of the risk being hedged and how the Group will assess whether the hedging relationship meets the hedge effectiveness requirements (including the analysis of sources of hedge ineffectiveness and how the hedge ratio is determined). A hedging relationship qualifies for hedge accounting if it meets all of the following effectiveness requirements:

- There is “an economic relationship” between the hedged item and the hedging instrument.
- The effect of credit risk does not “dominate the value changes” that result from that economic relationship.
- The hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the Group actually hedges and the quantity of the hedging instrument that the Group actually uses to hedge that quantity of hedged item.

Hedges which meet all the qualifying criteria for hedge accounting are accounted for as follows:

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Derivative financial instruments and hedge accounting (continued)

Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised directly in other comprehensive income in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit or loss. The cash flow hedge reserve is adjusted to the lower of the cumulative gain or loss on the hedging instrument and the cumulative change in fair value of the hedged item.

The amounts accumulated in other comprehensive income are accounted for, depending on the nature of the underlying hedged transaction. If the hedged transaction subsequently results in the recognition of a non-financial item, the amount accumulated in equity is removed from the separate component of equity and included in the initial cost or other carrying amount of the hedged asset or liability. This is not a reclassification adjustment and will not be recognised in other comprehensive income for the period. This also applies where the hedged forecast transaction of a non-financial asset or non-financial liability subsequently becomes a firm commitment to which fair value hedge accounting is applied.

For any other cash flow hedges, the amount accumulated in other comprehensive income is reclassified to the statement of profit or loss as a reclassification adjustment in the same period or periods during which the hedged cash flows affect the statement of profit or loss.

If cash flow hedge accounting is discontinued, the amount that has been accumulated in other comprehensive income must remain in accumulated other comprehensive income if the hedged future cash flows are still expected to occur. Otherwise, the amount will be immediately reclassified to the statement of profit or loss as a reclassification adjustment. After the discontinuation, once the hedged cash flow occurs, any amount remaining in accumulated other comprehensive income is accounted for depending on the nature of the underlying transaction as described above.

Fair value hedges

The change in the fair value of a hedging instrument is recognised in the statement of profit or loss as other expenses. The change in the fair value of the hedged item attributable to the risk hedged is recorded as a part of the carrying amount of the hedged item and is also recognised in the statement of profit or loss as other expenses.

For fair value hedges relating to items carried at amortised cost, the adjustment to carrying value is amortised through the statement of profit or loss over the remaining term of the hedge using the effective interest rate method. Effective interest rate amortisation may begin as soon as an adjustment exists and shall begin no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged. If the hedged item is derecognised, the unamortised fair value is recognised immediately in the statement of profit or loss.

When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in the statement of profit or loss. The changes in the fair value of the hedging instrument are also recognised in the statement of profit or loss.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Derivative financial instruments and hedge accounting (continued)

Current versus non-current classification

Derivative instruments that are not designated as effective hedging instruments are classified as current or non-current or separated into a current or non-current portion based on an assessment of the facts and circumstances (i.e., the underlying contracted cash flows).

- Where the Group will hold a derivative as an economic hedge (and does not apply hedge accounting) for a period beyond 12 months after the end of the reporting period, the derivative is classified as non-current (or separated into current and non-current portions) consistently with the classification of the underlying item.
- Embedded derivatives that are not closely related to the host contract are classified consistently with the cash flows of the host contract.
- Derivative instruments that are designated as, and are effective hedging instruments, are classified consistently with the classification of the underlying hedged item. The derivative instruments are separated into current portions and non-current portions only if a reliable allocation can be made.

Treasury shares

Own equity instruments which are required and held by the Company or the Group (treasury shares) are recognised directly in equity at cost. No gain or loss is recognised in the statement of profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instrument.

Perpetual securities

Perpetual securities issued by the Group contain no contractual obligation to deliver cash or another financial asset, or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Group. The Group classifies such perpetual securities issued as an equity instrument. Fees, commissions and other transaction costs of such perpetual securities issuance are deducted from equity. The distributions on perpetual securities are recognised as profit distribution at the time of declaration.

Inventories

Inventories are goods valued at the lower of cost and net realisable value at the end of the reporting period. The cost of inventories issued is determined on the specific identification basis. The difference between the cost and the lower net realisable value is stated as a provision. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs to be incurred to completion and estimated expenses and related taxes necessary to make the sale.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks (including term deposits with original maturity of less than three months), and assets similar in nature to cash, which are not restricted as to use.

Provisions

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the statement of profit or loss.

A contingent liability recognised in a business combination is initially measured at its fair value. Subsequently, it is measured at the higher of (i) the amount that would be recognised in accordance with the general policy for provisions above; and (ii) the amount initially recognised less, when appropriate, the amount of income recognised in accordance with the policy for revenue recognition.

Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income tax (continued)

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and joint ventures, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Group has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Notes to Financial Statements

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the periods necessary to match the grant on a systematic basis to the costs that it is intended to compensate or is deducted in reporting the related expense.

Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to the statement of profit or loss over the expected useful life of the relevant asset by equal annual instalments or deducted from the carrying amount of the asset and released to the statement of profit or loss by way of a reduced depreciation charge.

Revenue recognition

Revenue from contracts with customers

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Group will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

When the contract contains a financing component which provides the customer with a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amount receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Group and the customer at contract inception. When the contract contains a financing component which provides the Group a significant financial benefit for more than one year, revenue recognised under the contract includes the interest expense accreted on the contract liability under the effective interest method. For a contract where the period between the payment by the customer and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in HKFRS 15.

(a) Sale of goods

Revenue from the sale of goods is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue recognition (continued)

Revenue from contracts with customers (continued)

(b) Construction services

Revenue from the provision of construction services is recognised over time, using an input method to measure progress towards complete satisfaction of the service, because the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced. The input method recognises revenue based on the proportion of the actual costs incurred relative to the estimated total costs for satisfaction of the construction services.

(c) Provision of services

Revenue from the provision of services is recognised over the scheduled period on a straight-line basis or at a point in time.

Revenue from other sources

Operating lease income is recognised on a time proportion basis over the lease terms. Variable lease payments that do not depend on an index or a rate are recognised as income in the accounting period in which they are incurred.

Finance lease, factoring and loan interest income

Finance lease, factoring and loan interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial assets.

Other Income

Dividend income is recognised when the shareholders' right to receive payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Contract assets are subject to impairment assessment, details of which are included in the accounting policies for impairment of financial assets.

Contract liabilities

A contract liability is recognised when a payment is received or a payment is due (whichever is earlier) from a customer before the Group transfers the related goods or services. Contract liabilities are recognised as revenue when the Group performs under the contract (i.e., transfers control of the related goods or services to the customer).

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contract costs

Other than the costs which are capitalised as inventories, property, plant and equipment and intangible assets, costs incurred to fulfil a contract with a customer are capitalised as an asset if all of the following criteria are met:

- (a) The costs relate directly to a contract or to an anticipated contract that the entity can specifically identify.
- (b) The costs generate or enhance resources of the entity that will be used in satisfying (or in continuing to satisfy) performance obligations in the future.
- (c) The costs are expected to be recovered.

The capitalised contract costs are amortised and charged to the statement of profit or loss on a systematic basis that is consistent with the pattern of the revenue to which the asset related is recognised. Other contract costs are expensed as incurred.

Share-based payments

The Company operates a share option scheme and a restricted share award scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Employees (including directors) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments ("equity-settled transactions").

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted. The fair value is determined using appropriate valuation models, further details of which are given in note 33 and note 34 to the financial statements.

The cost of equity-settled transactions is recognised in employee benefit expense, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at the end of each reporting period until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to the statement of profit or loss for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Share-based payments (continued)

For awards that do not ultimately vest because non-market performance and/or service conditions have not been met, no expense is recognised. Where awards include a market or non-vesting condition, the transactions are treated as vesting irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

Employee benefits

Salaries and bonuses, social security contributions and other short term employee benefits are accrued in which services have been rendered by the employees of the Group.

The employees of the Company and its subsidiaries which operate in Mainland China are required to participate in a central pension scheme operated by the local municipal government. The entities are required to contribute a certain percentage of their payroll costs to the central pension scheme. The contributions are charged to the statement of profit or loss as they become payable in accordance with the rules of the central pension scheme.

In addition, employees in Mainland China also participate in a defined contribution retirement benefit plan established by the Group (the "Annuity Plan"). The Group and its employees are required to contribute a certain percentage of the employees' previous year's basic salaries to the Annuity Plan. The contribution is charged to the statement of profit or loss when it incurs. The Group pays a fixed contribution into the Annuity Plan and has no obligation to pay further contributions even if the Annuity Plan does not hold sufficient assets to pay all employee benefits.

Contributions to these plans are recognised in the statement of profit or loss as incurred.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, i.e., assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs capitalised. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Dividends

Final dividends are recognised as a liability when they are approved by the shareholders in a general meeting. Proposed final dividends are disclosed in the notes to the financial statements.

Foreign currencies

These financial statements are presented in RMB, which is the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rates of exchange ruling at the end of the reporting period. All differences arising on settlement or translation of monetary items are taken to the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss, respectively).

Where the Group receives or pays advance consideration in a foreign currency and recognises a non-monetary asset or liability, the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it) is the date on which the Group initially recognises the non-monetary asset (such as a prepayment) or non-monetary liability (such as deferred income) arising from the payment or receipt of the advance consideration. If there are multiple payments or receipts in advance of recognising the related item, the Group must determine the transaction date for each payment or receipt of the advance consideration.

Notes to Financial Statements

31 December 2019

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Foreign currencies (continued)

The functional currencies of certain subsidiaries are currencies other than RMB. As at the end of the reporting period, the assets and liabilities of these entities are translated into RMB at the exchange rates ruling at the end of the reporting period and their statements of profit or loss are translated into RMB at the weighted average exchange rates for the year. The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in the statement of profit or loss.

For the purpose of the consolidated statement of cash flows, the cash flows of subsidiaries whose functional currency is other than RMB are translated into RMB at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of entities with a functional currency other than RMB which arise throughout the year are translated into RMB at the weighted average exchange rates for the year.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

Estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

Impairment of goodwill

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the value in use of the cash-generating units to which the goodwill is allocated. Estimating the value in use required the Group to make an estimation of the expected future cash flows from the cash-generating units and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amount of the goodwill at 31 December 2019 was RMB2,321,837,000 (31 December 2018: RMB1,716,527,000). Further details are given in note 15.

Impairment of financial instruments

The measurement of impairment losses under HKFRS 9 across debt instruments recorded at amortised cost or at FVOCI, lease receivables, credit commitments and financial guarantee contracts that are not accounted for at FVTPL requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

Notes to Financial Statements

31 December 2019

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

Estimation uncertainty (continued)

Impairment of financial instruments (continued)

The Group's ECL calculations are outputs of appropriate models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- (i) The Group's internal credit grading model, which assigns PDs to the individual grades
- (ii) The Group's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a lifetime ECL basis and the qualitative assessment
- (iii) Development of ECL models, including the various formulas and the choice of inputs
- (iv) Determination of associations between macroeconomic scenarios and, economic inputs, and the effect on PDs, EADs and LGDs

The Group will regularly review the expected credit loss model in the context of actual loss experience and adjust when necessary.

Impairment of non-financial assets (other than goodwill)

The Group assesses whether there are any indicators of impairment for all non-financial assets (including the right-of-use assets) at the end of each reporting period. Non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. An impairment exists when the carrying value of an asset or a cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The calculation of the fair value less costs of disposal is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing of the asset. When value in use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash-generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

Deferred tax assets and liabilities

Deferred tax assets are recognised for all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies. Where the actual or expected tax positions of the relevant companies of the Group in future are different from the original estimates, such differences will impact on the recognition of deferred tax assets and liabilities and income tax charge in the period in which such estimate has been changed.

Notes to Financial Statements

31 December 2019

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

Estimation uncertainty (continued)

Fair value of financial instruments

For financial instruments where there is no active market, the fair value is determined using appropriate valuation techniques. Such techniques include using recent arm's length market transactions; reference to the current market value of another instrument which is substantially the same; a discounted cash flow analysis; and option pricing models or other valuation models.

Valuation techniques make use of observable market information to the greatest extent, however, when the observable market information cannot be obtained, management will have to make assumptions on the credit risk, market volatility and correlations of the Group and the counterparties, and any changes in these underlying assumptions will affect the fair value of financial instruments.

Share-based payments

Estimating fair value for share-based payment transactions requires determination of an appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including volatility, expected exercise behaviour and dividend yield, etc, and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in note 33 and note 34.

Judgements

In the process of applying the Group's accounting policies, management has made the following judgement, apart from those involving estimations, which has the most significant effect on the amounts recognised in the financial statements:

Classification between finance leases and operating leases

Leases are required to be classified as either finance leases (which transfer substantially all the risks and rewards of ownership, and give rise to asset and liability recognition by the lessee and a receivable by the lessor) and operating leases (which result in asset and liability recognition by the lessee, with the asset remaining recognised by the lessor).

Notes to Financial Statements

31 December 2019

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

Judgements (continued)

Classification between finance leases and operating leases(continued)

Situations that would normally lead to a lease being classified as a finance lease include the following:

- the lease transfers ownership of the asset to the lessee by the end of the lease term;
- the lessee has the option to purchase the asset at a price which is expected to be sufficiently lower than the fair value at the date the option becomes exercisable and, at the inception of the lease, it is reasonably certain that the option will be exercised;
- the lease term is for the major part of the economic life of the asset, even if title is not transferred;
- at the inception of the lease, the present value of the minimum lease payments amounts to at least substantially all of the fair value of the leased asset;
- and the leased assets are of a specialised nature such that only the lessee can use them without major modifications being made.

Significant judgement in determining the lease term of contracts with renewal options

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

The Group includes the renewal period as part of the lease term for leases of buildings due to the significance of these assets to its operations. These leases have a short non-cancellable period and there will be a significant negative effect on operation if a replacement is not readily available.

Notes to Financial Statements

31 December 2019

4. OPERATING SEGMENT INFORMATION

For management purposes, the Group is organised into two operating segments, namely the financial, lease and advisory business and the industrial operation and management business, based on internal organisational structure, management requirement and the internal reporting system:

- The financial, lease and advisory business comprises (a) direct finance leasing; (b) sale-leaseback; (c) factoring; (d) entrusted loans; (e) operating leases and (f) advisory services.
- The industrial operation and management business comprises primarily (a) import and export trade and domestic trade of medical equipment, as well as the provision of trade agency services primarily within the machinery industry; (b) the ship brokerage services; (c) medical engineering; (d) hospital and healthcare management and (e) education consulting and management.

Management monitors the operating results of the Group's business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment information is prepared in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group.

Segment revenue, results and assets mainly include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Intersegment transfers are transacted with reference to the selling prices used for sales made to third parties at the then prevailing market prices.

5. REVENUE, OTHER INCOME AND GAINS (continued)

Revenue from contracts with customers (continued)

(i) Disaggregated revenue information (continued)

Set out below is the reconciliation of the revenue from contracts with customers to the amounts disclosed in the segment information:

For the year ended 31 December 2019

Segments	Financial, lease and advisory RMB' 000	Industrial operation and management RMB' 000	Total RMB' 000
Revenue from contracts with customers			
External customers	4,987,750	4,127,264	9,115,014
Intersegment sales	1,126	7,115	8,241
Intersegment adjustments and eliminations	(1,126)	(7,115)	(8,241)
Total revenue from contracts with customers	4,987,750	4,127,264	9,115,014

For the year ended 31 December 2018

Segments	Financial, lease and advisory RMB' 000	Industrial operation and management RMB' 000	Total RMB' 000
Revenue from contracts with customers			
External customers	5,120,852	2,736,094	7,856,946
Intersegment sales	4,186	38,727	42,913
Intersegment adjustments and eliminations	(4,186)	(38,727)	(42,913)
Total revenue from contracts with customers	5,120,852	2,736,094	7,856,946

Notes to Financial Statements

31 December 2019

5. REVENUE, OTHER INCOME AND GAINS (continued)

Revenue from contracts with customers (continued)

(i) Disaggregated revenue information (continued)

The following table shows the amounts of revenue recognised in the current reporting period that were included in the contract liabilities at the beginning of the reporting period and recognised from performance obligations satisfied in previous periods:

	2019 RMB' 000	2018 RMB' 000
Revenue recognised that was included in contract liabilities at the beginning of the reporting period:		
Service fee income	391,443	607,431
Sale of goods	8,916	8,838
	400,359	616,269

(ii) Performance obligations

Information about the Group's performance obligations is summarised below:

Sale of goods

The performance obligation is satisfied upon delivery of the goods and payment is generally due within 60 to 180 days from delivery.

Construction services

The performance obligation is satisfied over time as services are rendered. A certain percentage of payment is retained by customers until the end of the retention period as the Group's entitlement to the final payment is conditional on the satisfaction of the service quality by the customers over a certain period as stipulated in the contracts.

Notes to Financial Statements

31 December 2019

5. REVENUE, OTHER INCOME AND GAINS (continued)

Revenue from contracts with customers (continued)

(ii) Performance obligations (continued)

Services

The performance obligation is satisfied over time or at a point in time as services are rendered and short-term advances are normally required before rendering the services. Most service contracts are for periods of one year or less, or are billed based on the time incurred.

The amounts of transaction prices allocated to the remaining performance obligations (unsatisfied or partially unsatisfied) as at 31 December are as follows:

	2019 RMB' 000	2018 RMB' 000
Amounts expected to be recognised as revenue:		
Within one year	439,232	426,203
After one year	230,196	212,222
	669,428	638,425

The amounts of transaction prices allocated to the remaining performance obligations which are expected to be recognised as revenue after one year relate to service fee, of which the performance obligations are to be satisfied within 5 to 12 years. All the other amounts of transaction prices allocated to the remaining performance obligations are expected to be recognised as revenue within one year. The amounts disclosed above do not include variable consideration which is constrained.

9. FIVE HIGHEST PAID EMPLOYEES

An analysis of the five highest paid employees within the Group during the year is as follows:

	Number of employees	
	2019	2018
Directors	2	2
Non-directors	3	3
	5	5

The five highest paid employees during the year included two (2018: two) directors, details of whose remuneration are set out in Note 8 above. Details of the remuneration of the remaining three (2018: three) non-directors, highest paid employees for the year are as follows:

	2019	2018
	RMB' 000	RMB' 000
Salaries, allowances and benefits in kind	7,127	7,110
Performance related bonuses	3,900	3,900
Pension scheme contributions	147	150
	11,174	11,160

The number of non-directors, highest paid employees whose remuneration fell within the following bands is as follows:

	Number of employees	
	2019	2018
HK\$3,500,001 to HK\$4,000,000 (Equivalent to RMB3,100,966 to RMB3,543,960)	2	1
HK\$4,000,001 to HK\$4,500,000 (Equivalent to RMB3,543,961 to RMB3,986,955)	–	1
HK\$4,500,001 to HK\$5,000,000 (Equivalent to RMB3,986,957 to RMB4,429,950)	1	1
	3	3

During the year ended 31 December 2019, certain highest paid employees were granted share options and restricted shares, in respect of their services to the Group, under the share option scheme and the restricted share award scheme of the Company, details of which are set out in Note 33 and Note 34 to the financial statements, respectively.

Notes to Financial Statements

31 December 2019

9. FIVE HIGHEST PAID EMPLOYEES (continued)

The Group adopted collective economic-gain bonus schemes (the “Schemes”) since 2014. According to the Schemes, the Group paid a portion of employee bonus to separate funds (the “Employees’ Collectively Owned Funds”). The Employees’ Collectively Owned Funds are collectively owned by employees participating the Scheme until distributed to individual employees. A committee (the “Committee”), elected by the general meeting of employee representatives, is established to be in charge of the management and operation of the Scheme and the determination and distribution of the Employees’ Collectively Owned Funds to all individual participating employees. In the view of the directors, the Employees’ Collectively Owned Funds are not the property of the Company or any of its subsidiaries, and the Group has no rights and obligations in respect of the management and operation of the Employees’ Collectively Owned Funds. During the year ended 31 December 2019, the above information of the five highest paid employees has not taken into employees’ potential entitlement under the Schemes.

10. INCOME TAX

	2019 RMB' 000	2018 RMB' 000
Current – Hong Kong		
Charge for the year	75,787	90,866
Current – Mainland China		
Charge for the year	2,364,300	2,674,708
Deferred tax (Note 25)	(123,514)	(661,132)
Total tax charge for the year	2,316,573	2,104,442

Hong Kong profits tax

Hong Kong profits tax has been provided at the rate of 16.5% (2018: 16.5%) on the estimated assessable profits arising in Hong Kong for the year.

Corporate Income Tax (“CIT”)

The income tax provision of the Group in respect of its operations in Mainland China has been calculated at the tax rate of 25% (2018: 25%) on the estimated assessable profits for the year, based on existing legislation, interpretations and practices in respect thereof.

The State Administration of Taxation announced that enterprises of encouraged industries in the Western Region of PRC would have used a preferential tax rate of 15% from 1 January 2011 to 31 December 2020. Deyang The Fifth Hospital Co., Ltd, Chongqing Yudong Hospital Co., Ltd, Nayong Xinli Hospital Co., Ltd and Chengdu Jinsha Hospital Co., Ltd were recognized to fulfill the aforesaid preferential taxation policy and thus enjoyed a preferential tax rate of 15% since 2016. Zhaotong Renan Hospital Co., Ltd and Qiaojia Renan Hospital Co., Ltd were recognized to fulfill the aforesaid preferential taxation policy and thus enjoyed a preferential tax rate of 15% since 2017.

Notes to Financial Statements

31 December 2019

10. INCOME TAX (continued)

Corporate Income Tax ("CIT") (continued)

On 30 October 2015, Shanghai Horizon Equipment & Engineering Co., Ltd. was recognised as a high-technology enterprise by the Shanghai Science and Technology Commission. Since then, Shanghai Horizon Equipment & Engineering Co., Ltd. has enjoyed a preferential tax rate of 15%. Guangzhou Jinpeng was recognised as a high-technology enterprise in 2017. Since then, Guangzhou Jinpeng has enjoyed a preferential tax rate of 15%.

A reconciliation of the tax charge applicable to profit before tax using the statutory/applicable rates for the jurisdictions in which the Company and the majority of its subsidiaries are domiciled to the tax charge at the effective tax rate is as follows:

	2019 RMB' 000	2018 RMB' 000
Profit before tax	7,144,830	6,492,567
Tax at the statutory income tax rates	1,958,619	1,710,768
Expenses not deductible for tax	62,167	224,296
Income not subject to tax	(76,786)	(52,484)
Adjustment on current income tax in respect of prior years	40,391	23,523
Utilisation of previously unrecognised tax losses	(554)	(7,962)
Unrecognised tax losses	240,509	125,446
Effect of recognition of deductible temporary differences that were not recognised in prior years	–	(6,070)
Effect of withholding tax on interest on intra-group balances	92,227	86,925
Income tax expense as reported in the consolidated statement of profit or loss	2,316,573	2,104,442

The share of tax attributable to associates and joint ventures amounting to approximately RMB114,691,000 (31 December 2018: a credit amount of RMB24,083,000) and a credit amount of RMB10,958,000 (31 December 2018: RMB77,069,000), respectively, is included in "Share of net profits of: Associates" and "Share of net (losses)/profits of: Joint ventures" in the consolidated statement of profit or loss.

Notes to Financial Statements

31 December 2019

11. DIVIDENDS

	2019 RMB' 000	2018 RMB' 000
Proposed final dividend – HK\$0.33 (2018: HK\$0.30) per ordinary share	1,121,968	1,010,551

A final dividend for the year 2019 of HK\$0.33 per share was proposed at the meeting of the Board of directors (“the Board”) held on 24 March 2020. As at 31 December 2019, based on the total number of outstanding ordinary shares of 3,795,465,996 (2018: 3,844,445,611) (excluding the 165,353,030 (2018: 109,717,026) shares held for share award scheme (note 34)), the proposed final dividend amounted to approximately HK\$1,252,504,000 (2018: HK\$1,153,334,000) (equivalent to RMB1,121,968,000 (2018: RMB1,010,551,000)). The proposed final dividend for the year is subject to the approval of the Company’s shareholders at the forthcoming annual general meeting. This proposed dividend is not reflected as a dividend payable in the financial statements.

12. EARNINGS PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE PARENT

The calculation of basic earnings per share for the year is based on the consolidated net profit for the year attributable to ordinary equity holders of the parent and the weighted average number of ordinary shares of 3,807,038,914 (2018: 3,838,383,169) outstanding during the year.

The calculation of the diluted earnings per share amounts is based on the consolidated net profit for the year attributable to ordinary equity holders of the parent. The weighted average number of ordinary shares used in the calculation is the number of ordinary shares in issue during the year, as used in the basic earnings per share calculation, and the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The Group has one category of dilutive potential ordinary shares, namely share options (Note 33), and the number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options.

Notes to Financial Statements

31 December 2019

12. EARNINGS PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE PARENT (continued)

The calculations of basic and diluted earnings per share are based on:

Earnings

	2019 RMB' 000	2018 RMB' 000
Profit attributable to ordinary equity holders of the parent, used in the basic and diluted earnings per share calculations	4,337,602	3,927,472

Shares

	Number of shares	
	2019	2018
Weighted average number of ordinary shares outstanding during the year, used in the basic earnings per share calculation	3,807,038,914	3,838,383,169
Effect of dilution – weighted average number of ordinary shares:		
Share options	6,997,292	3,665,450
Weighted average number of ordinary shares for diluted earnings per share	3,814,036,206	3,842,048,619

For the year ended 31 December 2019, the unvested share options under the Share Option Scheme (Note 33) and the unvested restricted shares under the Restricted Share Award Scheme (Note 34) had no dilutive effect on earnings per share. The Group had no other potentially dilutive ordinary shares in issue. There have been no other transactions involving ordinary shares or potential ordinary shares between the reporting date and the date of approval of these financial statements.

14. LEASES

The Group as a lessee

The Group has lease contracts for various items of buildings and equipment used in its operations. Lump sum payments were made upfront to acquire the leased land from the owners with lease periods of 40 to 50 years, and no ongoing payments will be made under the terms of these land leases. Leases of buildings generally have lease terms between 1 and 17 years, while equipment generally has lease terms between 5 and 7 years or of 12 months or less and/or is individually of low value. Generally, the Group is restricted from assigning and subleasing the leased assets outside the Group.

(a) Prepaid land lease payments (before 1 January 2019)

	2018 RMB' 000
Cost:	
At the beginning of the year	1,383,484
Additions	234,670
Acquisition of subsidiaries	82,794
At the end of the year	1,700,948
Accumulated amortisation:	
At the beginning of the year	(115,742)
Addition	(28,764)
Acquisition of subsidiaries	(9,615)
At the end of the year	(154,121)
Net carrying amount:	
At the end of the year	1,546,827
At the beginning of the year	1,267,742

Notes to Financial Statements

14. LEASES (continued)

The Group as a lessee (continued)

(b) Right-of-use assets

The carrying amounts of the Group's right-of-use assets and the movements during the year are as follows:

	Right-of-use assets			
	Prepaid land lease payments	Buildings	Equipment	Total
	RMB' 000	RMB' 000	RMB' 000	RMB' 000
As at 1 January 2019	1,546,827	833,000	8,721	2,388,548
Additions	54,645	383,548	763,686	1,201,879
Acquisition of subsidiaries	40,911	2,697	73,181	116,789
Impairment	–	(86,691)	–	(86,691)
Depreciation charge	(36,964)	(152,327)	(8,452)	(197,743)
As at 31 December 2019	1,605,419	980,227	837,136	3,422,782

As at 31 December 2019, the Group has obtained all the land ownership certificate, except that the land ownership certificate for two parcels of land with a net book value of RMB181,329,000 was not obtained as at 31 December 2018.

As at 31 December 2019, the Group's leasehold land of approximately RMB889,712,000 (31 December 2018: RMB910,048,000) was pledged to secure general banking facilities granted to the Group.

Notes to Financial Statements

31 December 2019

14. LEASES (continued)

The Group as a lessee (continued)

(c) Lease liabilities

The carrying amount of lease liabilities and the movements during the year are as follows:

	2019	2018
	Lease liabilities	Finance lease payables
	RMB' 000	RMB' 000
Carrying amount at 1 January	844,821	12,027
New leases	1,111,424	–
Additions as a result of acquisition of subsidiaries	66,989	–
Accretion of interest recognised during the year	64,156	1,875
Payments	(214,313)	(2,081)
Carrying amount at 31 December	1,873,077	11,821
Analysed into:		
Current portion	236,375	7,933
Non-current portion	1,636,702	3,888

The maturity analysis of lease liabilities (2018: finance lease payables) is disclosed in note 45 to the financial statements.

(d) The amounts recognised in profit or loss in relation to leases are as follows:

	2019
	RMB' 000
Interest on lease liabilities	64,156
Depreciation charge of right-of-use assets	197,743
Expense relating to short-term leases and other leases with remaining lease terms ended on or before 31 December 2019 (included in administrative expenses)	8,753
Expense relating to leases of low-value assets (included in administrative expenses)	372
Total amount recognised in profit or loss	271,024

(e) The total cash outflow for leases and future cash outflows relating to leases that have not yet commenced are disclosed in note 38(c) and note 41, respectively, to the financial statements

Notes to Financial Statements

31 December 2019

14. LEASES (continued)

The Group as a lessor – operating lease

The Group leases its equipment, tools and moulds under operating lease arrangements. The terms of the leases generally require the tenants to pay security deposits and provide for periodic rent adjustments according to the then prevailing market conditions. Rental income recognised by the Group during the year was RMB1,980,220,000 (2018: RMB1,547,727,000), details of which are included in note 5 to the financial statements.

At 31 December 2019, undiscounted lease payments receivables by the Group in future periods under non-cancellable operating leases with its tenants are as follows:

	2019 RMB' 000	2018 RMB' 000
Within one year	1,370,311	1,174,081
After one year but within two years	410,009	335,452
After two years but within three years	205,005	167,726
After three years but within four years	64,722	–
	2,050,047	1,677,259

15. GOODWILL

	RMB' 000
Cost at 1 January 2018, net of accumulated impairment	1,283,695
Acquisition of subsidiaries (Note 37)	594,057
Impairment during the year	(161,225)
Cost and net carrying amount at 31 December 2018	1,716,527
At 31 December 2018:	
Cost	1,878,452
Accumulated impairment	(161,925)
Net carrying amount	1,716,527
Cost at 1 January 2019, net of accumulated impairment	1,716,527
Acquisition of subsidiaries (Note 37)	723,936
Impairment during the year	(118,626)
Cost and net carrying amount at 31 December 2019	2,321,837
At 31 December 2019:	
Cost	2,602,388
Accumulated impairment	(280,551)
Net carrying amount	2,321,837

Notes to Financial Statements

31 December 2019

15. GOODWILL (Continued)

Goodwill acquired through business combinations is allocated to each acquired subsidiary (Note 37) as the cash-generating units ("CGUs") within medical service industry, educational service industry and electronics industry for impairment testing, which for the purpose of the presentation were grouped as follows:

- Medical service industry;
- Education service industry;
- Electronics industry.

For cash-generating units within medical service industry

The recoverable amount of each CGU within the medical service industry has been determined based on a value-in-use calculation using cash flow projections based on financial budgets covering a five-year period or a longer period which can be justified approved by senior management. The post-tax discount rates applied to the cash flow projections is 14.0% (2018: 14.0%). The implied pre-tax discount rates for the cash flow projections are 16.0% to 17.9% (2018: 15.9% to 19.2%). As at 31 December 2019, the Group assessed the impairment on goodwill and the recoverable amounts exceeded carrying amount, and hence the goodwill was not regarded as impaired (2018: Nil).

For cash-generating units within educational service industry

The recoverable amount of each CGU within the educational service industry has been determined based on a value-in-use calculation using cash flow projections based on financial budgets covering a five-year period approved by senior management. The post-tax discount rate applied to the cash flow projections is 17.0% (2018: 17.0%). The implied pre-tax discount rate for the cash flow projections is 22.3% (2018: 17.0% to 21.4%).

As at 31 December 2019, the Group assessed the impairment on goodwill and determined that the carrying amount of goodwill RMB59,075,000 arising from the acquisition of some kingdergardens and international schools was higher than its recoverable amount RMB5,565,000. Considering the fact that the actual educational service income was below previously expected financial budget, the management thus estimated that the future cash flows of these kingdergardens and international schools would probably be reduced than originally expected, resulting in a decrease in value-in-use calculation. As a result, an impairment loss of approximately RMB53,510,000 (2018: RMB161,225,000) was recognised in the Group's consolidated financial statements for the year ended 31 December 2019.

For cash-generating units within electronics industry

The recoverable amount of CGU within the electronics industry has been determined based on a value-in-use calculation using cash flow projections based on financial budgets covering a five-year period approved by senior management. The post-tax discount rate applied to the cash flow projections is 16.0% (2018: Nil). The implied pre-tax discount rate for the cash flow projections is 21.2% (2018: Nil).

Notes to Financial Statements

31 December 2019

15. GOODWILL (continued)

For cash-generating units within electronics industry (continued)

As at 31 December 2019, the Group assessed the impairment on goodwill and determined that the carrying amount of goodwill RMB65,116,000 arising from the acquisition of an electronics subsidiary was higher than its recoverable amount (Nil). Considering the fact that the actual electronic products income was below previously expected financial budget, the management thus estimated that the future cash flows of the company would probably be reduced than originally expected, resulting in a decrease in value-in-use calculation. As a result, an impairment loss of approximately RMB65,116,000 (2018: Nil) was recognised in the Group's consolidated financial statements for the year ended 31 December 2019.

The carrying amounts of goodwill are as follows:

	2019 RMB' 000	2018 RMB' 000
Medical service industry	2,316,272	1,663,762
Education service industry	5,565	52,765
Total	2,321,837	1,716,527

Assumptions were used in the value in use calculation of each CGU within the medical service industry, educational service industry and electronics industry for 31 December 2019 and 31 December 2018. The following describes each key assumption on which management has based its cash flows projections to undertake impairment testing of goodwill.

Expected gross margin – the basis used to determine the value assigned to the expected gross margin is the gross margin achieved in current year, adjusted for expected growth and other changes, and expected market development.

Discount rates – the discount rates used reflect specific risks relating to the units.

The values assigned to the key assumptions on market development of the medical service industry, the educational service industry and the electronics industry, and the discount rates are comparable to external information sources.

* The decisions about relevant activities that most significantly affect the returns of these investees would be subject to the consents of others (e.g. other shareholders or directors), hence, the ownership interests and powers held by the Group in those investees do not currently grant the Group the unilateral ability to direct the relevant activities in these investees.

The Group's loan and account receivable balances due from the joint ventures are disclosed in Note 22 to the financial statements. There was no recent history of default and past due amounts for loans to joint ventures. As at 31 December 2019 and 2018, the loss allowance was assessed to be minimal.

Kangda and Yuanyi Kaiyuan, which are considered material joint ventures of the Group, are mainly engaged in the development, construction and investment holding business in Mainland China respectively. The aforementioned companies are accounted for using the equity method.

Notes to Financial Statements

31 December 2019

18. INVESTMENTS IN JOINT VENTURES (continued)

The following table illustrates the summarised financial information in respect of Kangda adjusted for any differences in accounting policies and reconciled to the carrying amount of the net assets in the financial statements.

	2019 RMB' 000	2018 RMB' 000
Cash and cash equivalents	56,685	140,975
Other current assets	2,556,516	2,536,304

Profit and total comprehensive attributable to the parent after the Group's investment in the associates	-	104,818	90,126	141,460	-

The following table illustrates the aggregate financial information of the Group's associates that are not individually material:

	2019	2018
	RMB' 000	RMB' 000
Share of the associates' profit for the year	59,918	33,824
Aggregate carrying amount of the Group's investments in the associates	714,731	1,575,088

Notes to Financial Statements

31 December 2019

19. INVESTMENTS IN ASSOCIATES (continued)

The above balances include a total of RMB529,379,000 (31 December 2018: RMB871,628,000) investments held by the Group as an investor in sub-ordinated tranches of several collective fund trusts, whose total funds raised amount to RMB2,700,250,000 (31 December 2018: RMB4,277,520,000), the Group had significant influence over these trusts. These trusts conduct entrusted finance lease and entrusted loan businesses. The maximum exposure of the Group to losses from those investments approximate their carrying amounts.

The Group's loan and account receivable balances due from the associates are disclosed in Note 22 to the financial statements.

20. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

	2019 RMB' 000	2018 RMB' 000
Unlisted equity investments, at fair value	660,905	801,617
Unlisted debt investments, at fair value	3,781,783	1,867,787
	4,442,688	2,669,404

The above equity investments at 31 December 2019 were classified as financial assets at fair value through profit or loss as the Group has not elected to recognise the fair value gain or loss through other comprehensive income. The above debt investments were mandatorily classified as financial assets at fair value through profit or loss as their contractual cash flows are not solely payments of principal and interest.

The above debt investments at 31 December 2019 included a carrying amount of RMB3,669,186,000 (31 December 2018: RMB1,672,901,000) were wealth management products and interests in some asset management products, issued and managed by third party financial institutions. The Group does not have the current ability to direct the activities of those products that significantly affect their returns. The Group's maximum exposure to those debt investments approximate their carrying amounts.

Notes to Financial Statements

Cash flow hedge under HKFRS 9

At 31 December 2019, the Group designated 62 (2018: 36) cross-currency interest rate swap contracts, 14 (2018: 17) forward currency contracts and 4 (2018: Nil) interest rate swap contracts as hedges of future cash flows arising from foreign currency borrowings, details as follows:

At 31 December 2019, the Group had 10 (2018: 7) cross-currency interest rate swaps in place with notional amounts of HK\$3,354,000,000 (2018: HK\$2,106,000,000) whereby the Group receives a floating rate of interest on the HK\$ notional amount at HKD-HIBOR-HKAB and pays a fixed rate of interest on the RMB notional amount at 3.91% to 4.38% per annum. The swaps are being used to hedge the foreign currency and interest rate exposure of 10 floating rate long-term borrowings denominated in HK\$ with the total face value of HK\$3,354,000,000 (2018: HK\$2,106,000,000).

At 31 December 2019, the Group had 50 (2018: 27) cross-currency interest rate swaps in place with notional amounts of US\$4,122,708,000 (2018: US\$2,955,000,000) whereby the Group receives a floating rate of interest on the US\$ notional amount at USD-LIBOR-BBA and pays a fixed rate of interest on the RMB notional amount at 3.35% to 5.70% per annum. The swaps are being used to hedge the foreign currency and interest rate exposure of 50 floating rate long-term borrowings denominated in US\$ with the total face value of US\$4,122,708,000 (2018: US\$2,955,000,000).

Notes to Financial Statements

31 December 2019

21. DERIVATIVE FINANCIAL INSTRUMENTS (continued)

Cash flow hedge under HKFRS 9 (continued)

At 31 December 2019, the Group had 2 (2018: 2) cross-currency interest rate swaps in place with notional amounts of US\$200,000,000 (2018: US\$200,000,000) whereby the Group receives a fixed rate of interest on the US\$ notional amount at 4.38% p.a. and pays a fixed rate of interest on the RMB notional amount at 5.84% and 5.88% per annum. The swaps are being used to hedge the foreign currency exposure of 2 fixed rate long-term borrowings denominated in US\$ with the total face value of US\$200,000,000 (2018: US\$200,000,000).

At 31 December 2019, the Group had 14 (2018:17) forward currency contracts with a total notional amount of US\$517,906,000 (2018: US\$321,100,000, SG\$200,000,000 and AU\$200,000,000) as hedges of future cash flows arising from foreign currency borrowings with the total face value of \$517,906,000 (2018: US\$321,100,000, SG\$200,000,000 and AU\$200,000,000) which will be settled in United States Dollar.

At 31 December 2019, the Group had 4 (2018: Nil) interest rate swaps in place with notional amounts of US\$215,000,000 (2018: Nil) whereby the Group receives a floating rate of interest on the US\$ notional amount at USD-LIBOR-BBA and pays a fixed rate of interest on the US\$ notional amount at 2.34% to 2.47% (2018: Nil) per annum. The swaps are being used to hedge interest rate exposure of 4 floating rate long-term borrowings denominated in US\$ with the total face value of US\$215,000,000 (2018: Nil).

There is an economic relationship between the hedged items and the hedging instruments as the terms of the cross-currency interest rate swap contracts, forward currency contracts and interest rate swaps match the terms of the terms of the borrowing contracts (i.e., notional amount, expected payment date and interest rate). The Group has established a hedge ratio of 1:1 for the hedging relationships as the underlying risks of the cross-currency interest rate swap contracts, forward currency contracts and interest rate swaps are identical to the hedged risk components. To measure the hedge effectiveness, the Group uses the hypothetical derivative method and compares the changes in the fair value of the hedging instruments against the changes in fair value of the hedged items attributable to the hedged risks.

Hedge ineffectiveness can arise from:

- Differences in the timing of the cash flows of the hedged items and the hedging instruments
- Different interest rate curves applied to discount the hedged items and hedging instruments
- The counterparties' credit risks differently impacting the fair value movements of the hedging instruments and hedged items

Notes to Financial Statements

Notes to Financial Statements

31 December 2019

21. DERIVATIVE FINANCIAL INSTRUMENTS (continued)

Fair value hedge under HKFRS 9 – Interest rate risk

At 31 December 2019, the Group had 12 (2018:14) interest rate swap agreements in place with a total notional amount of RMB9,900,000,000 (2018: RMB11,900,000,000) whereby it receives interest at fixed rates of 4.36% to 4.80% per annum and pays interest at variable rates equal to the benchmark interest rate of Renminbi loans of the People's Bank of China on the notional amount. The swaps are used to hedge the exposure to changes in the fair value of the fixed rate long-term bonds. The critical terms of the interest rate swaps substantially match those of the borrowings. These hedges were assessed to be highly effective.

There is an economic relationship between the hedged item and the hedging instrument as the terms of the interest rate swap match the terms of the long-term bonds (i.e., notional amount, maturity, payment and reset dates). The Group has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the interest rate swap is identical to that of the hedged risk component. In assessing the hedge effectiveness, the Group notes that the critical terms of the hedged items and the hedging instruments match each other, and therefore the changes in the fair value of the hedging instrument exactly offset the changes in fair value of the hedged item attributable to the hedged risk.

The hedge ineffectiveness can arise from:

- differences in the timing of interest cash flows of the hedged item and the hedging instrument
- the counterparties' credit risks may impact the fair value movements of the hedging instruments.

22. LOANS AND ACCOUNTS RECEIVABLES (continued)

22d. Movement in provision for interest-earning assets

The Group has applied the general approach to providing for expected credited losses (“ECL”) prescribed by HKFRS 9 from 1 January 2018, which permits the use of either a twelve-month basis or a lifetime basis to record expected credit losses based on an expected credit loss model for interest-earning assets.

The Group has conducted an assessment of ECL according to forward-looking information and used appropriate models and a large number of assumptions in its expected measurement of credit losses. These models and assumptions relate to the future macroeconomic conditions and borrower’s creditworthiness (e.g., the likelihood of default by customers and the corresponding losses). The Group has adopted judgement, assumptions and estimation techniques in order to measure ECL according to the requirements of accounting standards such as criteria for judging significant increases in credit risk, definition of credit-impaired financial asset, parameters for measuring ECL and forward-looking information.

	Year ended 31 December 2019			Total RMB' 000
	Stage I (12-month ECL) RMB' 000	Stage II (Lifetime ECL) RMB' 000	Stage III** (Lifetime ECL- impaired) RMB' 000

At end of the year	3,438,649	1,627,288	469,357	5,535,294

Notes to Financial Statements

31 December 2019

22. LOANS AND ACCOUNTS RECEIVABLES (continued)

22d. Movement in provision for interest-earning assets (continued)

	Year ended 31 December 2018			Total
	Stage I (12-month ECL)	Stage II (Lifetime ECL)	Stage III** (Lifetime ECL- impaired)	
At beginning of the year before adopting HKFRS 9				3,869,018
At beginning of the year after adopting HKFRS 9	2,880,655	478,715	700,180	4,059,550
Impairment losses for the year	689,630*	633,372	619,767	1,942,769
Disposal	(364,689)	–	–	(364,689)
Conversion to Stage I	92,857	(92,857)	–	–
Conversion to Stage II	(157,606)	181,496	(23,890)	–
Conversion to Stage III	–	(15,227)	15,227	–
Write-off	–	–	(605,874)	(605,874)
Recovery of interest-earning assets previously written off	–	–	54,400	54,400
Exchange differences	4,825	2,570	181	7,576
At end of the year	3,145,672	1,188,069	759,991	5,093,732

* This includes RMB1,470,030,000 (2018: RMB1,775,748,000) loss allowance provided for newly originated interest-earning assets, and RMB541,531,000 (2018: RMB1,086,118,000) of loss allowances reversed as a result of repayment of existing interest-earning assets.

** The majority of the interest-earning assets are finance lease receivables, under which the lessor owns the related leased asset, so the finance leases are similar to secured lendings. Among these interest-earning assets, 94% (2018:94%) (in the terms of carrying amount) of the credit-impaired assets falling in stage 3 in the table above are finance lease receivables and hence the related leased assets owned by the Group, such leased assets are similar to security and constitute the main source of collection of impaired assets.

Notes to Financial Statements

31 December 2019

22. LOANS AND ACCOUNTS RECEIVABLES (continued)

22e. An aging analysis of accounts receivable as at the end of the reporting period is as follows:

Accounts receivable are non-interest-earning and are generally on 60-day terms, while the credit terms for major customers can be extended to 180 days.

	31 December 2019 RMB' 000	31 December 2018 RMB' 000
Within 1 year	3,211,588	1,487,678
More than 1 year	619,200	496,180
Total	3,830,788	1,983,858

22f. Movement in provision for accounts receivable

	31 December 2019 RMB' 000	31 December 2018 RMB' 000
At beginning of year	407,873	236,218
Charge for the year	105,593	182,197
Acquisition of a subsidiary	48,030	1,570
Write-off	(7,390)	(11,322)
Exchange differences	–	(790)
At end of year	554,106	407,873

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on aging for groupings of various customer segments with similar loss patterns.

Notes to Financial Statements

31 December 2019

22. LOANS AND ACCOUNTS RECEIVABLES (continued)

22f. Movement in provision for accounts receivable (continued)

Set out below is the information about the credit risk exposure on the Group's accounts receivable using a provision matrix:

As at 31 December 2019

	Aging				Total
	within 1 year	1-2 years	2-3 years	3-5 years	
Gross Carrying amount (RMB' 000)	3,211,588	345,339	147,650	126,211	3,830,788
Expected credit loss (RMB' 000)	199,950	118,085	109,860	126,211	554,106
Average expected credit loss rate	6.23%	34.19%	74.41%	100.00%	

As at 31 December 2018

Impairment allowance		(96,000)	–
		11,580,604	4,716,664
		14,296,467	7,331,976

* The leased assets arise from the situations where the Group had already made payments to vendors or suppliers of machinery and equipment, but the terms of the lease contracts of the said machinery and equipment have not commenced. The Group records these paid amounts under leased assets among its current assets as such assets had already been earmarked for leases to customers. Once the terms of a lease contract commence, the Group ceases to recognise the amount relating to the leased assets and recognise the lease receivables due under the lease contract.

24. CONTRACT ASSETS

	31 December 2019 RMB' 000	31 December 2018 RMB' 000
Contract assets arising from construction services	22,646	27,168
	22,646	27,168

Contract assets are initially recognised for revenue earned from the provision of related construction services as the receipt of consideration is conditional on successful completion of construction. Upon completion of construction and acceptance by the customer, the amounts recognised as contract assets are reclassified to trade receivables.

Notes to Financial Statements

31 December 2019

24. CONTRACT ASSETS (continued)

The expected timing of recovery or settlement for contract assets as at 31 December 2019 is as follows:

	RMB' 000
Within one year	22,646

Notes to Financial Statements

31 December 2019

25. DEFERRED TAX (continued)

For the purpose of the presentation of the consolidated statement of financial position, certain deferred tax assets and liabilities have been offset. The following is an analysis of the deferred tax balances of the Group for financial reporting purposes:

	31 December 2019 RMB' 000 (Audited)	31 December 2018 RMB' 000 (Audited)
Net deferred tax assets recognised in the consolidated statement of financial position	4,181,252	4,031,727
Net deferred tax liabilities recognised in the consolidated statement of financial position	236,648	149,472

As at 31 December 2019, the Group had tax losses arising in Hong Kong of RMB363,410,000 (31 December 2018: RMB273,775,000) that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose and tax losses arising in Mainland China of RMB103,938,000 (31 December 2018: RMB364,656,000) that will expire in one to five years for offsetting against future taxable profits. The Group has recognised deferred tax assets in respect of the tax losses mentioned above. Aside from this, as at 31 December 2019, the Group did not recognise deferred tax assets arising in Mainland China and Hong Kong in respect of unutilised tax losses of RMB1,266,992,000 (31 December 2018: RMB490,941,000) and RMB555,064,000 (31 December 2018: RMB276,628,000), respectively, due to uncertainty in their recoverability.

Pursuant to the resolution of the Company, part of the Mainland China subsidiaries' profits generated from 2012 onwards will be retained by the Mainland China subsidiaries for the use in future operations or investments. In the opinion of the directors, it is probable that the temporary differences relating to the profits that are not expected to be distributed will not reverse in the foreseeable future. As at 31 December 2019, the aggregate amount of unrecognised deferred tax liabilities (i.e., withholding taxes relating to such temporary differences) was approximately RMB903,896,000 (31 December 2018: RMB684,582,000).

Notes to Financial Statements

31 December 2019

26. CASH AND CASH EQUIVALENTS AND RESTRICTED DEPOSITS

	2019 RMB' 000	2018 RMB' 000
Cash and bank balances	9,930,952	10,498,240
Time deposits	25,280	51,275
	9,956,232	10,549,515
Less:		
Pledged deposits	822,709	845,015
Restricted bank deposits related to asset securitisations	4,955,344	4,314,961
Restricted bank deposits related to collective fund trusts	188,608	120,147
Cash and cash equivalents	3,989,571	5,269,392

At the end of the reporting period, the cash and bank balances of the Group denominated in Renminbi ("RMB") amounted to RMB9,459,552,000 (31 December 2018: RMB9,440,130,000). RMB is not freely convertible into other currencies, however, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at either fixed or floating rates based on daily bank deposit rates.

As at 31 December 2019, cash of RMB523,609,000 (31 December 2018: RMB510,222,000) was pledged for bank and other borrowings (Note 30(b)).

As at 31 December 2019, cash of RMB284,181,000 (31 December 2018: RMB319,874,000) was pledged for bank acceptances, letters of credit and others.

As at 31 December 2019, cash of RMB14,919,000 (31 December 2018: RMB14,919,000) was pledged for collective fund trusts.

As at 31 December 2019, cash of RMB253,606,000 (31 December 2018: RMB372,120,000) was deposited with Sinochem Finance Co.,Ltd. a subsidiary of the ultimate holding company of a shareholder with significant influence.

Notes to Financial Statements

31 December 2019

29. OTHER PAYABLES AND ACCRUALS (continued)

29b. Contract Liabilities

Details of contract liabilities as at 31 December 2019 and 1 January 2019 are as follows:

	31 December 2019 RMB' 000	1 January 2019 RMB' 000
Contract liabilities		
Short-term:		
– Sale of goods	–	10,343
– Service fee	439,232	414,930
Long-term:		
– Service fee	230,196	222,505
Total contract liabilities	669,428	647,778

Contract liabilities include short-term advances received to deliver goods and services. The increase in contract liabilities in 2019 was mainly due to the increase in short-term advances received from customers in relation to the provision of services at the end of the year.

	76,835,213	83,506,175
	162,396,266	172,514,982

- (a) As at 31 December 2019, the Group's bank and other borrowings were secured by the pledge of or the transfer of certain of the Group's lease receivables and long-term receivables amounting to RMB8,131,017,000 (31 December 2018: RMB13,747,761,000) and RMB2,706,346,000 (31 December 2018: RMB1,729,420,000), respectively.
- (b) As at 31 December 2019, the Group's bank borrowings amounting to RMB127,610,000 (31 December 2018: RMB18,225,279,000) were secured by the pledge of cash.
- (c) As at 31 December 2019, the Group's bank and other borrowings, secured by the Group's leasehold land, and property, plant and equipment, amounted to RMB801,227,000 (31 December 2018: RMB1,027,489,000). The Group had not provided any guarantees for other entities (31 December 2018: Nil).

Notes to Financial Statements

31 December 2019

31. DEFERRED REVENUE

	Government special subsidies	
	2019	2018
	RMB' 000	RMB' 000
At the beginning of year	981,396	704,862
Additions during the year	702,226	716,241
Amortised to the statement of profit or loss	(629,316)	(439,707)
At the end of year	1,054,306	981,396

(i) **Government special subsidy**

For the year ended 31 December 2019, the Group received a government special subsidy of RMB184,201,000 (2018: RMB199,763,000), which was mainly granted in accordance with the policies on Shanghai Pudong New Area government financial subsidy and the financial support funds for economic development. In addition, the Group also received a government special subsidy of RMB380,177,000 (2018: RMB473,990,000) due to policies to support finance lease industry of the Tianjin Dongjiang bonded port area. In addition, the Group received a government special subsidy of RMB85,990,000 (2018: RMB35,460,000) due to policies of Putuo District to upgrade and develop industrial support fund of enterprises. Those special subsidies are granted for certain purposes only. The amortisation of those special subsidies reduced the expense to which it related or reduced the amortisation charges of the related assets.

32. SHARE CAPITAL

	Number of shares	Amounts HK\$
Issued and fully paid ordinary shares:		
At 31 December 2018 (note (i))	3,954,162,637	13,032,555,000
At 31 December 2019 (note (i))	3,960,819,026	13,085,638,000

Note:

- (i) The Company purchased its own shares through a trust under a share award scheme (Note 34), which were presented as shares held for the share award scheme.

32.SHARE CAPITAL (continued)

A summary of movements in the Company's share capital is as follows:

	Number of shares in issue	Share capital HK\$' 000	Equivalent share capital RMB' 000
At 1 January 2019 and 31 December 2018	3,954,162,637	13,032,555	10,235,373
Share options exercised (note(ii))	6,656,389	53,083	45,839
As at 31 December 2019	3,960,819,026	13,085,638	10,281,212

Note:

- (ii) The subscription rights attaching to 1,441,848, 1,581,462, 2,607,916 and 1,025,163 share options were exercised at the subscription price of HK\$5.86, HK\$7.17, HK\$5.714 and HK\$6.82 per share, respectively (note 33), resulting in the issue of 6,656,389 shares for a total cash consideration, after expenses, of HK\$41,680,000. An amount of HK\$11,403,000 was transferred from the share option reserve to share capital upon the exercise of the share options.

33.SHARE OPTION SCHEME

Pursuant to a resolution in writing passed on 7 July 2014 by the shareholders of the Company, a share option scheme (the "Share Option Scheme") has been adopted by the Company.

The Company operates the Share Option Scheme for the purpose of providing incentives and rewards to eligible participants certain qualified participants who contribute to the success of the Group's operations. Eligible participants of the Share Option Scheme include senior and middle management personnel, as well as other key employees of the Company or any Subsidiary (the "Grantees"). The total number of new shares in respect of which options may be granted under the Share Option Scheme shall not exceed 4% of the Company's issued share capital as at the date of approval of the Share Option Scheme by the shareholders at the General Meeting, which is 131,696,000 shares. The Share Option Scheme will be valid for 10 years from the date of its adoption.

Since the total share options under the 2014 Share Option Scheme have been fully granted, the Company adopted a New Share Option Scheme which was approved by the Shareholders at the AGM on 5 June 2019. The total number of new Shares in respect of which the Share Options may be granted under the New Share Option Scheme shall not exceed 4% of the Company's issued Shares as at the date of approval of the New Share Option Scheme by the Shareholders, which is 158,167,904 Shares.

The offer of a grant of share options ("Share Options") may be accepted upon payment of a nominal consideration of HK\$1 in total by the Grantees subject to any early termination, the share option scheme will remain in force for a period of 10 years commencing on the date on which the share option scheme is approved by the shareholders of the Company. The vesting of the share options is mainly subject to fulfilment of the Company's performance targets, the Grantees remaining at all times after the offer date and on each vesting date as an employee of the Group, as well as the Grantees achieving a specified level in annual personal performance evaluations.

The exercise price in respect of any option shall be such price as determined by the Board or the Administration Committee of the Share Option Scheme and notified to the Grantees and which shall not be less than the higher of: (i) the closing price of the shares on the Stock Exchange as stated in the Stock Exchange's daily quotation sheet on the offer date; (ii) the average of the closing prices of the shares on the Stock Exchange as stated in the Stock Exchange's daily quotation sheets for the five trading days immediately preceding the Offer Date. The Share does not carry nominal value.

Notes to Financial Statements

33.SHARE OPTION SCHEME (Continued)

On 19 July 2019, the Board announced that, the Company has resolved to the 6th offer to grant Share Options to the Grantees under the Share Option Scheme to subscribe for a total of 31,633,581 ordinary shares in the capital of the Company.

Share options outstanding at the end of the year have the following expiry dates and exercise prices:

Expiry date	Exercise price*	Number of share options	
	per share option HK\$	2019	2018
11 July 2024	5.86	7,838,563	9,281,353
3 July 2025	7.17	13,273,029	15,411,202
15 June 2026	5.714	26,459,987	30,708,096
20 June 2027	6.82	29,099,616	32,166,747
18 July 2028	7.36	32,096,814	33,945,539
19 July 2029	7.618	30,422,016	–
		139,190,025	121,512,937

* Movements in the number of the Share Options outstanding and their related weighted average exercise prices granted under the Share Option Scheme during the year are as follows:

Exercise price per share option (HK\$)	Date of grant	Outstanding	Granted during	Forfeited during	Exercised during	Outstanding	Granted during	Forfeited during	Exercised during	Outstanding
		as at 1 January 2018	the year ended 31 December 2018	the year ended 31 December 2018	the year ended 31 December 2018	as at 31 December 2018	the year ended 31 December 2019	the year ended 31 December 2019	the year ended 31 December 2019	as at 31 December 2019

7,838,563 (2018: 9,281,353), 13,273,029 (2018: 10,003,662), 16,550,989 (2018: 9,649,917) and 8,917,194 (2018: Nil) share options which were granted on 11 July 2014, 3 July 2015, 15 June 2016 and 20 June 2017 respectively, were vested and exercisable, but not yet exercised during the year.

Notes to Financial Statements

31 December 2019

33.SHARE OPTION SCHEME (continued)

The fair value (measured as at the grant dates) of the Share Options that were outstanding as at 31 December 2019 was RMB213,024,000 (31 December 2018: RMB185,356,000). The weighted average fair values were RMB1.47, RMB1.51, RMB1.55 and RMB1.55 per option (31 December 2018: RMB1.49, RMB1.53 and RMB1.55 per option) each for four tranches with one-year, two-year, three-year and four-year (31 December 2018: two-year, three-year and four-year) vesting periods, respectively. The Group recognised a share option expense of RMB31,505,000 (2018: RMB43,779,000) during the year ended 31 December 2019 in employee benefit expense.

The fair values of the Share Options were estimated as at their respective dates of grant, using a binomial model, taking into account the terms and conditions upon which the options were granted. The following table lists the main inputs to the model used:

	2019	2018
Expected dividend yield (%)	4.05	4.08
Expected volatility (%)	33.83	34.72
Risk-free interest rate (%)	1.61	2.19
Validity period of the share options (year)	10	10
Share price (HK\$ per share)	7.40	7.36
Expected exercise trigger multiple	2.00	2.00

Estimation of the value of the share options is subjective and uncertain as such values are subject to a number of assumptions and with regard to the limitation of the model. The expected volatility is based on the historical volatility reflecting the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome. The expected exercise trigger multiple is also estimated and is not necessarily indicative of the exercise patterns that may occur.

All significant features necessary to be considered for the measurement of fair values of the share options granted in the year were incorporated into such measurement.

At 31 December 2019, the Company had 92,610,250 (31 December 2018: 92,578,005) non-vested share options (including 12,980,177 (31 December 2018: 12,529,229) non-vested share options granted to certain executive directors, 21,333,989 (31 December 2018: 20,613,500) non-vested share options granted to certain employees among five highest paid employees and 28,330,071 (31 December 2018: 27,767,479) non-vested share options granted to certain key management personnel) outstanding under the Share Option Scheme. Should all of them be vested, the exercise in full of the outstanding share options would, under the present capital structure of the Company, result in the issue of 92,610,250 (31 December 2018: 92,578,005) additional ordinary shares of the Company.

At the date of approval of these financial statements, the Company had 139,190,025 (2018: 121,512,937) share options outstanding under the Share Option Scheme, which represented approximately 3.67% (2018: 3.16%) of the Company's shares in issue as at that date.

Notes to Financial Statements

31 December 2019

34. RESTRICTED SHARE AWARD SCHEME

On 11 June 2014, the Board announced that it has adopted a share award scheme (the "Share Award Scheme"), under which some restricted shares (the "Restricted Shares") will be held on trust for the relevant selected grantees (the "Selected Grantees") until such Restricted Shares are vested with the relevant Selected Grantees in accordance with the Share Award Scheme rules. The number of Restricted Shares under the Share Award Scheme shall not exceed 197,544,000, representing 6% of the Company's issued share capital as at the date of approval of the Share Award Scheme by the Board. The Share Award Scheme shall be effective from its adoption until it is terminated by the Board or shareholders in a general meeting.

Pursuant to the rules of the Share Award Scheme, the Company has set up a trust, and a third party company acts as the trustee (the "Trustee"). The Company's shares may be purchased by the Trustee from the market out of cash contributed by the Group and be held in trust for the Selected Grantees until such shares are vested with the Selected Grantees in accordance with the provisions of the Share Award Scheme.

Since the number of Restricted Shares administered by the Trustee has reached the maximum limit as stipulated in the Share Award Scheme, the Board has resolved to make certain amendments to the Share Award Scheme. The Board resolved to refresh the maximum limit of the Shares as Restricted Shares under the Restricted Share Award Scheme (the "Maximum Award Scheme Limit") to 6% of the total number of issued Shares as at the date of approval of the amendments to the Restricted Share Award Scheme by the Board on 20 March 2019, being 237,251,856 Shares.

The vesting of the Restricted Shares under the Share Award Scheme is mainly subject to the fulfilment of Company's performance targets, Selected Grantees remaining as an employee of the Group, as well as Selected Grantees achieving a specified level in annual personal performance evaluations.

The following Restricted Shares were outstanding under the Share Award Scheme during the year:

	Number of Restricted Shares
At 1 January 2018	104,216,644
Granted	51,163,896
Vested	(46,323,920)
Forfeited	(1,646,536)
At 31 December 2018 and 1 January 2019	107,410,084
Granted	47,450,371
Vested	(54,363,996)
Forfeited	(7,629,794)
At 31 December 2019	92,866,665

Notes to Financial Statements

31 December 2019

34. RESTRICTED SHARE AWARD SCHEME (continued)

54,363,996 Restricted Shares were vested during the year. The vesting periods of the Restricted Shares outstanding as at the end of the reporting period are as follows:

2019

Number of Restricted Shares	Vesting period
15,136,817	20 June 2017 to 20 June 2020
16,048,415	18 July 2018 to 18 July 2020
16,048,415	18 July 2018 to 18 July 2021
15,211,006	19 July 2019 to 19 July 2020
15,211,006	19 July 2019 to 19 July 2021
15,211,006	19 July 2019 to 19 July 2022
92,866,665	

2018

Number of Restricted Shares	Vesting period
8,531,358	3 July 2015 to 3 July 2019
15,793,665	15 June 2016 to 15 June 2019
16,083,376	20 June 2017 to 20 June 2019
16,083,376	20 June 2017 to 20 June 2020
16,972,760	18 July 2018 to 18 July 2019
16,972,760	18 July 2018 to 18 July 2020
16,972,789	18 July 2018 to 18 July 2021
107,410,084	

At 31 December 2019, the Company had 92,866,665 (31 December 2018: 107,410,084) non-vested Restricted Shares (including 12,889,845 (31 December 2018: 14,489,441) non-vested Restricted Shares granted to certain executive directors, 21,172,672 (31 December 2018: 23,909,075) non-vested Restricted Shares granted to certain employees among five highest paid employees and 28,255,128 (31 December 2018: 32,295,232) non-vested Restricted Shares granted to certain key management personnel) outstanding under the Share Award Scheme.

Notes to Financial Statements

31 December 2019

34. RESTRICTED SHARE AWARD SCHEME (continued)

Under the Share Award Scheme, there were shares of 165,353,030 (31 December 2018: 109,717,026) in total amounting to RMB1,070,078,000 (31 December 2018: RMB673,079,000), i.e. at a weighted average price of RMB6.47 (2018: RMB6.13), held by the trust at 31 December 2019. The movements of the shares held for the Share Award Scheme are as follows:

	Number of shares	Amount RMB' 000
At 1 January 2018	109,566,946	659,384
Purchase of shares under Share Award Scheme	46,474,000	300,575
Vested	(46,323,920)	(286,880)
At 31 December 2018 and 1 January 2019	109,717,026	673,079
Purchase of shares under Share Award Scheme	110,000,000	774,973
Vested	(54,363,996)	(377,974)
At 31 December 2019	165,353,030	1,070,078

The fair value (measured as at the grant dates) of the Restricted Shares that were outstanding as at 31 December 2019 was RMB536,900,000 (31 December 2018: RMB577,643,000). The weighted average fair values were RMB6.25, RMB5.88 and RMB5.56 per share (31 December 2018: RMB6.03, RMB5.68, RMB5.06 and RMB4.74 per share) each for four tranches with one-year, two-year and three-year vesting periods (31 December 2018: for four tranches with one-year, two-year, three-year and four-year vesting periods), respectively. The Group recognised an amount of RMB268,161,000 (2018: RMB262,125,000) in employee benefit expense during the year ended 31 December 2019.

The fair value of the Restricted Shares granted during the year was estimated as at their respective dates of grant, using a no-arbitrage model, taking into account the terms and conditions upon which the restricted shares were granted. The following table lists the main inputs to the model used:

	2019	2018
Expected dividend yield (%)	4.05	4.08
Share price (HK\$ per share)	7.40	7.36

Notes to Financial Statements

31 December 2019

35. RESERVES

The amounts of the Group's reserves and the movements therein for the current and prior periods are presented in the consolidated statement of changes in equity of the financial statements.

The Group's capital reserve represents the excess of the carrying amounts of capital and capital reserve of the subsidiaries acquired pursuant to the reorganisation as defined in the Prospectus, over the nominal value of the Company's shares issued as consideration plus the amount of borrowings capitalised in excess of the nominal value of shares issued.

Pursuant to the relevant PRC rules and regulations, those PRC subsidiaries which are domestic enterprises in the PRC as are required to transfer no less than 10% of their profits after taxation, as determined under PRC Company Law, to the statutory reserve fund until the balance reaches 50% of the registered capital. The transfer to this statutory reserve fund must be made before the distribution of dividend to shareholders.

Special reserve mainly represents funds set aside for the purpose of certain safety production activities. Pursuant to certain regulations issued by the State Administration of Work Safety of the PRC and other relevant regulatory bodies, the subsidiary, Shanghai Horizon Construction Engineering Equipment Co., Ltd. set aside funds mainly for construction service activities at prescribed rates. These funds can be used for maintenance and/or improvements of safety of these activities, and are not available for distribution to shareholders.

Share-based compensation reserve of the Group comprises the recognition of the equity-settled share-based payments under the Share Option Scheme and the Share Award Scheme which are yet to be exercised. The amount will be transferred to share capital or shares held for share award scheme when the related Share Options are exercised or Restricted Shares are vested.

36. PERPETUAL SECURITIES

On 14 June 2017, the Company issued US\$300,000,000 perpetual capital securities (the "Perpetual Securities") at an initial distribution rate of 4.35% under the US\$4,000,000,000 medium term note and perpetual securities programme updated on 1 June 2017 by the Company. The Perpetual Securities are unsecured.

Distributions of the Perpetual Securities may be paid semi-annually in arrears on 14 June and 14 December of each year (the "Distribution Payment Date") and may be deferred at the discretion of the Company unless a compulsory distribution payment event (including distributions to ordinary shareholders of the Company) has occurred. Following a deferral, arrears of distributions are cumulative.

Notes to Financial Statements

31 December 2019

36. PERPETUAL SECURITIES (continued)

The Perpetual Capital Securities have no fixed maturity date and are callable at the Company's option in whole on 14 June 2022 (the "First Call Date") or on any Distribution Payment Date falling after the First Call Date at their principal amounts together with any distribution accrued to the date fixed for redemption (including any arrears of distribution and any additional distribution amounts). The applicable distribution rate will be reset, (i) in respect of the period from, and including, the Issue Date to, but excluding, 14 June 2022 (the "First Call Date") at 4.35% per annum (the "Initial Distribution Rate"); and (ii) in respect of the period (A) from, and including, the First Call Date to, but excluding, the immediately following reset date (the "Reset Date") and (B) from, and including, each Reset Date falling after the First Call Date to, but excluding, the immediately following Reset Date, the relevant reset distribution rate shall be the specified US treasury rate as at each relevant Reset Date plus the initial spread 2.62% plus 5.00% per annum.

On 6 July 2017, International Far Eastern Leasing Co., Ltd. ("Far Eastern Leasing"), a wholly-owned subsidiary of the Company, completed the issuance of renewable corporate bonds (the "Renewable Bonds") in an amount of RMB5 billion in the PRC. The basic term of the Renewable Bonds will be 3 years (Far Eastern Leasing is entitled to exercise its renewable option at the end of the stipulated basic term and at the end of each renewal period), with a coupon distribution rate of 5.5% per annum.

Distributions of the Renewable Bonds may be paid annually in arrears on 6 July of each year and may be deferred at the discretion of Far Eastern Leasing unless a compulsory distribution payment event (including distributions to shareholders of Far Eastern Leasing) has occurred. Following a deferral, arrears of distributions are cumulative.

On 4 December 2017, King Talent Management Limited ("King Talent"), a wholly-owned subsidiary of the Company, issued US\$400,000,000 guaranteed subordinated perpetual capital securities (the "Guaranteed Perpetual Securities") at an initial distribution rate of 5.60% per annum. The Company has guaranteed on a subordinated basis all sums falling due under the terms of the Guaranteed Perpetual Securities.

The Company may, at its sole discretion, elect to defer (in whole or in part) a Distribution which is otherwise scheduled to be paid by King Talent on a Distribution Payment Date (i.e. 4 June and 4 December of each year, starting from 4 June, 2018) to the next Distribution Payment Date prior to the relevant Distribution Payment Date, unless a compulsory distribution payment event (including distributions to ordinary shareholders of the Company) has occurred.

The Guaranteed Perpetual Securities have no fixed maturity date, which may be redeemed at the option of King Talent in whole, but not in part, on the First Reset Date or on any Distribution Payment Date thereafter at their principal amount together with all outstanding arrears of distribution and any Additional Distribution Amounts (if any) and any Distribution accrued to the date fixed for redemption. The distribution rate will be reset for the period (A) from and including the Issue date to, but excluding 4 December 2022 (the "First Reset Date"), the initial distribution rate; (B) for each reset distribution period from and including the First Reset Date to, but excluding 4 December 2037, the relevant reset distribution rate; and (C) for each reset distribution period from and including 4 December 2037 to, but excluding the redemption date of the securities, if any, the relevant reset distribution rate plus 5.00 percent per annum. The relevant reset distribution rate shall be the specified US treasury rate as at each relevant Reset Date plus the initial spread of 3.521%.

Notes to Financial Statements

31 December 2019

36. PERPETUAL SECURITIES (continued)

On 24 July 2019, Far Eastern Leasing completed the issuance of perpetual trusted loans (the “Perpetual Loans”) in an amount of RMB49,850,000 in the PRC. The basic term of the Perpetual Loans will be 5 years (Far Eastern Leasing is entitled to exercise its renewable option at the end of the stipulated basic term and at the end of each renewal period), with a coupon distribution rate of 6.0% per annum.

Distributions of the Perpetual Loans may be paid annually in arrears on 24 July of each year and may be deferred at the discretion of Far Eastern Leasing unless a compulsory distribution payment event (including distributions to shareholders of Far Eastern Leasing) has occurred. Following a deferral, arrears of distributions are cumulative.

In the opinion of the directors, the Group is able to control the delivery of cash or other financial assets to the holders of the Perpetual Capital Securities, the Renewable Bonds, the Guaranteed Perpetual Securities and the Perpetual Loans other than an unforeseen liquidation of the Company.

The direct transaction costs attributable to the Perpetual Capital Securities, the Renewable Bonds, the Guaranteed Perpetual Securities and the Perpetual Loans amounted to RMB5,451,000, RMB14,892,000, RMB16,309,000 and RMB64,000, respectively.

For the year ended 31 December 2019, the profits attributable to holders of the Perpetual Capital Securities, the Renewable Bonds, the Guaranteed Perpetual Securities and the Perpetual Loans (collectively “Perpetual Securities”) based on the applicable distribution rates, were RMB92,304,000 (2018:RMB90,809,000), RMB263,253,000 (2018:RMB263,253,000), RMB154,440,000 (2018: RMB148,673,000) and RMB1,338,000 (2018: Nil), respectively, and the distribution made by the Group to the holders of the Perpetual Securities was RMB490,503,000 (2018: RMB510,865,000).

37. BUSINESS COMBINATIONS

In January 2019, the Group acquired 100% of the voting shares of Hongwen Montessori Academy Changsha Campus (“Changsha Qingganlan”).

In February 2019, the Group acquired 100% of the voting shares of Chengdu Jinsha Hospital (“Chengdu Jinsha Hospital”).

In March 2019, the Group acquired 36.62% of the shares of Guangzhou JP-WH precision Circuit Co, Ltd (“Guangzhou Jinpeng”) and held 54.87% of voting power based on agreements with some of its shareholders, 100% of the voting shares of Ningbo Qixu New Energy Technology Company Limited (“Ningbo Qixu”) and 100% of the voting shares of Taizhou Dehong New Energy Technology Company Limited (“Taizhou Dehong”).

Notes to Financial Statements

31 December 2019

37. BUSINESS COMBINATIONS (continued)

In May 2019, the Group acquired 70% of the voting shares of Ningbo Zhenhai Second Hospital ("Zhenhai Second Hospital").

In July 2019, the Group acquired 51% of the voting shares of Zhecheng Hospital of Traditional Chinese Medicine Co., Ltd, 90% of the voting shares of Shanxi Shangtaike New Energy Company Limited ("Shanxi Shangtaike"), 100% of the voting shares of Beijing Yueyang Changsheng New Energy Technology Co. LTD ("Beijing Yueyang Changsheng") and 100% of the voting shares of Hai An Tian Li Yuan New Energy Co. LTD ("Hai An Tian Li Yuan").

In September 2019, the Group acquired 70% of the voting shares of Linghai Dalinghe Hospital Co., Ltd ("Linghai Dalinghe Hospital").

In October 2019, the Group acquired 100% of the voting shares of Beijing Nengrong Jingsheng Electric Power Technology Co. LTD ("Beijing Nengrong Jingsheng").

In December 2019, the Group acquired 52% of the voting shares of Changxing Zhizhou Hospital Co., Ltd ("Changxing Zhizhou Hospital").

All these acquisitions have been accounted for using the acquisition method. The consolidated financial statements include the results of these acquired subsidiaries since their respective acquisition dates.

(c) Total cash outflow for leases

The total cash outflow for leases included in the statement of cash flows is as follows:

	2019 RMB' 000
Within financing activities	(214,313)

Notes to Financial Statements

31 December 2019

39. CONTINGENT LIABILITIES

At 31 December 2019, contingent liabilities that are not provided for in the financial statements were as follows:

	2019 RMB' 000	2018 RMB' 000
Claimed amounts	15,417	2,654

40. PLEDGE OF ASSETS

Details of the Group's assets pledged for the Group's bank loans and other borrowings are included in Notes 13, 14, 22, 26 and 30, respectively, to the financial statements.

41. COMMITMENTS

(a) **Capital commitments**

The Group had the following capital commitments at the end of the reporting period:

	2019 RMB' 000	2018 RMB' 000
Contracted, but not provided for:		
Capital expenditure for acquisition of property, plant and machinery	248,141	158,361
Purchase of shareholding	10,000	204,049
	258,141	362,410

Notes to Financial Statements

31 December 2019

41.COMMITMENTS (continued)

(b) Credit commitments

The Group's irrevocable credit commitments at the end of the reporting period were as follows:

	2019 RMB' 000	2018 RMB' 000
Irrevocable credit commitments	9,713,667	9,706,751

At any given time, the Group also has outstanding commitments to extend credit, which are included in irrevocable credit commitments. These commitments are in the form of approved lease contracts, which have yet to be provided at the end of each reporting period.

(c) Operating lease commitments as at 31 December 2018

The Group leases certain properties as its office premises under operating lease arrangements. Leases for properties are negotiated for terms ranging from one to more than five years.

At 31 December 2018, the Group had total future minimum lease payments under non-cancellable operating leases falling due were as follows:

	2018 RMB' 000
Within one year	142,361
In the second to fifth years, inclusive	502,446
More than five years	395,274
	1,040,081

Notes to Financial Statements

31 December 2019

44. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

Financial instruments not measured at fair value

Financial assets and liabilities not presented at their fair value on the statement of financial position mainly represent cash and cash equivalents, restricted deposits, loans and accounts receivables, financial assets included in deposits, other receivables and other assets, trade and bills payables, financial liabilities included in other payables and accruals, and interest-bearing bank and borrowings.

Fair value estimates are made at a specific point in time based on relevant market information and information about various financial instruments. The following methods and assumptions have been used to estimate the fair value of each class of financial instrument as far as practicable:

Cash and cash balances, current portion of financial assets included in deposits and other receivables, trade and bills payables, short term borrowings and current portion of financial liabilities included in other payables and accruals

Substantially all of the financial assets and liabilities mature within one year from the end of each reporting period and their carrying values approximate to their fair values.

Loans and accounts receivables, interest-bearing bank and other borrowings except for bonds issue and short term borrowings and restricted deposits

Substantially all of the loans and accounts receivables, restricted deposits and interest-bearing bank and other borrowings, except for bonds issued and short term borrowings, are on floating rate terms and bear interest at prevailing market interest rates and their carrying values approximate to their fair values.

Bonds issued

The fair values of the bonds issued are calculated based on a discounted cash flow model that is used based on a current yield curve appropriate for the remaining term to maturity.

The carrying amounts and fair values of the Group's financial instruments, other than those with carrying amounts that reasonably approximate to fair values, are as follows:

	Carrying amounts		Fair values	
	2019 RMB' 000	2018 RMB' 000	2019 RMB' 000	2018 RMB' 000
Financial liabilities				
Bonds issued	67,077,413	74,394,157	67,832,131	75,300,048

Notes to Financial Statements

31 December 2019

44. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS (continued)

Financial instruments not measured at fair value (continued)

Non-current portion of financial assets included in prepayments deposits and other receivables and non-current portion of financial liabilities included in other payables and accruals

The fair values of the non-current portion of financial assets included in prepayment deposits and other receivables and non-current portion of financial liabilities included in other payables and accruals have been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturities. The difference between the carrying amounts and the fair values of those financial assets and liabilities is not significant.

Financial instruments measured at fair value

Non-deliverable cross-currency swaps and interest rate swaps

Non-deliverable cross-currency swaps and interest rate swaps are measured using valuation techniques similar to the present value calculations of the forward pricing and swap models, which incorporate various market observable inputs including the credit quality of counterparties, foreign exchange spot and forward rates and interest rate curves.

Financial assets at fair value through profit or loss

The valuations of the financial assets at fair value through profit or loss were based on information known to the Group and market conditions existing at the end of the reporting period. The fair values were determined by using appropriate valuation techniques. Valuation techniques include using recent arm's length market transactions, referring to the current market value of another instrument that is substantially the same and making as much use of available and supportable market data as possible.

Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments:

- Level 1: fair values measured based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: fair values measured based on valuation techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly
- Level 3: fair values measured based on valuation techniques for which any inputs which have a significant effect on the recorded fair value are not based on observable market data (unobservable inputs)

Notes to Financial Statements

45. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise lease receivables, entrusted loans, trade receivables, trade payables, bank loans, other interest-bearing loans, cash and short term deposits and derivative financial instruments. The main purpose of bank loans and other interest-bearing loans is to finance the Group's operations while other financial assets and liabilities such as lease receivables, entrusted loans, trade receivables and trade payables are directly related to the Group's operating activities.

The Group also enters into derivative transactions, including principally cross-currency interest rate swaps, forward currency contracts and RMB-denominated interest rate swaps. The purpose is to manage the interest rate and currency risks arising from the Group's operations and its sources of finance.

The main risks arising from the Group's financial instruments are interest rate risk, currency risk, credit risk and liquidity risk. The board of directors reviews and agrees policies for managing each of these risks.

Notes to Financial Statements

31 December 2019

45. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's interest-bearing bank and other borrowings, lease receivables and other loans. The Group aims to mitigate such risks by reducing future variability in cash flows or fair value, while balancing the cost of such risk mitigation measure. For example, the Group enters into cash flow and fair value hedges (See Note 21).

The table below demonstrates the sensitivity to a reasonably possible change in interest rate, with all other variables held constant, to the Group's profit before tax.

The sensitivity of the profit before tax is the effect of the assumed changes in interest rates on profit before tax, based on the financial assets and financial liabilities held at the end of the reporting period subject to repricing within the coming year.

	Increase/(decrease) in profit before tax	
	As at 31 December	
	2019	2018
	RMB' 000	RMB' 000
Change in basis points		
+100 basis points	30,798	127,471
- 100 basis points	(30,798)	(127,471)

The interest rate sensitivities set out in the tables above are for illustration only and are based on simplified scenarios. The figures represent the effect of the pro forma movements in profit before tax based on the projected yield curve scenarios and the Group's current interest rate risk profile. This effect, however, does not incorporate actions that would be taken by management to mitigate the impact of interest rate risk. The projections above also assume that interest rates of financial instruments with different maturities move by the same amount and, therefore, do not reflect the potential impact on profit before tax in the case where some rates change while others remain unchanged.

Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange relates primarily to the operating activities of the Group (when receipt or payment is settled using a currency that is different from the functional currency).

The Group conducts its businesses mainly in RMB, with certain transactions denominated in US\$, and, to a lesser extent, other currencies. The Group's exposure to treasury operations mainly arises from its transactions in currencies other than RMB. The Group seeks to limit its exposure to foreign currency risk by minimising its net foreign currency position. For example, the Group enters into cross currency interest rate swaps and forward currency contracts to mitigate the currency risk arising from variable cash flows of some of its foreign currency floating rate loans (see Note 21).

Notes to Financial Statements

31 December 2019

45. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Currency risk (continued)

The exchange rate of RMB to United States Dollar ("US\$") is managed under a floating exchange rate system. The Hong Kong Dollar ("HK\$") exchange rate has been pegged to US\$ and therefore the exchange rate of RMB to HK\$ has fluctuated in line with the changes in the exchange rate of RMB to US\$.

The table below is a sensitivity analysis of exchange rate change of the currency to which the Group had significant exposure on its monetary assets and liabilities and its forecast cash flows. The analysis shows the effect of a reasonably possible movement in the currency rate against RMB, with all other variables held constant, on profit before tax. This effect, however, was based on the assumption that the Group's foreign exchange exposures as at the end of each reporting period were kept unchanged and, therefore, have not incorporated actions that would be taken by the Group to mitigate the adverse impact of this foreign exchange risk.

Group

Currency	Change in currency rate	Increase/(decrease) in profit before tax As at 31 December	
		2019 RMB' 000	2018 RMB' 000
US\$	+/-1%	13,434/(13,434)	24,900/(24,900)
HK\$	+/-1%	(8,080)/8,080	(7,647)/7,647

Credit risk

Credit risk is the risk of loss arising from a lessee's or counterparty's inability to meet its obligations.

The Group enters into transactions only with recognised and creditworthy third parties. In accordance with the policy of the Group, the Group examines and verifies the credit risk of all customers that the Group has credit transactions with. Besides, the Group monitors and controls the lease receivables regularly to mitigate the risk of significant exposure from bad debts.

Other financial assets of the Group include cash and bank deposits, accounts receivable, notes receivable, derivative financial instruments, entrusted loans and subordinated tranches of asset-backed securities/notes, debt investments at fair value through profit or loss. The credit risk of these financial assets arises from the counterparty's inability to meet its obligations. The maximum exposure to credit risk is equal to the carrying amounts of these assets.

Maximum exposure and year-end staging

The table below shows the credit quality and the maximum exposure to credit risk based on the Group's credit policy, which is mainly based on the customers' creditworthiness information unless other information is available without undue cost or effort, and year-end staging classification as at 31 December 2019. The amounts presented are gross carrying amounts for financial assets.

Note:

Among which, the financial assets falling in stage 1 are mainly credit rated as Pass, except for an amount of interest-earning assets of RMB2,762,878,000 (2018: RMB8,088,291,000) are credit rated as Special Mention. All of the financial assets falling in stage 2 and stage 3 are credit rated as Special Mention and Non-performing, respectively.

Concentrations of credit risk are managed by customer/counterparty, by geographical region and by industry sector. The customer bases of the Group's financial assets are widely dispersed in different sectors and industries.

Notes to Financial Statements

31 December 2019

45. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Liquidity risk

Liquidity risk is the risk that funds will not be available to meet the liabilities as they fall due. This may arise from mismatches in amounts or duration with regard to the maturity of financial assets and liabilities.

The Group manages its liquidity risk through daily execution of the following objectives: maintaining the stability of the leasing business, projecting cash flows and evaluating the level of current assets and liquidity of the Group, maintaining an efficient internal fund transfer mechanism.

The tables below summarise the maturity profile of the Group's financial assets and liabilities based on the contractual undiscounted cash flows:

	As at 31 December 2019						
	On demand RMB'000	Less than 3 months RMB'000	3 to less than 12 months RMB'000	1 to 5 years RMB'000	Over 5 years RMB'000	Undated RMB'000	Total RMB'000

Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust dividend payments to shareholders, return capital to shareholders, raise new debt or issue new shares. No changes were made to the objectives, policies or processes for managing capital during the year.

Notes to Financial Statements

31 December 2019

45. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Capital management (continued)

The Group monitors capital using a gearing ratio, which is defined by management as net debt divided by total equity plus net debt. Net debt includes bank and other borrowings. The gearing ratios as at the reporting dates are as follows:

	As at 31 December	
	2019 RMB' 000	2018 RMB' 000
Bank and other borrowings	162,396,266	172,514,982
Total equity	41,534,775	39,092,504
Total equity and net debt	203,931,041	211,607,486
Gearing ratio	80%	82%

46. OTHER NON-CURRENT LIABILITIES

As of 31 December 2019 and 2018, other non-current liabilities represent non-current portion of the liabilities relating to continuing involvement in transferred assets (Note 47).

47. TRANSFERS OF FINANCIAL ASSETS AND INTERESTS IN THE UNCONSOLIDATED STRUCTURED ENTITIES

The Group enters into securitisation transactions in the normal course of business whereby it transfers loans and accounts receivables to special purpose entities. These special purpose entities are structured entities established with the narrow and well-defined objectives to provide investors opportunities to invest in those loans and accounts receivables and they generally finance the purchase of the loans and accounts receivables by issuing asset-backed securities to investors. The Group assessed and determined that those structured entities need not be consolidated as the Group has no control over them.

The Group may hold some subordinated tranches of those asset-backed securities/notes and accordingly may retain portions of the risks and rewards of the transferred loans and accounts receivables. The Group would determine whether or not to derecognise the transferred loans and accounts receivables mainly by evaluating the extent to which it retains the risks and rewards of the transferred assets.

Notes to Financial Statements

31 December 2019

47. TRANSFERS OF FINANCIAL ASSETS AND INTERESTS IN THE UNCONSOLIDATED STRUCTURED ENTITIES (continued)

During the year ended 31 December 2019, the Group transferred an aggregate carrying amount of RMB2,051,039,000 of loans and accounts receivable to third parties, which qualified for full derecognition. Hence, the Group derecognized those assets. The Group did not provide liquidity support to these unconsolidated structured entities. There was no exposure to losses. (2018: Nil)

The Group also transferred loans and accounts receivables to unconsolidated structured entities, where the Group held some subordinated tranches and hence retained continuing involvement in the transferred assets (i.e. loans and accounts receivables amounting to RMB97,543,087,000 as at 31 December 2019). As a result, as at 31 December 2019, the balance of subordinated tranches of asset-backed securities/notes held by the Group amounted to RMB5,850,246,000 (31 December 2018: RMB2,327,322,000). In addition, the balances of continuing involvement in transferred assets and associated liabilities both amounted to RMB5,850,246,000 (31 December 2018: both RMB2,327,322,000), which approximate the maximum exposure to losses from its involvement in such securitisation arrangements and the unconsolidated structured entities.

During the year ended 31 December 2019, as a result of the securitisation transactions, the Group recognised gains of RMB11,612,000 and losses of RMB1,840,000 (2018: gains of RMB27,619,000 and losses of RMB1,676,000) from transfers of loans and accounts receivables.

48. EVENTS AFTER THE REPORTING PERIOD

Since the outbreak of Novel Coronavirus Pneumonia (“COVID-19”) in January 2020, the prevention and control of the COVID-19 has been going on throughout the world. The COVID-19 has certain impacts on the business operation and overall economy in some areas or industries, including in Hubei Province. This may affect the quality or the yields of the interesting-earning assets of the Group, and the degree of the impact depends on the situation and duration of the spread of COVID-19, and implementation of preventive and control measures.

The Group will continue to closely monitor the development of the COVID-19 assess and react actively to its impacts on the financial position and operating results of the Group. Up to the issue date of the consolidated financial statements, the assessment is still in progress.

49. COMPARATIVE AMOUNTS

Certain comparative amounts have been reclassified to conform with the current year’s presentation.

Notes to Financial Statements

To the board of directors of Far East Horizon Limited
(Incorporated in Hong Kong with limited liability)

Introduction

We have reviewed the interim financial information set out on pages 98 to 180, which comprises the condensed consolidated statement of financial position of Far East Horizon Limited (the "Company") and its subsidiaries (the "Group") as at 30 June 2020 and the related condensed consolidated statements of profit or loss, comprehensive income, changes in equity and cash flows for the six-month period then ended, and explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 *Interim Financial Reporting* ("HKAS 34") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"). The directors of the Company are responsible for the preparation and presentation of this interim financial information in accordance with HKAS 34. Our responsibility is to express a conclusion on this interim financial information based on our review. Our report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Scope of Review

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity* issued by the HKICPA. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information is not prepared, in all material respects, in accordance with HKAS 34.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

1. CORPORATE INFORMATION

Far East Horizon Limited (the "Company") is a limited liability company which was incorporated in Hong Kong on 15 May 2008. Pursuant to the special resolutions dated 15 October 2008 and 29 November 2010 respectively, the Company changed its name from Fully Ascent Limited to Far Eastern Hong Xin Co., Limited, and then Far East Horizon Limited. The registered office address of the Company changed from Room 6305, Central Plaza, 18 Harbour Road, Wanchai, Hong Kong to Unit 6608, 66/F, International Commerce Centre, 1 Austin Road West, Kowloon with effect from 31 July 2020.

The Company's shares have been listed on the Main Board of the Stock Exchange of Hong Kong Limited (the "Stock Exchange") since 30 March 2011.

The Group is principally engaged in the provision of finance to its customers by a wide array of assets under finance lease arrangements, operating lease arrangements, entrusted loan arrangements, factoring, the provision of advisory services, equipment operation business, industrial operation business and other services as approved by the Ministry of Commerce (the "MOFCOM") of the People's Republic of China (the "PRC").

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES

2.1 Basis of preparation

The interim condensed consolidated financial information for the six months ended 30 June 2020 has been prepared in accordance with HKAS 34 *Interim Financial Reporting*. The interim condensed consolidated financial information does not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2019.

The financial information relating to the year ended 31 December 2019 that is included in the interim condensed consolidated statement of financial position as comparative information does not constitute the Company's statutory annual consolidated financial statements for that year but is derived from those financial statements. Further information relating to those statutory financial statements required to be disclosed in accordance with section 436 of the Hong Kong Companies Ordinance is as follows:

The Company has delivered the financial statements for the year ended 31 December 2019 to the Registrar of Companies as required by section 662(3) of, and Part 3 of Schedule 6 to, the Hong Kong Companies Ordinance. The Company's auditors have reported on the financial statements for the year ended 31 December 2019. The auditor's report was unqualified; and did not contain a statement under sections 406(2), 407(2) or 407(3) of the Hong Kong Companies Ordinance.

The interim condensed consolidated financial information is presented in Renminbi ("RMB") and all values are rounded to the nearest thousand ("RMB'000") except when otherwise indicated.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)

2.2 Changes in accounting policies and disclosures

The accounting policies adopted in the preparation of the interim condensed consolidated financial information are consistent with those applied in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2019, except for the adoption of the following revised Hong Kong Financial Reporting Standards ("HKFRSs") for the first time for the current period's financial information.

Amendments to HKFRS 3	<i>Definition of a Business</i>
Amendments to HKFRS 9, HKAS 39 and HKFRS 7	<i>Interest Rate Benchmark Reform</i>
Amendment to HKFRS 16	<i>Covid-19-Related Rent Concessions</i> (early adopted)
Amendments to HKAS 1 and HKAS 8	<i>Definition of Material</i>

The nature and impact of the revised HKFRSs are described below:

- (a) Amendments to HKFRS 3 clarify and provide additional guidance on the definition of a business. The amendments clarify that for an integrated set of activities and assets to be considered a business, it must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create output. A business can exist without including all of the inputs and processes needed to create outputs. The amendments remove the assessment of whether market participants are capable of acquiring the business and continue to produce outputs. Instead, the focus is on whether acquired inputs and acquired substantive processes together significantly contribute to the ability to create outputs. The amendments have also narrowed the definition of outputs to focus on goods or services provided to customers, investment income or other income from ordinary activities. Furthermore, the amendments provide guidance to assess whether an acquired process is substantive and introduce an optional fair value concentration test to permit a simplified assessment of whether an acquired set of activities and assets is not a business. The Group has applied the amendments prospectively to transactions or other events that occurred on or after 1 January 2020. The amendments did not have any impact on the financial position and performance of the Group.
- (b) Amendments to HKFRS 9, HKAS 39 and HKFRS 7 address the effects of interbank offered rate reform on financial reporting. The amendments provide temporary reliefs which enable hedge accounting to continue during the period of uncertainty before the replacement of an existing interest rate benchmark. In addition, the amendments require companies to provide additional information to investors about their hedging relationships which are directly affected by these uncertainties. The amendments did not have any material impact on the financial position and performance of the Group.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)

2.2 Changes in accounting policies and disclosures (continued)

- (c) Amendment to HKFRS 16 provides a practical expedient for lessees to elect not to apply lease modification accounting for rent concessions arising as a direct consequence of the COVID-19 pandemic. The practical expedient applies only to rent concessions occurring as a direct consequence of the COVID-19 pandemic and only if (i) the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change; (ii) any reduction in lease payments affects only payments originally due on or before 30 June 2021; and (iii) there is no substantive change to other terms and conditions of the lease. The amendment is effective retrospectively for annual periods beginning on or after 1 June 2020 with earlier application permitted. Since there were no rent concessions occurring as a direct consequence of the COVID-19 pandemic within the Group during the period ended 30 June 2020, the amendment to HKFRS 16 had no significant impact on the financial position and performance of the Group.
- (d) Amendments to HKAS 1 and HKAS 8 provide a new definition of material. The new definition states that information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. The amendments clarify that materiality will depend on the nature or magnitude of information. The amendments did not have any impact on the Group's interim condensed consolidated financial information.

3. BUSINESS COMBINATIONS

In May 2020, the Group acquired 54.6744% of the voting shares of Pizhou Dongda Hospital Co., Ltd ("Pizhou Dongda Hospital").

The acquisition has been accounted for using the acquisition method. The consolidated financial statements include the results of the acquired subsidiary since its acquisition date.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

3. BUSINESS COMBINATIONS (continued)

Acquisition of Pizhou Dongda Hospital

The fair values of the identifiable assets and liabilities of Pizhou Dongda Hospital as at the date of acquisition were:

	Fair value recognised on acquisition (Unaudited) RMB'000
<u>Assets</u>	
Property, plant and equipment	329,522
Cash	49,467
Accounts receivable	25,264
Prepayments, other receivables and other assets	49,111
Inventories	8,549
Right-of-use assets	64,997
	526,910
<u>Liabilities</u>	
Trade payables	(32,346)
Other payables and accruals	(16,658)
Interest-bearing bank and other borrowings	(45,259)
Taxes payable	(1,936)
Lease liabilities	(34,247)
	(130,446)

Non-controlling interests	(179,700)
Goodwill arising on acquisition	62,076
Purchase consideration transferred	278,840
Including: Consideration paid upon acquisition	55,768
Consideration to be paid after acquisition	223,072
Analysis of cash flows on acquisition:	
Net cash acquired with the subsidiary (included in cash flows from investing activities)	49,467
Cash paid	(55,768)
Net outflow of cash and cash equivalents (included in cash flows from investing activities)	(6,301)
Transaction costs of the acquisition (included in cash flows from operating activities)	(200)
	(6,501)

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

3. BUSINESS COMBINATIONS (continued)

Acquisition of Pizhou Dongda Hospital (continued)

Since the acquisition, Pizhou Dongda Hospital has contributed RMB26,385,000 to the Group's revenue and a net profit of RMB1,917,000 to the consolidated profit for the six-month period ended 30 June 2020.

If the acquisition had taken place at the beginning of the period, revenue of the Group would have been RMB13,408,562,000 and the net profit of the Group for the period would have been RMB2,351,159,000.

The goodwill recognised is primarily attributed to the expected synergies and other benefits from combining their assets and activities with those of the Group. The goodwill is not deductible for income tax purposes.

Transaction costs of RMB410,000 have been expensed and are included in administrative expenses in the statement of profit or loss.

The assessment of the fair values of the identifiable assets and liabilities of Pizhou Dongda Hospital is still ongoing and the information of the fair values of the identifiable assets and liabilities is provisional. The finalised information will be disclosed in the consolidated financial statements of the Group for the year ending 31 December 2020.

The Group acquired Hongwen Montessori Academy Changsha Campus, Chengdu Jinsha Hospital, Guangzhou JP-WH precision Circuit Co, Ltd, Ningbo Qixu New Energy Technology Company Limited, Taizhou Dehong New Energy Technology Company Limited and Ningbo Zhenhai Second Hospital during the six months ended 30 June 2019.

4. OPERATING SEGMENT INFORMATION

For management purposes, the Group is organised into two operating segments, namely the financial, lease and advisory business and the industrial operation and management business, based on the internal organisational structure, management requirement and internal reporting system:

- The financial, lease and advisory business comprises primarily (a) direct finance leasing; (b) sale-leaseback; (c) factoring; (d) entrusted loans; (e) operating leases and (f) advisory services.
- The industrial operation and management business comprises primarily (a) import and export trade and domestic trade of medical equipment, as well as the provision of trade agency services primarily within the machinery industry; (b) ship brokerage services; (c) medical engineering; (d) hospital and healthcare management and (e) education consulting and management.

Management monitors the operating results of the Group's business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment information is prepared in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

4. OPERATING SEGMENT INFORMATION (continued)

Segment revenue, results and assets mainly include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Intersegment transfers are transacted with reference to the selling prices used for sales made to third parties at the then prevailing market prices.

7. INCOME TAX

	For the six months ended 30 June	
	2020 (Unaudited) RMB'000	2019 (Unaudited) RMB'000
Current – Hong Kong		
Charge for the period	60,333	43,632
Current – Mainland China		
Charge for the period	1,501,684	1,171,847
Deferred tax (Note 18)	(590,300)	(174,466)
Total tax charge for the period	971,717	1,041,013

Hong Kong profits tax

Hong Kong profits tax has been provided at the rate of 16.5% (six months ended 30 June 2019: 16.5%) on the estimated assessable profits arising in Hong Kong for the period.

Corporate Income Tax ("CIT")

The income tax provision of the Group in respect of its operations in Mainland China has been calculated at the tax rate of 25% (six months ended 30 June 2019: 25%) on the estimated assessable profits for the period, based on existing legislation, interpretations and practices in respect thereof.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

7. INCOME TAX (continued)

Corporate Income Tax ("CIT") (continued)

The State Administration of Taxation announced that enterprises of encouraged industries in the Western Region of the PRC could use a preferential tax rate of 15% from 1 January 2011 to 31 December 2020. Deyang The Fifth Hospital Co., Ltd, Chongqing Yudong Hospital Co., Ltd Nayong Xinli Hospital Co., Ltd and Chengdu Jinsha Hospital Co., Ltd were recognised to fulfil the aforesaid preferential taxation policy and thus have enjoyed a preferential tax rate of 15% since 2016. Zhaotong Renan Hospital Co., Ltd and Qiaojia Renan Hospital Co., Ltd were recognised to fulfil the aforesaid preferential taxation policy and thus have enjoyed a preferential tax rate of 15% since 2017. Qinghai Kangle Hospital Company Ltd. was recognised to fulfil the aforesaid preferential taxation policy and thus has enjoyed a preferential tax rate of 15% since 2020.

On 30 October 2015, Shanghai Horizon Equipment & Engineering Co., Ltd. was recognised as a high-technology enterprise by the Shanghai Science and Technology Commission. Since then, Shanghai Horizon Equipment & Engineering Co., Ltd. has enjoyed a preferential tax rate of 15%. Guangzhou Jinpeng was recognised as a high-technology enterprise in 2017. Since then, Guangzhou Jinpeng has enjoyed a preferential tax rate of 15%.

A reconciliation of the tax charge applicable to profit before tax using the statutory/applicable rates for the jurisdictions in which the Company and the majority of its subsidiaries are domiciled to the tax charge at the effective tax rate is as follows:

	For the six months ended 30 June	
	2020	2019
	(Unaudited) RMB'000	(Unaudited) RMB'000
Profit before tax	3,329,603	3,569,893
Tax at the statutory income tax rates	916,603	903,010
Expenses not deductible for tax	33,647	67,467
Income not subject to tax	(127,161)	(32,512)
Adjustment on current income tax in respect of prior years	(30,158)	(3,287)
Unrecognised tax losses	120,838	66,084
Effect of withholding tax on interest on intra-group balances	57,948	40,251
Income tax expense reported in the interim condensed consolidated statement of profit or loss	971,717	1,041,013

The share of tax attributable to associates and joint ventures amounting to approximately RMB50,179,000 (six months ended 30 June 2019: RMB37,524,000) and a credit amount of RMB33,932,000 (six months ended 30 June 2019: a credit amount of RMB6,209,000) are included in "Share of net profits of associates" and "Share of net losses of joint ventures" on the face of the interim condensed consolidated statement of profit or loss.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

8. DIVIDENDS

	For the six months ended 30 June	
	2020 (Unaudited) RMB'000	2019 (Unaudited) RMB'000
Dividends	1,143,486	1,001,447

Pursuant to a resolution passed at the general meeting on 10 June 2020, the Company declared a final dividend of HK\$0.33 per share in respect of the year ended 31 December 2019 to its shareholders whose names appear on the register of members of the Company on 22 July 2020. Based on the total number of outstanding ordinary shares of 3,798,252,652 (excluding the 165,353,030 shares held for the share award scheme), cash dividends declared of approximately HK\$1,253,423,000 (equivalent to RMB1,143,486,000) were recognised in the financial statements.

The board of directors does not recommend the payment of an interim dividend to shareholders in respect of the period for the six months ended 30 June 2020 (six months ended 30 June 2019: Nil).

9. EARNINGS PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE PARENT

The calculation of basic earnings per share for the six months ended 30 June 2020 is based on the consolidated net profit for the period attributable to ordinary equity holders of the parent and the weighted average number of ordinary shares of 3,797,360,143 (30 June 2019: 3,817,901,428) outstanding during the period.

The calculation of the diluted earnings per share amount is based on the consolidated net profit for the period attributable to ordinary equity holders of the parent. The weighted average number of ordinary shares used in the calculation is the number of ordinary shares in issue during the period, as used in the basic earnings per share calculation, and the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The Group has one category of dilutive potential ordinary shares, namely share options, and the number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

9. EARNINGS PER SHARE ATTRIBUTABLE TO ORDINARY EQUITY HOLDERS OF THE PARENT (continued)

The calculations of basic and diluted earnings per share are based on:

Earnings

	For the six months ended 30 June	
	2020	2019
	(Unaudited)	(Unaudited)
	RMB'000	RMB'000
Profit attributable to ordinary equity holders of the parent, used in the basic and diluted earnings per share calculations	2,055,682	2,233,436

Shares

	Number of shares	
	For the six months ended 30 June	
	2020	2019
	(Unaudited)	(Unaudited)
Weighted average number of ordinary shares outstanding during the period, used in the basic earnings per share calculation	3,797,360,143	3,817,901,428
Effect of dilution – weighted average number of ordinary shares:		
Share options	3,107,026	8,123,574
Weighted average number of ordinary shares for diluted earnings per share	3,800,467,169	3,826,025,002

During the six months ended 30 June 2020, the unvested share options under the Share Option Scheme and the unvested restricted shares under the Restricted Share Award Scheme have no dilutive effect on earnings per share. The Group had no other potentially dilutive ordinary shares in issue. There have been no other transactions involving ordinary shares or potential ordinary shares between the reporting date and the date of approval of these financial statements.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

10. PROPERTY, PLANT AND EQUIPMENT

During the six months ended 30 June 2020, the Group acquired items of property, plant and equipment at a total cost of RMB3,934,895,000 (six months ended 30 June 2019: RMB1,369,611,000), including those through acquisition of subsidiaries.

Property, plant and equipment with a net book value of RMB72,878,000 were disposed of by the Group during the six months ended 30 June 2020 (six months ended 30 June 2019: RMB44,715,000), resulting in a net loss on disposal of RMB2,500,000 (six months ended 30 June 2019: a net gain of RMB1,779,000).

As at 30 June 2020, the Group has not obtained the property ownership certificates for five buildings (31 December 2019: four) with a net book value of RMB581,278,000 (31 December 2019: RMB347,023,000).

The Group was in the process of applying for the property ownership certificates for the above buildings as at 30 June 2020.

As at 30 June 2020, property, plant and equipment with a net carrying amount of RMB1,367,659,000 (31 December 2019: RMB1,296,147,000) were pledged to secure general banking facilities granted to the Group (see Note 17(c)).

11. LOANS AND ACCOUNTS RECEIVABLES

11. LOANS AND ACCOUNTS RECEIVABLES (continued)

11b (1). An aging analysis of lease receivables, determined based on the age of the receivables since the effective date of the relevant lease contracts, as at the end of the reporting period is as follows:

	30 June 2020 (Unaudited) RMB'000	31 December 2019 (Audited) RMB'000
Lease receivables:		
Within 1 year	95,010,025	81,010,823
1 to 2 years	44,602,341	65,639,866
2 to 3 years	54,791,307	47,787,535
3 to 5 years	31,687,124	13,217,576
Total	226,090,797	207,655,800

	30 June 2020 (Unaudited) RMB'000	31 December 2019 (Audited) RMB'000
Net lease receivables:		
Within 1 year	85,242,966	72,921,942
1 to 2 years	40,416,009	58,141,813
2 to 3 years	48,837,030	43,374,076
3 to 5 years	28,852,315	12,431,070
Total	203,348,320	186,868,901

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

11. LOANS AND ACCOUNTS RECEIVABLES (continued)

11b (2). The table below illustrates the gross and net amounts of lease receivables the Group expects to receive in the following five or more than five consecutive accounting years:

	30 June 2020 (Unaudited) RMB'000	31 December 2019 (Audited) RMB'000
Lease receivables:		
Due within 1 year	109,221,349	101,704,090
Due in 1 to 2 years	71,529,480	63,404,839
Due in 2 to 3 years	33,906,684	32,945,840
Due in 3 to 5 years	10,809,357	9,231,836
Due after 5 years	623,927	369,195
Total	226,090,797	207,655,800

	30 June 2020 (Unaudited) RMB'000	31 December 2019 (Audited) RMB'000
Net lease receivables:		
Due within 1 year	95,677,930	88,949,526
Due in 1 to 2 years	65,283,736	58,017,342
Due in 2 to 3 years	31,717,904	30,863,293
Due in 3 to 5 years	10,098,028	8,696,248
Due after 5 years	570,722	342,492
Total	203,348,320	186,868,901

There was no unguaranteed residual value in connection with finance lease arrangements or contingent lease arrangements of the Group that need to be recorded as at the end of the reporting period.

As at 30 June 2020, the Group's lease receivables pledged or charged as security for the Group's bank and other borrowings amounted to RMB9,034,069,000 (31 December 2019: RMB11,535,047,000) (see Note 17(a)).

11d. Movement in provision for interest-earning assets

The Group has applied the general approach to providing for expected credited losses (“ECL”) prescribed by HKFRS 9 from 1 January 2018, which permits the use of either a twelve-month basis or a lifetime basis to record expected credit losses based on an expected credit loss model for interest-earning assets.

The Group has conducted an assessment of ECL according to forward-looking information and used appropriate models and a large number of assumptions in its measurement of expected credit losses. These models and assumptions relate to the future macroeconomic conditions and borrower’s creditworthiness (e.g., the likelihood of default by customers and the corresponding losses). The Group has adopted judgement, assumptions and estimation techniques in order to measure ECL according to the requirements of accounting standards such as criteria for judging significant increases in credit risk, definition of credit-impaired financial asset, parameters for measuring ECL and forward-looking information.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

11. LOANS AND ACCOUNTS RECEIVABLES (continued)

11d. Movement in provision for interest-earning assets (continued)

In response to the COVID-19 pandemic, the Group has rolled out certain relief measures on a commercial basis to customers impacted by the coronavirus to support their immediate cash flow and liquidity by offering principal moratorium or tenor extension. Because of the relief measure, the Group may not have the same level of credit risk information about repayment records as compared to what they had in the past. Therefore, the Group extended its effort done to obtain additional information for credit assessment, including those in COVID-19 vulnerable sectors. The Group has paid special attention to the application of macroeconomic data and forward-looking information to ensure that the effect of COVID-19 has been sufficiently reflected.

	For the six months ended 30 June 2020			
	Stage I (12-month ECL) RMB'000	Stage II (Lifetime ECL) RMB'000	Stage III** (Lifetime ECL – impaired) RMB'000	Total RMB'000

11. LOANS AND ACCOUNTS RECEIVABLES (continued)

11d. Movement in provision for interest-earning assets (continued)

	Year ended 31 December 2019			Total RMB'000
	Stage I (12-month ECL) RMB'000	Stage II (Lifetime ECL) RMB'000	Stage III** (Lifetime ECL – impaired) RMB'000	
At beginning of the year	3,145,672	1,188,069	759,991	5,093,732
Impairment losses for the year	928,499*	574,832	409,422	1,912,753
Disposal	(711,143)	–	–	(711,143)
Conversion to Stage I	291,617	(291,617)	–	–
Conversion to Stage II	(216,870)	220,110	(3,240)	–
Conversion to Stage III	–	(64,106)	64,106	–
Write-off	–	–	(867,150)	(867,150)
Recoveries of interest-earning assets previously written off	–	–	106,228	106,228
Exchange differences	874	–	–	874
At end of the year	3,438,649	1,627,288	469,357	5,535,294

* This includes RMB1,163,706,000 (31 December 2019: RMB1,470,030,000) loss allowance provided for newly originated interest-bearing assets, and RMB1,289,955,000 (31 December 2019: RMB541,531,000) of loss allowances reversed as a result of repayment of existing interest-earning assets.

** The majority of the interest-earning assets are finance lease receivables, under which the lessor owns the related leased asset, so the finance leases are similar to secured lendings. Among these interest-bearing assets, 94%(31 December 2019: 94%) of the credit-impaired assets falling into Stage III in the table above are finance lease receivables, and hence the related leased assets owned by the Group, such leased assets are similar to security and constitute the main source of collection of impaired assets.

Cash flow hedges under HKFRS 9

At 30 June 2020, the Group designated 74 (2019: 62) cross-currency interest rate swap contracts, 4 (2019: 14) forward currency contracts and 19 (2019: 4) interest rate swap contracts as hedges of future cash flows arising from foreign currency borrowings, details of which are as follows:

At 30 June 2020, the Group had 12 (2019: 10) cross-currency interest rate swaps in place with notional amounts of HK\$3,744,000,000 (2019: HK\$3,354,000,000) whereby the Group receives floating rate interest on the HK\$ notional amount at HKD-HIBOR-HKAB and pays fixed rate interest on the RMB notional amount at 3.15% to 4.38% (2019: 3.91% to 4.38%) per annum. The swaps are being used to hedge the foreign currency and interest rate exposure of 12 floating rate long-term borrowings denominated in HK\$ with the total face value of HK\$3,744,000,000 (2019: HK\$3,354,000,000).

At 30 June 2020, the Group had 56 (2019: 50) cross-currency interest rate swaps in place with notional amounts of US\$4,488,672,000 (2019: US\$4,122,708,000) whereby the Group receives floating rate interest on the US\$ notional amount at USD-LIBOR-BBA and pays fixed rate interest on the RMB notional amount at 2.70% to 4.38% (2019: 3.35% to 5.70%) per annum. The swaps are being used to hedge the foreign currency and interest rate exposure of 56 floating rate long-term borrowings denominated in US\$ with the total face value of US\$4,488,672,000 (2019: US\$4,122,708,000).

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

12. DERIVATIVE FINANCIAL INSTRUMENTS (continued)

Cash flow hedges under HKFRS 9 (continued)

At 30 June 2020, the Group had 5 (2019: 2) cross-currency interest rate swaps in place with notional amounts of US\$400,000,000 (2019: US\$200,000,000) whereby the Group receives fixed rate interest on the US\$ notional amount at 3.38% to 4.38% p.a. and pays fixed rate interest on the RMB notional amount at 4.50% to 5.88% (2019: 5.84% and 5.88%) per annum. The swaps are being used to hedge the foreign currency exposure of 5 fixed rate long-term borrowings denominated in US\$ with the total face value of US\$400,000,000 (2019: US\$200,000,000).

At 30 June 2020, the Group had 1 (2019: Nil) cross-currency interest rate swap in place with a notional amount of JPY6,500,000,000 (2019: Nil) whereby the Group receives floating rate interest on the JPY notional amount at JPY-LIBOR-BBA and pays fixed rate interest on the RMB notional amount at 3.83% (2019: Nil) per annum. The swap is being used to hedge the foreign currency and interest rate exposure of 1 floating rate long-term borrowing denominated in JPY with the total face value of JPY6,500,000,000 (2019: Nil).

At 30 June 2020, the Group had 4 (2019:14) forward currency contracts with a total notional amount of US\$121,141,000 (2019: US\$517,906,000) as hedges of future cash flows arising from foreign currency borrowings with the total face value of US\$121,141,000 (2019: US\$517,906,000) which will be settled in US\$.

At 30 June 2020, the Group had 5 (2019: 4) interest rate swaps in place with notional amounts of US\$315,000,000 (2019: US\$215,000,000) whereby the Group receives floating rate interest on the US\$ notional amount at USD-LIBOR-BBA and pays fixed rate interest on the US\$ notional amount at 0.45% to 2.47% (2019: 2.34% to 2.47%) per annum. The swaps are being used to hedge interest rate exposure of 5 floating rate long-term borrowings denominated in US\$ with the total face value of US\$315,000,000 (2019: US\$215,000,000).

At 30 June 2020, the Group had 14 (2019:Nil) interest rate swaps in place with a total notional amount of RMB7,840,491,000 (2019:Nil) whereby the Group receives interest at variable rates equal to the Loan Prime Rate on the notional amount and pays a fixed rate of interest on the RMB notional amount at 3.70% to 3.80% (2019:Nil) per annum. The swaps are being used to hedge interest rate exposure of 14 floating rate long-term borrowings denominated in RMB with the total face value of RMB7,840,491,000 (2019:Nil).

There is an economic relationship between the hedged items and the hedging instruments as the terms of the cross-currency interest rate swap contracts, forward currency contracts and interest rate swaps match the terms of the borrowing contracts (i.e., notional amount, expected payment date and interest rate). The Group has established a hedge ratio of 1:1 for the hedging relationships as the underlying risks of the cross-currency interest rate swap contracts, forward currency contracts and interest rate swaps are identical to the hedged risk components. To measure the hedge effectiveness, the Group uses the hypothetical derivative method and compares the changes in the fair value of the hedging instruments against the changes in fair value of the hedged items attributable to the hedged risks.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

12.DERIVATIVE FINANCIAL INSTRUMENTS (continued)

Cash flow hedges under HKFRS 9 (continued)

Hedge ineffectiveness can arise from:

- differences in the timing of the cash flows of the hedged items and the hedging instruments
- different interest rate curves applied to discount the hedged items and hedging instruments
- the counterparties' credit risks differently impacting the fair value movements of the hedging instruments and hedged items

The Group holds the following cross-currency interest rate swap contracts and forward currency contracts and interest rate swaps:

	Maturity						Total
	Less than 3 months	3 to 6 months	6 to 9 months	9 to 12 months	1 to 2 years	2 to 5 years

12. DERIVATIVE FINANCIAL INSTRUMENTS (continued)

Fair value hedges under HKFRS 9 – Interest rate risk

At 30 June 2020, the Group had 1 (2019:12) interest rate swap agreement in place with a total notional amount of RMB300,000,000 (2019: RMB9,900,000,000) whereby it receives interest at a fixed rate of 4.80% (2019: 4.36% to 4.80%) per annum and pays interest at a variable rate equal to the benchmark interest rate of Renminbi loans of the People's Bank of China on the notional amount. The swap is used to hedge the exposure to changes in the fair value of the fixed rate long-term bond. The critical terms of the interest rate swap substantially match the terms of the borrowing. This hedge was assessed to be highly effective.

There is an economic relationship between the hedged item and the hedging instrument as the terms of the interest rate swap match the terms of the long-term bonds (i.e., notional amount, maturity, payment and reset dates). The Group has established a hedge ratio of 1:1 for the hedging relationships as the underlying risk of the interest rate swap is identical to that of the hedged risk component. In assessing the hedge effectiveness, the Group notes that the critical terms of the hedged items and the hedging instruments match each other, and therefore the changes in the fair value of the hedging instrument exactly offset the changes in fair value of the hedged item attributable to the hedged risk.

The hedge ineffectiveness can arise from:

- differences in the timing of interest cash flows of the hedged item and the hedging instrument
- the counterparties' credit risks differently impacting the fair value movements of the hedging instruments

* The decisions about the relevant activities that most significantly affect the returns of these investees would be subject to the consent of other parties (e.g. other shareholders or directors), and hence, the ownership interests and power held by the Group in those investees do not currently grant the Group the unilateral ability to direct the relevant activities in these investees.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

13. INVESTMENTS IN JOINT VENTURES (continued)

The Group's loans and accounts receivable balances due from the joint ventures are disclosed in Note 11j to the financial statements. There was no recent history of default and past due amounts for loans to joint ventures. As at 30 June 2020 and 31 December 2019, the loss allowance was assessed to be minimal.

Kangda and Yuanyi Kaiyuan, which are considered material joint ventures of the Group, are mainly engaged in the development, construction and investment holding in Mainland China respectively. The aforementioned companies are accounted for using the equity method.

The following table illustrates the summarised financial information in respect of Kangda adjusted for any differences in accounting policies and reconciled to the carrying amount of the net assets in the financial statements.

	30 June 2020 RMB'000	31 December 2019 RMB'000
Cash and cash equivalents	109,089	56,685
Other current assets	2,623,360	2,556,516

14. INVESTMENTS IN ASSOCIATES (continued)

Particulars of the material associates are as follows:

Name	Particulars of issued shares held	Place of registration and business	Percentage of (%)		Principal activities
			Ownership interest	Profit sharing	
Shanghai Yijia Construction Development Co., Ltd. (上海藝佳建設發展有限公司)	Registered capital of RMB14,285,800	PRC/Mainland China	30	30	Development and construction
Hangzhou Guoya Stomatological Hospital Co., Ltd. (杭州國雅口腔醫院有限公司)	Registered capital of RMB32,574,700	PRC/Mainland China	34.98	34.98	Medical service

As at 30 June 2020, the Group also invested in six companies which are mainly engaged in investment holding in Mainland China, with the registered capital of RMB2,600,000,000, RMB3,000,000,000, RMB7,097,107,212, RMB4,508,514,000, RMB1,000,000,000 and RMB3,000,000,000 respectively. The percentages of ownership interest and profit sharing of the Group in these companies are 27.20%, 19.50%, 8.5011%, 13.3082%, 10.00% and 17.00% respectively. The aforementioned companies are accounted for using the equity method.

The following table illustrates the aggregate financial information of the Group's associates that are not individually material:

	For the six months ended 30 June	
	2020 RMB'000	2019 RMB'000
Share of the associates' profit for the period	321,156	112,572

	30 June	31 December
	2020 RMB'000	2019 RMB'000
Aggregate carrying amount of the Group's investments in the associates	5,153,780	4,987,942

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

14. INVESTMENTS IN ASSOCIATES (continued)

The above balances include a total of RMB435,462,000 (31 December 2019: RMB529,379,000) investments held by the Group as an investor in sub-ordinated tranches of several collective fund trusts, whose total funds raised amounted to RMB2,147,750,000 (31 December 2019: RMB2,700,250,000), and the Group had significant influence in these trusts. These trusts conduct entrusted finance lease and entrusted loan businesses. The maximum exposure of the Group to losses from those investments approximates their carrying amounts.

The Group's loans and accounts receivable balances due from the associates are disclosed in Note 11j to the financial statements.

15. CASH AND CASH EQUIVALENTS AND RESTRICTED DEPOSITS

	30 June 2020 (Unaudited) RMB'000	31 December 2019 (Audited) RMB'000
Cash and bank balances	13,390,150	9,930,952
Time deposits	–	25,280
	13,390,150	9,956,232
Less:		
Pledged deposits	1,143,062	822,709
Restricted bank deposits related to asset-backed securitisations	4,175,968	4,955,344
Restricted bank deposits related to collective fund trusts	98,331	188,608
Cash and cash equivalents	7,972,789	3,989,571

At 30 June 2020, the cash and bank balances of the Group denominated in RMB amounted to RMB12,742,375,000 (31 December 2019: RMB9,459,552,000). RMB is not freely convertible into other currencies, however, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at either fixed or floating rates based on daily bank deposit rates.

As at 30 June 2020, cash of RMB503,677,000 (31 December 2019: RMB523,609,000) was pledged for bank and other borrowings (see Note 17(b)).

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

15. CASH AND CASH EQUIVALENTS AND RESTRICTED DEPOSITS (continued)

As at 30 June 2020, cash of RMB639,385,000 (31 December 2019: RMB284,181,000) was pledged for bank acceptances, letters of credit and others.

As at 30 June 2020, no cash (31 December 2019: RMB14,919,000) was pledged for collective fund trusts.

As at 30 June 2020, cash of RMB256,785,000 (31 December 2019: RMB253,606,000) was deposited with Sinochem Finance Co., Ltd., a subsidiary of the ultimate holding company of a shareholder with significant influence.

16. TRADE AND BILLS PAYABLES

		30 June 2020 (Unaudited) RMB'000	31 December 2019 (Audited) RMB'000
Current:			
Bills payable		5,251,715	2,523,404
Trade payables		2,135,238	1,489,063
Due to related parties	16a	184,977	460,961
		7,571,930	4,473,428

An aging analysis of the trade and bills payables as at the end of the reporting period is as follows:

	30 June 2020 (Unaudited) RMB'000	31 December 2019 (Audited) RMB'000
Within 1 year	7,316,680	4,192,034

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

18. DEFERRED TAX (continued)

For the purpose of the presentation of the consolidated statement of financial position, certain deferred tax assets and liabilities have been offset. The following is an analysis of the deferred tax balances of the Group for financial reporting purposes:

	30 June 2020 RMB'000 (Unaudited)	31 December 2019 RMB'000 (Audited)
Net deferred tax assets recognised in the consolidated statement of financial position	4,731,980	4,181,252
Net deferred tax liabilities recognised in the consolidated statement of financial position	191,634	236,648

As at 30 June 2020, the Group had tax losses arising in Hong Kong of RMB559,190,000 (31 December 2019: RMB363,410,000) that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose and tax losses arising in Mainland China of RMB150,054,000 (31 December 2019: RMB103,938,000) that will expire in one to five years for offsetting against future taxable profits. The Group has recognised deferred tax assets in respect of the tax losses mentioned above. Aside from this, as at 30 June 2020, the Group did not recognise deferred tax assets arising in Mainland China and Hong Kong in respect of unutilised tax losses of RMB1,773,376,000 (31 December 2019: RMB1,266,992,000) and RMB520,171,000 (31 December 2019: RMB555,064,000), respectively, due to uncertainty in their recoverability.

Pursuant to a resolution of the Company in 2019, it is decided that the dividends paid by the Mainland China subsidiaries from 2018 onwards shall be limited to the direct investment in subsidiaries in the Mainland China. In the opinion of the directors, it is probable that the temporary differences relating to the profits that are not expected to be distributed will not reverse in the foreseeable future. As at 30 June 2020, the aggregate amount of unrecognised deferred tax liabilities (i.e. withholding taxes relating to such temporary differences) was approximately RMB982,476,000 (31 December 2019: RMB903,896,000).

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

19.SHARE CAPITAL

	Number of shares	Amounts HK\$
Issued and fully paid ordinary shares:		
At 31 December 2019 (Audited) (Note (i))	3,960,819,026	13,085,638,000
At 30 June 2020 (Unaudited) (Note (i))	3,963,605,682	13,106,830,000

Note:

- (i) The Company purchased its own shares through a trust under a share award scheme, which were presented as shares held for the share award scheme.

A summary of movements in the Company's share capital is as follows:

	Number of shares in issue	Share capital HK\$'000	Share capital equivalent to RMB'000
At 1 January 2020 and 31 December 2019	3,960,819,026	13,085,638	10,281,212
Share options exercised (Note (ii))	2,786,656	21,192	18,753
As at 30 June 2020 (Unaudited)	3,963,605,682	13,106,830	10,299,965

Note:

- (ii) The subscription rights attaching to 479,392, 262,252, 1,740,396 and 304,616 share options were exercised at the subscription prices of HK\$5.86, HK\$7.17, HK\$5.714 and HK\$6.82 per share, respectively, resulting in the issue of 2,786,656 shares for a total cash consideration, before expenses, of HK\$16,711,000. An amount of HK\$4,481,000 was transferred from the share option reserve to share capital upon the exercise of the share options.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

20. RESERVES

The amounts of the Group's reserves and the movements therein for the current and prior periods are presented in the interim condensed consolidated statement of changes in equity.

The Group's capital reserve represents the excess of the carrying amounts of capital and capital reserve of the subsidiaries acquired pursuant to the Reorganisation as defined in the Prospectus, over the nominal value of the Company's shares issued as consideration plus the amount of borrowings capitalised in excess of the nominal value of the shares issued.

Pursuant to the relevant PRC rules and regulations, those PRC subsidiaries which are domestic enterprises in the PRC are required to transfer no less than 10% of their profits after taxation, as determined under the PRC Company Law, to the statutory reserve fund until the balance reaches 50% of the registered capital. The transfer to this statutory reserve fund must be made before the distribution of dividends to shareholders.

Special reserve mainly represents funds set aside for the purpose of certain safety production activities. Pursuant to certain regulations issued by the State Administration of Work Safety of the PRC and other relevant regulatory bodies, the subsidiary Shanghai Horizon Construction Engineering Equipment Co., Ltd. has set aside funds mainly for construction service activities at prescribed rates. These funds can be used for maintenance and/or improvements of safety of these activities, and are not available for distribution to shareholders.

Share-based compensation reserve of the Group comprises the recognition of the equity-settled share-based payments under the Share Option Scheme and the Share Award Scheme which are yet to be exercised. The amount will be transferred to share capital or shares held for the Share Award Scheme when the related Share Options are exercised or Restricted Shares are vested.

21. PERPETUAL SECURITIES

On 14 June 2017, the Company issued US\$300,000,000 perpetual capital securities (the "Perpetual Capital Securities") at an initial distribution rate of 4.35% under the US\$4,000,000,000 medium term note and perpetual securities programme updated on 1 June 2017 by the Company. The Perpetual Securities are unsecured.

Distributions of the Perpetual Securities may be paid semi-annually in arrears on 14 June and 14 December of each year (the "Distribution Payment Date") and may be deferred at the discretion of the Company unless a compulsory distribution payment event (including distributions to ordinary shareholders of the Company) has occurred. Following a deferral, arrears of distributions are cumulative.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

21. PERPETUAL SECURITIES (continued)

The Perpetual Capital Securities have no fixed maturity date and are callable at the Company's option in whole on 14 June 2022 (the "First Call Date") or on any Distribution Payment Date falling after the First Call Date at their principal amounts together with any distribution accrued to the date fixed for redemption (including any arrears of distribution and any additional distribution amounts). The applicable distribution rate will be reset, (i) in respect of the period from, and including, the Issue Date to, but excluding, 14 June 2022 (the "First Call Date"), 4.35% per annum (the "Initial Distribution Rate"); and (ii) in respect of the period (A) from, and including, the First Call Date to, but excluding, the immediately following reset date (the "Reset Date") and (B) from, and including, each Reset Date falling after the First Call Date to, but excluding, the immediately following Reset Date, the relevant reset distribution rate shall be the specified US treasury rate as at each relevant Reset Date plus the initial spread 2.62% plus 5.00% per annum.

On 6 July 2017, International Far Eastern Leasing Co., Ltd. ("Far Eastern Leasing"), a wholly-owned subsidiary of the Company, completed the issuance of renewable corporate bonds (the "Renewable Bonds") in an amount of RMB5 billion in the PRC. The basic term of the Renewable Bonds will be 3 years (Far Eastern Leasing is entitled to exercise its renewable option at the end of the stipulated basic term and at the end of each renewal period), with a coupon distribution rate of 5.5% per annum.

Distributions of the Renewable Bonds may be paid annually in arrears on 6 July of each year and may be deferred at the discretion of Far Eastern Leasing unless a compulsory distribution payment event (including distributions to shareholders of Far Eastern Leasing) has occurred. Following a deferral, arrears of distributions are cumulative.

On 4 December 2017, King Talent Management Limited ("King Talent"), a wholly-owned subsidiary of the Company, issued US\$400,000,000 guaranteed subordinated perpetual capital securities (the "Guaranteed Perpetual Securities") at an initial distribution rate of 5.60% per annum. The Company has guaranteed on a subordinated basis all sums falling due under the terms of the Guaranteed Perpetual Securities.

The Company may, at its sole discretion, elect to defer (in whole or in part) a distribution which is otherwise scheduled to be paid by King Talent on a Distribution Payment Date (i.e. 4 June and 4 December of each year, starting from June 4, 2018) to the next Distribution Payment Date prior to the relevant Distribution Payment Date, unless a compulsory distribution payment event (including distributions to ordinary shareholders of the Company) has occurred.

The Guaranteed Perpetual Securities have no fixed maturity date, which may be redeemed at the option of King Talent in whole, but not in part, on the First Reset Date or on any Distribution Payment Date thereafter at their principal amount together with all outstanding arrears of distribution and any Additional Distribution Amounts (if any) and any Distribution accrued to the date fixed for redemption. The distribution rate will be reset for the period (A) from and including the Issue date to, but excluding 4 December 2022 (the "First Reset Date"), the initial distribution rate; (B) for each reset distribution period from and including the First Reset Date to, but excluding 4 December 2037, the relevant reset distribution rate; and (C) for each reset distribution period from and including 4 December 2037 to, but excluding the redemption date of the securities, if any, the relevant reset distribution rate plus 5.00 percent per annum. The relevant reset distribution rate shall be the specified US treasury rate as at each relevant Reset Date plus the initial spread of 3.521%.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

21. PERPETUAL SECURITIES (continued)

On 24 July 2019, Far Eastern Leasing completed the issuance of perpetual trusted loans (the "Perpetual Loans") in an amount of RMB49,850,000 in the PRC. The basic term of the Perpetual Loans will be 5 years (Far Eastern Leasing is entitled to exercise its renewable option at the end of the stipulated basic term and at the end of each renewal period), with a coupon distribution rate of 6.0% per annum.

Distributions of the Perpetual Loans may be paid annually in arrears on 24 July of each year and may be deferred at the discretion of Far Eastern Leasing unless a compulsory distribution payment event (including distributions to shareholders of Far Eastern Leasing) has occurred. Following a deferral, arrears of distributions are cumulative.

On 18 February 2020, Far Eastern Leasing completed the issuance of renewable corporate bonds (Epidemic Prevention and Control Securities) (the "Renewable") (Phase One) in an amount of RMB2,000,000,000 in the PRC. The Renewable (Phase One) consists of Variety One and Variety Two. The issue size of Variety One was RMB1,500,000,000 and the basic term will be 2 years (Far Eastern Leasing is entitled to exercise its renewable option at the end of the stipulated basic term and at the end of each renewal period), with a coupon distribution rate of 3.87% per annum. The issue size of Variety Two was RMB500,000,000 and the basic term will be 3 years (Far Eastern Leasing is entitled to exercise its renewable option at the end of the stipulated basic term and at the end of each renewal period), with a coupon distribution rate of 4.13% per annum.

Distributions of the Renewable (Phase One) may be paid annually in arrears on 18 February of each year and may be deferred at the discretion of Far Eastern Leasing unless a compulsory distribution payment event (including distributions to shareholders of Far Eastern Leasing) has occurred. Following a deferral, arrears of distributions are cumulative.

On 18 June 2020, Far Eastern Leasing completed the issuance of renewable corporate bonds (the "Renewable") (Phase Two) in an amount of RMB700,000,000 in the PRC. The basic term of the Renewable (Phase Two) will be 2 years (Far Eastern Leasing is entitled to exercise its renewable option at the end of the stipulated basic term and at the end of each renewal period), with a coupon distribution rate of 3.98% per annum.

Distributions of the Renewable (Phase Two) may be paid annually in arrears on 18 June of each year and may be deferred at the discretion of Far Eastern Leasing unless a compulsory distribution payment event (including distributions to shareholders of Far Eastern Leasing) has occurred. Following a deferral, arrears of distributions are cumulative.

In the opinion of the directors, the Group is able to control the delivery of cash or other financial assets to the holders of the Perpetual Capital Securities, the Renewable Bonds, the Guaranteed Perpetual Securities, the Perpetual Loans and the Renewable other than an unforeseen liquidation of the Company.

The direct transaction costs attributable to the Perpetual Capital Securities, the Renewable Bonds, the Guaranteed Perpetual Securities, the Perpetual Loans and the Renewable amounted to RMB5,451,000, RMB14,892,000, RMB16,309,000, RMB64,000 and RMB6,000,000, respectively.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

21. PERPETUAL SECURITIES (continued)

For the six months ended 30 June 2020, the profits attributable to the holders of the Perpetual Capital Securities, the Renewable Bonds, the Guaranteed Perpetual Securities, the Perpetual Loans, the Renewable (Phase One) and the Renewable (Phase Two) (collectively the "Perpetual Securities") based on the applicable distribution rates, were RMB46,707,000 (six months ended 30 June 2019: RMB45,107,000), RMB121,542,000 (six months ended 30 June 2019: RMB138,264,000), RMB78,867,000 (six months ended 30 June 2019: RMB75,845,000), RMB1,512,000 (six months ended 30 June 2019: Nil) and RMB29,294,000 (six months ended 30 June 2019: Nil) and RMB1,006,000 (six months ended 30 June 2019: Nil), respectively, and the distribution made by the Group to the holders of Perpetual Securities was RMB108,287,000 (six months ended 30 June 2019: RMB122,145,000).

22. CONTINGENT LIABILITIES

At the end of the reporting period, contingent liabilities not provided for in the financial statements were as follows:

	30 June 2020 RMB'000	31 December 2019 RMB'000
Claimed amounts	13,668	15,417

23. PLEDGE OF ASSETS

Details of the Group's assets pledged for the Group's bank loans and other borrowings are included in Notes 10, 11, 15 and 17, respectively, to the financial statements.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

24.COMMITMENTS

(a) Capital commitments

The Group had the following capital commitments at the end of the reporting period:

	30 June 2020 (Unaudited) RMB'000	31 December 2019 (Audited) RMB'000
Contracted, but not provided for:		
Capital expenditure for acquisition of property, plant and equipment	186,590	248,141
Purchase of shareholding	10,000	10,000
	196,590	258,141

(b) Credit commitments

The Group's irrevocable credit commitments at the end of the reporting period are as follows:

	30 June 2020 (Unaudited) RMB'000	31 December 2019 (Audited) RMB'000
Irrevocable credit commitments	6,511,410	9,713,667

At any given time, the Group has outstanding commitments to extend credit, which are included in irrevocable credit commitments. These commitments are in the form of approved lease contracts and approved project contracts, which have yet to be provided as at the end of each reporting period.

Total	232,440,861	206,139,112

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

27. FAIR VALUE HIERARCHY

Financial instruments not measured at fair value

Financial assets and liabilities not presented at their fair value on the statement of financial position mainly represent cash and cash equivalents, restricted deposits, loans and accounts receivables, financial assets included in deposits, other receivables and other assets, trade and bills payables, financial liabilities included in other payables and accruals, and interest-bearing bank and borrowings.

Fair value estimates are made at a specific point in time based on relevant market information and information about various financial instruments. The following methods and assumptions have been used to estimate the fair value of each class of financial instrument as far as practicable:

Cash and cash balances, current portion of financial assets included in deposits and other receivables, trade and bills payables, short term borrowings and current portion of financial liabilities included in other payables and accruals

Substantially all of the financial assets and liabilities mature within one year from the end of each reporting period and their carrying values approximate to their fair values.

Loans and accounts receivables, interest-bearing bank and other borrowings except for bonds issued and short term borrowings and restricted deposits

Substantially all of the loans and accounts receivables, restricted deposits and interest-bearing bank and other borrowings, except for bonds issued and short term borrowings, are on floating rate terms and bear interest at prevailing market interest rates and their carrying values approximate to their fair values.

Bonds issued

The fair values of the bonds issued are calculated based on a discounted cash flow model that is used based on a current yield curve appropriate for the remaining term to maturity.

The carrying amounts and fair values of the Group's financial instruments, other than those with carrying amounts that reasonably approximate to fair values, are as follows:

	Carrying amounts		Fair values	
	30 June 2020 RMB'000	31 December 2019 RMB'000	30 June 2020 RMB'000	31 December 2019 RMB'000
Financial liabilities				
Bonds issued	80,590,417	67,077,413	80,293,880	67,832,131

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

27. FAIR VALUE HIERARCHY (continued)

Financial instruments not measured at fair value (continued)

Non-current portion of financial assets included in prepayments deposits and other receivables and non-current portion of financial liabilities included in other payables and accruals

The fair values of the non-current portion of financial assets included in prepayment deposits and other receivables and non-current portion of financial liabilities included in other payables and accruals have been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturities. The difference between the carrying amounts and the fair values of those financial assets and liabilities is not significant.

Financial instruments measured at fair value

Non-deliverable cross-currency swaps and interest rate swaps

Non-deliverable cross-currency swaps and interest rate swaps are measured using valuation techniques similar to the present value calculations of the forward pricing and swap models, which incorporate various market observable inputs including the credit quality of counterparties, foreign exchange spot and forward rates and interest rate curves.

Financial assets at fair value through profit or loss

The valuations of the financial assets at fair value through profit or loss were based on information known to the Group and market conditions existing at the end of the reporting period. The fair values were determined by using appropriate valuation techniques. Valuation techniques include using recent arm's length market transactions, referring to the current market value of another instrument that is substantially the same and making as much use of available and supportable market data as possible.

Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments:

- Level 1: fair values measured based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: fair values measured based on valuation techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly
- Level 3: fair values measured based on valuation techniques for which any inputs which have a significant effect on the recorded fair value are not based on observable market data (unobservable inputs)

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

27. FAIR VALUE HIERARCHY (continued)

Fair value hierarchy (continued)

Assets and liabilities measured at fair value

As at 30 June 2020

	Level 1 Quoted prices in active markets RMB'000	Level 2 Significant observable inputs RMB'000	Level 3 Significant unobservable inputs RMB'000	Total RMB'000
Cross-currency interest rate swaps – assets	–	1,907,427	–	1,907,427
Forward currency contracts – assets	–	–	–	–
Interest rate swaps – assets	–	3,045	–	3,045
Cross-currency interest rate swaps – liabilities	–	(108,236)	–	(108,236)
Forward currency contracts – liabilities	–	(2,909)	–	(2,909)
Interest rate swaps – liabilities	–	(44,913)	–	(44,913)
Financial assets at fair value through profit or loss	–	8,082,930	–	8,082,930

As at 31 December 2019

	Level 1 Quoted prices in active markets RMB'000	Level 2 Significant observable inputs RMB'000	Level 3 Significant unobservable inputs RMB'000	Total RMB'000
Cross-currency interest rate swaps – assets	–	1,528,354	–	1,528,354
Forward currency contracts – assets	–	24,513	–	24,513
Interest rate swaps – assets	–	12,969	–	12,969
Cross-currency interest rate swaps – liabilities	–	(142,678)	–	(142,678)
Forward currency contracts – liabilities	–	(24,482)	–	(24,482)
Interest rate swaps – liabilities	–	(17,354)	–	(17,354)
Financial assets at fair value through profit or loss	–	4,442,688	–	4,442,688

During the six months ended 30 June 2020, there were no transfer at fair value measurements between Level 1 and Level 2 and no transfer into or out of Level 3 (six months ended 30 June 2019: Nil).

	Level 1 Quoted prices in active markets RMB'000	Level 2 Significant observable inputs RMB'000	Level 3 Significant unobservable inputs RMB'000	Total RMB'000
Bonds issued	–	67,832,131	–	67,832,131

28. EVENTS AFTER THE REPORTING PERIOD

In July 2020, the board of directors (the "Board") announced that, the Company has resolved to offer to grant share options (the "Options") to certain qualified participants (the "Grantees") under the share option scheme (the "Share Option Scheme") of the Company adopted on 5 June 2019 to subscribe for a total of 24,990,529 ordinary shares in the capital of the Company under the Share Option Scheme, subject to the acceptance of such offer by the Grantees. Subject to the rules of the Share Option Scheme, the Options granted will vest to the Grantees at the first, second and third anniversaries of the date of grant at an average amount. The validity period of the Options is within 10 years from the date of grant.

In July 2020, the Board resolved to grant 37,485,793 restricted shares (the "Restricted Shares") to certain qualified participants (the "Selected Grantees") under the award scheme (the "Award Scheme") of the Company adopted on 11 June 2014 and amended on 20 March 2019. Under the Award Scheme, some restricted shares (the "Restricted Shares") will be held on trust for the Grantees until such Restricted Shares are vested with the relevant Selected Grantees in accordance with the rules of the Award Scheme.

On 8 July 2020, the Group, through Universe Trek Limited, a wholly-owned subsidiary of the Company, conducted an international offering of the US dollar-denominated, 2.5%-coupon convertible bonds in an aggregate principal amount of US\$300,000,000 with maturity date on 8 July 2025. The convertible bonds were unconditionally and irrevocably guaranteed by the Company.

Notes to Interim Condensed Consolidated Financial Information

30 June 2020

29. APPROVAL OF THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The interim condensed consolidated financial statements were approved and authorised for issue by the board of directors on 26 August 2020.

Financial Summary

A summary of the results and of the assets, liabilities and non-controlling interests of the Group for the past few financial years as extracted from the published audited financial data and financial statements is set out below.

	For the six months ended 30 June		For the year ended 31 December		
	2020 RMB' 000 (Unaudited)	2019 RMB' 000 (Unaudited)	2019 RMB' 000 (Audited)	2018 RMB' 000 (Audited)	2017 RMB' 000 (Audited)

PRICING SUPPLEMENT

THIS OFFERING IS AVAILABLE ONLY TO INVESTORS WHO ARE ADDRESSEES OUTSIDE OF THE UNITED STATES AND ARE NOT U.S. PERSONS

NOTHING IN THIS ELETRONIC TRANSMISSION CONSTITUTES AN OFFER OF SECURITIES FOR SALE IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE UNITED STATES SECURITIES ACT 1933, AS AMENDED (THE “**SECURITIES ACT**”), OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR OTHER JURISDICTION AND THE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT (“**REGULATION S**”)). EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAW. THIS OFFERING IS MADE SOLELY TO NON-U.S. PERSONS IN OFFSHORE TRANSACTIONS PURSUANT TO REGULATION S UNDER THE SECURITIES ACT.

THE ATTACHED PRICING SUPPLEMENT MAY NOT BE DOWNLOADED, FORWARDED OR DISTRIBUTED, IN WHOLE OR IN PART, TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. ADDRESS. ANY DOWNLOADING, FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS. IF YOU HAVE GAINED ACCESS TO THIS TRANSMISSION CONTRARY TO ANY OF THE FOREGOING RESTRICTIONS, YOU ARE NOT AUTHORISED AND WILL NOT BE ABLE TO PURCHASE ANY OF THE SECURITIES DESCRIBED THEREIN.

Singapore Securities and Futures Act Product Classification – Solely for the purposes of its obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore (the “**SFA**”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A of the SFA) that the Notes are “prescribed capital markets products” (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018).

This document is for distribution to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) (“**Professional Investors**”) only. **Investors should not purchase the Notes in the primary or secondary markets unless they are Professional Investors and understand the risks involved. The Notes are only suitable for Professional Investors.**

Notice to Hong Kong investors: The Issuer confirms that the Notes are intended for purchase by Professional Investors only and will be listed on The Stock Exchange of Hong Kong Limited (“**HKSE**”) on that basis. Accordingly, the Issuer confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

The HKSE has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only have been reproduced in this document. Listing of the Programme and the Notes on the HKSE is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Notes or the Issuer, or quality of disclosure in this

document. Hong Kong Exchanges and Clearing Limited and the HKSE take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

This document together with the Offering Circular includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Issuer. The Issuer accepts full responsibility for the accuracy of the information contained in this document and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement herein misleading.

2 February 2021

Far East Horizon Limited

**Issue of CNY1,500,000,000 4.70 per cent. Notes due 2024

Duly authorized

Annex – Additional Disclosure

RECENT DEVELOPMENT OF THE GROUP

Proposed Spin-off and Separate Listing of the Equipment Operation Business of the Group

According to the announcement made by the Issuer on 16 December 2020 on the website of the HKSE at www.hkexnews.hk and the Issuer's website at www.fehorizon.com, the Issuer has been considering a possible spin-off and separate listing of the equipment operation business of the Group (the “**Equipment Operation Business**”) on a recognised stock exchange (the “**Proposed Spin-off and Listing**”). The Equipment Operation Business of the Group offers construction equipment and materials and is committed to providing customers with multi-functional, multi-latitude and full-cycle comprehensive services. The Equipment Operation Business has been consistently creating value for customers leveraging its layout of multiple product lines, nation-wide operation network and comprehensive operation capabilities with synergetic nature. The Board believes that the Proposed Spin-off and Listing, if it proceeds, will better position each of the Issuer and the spun-off entity for growth in their respective lines of business. The Board believes that the Proposed Spin-off and Listing will also unlock the value for existing shareholders of the Issuer by identifying and establishing the stand-alone corporate value of the Equipment Operation Business.

As at the date of this Pricing Supplement, the details of the Proposed Spin-off and Listing have yet to be finalised. The Issuer intends to make further announcement(s) in connection with the Proposed Spin-off and Listing as and when appropriate or required in accordance with the requirements of the listing rules of the HKSE.

Issuance of Convertible Bonds

In December 2020, the Issuer, through its wholly-owned subsidiary, issued U.S.\$200,000,000 zero coupon guaranteed convertible bonds due 2025 with an issue price at 100.00 per cent. (the “**Convertible Bonds**”).

Full conversion and withdrawal of listing of the Convertible Bonds

On 18 January 2021, all outstanding Convertible Bonds have been fully converted into ordinary shares of the Issuer in accordance with the terms and conditions of the Convertible Bonds. Accordingly, there are no outstanding Convertible Bonds in issue as at 18 January 2021 and the listing of the Convertible Bonds on the HKSE were withdrawn 26 January 2021.

AMENDMENT TO RISK FACTORS

The risk factor entitled “The Group’s business may be impacted by political events, international trade disputes and other business interruptions” on page 27 of the Offering Circular should be deleted in its entirety and replaced with the following:

The Group’s business may be impacted by political events, international trade disputes and other business interruptions

Political events, international trade disputes, war, terrorism, and other business interruptions could harm or disrupt international commerce and the global economy, and could have an adverse effect on the Group and its customers, suppliers and other partners as well as associates and/or affiliates. In particular, the U.S.-China trade conflict has brought uncertainty to global markets and to a certain extent, impacted businesses and financial market sentiment, influenced financial market volatility, and slowed investment and trade. The U.S.-China trade conflict manifests a deterioration in the relationship between China and the United States which has led to greater uncertainties in the geopolitical situations in other parts of the world affecting China and Chinese companies. For example, export controls, economic and trade sanctions, entity list have been threatened and/or

imposed by the U.S. government on a number of Chinese companies. The United States has also threatened to impose further export controls, sanctions, trade embargoes, and other heightened regulatory requirements on China and Chinese companies for alleged activities both inside and outside of China. The trade tensions between the United States and China could place pressure on the economic growth in China as well as the rest of the world. This may adversely affect the Group's business, financial condition, access to international capital markets and results of operations.

Against the backdrop of the trade conflict between the U.S. and China, the U.S. Department of Defense released in 2020 and January 2021 lists of Chinese companies (including Sinochem Group, a substantial shareholder of the Issuer) claiming that the companies are Communist Chinese military companies for purposes of Section 1237 of the National Defense Authorization Act for Fiscal Year 1999. These lists are based on the U.S. government's intelligence, which apparently enabled the U.S. Department of Defense to determine that the companies therein are owned or controlled by the Chinese military. In November 2020, the U.S. President signed an executive order, which prohibits any purchase for value or sale by any U.S. person of publicly traded securities (or securities that are derivative thereof or designed to provide investment exposure to such securities) of any company identified as a Communist Chinese military company. Any U.S. persons who hold such securities may be required to divest their holdings in such securities and may have to do so at a loss. As of the date of this Pricing Supplement, the Issuer is not listed as a Communist Chinese military company. However, there remains uncertainty as to whether the U.S. government will take further actions in relation to China-based companies and the impact of such actions.

PRICING SUPPLEMENT

THIS OFFERING IS AVAILABLE ONLY TO INVESTORS WHO ARE ADDRESSEES OUTSIDE OF THE UNITED STATES AND ARE NOT U.S. PERSONS

NOTHING IN THIS ELETRONIC TRANSMISSION CONSTITUTES AN OFFER OF SECURITIES FOR SALE IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE UNITED STATES SECURITIES ACT 1933, AS AMENDED (THE “**SECURITIES ACT**”), OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR OTHER JURISDICTION AND THE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT (“**REGULATION S**”)). EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAW. THIS OFFERING IS MADE SOLELY TO NON-U.S. PERSONS IN OFFSHORE TRANSACTIONS PURSUANT TO REGULATION S UNDER THE SECURITIES ACT.

THE ATTACHED PRICING SUPPLEMENT MAY NOT BE DOWNLOADED, FORWARDED OR DISTRIBUTED, IN WHOLE OR IN PART, TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. ADDRESS. ANY DOWNLOADING, FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS. IF YOU HAVE GAINED ACCESS TO THIS TRANSMISSION CONTRARY TO ANY OF THE FOREGOING RESTRICTIONS, YOU ARE NOT AUTHORISED AND WILL NOT BE ABLE TO PURCHASE ANY OF THE SECURITIES DESCRIBED THEREIN.

Singapore Securities and Futures Act Product Classification – Solely for the purposes of its obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore (the “**SFA**”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A of the SFA) that the Notes are “prescribed capital markets products” (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018).

This document is for distribution to professional investors (as defined in Chapter 37 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited) (“**Professional Investors**”) only. **Investors should not purchase the Notes in the primary or secondary markets unless they are Professional Investors and understand the risks involved. The Notes are only suitable for Professional Investors.**

Notice to Hong Kong investors: The Issuer confirms that the Notes are intended for purchase by Professional Investors only and will be listed on The Stock Exchange of Hong Kong Limited (“**HKSE**”) on that basis. Accordingly, the Issuer confirms that the Notes are not appropriate as an investment for retail investors in Hong Kong. Investors should carefully consider the risks involved.

The HKSE has not reviewed the contents of this document, other than to ensure that the prescribed form disclaimer and responsibility statements, and a statement limiting distribution of this document to Professional Investors only have been reproduced in this document. Listing of the Programme and the Notes on the HKSE is not to be taken as an indication of the commercial merits or credit quality of the Programme, the Notes or the Issuer, or quality of disclosure in this

document. Hong Kong Exchanges and Clearing Limited and the HKSE take no responsibility for the contents of this document, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document.

This document together with the Offering Circular includes particulars given in compliance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Issuer. The Issuer accepts full responsibility for the accuracy of the information contained in this document and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement herein misleading.

4 February 2021

Far East Horizon Limited

Issue of CNY200,000,000 4.70 per cent. Notes due 2024

(to be consolidated, form a single series and be fungible with the CNY1,500,000,000 4.70 per cent. Notes due 2024 to be issued on 9 February 2021)

Annex – Additional Disclosure

RECENT DEVELOPMENT OF THE GROUP

Proposed Spin-off and Separate Listing of the Equipment Operation Business of the Group

According to the announcement made by the Issuer on 16 December 2020 on the website of the HKSE at www.hkexnews.hk and the Issuer's website at www.fehorizon.com, the Issuer has been considering a possible spin-off and separate listing of the equipment operation business of the Group (the “**Equipment Operation Business**”) on a recognised stock exchange (the “**Proposed Spin-off and Listing**”). The Equipment Operation Business of the Group offers construction equipment and materials and is committed to providing customers with multi-functional, multi-latitude and full-cycle comprehensive services. The Equipment Operation Business has been consistently creating value for customers leveraging its layout of multiple product lines, nation-wide operation network and comprehensive operation capabilities with synergetic nature. The Board believes that the Proposed Spin-off and Listing, if it proceeds, will better position each of the Issuer and the spun-off entity for growth in their respective lines of business. The Board believes that the Proposed Spin-off and Listing will also unlock the value for existing shareholders of the Issuer by identifying and establishing the stand-alone corporate value of the Equipment Operation Business.

As at the date of this Pricing Supplement, the details of the Proposed Spin-off and Listing have yet to be finalised. The Issuer intends to make further announcement(s) in connection with the Proposed Spin-off and Listing as and when appropriate or required in accordance with the requirements of the listing rules of the HKSE.

Issuance of Convertible Bonds

In December 2020, the Issuer, through its wholly-owned subsidiary, issued U.S.\$200,000,000 zero coupon guaranteed convertible bonds due 2025 with an issue price at 100.00 per cent. (the “**Convertible Bonds**”).

Full conversion and withdrawal of listing of the Convertible Bonds

On 18 January 2021, all outstanding Convertible Bonds have been fully converted into ordinary shares of the Issuer in accordance with the terms and conditions of the Convertible Bonds. Accordingly, there are no outstanding Convertible Bonds in issue as at 18 January 2021 and the listing of the Convertible Bonds on the HKSE were withdrawn 26 January 2021.

AMENDMENT TO RISK FACTORS

The risk factor entitled "The Group's business may be impacted by political events, international trade disputes and other business interruptions" on page 27 of the Offering Circular should be deleted in its entirety and replaced with the following:

The Group's business may be impacted by political events, international trade disputes and other business interruptions

Political events, international trade disputes, war, terrorism, and other business interruptions could harm or disrupt international commerce and the global economy, and could have an adverse effect on the Group and its customers, suppliers and other partners as well as associates and/or affiliates. In particular, the U.S.-China trade conflict has brought uncertainty to global markets and to a certain extent, impacted businesses and financial market sentiment, influenced financial market volatility, and slowed investment and trade. The U.S.-China trade conflict manifests a deterioration in the relationship between China and the United States which has led to greater uncertainties in the geopolitical situations in other parts of the world affecting China and Chinese companies. For example, export controls, economic and trade sanctions, entity list have been threatened and/or

imposed by the U.S. government on a number of Chinese companies. The United States has also threatened to impose further export controls, sanctions, trade embargoes, and other heightened regulatory requirements on China and Chinese companies for alleged activities both inside and outside of China. The trade tensions between the United States and China could place pressure on the economic growth in China as well as the rest of the world. This may adversely affect the Group's business, financial condition, access to international capital markets and results of operations.

Against the backdrop of the trade conflict between the U.S. and China, the U.S. Department of Defense released in 2020 and January 2021 lists of Chinese companies (including Sinochem Group, a substantial shareholder of the Issuer) claiming that the companies are Communist Chinese military companies for purposes of Section 1237 of the National Defense Authorization Act for Fiscal Year 1999. These lists are based on the U.S. government's intelligence, which apparently enabled the U.S. Department of Defense to determine that the companies therein are owned or controlled by the Chinese military. In November 2020, the U.S. President signed an executive order, which prohibits any purchase for value or sale by any U.S. person of publicly traded securities (or securities that are derivative thereof or designed to provide investment exposure to such securities) of any company identified as a Communist Chinese military company. Any U.S. persons who hold such securities may be required to divest their holdings in such securities and may have to do so at a loss. As of the date of this Pricing Supplement, the Issuer is not listed as a Communist Chinese military company. However, there remains uncertainty as to whether the U.S. government will take further actions in relation to China-based companies and the impact of such actions.
