MANAGEMENT DISCUSSION AND ANALYSIS

The board (the “Board”) of directors (the “Directors”) of BHCC Holding Limited (the “Company”) is pleased to present the unaudited consolidated results of the Company and its subsidiaries (collectively the “Group”) for the six months ended 30 June 2023 (the “Period”), together with the comparative figures for the corresponding period in 2022 (the “Previous Period”).

BUSINESS REVIEW

The Group is principally engaged as a main contractor in the provision of building and construction works, and properties investment including the leasing of industrial properties in Singapore. The Group is also specialised in reinforcement concrete works which it has undertaken on a selected basis in the subcontractor projects.

FINANCIAL REVIEW

The Group’s revenue for the Period was approximately S\$143.3 million, representing a growth of approximately 52.4% as compared to that of approximately S\$94.0 million for the Previous Period. The increase was mainly due to more construction activities performed during the Period comparing with the Previous Period. Revenue from building and construction works accounted for approximately 99.2% (Previous Period: approximately 99.0%) or approximately S\$142.2 million (Previous Period: approximately S\$93.1 million) of the Group’s total revenue. Revenue from property investment contributed approximately 0.8% (Previous Period: approximately 1.0%) or approximately S\$1.1 million (Previous Period: approximately S\$0.9 million).

Profit attributable to owners of the Company for the Period amounted to approximately S\$3.9 million (Previous Period: loss attributable to owners of the Company of approximately S\$11.4 million).

The Board is of the view that the financial position of the Group remains sound as sufficient reserve and liquidity are maintained.

MANAGEMENT DISCUSSION AND ANALYSIS

CONTINGENT LIABILITIES

As at 30 June 2023, the Group has provided performance bonds and security bonds for foreign workers in favour of the customers amounting to approximately S\$45.9 million.

CAPITAL COMMITMENTS

As at 30 June 2023, the Group had no commitment in respect of acquisition of property, plant and equipment.

PROSPECTS

Looking ahead, the global growth on economic activity will decelerate in 2023 due to various uncertain factors such as rising interest rates, high inflation and the impact of the geopolitical conflicts. Singapore's economic growth is expected to slow in 2023, however, the construction industry is expected to strengthen, due to largely planned public housing projects. The Ministry of Trade and Industry Singapore ("MTI") revealed that the 2023 GDP growth forecast for Singapore has been narrowed to "0.5 to 1.5 per cent", from "0.5 to 2.5 per cent". Growth in the construction sector came in at 6.8 per cent year-on-year, similar to the 6.9 per cent recorded in the preceding quarter. Both public and private sector construction output rose during the quarter. On a quarter-on-quarter seasonally-adjusted basis, the sector grew by 2.7 per cent, improving from the 0.3 per cent growth in the first quarter.

With the gradual recovery of the construction industry, the Group's revenue rose to approximately \$143.3 million during the six months ended 30 June 2023, an increase of 52.4% from the Previous Period.

The Group believes that with its healthy project order books, the Group will be able to continue building on its competitive strengths and devise plans to achieve its long-term business objectives.

The Company expects to:

- (a) expand the Group's business and strengthen the Group's market position in the construction industry in Singapore;
- (b) pursue higher value contracts; and
- (c) enhance and expand the Group's workforce to keep up with the Group's business expansion.

MANAGEMENT DISCUSSION AND ANALYSIS

RECENT DEVELOPMENT

In terms of building technologies, the Group has actively used BIM in its projects, upgraded BIM functionally from 3D to 5D and is gradually moving towards the utilization of Integrated Digital Delivery in conjunction with other smart office technologies such as the Office Automation System.

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

The Group's cash and cash equivalents balances as at 30 June 2023 amounted to approximately S\$33.3 million, representing an increase of approximately S\$3.4 million as compared to approximately S\$29.9 million as at 31 December 2022.

As at 30 June 2023, the Group's indebtedness comprised bank borrowings of approximately S\$13.5 million (2022: approximately S\$14.7 million), hire purchase financing of approximately S\$0.1 million (2022: approximately S\$0.2 million), and lease liabilities of approximately S\$0.2 million (2022: approximately S\$0.3 million). As at 30 June 2023, the gearing ratio (calculated by dividing total debts by equity attributable to owners of the company) of the Group was 0.33 times as compared to 0.40 times as at 31 December 2022.

The Group's equity balance increased to approximately S\$41.3 million as at 30 June 2023 from that of approximately S\$37.4 million as at 31 December 2022.

The Group has certain bank balances denominated in HK\$ and US\$ other than the functional currency of respective group entities as at 30 June 2023, which exposes the Group to foreign currency risk. The Group manages the risk by closely monitoring the movement of the foreign currency rate.

EMPLOYEES AND REMUNERATION POLICIES

The Group had 384 employees as at 30 June 2023 (Previous Period: 356 employees). Remuneration is determined by reference to prevailing market terms and in accordance with the job scope, responsibilities, and performance of each individual employee.

The Company has adopted a share option scheme pursuant to which the Directors and employees of the Group are entitled to participate. The local employees are also entitled to discretionary bonus depending on their respective performances and the profitability of the Group. The foreign workers are typically employed on a one-year basis depending on the period of their work permits, and subject to renewal based on their performance, and are remunerated according to their work skills.

The Group had no material acquisitions or disposals of subsidiaries, associates and joint ventures during the Period.

PURCHASE, SALE OR REDEMPTION OF LISTED SHARES

Neither the Company nor any of its subsidiaries had purchased, sold or redeemed any of the Company's listed securities during the Period.

OTHER INFORMATION

CORPORATE GOVERNANCE

The Company is committed to fulfilling its responsibilities to its shareholders (the “Shareholders”) and protecting and enhancing Shareholders’ value through good corporate governance.

The Directors recognise the importance of incorporating elements of good corporate governance in the management structures, internal control and risk management procedures of the Group so as to achieve effective accountability.

Pursuant to Code Provision C.2.1 of the Corporate Governance Code (the “CG Code”) as set out in Appendix 14 to the Listing Rules, the roles of chairman and chief executive should be separate and should not be performed by the same individual. The division of responsibilities between the chairman and chief executive should be clearly established and set out in writing. During the Period, the Company did not have a position of the title “chief executive officer”. Mr. Yang Xinping, chairman of the Board, has been playing a leading role in both the overall strategic planning and day-to-day management of the business of the Group.

Having considered the current composition of the Board which comprises two executive Directors and three independent non-executive Directors, and that all major decisions are made with prior consultation with the members of the Board, the Board is of the view that the role of chief executive is jointly undertaken and sufficiently balanced amongst the members of the Board.

The Board considers that the current structure facilitates the implementation of the Group’s business strategies, maximises the effectiveness of the Group’s operation and will not impair the balance of power and authority of the Board. Nonetheless, the Board will review the structure of management from time to time and ensure that appropriate action be taken as and when appropriate.

Save for the deviation from Code Provision C.2.1 of the CG Code, the Company has adopted the CG Code contained in Appendix 14 of the Listing Rules, and has complied with all applicable code provisions as set out in the CG Code during the Period.

OTHER INFORMATION

MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code as its own code of conduct governing the Directors' securities transactions. All the Directors have confirmed, upon specific enquiries made by the Company, that they have complied with the Model Code during the Period.

DIVIDEND

The Board takes into account the Group's overall results of operation, financial position and capital requirements, among other factors, in considering the declaration of dividends. The Board does not recommend payment of any dividend in respect of the Period (Previous Period: Nil).

AUDIT COMMITTEE

The audit committee (the "Audit Committee") of the Company was established on 17 August 2017 with written terms of reference in compliance with the CG Code. The written terms of reference of the Audit Committee are published on the respective websites of the Stock Exchange and the Company. It comprises three independent non-executive Directors, namely Ms. Chan Bee Leng, Mr. Kwong Choong Kuen (Huang Zhongquan) and Mr. Ooi Soo Liat. Ms. Chan Bee Leng is the chairwoman of the Audit Committee.

The Audit Committee has reviewed the accounting standards and policies adopted by the Group and the interim report including the unaudited interim condensed consolidated financial information of the Group for the Period. The Audit Committee is of the view that the unaudited interim condensed consolidated financial statements have been prepared in accordance with the applicable accounting standards, the Listing Rules and the statutory provisions, and sufficient disclosures have already been made.

EVENTS AFTER THE REPORTING PERIOD

In July 2023, the Group set up a newly incorporated subsidiary. The principal activity of the newly incorporated subsidiary is that of real estate developers.

Saved as disclosed above, the Directors confirmed that there are no significant events after the Period.

2 BASIS OF PREPARATION

This interim condensed consolidated financial statement of the Group for the six months ended 30 June 2023 has been prepared in accordance with International Accounting Standard 34, *Interim Financial Reporting* (“IAS34”).

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group’s audited consolidated financial statements for the year ended 31 December 2022, which has been prepared in accordance with International Financial Reporting Standards (“IFRS”).

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

FOR THE SIX MONTHS ENDED 30 JUNE 2023

3 APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (“IFRSs”)

New and amended IFRSs that are effective for the current year

In the current year, the Group has applied the amendments to IFRS Standards and Interpretations issued by the International Accounting Standards Board (“IASB”) that are effective for an annual period that begins on or after 1 January 2023. Their adoption has not had any material impact on the disclosures or on the amounts reported in these interim condensed consolidated financial statements.

New and revised IFRSs in issue but not yet effective

At the date of authorisation of these interim condensed consolidated financial statements, the Group has not early applied the following new and revised IFRSs that have been issued but are not yet effective, which are relevant to the Group:

Amendments to IAS 1	Classification of Liabilities as Current or Non-current ¹
Amendments to IFRS 16	Lease Liability in a Sale and Leaseback ¹
Amendments to IAS 1	Non-current Liabilities with Covenants ¹
Amendments to IFRS 10 and IAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ²

¹ Effective for annual periods beginning on or after 1 January 2024.

² Effective for annual periods beginning on or after a date to be determined.

The directors of the Company anticipate that the application of the new and amendments to IFRSs will have no material impact on the Group’s consolidated financial position and performance as well as disclosures in the period of their initial adoption.

4 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The Group’s management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The followings are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets within the next twelve months.

4 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (CONTINUED)

Construction contracts

The Group recognizes contract revenue and profit of a construction contract during the course of construction by reference to the progress towards complete satisfaction of a performance obligation at the end of the reporting period. Progress towards complete satisfaction is measured based on the input method, where the revenue and profit recognized in a year is dependent, amongst others, on the assessment of the Group's efforts or inputs to the construction project (i.e. contract cost incurred for work performed) relative to the expected inputs to the construction project (i.e. estimated total budgeted contract cost committed for the project).

Estimated construction revenue is determined with reference to the terms of the relevant contracts. Contract costs which mainly comprise sub-contracting charges and costs of materials are estimated by the management on the basis of quotations from time to time provided by the major subcontractors or suppliers involved and the experience of the management. Notwithstanding that management reviews and revises the estimates of both contract revenue and costs for the construction contract as the contract progresses, the actual outcome of the contract in terms of its total revenue and costs may be higher or lower than the estimates and this will affect the revenue and profit recognised.

Management reviews the construction contracts for foreseeable losses whenever there is an indication that the estimated contract revenue is lower than the estimated total contract costs. Where necessary, provision for onerous contracts is recognised. The actual outcomes in terms of total contract costs or contract revenue may be higher or lower than estimated at the end of each reporting period, which would affect the revenue and profit recognized future years as an adjustment to the amounts recorded to date.

The carrying amounts of contract assets and contract liabilities arising from construction contracts, as well as provision for onerous contracts, are disclosed in Notes 16 and 17 to the interim condensed consolidated financial statements.

Estimated impairment of trade receivables, other receivables and deposits, and contract assets (Notes 15 and 16)

The Group recognises lifetime ECL for trade receivables and contract assets. For other receivables and deposits, the Group measures the loss allowance equal to 12-month ECL, unless when there has been a significant increase in credit risk since initial recognition, then the Group would recognise lifetime ECL. Assessment is done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date. The amount of the impairment loss based on ECL model is measured as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition. Where the future cash flows are less than expected, or being revised downward due to changes in facts and circumstances, a material impairment loss may arise.

The carrying amounts of trade receivables and contract assets are disclosed in Notes 15 and 16 to the interim condensed consolidated financial statements respectively.

FOR THE SIX MONTHS ENDED 30 JUNE 2023

15 TRADE RECEIVABLES (CONTINUED)

The Group applies the simplified approach to provide the expected credit losses prescribed by IFRS 9.

As part of the Group's credit risk management, the Group assesses the impairment for its customers based on different group of customers which share common risk characteristics that are representative of the customers' abilities to pay all amounts due in accordance with the contractual terms.

The directors of the Company considered that the ECL for trade receivables is insignificant as at 30 June 2023 and 31 December 2022.

16 CONTRACT ASSETS/LIABILITIES

The following is the analysis of the contract assets and contract liabilities:

	As at 30 June 2023 S\$ Unaudited	As at 31 December 2022 S\$ Audited
Contract assets	45,559,730	44,897,865
Contract liabilities	(360,159)	–

Contract assets and contract liabilities arising from same contract are presented on net basis.

As at 1 January 2022, contract assets amounted to S\$37,550,240 and contract liabilities amounted to S\$244,848.

Contract assets

Amounts represent the Group's rights to considerations from customers for the provision of construction services, which arise when: (i) the Group completed the relevant services under such contracts; and (ii) the customers withhold certain amounts payable to the Group as retention money to secure the due performance of the contracts for a period of generally 12 months (defect liability period) after completion of the relevant works. Any amount previously recognized as a contract asset is reclassified to trade receivables at the point at which it becomes unconditional and is invoiced to the customer.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

FOR THE SIX MONTHS ENDED 30 JUNE 2023

16 CONTRACT ASSETS/LIABILITIES (CONTINUED)

Contract assets (Continued)

The Group's contract assets are analysed as follows:

	As at 30 June 2023 S\$ Unaudited	As at 31 December 2022 S\$ Audited
Construction contracts — current		
Retention receivables	3,060,969	2,262,629
Others*	42,498,761	42,635,237
	45,559,730	44,897,865

* Included in others is revenue not yet billed to the customers. The Group has completed the relevant services under such contracts but yet to be certified by representatives appointed by the customers.

Changes of contract assets were mainly due to: (1) the amount of retention receivables in accordance with the number of ongoing and completed contracts under the defect liability period; and (2) in the size and number of contract works that the relevant services were completed but yet to be certified by representatives appointed by the customers at the end of each reporting period.

The Group's contract assets are the retention receivables to be settled, based on the expiry of the defect liability period of the relevant contracts or in accordance with the terms specified in the relevant contracts, at the end of the reporting period. The balances are classified as current as they are expected to be received within the Group's normal operating cycle.

The contract assets relate to unbilled work in progress and have substantially the same risk characteristics as the trade receivables for the same type of contracts. The Group has therefore concluded that the expected loss rates for the trade receivables are a reasonable approximation of the loss rates for the contract assets. Based on the management's assessment, it is considered that the ECL for contract assets is insignificant as at 30 June 2023 and 31 December 2022.
