**VOLUNTARY ANNOUNCEMENT  
BUSINESS UPDATE**

BII Railway Transportation Technology Holdings Company Limited (the “**Company**” and its subsidiaries, the “**Group**”) is pleased to announce that following winning the bidding project of automatic fare collection system for the Beijing Subway Line 13 in the first half of 2022, it has recently won the project of communication, passenger information system (navigation inclusive) and automatic office system equipment integration procurement for the Beijing Rail Transit Line 13 Capacity Expansion and Enhancement with a bid-winning amount of RMB420 million. The scope of the project mainly includes the integration services, supply, commissioning and access of all system equipments. The successful acquisition of this order marks a strategic step taken by the Group in the field of urban railway transportation communication system integration business, and further consolidates and expands the Group’s influence and competitive advantage in the Beijing market.

The Group will continue to focus on key markets, seize business opportunities and market shares in its areas of comparative advantages, so as to consolidate its market position and to provide customers with better quality intelligent railway transportation products and services.

By Order of the Board
