### **SUPPLEMENTAL ANNOUNCEMENT SATISFACTION OF CONDITIONS FOR EXTENSION OF DAAN PRODUCTION SHARING CONTRACT**

This announcement is made by MIE Holdings Corporation (the “**Company**”, together with its subsidiaries, the “**Group**”) on a voluntary basis to keep its shareholders (the “**Shareholders**”) and potential investors informed of the latest business development of the Group.

Reference is made to the Company’s announcement dated June 10, 2020 in relation to, among others, the extension of the production sharing contract in relation to the Daan oilfield (the “**Announcement**”). Unless the context otherwise requires, the terms used in this announcement shall have the same meanings as defined in the Announcement.

On June 4, 2020 (the “**Effective Date**”), the Company, through its wholly-owned subsidiaries Gobi Energy Limited and MIE International Resources Limited, executed a supplemental agreement for the PSC regarding the Daan oilfield with PetroChina (“**Supplemental PSC**”), pursuant to which the commercial production period of the Daan oilfield was conditionally extended until February 29, 2028, provided that the Company shall invest in and drill a minimum of 268 wells within three years after the Effective Date. The Company shall also compile a Supplemental ODP after the execution of the Supplemental PSC.

The Board is pleased to announce that the Company has completed the drilling of 268 wells on the Daan oilfield and the compilation of the Supplemental ODP. The conditions have been satisfied several months ahead of three-year period contemplated in the Supplemental PSC. Accordingly, the production period of the Daan oilfield will be extended until February 29, 2028.

As at December 31, 2022, the total number of wells on the Daan oilfield was 2,674, whereas the total number of operators and management personnel was 987. As at December 31, 2021, the cumulative output value of the Daan oilfield was approximately RMB35.87 billion.

The successful extension allows the Company to produce oil from and to review further potential opportunities within the Daan oilfield. It is mutually beneficial to both the Company and PetroChina to use the experienced management team and operation personnel to continue the development of the Daan oilfield in a cost effective manner.
