VOLUNTARY ANNOUNCEMENT SUCCESSFUL BIDDING OF THE PROJECT OF DATA PLATFORM FOR CLINICAL TRIAL INSTITUTION EVALUATION

Yidu Tech Inc. (the “**Company**” or “**Yidu Tech**”) is pleased to announce that Yidu Cloud (Beijing) Technology Co., Ltd.* (醫渡雲(北京)技術有限公司), an affiliate of the Company, has recently won the bid of the construction project of “Data Platform for Clinical Trial Institution Evaluation”. This project aims to enhance the capability and standardization of clinical trial institutions, so as to realize hierarchical management and intelligent supervision of clinical trial institutions. This project is the fourth national platform contracted by Yidu Cloud after the construction of “Data Management Platform for Comprehensive Clinical Evaluation of Drugs” and “Information system on Monitoring and Evaluating the National Essential Medicine Institution” of National Health Commission and “Autonomous Monitoring and Research Platform for Drug Safety” of National Medical Products Administration.

China’s healthcare industry is undergoing a transformation from healthcare informatization to healthcare intelligence. Yidu Tech is the leader of China’s healthcare intelligence industry, adhering to the mission of “making value-based precision healthcare accessible to everyone”. Since establishment, we have focused on the development and application of healthcare intelligence, as well as committed to promoting the establishment of a safe, inclusive and value-based intelligent healthcare system. Yidu Tech empowers three major

categories of healthcare scenarios, namely research, diagnosis and treatment and public health, through YiduCore, its proprietary “Healthcare Intelligent Brain”, to provide intelligent analytics-driven innovative solutions for the healthcare industry, help accelerate the cost reduction of healthcare services, and improve the efficiency of the healthcare industry’s supply side.

This is a voluntary announcement of the Company.
