SUMMARY OF MARKET RENTAL PACKAGE OF THE ICLUB TO KWA WAN HOTEL IN RESPECT OF THE 2024 LEASE YEAR

Reference is made to the announcement dated 27 May 2022 issued by Regal REIT. In accordance with the Lease Agreement, the Valuer was jointly appointed by the Lessor and the Lessee and was instructed to conduct a rent review to determine the Market Rental Package for 2024 for the iclub To Kwa Wan Hotel (formerly known as the iclub Ma Tau Wai Hotel), which includes the amount of market rents (including Base Rent and Variable Rent), the Lessee's contribution to the FF&E Reserve, the amount of the Security Deposit and the manner of payment.

According to the 2024 Market Rental Package Determination, the amount payable by the Lessee as Base Rent is HK\$36.0 million for the 2024 Lease Year (1 January 2024 to 31 December 2024) (an increase of HK\$6.0 million as compared with the Base Rent of HK\$30.0 million for the Second Period of the 2022/23 Lease Year (1 January 2023 to 31 December 2023) (the “**2023 Lease Year**”) under the 2022-2023 Market Rental Package Determination). The Variable Rent will be based on the same sharing ratio of 50% of the NPI Excess for the 2024 Lease Year. For the 2024 Lease Year, the Valuer determined that, consistent with the 2022-2023 Market Rental Package Determination, no contribution by the Lessee to the FF&E Reserve will be required. The Lessor will maintain the FF&E Reserve with an amount equivalent to 2% of the Total Hotel Revenue for each calendar month during the 2024 Lease Year. The Security Deposit comprised within the 2024 Market Rental Package Determination is HK\$9.3 million, as compared with the Security Deposit of HK\$7.8 million currently paid for the 2023 Lease Year. Summaries of the 2024 Market Rental Package Determination and the valuation methodologies are set out in this announcement. The manner of payment of each component of the 2024 Market Rental Package Determination will be consistent with that set out in the 2022-2023 Market Rental Package Determination.

The total distributable income (“**TDI**”) available for distribution to Unitholders and the distribution per Unit for each financial year are affected by various factors including, most importantly, the total rental and hotel income receivable by Regal REIT from all its hotel properties for such financial year. For the six months ended 30 June 2023, the prorated Base Rent derived from the iclub To Kwa Wan Hotel amounted to HK\$15.0 million, representing approximately 4.93% of the total rental and hotel income of Regal REIT in the same period, and no Variable Rent was receivable for the period. Pursuant to the 2024 Market Rental Package Determination, there will be an increase of HK\$6.0 million in the Base Rent for the 2024 Lease Year as compared to that in the 2023 Lease Year. However, the TDI may increase in the event that Variable Rent is received by the Lessor in the 2024 Lease Year. As at 30 June 2023, the valuation of the iclub To Kwa Wan Hotel was HK\$1,310 million, representing 5.53% of the total valuation of HK\$23,689 million of Regal REIT’s properties portfolio.

Given the variables involved in the determination of the Base Rent and Variable Rent from year to year, investors should exercise caution in dealing in the units of Regal REIT.

Pursuant to 5.2(f) of the REIT Code, the Valuer's report on the Market Rental Package for 2024 is available for inspection by the public during normal office hours at the REIT Manager's place of business at Unit No. 2001, 20th Floor, 68 Yee Wo Street, Causeway Bay, Hong Kong.

The INEDs confirm that the rent review in respect of the 2024 Market Rental Package Determination has been conducted in accordance with the terms of the Lease Agreement. The Lessee and the Hotel Manager are connected persons of Regal REIT.

A. BACKGROUND INFORMATION TO LEASE TERM AND RENTAL INCOME STRUCTURE

Reference is made to the announcement dated 27 May 2022 (the “**Announcement**”) issued by Regal REIT. Unless otherwise defined herein, capitalised terms used in this announcement shall have the same meanings as those defined in the Announcement.

B. APPOINTMENT OF VALUER

Ms. Stella Ho was jointly appointed as an independent professional property valuer (the “**Valuer**”) and was instructed on 29 June 2023 to conduct a rent review to determine the Market Rental Package in respect of the 2024 Lease Year for the iclub To Kwa Wan Hotel (formerly known as the iclub Ma Tau Wai Hotel) (the “**Market Rental Package for 2024**”), based on the assumptions and disregards provided in the Lease Agreement. Ms. Ho was also jointly appointed as the Valuer to determine the market rental packages for the Initial Hotel Properties, the iclub Sheung Wan Hotel and the iclub Fortress Hill Hotel for the 2024 Lease Year, which are all held by Regal REIT. Separate announcements on the determination of the market rental packages for these hotels for the 2024 Lease Year are made on this same date. Ms. Ho is a Chartered Surveyor with over 20 years' experience in the valuation of properties of similar magnitude and nature in Hong Kong, and is currently an executive director at Colliers International (Hong Kong) Limited, which is the principal valuer of Regal REIT.

Ms. Ho issued her report (the “**Report**”) on the determination of the Market Rental Package for 2024 for the iclub To Kwa Wan Hotel (the “**2024 Market Rental Package Determination**”) on 11 September 2023.

C. THE 2024 MARKET RENTAL PACKAGE DETERMINATION

1. Summary of the 2024 Market Rental Package Determination

A summary of the 2024 Market Rental Package Determination, together with the corresponding components for the Second Period of the 2022/23 Lease Year (from 1 January 2023 to 31 December 2023) (the “**2023 Lease Year**”), are as follows:

<u>Market Rental Package Component</u>	<u>Market Rental Package for 2024</u>	<u>Market Rental Package for 2023</u>
Base Rent ⁽¹⁾	HK\$36.0 million	HK\$30.0 million
Variable Rent ⁽²⁾	50% of NPI Excess	50% of NPI Excess
Lessee’s contribution to the FF&E Reserve ⁽³⁾	No contribution by the Lessee	No contribution by the Lessee
Amount of Security Deposit ⁽⁴⁾	HK\$9.3 million	HK\$7.8 million

Notes:

- (1) The Base Rent of HK\$36.0 million for the 2024 Lease Year represents an increase of HK\$6.0 million (equivalent to an increase of 20.0%) as compared with the Base Rent of HK\$30.0 million for the 2023 Lease Year.
- (2) For the six months ended 30 June 2023, as the Net Property Income from the hotel operations of the iclub To Kwa Wan Hotel amounted to approximately HK\$10.2 million, which was below the prorated Base Rent amount of HK\$15.0 million, no Variable Rent was earned for the period. The final amount of any NPI Excess will be subject to the operating results of the iclub To Kwa Wan Hotel for the fiscal year 2023. Likewise, pursuant to the 2024 Market Rental Package Determination, the Variable Rent receivable for the 2024 Lease Year will be based on the same sharing ratio of 50% of the NPI Excess for the 2024 Lease Year.
- (3) According to the Lease Agreement, the Lessor is obligated to maintain the FF&E Reserve with an amount, equivalent to 2% of the Total Hotel Revenue for the preceding calendar month, to be set aside monthly. Further, as part of the review for each Lease Year, the Valuer may determine the percentage of the Total Hotel Revenue, as part of or in addition to the aforesaid amount set aside, which the Lessee is obligated to contribute. According to the Report, as a general practice of the hotel industry in Hong Kong, the owner of the hotel (equivalent to the Lessor in the Lease Agreement) is responsible for contributing to funds which are set aside and applied to meet the costs of investments in the replacement of furniture, fixtures and equipment at the relevant hotel premises, for the purposes of maintaining such premises at the applicable operating standards and operating capacity. The Valuer was, therefore, of the opinion that the obligation to contribute to the FF&E Reserve could be transferred from the Lessee to the Lessor, based on local practice and, consistent with the 2022-23 Market Rental Package Determination, concluded in the 2024 Market Rental Package Determination that none of the Total Hotel Revenue shall be contributed by the Lessee to the FF&E Reserve for the 2024 Lease Year.

- (4) Pursuant to the Lease Agreement, the amount of the security deposit shall be equal to the higher of: (a) the amount which the Valuer determines to be the market rate of security deposit as a result of a market rental review; and (b) three months Base Rent. According to the 2024 Market Rental Package Determination, the Valuer determined that the market rate of the security deposit to be three months Base Rent, rates and Government Rent. Accordingly, the Security Deposit for the iclub To Kwa Wan Hotel is HK\$9.3 million, equivalent to (b) above, such amount being the higher of (a) and (b).

2. Manner of Payment

The manner of payment of the Base Rent, Variable Rent, Security Deposit and the Lessee's contribution to the FF&E Reserve according to the 2024 Market Rental Package Determination will be consistent with that set out in the 2022-23 Market Rental Package Determination. For the 2023 Lease Year, the Lessee has procured and provided a third party guarantee (in the form of a standby letter of credit issued by a licensed bank in Hong Kong) for a security deposit amount equivalent to 3 months' Base Rent, rates and Government rent, effective on 1 January 2023. Similarly, for the 2024 Lease Year, the Lessee will procure and provide a third party guarantee (in the form of a standby letter of credit issued by a licensed bank in Hong Kong) for a security deposit amount equivalent to 3 months' Base Rent, rates and Government rent, effective on 1 January 2024.

D. PERFORMANCE OF THE ICLUB TO KWA WAN HOTEL

The net property income derived from the iclub To Kwa Wan Hotel for the six months ended 30 June 2023 was HK\$10.2 million (for the year ended 31 December 2022: HK\$49.7 million), which was below the prorated Base Rent of HK\$15.0 million, no Variable Rent was receivable for the period. For the six months ended 30 June 2023, the iclub To Kwa Wan Hotel achieved an overall occupancy rate of 83.92% (for the year ended 31 December 2022: 70.0%) with an average room rate of approximately HK\$504.14 (for the year ended 31 December 2022: approximately HK\$1,003.43).

E. SUMMARY OF ASSUMPTIONS AND OUTLINE OF VALUATION METHODOLOGIES

1. Assumptions contained in the 2024 Market Rental Package Determination

The 2024 Market Rental Package Determination was based on the assumptions and disregards set out in the Lease Agreement, including the following:

- (a) that the rental payable by the Lessee shall be exclusive of rates, government rent, utility charges and all other outgoings payable by the Lessee;

- (b) that the iclub To Kwa Wan Hotel is available to let on the open market by a willing landlord to a willing tenant without a premium and with vacant possession having regard to similar premises having similar characteristics and attributes;
- (c) that the length of the lease would be in line with other leases in the market with similar nature;
- (d) that the iclub To Kwa Wan Hotel is fit for immediate occupation and use and incorporates fixtures and fittings which are of a standard and description commensurate with the nature of the premises and which are suitable for the use and occupation of the willing tenant;
- (e) that in case any part of the iclub To Kwa Wan Hotel has been damaged or destroyed, it has been fully restored;
- (f) that no reduction is to be made to take account of any inducements;
- (g) disregarding any effect on rent of the fact that the Lessee has been or is in occupation of the iclub To Kwa Wan Hotel or any part thereof; and
- (h) disregarding any goodwill attributable to the Lessee's business carried on at the iclub To Kwa Wan Hotel.

2. Outline of Valuation Methodologies

The Valuer adopted a reasonable percentage of gross revenue as her primary approach in her valuation to determine the Base Rent comprised within the 2024 Market Rental Package Determination. The Valuer also analysed similar sales transactions in Hong Kong to assess the market value of the iclub To Kwa Wan Hotel, and Base Rent was then derived from the adoption of what the Valuer determined to be an appropriate yield on such market value. As the Valuer was of the view that rental transactions of hotels are rare in Hong Kong, rental transactions of upper commercial premises were also analysed as a cross-check and benchmark for the purposes of the 2024 Market Rental Package Determination. The Valuer, being appointed and instructed jointly by the Lessor and the Lessee to conduct the Market Rental Package for 2024, determined the Variable Rent for the 2024 Lease Year to be 50% of the NPI Excess, which is a reasonable and fair proportion to both parties.

F. CONSIDERATIONS IN RESPECT OF THE MARKET RENTAL PACKAGE FOR 2024

1. General Market Conditions and Rental Review in respect of the Market Rental Package for 2024

As previously highlighted in the Circular, the profitability of the hotel business is cyclical and sensitive to changes in the global, regional or local economy generally; and since demand for hotel services in Hong Kong is affected by economic growth, a global, regional or local recession could lead to downturns which, in turn, may affect the hotel industry. Other adverse factors outside the control of Regal REIT and the Hotel Manager could include political unrest, natural disasters, changes in laws and other events (such as slowdowns in the growth numbers of mainland Chinese visitor arrivals to Hong Kong pursuant to the People's Republic of China's Individual Visit Scheme) which may impact negatively on the tourism industry and hotel business, including hotel bookings and the food and beverage business at hotels in Hong Kong. The occurrence of one or more of these events may have an adverse effect on the operating performance of the iclub To Kwa Wan Hotel, the Lessee and, ultimately, Regal REIT.

Based on a recent research report by the World Bank Group in June 2023, the world economy remains in a precarious state amid the protracted effects of the overlapping negative shocks of the pandemic, the war in Ukraine and the sharp tightening of monetary policy in many major economies to rein in high inflation. While inflation pressures persist, the continued monetary policy tightening is expected to weigh heavily on economic activities. After growing 3.1% last year, the global economy is projected to slow to 2.1% in 2023.

Spurred by the earlier-than-expected return to normalcy, economic activities in China bounced back in early 2023. Based on the information published by the National Bureau of Statistics of China, the Gross Domestic Product (GDP) of China in the first half of 2023 was up by 5.5% year-on-year, reflecting the solid fundamentals and resilience of China's economy.

Hong Kong's economy had a mild recovery in the first half of 2023, mainly driven by a revival in local consumption and a rebound in the number of visitors from Mainland China. Hong Kong's GDP increased by 2.9% in real terms in the first quarter of 2023 year-on-year, but the growth rate has slowed down to 1.5% in the second quarter. Overall for the first six months of 2023, the pace of economic recovery in Hong Kong was slower than what was anticipated earlier.

Although the number of incoming visitors to Hong Kong has rebounded strongly since the start of 2023, it has yet to resume to its pre-pandemic level. Based on the information published by the Hong Kong Tourism Board (“**HKTB**”), total visitors to Hong Kong in the first half of 2023 amounted to 12.9 million, of which 10.1 million were visitors from Mainland China, representing in both cases a year-on-year increase of over 160 times. However, these significant increases in multiple terms merely reflected the very low base figures in the comparative period in 2022 due to the pandemic restrictions. As a matter of fact, the total number of incoming visitors to Hong Kong during the first half of 2023 only represents about 37.0% of its peak level recorded in the first half of 2019.

According to the information published by the HKTB, the average hotel room occupancy for all the surveyed hotels under different categories in Hong Kong for the half year ended 30 June was up from 63.0% in 2022 to 80.0% in 2023, while the average achieved room rate improved by 25.3%, resulting in an increment in the average Revenue per Available Room (RevPAR) of 59.1% year-on-year.

The Base Rent and the Variable Rent comprised within the 2024 Market Rental Package Determination has been based on the Valuer’s professional assessment of the market conditions for 2024 (taking into account the assumptions and disregards set out in paragraph E.1 above) and other factors relating to the iclub To Kwa Wan Hotel, and taking into consideration the current market conditions and outlook for the hotel and tourism industry in Hong Kong. The adoption of having the Base Rent, plus potential upside sharing through Variable Rent in accordance with the Lease Agreement, provides assurance of a relatively stable rental income from the iclub To Kwa Wan Hotel for Regal REIT for the 2024 Lease Year.

Based on the various factors and the hotel business conditions as mentioned above, there is an increase of 20.0% in the Base Rent determined for the 2024 Lease Year, as compared with the Base Rent of HK\$30.0 million for the 2023 Lease Year.

The Base Rents in respect of each of the Lease Years will be determined in accordance with an annual rent review by a jointly appointed independent professional property valuer and will be more reflective of the prevailing market conditions at the time each annual rental review is conducted.

2. Impact on Total Distributable Income and Distribution per Unit

The TDI available for distribution to Unitholders and the distribution per Unit for each financial year are affected by various factors including, most importantly, the total rental and hotel income receivable by Regal REIT from all its hotel properties for such financial year. For the six months ended 30 June 2023, the prorated Base Rent derived from the iclub To Kwa Wan Hotel amounted to HK\$15.0 million, representing approximately 4.93% of the total rental and hotel income of Regal REIT in the same period, and no Variable Rent was receivable for the period. Pursuant to the 2024 Market Rental Package Determination, there will be an increase of HK\$6.0 million (equivalent to an increase of 20.0%) in the Base Rent for the 2024 Lease Year as compared to that in the 2023 Lease Year. However, the TDI may increase in the event that Variable Rent is received by the Lessor in the 2024 Lease Year. As at 30 June 2023, the valuation of the iclub To Kwa Wan Hotel was HK\$1,310 million, representing 5.53% of the total valuation of HK\$23,689 million of Regal REIT's properties portfolio.

Given the variables involved in the determination of the Base Rent and the Variable Rent from year to year, investors should exercise caution in dealing in the units of Regal REIT.

G. INSPECTION OF VALUER'S REPORT

Pursuant to 5.2(f) of the REIT Code, the Valuer's report on the Market Rental Package for 2024 is available for inspection by the public during normal office hours at the REIT Manager's place of business at Unit No. 2001, 20th Floor, 68 Yee Wo Street, Causeway Bay, Hong Kong.
