
STRUCTURE OF THE GLOBAL OFFERING

THE GLOBAL OFFERING

This prospectus is published in connection with the Hong Kong Public Offering as part of the Global Offering.

The listing of the Shares on the Main Board of the Stock Exchange is sponsored by the Sole Sponsor. The Sole Sponsor has made an application on behalf of the Company to the Stock Exchange for the listing of, and permission to deal in, the Shares in issue and to be issued as mentioned in this prospectus.

11,350,000 Offer Shares will initially be made available under the Global Offering comprising:

- the Hong Kong Public Offering of initially 1,135,000 Offer Shares (subject to reallocation) in Hong Kong as described in “– The Hong Kong Public Offering” below; and
- the International Offering of initially 10,215,000 Offer Shares (subject to reallocation and the Over-allotment Option) (i) in the United States solely to QIBs in reliance on Rule 144A or another exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and (ii) outside the United States (including to professional and institutional investors within Hong Kong) in offshore transactions in reliance on Regulation S, as described in the subsection headed “The International Offering” below.

Investors may either (i) apply for Hong Kong Public Offer Shares under the Hong Kong Public Offering; or (ii) apply for or indicate an interest for International Offer Shares under the International Offering, but may not do both.

The Offer Shares will represent approximately 8.94% of the total Shares in issue immediately following the completion of the Global Offering. If the Over-allotment Option is exercised in full, the Offer Shares will represent approximately 10.15% of the total Shares in issue immediately following the completion of the Global Offering.

References in this prospectus to applications, Green Application Form, application monies or the procedure for applications relate solely to the Hong Kong Public Offering.

STRUCTURE OF THE GLOBAL OFFERING

THE HONG KONG PUBLIC OFFERING

Number of Offer Shares initially offered

The Company is initially offering 1,135,000 Offer Shares for subscription by the public in Hong Kong at the Offer Price, representing 10.0% of the total number of Offer Shares initially available under the Global Offering. The number of Offer Shares initially offered under the Hong Kong Public Offering, subject to any reallocation of Offer Shares between the International Offering and the Hong Kong Public Offering, will represent approximately 0.9% of the total Shares in issue immediately following the completion of the Global Offering.

The Hong Kong Public Offering is open to members of the public in Hong Kong as well as to institutional and professional investors. Professional investors generally include brokers, dealers, companies (including fund managers) whose ordinary business involves dealing in shares and other securities and corporate entities that regularly invest in shares and other securities.

Completion of the Hong Kong Public Offering is subject to the conditions set out in “– Conditions of the Global Offering” below.

Allocation

Allocation of Offer Shares to investors under the Hong Kong Public Offering will be based solely on the level of valid applications received under the Hong Kong Public Offering. The basis of allocation may vary, depending on the number of Hong Kong Public Offer Shares validly applied for by applicants. Such allocation could, where appropriate, consist of balloting, which could mean that some applicants may receive a higher allocation than others who have applied for the same number of Hong Kong Public Offer Shares, and those applicants who are not successful in the ballot may not receive any Hong Kong Public Offer Shares.

For allocation purposes only, the total number of Hong Kong Public Offer Shares available under the Hong Kong Public Offering (after taking into account any reallocation referred to below) will be divided equally into two pools: pool A and pool B with any odd lots being allocated to pool A. The Hong Kong Public Offer Shares in pool A will be allocated on an equitable basis to applicants who have applied for Hong Kong Public Offer Shares with an aggregate price of HK\$5 million (excluding the brokerage, the SFC transaction levy, AFRC transaction levy and the Stock Exchange trading fee payable) or less. The Hong Kong Public Offer Shares in pool B will be allocated on an equitable basis to applicants who have applied for Hong Kong Public Offer Shares with an aggregate price of more than HK\$5 million (excluding the brokerage, the SFC transaction levy, AFRC transaction levy and the Stock Exchange trading fee payable) and up to the total value in pool B.

STRUCTURE OF THE GLOBAL OFFERING

Investors should be aware that applications in pool A and applications in pool B may receive different allocation ratios. If any Hong Kong Public Offer Shares in one (but not both) of the pools are unsubscribed, such unsubscribed Hong Kong Public Offer Shares will be transferred to the other pool to satisfy demand in that other pool and be allocated accordingly. For the purpose of the immediately preceding paragraph only, the “price” for Hong Kong Public Offer Shares means the price payable on application therefor (without regard to the Offer Price as finally determined). Applicants can only receive an allocation of Hong Kong Public Offer Shares from either pool A or pool B and not from both pools. Multiple or suspected multiple applications under the Hong Kong Public Offering and any application for more than 567,500 Hong Kong Public Offer Shares is liable to be rejected.

Reallocation

The allocation of the Offer Shares between the Hong Kong Public Offering and the International Offering is subject to reallocation. Paragraph 4.2 of Practice Note 18 of the Listing Rules requires a clawback mechanism to be put in place which would have the effect of increasing the number of Offer Shares under the Hong Kong Public Offering to a certain percentage of the total number of Offer Shares offered under the Global Offering if certain prescribed total demand levels are reached.

If the number of Offer Shares validly applied for under the Hong Kong Public Offering represents (a) 15 times or more but less than 50 times, (b) 50 times or more but less than 100 times and (c) 100 times or more of the total number of Offer Shares initially available under the Hong Kong Public Offering, then Offer Shares will be reallocated to the Hong Kong Public Offering from the International Offering. As a result of such reallocation, the total number of Offer Shares available under the Hong Kong Public Offering will be increased to 3,405,000 Offer Shares (in the case of (a)), 4,540,000 Offer Shares (in the case of (b)) and 5,675,000 Offer Shares (in the case of (c)), representing approximately 30%, 40% and 50% of the total number of Offer Shares initially available under the Global Offering, respectively (before any exercise of the Over-allotment Option). In each case, the additional Offer Shares reallocated to the Hong Kong Public Offering will be allocated between pool A and pool B and the number of Offer Shares allocated to the International Offering will be correspondingly reduced in such manner as the Sole Overall Coordinator deems appropriate. In addition, the Sole Overall Coordinator may allocate Offer Shares from the International Offer Shares to the Hong Kong Public Offering to satisfy valid applications under the Hong Kong Public Offering.

STRUCTURE OF THE GLOBAL OFFERING

If the Hong Kong Public Offering is not fully subscribed, the Sole Overall Coordinator may reallocate all or any unsubscribed Hong Kong Public Offer Shares to the International Offering, in such proportions as the Sole Overall Coordinator deems appropriate.

The Sole Overall Coordinator may, at its discretion, reallocate Offer Shares initially allocated for the International Offering to the Hong Kong Public Offering to satisfy valid applications in pool A and pool B under the Hong Kong Public Offering in accordance with Guidance Letter HKEX-GL-91-18. In the event that (i) the International Offer Shares are undersubscribed and the Hong Kong Public Offer Shares are fully subscribed or oversubscribed irrespective of the number of times; or (ii) the International Offer Shares are fully subscribed or oversubscribed and the Hong Kong Public Offer Shares are fully subscribed or oversubscribed as to less than 15 times of the number of Hong Kong Public Offer Shares initially available under the Hong Kong Public Offering provided that the Offer Price would be set at HK\$46.0 (low-end of the Offer Price Range), up to 1,135,000 Offer Shares may be reallocated to the Hong Kong Public Offering from the International Offering, so that the total number of the Offer Shares available under the Hong Kong Public Offering will be increased to 2,270,000 Offer Shares, representing approximately 20% of the number of the Offer Shares initially available under the Global Offering (before any exercise of the Over-allotment Option).

Applications

Each applicant under the Hong Kong Public Offering will be required to give an undertaking and confirmation in the application submitted by him/her that he/she and any person(s) for whose benefit he/she is making the application has not applied for or taken up, or indicated an interest for, and will not apply for or take up, or indicate an interest for, any International Offer Shares under the International Offering. Such applicant's application is liable to be rejected if such undertaking and/or confirmation is/are breached and/or untrue (as the case may be) or if he/she has been or will be placed or allocated International Offer Shares under the International Offering.

Applicants under the Hong Kong Public Offering are required to pay, on application, the Maximum Offer Price in addition to the brokerage, the SFC transaction levy, AFRC transaction levy and the Stock Exchange trading fee payable on each Offer Share, amounting to a total of HK\$5,050.40 for one board lot of 100 Offer Shares. If the Offer Price, as finally determined in the manner described in “– Pricing and Allocation” below, is less than the Maximum Offer Price, appropriate refund payments (including the brokerage, the SFC transaction levy, AFRC transaction levy and the Stock Exchange trading fee attributable to the surplus application monies) will be made to successful applicants, without interest. Further details are set out in “How to apply for Hong Kong Public Offer Shares”.

STRUCTURE OF THE GLOBAL OFFERING

THE INTERNATIONAL OFFERING

Number of Offer Shares initially offered

The International Offering will consist of an offering of initially 10,215,000 Shares offered by the Company, representing 90.0% of the total number of Offer Shares initially available under the Global Offering. The number of Offer Shares initially offered under the International Offering, subject to any reallocation of Offer Shares between the International Offering and the Hong Kong Public Offering, will represent approximately 8.05% of the total Shares in issue immediately following the completion of the Global Offering (assuming the Over-Allotment Option is not exercised).

Allocation

The International Offering will include selective marketing of Offer Shares to QIBs in the United States as well as institutional and professional investors and other investors anticipated to have a sizeable demand for such Offer Shares in Hong Kong and other jurisdictions outside the United States in reliance on Regulation S. Professional investors generally include brokers, dealers, companies (including fund managers) whose ordinary business involves dealing in shares and other securities and corporate entities that regularly invest in shares and other securities. Allocation of Offer Shares pursuant to the International Offering will be effected in accordance with the “book-building” process described in the subsection headed “Pricing and Allocation” below and based on a number of factors, including the level and timing of demand, the total size of the relevant investor’s invested assets or equity assets in the relevant sector and whether or not it is expected that the relevant investor is likely to buy further Shares and/or hold or sell its Shares after the Listing. Such allocation is intended to result in a distribution of the Shares on a basis which would lead to the establishment of a solid professional and institutional shareholder base to the benefit of the Group and the Shareholders as a whole.

The Sole Overall Coordinator (on behalf of the Underwriters) may require any investor who has been offered Offer Shares under the International Offering and who has made an application under the Hong Kong Public Offering to provide sufficient information to the Sole Overall Coordinator so as to allow it to identify the relevant applications under the Hong Kong Public Offering and to ensure that they are excluded from any allocation of Offer Shares under the Hong Kong Public Offering.

Reallocation

The total number of Offer Shares to be issued or sold pursuant to the International Offering may change as a result of the clawback arrangement described in “– The Hong Kong Public Offering – Reallocation” above, the exercise of the Over-allotment Option in whole or in part and/or any reallocation of unsubscribed Offer Shares originally included in the Hong Kong Public Offering.

STRUCTURE OF THE GLOBAL OFFERING

OVER-ALLOTMENT OPTION

In connection with the Global Offering, the Company is expected to grant the Over-allotment Option to the International Underwriters, exercisable by the Sole Overall Coordinator (on behalf of the International Underwriters).

Pursuant to the Over-allotment Option, the International Underwriters will have the right, exercisable by the Sole Overall Coordinator (on behalf of the International Underwriters) at any time from the Listing Date until 30 days after the last day for lodging applications under the Hong Kong Public Offering, to require the Company to allot and issue up to an aggregate of 1,702,500 Shares, representing not more than 15% of the total number of Offer Shares initially available under the Global Offering, at the Offer Price under the International Offering to cover over-allocations in the International Offering, if any.

If the Over-allotment Option is exercised in full, the additional Offer Shares to be issued pursuant thereto will represent approximately 1.32% of the total Shares in issue immediately following the completion of the Global Offering. If the Over-allotment Option is exercised, an announcement will be made.

STABILIZATION

Stabilization is a practice used by underwriters in some markets to facilitate the distribution of securities. To stabilize, the underwriters may bid for, or purchase, the securities in the secondary market during a specified period of time, to retard and, if possible, prevent a decline in the initial public market price of the securities below the offer price. Such transactions may be effected in all jurisdictions where it is permissible to do so, in each case in compliance with all applicable laws and regulatory requirements, including those of Hong Kong. In Hong Kong, the price at which stabilization is effected is not permitted to exceed the offer price.

In connection with the Global Offering, the Stabilizing Manager (or any person acting for it), on behalf of the Underwriters, may over-allocate or effect transactions with a view to stabilizing or supporting the market price of the Shares at a level higher than that which might otherwise prevail for a limited period after the Listing Date. However, there is no obligation on the Stabilizing Manager (or any person acting for it) to conduct any such stabilizing action. Such stabilizing action, if taken, (a) will be conducted at the absolute discretion of the Stabilizing Manager (or any person acting for it) and in what the Stabilizing Manager reasonably regards as the best interest of the Company, (b) may be discontinued at any time and (c) is required to be brought to an end within 30 days after the last day for lodging applications under the Hong Kong Public Offering.

STRUCTURE OF THE GLOBAL OFFERING

Stabilization action permitted in Hong Kong pursuant to the Securities and Futures (Price Stabilizing) Rules of the SFO includes (a) over-allocating for the purpose of preventing or minimizing any reduction in the market price of the Shares, (b) selling or agreeing to sell the Shares so as to establish a short position in them for the purpose of preventing or minimizing any reduction in the market price of the Shares, (c) purchasing, or agreeing to purchase, the Shares pursuant to the Over-allotment Option in order to close out any position established under paragraph (a) or (b) above, (d) purchasing, or agreeing to purchase, any of the Shares for the sole purpose of preventing or minimizing any reduction in the market price of the Shares, (e) selling or agreeing to sell any Shares in order to liquidate any position established as a result of those purchases and (f) offering or attempting to do anything as described in clauses (b), (c), (d) or (e) above.

Specifically, prospective applicants for and investors in the Offer Shares should note that:

- the Stabilizing Manager (or any person acting for it) may, in connection with the stabilizing action, maintain a long position in the Shares;
- there is no certainty as to the extent to which and the time or period for which the Stabilizing Manager (or any person acting for it) will maintain such a long position;
- liquidation of any such long position by the Stabilizing Manager (or any person acting for it) and selling in the open market may have an adverse impact on the market price of the Shares;
- no stabilizing action can be taken to support the price of the Shares for longer than the stabilization period, which will begin on the Listing Date, and is expected to expire on Sunday, January 15, 2023, being the 30th day after the last day for lodging applications under the Hong Kong Public Offering. After this date, when no further stabilizing action may be taken, demand for the Shares, and therefore the price of the Shares, could fall;
- the price of the Shares cannot be assured to stay at or above the Offer Price by the taking of any stabilizing action; and
- stabilizing bids or transactions effected in the course of the stabilizing action may be made at any price at or below the Offer Price and can, therefore, be done at a price below the price paid by applicants for, or investors in, the Offer Shares.

The Company will ensure that an announcement in compliance with the Securities and Futures (Price Stabilizing) Rules of the SFO will be made within seven days of the expiration of the stabilization period.

STRUCTURE OF THE GLOBAL OFFERING

Over-Allocation

Following any over-allocation of Shares in connection with the Global Offering, the Stabilizing Manager (or any person acting for it) may cover such over-allocations by exercising the Over-allotment Option in full or in part, using Shares purchased by the Stabilizing Manager (or any person acting for it) in the secondary market at prices that do not exceed the Offer Price or through the Stock Borrowing Agreement as detailed below or a combination of these means.

STOCK BORROWING AGREEMENT

In order to facilitate the settlement of over-allocations, if any, in connection with the Global Offering, the Stabilizing Manager (or any person acting for it) may choose to borrow up to 1,702,500 Shares (being the maximum number of Shares which may be issued pursuant to the exercise of the Over-allotment Option) from Good Taste Limited, pursuant to the Stock Borrowing Agreement, which is expected to be entered into between the Stabilizing Manager and Good Taste Limited on or about the Price Determination Date.

The same number of Shares so borrowed must be returned to Good Taste Limited or their nominees, as the case may be, on or before the third business day following the earlier of (a) the last day on which the Over-allotment Option may be exercised and (b) the day on which the Over-allotment Option is exercised in full.

The Shares borrowing arrangement described above will be effected in compliance with all applicable laws, rules and regulatory requirements. No payment will be made to Good Taste Limited by the Stabilizing Manager (or any person acting for it) in relation to such Shares borrowing arrangement.

PRICING AND ALLOCATION

Determining the Pricing of the Offer Shares

Pricing for the Offer Shares for the purpose of the various offerings under the Global Offering will be determined on the Price Determination Date, which is expected to be on or about Friday, December 16, 2022 and, in any event, no later than Thursday, December 22, 2022, by agreement between the Sole Overall Coordinator (on behalf of the Underwriters) and the Company, and the number of Offer Shares to be allocated under the various offerings will be determined shortly thereafter.

The Offer Price will not be more than HK\$50.0 per Offer Share and is expected to be not less than HK\$46.0 per Offer Share, unless otherwise announced, as further explained below. Applicants under the Hong Kong Public Offering must pay, on application, the Maximum Offer Price plus brokerage of 1.0%, SFC transaction levy of 0.0027%, AFRC transaction levy of 0.00015% and Stock Exchange trading fee of 0.005%, amounting to a total of HK\$5,050.40 for one board lot of 100 Offer Shares. **Prospective investors should be aware that the Offer Price to be determined on the Price Determination Date may be, but is not expected to be, lower than the Minimum Offer Price stated in this prospectus.**

STRUCTURE OF THE GLOBAL OFFERING

The International Underwriters will be soliciting from prospective investors' indications of interest in acquiring Offer Shares in the International Offering. Prospective professional and institutional investors will be required to specify the number of Offer Shares under the International Offering they would be prepared to acquire either at different prices or at a particular price. This process, known as "book-building," is expected to continue up to, and to cease on or about, the last day for lodging applications under the Hong Kong Public Offering.

The Sole Overall Coordinator (for itself and on behalf of the Underwriters) may, where they deem appropriate, based on the level of interest expressed by prospective investors during the book-building process in respect of the International Offering, and with the consent of the Company, reduce the number of Offer Shares offered below and/or the Offer Price Range as stated in this prospectus at any time on or prior to the morning of the last day for lodging applications under the Hong Kong Public Offering. In such a case, we will, as soon as practicable following the decision to make such reduction, and in any event not later than the morning of the last day for lodging applications under the Hong Kong Public Offering, cause to be published on the websites of the Company and the Stock Exchange at www.dpcdash.com and www.hkexnews.hk, respectively, notices of the reduction. The Company will also, as soon as practicable following the decision to make such change, issue a supplemental prospectus updating investors of the change in the number of Offer Shares being offered under the Global Offering and/or the Offer Price, extend the period under which the Hong Kong Public Offering was opened for acceptance to allow potential investors sufficient time to consider their subscriptions or reconsider their submitted subscriptions, and require investors who had applied for the Hong Kong Public Offer Shares to positively confirm their applications for Offer Shares in light of the change in the number of Offer Shares and/or the Offer Price. Upon the issue of such a notice and supplemental prospectus, the revised number of Offer Shares and/or the Offer Price Range will be final and conclusive and the Offer Price, if agreed upon by the Sole Overall Coordinator (on behalf of the Hong Kong Underwriters) and our Company, will be fixed within such revised Offer Price Range.

Before submitting applications for the Hong Kong Public Offer Shares, applicants should have regard to the possibility that any announcement of a reduction in the number of Offer Shares and/or Offer Price Range may not be made until the last day for lodging applications under the Hong Kong Public Offering. Such notice will also include confirmation or revision, as appropriate, of the working capital statement and the Global Offering statistics as currently set out in this prospectus, and any other financial information which may change as a result of any such reduction. In the absence of any such notice so published, the number of Offer Shares will not be reduced and/or the Offer Price, if agreed upon by the Sole Overall Coordinator (on behalf of the Underwriters) and our Company, will under no circumstances be set outside the Offer Price Range as stated in this prospectus.

The Hong Kong Public Offering is fully underwritten by the Hong Kong Underwriters under the terms and conditions of the Hong Kong Underwriting Agreement and is subject to, among other things, the Sole Overall Coordinator (on behalf of the Underwriters) and the Company agreeing on the Offer Price.

The Company expects to enter into the International Underwriting Agreement relating to the International Offering on the Price Determination Date.

These underwriting arrangements, including the Underwriting Agreements, are summarized in “Underwriting”.

If, for any reason, the Offer Price is not agreed between the Sole Overall Coordinator (on behalf of the Underwriters) and the Company on or before Thursday, December 22, 2022, the Global Offering will not proceed and will lapse.

The consummation of each of the Hong Kong Public Offering and the International Offering is conditional upon, among other things, the other offering becoming unconditional and not having been terminated in accordance with its terms.

If the above conditions are not fulfilled or waived prior to the dates and times specified, the Global Offering will lapse and the Stock Exchange will be notified immediately. Notice of the lapse of the Hong Kong Public Offering will be published by the Company on the websites of the Company and the Stock Exchange at www.dpcdash.com and www.hkexnews.hk, respectively, on the next day following such lapse. The Shares will be traded in board lots of 100 Shares each and the stock code of the Shares will be 1405.

STRUCTURE OF THE GLOBAL OFFERING

NOTICE TO CAPITAL MARKET INTERMEDIARIES AND PROSPECTIVE INVESTORS PURSUANT TO PARAGRAPH 21 OF THE SFC CODE OF CONDUCT

Important Notice to CMIIs (including private banks)

This notice to capital market intermediaries (“**CMIIs**”) (including private banks) is a summary of certain obligations the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission (the “**Code**”) imposes on CMIIs, which require the attention and cooperation of other CMIIs (including private banks). Certain CMI may also be acting as the Sole Overall Coordinator for this offering and is subject to additional requirements under the Code.

Paragraph 21.3.3(c) of the Code requires that a CMI should take all reasonable steps to identify whether investors may have any associations with the Company and provide sufficient information to the Sole Overall Coordinator to enable it to assess whether orders placed by these investors may negatively impact the price discovery process.

Prospective investors who are the directors, employees or major shareholders of the Company, a CMI or its group companies would be considered under the Code as having an association (“**Association**”) with the Company, the CMI or the relevant group company (as the case may be). CMIIs should specifically disclose whether their investor clients have any Association when submitting orders for the Offer Shares. In addition, private banks should take all reasonable steps to identify whether their investor clients may have any Associations with the Company or any CMI (including its group companies) and inform the Underwriters accordingly.

Prospective investors to whom the allocation of Offer Shares will be subject to restrictions or require prior consent from the Stock Exchange under the Listing Rules and other regulatory requirements or guidance issued by the Stock Exchange from time to time (the “**Stock Exchange Requirements**”) (e.g. a connected person of a listed issuer) would be considered as “**Restricted Investors**”. Offer Shares may only be allocated to Restricted Investors in accordance with applicable Stock Exchange Requirements. CMIIs should specifically disclose whether their investor clients are Restricted Investors when submitting orders for the Offer Shares.

CMIIs are informed that the marketing and investor targeting strategy for this offering includes institutional investors, long-only investors, sovereign wealth funds, pension funds, hedge funds, in each case, subject to the applicable Stock Exchange Requirements (in the case of a Stock Exchange listed issuer) and selling restrictions set out elsewhere in this prospectus.

CMIIs should ensure that orders placed are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIIs). CMIIs should enquire with their investor clients regarding any orders which appear unusual or irregular. CMIIs should disclose the identities of all investors when submitting orders for the Offer Shares (except for omnibus orders where underlying investor information

STRUCTURE OF THE GLOBAL OFFERING

should be provided to the Sole Overall Coordinator when submitting orders). Failure to provide underlying investor information for omnibus orders, where required to do so, may result in that order being rejected. CMIs should not place “X-orders” into the order book.

CMIs should segregate and clearly identify their own proprietary orders (and those of their group companies, including private banks as the case may be) in the order book and book messages.

CMIs (including private banks) should not offer any rebates to prospective investors or pass on any rebates provided by the Company. In addition, CMIs (including private banks) should not enter into arrangements which may result in prospective investors paying different prices for the Offer Shares.

The Code requires that a CMI disclose complete and accurate information in a timely manner on the status of the order book and other relevant information it receives to targeted investors for them to make an informed decision. In order to do this, those Underwriters in control of the order book should consider disclosing order book updates to all CMIs.

When placing an order for the Offer Shares, private banks should disclose, at the same time, if such order is placed other than on a “principal” basis (whereby it is deploying its own balance sheet for onward selling to investors). Private banks who do not provide such disclosure are hereby deemed to be placing their order on such a “principal” basis. Private banks who disclose that they are placing their order other than on a “principal” basis (i.e. they are acting as an agent) should note that such order may be considered to be an omnibus order pursuant to the Code. Private banks should be aware that if any of their group companies is a CMI of this offering, placing an order on a “principal” basis may require the Underwriters to apply the “proprietary orders” of the Code to such order and will require the Underwriters to apply the “rebates” requirements of the Code to such order.

In relation to omnibus orders, when submitting such orders, CMIs (including private banks) are requested to provide the underlying investor information, preferably in Excel Workbook format, in respect of each order constituting the relevant omnibus order (failure to provide such information may result in that order being rejected). To the extent information being disclosed by CMIs and investors is personal and/or confidential in nature, CMIs (including private banks) agree and warrant: (A) to take appropriate steps to safeguard the transmission of such information to the Sole Overall Coordinator; (B) that they have obtained the necessary consents from the underlying investors to disclose such information to the Sole Overall Coordinator. By submitting an order and providing such information to the Sole Overall Coordinator, each CMI (including private banks) further warrants that they and the underlying investors have understood and consented to the collection, disclosure, use and transfer of such information by the Sole Overall Coordinator and/or any other third parties as may be required by the Code, including to the Company, relevant regulators and/or any other third parties as may be required by the Code, for the purpose of complying with the Code, during the bookbuilding process for this offering. CMIs that receive such underlying investor information are reminded that such information should be used only for submitting orders in

STRUCTURE OF THE GLOBAL OFFERING

this offering. The Underwriters may be asked to demonstrate compliance with their obligations under the Code, and may request other CMIs (including private banks) to provide evidence showing compliance with the obligations above (in particular, that the necessary consents have been obtained). In such event, other CMIs (including private banks) are required to provide the relevant Underwriter with such evidence within the timeline requested.

Important Notice to Prospective Investors

Prospective investors should be aware that certain intermediaries in the context of this offering of the Offer Shares, including certain Underwriters, are CMIs subject to Paragraph 21 of the Code. This notice to prospective investors is a summary of certain obligations the Code imposes on such CMIs, which require the attention and cooperation of prospective investors. Certain CMI may also be acting as the Sole Overall Coordinator for this offering and is subject to additional requirements under the Code.

Prospective investors who are the directors, employees or major shareholders of the Company, a CMI or its group companies would be considered under the Code as having an Association with the Company, the CMI or the relevant group company (as the case may be). Prospective investors associated with the Company or any CMI (including its group companies) should specifically disclose this when placing an order for the Offer Shares and should disclose, at the same time, if such orders may negatively impact the price discovery process in relation to this offering. Prospective investors who do not disclose their Associations are hereby deemed not to be so associated. Where prospective investors disclose their Associations but do not disclose that such order may negatively impact the price discovery process in relation to this offering, such order is hereby deemed not to negatively impact the price discovery process in relation to this offering.

Prospective investors to whom the allocation of Offer Shares will be subject to restrictions or require prior consent from the Stock Exchange under the Stock Exchange Requirements (e.g. a connected person of a listed issuer) would be considered as “Restricted Investors”. Offer Shares may only be allocated to Restricted Investors in accordance with applicable Stock Exchange Requirements. Prospective investors who are Restricted Investors should specifically disclose whether they are Restricted Investors when placing an order for the Offer Shares. Prospective investors who do not disclose they are Restricted Investors are hereby deemed not to be Restricted Investors.

Prospective investors should ensure, and by placing an order prospective investors are deemed to confirm, that orders placed are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). If a prospective investor is an asset management arm affiliated with any Underwriter, such prospective investor should indicate when placing an order if it is for a fund or portfolio where the Underwriter or its group company has more than 50% interest, in which case it will be classified as a “proprietary order” and subject to appropriate handling by CMIs in accordance with the Code and should disclose, at the same time, if such “proprietary order” may negatively impact the price discovery process in relation to this offering. Prospective

STRUCTURE OF THE GLOBAL OFFERING

investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not such a “proprietary order”. If a prospective investor is otherwise affiliated with any Underwriter, such that its order may be considered to be a “proprietary order” (pursuant to the Code), such prospective investor should indicate to the relevant Underwriter when placing such order and such orders will be subject to applicable requirements in accordance with the Code.
