#### **CURRENT STATUS**

As at the date of this announcement, the Directors confirm that (i) except for the Financial Products that remain outstanding, all the other financial products acquired from Hang Seng Bank have been redeemed in full in accordance with their respective terms; (ii) the Group believes that reasonable interests in connection with each of the Financial Products would be gained; and (iii) the Financial Products would not cause any adverse impact on the financial position of the Group.

# REASONS FOR AND BENEFITS OF THE SUBSCRIPTION OF THE FINANCIAL PRODUCTS

In order to maximise the utilization of the surplus cash balances in the capital account without affecting the operational liquidity, Huabao Flavours utilized part of its bank balances to subscribe for the Financial Products offered by Hang Seng Bank with a view to achieving higher interest yields whilst maintaining high liquidity and relatively low risk exposure.

Taking into account of, among others, (i) the capital-protected nature of the Financial Products; (ii) the relatively low risk exposure of the Financial Products; (iii) the better expected rate of return than normal bank deposits generally offered by commercial banks in the PRC; and (iv) the relatively shorter terms to maturity, i.e. within twelve months, the Company considered that the Financial Products would provide the Group with better earnings in the long term than making normal bank deposits offered by licensed commercial banks in the PRC. The Financial Products have been closely and effectively monitored and managed by the Group.

As at the date of this announcement, the Group expected to gain interests on each of the Financial Products (the interests of which will be recorded on maturity). Further, the Financial Products were funded by the surplus cash balances of the Group and are highly liquid, therefore the investment in the Financial Products would not affect the working capital or the operation of the Group. As such, the Directors are of the view that the terms of each of the Financial Products are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

#### IMPLICATIONS UNDER LISTING RULES

As the highest applicable percentage ratios in relation to the subscription of the Financial Products calculated on an aggregated basis pursuant to Rule 14.07 of the Listing Rules exceeds 5% but is below 25%, the subscription of the Financial Products would constitute a discloseable transaction of the Company under Chapter 14 of the Listing Rules and hence is subject to the notification and announcement requirements set out under Rule 14.34 of the Listing Rules.

The Company will closely monitor and review the status of the subscription of the financial products of Hang Seng Bank and will make further announcement(s) in compliance with the Listing Rules.
