### **VOLUNTARY ANNOUNCEMENT NAMED 2023 FORTUNE MOST INFLUENTIAL INTERNET OF THINGS INNOVATIONS LIST**

This announcement is made by ClouDr Group Limited (the “**Company**”, together with its subsidiaries and consolidated affiliated entities, the “**Group**”) on a voluntary basis to inform its shareholders and potential investors of the recent developments of the Group.

The Company is pleased to announce that on November 9, 2023, “Shuyu Community Pharmacy Intelligent SaaS Consultation System” developed by the Group has been selected as a typical case of smart healthcare and has been successfully included in the 2023 Fortune Most Influential Internet of Things (IoT) Innovations List.

The Fortune Most Influential IoT Innovations List is jointly compiled by Fortune magazine and the Global Industry Research Institute of Tsinghua University. Its aim is to identify and recognize those cases that continuously integrate IoT technology with artificial intelligence, 5G, big data, blockchain, edge computing, digital twins, and other new technologies, and apply them to traditional economic and social fields, thereby creating typical examples of new products, new business models, and new services.

In the “Shuyu Community Pharmacy Intelligent SaaS Consultation System” project that is included in the 2023 Fortune Most Influential IoT Innovations List, the Group entered the pharmacy scenario with its SaaS product and effectively connected patients, hospitals, doctors, and pharmacies. With the help of doctors from the Group’s Internet hospitals, pharmacies can quickly and compliantly prescribe medication for patients via ClouDr Pharmacy SaaS, which enables safe, high-quality, and efficient prescription management, while also providing a perfect bridge for communication and services between patients and pharmacies. It not only brings convenient, high-quality, and efficient medical healthcare

services to patients but also helps Shuyu Community Pharmacy achieve its operational goals of reducing costs, increasing efficiency, and improving quality. This project is an efficient solution that accelerates the digital transformation and upgrade of pharmacies and the industry as well as enhances the industry's application capabilities.

Being included in the 2023 Fortune Most Influential IoT Innovations List further highlights the Company's strong platform technology, continuous innovation capabilities, and extensive industry experience. The Company aims to be the best partner for more industry collaborators in achieving digital transformation and upgrade, creating greater value in the era of digital intelligence.

**Shareholders of the Company and potential investors are advised to exercise caution when dealing in the securities of the Company.**
