## 1. HIGHLIGHTS

- The Company and MRL continued advancement of the Marillana and Ophthalmia Projects in accordance with the agreed Indicative Development Proposal for the projects.
- The Joint Venture is planning to carry out drilling programmes and update baseline environmental surveys during the December quarter.

## 2. PROJECT ACTIVITIES

### Exploration Activities

#### Marillana

Brockman Iron Pty Ltd (Brockman Iron) and Polaris Metals Pty Ltd (Polaris) entered into a farm-in and joint venture agreement (FJV Agreement) pursuant to which subject to the terms and conditions therein, Polaris may farm-in by satisfying the farm-in obligations and earn a 50% interest in the Marillana Project. For details of the transaction please refer to the Company's announcement dated 26 July 2018.

The FJV Agreement became Unconditional on 21 January 2019, marking the commencement of the Farm-in Period.

On the 22 April 2021, Brockman Iron and Polaris signed an Amended and Restated FJV Agreement and Deed of Amendment and Restatement (collectively the "Agreement"). Both Brockman Iron and Polaris conclude that the Farm-in Obligations under the Agreement have been satisfied and the parties shall form the Joint Venture immediately. As such, 50% interest in Marillana Project (the Farm-in interest) will be transferred to Polaris.

MRL has submitted indicative Development Proposals, which include the following:

1. Development of the Marillana and Ophthalmia Projects into an iron ore mining hub capable of producing a minimum of 25Mtpa of final product for export.
2. Following the establishment of the Joint Venture, MRL (or its Related Party) agrees to provide the Joint Venturers with funding by way of a project loan sufficient to allow the Joint Venturers to fund the forecast project capital costs for each development.
3. A build own and operate arrangement between the Joint Venturers and MRL for certain non-processing infrastructure at Marillana.
4. A build own and operate arrangement for the crushing plant at Ophthalmia.

5. A proposed logistics system to transport the ore from the mines to the port stockyard at Port Hedland. This logistics system is to be constructed and operated by MRL (or a subsidiary).
6. Construction of a berth at a dedicated location in Port Hedland (subject to the approval from the State Government of Western Australia).
7. A current market based estimate for project capital and operating costs, including the logistics services cost for transporting the ore from mine to ship.

#### *Initial Development Works*

During the quarter, the JV progressed Initial Development Works for the projects. Such works included but are not limited to updating approvals baseline data, tailings management/design and continuous review of the processing & metallurgy strategy.

### Ophthalmia

The Company and Polaris have agreed that in addition to the Marillana Project, the Company's Ophthalmia Project will be included in the Farm-In Interest, such that a 50% interest in the Ophthalmia Project will be transferred to Polaris upon satisfaction of Farm-In Obligations by Polaris.

Polaris have commenced a programme of works including mine planning studies, transport corridors, environmental surveys and approvals, in order to expedite development of the project.

### Regional development

Assay results received from the Punda Springs reconnaissance sampling last quarter have been received. Results have confirmed significant iron enrichment documented from historical exploration sampling, with four of seven samples returning greater than 50% Fe (maximum 57.6% Fe). Results also showed significant manganese enrichment, with five of the seven samples reporting +60% (Fe+Mn). The area is structurally complex

and so the true thickness and extent of mineralisation can only be determined by drilling.

**Mining Production and Development Activities**

No mining production and development activities, including expenditure has been undertaken or recognised for the quarter.

**3. CORPORATE REVIEW**

The consolidated cash position of the Group as at 30 September 2021 was HK\$44.6 million.

**Payments to related parties of the entity and their associates**

The payment as disclosed in section 6.1 of the Appendix 5B relates to:

Payment of HK\$1.4 million for executive directors' salary and non-executive directors' fees.
