Arrangements have been made to facilitate: (a) for holders of our Class A ordinary shares, the migration of Shares from our principal share register in the Cayman Islands to our Hong Kong share register; and (b) for holders of ADSs, services for converting ADSs to Class A ordinary shares, to ensure that there would be sufficient liquidity immediately upon and shortly after, commencement of dealings in Hong Kong. See section headed “Information about this Document and the Introduction – Conversion between Class A ordinary shares trading in Hong Kong and ADSs” for further details.

If you do not currently have a broker/CCASS account open through which you can trade Hong Kong listed securities on the Hong Kong Stock Exchange, please contact a broker to open an account.

For holders of our Class A ordinary shares who have already submitted the specimen signature(s) to Hong Kong Share Registrar and opened a broker account in Hong Kong or otherwise have a CCASS Investor Participant stock account, such Shareholders shall make necessary arrangements with the broker or arrange personally for the deposit of their Class A ordinary shares into the relevant CCASS Participant’s stock account or CCASS Investor Participant stock account.

For holders of our ADSs who wish to cancel their ADSs to withdraw the Class A ordinary shares they represent, and who have already opened a broker account in Hong Kong or otherwise have a CCASS Investor Participant stock account, such ADS holders shall instruct the broker to arrange, or arrange personally, for the surrender of the ADSs to the depositary for cancellation of the ADSs and the transfer of the Class A ordinary shares withdrawn from the depositary’s account with the custodian within the CCASS system to the investor’s Hong Kong stock account.

We have arranged with our principal share registrar in the Cayman Islands and Hong Kong Share Registrar to arrange for the transfer of a portion of our Class A ordinary shares (which includes all of our Class A ordinary shares represented by ADSs) from our Cayman Islands share register to our Hong Kong share register prior to the Listing at no additional cost to the Shareholders prior to the Listing.

MARKET ARRANGEMENTS TO FACILITATE DEALINGS IN HONG KONG

BRIDGING AND LIQUIDITY ARRANGEMENTS

Intended market arrangements during the Bridging Period

Designated Dealers

J.P. Morgan Broking (Hong Kong) Limited has been appointed as the designated securities dealer (designated dealer identity number: 7682) (the “**Designated Dealer**”) and Goldman Sachs (Asia) Securities Limited (designated dealer identity number: 7684) has been appointed as alternative designated securities dealer (the “**Alternate Designated Dealer**”), each being a regulated entity approved by the Hong Kong Stock Exchange, to carry out the bridging and other trading arrangements outlined below in good faith and on arm’s length terms with a view to contributing towards liquidity to meet demand for our Shares in Hong Kong and to maintain an orderly market. The Designated Dealer and/or Alternate Designated Dealer have been appointed for a period of 30 calendar days, commencing from 9:00 a.m. on Listing Date.

The designated dealer identity numbers have been set up solely for the purposes of carrying out arbitrage trades, covered short-sales and other trades in Hong Kong as described in this listing document, in order to ensure identification and enhance transparency of such trades in the Hong Kong market. Any change in a designated dealer identity number will be disclosed as soon as practicable by way of announcement on the websites of our Company and the Hong Kong Stock Exchange as well as our Company’s filings with the SEC published on the SEC’s website.

Bridging and liquidity arrangements

For a period of 30 calendar days commencing on the Listing Date (the “**Bridging Period**”), the Designated Dealer and/or its affiliates will seek to undertake, or, under the circumstance that the trades cannot be undertaken by the Designated Dealer as a result of technical failures, request the Alternate Designated Dealer to undertake, certain trading activities in circumstances as described below. The Bridging Period will end on October 20, 2022 (being the period of 30 calendar days from and including the Listing Date). The Alternate Designated Dealer will only undertake trading activities at the request of the Designated Dealer. Such arbitrage activities are expected to contribute to the liquidity of trading in the Class A ordinary shares in the Hong Kong market upon the Listing as well as to reduce potential material divergence between the prices of our Shares quoted on the Hong Kong Stock Exchange and our ADSs quoted on the NYSE.

The Designated Dealer and the Alternate Designated Dealer envisage undertaking the below activities for the purposes of facilitating the trading of our Class A ordinary shares in Hong Kong upon Listing and maintaining an orderly market for our Class A ordinary shares on the Hong Kong Stock Exchange:

- (a). *Stock borrowing arrangements.* On September 15, 2022, J.P. Morgan Securities plc as borrower, entered into a stock borrowing and lending agreement (the “**Stock Borrowing Agreement**”) with Scarlet Punk Investment Limited as lender (the “**Lender**”) to ensure that the Designated Dealer, the Alternate Designated Dealer and/or their respective affiliates (together, the “**Designated Dealers**”) will have ready access to appropriate

MARKET ARRANGEMENTS TO FACILITATE DEALINGS IN HONG KONG

quantities of Class A ordinary shares for settlement purposes upon Listing and throughout the Bridging Period. The Stock Borrowing Agreement will come into effect from the first day of the Bridging Period.

Pursuant to the Stock Borrowing Agreement, the Lender will make available to the borrower stock lending facilities of up to 42,000,000 Class A ordinary shares (the “**Borrowed Shares**”), or approximately 2.5% of the Class A ordinary shares in issue as at the Latest Practicable Date, on one or more occasions, subject to applicable Laws. The Borrowed Shares will be registered on our Hong Kong share register and admitted into CCASS prior to and upon Listing.

Under the Stock Borrowing Agreement, the Borrowed Shares shall be returned to the Lender within 15 business days after the expiry of the Bridging Period, but this may be postponed in case the procedure for re-delivering and transfer of the Borrowed Shares is unable to be completed within this period. To close out their borrowed positions, the Designated Dealers may purchase ADSs from the NYSE and convert such ADSs into Class A ordinary shares or purchase Class A ordinary shares from the Hong Kong Stock Exchange or use any unutilized Borrowed Shares registered on our Hong Kong share register to transfer to the Lender. If necessary, the Designated Dealers may repeat the process or alternatively may purchase Class A ordinary shares from the Hong Kong market, in order to provide additional liquidity to meet demand for our Class A ordinary shares in the Hong Kong market during the Bridging Period.

In the unlikely event that the Borrowed Shares falls short of what is required, the Designated Dealers will have the option to purchase additional ADSs from the U.S. market and convert these to Class A ordinary shares in Hong Kong in order to further facilitate the liquidity arrangements where necessary.

- (b). the Designated Dealers will closely monitor the trading of our Class A ordinary shares and continue to manage their Share inventory as necessary while carrying out the liquidity trades. Once the market opens and during the Continuous Trading Period (as defined in the Rules and Regulations of the Exchange and the Options Trading Rules (“**Rules of the Exchange**”)), the Designated Dealers will adopt various predetermined quantitative and other parameters, including continuous monitoring of bid/ask price, closing price, last recorded price, day high/low price, trading volume, intra-day volatility, availability of sell orders in the market, macro backdrop, sector and company related news, in order to form decisions of what liquidity arrangements may be needed on a real-time basis and to further provide facilitation services to buyers and sellers, and as such, they may provide liquidity from their Share inventory. The Designated Dealers will monitor the market closely to ensure on a timely basis such orders are placed in the market as necessary to provide and facilitate liquidity while maintaining an orderly and fair market. They will consider increasing sell orders while ensuring that they do not artificially push down share price. On the other hand, should supply exceed demand, they may opt to further build up their inventory by purchasing Shares from sellers. The Designated Dealers will also work on the set of parameters to provide liquidity arrangements during the Continuous Trading

MARKET ARRANGEMENTS TO FACILITATE DEALINGS IN HONG KONG

Period (as defined in the Rules of the Exchange). If the Designated Dealers choose to purchase ADSs overnight on NYSE, the date of settlement for ADSs is on the second business day following the trade date (T+2). The Designated Dealers can subsequently present ADRs evidencing such ADSs at the office of the Depositary, and send an instruction to cancel such ADSs to the Depositary. Upon payment of fees, expenses, taxes or charges and subject in all cases to the terms of the deposit agreement, the Depositary will instruct its custodian to deliver the Class A ordinary shares underlying the cancelled ADSs to Designated Dealer's and/or Alternate Designated Dealer's CCASS participant stock accounts provided in the instruction, in all cases subject to there being a sufficient number of Class A Ordinary Shares on the Hong Kong share register to facilitate a withdrawal from the ADS program directly into the CCASS system. If there is no delay, these Shares will be available the following morning Hong Kong time (T+2) at the earliest for settlement of Shares sold on or after T+2 by the Designated Dealers on the Hong Kong Stock Exchange. While such transfer of Class A ordinary shares take place, the Designated Dealers will utilize Class A ordinary shares borrowed under the Stock Borrowing Agreement for settlement of the sales made in Hong Kong. Alternatively, the Designated Dealers may purchase Class A ordinary shares from the Hong Kong market to replenish their Share inventory.

- (c). The Designated Dealers will enter into such bridging and liquidity arrangements (including the arbitrage activities) with a view to contributing towards the liquidity of our Class A ordinary shares in Hong Kong, and they intend for such bridging and liquidity arrangements to constitute principal transactions.

In light of the above bridging and liquidity arrangements, our Company and the Joint Sponsors are of the view that there are adequate and effective precautionary measures in place to facilitate the maintenance of an orderly, informed and fair market in the securities of our Company upon and following its Listing in Hong Kong.

Other than the Designated Dealers, trading activities may be carried out by market participants who have access to our Class A ordinary shares. Also, other existing Shareholders who have converted their shareholdings into our Class A ordinary shares in Hong Kong upon the commencement of trading can also carry out trades in our Class A ordinary shares to facilitate the liquidity of the trading of our Class A ordinary shares on the Hong Kong Stock Exchange. Such activities will depend on the number of market participants (other than the Designated Dealers) who elect to convert their shareholdings into our Class A ordinary shares in Hong Kong.

The bridging and liquidity arrangements being implemented in connection with the Listing are not equivalent to the price stabilization activities which may be undertaken in connection with an initial public offering.

It should be noted that each of the Designated Dealer and the Alternate Designated Dealer and any persons acting for it may, in connection with the proposed liquidity activities, maintain a long position in the Class A ordinary shares. There is no certainty regarding

MARKET ARRANGEMENTS TO FACILITATE DEALINGS IN HONG KONG

the extent, time or the period for which each of the Designated Dealer and the Alternate Designated Dealer and any persons acting for it may maintain such a long position in the Class A ordinary shares. The liquidation of any such long position by the Designated Dealer and the Alternate Designated Dealer or any persons acting for it may have an adverse impact on the market price of the Class A ordinary shares.

There are no restrictions on existing Shareholders to dispose of their Shares under Hong Kong laws. Under the Hong Kong Listing Rules, apart from the restrictions under Rule 9.09 of the Hong Kong Listing Rules in respect of which certain waivers have been sought from the Hong Kong Stock Exchange (see section headed “Waivers and Exemptions” in this listing document for further details), there are no other restrictions on existing Shareholders in relation to the disposal of Shares.

Exemption in relation to short selling

Certain trades envisaged to be carried out by the Designated Dealers during the Bridging Period may constitute covered short-selling (or be deemed to constitute short-selling) under Hong Kong Laws. The Rules of the Exchange prohibit short-selling other than short selling of Designated Securities (as defined in the Rules of the Exchange) during the Continuous Trading Period (as defined in the Rules of the Exchange).

The Designated Dealer and the Alternate Designated Dealer, have applied to the Hong Kong Stock Exchange for, and the Hong Kong Stock Exchange has granted, an exemption: (i) in order to permit the Designated Dealers to conduct the proposed activities described above which may constitute (or may be deemed to constitute) short-selling of securities during the pre-opening session (as defined in the Rules of the Exchange as being from 9:00 a.m. to 9:30 a.m. on the commencement of the morning trading session, Hong Kong time), the Continuous Trading Period in circumstances where the Shares are not Designated Securities, and closing auction session (as defined in the Rules of Exchange as being from 4:00 p.m. to 4:10 p.m. on closing of afternoon session or, when there is no afternoon session on the eves of Christmas, New Year and Lunar New Year, from 12:00 noon to 12:10 p.m., Hong Kong time); and (ii) from the regulation that a short sale shall not be made on the Hong Kong Stock Exchange below the POS reference price, the best current ask price or the CAS reference price except where the Designated Security is a Market Making Security (as defined in the Rules of the Exchange) approved by the SFC to be excluded from the application of the regulation.

No person, other than the Designated Dealers (including their respective affiliates authorised to carry out trading activities), is permitted to enter into short sales of our Class A ordinary shares on the Hong Kong Stock Exchange during the Bridging Period or thereafter unless the Shares are designated for short-selling by the Hong Kong Stock Exchange. Upon the expiry of the Bridging Period, the Designated Dealers will not be able to engage in further bridging and liquidity activities described above in respect of our Class A ordinary shares on the Hong Kong Stock Exchange.

Spread of shareholdings

It is expected that the following measures and factors will assist in creating and/or improving the distribution of our Class A ordinary shares among Hong Kong investors which are available for trading on the Hong Kong Stock Exchange following the Listing.

MARKET ARRANGEMENTS TO FACILITATE DEALINGS IN HONG KONG

ADS holders may at their discretion cancel their ADRs and withdraw their Class A ordinary shares from the ADS program as described in the section headed “Information about this Document and the Introduction” in this listing document. For further details, see “Information about this Document and the Introduction.” To the extent that existing ADS holders elect to cancel their ADRs and to receive Class A ordinary shares tradable on the Hong Kong Stock Exchange shortly after Listing, such converted Class A ordinary shares will help contribute to the general liquidity of our Class A ordinary shares in the Hong Kong market.

Our Directors consider that, having regard to the arrangements described in “– Intended market arrangements during the Bridging Period” and “– Investor Education” in this section, all reasonable efforts have been made to facilitate the migration of our Shares to the Hong Kong share register which shall provide a sufficient basis for an open market at the time of the Listing.

Benefits of bridging and liquidity arrangements

We believe that the above market arrangements will benefit the Listing in the following ways:

- (a). the above stock borrowing will ensure that the Designated Dealers have sufficient Class A ordinary shares registered on our Hong Kong share register and admitted into CCASS to meet the demands of public investors in Hong Kong from the commencement of Listing and for a reasonable period of time, being the Bridging Period, to maintain liquidity in the trading of our Class A ordinary shares on the Hong Kong Stock Exchange;
- (b). additionally, trades carried out by the Designated Dealers during the Bridging Period would be undertaken according to guidelines for the additional purpose of maintaining an orderly market in which our Class A ordinary shares are traded in Hong Kong;
- (c). the bridging and liquidity arrangements are perceived to be a mechanism which is fair to all market participants who have access to our Shares, as it is open to all of our Shareholders and other market participants who have such access to relevant markets to carry out trades similar to those to be carried out by the Designated Dealers in order to facilitate sufficient liquidity in our Class A ordinary shares in the Hong Kong market; and
- (d). by seeking to minimize the risk of a disorderly market in our Class A ordinary shares developing due to a lack of available liquidity to meet demand upon and during the initial period after Listing.
