To the Shareholders

Dear Sir or Madam,

MAJOR TRANSACTION MAIN CONTRACTOR CONSTRUCTION CONTRACT

INTRODUCTION

Reference is made to the Announcement in relation to the Main Contractor Construction Contract and the transactions contemplated thereunder.

On 27 June 2022, High Fashion China, an indirect wholly-owned subsidiary of the Company, entered into the Main Contractor Construction Contract with Zhejiang Hongxing, pursuant to which Zhejiang Hongxing undertakes to provide the construction works on the Land for the Development Project at the consideration of approximately RMB185,853,739.00 (tax inclusive) (equivalent to approximately HK\$217,969,265.10**), subject to adjustment according to the terms of the Main Contractor Construction Contract.

The purpose of this circular is to provide you with, among other matters, further details of the major transaction relating to the Main Contractor Construction Contract and other information as required under the Listing Rules.

LETTER FROM THE BOARD

MAIN CONTRACTOR CONSTRUCTION CONTRACT

Date

27 June 2022

Parties

Principal (發包方): High Fashion China, an indirect wholly-owned subsidiary of the Company

Main Contractor (總承包方): Zhejiang Hongxing

To the best of the Directors' knowledge, information and belief having made all reasonable enquiries, Zhejiang Hongxing and its ultimate beneficial owners are third parties independent of the Company and its connected persons, and as at the Latest Practicable Date, Zhejiang Hongxing is owned as to 70% by Mr. Yu Liangjun (余良軍先生) and 30% by Ms. Wu Jianping (吳建萍女士).

Subject matter

Pursuant to the Main Contractor Construction Contract, Zhejiang Hongxing has accepted the appointment by High Fashion China to provide the construction works on the Land for the Development Project, in accordance with the building design plan and specifications of construction materials contained therein.

Zhejiang Hongxing shall be responsible for, among others, the following works of the Factory Premises:

- (1) construction and engineering works, including piling, masonry, renovation, roofing and superstructure structural works;
- (2) waterproofing construction works;
- (3) metallic paint finishing works for external walls; and
- (4) electromechanical works, including the installation of embedded pipes, sleeves and lightning protection grounding.

The construction works contemplated under the Main Contractor Construction Contract are expected to be completed within 560 calendar days from the date of commencement of the construction as stated in the Commencement Report, which shall include any period of suspension of not more than 90 calendar days during which construction work may be ordered by the government of the PRC to be suspended due to the Hangzhou 2022 Asian Games. If the suspension period is more than 90 calendar days, the expected completion date will be postponed accordingly, but Zhejiang Hongxing will not receive any compensation for such delay.

LETTER FROM THE BOARD

Consideration

The consideration payable by High Fashion China to Zhejiang Hongxing for the construction works shall be RMB185,853,739.00 (equivalent to approximately HK\$217,969,265.10**) inclusive of tax and subject to adjustment according to the terms of the Main Contractor Construction Contract (the “contract sum”) (合同總價). The contract sum may be adjusted when there are changes in design requested by High Fashion China, which affect the volume of construction work required to be carried out. If the construction is delayed due to specific circumstances under the Main Contractor Construction Contract and such delay has caused direct losses to Zhejiang Hongxing, High Fashion China shall adjust the contract sum accordingly. Further, if the actual unit price of materials is different from its provisional value, or changes in the market unit price of concrete and steel rebars exceed 5%, the contract sum may be adjusted accordingly.

The Company considers that the adjustment terms in the Main Contractor Construction Contract are customary in construction contract of a similar nature. The contract sum was concluded by the Company and Zhejiang Hongxing after due evaluation of the prevailing raw material prices, labour costs, and potential future market changes in respect of the tender sum of Zhejiang Hongxing. As such, based on information currently available, the Board does not expect that there will be any material adjustments to the contract sum and any such adjustment would not materially affect the calculation of the classification of the transaction contemplated under the Main Contractor Construction Contract under Chapter 14 of the Listing Rules. The Company will monitor the amount of such adjustment (if any) and where necessary, comply with the applicable requirements under Chapter 14 of the Listing Rules.

Payment terms

Payment shall be made by High Fashion China to Zhejiang Hongxing in the following manner:

- (1) upon signing of the Main Contractor Construction Contract and the receipt by High Fashion China of a performance guarantee letter amounting to 10% of the contract sum (being RMB18,585,373.90, equivalent to approximately HK\$21,796,926.51**) from Zhejiang Hongxing, High Fashion China shall pay a prepayment equivalent to 6% of the contract sum to Zhejiang Hongxing (inclusive of the migrant workers deposit (農民工保證金) of 1%);
- (2) during the course of the construction works, High Fashion China shall make monthly payments to Zhejiang Hongxing representing 82% of the assessed value of the completed construction works (including the prepayment under (1) above);
- (3) payments representing 90% of the estimated value of the completed construction works will be made upon completion and satisfactory inspection of the construction works;

LETTER FROM THE BOARD

- (4) payments representing 97% of the settlement sum (結算總價) will be made after completion of the settlement procedures, provided that the cumulative amount of the invoices submitted by Zhejiang Hongxing to its local tax office shall correspond with the settlement sum (including the amount of the performance guarantee), and High Fashion China will provide proof that the remaining balance of the settlement sum, being 3% of the settlement sum, remains to be outstanding; and
- (5) the remaining balance of 3% of the settlement sum will be retained as maintenance bond and will be paid after expiry of the warranty period, being two years from the completion of construction.

Basis of consideration

The consideration was arrived at from a tender process whereby invitation to bid for the construction of the Factory Premises on the Land was solicited by High Fashion China and the tender submitted by Zhejiang Hongxing was considered the most appropriate after an objective evaluation by High Fashion China of the experience and competency of Zhejiang Hongxing, the expected scope and complexity of the construction works to be carried out, the costs of material and labour costs estimated to be incurred, and the prevailing market prices for carrying out construction works of comparable scale and complexity. Accordingly, the Board considers that the consideration is fair and reasonable. The consideration will be satisfied by the internal resources and/or bank borrowings of the Group.

Performance guarantee

Zhejiang Hongxing shall provide a performance guarantee to High Fashion China in the following manner:

- (1) within 14 days after Zhejiang Hongxing's receipt of the written notice of its appointment from High Fashion China, Zhejiang Hongxing shall provide to High Fashion China a performance guarantee in the form of an irrevocable performance guarantee letter amounting to 10% of the contract sum (being RMB18,585,373.90, equivalent to approximately HK\$21,796,926.51**), under which Zhejiang Hongxing and the guarantor bank jointly and severally guarantee Zhejiang Hongxing's due performance of its obligations under the Main Contractor Construction Contract; or
- (2) Zhejiang Hongxing may directly pay an equivalent amount of performance deposit to High Fashion China.

Any payment to be made by High Fashion China to Zhejiang Hongxing under the Main Contractor Construction Contract shall be paid either after Zhejiang Hongxing has submitted a performance guarantee letter or after deduction of the outstanding amount of the performance deposit payable by Zhejiang Hongxing.

LETTER FROM THE BOARD

The performance guarantee shall be released upon the issuance of the certificate of completion of construction works or when the cumulative amount of claims made by High Fashion China against Zhejiang Hongxing under the Main Contractor Construction Contract has reached the amount of the performance deposit.

The performance guarantee has been provided by Zhejiang Hongxing to High Fashion China after signing of the Main Contractor Construction Contract.

Condition precedent

The Main Contractor Construction Contract is conditional upon the obtaining of the approval of the Shareholders at a general meeting or by written Shareholders' approval in accordance with the requirements under the Listing Rules to which the Company is subject. As written approval has been obtained from the Closely Allied Group as disclosed in the section headed "Listing Rules Implications" below, such condition precedent has been fulfilled.

INFORMATION ON THE GROUP

The Company is an investment holding company. The Group is principally engaged in the manufacturing, retailing and trading of garments, and property investment and development.

High Fashion China, a company established in the PRC with limited liability, is principally engaged in the manufacturing and trading of garments, and property leasing. As at the Latest Practicable Date, High Fashion China is an indirect wholly-owned subsidiary of the Company.

INFORMATION ON ZHEJIANG HONGXING

Zhejiang Hongxing is a company established in the PRC with limited liability. Its principal business activities include construction contracting, municipal public construction contracting, interior and exterior decoration engineering design and construction works, curtain wall engineering design and construction works, landscaping construction works and electromechanical installation works.

REASONS FOR AND BENEFITS OF ENTERING INTO THE MAIN CONTRACTOR CONSTRUCTION CONTRACT AND THE TRANSACTION(S) CONTEMPLATED THEREUNDER

The Group intends to increase the scale and profitability of its property business through the Factory Premises to be developed on the Land for the Development Project which can also generate synergies with other existing properties of the Group adjacent to the Land. The Transaction and the Development Project as a whole are therefore considered by the Directors to be in line with the Group's existing business strategy and represents a desirable step forward in the pursuit of the Group's future business development opportunities.

LETTER FROM THE BOARD

As a legally qualified construction company with a good reputation, Zhejiang Hongxing has been selected through a tender process, and is able to provide High Fashion China with related construction services so as to justify the construction requirements of the Factory Premises.

The Board considers that the Main Contractor Construction Contract and the terms thereof are on normal commercial terms, fair and reasonable and in the interests of the Company and its Shareholders as a whole.

LISTING RULES IMPLICATIONS

As one or more of the applicable percentage ratios as defined under Rule 14.07 of the Listing Rules exceed 25% but all such percentage ratios are less than 100%, the Transaction constitutes a major transaction of the Company and is therefore subject to the reporting, announcement, circular and Shareholders' approval requirements under Chapter 14 of the Listing Rules.

Pursuant to Rule 14.44 of the Listing Rules, written Shareholders' approval may be accepted in lieu of holding a general meeting if: (a) no Shareholder is required to abstain from voting if the Company were to convene a general meeting for the approval of the Transaction; and (b) written approval has been obtained from a Shareholder or a closely allied group of Shareholders who together hold more than 50% of the voting rights at that general meeting to approve the Transaction.

To the best of the Directors' knowledge, information and belief having made all reasonable enquiry, none of the Shareholders and their respective close associates has any material interest in the Transaction and no Shareholder is required to abstain from voting if a general meeting was to be convened for the approval of the Transaction.

The Company has obtained written approval for the Transaction in accordance with Rule 14.44 of the Listing Rules from the Closely Allied Group, which is beneficially interested in an aggregate of 218,571,361 Shares, representing approximately 71.52% of the entire issued shares of the Company as at the Latest Practicable Date, as set out in the following table:

Shareholder	Number of Shares held	Approximate percentage of shareholding
Mr. Lam	1,789,901	0.59%
Hinton	167,551,620	54.82%
HF Charitable Foundation	49,229,840	16.11%

LETTER FROM THE BOARD

The Closely Allied Group would together be regarded as “acting in concert” for the purposes of the Code on Takeovers and Mergers issued by the Securities and Futures Commission of Hong Kong, given that Hinton and HF Charitable Foundation are companies controlled by the related trusts of Mr. Lam. Hinton is wholly-owned by the trustee of The Lam Foo Wah 1992 Trust, a discretionary trust of which Mr. Lam is the founder. HF Charitable Foundation is wholly-owned by the trustee of High Fashion Trust, a discretionary trust of which Mr. Lam is also the founder. In addition, Mr. Lam and his sons (Mr. Lam Gee Yu, Will and Mr. Lam Din Yu, Well) are directors of both Hinton and HF Charitable Foundation.

Accordingly, no general meeting will be convened for the purpose of approving the Transaction.

FINANCIAL EFFECTS OF ENTERING INTO THE MAIN CONTRACTOR CONSTRUCTION CONTRACT

The contract sum is approximately RMB185.9 million (tax inclusive) (equivalent to approximately HK\$218.0 million), subject to adjustment according to the terms of the Main Contractor Construction Contract for the Development Project. The settlement terms of the contract sum are set out under the section headed “Payment terms” in this letter from the Board.

When the construction costs under the Main Contractor Construction Contract (being the contract sum) are incurred, the relevant portion of the contract sum will be capitalised to “construction in progress” under the consolidated balance sheet of the Group, with corresponding increase in the balance of “trade payables”. The assets and the liabilities of the Group will be increased accordingly. The payment of the contract sum, and the payments and expenses incurred and to be incurred in connection with the Development Project would result in a decrease in “trade payables”, “cash and cash equivalents” and/or “bank borrowings”. It is expected that completion of the Development Project will have no impact on the net asset value of the Group because the contract sum will be settled by internal resources and/or borrowings of the Group.

The Company considers that there will not be any material effect on the earnings of the Group immediately due to the execution of the Main Contractor Construction Contract. Since the contract sum is expected to be funded by internal resources and/or borrowings of the Group, after the payment of the contract sum, the cash and cash equivalents of the Group will decrease by approximately RMB185.9 million (tax inclusive) (equivalent to approximately HK\$218.0 million), subject to adjustment according to the terms of the Main Contractor Construction Contract, and as a result, the bank interest income of the Group will be reduced and the finance costs from interest-bearing loans will increase.

LETTER FROM THE BOARD

ADDITIONAL INFORMATION

Your attention is drawn to the additional information set out in the appendices to this circular.

Yours faithfully
On behalf of the Board of
High Fashion International Limited
Lam Gee Yu, Will
Executive Director and Managing Director

Save as aforesaid or otherwise disclosed herein, as at the Latest Practicable Date, the Group did not have any debt securities issued and outstanding or authorised or otherwise created but unissued, term loans, bank overdrafts, other borrowings or other similar indebtedness, liabilities under acceptances or acceptance credits (other than normal trade bills), debentures, mortgages, charges, hire purchase commitments, guarantees or other material contingent liabilities, whether guaranteed, unguaranteed, secured or unsecured.

3. WORKING CAPITAL STATEMENT

The Directors, having made due and careful enquiry, are of the opinion that taking into account the Main Contractor Construction Contract and the Group's available financial resources, including internally generated revenue and funds, banking facilities, successful renewal of existing banking facilities upon expiry, and cash on hand, the Group has sufficient working capital for its requirements for at least 12 months from the date of publication of this circular.

4. MATERIAL ADVERSE CHANGE

The Directors were not aware of any material adverse change in the financial or trading position of the Group since 31 December 2021 (being the date to which the published audited consolidated financial statements of the Group were made up) and up to and including the Latest Practicable Date.

5. FINANCIAL AND OPERATIONAL PROSPECTS OF THE GROUP

As disclosed in the Company's annual results for the year ended 31 December 2021, the Group has been able to deliver an improving and decent result despite the undesirable market environment. Through the Group's successful breakthroughs in the sustainability, green and smart manufacturing and supply chain reforms, the Group answers to dynamic market needs proactively. The Group will continue to provide high quality offerings for its clientele, and to build a stronger competitive advantage.

Sustainability has been integrated into the Group's product development, supply chain reform and the Group constantly challenges itself into higher sustainability standard on peak emission, carbon neutrality, water footprints and material traceability. On green production development, the Group has partnered with world renowned research institutes on diversified fabric studies, including bio-based fabric, recycled fabric and upcycling. With scientific advancement and sustainability, the Group is making remarkable progress on the journey to sustainable fashion.

Digitalization is now the Group's core management doctrine. The Group is currently using big data to forecast market trends and digital marketing to create greater advantages for its future growth. A comprehensive and complete digitalization has ensured an objective and scientific management approach, optimized operating cost and built a solid foundation for constructing the Group's global supply chain network.

The Group's projects in Mainland China and Hong Kong have continued to generate stable cashflow. The Group expects that the full potential of the property projects completed in 2021 will be realised in the near future. The Group is dedicated to creating a fashion eco-system, facilitating communications and collaborations among businesses, creating alliances and providing opportunities for cross-industry synergies to develop.

1. RESPONSIBILITY STATEMENT

This circular, for which the Directors collectively and individually accept full responsibility, includes particulars given in compliance with the Listing Rules for the purpose of giving information with regard to the Group. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this circular is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this circular misleading.
