- rental and management fee income increased by 6.3% to about HK\$13.5 million (2021: HK\$12.7 million), mainly due to the increase in rental income recorded for The Esplanade Place at Tuen Mun in Hong Kong as compared to the last corresponding period;
- revenues from securities investment and trading decreased by 64.0% to about HK\$14.6 million (2021: HK\$40.6 million) as a result of the decreased level of bond investments held by the Group during the period under review; and
- sales of cemetery assets in the PRC decreased by 55.3% to about HK\$9.3 million (2021: HK\$20.8 million) mainly due to the decrease in number of grave plots sold during the period under review.

During the period under review, gross profit decreased by about 70.0% to about HK\$27.8 million (2021: HK\$92.7 million) mainly as a result of the decrease in revenues. Overall gross profit margin increased from 64% to 72% and was mainly due to the decrease in proportion of sales of development properties which has a relatively lower profit margin than the other revenue segments of the Group. The gross profit margin for each revenue segment is as follows:

	<u>9/2022</u>	<u>9/2021</u>
Sales of development properties	50%	45%

Revenues from securities investment and trading	100%	100%
Sales of cemetery assets	59%	63%

Other income and net loss amounted to a net loss of about HK\$91.1 million (2021: HK\$255.5 million) principally due to the net loss of bond investments. Loss on disposal of subsidiaries of about HK\$45.7 million was recorded for the period under review upon the completion of the disposal of subsidiaries holding the property in Changan, Dongguan, the PRC as announced on 5 August 2022 (2021: gain of HK\$1.18 billion for the disposal of subsidiaries holding the property project in Panyu, Guangzhou, the PRC).

On the costs side, selling and marketing expenses decreased by about 58.6% to about HK\$5.5 million (2021: HK\$13.3 million) due to the decrease in sales commission of The Esplanade in Tuen Mun recorded as comparing to that for the last corresponding period. Administrative and other operating expenses decreased by 28.3% to about HK\$43.3 million (2021: HK\$60.4 million) due to the decrease in business activities and cost saving on general overheads during the period under review. Finance costs increased by 7.3% to HK\$20.5 million (2021: HK\$19.1 million) mainly due to the increase in interest rates prevailing during the period. Share of loss of a joint venture was HK\$6.6 million (2021: profit of HK\$6.0 million) mainly due to the share of revaluation loss arising on investment properties owned by the joint venture. Taxation charge amounted to about HK\$4.6 million (2021: HK\$149.2 million) mainly due to the taxation charge relating to the disposal of subsidiaries with property in Changan, Dongguan, the PRC as mentioned above during the period under review (2021: mainly due to the taxation charge relating to the disposal of subsidiaries with property project in Panyu).

Taking into account the above, loss attributable to equity holders of the Company for the period ended 30 September 2022 amounted to HK\$187.3 million (2021: profit of HK\$767.9 million). Loss per share was 7.98 HK cents (2021: earnings per share of 32.69 HK cents).

Foreign Exchange Risk

As disclosed in the "Business Review" section of this announcement, besides Hong Kong, the Group also conducts its businesses in the PRC and Malaysia, with the income and the major cost items in those places being denominated in their local foreign currencies. Therefore, it is expected that any fluctuation of these foreign currencies' exchange rates would not have material effect on the operations of the Group. However, as the Group's consolidated financial statements are presented in Hong Kong dollar, and the Group has some monetary assets and liabilities denominated in foreign currencies, the Group's financial position is subject to exchange exposure to these foreign currencies. The Group would closely monitor this risk exposure from time to time.

PROSPECTS

Going forward, the Group holds a cautious view about the global economic outlook. In the PRC, the Group considers that the economic growth will be slowed down and that the liquidity crisis of property development sector has yet to be resolved. In Hong Kong, we are facing a downturn in the property sector, in the midst of the rising interest rates. Against such backdrop, the Group will continue to optimize its operations and will also continue to identify opportunities to enhance its revenue and maximize return for its shareholders.
