The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that the Group expects to record a decrease of between approximately 50% to 60% in its net loss attributable to the Shareholders for the six months ended 30 June 2023 (“**1H2023**”) as compared to its net loss attributable to the Shareholders for the six months ended 30 June 2022 (“**1H2022**”) of HK\$9,844,000, mainly because of: (i) an increase in the bank interest income from HK\$158,000 in 1H2022 to approximately HK\$1.2 million in 1H2023; and (ii) the recognition in 1H2023 of a gain on termination of finance lease in the amount of approximately HK\$4 million, upon the purchases of hemodialysis machines previously leased by the Group for use in its hospital business.

The information contained in this announcement is only based on the preliminary assessment by the Board of the information currently available to it, including the latest unaudited consolidated management accounts of the Group. The information disclosed in this announcement may be materially different from the performance of the Group for 1H2023 as will be disclosed in the interim results announcement for 1H2023, currently expected to be published on 31 August 2023.
