#### **Other Businesses**

Our other businesses mainly aim to provide more comprehensive services and investment products to our clients.

Ms. Jingbo Wang, co-founder and CEO of Noah, said, "For the first quarter of 2023, I am happy to see a 12.0% year-on-year increase in transaction value, driven by growth in NAV-based mutual fund product and private secondary product distributions. During the quarter, we were glad to see the gradual lift of the prolonged COVID-control measures across China followed by a full-scale reopening, and I'm confident that the Chinese economy is back on its growth mode. However, we are mindful of the global macroeconomic challenges, therefore we continue to advise our clients to adopt a "Preservation before Growth" asset allocation strategy that we advocated last year. As high net worth investors' growing demands for wealth management services are becoming more sophisticated, I'm confident that Noah will continue to win clients' trust by leveraging our robust wealth management and asset management capabilities with a client centric mindset."
