### **VOLUNTARY ANNOUNCEMENT: BUSINESS UPDATE IN RELATION TO THE METASENS UNIVERSE**

This announcement is made by Imperium Technology Group Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) on a voluntary basis. The purpose of this announcement is to keep the shareholders of the Company and potential investors informed of the latest business plan and developments of the Group.

References are made to the announcements (the “**Announcements**”) of the Company dated 26 September 2021, 21 November 2021, 20 December 2021 and 12 January 2022 in which it was stated, among others, that the Group intends to tap into the blockchain games and the metaverse as part of its business plan to develop and apply the relevant technologies in the Group’s businesses. Capitalised terms used in this announcement shall have the same meanings as defined in the Announcements unless the context otherwise requires.

The board (the “**Board**”) of directors (the “**Directors**”) of the Company is pleased to announce that METASENS, a metaverse project operated by the Group, has entered into a collaboration and license contract with Jw Phantaci Limited (PHANTACi), to collaborate in the field of mobile games.

Established in 2006 by the Asian popstar Jay Chou and his team, PHANTACi brand licensed the launch of Phanta Bear digital art collection in the beginning of this year, which has become an indicator project of digital art in Asia. The Group joined hands with PHANTACi and entered into a contract for the collaboration licence of Phanta Bear to incorporate Phanta Bear into “PetaRush”, a game developed by the Group, through innovative applications of 3D modeling and game design. The Group and PHANTACi will work together on digital art innovation, and will jointly lead the trend and set an example in the metaverse era.

“PetaRush” is a thrilling racing game and is the second game of METASENS. It allows multiple players to engage in PVP combat by activating skills using cards. The game incorporate “collection”, “raising” and “breeding” elements. It is undergoing a closed beta test with files deleted afterwards, and is expected to launch officially in the second half of the year.

METASENS is a large-scale universe park with various theme planets. “METASNAKE”, being the first game on METASENS, has been officially launched. Its NFT ancestral equipment recorded exceptionally high subscription volume, and an additional 2,000 NFTs will be launched in four rounds. The NFTs will be priced in BNB. In the first stage, all of the 500 NFTs have been sold, equivalent to about HK\$1,495,000. “METASNAKE” is an online battle arena game based on the classic game “Snake”, where NFTs can be equipped to enhance in-game characters or traded on the official NFT marketplace for profit.
