#### MANAGEMENT DISCUSSION AND ANALYSIS

For the Three Months Ended 30 September 2021

#### Revenue

Revenue for the third quarter of 2021 increased 8% year-on-year and 2% quarter-on-quarter to RMB1,510.2 million. Revenue from the online games and others, and office software and services represented 47% and 53% of the Group's total revenue for the third quarter of 2021, respectively.

Revenue from the online games and others business for the third quarter of 2021 decreased 13% year-on-year and increased 2% quarter-on-quarter to RMB706.5 million. The year-on-year decrease was largely due to decreased revenue from existing games, partially offset by the revenue contribution from newly launched mobile games.

Revenue from the office software and services business for the third quarter of 2021 increased 37% year-on-year and 2% quarter-on-quarter to RMB803.7 million. The year-on-year increase was largely due to both strong growth of licensing business and sustainable growth of personal subscription services business of Beijing Kingsoft Office Software, Inc. ("Kingsoft Office") and its subsidiaries (collectively, "Kingsoft Office Group").

#### Cost of Revenue and Gross Profit

Cost of revenue for the third quarter of 2021 increased 12% year-on-year and decreased 1% quarter-on-quarter to RMB269.2 million. The year-on-year increase was mainly due to: i) greater server and bandwidth costs in line with the expanding business of Kingsoft Office Group; and ii) increased personnel-related expenses of operating team of online games business.

Gross profit for the third quarter of 2021 increased 7% year-on-year and 3% quarter-on-quarter to RMB1,241.0 million. The Group's gross profit margin decreased by one percentage point year-on-year and kept flat quarter-on-quarter to 82%.

#### Research and Development ("R&D") Costs

R&D costs for the third quarter of 2021 increased 28% year-on-year and 17% quarter-on-quarter to RMB620.8 million. The increases were mainly attributable to increased headcount as well as personnel-related expenses.

#### **Selling and Distribution Expenses**

Selling and distribution expenses for the third quarter of 2021 increased 10% year-on-year and decreased 22% quarter-on-quarter to RMB242.6 million. The year-on-year increase was mainly due to higher personnel-related expenses as Kingsoft Office Group continued to increase its sales and marketing efforts to further expand its presence in government and enterprise market, partially offset by decreased marketing and promotional spending of online games business. The quarter-on-quarter decrease was largely due to decreased marketing and promotional spending.

#### **Administrative Expenses**

Administrative expenses for the third quarter of 2021 increased 14% year-on-year and kept flat quarter-on-quarter to RMB133.6 million. The year-on-year increase was primarily due to increases in personnel-related expenses and depreciation expense relating to new office buildings.

#### **Share-based Compensation Costs**

Share-based compensation costs for the third quarter of 2021 increased 137% year-on-year and 81% quarter-on-quarter to RMB73.7 million. The increases primarily reflected the new grants of awarded shares to the selected employees of the Group in the third quarter of 2021.

The gains in the third quarter of 2021 and 2020 were mainly due to that we recognized a gain on deemed disposal of Kingsoft Cloud Holdings Limited ("**Kingsoft Cloud**") as a result of the dilution impact of issue of new shares of it in these quarters. The gains in the second quarter of 2021 were mainly due to fair value gains on financial instruments at fair value through profit or loss.

#### **Share of Profits and Losses of Associates**

We recorded share of losses of associates of RMB286.1 million for the third quarter of 2021, compared with share of profits of RMB12.3 million for the third quarter of 2020 and share of losses of RMB210.8 million for the second quarter of 2021.

The changes were mainly due to the increase in the accrued deferred tax expense in the third quarter of 2021.

#### Profit Attributable to Owners of the Parent

#### MANAGEMENT COMMENTS

Mr. Jun LEI, Chairman of the Company, commented, "Our overall business grew steadily during the quarter. Kingsoft Office Group focused on addressing user needs to enhance its products and services, and continued to pursue its strategy of "multi-screen, cloud, content, artificial intelligence ("AI") and collaboration". Meanwhile, our online games business adhered its "premium" games strategy."

Mr. Tao ZOU, Chief Executive Officer of the Company, added, "The Group's business continued to grow in the third quarter with revenue reaching RMB1,510.2 million, up 8% year-on-year. Driven by the continued growth of licensing and subscription services businesses, our office software and services business maintained strong growth momentum in the third quarter with revenue reaching RMB803.7 million, up 37% year-on-year.

In the third quarter, the strong year-on-year revenue growth of licensing business was primarily driven by the growing cloud office and licensing business in the government and enterprise market and the increasing demand for localization. Kingsoft Office Group continued to improve the services quality of its localization business by joining the Trusted Computing Group, where it worked with different partners to set up a multi-dimensional cooperative program. The program focuses on document services to effectively promote the integration of cloud products with digital government and state-owned cloud projects. Meanwhile, Kingsoft Office Group actively participated in the pilot exercise of the newly-launched industry localization business and gained recognition from clients.

The subscription services business continued to maintain a robust year-on-year growth during the quarter. Kingsoft Office Group strived to optimize collaboration office scenarios and launched new solutions to effectively maintain stable growth in active users and paying users, resulting in transition of paying user habits from casual to long-term needs. As of the end of September 2021, the number of monthly active devices of its key products amounted to 521 million, up 14% year-on-year. With increasing demand for cloud and collaboration office solutions, the number of users of WPS Docs in the third quarter already exceeded the peak recorded during the COVID-19 pandemic. In order to cater to small and medium-sized enterprises' and team's demand for collaboration and convenient office solutions, Kingsoft Office Group has invested in ActionSoft (炎黃盈動), a low-code Platform as a Service ("PaaS") provider, and aimed to develop a digital transformation solution to achieve the synergy between office scenarios and business scenarios.

During the quarter, the online games business continued to maintain a stable performance quarter-on-quarter. Revenue from the flagship JX Online III PC game and the classic JX 2D PC games achieved steady quarter-on-quarter growth demonstrating the sustainable longevity and vitality of the core IP. In August, we celebrated the 12<sup>th</sup> anniversary of JX Online III PC game and launched theme activities with collaboration between traditional and contemporary Chinese culture, which received wide acclaim from younger generation of gamers. In October, we launched Bei Tian Yao Zong (北天藥宗), the anniversary expansion pack for JX Online III PC game, and a new section with the theme of traditional Chinese medicine and upgraded gameplay that has been popular among gamers. In addition, JX I: Gui Lai (劍網1: 歸來) was released in China in October.

During the third quarter, the domestic games industry adapted to new regulations. We are proactively embracing the new regulatory environment which we believe should contribute to a more sustainable development path for the industry. Forging ahead, we will continue our integration of development and operation of new game genres to create a diversified content ecosystem while strengthening the performance of our core IP products."

Mr. Jun LEI concluded, "In the third quarter, our core businesses continued to expand and contributed solid results to the Group. Looking forward, we will focus on exploring opportunities of the enterprise services and online games market, continuing to expand R&D investment, as well as enhancing our products and services aiming to provide our users and partners with valuable products and services experience and drive long-term returns for our shareholders."
