UPDATE ON THE PROPOSAL

Pursuant to the Proposal, the applicable equity assets, debt assets and other assets of the Five Companies including Peking Founder will be transferred to the New Founder Group and the subordinate business platform companies, and the equity interest of New Founder Group will be transferred to the Restructuring Investors and the shareholding platform of the creditors of the Five Companies including Peking Founder. The equity interest of the Company indirectly held by Peking Founder will be held indirectly by the Restructuring Investors. According to the provisions of the Enterprise Bankruptcy Law of the People’s Republic of China, the Five Companies including Peking Founder as the debtors are responsible for implementing the Proposal. Pursuant to the Proposal, the Five Companies including Peking Founder will complete the follow up work of the Proposal within 12 months from the date of

approval of the Proposal by the Court, being 28 June 2021.

The Company wishes to update its shareholders and potential investors that, as of the date of this announcement, certain applicable equity assets and other assets of the Five Companies including Peking Founder are still in the process of being transferred to the six subordinate business platform companies. As of the date of this announcement, the shareholding platform companies of the creditors of the Five Companies including Peking Founder have been incorporated, for the purpose of holding the equity interests in the New Founder Group pursuant to debt-for-equity swap arrangement for repayment of debts owed to the creditors. Due to (i) the restructuring process involving a large volume of assets of different types, the transfers of which are subject to approval and registration process with different authorities; and (ii) the ongoing development of COVID-19, such transfers are time consuming. As a result, it is difficult for the Company to estimate the exact timing as to when the aforementioned transfers will be completed currently. In addition, the transfer of the equity interest of the Company to the subordinate business platform companies remains subject to the satisfaction of certain condition precedent and the follow up work of the Proposal depending on how and when the steps will be implemented and the Company does not know the exact timing as to when such transfer will take place.
