## **VOLUNTARY ANNOUNCEMENT**

### **CMIC AND KENZFIGEE SIGNED TECHNOLOGY LICENCE AND TRANSFER AGREEMENT TO SPEED UP ITS POSITIONING IN THE OFFSHORE WIND POWER INDUSTRY**

This announcement is made by the board of directors (the “**Board**”) of CMIC Ocean En-Tech Holding Co., Ltd. (the “**Company**” or “**CMIC**”) on a voluntary basis to keep the shareholders and potential investors of the Company abreast of the latest business development of the Company.

On 15 July 2022, TSC RENEWABLES PTE. LTD., a wholly owned subsidiary of CMIC, entered into a technology license and transfer agreement with KenzFige, a well-established Dutch provider of customized lifting and handling service for the marine and offshore wind power industry, in relation to a 3D Active Motion Compensated (AMC) gangway system.

The technology license and transfer agreement is one of the cooperation projects under the recently signed strategic cooperation agreement between CMIC and KenzFige. It aims to enable CMIC to enhance the manufacturing and sales capabilities of the 3D AMC gangway systems, as well as to optimize and upgrade the systems based on market demands.

Through the cooperation, KenzFige will provide CMIC with know-how, services and technical support for critical components. In the short term, it will enable CMIC to have proven high-end 3D AMC gangway technology and manufacturing capabilities, to meet the rapidly growing demand for core equipment products for large-scale offshore wind turbine installation vessels (WTIVs) and offshore wind power service operation vessels (SOVs) in China and international market. In the end, the two parties complement each other’s advantages and jointly enhance their global market position.

## ABOUT KENZFIGEE

Established in 1836, KenzFige is headquartered in Zaandam, the Netherlands and has branch offices in Abu Dhabi, United Arab Emirates and Aberdeen, United Kingdom. The company has designed and built more than 4,500 cranes, lifting and handling solutions that fit the specific needs of its clients in the most demanding conditions. KenzFige provides clients with services during the whole product life cycle, including professional design, engineering expertise and other services, to support clients to increase operational efficiency and to minimize downtime of equipment.

Based on decades of experience and its focus on innovation and demand, KenzFige has become a leading supplier and service provider of reliable and durable cranes and equipment for the worldwide marine and offshore wind power industry.

To the best of the knowledge, information and belief of the Board and having made all reasonable enquiries, KenzFige is a third party independent of the Company and its connected persons (as defined under the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”). As all the applicable percentage ratios in respect of the Technology License Agreement and the transactions contemplated thereunder are lower than 5%, the Technology License Agreement and the transactions contemplated thereunder does not constitute a notifiable transaction of the Company under Chapter 14 of the Listing Rules. Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.

By order of the Board
