## THE GENERAL MANDATE

The Subscription Shares will be allotted and issued under the General Mandate, and hence no separate approval from the Shareholders is required. Pursuant to the General Mandate, the total number of new Shares that the Directors are authorized to allot and issue is 325,680,117 Shares (being 20% of the number of issued Shares as at 15 June 2021, the date of the annual general meeting of the Company at which the General Mandate was granted). The General Mandate has not been utilized as at the date of this announcement since it was granted. The Subscription Shares to be allotted and issued will utilize the entirety of the General Mandate. The Company has not repurchased any Shares within the last 30 days prior to the date of this announcement, and has not conducted any equity fund raising activities within the last 12 months prior to the date of this announcement.

## USE OF PROCEEDS FROM THE SUBSCRIPTIONS

The gross proceeds received from the Subscriptions will be HK\$192,151,269.03. After deducting all expenses payable by the Company in connection with the Subscriptions (currently expected to be approximately HK\$1,000,000), the net proceeds received from the Subscriptions are expected to be approximately HK\$191,151,269.03 (representing a net issue price of approximately HK\$0.587 per Subscription Share), or approximately RMB155,108,000 (estimated based on the PBOC Middle Exchange Rate on 23 February 2022 of HK\$1 to RMB0.81144). The Company currently intends to utilize such net proceeds in the following manner:

- (a) RMB21,740,000, or approximately 14% of the net proceeds, will be allocated to the rectification works on the production and other facilities of Jiangxi Longtianyong;
- (b) RMB72,346,000, or approximately 47% of the net proceeds, will be allocated to the procurement of raw materials after the full resumption of production activities at Jiangxi Longtianyong;

- (c) RMB30,000,000, or approximately 19% of the net proceeds, will be allocated to the repayment of certain bank borrowing(s) of the Group; and
- (d) the remainder (currently expected to be approximately RMB31,022,000), or approximately 20% of the net proceeds, will be allocated as general working capital of the Group.

The exact net proceeds (in RMB) received from the Subscriptions will depend on the actual PBOC Middle Exchange Rate on or around the date(s) of receipt of the subscription monies and the actual expenses payable by the Company, and may therefore deviate from the figure provided above. Any such deviation will be reflected in the amount allocated to intended purpose (d) above.

## REASONS FOR AND BENEFITS OF THE SUBSCRIPTIONS

The Group is a leading fully-integrated silver and precious metals enterprise in the PRC with four business segments, including (i) the manufacturing segment, i.e. manufacture, sales and trading of silver ingots, palladium and other non-ferrous metals in the PRC; (ii) the new jewellery retail segment under the CSMall Group, i.e. design and integrated online-and-offline sales of gold, silver, gem-set and other jewellery products in the PRC; (iii) the silver exchange segment, i.e. provision of a professional electronic platform and related services for the trading of silver ingots in the PRC; and (iv) the fresh food retail segment under the CSMall Group, i.e. integrated online-and-offline sales of fresh food and provision of related electronic platforms in the PRC.

As disclosed in the Company's announcements dated 7 June 2021, 25 August 2021 and 22 February 2022, the production activities of Jiangxi Longtianyong, a major subsidiary of the Group's manufacturing segment, were suspended and have only in-principle partially resumed, pending the completion of further rectification measures. In line with the intended purposes set forth in the section headed "Use of Proceeds from the Subscriptions" above, the Subscriptions are expected to strengthen the Group's overall working capital position in anticipation of the full resumption of production activities at Jiangxi Longtianyong which the Company currently targets to achieve in the second quarter of 2022.

Based on the above and the fact that the Subscription Price was determined primarily with reference to the prevailing market prices of the Shares, the Directors consider that the terms of the Subscription Agreements are fair and reasonable, and that the Subscriptions are in the interest of the Company and the Shareholders as a whole.

### EFFECTS ON SHAREHOLDING STRUCTURE OF THE COMPANY
