## 2. APPLICATION OF NEW AND AMENDMENTS TO INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRSs")

These consolidated financial statements have been prepared in accordance with all applicable IFRSs issued by the International Accounting Standards Board (the "IASB"). In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange and by the Hong Kong Companies Ordinance.

#### Amendments to IFRSs that are mandatorily effective for the current year

In the current year, the Group has applied a number of amendments to IFRSs issued by the IASB, for the first time, which are mandatorily effective for the annual period beginning on or after 1 January 2021 for the preparation of the Group's consolidated financial statements:

• Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16, *Interest Rate Benchmark Reform* — *Phase 2* 

In addition, the Group has early applied the Amendment to IFRS 16 Covid-19-Related Rent Concessions beyond 30 June 2021.

Except as described below, the application of the amendments to the standards listed above in the current year has had no material effect on the Group's financial performance and positions for the current and prior year and on the disclosures set out in these consolidated financial statements.

## Impacts on early application of Amendment to IFRS 16 Covid-19-Related Rent Concessions beyond 30 June 2021

The Group has early applied the amendment in the current year. The amendment extends the availability of the practical expedient in paragraph 46A of IFRS 16 *Leases* ("**IFRS 16**") by one year so that the practical expedient applies to rent concessions for which any reduction in lease payments affects only payments originally due on or before 30 June 2022, provided the other conditions for applying the practical expedient are met.

The application of the amendment has had no impact to the opening retained profits at 1 January 2021. The Group recognised changes in lease payments that resulted from rent concessions of approximately \$\$574,000 (2020: \$\$1,068,000) in the profit or loss for the year ended 31 December 2021.

#### 3. OPERATING SEGMENT INFORMATION

For management's purpose, the Group is organised into two operating business segments, namely:

#### (a) Rental and outlet management

The business segment of rental and outlet management operation is involved in the leasing of food establishment premises to tenants and the provision of cleaning and utilities services to tenants (the "**Rental and Outlet Management**").

#### (b) Food and beverage stalls

The business segment of food and beverage stalls operation is primarily involved in the retailing of beverage, tobacco products, and cooked food directly to consumers such as mixed vegetable rice, zi char, roasted meat and chicken rice located in food establishments operated and managed by the Group and third parties (the "Food and Beverage Stalls").

Inter-segment revenue from service income and rental income are priced with reference to prices charged to external parties for similar services and premises, and inter-segment management fee revenue included in service income is charged at a mark up percentage over staff costs.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain respects is measured differently from operating profit or loss in the consolidated financial statements.

The accounting policies of the operating segments are the same as the Group's accounting policies. Segment profit represents the profit earned by each segment without allocation of central administration costs, directors' emoluments, exchange gain/(loss), and bank interest income.

The outlook for 2022 continues to be uncertain as a result of some factors, including but not limited to (i) public health measures to deal with the new virus variants and potential adverse development; (ii) the higher inflation in the food and beverage sector; (iii) the increasing other operating expenses, such as the electricity tariff.

The COVID-19 pandemic has changed the F&B landscape. Going forward and in view of the challenges brought about by the COVID-19 outbreak, the Group will re-evaluate its businesses and will identify new opportunities and develop business strategies to respond to the fast-evolving market and trends. The Group's development initiatives will focus on the following:

- divest underperforming assets or businesses to unlock capital, and utilise the resources to re-invest in the F&B businesses and other complementary growth areas for the new normal and beyond;
- acquire popular F&B businesses and brands to bolster product offerings;
- expand presence in Singapore through the opening of new food establishments; and
- renovate existing food centres to enhance the dining experience.

## FINANCIAL REVIEW

#### Revenue

The Group recorded an increase in revenue of approximately S\$2.5 million or 7.1% from approximately S\$34.9 million for FY2020 to approximately S\$37.4 million for FY2021. The increase was mainly due to higher revenue from rental income from lease of premises to tenants, and sale of cooked food, beverages and tobacco products.

The revenue generated from sale of cooked food, beverages and tobacco products increased by approximately S\$0.6 million or 2.3% from approximately S\$28.3 million for FY2020 to approximately S\$28.9 million for FY2021, as increased in the number of food and beverage stalls compared to FY2020.

Rental income increased by approximately \$1.5 million or 32.0% from approximately S\$4.5 million for FY2020 to approximately S\$6.0 million for FY2021. The increase was mainly attributable to the commencement of operations for 101 Upper Cross Street, Block 171 Yishun Avenue 7 and 200 Jalan Sultan during FY2021, as well as lesser provision of rental rebate to tenants as compared to FY2020.

The revenue generated from provision of management, cleaning and utilities services increased by approximately \$\$0.4 million or 18.1% from approximately \$\$2.1 million for FY2020 to approximately \$\$2.5 million for FY2021. This was in line with the increase in rental income.

The following table sets forth the breakdown of revenue by the three categories:

	FY2021		FY2	020
	S\$'000	%	\$\$'000	%
Sale of cooked food, beverages and tobacco products Rental income from lease of	28,900	77.3	28,250	80.9
premises to tenants	6,002	16.1	4,548	13.1
Provision of management, cleaning and utilities services	2,484	6.6	2,103	6.0
	37,386	100.0	34,901	100.0

Both revenue streams from lease of premises and provision of management, cleaning and utilities services were under the Group's Outlet Management business segment, while sales of cooked food, beverage and tobacco products was under the Group's Food and Beverage stalls business segment.

## Fair Value Gain/(Loss) of Investment Properties

## **Other Operating Expenses**

The other operating expenses decreased by approximately S\$0.6 million, or 17.8%, from approximately S\$2.9 million in FY2020 to approximately S\$2.3 million in FY2021.
