Such decrease was due to the decrease in revenue generated from the IT infrastructure solution services and IT managed services business of the Group. Gross profit of the Group for the Period was approximately HK\$59.7 million, representing an decrease of approximately HK\$11.7 million or 16.4% from approximately HK\$71.4 million for the Previous Period. Excluding such subsidies, the financial performance of the Group remained stable amidst COVID-19. However, the board (the "**Board**") of directors (the "**Directors**") of the Company considers that the economy of Hong Kong for the second half of this year is still challenging given the continual impact of COVID-19 and the ongoing tensions of the United States and China.

. .

The original utilisation plans of the Net Proceeds as disclosed in the Company's prospectus of 24 February 2017 were delayed due to the complication of the Group's IT systems which required more time in evaluating and upgrading the IT systems, and the change of the Group's plan to allocate more proceeds to undertake large-scale contracts. Based on the current plan, the Group will utilise the unutilised Net Proceeds in the manner by the expected timeline as indicated in the above table.

As at 30 September 2021, the unutilised Net Proceeds have been deposited into short-term demand deposit with authorised financial institutions and/or licensed banks in Hong Kong.

## **FUTURE OUTLOOK**

The Group recorded a significant decrease in the profit and total comprehensive income for the Period because the Group no longer receives government subsidies from the Employment Support Scheme implemented by the Hong Kong Government. Without the subsidies, the Group's profit and total comprehensive income for the Period maintained at a similar level as compared with the Previous Period. As COVID-19 continues to have its impact worldwide, the economic environment of Hong Kong is still challenging this year. Moreover, the ongoing tensions between the United States and China is unpredictable, and the influence of the economic environment is equivocal. However, most countries opened their internationally borders in the second half of this year and the economic environment of Hong Kong may improve.

For the remaining of this year, the Group will continue to explore future business opportunities and widen the new market opportunities. The Group will look for potential business segments and continue to establish core partnerships with key vendors. The Group will optimize the business opportunities and will maintain an optimal capital and debt structure and minimise the financial risk.

The chairman of the Board is responsible for overseeing the strategic planning and leadership of the Group and for ensuring that the entire Board members are properly briefed on issues at Board meetings and receive adequate and reliable information on a timely basis. The Company does not at present separate the roles of the chairman and chief executive officer. Mr. Chu Ming Ho is the chairman of the Board and the Chief Executive Officer. In view of the fact that Mr. Chu Ming Ho has been assuming the day-to-day responsibilities in operating and managing the Company since April 2000, the Board believes that it is in the best interest of the Company to have Mr. Chu Ming Ho taking up both roles for effective management and business development. Therefore, the Directors consider that the deviation from Code Provision A.2.1 of the CG Code is appropriate in such circumstances. Notwithstanding the above, the Board is of the view that this management structure is effective for the Group's operations and sufficient checks and balances are in place.

# **COMPLIANCE WITH THE MODEL CODE**

The Group entered into HK\$ to United States dollars ("**US\$**") net-settled structured foreign currency forward contracts with banks in Hong Kong in order to manage the Group's currency risk.

If the spot rate on fixing date is lower than lower strike price, the Group will buy notional amount 2 at lower strike price from the banks.

# Fair value of the Group's financial assets and financial liabilities that are not measured at fair value on a recurring basis

The management of the Group estimates the fair value of its financial assets and financial liabilities measured at amortised cost using the discounted cash flows analysis.
