CHAIRMAN'S STATEMENT

Dear Shareholders,

In 2020, due to the impact of the Covid-19 epidemic, the Company encountered delivery difficulty in its overseas products and its overseas market came to a standstill. The impact on China State Railway Group Co., Ltd., a major customer of the Company in the PRC, and the railway group companies affiliated to it was relatively severe, resulting in a further reduction in the orders of the Company. Its production and operation was extremely challenging, with losses in the first half of the year. In the face of unprecedented challenges, the Company actively adjusted its business strategies and ameliorated the unfavorable situation with the concerted efforts of the Board, management team and all our staff, ensuring a turnaround in the second half of the year and maintaining an overall high-quality and stable development.

The above achievements would not be obtained without the endeavours and supports offered by all Shareholders. On behalf of the Board, I would like to take this opportunity to express my sincere gratitude towards all Shareholders, the general public, extensive customers and all employees for your care and support to our development!

Despite the strong headwinds brought by the Covid-19 epidemic in 2020, the Company firmly implemented the significant deployment of the CPC and the state, by establishing a leading group and a working group for epidemic prevention and control in the first instance, to implement epidemic prevention and control measures with high level of responsibility and strong sense of mission and to ensure that the Company had no confirmed cases and maintained normal production and operation. Meanwhile, the Company effectively coordinated and coped with the complex and ever-changing internal and external conditions, especially timely analysing and responding to various difficulties in light of the epidemic situation, adjusting business strategies and production arrangements, maintaining strategic determination, adhering to development goals in the face of adversity, and closely following the national strategies, with a view to seize market opportunities and promote various tasks in a solid and orderly manner.

During the year, the Company further pushed forward the reform of internal management system, promoted development through reform, maintained highly-efficient management, fully reinforced the implementation of a series of new mechanisms and new measures and activated intrinsic motivation, so that the governance capacity of the Company was further enhanced and its management capability and management competitiveness were consolidated continuously. In the past year, the Company pursued innovation-driven development. The world's first TX-100 railway sewage suction truck won the China Excellent Industrial Design Gold Award; DC-16 multi-function tamping machines were exported to Korea; three types of machines of an independently developed project in India were delivered to customers; bridge and tunnel cleaning machines, subway grinding machines and other new products were put into field use, and the new generation of dual-power metro milling machines achieved breakthroughs, which witnessed the further improvement of the product spectrum and the further enhancement of the technical coverage of the Company. During the year, the Company adhered to the market-oriented approach, retained intrinsic value and innovated new products for the national railway market, fully participated in the urban transit market competition, steadily expanded into overseas markets, further improved the quality of construction engineering, adhered to the development of technical services, explored and established the joint sales and marketing model for accessories, and promoted overseas extension of its products and services.

CHAIRMAN'S STATEMENT

Achievements were only made through persistence and results were only recorded from diligence. The year 2021 is the 100th anniversary of the Communist Party of China and the first year for the "14th Five Year Plan". The Company will continue to conform with the high-quality development requirements. With missions aiming to be the "world first class" and "leading in China", we will work relentlessly to develop CRCCE into a world-leading overall solution provider for large and intelligent track maintenance equipment, with enterprise prosperity, employee happiness, social respect and high value creativity.

Liu Feixiang
Chairman

Kunming, Yunnan Province, the PRC
19 March 2021

GENERAL MANAGER'S STATEMENT

Dear Directors,

I am pleased to present the consolidated results of the Company for the year ended 31 December 2020, and I would like to express my most sincere gratitude to all Directors for your continual care and support to the Company.

In 2020, under the impact of the unexpected epidemic, the Company's major economic indicators secured steady progresses in our operation that were not nailed with ease, with an annual operating revenue of RMB1,545 million and a profit of RMB22 million. Over the past year, the Company clung to our vision of being responsible to the society, shareholders and employees. Under the leadership of the Board, the Company took measures to precisely implement epidemic prevention and control, focused on the fundamental missions of corporate development, further consolidated and managed "new framework", embraced "new technology" of scientific research, persisted in expanding and developing "new markets", and made ongoing efforts to improve the "new production model", with all of the tasks making new achievements. It also fully reinforced the implementation of new frameworks and new measures of risk prevention and control, talent training and incentive orientation, further strengthened the construction of framework and system, and activated intrinsic motivation. A series of new products were developed. The world's first TX-100 railway sewage suction truck won the China Excellent Industrial Design Gold Award; DC-16 multi-function tamping machines were exported to Korea, and the product spectrum was improved. The Company made breakthroughs in the subway and urban rail transit markets. The rail welding machines and grinding machines developed by the Company entered into Guangzhou and other subway benchmark cities in the PRC. The collective subway business achieved a brilliant start. The Company improved its capabilities of plan execution, on-site management, supply chain supporting and quality management based on its production capacity of large railway track maintenance machines, and the transformation to the production model of multi-batch and small-scale has achieved significant results. Moreover, the Company continued our efforts in fulfilling environmental and social responsibility by creating 181 jobs in a year and actively participating in social caring activities including blood donation and donating supplies to schools in impoverished areas, with a view to fulfil social responsibility in a better way.

In 2021, the Covid-19 epidemic will continue to have widespread effects globally. Despite the external situation faced by the Company is becoming more complex and ever-changing, amid a new development landscape with domestic circulation as main pillar and mutual promotion of local and foreign circulation, the outlook of rail transit maintenance and related industries is promising. The Company's strength in steadily enhancing scientific and technological innovation in recent years will become its largest driving force to achieve high-quality development. As expected by the Directors, the Company will fully adapt to changes, deepen reform, consolidate its position in the "national railway, urban railway, overseas markets", focus on making core and crucial technological breakthroughs, so as to achieve our goal of becoming a world-leading overall solution provider for large and intelligent track maintenance equipment with our determination and bravery.

GENERAL MANAGER'S STATEMENT

At last, on behalf of the management of the Company, I hereby express my most sincere gratitude to all Directors, the Board and the Supervisory Committee for their care, help and support and to all staff of the Company for their efforts and contributions.

Tong Pujiang
General Manager

Kunming, Yunnan Province, the PRC
19 March 2021

REVENUE

	2020 **(RMB million)**	2019 (RMB million)
Sales of machinery	**595.4**	1074.7
Sales of parts and components	**352.3**	245.5
Overhaul services	**436.4**	632.8
Railway line maintenance services	**71.3**	59.5
Rail vehicles engineering and technical services	**89.9**	96.7
Total revenue	**1,545.4**	2,109.2

The Group's revenue from core business decreased by RMB563.8 million or 26.73% from RMB2,109.2 million for the year ended 31 December 2019 to RMB1,545.4 million for the year ended 31 December 2020.

In 2020, the Group's revenue from sales of machinery decreased by RMB479.3 million or 44.6% as compared with the same period last year, and the main reasons for such decrease were the decline in the number of traditional large railway track maintenance machines being sold as a result of the decrease in domestic market demand, and the urban rail transit market has not been fully opened up due to long research and development cycle of new products and other factors, but overseas sales has increased. The revenue from sales of parts and components increased by RMB106.8 million or 43.5% as compared with the same period last year, and the main reasons for such increase were the innovation of the Company's accessories sales model and the expansion of its market share. The revenue from overhaul services recorded a decrease in revenue of RMB196.4 million or 31.04% as compared with the same period last year, and the main reason for such decrease was that customers delayed the engineering works of large railway track maintenance machines due to the impact of Covid-19 epidemic. The revenue from railway line maintenance services increased by RMB11.8 million or 19.83% as compared with the same period last year, and the main reason for such increase was the increase in quantity of engineering works of railway line maintenance; the revenue from rail vehicles engineering and technical services decreased by RMB6.8 million or 7.03%, and the decrease was mainly due to the decline in the completion of orders as a result of Covid-19 epidemic.

COST OF SALES

The Group's cost of sales decreased by RMB418.1 million from RMB1,527.7 million for the year ended 31 December 2019 to RMB1,109.6 million for the year ended 31 December 2020. The decrease in cost of sales was mainly due to the fall in the revenue from core business.

MANAGEMENT DISCUSSION AND ANALYSIS

GROSS PROFIT

The Group's gross profit decreased by RMB145.7 million from RMB581.5 million for the year ended 31 December 2019 to RMB435.8 million for the year ended 31 December 2020. The Group's gross profit margin increased from 27.57% for the year ended 31 December 2019 to 28.2% for the year ended 31 December 2020. The change in gross profit margin was mainly due to the cost control measures implemented by the Company and the structural changes of the gross profit of various business segments.

OTHER INCOME AND GAINS

The Group's other income and gains decreased by RMB26.5 million from RMB87.6 million for the year ended 31 December 2019 to RMB61.1 million for the year ended 31 December 2020. The main reason for such decrease was the decrease in the government grants.

NET IMPAIRMENT LOSSES

The Group's net impairment losses decreased by RMB11.1 million from RMB44.3 million for the year ended 31 December 2019 to RMB33.2 million for the year ended 31 December 2020. The decrease of impairment losses was mainly due to the decrease in the provision of credit impairment loss for trade receivables with significant balances and credit impaired are assessed for ECL individually.

SELLING AND DISTRIBUTION EXPENSES

The Group's selling and distribution expenses increased by RMB17.1 million from RMB79.2 million for the year ended 31 December 2019 to RMB96.3 million for the year ended 31 December 2020. The main reason for such increase was the overall increase in selling expenses for the expansion of domestic and foreign markets.

ADMINISTRATIVE EXPENSES AND RESEARCH AND DEVELOPMENT EXPENSES

The Group's administrative expenses and research and development expenses decreased by RMB46.1 million from RMB379.6 million for the year ended 31 December 2019 to RMB333.5 million for the year ended 31 December 2020. The main reason for such decrease was the reduction in consolidated administrative expenses as a result of the annual cost control implemented by the Company.

IMPAIRMENT LOSS ON GOODWILL

During this year, impairment loss amounting to RMB8.6 million was recognised on the goodwill arising from the acquisitions of CE Cideon Engineering Verwaltungs GmbH, CE Cideon engineering GmbH & Co. KG and CE Cideon Engineering Schweiz AG in previous years. The carrying amount of the relevant goodwill amounted to RMB67.1 million as at 31 December 2020. The impairment loss has been charged to profit or loss.

OTHER EXPENSES

The Group's other expenses decreased by RMB4.4 million from RMB7.6 million for the year ended 31 December 2019 to RMB3.2 million for the year ended 31 December 2020. The decrease was primarily due to the decrease in loss of derecognition of the derecognised bills during the year.

FINANCE COSTS

The Group's finance costs for the year ended 31 December 2020 was nil, which was unchanged as compared with nil for the year ended 31 December 2019.

PROFIT BEFORE TAX

The Group's profit before tax decreased by RMB120.5 million from RMB142.6 million for the year ended 31 December 2019 to RMB22.1 million for the year ended 31 December 2020. The decrease in profit before tax was mainly due to the decrease in operating revenue.

INCOME TAX EXPENSE

The Group's income tax expense decreased by RMB20.5 million from RMB20.5 million for the year ended 31 December 2019 to nil for the year ended 31 December 2020. The decrease in income tax expense was mainly due to the reduction in taxable income.

In 2018, Ruiweitong Company was accredited as a high and new technology enterprise and received approvals from the relevant government authorities, and is entitled to the preferential corporate income tax rate of 15%.

The Company is entitled to the preferential tax policy of the western development, and is entitled to the preferential corporate income tax rate of 15%.

Kunweitong Company is levied at the corporate income tax rate of 25%.

PROFIT ATTRIBUTABLE TO OWNERS OF THE PARENT

Profit attributable to owners of the parent decreased by RMB100.0 million from RMB122.2 million for the year ended 31 December 2019 to RMB22.2 million for the year ended 31 December 2020. The decrease in the net profit attributable to owners of the parent was mainly due to the decrease in operating revenue.

PROFIT ATTRIBUTABLE TO NON-CONTROLLING INTERESTS

Profit attributable to non-controlling interests was nil for the year ended 31 December 2020, which was unchanged as compared with the same period of last year.

BASIC EARNINGS PER SHARE

Basic earnings per share decreased from RMB0.08 for the year ended 31 December 2019 to RMB0.01 for the year ended 31 December 2020, which was mainly due to the decrease in the Group's net profit.

LIQUIDITY AND SOURCE OF CAPITAL

Cash flows and working capital

The Group's needs for working capital were mainly satisfied by cash generated from operations. For the year ended 31 December 2020, the closing balance of the Group's cash and cash equivalents amounted to RMB1,708.3 million and the net increase in cash and cash equivalents was RMB124.4 million.

Net cash outflow from operating activities

The Group's net cash flow from operating activities decreased from the cash inflow of RMB221.6 million for the year ended 31 December 2019 to the cash outflow of RMB5.6 million for the year ended 31 December 2020, which was mainly due to the decrease in cash received from the sales of goods.

Net cash outflow from investing activities

For the year ended 31 December 2020, the Group's net cash outflow from investing activities was RMB58.4 million. The cash outflow from investing activities was mainly due to the acquisition and construction of fixed assets.

Net cash outflow from financing activities

For the year ended 31 December 2020, the Group's net cash outflow from financing activities was RMB60.4 million. The cash outflow item in financing activities was mainly the distribution of cash dividends in 2019.

Liquidity

The Board considers that the Group has sufficient liquidity to meet the Group's present requirements for liquid funds.

COMMITMENTS

The Group's commitments as at the dates indicated are set out as follows:

Capital commitments:

	31 December 2020 (RMB million)	31 December 2019 (RMB million)
Contracted but not provided for	**43.2**	47.8

INDEBTEDNESS

The Group has no indebtedness as at 31 December 2020.

PLEDGE

The Group has no pledge as at 31 December 2020.

GEARING RATIO

The Group monitors capital management by using the gearing ratio, which is net debt divided by the adjusted capital plus net debt. Net debt includes trade and bills payables, financial liabilities included in other payables and accruals less cash and cash equivalents and pledged deposits. Capital includes equity attributable to owners of the parent. The Group's gearing ratio was -0.2% as at 31 December 2019 and 0.82% as at 31 December 2020.

CONTINGENT LIABILITIES

The Group has no material contingent liability as of 31 December 2020.

MARKET RISKS

The Group is subject to various market risks, including foreign exchange risks, and inflation risks in the ordinary course of business.

FOREIGN EXCHANGE RISKS

The majority of the Group's businesses are located in China and most of the transactions are settled in RMB, with certain sales, procurement and the German subsidiaries settled in foreign currencies including Euro and USD. The fluctuation in exchange rates of these foreign currencies against RMB will affect the operating results of the Group.

POLICY RISKS

The Group is subject to the risks of changes in the construction policies implemented by the Chinese government on the railway market.

1. **Liu Feixiang (劉飛香)**, aged 57, graduated from the department of mechanics of Southwest Jiaotong University with a bachelor's degree of engineering in August 1983, majoring in engineering machinery. He is a professor level senior engineer who has 36 years of experience in research, development and manufacturing of high-end equipment in China. From August 1983 to February 1996, he worked as a trainee, assistant engineer and engineer of Zhuzhou Bridge Factory (株洲橋樑廠) under the Ministry of Railways. From February 1996 to May 1997, he served as deputy general manager of Zhuzhou Bridge Factory Nanjian Corporation* (株洲橋樑廠南箭總公司) and manager and engineer of Rail Welding Engineering Company* (軌道焊接工程公司) at the same time. From May 1997 to July 2000, he served as deputy factory manager, engineer and senior engineer of Zhuzhou Bridge Factory under the Ministry of Railways. From July 2000 to November 2001, he served as factory manager, deputy secretary of the Communist Party committee, senior engineer of Zhuzhou Bridge Factory of China Railway Construction Corporation Factory Bureau. From November 2001 to March 2003, he served as factory manager, deputy secretary of the Communist Party committee and senior engineer of Zhuzhou Bridge Factory of China Railway 11th Bureau Group Co., Ltd. From March 2003 to April 2005, he served as chairman, general manager, deputy secretary of the Communist Party committee, equity representative and senior engineer of China Railway Zhuzhou Bridge Company* (中鐵株洲橋樑公司) under China Railway 11th Bureau Group Co., Ltd. From April 2005 to May 2007, he served as deputy general manager and professor level senior engineer of China Railway 11th Bureau Group Co., Ltd. From May 2007 to July 2011, he was appointed as director, chairman, general manager, deputy secretary of the Communist Party committee and professor level senior engineer of China Railway Track System Group Co., Ltd. Since July 2011, he served as chairman, general manager, deputy secretary of the Party committee and professor-level senior engineer of CRCHI. Since September 2017, he concurrently served as the chairman and an executive Director of the Company.

2. **Zhao Hui (趙暉)**, aged 48, graduated from the department of environmental engineering in Lanzhou Railway University with a bachelor's degree of engineering in July 1995, majoring in water supply and drainage engineering. He is a senior engineer who has 24 years of experience in research, development and manufacturing of high-end equipment in China. From July 1995 to November 2000, he worked in Zhuzhou Bridge Factory under the Ministry of Railways as a trainee, assistant engineer, and assistant member of league committee and league officer. From November 2000 to May 2002, he served as assistant engineer, engineer and salesman of sales office of Zhuzhou Bridge Factory of China Railway Construction Corporation Factory Bureau. From May 2002 to September 2005, he served as salesman of sales office, director of sales office, head of general marketing department (deputy level), deputy chief of marketing department, head of marketing department, and engineer of Zhuzhou Bridge Factory of China Railway 11th Bureau Group Co., Ltd. From September 2005 to June 2007, he served as assistant to general manager and deputy general manager and senior engineer of China Railway Zhuzhou Bridge Company under China Railway 11th Bureau Group Co., Ltd. From June 2007 to January 2008, he served as head of marketing department and senior engineer of China Railway Track System Group Co., Ltd. From January 2008 to July 2011, he served as assistant to general manager, head of marketing department and senior engineer of China Railway Track System Group Co., Ltd. From July 2011 to April 2013, he served as assistant to general manager of CRCHI, general manager and senior engineer of the turnout company. From April 2013 to January 2015, he served as director of marketing and senior engineer of CRCHI. From January 2015 to June 2017, he served as deputy general manager, member of the Communist Party committee and senior engineer of CRCHI. Since June 2017, he served as deputy secretary of the Communist Party committee, director, deputy general manager and senior engineer of CRCHI. From September 2017 to July 2019, he concurrently served as an executive Director and secretary of the Communist Party committee of the Company. Since August 2019, he concurrently served as a non-executive Director and secretary of the Communist Party committee of the Company.

3. **Tong Pujiang (童普江)**, aged 43, graduated from the Central Party School in June 2014 and obtained a master's degree in economic management. He is an engineer who has 21 years of experience in manufacturing and repair of railway track maintenance machinery. From August 2005 to February 2011, he worked in Kunming China Railway Large Maintenance Machinery Group Co., Ltd. as secretary, deputy director, director of the office and engineer. From February 2011 to January 2013, he served as assistant to general manager, head of human resource department and engineer of Kunming China Railway Large Maintenance Machinery Group Co., Ltd. From January 2013 to January 2015, he served as assistant to general manager, factory manager of manufacturing general factory and engineer of Kunming China Railway Large Maintenance Machinery Group Co., Ltd. He worked as deputy general manager of the Company from June 2015 to July 2017. Since July 2017, he has served as general manager of the Company and since September 2017, he has served as an executive Director of the Company.

4. **Chen Yongxiang (陳永祥)**, aged 54, obtained a master's degree in international economic and trade relations jointly set up by Nankai University and Flinders University, Australia in June 2013. He is an engineer who has 31 years of experience in manufacturing and repair of railway track maintenance machinery. From November 1998 to December 2004, he served as the deputy director and engineer at the production preparation workshop of Kunming Machinery Factory under the engineering headquarters of the Ministry of Railway. From December 2004 to May 2005, he worked as the manager and engineer at the metal materials processing company of Kunming China Railway Large Maintenance Machinery Group Co., Ltd. From May 2005 to January 2010, he worked as the manager and engineer at the machining company of Kunming China Railway Large Maintenance Machinery Group Co., Ltd. From January 2010 to June 2015, he served as a vice general manager and engineer of Kunming China Railway Large Maintenance Machinery Group Co., Ltd. Since June 2015, he has served as deputy general manager of the Company and since June 2017, he has served as an executive Director of the Company.

5. **Sun Linfu (孫林夫)**, aged 57, served as an independent non-executive Director of the Company since November 2015. Mr. Sun has nearly 27 years of experience in advanced manufacturing and railway maintenance machinery industry. From October 1992 to September 1999, he served as the executive deputy director of the Computer-aided Design (CAD) Engineering Center of Southwest Jiaotong University. From September 1999 to October 2014, he served as the director of the CAD Engineering Center of Southwest Jiaotong University. Since December 2006, he served as the dean of Sichuan Provincial Modern Service Technology Research Institute (formerly known as Sichuan Provincial Research Institute of Manufacturing Information). Mr. Sun has been appointed as a professor of Southwest Jiaotong University since June 1996. He was appointed as the doctoral supervisor by Southwest Jiaotong University in April 2000. He obtained a doctor's degree from Southwest Jiaotong University in June 1993, majoring in bridge and tunnel engineering.

6. **Yu Jiahe (于家和)**, aged 66, served as an independent non-executive Director of the Company since November 2015. Mr. Yu has 40 years of experience in design and selection of railway maintenance machinery. From June 1980 to October 1999, he successively served as intern, assistant engineer, engineer, station head and senior engineer in the Design Institute of Railway. From October 1999 to May 2014, he assisted the foundation department of the transport bureau of the former MOR. He obtained an academic certificate for university from Southwest Jiaotong University in February 1980, majoring in machinery manufacturing technique and equipment.

7. **Wong Hin Wing (黃顯榮)**, aged 58, holds a Master's degree in Executive Business Administration from The Chinese University of Hong Kong. He is a fellow member of the Hong Kong Institute of Certified Public Accountants, the Institute of Chartered Accountants in England & Wales, the Association of Chartered Certified Accountants, the Hong Kong Institute of Directors and the Institute of Chartered Secretaries and Administrators. He is also a member of the American Institute of Certified Public Accountants and a chartered member of the Chartered Institute for Securities & Investment. He is an Independent Non-executive Director of CRCC High-Tech Equipment Corporation Limited (a public company with H shares listed on the Stock Exchange), Guangzhou Baiyunshan Pharmaceutical Holdings Company Limited (a public company with A shares listed on the Shanghai Stock Exchange and H shares listed on the Stock Exchange), Inner Mongolia Yitai Coal Co., Ltd. (a public company with B shares listed on the Shanghai Stock Exchange and H shares listed on the Stock Exchange), Wine's Link International Holdings Limited (a public company listed on the Stock Exchange) and Jiangxi Bank Co., Ltd. (a public company with H shares listed on the Stock Exchange). He is a Member of the Anhui Provincial Committee of the Chinese People's Political Consultative Conference, a panel member of Securities and Futures Appeals Tribunal as well as Public Interest Entities Auditors Review Tribunal, a Member of the Construction Industry Council, the Betting and Lotteries Commission and the Medical Council of Hong Kong. He is the managing partner and responsible officer of Hermitage Capital HK Limited, a licensed corporation under the Securities and Futures Ordinance. Prior to this, he had worked with an international audit firm for four years and then a listed company as Chief Financial Officer for seven years, after which he co-founded Silk Road International Capital Limited (a licensed corporation formerly known as Legend Capital Partners Inc.) and led the company as the executive director and responsible officer for twenty three years. Overall, he has 37 years of experience in accounting, finance, investment management and advisory.

8. **Sha Mingyuan (沙明元)**, aged 59, has nearly 40 years' experience in equipment and material management, engineering machinery manufacturing and engineering construction. He worked as an intern in the Repair Workshop of No. 19 Engineering Corporation of the Ministry of Railways from July 1983 to July 1984. He worked as an teaching assistant in the Department of Machinery of Shijiazhuang Railway Institute from July 1984 to December 1989. He worked as a lecturer in the Department of Machinery of Shijiazhuang Railway Institute from December 1989 to August 1997. He studied the bachelor program in the Department of Engineering Machinery of Railway Corps Engineering Institute from September 1979 to July 1983 and obtained the bachelor of engineering. He worked as an associate professor in the Department of Machinery of Shijiazhuang Railway Institute and the vice chief engineer of the Qinling Tunnel Engineering Headquarters of China Railway Construction Corporation from August 1997 to February 2000. He worked for the Equipment & Material Transportation Department (corresponding to the level of the associate professor) of China Railway Construction Corporation and assumed concurrently the Vice Commander and Equipment and Material Department Director of Danfeng Engineering Headquarters of China Railway Construction Corporation from February 2000 to July 2001. He worked as the Senior Engineer in the Equipment & Material Transportation Department of China Railway Construction Corporation from July 2001 to December 2002. He worked as the professor level senior engineer in the Equipment & Material Transportation Department of China Railway Construction Corporation from December 2002 to December 2005. He worked as the professor level senior engineer in the Engineering Management Department of China Railway Construction Corporation from December 2005 to April 2006. He worked as the chief mechanical engineer (corresponding to the level of the department principal) and senior engineer at the professor level in Nanjing Changjiang Tunnel Co., Ltd. from April 2006 to July 2008. He worked as the vice director (corresponding to the level of the department principal) and professor level senior engineer of the Engineering Management Department of CRCC and the chief mechanical engineer of Nanjing Changjiang Tunnel Co., Ltd. from July 2008 to November 2008. CORPORATE GOVERNANCE REPORT

The Board is pleased to present the corporate governance report of the Company for the year ended 31 December 2020. The Company remains committed to maintaining compliant operation, constantly improving its corporate governance system, and continuously implementing comprehensive risk management and internal control, with a view to improve its management efficiency and corporate governance.

I. OVERVIEW OF CORPORATE GOVERNANCE

The Board has reviewed documents related to corporate governance and is of the view that the requirements of such documents comply with the code provisions set out in the CG Code of the Stock Exchange. For the year ended 31 December 2020, the Company has fully complied with the code provisions of the CG Code.

The Board and the management of the Company make every effort to comply with the CG Code in order to protect and enhance the interests of the Shareholders. As the Company continues to grow, the Company will monitor and revise its corporate governance policy on an ongoing basis, to ensure the relevant policies to be in compliance with the general regulations and standards required by the Shareholders.

In accordance with the relevant laws and regulations such as the Company Law and the Securities Law of the PRC, the Company has set up a management structure with general meetings, the Board, specialized committees of the Board, the Supervisory Committee and the management to act as check and balance against one another. The division of responsibilities among the general meetings, the Board, specialized committees of the Board and the management is distinct, and each of them is assigned with clearly defined responsibilities, which established a mechanism of clear authorities and responsibilities, operation regulation, mutual balance and checks and balances for our authority body, decision-making body, supervisory body and management team. The Board has delegated the execution and daily operations of the Company's business to the management. However, clear directions are given to the management as to the matters that must be approved by the Board before decisions are made on behalf of the Company. The Company will continue to improve its corporate governance mechanism, exercise discipline in the fulfilment of corporate duties, and strengthen information disclosure in practice.

II. SECURITIES TRANSACTIONS BY DIRECTORS AND SUPERVISORS

The Company has adopted the Model Code as the code of conduct for governing the securities transactions by the Directors and the Supervisors.

The Company has issued a specific enquiry regarding whether the securities transactions by Directors and Supervisors comply with the Model Code, and the Company confirmed that all Directors and Supervisors have complied with the securities transactions standards governing Directors and Supervisors specified by the Model Code during the reporting period.

III. BOARD OF DIRECTORS

1. Composition of the Board

According to the Articles, the Company has established the Board consisting of nine Directors, of whom one is the chairman and three are independent Directors.

As at the date of this report, the Board consisted of eight Directors, of which Mr. Liu Feixiang, Mr. Zhao Hui, Mr. Tong Pujiang and Mr. Chen Yongxiang were appointed as the executive Directors of the CRCCE upon the nomination by the nomination committee, and the consideration and approval at the twenty-second meeting of the first session of the Board and the 2017 annual general meeting of the Company. Mr. Liu Feixiang was elected as the chairman of the second session of the Board, upon the nomination by the controlling Shareholder and the consideration and approval at the first meeting of the second session of the Board. Mr. Zhao Hui, an executive Director of the Company, was designated as a non-executive Director, upon the consideration and approval at the seventh meeting of the second session of the Board.

The Board of the Company received a resignation letter from Mr. Wu Zhixu on 3 August 2020, and Mr. Wu Zhixu ceased to serve as a non-executive director of the Company with effect from 3 August 2020. The Company currently has two non-executive Directors, namely Mr. Zhao Hui and Mr. Sha Mingyuan, and three independent non-executive Directors, namely Mr. Sun Linfu, Mr. Yu Jiahe and Mr. Wong Hin Wing.

All Directors have entered into service contracts with the Company respectively with a term of three years. A Director may be re-elected and re-appointed at a general meeting after his/her term of office expires.

The Directors strictly complied with their promises, fidelity, integrity, and diligently performed their responsibilities. The number of people and composition of the Board conformed to the requirements of relevant laws and regulations. There was no non-working relationship among the members of the Board, including financial, business, family or other significant relevant relations.

The Directors distinguished themselves in their field of expertise, and exhibited high standards of personal and professional ethics and integrity. All Directors gave sufficient time and energy to the Company's affairs. The Board believed that the ratio of the number of executive Directors to non-executive Directors was reasonable and adequate to provide checks and balances that safeguard the interests of the Shareholders and the Company as a whole.

2. Meetings of the Board and Directors' attendance record

During the reporting period, the Company convened a total of seven Board meetings and three general meetings. The following sets forth the Directors' attendance of the Board meetings and the general meetings:

Name	Title	Board meetings	General meetings
Liu Feixiang	Chairman and Executive Director	7/7	2/3
Tong Pujiang	Executive Director	7/7	3/3
Chen Yongxiang	Executive Director	7/7	3/3
Zhao Hui	Non-executive Director	7/7	3/3
Sha Mingyuan	Non-executive Director	7/7	3/3
Wu Zhixu	Non-executive Director	4/4	2/2
Sun Linfu	Independent Non-executive Director	7/7	3/3
Yu Jiahe	Independent Non-executive Director	7/7	3/3
Wong Hin Wing	Independent Non-executive Director	7/7	3/3

Note 1: Mr. Liu Feixiang, chairman of the Board, failed to attend and preside at the second extraordinary general meeting of 2020 of the Company due to work arrangement.

Note 2: The Board of the Company received a resignation letter from Mr. Wu Zhixu on 3 August 2020, and Mr. Wu Zhixu ceased to serve as a director of the Company with effect from 3 August 2020.

3. Continuous training and development schemes for Directors

According to the CG Code, all Directors should participate in continuous professional development schemes to develop and refresh their knowledge and skills, to ensure that their contribution to the Board remains informed and relevant.

All Directors have regularly accepted the briefs and updates about the business, operations, risk management and corporate governance of the Company, and were provided with new key laws and regulations and changes to the forgoing appropriately applicable to the Company. According to the CG Code, all Directors are required to provide their respective training records to the Company.

During the reporting period, the Company has provided the appropriate continuous training and professional development courses for the Directors, including engaging the Company's counsel to carry out the training about "Interpretation of Contract Compilation of the Civil Code of the People's Republic of China", "Recent Developments of the Securities Regulatory Environment for Listed Companies in Hong Kong", etc. All Directors and Supervisors have attended the related trainings, and were made aware of and carefully read the relevant documents. Moreover, the Company have received the letters of confirmation for attending the continuous professional trainings from each Director.

4. Operation of the Board

The Board is responsible to the general meetings for leadership and control of the Company, and is responsible for formulating the overall development strategy, reviewing and monitoring the business performance of the Company, as well as preparing and approving financial statements. Moreover, the Board delegates the management to be responsible for the daily management, administration and operation of the Company, and also reviews those delegated functions on periodic basis to ensure that relevant arrangement remains appropriate to the needs of the Company.

The Board convenes regular and extraordinary meetings in accordance with legal procedures and complies strictly with relevant laws and regulations and the Articles in the exercise of its authority, with an emphasis on protecting the interests of the Company and its Shareholders.

All Directors are given no less than 14 days' notice of regular Board meetings, and all Directors are given no less than 5 days' notice of extraordinary Board meetings.

The secretary to the Board records and prepares documents concerning all matters that are discussed during the Board meetings. Draft minutes of every Board meeting are circulated to all Directors for their review. After finalisation, the Board minutes will be signed by all Directors who have attended the meeting and the minutes recording person. These documents are permanently kept as important records of the Company at the Company's domicile.

According to the Articles, the Board is responsible to the general meetings and it principally exercises the following functions:

(I) to convene general meetings and report its work to the general meetings;

(II) to implement the resolutions of the general meetings;

(III) to make decisions on business plans and investment plans of the Company;

(IV) to formulate the Company's proposed annual financial budget and final financial reports;

(V) to formulate the Company's profit distribution plans and plans for making up for losses;

(VI) to formulate the Company's plans for increasing or reducing the registered capital, issuing shares, bonds or other securities and listing;

(VII) to formulate the Company's plans for major acquisitions, repurchase of the Company's shares or merger, division, dissolution or change in corporate form;

(VIII) to decide matters of the Company such as external investment, purchase and sales of assets, pledge of assets, external guarantee, entrusted finance and connected transactions within the scope of authorisation of general meetings;

(IX) to decide the setting of internal administrative organizations of the Company;

(X) to appoint or dismiss the general manager and the secretary to the Board, to appoint or dismiss any senior management, including vice general manager and financial controller of the Company according to the nomination by the general manager, and to decide their remuneration and rewards and punishments;

(XI) to formulate the basic management system of the Company;

(XII) to formulate proposals for any modifications to the Articles;

(XIII) to manage the disclosure of information of the Company;

(XIV) to propose on the general meetings the appointment or change of the accounting firm that provides the Company with the audit service of annual financial statements and to determine its audit fee;

(XV) to listen to work reports of the general manager of the Company and to review his/her work;

(XVI) to decide the establishment and composition of specialized committees of the Board of Directors;

(XVII) to consider and approve change in use of proceeds raised;

(XVIII) other functions and authorities as specified by laws, regulations and the listing rules of the stock exchange on which shares of the Company are listed and as granted by the general meeting and the Articles.

All Directors have access to the advice and services of the company secretary. The Company provides all Directors with the necessary information and data to enable them to make scientific, timely and prudent decisions. Any Director can request the general manager to, or through the general manager to request the Company's relevant department to provide him/her with any necessary information and explanation to enable him/her to make scientific, timely and prudent decisions. If any of the independent non-executive Directors considers necessary, an independent institution can be engaged to provide independent opinions to assist him/her in making decisions. The Company is responsible for arranging the engagement of the independent institution at its own costs.

Director(s) with interest in any connected transaction cannot vote at the Board meeting considering the particular connected transaction. If a resolution cannot be passed due to the Director(s)' abstaining from voting, the resolution will be submitted directly to the general meeting for consideration.

The Company has taken out appropriate liability insurance for Directors, for the purpose of covering any of their liability arising out of the Company's corporate activities.

5. Specialized committees of the Board

The Board of the Company has established four specialized committees, including the strategy and investment committee, the audit and risk management committee, the nomination committee, and remuneration and evaluation committee. The functions of each specialized committee are to analyze specific issues in its area of expertise and to provide opinions and suggestions for consideration by the Board.

a. Strategy and investment committee

The strategy and investment committee of the Company was established in June 2015. It currently consists of three Directors, including one executive Director and two independent non-executive Directors. Due to the change of the session of the Board, Mr. Liu Feixiang was appointed as the chairman of the strategy and investment committee upon the consideration and approval at the first meeting of the second session of the Board. The other members of the committee are Mr. Sun Linfu and Mr. Yu Jiahe. The strategy and investment committee is primarily responsible for analyzing and proposing suggestions on the Company's development strategy planning and significant investment decisions, which include, among other things:

- to review the Company's long-term development strategies;
- to review the major issues that affect the development of the Company;
- to review the significant capital operations, asset management projects, significant investments, financing and guarantee projects which should be approved by the Board.

In 2020, the strategy and investment committee held three meetings to mainly consider the following issues:

Name of the strategy and investment committee's meeting	Date	Major matters considered
The first meeting of the strategy and investment committee of the second session of the Board in 2020	28 February 2020	(I) To consider the Resolution on Adjustment of Organizational Structure and Functions Positioning of the Company; (II) To consider the Resolution on Annual Investment Plans of 2020 of the Company.
The second meeting of the strategy and investment committee of the second session of the Board in 2020	20 March 2020	(I) To consider the Resolution on Production and Operating Plan of 2020 of the Company; (II) To consider the Resolution on 2020 Bank Credit Facilities of the Company; (III) To consider the Resolution on the Performance Report of the Strategy and Investment Committee of the Company of 2019.
The third meeting of the strategy and investment committee of the second session of the Board in 2020	18 December 2020	To consider the Resolution on the Establishment of Zhengzhou Branch of CRCC High-Tech Equipment Corporation.

Attendances of each member at the meetings are as follows:

No.	Name	Position	Attendance/ meeting
1	Liu Feixiang	Chairman of the Committee	3/3
2	Sun Linfu	Member	3/3
3	Yu Jiahe	Member	3/3

b. Audit and risk management committee

The audit and risk management committee of the Company was established in June 2015. It currently consists of three independent non-executive Directors. As the change of the session of the Board, Mr. Yu Jiahe was appointed as the chairman of the audit and risk management committee upon the consideration and approval at the first meeting of the second session of the Board, and other members of the committee include Mr. Sun Linfu and Mr. Wong Hin Wing.

The audit and risk management committee of the Company is primarily responsible for supervising the Company's internal control, risk management, financial information disclosure and internal audit matters, which include, among other things:

- to supervise and manage the audit work, to propose appointment or removal of external audit agencies, to examine and supervise the work of external audit agencies, and the relationships between the Company and the external audit agencies, to formulate and implement policies on the non-audit services provided by the external audit agencies, to examine the Letters of Explanation of Review Matters submitted to the management by the external audit agencies and give timely feedback on the matters raised by the external audit agencies in its Letters of Explanation of Review Matters;

- to supervise the internal audit system and its implementation, to review the Company's financial and accounting policies and practices;

- to ensure the communication and coordination between internal audit and external audit agencies;

- to supervise the Company's financial information and its disclosure, and to review the major opinions on financial reporting as set out in the statements and reports;

- to review the Company's financial control, risk management and internal control system, to review major connected transactions, and to discuss the risk management and internal control system with the management to ensure that the management has discharged its duty to establish an effective internal control system;

- to ensure the Company's arrangements for staff of the Company, in confidence, to report or raise concerns about possible improprieties in financial reporting, risk management, internal control or other matters;

- to submit the annual report on overall risk management to the Board, to consider the Company's risk management strategies and the solutions for major risk management, to consider the establishment of the risk management organisation, and proposals of their responsibilities, and to consider the comprehensive report on the supervision, assessment and audit of risk management submitted by the internal audit department.

The Company has established an audit department with relatively independent functions on internal audit, internal control and risk management. The audit department is under the guidance and supervision of the audit and risk management committee, and reports its work to the audit and risk management committee.

During the reporting period, the audit and risk management committee reviewed risk management and internal control and expressed their reasonable opinion.

The decisions of the Board did not deviate or violate any recommendations about selection, appointment or dismissal of external auditors made by the audit and risk management committee.

During the reporting period, the audit and risk management committee reviewed 2019 annual results announcement and annual report, 2020 interim results announcement and interim report, auditing planning of external auditor, and the auditor's report and the interim review report prepared by Deloitte.

In 2020, the audit and risk management committee held three meetings, to mainly consider the following issues:

Name of the audit and risk management committee's meetings	Date	Major matters considered
The first meeting of the audit and risk management committee of the second session of the Board in 2020	20 March 2020	(I) To consider the Proposal of the Company's 2019 Annual Report and Results Announcement;
		(II) To consider the Proposal of the Company's Final Financial Report for 2019;
		(III) To consider the Proposal of the Company's Profit Distribution Plan for 2019;
		(IV) To consider the Proposal of 2019 Auditing Fee Payment and Appointing Auditing Firm of the Company for 2020;
		(V) To consider the Proposal of 2019 Report of Internal Risk Control;
		(VI) To consider the Proposal of the Performance Report of Audit and Risk Management Committee of the Board for 2019;
		(VII) To consider the Proposal of Summary for Work of 2019 Internal Audit, Risk Control and Planning of 2020 Internal Audit and Risk Control;

Name of the audit and risk management committee's meetings	Date	Major matters considered
		(VIII) To consider the Proposal of 2020 Implementing Plan of Measures of Material and Key Risk Management and Control;
		(IX) To consider the Proposal of Rectifying Plan after Identifying the 2019 Annual Internal Control Evaluation Defects.
The second meeting of the audit and risk management committee of the second session of the Board in 2020	31 July 2020	(I) To consider the Proposal of the Company's 2020 Interim Results Announcement and Interim Report;
		(II) To consider the Proposal of Entering into Continuing Connected Transactions in relation to the Product Sales and Paid Services Framework Agreement;
		(III) To consider the Proposal of Entering into Continuing Connected Transactions in relation to the Financial Services Framework Agreement.
The third meeting of the audit and risk management committee of the second session of the Board in 2020	18 December 2020	To consider the Proposal of Entering into Continuing Connected Transactions in relation to the Financial Services Framework Agreement.

Attendances of each member at the meetings are as follows:

No.	Name	Position	Attendance/ meeting
1	Yu Jiahe	Chairman of the Committee	3/3
2	Sun Linfu	Member	3/3
3	Wong Hin Wing	Member	3/3

c. Nomination committee

The nomination committee of the Company was established in June 2015. It currently consists of three Directors, including one executive Director and two independent non-executive Directors. Due to the change of the session of the Board, Mr. Liu Feixiang was appointed as the chairman of the nomination committee upon the consideration and approval at the first meeting of the second session of the Board. The other members of the committee are Mr. Sun Linfu and Mr. Yu Jiahe.

The nomination committee of the Company is primarily responsible for formulating the nomination procedures and standards for candidates for Directors, which include, among other things:

- to examine the structure, number of members and composition (including professional skill, knowledge and experience of related aspects) of the Board at least once a year;
- to formulate the nomination procedures and standards for Directors and senior management, and to make suggestions on the proposed changes of the Board with the aim to facilitate the Company's strategies;
- to assess the independence of independent Directors;
- to assess and review the candidates for Directors and senior management to be potentially appointed by the Board, and make suggestions to the Board on plans for appointment, re-appointment and succession of Directors.

In 2020, the nomination committee held three meetings, to mainly consider the following issues:

Name of the nomination committee's meetings	Date	Major matters considered
The first meeting of the nomination committee of the second session of the Board in 2020	28 February 2020	To consider the Proposal of the Appointment of the Vice General Manager of the Company.
The second meeting of the nomination committee of the second session of the Board in 2020	20 March 2020	To consider the Proposal of the Performance Report of Nomination Committee of the Board of Directors of the Company for 2019.
The third meeting of the nomination committee of the second session of the Board in 2020	7 December 2020	To consider the Proposal of the Appointment of the Chief Accountant of the Company.

Attendances of each member at the meetings are as follows:

No.	Name	Position	Attendance/ meeting
1	Liu Feixiang	Chairman of the Committee	3/3
2	Sun Linfu	Member	3/3
3	Yu Jiahe	Member	3/3

d. *Remuneration and evaluation committee*

The remuneration and evaluation committee of the Company was established in June 2015. It currently consists of three Directors, including one executive Director and two independent non-executive Directors. As the change of the session of the Board, Mr. Yu Jiahe was appointed as the chairman of the remuneration and evaluation committee upon the consideration and approval at the first meeting of the second session of the Board. The other members of the committee are Mr. Liu Feixiang and Mr. Sun Linfu.

The remuneration and evaluation committee of the Company is primarily responsible for formulating and reviewing the remuneration policies and schemes for the Company's Directors and senior management, which include, among other things:

- to make recommendations to the Board on the Company's policies and structure for the remuneration of Directors and senior management;

- to study the performance assessment management measures for the Company's Directors and senior management, to formulate assessment standards, and to determine the assessment objectives;

- to review and approve the compensation payable to executive Directors and senior management for any loss or termination of office or appointment, to review and approve compensation arrangements relating to dismissal or removal of Directors for misconduct;

- to develop formal, fair, reasonable and transparent remuneration system, to supervise the effective implementation of the Company's remuneration system, and to consider the Company's share incentive plan(s) and provide recommendations thereon.

Under the Provision B.1.2(c)(ii) of the CG Code, the remuneration and evaluation committee has made recommendations to the Board on the remuneration of Directors and senior management.

In 2020, the remuneration and evaluation committee held one meeting to mainly consider the following issues:

Name of the remuneration and evaluation committee's meeting	Date	Major matters considered
The first meeting of the remuneration and evaluation committee of the second session of the Board in 2020	20 March 2020	(I) To consider the Proposal of the Remuneration for the Directors and Supervisors of the Company in 2019; (II) To consider the Proposal of the Remuneration for the Senior Management of the Company in 2019; (III) To consider the Proposal of the Performance Report of Remuneration And Evaluation Committee of the Board of Directors of the Company for 2019.

Attendances of each member at the meeting are as follows:

No.	Name	Position	Attendance/ Meeting
1	Yu Jiahe	Chairman of the Committee	1/1
2	Liu Feixiang	Member	1/1
3	Sun Linfu	Member	1/1

e. *Corporate governance functions*

The Board is responsible for the following corporate governance functions:

1. to formulate and review the Company's corporate governance policies and practices and make recommendations;

2. to review and monitor the training and continuous professional development of the Directors and senior management members;

3. to review and monitor the Company's policies and practices on compliance, laws and regulations;

4. to formulate, review and monitor any code of conduct and compliance manual (if any) applicable to employees and Directors; and

5. to review the Company's compliance with the CG Code and the disclosure of corporate governance report as set out in the annual report of the Company.

During the reporting period, the Board reviewed and supervised from time to time the implementation of a series of corporate governance documents; reviewed and actively organized training and continuing professional development for Directors and senior management; reviewed and monitored whether there was any violation of laws and regulatory requirements by the Company; approved the Corporate Governance Report of the Company for the year 2019, and approved the disclosure on the website of the Stock Exchange and the Company's website of the same; and formulated, reviewed and supervised Shareholder communications policy to ensure its effectiveness.

IV. CHAIRMAN AND GENERAL MANAGER

The offices of the chairman and the general manager of the Company are held by different persons. Mr. Liu Feixiang is the chairman and Mr. Tong Pujiang is the general manager of the Company. The division of responsibilities between them has been clearly established and set out in writing. The chairman is responsible for leadership of the Board and chairing Board meetings, while the general manager is responsible for the Company's daily operations.

According to the Articles, the chairman primarily exercises the following functions and powers:

(1) to preside at general meetings, and to convene and preside at Board meetings;

(2) to supervise and check the implementation of general meeting resolutions and Board resolutions;

(3) to sign important documents of the Board and other documents that should be signed by the legal representative of the Company;

(4) to exercise certain functions and powers of the Board in accordance with authorization of the Board during intermissions of the meetings of the Board;

(5) to sign the securities issued by the Company;

(6) to organise the formulation of relevant systems relating to the Board and to coordinate with its operation;

(7) in case of emergency circumstances of force majeure events such as war, extraordinary natural disasters, to exercise special discretion and power of disposition which comply with legal provisions and are in the interests of the Company on matters of the Company and provide post-event reports to the Board and the general meeting;

(8) to listen to the reports of the general manager, other senior management and persons in charge of the invested enterprises of the Company;

(9) other functions and powers granted by the Board.

The general manager of the Company is responsible to the Board of the Company. The general manager and the management team under his/her leadership exercise the following functions and powers:

(1) to take charge of the production, operation and management of the Company, to organize implementation of resolutions of the Board, and to report his/her work to the Board;

(2) to organize the implementation of annual operation plans and investment plans of the Company;

(3) to establish plans for establishment of the Company’s internal management structure;

(4) to establish the Company’s basic management system;

(5) to formulate the basic rules and regulations of the Company;

(6) to propose to the Board of Directors the appointment or dismissal of any vice general manager, chief accountant, chief engineer and chief economist of the Company;

(7) to appoint or dismiss of management members other than those whose appointment or dismissal shall be decided by the Board of Directors;

(8) to propose the convening of interim meetings of the Board;

(9) other functions and powers granted by the Board.

V. INDEPENDENT NON-EXECUTIVE DIRECTORS

According to the Articles, independent non-executive Directors are elected at the general meeting for a term of three years. Upon expiry of the term, they are eligible for re-election and re-appointment for no more than six years, except otherwise expressly provided by relevant laws, regulations and listing rules of the stock exchange on which the Company's shares are listed.

Each of the independent non-executive Directors has issued a confirmation to the Company in respect of the factors set out in Rule 3.13 of the Listing Rules concerning his/her independence. The Company considers all of the independent non-executive Directors to be independent.

VI. BOARD DIVERSITY POLICY

When determining the composition of the Board, the Company seeks to achieve Board diversity through the consideration of a number of aspects, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and term of service. All appointments of the Board will be based on meritocracy, and candidates will be considered with due regard to the benefits of diversity of the Board. Selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and term of service. The ultimate decision will be based on merits of the candidates and the contribution that they can bring to the Board.

The Board has set measurable objectives (including the aforesaid measurable objectives) to implement the policy and the nomination committee is responsible for reviewing such objectives from time to time to ensure their appropriateness and monitoring the progress made towards achieving those objectives, and reviewing the policy, as appropriate, to ensure its continued effectiveness from time to time.

During the reporting period, the nomination committee has considered the Board diversity policy and also reviewed the educational level, skills, experiences and diversities of the Board to determine if they were sufficient to enhance the efficiency of the Board and maintain the high standard of corporate governance. After full consideration, the nomination committee believed that the current composition of the Board is balanced and diversified with due consideration of the Company's actual situation, which is suitable for the business development of the Company. Thus, the Board diversity policy was fulfilled during the reporting period.

VII. NOMINATION OF DIRECTORS

Directors are elected at general meetings in accordance with the Articles. Written notices of intention to nominate a candidate for the post of Director and the candidate's agreement to be nominated must be given to the Company after the date of the notice of the general meeting and at least seven days prior to the holding of the general meeting.

VIII. REMUNERATION OF SENIOR MANAGEMENT

According to paragraph B.1.5 of the CG Code, the range of annual remuneration in 2020 of the members of the senior management whose particulars are contained in the section headed "Directors, Supervisors and Senior Management" in this report is set out below:

For the year ended 31 December 2020

RMB0.5 million or above	7
RMB0.2 million (inclusive) to RMB0.5 million	1
Less than RMB0.2 million	1
Total	9

Note: One member of the senior management was appointed in February 2020; one resigned in September 2020 and another was appointed in December 2020. The remuneration of the above-mentioned members of the senior management only refers to that was received by them during their tenure.

IX. REMUNERATION OF THE AUDITOR

Deloitte Touche Tohmatsu is the international auditor of the Company in 2020, and Deloitte Touche Tohmatsu Certified Public Accountants LLP is the PRC auditor of the Company in 2020. For the year ended 31 December 2020, the services provided and the remuneration received by Deloitte Touche Tohmatsu and Deloitte Touche Tohmatsu Certified Public Accountants LLP are as follows:

Services	Fee (RMB ten thousand)
2020 financial statements audit	150
2020 interim review	30
Total	180

X. DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

The Directors confirm that they are responsible for the preparation of financial statements for the financial year ended 31 December 2020, to give a true and fair report of the Company's financial position and financial performance.

According to paragraph C.1.1 of the CG Code, the management provides such explanation and data to the Board to enable the Board to make informed assessment on the financial and other data to be approved by the Board. The Company also provide updates on the Company's results, financial positions and prospect to the members of the Board on monthly basis.

The Directors were not aware of any material uncertainty which may affect the Company's business or cast significant doubt on the Company's ability to continue as a going concern.

XI. JOINT COMPANY SECRETARIES

Mr. Law Chun Biu and Mr. Ma Changhua were appointed as joint company secretaries of the Company on 23 November 2015.

Mr. Law Chun Biu, aged 47, serves as one of the joint company secretaries of the Company. He joined the Company and was appointed as a joint company secretary in November 2015. From March 2000 to December 2002, Mr. Law worked for Harbor Ring Management Limited as an assistant accounting manager. From March 2003 to October 2006, he was a senior accountant of Tonic Electronics Ltd. From October 2006 to April 2007, he was a finance manager of Fuji Kon Industrial Co. Ltd. Since December 2007, he has been a joint company secretary of CRCC. Mr. Law is a member of Hong Kong Institute of Certified Public Accountants and the Association of Chartered Certified Accountants. Mr. Law obtained a bachelor's degree from Hong Kong University of Science and Technology in 1997, majoring in business administration. He obtained a master's degree from Hong Kong Polytechnic University in 2006, majoring in information systems.

Details of biography of Mr. Ma Changhua is set out in the section of "Directors, Supervisors and Senior Management".

XII. CONSTITUTIONAL DOCUMENTS

The Company's first extraordinary general meeting of 2015 was convened on 24 June 2015 to consider and approve the resolution on Adoption of the Articles after Issuance and Listing of H Shares of CRCC High-Tech Equipment Corporation Limited, and to approve the applicable Articles (Draft) after issuance and listing of H Shares. Those Articles came into force since the listing date of H Shares on the Main Board of the Stock Exchange. The Company was approved to make amendments to the Articles upon the consideration and approval at the 2017 annual general meeting on 29 June 2018 in accordance with relevant requirements and regulations of the State-owned Assets Supervision and Administration Commission of the State Council, China Securities Regulatory Commission and relevant national regulatory authorities. On 28 June 2019, with the approval from the Company's 2018 annual general meeting, the Company, as an enterprise controlled by the Central Government, made certain amendments to the Articles under relevant requirements and regulations. On 27 March 2020, with the approval from the Company's first extraordinary general meeting of 2020, the Company made certain amendments to the Articles according to the amendments of relevant laws and regulations and based on the Company's actual situation. On 23 June 2020, with the approval from the Company's 2019 annual general meeting, the Company made certain amendments to the Articles according to the changes in the Company's business scope and based on the Company's actual situation. On 18 December 2020, according to the changes in the Company's business scope and based on the Company's actual situation, the Company made certain amendments to the Articles upon the consideration and approval of the Board, which is subject to the consideration and approval by the general meeting.

XIII. RISK MANAGEMENT AND INTERNAL CONTROL

According to regulating documents such as CG Code, Guidelines on Comprehensive Risk Management of Enterprises controlled by the Central Government, Normal Regulations on Internal Control of Enterprises and its auxiliary guidelines, the Company established Measures on Internal Control and Comprehensive Risk Management of CRCC High-Tech Equipment Corporation Limited, setting a comprehensive and throughout risk management and internal control system which will be participated by all employees.

The Company closely adhered to its development strategy. We collected initial information of risk management, organised regular risk identification analysis and assessment, established risk management strategy, offered and implemented risk management resolutions, and supervised and improved the dead loop workflow of the risk management, to prevent the Company from suffering from major and material risk incidents.

The Company has a sound organisation system of internal control. The Board is responsible for the establishment, improvement and effective implementation of the risk management and internal control systems. An annual year-end review of the effectiveness of the Company's and its subsidiaries' risk management and internal control systems during the year has been conducted. Guided by the Board and the audit and risk management committee, the audit department of the Company carries out inspection, supervision and evaluation for internal controls of the Company and its branches and subsidiaries in respect of important control functions such as financial control, operation control, compliance control and risk management, supervises and timely rectifies internal control deficiencies and effectively controls operating risks.

The objectives of internal control of the Company include ensuring a legal and compliance management, asset safety, accuracy and completeness of financial reports and related information in a reasonable manner, enhancing its operating efficiency and results, and promoting the implementation of strategy development. Due to the intrinsic limitations of internal control system, only reasonable guarantees can be provided for the abovementioned objectives. In addition, the effectiveness of its internal control is subject to change according to the changes of internal and external environment and operations. Inspection and supervision system is established for the Company. In case of shortcomings found, the Company will adopt rectification measures immediately.

Through the audit and risk management committee and the audit and risk control department, The Board arranged an assessment to the risk management and internal control system of the Company and considered that the Company optimized the overall risk management system, improved the work mechanism and strengthened the supervision and early warning by continuously strengthening mechanism construction, conducting risk assessment, risk analysis and risk monitoring and control, improving material risk mitigation and special risk prevention, consolidating the results of risk management and continuously facilitating the organic integration of risk management and business management, which gradually enhanced its risk management ability, continuously improved the operational management of the Company, and ensured that the Company was able to resist changes in internal business and external environment in terms of finance, operation and risk management, to safeguard the safety of the asset of the Company and the interest of the Shareholders.

The Company has prepared the "Insider of Inside Information Management Regulation of CRCC High-Tech Equipment Corporation Limited" according to provisions relating to disclosure of inside information of the Hong Kong Stock Exchange and the Securities and Futures Commission of Hong Kong, to identify inside information, and to protect and supervise the timely management and publishment of inside information, so as to safeguard the legal interests of investors.

XIV. SHAREHOLDERS' RIGHTS

1. Convening extraordinary general meetings

Shareholders holding more than 10% of shares of the Company (individually or together with others) shall be entitled to request the Board to convene an extraordinary general meeting upon signing one or several written requests with the same content and format, and stating the subject of the meeting. If the Board agrees to convene an extraordinary general meeting, it shall issue a notice of general meeting within five days upon making the Board decision. If the Board disagrees to convene an extraordinary general meeting, or does not reply within 10 days upon receipt of the request, Shareholders individually or together holding more than 10% of the shares of the Company are entitled to request the Supervisory Committee in writing to hold an extraordinary general meeting. If the Supervisory Committee agrees to convene the extraordinary general meeting, it shall issue a notice of general meeting within five days upon receipt of the request. If the Supervisory Committee does not issue the notice of general meeting within the prescribed period, it shall be deemed as the Supervisory Committee not convening and not presiding over the general meeting. Then the Shareholders who individually or together hold more than 10% of the shares for more than 90 consecutive days may convene and preside over the meeting by themselves.

2. Putting enquiries to the Board

The Company's information shall be communicated to the Shareholders mainly through general meetings (including annual general meetings), the Company's financial reports (interim reports and annual reports), and its corporate communications posted on the Company's website and the Hong Kong Stock Exchange's HKEXnews website.

Shareholders may at any time make a request for the Company's information to the extent such information is publicly available. Any relevant inquires shall be first directed to the company secretary at the Company's principal place of business in Hong Kong or the Company's Hong Kong share registrar, Computershare Hong Kong Investor Services Limited, at 17M Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong.

3. Putting proposals at general meetings

Any Shareholder solely holding, or Shareholders aggregately holding, more than 3% of shares of the Company may put forward an interim proposal and submit the same in writing to the convener 10 days prior to the convening of the general meeting. Besides, Shareholder(s) should follow the procedures of "Convening the extraordinary general meetings" for putting forward proposals at general meetings. The Company shall include the matters in the proposals which are within the scope of the terms of reference of the general meetings in the agenda of the meeting.

XV. INVESTOR RELATIONSHIP

The Company is of the view than effective communication with Shareholders is critical for strengthening investor relation and attracting investors. In 2020, the Company upheld the principles of openness, fairness and impartiality and maintained timely and thorough communication with its investors.

The Company strictly complied with the governing provisions of the Listing Rules regarding information disclosure and disclosed any information affecting investors immediately and accurately and completely in accordance with preparation rules and procedures of information disclosure, to ensure all investors receiving information of the Company fairly and sufficiently.

The Company has set up an investor relation column on its website to timely provide the Company's annual reports, interim reports, announcements of material matters, stock information and corporate governance information, so as to satisfy the needs of investors as much as possible. The Company has established a securities department to handle the matters related to investor relation, designated special personnel to answer phone calls from investors, arranges site visits of investors and handles e-mails and fax from investors. It also convenes results announcement presentations and actively participates in various investor relation meetings, to ensure the rights to information of public Shareholders and strengthen investors' confidence in the Company.

The Company will continue to improve the investor relation management system and further enhance the quality of communication with its investors.

XVI. DIVIDEND POLICY

The Company's profit available for distribution in cash is expected to be approximately 20% to 40% of the distributable profit of the year (the lower amount determined under the generally accepted accounting principles of China and the amount determined under IFRS). The amount of dividend to be declared and paid after the Global Offering shall depend on the following factors:

- general business conditions;
- results of operations, financial results/conditions;
- working capital;
- capital requirements and future prospects;
- cash flows;
- any other factors which the Board deems relevant.

The historical dividends of the Company may not be indicative of future dividend payments. The declaration and payment of dividends may also be subject to legal restrictions or financing arrangements that we may enter into in the future.

The net profits attributable to the shareholders of the parent are as stated in the audited consolidated financial statements of the Company for 2020 under IFRS.

The Board hereby presents to the Shareholders the Directors' Report and the audited financial statements of the Company prepared in accordance with the IFRSs for the year ended 31 December 2020.

MAIN BUSINESS

The Company is mainly engaged in the research, development, manufacture and sale of large railway track maintenance machines, parts and components sales and services, overhaul services, railway line maintenance services as well as engineering and technical services within the field of track vehicle.

There was no material change in the nature of the Company's main business during the reporting period.

MAJOR RISKS AND UNCERTAINTIES

The Board is ultimately responsible for the sufficient risk control measures of the Company, so as to directly and effectively reduce the major risks faced by the Company during the business operation. The Board delegates part of its responsibilities to each of the function departments.

The Company's business operation and financial position may be affected by the following major risks:

REGULATORY RISKS

The majority of the Company's core businesses are subject to the regulatory requirements of the following laws, regulations and departmental rules:

- Railway Law of the PRC promulgated by the Standing Committee of the National People's Congress on 7 September 1990 and amended on 27 August 2009 and 24 April 2015;

- Regulation on Administration of Railway Safety promulgated by the State Council on 17 August 2013 and enforced on 1 January 2014;

- Measures for License for Design, Manufacture, Maintenance and Import of Railway Locomotives and Vehicles promulgated by the Ministry of Transport on 24 December 2013 and enforced on 1 January 2014;

- Rules for the Implementation of License for Design, Manufacture, Maintenance and Import of Railway Locomotives and Vehicles promulgated and enforced by the State Railway Administration on 3 April 2014;

- Measures for Railway Engineering Machinery Parts Management (《鐵路工務機械車配件管理辦法》) promulgated by China State Railway Group Co., Ltd. on 31 August 2017 and implemented on 1 March 2018.

In the year of 2020, the Company also paid close attention to the legislative developments of the industry while operating in compliance with the regulatory requirements under the abovementioned laws, regulations and departmental rules. Throughout the year and up to the date of this report, the Group has complied with relevant laws and regulations that have a significant impact on the business and operations of the Group in material aspects. If there are any changes to applicable laws, rules and regulations, the Group will notify relevant employees and relevant operating units of the same from time to time.

Policy risks

The business and financial performance of the Company may be affected by changes in the PRC governmental policies in respect of the large railway track maintenance machinery industry; any decrease in public spending on, or any change in public procurement policies or industry standards relating to China's rail transportation system could materially affect our business.

Market risks

The Company's market risks are mainly from its major customers and major suppliers:

Most of the Company's revenue comes from major customers. Therefore, the loss of one or more major customers or customer groups or changes in their orders or the terms of the contracts may have a material adverse impact on the Company's business. The market uncertainties caused by the reform of China State Railway Group Co., Ltd., being a major customer of the Company, may have a material impact on the business of the Company.

The largest supplier of the Company is Zhuzhou Times Electronics Technology Co., Ltd., the purchase from whom is attributable to approximately 19.18% of the Company's total purchase for this year, and the purchase attributable to our five largest suppliers amounted to approximately 65.21% of our total purchase for this year. Significant changes in the relationship between the Company and its major suppliers may have a material adverse impact on the business of the Company.

In addition, other market risks, including foreign exchange risk and interest rate risk, also have an impact on the business and operation of the Company, details of which are set out in Note 33 to the financial statements of this report.

Operating risks

Operating risks generally include risks resulting from inadequate internal processes and the risks resulting from human errors in internal operations or other reasons. For example, defective products resulting from human errors in internal operations may lead to product claims or incur losses against the Company.

In order to manage these risks, the Company has established a mature internal control system and improved business processes, so as to minimise the adverse effects of such risks on the Company.

ENVIRONMENTAL POLICY

The Company will perform its social responsibilities and strictly implement the Environmental Protection Law of the PRC and other requirements under applicable laws and regulations on environmental protection from the perspective of corporate sustainability and development, as well as carry out solid environmental protection technical renovation work and regulate the environmental protection indexes. In particular, the Company will standardise the management of operation and maintenance of environmental facilities, and improve the efficiency of environmental protection facilities, so as to ensure efficient operation and standard emission. Adhering to the principle of "safety and reliability, mature technology and being cost-effective", the Company will continue to optimise and refine the process of the technological improvement, and advance the implementation of environmental technical renovation in a continuous manner.

BUSINESS MODEL AND DIRECTION OF STRATEGY

The Company insists on the market-oriented principle of development and is committed to creating sustainable value for the Shareholders in order to achieve sustainable development. Manufacturing and sales of large railway track maintenance machines, parts and components sales and services, overhaul services, railway line maintenance services as well as engineering and technical services within the field of track vehicle are the major sources of income of the Company. The key strategies of the Company include:

Development of the industrial park regarding national large railway track maintenance machinery high-tech industry and CRCC's southwest industrial base regarding underground engineering equipment will enable the Company to achieve its target of becoming a "world class, domestic leading" enterprise, proactively create a modern and service-oriented business model, adhere to professionalism, digitalisation and globalisation along the path. The Company will also attempt to cultivate and strengthen its capabilities in nine aspects, including developing and strengthening its capabilities of market exploitation and prompt reaction, providing comprehensive and throughout service, pioneering innovation, efficient resource allocation, integration and management, enterprise management and innovation, leading, promoting and regulating of "mechanism +", transforming and upgrading "digitalisation +", dynamic realising of "the Party building +", and improving "executive force +" and "training force +". Based on these capabilities, we will focus on product innovation, diligently enhance overall competitiveness, and effectively transform reform results into economic benefit.

DIRECTORS’ REPORT

RESULTS AND DIVIDENDS

For results of the Company for the year ended 31 December 2020 prepared in accordance with the IFRSs, please refer to the audited financial statements of this report. The annual results for the year ended 31 December 2020 of the Company have been reviewed by the audit and risk management committee of the Company.

As at 31 December 2020, the Group’s retained profits (before distribution of the final dividend) amounted to RMB488 million in total, and the Board did not propose the distribution of dividend for the year. The proposal that no dividends be distributed is subject to the approval of shareholders at the 2020 annual general meeting to be held in 2021.

PROPERTY, PLANT AND EQUIPMENT

Details of the movements in the property, plant and equipment of the Group during the year are set out in Note 15 to the financial statements.

SHORT-TERM BORROWINGS

The Group had no short-term borrowings as at 31 December 2020.

LONG-TERM BORROWINGS

The Group had no long-term borrowings as at 31 December 2020.

SHARE CAPITAL

As of 31 December 2020, the share capital of the Company was 1,519,884,000 shares, of which 531,900,000 shares were H Shares.

USE OF PROCEEDS OF THE COMPANY

After deducting the underwriting commissions and expenses in connection with the global offering, the net proceeds of the global offering were approximately RMB2.27 billion. According to the Proposal to Change the Usage of Part of the Proceeds, which was considered and approved at the 13th meeting of the first session of the Board and the 8th meeting of the second session of the Board, the Company planned to apply the net proceeds from the global offering for the following purposes:

- construction of our "International Technology Cooperation Center" Project: approximately 40% of the net proceeds from the global offering would be used for the construction of our "International Technology Cooperation Center" Project, including acquisition of land, construction of infrastructure and purchase of equipment;

- development of regional business network platform: approximately 10% of the net proceeds from the global offering would be used for upgrading the Company's business network by developing our sales offices into 4S stores that integrate functions of sales, service, spare parts and survey, so as to provide comprehensive customer services and systemic solutions to the Company's large railway track maintenance machine customers;

- general domestic and overseas mergers and acquisitions: approximately 5.46% of the net proceeds from the global offering would be used for general domestic and overseas acquisitions related to the large railway track maintenance machinery industry, and will enable us to strengthen and complement the Company's core value chain;

- working capital: no more than approximately 44.54% of the net proceeds from the global offering would be used to supplement working capital.

Save for the aforesaid, there is no other change to the usage of net proceeds from the global offering.

The following table sets forth the actual use of proceeds of the Company as at 31 December 2020:

Planned use	Budgeted usage amount (RMB billion)	Actual usage amount (RMB billion)
Construction of our "International Technology Cooperation Center" Project	0.91	0.80
Development of regional business network platform	0.23	0.04
General domestic and overseas mergers and acquisitions	0.12	0.12
Working capital	1.01	0.83
Total	2.27	1.79

As at 31 December 2020, the balance of the proceeds from H Shares issuance of the Company was approximately RMB480 million (including interest income). The Company will use the balance of the proceeds at the appropriate time according to future development plans and actual needs.

PURCHASE, REDEMPTION OR SALE OF LISTED SECURITIES OF THE COMPANY

During the reporting period, there was no purchase, redemption or sale of any listed securities of the Company by the Company or any of its subsidiaries.

PRE-EMPTIVE RIGHTS

According to the relevant laws of the PRC, the Shareholders did not subscribe pre-emptive rights for shares on a pro rata basis.

RETAINED PROFITS

As at 31 December 2020, the Group's retained profits calculated in accordance with relevant regulations amounted to approximately RMB488 million.

MAJOR CUSTOMERS AND SUPPLIERS

The Company's major customers include China Railway Corporation and its affiliated enterprises, local railway operators and railway construction companies. During the year, the revenue from the sales of goods and provision of services in aggregate attributable to China State Railway Group Co., Ltd. and its affiliated enterprises was approximately 15.66% of the Group's total operating revenue while the revenue from the sales of goods and provision of services in aggregate attributable to our five largest customers was approximately 47.50% of the Group's total revenue. The five largest customers of our Group were independent third parties.

Saved as disclosed above, none of the Directors, their close associates or those Shareholders so far as is known to the Directors having more than 5% interest in the share capital of the Company, had any interest in the Group's five largest customers during the year.

The largest supplier of the Company is Zhuzhou Times Electronics Technology Co., Ltd., the purchase from whom is attributable to approximately 19.18% of the Company's total purchase, and the purchase attributable to our five largest suppliers amounted to approximately 65.21% of our cost for the year. Significant changes in the relationship between the Company and our major suppliers may have a material adverse impact on our business.

Saved as disclosed above, none of the Directors, their close associates or those Shareholders so far as is known to the Directors having more than 5% interest in the share capital of the Company, had any interest in any of the Company's five largest suppliers during the year.

DIRECTORS AND SUPERVISORS OF THE COMPANY

The Directors and Supervisors of the Company during the year and up to the date of this report are as follows:

1. Composition of the Board

The Directors of the Company throughout the year and up to the date of this report are as follows:

Name	Position in the Company	Commencement date of serving as Director of the Company
Liu Feixiang	Executive Director and Chairman of the Board	29 June 2018
Tong Pujiang	Executive Director and General Manager	29 June 2018
Chen Yongxiang	Executive Director and Vice General Manager	29 June 2018
Zhao Hui	Non-executive Director	29 June 2018
Sha Mingyuan	Non-executive Director	29 June 2018
Wu Zhixu	Non-executive Director	29 June 2018 [Note 1]
Sun Linfu	Independent Non-executive Director	29 June 2018
Yu Jiahe	Independent Non-executive Director	29 June 2018
Wong Hin Wing	Independent Non-executive Director	29 June 2018

Note 1: The Board of the Company received the resignation letter from Mr. Wu Zhixu on 3 August 2020. Starting from 3 August 2020, Mr. Wu Zhixu ceased to serve as a Director of the Company.

2. Composition of the Supervisory Committee

The Supervisors of the Company throughout the year and up to the date of this report are as follows:

Name	Position in the Company	Commencement date of serving as supervisor of the Company
Yu Qiuhua	Chairman of the Supervisory Committee and Employee Supervisor	24 May 2018
Wang Shuchuan	Representative Supervisor of Shareholders	29 June 2018 [Note 1]
Zhong Xiangjun	Representative Supervisor of Shareholders	23 October 2020 [Note 2]
Wang Huaming	Representative Supervisor of Shareholders	29 June 2018

Note 1: The Supervisory Committee of the Company received the resignation letter from Mr. Wang Shuchuan on 7 May 2020. Starting from 23 October 2020, Mr. Wang Shuchuan ceased to serve as a supervisor of the Company.

Note 2: Upon the approval from the Company's second extraordinary general meeting of 2020 held on 23 October 2020, Mr. Zhong Xiangjun was elected as a representative supervisor of Shareholders of the second session of the Supervisory Committee of the Company.

BIOGRAPHIES OF DIRECTORS AND SUPERVISORS

Details of the biographies of members of the Board and the Supervisory Committee are set out in "Directors, Supervisors and Senior Management" section of this report.

POSITIONS HELD BY DIRECTORS, SUPERVISORS AND SENIOR MANAGEMENT

Details of positions held by Directors, Supervisors and senior management of the Company in entities of substantial Shareholders and other entities are set out in the section headed "Directors, Supervisors and Senior Management" of this report.

SERVICE CONTRACTS WITH DIRECTORS AND SUPERVISORS

The Company has entered into service contracts with all Directors and Supervisors for a term of three years. The service contracts with all Directors and Supervisors shall continue for a term of three years or for a shorter period as may be decided upon at the respective re-elections of the Directors and Supervisors at the general meeting or the employees' representative committee meeting of the Company (as the case may be). Notice of termination of service contracts given by any party shall not be less than three months.

None of the Directors nor Supervisors entered into a service contract with the Company which is not terminable by the employer within one year without payment of compensation (other than statutory compensation).

REMUNERATION OF DIRECTORS AND SUPERVISORS

Details of the remuneration of the Directors and Supervisors of the Company for the year ended 31 December 2020 are set out in Note 10 to the consolidated financial statements.

DIRECTORS' AND SUPERVISORS' INTERESTS IN IMPORTANT TRANSACTIONS, ARRANGEMENTS OR CONTRACTS

During the year and as at 31 December 2020, none of the Directors nor Supervisors had a material interest, whether directly or indirectly, in any contract of significance to the business of the Company to which the Company, its holding company or any of its subsidiaries was a party.

DIRECTORS' INTERESTS IN COMPETING BUSINESS

During the year and as at 31 December 2020, none of the Directors, directly or indirectly, had an interest in any business which competes or may compete with the business of the Company and/or its subsidiaries.

INTERESTS AND SHORT POSITIONS OF DIRECTORS, SUPERVISORS AND GENERAL MANAGER IN THE SHARES AND DEBENTURES

During the year and as at 31 December 2020, none of the Directors, Supervisors and the general manager or their respective associates had any personal, family, corporate or other interests or short positions in the shares, underlying shares and debentures of the Company or any of its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance (the "SFO")), required to be notified to the Company and the Stock Exchange pursuant to Part XV of the SFO, or any interests or short positions required, pursuant to section 352 of the SFO, to be entered in the register referred to therein, or any personal, family, corporate or other interests or short positions required to be notified to the Company and the Stock Exchange pursuant to the Model Code.

PERMITTED INDEMNITY PROVISIONS

During the reporting period and as at 31 December 2020, the Company has purchased liabilities insurance for the Directors, which provides appropriate insurance for the Directors.

DIRECTORS' AND SUPERVISORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

At no time during the year were rights to acquire benefits by means of the acquisition of shares or debentures of the Company granted to any Directors, Supervisors or their respective spouse or children under 18 years old, or were any such rights exercised by them, or was the Company, its holding company or any of its subsidiaries a party to any arrangement to enable the Directors and Supervisors to acquire such rights in any other body corporate.

EMPLOYEES AND REMUNERATION POLICY

The Company's remuneration policy for its employees takes into account the individuals' post value, work performance and competence. The Company places great emphasis on the provision of on-the-job-training and development of its employees. Each staff member is required to participate in training organised by the Company and its department prior to the commencement of his or her employment. The Company formulates training plans according to its staff position and career development needs and releases its annual training plan at the beginning of year pursuant to which all departments need to organise staff training. The management and other employees are required to undertake training for enhancing work ability as specified by the Company. The Company has established channels for career development of employees. Employees have opportunities of promotion and development according to the orders of different positions within the Company. As at 31 December 2020, the Company had 2,050 full-time employees, and the total amount of remuneration (including salaries and additions) for employees in 2020 was approximately RMB446 million.

MANAGEMENT CONTRACT

During the reporting period, there was no management contract entered into in relation to engaging anybody or any entities to perform the management and administration of the whole or any substantial part of any business of the Company.

IV. SHAREHOLDINGS OF SUBSTANTIAL SHAREHOLDERS

(I) Structure of Share Capital

The Company's share capital structure as at 31 December 2020 was as follows:

		As at 31 December 2020	
Shareholder	**Type**	**Number of shares**	**% of issued share capital**
China Railway Construction Corporation Limited	Domestic share	968,224,320	63.70%
China Railway Construction Investment Group Co., Ltd.	Domestic share	4,939,920	0.325%
China Railway Construction International Group Co., Ltd.	Domestic share	4,939,920	0.325%
China Civil Engineering Construction Corporation	Domestic share	4,939,920	0.325%
CRCC China-Africa Construction Limited	Domestic share	4,939,920	0.325%
Shares in public hands	H Share	531,900,000	35.00%
Total		1,519,884,000	100%

(II) Interests and Short Positions of Substantial Shareholders Disclosed According to the SFO

To the knowledge of the Directors, as of 31 December 2020, except for the Directors, Supervisors or the chief executive of the Company, the interests and short positions of any person in the shares and underlying shares of the Company as recorded in the register required to be kept under Section 336 of Part XV of the SFO are set out as follows:

Unit: share

Name of substantial Shareholder	Number of shares held Note 1	Capacity	Approximate percentage of domestic share capital	Approximate percentage of H Share capital	Approximate percentage of issued share capital
China Railway Construction Corporation Limited Note 2	968,224,320 (L)	Beneficial owner	98.00%	–	63.70%
	19,759,680 (L)	Interest of controlled corporation	2.00%	–	1.30%
China Railway Construction Group Corporation Note 3	987,984,000 (L)	Interest of controlled corporation	100.00%	–	65.00%
CSR Zhuzhou Electric Locomotive Research Institute (Hong Kong) Co., Limited Note 4	44,285,500 (L)	Beneficial owner	–	8.33% (L)	2.91%
CSR Zhuzhou Electric Locomotive Research Institute Co., Ltd. Note 4	44,285,500 (L)	Interest of controlled corporation	–	8.33% (L)	2.91%
CRRC Corporation Limited Note 4	44,285,500 (L)	Interest of controlled corporation	–	8.33% (L)	2.91%
CRRC Group Co., Ltd. Note 4	44,285,500 (L)	Interest of controlled corporation	–	8.33% (L)	2.91%

Note 1: L – Long Position, S – Short Position.

Note 2: China Railway Construction Corporation Limited (including its wholly-owned subsidiaries, namely China Railway Construction Investment Group Co., Ltd., China Railway Construction International Group Co., Ltd., China Civil Engineering Construction Corporation and CRCC China-Africa Construction Limited) directly or indirectly held a long position of 987,984,000 domestic shares of the Company.

Note 3: As at 31 December 2020, China Railway Construction Group Corporation directly held approximately 51.13% shares of CRCC, while CRCC directly or indirectly held 987,984,000 domestic shares of the Company. Therefore, China Railway Construction Group Corporation was deemed to be interested in these shares.

Note 4: As at 31 December 2020, CSR Zhuzhou Institute Co., Ltd. held 100% equity of CSR Zhuzhou Electric Locomotive Research Institute (Hong Kong) Co., Ltd. and was a wholly-owned subsidiary of CRRC Corporation Limited, of which 51.19% shares were held by CRRC Group Co., Ltd.. CSR Zhuzhou Electric Locomotive Research Institute (Hong Kong) Co., Ltd. held 44,285,500 H Shares in aggregate of the Company. Thus, CSR Zhuzhou Institute Co., Ltd., CRRC Corporation Limited and CRRC Group Co., Ltd. were deemed to be interested in these shares.

Note 5: The remaining disclosures in this table are based on information provided by the disclosure of interests system of the website of the Stock Exchange (www.hkexnews.hk), except for the "Approximate percentage of issued share capital".

PUBLIC FLOAT

According to publicly available information and as far as the Directors were aware, as at the date of this report, there was a sufficient public float of the Company's issued shares as required under the Listing Rules.

CONTINUING CONNECTED TRANSACTIONS

Transactions conducted between the Group and the following parties constitute continuing connected transactions under the Listing Rules. During the reporting period, details of the Group's continuing connected transactions were as follows:

Non-exempt continuing connected transactions

The following transactions constitute non-exempt continuing connected transactions of the Group and thus are subject to reporting, announcement, annual review and independent Shareholders' approval requirements under the Listing Rules.

The Machinery Equipment and Accessories Sales Framework Agreement with CRCC

The Company entered into the Machinery Equipment and Accessories Sales Framework Agreement with CRCC on 5 May 2017, pursuant to which, the Company agreed to provide the following to CRCC and/or its associates:

(i) to sell various kinds of large railway track maintenance machines;

(ii) to sell machinery, equipment and materials;

(iii) to provide other related or ancillary products and services.

The term of the agreement commenced upon the conclusion of the 2016 annual general meeting and ended on 31 December 2019, subject to early termination by either party giving at least three months' prior written notice to the other party.

The principal pricing policies of the Machinery Equipment and Accessories Sales Framework Agreement were as follows:

(1) where there are market prices for the relevant products and services, the prices shall be determined with reference to the prevailing market prices at which the same type of products and services provided by the Group to an independent third-party customer on normal commercial terms;

(2) where there are no market prices for the relevant products which are applicable to new types of large railway track maintenance machines to be tailor-made for the specifications required by the CRCC Group for its specific business needs, then the price shall be determined according to the price to be agreed between the parties: the agreed price will be calculated based on the actual costs, which include raw materials, accessories, depreciation, salary, energy, technology consumption and equipment maintenance, incurred in providing such products plus reasonable profits; the Group will charge a mark-up rate, taking into consideration of the specific types of products, for the transactions on a cost-plus basis. Such mark-up rate charged to the CRCC Group is not lower than 15% for all cases, which is the same mark-up rate charged to an independent third-party customer. The Board is of the view that such mark-up rate is fair and reasonable, on normal commercial terms and not prejudicial to the interest of the Company's minority Shareholders.

As of 31 December 2020, CRCC directly and indirectly held approximately 65% issued share capital of the Company and was the controlling Shareholder of the Company. Therefore, CRCC and its associates constituted connected persons of the Company, transactions under the Machinery Equipment and Accessories Sales Framework Agreement constituted connected transactions of the Company.

The Company convened its 2016 annual general meeting on 22 June 2017, on which it considered and approved the Machinery Equipment and Accessories Sales Framework Agreement and the resolution on the revision to the annual caps for the continuing connected transactions under the agreement, to RMB1,100 million, RMB1,100 million and RMB1,100 million for the years of 2017, 2018 and 2019, respectively.

The Company convened its 2018 annual general meeting on 28 June 2019, on which it considered and approved the resolution in relation to the Machinery Equipment and Accessories Sales Framework Agreement and the annual caps thereunder, agreed on the renewal of the Machinery Equipment and Accessories Sales Framework Agreement and set out the annual caps for the continuing connected transactions under the agreement to be RMB1,100 million, RMB1,100 million and RMB1,100 million for the years of 2020, 2021 and 2022, respectively. For details, please refer to the circular of the Company dated 13 June 2019.

For the year ended 31 December 2020, the amount of products and services provided by the Group to CRCC and/or its associates under the Machinery Equipment and Accessories Sales Framework Agreement was RMB298.77 million, not exceeding the annual cap of RMB1,100 million for the year of 2020 as approved by the general meeting.

Financial Services Framework Agreement with CRCC Finance Company Limited

On 30 March 2016, the Company renewed the financial services framework agreement (the "**Financial Services Framework Agreement**") with CRCC Finance Company Limited (a subsidiary of CRCC), pursuant to which, CRCC Finance Company Limited would provide deposit services to the Group till 31 December 2018. For details, please refer to the circular of the Company dated 25 May 2016.

The main pricing policies of the Financial Services Framework Agreement were as follow:

Pursuant to the Financial Services Framework Agreement, CRCC Finance Company Limited shall accept deposits from the Group at interest rates not lower, and thus no less favourable to the Group, than the prevailing rates offered by the major PRC commercial banks for deposits of similar nature.

The Group and CRCC Finance Company Limited will enter into specific agreements to set out specific terms with respect to the financial services contemplated under the Financial Services Framework Agreement in accordance with the above principle terms thereunder.

As of 31 December 2020, CRCC Finance Company Limited was a connected person of the Company by virtue of being a subsidiary of CRCC. Therefore, the transactions contemplated under the Financial Services Framework Agreement constituted continuing connected transactions of the Company.

The Company convened its 2015 annual general meeting on 21 June 2016, on which it considered and approved the resolution in relation to the renewal of the Financial Services Framework Agreement and the annual caps for the connected transactions thereunder, agreed on the renewal of the Financial Services Framework Agreement between the Company and CRCC Finance Company Limited and the proposed maximum daily balance of deposits (including accrued interest) under the agreement to be placed by the Group with CRCC Finance Company Limited for each of the two years ended 31 December 2018 to be RMB1,200 million.

The Company convened the twenty-second meeting of the first session of the Board on 28 April 2018, on which it considered and approved the resolutions on the continuing connected transactions, agreed on the renewal of the Financial Services Framework Agreement between the Company and CRCC Finance Company Limited and the proposed maximum daily balance of deposits (including accrued interest) under the agreement to be placed by the Group with CRCC Finance Company Limited for each of the three years of 2019, 2020 and 2021 to be RMB450 million. The aforesaid resolutions were not approved after consideration on 2017 annual general meeting held by the Company on 29 June 2018.

The Company convened the fourth meeting of the second session of the Board on 28 December 2018, on which it considered and approved the resolution on the continuing connected transactions, agreed on the renewal of the Financial Services Framework Agreement between the Company and CRCC Finance Company Limited and the proposed maximum daily balance of deposit (including accrued interest) under the agreement to be placed by the Group with CRCC Finance Company Limited for the year of 2019 to be RMB100 million.

The Company convened the sixth meeting of the second session of the Board on 26 April 2019, on which it considered and approved the resolutions on the continuing connected transactions, agreed on the renewal of the Financial Services Framework Agreement between the Company and CRCC Finance Company Limited and the proposed maximum daily balance of deposits (including accrued interest) under the agreement to be placed by the Group with CRCC Finance Company Limited for each of the three years of 2019, 2020 and 2021 to be RMB600 million. The aforesaid resolutions were not approved after consideration on 2018 annual general meeting held by the Company on 28 June 2019.

The Company convened the eighth meeting of the second session of the Board on 9 December 2019, on which it considered and approved the resolution on the continuing connected transactions, agreed on the renewal of the Financial Services Framework Agreement between the Company and CRCC Finance Company Limited and the proposed maximum daily balance of deposit (including accrued interest) under the agreement to be placed by the Group with CRCC Finance Company Limited for the year of 2020 to be RMB75 million.

The Company convened the twelfth meeting of the second session of the Board on 31 July 2020, on which it considered and approved the resolutions on the continuing connected transactions, agreed on the renewal of the Financial Services Framework Agreement between the Company and CRCC Finance Company Limited and the proposed maximum daily balance of deposits (including accrued interest) under the agreement to be placed by the Group with CRCC Finance Company Limited for each of the three years of 2020, 2021 and 2022 to be RMB350 million. The aforesaid resolutions were not approved after consideration on the second extraordinary general meeting of 2020 held by the Company on 23 October 2020.

The Company convened the fifteenth meeting of the second session of the Board on 22 December 2020, on which it considered and approved the resolutions on the continuing connected transactions, agreed on the renewal of the Financial Services Framework Agreement between the Company and CRCC Finance Company Limited and the maximum daily balance of deposits (including accrued interest) under the agreement to be placed by the Group with CRCC Finance Company Limited for the year of 2021 to be RMB45 million.

During the year ended 31 December 2020, the maximum daily balance of deposits (including accrued interest) placed by the Group with CRCC Finance Company Limited under the Financial Services Framework Agreement was RMB74.90 million, not exceeding the annual cap of RMB75 million as approved by the Board.

Product Sales and Paid Services Framework Agreement with CRCC

The Company entered into the Product Sales and Paid Services Framework Agreement dated 31 July 2018 with CRCC, pursuant to which, CRCC and/or its associates shall provide products and services to the Company and/or its subsidiaries, including:

(I) materials required by the Company and/or its subsidiaries in their productions and sales;

(II) construction services;

(III) property leasing services;

(IV) railway line usage services;

(V) maintenance services;

(VI) other paid services.

The term of the agreement commenced on 1 January 2018 and ended on 31 December 2020, subject to early termination by either party giving at least three months' prior written notice to the other party. For details of this agreement, please refer to the continuing connected transaction announcement of the Company dated 31 July 2018.

The principal pricing policies of the Product Sales and Paid Services Framework Agreement were as follows:

(i) Where there are market prices for the relevant products and services, the prices shall be determined with reference to the prevailing market prices, which are the prices charged by CRCC and/or its associates for providing the same type of products and services to an independent third-party customer on normal commercial terms. In determining the prevailing market prices for the relevant products and services, the Company will make reference to the quotations offered by at least two independent third party suppliers for providing the same or similar products or services. The Company will also take into account the following factors to ensure that the prices offered by CRCC and/or its associates will be no less favourable than those available to the Company from the independent third party suppliers for purchasing the same type of products or services, including the costs of the relevant products or services, quality requirements, market conditions and time arrangement.

(ii) Where there are no market prices for the relevant products and services that are aimed at meeting the Company's specific business requirements, the prices shall be determined according to the agreed prices between the parties. The agreed prices will be calculated based on the actual costs incurred in providing such products and services, which include the costs of raw materials, accessories, depreciation, salary, energy, required technology and equipment maintenance, plus reasonable profits. CRCC and/or its associates will charge a mark-up rate, taking into consideration of the specific types of products and services, for the transactions on a cost-plus basis. Such mark-up rate charged to the Company is generally not higher than 15% for all transactions under the Product Sales and Paid Services Framework Agreement, which is the same mark-up rate charged to an independent third-party customer.

As at 31 December 2019, CRCC was the controlling Shareholder of the Company which directly and indirectly held approximately 65% of the issued share capital of the Company, and thus CRCC and its associates constituted connected persons of the Company. Therefore, the transactions under the Product Sales and Paid Services Framework Agreement constituted continuing connected transactions of the Company.

The Company convened the second meeting of the second session of the Board on 31 July 2018, on which it considered and approved the resolution on the continuing connected transactions, and agreed to set out the annual caps for the continuing connected transactions under the Product Sales and Paid Services Framework Agreement as RMB80 million, RMB80 million and RMB80 million for the years of 2018, 2019 and 2020, respectively. The Board is of the view that the terms of the transactions involved under the Product Sales and Paid Services Framework Agreement are in ordinary course of business of the Company on normal commercial terms, which are fair and reasonable and in the interest of the Company and the Shareholders as a whole, and the proposed annual caps are fair and reasonable.

The Company convened the twelfth meeting of the second session of the Board on 31 July 2020, on which it considered and approved the resolutions on the continuing connected transactions, agreed on the renewal of the Products and Services Procurement Framework Agreement between the Company and CRCC and the maximum annual transaction amounts of the Group under the Products and Services Procurement Framework Agreement for each of the three years of 2021, 2022 and 2023 to be RMB350 million. The aforesaid resolutions were approved after consideration on the second extraordinary general meeting of 2020 held by the Company on 23 October 2020. For details, please refer to the circular of the Company dated 9 September 2020.

As at 31 December 2020, the amount paid by CRCC and/or its associates to the Company in respect of the products and services under the Product Sales and Paid Services Framework Agreement was RMB8.76 million, not exceeding the annual cap of RMB80 million for the year of 2020 as approved by the Board.

ANNUAL REVIEW FOR CONTINUING CONNECTED TRANSACTIONS

Directors (including independent non-executive Directors) have reviewed the Company's continuing connected transactions and confirmed that the Company's continuing connected transactions complied with the agreed procedures and principles, and that all the above continuing connected transactions were entered into:

(1) in the ordinary and usual course of business of the Group;

(2) on normal commercial terms or better or, if there are not sufficient comparable transactions to judge whether they are on normal commercial terms, on terms no less favourable to the Company than terms available to or from (as appropriate) independent third parties;

(3) in accordance with the terms of relevant agreements governing the transactions whose terms are fair and reasonable and in the interests of the Company and its Shareholders as a whole.

The Board has engaged the auditor of the Company to conduct certain procedures in relation to the continuing connected transactions of the Company. The auditor has issued a letter in relation to the continuing connected transactions pursuant to Rule 14A.56 of the Listing Rules. In the letter, the auditor of the Company confirmed that, in respect of these continuing connected transactions of the Company during the reporting period:

(1) nothing has come to the auditor's attention that causes the auditor of the Company to believe that the disclosed continuing connected transactions have not been approved by the Board;

(2) nothing has come to the auditor's attention that causes the auditor of the Company to believe that the transactions were not, in all material respects, in accordance with the pricing policies of the Group;

(3) nothing has come to the auditor's attention that causes the auditor of the Company to believe that the transactions were not entered into, in all material respects, in accordance with the relevant agreements governing such transactions; and

(4) nothing has come to the auditor's attention that causes the auditor of the Company to believe that the disclosed continuing connected transactions have exceeded the annual caps set by the Company.

RELATED PARTY TRANSACTIONS

Details of the related party transactions undertaken by the Company during the reporting period are set out in Note 36 to the financial statements.

The Company has complied with the applicable requirements under the Listing Rules for those related party transactions which constituted non-exempt connected transactions/continuing connected transactions. Other related party transactions either did not constitute connected transactions/continuing connected transactions under the Listing Rules or constituted connected transactions/continuing connected transactions under the Listing Rules but were exempted from all disclosure and independent Shareholders' approval requirements under the Listing Rules.

NON-COMPETITION AGREEMENT

CRCC, CRCCG and the Company have entered into a non-competition agreement dated 23 November 2015 (the "**Non-Competition Agreement**"), pursuant to which, save as exceptional circumstance specified in the Non-Competition Agreement, CRCC and CRCCG have unconditionally and irrevocably undertaken to the Company (for the interests of the Company itself and other members of the Group) that, during the term of the Non-Competition Agreement, CRCC and CRCCG shall not, and shall procure that their respective associates (other than the Group) will not, directly or indirectly, whether on their own or jointly with another person or company, own, interest in, participate in, develop, operate or engage in any business or company which directly or indirectly competes or may compete with any business of the Company (the "**Restricted Business**").

During the year ended 31 December 2020, the Company's independent non-executive Directors reviewed the compliance with the Non-Competition Agreement as well as relevant information provided by CRCC and CRCCG. In the opinions of the independent non-executive Directors, CRCC and CRCCG complied with the relevant provisions under the Non-Competition Agreement in 2020; their respective operations were independent of the Group's business, without any mutual competition conduct with the Group. The Board was able to independently operate and manage the Company's business well on the premise of the overall interests of the Company and the Shareholders.

EVENTS AFTER THE BALANCE SHEET DATE

None.

TAXATION

According to regulations of the Circular on Relevant Issues of Withholding Corporate Income Tax of Chinese Resident Enterprises which Distribute Dividends to Overseas H Share Non-Resident Enterprise Shareholders (Guo Shui Han No. (2008) 897) (《關於中國居民企業向境外H股非居民企業股東派發股息代扣代繳企業所得稅有關問題的通知》(國稅函 [2008]897號)) promulgated by the State Administration of Taxation, while distributing the dividends of 2008 and subsequent years to overseas H share non-resident enterprise shareholders, Chinese resident enterprises shall uniformly withhold corporate income tax at the rate of 10%. Accordingly, the Company shall withhold corporate income tax at the rate of 10% before distributing final dividend to non-resident enterprise shareholders listed on register of members of H Share of the Company. Shares registered in the name of non-individual registered shareholders (including HKSCC Nominees Limited, other nominees, trustees or other organisations and institutions) will be treated as being held by non-resident enterprise shareholders, and the dividends receivable shall therefore withhold corporate income tax.

Pursuant to the requirements of Notice of the Ministry of Finance and the State Administration of Taxation on Certain Policies Regarding Individual Income Tax (Cai Shui Zi No. [1994]020) (《財政部、國家稅務總局關於個人所得稅若干政策問題的通知》(財稅字 [1994]020號)), foreign individuals are exempted from individual income tax on dividends and bonus received from foreign-invested enterprises in the PRC. As the Company is a foreign-invested joint stock limited company, the individual shareholders who hold the H Shares of the Company and whose names appear in the register of members of the H Shares of the Company are not required to pay the individual income tax of the PRC.

On 19 March 2021, the Board did not propose to pay a final dividend for the year ended 31 December 2020. The proposal that no dividends be distributed is subject to the approval of shareholders at the 2020 annual general meeting held in 2021.

AUDITOR

Financial statements for the year 2020 were audited by Deloitte Touche Tohmatsu. The Resolution in Relation to the Payment of Audit Fees for 2019 and the Appointment of the Auditor of the Company for 2020 was considered and approved at the 2019 annual general meeting convened on 23 June 2020, and Deloitte Touche Tohmatsu and Deloitte Touche Tohmatsu Certified Public Accountants LLP were appointed as the Company's auditors for 2020 in accordance with IFRSs and China Accounting Standards for Business Enterprises respectively.

By order of the Board of Directors
Liu Feixiang
Chairman

Kunming, Yunnan, the PRC

SUPERVISORY COMMITTEE'S REPORT

During the reporting period, pursuant to the PRC Company Law, the Articles, the Listing Rules and the terms of reference of the Supervisory Committee, with a view to protecting the interests of the Company and its Shareholders, all members of the Supervisory Committee performed their duties prudently and effectively and fully exercised their supervisory functions. The Supervisory Committee has conducted supervision over the major decision-making, financial reports, connected transactions of the Company and the duties performed by the Directors and senior management through organising and convening meetings of the Supervisory Committee and attending Shareholders' general meetings and Board meetings in order to safeguard the Company's and its Shareholders' interests.

I. DETAILS OF MEETINGS OF THE SUPERVISORY COMMITTEE

During the year, the Company held three Supervisory Committee meetings. The notices, convening, holding and passing of resolutions of the meetings were in compliance with the requirements of the relevant laws and regulations and the Articles. Details of the relevant meetings are as follows:

Session of meeting	Date of meeting	Matters for consideration
The fifth meeting of the second session of the Supervisory Committee	20 March 2020	1. Proposal of the Company's 2019 Annual Report and Results Announcement; 2. Proposal of the Company's 2019 Supervisory Committee Work Report; 3. Proposal of the Company's Final Financial Report for 2019; 4. Proposal of the Company's Profit Distribution Plan for 2019; 5. Proposal of the Company's 2019 Report of Internal Risk Control.
The sixth meeting of the second session of the Supervisory Committee	31 July 2020	Proposal of the Company's 2020 Interim Results Announcement and Interim Report.
The seventh meeting of the second session of the Supervisory Committee	11 August 2020	Proposal on the Nomination of Representative Supervisor of Shareholders of the Second Session of the Supervisory Committee.

During the year, members of the Supervisory Committee attended the general meetings of the Company in person or by way of telecommunication, at which they have proposed relevant suggestions and recommendations in a serious and responsible manner, supervised the procedures and contents of such meetings, effectively supervised the procedures for making operation decisions, legal compliance of the operations and the financial condition of the Company as well as performance of the Directors and management in daily operations of the Company. The reasonable suggestions and recommendations proposed by them were adopted by the Company to better protect the legal interests of the Company and its Shareholders.

II. INDEPENDENT OPINION OF THE SUPERVISORY COMMITTEE IN RESPECT OF THE WORK OF THE COMPANY

In 2020, in the face of severe difficulties caused by the COVID-19 pandemic and the increasing pressure from economic downturn, the Company effectively organised and dealt with complicated and ever-changing internal and external conditions, followed the national strategies and seized the market opportunities based on the general deployment and arrangement at the beginning of the year. We cooperated with each other to tackle problems in a prudent manner, thus maintaining solid and orderly advancement. The Supervisory Committee is satisfied with the Company's accomplishments.

III. INDEPENDENT OPINION OF THE SUPERVISORY COMMITTEE ON RELEVANT MATTERS OF THE COMPANY DURING THE REPORTING PERIOD

1. The Company carried on its operations lawfully

In 2020, in accordance with relevant laws and regulations of the PRC and under the authority conferred by the Articles, the Supervisory Committee reviewed the procedures adopted in the convening, passing of resolutions, decision-making procedures, results of voting of the Company's general meetings and the Board meetings, implementation of resolutions of general meetings by the Board, the performance of duties of senior management and the management system of the Company.

The Supervisory Committee is of the view that the procedures for the decision making of the Company have complied with the relevant requirements of the Company Law and the Articles and the Board has operated under standardized and legal procedures with reasonable decisions and conscientiously executed the resolutions of the general meetings of the Company; the Directors and senior management of the Company diligently performed their responsibilities and were in compliance with the PRC laws and regulations, and no breaches of laws or regulations which were materially prejudicial to the interests of the Company and its Shareholders were discovered during the reporting period.

2. Financial reports gave a true and accurate view

The Supervisory Committee seriously and thoroughly reviewed the Group's financial system and financial position, and considered that the Group's 2020 financial report truely, accurately and fairly presented the financial position and operation performance of the Group, and that the audit opinion issued and the evaluation of the relevant matters by Deloitte Touche Tohmatsu and Deloitte Touche Tohmatsu Certified Public Accountants LLP were also true and fair.

3. The implementation of resolutions of the general meeting

During the year, members of the Supervisory Committee attended seven Board meetings and three general meetings, had no objection to various reports and resolutions submitted by the Board for consideration at the general meetings, and are of the view that the Board of Directors seriously carried out the resolutions approved at the general meetings.

4. Connected transactions

The Supervisory Committee considers that the connected transactions between the Group and CRCC during the year were entered into in the ordinary and usual course of our business. The transactions were on the principles of openness, fairness and justness and were entered into in the interests of the Group and the shareholders as a whole. After its review, the Supervisory Committee considers that the Group's procedures of connected transactions in 2020 were in compliance with the relevant laws and regulations of the PRC and is not aware of any impairment to the interest of the Company and its Shareholders by means of connected transactions.

5. The implementation of Non-Competition Agreement

The Supervisory Committee is of the opinion that during the year, CRCCG and CRCC complied with the terms of the Non-Competition Agreement, performed their undertakings, and had not entered into businesses in competition with the Group's businesses, save as disclosed in the paragraph headed "Non-Competition Agreement" in the Directors' Report.

In 2021, the Supervisory Committee will continue to fulfill its supervisory duties faithfully and diligently in strict compliance with the Company Law, the Articles and relevant provisions, and strive to fulfill its work with an aim to protect the interests of the Company and its Shareholders.

Yu Qiuhua
Chairman of the Supervisory Committee

Kunming, Yunnan, the PRC
19 March 2021

The Company is pleased to present this Environmental, Social and Governance (ESG) Report, which demonstrates the updates on sustainable development of the Company and its subsidiaries from 1 January 2020 to 31 December 2020 (the "**Reporting Period**"). This section has been prepared based on the ESG Reporting Guide issued by the Hong Kong Stock Exchange, with a purpose of reporting on employment and labour practice, operating practice, community and environment and so on.

PART I CORPORATE SOCIAL RESPONSIBILITY GOVERNANCE

The Board of Directors takes the responsibility of the environmental, social and governance strategies and reporting matters of the Company, and is responsible for the sustainable development matters relating to or affecting the Company's businesses or operations, Shareholders and other persons related to main businesses and supervises the position and practice of the Company. The corporate social responsibility working group of the Company is responsible for implementing the environmental, social and governance strategies, policies and measures determined by the Board of Directors and monitoring their performance and providing guidance and reporting to the Board of Directors on relevant issues.

The Company has set up a comprehensive management system, including three levels of management system, namely GB/T19001-2016 idt ISO9001:2015 quality management system, ISO14001:2015 environmental management system and GB/T28001-2011 occupational health and safety management system. Through the comprehensive management system and providing trainings to employees, the various internal business units within the Company are guided to integrate corporate social responsibility into their operations and activities.

The Company is committed to complying with laws and regulations relating to environmental and social responsibility which have a material impact on the Company. The Company will continuously devote more resources to strengthen our corporate social responsibility governance, strive to promote the sustainable development of the Company, and jointly create and share sustainable values with stakeholders in the economic, social and environmental fields.

PART II EMPLOYMENT AND LABOUR PRACTICE

I. Staff of the Company

1. Current conditions of staff

The Company believes that talent is an integrated part for the future development of the Company. The Company constantly strengthens the optimisation and management of human resources and strives to create a scientific and reasonable talent team with high quality, high academic qualifications and young age, as well as a staff team with initiative and creativity.

As at 31 December 2020, the Company had a total of 2,050 employees, representing an increase of 1.59% as compared to the year of 2019.

Indicator	Number of employees in 2020	Number of employees in 2019

Above 50 years old	**203**	161
By education level		
Doctor	**1**	1
Master	**184**	175
Bachelor	**795**	785
Junior college and below	**1,070**	1,058
By geographic area		
The PRC	**2,050**	2,019

2. *Staff recruitment*

The Company maintains a sound staff recruitment system and complies with the requirements under the Labour Law of the PRC, the Labour Contract Law of the PRC, the Law on the Protection of Minors of the PRC, the Law on the Protection of Rights and Interests of Women of the PRC and other relevant laws and regulations strictly. Discrimination against language, wealth, social origin, social status, age, gender, race, disability, pregnancy, religion, political ideology, members of the community or marital status is forbidden. The Company neither employs child labour nor uses forced labour. With its main business as guidelines, the Company absorbs talent based on principles of openness, transparency, fairness and merit.

During the Reporting Period, the Company absorbed talents in following ways:

(i) Internal recruitment: select suitable employees from the human resources reserve of the Company through internal promotion, job designation, job rotation, orientation training, etc., to engage in vacant or urgently needed jobs.

(ii) External recruitment: absorb high-caliber management talent, professional and technical talent and craftsmen required for the business through recruitment from campus and society, mass media, recruitment by headhunters, introduction of high-caliber talents, etc.

3. *Remuneration and benefits*

The Company follows the principle of "distribution according to performance and equal pay for equal job", establishes and improves the performance appraisal system covering mid-level and above management and ordinary employees, and provides competitive remuneration in the industry according to job requirements and the employees' achievements and contributions. At the same time, the Company takes the result of appraisal and evaluation as an important basis for employees' post adjustment, dismissal, etc., so as to continue to optimise the team of human resources.

The Company guarantees that all employees are entitled to the holidays and weekends as required by the state and paid leave such as annual leave, family leave, leave for marriage or funeral and family planning leave, and other leave agreed in labour contracts and collective contracts. The Company organises health examination for all employees every year, with an examination coverage rate of 100%. According to the requirements of local government, the Company also provides a well-established benefit package for its employees every year, including pension insurance, work-injury insurance, maternity insurance, medical insurance, unemployment insurance, housing provident fund and other social insurance and legal welfare, with a coverage rate of 100% of each insurance. The Company also provides staff with various voluntary corporate welfare, including corporate annuities, supplemental medical insurance, subsidised canteen, labour protective equipment, and transportation and communication subsidies.

The Company also seeks to implement higher standards of health, safety and well-being within the employees' businesses in all our business practices and to provide fair and equal opportunities in recruitment, training, promotion, designation, working leave, remuneration, benefits, termination of contracts and other issues. Such rights are not affected by factors such as age, gender, physical health or mental status, marriage status, family positions, race, skin color, nationality, religion, political connection and sexual orientation.

II. Employee Occupational Health and Safety

1. Occupational health and safety management system

In light of the business characteristics of the Company, the occupational health and safety of employees is considered to be an important social responsibility. The Company passed the GB/T28001-2011 certification of Occupational Health and Safety Management System in 2013 and has been improving and perfecting the system. The Company updated the system in accordance with the new standard of ISO45001-2018 Occupational Health and Safety Management System and passed the audit of external certification authority in 2019, obtaining the Occupational Health and Safety Management System Certificate for ISO45001-2018 Standard. The Company has developed a number of occupational health and safety management regulations which passed domestic certification and complied with international standards, implemented manuals and internal policies on safety control processes and standards, and required all employees to comply with relevant regulations.

This certificate is valid until: 11 December 2022.

Issued on: 22 October 2019.

General Manager Huang Shiyuan

2. *Safety production management*

To protect the occupational health and safety of employees, the Company strictly complies with the policies, laws, administrative regulations, local regulations, rules and standards relating to safety production and occupational health which safeguard safety production and employee health, such as the Opinions of the Central Committee of CPC and the State Council on Promoting the Reform and Development in the Field of Safety Production, the Circular of the State Council on Further Strengthening Enterprise Safety Production, the Production Safety Law of the PRC and the Law on Prevention and Control of Occupational Disease of the PRC and adheres to the principal of "joint responsibility between party and government, one position bearing two kinds of responsibility, and joint control and management among various departments". The Company has established a production safety (including occupational health) responsibility system, specifying the safety production and occupational health responsibility of all levels and all posts. The leading and management groups of safety production (including occupational health) were set up with full-time safety production and occupational health management personnel. The Company has also developed systems, procedures and processes relating to safety production and occupational health management such as the Regulations on the Administration of Labour Protective Equipment, the Procedures for Controlling Information Exchange and Communication, the Procedures for Monitoring and Controlling the Performance of Environmental and Occupational Health and Safety, and the Approval Process for the Demand Plans for Labour Protective Equipment. The Company guarantees to devote resources to safety production (including occupational health) in strict compliance with applicable laws and regulations and the Company's systems and rules, and provides employees with labour protective equipment that meets national standards and the actual requirements of their posts in sufficient quantities on time. Our employees were also urged to wear the labour protective equipment correctly, to prevent safety accidents and occupational disease hazards from happening effectively.

In 2020, the Company set up a special fund amounting to RMB3,181,697 for labour protective equipment, which was used to provide necessary protective equipment and medical security in all its business or business which may cause harm to employees. The Company has also established a safety education and training system, and conducted regular safety reviews, making sure that all employees are aware of hazards and conducts prevention and treatment. The Company also supported the development of occupational health and safety in the industry.

The Company achieved the following key safety indicators from 2014 to 2020: 1. the Company did not have any employee whose death was due to work; 2. there was no hazardous event such as fire disaster, explosion and special equipment accident; 3. all new employees received three-level safety education, all special operation staff held qualification certificates and all potential safety hazards were rectified; 4. no applicable laws or regulations relating to safe work environment and the avoidance of occupational hazards were violated.

3. *Occupational health and safety assessment*

To ensure the implementation of occupational health and safety measures, the Company adopts the following inspections and assessments in four aspects: 1. through certifying the occupational health and safety management system, the Company organises regular internal review and audit each year, and invites external certification body to review and audit its occupational health and safety management. Issues identified are rectified in a timely manner to ensure that the system runs effectively and the occupational health and safety management and its performance meet standards; 2. the Company conducts safety production inspection by ways of comprehensive inspection, professional inspection and self-inspection at different levels and grades to eliminate potential safety hazards in a timely manner, thus effectively preventing accidents from happening and avoiding personal injury and health damage; 3. the Company monitors occupational health in workplace regularly, and conducts regular medical examinations on employees exposed to occupational hazards before, during and after work. Issues identified are rectified in a timely manner, thus effectively preventing the occurrence of occupational diseases; 4. the Company assesses safety management on a monthly and annual basis, and awards and punishes each unit and its leader according to the performance of safety production and occupational disease prevention, with a view to promoting the careful fulfillment of occupational health and safety responsibilities by the management at all levels and the effective implementation of occupational health and safety work and its continuous improvement.

III. Caring for Staff

1. *Development and training*

The Company believe that the knowledge and skills of our employees are crucial to our operation and business growth and we are committed to improving our employees' current performance, selecting and cultivating leading talent, continuously enhancing our strengths of research and development, sales and skilled workforce to provide human resources support for the business needs and future development of the Company.

Employee training is the Company's primary means for human resource development. In view of this, the Company collects the training requirements for its subordinate units and its employees every year and proposes and implements training plans accordingly. The categories of training plans include qualification training and adaptive training while the programs include enterprise management, marketing, overseas services, professional technique, skill enhancement, safety knowledge, property management, internal trainer development, curriculum development, key job skills and other aspects. During the year ended 31 December 2020, the Company completed 89 internal and external training programs with 4,327 actual trainees, 74,322 hours in total and employee training expenses of RMB1.328 million.

The Company also encouraged employees to enroll in training courses outside of the Company and the parent, and to enrich themselves and develop their careers through diversified skill training or skill identification.

During the Reporting Period, the employees training activities organised by the Company included:

(i) Corporate culture training and three-level safety education and training for new employees

(ii) Internal trainer development program

(iii) Core curriculum development project

(iv) Country-specific training for India

(v) Training for DNCS talents

(vi) New enterprise mentorship program

(vii) Skill enhancement operation and technical competition

(viii) Post experience gaining project

(ix) Develop and implement production practical project

Some of the key projects are as follows:

(1) Occupational skill enhancement operation

With the support of government agencies at all levels, the Company started occupational skill enhancement operation covering over 400 technical staff of production units. The average time of course learning and field operation per person is 48 hours. The operation covers quality management, safety production, research and development support, technological design and other management and control requirements for each of the functional departments of the Company. It covers the management needs of each of the branches (including quality, safety, perfection, operation, technology, equipment and perfection). Master craftsmen in Yunnan Province were invited to share their experience. In order to promote the craftsmanship of CRCCE and strive to be a technical expert, and in response to "Quality first, moving forward, full participation, pursuit of excellence" calling of the Company, a technical competition of welding and electricity is held. A team of highly skilled talents with advanced technique, superb skills and stronger innovation ability is being developed through multi-dimensional cultivation.

(2) New enterprise mentorship activities

In conclusion of the experience of training for debug talents in the beginning of the year, based on the basic principle of "Discussion, training and education among multiple parties, reasonable setting of development path, implementation of development target in stages, explicit presentation of development assessment, development of trainers with both morale and expertise, development of reward value accounting, two-way promotion of development and growth, fair and just full tracing", a database of production mentors of the Company is established. The Company initiated mentorship activities for 105 newly recruited college graduates in 2019, arranging production practice of casting, machining, final assembly, structure, and remanufacturing according to development directions.

(3) Development of newly recruited talents

Based on the collected opinions of the trainees last year and the soon-to-be recruited trainees, the Company communicates with key units of talents development and critical individuals repeatedly. The training center optimizes the overall trainee development program, adopts a model of regular community clocking in and expert feedback, follows up the tutors, masters and trainees, and trace the development process; establishes professional teams, completes the development of practical teaching projects in key production sessions, in which technical experts and production masters with both morale and expertise are selected in all sessions, and determines the stage goals and assessment requirements; adopts the "721 principle" of talent development, in which 70%, 20% and 10% of the efforts are attributable to the abilities gained from practices, experiences passed from masters and knowledge taught in lessons respectively; increases the four practical development sessions of car-type real vehicles (i.e. tamping, stabilizing, cleaning and ballasting); increases the learning items for identification of mechanical and electrical drawings, research and development design and production and manufacturing software. The specific development is divided into four stages, namely warming up foreshadowing, straight to the point, production practices and system study, for a period of overall one year. Internal trainers (research and development type, production type and comprehensive type), production masters and research and development tutors are also developed and allocated in the same period.

(4) Training for DNCS talents

In order to relief the stress of shortage in electrical debugging talents for overseas products of the Company, the Company selected manufacturing units, technical service companies and over 50 production technology backbone of quality management to join the DNCS talents training project. The Company engaged electrical offices to develop customized online and offline courses, auxiliary development on-site debugging and troubleshooting video courses, prepare CDC-16W car-type DNCS electrical system debugging outline, checklists and operating instructions, adopt mixed development model to teach the professional knowledge necessary for DNCS electrical system in a more systematic way and teach the CDC-16W whole vehicle DNCS electrical system (including basic theory, system principles, debugging points, common fault diagnosis and treatment). Trainees after receiving the training are able to solve on-site problems of DNCS electrical system.

(5) Country-specific training for India

The Company is in the internationalization process of equipment and technical service personnel going global. With the changes in the scope of business, adhering to the principle of training supporting the business, in order to fulfill the demand for multinational business at this stage, the training center, together with New Oriental, customized and developed language, product and technical training courses. They also conducted intensive training and training before going abroad, covering safety training, cultural taboo training and foreign language training. These trainings enhance the operating ability and survivability of talents overseas when facing Indian market, thereby preventing overseas operation risks.

(6) Rating of technicians

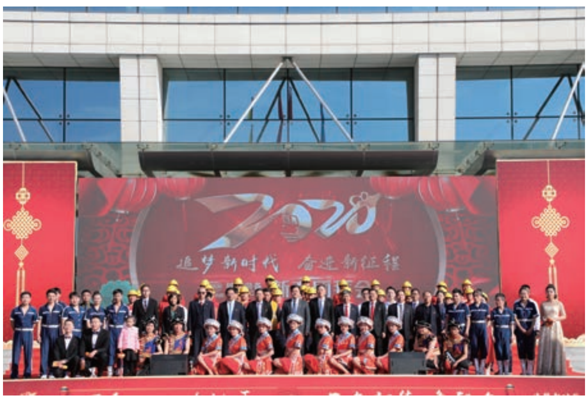
The training centers in Kunming and Beijing has commenced rating of occupational skills for a total of 807 technical employees in 31 work types. During the examination, a groundbreaking examination method combining online and offline ways was adopted for theory examination, effectively guaranteeing that the examination is fair and just. The pre-examination training center engaged the Company and electrician, fitter, welder technical experts from vocational schools to develop practical examination online training courses, achieving practical effect of "promoting learning via examination".

(7) In order to raise the actual effect of the Company's key professional and technical talent development and reserve, on the basis of the pre-development teaching and researching various system theory courses, the teacher-curriculum co-construction project during the year focuses on the improvement of key capabilities in the production process. By identifying the key sessions, key points and key candidates of each production business unit, experienced technical experts and on-site masters are gathered to let students gain and copy valuable experience, thus creating achievable production site talent training project, gradually building knowledge base of the Company, promoting skill enhancement, performance improvement and controllable quality, and raising the speed and effectiveness of talent development.

2. *Colorful leisure activities*

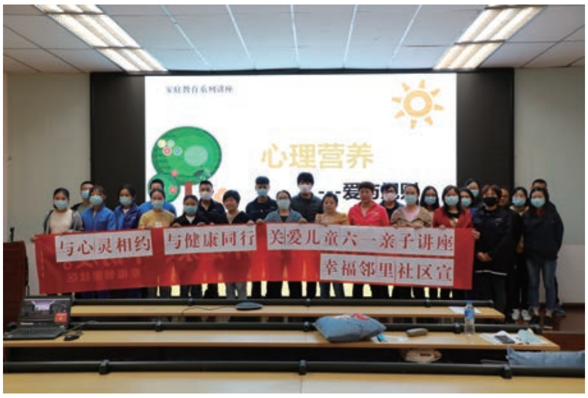
During the Reporting Period, the leisure activities organised by the Company included:

(i) In January, pursue a new era of dreams, forge ahead on a new journey – CRCCE held the 2020 New Year Reunion Party.

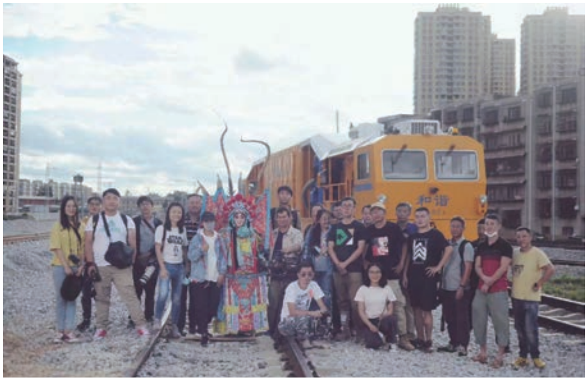


(ii) In March, the league committee carried out volunteer service activities with the theme of "acting bravely facing the epidemic, young people taking the lead", called forth youth members and young volunteers to lead the charge of work resumption and epidemic prevention.

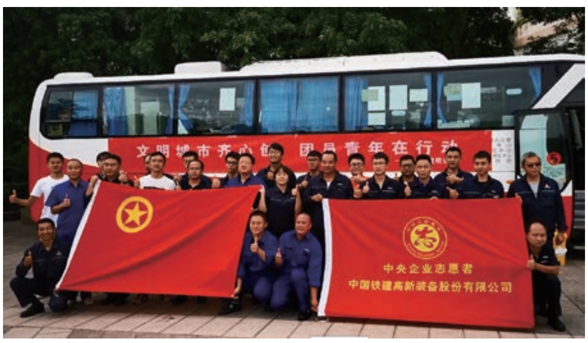
(iii) In May, the Company held a lecture on "Psychological Nutrition of Family Education" on parent-child relationship.



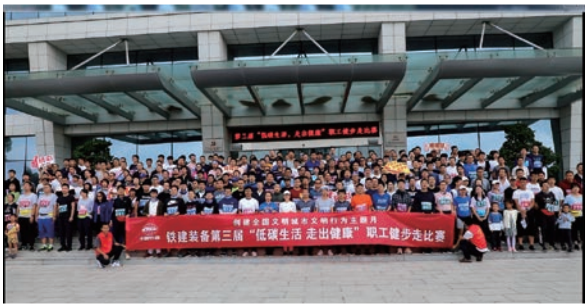
(iv) In July, 30 years of big machine – national trend themed filming activities.



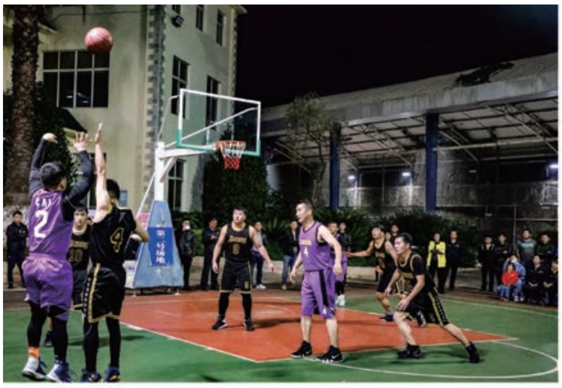
(v) In August, 30 volunteers of CRCCE came to Biyang Cultural Square in Xishan District and spent a meaningful Qixi Festival through selfless blood donation. This is the seventh consecutive year of CRCCE volunteers participating in blood donation.

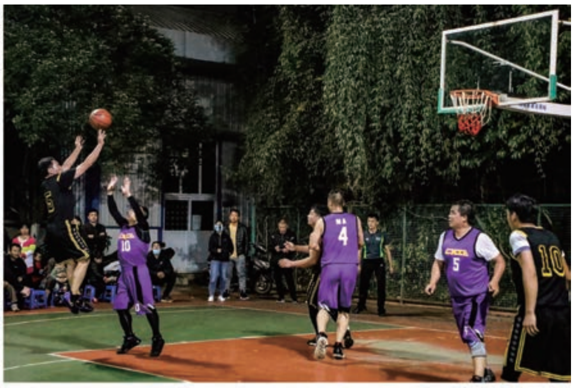


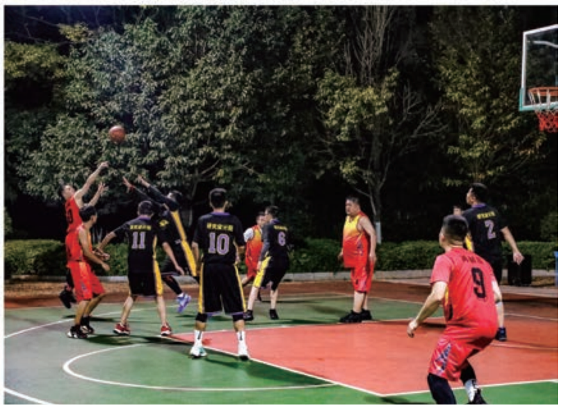
(vi) On 29 August and 5 September morning, CRCCE held the 3rd "Low-Carbon life, walking a path of health" staff walking competition in two sessions.



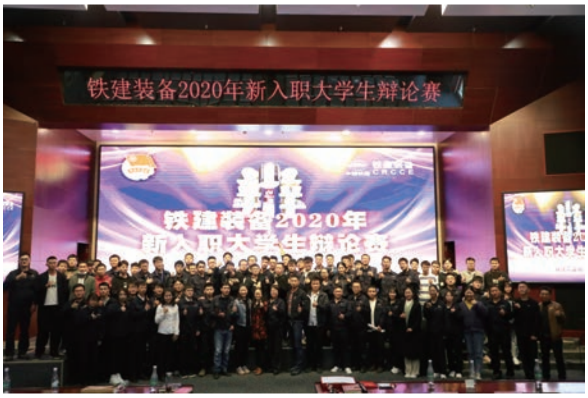
(vii) In October, the CRCCE 2020 men's basketball game ended successfully.



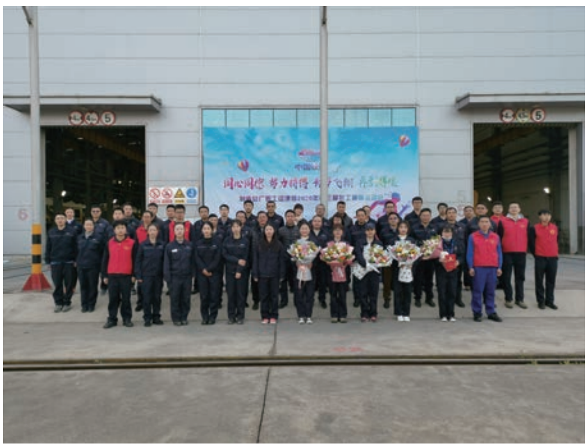




(viii) In November, the Company held the 2020 newcomer College graduates debate competition.



(ix) In December, the five-day team building of the manufacturing general factory and the 3rd Fun Games of 2020 concluded successfully.



3. *COVID-19 pandemic prevention and control*

(1) In the prevention and control of the epidemic, the Company has formulated 46 epidemic prevention and control documents, including personnel inspections before resumption of work, approvals for resumption of work, employee business trips and returns after resumption of production, visits by related parties, overseas employees, return of employees stranded in key areas of the epidemic, round trips from overseas or border areas, factory gates, employees dining, office disinfection, employee protection, and emergency handling.

(2) The Company conducted a comprehensive investigation on the health status and schedule for all employees before resuming work and production. The Company conducted health registration for 1,317 Kunming employees who need to return to their workplaces and 207 employees entering Beijing. Upon analyzing the circumstance of employees entering and leaving, stranded in Hubei Province and contacts in Hubei Province, the Company sorted out and focused on 54 employees with key focus. The Company strictly implemented return-to-work approval and health control for the key personnel in accordance with the management requirements of the place of departure and return. All domestic employees of the Company have returned to work in a healthy manner.

(3) After resumption of work, the Company implemented strict approval and report mechanism for unconventional business activities such as business trips and return of employees, outsider visits etc. The Company established a health approval and registration standing book for 750 personnel returning to work after resumption of work and production, a health registration standing book for personnel on business trip of 2,747 times, a health registration standing book for outsiders of related parties of 1,387 times, and necessary DNA tests 354 times. In 2020, the Company has released a total of 124 briefings on epidemic prevention and control.

(4) According to the overseas business needs of the Company, 100 people were vaccinated against COVID-19, and DNA tests were arranged for personnel returning from overseas to return to work.

As of 31 December 2020, the Company has no confirmed cases or suspected cases of infected patients.

IV. Labour Standard

The Company considers compliance as our minimum responsibility. In 2020, the Company collected and conducted risk assessment on a total of 34 laws and regulations applicable to human resource systems, including national laws, administrative regulations, national and industrial standards and normative requirements. The Company also conducted compliance evaluation, and translated into various rules and regulations and well-defined working procedures in a specific form. During the Reporting Period, the Company has complied with the relevant laws and regulations in relation to employment and labour practices that have a significant impact on the Company.

The Company adopts a zero-tolerance policy on the employment of child labour and forced labour, and the Company's strict internal systems such as the "Regulations on Employment Management" demonstrate our prohibition of using child labour and forced labour in strict compliance with the international standards and relevant domestic regulations. Child labour or forced labour is forbidden throughout the operation of the Company, any supplier or subcontractor.

There are specific requirements for the ages of the candidates in the "Administration Measures on Employee Recruitment" of the Company, and the identity information of the candidates is reviewed and the recruitment of child labour is strictly forbidden. The Company creates a safe and healthy working environment for its employees, provides labour protection, pays reasonable remuneration and provides various benefits, and prohibits forced labour. The union organisation of the Company plays an active role in safeguarding the interests of employees.

The "Administration Measures on the Labour Contract for Employees" of the Company specifies that The Company establishes and terminates contractual labour relationships with our employees in accordance with national laws and regulations. The Company guarantees that all employees are entitled to the holidays and festivals and weekends as required by the state and paid leave such as annual leave, family leave, leave for marriage or funeral and family planning leave, and other leave agreed in labour contracts and collective contracts. The Company adopts a working system of 8 hours a day, 40 hours a week. However, due to production or other special circumstances, we ensure that, without violating the national regulations, the Company insists on arranging our employees to extend their working hours on a voluntary basis according to the overtime procedure without prejudice to their health.

PART III OPERATION PRACTICE

I. Supplier Chain Management

1. Supplier management

The Company has established a series of strict supplier assessment mechanisms and practice policies. The Company selects and re-assesses appropriate, capable and responsible suppliers with reference to their prices, safety management, environmental protection capabilities, inspection capabilities, infringement histories, production capacities, delivery cycles, after-sales services, and assurance abilities. The management of suppliers during their whole life circles has been substantially achieved, covering the development, identification, risk, performance, termination and document management of suppliers.

The Company supported and opened door to suppliers who offered green products and services, employee benefits and welfare, and advocated their compliance with laws and regulations, as well as contractual obligations. For instance, the Company has added a supplier selection process which gives preference to suppliers who had been accredited by ISO14001:2015 Environmental Management System under same conditions. During the annual random on-site review of suppliers, the Company attached great importance to suppliers' environmental protection practices. The Company established an effective anti-corruption supervision system and a management supervision mechanism, for the purpose of identifying and preventing any bribery, fraud or misconduct in the course of procurement and tendering. Incorporating the concept of sustainable development into supply chain, the Company proposed green procurement and production and called on suppliers to act in concert to fulfill corporate social responsibilities, hoping to improve the overall performance of the industry. Should any supplier fail to meet environmental or social policies set by the Company or contractual requirements, the Company would terminate subsequent cooperation, until improvement has been made by the supplier.

2. *Supplier selection and engagement*

Supplier on-site sourcing	On-site sourcing of suppliers and field inspection of supplier capabilities.
Potential supplier application process	Conduct preliminary surveys and evaluations of suppliers, and review related qualifications of suppliers.
Determine suppliers	Suppliers are determined through bargaining and competitive negotiations.
Admission supplier application process	After passing the audit, it enters as the temporary supplier (i.e. the lowest qualified supplier of Grade IV) - once passed, the good supplier (Grade III) - the excellent supplier (Grade II) - the strategic supplier (Grade I). The application process gradually evaluates and evaluates suppliers, and forms a grade-by-grade certification management.

The Company implements the above selection process for all suppliers and conducts performance evaluation every year, and it also conducts semi-annual or irregular evaluations according to the situation. In order to form a positive cycle, the admission and exit channels of suppliers are established based on the results of performance evaluation. This improves the quality of the Company's qualified suppliers and guarantees that the materials, projects and services purchased by the Company meet the requirements of quality, technology, service, delivery, cost, environment and occupational health. We gradually improve the self-management capability of our suppliers through establishing specific systems, thus promoting mutual development.

Based on the suppliers' grade after assessment, the breakdown of existing suppliers of the Company is as follows:

2.1	Potential suppliers:	390
2.2	Temporary suppliers:	675
2.3	Grade III good suppliers:	435
2.4	Grade II excellent suppliers:	52
2.5	Grade I strategic suppliers:	4

3. *Geographical distribution of suppliers*

Number of suppliers by geographical location:

1.1	Eastern China:	over 176 (including Shandong, Jiangsu, Anhui, Zhejiang, Fujian, Shanghai);
1.2	Southern China:	over 29 (including Guangdong, Guangxi, Hainan);
1.3	Central China:	over 88 (including Jiangxi, Hunan, Hubei, Henan);
1.4	Northern China:	over 293 (including Beijing, Tianjin, Hebei, Shanxi, Inner Mongolia);
1.5	Northwest China:	13 (including Ningxia, Xinjiang, Qinghai, Shanxi, Gansu);
1.6	Southwest China:	over 382 (including Sichuan, Yunnan, Guizhou, Tibet, Chongqing);
1.7	Northeast China:	over 8 (including Liaoning, Jilin, Heilongjiang);
1.8	Hong Kong, Macau, Taiwan, Europe and America:	over 30 (including Taiwan, Hong Kong, Macau, Europe and America).

The supply chain of the Company consists of over 1,000 suppliers covering more than 30 provinces in China, Hong Kong, Macau and Taiwan regions, European countries and the United States. The suppliers of the Company provide us with products and services including raw materials, tools, factory equipment, logistics and transportation and packaging.

II. Product Liability

As a leader in the market of large railway track maintenance machinery, the Company is committed to providing high quality products and services and complying with business ethics and ethical rules, and we are devoted to responsible conducts during the sales and provision of products and services.

1. Quality certification

The Company values the importance of specification, standardization and systemization greatly. In 1998, the Company started introducing and implementing ISO9000 Quality Management Standard, created a management system covering the Company's products, production, business operations and business management development in strict compliance with the requirements of GB/T19001-1998 (2016 version), ISO/TS22163:2017 Management System Standard, and organized continuous operations. Subject to the Company's organizational structure, the adjustment of the functions of each unit, domestic and foreign quality management standards, the corporation development and changes and other conditions, the Company implements the changes, improvement and innovation of the quality management system and control mode, organizes and guides all relevant units. The Company operates in strict compliance with ISO9001:2015 Quality System Standard, ISO/TS22163:2017 Railway and Rail Transit Industry Management System Standard, the product certification implementation rules of CRCC, the general requirements for railway product certification and other regulatory requirements. The Company is innovative on system management and control ideas. It created an integrated quality management system of ISO9001, ISO/TS 22163 and CRCC, completed the revision and organized the implementation of more than 300 system documents (including system-related quality manuals, procedure documents, related management systems and operating documents), and fully standardized quality management of the Company in compliance with the laws and regulations. The quality management level of the Company is being continuously enhanced, achieving integration of the quality management of the Company with international and domestic management. The Company continuously improves the quality management level and ensures product quality on a continuous basis.

2. *Quality assurance and service system*

The Company insists on the quality principle of "seeking increasing perfection to make the best machinery; striving for excellence to build a first-class brand". Innovation was made on quality management mode in strict compliance with the ISO9001:2015 standard and based on the actual conditions of the Company, and was promoted and implemented. The Company has established a quality management system integrating group management and control and developed over 100 documents relating to management and control system, such as management and control manual, process management standards and relevant quality management system. The Company also improved and perfected the quality management department, established a management mechanism for quality targets, organised the signing of quality assurance and responsibility letters, and assigned the targets level by level and then conducted performance appraisal on each level. The Company carried out standardised management of the processes involving the Company's products which include marketing, material and component purchase, production organisation and control, quality testing and acceptance, complete machine acceptance, product delivery and service in strict compliance with the requirements of the system, and conducted quality control during the whole processes, making sure that the products manufactured by the Company can meet quality requirements and the requirements of users. The Company has established a quality safety risk management system based on the standard of Guidelines on Comprehensive Risk Management of Enterprises Controlled by Central Government and developed an operation and management mechanism for quality safety risks covering the processes such as product design, supply chain management, manufacturing, after-sales services, quality monitoring and assessment. The control of quality risk point in respect of key working procedures, special processes and the "eight prevention" of products (e.g. the prevention of crack, the prevention of separation, the prevention of burning/hot bearing, the prevention of breakage, the prevention of explosion, the prevention of fire, the prevention of split and the prevention of runaway train) were strengthened. Guidance on operation process was followed strictly, and innovative mode for spot check and control was required for critical quality monitoring. The Company improved exception reporting of process quality and the emergency management mechanism of railway traffic accidents and comprehensively promoted quality safety risk management and control, ensuring the quality safety of complete machines and the safety of railway transportation, as well as the consistent fulfilment of its mission of "providing solid support to railway".

Under the service concept of "leaving no regret to customers", the Company strengthens user training and after-sales service, provides customers with product use training and perfect after-sales services, and enhances customer satisfaction. The Company established a user training management system, and set up a training center for large railway track maintenance machinery. The Company organizes user training according to product services and customer needs, and provides complete machine product operation, use, maintenance management and other business training for all railway system users, ensuring the operation safety and construction effect of large railway track maintenance machinery and equipment. Adhering to the principle of "responding quickly and taking immediate action", the Company formed professional teams for after-sales services and arranged full-time service personnel, established an efficient and high-quality service mechanism, united personnel of research and development, production and process technicians to jointly provide customers with a full range of services such as completion acceptance, services within and out of warranty period, technical guidance, etc. The Company established a project management and control mechanism based on products as the focus, and implemented full life cycle management of the products, fulfilling the service needs of the customers. The Company has a sound customer complaint handling mechanism in place, to act as a smooth user information communication and feedback channel and to receive user information in a timely manner with active response and handling. The Company conducts unscheduled user visits and exchanges and regular customer satisfaction surveys, investigating on the Company's overall service, product supply, training services and after-sales services, product performance, product quality, supply of important parts and other services, in order to capture the customer needs in time, collect user opinions or suggestions extensively and handle the issues. The Company keeps improving the product quality and services, maintains a good quality reputation of the Company and enhances customer satisfaction.

3. *Management method*

In order to improve corporate operation and management capability and promote healthy and sustainable corporate development, the Company highly values management innovation and development. Based on the actual conditions, the Company has established and implemented a quality spot check and management mode, comprehensively implemented the process quality control of key points and quality risk control, which effectively improved the production and operation efficiency of the Company. Standardised and efficient operation was achieved by establishing and implementing multiple professional systems and a management and control system featuring integrated group management and control. Under the establishment and implementation of the refined management model of "Four Dimensions and Three Highs", the Company manufactured quality large railway track maintenance machinery from four dimensions, e.g. "design, purchase, production, service" and built a comprehensive product quality management and control system featuring "high standards, high performance and high quality". Supported by key technologies from technology platforms such as postdoctoral workstation for large railway track maintenance machinery, high-tech industrialisation bases for large railway track maintenance machinery applied in national railways, international technology cooperation demonstration bases and the National Railway Large Railway Track Maintenance Machinery Engineering and Technology Research Center, and making full use of the skill innovation and the leading of craftsmen of cross-functional organisations including Kunming Craftsmen Workroom and Yunling Chief Technician Workroom, the Company manufactured quality large railway track maintenance machinery for the international market, with a view to strengthening the competitiveness of railway engineering machinery manufacturing and service in the international market, and improving the management level of the Company in a comprehensive way.

During the Reporting Period, the Company has complied with relevant laws and regulations on product liability which have a significant impact on the Company, and there have been no violations of health and safety, advertising, labeling, and privacy issues related to products and services.

PART IV ANTI-CORRUPTION

I. Implementing Supervision Responsibility

In 2020, the Discipline Inspection Committee of the Company adhered to the example effects from the leadership, perfected the responsibility system, strengthened the uprightness and discipline, and achieve a political and ecological integrity. It implemented "Party building + cleanliness and uprightness", strictly supervised and inspected, and realized that there was no restricted area, full coverage, and zero tolerance in terms of the discipline matters. The sense of responsibility for discipline supervision and accountability has been further strengthened.

First, we strictly implemented "Two Responsibilities". At the beginning of 2020, the Company organized and held a conference on the construction works of incorrupt construction of the Communist Party, conveyed and implemented the spirit of the construction works of incorrupt construction of the Communist Party from the above authorities, and fully deployed the construction works of incorrupt construction of the Communist Party for CRCCE in 2020. We entered into Letter on the Responsibility of Incorrupt Construction of the Communist Party with the party committees of the subsidiaries.

Second, we continuously strengthened the education on incorrupt construction of the Communist Party. We conveyed the spirit and instruction on the construction works of incorrupt construction of the Communist Party and anti-corruption works from the above authorities. We incorporated the learning of Party rules and regulations and disciplines into the study and education plans of Party organizations at all levels. Through the themed study of the central working group of the Party Committee and the study of "Party member activity day", a normal and full-covered learning pattern has been formed, which has further improved the awareness and consciousness on the discipline of party members and cadres.

Third, we fully implemented the responsibility system for the incorrupt construction of the Communist Party. We organized the assessment of the responsibility system for the construction of the incorrupt construction of the Communist Party, and required members of the leadership team and leading cadres above the middle level to write a report on personal integrity in the previous year, fill in the "income report of the leading Cadres" and sign a "committee letter on clean government".

Fourth, we must check the integrity and honesty of cadre before appointment. We put an end to the "Promotion with dishonesty" and actively participate in the selection process of cadres, focusing on exercising the right of veto and recommendation. In 2020, the Discipline Inspection Committee carried out democratic evaluations and clean government talks before appointment with newly promoted middle-level cadres of the Company in strict accordance with the organizational procedures, and issued opinions of integrity and honesty, to assist the Party Committee in establishing a virtuous environment for selecting and employing talents.

Fifth, we focused on the main business and major responsibility. We attached importance to petitions and reports and made sure that each report was well received. In 2020, the Discipline Inspection Committee of the Company received a total of 12 petitions and reports, concluded 12 reports, reported 5 reports to the higher-level disciplinary committees, and received 7 general petition visits. We have achieved the fact that all reports must be checked and well received.

Sixth, we focused on the supervision and discipline innovation. We carried out the supervision and inspection on the implementation of the main responsibility for the incorrupt construction of the Communist Party on a quarterly basis, focusing on the implementation of the main responsibility list system. When problems are discovered, a standing book must be established, and timely rectification is implemented to promote the comprehensive extension of the strict governance from the Party to the grassroots. In order to standardize the business interaction between marketing staff and agents, and the procurement and supply personnel and suppliers, and to further strengthen the supervision of marketing and procurement to prevent the violations of disciplines and laws, the Discipline Inspection Committee of CRCCE continued to arrange the signing of clean contracts with the Company for agents and suppliers with an annual business volume of more than RMB100,000.

II. The Internal Monitoring System of the Enterprise

1. It covers the establishment of the supervision work system of various governance entities and auditing, disciplinary inspection and supervision, inspections, legal, financial and other departments, including the establishment of institutions and the relevant provisions of supervision duties:

CRCCE's disciplinary inspection and supervision agency includes the Discipline Inspection Committee (5 members), the Discipline Inspection Committee office (3 full-time personnel), two disciplinary committees of subsidiaries, and part-time disciplinary personnel.

The establishment of the supervision work system: First, strengthen daily supervision. In accordance with the principle of "whoever is in charge should be responsible", we urge all functional units to effectively take responsibility for the "management" and "governance" of the incorrupt construction in the business field, and urge the functional departments to strengthen the supervision on their responsible business. If the supervision is not in place, causing serious impact and major losses, the relevant functional departments shall be held accountable, which enable them to conduct standardized management and plug the loopholes. We pay close attention to the eight-point decisions and the practice of formalities for formalities' sake, bureaucratism, hedonism, and extravagance during the holidays. We carried out special supervision and inspection of internal canteens, official receptions, and business vehicles before the holidays, and remind the leading cadres of the integrity of the discipline before the holidays. We conduct 144 bidding supervision and inspections throughout the year to be precautious beforehand. Secondly, we focused on improving the system process. Thirdly, we established integrity records for cadres. We continuously complement and improve the implementation of discipline supervision and inspection, and implement dynamic management. Fourth, we carried out joint prevention and control of the incorrupt construction with business-related units, to promote the "enterprise-enterprise co-construction" for the incorrupt construction. We signed an "integrity contracts" with the relevant units, which set out the requirements that personnel on both parties should abide by. Fifth, we advanced the supervision and enforcement of disciplines, carried out integrity risk prevention and control works, compiled integrity risk prevention and control manuals, and further strengthened the identification and management of integrity risks at key links in production and operation and key positions.

In a bid to help employees to cope with conflicts of interests and to resist temptations of illegitimate benefits, the Company worked out the "Administrative Measures on Anti-fraud", the "Administrative Measures on Complaint Letters and Whistle-blowing", the "Measures on Investigating the Dereliction of Duty of Management" and other corporate regulations. In the meantime, the Company propagated anti-corruption policies and relevant measures via various means, and made efforts to nurture a corporate culture that values honesty and diligence. The Company arranges training sessions on laws and regulations, integrity and ethical conduct on an annual basis, requiring all employees to comply with state laws and regulations, industry code of conduct, corporate ethics and regulations.

During the Reporting Period, efforts made by the Company to combat bribery, blackmail, fraud and money laundering were as follows:

(i) Holding learning session on works on anti-corruption in 2020, entering into Letter on the Responsibility of Incorrupt Construction of the Communist Party with the party committees of the subsidiaries, organising the assessment of the responsibility system for the construction of the incorrupt construction of the Communist Party;

(ii) Carrying out themed earning activities on warning education on anti-corruption;

(iii) Taking advantage of new media and disseminating anti-corruption content via OA system, WeChat and short message service, receiving petitions and reports, attaching importance to petitions and reports and making sure that each report was well received;

(iv) Establishing integrity records for cadres, implementing the dynamic management for the integrity of cadres of the middle-level and higher-level, requiring members of the leadership team and leading cadres above the middle level to sign a "committee letter on clean government", sending anti-corruption notices to management (of middle level and above) when important festivals and holidays were around the corner;

(v) Focusing on the supervision and discipline innovation, establishing clean contracts to prevent the violations of disciplines and laws, requiring agents and suppliers with an annual business volume of more than RMB100,000 to sign a clean contract with the Company, clearing those breaching regulations and disciplines immediately; and

(vi) Strictly implementing the accountability mechanism and notify the whole Company to make it well known to everyone and create a high-pressure situation.

The Company prevents the occurrence of litigation cases related to corruption through the following measures:

(i) Enhancing the red line awareness of the laws and regulations. The Company organised management personnel and workers to learn the newly revised laws and regulations on disciplinary punishments and supervision laws of the Communist Party, and organised all people in the Company to study the "Regulations on Violations of Disciplines and Rules of Employees" by CRCC, and the secretary of the Discipline Inspection Committee gave special learning sessions on education on anti-corruption for the leaders and cadre and invited the leaders of the Discipline Inspection Committee of CRCC to give education on anti-corruption for all management personnel and employees;

(ii) Enhancing the warning education for key personnel. We regularly organised key personnel such as leaders and cadres of the middle-level and higher-level, personnel of finance, bidding and procurement and logistics, to give warning education;

(iii) Enhancing daily supervision. Taking the control of the Party Committee as the center, we promoted the implementation of the "Two Responsibilities" under the principle of strict governance of the Party. At the beginning of each year, we enter into the "Letter on the Responsibility of Incorrupt Construction of the Communist Party" with the Party Committee of the subsidiaries, strictly assess and transfer responsibility and pressure at all levels; we urged the functional departments to strengthen the supervision on the business in their responsibility and made the responsible functional departments accountable for problems causing serious impacts and major losses due to their insufficient supervision; we have prepared prevention and control manual on anti-corruption risks to enhance the daily supervision on anticorruption risks arising from key sections and key personnel;

(iv) Establishing integrity records for cadres. We collected the basic information, the resume, the main members of the family, the audits involved, the clues and handling of the complaints and whistleblowing-related issues of the leaders and cadres of the middle-level and higher-level, and implemented the dynamic management, to effectively strengthen the daily supervision on leaders and cadres, and consolidate the foundation of anti-corruption work;

(v) Seriously implementing the system of discipline and accountability and strengthening the investigation and punishment of violations of disciplines. We form a high-pressure situation of discipline and accountability, and give effective warnings to prevent the occurrence of litigation cases related to corruption.

2. Establishment and implementation of internal supervision system

The Company established the "Administrative Measures on Bidding, Procurement and Supervision", the "Administrative Measures on Complaint Letters and Whistle-blowing", the "Measures on Investigating the Dereliction of Duty of Management" and other corporate regulations, with online trainings and examination in the form of mini-courses. The Company raised its promotion effort to make it well known to everyone and enforced strict execution of rules and regulations.

PART V COMMUNITY

The objective of community investment was to create true and sustainable benefits for communities where the Company operated its businesses. In addition to charity activities, the Company established partnership with communities and encouraged employees to participate in volunteer activities, thus building up long-term community investment pattern.

The Company took part in community construction mainly in the following four ways:

(i) Offering support to employees and encouraging and arranging them to participate in volunteer activities, such as visiting nursing homes and senior apartments regularly, organising blood donation, and etc.;

(ii) Making donations in the form of money, goods and materials or services to directly support and fund various public welfare projects. While making donations by ourselves, the Company also called on related parties for donations;

(iii) Sharing responsibilities in community construction, promoting interaction with community members by offering shuttle bus services and establishing entertainment centers for the elderly;

(iv) Setting up supplementary medical insurance system for the benefit of employees and aid fund that aims to relief every employee from poverty, support every child of employees for schooling and share every employee's burden in medical care; adhering to the tenet of caring campaign and visit policy to support employees in medical care, schooling and daily life.

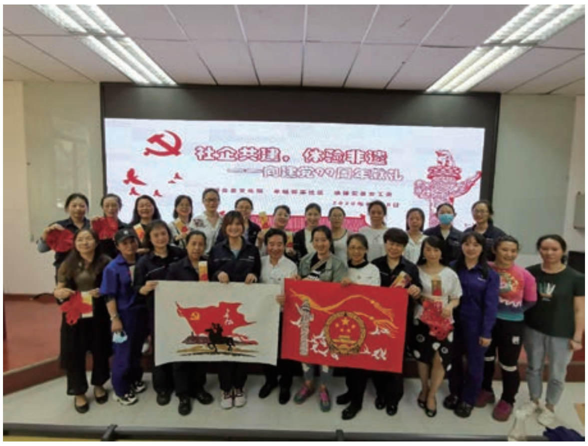
During the Reporting Period, the Company organised the following public welfare activities (partial):

(i) In April, the Company participated in Jinma Street reading sharing session.

On "4.23" World Book & Copyright Day, Jinma Street launched the Little Golden Horse reading sharing session with the theme of "welcome spring in the name of love". CRCCE participated in the reading sharing session as a corporate representative.

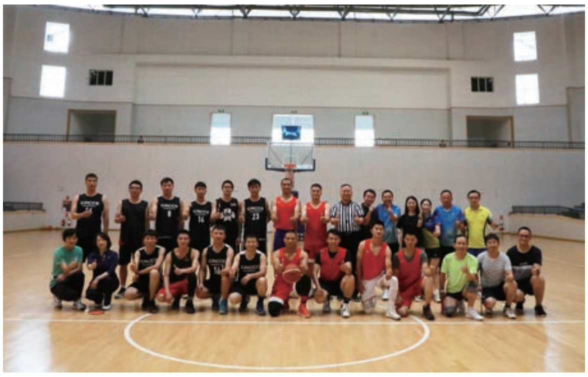
(ii) In June, the women's working committee of the Company, the Party branch of Kunming Hexu Culture Communication Co., Ltd and the happy neighborhood community jointly organized the Party building festival theme activity "Co-construction among community and corporation, experiencing intangible cultural heritage – a gift to the 99th anniversary of the founding of the Party" in the training center lecture classroom of the Company.

More than 40 female compatriots from the Company's first production line, management positions and community volunteers participated in the intangible cultural heritage paper-cutting activities. The intangible cultural heritage paper-cutting activities introduced the charm of the paper-cutting art to the female compatriots understand and inherited the national culture. Meanwhile, Chinese excellent traditional cultural symbols and the Party's history are combined to create paper-cut works, expressing that while the female compatriots are promoting the excellent traditional Chinese culture, they also let everyone review the history of the Party and promoted the spirit of the red boat.



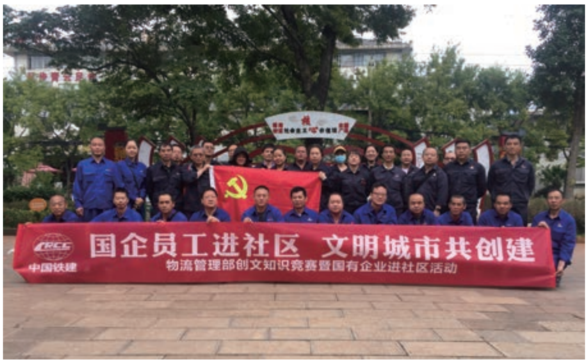
(iii) In July, the trade union of the Company organized employee associations to Kunming No. 3 Secondary School to carry out a friendly competition and exchange.

To further strengthen the construction of employee associations and enhance exchanges between enterprises and local prestigious schools, on 16 July afternoon, the union organization of CRCCE carried out a friendly competition and exchange with Kunming No. 3 Secondary School. The member representatives from CRCCE 6441 Basketball Club and Aiyu Badminton Club competed with the teacher representatives from Kunming No. 3 Secondary School in basketball and badminton friendly matches.



(iv) In September, the logistics management Party branch of the Company organized 40 employees (including all Party members, management personnel, and union activists) to come to the Shufang community to clean up the street hygiene along the Shufang River.

According to the requirement of "Notice on launching 'Civilized Behavior Theme Month' theme Party day and theme Party day activities" promulgated by the Organization Department of CPC Kunming Municipal Committee and the Communist Youth League Kunming Municipal Committee, in order to advance the role of a state-owned enterprise in the work of creating a national civilized city as a battle fortress and a pioneering role model, on 5 September morning, the logistics management Party branch organized 40 employees (including all Party members, management personnel, and union activists) to come to the Shufang community to clean up the street hygiene along the Shufang River. Everyone started to pick up the white trash and cigarette butts in the sidewalks and green belts, and put the shared bicycles that were parked and fallen on the ground in order. An article contest on the "State-owned Enterprises Entering the Community" and a knowledge contest on the "Kunming City Civilized Behavior Promotion Regulations" were held during the break.



(v) In November, the Company actively cooperated with the happy neighborhood community to finish the work of the Seventh National Population Census.

The Company recruited a total of 25 employees and 9 employees' family members to participate in the population census work as volunteers. After two months of hard work, a total of 3,413 housing units have been registered and 2,364 short forms have been filed to the online platform of the Seventh National Population Census.

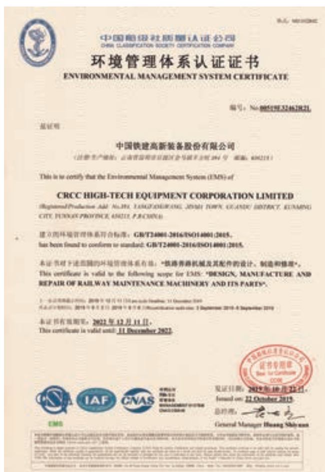
PART VI ENVIRONMENTAL PROTECTION

I. Environmental Management

1. Environmental management system certification

The Company established its environmental management system certification according to the GB/T24001:2004 environmental management system standard and passed the certification in 2013. The Company updated the system according to the ISO14001:2015 version and passed the certification in 2016.

Environmental Management System Certificate for ISO14001:2015 Standard



环境管理体系认证证书
ENVIRONMENTAL MANAGEMENT SYSTEM CERTIFICATE
CRCC HIGH-TECH EQUIPMENT CORPORATION LIMITED

2. *Establishing environmental management system*

The Company collects, identifies and obeys the requirements of national laws, regulations and standards, and incorporates applicable provisions into its own management system. The Company also implements ISO environmental management system and establishes relevant management system, pursuant to which compliance assessment is conducted annually. The Company has established various systems in respect of wastewater, waste gas and waste discharge, such as "Management and Control Procedures of Pollutant Emission", "Management System on Waste Goods and Materials", "Monitoring & Measuring Control Procedures of Environmental and Occupational Health and Safety Performance", "Control Procedures of Environmental Resources" and so on. The Company complies with "Integrated Emission Standard of Air Pollutants", "Integrated Wastewater Discharge Standard" and "Emission Standard for Industrial Enterprises Noise at Boundary" respectively in respect of the emission of waste gas, wastewater and noise at boundary. Companies with monitoring qualification were commissioned to monitor the discharge of pollutants, and found all discharges were complied with relevant standards. No unexpected environmental incident and environmental pollution accident occurred.

3. *Measures on environmental management*

During the Reporting Period, main measures taken by the Company regarding environmental protection include:

(i) Establishing an environmental management system, conducting regular internal inspection and audit on an annual basis and engaging external certification institution to inspect and audit the environmental management of the Company. Ensuring the effectiveness of the system. The Company passed the verification on the environmental management system by China Classification Society Quality Assurance Center in 2019, and passed the supervision and audit after the verification on the environmental management system by China Classification Society Quality Assurance Center in 2020;

(ii) Promoting the acceptance of clean production qualified enterprises, and winning the Yunnan Province Clean Production Qualified Enterprise Certificate in 2017;

(iii) Establishing an emergency plan for unexpected environmental incidents and conducting drills according to the drill plan each year;

(iv) Highlighting the monitoring of hazardous waste and establishing a management system, under which hazardous waste should be stored in the designated place, handled by dedicated personnel and with clear accounts. In 2020, the Company passed the assessment of standardised management of hazardous waste conducted by Kunming Environmental Protection Bureau.

II. Emission Management

Regarding reducing emission of pollutants and wastes as its own responsibility, the Company has therefore been in strict compliance with the international rules and domestic regulations relating to air pollution. Besides, the Company has also formulated various working rules to strictly manage placement and disposal of discarded coating materials, obsolete package and flotsam leftover from production, and continued to improve environment management related methods and measures, expecting to reduce generation of wastes and increase recycle utilisation.

1. Strictly complying with national laws and regulations

The Company strictly complies with the requirements of national laws, regulations and standards. The Company has established various systems in respect of wastewater, waste gas and waste discharge. Compliance assessment is conducted annually, the results of which are in compliance with laws and regulations. No violations occurred between 2014 and 2020. The Company obtained a new pollutant discharge permit in 2020. Three wastes discharge met with relevant standards, with emissions (concentration) falling within the scope of the pollutant discharge permit as approved.

The main pollutants of the Company's exhaust emissions are benzene, toluene and xylene. The main pollutants of wastewater discharged are chemical oxygen demand (COD), ammonia nitrogen and total phosphorus. In 2020, the Company treated 245,403 tons of wastewater, of which 243,533 tons were recycled, and discharged 1,870 tons of wastewater, 0.025 ton of COD, 0.00015 ton of ammonia nitrogen, 0.02967 kg of benzene, 0.02967 kg of toluene, 0.54666 kg of xylene and 0.364 ton of non-methane total hydrocarbons.

Statistics of total greenhouse gas generated from the consumption of gasoline and diesel oil during the Company's production process in 2020 are summarized as follows:

Type	Active data	Type of greenhouse gas	Emission (tCO_2e)
Diesel oil	437 tons	CO_2	1,359.36
		CH_4	0.79
		N_20	17.73
Gasoline	0 tons	CO_2	0
		CH_4	0
		N_20	0

Statistics of various kinds of waste goods and materials during the Company's production process in 2020 are summarized as follows:

General waste goods and materials (innocuous)

Category	Weight
Steel scrap	1,322.61 tons
Iron scurf	283.73 tons
Aluminium scrap	3.55 tons
Waste wire	7.49 tons
Copper scale	0.355 tons
Oxidising slag	188.74 tons
Waste wooden boards	61 tons
Waste oil barrels	412

Hazardous waste (harmful)

Category	Weight (ton)
Waste spongy filter	12.02
Emulsion	22.26
Waste paints	5.14
Waste paint pot	13.17
Mineral oils	42.57
Asbestos	0

Pursuant to the requirements under its pollutant discharge permit, the Company organises environmental monitoring annually, and the results of each emission and the total amount of emission met relevant standards. The Company conducts maintenance and repair to its power supply units annually, and has used photovoltaic electricity starting from 2020 so as to substantially reduce the emission of greenhouse gas. The Company complied with first class A standard of the "Discharge Standard of Pollutants for Municipal Wastewater Treatment Plant" for the emission of pH, SS, COD, BOD, NH3-N, PO43-P, LAS of wastewater and gasoline, the second class standard of "Integrated Emission Standard of Air Pollutants" for the emission of dust and benzene series of waste gas, and type II standard of "Emission Standard for Industrial Enterprises Noise at Boundary" for noise at boundary.

2. *Measures and technology of pollutants prevention and treatment*

The Company requires and encourages all the staff to conduct responsible behaviors, and to promote environmental protection concept throughout our supply chain and relevant markets. The Company adopts advanced exhaust emission processing equipment for our large railway track maintenance machines, making sure that each function of our products and system could meet the high standards in relation to environmental protection and comply with relevant operation standards as well. Moreover, The Company will continue to keep an eye on research and development of environmental protection equipment and technology. The Company understands and monitors the influence on environment of our normal operation through continuous review and announcement of the organised exhaust emissions by the Company. The Company has introduced large ventilation and dust-removing system, welding fume purifier, sewage treatment and water reclaiming system to reduce smoke dust emission and minimise land pollution, through which, The Company carries out 6S management in our operation sites and enhance placement and management on materials or wastes.

During the Reporting Period, The Company mainly conducted the following with respect to emission:

(i) Wastewater treatment;

The Company has a sewage treatment station which treats wastewater with A/O2 method with daily treatment capacity of 800 cubic meters. Reclaimed water will be discharged upon reaching first class level A standard of "Wastewater Discharge Standard", and most of it will be reused in the Company's greening, dust reduction, car washing and so on, and the rest will be discharged to East Baisha River after meeting relevant standard.

(ii) Waste gas treatment;

General dust is discharged into high-altitude air through centrifugal air compressor after filtered by dust extractor of the equipment, and more than 90% of the dust will be reduced. Welding fume is generally treated by layered air-supplying method, of which the treatment system is comprised of air treatment system (dust extracting), secondary air stream supplying system and controlling system. With a filter core made of durable polyester which is of low absorbability for viscous materials, the dust extractor reaches efficiency of 99.9%.

As for spray painting, the Company adopts integrated equipment with functions of spray painting, drying and purification, through which painting mist is filtered, absorbed and purified through an organic waste gas purification device with segmented two-stage dry filter cotton + activated carbon fiber during the process of air purification, and then discharged upon meeting with relevant standards.

(iii) Noise at boundary treatment;

The Company applies anti-vibration devices to equipment which generates great noise, such as using flexible joints for draught fans and inlet and outlet pipes of pump, installing silencers to draught fans and air compress tubes of compressors, erecting closed solid walls in workshops equipped with equipment generating great noise, and planting plants with great noise reduction effect outside the walls to form planting strip in order to reduce the grade of noise.

During the Reporting Period, the Company monitored the emission of wastewater, waste gas and noise at boundary, with results thereof reaching the relevant standards. Hazardous wastes such as emulsions and paint residues are all handled by qualified Yunnan Province Dadi Fengyuan Environmental Protection Co., Ltd., and non-hazardous wastes such as scrap steel and iron filings are sold via external bidding. During the Reporting Period, there is no occurrence of environment emergency for which the Company shall be liable.

III. Management on Energy Use

1. Energy-saving and consumption-reducing

Adhering to the aim of constructing a resource-saving and eco-friendly enterprise, the Company actively made efforts towards energy saving and emissions reduction, with focus on limiting production of high energy consumption and high pollutant while developing energy-saving and eco-friendly industries as well as promoting uses of energy-saving products. The Company vigorously developed new high-tech and high value-added products of high-end underground equipment series to facilitate continuous reduction in energy consumption per unit of output value and energy consumption per unit product of the enterprise. In compliance with national and industrial requirements, the Company rolled out reasonable adjustment to corporate structure, product structure and energy consumption structure, eliminated backward production capacity and reduced pollutant discharge in order to become a green corporation.

The Company advocates adopting the systems of "lower cost and higher efficiency" and "energy conservation and emission reduction" among our employees, and formulated documents such as "Administration Measures on Energy Conservation and Emission Reduction", "Administration Measures on Use of Energy of the Company", "Administration Measures on Waste Disposal" and etc., to supervise the use of energy of the Company. We strive to enhance our energy utilisation efficiency, reduce operation cost and prevent environment pollution.

Statistics of total energy consumption during the production process of the Company in 2020 are summarised as follows:

Type	Total consumption
Electricity	10,950,000 kwh
Gasoline	0 tons
Diesel oil	437 tons
Lubricating oil	52 tons
Water	44,567 m^3

Statistics of total usage of packaging materials during the production process of the Company in 2020 are summarised as follows:

Material Name	Model Specification	Unit	Usage
Nails	100mm/19kg/box	box	2
Wooden box for export	1100*950*950	piece	380
Double layer woven bag with inner membrane	120*152	piece	820
Packaging plywood	12mm	square meter	5,350
Rust remover (ZEP)	147,024 (3.78KG/barrel)	barrel	24
Tin strap	16mm	roll	70
Iron packing buckle	16mm	KG	163
Packaging plywood	18mm	square meter	4,950
Iron packing buckle	18mm	KG	100
Tin strap	18mm*50KG	roll	50
TL-024 composite vapor phase antirust protective film	1mX100m	roll	620
Canvas protective cover	2,400X1100X1100	piece	150
Ordinary carton	250mmX150mmX200mm	piece	560
Canvas protective cover	300X100	piece	50
Self-painting	350ml/24 bottles	bottle	48
Ordinary carton	350mmX250mmX150mm	piece	549
Ordinary carton	350mmX250mmX250mm	piece	546
Wire drawing die	50CM*500M	roll	60
Ordinary carton	600x300x300	piece	822
Scotch tape	60mm	roll	300
Steel row nails	ST-32	box	200

Material Name	Model Specification	Unit	Usage
Steel row nails	ST-64	box	150
Ink graffiti remover (ZEP)	WRITE AWAY	barrel	24
Galvanized wire	Φ2.8	KG	96
No. 10 ziplock bag	100 pieces per bag (Thickened)	bag	100
No. 5 ziplock bag	100 pieces per bag (Thickened)	bag	100
No. 6 ziplock bag	100 pieces per bag (Thickened)	bag	100
No. 8 ziplock bag	100 pieces per bag (Thickened)	bag	100
Ziplock canvas bag	1,200*1,200*1100	piece	100
Plastic strap	14mmX10kg	roll	2
Compressed carton	150x100x100	piece	1,500
Compressed carton	200x150x150	piece	1,000
Thickened membrane	2mX25kg	roll	2

2. *Integrated control and management*

In 2020, with the support of the Company's leaders and joint effort of the energy management office, the Company strictly followed requirements stipulated in relevant documents of CRCC and the local governments to implement two "Subdivision" regarding energy management. Firstly, as to refining energy management, the Company enhanced control and management of indicators of energy consumption with increased institutional and managerial efforts, through which the Company is able to find out the key reason and make response in time in case of abnormal movement of energy consumption data. Secondly, the Company subdivided the indicators of energy saving. The Company revised and circulated the "Administration Measures on Energy Management of the Company" and "Management Measures on Energy Saving and Emission Reduction of the Company", aiming to regulate energy consumption and assessment of the energy consuming production departments. The office of energy management of the Company requires all energy consuming production departments to file a statement of energy consumption each month, thus conducting real-time control of energy consumption. Since the circulation and implementation of the above two measures, the Company has conducted assessments to indicators of energy consumption of each energy consuming production departments, imposed severe punishment to departments that exceeded the standard limits of energy consumption and that had weaker performance in terms of energy saving, and circulated the results through the intranet of the Company. Through implementing this policy stringently, the Company has further improved its energy management, and tended to carry out work actively instead of passively. With shifts in thinking, employees proactively cooperated with the Company to carry out energy saving in good order. All of the above have laid a solid foundation for the Company to achieve target of energy saving for the national "13th Five-Year" plan in the next step.

3. *Efficiency of control and management*

The Company is committed to the development of energy-saving and environmentally friendly industries, and has been promoting the use of energy-saving products as well as clean energy. Taking full advantage of the geographical advantages and abundant solar energy resources in Kunming, the Company has been actively introducing photovoltaic power generation projects. This project was completed and put into production in July 2018. It can offer a total installed capacity of 6.5MWp. The project is installed on the steel structure roof of the Company's six assembly workshops including the main assembly workshop, pre-assembly workshop, painting and debugging workshop, joint workshop, machining workshop, and logistics distribution center. The project is an on-grid distributed photovoltaic power generation project with a self-generated and self-used margin. It adopts a centralized power generation scheme, with an on-grid voltage level of 10kV, 1 grid point in total and an actual on-grid capacity of 6.5MWp. The power generated is distributed to the Company's 10KV power distribution system. All of the power generated will be used for production in the factory area, while the surplus power will be distributed to the municipal network for sale. By the end of December, the Company had consumed a total of 4,141,618KWh of electricity generated by photovoltaic power generation facilities during the year, saving electricity costs of a total amount of approximately RMB2.00 million for the Company. The power used in photovoltaic power generation accounted for 40% of the total power used by the Company. At the same time, all equipment of the project is supplied by domestic manufacturers, which is of great significance to support the development of domestic photovoltaic power generation equipment industry.

The Company actively participated in the power market trading in Yunnan province. According to statistics, in 2020, the Company was involved in the trading of 9,670,182.26KWh of electricity on the power market in Yunnan and the trading of 8,074,473KWh of electricity on the power market of power supply, saving electricity costs of a total amount of approximately RMB1.22 million for the Company.

At the same time, the Energy Management Office of the Company actively promoted the technical transformation of lighting in the manufacturing plant and the plant roads, replacing traditional metal halide lamps (480W) with energy-saving LED lamps (200W), and the illumination level fully met the criteria for acceptance. By the end of December 2020, the Company had replaced a total of 650 sets of LED lights, saving annual saving electricity costs of approximately RMB0.26 million for the Company. This work will continue to be proceeded in 2021.

According to the requirements under the document of "Notice of Commission of Industry and Information Technology of Yunnan Province on Forwarding the Document of Ministry of Industry and Information Technology regarding Carrying out Supervision and Inspection for 2012 on the Implementation of Standard Limits of Energy Consumption of Unit Product and High Energy-Consumption Outdated Electrical and Mechanical Equipment (Products) Catalog", members of the Company's energy management office conduct check on electric machines equipped on mechanical equipment for production twice a year, during which electric machines equipped on mechanical equipment which are found to be listed on the catalog will be arranged stocktaking at the end of year and included on the list of equipment for condemnation and then eliminated. In 2020, the Company invested RMB6.68 million to purchase production equipment, with 10 sets of equipment scrapped, stored and to be disposed, which were mainly for upgrading and disposing of high energy-consumption electrical and mechanical equipment. When studying and selecting equipment, relevant personnel from the Company's energy management office takes equipment that are certified by the country as their first choice, striving to further enhance the energy management of the Company and all relevant energy consuming departments, increase efficiency of energy utilisation, propel technical improvement and optimise industrial structure.

The Company keeps reinforcing energy management and continues to improve the management system of water use. In 2020, third parties were engaged for the continuous improvement in the balance of water in areas such as production areas. The Company has 3 sewage treatment stations, of which the daily processing capacity of the stations in district 44 of the Company headquarter in Kunming, Kunming Xishan branch station and Beijing Ruiweitong Company are 800 tons, 200 tons and 50 tons respectively. The sewage treatment stations carry out central treatment of the production wastewater and domestic sewage in the plant area. The effluent satisfies the water quality standards of first class A standard of the "Discharge Standard of Pollutants for Municipal Wastewater Treatment Plant" (GB18918-2002) and "The Reuse of Urban Recycling Water – Water Quality Standard for Urban Miscellaneous Water Consumption" (GB/T18920-2002). The Company actively promoted the implementation of reuse of grey water, which was mainly for large-scale road maintenance machinery raining test, cleaning, dust reduction as well as greening, etc. As of December 2020, a total of 243,239 m^3 of grey water was used, and a reclaimed water utilization fund subsidy of RMB0.179 million was received from the Kunming Municipal Water Conservation Office. The conditions for the use of tap water had reached national water use standard requirements, and no water leakage problem was identified, thus laying a solid foundation for the Company's next-step initiative in energy management.

TO THE SHAREHOLDERS OF CRCC HIGH-TECH EQUIPMENT CORPORATION LIMITED
(incorporated in the People's Republic of China with limited liability)

OPINION

We have audited the consolidated financial statements of CRCC High-Tech Equipment Corporation Limited (the "**Company**") and its subsidiaries (collectively referred to as the "**Group**") set out on pages 130to 216, which comprise the consolidated statement of financial position as at 31 December 2020, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2020, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards ("**IFRSs**") issued by the International Accounting Standards Board ("**IASB**") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing ("**ISAs**"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (the "**Code**"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
Impairment of goodwill	
During the year, impairment loss amounting to RMB8,580,000 was recognized on the goodwill arising from the acquisitions of CE Cideon Engineering Verwaltungs GmbH, CE Cideon engineering GmbH & Co. KG and CE Cideon Engineering Schweiz AG in prior years. The carrying amount of the relevant goodwill amounted to RMB67,131,000 as at 31 December 2020. Further details of the goodwill and the impairment assessment are set out in notes 4 and 14 to the consolidated financial statements. We identified the impairment of goodwill as a key audit matter because impairment testing of goodwill is relied on a value in use model which required significant management judgment particularly with respect to the future revenue growth rate based on expectation of future market and economic conditions and the discount rate applied.	Our procedures in relation to the impairment of goodwill mainly included: – Understanding control procedures adopted by the management to determine the future revenue growth rate and discount rate adopted in the cash flow projection; – Performing retrospective review on the cash flow projection to identify any significant deviations from the 2020 forecast results and evaluating whether the management has made necessary changes in the current year cash flow projection to incorporate the factors resulting in the deviations; – Involving internal expert to evaluate the methodology adopted by the management and to develop a range of estimates on the applicable discount rate to assess its reasonableness; – Challenge client's estimate on the future revenue growth rate.

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRSs issued by the IASB and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group’s financial reporting process.

AUDITOR’S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Lung Kwok Hung.

Notes:

(a) The Group has appropriated certain amount of retained profits to a special reserve fund for safety production as required by directives issued by the relevant government authorities in the People's Republic of China (the "**PRC**"). The Group charged the safety production expense to profit or loss when such expense was incurred, and at the same time an equal amount of special reserve fund was utilised and transferred back to the retained profits.

(b) In accordance with the PRC Company Law and the articles of association of the Company, the Company is required to appropriate 10% of its net profit as determined under the relevant accounting principles applicable to enterprises established in the PRC, to the statutory surplus reserve until the reserve balance reaches 50% of its registered capital. Subject to certain restrictions set out in the relevant PRC regulations and in the articles of association of the Company, the statutory surplus reserve may be used either to offset losses, or to be converted to increase share capital provided that the balance after such conversion is not less than 25% of the registered capital of the Company.

1. GENERAL INFORMATION

CRCC High-Tech Equipment Corporation Limited (the "**Company**") is a joint stock limited company established in the People's Republic of China (the "**PRC**"). In December 2015, the Company issued 531,900,000 H shares with a nominal value of RMB1.00 each through The Stock Exchange of Hong Kong Limited (the "**Hong Kong Stock Exchange**") and the H shares were listed on the Hong Kong Stock Exchange. The registered office of the Company is located at No. 384 Yangfangwang, Jinma Town, Kunming, Yunnan Province, the PRC.

The Company and its subsidiaries (hereinafter collectively referred to as the "**Group**") are principally engaged in the manufacture and sale of large railway track maintenance machinery, and relevant parts and components, and the provision of overhaul services, railway line maintenance services, and rail vehicles engineering and technical services.

In the opinion of the directors of the Company (the "**Directors**"), the Company's holding company is China Railway Construction Corporation Limited ("**CRCC**"), a company established in the PRC, whereas the Company's ultimate holding company is China Railway Construction Corporation ("**CRCCG**"), a company established in the PRC, which is wholly owned by the State-owned Assets Supervision and Administration Commission of the State Council.

2. APPLICATION OF NEW AND AMENDMENTS TO INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRSs")

Amendments to IFRSs that are mandatorily effective for the current year

In the current year, the Group has applied the Amendments to References to the Conceptual Framework in IFRS Standards and the following amendments to IFRSs issued by the International Accounting Standards Board (the "**IASB**") for the first time, which are mandatory effective for the annual period beginning on or after 1 January 2020 for the preparation of the Group's consolidated financial statements:

Amendments to IAS 1 and IAS 8	Definition of Material
Amendments to IFRS 3	Definition of a Business
Amendments to IFRS 9, IAS 39 and IFRS 7	Interest Rate Benchmark Reform

The application of the Amendments to References to the Conceptual Framework in IFRS Standards and the amendments to IFRSs in the current year has had no material impact on the Group's financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

2. APPLICATION OF NEW AND AMENDMENTS TO INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRSS") (Continued)

New and amendments to IFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to IFRSs that have been issued but are not yet effective:

IFRS 17	Insurance Contracts and the related Amendments[1]
Amendment to IFRS 16	Covid-19-Related Rent Concessions[4]
Amendments to IFRS 3	Reference to the Conceptual Framework[2]
Amendments to IFRS 9, IAS 39 and IFRS 7, IFRS 4 and IFRS 16	Interest Rate Benchmark Reform – Phase 2[5]
Amendments to IFRS 10 and IAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture[3]
Amendments to IAS 1	Classification of Liabilities as Current or Non-current[1]
Amendments to IAS 1 and IFRS Practice Statement 2	Disclosure of Accounting Policies[1]
Amendments to IAS 8	Definition of Accounting Estimates[1]
Amendments to IAS 16	Property, Plant and Equipment: – Proceeds before Intended Use[2]
Amendments to IAS 37	Onerous Contracts – Cost of Fulfilling a Contract[2]
Amendments to IFRS Standards	Annual Improvements to IFRS Standards 2018-2020[2]

1 Effective for annual periods beginning on or after 1 January 2023.

2 Effective for annual periods beginning on or after 1 January 2022.

3 Effective for annual periods beginning on or after a date to be determined.

4 Effective for annual periods beginning on or after 1 June 2020.

5 Effective for annual periods beginning on or after 1 January 2021.

The Directors anticipate that the application of the above new and amendments to IFRSs will have no material impact on the Group's consolidated financial statements in the foreseeable future.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with IFRSs issued by the IASB. For the purpose of preparation of the consolidated financial statements, information is considered material if such information is reasonably expected to influence decisions made by primary users. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("**Listing Rules**") and by the Hong Kong Companies Ordinance.

Basis of preparation of consolidated financial statements

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of IFRS 2 *Share-based Payment*, leasing transactions that are accounted for in accordance with IFRS 16 *Leases*, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in IAS 2 *Inventories* or value in use in IAS 36 *Impairment of Assets*.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of preparation of consolidated financial statements (Continued)

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill as at 31 December. For the purpose of impairment testing, goodwill is, from the acquisition date, allocated to each of the Group's cash-generating units (or group of cash-generating units) that is expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units (or group of cash-generating units). Each unit to which the goodwill is so allocated represents the lowest level at which the goodwill is monitored for internal management purposes and not larger than an operating segment.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (or group of cash-generating units) to which the goodwill has been allocated. Where the recoverable amount of the cash-generating unit (or group of cash-generating units) is less than the carrying amount, an impairment loss is allocated first to reduce the carrying amount of any goodwill and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit (or group of cash-generating units). An impairment loss recognised for goodwill is not reversed in a subsequent period.

Impairment of non-financial assets other than goodwill

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs. In testing a cash-generating unit for impairment, corporate assets are allocated to the relevant cash-generating unit when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of cash generating units for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the cash-generating unit or group of cash-generating units to which the corporate asset belongs, and is compared with the carrying amount of the relevant cash-generating unit or group of cash-generating units.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or cash-generating unit).

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Impairment of non-financial assets other than goodwill (Continued)

An impairment loss is recognised only if the carrying amount of an asset (or a cash-generating unit) exceeds its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a cash-generating unit, the Group compares the carrying amount of a group of cash-generating units, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of cash-generating units, with the recoverable amount of the group of cash-generating units. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of cash-generating units. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of cash-generating units. An impairment loss is charged to profit or loss in the period in which it arises.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset (or a cash-generating unit) is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset (or cash-generating unit), but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised in prior years. A reversal of such an impairment loss is credited to profit or loss in the period in which it arises.

Related parties

A party is considered to be related to the Group if:

(a) the party is a person or a close member of that person's family and that person

- (i) has control or joint control over the Group;
- (ii) has significant influence over the Group; or
- (iii) is a member of the key management personnel of the Group or of a parent of the Group;

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Related parties (Continued)

(b) the party is an entity where any of the following conditions applies:

(i) the entity and the Group are members of the same group;

(ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);

(iii) the entity and the Group are joint ventures of the same third party;

(iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;

(v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;

(vi) the entity is controlled or jointly controlled by a person identified in (a);

(vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and

(viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, plant and equipment and depreciation

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to profit or loss in the period in which it is incurred.

The depreciation of property, plant and equipment is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment other than construction in progress to its residual value over its estimated useful life.

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Construction in progress represents property, plant and equipment under construction, which is stated at cost less any impairment losses, and is not depreciated. Cost comprises the direct costs of construction. Construction in progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Intangible assets (other than goodwill)

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

Office software

Purchased software is stated at cost less any impairment losses and is amortised on the straight-line basis over its estimated useful life of 2 years.

Research and development costs

All research costs are charged to profit or loss as incurred.

Expenditure incurred on projects to develop new products is capitalised and deferred only when the Group can demonstrate the technical feasibility of completing the intangible asset so that it will be available for use or sale, its intention to complete and its ability to use or sell the asset, how the asset will generate probable future economic benefits, the availability of adequate resources to complete the project and to use or sell the asset and the ability to measure reliably the expenditure during the development. Product development expenditure which does not meet these criteria is expensed when incurred.

Leases

Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified on or after the date of initial application or arising from business combinations, the Group assesses whether a contract is or contains a lease based on the definition under IFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Leases (Continued)

Definition of a lease *(Continued)*

The Group as a lessee

Short-term leases

The Group applies the short-term lease recognition exemption to leases of machinery and equipment that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. Lease payments on short-term leases are recognised as expense on a straight-line basis over the lease term.

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities, if any.

Right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

The Group as a lessor

Classification and measurement of leases

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset, and such costs are recognised as an expense on a straight-line basis over the lease term.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with IFRS 15 *Revenue from Contracts with Customers*. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets

Classification and subsequent measurement of financial asset

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and

- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets *(Continued)*

Classification and subsequent measurement of financial asset (Continued)

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income ("**FVTOCI**"):

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value through profit or loss, except that at initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which IFRS 3 *Business Combinations* applies.

Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit impaired.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets *(Continued)*

Classification and subsequent measurement of financial asset (Continued)

Debt instruments/receivables classified as at FVTOCI

Subsequent changes in the carrying amounts for debt instruments/receivables classified as at FVTOCI as a result of interest income calculated using the effective interest method are recognised in profit or loss. All other changes in the carrying amount of these debt instruments/receivables are recognised in other comprehensive income and accumulated under the heading of FVTOCI investments reserve. Impairment allowances are recognised in profit or loss with corresponding adjustment to other comprehensive income without reducing the carrying amounts of these debt instruments/receivables. When these debt instruments/receivables are derecognised, the cumulative gains or losses previously recognised in other comprehensive income are reclassified to profit or loss.

Equity instruments designated as at FVTOCI

Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the FVTOCI investments reserve; and are not subject to impairment assessment. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments, and will be transferred to retained profits.

Dividends from these investments in equity instruments are recognised in profit or loss when the Group's right to receive the dividends is established, unless the dividends clearly represent a recovery of part of the cost of the investment. Dividends are included in the other income and gains and losses line item in profit or loss.

*Impairment of financial assets and other items subject to impairment assessment under IFRS 9 Financial Instruments ("**IFRS 9**")*

The Group performs impairment assessment under expected credit loss ("**ECL**") model on financial assets (including trade and bills receivables, deposits and other receivables, pledge deposits and cash and cash equivalents) and contract assets which are subject to impairment assessment under IFRS 9. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets *(Continued)*

*Impairment of financial assets and other items subject to impairment assessment under IFRS 9 Financial Instruments ("**IFRS 9**") (Continued)*

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL ("**12m ECL**") represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade receivables and contract assets. The ECL on these assets are assessed individually for assets with significant balances and credit impaired and collectively using a provision matrix with appropriate groupings.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, in which case the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

(i) Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets *(Continued)*

*Impairment of financial assets and other items subject to impairment assessment under IFRS 9 Financial Instruments ("**IFRS 9**") (Continued)*

(i) Significant increase in credit risk (Continued)

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Despite the foregoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the reporting date. A debt instrument is determined to have low credit risk if the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets *(Continued)*

*Impairment of financial assets and other items subject to impairment assessment under IFRS 9 Financial Instruments ("**IFRS 9**") (Continued)*

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

(a) significant financial difficulty of the issuer or the borrower;

(b) a breach of contract, such as a default or past due event;

(c) the lenders of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lenders would not otherwise consider;

(d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets *(Continued)*

*Impairment of financial assets and other items subject to impairment assessment under IFRS 9 Financial Instruments ("**IFRS 9**") (Continued)*

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data and adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights. The Group uses a practical expedient in estimating ECL on trade receivables using a provision matrix taking into consideration historical credit loss experience, adjusted for forward looking information that is available without undue cost or effort.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Where ECL is measured on a collective basis or cater for cases where evidence at the individual instrument level may not yet be available, the financial instruments are grouped on the below basis:

- Nature of financial instruments (i.e. the Group's trade receivables and other receivables are each assessed as a separate group);
- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Except for investments in debt instruments/receivables that are measured at FVTOCI, the Group recognises an impairment gain or loss in profit or loss for all financial assets subject to ECL by adjusting their carrying amount through a loss allowance account. For investments in debt instruments/receivables that are measured at FVTOCI, the loss allowance is recognised in other comprehensive income and accumulated in the FVTOCI investments reserve without reducing the carrying amount of these debt instruments/receivables. Such amount represent the changes in the FVTOCI investments reserve in relation to accumulated loss allowance.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets *(Continued)*

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

On derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in the FVTOCI investments reserve is reclassified to profit or loss.

On derecognition of an investment in equity instrument which the Group has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the FVTOCI investments reserve is not reclassified to profit or loss, but is transferred to retained profits.

Financial liabilities and equity

Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or financial liabilities measured at amortised cost, as appropriate.

The Group's financial liabilities include trade and bills payables and other payables.

Subsequent measurement

Financial liabilities at amortised cost

After initial recognition, financial liabilities of the Group including trade and bills payables and other payables are subsequently measured at amortised cost, using the effective interest rate method.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the recognised amounts and intends either to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the weighted average basis and, in the case of work in progress and finished goods, comprises direct materials, direct labour and an appropriate proportion of overheads. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, and short-term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short original maturity of generally within three months when acquired.

Provisions

Provisions for product warranties granted by the Group on certain products are recognised based on sales volume and past experience of the level of repairs and returns, discounted to their present values as appropriate.

Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognized outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of each reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income tax (Continued)

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

- in respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

- in respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income tax (Continued)

Deferred tax assets and deferred tax liabilities are offset if and only if the Group has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred taxes assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the costs, which it is intended to compensate, are expensed.

Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates or enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue from contracts with customers (Continued)

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with IFRS 9. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

A contract asset and a contract liability relating to the same contract are accounted for and presented on a net basis.

Over time revenue recognition: measurement of progress towards complete satisfaction of a performance obligation

Output method

The progress towards complete satisfaction of a performance obligation is measured based on output method, which is to recognise revenue on the basis of direct measurements of the value of the services transferred to the customer to date relative to the remaining services promised under the contract, that best depict the Group's performance in transferring control of services.

Existence of significant financing component

In determining the transaction price, the Group adjusts the promised amount of consideration for the effects of the time value of money if the timing of payments agreed (either explicitly or implicitly) provides the customer or the Group with a significant benefit of financing the transfer of goods or services to the customer. In those circumstances, the contract contains a significant financing component. A significant financing component may exist regardless of whether the promise of financing is explicitly stated in the contract or implied by the payment terms agreed to by the parties to the contract.

For contracts where the period between payment and transfer of the associated goods or services is less than one year, the Group applies the practical expedient of not adjusting the transaction price for any significant financing component.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue from contracts with customers (Continued)

Principal versus agent

When another party is involved in providing goods or services to a customer, the Group determines whether the nature of its promise is a performance obligation to provide the specified goods or services itself (i.e. the Group is a principal) or to arrange for those goods or services to be provided by the other party (i.e. the Group is an agent).

The Group is a principal if it controls the specified good or service before that good or service is transferred to a customer. The Group is an agent if its performance obligation is to arrange for the provision of the specified good or service by another party. In this case, the Group does not control the specified good or service provided by another party before that good or service is transferred to the customer. When the Group acts as an agent, it recognises revenue in the amount of any fee or commission to which it expects to be entitled in exchange for arranging for the specified goods or services to be provided by the other party.

Employee benefits

Retirement benefits

1. *Social pension plans*

   The Group has participated in the social pension plans for its employees as required by local government labour and security authorities. The Group makes contributions on a monthly basis to the social pension plans. The contributions are charged to profit or loss as they become payable in accordance with the rules of the social pension plans. Under the plans, the Group has no further obligations beyond the contributions made.

2. *Annuity plan*

   The Group provides an annuity plan to the voluntary or eligible employees. Contributions are made based on a percentage of the voluntary or eligible employees' basic salaries and are charged to profit or loss as they become payable in accordance with the rules of the plan. Under the plan, the Group has no further obligations beyond the contributions made.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Employee benefits (Continued)

Retirement benefits *(Continued)*

3. Post-employment benefit plan

The Group provides a benefit plan for long-term post-leaving personnel, which are considered as defined benefit plans. The Group does not put any funds in the plan. The obligation recognised in the consolidated statement of financial position in respect of these defined benefit plans is the present value of the defined benefit obligations at the end of the reporting period. The defined benefit obligation is calculated by an independent qualified actuarial firm, which is engaged by CRCC, using the projected cumulative unit credit method annually, or when any material changes in the plans and key assumptions occur. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of government securities of the currency and term consistent with the currency and term of the defined benefit plan. Re-measurements arising from experience adjustments and changes in actuarial assumptions are recognised immediately in the consolidated statement of financial position with a corresponding debit or credit to other comprehensive income in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability.

The Group recognises the following changes in the net defined benefit obligation in the consolidated statement of profit or loss and other comprehensive income by function:

- service costs comprising current service costs, past service costs, gains and losses on curtailments and non-routine settlements; and
- net interest expense.

Housing fund and other social insurances

The Group has participated in defined social security contribution schemes for its employees under the relevant laws and regulations of the PRC. These include housing fund, basic and supplementary medical insurance, unemployment insurance, injury insurance and maternity insurance. The Group makes monthly contributions to the housing fund and other social insurances. The contributions are charged to profit or loss on an accrual basis. The Group has no further obligations beyond the contributions made.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Employee benefits (Continued)

Short-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another IFRS requires or permits the inclusion of the benefit in the cost of an asset.

Apart from those described above, the Group does not have any other legal or constructive obligations over employee benefits.

Dividends

Final dividends are recognised as a liability when they are approved by the shareholders in a general meeting. Proposed final dividends are disclosed in the notes to the consolidated financial statements.

Interim dividends are simultaneously proposed and declared. Consequently, interim dividends are recognised immediately as a liability when they are proposed and declared.

Foreign currencies

These financial statements are presented in RMB, which is the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss, respectively).

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Foreign currencies (Continued)

The functional currencies of certain overseas subsidiaries are currencies other than RMB. As at the end of the reporting period, the assets and liabilities of these entities are translated into RMB at the exchange rates prevailing at the end of the reporting period and their profit or loss are translated into RMB at the weighted average exchange rates for the year.

The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, all of the exchange differences accumulated in equity in respect of that particular foreign operation is recognised in profit or loss.

Any goodwill arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on acquisition are treated as assets and liabilities of the foreign operation and translated at the closing rate.

For the purposes of the consolidated statement of cash flows, the cash flows of overseas subsidiaries are translated into RMB at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into RMB at the weighted average exchange rates for the year.

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

Estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

Useful lives and residual values of items of property, plant and equipment

The Group's management determines the estimated useful lives and related depreciation charges for the Group's property, plant and equipment. This estimate is based on the historical experience of the actual useful lives of property, plant and equipment of similar nature and functions. Management will increase the depreciation charges where useful lives are less than previously estimated lives, or will write off or write down technically obsolete or nonstrategic assets that have been abandoned or sold. Actual economic lives may differ from estimated useful lives. Periodic review could result in a change in depreciable lives and therefore depreciation charge in the future periods. Further details are set out in note 15.

Provision of ECL for trade receivables

Trade receivables with significant balances and credit impaired are assessed for ECL individually. In addition, the Group uses provision matrix to calculate ECL for trade receivables by groupings of various debtors that have similar loss patterns. The provision rates are based on the Group's historical loss rates taking into consideration those reasonable and supportable forward-looking information that is available without undue cost or effort. At the end of each reporting period, the historical loss rates are reassessed and changes in the forward-looking information are considered.

The provision of ECL is sensitive to changes in estimates. The information about the ECL and the Group's trade receivables are disclosed in notes 33 and 20 respectively.

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (Continued)

Impairment of goodwill

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the recoverable amount of the cash-generating units to which goodwill has been allocated, which is the higher of the value in use or fair value less costs of disposal. Estimating the value in use requires the Group to make an estimate of the expected future cash flows from the cash-generating units and also to choose a suitable discount rate in order to calculate the present value of those cash flows. Where the actual future cash flows are less than expected, or change in facts and circumstances which results in downward revision of future cash flows or upward revision of discount rate, further impairment loss may arise. The carrying amount of goodwill at 31 December 2020 was RMB67,131,000 (2019: RMB75,711,000), and an impairment loss of RMB8,580,000 (2019: RMB15,656,000) has been recognised during the year ended 31 December 2020. Further details are set out in note 14.

Development costs

The Group capitalises development costs for projects in accordance with the relevant accounting policy for research and development costs in note 3. Initial capitalisation of costs is based on management's judgement that technological and economic feasibility is confirmed, usually when a product development project has reached a defined milestone according to an established project management model. In determining the amounts to be capitalised, management makes assumptions regarding the expected future cash generation of the project, discount rates to be applied and the expected period of benefits. During the year, all development costs are expensed based on management's assessment.

Fair value measurement of equity investments

As disclosed in note 13, certain of the Group's financial assets amounting to RMB181,208,000 as at 31 December 2020 (2019: RMB160,914,000) are measured at fair values which were determined based on market quotation and non-liquidity effect. Judgement and estimation are required for determination of the non-liquidity discount ratio. Changes in assumptions relating to these factors could affect the reported fair values of these instruments.

Deferred tax assets

Deferred tax assets are recognised for all unused tax losses and deductible temporary differences to the extent it is probable that taxable profit will be available against which the tax losses and deductible temporary differences can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies. Deferred tax assets of RMB24,379,000 has been recognised as at 31 December 2020 (2019: RMB19,936,000). Further details are set out in note 18.

5. OPERATING SEGMENT INFORMATION

The Group's revenue and contribution to consolidated results are mainly derived from the provision of products and services in the large railway track maintenance machinery industry, which is regarded as a single segment in a manner consistent with the way in which information is reported internally to the Group's senior management, being the chief operating decision maker, for the purposes of resources allocation and performance assessment. Accordingly, no segment information is presented other than entity-wide disclosures.

Geographical information

(a) Revenue from external customers

	Year ended 31/12/2020 RMB'000	Year ended 31/12/2019 RMB'000

6. REVENUE (Continued)

(b) Performance obligations for contracts with customers

Sales of machinery

For sales of large railway track maintenance machinery ("**machinery**"), revenue is recognised when control of the machinery has transferred. The trading terms with its customers are mainly on credit, except for new customers, where payment in advance is normally required. The credit period is generally three to six months upon delivery. Warranties associated with sales of machinery cannot be purchased separately and they serve as an assurance that the products sold comply with agreed-upon specifications.

Overhaul services

Revenue from overhaul services is mainly generated from the services of repairment and reconstruction. Revenue is recognised in accordance with each performance obligation at a point in time when the services are fully rendered and accepted by the customers. Warranties associated with overhaul services cannot be purchased separately and they serve as an assurance that the services provided comply with agreed-upon specifications.

Sales of parts and components

Revenue from sales of parts and components is mainly generated from sales of parts and components of large railway track maintenance machinery. Revenue is recognised when control of the parts and components has transferred, being at the point that the parts and components are delivered to the customers. The normal credit term is 30 to 60 days upon delivery.

Railway line maintenance services

Revenue from railway line maintenance services is mainly generated from the maintenance services of railway line. Revenue is recognised over time based on the stage of completion of the contract using output method.

Rail vehicles engineering and technical services

Revenue from rail vehicles engineering and technical services is mainly generated from the technical support and repair services of rail vehicles. Revenue is recognised over time based on the stage of completion of the contract using output method.

6. REVENUE (Continued)

(c) Transaction price allocated to the remaining performance obligation for contracts with customers

The transaction price allocated to the remaining performance obligations (unsatisfied or partially unsatisfied) at the end of reporting period and the expected timing of recognising revenue are as follows:

31 December 2020

	Sales of machinery RMB'000	Overhaul services RMB'000	Sales of parts and components RMB'000	Railway line maintenance services RMB'000	Rail vehicles engineering and technical services RMB'000	Total RMB'000
Within one year	**570,075**	**40,910**	**42,350**	**241,455**	**10,540**	**905,330**
After one year	**683,730**	**–**	**–**	**–**	**–**	**683,730**
	1,253,805	**40,910**	**42,350**	**241,455**	**10,540**	**1,589,060**

31 December 2019

	Sales of machinery RMB'000	Overhaul services RMB'000	Sales of parts and components RMB'000	Railway line maintenance services RMB'000	Rail vehicles engineering and technical services RMB'000	Total RMB'000
Within one year	500,000	158,658	63,728	108,359	11,638	842,383
After one year	465,662	–	–	–	–	465,662
	965,662	158,658	63,728	108,359	11,638	1,308,045

7. OTHER INCOME AND GAINS AND LOSSES

	Year ended 31/12/2020 RMB'000	Year ended 31/12/2019 RMB'000
Interest income	**36,001**	42,167
Government grants *(note)*	**7,826**	21,531
Training income	**3,565**	7,569
Rental income	**2,705**	2,388
Dividends income from equity instruments at FVTOCI	**4,410**	4,410
Sale of scrap materials	**3,354**	3,011
Net exchange loss	**(6,606)**	(292)
Loss on disposal of property, plant and equipment and other intangible assets, net	**(91)**	(918)
Others	**9,979**	7,686
	61,143	87,552

Note:

Majority of the government grants are received by the Group as financial subsidies for its research activities. There are no unfulfilled conditions or contingencies relating to these grants.

8. PROFIT BEFORE TAX

Profit before tax has been arrived at after charging/ (crediting):

	Year ended 31/12/2020 RMB'000	Year ended 31/12/2019 RMB'000
Depreciation of item of property, plant and equipment	**50,235**	61,764
Depreciation of right-of-use assets	**10,806**	10,806
Amortisation of other intangible assets	**5,077**	5,851
Total depreciation and amortisation *(note a)*	**66,118**	78,421
Impairment of trade and bill receivables	**32,911**	43,876
Impairment of deposits and other receivables	**380**	257
(Reversal of impairment) impairment of contract assets	**(133)**	134
Total impairment losses, net *(note b)*	**33,158**	44,267
Write-down of inventories to net realisable value	**793**	3,315
Impairment loss on goodwill *(note 14)*	**8,580**	15,656
Expense relating to short-term leases	**9,145**	6,138
Auditors' remuneration	**1,800**	1,460
Employee benefit expenses (including directors', supervisors' and chief executive's remuneration *(note 10)*):		
Wages, salaries and allowances	**267,889**	272,599
Defined contribution scheme expenses	**42,116**	44,133
Welfare and other expenses	**135,840**	148,178
Total employee benefit expenses *(notes c and d)*	**445,845**	464,910
Research and development costs recognised as an expense *(note d)*	**147,599**	167,930
Provisions for warranties, net of reversal	**18,674**	11,652
Cost of inventories recognised as an expense	**820,513**	1,131,146

8. PROFIT BEFORE TAX (Continued)

Notes:

(a) Depreciation of approximately RMB34,553,000 was capitalised in inventories for the year ended 31 December 2020 (2019: RMB44,688,000).

(b) Details of impairment assessment for the year ended 31 December 2020 are set out in note 33(c).

(c) Employee benefit expenses of approximately RMB210,337,000 were capitalised in inventories for the year ended 31 December 2020 (2019: RMB253,900,000).

(d) Employee benefit expenses of approximately RMB86,136,000 are included in research and development costs for the year ended 31 December 2020 (2019: RMB69,440,000).

9. INCOME TAX CREDIT (EXPENSE)

The Company is entitled to a preferential income tax rate of 15% during both years under the "Tax Incentives of Western Development Policy".

A subsidiary of the Company has been identified as "high and new technology enterprises" and was entitled to a preferential income tax rate of 15% from 1 January 2018 to 31 December 2020 in accordance with the PRC Enterprise Income Tax Law.

Other entities within the Group in the PRC are subject to corporate income tax at a statutory rate of 25%.

Other entities in other jurisdictions are subject to enterprise income tax according to existing laws, interpretations and practices of the countries or regions in which the Group operates.

No provision for taxation in Hong Kong has been made as the Group's income neither arises in, nor is derived from, Hong Kong.

9. INCOME TAX CREDIT (EXPENSE) (Continued)

	Year ended 31/12/2020 RMB'000	Year ended 31/12/2019 RMB'000
Current tax:		
PRC Enterprise Income Tax	**6,443**	21,226
Other jurisdictions	**157**	62
Under provision in prior year:		
PRC Enterprise Income Tax	**1,804**	2,519
Deferred tax	**(8,423)**	(3,342)
Income tax (credit)/expense for the year	**(19)**	20,465

A reconciliation of the income tax expense applicable to profit before tax at the statutory income tax rate to the income tax expense at the Group's effective income tax rate for the years ended 31 December 2020 and 2019 is as follows:

	Year ended 31/12/2020 RMB'000	Year ended 31/12/2019 RMB'000
Profit before tax	**22,139**	142,628
Income tax charge at the statutory income tax rate of 25%	**5,535**	35,657
Adjustments in respect of current tax of previous periods	**1,804**	2,519
Effect of preferential income tax rate for some group entities	**1,725**	(10,149)
Additional deduction of research and development costs *(Note)*	**(15,115)**	(12,108)
Tax effect of expenses not deductible for tax purpose	**7,257**	5,765
Tax effect of income not taxable for tax purpose	**(1,103)**	(1,103)
Others	**(122)**	(116)
Income tax (credit)/expense at the effective rate	**(19)**	20,465

Note:

On 20 September 2018, Ministry of Finance of the People's Republic of China passed the "Notice on Increasing the Pre-tax Deduction Ratio of Research and Development Expenses" (the "**Notice**"). Pursuant to the Notice, the Group enjoys super deduction of 175% (2019: 175%) on qualifying research and development expenditures for the year.

10. DIRECTORS', SUPERVISORS' AND CHIEF EXECUTIVE'S REMUNERATION AND FIVE HIGHEST PAID EMPLOYEES

(a) Directors', supervisors' and chief executive's remuneration

Directors', supervisors' and chief executive's remuneration for the year, disclosed pursuant to the Listing Rules, section 383(1)(a), (b), (c) and (f) of the Hong Kong Companies Ordinance and Part 2 of the Companies (Disclosure of Information about Benefits of Directors) Regulation, is as follows:

	Year ended 31/12/2020 RMB'000	Year ended 31/12/2019 RMB'000
Fees	**340**	372
Other emoluments:		
Salaries, allowances and benefits in kind	**613**	598
Performance related bonuses	**2,054**	2,960
Pension scheme contributions	**80**	93
	3,087	4,023

Bonuses are determined based on the Group's performance.

10. DIRECTORS', SUPERVISORS' AND CHIEF EXECUTIVE'S REMUNERATION AND FIVE HIGHEST PAID EMPLOYEES (Continued)

(a) Directors', supervisors' and chief executive's remuneration (Continued)

The names of the directors, supervisors and chief executive and their remuneration for the years ended 31 December 2020 and 2019 are as follows:

Year ended 31 December 2020

10. DIRECTORS', SUPERVISORS' AND CHIEF EXECUTIVE'S REMUNERATION AND FIVE HIGHEST PAID EMPLOYEES (Continued)

(a) Directors', supervisors' and chief executive's remuneration (Continued)

The executive directors' emoluments shown above were for their services in connection with the management of the affairs of the Company and the Group. The non-executive directors' and independent non-executive directors' emoluments shown above were for their services as directors of the Company.

There was no arrangement under which a director or the chief executive waived or agreed to waive any remuneration during the year. No remuneration was paid or payable to certain directors or supervisors in respect of their services during the year. Certain directors or supervisors received remunerations from fellow subsidiary. The Directors are of the opinion that the services provided to the Group only occupy an insignificant amount of their time and therefore it is concluded that those directors or supervisors are not remunerated for such services.

Notes:

(i) Mr. Wu Zhixu resigned as a non-executive director with effect from 3 August 2020.

(ii) Mr. Zhong Xiangjun is appointed as a supervisor with effect from 23 October 2020.

(iii) Mr. Wang Shuchuan resigned as a supervisor with effect from 23 October 2020.

(iv) Mr. Zhao Hui resigned as an executive director and is appointed as a non-executive director with effect from 30 July 2019.

(b) Five highest paid employees

The five highest paid employees within the Group for the years ended 31 December 2020 and 2019 are as follows:

	2020	2019
Directors	1	2
Non-director and non-supervisor employees	4	3
	5	5

Details of the directors' and chief executive's remuneration are set out above in part (a).

10. DIRECTORS', SUPERVISORS' AND CHIEF EXECUTIVE'S REMUNERATION AND FIVE HIGHEST PAID EMPLOYEES (Continued)

(b) Five highest paid employees (Continued)

Details of the remuneration of the above non-director and non-supervisor highest paid employees are as follows:

	Year ended 31/12/2020 RMB'000	Year ended 31/12/2019 RMB'000
Salaries, allowances and benefits in kind	3,973	2,956
Performance related bonuses	999	1,058
Pension scheme contributions	–	35
	4,972	4,049

The number of non-director and non-supervisor highest paid employees whose remuneration fell within the following bands is as follows:

	2020	2019
Nil to HKD1,000,000	1	–
HKD1,000,001 to HKD1,500,000	2	1
HKD1,500,001 to HKD2,000,000	1	2
	4	3

No emoluments were paid by the Group to the directors, supervisors, chief executive or any of the non-director and non-supervisor highest paid individuals as an inducement to join or upon joining the Group or as compensation for loss of office.

11. DIVIDENDS

Dividends for the year ended 31 December 2020 are set out below:

	2020 **RMB'000**	2019 RMB'000
Declared:		
Dividend declared to owners of the Company *(note i)*	**60,795**	75,994
Proposed:		
Final dividend – RMB0.00 (2019: RMB0.04) per share *(note ii)*	**–**	60,795

Notes:

(i) A final dividend of RMB0.04 (2019: final dividend in respect of the year ended 31 December 2018 of RMB0.05) per share in respect of the year ended 31 December 2019 was approved in the Company's annual general meeting held on 23 June 2020.

(ii) No dividend has been proposed since the end of the reporting period (2019: final dividend of RMB0.04 per share in respect of the year ended 31 December 2019 was proposed subsequent to 31 December 2019).

12. EARNINGS PER SHARE

The calculation of the basic earnings per share amount is based on the profit for the year attributable to the owners of the Company, and the number of ordinary shares of 1,519,884,000 (2019: 1,519,884,000) in issue during the year.

	2020 **RMB'000**	2019 RMB'000
Earnings		
Profit attributable to the owners of the Company, used in the basic earnings per share calculation	**22,158**	122,163

	2020 **'000**	2019 '000
Numbers of shares		
Number of ordinary shares in issue during the year used in the basic earnings per share calculation	**1,519,884**	1,519,884

No diluted earnings per share for both 2020 and 2019 were presented as there were no potential ordinary shares in issue for both 2020 and 2019.

13. EQUITY INSTRUMENTS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME

	31/12/2020 **RMB'000**	31/12/2019 RMB'000
Equity investments:		
Domestic shares in a Hong Kong listed company	**181,208**	160,914

14. GOODWILL

	2020 RMB'000	2019 RMB'000
COST		
At beginning and end of year	**91,367**	91,367
IMPAIRMENT		
At beginning of year	**(15,656)**	–
Impairment loss recognised in the year	**(8,580)**	(15,656)
At end of year	**(24,236)**	(15,656)
CARRYING VALUES		
At end of year	**67,131**	75,711

Impairment assessment of goodwill

Goodwill acquired through business combinations is allocated to rail vehicles engineering and technical services cash-generating unit ("**CGU**") for impairment assessment:

In 2020, the continuation of the novel coronavirus (the "**COVID-19**") have had negative impacts to the global economy, business environment and the Group's restoration of production and operation. Impairment assessment on goodwill has been performed as at 31 December 2020. Due to the changes in circumstances and based on the impairment assessment, the Directors have consequently determined impairment loss of goodwill for the year amounting to RMB8,580,000 (2019: RMB15,656,000). The impairment loss has been charged to profit or loss.

The recoverable amount of the CGU has been determined based on a value in use calculation using cash flow projections based on a financial forecast covering a five-year period approved by senior management. The pre-tax discount rate applied to the cash flow projections is 10.38% (2019: 10.38%) per annum. The compound annual growth rate of the five-year period is 2.07% (2019: 3%). The cash flows beyond that five-year period have been extrapolated using a steady 2% per annum growth rate which is the projected long-term average growth rate for the industry. Other major assumptions for the recoverable amount estimation related to the estimation of cash inflows/outflows which include gross margin. Such estimation is based on the CGU's past performance and management's expectations for the market development. The cash flow projections, growth rates and discount rate have been reassessed as at 31 December 2020 taking into consideration higher degree of estimation uncertainties in the current year due to uncertainty on how the COVID-19 pandemic may progress and evolve and volatility in financial markets, including potential disruptions of the Group's restoration of production and operation.

If the discount rate changed to 10.88% (2019: 10.88%), while other parameters remain constant, a further impairment of goodwill of RMB4,028,000 (2019: RMB4,156,000) would be recognised. If the revenue growth rate decreased by 1% (2019: 1%), while other parameters remain constant, a further impairment of goodwill of RMB4,822,070 (2019: RMB 5,200,000) would be recognised.

15. PROPERTY, PLANT AND EQUIPMENT

	Buildings and structures RMB'000	Machinery, production equipment and measurement and experimental equipment RMB'000	Vehicles RMB'000	Other equipment RMB'000	Construction in progress RMB'000	Total RMB'000

15. PROPERTY, PLANT AND EQUIPMENT (Continued)

	Buildings and structures RMB'000	Machinery, production equipment and measurement and experimental equipment RMB'000	Vehicles RMB'000	Other equipment RMB'000	Construction in progress RMB'000	Total RMB'000
Cost:						
At 1 January 2019	900,895	460,203	28,448	78,999	106,490	1,575,035
Additions	568	11,285	2,012	6,299	82,273	102,437
Transfers	19,213	4,714	–	–	(23,927)	–
Disposals	(2,952)	(6,403)	(2,788)	(892)	(238)	(13,273)
At 31 December 2019	917,724	469,799	27,672	84,406	164,598	1,664,199
Depreciation:						
At 1 January 2019	(203,252)	(321,694)	(23,346)	(67,437)	–	(615,729)
Depreciation charge for the year	(24,381)	(29,355)	(3,167)	(4,861)	–	(61,764)
Disposals	1,954	4,638	2,649	774	–	10,015
At 31 December 2019	(225,679)	(346,411)	(23,864)	(71,524)	–	(667,478)
Net carrying amount:						
At 31 December 2019	692,045	123,388	3,808	12,882	164,598	996,721
At 1 January 2019	697,643	138,509	5,102	11,562	106,490	959,306

15. PROPERTY, PLANT AND EQUIPMENT (Continued)

The above items of property, plant and equipment, except for construction in progress, after taking into account the residual values, are depreciated on a straight-line basis at the following rates per annum:

Categories	Annual rates
Buildings and structures	2.71%
Machinery	9.50%
Production equipment	9.50% – 19.00%
Measurement and experimental equipment	19.00%
Vehicles	19.00%
Other equipment	19.00% – 31.67%

16. RIGHT-OF-USE ASSETS

	Leasehold lands	
	31/12/2020	31/12/2019
	RMB'000	RMB'000
Carrying amount	**397,834**	408,640

	Year ended	Year ended
	31/12/2020	31/12/2019
	RMB'000	RMB'000
Depreciation charge	**10,806**	10,806
Expense relating to short-term leases	**9,145**	6,138
Total cash outflow for leases	**9,145**	6,138

The Group regularly entered into short-term leases for machinery and equipment. As at 31 December 2020 and 2019, the portfolio of short-term leases is similar to the portfolio of short-term leases to which the short-term lease expense disclosed above.

17. OTHER INTANGIBLE ASSETS

	Office software RMB'000	Others RMB'000	Total RMB'000
Cost:			
At 1 January 2019	53,790	6,869	60,659
Additions	5,828	–	5,828

Accumulated amortisation:			
At 1 January 2019	(49,076)	(3,339)	(52,415)
Amortisation for the year	(4,915)	(936)	(5,851)
Eliminated on disposals	63	–	63
At 31 December 2019	(53,928)	(4,275)	(58,203)
Amortisation for the year	(4,141)	(936)	(5,077)
At 31 December 2020	**(58,069)**	**(5,211)**	**(63,280)**
Net carrying amount:			
At 31 December 2020	**6,354**	**1,658**	**8,012**
At 31 December 2019	5,622	2,594	8,216

18. DEFERRED TAX ASSETS/LIABILITIES

For the purpose of presentation in the consolidated statement of financial position, certain deferred tax assets and liabilities have been offset. The following is the analysis of the deferred tax balances for financial reporting purposes:

	31/12/2020 RMB'000	31/12/2019 RMB'000
Deferred tax assets	**24,379**	19,936
	24,379	19,936

The following are the major deferred tax liabilities and assets recognised and movements thereon during the current and prior years:

	Deductible tax losses RMB'000	**Allowance for credit losses of financial assets and contract assets** RMB'000	**Allowance for impairment loss of prepayments** RMB'000	**Unrealised gains arising from intra-group transactions** RMB'000	**Discount on long-term trade receivables** RMB'000	**Accruals and provisions** RMB'000	**Impairment of inventories** RMB'000	**Fair value adjustments on debt instruments** RMB'000	**Fair value change on equity instruments at FVTOCI** RMB'000	**Total** RMB'000
Balance at 1 January 2019	1,651	13,116	1,848	2,135	3,677	6,315	2,746	–	(28,390)	3,098
Recognised in profit or loss	(1,651)	5,864	–	(303)	(1,172)	341	263	–	–	3,342
Recognised in other comprehensive income	–	–	–	–	–	16	–	1,282	12,198	13,496
Balance at 31 December 2019	–	18,980	1,848	1,832	2,505	6,672	3,009	1,282	(16,192)	19,936
Recognised in profit or loss	9,255	5,345	–	(1,577)	(1,227)	(3,492)	119	–	–	8,423
Recognised in other comprehensive income	–	–	–	–	–	3	–	(939)	(3,044)	(3,980)
Balance at 31 December 2020	**9,255**	**24,325**	**1,848**	**255**	**1,278**	**3,183**	**3,128**	**343**	**(19,236)**	**24,379**

As at 31 December 2020 and 2019, there were no unrecognised deferred tax assets in respect of deductible temporary differences and unused tax losses.

There are no income tax consequences attaching to the payment of dividends by the Company to its shareholders.

19. INVENTORIES

	31/12/2020 RMB'000	31/12/2019 RMB'000
Raw materials and parts and components	**632,355**	613,042
Materials in transit	**6,158**	14,891
Work in progress	**653,675**	452,629
Finished goods	**60,334**	71,473
Goods in transit	**116,356**	79,672
	1,468,878	1,231,707
Allowance for impairment	**(20,856)**	(20,063)
	1,448,022	1,211,644

Movements in the allowance for impairment losses are as follows:

	Year ended 31/12/2020 RMB'000	Year ended 31/12/2019 RMB'000
Impairment:		
At 1 January	**20,063**	17,684
Impairment losses	**793**	3,315
Write-off	**–**	(936)
At 31 December	**20,856**	20,063

20. TRADE AND BILLS RECEIVABLES

The Group's trading terms with its customers are mainly on credit, except for new customers, where payment in advance is normally required. The credit period is generally three to six months for major customers. Each customer has a maximum credit limit. The Group seeks to maintain strict control over its outstanding receivables and has control to minimise the credit risk. Overdue balances are reviewed regularly by senior management. Concentrations of credit risk are managed by analysis by customer. The Group does not hold any collateral or other credit enhancements over its trade receivable balances. Trade and bills receivables are non-interest-bearing.

	31/12/2020 RMB'000	31/12/2019 RMB'000
Trade receivables	2,195,057	1,836,088
Less: Impairment losses under expected credit loss model	(155,721)	(122,124)
Trade receivables, net	2,039,336	1,713,964
Bills receivables at amortised costs	24,500	164,084
Less: Impairment losses under expected credit loss model	(123)	(809)
Bills receivables at FVTOCI	206,317	543,135
	2,270,030	2,420,374
Less: Non-current portion	(220,809)	(171,311)
Current portion	2,049,221	2,249,063

An ageing analysis of current portion of trade and bills receivables, based on the billing date and net of allowance for credit losses, as at the end of the reporting period is as follows:

	31/12/2020 RMB'000	31/12/2019 RMB'000
Within 1 year	1,464,971	1,702,334
1 to 2 years	367,236	319,668
2 to 3 years	95,425	112,130
Over 3 years	121,589	114,931
	2,049,221	2,249,063

20. TRADE AND BILLS RECEIVABLES (Continued)

All bills receivable of the Group are with a maturity period of less than one year.

Details of the outstanding balances with related parties included in trade and bills receivables are set out in note 36.

Details of impairment assessment of trade receivables are set out in note 33.

21. PREPAYMENTS, DEPOSITS AND OTHER RECEIVABLES

	31/12/2020 RMB'000	31/12/2019 RMB'000
Deposits and other receivables	**22,673**	18,677
Less: Impairment losses under expected credit loss model	**(965)**	(585)
	21,708	18,092
Prepayments	**195,782**	194,748
Deductible value-added input tax	**23,835**	17,529
Tax receivables	**–**	3
	241,325	230,372
Less: Long-term prepayments	**(19,155)**	(19,155)
Current portion	**222,170**	211,217

Details of the outstanding balances with related parties included in prepayments, deposits and other receivables are set out in note 36.

22. CONTRACT ASSETS

	31/12/2020 RMB'000	31/12/2019 RMB'000
Railway line maintenance services	**2,594**	28,977

The contract assets are primarily related to the Group's right to consideration for work completed and not billed because the rights are conditional upon the Group's fulfilment of certain future performance. The contract assets are transferred to trade receivables when the rights become unconditional.

23. CASH AND CASH EQUIVALENTS AND PLEDGED DEPOSITS

	31/12/2020 RMB'000	31/12/2019 RMB'000
Cash	**8**	8
Bank balances	**1,708,328**	1,832,765
Pledged deposits	**–**	2,884
	1,708,336	1,835,657
Less: Pledged deposits for guarantees of sales contracts	**–**	(2,884)
Cash and cash equivalents in the consolidated statements of financial position and cash flows	**1,708,336**	1,832,773

At the end of the reporting period, the cash and bank balances of the Group denominated in RMB amounted to RMB1,648,737,804 (2019: RMB1,793,528,000). RMB is not freely convertible into other currencies. However, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short-term time deposits are made for varying periods mainly depending on the immediate cash requirements of the Group, and earn interest at the respective short-term time deposit rates. The bank balances and pledged deposits are deposited with creditworthy banks with no recent history of default.

Details of the outstanding balance with a related party included in cash and cash equivalents are set out in note 36.

24. TRADE AND BILLS PAYABLES

An ageing analysis of trade and bills payables as at the end of the reporting period, based on the invoice date, is as follows:

	31/12/2020 RMB'000	31/12/2019 RMB'000
Within 1 year	**1,344,048**	1,700,596
1 to 2 years	**71,708**	9,353
2 to 3 years	**4,728**	2,816
Over 3 years	**2,172**	328
	1,422,656	1,713,093

Trade payables are non-interest-bearing and are normally settled within the agreed periods.

Details of the outstanding balances with related parties included in trade and bills payables are set out in note 36.

25. OTHER PAYABLES AND ACCRUALS

	31/12/2020 RMB'000	31/12/2019 RMB'000
Advance lease payments	**2,010**	2,765
Accrued salaries, wages and benefits	**15,143**	32,319
Other tax payables	**3,725**	11,718
Compensations for removal and relocation *(note)*	**250,000**	–
Other payables	**80,563**	111,339
	351,441	158,141

Note: The amount represented advance payment received from Kunming Xishan People's Government as part of compensation for removal and relocation including related expenses and losses from production suspension incurred during the relocation.

25. OTHER PAYABLES AND ACCRUALS (Continued)

Other payables are unsecured, non-interest-bearing and have no fixed terms of settlement.

Details of the outstanding balances with related parties included in other payables and accruals are set out in note 36.

26. CONTRACT LIABILITIES

	31/12/2020	31/12/2019
	RMB'000	RMB'000
Contract liabilities	**84,249**	41,240

The Group's contract liabilities represent advance payments from customers in respect of sales of machinery, parts and components contracts, overhaul services and railway line maintenance services contracts. The contract liabilities are recognised as revenue on a systematic basis that is consistent with the transfer to the customer the goods or services to which the liabilities relate.

The following table presented the amounts of revenue recognised which were included in contract liabilities carried forward from prior periods.

	Sales of machinery	**Overhaul services**	**Sales of parts and components**	**Railway line maintenance services**	**Rail vehicles engineering and technical services**	**Total**
	RMB'000	RMB'000	RMB'000	RMB'000	RMB'000	RMB'000
For the year ended 31 December 2020						
Revenue recognised that was included in the contract liability balance at beginning of the year	**28,551**	**11,638**	**–**	**1,051**	**–**	**41,240**
For the year ended 31 December 2019						
Revenue recognised that was included in the contract liability balance at beginning of the year	28,025	5,377	2,788	5,971	–	42,161

27. PROVISIONS

	Year ended 31/12/2020 RMB'000	Year ended 31/12/2019 RMB'000
Provision for product warranties:		
At 1 January	**4,979**	4,751
Additional provision	**18,674**	11,652
Amounts utilised during the year	**(12,799)**	(11,424)
At 31 December	**10,854**	4,979

The Group provides approximately one year warranties to its customers on certain products, under which faulty products will be repaired or replaced. The amount of the provision for the warranties is estimated based on sales volumes and past experience of the level of repairs and returns. The estimation basis is reviewed on an ongoing basis and revised where appropriate.

28. ISSUED CAPITAL

	Number of shares		Share capital	
	Year ended 31/12/2020 '000	Year ended 31/12/2019 '000	Year ended 31/12/2020 RMB'000	Year ended 31/12/2019 RMB'000
Issued and fully paid				
At beginning of the year and at end of the year	**1,519,884**	1,519,884	**1,519,884**	1,519,884

29. RESERVES

The amounts of the Group's reserves and the movements therein for the current year and prior year are presented in the consolidated statement of changes in equity.

30. OPERATING LEASE ARRANGEMENTS

The Group as lessor

At the end of the reporting period, the Group had the following undiscounted lease payments receivable on leases for warehouse:

	31/12/2020 RMB'000	31/12/2019 RMB'000
Within one year	**2,425**	2,423
In the second year	**2,428**	2,425
In the third year	**2,512**	2,428
In the fourth year	**2,476**	2,512
In the fifth year	**2,476**	2,476
After five years	**–**	2,476
	12,317	14,740

31. CAPITAL COMMITMENTS

The Group had the following capital commitments as at the end of the reporting period:

	31/12/2020 RMB'000	31/12/2019 RMB'000
Contracted, but not provided for:		
Property, plant and equipment	**43,234**	47,787
	43,234	47,787

32. TRANSFERS OF FINANCIAL ASSETS

Transferred financial assets that are derecognised in their entirety

At 31 December 2020, certain bills receivable accepted by banks in Mainland China were discounted or endorsed to banks or certain of its suppliers with an aggregate carrying amount of RMB45,360,000 (2019: RMB229,675,000) and derecognised by the Group (the "**Derecognised Bills**"). The Derecognised Bills had a maturity of less than one year at the end of the reporting period. In accordance with the Law of Negotiable Instruments in the PRC, the holders of the Derecognised Bills have the recourse against the Group if the banks default (the "**Continuing Involvement**"). In the opinion of the Directors, the Group has transferred substantially all risks and rewards relating to the Derecognised Bills. Accordingly, it has derecognised the full carrying amounts of the Derecognised Bills and the associated trade payables. The maximum exposure to loss from the Group's Continuing Involvement in the Derecognised Bills and the undiscounted cash flows to repurchase these Derecognised Bills is equal to their carrying amounts. In the opinion of the Directors, the fair values of the Group's Continuing Involvement in the Derecognised Bills are not significant.

During the year ended 31 December 2020, the Group has recognised a loss of RMB622,000 (2019: RMB3,894,000) related to derecognition of the Derecognised Bills. No gains or losses were recognised from the Continuing Involvement, both during the year or cumulatively.

33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise cash and cash equivalents, trade and bills receivables, trade and bills payables, other payables and equity instruments at FVTOCI. Details of the financial instruments are disclosed in the respective notes.

The risks associated with these financial instruments include interest rate risk, foreign currency risk, credit risk, liquidity risk and equity price risk. The policies on how to mitigate these risks are set out below. The Directors manage and monitor these exposures to ensure appropriate measures are implemented on a timely and effective manner.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flow of a financial instrument will fluctuate due to changes in market interest rates.

The Group is exposed to cash flow interest rate risk due to the fluctuation of the prevailing market interest rate on cash and cash equivalents based on or by reference to the interest rates promulgated by the People's Bank of China. No sensitivity analysis has been presented for bank balances as the Directors consider that the fluctuation in interest rates on bank balances is minimal.

The Group did not have any interest-bearing borrowings as at 31 December 2020 and 2019.

33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(b) Foreign currency risk

Foreign currency risk is the risk that the value of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group's major foreign currency denominated monetary assets at the end of each of reporting period are trade receivables.

The Group currently does not have a foreign exchange hedging policy. However, the management of the Group monitors foreign exchange exposure.

Sensitivity analysis

The Group is mainly exposed to the fluctuation in US$ against RMB. The following table details the Group's sensitivity to a 5% (2019: 5%) increase and decrease in the exchange rates of RMB against US$. 5% (2019: 5%) represents the Directors' assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding US$denominated monetary items and adjusts their translation at the end of reporting period for a 5% (2019: 5%) change in US$ rates. A positive number below indicates an increase in post-tax profit for the year where RMB weakens against the US$. For a 5% (2019: 5%) strengthening of RMB against the US$, there would be an equal and opposite impact on the profit for the year.

	Increase/ (decrease) in exchange rate	Increase/(decrease) in profit after tax	
		2020	2019
	%	**RMB'000**	RMB'000
If RMB strengthens against US$	(5)	**(6,177)**	(24)
If RMB weakens against US$	5	**6,177**	24

33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(c) Credit risk and impairment assessment

The Group trades only with recognised and creditworthy third parties with no requirement for collateral. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis.

According to the Group's credit risk management policy, the Group always recognises lifetime ECL for trade receivables and contract assets arising from contracts with customers.

The carrying amounts of cash and cash equivalents and pledged deposits represent the Group's maximum exposure to credit risk in relation to these financial assets. Substantially all of the Group's cash and cash equivalents and pledged deposits are held in major financial institutions located in the PRC, which management believes are of high credit quality. The Group has policies to control the size of the deposits to be placed within various reputable financial institutions according to their market reputation, operating scale and financial background with a view to limiting the amount of credit exposure to any single financial institution.

The table below details the credit risk exposures of the Group's financial assets and contract assets, which are subject to ECL assessment:

	Note	**12-month or lifetime ECL**	**31/12/2020 Gross carrying amount RMB'000**	31/12/2019 Gross carrying amount RMB'000
Financial assets at amortised costs				
Trade receivables	*(i)*	Lifetime ECL (provision matrix)	**2,065,297**	1,706,688
		Lifetime ECL (credit-impaired) – assessed individually	**129,760**	129,400
Bills receivable	*(i)*	Lifetime ECL (provision matrix)	**24,500**	164,084
Deposits and other receivables		12-month ECL	**21,889**	18,391
Pledged deposits		12-month ECL	**–**	2,884
Cash and cash equivalents		12-month ECL	**1,708,336**	1,832,773
Financial assets at FVTOCI				
Bills receivable at FVTOCI	*(i)*	Lifetime ECL (not credit-impaired)	**206,317**	543,135
Other items				
Contract assets	*(i)*	Lifetime ECL (provision matrix)	**2,607**	29,123

33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(c) Credit risk and impairment assessment (Continued)

Note:

(i) The Group has applied the simplified approach in IFRS 9 to measure the loss allowance for trade receivables, bills receivable and contract assets arising from contracts with customers at lifetime ECL. Except for assets with significant balances and credit-impaired which are assessed for ECL individually, the Group determines the ECL on these items by using a provision matrix.

Provision matrix

As part of the Group's credit risk management, the Group uses debtors' aging to assess the impairment for its customers because these customers are with common risk characteristics that are representative of the customers' abilities to pay all amounts due in accordance with the contractual terms. The following table provides information about the exposure to credit risk for trade receivables which are assessed based on provision matrix as at 31 December 2020. Trade receivables with significant balances and credit-impaired with gross carrying amounts of RMB129,760,000 as at 31 December 2020 (2019: RMB129,400,000) were assessed individually.

	31/12/2020		31/12/2019	
	Expected credit loss rates	**Gross carrying amount of trade receivables RMB'000**	Expected credit loss rates	Gross carrying amount of trade receivables RMB'000
Within 1 year	**0.75%**	**1,465,527**	0.50%	1,173,185
1 to 2 years	**4.25%**	**383,672**	3.5%	331,262
2 to 3 years	**8.5%**	**104,289**	6%	119,287
3 to 4 years	**22%**	**45,870**	20%	38,102
4 to 5 years	**42%**	**35,637**	40%	15,499
Over 5 years	**100%**	**30,302**	100%	29,353
		2,065,297		1,706,688

33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(c) Credit risk and impairment assessment (Continued)

***Provision matrix** (Continued)*

The expected credit loss rates are estimated based on historical loss rates and are adjusted for forward-looking information that is available without undue cost or effort.

During the year ended 31 December 2020, the Group provided RMB23,485,000 (2019: RMB7,650,000) allowance for credit losses on trade receivables, based on the provision matrix. Allowance for credit losses of RMB10,112,000 (2019: RMB35,417,000) were made individually during the year ended 31 December 2020.

The following table shows the movement in lifetime ECL that has been recognised for trade receivables under the simplified approach.

	Lifetime ECL (Collectively assessed)	Lifetime ECL (Individually assessed)	Total
	RMB'000	RMB'000	RMB'000
As at 1 January 2019	59,967	19,090	79,057
Changes due to financial instruments recognised as at 1 January 2019:			
– Impairment losses recognised	16,006	35,417	51,423
– Impairment losses reversed	(13,361)	–	(13,361)
New trade receivables originated during the year	5,005	–	5,005
As at 31 December 2019	67,617	54,507	122,124
Changes due to financial instruments recognised as at 1 January 2020:			
– Impairment losses recognised	**29,574**	**10,112**	**39,686**
– Impairment losses reversed	**(15,576)**	**–**	**(15,576)**
New trade receivables originated during the year	**9,487**	**–**	**9,487**
As at 31 December 2020	**91,102**	**64,619**	**155,721**

33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(c) Credit risk and impairment assessment (Continued)

***Provision matrix** (Continued)*

As disclosed in note 5, the Group generates substantial proportion of revenue from a small number of customers. As a result, it faces concentration of credit risk. The Group manages this risk by maintaining a strict control over its outstanding receivables and senior management regularly reviews the overdue balances. In addition, the Group's exposure to credit risk is also influenced by the individual characteristics of each customer and default risk of the industry in which customers operate. As the Group's major customers are either PRC government agencies at the national, provincial and local levels or other state-owned entities, the Group believes that they are reliable and of high credit quality and hence, there is no significant credit risk with these customers. Senior management of the Company keeps reviewing and assessing the creditworthiness of the Group's existing customers on an ongoing basis.

Further quantitative data in respect of the Group's exposure to credit risk arising from trade receivables are disclosed in note 20.

(d) Liquidity risk

The Group aims to maintain sufficient cash and credit lines to meet its liquidity requirements. The Group finances its working capital requirements through a combination of funds generated from operations.

The table below summarises the maturity profile of the Group's non-derivative financial liabilities at the end of the reporting period based on contractual undiscounted payments.

31 December 2020

	Within 1 year RMB'000
Trade and bills payables	1,422,656
Financial liabilities included in other payables and accruals	330,563
	1,753,219

33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(d) Liquidity risk (Continued)

31 December 2019

	Within 1 year RMB'000
Trade and bills payables	1,713,093
Financial liabilities included in other payables and accruals	111,339
	1,824,432

(e) Equity price risk

Equity price risk is the risk that the fair values of equity securities decrease as a result of changes in the levels of equity indices and the value of individual securities. The Group is exposed to equity price risk arising from equity instruments at FVTOCI (note 13) as at 31 December 2020 and 2019. The Group's equity investment represents domestic ordinary shares of an entity listed on the Hong Kong Stock Exchange and is valued based on quoted market prices after considering non-liquidity discount effect at the end of each reporting period.

The market equity index for the following stock exchange, at the close of business of the nearest trading day in the year to the end of each reporting period, and its respective highest and lowest points during the reporting period were as follows:

	31 December 2020	**High/low**	31 December 2019	High/low
Hong Kong – Hang Seng Index	**27,231**	**29,056 /22,780**	28,190	30,157 /25,281

33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(e) Equity price risk (Continued)

The following table demonstrates the sensitivity to every 10% change in the fair value of the equity investments, with all other variables held constant, based on their carrying amounts at the end of each reporting period:

	Increase/ (decrease) in carrying amount of equity investments	Increase/ (decrease) in other comprehensive income	
		2020	2019
	%	**RMB'000**	RMB'000
Equity investments:			
Equity instruments at FVTOCI	10	**15,403**	13,678
	(10)	**(15,403)**	(13,678)

(f) Capital management

The Group's primary objective for managing capital is to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns to shareholders and benefits to other stakeholders, by pricing services and good products commensurately with the level of risk.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders or sell assets to reduce debts. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 December 2020 and 2019.

33. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

(f) Capital management (Continued)

The Group monitors capital using a gearing ratio, which is net debt divided by the capital plus net debt. Net debt includes trade and bills payables, financial liabilities included in other payables and accruals, less cash and cash equivalents and pledged deposits. Capital represents the equity attributable to owners of the Company stated in the consolidated statement of financial position.

The Group's strategy is to maintain the gearing ratio at a healthy level in order to support its businesses. The principal strategies adopted by the Group include, but are not limited to, reviewing future cash flow requirements and the ability to meet debt repayment schedules when they fall due, maintaining a reasonable level of available banking facilities and adjusting investment plans and financing plans, if necessary, to ensure that the Group has a reasonable level of capital to support its businesses. The gearing ratios as at the end of the reporting periods were as follows:

	31 December 2020 RMB'000	31 December 2019 RMB'000
Trade and bills payables	**1,422,656**	1,713,093
Financial liabilities included in other payables and accruals	**330,563**	111,339
Less:		
Cash and cash equivalents	**(1,708,336)**	(1,832,773)
Pledged deposits	**–**	(2,884)
Net debt	**44,883**	(11,225)
Equity attributable to owners of the Company	**5,451,674**	5,468,544
Net debt and equity attributable to owners of the Company	**5,496,557**	5,457,319
Gearing ratio	**0.82%**	(0.2%)

34. FINANCIAL INSTRUMENTS

The carrying amounts of each of the categories of financial instruments as at the end of the reporting period are as follows:

Financial assets

	31/12/2020 RMB'000	31/12/2019 RMB'000
Financial assets at amortised cost:		
Trade and bills receivables at amortised cost	2,063,713	1,877,239
Financial assets included in prepayments, deposits and other receivables	20,924	17,806
Pledged deposits	–	2,884
Cash and cash equivalents	1,708,336	1,832,773
Equity instruments at FVTOCI	181,208	160,914
Debt instruments at FVTOCI:		
Bills receivable at FVTOCI	206,317	543,135
	4,180,498	4,434,751

Financial liabilities

	31/12/2020 RMB'000	31/12/2019 RMB'000
Financial liabilities at amortised cost:		
Trade and bills payables	1,422,656	1,713,093
Financial liabilities included in other payables and accruals	330,563	111,339
	1,753,219	1,824,432

35. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

Some of the Group's financial instruments are measured at fair value for financial reporting purposes. The Group's finance department headed by the finance manager is responsible for determining the policies and procedures for the fair value measurement of financial instruments. The finance manager reports directly to the chief financial officer and the audit committee. At each reporting date, the finance department analyses the movements in the values of financial instruments and determines the major inputs applied in the valuation. The valuation is reviewed and approved by the chief financial officer. The valuation process and results are discussed with the audit committee twice a year for interim and annual financial reporting.

Fair value of the Group's financial assets that are measured at fair value on a recurring basis

Some of the Group's financial assets are measured at fair value at the end of each reporting period.

	Fair values	
	31/12/2020	31/12/2019
	RMB'000	RMB'000
Equity instruments at FVTOCI	**181,208**	160,914
Bill receivables at FVTOCI	**206,317**	543,135

The Group's equity instruments measured at fair value at the end of the reporting period represent domestic ordinary shares of an entity listed in Hong Kong, are categorised within level 3 of the fair value hierarchy and the fair values of which are based on quoted market prices, after considering the non-liquidity discount effect. The non-liquidity discount ratio applied to the calculation of the fair value of equity investment is 65% (2019: 65%) as at 31 December 2020, which is determined by reference to the price quotations of similar financial instruments.

The fair value of bill receivables measured at fair value has been calculated by discounting the expected future cash flows using discount rates by reference to rates of discounting the bills receivables with similar credit risk and similar terms to the bank and is categorised within level 2 of the fair value hierarchy.

35. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS (Continued)

Reconciliation of Level 3 fair value measurements

	Equity instruments at fair value through other comprehensive income RMB'000	Total RMB'000
At 1 January 2019	242,230	242,230
Total losses:		
– in other comprehensive income	(81,316)	(81,316)
At 31 December 2019	160,914	160,914
Total gains:		
– in other comprehensive income	20,294	20,294
At 31 December 2020	**181,208**	**181,208**

During the year, there were no transfers of fair value measurements between level 1 and level 2 (2019: nil).

Fair value of financial assets and financial liabilities that are not measured at fair value on a recurring basis (but fair value disclosures are required)

The carrying amounts and fair values of the Group's financial instruments, other than those with carrying amounts that reasonably approximate to fair values, are as follows:

	Carrying amounts		Fair values	
	31/12/2020 RMB'000	31/12/2019 RMB'000	**31/12/2020 RMB'000**	31/12/2019 RMB'000
Trade receivables, non-current portion	**220,809**	171,311	**221,779**	171,349

Management has assessed that the fair values of cash and cash equivalents and pledged deposits, the current portion of trade and bills receivables at amortised cost, trade and bills payables, financial assets included in prepayments, deposits and other receivables, financial liabilities included in other payables and accruals approximate to their carrying amounts largely due to the short term maturities of these instruments.

The fair value of the non-current portion of trade receivables has been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturities and is categorised within level 2 of the fair value hierarchy.

36. RELATED PARTY TRANSACTIONS

(a) The Group had the following material transactions with related parties during the years ended 31 December 2020 and 2019:

	2020 RMB'000	2019 RMB'000
Sales of machinery:		
Fellow subsidiaries	**275,915**	260,703
Sales of parts and components:		
Fellow subsidiaries	**5,214**	3,550
Overhaul services provided to:		
Fellow subsidiaries	**4,580**	23,341
Railway line maintenance services provided to:		
Fellow subsidiaries	**4,283**	15,107
Rail vehicles engineering and technical services provided to:		
A fellow subsidiary	**8,750**	501
Training services provided to:		
A fellow subsidiary	**28**	–
Receiving services from:		
A fellow subsidiary	**8,762**	29,723
Bills payable issuance fee paid to:		
A fellow subsidiary	**28**	63
Interest income received from:		
A fellow subsidiary	**878**	1,172

The above related party transactions were conducted in accordance with the terms mutually agreed between the parties.

36. RELATED PARTY TRANSACTIONS (Continued)

(b) Outstanding balances with related parties

	31/12/2020 RMB'000	31/12/2019 RMB'000
Cash and cash equivalents:		
Deposits in a fellow subsidiary	**40,162**	73,783
Trade and bills receivables:		
Due from fellow subsidiaries	**364,787**	327,242
Prepayments, deposits and other receivables:		
Due from fellow subsidiaries	**–**	1,473
Trade and bills payables:		
Due to fellow subsidiaries	**63,193**	151,034
Other payables and accruals:		
Due to fellow subsidiaries	**4,030**	3,820

Cash and cash equivalents are unsecured and earn interest pursuant to the financial services framework agreement with the fellow subsidiary.

Trade and bills receivables are unsecured, non-interest-bearing and have similar credit terms with other customers of the Group.

Trade and bills payables are unsecured, non-interest-bearing and have similar credit terms with other suppliers of the Group.

Other balances are unsecured, non-interest-bearing and have no fixed terms of settlement.

36. RELATED PARTY TRANSACTIONS (Continued)

(c) Compensation of key management personnel of the Group

	Year ended 31/12/2020 RMB'000	Year ended 31/12/2019 RMB'000
