### **III. BASIS OF DETERMINATION OF THE CONSIDERATION**

The Directors confirm that the consideration for the subscription of the SDP is determined on commercial terms upon arm's length negotiations between the Company and BoCom Shandong Branch after taking into account the idle cash resources of the Group available for the purpose of cash management, as well as the risk level, investment terms, and annualised rate of return of the product.

### **IV. REASONS FOR AND BENEFITS OF ENTERING INTO THE SDP AGREEMENT**

In order to enhance the capital efficiency as well as the return from capital operation, the Group reasonably utilises the idle cash resources of the Company available for the purpose of cash management to subscribe for the SDP to earn additional income without affecting its normal operations. In addition, the SDP Agreement offers better potential returns to the Group as compared to the deposit interest rate generally offered by commercial banks in the PRC.

The Directors (including the independent non-executive Directors) are of the view that the terms of the SDP Agreement are on normal commercial terms and are fair and reasonable, and that the SDP Agreement and the transaction contemplated thereunder are in the interests of the Company and the Shareholders as a whole.
