INSIDE INFORMATION
PROFIT ALERT FOR 2021

This announcement is made by Kidsland International Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on the Stock Exchange (the “**Listing Rules**”) and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors of the Company (the “**Directors**” and the “**Board**”, respectively) wishes to inform the Company’s shareholders (the “**Shareholders**”) and potential investors that, based on a preliminary review of the Group’s unaudited consolidated management accounts for the year ended 31 December 2021 (the “**Reporting Period**”) and information currently available to the Board, the Group expects to record a net profit after tax of not less than RMB1 million, compared to an audited net loss after tax of approximately RMB130.1 million for the year ended 31 December 2020 (the “**Prior Period**”). This is the first time the Group has recorded a net profit after tax for a full year since the financial year ended 31 December 2017.

To the best knowledge of the Directors, the expected improvement in financial performance of the Reporting Period compared to the Prior Period was mainly due to the following factors:

1. recovery and normalisation in sales and gross profit margin, largely due to the easing of negative impact from the novel coronavirus disease 2019 (the “**COVID-19**”) in the Reporting Period in Mainland China, although such effect weakened given the outbreak of Delta and Omnicron variants in second half of 2021;
2. robust growth in sales in Hong Kong and Macau; and
3. the Group’s continuous effort in expense control.

Nevertheless, the Board considers that the Group's business prospects and financial performance sustainability in 2022 remain challenging and uncertain due to the following factors:

1. the potential lingering negative impact of COVID-19 and its Omicron variant on the general economic and employment situation in Mainland China, Hong Kong and Macau and uncertain consumer sentiment resulting from these factors; and
2. the speed and degree of success in the execution of the Group's strategic upgrade and turnaround plan.

The Group is currently in the process of compiling its consolidated results for the Reporting Period. The information contained in this announcement (except the figure for the audited net loss after tax for the Prior Period) is only based on the Board's preliminary evaluation of the Group's unaudited consolidated management accounts for the Reporting Period, which have not been audited nor reviewed by the Company's independent auditors. These figures may be subject to necessary adjustments in the financial results announcement of the Company for the Reporting Period, which is expected to be published by the end of March 2022 (the "**Final Results Announcement**").

Shareholders and potential investors are advised to read the Final Results Announcement carefully and exercise caution when dealing in the shares of the Company, and should note that undue reliance on or use of the above information may cause investment risks.
