Chairman's Statement

Year 2021 is a year of challenges to many companies. Unexpected events, including the outbreak of the coronavirus disease (COVID-19) (the "**Pandemic**"), have been casting uncertainty over the global economy, market sentiment and financing environment. These unexpected events have caused certain interruptions in the business development of Shanghai Dasheng Agriculture Finance Technology Co., Ltd. (the "**Company**", together with its subsidiaries, the "**Group**"), in particular, due to the tight external financing environment, which resulted in potential investors and related creditors requiring much more time to devise possible-restructuring plans.

In 2021, the management of the Group (the "**Management**") still dedicated its efforts in resolving the Group's historical financial problems and sought to improve its overall cash flow position., Meanwhile. the Group has completed the disposal of all the other non-core business and concentrated the core resources in the production segment of agriculture-related industrial chains.

The loss attributable to the owners of the Company in 2020 increased to approximately RMB1,125,142,000 (2020: approximately RMB779,575,000), representing a year-on-year increase of approximately 44.3%. The assets of the Company in 2021 amounted to approximately RMB7,959,000, representing a year-on-year decrease of approximately 99.6%.

PROSPECTS

Notwithstanding the deconsolidation of Anhui Huaxing, the Company has retained a core business teams and senior managers who are familiar with the agrochemical products supply chain services industry, and will endeavour to maintain upstream and downstream partnerships in this industry. The Company intends to continue to focus on the existing three segments in its on-going business development.

The management of the Group also will continue to dedicate its efforts in resolving the Group's historical financial issues through maintaining in-depth discussions and planning with external potential investors including the Potential Investor, creditors and relevant financial institutions, such that it may continue to accelerate the restructuring of the Group's existing business and focus resources on developing its core business and explore new opportunities.

APPRECIATION

Finally, I wish to express my gratitude to the members of the board (the "**Board**") of directors of the Company (the "**Directors**"), the management and staff of the Group for their relentless efforts and selfless dedication during the past year, and to the shareholders, suppliers and customers of the Company for their strong support for the Group.

Lan Huasheng
Chairman

CONSOLIDATING THE MOMENTUM

Management Discussion and Analysis

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL AND BUSINESS REVIEW

In 2021, the external economic and market environment were affected by turbulences. Capitalising on its operating strategies since last year, the Group had continued to develop and strengthen its existing businesses including the agrochemical products supply chain services segment, and accelerate the adjustment and reorganisation of the existing businesses. The Group has also pursued possible cooperation opportunities with potential external investors.

The Group has continued its effort in managing its liquidity position and legal proceedings arising from the Group's financial conditions. In July 2021, the Company received an execution ruling issued by the Shanghai Second Court dated 20 April 2021 in relation to the disposal of its 80% equity interests in Shanghai Runtong Industrial and Investment Co., Limited* (上海潤通實業投資有限公司) (the "**Shanghai Runtong**") (the "**Shanghai Runtong Shares**") in partial settlement of the debts at the price of RMB28,840,000 for the execution ruling dated 15 May 2020 issued by the Shanghai No. 2 Intermediate People's Court* (上海市第二中級人民法院) (the "**Shanghai Second Court**") (the "**Zhiying Legal Proceedings**"). Thus, Shanghai Runtong ceased to be a subsidiary of the Company.

During the year under review, turnover of the Group was approximately RMB936.9 million, representing a drop of approximately 34.7% as compared to last year, which was primarily due to the fact that the revenue for the reporting period mainly came from our agrochemical products supply chain services segment conducted under our subsidiary Anhui Huaxing Chemical Industry Company Limited* (安徽華星化工有限公司) ("**Anhui Huaxing**"), which was deconsolidated from the Group since 13 August 2021. During the year under review, the Group recorded gross profit of approximately RMB189.1 million, representing a decrease of approximately 41.6% as compared to last year, which was primarily due to the fact that the current gross profit mainly comes from our agrochemical products supply chain services segment conducted under Anhui Huaxing deconsolidated from the Group since 13 August 2021; the gross profit margin is about 20%, representing a decrease of approximately 2%. Loss attributable to owners of the Company for the year was approximately RMB1,125.1 million, representing an increase in loss of approximately 44.3% as compared to last year, which was primarily due to the combined effect of the accrual of interest expense on borrowings amidst stagnation of our trading of agricultural and petrochemical products, and the disposal of Shanghai Runtong and the deconsolidation of Anhui Huaxing.

BUSINESS OPERATIONS

The continuing businesses of the Group comprise three business segments, namely "agricultural and petrochemical products supply chain services", "financial leasing and commercial factoring services" and "agrochemical products supply chain services".

AGRICULTURAL AND PETROCHEMICAL PRODUCTS SUPPLY CHAIN SERVICES

The Group's agricultural and petrochemical products supply chain services mainly comprise the trading of agricultural and petrochemical products including chemical fertilizers, fuel oil, mixed aromatics, white sugar, food products and frozen products.

During the year under review, turnover of the Group's agricultural and petrochemical products supply chain services was nil; and the gross loss was approximately RMB29,000. The gross loss of the Group's agricultural and petrochemical products supply chain services was primarily due to stagnation of the business during the year.

FINANCIAL LEASING AND COMMERCIAL FACTORING SERVICES

During the year under review, turnover of the Group's financial leasing and commercial factoring services was nil; and the gross loss was nil.

AGROCHEMICAL PRODUCTS SUPPLY CHAIN SERVICES

During the year under review, turnover of the Group's agrochemical products supply chain services was approximately RMB936.9 million; the gross profit was approximately RMB189.1 million. The drop in the Group's turnover during the year under review was primarily attributable to the deconsolidation of the agrochemical products supply chain services from the Group since 13 August 2021.

DISCONTINUED BUSINESSES

Agricultural Big-Data Services

For the year ended 31 December 2021, turnover of the Group's agricultural big-data services was approximately RMB3,279,000; and the net profit was approximately RMB572,000.

As the Company failed to fulfil its payment obligations under the Zhiying Legal Proceedings, pursuant to the execution ruling dated 15 May 2020 issued by the Shanghai Second Court, the plaintiffs may be compensated through, among other things, the auction of the Shanghai Runtong Shares pledged by Shanghai Kaiyi Corporate Management Consultancy Co., Ltd.* (上海諧易企業管理諮詢有限公司) ("**Shanghai Kaiyi**"). An auction announcement dated 27 November 2020 was published by the Shanghai Second Court on the public auction network of Gongpai Auction to put the Shanghai Runtong Shares on auction from 8 January 2021 to 11 January 2021, with a reserve price of RMB28,840,000. The said auction was subsequently re-scheduled to between 27 February 2021 and 2 March 2021 at the same reserve price. On 2 March 2021, the Company noticed from the network platform of Gongpai Auction that said auction was not successful.

By 5 July 2021, the Company received an execution ruling issued by the Shanghai Second Court dated 20 April 2021 in relation to the disposal of the Shanghai Runtong Shares to its pledgee in partial settlement of the debts at the prior agreed reserve price of the auction of RMB28,840,000 during the execution process of the Shanghai Second Court for the Zhiying Legal Proceedings. Thus, Shanghai Runtong ceased to be a subsidiary of the Company.

DECONSOLIDATION OF ANHUI HUAXING GROUP

Anhui Huaxing is a wholly-owned subsidiary of the Company which engages in agrochemical products supply chain services in the PRC. On 13 August 2021, the People's Court of the County, Anhui Province in the PRC (the "**Anhui Court**") accepted the bankruptcy restructuring application filed by a creditor against Anhui Huaxing (the "**Bankruptcy Restructuring**") with the outstanding amount involved of approximately RMB5,590,000 and the Company has not made the aforementioned payment. The Anhui Court has given a decision on 24 August 2021 regarding the establishment and appointment of the Administrator for the Bankruptcy Restructuring of Anhui Huaxing. The Company considered that the control over Anhui Huaxing has been lost on 13 August 2021 and accordingly, the financial results of Anhui Huaxing and its subsidiaries (the "**Anhui Huaxing Group**") were deconsolidated from the consolidated financial statement of the Group since 13 August 2021.

OTHER INCOME

During the year under review, the Group's other income was approximately RMB33,501,000 (2020: approximately RMB28,552,000), representing an increase of approximately 17.3% as compared to last year. The increase in other income was primarily attributable to the increase in income from the supply of utilities.

DISTRIBUTION COSTS

During the year under review, the Group's distribution costs were approximately RMB35,000,000 (2020: approximately RMB54,561,000), representing a decrease of approximately 35.9% as compared to last year. The decrease in other income was primarily attributable to the deconsolidation of Anhui Huaxing Group from the Group since 13 August 2021.

ADMINISTRATIVE AND OTHER EXPENSES

For the year ended 31 December 2021, administrative and other expenses of the Group were approximately RMB224,747,000 (2020: approximately RMB223,283,000), representing an increase of approximately 0.7% as compared to last year. The increase in administrative and other expenses was primarily attributable to the increase in other expenses, research and development costs and environmental protection expenses incurred by our agrochemical products supply chain services segment during the reporting period.

IMPAIRMENT LOSSES, NET OF REVERSAL

For the year ended 31 December 2021, impairment loss on trade and other receivables amounted to approximately RMB150,832,000 (2020: approximately RMB773,598,000). Such impairment loss for the year under review was primarily attributable to our outstanding trade receivables remained unrecoverable.

FINANCE COSTS

For the year ended 31 December 2021, finance costs of the Group were approximately RMB183,651,000 (2020: approximately RMB238,906,000), representing a decrease of approximately 23.1% as compared to last year. The decrease in finance costs is primarily due to the reduction in total outstanding amount of existing loans, attributable to the settlement from disposal of its 91.3% equity interest in Nantong Road and Bridge Engineering Co., Ltd* (南通路橋工程有限公司) (the "**Nantong Shares**").

LOSS ATTRIBUTABLE TO OWNERS OF THE COMPANY

For the year ended 31 December 2021, loss attributable to owners of the Group was approximately RMB1,125,142,000 (2020: approximately RMB779,575,000), representing an increase of approximately 44.3% as compared to last year. The basic and diluted loss per share attributable to owners of the Company during the year from continuing and discontinued operations were approximately RMB0.118 (2020: approximately RMB0.082), representing an increase in loss of 43.9% as compared to last year.

CAPITAL STRUCTURE, LIQUIDITY AND FINANCIAL RESOURCES

Capital Structure

As at 31 December 2021, the Group had total assets less current liabilities of approximately RMB(2,202,274,000) (31 December 2020: approximately RMB(1,053,385,000), including non-current assets of approximately RMB3,644,000 (31 December 2020: RMB1,040,475,000) and net current liabilities of approximately RMB2,205,918,000 (31 December 2020: approximately RMB2,093,860,000).

As at 31 December 2021, the Group's equity attributable to owners of the Company was approximately RMB(2,201,790,000), representing an increase in loss of approximately 104.6% as compared to that of approximately RMB(1,076,081,000) as at 31 December 2020, which was due to the combined effect of the accrual of a substantial interests for our agricultural and petrochemical products supply chain segment and the disposal of Shanghai Runtong Shares and the deconsolidation of Anhui Huaxing from the Group.

Liquidity and Financial Resources for Continuing Operations

As at 31 December 2021 and 31 December 2020, the Group had restricted bank deposits and cash and cash equivalents of approximately RMB4,315,000 and RMB65,903,000, respectively.

As at 31 December 2021 and 31 December 2020, the Group had short-term borrowings of approximately RMB742,638,000 and RMB1,281,700,000, respectively.

As at 31 December 2021 and 31 December 2020, the Group had no long-term borrowings.

As at 31 December 2021 and 31 December 2020, debt-to-asset ratios of the Group were approximately 27,770% and 155%, respectively. Debt-to-asset ratio was calculated as the percentage of total liabilities divided by total assets.

Foreign Exchange Risk

The Group's trade receivables were denominated in Renminbi while domestic and foreign purchases were either denominated in Renminbi or United States Dollars. As such, the Group does not have significant foreign currency exchange exposures for the time being. The management of the Group considers that no hedging or other relevant strategy is necessary currently, but will closely monitor the fluctuation of the exchange rates of the relevant foreign currencies against Renminbi.

Pledge of Assets for Continuing Operations

As at 31 December 2021, the Group's right-of-use assets with a net book value at nil (31 December 2020: approximately RMB54,397,000) were pledged as security for the Group's bank borrowings. As at 31 December 2021, property, plant and equipment with a net book value at nil (31 December 2020: approximately RMB389,510,000) were pledged as security for the Group's borrowings. As at 31 December 2021, the Group had no restricted bank deposits (31 December 2020: approximately RMB10,641,000) as collateral for bank borrowings and the issuance of commercial notes, performance bonds and bid bonds to customers.

SIGNIFICANT INVESTMENTS, MATERIAL ACQUISITIONS AND DISPOSAL OF SUBSIDIARIES, ASSOCIATES AND JOINT VENTURES

As the Company failed to fulfil its payment obligations under the Zhiying Legal Proceedings, pursuant to the execution ruling dated 15 May 2020 issued by the Shanghai Second Court, the plaintiffs may be compensated through, among other things, the auction of the Shanghai Runtong Shares pledged by Shanghai Kaiyi. An auction announcement dated 27 November 2020 was published by the Shanghai Second Court on the public auction network of Gongpai Auction to put the Shanghai Runtong Shares on auction from 8 January 2021 to 11 January 2021, with a reserve price of RMB28,840,000. The said auction was subsequently re-scheduled to between 27 February 2021 and 2 March 2021 at the same reserve price. On 2 March 2021, the Company noticed from the network platform of Gongpai Auction that said auction was not successful.

By 5 July 2021, the Company received an execution ruling issued by the Shanghai Second Court dated 20 April 2021 in relation to the disposal of the Shanghai Runtong Shares to its pledgee in partial settlement of the debts at the prior agreed reserve price of the auction of RMB28,840,000 during the execution process of the Shanghai Second Court for the Zhiying Legal Proceedings. Thus, Shanghai Runtong ceased to be a subsidiary of the Company.

INVESTMENT BY POTENTIAL INVESTOR

On 11 March 2022, the Company entered into the intent corporation framework agreement (the "**Framework Agreement**") with Guizhou Guian Commercial and Trading Investment Limited* (貴州貴安商貿投資有限公司) (the "**Potential Investor**") pursuant to which the Potential Investor intends to invest in the Company. The Potential Investor is a wholly-owned subsidiary of Guian New District Development and Investment Company Limited* (貴安新區開發投資有限公司), established in the PRC, which is principally engaged in investment management, assets management and equity interests investment. Such potential investment may result in the Potential Investor becoming a substantial shareholder of the Company.

Potential Investor and the relevant intermediaries as commissioned by it shall conduct the due diligence which will be used as a reference for the probability and feasibility for subsequent cooperation. The due diligence shall be completed within the necessary period, which, in the absence of special reasons, shall be no later than three months from the effective date of the Framework Agreement. As such, the Company expects that further details for the cooperation or investment, if any, will be out in June 2022, following the completion of the due diligence.

FUTURE PLANS FOR MATERIAL INVESTMENTS OR CAPITAL ASSETS

Save as disclosed in this report, the Company did not have any future plans for significant investments or capital assets as at the date of this report, but the Company may, at any point, be negotiating potential investments when considering it appropriate.

PROSPECTS

Notwithstanding the deconsolidation of Anhui Huaxing, the Company has retained a core business teams and senior managers who are familiar with the agrochemical products supply chain services industry, and will endeavour to maintain upstream and downstream partnerships in this industry. The Company intends to continue to focus on the existing three segments in its on-going business development.

Corporate Governance Report

The Board of Shanghai Dasheng Agriculture Finance Technology Co., Ltd. is always committed to maintaining high standards of corporate governance and business ethics since the Board believes that sound and effective corporate governance practices are essential for maintaining and enhancing investors' confidence and maximizing shareholders' wealth. The Board, from time to time, reviews its corporate governance practices in order to meet the rising expectations of shareholders, to comply with the increasingly stringent regulatory requirements, and fulfill its commitment to excellence in corporate governance.

The Company has adopted the code provisions in the Corporate Governance Code (the "**CG Code**") as set out in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**") as its own code of corporate governance. Save and except the following, the Company has complied with the code provisions of the CG Code throughout the year ended 31 December 2021.

On 3 December 2021, Mr. Liu Jun resigned from his position as an independent non-executive Director due to work adjustment. Following the resignation of Mr. Liu, the Board only has two independent non-executive Directors, with the number of independent non-executive directors falling below the minimum number of three as required under Rule 3.10(1) of the Listing Rules.

The Company has nominated Mr. Wang Yanlong as a candidate for independent non-executive Director on 20 April 2022, and the appointment of Mr. Wang is Subject to the approval by the Shareholders at the annual general meeting of the Company.

The manner in which the code provisions in the CG Code are applied and implemented during the year ended 31 December 2021 is explained in this Corporate Governance Report.

MODEL CODE FOR SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "**Model Code**") as set out in Appendix 10 to the Listing Rules as its own code of conduct regarding directors' and supervisors' securities transactions. Having made a specific enquiry, all the Directors and the Supervisors confirmed that they have complied with the required standard as set out in the Model Code throughout the year ended 31 December 2021.

BOARD OF DIRECTORS

The Board, which currently comprises five Directors, is responsible for corporate strategy, annual and interim results, succession planning, risk management, major acquisitions, disposals and capital transactions, and other significant operational and financial matters. Major corporate matters that are specifically delegated by the Board to the management include the preparation of annual and interim accounts for the Board's approval before public reporting, execution of business strategies and initiatives adopted by the Board, implementation of adequate systems of internal controls and risk management procedures, and compliance with relevant statutory requirements and rules and regulations.

The biographical details of the Directors are set out in the "Biographical Details of Directors and Supervisors" section in pages 15 to 17 of this report. All Directors have given sufficient time and attention to the affairs of the Group. Each executive Director has sufficient experience to hold the position so as to carry out his duties effectively and efficiently.

In addition to the two executive Directors, the Company has also appointed one non-executive Director and two independent non-executive Directors who have appropriate and sufficient experience and qualifications to carry out their duties so as to protect the interests of the shareholders. The Company has nominated Mr. Wang Yanlong as a candidate for independent non-executive Director on 20 April 2022, and the appointment of Mr. Wang is Subject to the approval by the Shareholders at the annual general meeting of the Company.

The members of the Board during the year ended 31 December 2021 and up to the date of this report are:

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Under code provision A.2.1 of the CG Code, the roles of chairman and chief executive officer (the "**CEO**") should be separate and should not be performed by the same individual. The division of responsibilities between the chairman and CEO should be clearly established and set out in writing.

During the year ended 31 December 2021, the role of chairman and CEO was vested on Mr. Lan Huasheng and Mr. Wang Liguo, respectively. Essentially, the chairman takes the lead to oversee the Board functions and ensure all important issues are discussed in a timely manner, while the CEO, supported by his management team, implements major strategies and policies of the Company and is responsible for the day-to-day management of the business of the Company.

NON-EXECUTIVE DIRECTOR

Code provision A.4.1 of the CG Code stipulates that non-executive Directors should be appointed for a specific term, subject to re-election. All Directors, including non-executive Director and independent non-executive Directors are appointed for a specific term of three years or until the expiration of the term of the current session of the Board and are subject to re-election provisions in articles of association of the Company (the "**Articles**"). All Directors shall be elected and removed by the shareholders in general meeting according to the Articles. Code provision A.6.7 of the CG Code stipulates that non-executive Directors, including independent non-executive Directors, should attend general meetings of the Company. At the respective general meetings of the Company, all executive Directors, non-executive Director and independent non-executive Directors present to enable the Board to develop a balanced understanding of the views of the shareholders of the Company.

CONTINUOUS PROFESSIONAL DEVELOPMENT

All newly appointed Directors are provided with necessary induction and information to ensure that they have a proper understanding of the Group's businesses and their statutory supervision responsibilities as directors of listed companies. The Company will update Directors on the latest development regarding the Group's businesses as well as the Listing Rules and other applicable regulatory requirements. In addition, all Directors are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills.

The current Directors confirmed that they have complied with code provision A.6.5 of the CG Code on directors' continuous professional development. During the year ended 31 December 2021, the continuous professional development taken by the respective Directors are as follows:

BOARD COMMITTEES

Remuneration and Assessment Committee

The remuneration and assessment committee (the "**Remuneration and Assessment Committee**") was established with the terms of reference aligned with the CG Code. The committee members comprises one non-executive Director and two independent non-executive Directors, namely. Mr. Lu Tingfu, Mr. Yang Gaoyu and Mr. Chung Cheuk Ming. Mr. Yang Gaoyu is the chairman of the Remuneration and Assessment Committee.

The roles of the Remuneration and Assessment Committee include the determination of the specific remuneration packages of all executive Directors, including benefits in kind, pension benefits and compensation payments (including any compensation payable for loss of office or engagement), and make recommendations to the Board about the remuneration of the non-executive Directors.

The Remuneration and Assessment Committee held one meeting during the year ended 31 December 2021 and made recommendations to the Board on the remuneration packages of individual Directors and Supervisors with reference to the corporate objectives.

Nomination Committee

The nomination committee (the "**Nomination Committee**") was established with the terms of reference aligned with the CG Code. The majority of committee members are independent non-executive Directors. As at 31 December 2021, the chairman of the committee is Mr. Lan Huasheng, the other members include Mr. Chung Cheuk Ming and Mr. Yang Gaoyu.

The primary duties of the Nomination Committee are to review the structure, size and composition of the Board on a regular basis, make recommendations on any proposed change to the Board to complement the Company's corporate strategies and assess the independence of independent non-executive Directors. Furthermore, the Nomination Committee will make recommendations to the Board on matters relating to the appointment or re-appointment of Directors and succession planning for Directors, subject to the final approval in the general meeting.

The Nomination Committee held four meetings during the year ended 31 December 2021 where it reviewed the structure, size and composition of the Board, identified individuals suitably qualified to become Board members, including Mr. Li Wenming, our former executive Director, and made recommendations to the Board on the selection of individuals nominated for directorships.

The Board has established a set of nomination policy (the "**Nomination Policy**") setting out the approach to nominate suitable candidates to the Board for it to consider and make recommendations to Shareholders for election as Directors at general meetings or appoint as Directors to fill casual vacancies. The criteria of nomination have been considered from a number of aspects, including but not limited to, skills, experience, qualifications and aspects as detailed in the board diversity policy as set out below.

The Nomination Committee shall convene meetings to review the qualification of candidates after collecting certain background information, including their occupation, academic background and work experience, to determine whether such candidate is qualified for directorship. The Nomination Committee shall then submit recommendations and the relevant materials to the Board concerning the candidates for directorship for consideration and decision.

In assessing the Board composition, the Board has adopted a board diversity policy (the "**Board Diversity Policy**") which sets out the approach to achieve diversity on the Board. All Board appointments shall be based on meritocracy, and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board, including but not limited to gender, age, cultural and educational background, professional experience and skills. The ultimate decision shall be based on merit and contribution that the selected candidates will bring to the Board.

The Nomination Committee will monitor the implementation of the Nomination Policy and Board Diversity Policy and review the Board composition under diversified perspectives to ensure the Board has a balance of skills, experience and diversity of perspectives appropriate to the needs of the Company's business. According to the articles of association of the Company (the "**Articles**"), the Board shall comprise five to nine Directors. As at the date of this report, the Board comprises five Directors. Two of them are independent non-executive Directors, thereby promoting critical review and control of the management process.

Audit Committee

The audit committee of the Company (the "**Audit Committee**") was established with the terms of reference aligned with the CG Code. The primary duties of the Audit Committee are to review and monitor the financial reporting process and internal controls system of the Group, overseeing the relationship with the Company's external auditor and to develop a policy on engaging external auditor to supply non-audit services to the Board. The Audit Committee comprises two independent non-executive Directors, namely, Mr. Chung Cheuk Ming and Mr. Yang Gaoyu and a non-executive Director, Mr. Lu Tingfu. The chairman of the Audit Committee is Mr. Chung Cheuk Ming.

The Audit Committee held three meetings during the year with management and/or representatives of the external auditor for reviewing the Group's unaudited interim results and audited annual results before submission to the Board for consideration and approval, reviewing the annual audit plan and scope of work of external auditor, discussing issues arising from the audits including internal controls, risk management and financial reporting and approving the audit fee. The Group's unaudited interim results for the six months ended 30 June 2021 and the audited annual results for the year ended 31 December 2021 have been reviewed by the Audit Committee, which has the opinion that the preparation of such results complied with the applicable accounting standards and requirements and that adequate disclosures have been made.

AUDITOR'S REMUNERATION

The Audit Committee is responsible for considering the appointment of the external auditor and reviewing any non-audit functions performed by the external auditor including whether such non-auditing functions could lead to any potential material adverse effect on the Company. During the year ended 31 December 2021, the remuneration paid/payable to the Company's external auditor (the "**Auditor**") for its statutory audit services and non-audit services were RMB1,059,000 and RMB311,000, respectively. The non-audit services mainly included the work on due diligence.

DIRECTORS' AND AUDITOR'S RESPONSIBILITIES IN RESPECT OF THE CONSOLIDATED FINANCIAL STATEMENTS

The Directors acknowledge their responsibilities for preparing the consolidated financial statements of the Company. The Board is responsible for preparing the financial statements of the Company and the Group with the support of the financial controller of the Group and financial department of the Group. In preparing the financial statements, the Board has applied the Hong Kong Financial Reporting Standards and consistently followed the appropriate accounting policies and provisions of laws. The Board aims to give a clear and fair assessment of the Group's results to the shareholders in the annual and interim reports, and make disclosures and announcements in a timely basis.

The Directors' responsibilities for the consolidated financial statements and the responsibilities of the Auditor to the shareholders are set out in pages 50 to 51 of this report.

GOING CONCERN BASIS

The Auditor does not express an opinion on the consolidated financial statements of the Group for the year ended 31 December 2021 due to the potential interaction of the multiple uncertainties and their possible cumulative effect on the consolidated financial statements.

The Directors are aware that the Group reported loss attributable to the owners of the Company of approximately RMB1,125,142,000 for the year ended 31 December 2021 and, as at 31 December 2021, the Group's current liabilities exceeded its current assets by approximately RMB2,205,918,000 and the Group had net liabilities of approximately RMB2,202,274,000. The Group's total borrowings amounted to approximately RMB742,638,000 were classified as current liabilities, while its cash and cash equivalent amounted to approximately RMB4,272,000 as at 31 December 2021. These conditions indicate the existence of material uncertainties which may cast significant doubt on the Group's ability to continue as a going concern. The Directors are of the opinion that the Group would be able to have sufficient working capital to finance its operations and to meet its financial obligations as and when they fall due for a period of not less than the next twelve months from 31 December 2021 after taking into consideration the measures as set out in Note 2 to the consolidated financial statements. Accordingly, the Directors are of the opinion that it is appropriate to prepare the consolidated financial statements for the year ended 31 December 2021 on a going concern basis.

Further discussion on the Group's going concern uncertainties and the Group's action plans have been set out in the "Report of the Board of Directors – Audit Qualifications for the Year Ended 31 December 2021", the "Independent Auditor's Report – Basis for Disclaimer of Opinion" and "Note 2 – Basis of Preparation – Going concern basis" to the consolidated financial statements in this report.

For details in relation to the material uncertainties which may cast significant doubt about the Group's ability to continue as a going concern, please refer to "Basis for Disclaimer of Opinion" in the Independent Auditor's Report.

COMPANY SECRETARY

Mr. Qian Di resigned as the company secretary of the Company on 16 July 2021. On the same date, Mr. Lee Chung Shing was appointed as the company secretary of the Company with effect from 16 July 2021. He is responsible to the Board for advising the Board on corporate governance matters. As confirmed by Mr. Lee, he has taken no less than 15 hours of relevant professional training during the year ended 31 December 2021 in compliance with the requirements of Rule 3.29 of the Listing Rules.

CORPORATE GOVERNANCE FUNCTIONS

The Board is responsible for performing the corporate governance functions as set out in the CG Code, which include to develop and review the Company's policies and practices on corporate governance; to review and monitor the training and continuous professional development of Directors and senior management; to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements; to develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and the Directors; and to review the Company's compliance with the CG Code and disclosure in this Corporate Governance Report.

MANAGEMENT FUNCTIONS

The Board is responsible for overall corporate strategy and monitoring and control of the performance of the Group whereas the management is responsible for the daily hands on operation.

When the Board delegates its management and administrative functions to the management, it has given clear directions as to the powers of the management and the circumstances where, the management on behalf of the Company shall obtain prior approval from the Board before making decisions or entering into any commitments. The Company has established a list of functions reserved to the Board for decision and those delegated to the management. The Board shall review those arrangements regularly.

INVESTOR RELATIONS AND COMMUNICATION WITH SHAREHOLDERS

The Company considers that effective communication with its shareholders is essential for enhancing investor relations and investor understanding of the Group's business performance and strategies. The Company also recognises the importance of transparency and timely disclosure of corporate information, which will enable shareholders and investors to make the best investment decisions.

To promote effective communication, the Company maintains its website at www.dsgd-sh.co, where up-to-date information on the Company's business operations and developments, financial information, corporate governance practices and other areas are posted. Investors and analysts briefings, press conferences and media interviews are conducted on a regular basis in order to keep shareholders and potential investors informed of the latest development of the Company.

The Company endeavors to maintain an on-going dialogue with its shareholders, in particular, through annual general meeting or other general meetings to communicate with the shareholders and encourage their participation. The chairman of the Board as well as the chairmen of the Audit Committee, the Nomination Committee and the Remuneration and Assessment Committee will make themselves available at the AGM to meet with the shareholders of the Company.

The forthcoming AGM will be held on 19 June 2022. The notice of AGM will be sent to shareholders of the Company in due course in accordance with the requirements of the Listing Rules.

The Company will continue to maintain an open and effective investor communication policy and to update investors on relevant information on the Group's business in a timely manner, subject to relevant regulatory requirement.

SHAREHOLDERS' RIGHTS

The Board welcomes shareholders to present their views and shareholders may at any time submit their questions and concerns about the Group. Enquiries may be put to the Board through our shareholders' email at investor@dsgd.co. Shareholders may also make enquiries to the Board by writing to the Secretary Office of the Board at the Company's office at 20F, Building G, Gateway International Plaza, No. 327 Tian Yao Qiao Road, Xuhui District, Shanghai, PRC (postal code: 200030) or Unit 16, 28/F, Hong Kong Plaza, No.188 Connaught Road West, Hong Kong.

AGM shall be convened once every year and within six months after the end of the preceding financial year. The Board shall convene an extraordinary general meeting within two months if two or more shareholders jointly holding in aggregate 10% or more of the Company's issued shares carrying voting rights at the general meeting request in writing and stating the objectives of the meeting. If the Board fails to issue a notice of meeting within 30 days after receiving the written request, the requisitioning shareholders themselves may convene a meeting within four months after the Board receives the said request, and the convening procedure shall to the extent possible be the same as the procedure by which the Board convenes general meetings.

In the case of AGM, shareholders holding in aggregate 5% or more of the Company's shares carrying voting rights are entitled to put forward new proposals in writing to the Company, and the Company shall place such proposals in the agenda for the said AGM to the extent that it falls within the powers of the general meeting.

To safeguard shareholders' interests and rights, a separate resolution is proposed for each substantially separate issue at general meetings, including the election of individual director.

All resolutions put forward at general meetings will be voted on by poll pursuant to the Listing Rules and poll results will be posted on the websites of the Company and of the Stock Exchange after each general meeting.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board acknowledges its responsibility for overseeing the Group's risk management and internal control systems and reviewing their effectiveness at least annually through the Audit Committee.

The Company has set up a risk management department to ensure effective internal control system of the Group. The internal control system of the Group also includes a defined management structure with limits of authority, formal policies and procedures of key processes, which allows the monitoring of controls of various functions and departments of the Group. Such systems are designed to help the Group achieve its business objectives, safeguard its assets against unauthorized use or disposition, ensure the maintenance of proper accounting records for the provision of reliable financial information for internal use or for publication, and ensure compliance with relevant legislation and regulations. The systems are designed to provide reasonable, but not absolute, assurance against material misstatement or loss, and to manage rather than eliminate risks of failure in the Group's operational systems and in the achievement of the Group's business objectives.

The Board has overall responsibility for evaluating and determining the nature and extent of the risks it is willing to take in achieving the Group's strategic objectives, and establishing and maintaining appropriate and effective risk management and internal control systems.

The Audit Committee assists the Board in overseeing the risk management and internal control systems of the Group, considering major findings on internal control matters and make recommendations to the Board.

The management of the Company design, implement and monitor the assessment of the risk management and internal controls and has reported and confirmed to the Board and the Audit Committee on the effectiveness of the risk management and internal control systems for the year ended 31 December 2021.

The internal audit function conducts reviews of the effectiveness of the Group's risk management and internal control systems based on the internal audit plan and ad hoc requests from the Board, Audit Committee and/or senior management. The annual internal audit plan is developed based on an assessment of various business and operational risks of the Group.

In order to review the effectiveness of internal control system, an internal audit team has been established specifically under the audit committee by the Company. A Risk Management Department was formed to further enhance the function of internal control and risk management of the Company. Internal audit team comprises four members, who among themselves possess wealth of financial, contract management, project management and legal experience. The duties of the internal audit team principally include:

- To monitor the operational process and business risk;
- To oversee the execution and implementation of contracts;
- To oversee the management programme and the implementation of internal control system, including (among others) finance, authorisation and procurement;
- To monitor the environmental conservation and production safety functions of the Group; and
- To hold meeting with the management so as to discuss the audit results and make recommendations.

The Board and the Audit Committee have reviewed the internal audit report and assessed the effectiveness of the Group's internal control and risk management system which covered all material controls, including financial, operational and compliance controls as well as risk management functions, during the year ended 31 December 2021. No major issue was raised but certain areas for improvement had been identified and considered for appropriate actions. The Board considered key areas of the internal control and risk management systems are generally effective and adequate including the adequacy of resources, staff qualifications and experiences, training programs and budget of the accounting, internal audit and financial reporting functions.

The Group has in place a policy on handling and dissemination of inside information. The Group has taken various procedures and measures, including arousing the awareness to preserve confidentiality of inside information within the Group, sending blackout period and securities dealing restrictions notification to the relevant directors, supervisors and employees regularly, disseminating information to specified persons on a need-to-know basis and regarding closely to the "Guidelines on Disclosure of Inside Information" issued by the Securities and Futures Commission in June 2012.

PURCHASE, SALES OR REDEMPTION OF LISTED SECURITIES

During the year ended 31 December 2021, neither the Company nor any of its subsidiaries had purchased, sold or redeemed any of the Company's listed securities.

RELATED PARTY TRANSACTIONS

A summary of related party transactions entered into by the Group during the year ended 31 December 2021 are disclosed in note 42 to the consolidated financial statements. The Directors consider that none of these related party transactions constitutes a discloseable connected transaction under Chapter 14A of the Listing Rules.

STAFF AND REMUNERATION POLICY

The Group staff functions were analysed as follows:

	Number of staff	
	2021	2020
Functions:		
Management	**9**	50
Sales and marketing	**8**	101
Accounting and finance	**5**	35
Administration and human resources	**2**	18
Technical and quality control	**–**	26
Storage centre	**–**	80
Civil engineer	**–**	261
Construction workers	**–**	873
Total	**24**	1,444

As at 31 December 2021, the Group had 24 employees (31 December 2020: 1,444 employees). During the year under review, total employees' remuneration (including Directors' remuneration) amounted to approximately RMB102,033,000 (2020: approximately RMB154,159,000). Employees' remuneration is determined by reference to industry practice as well as the performance, qualification and working experience of individual employee. Remuneration packages comprised basic salary, discretionary bonus, state-managed retirement benefit schemes for employees in the PRC and mandatory provident funds schemes for employees in Hong Kong.

The Group did not have a record of significant labour dispute or strike which disrupted daily operations. The Directors regarded that the relationship with its staff were excellent.

EMPLOYEE RETIREMENT SCHEMES

The Company participates in a mandatory provident fund scheme, which was registered under the Hong Kong Mandatory Provident Fund Schemes Ordinance (the "**MPF Ordinance**"), for all its employees in Hong Kong. The scheme is a defined contribution scheme and is funded by contributions from employer and employees in accordance with the provisions of the MPF Ordinance. No forfeited contribution may be used by the employer to reduce the contribution payable in the future years.

Furthermore, the employees of the Group in the PRC are members of state-managed defined contribution retirement benefits schemes operated by the local governments. The employers and the employees are obliged to make contributions at a certain percentage of the payroll under the rules of the schemes.

Details of the pension scheme contributions of the Group for the year ended 31 December 2021 are set out in notes 4 and 35 to the consolidated financial statements.

ENVIRONMENTAL POLICIES

The Group is committed to building an environmentally-friendly corporation that pays close attention to conserving natural resources. As reported by senior management, which is delegated by the Board to control and monitor the environmental, social and governance performances, the Board considers that the Group's environmental, social and governance performance, with respect to the subject areas and individual aspects that are set out in Appendix 27 to the Listing Rules, has been satisfactory.

The "Environmental, Social and Governance Report" required by the Listing Rules will be published separately on the websites of the Stock Exchange by the Company within three months from the date of publication of this report and which will set out the performance of the Group in the environmental and social aspects during the year ended 31 December 2021.

PRINCIPAL RISKS AND UNCERTAINTIES

The Group's financial condition, results of operations, and business prospects may be affected by a number of risks and uncertainties directly or indirectly pertaining to the Group's business. The following are the key risks and uncertainties identified by the Group.

Macro-Control Risk

The Company's operating income mainly comes from such trading business as sale of fuel oil, chemical fertilizers and agricultural products. These products are cyclic and are sensitive to macro-economy, cyclic changes of regional and global economy, the changes of the production capacity and output, demand of consumers, prices and supply of the raw materials, as well as prices and supply of the alternative products, which will have an impact on the Company's operations. Economic fluctuations also directly affect the demand for energy products including fuel oil, in particular, the Company's operating results will be affected by economic downturn.

Market Competition Risk

The Company endeavours to expand its trading business of petrochemical products. However, the Company has a long distance to catch up with certain major domestic petroleum and petrochemical companies with integrated operation of exploration, production and sales in terms of scale of operation, profitability, resource reserves, sales terminals, crude oil import and export rights and industrial chain extension. In December 2006, the government promulgated the Administrative Measure on the Crude Oil Market (《原油市場管理辦法》) and the Administrative Measures on the Petroleum Products Market (《成品油市場管理辦法》). With gradual opening of the domestic petroleum and petrochemical market, the Company will face strong competition from domestic and foreign petroleum and petrochemical enterprises in many business areas.

Price Fluctuation Risk

The Company is mainly engaged in commodities trading of fuel oil, chemical fertilizers and agricultural products etc. In recent years, the international crude oil price significantly fluctuates due to various factors. According to the Administrative Measures for Crude Oil Prices (Trial) (《石油價格管理辦法(試行)》) implemented on 7 May 2009, the formation mechanism of domestic petroleum products price has a further tendency towards marketisation, but is still properly managed by the government. Therefore, fluctuations in international crude oil price and fluctuations in domestic oil price may affect the Company's operating conditions, and have an impact on the operating results.

Default and Late Payment Risk

The Company is exposed to the risk that customers may delay or even be unable to pay us when the payments are due. These may put our cash flow and working capital under pressure. In addition, defaults in customers' payments can materially and adversely affect operation results of the Company and reduce our financial resources that would otherwise be available to fund other expenditures.

Financial Risk

The principal financial risks are set out in note 40 to the consolidated financial statements headed "FINANCIAL INSTRUMENTS – Financial Risks Management Objectives and Policies".

Business Risk

The Group's business, financial conditions, results of operations or future prospects may be affected by risks and uncertainties directly or indirectly pertaining to the conditions of the Group's counterparties in business such as customers. The trade and other receivables, finance lease receivables, financial guarantee contracts, factoring loan receivables, restricted bank balances and bank balances of the Group may not be recoverable. The customers of the Group for its agricultural and petrochemical products supply chain services and agrochemical products supply chain services consist of a large number of small customers with common risk characteristics that are representative of the customers' abilities to pay all amounts due in accordance with the contractual terms. Further details are set out in Note 40(b)(iv) to the consolidated financial statements. The risk factors could result in the Group's businesses, financial conditions, results of operations or future prospects differing materially from expected or historical results. There may be other risks which are not known to the Group or which may not be material now but could turn out to be material in the future.

Measures to Mitigate Such Risks

The Company is currently experiencing high debt level, liquidity shortage and adverse change in its financial conditions.

In light of the available working capital and customer demand in future, the management of the Company has no plan to aggressively expand the current businesses as it requires substantial amount of cash. The Company foresees that these businesses may continue to experience loss in the coming future and intends to carry out a business restructuring, including disposing of certain subsidiaries and associates of the Company. The Management will continue to implement cost controls and adjust the organisation structure (if necessary) from time to time in order to minimise the loss from these businesses.

The Company has ceased to carry out its agricultural big-data service business upon the disposal of the Shanghai Runtong Shares. Please refer to the announcement of the Company dated 5 July 2021 for details.

The Company will keep its shareholders and investors informed of developments in relation to the Group's business operation and financial position, the legal proceedings and other matters by way of further announcement(s) as and when appropriate.

COMPETING INTERESTS

As at 31 December 2021, none of the Directors or any of their respective associates, has engaged in any business that competes or may compete, either directly or indirectly, with the business of the Group, nor has any other conflict of interest with the Group.

PERMITTED INDEMNITY PROVISION

The Company has arranged for appropriate insurance cover for Directors' and officers' liabilities in respect of legal actions arising out of corporate activities against the Directors and officers of the Group. The permitted indemnity provision is in force for the benefit of the Directors as required by the provisions of the Companies Ordinance (Chapter 622 of the Laws of Hong Kong).

COMPLIANCE WITH THE LAWS AND REGULATIONS

The Company is a company established in the PRC and the H shares of which are listed on the Stock Exchange. The Group's operations are mainly carried out by the Company's subsidiaries in the PRC and in Hong Kong. Accordingly, the Group should comply with various applicable laws and regulations in the PRC and Hong Kong.

On 3 December 2021, Mr. Liu Jun resigned from his position as an independent non-executive director of the Company due to work adjustment. Following the resignation of Mr. Liu, the Board only has two independent non-executive directors, with the number of independent non-executive directors falling below the minimum number of three as required under Rule 3.10(1) of the Listing Rules. The Company has yet to succeed in its appeal to potential candidate for the independent non-executive Director vacancy. In this regard, the Company has been using, and will continue to use, its best endeavour to identify a suitable candidate as an independent non-executive director of the Company to fill the vacancy as soon as practicable.

During the year ended 31 December 2021 and up to date of this report, save as disclosed in this report, as far as the Company is aware, there was no material breach or non-compliance with the relevant laws and regulations by the Group that has a significant impact on our business and operation.

SUFFICIENCY OF PUBLIC FLOAT

Based on information that is publicly available to the Company and within the knowledge of the Directors, the Company has maintained a sufficient public float as required under the Listing Rules as at the date of this report.

AUDIT QUALIFICATIONS FOR THE YEAR ENDED 31 DECEMBER 2021

As disclosed in this report, the Auditor issued a disclaimer of opinion ("**2021 Audit Qualifications**") on the consolidated financial statements of the Group for the year ended 31 December 2021 due to (i) the multiple uncertainties relating to going concern; (ii) the limitation of scope on deconsolidation of the Anhui Huaxing and its subsidiaries, (collectively the "**Anhui Huaxing Group**"); and (iii) the limitation of scope on amount due to Anhui Huaxing, as described in the paragraph headed "Basis of Disclaimer of Opinion" of the independent auditor's report contained in this report. The Board would like to provide further information in relation to the following 2021 Audit Qualifications:

Management's view on and Plans to Address the 2021 Audit Qualifications

(i) Multiple uncertainties relating to going concern

By 5 July 2021, the Company received an execution ruling issued by the Shanghai Second Court dated 20 April 2021 in relation to the disposal of the Shanghai Runtong Shares to its pledgee in partial settlement of the debts at the prior agreed reserve price of the auction of RMB28,840,000 during the execution process of the Shanghai Second Court for the Zhiying Legal Proceedings. Thus, Shanghai Runtong ceased to be a subsidiary of the Company.

As at the date of this report, the Company is of the view that, there is no further room for negotiation with the debtors on the probable settlement of the outstanding material debts (including extension/renewal/refinancing/cash repayment/debt conversion to equity etc.) from the remaining business operations of the Group. The Company shall explore other ways to handle the outstanding debts.

The Group has pursued possible cooperation opportunities with potential external investors. On 11 March 2022, the Company entered into the Framework Agreement with the Potential Investor pursuant to which the Potential Investor intends to invest in the Company.

The Company expects that further details for the cooperation or investment, if any, will be available in June 2022, following the completion of the due diligence conducted by the Potential Investor and the relevant intermediaries as commissioned by it.

The Company is dedicated in resolving the Group's historical financial issues and proactive in exploring possible debt restructuring opportunities, including disposal of loss-making subsidiaries, devising new repayment plans with debtors and reaching out for potential investors. Meanwhile, the Company continues to seek for potential business and investment opportunities with an aim to broaden its source of income, so as to revive the Group's businesses.

The Company will keep its shareholders and investors informed of developments in relation to the Group's business operation and financial position, investment plans, the legal proceedings and other matters by way of further announcement(s) as and when appropriate.

(ii) Limitation of scope on deconsolidation of the Anhui Huaxing Group

Since the acceptance of the Bankruptcy Restructuring application and deconsolidation of Anhui Huaxing on 13 August 2021, the Company has lost control over Anhui Huaxing. The Company has used its best endeavour to communicate with Anhui Huaxing for obtaining information and documents required for audit work. Notwithstanding this, the provision of the information and documents could only be arranged under lengthened timespan and increased efforts.

The Directors and the Audit Committee take the view that, the disclaimer of opinion relating to "limitation of scope on deconsolidation of the Anhui Huaxing Group" would only affect the figures of the reporting period and also the corresponding comparative figures of the consolidated financial statement for the year ending 31 December 2022, but will be removed in the consolidated financial statements for the year ending 31 December 2023.

(iii) Limitation of scope on amount due to Anhui Huaxing

Since the acceptance of the Bankruptcy Restructuring application and deconsolidation of Anhui Huaxing on 13 August 2021, the Company has lost control over Anhui Huaxing. The Company has used its best endeavour to communicate with Anhui Huaxing for obtaining the information and documents required for audit work. Notwithstanding this, the provision of the information and documents could only be arranged under lengthened timespan and increased efforts.

The Group is now using its best endeavour to negotiate with Anhui Huaxing on the agreed figure of the amount due. If the confirmation of such agreed figure with no material varies can be obtained within 2022, the Directors and the Audit Committee take the view that this disclaimer of opinion relating to "limitation of scope on amount due to Anhui Huaxing" could be removed in the consolidated financial statements for the year ending 31 December 2022.

Audit Committee's view on the 2021 Audit Qualifications

The Audit Committee has critically reviewed the Management's position on the major judgement areas and concurred with the positions of the Management to the 2021 Audit Qualifications and the basis thereof.

SIGNIFICANT EVENTS DURING AND AFTER THE REPORTING PERIOD

(a) On 15 January 2020, the Jiujiang Bank issued and filed a statement of claim against Ever Fortune Financial Leasing Co., Ltd.* (瑞盈信融(深圳)融資租賃有限公司) ("**Ever Fortune**"), an indirect non-wholly owned subsidiary of the Company, under the People's Court of Nansha District, Guangzhou* (廣州市南沙區人民法院) for breach of a factoring agreement due to default in repayment of the principal and related interests by Ever Fortune. The Jiujiang Bank requested the court, among other things, to order Ever Fortune to repay a principal amount of RMB3,711,000 and related interests. Shenzhen Dasheng Finance Holding Co., Ltd.* (深圳市大生金融控股有限公司), a direct wholly-owned subsidiary of the Company and the former controlling shareholder of Ever Fortune, is one of the guarantors to such factoring agreement and was also named as one of the defendants. The court hearing of the proceedings was scheduled to be held on 24 March 2020.

As at the date of this report, the Company had not received any judgment in relation to such proceedings. Details of the above proceedings are set out in the Company's announcement dated 18 March 2020.

(b) On 16 January 2020, the Company received a civil judgment dated 19 December 2019 made by the Gansu Provincial Higher People's Court* (甘肅省高級人民法院) in relation to breach of loan agreement due to default in repayment of loan from CEFC Securities Shanghai Securities Limited (上海華信證券有限責任公司) ("**CEFC Securities**") in a principal amount of RMB300,000,000 and all related interest. According to such civil judgment, the Company shall repay CEFC Securities, (i) the principal amount of the loan of RMB300,000,000; (ii) relevant overdue interest of approximately RMB10,732,000; (iii) relevant compound interest of approximately RMB52,000; (iv) relevant penalty interest of approximately RMB1,445,000; and (v) CEFC Securities' legal fees of approximately RMB350,000. The guarantors to the loan, namely, Shenzhen Dasheng, a substantial shareholder (as defined in the Listing Rules) of the Company, Fujian Dasheng and HK Dasheng Investment shall undertake joint and several guarantee liability for the repayment obligations of the Company under (i) to (v) mentioned above. In the event that the Company fails to fulfil its repayment obligations set out above, CEFC Securities is entitled to the priority of compensation claims against the Company's pledge of account receivables from two independent third parties of approximately RMB406,000,000, and the interest to be repaid shall be doubled.

As at the date of this report, the Company did not make an appeal application on such civil judgment. Please refer to the Company's announcement dated 16 January 2020 for details.

(c) The Company failed to repay the plaintiffs pursuant to the execution ruling dated 15 May 2020 issued by the Shanghai Second Court in relation to the Zhiying Legal Proceedings. Pursuant to such execution ruling, the Company shall repay the Plaintiffs (i) the consideration of RMB129,166,715 and all related overdue interests; (ii) their legal fee of RMB500,000; and (iii) their property preservation liability insurance premium of RMB119,000. The Company shall also pay enforcement fees in the amount of RMB197,185.72.

The Company noticed that an auction announcement dated 27 November 2020 has been published by the Shanghai Second Court on the Gongpai Auction to put the Shanghai Runtong Shares on auction during the period from 8 January 2021 to 11 January 2021, with a reserve price of RMB28,840,000. On 25 February 2021, the Company noticed from the network platform of Gongpai Auction that such auction originally scheduled between 8 January 2021 and 11 January 2021 in relation to the Shanghai Runtong Shares did not proceed due to a request received by the court to re-assess the valuation of the Shanghai Runtong Shares, and an updated auction announcement has been published on Gongpai Auction by the Shanghai Second Court putting the Shanghai Runtong Shares on auction during the period between 27 February 2021 and 2 March 2021, with the same reserve price of RMB28,840,000. On 2 March 2021, the Company noticed from the network platform of Gongpai Auction that said auction in relation to the Shanghai Runtong Shares was not successful. Following the aforesaid failure of the re-scheduled auction, on 14 April 2021, the Company noticed that an updated auction announcement has been published on Gongpai Auction, putting the Shanghai Runtong Shares on auction during the period between 27 April 2021 and 30 April 2021, with a revised reserve price of RMB23,080,000.

By 5 July 2021, the Company received an execution ruling issued by the Shanghai Second Court dated 20 April 2021 in relation to the disposal of the Shanghai Runtong Shares to the pledgee in partial settlement of the debts at the prior agreed reserve price for the auction of RMB28,840,000 during the execution process of the Shanghai Second Court for the Zhiying Legal Proceedings. Thus, Shanghai Runtong ceased to be a subsidiary of the Company.

(d) On 11 August 2021, the Company was notified that an application for Bankruptcy Restructuring against Anhui Huaxing, a then wholly owned subsidiary of the Company, was filed with the Anhui Court by a creditor on 4 August 2021 on the ground that Anhui Huaxing was unable to repay the debt falling due. On 19 August 2021, the Company was informed that the Anhui Court has given a civil ruling on 13 August 2021 indicating its acceptance of such application with the outstanding amount involved of approximately RMB5,590,000. The Anhui Court has given a decision on 24 August 2021 regarding the establishment and appointment of the liquidation team as the administrator (the "**Administrator**") for the restructuring of Anhui Huaxing.

On 26 January 2022, the Company has been informed that a creditors' meeting of Anhui Huaxing would be held on 10 February 2022 to consider a restructuring proposal (the "**Restructuring Proposal**") as required under the Enterprise Bankruptcy Law. The Restructuring Proposal has been finalised and proposed at the relevant creditors' meetings. The Restructuring Proposal mainly comprises the introduction of Qilu Pharmaceutical (Inner Mongolia) Co., Ltd.* (齊魯製藥(內蒙古)有限公司), the intended investor for the Bankruptcy Restructuring (the "**Restructuring Investor**"), to invest not more than RMB651 million in Anhui Huaxing for Anhui Huaxing to settle its debts. Pursuant to Article 94 of the Enterprise Bankruptcy Law, Anhui Huaxing will no longer bear the responsibility for the repayment of debts relieved by the Bankruptcy Restructuring upon the completion of Bankruptcy Restructuring. The Administrator had confirmed the claim declarations from 169 creditors of Anhui Huaxing in the total amount of approximately RMB1,000,000,000. The Company was informed that the Restructuring Proposal was finally passed by the relevant creditors and approved by the Court pursuant to a civil ruling dated 16 February 2022. The Bankruptcy Restructuring shall complete within six months from the date of such civil ruling.

On 8 March 2022, the Company received a notification letter from Anhui Huaxing, stating that a change of shareholder of Anhui Huaxing was completed on 3 March 2022. As confirmed by the Anhui Huaxing, its entire equity interest was transferred to the Restructuring Investor on 3 March 2022.

For details of the development, please refer to the announcements of the Company dated 11 August 2021, 19 August 2021, 3 September 2021, 22 October 2021, 26 January 2022, 22 February 2022 and 8 March 2022.

(e) On 22 February 2022, the Company received a statement of claim filed by the Administrator on 24 January 2022 against the Company under the Court for the repayment of the financial assistance given to the Company by Anhui Huaxing in an aggregate principal amount of RMB35.5 million, default interest of approximately RMB13.5 million up to 23 January 2022 and the accrued interests from 24 January 2022 up to the date of repayment (the "**Legal Proceedings**") and all other costs and expenses in relation to the Legal Proceedings. A property preservation has been applied over the equity interests in Anhui Huaxing held by the Company in relation to the Legal Proceedings on 28 January 2022.

On 22 March 2022, the Company received a civil ruling dated 17 March 2022 issued by the Anhui Court in relation to the Legal Proceedings for the repayment of the financial assistance given to the Company by Anhui Huaxing. Pursuant to such civil ruling, the Company shall, within ten days from the effective date of the ruling, repay Anhui Huaxing (i) aggregate principal amount of RMB35.5 million; (ii) the accrued interests from the ruling date of 23 February 2022 up to the date of repayment; and (iii) the court fee of RMB291,866.

Asian Alliance (HK) CPA Limited

TO THE SHAREHOLDERS OF SHANGHAI DASHENG AGRICULTURE FINANCE TECHNOLOGY CO., LTD.
上海大生農業金融科技股份有限公司
(incorporated in the People's Republic of China with limited liability)

DISCLAIMER OF OPINION

We were engaged to audit the consolidated financial statements of Shanghai Dasheng Agriculture Finance Technology Co., Ltd. (the "**Company**") and its subsidiaries (collectively referred to as the "**Group**") set out on pages 52 to 172, which comprise the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

We do not express an opinion on the consolidated financial statements of the Group. Because of the significance of the matter described in the Basis of Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these consolidated financial statements. In all other respects, in our opinion, the consolidated financial statements have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR DISCLAIMER OF OPINION

(a) Multiple uncertainties relating to going concern

As described in Note 2 to the consolidated financial statements, the Group reported loss attributable to the owners of the Company of approximately RMB1,125,142,000 for the year ended 31 December 2021 and, as of that date, the Group's current liabilities exceeded its current assets by approximately RMB2,205,918,000 and the Group has net liabilities of approximately RMB2,202,274,000. The Group's total borrowings amounted to approximately RMB742,638,000 were classified as current liabilities, while its cash and cash equivalents amounted to approximately RMB4,272,000 as at 31 December 2021. In additions, the creditors including banks had taken legal actions against the Group to recover the debts as disclosed in Note 38 to the consolidated financial statements. These conditions indicate the existence of material uncertainties which may cast significant doubt about the Group's ability to continue as a going concern and therefore it may be unable to realise its assets and discharge its liabilities in the normal course of business.

BASIS FOR DISCLAIMER OF OPINION *(continued)*

(a) Multiple uncertainties relating to going concern *(continued)*

As explained in Note 2 to the consolidated financial statements, the consolidated financial statements have been prepared by the directors of the Company (the "**Directors**") on a going concern basis, the validity of which is dependent on the Group's ability to obtain sufficient future funding. Due to the uncertainty of the Group's ability to maintain adequate future cash flows, we were unable to ascertain whether the assumptions made by the Directors in preparing the consolidated financial statements on a going concern basis are proper and appropriate.

Should the going concern assumption be inappropriate, adjustments would be necessary to reclassify all non-current assets as current assets, write-down the value of assets to their recoverable amounts and to provide for further liabilities which may arise. The consolidated financial statements have not incorporated any of these adjustments. However, the uncertainty surrounding the Group's future cash flows raises significant doubt about the Group's ability to continue as a going concern. We consider that appropriate disclosures have been made in the consolidated financial statements concerning this situation, but we are unable to obtain adequate evidence concerning the Group's ability to meet any financial obligations as and when they fall due and we consider that this material uncertainty relating to going concern basis.

(b) Limitation of scope on deconsolidation of the Anhui Huaxing and its subsidiaries (collectively the "Anhui Huaxing Group")

As described in Note 37 to the consolidated financial statements, on 4 August 2021, an application for bankruptcy restructuring ("**Bankruptcy Restructuring Application**") against Anhui Huaxing Chemical Industry Company Limited* (安徽華星化工有限公司) ("**Anhui Huaxing**"), was filed with the People's Court of He County, Anhui Province (the "**Court**") in the People's Republic of China (the "**PRC**") by a creditor on the ground that Anhui Huaxing is unable to repay the debt falling due. Anhui Huaxing is a wholly-owned subsidiary of the Company which engages in agrochemical products supply chain services in the PRC. On 13 August 2021, the Court has accepted the Bankruptcy Restructuring Application against Anhui Huaxing and on 24 August 2021, the Court has given a decision regarding the establishment and appointment of the liquidation team as the administrator for the restructuring of Anhui Huaxing (the "**Bankruptcy Restructuring**").

Following the Court accepted the Bankruptcy Restructuring Application on 13 August 2021, the Group no longer had the power to govern the financial and operating policies of the Anhui Huaxing Group, and the control over the Anhui Huaxing Group was lost on that date. Accordingly, Anhui Huaxing Group was deconsolidated from the Group since 13 August 2021 (the "**Deconsolidation Date**").

* *For identification purposes only*

BASIS FOR DISCLAIMER OF OPINION *(continued)*

(b) Limitation of scope on deconsolidation of the Anhui Huaxing and its subsidiaries (collectively the "Anhui Huaxing Group") *(continued)*

Under the circumstances as explained above, we were unable to carry out procedures which we considered necessary on the books and records of the Anhui Huaxing Group to satisfy ourselves as to the existence, ownership, completeness, accuracy, valuation and classifications of its total assets and liabilities as at the Deconsolidation Date and of its profit for the period from 1 January 2021 to the Deconsolidation Date as listed as below. Consequently, we were unable to satisfy ourselves as to whether the loss on deconsolidation of subsidiaries of approximately RMB700,402,000 arising thereon was fairly stated. There were no other satisfactory audit procedures that we could adopt to obtain sufficient appropriate evidence in this regard.

The results of Anhui Huaxing Group:

	For the period from 1 January 2021 to 13 August 2021 RMB'000
Revenue	936,940
Cost of sales	(747,835)
Gross profit	189,105

NET ASSETS	700,376

BASIS FOR DISCLAIMER OF OPINION *(continued)*

(b) Limitation of scope on deconsolidation of the Anhui Huaxing and its subsidiaries (collectively the "Anhui Huaxing Group") *(continued)*

Any adjustments found to be necessary to the above amounts would affect the amounts recorded in the consolidated statement of profit or loss and other comprehensive income in respect of the Anhui Huaxing Group for the period from 1 January 2021 to the Deconsolidation Date, with a corresponding effect on the loss on the deconsolidation of subsidiaries, and the related disclosures thereof in the consolidated financial statements.

(c) Limitation of scope on amount due to Anhui Huaxing

At 31 December 2021, included in other payable is a balance of approximately RMB33,200,000 being amount due to the deconsolidated subsidiary, Anhui Huaxing, a company incorporated in the PRC. We were unable to obtain direct confirmation from Anhui Huaxing and other supporting evidence to satisfy ourselves as to whether the balance is free from material misstatement. There were no other alternative audit procedures that we could carry out to obtain sufficient and appropriate audit evidence to verify the accuracy and completeness of this balance as at 31 December 2021. Accordingly, we were unable to satisfy ourselves as to whether the amount due to Anhui Huaxing were fairly stated.

We consider the cumulative effect of the above matters on the consolidated financial statements is so extreme that we have disclaimed our opinion.

RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants ("**HKICPA**") and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the Directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our responsibility is to conduct an audit of the Group's consolidated financial statements in accordance with Hong Kong Standards on Auditing issued by the HKICPA and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these consolidated financial statements.

We are independent of the Group in accordance with the HKICPA's "Code of Ethics for Professional Accountants" (the "**Code**"), and we have fulfilled our other ethical responsibilities in accordance with the Code.

Notes:

(a) Pursuant to the relevant PRC regulations and the Articles of Association of the PRC companies within the Group, each of the People Republic of China ("**PRC**") companies within the Group is required to transfer 10% of its net profits, as determined under the PRC accounting regulations, to a statutory reserve fund until the fund aggregates to 50% of its registered capital. The transfer to this reserve shall be made before distribution of dividends to shareholders.

The statutory reserve fund shall only be used to make good previous years' losses, to expand its production operations, or to increase its capital. Upon approval by a resolution of the shareholders' general meeting, each of the PRC companies within the Group may convert its statutory reserve fund into share capital and issue bonus shares to existing shareholders in proportion to their original shareholdings, or to increase the nominal value of each share currently held by the shareholders, provided that the balance of the statutory reserve fund after such issue is not less than 25% of the registered capital.

(b) The Group's other reserve represents its share of revaluation surplus recognised as a result of fair value change in identifiable asset and liabilities when the Group acquired additional equity interests of certain subsidiaries in 2008. The Group has disposed of the entire equity interest of these subsidiaries during the year ended 31 December 2020.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2021

1. GENERAL

Shanghai Dasheng Agriculture Finance Technology Co., Ltd. (the "**Company**") and its subsidiaries (collectively referred to as the "**Group**") are principally engaged in (i) trading of petrochemical and agricultural products, (ii) financial services and (iii) agrochemical products supply chain services in the People's Republic of China (the "**PRC**"). Its parent is Shenzhen Dasheng Agricultural Group Co., Ltd. ("**Shenzhen Dasheng**") and its ultimate parent is Shenzhen Qianhai Dasheng Equity Investment Fund Co., Ltd., both are incorporated in the PRC. Its ultimate controlling party is Mr. Lan Huasheng, an executive director of the Company.

The Group offers "one-stop" solutions to customers ranging from procurement, storage and transportation of mass agricultural products, chemical fertilizers and petrochemical products. The Group's agricultural and petrochemical products supply chain service geographically covers the mass agricultural products procurement overseas as well as certain provinces and cities in downstream region of the Yangtze River and certain provinces and cities in Middle and Western China. The financial services that the Group provided include financial leasing and commercial factoring.

The Group discontinued the road and bridge construction business since year 2018 and completed the disposal during the year ended 31 December 2020. The Group also discontinued the agricultural big-data services since year 2020 and completed the disposal during the year ended 31 December 2021 (Note 12).

The Company is a joint stock limited company incorporated in the PRC. The address of the Company's registered office is 706 Renhe Building, No. 2056 Pudong Road, Pudong New Area, Shanghai, the PRC. Its principal place of business is located at 20/F, Building G, Gateway International Plaza, No. 327 Tian Yao Qiao Road, Xuhui District, Shanghai, the PRC.

The consolidated financial statements are presented in Renminbi ("**RMB**"), which is the same as the functional currency of the Company.

2. BASIS OF PREPARATION

(a) Statement of compliance

The consolidated financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("**HKFRSs**"), Hong Kong Accounting Standards ("**HKASs**") and interpretations (hereinafter collectively referred to as the "**HKFRSs**") issued by the Hong Kong Institute of Certified Public Accountants ("**HKICPA**") and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**").

2. BASIS OF PREPARATION *(continued)*

(b) Going concern basis

For the year ended 31 December 2021, the Group reported loss attributable to the owners of the Company of approximately RMB1,125,142,000 and, as of that date, the Group's current liabilities exceed its current assets of approximately RMB2,205,918,000 and net liabilities of approximately RMB2,202,274,000. The Group's total borrowings amounted to approximately RMB742,638,000 were classified as current liabilities, while its cash and cash equivalents amounted to approximately RMB4,272,000, as at 31 December 2021.

(i) The Company received an execution ruling issued by the Shanghai Second Intermediate People's Court* (上海市第二中級人民法院) dated 20 April 2021. According to the ruling, the Shanghai Runtong Shares had been disposed of to the Pledgee in partial settlement of the debts at the prior agreed reserve price of the auction of RMB28,840,000 during the execution process of the Court. Thus, Shanghai Runtong ceased to be a subsidiary of the Company.

(ii) The Company is dedicated in resolving the Group's historical financial issues and proactive in exploring possible debt restructuring opportunities, including disposal of loss-making subsidiaries, devising new repayment plans with debtors and reaching out for potential investors. Meanwhile, the Company continues to seek for potential business and investment opportunities with an aim to broaden its source of income, so as to revive the Group's businesses.

The directors of the Company (the "**Directors**") are of the opinion that the Group would be able to have sufficient working capital to finance its operations and to meet its financial obligations as and when they fall due for a period of not less than the next twelve months from 31 December 2021 after taking into consideration the above measures.

Accordingly, the Directors are of the opinion that it is appropriate to prepare these consolidated financial statements for the year ended 31 December 2021 on a going concern basis. The consolidated financial statements do not include any adjustments that would result from the failure of the Group to obtain sufficient future funding. Should the Group be unable to continue to operate as a going concern, adjustments would have to be made to reduce the carrying amounts of the assets of the Group to their recoverable amounts, to provide for further liabilities which might arise and to reclassify non-current assets and liabilities as current assets and liabilities, respectively.

** For illustrative purpose only*

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("**HKFRSs**")

New and Amendments to HKFRSs that are mandatorily effective for the current year

In the current year, the Group has applied the Amendments to References to the Conceptual Framework in HKFRS Standards and the following amendments to HKFRSs issued by the HKICPA for the first time, which are mandatorily effective for the annual period beginning on or after 1 January 2021 for the preparation of the consolidated financial statements:

Amendments to HKFRS 16	COVID-19 Related Rent Concessions
Amendments to HKFRS 9, HKAS 39, HKFRS 7 and HKFRS 4 and HKFRS 16	Interest Rate Benchmark Reform - Phase 2

In addition, the Group applied the agenda decision of the IFRS Interpretations Committee (the "**Committee**") of the International Accounting Standards Board issued in June 2021 which clarified the costs an entity should include as "estimated costs necessary to make the sale" when determining the net realisable value of inventories.

The application of the new and amendments to HKFRSs in the current year has had no material impact on the Group's financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

New and Amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

HKFRS 17	Insurance Contracts and the related Amendments[3]
Amendments to HKFRS 3	Reference to the Conceptual Framework[2]
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture[4]
Amendments to HKFRS 16	Covid-19-Related Rent Concessions beyond 30 June 2021[1]
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020)[3]
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies[3]
Amendments to HKAS 8	Definition of Accounting Estimates[3]
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction[3]
Amendments to HKAS 16	Property, Plant and Equipment - Proceeds before Intended Use[2]
Amendments to HKAS 37	Onerous Contracts - Cost of Fulfilling a Contract[2]
Amendments to HKFRSs	Annual Improvements to HKFRSs 2018-2020[2]

1 Effective for annual periods beginning on or after 1 April 2021.
2 Effective for annual periods beginning on or after 1 January 2022.
3 Effective for annual periods beginning on or after 1 January 2023.
4 Effective for annual periods beginning on or after a date to be determined.

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("**HKFRSs**") *(continued)*

New and Amendments to HKFRSs in issue but not yet effective *(continued)*

Amendments to HKFRS 3 *Reference to the Conceptual Framework*

The amendments:

— update a reference in HKFRS 3 Business Combinations so that it refers to the Conceptual Framework for Financial Reporting 2018 issued in June 2018 (the "**Conceptual Framework**") instead of Framework for the Preparation and Presentation of Financial Statements (replaced by the Conceptual Framework for Financial Reporting 2010 issued in October 2010);

— add a requirement that, for transactions and other events within the scope of HKAS 37 Provisions, Contingent Liabilities and Contingent Assets or HK(IFRIC)-Int 21 Levies, an acquirer applies HKAS 37 or HK(IFRIC)-Int 21 instead of the Conceptual Framework to identify the liabilities it has assumed in a business combination; and

— add an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination.

Amendments to HKAS 1 *Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2021)*

The amendments provide clarification and additional guidance on the assessment of right to defer settlement for at least twelve months from reporting date for classification of liabilities as current or non-current, which:

— specify that the classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period. Specifically, the amendments clarify that:

(i) the classification should not be affected by management intentions or expectations to settle the liability within 12 months; and

(ii) if the right is conditional on the compliance with covenants, the right exists if the conditions are met at the end of the reporting period, even if the lender does not test compliance until a later date; and (Note)

— clarify that if a liability has terms that could, at the option of the counterparty, result in its settlement by the transfer of the entity's own equity instruments, these terms do not affect its classification as current or non-current only if the entity recognises the option separately as an equity instrument applying HKAS 32 Financial Instruments: Presentation.

In addition, Hong Kong Interpretation 5 was revised as a consequence of the Amendments to HKAS 1 to align the corresponding wordings with no change in conclusion.

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("**HKFRSs**") *(continued)*

New and Amendments to HKFRSs in issue but not yet effective *(continued)*

Amendments to HKAS 1 and HKFRS Practice Statement 2 *Disclosure of Accounting Policies*

HKAS 1 is amended to replace all instances of the term "significant accounting policies" with "material accounting policy information". Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

The amendments also clarify that accounting policy information may be material because of the nature of the related transactions, other events or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is itself material. If an entity chooses to disclose immaterial accounting policy information, such information must not obscure material accounting policy information.

HKFRS Practice Statement 2 Making Materiality Judgements (the "**Practice Statement**") is also amended to illustrate how an entity applies the "four-step materiality process" to accounting policy disclosures and to judge whether information about an accounting policy is material to its financial statements. Guidance and examples are added to the Practice Statement.

Amendments to HKAS 8 *Definition of Accounting Estimates*

The amendments define accounting estimates as "monetary amounts in financial statements that are subject to measurement uncertainty". An accounting policy may require items in financial statements to be measured in a way that involves measurement uncertainty — that is, the accounting policy may require such items to be measured at monetary amounts that cannot be observed directly and must instead be estimated. In such a case, an entity develops an accounting estimate to achieve the objective set out by the accounting policy. Developing accounting estimates involves the use of judgements or assumptions based on the latest available, reliable information.

In addition, the concept of changes in accounting estimates in HKAS 8 is retained with additional clarifications.

Except from above, the Directors anticipate that the application of all other new and amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

4. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Listing Rules and by the disclosure requirements of the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 Share-based Payment, leasing transactions that are accounted for in accordance with HKFRS 16 (since 1 January 2019) or HKAS 17 (before application of HKFRS 16), and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 *Inventories* or value in use in HKAS 36 *Impairment of Assets*.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For financial instruments and investment properties which are transacted at fair value and a valuation technique that unobservable inputs is to be used to measure fair value in subsequent periods, the valuation technique is calibrated so that at initial recognition the results of the valuation technique equals the transaction price.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

- Level 3 inputs are unobservable inputs for the asset or liability.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

The principal accounting policies are set out below.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each item of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Basis of consolidation *(continued)*

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Non-controlling interests in subsidiaries are presented separately from the Group's equity therein, which represent present ownership interests entitling their holders to a proportionate share of net assets of the relevant subsidiaries upon liquidation.

Changes in the Group's interests in existing subsidiaries

Changes in the Group's interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's relevant components of equity and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries, including reattribution of relevant reserves between the Group and the non-controlling interests according to the Group's and the non-controlling interests' proportionate interests.

Any difference between the amount by which the non-controlling interests are adjusted, and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, the assets and liabilities of that subsidiary and non-controlling interests (if any) are derecognised. A gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the carrying amount of the assets (including goodwill), and liabilities of the subsidiary attributable to the owners of the Company. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable HKFRSs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under HKFRS 9 *Financial Instruments* ("**HKFRS 9**") or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Subsidiaries

A subsidiary is an investee over which the Company is able to exercise control. The Company controls an investee if all three of the following elements are present: (1) power over the investee, (2) exposure, or rights, to variable returns from the investee, and (3) the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, investments in subsidiaries are stated at cost less impairment loss, if any. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable

Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business (see the accounting policy above) less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or group of cash-generating units) that is expected to benefit from the synergies of the combination, which represent the lowest level at which the goodwill is monitored for internal management purposes and not larger than an operating segment.

A cash-generating unit (or group of cash-generating units) to which goodwill has been allocated is tested for impairment annually or more frequently when there is indication that the unit may be impaired. For goodwill arising on an acquisition in a reporting period, the cash-generating unit (or group of cash-generating units) to which goodwill has been allocated is tested for impairment before the end of that reporting period. If the recoverable amount is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit (or group of cash-generating units).

On disposal of the relevant cash-generating unit or any of the cash-generating unit within the group of cash generating units, the attributable amount of goodwill is included in the determination of the amount of profit or loss on disposal. When the Group disposes of an operation within the cash-generating unit (or a cash- generating unit within a group of cash-generating units), the amount of goodwill disposed of is measured on the basis of the relative values of the operation (or the cash-generating unit) disposed of and the portion of the cash-generating unit (or the group of cash-generating units) retained.

The Group's policy for goodwill arising on the acquisition of an associate and a joint venture is described below.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Investments in associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates and joint ventures are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is or the portion so classified is accounted for in accordance with HKFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*. Any retained portion of an investment in an associate or a joint venture that has not been classified as held for sale continues to be accounted for using the equity method. The financial statements of associates and joint ventures used for equity accounting purposes are prepared using uniform accounting policies as those of the Group for like transactions and events in similar circumstances. Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. Changes in net assets of the associate/joint venture other than profit or loss and other comprehensive income are not accounted for unless such changes resulted in changes in ownership interest held by the Group. When the Group's share of losses of an associate or joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised immediately in profit or loss in the period in which the investment is acquired.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Investments in associates and joint ventures *(continued)*

The Group assesses whether there is an objective evidence that the interest in an associate or a joint venture may be impaired. When any objective evidence exists, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with HKAS 36 as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised is not allocated to any asset, including goodwill, that forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with HKAS 36 to the extent that the recoverable amount of the investment subsequently increases.

When the Group ceases to have significant influence over an associate or joint control over a joint venture, it is accounted for as a disposal of the entire interest in the investee with a resulting gain or loss being recognised in profit or loss. When the Group retains an interest in the former associate or joint venture and the retained interest is a financial asset within the scope of HKFRS 9, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition. The difference between the carrying amount of the associate or joint venture and the fair value of any retained interest and any proceeds from disposing the relevant interest in the associate or joint venture is included in the determination of the gain or loss on disposal of the associate or joint venture. In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associate or joint venture on the same basis as would be required if that associate or joint venture had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income by that associate or joint venture would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) upon disposal/partial disposal of the relevant associate or joint venture.

The Group continues to use the equity method when an investment in an associate becomes an investment in a joint venture or an investment in a joint venture becomes an investment in an associate. There is no remeasurement to fair value upon such changes in ownership interests.

When the Group reduces its ownership interest in an associate or a joint venture but the Group continues to use the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be reclassified to profit or loss on the disposal of the related assets or liabilities.

When a group entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associate or joint venture are recognised in the Group's consolidated financial statements only to the extent of interests in the associate or joint venture that are not related to the Group.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

When the Group is committed to a sale plan involving loss of control of a subsidiary, all of the assets and liabilities of that subsidiary are classified as held for sale when the criteria described above are met, regardless of whether the Group will retain a non-controlling interest in the relevant subsidiary after the sale.

When the Group is committed to a sale plan involving disposal of an investment, or a portion of an investment, in an associate or joint venture, the investment or the portion of the investment that will be disposed of is classified as held for sale when the criteria described above are met, and the Group discontinues the use of the equity method in relation to the portion that is classified as held for sale from the time when the investment (or a portion of the investment) is classified as held for sale.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs to sell, except for financial assets within the scope of HKFRS 9, investment properties and deferred tax assets which continue to be measured in accordance with the accounting policies as set out in respective sections.

Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Revenue from contracts with customers *(continued)*

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates and enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with HKFRS 9. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

A contract asset and a contract liability relating to the same contract are accounted for an presented on a net basis.

Over time revenue recognition: measurement of progress towards complete satisfaction of a performance obligation

Input method

The progress towards complete satisfaction of a performance obligation is measured based on input method, which is to recognise revenue on the basis of the Group's efforts or inputs to the satisfaction of a performance obligation relative to the total expected inputs to the satisfaction of that performance obligation, that best depict the Group's performance in transferring control of goods or services.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Revenue from contracts with customers *(continued)*

Principal versus agent

When another party is involved in providing goods or services to a customer, the Group determines whether the nature of its promise is a performance obligation to provide the specified goods or services itself (i.e. the Group is a principal) or to arrange for those goods or services to be provided by the other party (i.e. the Group is an agent).

The Group is a principal if it controls the specified good or service before that good or service is transferred to a customer.

The Group is an agent if its performance obligation is to arrange for the provision of the specified good or service by another party. In this case, the Group does not control the specified good or service provided by another party before that good or service is transferred to the customer. When the Group acts as an agent, it recognises revenue in the amount of any fee or commission to which it expects to be entitled in exchange for arranging for the specified goods or services to be provided by the other party.

Leases

Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified or arising from business combinations on or after the date of initial application, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

The Group as a lessee

Allocation of consideration to components of a contract

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components and the aggregate stand-alone price of non-lease components.

Non-lease components are separated from lease component on the basis of their relative stand-alone prices.

As a practical expedient, leases with similar characteristics are accounted on a portfolio basis when the Group reasonably expects that the effects on the consolidated financial statements would not differ materially from individual leases within the portfolio.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Leases *(continued)*

Short-term leases

The Group applies the short-term lease recognition exemption to leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. Lease payments on short-term leases are recognised as expense on a straight-line basis or another systematic basis over the lease term.

Right-of-use assets

The cost of right-of-use asset includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

Refundable rental deposits

Refundable rental deposits paid are accounted under HKFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Leases *(continued)*

Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include:

- fixed payments (including in-substance fixed payments) less any lease incentives receivable;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable by the Group under residual value guarantees;
- the exercise price of a purchase option if the Group is reasonably certain to exercise the option; and
- payments of penalties for terminating a lease, if the lease term reflects the Group exercising an option to terminate the lease.

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

The Group as a lessor

Classification and measurement of leases

Leases for which the Group is a lessor are classified as operating leases.

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset, and such costs are recognised as an expense on a straight-line basis over the lease term except for investment properties measured under fair value model. Variable lease payments for operating leases that depend on an index or a rate are estimated and included in the total lease payments to be recognised on a straight-line basis over the lease term. Variable lease payments that do not depend on an index or a rate are recognised as income when they arise.

Allocation of consideration to components of a contract

When a contract includes both leases and non-lease components, the Group applies HKFRS 15 Revenue from Contracts with Customers ("**HKFRS 15**") to allocate consideration in a contract to lease and non-lease components. Non-lease components are separated from lease component on the basis of their relative stand-alone selling prices.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Leases *(continued)*

The Group as a lessor *(continued)*

Refundable rental deposits

Refundable rental deposits received are accounted for under HKFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments from lessees.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Nonmonetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's operations are translated into the presentation currency of the Group (i.e. RMB) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the period. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of "Currency translation reserve" (attributed to non-controlling interests as appropriate).

On the disposal of a foreign operation (that is, a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

In addition, in relation to a partial disposal of a subsidiary that does not result in the Group losing control over the subsidiary, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

Goodwill and fair value adjustments on identifiable assets acquired arising on an acquisition of a foreign operation are treated as assets and liabilities of that foreign operation and translated at the rate of exchange prevailing at the end of each reporting period. Exchange differences arising are recognised in other comprehensive income.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

Any specific borrowing that remains outstanding after the related asset is ready for its intended use or sale is included in the general borrowing pool for calculation of capitalization rate on general borrowings. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognised as deferred income in the consolidated statement of financial position and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

A liability for a termination benefit is recognised at the earlier of when the Group entity can no longer withdraw the offer of the termination benefit and when it recognises any related restructuring costs.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Short-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deducting any amount already paid.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from loss before tax because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Taxation *(continued)*

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 Income Taxes requirements to right-of-use assets and lease liabilities separately. Temporary differences relating to right-of-use assets and lease liabilities are not recognised at initial recognition and over the lease terms due to application of the initial recognition exemption.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied the same taxable entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Property, plant and equipment

Property, plant and equipment including buildings held for use in the production or supply of goods or services, or for administrative purposes (other than construction in progress as described below) are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of assets other than construction in progress less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Property, plant and equipment *(continued)*

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Construction in progress is stated at cost less impairment losses. Cost comprises direct costs of construction as well as borrowing costs capitalised during the periods of construction and installation. Capitalisation of these costs ceases and the construction in progress is transferred to the appropriate class of property, plant and equipment when substantially all the activities necessary to prepare the assets for their intended use are completed. No depreciation is provided for in respect of construction in progress until it is completed and ready for its intended use.

Intangible assets

Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at costs less accumulated amortisation and any accumulated impairment losses. Amortisation for intangible assets with finite useful lives is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less any subsequent accumulated impairment losses.

Internally-generated intangible assets - research and development expenditure

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development activities (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Intangible assets *(continued)*

Internally-generated intangible assets - research and development expenditure *(continued)*

The amount initially recognised for internally-generated intangible asset is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses (if any), on the same basis as intangible assets that are acquired separately.

Intangible assets acquired in a business combination

Intangible assets acquired in a business combination are recognised separately from goodwill and are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets acquired in a business combination with finite useful lives are reported at costs less accumulated amortisation and any accumulated impairment losses, on the same basis as intangible assets that are acquired separately. Intangible assets acquired in a business combination with indefinite useful lives are carried at cost less any subsequent accumulated impairment losses.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Impairment on property, plant and equipment, right-of-use assets and intangible assets other than goodwill

At the end of the reporting period, the Group reviews the carrying amounts of its property, plant and equipment, right-of-use assets and intangible assets with finite useful lives to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any). Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that they may be impaired.

The recoverable amount of property, plant and equipment, right-of-use assets and intangible assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Impairment on property, plant and equipment, right-of-use assets and intangible assets other than goodwill *(continued)*

In testing a cash-generating unit for impairment, corporate assets are allocated to the relevant cash-generating unit when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of cash generating units for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the cash-generating unit or group of cash-generating units to which the corporate asset belongs, and is compared with the carrying amount of the relevant cash generating unit or group of cash-generating units.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a cash-generating unit, the Group compares the carrying amount of a group of cash-generating units, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of cash-generating units, with the recoverable amount of the group of cash-generating units. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of cash-generating units. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of cash-generating units. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit or the group of cash-generating units) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit or the group of cash-generating units) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on a first-in, first-out method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

Provisions for the expected cost of warranty obligations under the relevant sale of goods legislation are recognised at the date of sale of the relevant products, at the directors' best estimate of the expenditure required to settle the Group's obligation.

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss ("**FVTPL**")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Financial instruments *(continued)*

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest income which are derived from the Group's ordinary course of business are presented as revenue.

Financial assets

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at FVTOCI:

- the financial asset is held within a business model whose objective is achieved by both selling and collecting contractual cash flows and selling; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at FVTPL, except that at the date of initial application of HKFRS 9/initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 *Business Combinations* applies.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Financial instruments *(continued)*

Financial assets *(continued)*

Classification and subsequent measurement of financial assets *(continued)*

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or FVTOCI as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

(a) Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost and debt instruments/receivables subsequently measured at FVTOCI. For financial instruments other than purchased or originated credit-impaired financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

For purchased or originated credit-impaired financial assets, the Group recognises interest income by applying the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition. The calculation does not revert to the gross basis even if the credit risk of the financial asset subsequently improves so that the financial asset is no longer credit-impaired.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Financial instruments *(continued)*

Financial assets *(continued)*

Classification and subsequent measurement of financial assets *(continued)*

(b) Equity instruments designated as at FVTOCI

Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the FVTOCI reserve; and are not subject to impairment assessment. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments, and will be transferred to retained profits.

Dividends from these investments in equity instruments are recognised in profit or loss when the Group's right to receive the dividends is established, unless the dividends clearly represent a recovery of part of the cost of the investment. Dividends are included in the "other income" line item in profit or loss.

(c) Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI or designated as FVTOCI are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial asset and is included in the "other gains and losses" line item.

Impairment of financial assets

The Group performs impairment assessment under expected credit loss ("**ECL**") model on financial assets (including trade receivables, finance lease receivables, factoring loan receivables and other receivables) and other items (contract assets and financial guarantee contracts) which are subject to impairment under HKFRS 9. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL ("**12m ECL**") represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Financial instruments *(continued)*

Financial assets *(continued)*

Impairment of financial assets *(continued)*

The Group always recognises lifetime ECL for trade receivables, finance lease receivables and factoring loan receivables. The ECL on these assets are assessed individually for debtors with significant balances or collectively using a provision matrix with appropriate groupings.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

(i) Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Financial instruments *(continued)*

Financial assets *(continued)*

Impairment of financial assets *(continued)*

(i) Significant increase in credit risk *(continued)*

Despite the aforegoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the reporting date. A debt instrument is determined to have low credit risk if i) it has a low risk of default, ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations. The Group considers a debt instrument to have low credit risk when it has an internal or external credit rating of 'investment grade' as per globally understood definitions.

For financial guarantee contracts, the date that the Group becomes a party to the irrevocable commitment is considered to be the date of initial recognition for the purposes of assessing impairment. In assessing whether there has been a significant increase in the credit risk since initial recognition of financial guarantee contracts, the Group considers the changes in the risk that the specified debtor will default on the contract.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Financial instruments *(continued)*

Financial assets *(continued)*

Impairment of financial assets *(continued)*

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit impaired includes observable data about the following events:

(a) significant financial difficulty of the issuer or the borrower;
(b) a breach of contract, such as a default or past due event;
(c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
(d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
(e) the disappearance of an active market for that financial asset because of financial difficulties.

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over three years past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Impairment of financial assets *(continued)*

(v) Measurement and recognition of ECL *(continued)*

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition. For a lease receivable, the cash flows used for determining the ECL is consistent with the cash flows used in measuring the lease receivable in accordance with HKFRS 16.

Lifetime ECL for trade receivables are considered on a collective basis taking into consideration past due information and relevant credit information such as toward looking macroeconomic information.

For collective assessment, the Group takes into consideration the following characteristic when formulating the grouping:

- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset.

For a financial guarantee contract, the Group is required to make payments only in the event of a default by the debtor in accordance with the terms of the instrument that is guaranteed. Accordingly, the ECL is the present value of the expected payments to reimburse the holder for a credit loss that it incurs less any amounts that the Group expects to receive from the holder, the debtor or any other party.

Except for financial guarantee contracts, the Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables, finance lease receivables, factoring loan receivables and other receivables where the corresponding adjustment is recognised through a loss allowance account

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Financial instruments *(continued)*

Financial assets *(continued)*

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

On derecognition of an investment in equity instrument which the Group has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the FVTOCI reserve is not reclassified to profit or loss, but is transferred to accumulated losses.

Financial liabilities and equity

Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

4. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Financial instruments *(continued)*

Financial assets *(continued)*

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities at amortised cost

Financial liabilities including trade and other payables and borrowings are subsequently measured at amortised cost, using the effective interest method.

Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument. Financial guarantee contract liabilities are measured initially at their fair values. It is subsequently measured at the higher of:

- the amount of the loss allowance determined in accordance with HKFRS 9; and
- the amount initially recognised less, where appropriate, cumulative amortisation recognised over the guarantee period.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and consideration paid or payable is recognised in profit or loss.

5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in Note 4, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY *(continued)*

Critical judgments in applying accounting policies

The following is the critical judgement, apart from those involving estimations (see below), that the Directors have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements.

Going concern and liquidity

As explained in Note 2 to the consolidated financial statements, the financial position of the Group indicates the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern. The assessment of the going concern assumptions involves making judgement by the management, at a particular point of time, about the future outcome of events or conditions which are inherently uncertain. The management considers that the Group has ability to continue as a going concern and the major conditions that may cast significant doubt on the going concern assumptions are set out in Note 2 to the consolidated financial statements.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(a) Provision of ECL for trade and other receivables

Trade and other receivables with significant balances and credit-impaired are assessed for ECL individually.

In addition, the Group uses practical expedient in estimating ECL on trade receivables which are not assessed individually using a provision matrix. The provision rates are based on aging of debtors as groupings of various debtors taking into consideration the Group's historical default rates and forward-looking information that is reasonable and supportable available without undue costs. At every reporting date, the historical observed default rates are reassessed and changes in the forward-looking information are considered.

The provision of ECL is sensitive to changes in estimates. The information about the ECL and the Group's trade and other receivables are disclosed in Notes 27 and 40(b).

(b) Estimated impairment of property, plant and equipment, right-of-use assets and intangible assets

Property, plant and equipment, right-of-use assets and intangible assets are stated at costs less accumulated depreciation and impairment, if any. In determining whether an asset is impaired, the Group has to exercise judgment and make estimation, particularly in assessing: (1) whether an event has occurred or any indicators that may affect the asset value; (2) whether the carrying value of an asset can be supported by the recoverable amount, in the case of value in use, the net present value of future cash flows which are estimated based upon the continued use of the asset; and (3) the appropriate key assumptions to be applied in estimating the recoverable amounts including cash flow projections and an appropriate discount rate. When it is not possible to estimate the recoverable amount of an individual asset (including right-of-use assets), the Group estimates the recoverable amount of the cash-generating unit to which the assets belong. Changing the assumptions and estimates, including the discount rates or the growth rate in the cash flow projections, could materially affect the net present value used in the impairment test.

7. SEGMENT INFORMATION

Information reported to the board of directors of the Company (the "**Board**"), being the chief operating decision maker ("**CODM**"), for the purposes of resource allocation and assessment of segment performance focuses on types of goods or services delivered or provided. No operating segments identified by the CODM have been aggregated in arriving at the reportable segments of the Group.

The Group now has three reportable segments. The segments are managed separately as each business offers different products and services and requires different business strategies. The following summary describes the operations in each of the Group's reportable segments:

- Agricultural and petrochemical products supply chain services (including chemical fertilizers, fuel oil, mixed aromatics, white sugar, food products and frozen products)

- Financial leasing and commercial factoring services

- Agrochemical products supply chain services - production and sale of pesticides and chemical products

Operating segments regarding the agricultural big-data services were discontinued during the year ended 31 December 2020. The segment information reported below does not include any amounts for these discontinued operations, which are described in more details in Note 12 to the consolidated financial statements.

Under the Law of the People's Republic of China on Enterprise Income Tax (the "**EIT Law**") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25% for both years.

One of the Company's subsidiaries has obtained the qualification of High and New Technology Enterprise from the relevant PRC government authorities and subject to a preferential tax rate of 15% for 2021 and 2020. The subsidiary has been deconsolidated from the consolidated financial statement of the Group during the year ended 31 December 2021. For details, please refer to Note 12.

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No.7) Bill 2017 ("**the Bill**") which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day. Under the two-tiered profits tax rates regime, the first HK$2 million of profits of the qualifying group entities will be taxed at 8.25% and profits above HK$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

The Directors considered the amount involved upon implementation of the two-tiered profits tax rates regime as insignificant to the consolidated financial statements. Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profit for both years.

(a) Discontinued agricultural big-data services operation

On 26 May 2020, the Company received an execution ruling dated 15 May 2020 issued by the Shanghai No. 2 Intermediate People's Court* (上海市第二中級人民法院) (the "**Shanghai Second Court**") (the "**Zhiying Legal Proceedings**"). Pursuant to such execution ruling, the Company shall repay the plaintiffs (i) the consideration of RMB129,166,715 and all related overdue interests; (ii) their legal fee of RMB500,000; and (iii) their property preservation liability insurance premium of RMB119,000. The Company shall also pay enforcement fees in the amount of RMB197,185.72.

In case where the Company fails to fulfil its repayment obligations, the plaintiffs may enter into an agreement with Shanghai Kaiyi Corporate Management Consultancy Co., Ltd.* (上海諧易企業管理諮詢有限公司) ("**Shanghai Kaiyi**"), a direct wholly-owned subsidiary of the Company, pursuant to the civil mediation order issued by the Shanghai Second Court, where the plaintiffs may be compensated through the value conversion of the Company's 80% equity interests in Shanghai Runtong Industrial and Investment Co., Limited* (上海潤通實業投資有限公司) (the"**Shanghai Runtong Shares**") pledged by Shanghai Kaiyi, or be compensated on a preferential basis through auction or sale of the Shanghai Runtong Shares.

12. DISCONTINUED OPERATIONS AND DISPOSAL GROUP/ASSETS HELD FOR SALE *(continued)*

Notes: (continued)

(a) Discontinued agricultural big-data services operation *(continued)*

The Company failed to repay the plaintiffs pursuant to the execution ruling dated 15 May 2020 and that an auction announcement dated 27 November 2020 has been published by the Shanghai Second Court on the public auction network (www.gpai.net) (the "**Gongpai Auction**") to put the Shanghai Runtong Shares on auction during the period from 8 January 2021 to 11 January 2021 through the network platform of Gongpai Auction, with a reserve price of RMB28,840,000. The auction was subsequently re-scheduled to between 27 February 2021 and 2 March 2021 with a same reserve price. On 2 March 2021, the Company noticed from the network platform of Gongpai Auction that said auction was not successful.

The assets and liabilities attributable to this business, which were expected to be sold within twelve months, have been classified as a disposal group held for sale and are presented separately in the consolidated statement of financial position as at 31 December 2020.

By 5 July 2021, the Company received an execution ruling issued by the Shanghai Second Court dated 20 April 2021 in relation to the disposal of the Shanghai Runtong Shares to the pledgee in partial settlement of the debts at the prior agreed reserve price for the auction of RMB28,840,000 during the execution process of the Shanghai Second Court for the Zhiying Legal Proceedings. Shanghai Runtong ceased to be a subsidiary of the Company upon the issue of the execution ruling against the Company.

The results from the discontinued agricultural big-data services operation for the period from 1 January 2021 to 20 April 2021 and for the year ended 31 December 2020 are set out below:

(b) Discontinued construction of roads and bridges operation

On 5 June 2018, CEFC Shanghai Securities Limited ("**CEFC**") issued and filed a statement of claim (the "**CEFC Statement of Claim**"), against Shanghai Dasheng Agro-chemical Co., Ltd *(上海大生農化有限公司) ("**Shanghai Agro-chemical**"), a wholly-owned subsidiary of the Company, under the Shanghai Second Court for a breach of loan agreement due to default in repayment of loan in a principal amount of RMB300,000,000 and all related interests (the "**CEFC Loan**").

Pursuant to a civil mediation order issued by Shanghai Second Court on 22 February 2019, Shanghai Agro-chemical shall make a one-off and full payment of approximately RMB310,052,000 (including the principal amounts and related interests) and the overdue interests/advance interests and the corresponding legal fee and guarantee fee incurred, within three days from the effective date of the civil mediation order (the "**Repayment**").

As Shanghai Agro-chemical failed to fulfill the Repayment under two enforcement notices dated 10 April 2019 and 12 April 2019 issued by the Shanghai Second Court that received on 18 April 2019. On 30 May 2019, the Company received an execution ruling dated 23 April 2019 issued by the Shanghai Second Court, which the Shanghai Second Court ordered, inter alia, that the Company's 91.3% equity interests (the "**Nantong shares**") in Nantong Road and Bridge Engineering Co., Ltd.*(南通路橋工程有限公司) ("**Nantong Road and Bridge**") be sealed up, distrained, auctioned or sold.

The auction of the Nantong Shares, during the period from 3 January 2020 to 6 January 2020 through the network platform of Gongpai Auction, have been successfully closed with an auction result of RMB456,320,000. On 24 February 2020, the Company received an execution ruling dated 19 January 2020 from the Shanghai Second Court in relation to the successful auction of the Nantong Shares pursuant to which the successful bidder is eligible to initiate the transfer of the Company's interest in the Nantong Shares on the date of receipt of such execution ruling. The disposal of Nantong Shares was completed on 19 January 2020, and after such disposal, Nantong Road and Bridge was no longer a subsidiary of the Company.

The carrying amounts of the assets and liabilities of Nantong Road and Bridge as at the date of disposal are disclosed in Note 36(b).

(c) Prior to the acquisition of Anhui Huaxing by the Group, Anhui Huaxing entered into the disposal agreement with a purchaser (the "**Purchaser I**"), whereby the Purchaser I has conditionally agreed to purchase and Anhui Huaxing has conditionally agreed to dispose of a plot of land located in the chemical plant in Wujiang Town, the Country (和縣烏江鎮精細化工基地內) in the PRC at the consideration of RMB5,000,000 (the "**Disposal I**"). A supplemental agreement was entered into with the revised consideration of RMB3,877,000 during the year ended 31 December 2020. The Disposal I was completed on 22 May 2020.

Notes:

(a) Mr. Li Wenming was appointed as executive director on 18 June 2021 and resigned on 30 March 2022.

(b) Mr. Yan Zebin resigned as executive director on 15 January 2021.

(c) Mr. Liu Jun resigned as independent non-executive director on 3 December 2021.

(d) Mr. Zhou Jianhao was passed away on 3 February 2020.

The discretionary bonuses for both years were determined with reference to the performance against corporate objectives, the profit of the Group and the achievement of individual performance targets.

There was no arrangement under which a director or the chief executive or supervisors waived or agreed to waive any remuneration during the years ended 31 December 2021 and 2020.

16. FIVE HIGHEST PAID EMPLOYEES

The five highest employees of the Group during the year included two (2020: three) Directors, details of whose emoluments are set out in Note 15 above. Details of the remuneration for the year of the remaining three (2020: two) highest paid employees who are neither a director nor chief executive of the Company are as follows:

	2021 **RMB'000**	2020 RMB'000
Basic salaries and allowances	**1,024**	768

	2021 **Number of** **individuals**	2020 Number of individuals
Nil to HK$1,000,000	**3**	2

During the years ended 31 December 2021 and 2020, no emoluments were paid by the Group to any of the Directors, chief executive and supervisors or any of the five highest paid individuals as an inducement to join or upon joining the Group, or as compensation for loss of office.

17. DIVIDENDS

No dividend was paid or proposed for ordinary shareholders of the Company during the year ended 31 December 2021, nor has any dividend been proposed since the end of the reporting period (2020: Nil).

18. LOSS PER SHARE

For continuing and discontinued operations

The calculation of the basic and diluted loss per share from continuing and discontinued operations attributable to the owners of the Company is based on the following data:

Loss figures are calculated as follows:

	2021 **RMB'000**	2020 RMB'000
Loss for the year attributable to owners of the Company for the purpose of basic and diluted loss per share	**(1,125,142)**	(779,575)

Number of shares

	2021	2020
Weighted average number of ordinary shares for the purpose of basic and diluted loss per share	**9,551,079,812**	9,551,079,812

For continuing operations

The calculation of the basic and diluted loss per share attributable to the owners of the Company is based on the following data:

Loss figures are calculated as follows:

	2021 **RMB'000**	2020 RMB'000
Loss for the year attributable to owners of the Company	**(1,125,142)**	(779,575)
Less: Loss for the year from discontinued operations	**457**	(9,178)
Loss for the purpose of basic and diluted loss per share from continuing operations	**(1,121,599)**	(770,397)

The denominators used are the same as those detailed above for both basic and diluted earnings per share.

18. LOSS PER SHARE

For discontinued operations

Basic and diluted profit per share for the discontinued operations is profit of RMB0.00005 per share (2020: loss of RMB0.001 per share), based on the profit (loss) for the year from the discontinued operations of RMB457,000 (2020: loss for the year of RMB9,178,000) and the denominators detailed above for both basic and diluted earnings per share.

No diluted earnings per share for both 2021 and 2020 were presented as there were no potential ordinary shares in issue for both 2021 and 2020.

19. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

The above items of property, plant and equipment (except for construction in progress), are depreciated on a straight-line basis over their estimated useful life as follows:

Buildings	20 to 42 years
Leasehold improvement	over the lease term
Machinery	5 to 10 years
Storage facilities	12 to 20 years
Furniture, fixtures and testing equipment	5 to 10 years
Transportation facilities	2 to 20 years

During the year, no carrying amounts of property, plant and equipment have been written down to their recoverable amounts.

At 31 December 2020, certain property, plant and equipment with carrying value of RMB389,510,000 were pledged as security for certain of the Group's borrowings (Note 32(a)).

20. RIGHT-OF-USE ASSETS

Expense relating to short-term leases and other leases with lease terms end within 12 months	**606**	738
Total cash outflow for leases	**606**	1,712

For both years, the Group leases various offices for its operations. Lease contracts are entered into for fixed term of 1 to 2 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

In addition, the Group owns several industrial buildings where its manufacturing facilities are primarily located on office buildings. The Group is the registered owner of these property interests, including the underlying leasehold lands. Lump sum payments were made upfront to acquire these property interests. The leasehold land components of these owned properties are presented separately only if the payments made can be allocated reliably.

At 31 December 2020, right-of-use assets with carrying value of approximately RMB54,397,000 were pledged as security for certain of the Group's borrowings (Note 32(a)).

Notes:

(a) The above listed equity investments represented ordinary shares of an entity listed in the PRC. These investments are not held for trading, instead, they are held for long-term strategic purposes. The Directors have elected to designate these investments in equity instruments as at FVTOCI as they believe that recognising short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Group's strategy of holding these investments for long-term purposes and realising their performance potential in the long run.

During the year ended 31 December 2020, the listed equity securities was disposed of as a result of disposal of subsidiary. For details, please refer to Note 36(c).

(b) The above unlisted equity investments represented the Group's equity interest in one private entity established in the PRC. The Directors have elected to designate these investments in equity instruments as at FVTOCI as it is the Group's strategy to hold the investment for long-term purpose. The unlisted equity investments were reclassified as assets held for sale during the year ended 31 December 2020 and disposed during the year ended 31 December 2021.

31. CONTRACT LIABILITIES *(continued)*

Notes:

Typical payment terms which impact on the amount of contract liabilities recognised are as follows:

(i) Agricultural and petrochemical products supply chain services

The Group requires customers to made full upfront payments within 90 days after they entered into the sales contracts. The upfront payments are being recognised as contract liabilities until the Group delivered the finished goods to the customer, which is typically performed within 3 months after they entered into the sales contracts.

(ii) Agrochemical products supply chain services

Depending on market conditions, the Group may offer customers a discount compared to the listed sales price, provided that the customers agree to make advance payments while production is still ongoing. The advance payment schemes result in contract liabilities being recognised throughout the production period until the customer obtains control of the finished goods.

The Group considers the advance payments contain significant financing component and applies the practical expedient of not adjusting the transaction price for any significant financing component as the period between payments and transfer of the associated goods is less than one year.

35. RETIREMENT BENEFITS PLANS

The Group operates a Mandatory Provident Fund Scheme (the "**MPF Scheme**") for all qualifying employees in Hong Kong. The assets of the MPF Schemes are held separately from those of the Group, in funds under the control of trustees. The Group contributes 5% of relevant payroll costs capped at HK$1,500 (2020: HK$1,500) per month to the MPF Scheme, in which is matched by employees.

The Company and the Company's subsidiaries in the PRC are members of the state-managed retirement benefits scheme operated by the government of PRC. The retirement scheme contributions, which are based on a certain percentage of the basic salaries of the relevant subsidiary's employees, are charged to the profit or loss in the period to which they relate and represent the amount of contributions payable by the subsidiary to the scheme. The only obligation of the Group with respect to the retirement benefits scheme operated by the government of PRC is to make the required contributions under the scheme.

The retirement benefit cost charged to the profit or loss represents contributions paid and payable to the scheme by the Group at rate specified in the rules of the scheme.

37. DECONSOLIDATION OF SUBSIDIARIES

For the year ended 31 December 2021

Deconsolidation of the Anhui Huaxing Group

On 4 August 2021, an application for bankruptcy restructuring (“**Bankruptcy Restructuring Application**”) against Anhui Huaxing Chemical Industry Company Limited* (安徽華星化工有限公司) (“**Anhui Huaxing**”) was filed with the People’s Court of He County, Anhui Province in the PRC (the “**Court**”) by a creditor on the ground that Anhui Huaxing is unable to repay the debt falling due. Anhui Huaxing is a wholly-owned subsidiary of the Company which engages in agrochemical products supply chain services in the PRC. On 13 August 2021, the Court accepted the Bankruptcy Restructuring Application against Anhui Huaxing.

The Court has given a decision on 24 August 2021 regarding the establishment and appointment of the liquidation team as the administrator (the “**Administrator**”) for the restructuring (the “**Bankruptcy Restructuring**”) of Anhui Huaxing. The Group considered that the control over Anhui Huaxing has been lost on 13 August 2021 and accordingly, the financial results of Anhui Huaxing and its subsidiaries were deconsolidated from the consolidated financial statement of the Group since 13 August 2021.

38. LITIGATIONS AND CONTINGENT LIABILITIES

(a) On 23 April 2018, Bank of Shanghai Company Limited Pudong Branch ("**Bank of Shanghai**") issued and filed three statements of claim (the "**Statements of Claim**"), one of which against Shanghai Dasheng Agricultural Products Co., Ltd. and two of which against Shanghai Agro-chemical both are wholly-owned subsidiaries of the Company (collectively the "**Subsidiaries**"), under the People's Court of Pudong New Area of Shanghai (the "**Court**") for a breach of loan agreements due to default in repayments of loans in an aggregate principal amount of RMB89,900,000 and all related interests (the "**Loans**") (collectively, the "**Legal Proceedings**"). Shenzhen Dasheng and the Company, both being the guarantors to the Loans, were named as defendants in the Statements of Claim. On 30 October 2018, the Company received three civil judgements dated 30 September 2018 by the Court in relations to the Legal Proceedings (collectively, the "**Civil Judgements**"). According to the Civil Judgements, (i) the Subsidiaries shall repay Bank of Shanghai of approximately RMB90,171,000 (including the principal amounts and related interests) within 10 days from the effective date of the Civil Judgments (the "**Effective Date**"), being the date after 15 days upon the Civil Judgments were served on and no appeal application is made, (ii) the Subsidiaries shall pay Bank of Shanghai the overdue interests/advance interests during the period from the settlement due date to the actual settlement date within 10 days from the Effective Date, (iii) the Subsidiaries shall pay Bank of Shanghai its legal fee in a total amount of RMB150,000 within 10 days from the Effective Date, and (iv) the guarantors to the Loans (including the Company) shall undertake joint guarantee for the repayment obligations of Shanghai Dasheng Agricultural Products Co., Ltd. and Shanghai Dasheng Agro-chemical Co., Ltd. under (i) to (iii) mentioned above of not more than RMB22,000,000 and RMB88,000,000, respectively, and the guarantors to the Loans were entitled the right to claim the Subsidiaries for such cost of repayment after performing the guarantee obligations. On 14 March 2019, the Company was informed by Bank of Shanghai that, Shenzhen Dasheng has repaid RMB40,000,000 to Bank of Shanghai pursuant to one of the Civil Judgement against Shanghai Agro-chemical. The Company has made a repayment of approximately RMB9,312,000 during the year ended 31 December 2020.

As at 31 December 2021, the outstanding payable of the principal payment and the relevant interest accrued of approximately RMB65,537,000 (2020: RMB54,663,000) in aggregate.

(b) On 19 June 2018, CEFC issued and filed a statement of claim (the "**Second Statement of Claim**"), against the Company under Gansu Provincial Higher People's Court* (甘肅省高級人民法院) for a breach of loan agreement due to default in repayment of loan in a principal amount of RMB300,000,000 and all related interest (the "**CEFC Loan II**") (the "**Second CEFC Legal Proceedings**"). Shenzhen Dasheng, Dasheng Fujian, HK Dasheng Investment, being the guarantors to the CEFC Loan II, were also named as defendants in the Second Statement of Claim. The hearing date of the Second CEFC Legal Proceedings has not yet been set.

38. LITIGATIONS AND CONTINGENT LIABILITIES *(continued)*

(b) (continued)

On 16 January 2020, the Company received a civil judgment dated 19 December 2019 made by the Gansu Provincial Higher People's Court* in relation to the Second CEFC Legal Proceedings (as defined in the announcement dated 4 September 2018). According to such civil judgment, the Company shall repay CEFC, (i) the principal amount of the loan of RMB300,000,000; (ii) relevant overdue interest of RMB10,731,945.21; (iii) relevant compound interest of RMB51,680.93; (iv) relevant penalty interest of RMB1,444,684.93; and (v) CEFC legal fees of RMB350,000. The guarantors to the loan, namely, Shenzhen Dasheng Agricultural Group Co., Ltd.* (深圳市大生農業集團有限公司), a substantial shareholder (as defined under the Listing Rules) of the Company, together with its subsidiaries, namely Dasheng (Fujian) Agricultural Co., Ltd.* (大生(福建)農業有限公司) and Hong Kong Dasheng Investment Holdings Company Limited (香港大生投資控股有限公司) shall undertake joint and several guarantee liability for the repayment obligations of the Company under (i) to (v) mentioned above. In the event that the Company fail to fulfil its repayment obligations set out above, CEFC is entitled to the priority of compensation claims against the Company's pledge of account receivables from two independent third parties of approximately RMB406 million, and the interest to be repaid shall be doubled. As at the date of this report, the Company did not make an appeal application on such civil judgment.

Details of the above proceedings are set out in the Company's announcements dated 16 January 2020.

As at 31 December 2021, the outstanding payable of the principal payment and the relevant interest accrued of approximately RMB459,912,000 (2020: RMB411,791,000) in aggregate.

(c) On 25 July 2018, Shanghai Pudong Development Bank Co., Ltd., Hongkou Branch (the "**PD Bank**") issued and filed three statements of claim (the "**PD Statements of Claim**"), all of which against Shanghai Agro-chemical, a wholly-owned subsidiary of the Company, under Shanghai Hongkou District People's Court (the "**Hongkou Court**") for a breach of agreements for the opening bank acceptance bills business due to default in repayment of the principal and interest and the payables (the "**PD Financing**") (collectively, the "**PD Legal Proceedings**") in an aggregate amount of approximately RMB44,400,000 and all related penalty interests. The Company, Anhui Huaxing, Shenzhen Dasheng, Mr. Lan Huasheng, are the guarantors to the PD Financing and were also named as defendants in the PD Statements of Claim. Please refer to the Company's announcement date 14 September 2018 for details. PD Bank also applied for property preservation on the Company's equity interest in Nantong Road and Bridge, Anhui Huaxing and Bao Ze amounting to approximately RMB547,885,000, RMB180,000,000 and RMB207,634,000, respectively.

On 15 January 2019, the Company received three civil judgement by Hongkou Court in relation to the PD Legal Proceedings (collectively, the "**PD Civil Judgements**". According to the PD Civil Judgements, Shanghai Agrochemical shall (i) repay PD Bank of approximately RMB43,219,000 (including the principal amounts and related interests) before 31 January 2019; and (ii) Shanghai Agro-chemical shall pay PD Bank the overdue interests/advance interests during the period from the settlement due date to the actual settlement date.

As at 31 December 2021, the outstanding payable of the principal payment and the relevant interest accrued of approximately RMB57,780,000 (2020: RMB51,927,000) in aggregate.

38. LITIGATIONS AND CONTINGENT LIABILITIES *(continued)*

(d) On 19 January 2020, the Shanghai Higher People's Court issued a civil mediation order, pursuant to which the Company shall repay the plaintiffs to the Zhiying Legal Proceedings (the "**Plaintiffs**") on or before 14 February 2020 (i) the consideration of RMB129,166,715; (ii) the overdue interests on the consideration of RMB129,166,715 at the rate of 8% per annum accrued from 10 October 2018 up to the date of repayment; (iii) the Plaintiffs' legal fee of RMB500,000; and (iv) the Plaintiffs' property preservation liability insurance premium of RMB119,000. In the event that the Company fail to fulfil its repayment obligations set out under the civil mediation order, the Plaintiffs are entitled to enter into an agreement with Shanghai Kaiyi, where the Plaintiffs may be compensated through the value conversion of the Shanghai Runtong Shares pledged by Shanghai Kaiyi in favour of the pledgee, or be compensated on a preferential basis through auction or sale of the Shanghai Runtong Shares.

On 26 May 2020, the Company received an execution ruling dated 15 May 2020 issued by the Shanghai Second Court in relation to the Zhiying Legal Proceedings. Pursuant to such execution ruling, the Company shall repay the Plaintiffs (i) the consideration of RMB129,166,715 and all related overdue interests; (ii) their legal fee of RMB500,000; and (iii) their property preservation liability insurance premium of RMB119,000. The Company shall also pay enforcement fees in the amount of RMB197,185.72.

The Company failed to repay the Plaintiffs pursuant to the execution ruling dated 15 May 2020 and noticed that an auction announcement dated 27 November 2020 has been published by the Shanghai Second Court on the Gongpai Auction to put the Shanghai Runtong Shares on auction during the period from 8 January 2021 to 11 January 2021, with a reserve price of RMB28,840,000.

On 25 February 2021, the Company noticed from the network platform of Gongpai Auction that such auction originally scheduled between 8 January 2021 and 11 January 2021 in relation to the Shanghai Runtong Shares did not proceed due to a request received by the court to re-assess the valuation of the Shanghai Runtong Shares, and an updated auction announcement has been published on Gongpai Auction by the Shanghai Second Court putting the Shanghai Runtong Shares on auction during the period between 27 February 2021 and 2 March 2021, with a same reserve price of RMB28,840,000.

By 5 July 2021, the Company received an execution ruling issued by the Shanghai Second Court dated 20 April 2021 in relation to the disposal of the Shanghai Runtong Shares to the Pledgee in partial settlement of the debts at the prior agreed reserve price for the auction of RMB28,840,000 during the execution process of the Shanghai Second Court for the Zhiying Legal Proceedings. Shanghai Runtong ceased to be a subsidiary of the Company upon the receipt of the execution ruling by the Company.

Details of the Zhiying Legal Proceedings are set out in the Company's announcement dated 11 July 2019, 22 January 2020, 26 May 2020, 30 November 2020, 2 December 2020 and 25 February 2021.

As at 31 December 2021, the outstanding payable of the principal payment and the relevant interest accrued of approximately RMB132,333,000 (2020: RMB152,330,000) in aggregate.

38. LITIGATIONS AND CONTINGENT LIABILITIES *(continued)*

(e) On 2 November 2018 and 8 November 2018, PD Bank issued and filed a statement of claim (collectively, the "**Second PD Statements of Claim**"), both of which against the Company, under Hongkou Court for a breach of agreements for the breach of agreements for the opening bank acceptance bills business due to default in repayment of the principal and interest and the payables (the "**Second PD Financing**") (collectively, the "**Second PD Legal Proceedings**") in an aggregate amount of approximately RMB79,587,365.94 and all related penalty interests. Anhui Huaxing, Shenzhen Dasheng and Mr. Lan Huasheng, are the guarantors to the Second PD Financing and were also named as defendants in the Second PD Statements of Claim.

On 15 January 2019, the Company received three civil judgement by Hongkou Court in relation to the Second PD Legal Proceedings (collectively, the "**Second PD Civil Judgements**"). According to the PD Civil Judgements, Shanghai Agro-chemical shall (i) repay PD Bank approximately RMB76,851,000 (including the principal amounts and related interests) before 31 January 2019; and (ii) Shanghai Agro-chemical shall pay PD Bank the overdue interests/advance interests during the period from the settlement due date to the actual settlement date.

As at 31 December 2021, the outstanding payable of the principal payment and the relevant interest accrued of approximately RMB88,849,000 (2020: RMB85,603,000) in aggregate, in which extra interest amounting RMB3,246,000 (2020: RMB2,363,000) was accrued.

(f) On 15 January 2020, the Jiujiang Bank Co., Ltd. Guangdong Free Trade Zone Nansha Sub-branch (the "**Jiujiang Bank**") issued and filed a statement of claim against Ever Fortune, an indirect non-wholly owned subsidiary of the Company, under the People's Court of Nansha District, Guangzhou* (廣州市南沙區人民法院) for breach of a factoring agreement due to default in repayment of the principal and related interests by Ever Fortune. The Jiujiang Bank requested the court, among other things, to order Ever Fortune to repay a principal amount of RMB3,711,000 and related interests. Shenzhen Dasheng Finance Holding Co., Ltd.* (深圳市大生金融控股有限公司), a direct wholly-owned subsidiary of the Company and the controlling shareholder of Ever Fortune, is one of the guarantors to such factoring agreement and was also named as one of the defendants. The court hearing of the proceedings was scheduled to be held on 24 March 2020.

As at the date of this report, the Company had not received any judgment in relation to such proceedings.

Details of the above proceedings are set out in the Company's announcements dated 18 March 2020.

38. LITIGATIONS AND CONTINGENT LIABILITIES *(continued)*

(g) As referred to in the announcement of the Company dated 11 August 2021, on 4 August 2021, an application for bankruptcy restructuring against Anhui Huaxing, then a wholly owned subsidiary of the Company, was filed with the People's Court of He County, Anhui Province in the PRC by a creditor on 4 August 2021 on the ground that Anhui Huaxing is unable to repay the debt falling due. As referred to in the announcement dated 19 August 2021, according to the civil ruling subsequently given, the outstanding amount involved was approximately RMB5.59 million. The Bankruptcy Restructuring involving Anhui Huaxing ensued. As announced on 22 October 2021, a liquidation team comprising officers from several PRC governmental authorities, a director of Anhui Huaxing and a law firm has been established and appointed as the administrator (the "**Administrator**") for the Bankruptcy Restructuring. The Administrator and Anhui Huaxing have made an application on 26 August 2021, and the Court has given a decision on 31 August 2021 that Anhui Huaxing is allowed to manage its properties and business operations on its own under the supervision of the Administrator. Further, the Court approved on 22 September 2021 the application made by the Administrator that Anhui Huaxing was allowed to make decisions on its affairs and manage its company seal so as to maintain its normal operation except for the circumstances involving (i) litigation (including arbitration and labour disputes); (ii) creation of new debts; (iii) provision of new guarantees; (iv) repayment of debts; (v) entering into new labour contracts and administrative contracts; (vi) documents of auditing and evaluation agencies that require affixing its company seal; (vii) documents to be submitted to government; (viii) creation of new investment; (ix) assets transfer; and (x) information disclosure to its shareholders.

As announced on 22 February 2022, the administrator for the bankruptcy restructuring had confirmed the claim declarations from 169 creditors of Anhui Huaxing in the total amount of approximately RMB1,000 million. In the announcement dated 22 February 2022, it was also stated that the proposal of the bankruptcy restructuring (the "**Restructuring Proposal**") has been finalised and proposed at the relevant creditors' meetings, which comprised the introduction of a restructuring investor to invest not more than RMB651 million in Anhui Huaxing for Anhui Huaxing to settle its debts, but upon execution of the Restructuring Proposal and following such investment by the restructuring investor, the equity interest held by the Company in Anhui Huaxing will be adjusted to Zero and Anhui Huaxing will become wholly owned by the restructuring investor and cease to be the Company's subsidiary.

On 8 March 2022, the Company received a notification letter from Anhui Huaxing, stating that a change of shareholder of Anhui Huaxing was completed on 3 March 2022, and that as confirmed by Anhui Huaxing, its entire equity interest was transferred to the restructuring investor on 3 March 2022 and Anhui Huaxing ceased to be the Company's subsidiary on the same day.

For details of the development, please refer to the announcements of the Company dated 11 August 2021, 19 August 2021, 3 September 2021, 22 October 2021, 26 January 2022, 22 February 2022 and 8 March 2022.

39. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's operating strategies still focused on establishing the agrochemical products supply chain services business segment, accelerating the adjustment and reorganization of the existing businesses, while actively discussing with potential external investors about possible cooperation opportunities.

The Group also monitors the current and expected liquidity requirements regularly to ensure that sufficient working capital and adequate committed lines of funding are maintained to meet its liquidity requirements. Upon the discovery of any default, the Group would negotiate immediately with the relevant lenders for proper arrangement in order to maintain sufficient working capital. Upon the expectation of any cash insufficiency, the Company would seek new source of funding so as to maintain sufficient working capital. The capital structure of the Group consists of net debts (which include amounts due to related companies, lease liabilities and borrowings), net of restricted bank deposits and cash and cash equivalents and (deficit) equity attributable to owners of the Company, comprising issued share capital and reserves. Details of which are disclosed in respective notes.

The Directors review the capital structure on a regular basis. As part of this review, the Directors consider the cost of capital and the risks associated with each class of capital. Based on the recommendations of the Directors, the Group will balance its overall capital structure through new share issues as well as issue of new debt or redemption of the existing debts. The Group's overall strategy remains unchanged from prior year.

(b) Financial risk management objectives and policies

The Group's major financial instruments include equity instruments at FVTOCI, trade and other receivables, restricted bank deposits, cash and cash equivalents, trade and other payables, financial guarantee contract, lease liabilities and borrowings. Details of the financial instruments are disclosed in respective notes. The risks associated with these financial instruments include market risk (currency risk and interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

(i) Currency risk

The Group operates mainly in the PRC, and most of the Group's commercial transactions, recognised assets and liabilities are denominated in RMB. In the opinion of the Directors, the Group's exposure to the foreign currency risk is minimal.

(ii) Interest rate risk

The Group is exposed to fair value interest rate risk in relation to fixed-rate borrowings as set out in Note 32. The Group is also exposed to cash flow interest rate risk in relation to variable-rate restricted bank deposits, variable-rate bank balances and variable rate borrowings as detailed in Note 28, Note 29 and Note 32 respectively. The Group currently does not have an interest rate hedging policy. However, the manager monitors interest rate exposure and will consider hedging significant interest rate exposure should the need arise.

Total interest revenue/income from financial assets that are measured at amortised cost is as follows:

	2021 **RMB'000**	2020 RMB'000
Financial assets at amortised cost	**262**	8,781

Interest expense on financial liabilities not measured at fair value through profit or loss:

	2021 **RMB'000**	2020 RMB'000
Financial liabilities at amortised cost	**183,651**	238,906

(b) Financial risk management objectives and policies *(continued)*

(ii) Interest rate risk *(continued)*

Sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates at the end of the reporting period. The analysis is prepared assuming the financial instruments outstanding at the end of the reporting period were outstanding for the whole year. A 100 basis point (2020: 100 basis points) increase or decrease in variable-rate borrowings are used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates. Bank balances are excluded from sensitivity analysis as the directors of the Company consider that the exposure of cash flow interest rate risk arising from variable-rate bank balances is insignificant.

If interest rates on variable-rate borrowings had been 100 basis points (2020: 100 basis points) higher/lower and all other variables were held constant, the Group's post-tax loss for the year ended 31 December 2021 would increase/decrease approximately by RMB3,307,000 (2020: increase/decrease by RMB8,354,000).

(iii) Credit risk and impairment assessment

Credit risk refers to the risk that the Group's counterparties default on their contractual obligations resulting in financial losses to the Group. The Group's credit risk exposures are primarily attributable to trade and other receivables, finance lease receivables, financial guarantee contracts, factoring loan receivables, restricted bank balances and bank balances.

The carrying amounts of financial assets at amortised cost stated in this note represented the Group's maximum exposure to credit risk in relation to financial assets which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties.

The Group does not hold any collateral or other credit enhancements to cover its credit risk associated with its financial assets.

(b) Financial risk management objectives and policies *(continued)*

(iii) Credit risk and impairment assessment *(continued)*

Trade receivables

Before accepting any new customer, the Group uses an internal credit scoring system to assess the potential customer's credit quality and defines credit limits by customer. Other monitoring procedures are in place to ensure that follow-up action is taken to recover overdue debts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

The Group's concentration of credit risk by geographical locations is mainly in PRC, which accounted for 100% (2020: 82%) of the total trade receivables as at 31 December 2021. In order to minimize the credit risk, the management of the Group are responsible for determination of credit limits and credit approvals.

In addition, the Group performs impairment assessment under ECL model on trade balances individually or based on provision matrix. Impairment of RMB34,457,000 (2020: RMB326,982,000) is recognised during the year. Details of the quantitative disclosures are set out below in this note.

Restricted bank deposits/bank balances

Credit risk on restricted bank deposits/bank balances is limited because the counterparties are reputable banks with high credit ratings assigned by international credit agencies. The Group assessed 12m ECL for restricted bank deposits/bank balances by reference to information relating to probability of default and loss given default of the respective credit rating grades published by external credit rating agencies. Based on the average loss rates, the 12m ECL on restricted bank deposits/bank balances is considered to be insignificant.

(b) Financial risk management objectives and policies *(continued)*

(iv) Credit risk and impairment assessment *(continued)*

Other receivables

For other receivables and deposits, the Directors make periodic individual assessment on the recoverability of other receivables and deposits based on historical settlement records, past experience, and also quantitative and qualitative information that is reasonable and supportive forward-looking information.

Impairment of approximately RMB116,443,000 (2020: RMB318,158,000) has been recognised during the year.

Financial guarantee contracts

Except for the financial guarantees given by the Group as set out in Note 30, the Group does not provide any other financial guarantees which would expose the Group to credit risk. The maximum exposure to credit risk in respect of these financial guarantees at the end of the reporting period is disclosed in Note 30.

The Group's internal credit risk grading assessment comprises the following categories:

Internal credit rating	Description	Trade receivables	Other financial assets
Low risk	The counterparty has a low risk of default and does not have any past-due amounts	Lifetime ECL — not credit-impaired	12m ECL
Watch list	Debtor frequently repays after due dates but usually settle in full	Lifetime ECL — not credit-impaired	12m ECL
Doubtful	There have been significant increases in credit risk since initial recognition through information developed internally or external resources	Lifetime ECL — not credit-impaired	Lifetime ECL — not credit-impaired

Note 1:

For trade receivables, the Group has applied the simplified approach in HKFRS 9 to measure the loss allowance at lifetime ECL. Except for debtors with significant outstanding balances or credit-impaired, the Group determines the excepted credit losses on these items by using a provision matrix, grouped by past due status.

As part of the Group's credit risk management, the Group uses debtors' aging to assess the impairment for its customers in relation to its businesses of agricultural and petrochemical products supply chain services and agrochemical products supply chain services. Their customers consist of a large number of small customers with common risk characteristics that are representative of the customers' abilities to pay all amounts due in accordance with the contractual terms. The following table provides information about the exposure to credit risk for trade receivables which are assessed based on provision matrix within lifetime ECL (not credit-impaired). Trade receivables of RMB626,969,000 was credit-impaired as at 31 December 2021 (2020: RMB718,190,000) and have been assessed individually.

(v) Liquidity risk

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. The management monitors the utilisation of bank and other borrowings and ensures compliance with loan covenants.

The Group relies on bank and other borrowings as a significant source of liquidity. As at 31 December 2021, the Group has no available unutilised bank loan facilities (2020: RMB153,965,695).

The following table details the Group's remaining contractual maturity for its financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. Specifically, bank loans with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates for other non-derivative financial liabilities are based on the agreed repayment dates.

The table includes both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curve at the end of the reporting period.

(c) Fair value measurements of financial instruments

This note provides information about how the Group determines fair values of various financial assets.

Some of the Group's financial instruments are measured at fair value for financial reporting purposes. The Board is responsible to determine the appropriate valuation techniques and inputs for fair value measurements.

In estimating the fair value, the Group uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the management would establish the appropriate valuation techniques and inputs to the valuation model.

Financial assets	**Fair value at**		**Fair value hierarchy**	**Valuation technique(s) and key input(s)**	**Significant unobservable input(s)**
	31 December 2021	31 December 2020			
Listed equity securities at FVTOCI	**—**	—	Level 1	Quoted closing prices in an active market	N/A
Unlisted equity investment at FVTOCI	**—**	—	Level 3	Net asset value *(Note)*	N/A

There were no transfers between level of fair value hierarchy during the years ended 31 December 2021 and 2020.

Note: The entity has determined that the reported net asset value represents fair value at the end of the reporting period.

40. FINANCIAL INSTRUMENTS *(continued)*

(c) Fair value measurements of financial instruments *(continued)*

Reconciliation of Level 3 fair value measurements of financial instruments on recurring basis:

	Assets Unlisted equity instruments at FVTOCI RMB'000
At 1 January 2020	8,250
Reclassified as assets held for sale	(7,942)
Fair value changes	(308)
At 31 December 2020, 1 January 2021 and 31 December 2021	—

For the year ended 31 December 2020, included in other comprehensive income is an amount of approximately RMB308,000 fair value loss relating to the unlisted equity securities classified as equity instruments at FVTOCI held at the end of the current reporting period and is reported as changes of "**Fair value through other comprehensive income reserve**".

The Directors consider that the carrying amounts of financial assets recorded at amortised cost in the consolidated financial statements approximate their fair values.

41. RECONCILIATION OF LIABILITIES ARISING FROM FINANCING ACTIVITIES

The table below details changes in the Group's liabilities arising from financing activities, including both cash and non-cash changes. 44. EVENTS AFTER THE REPORTING PERIOD

Save for disclosed in other notes in the consolidated financial statements, the event after the reporting period are as follow:

(a) As referred to the announcement of the Company dated 26 January 2022, the Company has been informed that a creditors' meeting of Anhui Huaxing would be held on 10 February 2022 to consider a restructuring proposal as required under the Enterprise Bankruptcy Law.

As referred to in the announcement dated 22 February 2022, the Restructuring Proposal has been finalised and proposed at the relevant creditors' meetings. The Restructuring Proposal mainly comprises the introduction of Qilu Pharmaceutical (Inner Mongolia) Co., Ltd.* (齊魯製藥(內蒙古)有限公司), the intended investor for the Bankruptcy Restructuring (the"**Restructuring Investor**"), to invest not more than RMB651 million in Anhui Huaxing for Anhui Huaxing to settle its debts. Pursuant to Article 94 of the Enterprise Bankruptcy Law, Anhui Huaxing will no longer bear the responsibility for the repayment of debts relieved by the Bankruptcy Restructuring upon the completion of Bankruptcy Restructuring. The Administrator had confirmed the claim declarations from 169 creditors of Anhui Huaxing in the total amount of approximately RMB1,000,000,000. The Bankruptcy Restructuring shall complete within six months from the date of such civil ruling.

As mentioned in the announcement dated 22 February 2022, the Directors confirms that the financial results of Anhui Huaxing Group from 1 January 2021 to 13 August 2021 (being the date of the civil ruling given by the Court regarding the acceptance of the Bankruptcy Restructuring application) will still be consolidated into those of the Group for the financial year ended 31 December 2021.

On 8 March 2022, the Company received a notification letter from Anhui Huaxing, stating that a change of shareholder of Anhui Huaxing was completed on 3 March 2022. As confirmed by the Anhui Huaxing, its entire equity interest was transferred to the Restructuring Investor on 3 March 2022.

(b) As mentioned in the announcement dated 22 February 2022, on that day, the Company also received a statement of claim filed by the Administrator on 24 January 2022 against the Company under the Court for the repayment of the financial assistance given to the Company by Anhui Huaxing in an aggregate principal amount of RMB35.5 million, default interest of approximately RMB13.5 million up to 23 January 2022 and the accrued interests from 24 January 2022 up to the date of repayment (the "**Legal Proceedings**") and all other costs and expenses in relation to the Legal Proceedings. A property preservation has been applied over the equity interests in Anhui Huaxing held by the Company in relation to the Legal Proceedings on 28 January 2022.

As referred to in the announcement dated 22 March 2022, on that day, the Company received a civil ruling dated 17 March 2022 issued by the Court in relation to the Legal Proceedings for the repayment of the financial assistance given to the Company by Anhui Huaxing. Pursuant to such civil ruling, the Company shall, within ten days from the effective date of the ruling, repay Anhui Huaxing (i) aggregate principal amount of RMB35.5 million; (ii) the accrued interests from the ruling date of 23 February 2022 up to the date of repayment; and (iii) the court fee of RMB291,866.

44. EVENTS AFTER THE REPORTING PERIOD *(continued)*

(c) On 11 March 2022, the Company entered into the intent cooperation framework agreement with (the "**Framework Agreement**") the potential investor pursuant to which the potential investor intends to make the potential investment. The potential investor is a wholly-owned subsidiary of Guian New District Development and Investment Company Limited* (貴安新區開發投資有限公司), established in the People's Republic of China, which is principally engaged in investment management, assets management and equity interests investment. The potential investment may result in the potential investor becoming a substantial shareholder of the Company.

The potential investor and the relevant intermediaries as commissioned by it shall conduct the due diligence which will be used as a reference for the probability and feasibility for subsequent cooperation. The due diligence shall be completed within the necessary period, which, in the absence of special reasons, shall be no later than three months from the effective date of the Framework Agreement. As such, the Company expects that further details for the cooperation or investment, if any, will be out in June 2022, following the completion of the due diligence.

Other than those disclosed above, the Group had no material events for disclosure subsequent to 31 December 2021 and up to the date of this report.
