REASONS FOR THE TRANSACTIONS

The Group is principally engaged in the manufacturing and supplying of ethylene oxide, ethylene glycol, polypropylene and surfactants and the provision of processing services. The entering into of the Energy Management Agreements will enable the Group to extend its business relationships between the Group and Haoxing Energy Conservation and further bring synergies to the parties.

There are a number of suppliers available in the market providing similar energy saving solutions and the Group went through tendering processes and took the best available offers in terms of pricing (i.e. the highest profit sharing ratio from the Group's perspective) among all tenders. Energy Management Agreement III has a higher profit sharing ratio than those of Energy Management Agreement I and Energy Management Agreement II as tender offers depend on the expected construction costs, installation costs and any other costs to be borne by those suppliers and installation/construction difficulties vary from site to site.

The Directors (including the independent non-executive Directors) are of the view that the terms and conditions of the Energy Management Agreements are fair and reasonable and on normal commercial terms and that the entering into of the Energy Management Agreements is in the interests of the Company and its Shareholders as a whole.

LISTING RULES IMPLICATION

Haoxing Energy Conservation is owned as to approximately 55.5% by Mr. Guan, executive Director and is thus a connected person of the Company and the transaction contemplated under Energy Management Agreements constitute connected transactions of the Company under Chapter 14A of the Listing Rules. In addition, as the Energy Management Agreements, were entered into within a 12-month period, these transactions ought to be aggregated under Rule 14A.81 of the Listing Rules.

As the aggregate applicable ratio in respect of the annual caps of the Energy Management Agreements are less than 5%, the Energy Management Agreements and the transactions contemplated thereunder are therefore subject to reporting and announcement and annual review requirements but are exempt from the circular (including independent financial advice) and the independent Shareholders' approval requirements under Chapter 14A of the Listing Rules.

Ms. Guan is an executive Director and the daughter of Mr. Guan and Ms. Han.

Ms. Han and Ms. Guan were interested in the Energy Management Agreements and they therefore abstained from voting on the board resolutions of the Company approving the Energy Management Agreements and the transactions contemplated thereunder. Save as disclosed, none of the Directors had any material interest in the Energy Management Agreements and none of them were required to abstain from voting on the board resolutions of the Company in respect thereof.
