The expected increase in the net profit attributable to equity shareholders of the Company for the year ended 31 December 2021 was mainly attributable to the following reasons:

With the sound reputation and strong network of the Group’s Italy office in European and Asian regions, it was able to source new sizeable customers;
- (b) the elimination of certain non-controlling interests after the completion of the acquisition of the minority shareholding interests in CN Logistics S.R.L. and CN LOGISTICS SA in November 2021;
- (c) increase in the demand for air freight forwarding services and distribution and logistics services for high-end fashion in Europe and Asia (including the PRC) due to the sales growth in luxury products in these regions;

- (d) increase in the freight rates due to limited supply of cargo space worldwide under COVID-19 pandemic and the Group's ability to obtain cargo space from airlines to satisfy its customers demand; and
- (e) the one-off listing expenses recognised for the year ended 31 December 2020 and no listing expenses were recognised during the year ended 31 December 2021.
