CONTINUING CONNECTED TRANSACTION PURCHASE OF ELECTRICITY

2023 ELECTRICITY TRANSACTION AGREEMENT

Reference is made to the announcement of the Company dated 29 April 2022, which announced that GDH Zhongyue, a wholly-owned subsidiary of the Company, entered into the Old Electricity Transaction Agreement with GDH Energy Service, an indirect subsidiary of GDI, in relation to the purchase of electricity by GDH Zhongyue from GDH Energy Service for the period from 1 July 2022 to 31 December 2022.

The Board announces that on 29 December 2022, GDH Zhongyue entered into the 2023 Electricity Transaction Agreement with GDH Energy Service in relation to the purchase of electricity by GDH Zhongyue (through the power grid operated by Guangdong Power Grid) from GDH Energy Service for the period from 1 January 2023 to 30 June 2023.

THE LISTING RULES IMPLICATIONS

GDH is holding approximately 59.19% and 56.49% of the total number of shares in issue of the Company and GDI, respectively. By virtue of the above shareholding interests, GDI (being a subsidiary and thus an associate of GDH (being a substantial shareholder and connected person of the Company) as defined in the Listing Rules) is a connected person of the Company. GDH Energy Service (being an indirect subsidiary of GDI) is also a connected person of the Company. Therefore, the Transaction constitutes a continuing connected transaction of the Company under the Listing Rules.

Based on the estimated amount to be paid by GDH Zhongyue to the GDI Group under the Transaction, the Annual Cap for the financial year ending 31 December 2023 is set at RMB22,800,000 (equivalent to approximately HK\$24,818,000).

Since all applicable percentage ratios for the purpose of Chapter 14A of the Listing Rules in respect of the Annual Cap exceed 0.1% but are less than 5%, the Transaction is subject to the reporting and announcement requirements, but is exempt from the independent shareholders' approval requirement under Rule 14A.76(2) of the Listing Rules. The Company will comply with the annual review requirements under Rules 14A.55 to 14A.57 of the Listing Rules in relation to the Transaction.

THE 2023 ELECTRICITY TRANSACTION AGREEMENT

Reference is made to the announcement of the Company dated 29 April 2022, which announced that GDH Zhongyue, a wholly-owned subsidiary of the Company, entered into the Old Electricity Transaction Agreement with GDH Energy Service, an indirect subsidiary of GDI, in relation to the purchase of electricity by GDH Zhongyue from GDH Energy Service for the period from 1 July 2022 to 31 December 2022.

The Board announces that on 29 December 2022, GDH Zhongyue entered into the 2023 Electricity Transaction Agreement with GDH Energy Service in relation to the purchase of electricity by GDH Zhongyue from GDH Energy Service.

Pursuant to the 2023 Electricity Transaction Agreement, GDH Zhongyue agreed to purchase, and GDH Energy Service agreed to supply, electricity through the power grid operated by Guangdong Power Grid on a continuing basis on the following terms:

Parties:	GDH Zhongyue GDH Energy Service
Term:	1 January 2023 to 30 June 2023
Volume:	Not exceeding 40,000,000 kWh and the amount of electricity transacted shall be the actual volume of electricity consumed by GDH Zhongyue.

Unit Price:

For the six months ending 30 June 2023, GDH Energy Service shall supply, and GDH Zhongyue shall purchase, electricity (i) as for 90% of the monthly consumption, at a price based on the consolidated tariff for monthly centralised electricity competitive transactions (currently being RMB0.463 per kWh with a plus/minus fluctuation within 20% (the maximum being RMB0.554 per kWh and the minimum being RMB0.372 per kWh, currently)) as announced by the Guangdong Electricity Exchange Centre, multiplied by a coefficient which is determined on the basis of consumption during the peak, normal or low period; and (ii) as for the remaining 10% of the monthly consumption, at a price based on the monthly consolidated tariff (currently being approximately RMB0.554 per kWh) in the day-ahead market as announced by the Guangdong Electricity Exchange Centre, multiplied by a coefficient which is determined on the basis of consumption during the peak, normal or low period. Such unit price has been determined after arm's length negotiation and in compliance with government guidelines.

Payment terms:

The fees for electricity payable by GDH Zhongyue shall be settled with Guangdong Power Grid on a monthly basis, which shall in turn be payable by Guangdong Power Grid to the GDI Group after deduction of the Power Grid Fee charged by Guangdong Power Grid. The amount to be received by the GDI Group under the 2023 Electricity Transaction Agreement shall therefore be the remainder of the said fees for electricity after deduction of the Power Grid Fee charged by Guangdong Power Grid.

GDH Energy Service will source electricity from GDH Energy, which is also a subsidiary of GDI and the holding company of GDH Energy Service and is principally engaged in the operation of power plants and if necessary, from other independent electricity suppliers.

BASIS AND REASONS FOR THE TRANSACTION AND THE ANNUAL CAP

The table below summarises the historical amount of fees paid by GDH Zhongyue to the GDI Group in relation to the purchase of electricity during each of the two years ended 31 December 2021 and the eleven months ended 30 November 2022 (the “**Previous Transactions**”).

	For the year ended 31 December 2020	For the year ended 31 December 2021	For the eleven months ended 30 November 2022

Relevant annual cap	RMB32,000,000 (equivalent to approximately HK\$34,832,000)	RMB36,000,000 (equivalent to approximately HK\$39,186,000)	RMB45,000,000 (equivalent to approximately HK\$48,983,000)

Proposed Annual Cap for 2023

Pursuant to the 2023 Electricity Transaction Agreement, the annual cap (the “**Annual Cap**”) for the estimated amount to be paid by GDH Zhongyue to the GDI Group under the Transaction for the financial year ending 31 December 2023 is expected to be RMB22,800,000 (equivalent to approximately HK\$24,818,000).

Basis and reasons for the Annual Cap and the Transaction

The Annual Cap is determined after arm’s length negotiation between the parties and is based on: (i) the guidelines issued by the relevant authorities to companies which have entered into electricity supply agreements to enter into new electricity transaction agreements with its recommended terms to help balance the interests of the parties in the agreements, in response to the continuing severe price fluctuation of fuel supply causing losses to electricity providers; (ii) the actual amount of fees paid by GDH Zhongyue to the GDI Group under the Previous Transactions as set out above; and (iii) the expectation that the volume of electricity to be consumed by GDH Zhongyue will reach the level of not more than 40,000,000 kWh during the term of the 2023 Electricity Transaction Agreement considering the revenue growth of tinsplate business and market development.

By entering into the 2023 Electricity Transaction Agreement, GDH Zhongyue will continue to benefit from the stable electricity supply at a fair, reasonable and competitive price, which in turn will assist in stabilizing the operating cost of GDH Zhongyue. The Company will closely monitor, among others, the price and availability of electricity supply in the market and will consider whether to extend the term of the Transaction when appropriate.

In view of the above, the Directors (including the independent non-executive Directors) are of the view that the 2023 Electricity Transaction Agreement was entered into in the ordinary and usual course of business of GDH Zhongyue and on normal commercial terms or better to the Group, and that the 2023 Electricity Transaction Agreement, the Annual Cap and the terms of the Transaction are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

To the best of the knowledge, information and belief of the Directors, none of them has any material interest in the Transaction. No Director was required to abstain from the relevant board resolutions passed.

CONNECTED PERSONS

GDH is holding approximately 59.19% and 56.49% of the total number of shares in issue of the Company and GDI, respectively. By virtue of the above shareholding interests, GDI (being a subsidiary and thus an associate of GDH (being a substantial shareholder and connected person of the Company) as defined in the Listing Rules) is a connected person of the Company. GDH Energy Service is indirectly held as to 71.25% by GDI and, accordingly, is also a connected person of the Company. Therefore, the Transaction constitutes a continuing connected transaction of the Company under the Listing Rules.

LISTING RULES IMPLICATIONS

Based on the estimated amount to be paid by GDH Zhongyue to GDI Group under the Transaction, the Annual Cap for the financial year ending 31 December 2023 is set at RMB22,800,000 (equivalent to approximately HK\$24,818,000).

Since all applicable percentage ratios for the purpose of Chapter 14A of the Listing Rules in respect of the Annual Cap exceed 0.1% but are less than 5%, the Transaction is subject to the reporting and announcement requirements, but is exempt from the independent shareholders' approval requirement under Rule 14A.76(2) of the Listing Rules.
