Chairman's Statement

Dear Shareholders,

Litian Pictures Holdings Limited (the "**Company**") and its subsidiaries (collectively referred to as the "**Group**") embarked on its journey into the drama series industry in China in 2013. With continuous dedication to pursuing excellence in the industry, the Shares were successfully listed on the Main Board of the Stock Exchange on 22 June 2020 after seven years of effort.

The Listing marked an important milestone of the Company's development, which also fully reflected the strong development prospects of the Company. The proceeds raised from the Listing enhanced our financial strength and put us in a better position to grasp the fleeting development opportunities of the drama series industry, providing capital support for fostering the main business and diversifying business development, as well as laying a solid foundation for our long term growth.

BUSINESS REVIEW

For the six months ended 30 June 2021, the Group recorded a revenue of approximately RMB155.3 million with a year-on-year decrease of 39.5%; profit attributable to equity shareholders of the Company for the period of RMB12.5 million with a year-on-year decrease of 77.0%; adjusted profit attributable to equity shareholders of the Company for the period (excluding the effect of the Listing expenses) of RMB12.5 million with a year-on-year decrease of 80.5%.

In the first half of 2021, we successfully licensed the rerun broadcasting rights of "A Gallant Army" (老虎隊), which was our self-produced drama series. In addition, we successfully licensed the first-run broadcasting rights of "Astringent Girl" (愛的理想生活), to the satellite channels and licenced the rerun broadcasting rights of a total of 8 drama series, which were our outright-purchased drama series.

FUTURE DEVELOPMENT

Going forward, the business development strategies of the Company will mainly focus on the following aspects:

- We will continue to strengthen and improve the results of drama series production and distribution. We will further expand the licensing of the broadcasting rights of self-produced drama series operation and invest in the production of drama series of various genres and themes with a view to diversifying the drama series portfolio of the Company.
- Given the emphasis on copyright protection in the China-US trade negotiations, China will further step up its efforts in the protection and management of intellectual property ("**IP**") rights. Accordingly, the Company will enhance market research to gain accurate insights into industry development and latest trends of the market, as well as expand our scripts and IP inventories.

Chairman's Statement

ACKNOWLEDGEMENT

Last but not least, on behalf the Board, I would like to thank the team of the Company for their ongoing efforts and take this opportunity to express our most sincere gratitude towards the customers, business partners and Shareholders of the Company for their long-standing and unwavering support.

Management Discussion and Analysis

BUSINESS REVIEW AND PROSPECTS

We are a drama series distribution company in the PRC. The Group was established in 2013, and is primarily engaged in the business of licensing the broadcasting rights of self-produced and outright-purchased drama series. For the six months ended 30 June 2020 and 2021, we distributed a total of 26 and 13 drama series, respectively, which were comprised of self-produced drama series and outright-purchased drama series we purchased outright from third-party copyright owners/licensors.

For the six months ended 30 June 2021, we had licensed more than 10 drama series to well-known TV stations, including the first-run broadcast and rerun broadcast.

During the first half of 2021, we successfully licensed the rerun broadcasting rights of “A Gallant Army” (老虎隊), which was our self-produced drama series. In addition, we successfully licensed the first-run broadcasting rights of “Astringent Girl” (愛的理想生活), to the satellite channels and licenced the rerun broadcasting rights of a total of 8 drama series, which were our outright-purchased drama series.

In the second half of 2021, we will work closely with the third-party copyright owners/licensors to obtain the copyrights of additional outright-purchased drama series of different genres to cater to the different preferences of our customers. In addition, we will try our best to begin filming our expected self-produced drama series.

Nevertheless, our management is confident in the future growth of our business.

Notwithstanding the uncertainties in the industry and the overall competitive business environment, the Group will continue to be dedicated to implementing the business strategies.

FINANCIAL REVIEW

Revenue

The table below sets forth a breakdown of our revenue by business segments for the periods indicated:

	Six months ended 30 June	
	2021 RMB'000	2020 RMB'000
Revenue from the licensing of the broadcasting rights of self-produced drama series	178	3,024
Revenue from the licensing of the broadcasting rights of outright-purchased drama series	147,155	253,720
Others	7,925	–
Total	155,258	256,744

Our revenue decreased by approximately 39.5% from approximately RMB256.7 million for the six months ended 30 June 2020 to approximately RMB155.3 million for the six months ended 30 June 2021. The decrease was mainly due to (i) a decrease of approximately RMB106.6 million in revenue from the licensing of the broadcasting rights of outright-purchased drama series; and (ii) a decrease of approximately RMB2.8 million in revenue from the licensing of the broadcasting rights of self-produced drama series.

Revenue by Business Segments

(i) Licensing of the broadcasting rights of self-produced drama series

Revenue generated from the licensing of the broadcasting rights of self-produced drama series decreased by approximately 94.1% from approximately RMB3.0 million for the six months ended 30 June 2020 to approximately RMB0.2 million for the six months ended 30 June 2021, primarily because no self-produced drama series was licensed the first-run broadcast on satellite channels in the six months ended 30 June 2021, as our self-produced drama series were not broadcasted in accordance with the estimated broadcast schedule due to slotting, pricing and other factors.

Under this business segment, revenue generated from our customers which are TV channels accounted for approximately 99.5% and 40.4% of our revenue generated from licensing the broadcasting rights of self-produced drama series for the six months ended 30 June 2020 and 2021, respectively, while the remainder of this segment revenue was attributable to other third-party customers.

Among revenue generated from licensing the broadcasting rights of self-produced drama series, no revenue were generated from first-run broadcast on satellite TV channels for the six months ended 30 June 2020 and 2021, respectively.

Management Discussion and Analysis

(ii) *Licensing of the broadcasting rights of outright-purchased drama series*

In addition to licensing the broadcasting rights of our self-produced drama series, we are engaged in licensing the broadcasting rights of drama series which we purchased from third-party copyright owners/licensors.

Under this business segment, we either purchase the entire copyrights of the drama series (in which case, we will be able to license the broadcasting rights to our customers in any region in the PRC for any period of time at our discretion), or we only purchase the rights to use, or the rights to transfer the broadcasting rights of, the drama series in certain designated regions of the PRC for a specific period of time. We generally enter into the content distribution agreements with the copyright owners/licensors to obtain copyrights or the rights to use, or the rights to license the broadcasting rights of, the particular drama series, as the case may be. Subsequently, we distribute the relevant drama series to our customers.

Under this business segment, revenue generated from our TV channels customers accounted for approximately 98.4% and 100.0% of our revenue generated from licensing the broadcasting rights of outright-purchased drama series for the six months ended 30 June 2020 and 2021, respectively, while the remainder of our segment revenue was attributable to other third-party customers.

In addition, for the six months ended 30 June 2020 and 2021, among revenue generated from licensing the broadcasting rights of outright-purchased drama series, approximately 64.0% and 82.2%, respectively, were generated from first-run broadcast on satellite TV channels. For the same periods, approximately 34.4% and 17.6% was generated from rerun broadcast on satellite TV channels, respectively, and the remainder was attributable to terrestrial TV channels and other third-party customers.

Our revenue generated from the licensing of the broadcasting rights of outright-purchased drama series decreased by approximately 42.0% from approximately RMB253.7 million for the six months ended 30 June 2020 to approximately RMB147.2 million for the six months ended 30 June 2021, because only one outright-purchased drama series "Astringent Girl" (愛的理想生活) was licensed the first-run broadcast on satellite channels during the first half of 2021, from which the Group generated the revenue of approximately RMB121.0 million. The decline in revenue from outright-purchased drama series was due to the challenging market conditions and macroeconomic environment, which led to the decrease in the number of outright-purchased drama series of the Group in the six months ended 30 June 2021.

Management Discussion and Analysis

Our cost of sales decreased by approximately 30.5% from approximately RMB169.2 million for the six months ended 30 June 2020 to approximately RMB117.5 million for the six months ended 30 June 2021, primarily due to the decrease in costs of the licensing of broadcasting rights series of outright-purchased drama series.

This decrease was primarily due to a decrease in costs of purchasing the broadcasting rights of outright-purchased drama series which were broadcasted in the six months ended 30 June 2021.

For the business segment of licensing of the broadcasting rights of self-produced drama series, the costs of sales decreased by approximately 98.3% from approximately RMB0.8 million for the six months ended 30 June 2020 to approximately RMB13 thousand for the six months ended 30 June 2021, primarily due to the decrease in revenue from the broadcasting rights of self-produced drama series.
