**PROFIT WARNING**

This announcement is made by Tianjin Tianbao Energy Co., Ltd.\* (the “**Company**”, and together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on a preliminary review of the unaudited consolidated management account (the “**Management Account**”) of the Group for the six months ended June 30, 2022 (the “**Review Period**”), the Group is expected to record an operating revenue of approximately RMB323.9 million for the Review Period, representing an increase of approximately 15.0% as compared to the same period in 2021; a loss for the period of approximately RMB6.3 million, as compared to a profit of approximately RMB3.5 million for the same period in 2021; and loss attributable to equity shareholders of the Company of approximately RMB9.2 million, as compared to a profit of approximately RMB1.1 million for the same period in 2021. The Board considers the loss for the Review Period despite the increase in the Group’s operating revenue is mainly attributable to significant increase in coal price in the first half of 2022 as compared to the same period of last year as a result of various factors such as the tight balance of domestic coal supply and demand, which led to a significant increase in the Group’s procurement costs of coal and a decline in operating results.

This announcement is made solely on the basis of a preliminary assessment by the Board with reference to the Management Account for the Review Period, together with the information currently available to the Company, and the information in which has not been audited or reviewed by the Company’s auditors or the audit committee of the Company. As such, the actual financial results of the Group for the Review Period may be different from what is disclosed in this announcement. Further details of the Group’s financial results and performance will be disclosed in the interim results announcement of the Company for the Review Period, which is expected to be published before the end of August 2022. The interim report for the Review Period will be published thereafter.

**Shareholders and potential investors are advised to exercise caution when dealing in the securities of the Company.**
