PROPOSED SHARE CONSOLIDATION

The Board proposes to implement the Share Consolidation, pursuant to which every five (5) issued and unissued Existing Shares of US\$0.0005 each will be consolidated into one (1) Consolidated Share of US\$0.0025 each. The Share Consolidation is conditional upon, among other things, the approval by the Shareholders by way of poll at the EGM.

PROPOSED INCREASE IN AUTHORISED SHARE CAPITAL

The Board proposes to increase the authorised share capital of the Company from US\$1,000,000 divided into 2,000,000,000 Existing Shares to US\$5,000,000 divided into 10,000,000,000 Existing Shares (or 2,000,000,000 Consolidated Shares upon the Share Consolidation becoming effective). Subject to passing of an ordinary resolution by the Shareholders at the EGM to approve the Increase in Authorised Share Capital, the Increase in Authorised Share Capital will become effective on the date of EGM.

PROPOSED RIGHTS ISSUE

Subject to, among other things, the Share Consolidation and the Increase in Authorised Share Capital having become effective, the Board proposes to conduct the Rights Issue on the basis of three (3) Rights Shares for every two (2) Consolidated Shares held on the Record Date at the Subscription Price of HK\$0.67 per Rights Share, to raise up to approximately HK\$289.44 million before expenses by way of issuing up to 432,000,000 Rights Shares. Assuming that there is no change in the number of issued Shares on or before the Record Date, the estimated net proceeds of the Rights Issue will be approximately HK\$286.55 million.

The Company will provisionally allot to the Qualifying Shareholders three (3) Rights Shares in nil-paid form for every two (2) Consolidated Shares in issue and held on the Record Date, which is currently expected to be on Monday, 22 May 2023. The Rights Issue will not be available to the Non-Qualifying Shareholders.

Subject to the fulfilment of the conditions of the Rights Issue, the Rights Issue will proceed on a non-underwritten basis irrespective of the level of acceptances of the provisionally allotted Rights Shares. In the event of an undersubscription of the Rights Issue, the size of the Rights Issue will be reduced accordingly. There are no applicable statutory requirements regarding minimum subscription levels in respect of the Rights Issue.

WARNING OF THE RISKS OF DEALING IN THE SHARES

Shareholders and potential investors of the Company should note that the Share Consolidation is conditional upon the satisfaction of the conditions as set out in the paragraph headed “Conditions of the Share Consolidation” in this announcement. Accordingly, the Share Consolidation may or may not proceed.

The Rights Issue is subject to the fulfilment of conditions including, among other things, the Stock Exchange granting the listing of, and permission to deal in, the Rights Shares in their nil-paid and fully-paid forms. Please refer to the section headed “Conditions of the Rights Issue” in this announcement. Shareholders and potential investors of the Company should note that if the conditions to the Rights Issue are not satisfied, the Rights Issue and/or the Placing will not proceed. The Rights Issue will proceed on a non-underwritten basis irrespective of the level of acceptances of the provisionally allotted Rights Shares. Any dealings in the Shares from the date of this announcement up to the date on which all the conditions of the Rights Issue are fulfilled or the Placing Long Stop Date, which is expected to be 4:00 p.m. on the Rights Issue Settlement Date will accordingly bear the risk that the Rights Issue may not become unconditional and that the Rights Issue and/or Placing may not proceed. Any Shareholders or other persons contemplating any dealings in the Shares and/or Rights Shares in nil-paid form are recommended to consult their professional advisers.

PROPOSED SHARE CONSOLIDATION

The Board proposes to implement the Share Consolidation on the basis that every five (5) issued and unissued Existing Shares of US\$0.0005 each will be consolidated into one (1) Consolidated Share of US\$0.0025 each. To the best of the Directors' knowledge, information and belief having made all reasonable enquiries, as none of the Shareholders or their associates would have material interest in the Share Consolidation, no Shareholder would be required to abstain from voting in favour of the resolution relating to the Share Consolidation at the EGM.

Effects of the Share Consolidation

As at the date of this announcement, the authorised share capital of the Company is US\$1,000,000 divided into 2,000,000,000 Existing Shares of par value of US\$0.0005 each, of which 1,440,000,000 Existing Shares have been allotted and issued as fully paid or credited as fully paid. Upon the Share Consolidation becoming effective and assuming that no further Existing Shares will be allotted and issued or repurchased prior thereto, the authorised share capital of the Company shall become approximately US\$1,000,000 divided into 400,000,000 Consolidated Shares with par value of US\$0.0025 each, of which 288,000,000 Consolidated Shares will be in issue and fully paid or credited as fully paid.

Upon the Share Consolidation becoming effective, the Consolidated Shares shall *rank pari passu* in all respects with each other.

Other than the expenses incurred and to be incurred in relation to the Share Consolidation, the implementation of the Share Consolidation will not alter the underlying assets, business operations, management or financial position of the Company or the proportionate interests or rights of the Shareholders, save for any fractional Consolidated Shares will not be allocated to the Shareholders who may otherwise be entitled.

Conditions of the Share Consolidation

The Share Consolidation is conditional upon the following conditions:

- (i) the passing of an ordinary resolution by the Shareholders by way of poll to approve the Share Consolidation at the EGM;
- (ii) the Listing Committee of the Stock Exchange granting the listing of, and permission to deal in, the Consolidated Shares upon the Share Consolidation becoming effective; and
- (iii) the compliance with all relevant procedures and requirements under the applicable laws of the Cayman Islands and the Listing Rules to effect the Share Consolidation.

Subject to the fulfilment of the conditions of the Share Consolidation, the effective date of the Share Consolidation is expected to be on Thursday, 11 May 2023, being the second Business Day after the fulfilment of the above conditions.

Application of listing of the Consolidated Shares

An application will be made by the Company to the Stock Exchange for the listing of, and the permission to deal in, the Consolidated Shares upon the Share Consolidation becoming effective.

Subject to the granting of the listing of, and permission to deal in, the Consolidated Shares on the Stock Exchange upon the Share Consolidation becoming effective, as well as compliance with the stock admission requirements of the HKSCC, the Consolidated Shares will be accepted as eligible securities by HKSCC for deposit, clearance and settlement in CCASS with effect from the commencement date of dealings in the Consolidated Shares on the Stock Exchange or such other date as determined by HKSCC. Settlement of transactions between participants of the Stock Exchange on any trading day is required to take place in CCASS on the second settlement day thereafter. All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational Procedures in effect from time to time. All necessary arrangements will be made by the Company for the Consolidated Shares to be admitted into CCASS established and operated by HKSCC.

None of the Existing Shares are listed or dealt in any other stock exchange other than the Stock Exchange, and at the time the Share Consolidation becoming effective, the Consolidated Shares in issue will not be listed or dealt in on any stock exchange other than the Stock Exchange, and no such listing or permission to deal is being or is proposed to be sought.

Fractional entitlement to the Consolidated Shares

Fractional Consolidated Shares, if any, will be disregarded and will not be issued to the Shareholders but will be aggregated and, if possible, sold for the benefit of the Company. Fractional Consolidated Shares will only arise in respect of the entire shareholding of a holder of the Existing Shares regardless of the number of existing share certificates held by such holder.

Exchange of share certificates

Subject to the Share Consolidation having become effective, Shareholders may, during the specified period, submit share certificates for Existing Shares to the Registrar at 17/F., Far East Finance Centre, 16 Harcourt Road, Hong Kong, to exchange, at the expense of the Company, for new share certificates for the Consolidated Shares.

Thereafter, share certificates for Existing Shares will be accepted for exchange only on payment of a fee of HK\$2.50 (or such higher amount as may be allowed by the Stock Exchange from time to time) for each share certificate for Existing Shares cancelled or each new share certificate issued for Consolidated Shares, whichever number of share certificates cancelled/issued is higher.

The existing share certificates will only be valid for delivery, trading and settlement purposes for the period up to 4:10 p.m. on Thursday, 15 June 2023, and thereafter will not be accepted for delivery, trading and settlement purposes. However, the existing share certificates will continue to be good evidence of title to the Consolidated Shares on the basis of five (5) Existing Shares for one (1) Consolidated Share. The new share certificates for the Consolidated Shares will be issued in yellow colour in order to distinguish them from the share certificates for the Existing Shares which are in pink colour.

Other securities of the Company

The Company has adopted a share option scheme on 10 February 2020 pursuant to which the total number of Shares in respect of which options may be granted under the Share Option Scheme shall not exceed 100,000,000 Existing Shares (equivalent to 20,000,000 Consolidated Shares assuming the Share Consolidation has become effective). The scheme mandate limit had not been refreshed and no options were granted since the date of adoption of the Share Option Scheme.

Save as abovementioned, as at the date of this announcement, the Company does not have any other derivatives, options, warrants, other securities or conversion rights or other similar rights which are convertible or exchangeable into, any Existing Shares or Consolidated Shares, as the case may be.

No change in board lot size

The Existing Shares are currently traded on the Stock Exchange in board lot size of 4,000 Existing Shares. Upon the Share Consolidation becoming effective, the board lot size for trading in the Consolidated Shares will remain unchanged at 4,000 Consolidated Shares per board lot.

Arrangement on odd lot trading

In order to facilitate the trading of odd lots (if any) of the Consolidated Shares arising from the Share Consolidation, a designated broker will be appointed by the Company to provide matching service, on a best effort basis, to those Shareholders who wish to acquire odd lots of the Consolidated Shares to make up a full board lot, or to dispose of their holding of odd lots of the Consolidated Shares. Details of the odd lot arrangement will be set out in the Company's circular to be despatched to the Shareholders.

Shareholders or potential investors should note that (i) odd lots will be created after the Share Consolidation; (ii) odd lot arrangements do not guarantee successful matching of all odd lots at the relevant market price; and (iii) odd lots might be sold below the market price.

REASONS FOR THE SHARE CONSOLIDATION

Pursuant to Rule 13.64 of the Listing Rules, where the market price of the securities of the issuer approaches the extremities of HK\$0.01 or HK\$9,995, the Stock Exchange reserves the right to require the issuer either to change the trading method or to proceed with consolidation or splitting of its securities. Further, the "Guide on Trading Arrangements for Selected Types of Corporate Actions" issued by the Hong Kong Exchanges and Clearing Limited has further stated that (i) the market price of the Shares at a level less than HK\$0.10 each will be considered as trading at extremity as referred to under Rule 13.64 of the Listing Rules; and (ii) taking into account the minimum transaction costs for a securities trade, the expected value per board lot should be greater than HK\$2,000.

Based on the closing price of HK\$0.132 per Existing Share as at the date of this announcement, the value per board lot of 4,000 Existing Shares is HK\$528 which is less than HK\$2,000. In view of the above, the Board resolved to propose the Share Consolidation, resulting in HK\$0.66 per Consolidated Share and HK\$2,640 per board lot of 4,000 Consolidated Shares with the view to complying with the trading requirements under the Listing Rules, which can facilitate the Rights Issue to achieve the Company's fundraising needs as well as for any future fundraising activities.

In addition, the Directors consider that the Share Consolidation will bring about a corresponding upward adjustment in the trading price per Consolidated Share on the Stock Exchange. Furthermore, the Share Consolidation would reduce the overall transaction and handling costs of dealings in the Shares as a proportion of the market value of each board lot, since most of the banks/securities houses will charge a minimum transaction cost for each securities trade. It is also hoped that the Share Consolidation will make investing in the Shares more attractive to a broader range of investors, in particular to institutional investors whose house rules might otherwise prohibit or restrict trading in securities that are priced below a prescribed floor, and thus help to further broaden the shareholder base of the Company.

As at the date of this announcement, the Company has (i) no intention to carry out other corporate actions in the next 12 months which may have an effect of undermining or negating the intended purpose of the Share Consolidation; and (ii) does not have any agreement, arrangement, understanding or negotiation (either concluded or in process) on any potential fund-raising activities which will involve issue of shares of the Company and save for the Rights Issue, the Company has no intention or plan to conduct other equity fund-raising activities in the next 12 months upon completion of the Rights Issue. However, if there shall arise any change of the Group's current circumstances and that the net proceeds from the Rights Issue may not satisfy such upcoming financing needs, the Board does not rule out the possibility that the Company may conduct further equity fund-raising exercises to support such future developments of the Group. The Company will make further announcement(s) in this regard in accordance with the Listing Rules as and when appropriate.

In view of the above reasons, the Company considers the Share Consolidation are justifiable notwithstanding the potential costs and impact arising from the creation of odd lots to Shareholders. Accordingly, the Board is of the view that the Share Consolidation are fair and reasonable and are in the interests of the Company and the Shareholders as a whole.

PROPOSED INCREASE IN AUTHORIZED SHARE CAPITAL

The Board proposes to increase the authorised share capital of the Company from US\$1,000,000 divided into 2,000,000,000 Existing Shares to US\$5,000,000 divided into 10,000,000,000 Existing Shares (or 2,000,000,000 Consolidated Shares upon the Share Consolidation becoming effective). The Increase in Authorised Share Capital is conditional upon the passing of an ordinary resolution by the Shareholders at the EGM.

In order to facilitate the Rights Issue, accommodate the future growth of the Group and to provide the Company with greater flexibility to raise funds in the future, the Board considers the Increase in Authorised Share Capital is in the interests of the Company and the Shareholders as a whole.

PROPOSED RIGHTS ISSUE

Subject to, among other things, the Share Consolidation and the Increase in Authorised Share Capital having become effective, the Board proposes to conduct the Rights Issue on the basis of three (3) Rights Shares for every two (2) Consolidated Shares held on the Record Date. Set out below are the details of the Rights Issue statistics:

Rights Issue Statistics

Basis of the Rights Issue	:	Three (3) Rights Shares for every two (2) Consolidated Shares held by the Qualifying Shareholders on the Record Date
Subscription Price	:	HK\$0.67 per Rights Share
Number of Existing Shares in issue as at the date of this announcement	:	1,440,000,000 Existing Shares
Number of Consolidated Shares in issue upon the Share Consolidation becoming effective	:	288,000,000 Consolidated Shares (assuming there is no further allotment and issue or repurchase of Existing Shares up to the effective date of the Share Consolidation)
Maximum number of Rights Shares	:	432,000,000 Rights Shares (assuming there is no other change in the total number of issued Shares on or before the Record Date), representing (i) 150% of the total issued Consolidated Shares upon the Share Consolidation becoming effective; and (ii) 60% of the total number of issued Shares as enlarged immediately upon completion of the Rights Issue. The aggregate nominal value of the maximum number of Rights Shares will be US\$1,080,000
Maximum gross proceeds to be raised from the Rights Issue	:	Approximately HK\$289.44 million

As at the date of this announcement, the Board has not received any information from any Shareholder of his/her/its intention to take up the Rights Shares to be provisionally allotted to him/her/it under the Rights Issue.

The Subscription Price

The Subscription Price is HK\$0.67 per Rights Share, which shall be payable in full by a Qualifying Shareholder upon acceptance of the relevant provisional allotment of the Rights Shares or when a transferee of nil-paid Rights Shares applies for the Rights Shares. The Subscription Price represents:

- (i) a premium of approximately 1.52% over the adjusted closing price of HK\$0.66 per Consolidated Share (based on the closing price of HK\$0.132 per Existing Share as quoted on the Stock Exchange on the Last Trading Day and adjusted for the effect of the Share Consolidation);
- (ii) a discount of approximately 6.94% to the adjusted average closing price of approximately HK\$0.72 per Consolidated Share (based on the average closing price of approximately HK\$0.144 per Existing Share as quoted on the Stock Exchange for the last five consecutive trading days up to and including the Last Trading Day and adjusted for the effect of the Share Consolidation);
- (iii) a discount of approximately 12.42% to the adjusted average closing price of HK\$0.765 per Consolidated Share (based on the average closing price of approximately HK\$0.153 per Existing Share as quoted on the Stock Exchange for the last ten consecutive trading days up to and including the Last Trading Day and adjusted for the effect of the Share Consolidation);
- (iv) a premium of approximately 0.60% over the theoretical ex-entitlement price of approximately HK\$0.666 per Consolidated Share (based on the closing price of HK\$0.132 per Existing Share as quoted on the Stock Exchange on the Last Trading Day and the number of Shares as enlarged by the Rights Shares and adjusted for the effect of the Share Consolidation);
- (v) theoretical dilution effect (as defined under Rule 7.27B of the Listing Rules) represented by a discount of approximately 6.76%, represented by the theoretical diluted price of approximately HK\$0.704 per Share to the benchmarked price of approximately HK\$0.755 per Consolidated Share (as defined under Rule 7.27B of the Listing Rules, taking into account the higher of (i) the closing price of the Existing Shares as quoted on the Stock Exchange on the Last Trading Day and (ii) the average of the closing prices of the Existing Shares as quoted on the Stock Exchange for the five (5) previous consecutive trading days prior to the date of this announcement and adjusted for the effect of the Share Consolidation); and
- (vi) a discount of approximately 37.44% to the consolidated net asset value per Consolidated Share attributable to the Shareholders as at 30 June 2022 of approximately HK\$1.071 per Consolidated Share calculated based on the unaudited consolidated net assets of the Group attributable to the owners of the Company of approximately RMB271,429,000 (equivalent to approximately HK\$308,442,045) as at 30 June 2022 as set out in the interim report of the Company for the six months ended 30 June 2022 and 288,000,000 Consolidated Shares in issue as at the date of this announcement after adjusted for the effect of the Share Consolidation.

The Subscription Price was determined by the Company with reference to (i) the recent fluctuated downward trend of the prevailing market prices of the Existing Shares; (ii) the latest financial position of the Group; and (iii) the reasons for the Rights Issue and the use of proceeds as set out in the section headed “Reasons for the Rights Issue and the Use of Proceeds” in this announcement.

The Directors noted that the Subscription Price represents a discount of approximately 37.44% to the consolidated net asset value per Consolidated Share attributable to owners of the Company as at 30 June 2022. However, it was also noted that the prevailing share price of the Existing Shares had been in general traded at a substantial discount to the consolidated net assets attributable to owners of the Company per Existing Share over the past three months immediately preceding the Last Trading Day. Therefore, the Directors consider that the current market price of the Existing Shares in fact reflects the value of the Existing Shares that is generally perceived by the market having taken into account all business segments of the Group as well as the prevailing market conditions. Accordingly, the net asset value per Existing Share is not a meaningful benchmark to assess the Subscription Price, instead, the prevailing market price of the Existing Shares would be a more appropriate reference in determining the Subscription Price in this regard.

In view of the above, the Directors (excluding the members of the Independent Board Committee, whose opinion will be provided after taking into account the advice of the Independent Financial Adviser) consider that the terms of the Rights Issue, including the Subscription Price which has been set at a discount to the recent closing prices of the Existing Shares with an objective to encourage Qualifying Shareholders to take up their entitlements so as to participate in the potential growth of the Company, are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Non-underwritten basis

Subject to the fulfilment of the conditions of the Rights Issue, the Rights Issue will proceed on a non-underwritten basis irrespective of the level of acceptances of the provisionally allotted Rights Shares. In the event of an undersubscription of the Rights Issue, any Untaken Shares together with the NQS Unsold Shares will be placed on a best effort basis by the Placing Agent to independent places under the Placing. Any Untaken Shares and/or NQS Unsold Shares remain unplaced under the Placing will not be issued by the Company and the size of the Rights Issue will be reduced accordingly.

There are no applicable statutory requirements regarding minimum subscription levels in respect of the Rights Issue.

As the Rights Issue will proceed on a non-underwritten basis, a Shareholder who applies to take up all or part of his/her/its entitlement under the PAL may unwittingly incur an obligation to make a general offer for the Shares under the Takeovers Code. Accordingly, the Rights Issue will be made on terms that the Company will provide for the Shareholders (other than HKSCC Nominees Limited) to apply on the basis that if the Rights Shares are not fully taken up, the application of any Shareholder for his/her/its assured entitlement under the Rights Issue will be scaled down to a level which does not trigger an obligation on part of the relevant Shareholder to make a general offer under the Takeovers Code in accordance to the note to Rule 7.19(5)(b) of the Listing Rules.

Conditions of the Rights Issue

The Rights Issue is conditional on each of the following conditions being fulfilled:

- (i) the passing of all necessary resolutions to be proposed at the EGM for the transactions contemplated thereunder (including but not limited to the allotment and issue of the Rights Issue) by the Shareholders (other than those who are required to abstain from voting according to the Listing Rules or other applicable laws and regulations if necessary);
- (ii) the Share Consolidation and the Increase in Authorised Share Capital having become effective;
- (iii) the issue by the Stock Exchange of a certificate authorising the registration of, and the registration with the Companies Registry, respectively, of one copy of each of the Prospectus Documents not later than the Posting Date and otherwise in compliance with the Listing Rules and the Companies (WUMP) Ordinance;
- (iv) the posting of the Prospectus Documents to the Qualifying Shareholders and the posting of the Prospectus bearing a “For Information Only” stamp to the Non-Qualifying Shareholders, if any, for information purpose only on or before the Posting Date;
- (v) the granting by the Listing Committee of the Stock Exchange of the approval for the listing of, and permission to deal in, the Rights Shares in their nil-paid and fully paid forms (subject to customary conditions) and such approval not having been withdrawn or revoked;
- (vi) the Placing Agreement not having been terminated in accordance with the provisions thereof, including force majeure events; and
- (vii) the compliance with any other mandatory requirements under the applicable laws and regulations of Hong Kong and the Cayman Islands.

The above conditions are incapable of being waived. If any of the above conditions are not satisfied at or prior to the respective time stipulated therein or 4:00 p.m. on the Rights Issue Settlement Date (as the case may be), the Rights Issue will not proceed.

Status of the Rights Shares

The Rights Shares, when issued and fully paid, will be free from all liens, charges, encumbrances and third-party rights, interests or claims of any nature whatsoever and shall rank *pari passu* in all respects with the Shares then in issue, including as to the right to receive all dividends and distributions which may be declared, made or paid on or after the date of allotment of the Rights Shares.

Qualifying Shareholders and Non-Qualifying Shareholders

The Company will send the Prospectus Documents to the Qualifying Shareholders only. For the Non-Qualifying Shareholders, the Company will send copies of the Prospectus to them for their information only, but no PAL will be sent to the Non-Qualifying Shareholders.

To qualify for the Rights Issue, a Shareholder must be registered as a member of the Company on the Record Date and a Qualifying Shareholder.

In order to be registered as members of the Company on the Record Date, all transfers of Consolidated Shares (together with the relevant share certificates and instruments of transfer) must be lodged with the Registrar at 17/F, Far East Finance Centre, 16 Harcourt Road, Hong Kong, by 4:30 p.m. on Monday, 15 May 2023.

Qualifying Shareholders who do not take up the Rights Shares to which they are entitled and Non-Qualifying Shareholders should note that their shareholdings in the Company will be diluted.

Basis of provisional allotment

Under the Rights Issue, the basis of the provisional allotment shall be three (3) Rights Shares (in nil-paid form) for every two (2) Consolidated Shares held by the Qualifying Shareholders at the close of business on the Record Date at the Subscription Price payable in full on acceptance and otherwise on the terms and subject to the conditions set out in the Prospectus Documents.

Application for all or any part of a Qualifying Shareholder's provisional allotment of Rights Shares should be made by completing the PAL and lodging the same with a remittance for the Rights Shares being applied for with the Registrar at or before the Latest Time for Acceptance.

No fractional entitlements to the Rights Shares and odd lot matching service

No fractional entitlements to the Rights Shares shall be issued to the Shareholders and no entitlements of the Non-Qualifying Shareholders to the Rights Shares shall be issued to the Non-Qualifying Shareholders. All fractions of the Rights Shares shall be rounded down to the nearest whole number of Rights Shares and aggregated and, if a premium (net of expenses) can be achieved, sold in the market by the Company.

There will be no excess application arrangements in relation to the Rights Issue.

Rights of Overseas Shareholders

The Prospectus Documents are not intended to be registered or filed under the applicable securities legislation of any jurisdiction other than Hong Kong.

If there are Overseas Shareholders at the close of business on the Record Date, the Overseas Shareholders may be ineligible to take part in the Rights Issue as explained below. The Board will make enquiries regarding the feasibility of extending the Rights Issue to Overseas Shareholders. If, based on legal advice, the Board is of the opinion that it would be necessary or expedient not to offer the Rights Shares to Overseas Shareholders on account of either the legal restrictions under the laws of the relevant jurisdiction or the requirements of the relevant regulatory body or stock exchange in such relevant jurisdiction, the Rights Issue will not be extended to such Overseas Shareholders. Further information in this connection will be set out in the Prospectus.

To the extent reasonably practicable and subject to the advice of legal advisers in the relevant jurisdictions in respect of applicable local laws and regulations, the Company will send copies of the Prospectus to the Non-Qualifying Shareholders for their information only, but will not send PALs to them. The Non-Qualifying Shareholders will not be entitled to any provisional allotment under the Rights Issue.

Arrangements will be made for the Rights Shares which would otherwise have been provisionally allotted to the Non-Qualifying Shareholders to be sold in the market in their nil-paid form as soon as practicable after dealings in the Rights Shares in their nil-paid form commence and before dealings in the Rights Shares in their nil-paid form end, if a premium (net of expenses) can be obtained. The proceeds of such sale, less expenses and stamp duty, of more than HK\$100 will be paid to the Non-Qualifying Shareholders pro rata to their shareholdings held on the Record Date. In light of administrative costs, the Company will retain individual amounts of HK\$100 or less for its own benefit.

Any NQS Unsold Shares will be placed by the Placing Agent at the price not less than the Subscription Price under the Placing together with the Untaken Shares. The proceeds of the sale as described above, less expenses and in the case of being sold by the Placing Agent, also less the Subscription Price and the Placing Agent's commission, will be paid pro-rata (but rounded down to the nearest cent) to the relevant Non-Qualifying Shareholders' and the No Action Shareholders' shareholdings held on the Record Date on the basis of all NQS Unsold Shares and Untaken Shares in Hong Kong dollars. Any Untaken Shares and the NQS Unsold Shares remain not placed after completion of the Placing will not be issued by the Company and the size of the Rights Issue will be reduced accordingly.

Overseas Shareholders should note that they may or may not be entitled to participate in the Rights Issue, subject to the results of the enquiries to be made by the Company. The Company reserves the right to treat as invalid any acceptances of, or applications for, the Rights Shares where it believes that such acceptance or application would violate the applicable securities or other laws or regulations of any territory or jurisdiction. Accordingly, Overseas Shareholders should exercise caution when dealing in the Shares, and if they are in any doubt about their position, they should consult their own professional advisers.

Share certificates and refund cheques for the Rights Shares

Subject to fulfilment of the conditions of the Rights Issue, share certificates for the fully-paid Rights Shares are expected to be posted by Friday, 7 July 2023 to those entitled to them at their registered addresses by ordinary post at their own risk.

Refund cheques, if the Rights Issue is terminated, are expected to be posted on or before Friday, 7 July 2023 by ordinary post, at the respective Shareholders' own risk, to their registered addresses.

Rights Shares will be eligible for admission into CCASS

Subject to the granting of the listing of, and permission to deal in, the Rights Shares in both their nil-paid and fully-paid forms on the Stock Exchange, the Rights Shares in both their nil-paid and fully-paid forms will be accepted as eligible securities by HKSCC for deposit, clearance and settlement in CCASS with effect from the commencement date of dealings in the Rights Shares in both their nil-paid and fully-paid forms on the Stock Exchange or such other dates as may be determined by HKSCC. Settlement of transactions between participants of the Stock Exchange on any trading day is required to take place in CCASS on the second trading day thereafter.

All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational Procedures in effect from time to time. Procedures in respect of the Untaken Shares and the NQS Unsold Shares and the Placing

The Company will make arrangements described in Rule 7.21(1)(b) of the Listing Rule to dispose of the Untaken Shares and the NQS Unsold Shares by offering the Untaken Shares and the NQS Unsold Shares to independent placees for the benefit of Shareholders to whom they were offered by way of the Rights Issue. There will be no excess application arrangements in relation to the Rights Issue.

The Company therefore appointed the Placing Agent to place the Untaken Shares and the NQS Unsold Shares to independent placees on a best effort basis after the number of the Untaken Shares and the NQS Unsold Shares that are subject to the Placing Arrangement has been announced. Any premium over, the aggregate amount of (i) the Subscription Price for those Rights Shares; and (ii) the expenses of the Placing Agent (including any other related expenses/fees), that is realised will be paid to the No Action Shareholders and the Non-Qualifying Shareholders on a pro-rata basis. The Placing Agent will on a best effort basis, procure, by not later than 6:00 p.m. on the Placing End Date, acquirers for all (or as many as possible) of those Untaken Shares and the NQS Unsold Shares if a premium over the Subscription Price and the expenses of procuring such acquirers (including any related commissions and any other related expenses/fees) can be obtained. Any Untaken Shares and the NQS Unsold Shares remain not placed after completion of the Placing will not be issued by the Company and the size of the Rights Issue will be reduced accordingly.

Net Gain (if any) will be paid (without interest) on pro-rata basis (on the basis of all Untaken Shares and NQS Unsold Shares) to the No Action Shareholders and the Non-Qualifying Shareholders (but rounded down to the nearest cent). It is proposed that Net Gain to any of the No Action Shareholder(s) or the Non-Qualifying Shareholders of HK\$100 or more will be paid to them in Hong Kong Dollars only and the Company will retain individual amounts of less than HK\$100 for its own benefit. Shareholders are reminded that Net Gain may or may not be realised, and accordingly the No Action Shareholders and the Non-Qualifying Shareholders may or may not receive any Net Gain.

Subject to the fulfilment of conditions of the Placing as set out in the section headed “Conditions of the Placing” of this announcement, the completion of the Placing is expected to take place within eight (8) Business Days after the Placing Long Stop Date (or such later date as the Company may announce).

The engagement between the Company and the Placing Agent of the Untaken Shares and the NQS Unsold Shares was determined after arm’s length negotiation between the Placing Agent and the Company and is on normal commercial terms. In particular, the Directors, taking into account the range of placing commissions for recent rights issues conducted by issuers listed on the Stock Exchange, consider that the terms of the Placing Agreement, including the placing commission, are normal commercial terms. Given that the Placing would provide (i) a distribution channel of the Untaken Shares and the NQS Unsold Shares; and (ii) a compensatory mechanism for the No Action Shareholders and Non-Qualified Shareholders, the Directors consider that the Placing Agreement is fair and reasonable and in the interest of the Company and its shareholders as a whole.

Details on the use of proceeds to be applied towards the Chinese Liquor Business

Business model, financial performance and Company's plans on the Chinese Liquor Business

The principal business activity of Chinese Liquor Business comprises the production and sales of Chinese baijiu products

Guizhou Dichiwang procures all necessary raw materials itself in producing the Chinese baijiu products and outsources the manufacturing process to an independent wine factory to produce the Chinese baijiu products via original equipment manufacturer arrangement. The Chinese baijiu products of Guizhou Dichiwang comprise a comprehensive range of aromatic-flavor baijiu products with varied packaging, alcohol content, design, taste, etc with competitive price targeting the young to middle-aged public to middle class consumer market in the PRC. Guizhou Dichiwang's Chinese baijiu products are sold under "Diwang Chi" (帝王池) label.

Guizhou Dichiwang's Chinese baijiu products are sold mainly to wine distributors in the PRC. Currently, the Group has a customer base of over 200 distributors in the PRC. The Company considers a precise marketing and brand-building strategy is key to succeeding in the Chinese liquor market, and therefore, Guizhou Dichiwang employed a sales team of over 15 staff to explore sales channels of Guizhou Dichiwang's Chinese baijiu products.

As disclosed in the 2022 Interim Report, the Chinese Liquor Business recorded revenue of approximately RMB66.71 million for the six months ended 30 June 2022. The gross profit and segment profit of the Chinese Liquor Business for the six months ended 30 June 2022 was approximately RMB38.62 million and approximately RMB28.92 million respectively. Based on currently available information of the Company, revenue and gross profit of the Chinese Liquor Business for the second half of 2022 represents an increase of more than one times when compared with the performance of first half of 2022.

The operation of the Chinese Liquor Business is currently managed by a management team of five members led by Mr. Sun Jingang, the executive Director. The composition of the management team consists of experience professionals in sales and market, business management, operation and management of production plant and alcohol-related research and technology, quality management and wine tasting.

Currently, Guizhou Dichiwang has more than 25 staff. The Group has a well-established organizational structure to operate the Chinese Liquor Business which includes sales department, supply chain department, planning department, e-commerce department and administrative and finance department.

As disclosed in the announcement of the Company dated 18 July 2022, the expected original capital requirement of the Chinese Liquor Business for the next twelve months was approximately HK\$68 million. However, given the fact that the PRC government has unexpectedly lifted most of the COVID-19 restrictions including the cancellation of the vaccine pass and the resumption of cross-border travel since early 2023, resulting in dramatic recovery of economic activities and social flow in the PRC, the Company considers appropriate to increase the investment in the Chinese Liquor Business to approximately HK\$228.55 million in order to grasp the opportunity to penetrate the Group's Chinese baijiu products into the market as follows:

Launching sizeable advertising campaigns across different districts in the PRC

The Company considers the promising business performance of the Chinese Liquor Business was as a result of the precise marketing and brand-building strategy implemented by the Company including (i) placing advertisements at airports, train stations and online media platforms; and (ii) hosting wine tasting events and various wine exhibitions and wine trade fairs in the PRC.

In light of the much-faster-than-expected lifting of most of the COVID-19 restrictions including the cancellation of the vaccine pass and the resumption of cross-border travel between the PRC and Hong Kong by the PRC government since early 2023, the Company believes that the most difficult period has passed and that the Chinese Liquor Business will definitely be further benefited from the rebound of market sentiments. Therefore, the Company considers it is appropriate to promote the brand of the Group's Chinese baijiu products to the whole of China and plans to apply approximately HK\$100 million of the net proceeds from the Rights Issue for building the brand of the Group's Chinese baijiu products by launching sizeable advertising campaigns across different districts in the PRC pursuant to which the Company has scheduled to place large digital display advertisements at airports in 3 municipalities and 31 cities in 21 provinces within the next 12 months upon completion of the Rights Issue.

Procurement of raw materials

In light of the solid growth of the Chinese Liquor Business and the expected rebound of market sentiments after the much-faster-than-expected lifting of most of the COVID-19 restrictions including the cancellation of the vaccine pass and the resumption of cross-border travel, the Company plans to apply approximately HK\$100 million of the net proceeds from the Rights Issue for procurement of raw materials to cope with the expected increase in demand of the Chinese baijiu products. Based on historical material consumption and the expected growth of the Chinese Liquor Business, the procurement of the above raw materials is expected to satisfy the sales demand for an approximately half year period.

Set up ancient-Chinese-style bistros in the PRC

Apart from launching advertising campaigns to explore sales channel, the Company, after research and assessment on the current market practice in the PRC wine industry, plans to establish four ancient-Chinese-style bistros in the PRC, as a one-stop establishment with bar setting for catering and retail shop for selling Chinese baijiu products. The purpose of the bistros is by allowing customers to experience drinking and leisure experience which is similar to returning to an ancient Chinese environment to attract public awareness of the brand of the Group's Chinese baijiu products.

The Company plans to establish four bistros with size of ranged from approximately 500 square meters to approximately 800 square meters each in the PRC of which (i) one bistro shall be establish in Nanchang of Jiangxi within three months upon the Rights Issue Completion; (ii) one bistro shall be established in Fuzhou of Fujian within three months upon the Rights Issue Completion; (iii) one bistro shall be established in Nanjing of Jiangsu within six months upon the Rights Issue Completion; and (iv) one bistro shall be established in Xiamen of Fujian within six months upon the Rights Issue Completion. The bistros will be operated in the scale of approximately 20 tables with 20-25 staff per bistro which could serve at a maximum of approximately 100 customers at one time slot. Each bistro will be serving with food and beverages, such as snacks, juice, the Group's Chinese baijiu products and other alcoholic drinks etc. The Company plans to apply (i) approximately HK\$20 million in setting up four ancient-Chinese-style bistros in the PRC including expenses to be spent on decoration, furniture and equipment necessary for the operation of the bistros; and (ii) approximately HK\$8.55 million for the working capital required in operating the above-mentioned four bistros upon their opening including but not limited to staff cost, rental expenses and other overheads necessary for the operation of the bistros for approximately two months.

Details on the use of proceeds to be applied towards the Faux Leather Chemicals Business

As at the date of this announcement, 浙江深藍新材料科技有限公司 (Zhejiang Sunlight Material Technology Co., Ltd*), an indirect wholly-owned subsidiary of the Company operating the Faux Leather Chemicals Business has interest-bearing short-term bank borrowings of RMB10 million. Investment in automation system in production

Due to (i) the continuing increase in price of raw materials; and (ii) shift of demand to lower price products because of the sluggish demand amid the COVID-19 pandemic since 2020 which have negative impact on the global consumer markets, the gross profit margin of the Faux Leather Chemicals Business continued to decrease from 33.9% for the year ended 31 December 2019 to 13.9% for the six months ended 30 June 2022.

As disclosed in 2021 Annual Report, it was the Company's business strategies to strengthen its cost management and improve production efficiency. In 2021, the inventory control and accounting modules of the Group have been integrated into the Kingdee Cloud (金蝶雲) system, which was a cornerstone for the Company's development. The Company plans to apply approximately HK\$11 million of the net proceeds from the Rights Issue to further advance the automation information platform with an aim to improve industrial safety and production efficiency of the Faux Leather Chemicals Business.

Addition of production facilities and improvement in product quality

As disclosed in the 2022 Interim Report, due to the gradual recovery of downstream and consumer demands in various major industries from COVID-19, revenue from Faux Leather Chemicals Business has experienced an increase by approximately 42.2% as compared to the same period in 2021. In light of the lifting of most of the COVID-19 restrictions including the cancellation of the vaccine pass and the resumption of cross-border travel between the PRC and Hong Kong by the PRC government since early 2023, the Company believes that the most difficult period has passed and that the Faux Leather Chemicals Business will definitely benefit from the re-bounce of market sentiments. The Company therefore plans to apply approximately HK\$17 million of the net proceeds from the Rights Issue to procure new production facilities with an aim to increase productivity to cope with the expected increase in sales orders and approximately HK\$3.5 million for research and development of the products of the Faux Leather Chemicals Business to improve product quality in order to maintain the Faux Leather Chemicals Business competitiveness in the market.

Increase in procurement of raw materials

To cope with the expected rebound of market sentiments after the passing of the most difficult period caused by the COVID-19 pandemic, the Company plans to apply approximately HK\$9.2 million of the net proceeds from the Rights Issue to increase the raw materials inventory level to cope with the expected increase in consumer demand from the Faux Leather Chemicals Business. Meanwhile, the Company plans to apply approximately HK\$5.8 million of the net proceeds from the Rights Issue as its general working capital to strengthen its financial resources in order to negotiate with suppliers for a better procurement terms with an aim to improve gross profit of the Faux Leather Chemicals Business.

Other Fund-raising Alternatives

Other than the Rights Issue, the Company has considered other debt/equity fund-raising alternatives such as bank borrowings, placing or an open offer. The Company had contacted certain banks for securing bank loan facilities. However, the Company could not reach favourable financing terms with the banks upon discussion and as such, the Board considers that debt financing will result in an additional interest burden and a higher gearing ratio of the Group and could not be achievable on favourable terms or may require pledge of other kind of assets or securities which may reduce the Group's flexibility.

Reference is made to the announcement of the Company dated 11 November 2022 in relation to the placing of bonds of the Company. As reported by the placing agent of the bonds placing, the response for the bonds placing is not favorable and no bond could be placed by the placing agent of the bonds placing since the commencement of bonds placing period on 11 November 2022.

In addition, the Company had also contacted certain securities houses for the feasibility of conducting underwritten fundraising exercise but had received negative feedback from those securities houses for conducting such fundraising activities in view of the volatile price performance of the Shares. As for equity fund-raising, such as placing of new Shares, it is relatively smaller in scale as compared to fund-raising through rights issue and it would lead to immediate dilution in the shareholding interest of existing Shareholders without offering them the opportunity to participate in the enlarged capital base of the Company, which is not the intention of the Company. As for open offer, while it is similar to a rights issue offering qualifying shareholders to participate, it does not allow free trading of rights entitlements in the open market.

Having considered the above-mentioned alternatives, the Directors (excluding the members of the Independent Board Committee, whose opinion will be provided after taking into account the advice of the Independent Financial Adviser) consider raising funds by way of the Rights Issue is more appropriate as the Rights Issue will enable the Company to strengthen its working capital base and enhance its financial position for future development, while at the same time, allowing the Qualifying Shareholders to maintain their proportional shareholdings in the Company, and thus, in the interests of the Company and the Shareholders as a whole.
