In determining the aforementioned annual caps, our Directors have considered the historical service fees and the continuous needs of our Group for such consulting and training services. Further, our Directors also have considered that as our Company is gradually building up its own internal culture training, it is expected that our Group’s needs for such external consulting and training services will be decreased and limited to the extent necessary.

Our Company (for itself and as trustee for its subsidiaries) (as the supplier) entered into a products supply framework agreement with Guodao Yunxin (as the customer) on [December 20, 2022] (the “**Products Supply Framework Agreement**”), pursuant to which we agree to supply certain quality fresh groceries and designated fruits to Guodao Yunxin. Accordingly, the annual caps in respect of the transactions contemplated under the Service Framework Agreement and Products Supply Framework Agreement are aggregated, and such aggregate amount is used when calculating the relevant percentage ratios under Chapter 14A of the Listing Rules.

Since all the applicable ratios (other than the profits ratio) under the Listing Rules in respect of the total amount payable under the Service Framework Agreement and the Products Supply Framework Agreement are expected to be less than 0.1%, the transactions contemplated thereunder therefore constitute *de minimis* transactions which will be exempted from the annual reporting, announcement, circular and independent shareholders’ approval requirements under Rule 14A.76(1) of the Listing Rules.

Our Directors are of the view that the transactions are conducted on normal commercial terms and are in the interests of our Company and our Shareholders as a whole.

Reasons for the transaction: Both Shandong Huiguo and Shandong Liangzhi are stable and reliable business partners of our Group. Since 2020, as a result of our continuous efforts to promote our quality fresh grocery business and the trust built up between Shandong Huiguo and Shandong Liangzhi and our Group, we started to supply quality fresh groceries to Shandong Huiguo and Shandong Liangzhi to further strengthen our business relationship with them. In addition, since Shandong Huiguo and Shandong Liangzhi are principally engaged in the production and wholesale of apple and pear, they need our Group's supply of quality fresh groceries, including fruits other than apple and pear and vegetables, for their corporate needs (such as employee benefits). Our Directors consider that our Group's supply of quality fresh groceries to Shandong Huiguo and Shandong Liangzhi is beneficial to our Group in terms of our expansion of quality fresh grocery business and maintaining and strengthening our business relationship with quality business partners like Shandong Huiguo and Shandong Liangzhi.

Principal terms: . . . Our Company (for itself and as trustee for its subsidiaries) (as the service provider) entered into a factoring framework agreement with each of Shandong Huiguo and Shandong Liangzhi (each, as the customer) on [December 20, 2022] (collectively, the “**Factoring Framework Agreements**”), pursuant to which we agree to provide factoring services (including the provision of factoring facility and management of accounts receivables) to each of Shandong Huiguo and Shandong Liangzhi, respectively.

CONTINUING CONNECTED TRANSACTIONS

Pursuant to the Factoring Framework Agreements, we will provide a factoring facility to Shandong Huiguo and Shandong Liangzhi, which is payable to us upon maturity.

The interest rate per annum of factoring facility is (i) 12% under the Factoring Framework Agreement with Shandong Huiguo, which is payable to us on monthly basis, and (ii) 9.6% under the Factoring Framework Agreement with Shandong Liangzhi, which is payable to us upon maturity. The interest rate is determined based on arm's length negotiation with reference to the business model of Shandong Huiguo and Shandong Liangzhi, the stability of their cash flow and profitability and our Group's needs for the specific fruit products provided by them. Our Directors consider that (i) Shandong Huiguo as a fruit trading company has relatively stable cash flow and lower costs and therefore its needs for cash is in general for a shorter period, and (ii) Shandong Liangzhi specializes in planting and cultivating limited types of high quality fruits which takes a relatively longer period before it can generate revenue from sale of such fruits, and as a result, Shandong Liangzhi has limited operating cash flow and its needs for cash is in general for a longer period. In light of this, our Company decided to charge Shandong Huiguo and Shandong Liangzhi different interest rates under factoring services provided to them, respectively.

Each of the Factoring Framework Agreements will terminate on [December 31, 2024] unless renewed otherwise.

Pricing policy: The principal amount of the factoring facility is determined based on arm's length negotiation between the relevant parties with reference to the procurement amount payable by us to each of Shandong Huiguo and Shandong Liangzhi under respective Procurement Framework Agreement. The interest rate payable by Shandong Huiguo and Shandong Liangzhi to our Group for the factoring services provided by our Group under the Factoring Framework Agreements is determined based on arm's length negotiation between relevant parties with reference to the prevailing market interest rate charged by comparable factoring services providers and the interest rate charged by us for the provision of comparable factoring services to an independent third party. Our Directors are of the view that the transactions are conducted on normal commercial terms and are in the interests of our Company and our Shareholders as a whole.

CONTINUING CONNECTED TRANSACTIONS

Reasons for the transaction: Both Shandong Huiguo and Shandong Liangzhi are stable and reliable suppliers of our Group and to maintain and facilitate a stable business relationship with such quality suppliers, our Directors are of the view that the provision of factoring services would be beneficial to both parties as it allows both parties to better control short-term cash flow risks, diversify finance channels, improve finance structure and build on their development capabilities.

Historical figures: The total transaction amount incurred in relation to our Group’s provision of factoring services to each of Shandong Huiguo and Shandong Liangzhi during the Track Record Period are set out below:

		Year ended December 31,			Six months ended June 30, 2022
		2019	2020	2021	
		<i>(RMB)</i>			
Shandong	factoring amount	35,000,000	35,000,000	Nil	Nil
	Huiguo . . . interest	847,484	2,062,579	1,012,579	Nil
	<i>Sub-total</i>	35,847,484	37,062,579	1,012,579	Nil
Shandong	factoring amount	20,000,000	10,000,000	Nil	Nil
	Liangzhi . . . interest	378,616	755,472	84,528	Nil
	<i>Sub-total</i>	20,378,616	10,755,472	84,528	Nil
<i>Total</i>		56,226,100	47,818,051	1,097,107	Nil

Note: Shandong Huiguo and Shandong Liangzhi, in their capacity as suppliers of our Group, received the factoring amount from our Group and paid relevant interest accrued thereupon to our Company. The factoring amount from our Group to Shandong Huiguo was reduced from the year ended December 31, 2020 to the year ended December 31, 2021 is because our Group did not provide any factoring services to Shandong Huiguo in 2021 as Shandong Huiguo was able to obtain financings from alternative resources with lower costs. The reduction of factoring amount from our Group to Shandong Liangzhi from the year ended December 31, 2019 to the year ended December 31, 2020 is because Shandong Liangzhi had rapid development and business expansion in 2019 which required large amount of cash. The further reduction of factoring amount from our Group to Shandong Liangzhi from the year ended December 31, 2020 to the year ended December 31, 2021 is because, as compared to 2019, Shandong Liangzhi had relatively stable development and business expansion in 2020, as a result of which, its cash demand was reduced; and in addition, as Shandong Liangzhi entered into a more stable development phase in 2021, its demand for cash has therefore further reduced.

Annual Caps: The maximum aggregate annual transaction amount incurred in relation to our Group's provision of factoring services to each of Shandong Huiguo and Shandong Liangzhi for the years ending December 31, 2022, 2023 and 2024, respectively, shall not exceed the caps set out below:

	<i>Sub-total</i>	[1,015,000]	[1,015,000]	[1,015,000]
<i>Total</i>		[21,565,000]	[21,565,000]	[21,565,000]

Note: The factoring amount from our Group to Shandong Huiguo is expected to increase from the year ended December 31, 2021 to the year ending December 31, 2022 is because our Group has agreed to provide factoring services to Shandong Huiguo to ease its immediate financings needs in its harvesting business operation in the second half of 2022 whereas its banks might not be able to grant loans in a timely manner as affected by, among others, the on-going pandemic in China. As explained above, Shandong Liangzhi entered into a stable development phase in 2022 and we expect to provide a reduced and stable amount of factoring amount to Shandong Liangzhi moving forward.

Basis of Annual Caps: In determining the above annual caps, our Directors have considered the historical transaction amount, and the factoring amount settled and the cash flow of our Group for the six months ended June 30, 2022 on the assumption that each of Shandong Huiguo and Shandong Liangzhi will continue to expand their business.
