**INSIDE INFORMATION**  
**FURTHER INFORMATION UPDATE**

This announcement is made by China Aoyuan Group Limited (the “**Company**” and together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Listing Rules and Part XIVA of the SFO.

Reference is made to the inside information announcement of the Company dated 2 December 2021 relating to certain updates on the Group (the “**December 2021 Announcement**”). The board of directors of the Company (the “**Board**”) would like to provide a further update on the Group as set out in this announcement.

Terms used in this announcement shall have the same respective meanings as those defined in the December 2021 Announcement unless otherwise stated.

**OPERATIONAL UPDATE OF THE GROUP**

During the year ended 31 December 2021, the Group recorded unaudited property contracted sales of approximately RMB121.03 billion, representing an approximate decline of 9.0% as compared to the prior year. The continued market downturn and the dampening of purchasers’ confidence have caused difficulties for the Group to realise its inventories and dispose of its assets on reasonable terms. Despite this backdrop, as at the date of this announcement, the development and progress in respect of the majority of the Group’s property projects have remained on schedule, and the Group continues to focus on completing and delivering its projects and reducing its operational expenses. The Group does not currently anticipate any material purchases of new land in the near future given its existing land reserves, and it will continue to explore opportunities to unlock value from its existing portfolio of urban redevelopment projects.

The personnel comprising the senior management team of the Group remains stable and focused on improving the operational performance of the Group. The Board is optimistic about the long-term outlook of the Group and will continue to explore possibilities of improving the Group's liquidity position.

## **POTENTIAL SOURCES OF LIQUIDITY**

The Company has been actively exploring and will continue to explore potential opportunities of asset disposal and to engage with strategic investors on terms which are in the best interests of the Company and its stakeholders taken as a whole. Any such disposal or investment is intended to create liquidity for, and alleviate or resolve debt issues of, the Group.

The Group has been in preliminary discussions with potential strategic investors and purchasers, but no legally binding agreement has been entered into between the Group and any of such potential investors or purchasers as at the date of this announcement.

As of the date of this announcement, the aggregate outstanding principal amount of the Notes is approximately US\$1,086 million and the Company has not received any notice from the trustee or any holders of the Notes to accelerate the due dates of the Notes based on the events described in the December 2021 Announcement.

Having given careful consideration to its liquidity and in order to preserve its limited cash resources and maintain fairness among all of its creditors pending a holistic debt restructuring, the Company has decided that it will not make payments of: (i) the remaining principal and the last instalment of interest of the January 2022 Notes on the respective maturity dates and interest payment dates; and (ii) the latest instalment of interest under the 2023 Notes and the 2024 Notes upon expiry of the applicable 30-day grace period. The Group intends to adopt the same principle in respect of its other offshore financial indebtedness. Events of default will occur (or have occurred) under all other offshore financial indebtedness of the Group. The total outstanding amount of the Group's financial indebtedness (including the Notes) is disclosed in the interim report of the Company for the six months ended 30 June 2021.
