REASONS FOR AND BENEFITS OF THE SUBSCRIPTION

The Directors are of the view that (i) the Subscription provides the Group with better return than fixed deposits generally offered by commercial banks in the PRC; (ii) the Subscription was funded by the Group's surplus cash reserves (and not by the proceeds from the Global Offering), and thus would not affect the Group's working capital position or operation; and (iii) appropriate wealth management with low risk exposure is conducive to enhancing the utilization of capital and increasing income from idle funds of the Group. Accordingly, the Directors consider that the Subscription is on normal commercial terms which is fair and reasonable and in the interests of the Company and the Shareholders as a whole.
