The board of directors of the Company (the “**Board**”) would like to inform shareholders of the Company (the “**Shareholders**”) and potential investors that based on the preliminary review of the latest available unaudited consolidated management accounts of the Group for the six months ended 30 September 2023, the Group is expected to record a net profit ranging from approximately HK\$5 million to HK\$10 million for the six months ended 30 September 2023 as compared to a net profit of approximately HK\$32.7 million for the six months ended 30 September 2022. Such expected decrease in net profit for the six months ended 30 September 2023 was mainly attributable to the decrease in revenue generated from several construction projects due to lesser amount of works being certified by the customers and lower gross profit margin of several construction projects during the period.

The information contained in this announcement is only based on the preliminary review assessment by the Board of the information currently available to it including but not limited to the latest available unaudited consolidated management accounts of the Group for the six months ended 30 September 2023, which have neither been reviewed by the audit committee of the Company nor reviewed or audited by the Company's auditors. Such financial information will be subject to finalisation and necessary adjustments. Accordingly, the actual results of the Group for the six months ended 30 September 2023 may differ from the information contained in this announcement.
