### **PROFIT WARNING**

This announcement is made by the Company pursuant to Rule 13.09(2) of the Listing Rules and Inside Information Provisions under Part XIVA of the SFO.

The Board wishes to inform the Shareholders and potential investors that based on a preliminary review of the unaudited consolidated management accounts of the Group for the four months ended 30 April 2022, the Group is expected to record an over 70% reduction in the unaudited consolidated net profit for the four months ended 30 April 2022 as compared to the unaudited consolidated net profit for the previous corresponding four months ended 30 April 2021. Such reduction in net profit was primarily due to lower than expected wind resources in the first quarter of this year and losses from the depreciation of the Renminbi compared to gains in the comparable period last year.

As the Company has not started preparing interim results of the Group for the six months ended 30 June 2022, the information contained in this announcement is only based on a preliminary assessment of the unaudited consolidated management accounts of the Group for the four months ended 30 April 2022 by the management of the Company. Such information has not been reviewed by the Company's auditors, nor reviewed by the Audit Committee of the Company and therefore, may be subject to adjustment. The Company expects to announce its unaudited interim results for the six months ended 30 June 2022 by August 2022 in accordance with the Listing Rules.
