The PSUs granted (including PSUs granted to the above Executive Directors) will vest in whole or in part promptly following the public disclosure of the Company’s financial statements for the year of 2024 based on fulfillment of relevant performance conditions over a three-year performance period commencing on 1 January 2022 and ending on 31 December 2024 (the “**Performance Period**”).¹

In accordance with the rules of the Performance-based Restricted Share Unit Scheme, the grant of the PSUs to the above Executive Directors has been approved by the Independent Non-executive Directors.

¹ The performance metrics used to determine the percentage of PSUs that will vest at the end of the Performance Period is on a sliding scale basis. Any Average Annual EBITDA Growth between 5% and 12.5% (both inclusive) will result a percentage (ranging from 50% to 100%) of the PSUs granted becoming vested at the end of the Performance Period. Any Average Annual EBITDA Growth greater than 12.5% will result in 100% of the PSUs granted becoming vested, and also additional PSUs being granted and vesting upon grant, at the end of the Performance Period. The maximum number of such additional PSUs will be 75% of the PSUs granted when the Average Annual EBITDA Growth reaches 20% or more.

Listing Rules Implications

The grant of RSUs and PSUs to the above Executive Directors forms part of the remuneration package as senior managers of the Company under the service contract of such Directors and accordingly, is exempt from the reporting, announcement and independent shareholders' approval requirements under Rule 14A.73(6) and Rule 14A.95 of the Listing Rules.

As set out in the Company's announcement dated 1 August 2021, the maximum number of new Shares that may underlie the RSUs to be granted pursuant to the RSU Scheme is 18,674,277 Shares. As the Company granted 965,271 RSUs, 246,931 PSUs, and potentially 185,198 additional PSUs (being the maximum additional number of PSUs which may be granted when the Average Annual EBITDA Growth reaches 20% or more) as set out in this announcement, the maximum number of new Shares that may underlie the RSUs to be granted pursuant to the RSU Scheme has been reduced to 17,276,877 Shares.
