## Chairman's Statement

I am pleased to present the audited consolidated results of Lai Sun Development Company Limited (the "**Company**") and its subsidiaries (collectively, the "**Group**") for the year ended 31 July 2023.

## **OVERVIEW OF FINAL RESULTS**

For the year ended 31 July 2023, the Group recorded turnover of HK\$4,901.5 million (2022: HK\$5,093.7 million) and a gross profit of HK\$727.7 million (2022: HK\$1,544.0 million). The decrease was primarily due to (i) decrease in property sales in Lai Fung Holdings Limited ("Lai Fung") and its subsidiaries (together "Lai Fung Group") predominantly; and (ii) write-down of certain properties under development and completed properties for sale, during the year under review as compared to last financial year.

## OVERVIEW OF FINAL RESULTS (CONTINUED)

For the year ended 31 July 2023, net loss attributable to owners of the Company was approximately HK\$2,966.0 million (2022: HK\$1,966.9 million). The increased loss, partially offset by lower other operating expenses and tax charge, was primarily due to (i) decrease in property sales in Lai Fung predominantly; (ii) write-down of certain properties under development and completed properties for sale; (iii) increased finance costs; and (iv) decrease in fair values of investment properties owned by the Group, during the year under review as compared to last financial year. Net loss per share was HK\$2.448 (2022: HK\$2.133).

Equity attributable to owners of the Company as at 31 July 2023 amounted to HK\$29,783.6 million, as compared to HK\$32,794.3 million as at 31 July 2022. Net asset value per share attributable to owners of the Company dropped to HK\$20.493 per share as at 31 July 2023 from HK\$33.847 per share as at 31 July 2022. The decrease was primarily due to the enlarged shareholder base as a result of the Rights Issue completed in January 2023.

### FINAL **D**IVIDEND

The board of directors of the Company ("**Board**") does not recommend the payment of a final dividend for the year ended 31 July 2023 (2022: Nil).

No interim dividend was declared during the year (2022: Nil).

### BUSINESS REVIEW AND OUTLOOK

Global geopolitical and economic issues continued to cast a shadow on an already precarious global economic recovery during the year under review. Disruptions caused by the war in Ukraine sent certain commodity prices such as energy and agricultural produce to new high driving inflation across the world. This was accentuated by the high interest rate environment which led to cautious sentiment and generally weak economic environment with genuine risk of recession. Whilst the direct impact to China is limited, the continued tension between the US and China, trade restrictions on China, COVID-19 restrictions in China for the part of the year under review translated to lower investor confidence and external demand. Part of this demand gap is filled domestically and by members of the belt and road initiative but nevertheless the impact is felt across China.

## BUSINESS REVIEW AND OUTLOOK (CONTINUED)

### Hong Kong and Overseas Property Market

COVID-19 measures, high interest rates, perception of the national security law persisted through much of the year under review. These factors translated into a technical recession since the third quarter of 2022. Economic recovery remained subdued but expected to recover to between 0.5% to 2.0% by end of 2023. Nevertheless consumer sentiment pointed to worsen economic outlook amid tighter financial conditions and rising borrowing costs in line with deterioration of global economic prospects.

Office leasing activities regained momentum in some parts during the year under review. Grade A offices, particularly those in the Central area, demonstrated resilience while other areas suffer decline. Tenants remained cautious and have slowed down their relocation or expansion plans in the face of mounting uncertainties. Given the worsening business sentiment and the lack of demand from multinational and Chinese enterprises, the leasing market will continue to be under pressure. Higher vacancy rates and suppressed rents are expected to prevail to different extent in near term. Whilst the visitor numbers have recovered somewhat the retail segment remained reliant on domestic consumption. Poor economic outlook, interest rate hike cycle and volatile stock market are expected to continue weighing on local consumption sentiment, therefore downward pressure on retail rents is expect to remain. Market activities have also slowed down in both the primary and secondary residential markets, amid the rising mortgage rates and weak purchase sentiment with home prices softening across different residential market segments.

The office and retail leasing business in Hong Kong was challenging during the year under review. The Group have been coping with changing market trends and the evolving operating environment by continuing to optimise the tenant mix. Certain renovation and space optimisation works have been completed during the year under review to improve the competitiveness of major rental properties of the Group. With the planning consent approved by the City of London's Planning and Transportation Committee and all leases being aligned to expire in 2023, the Group keeps monitoring the market conditions in London closely for the potential redevelopment of the three properties on Leadenhall Street in London, comprising 100, 106 and 107 Leadenhall Street ("Leadenhall Properties"). A revised proposal was submitted to the City of London's Planning and repositioning the building to provide higher sustainability standards and enhanced amenities within the building. The revised proposal has been approved by the City of London Authority in May 2023. The Group is currently considering options and timing for the redevelopment of the Leadenhall Properties.

## Chairman's Statement

#### BUSINESS REVIEW AND OUTLOOK (CONTINUED)

#### Hong Kong and Overseas Property Market (continued)

Despite the uncertain global economic outlook in the near term, Hong Kong is on its path to normality with its economy regaining momentum. We remain confident of the long-term prospects of the residential property market in Hong Kong which has been demonstrating resilience supported by limited supply and solid pent-up demand driven by local end-users and investors. Construction works of both Bal Residence in Kwun Tong and the Tai Kei Leng Project in Yuen Long are on schedule and completions are expected in the first half of 2024. Upon completion, these two residential projects are expected to add a total gross floor area ("**GFA**") of approximately 71,800 square feet and 42,200 square feet, respectively, to the development portfolio of the Group. Presale of Bal Residence was launched in February 2023. Up to 20 October 2023, 8 units in Bal Residence has been pre-sold with saleable area of approximately 2,731 square feet and the average selling price amounted to approximately HK\$17,800 per square foot. The Tai Kei Leng Project is expected to be launched for pre-sale in the second quarter of 2024.

The pre-construction works of two residential projects secured by the Group in the past two years, namely the 116 Waterloo Road project and the 1&1A Kotewall Road project, are in progress. The Group intends to redevelop the 116 Waterloo Road project, which was acquired in September 2021 with vacant possession in March 2022, into a residential project offering around 85 residential units with total GFA of approximately 46,600 square feet. The Group also acquired the 1&1A Kotewall Road project in Mid-Levels, Hong Kong Island and the transaction was completed with vacant possession in March 2022. The Group plans to redevelop the site into a luxury residential project with a total GFA of approximately 55,200 square feet, offering around 27 medium-large sized residential units. Construction work of the residential project at the Wong Chuk Hang Station Package Five Property Development is in progress and is expected to be completed in the fourth quarter of 2025. The 79 Broadcast Drive project in Kowloon Tong will be developed into a high-quality luxury residential property with the maximum permissible GFA of approximately 71,600 square feet, offering around 46 medium-large sized units, including 2 houses. Project design and foundation works are in progress and the construction is expected to be completed in the first half of 2026.

All 605 units, including 23 houses in Alto Residences have been sold and 110 car parking spaces of Alto Residences have been released for sale. Up to 20 October 2023, 75 car parking spaces have been sold and the total sales proceeds amounted to approximately HK\$204.1 million.

## BUSINESS REVIEW AND OUTLOOK (CONTINUED)

### Hong Kong and Overseas Property Market (continued)

All 209 residential units and 7 commercial units of 93 Pau Chung Street have been sold. The sale of car parking spaces of 93 Pau Chung Street is in progress. Up to 20 October 2023, 7 out of 20 car parking spaces and 4 out of 5 motor-parking spaces have been sold and the total sales proceeds amounted to approximately HK\$10.2 million.

All 144 residential units in Monti have now been sold with saleable area of approximately 45,822 square feet and the average selling price amounted to approximately HK\$21,300 per square foot.

During the year under review, the Group acquired a 15% interest in a company, principal business activities of which, together its subsidiaries, include holding of a land located in Shuen Wan, Tai Po, Hong Kong, as well as the development and construction of an 18-hole golf course and other ancillary facilities thereon. In view of the limited number of golf courses in Hong Kong, it is considered this acquisition is a unique investment opportunity of the Group. As of the date of this Annual Report, the development plan to be carried out on the land has yet to be finalised.

The Group will continue its prudent and flexible approach and be prepared to capture new development opportunities.

## Mainland China Property Market

China announced GDP growth target this year of around 5.0% at the National People's Congress held in March 2023 echoing the effect of the economic slowdown. Despite the stimulus and support measures rolled out by the Chinese government to bolster economic growth, China has seen soften economic conditions amid coronavirus shutdowns under its zero-COVID-19 policy, weakened trade growth and a deepening real estate sector downturn. We believe that the Chinese government will continue to forge ahead and deliver economic performance through a combination of more neutral fiscal policy and moderately supportive monetary policy. These can be seen through reduction of the banks' reserve requirement ratio, lower down payment amount, lower restrictions for buying second home to name a few. We remain optimistic about the long-term prospects and sustainability of the business environment in China in light of the dual circulation development model emphasising on the rebalancing of domestic and overseas demand and are confident about future prospects of the cities in which the Group operates, especially the Greater Bay Area in southern China, and continue to regard Hong Kong, where our headquarters is situated, as one of the major beneficiary cities.

#### Mainland China Property Market (continued)

The regional focus and rental-led strategy of Lai Fung Group, the PRC property arm of the Group, has demonstrated resilience in recent years. The rental portfolio of approximately 5.9 million square feet in Shanghai, Guangzhou, Zhongshan and Henggin, being Tier 1 cities in China and cities within the Greater Bay Area delivered subdued but steady performance in rental income for the year. Constructions of the two new grade A office towers in Shanghai and Guangzhou with green building certifications, namely Shanghai Skyline Tower and Guangzhou Lai Fung International Center, were completed in September and November 2022, respectively, adding a total rental GFA of approximately 1.3 million square feet (excluding car parking spaces) to the rental portfolio of Lai Fung Group. Lai Fung Group is committed to improving the environmental performance in its business operations. These two new green buildings are internationally recognised with environmentally-friendly and sustainable features. Both Shanghai Skyline Tower, located in Jing'an District of Shanghai near the Shanghai Railway Terminal, and Guangzhou Lai Fung International Center, located in Yuexiu District of Guangzhou along the Pearl River, have obtained the Leadership in Energy and Environmental Design ("LEED") v4 Gold Certification. Leasing of Shanghai Skyline Tower and Guangzhou Lai Fung International Center are in progress. As at the date of this Annual Report, approximately 73% of commercial and 32% of office areas of Shanghai Skyline Tower and approximately 40% of commercial and 38% of office areas of Guangzhou Lai Fung International Center have been secured, respectively.

Construction of Phase II ("Novotown Phase II") of the Novotown project in Hengqin ("Novotown") is in progress. This mixed-used development project is expected to provide commercial and experiential entertainment facilities, office and serviced apartment spaces of 355,500 square feet, 1,585,000 square feet and 578,400 square feet, respectively. As at the date of this Annual Report, leasing of the commercial area of Phase I of Novotown ("Novotown Phase I") is underway with approximately 83% of the leasable area being leased and key tenants include two themed indoor experience centers, namely "Lionsgate Entertainment World\*" and "National Geographic Ultimate Explorer Hengqin", Zhuhai Duty Free, Pokiddo Trampoline Park, Kunpeng Go-Kart Sports Centre, Snow Alarm, Da Yin Restaurant, Oyster King, Zhen Qi Ji, Ai Shang Niu Ding Ji, Vanguard Life Superstore and ULSC Henggin. Lai Fung Group remains confident that the deepening of cooperation between Henggin and Macau, and the continuous development of the Guangdong-Macau In-Depth Cooperation Zone in Hengqin will position Hengqin as a prominent piece within the Guangdong-Hong Kong-Macau Greater Bay Area development. The integration between Macau and Henggin will encourage more businesses and population to reside in Hengqin which will further enhance the tourism market, making Novotown a new contributor to Lai Fung Group's results in the long run.

### Mainland China Property Market (continued)

Shanghai Wuli Bridge Project, the high-end luxury residential project located by the Huangpu River in Huangpu District has received an enthusiastic response from the market. As at 31 July 2023, all residential units have been sold and 13 car parking spaces remain unsold. The sale of remaining phases of Zhongshan Palm Spring is in progress. The residential units in Zhongshan Palm Spring, the cultural studios, cultural workshops and office of Hengqin Novotown Phase I, as well as elements of Hengqin Novotown Phase II are expected to contribute to the income of Lai Fung Group in coming financial years.

Lai Fung Group will consider replenishing its landbank as and when opportunities arise, and will take into account, amongst other factors, overall macroeconomic conditions, Lai Fung Group's existing presence in top tier cities and the Greater Bay Area and allocation of risks etc.

# Cinema Operation/Media and Entertainment/Film Production and Distribution

With the mask mandate arrangement and all social distancing measures being lifted in Hong Kong and the nationwide loosening of COVID-19 restrictions and relaxation of border controls in Mainland China, social and economic activities have seen a revival but consumer sentiment might still be dampened by the worse-than-expected economic outlook in Hong Kong and the deterioration of global economic prospects.

### BUSINESS REVIEW AND OUTLOOK (CONTINUED)

# Cinema Operation/Media and Entertainment/Film Production and Distribution (continued)

Due to the gradual relaxation of COVID-19 restrictions and the release of a number of local and international blockbuster movies, the cinema operation of eSun Holdings Limited ("eSun") and its subsidiaries (together, "eSun Group") recovered gradually from the worst of the COVID-19 pandemic. During the year under review, eSun Group's cinemas in Hong Kong were requested to operate at 85% capacity for all screens before further relaxation of social distancing measures in Hong Kong since 22 December 2022. eSun Group's cinemas in Hong Kong are now operating at full capacity without any COVID-19 restriction. Business performance of cinema operation in Mainland China also suffered from the social distancing requirements such as restrictions on the seating capacity and food and beverage consumption within the cinema houses in 2022. In view of the challenging market condition and economic uncertainty in China, the Guangzhou Mayflower Cinema City was closed in October 2022. Despite short-term interruption in January 2023 from the nationwide easing of anti-epidemic measures, the cinema operation in Mainland China has largely returned to normal. eSun Group remains cautiously optimistic about the fundamental demand for entertainment in the long run and continues to evaluate opportunities to maintain and enhance its market positioning as a leading multiplex cinema operator in Hong Kong. eSun Group successfully expanded its cinema network, resulting in the opening of four new cinemas in Hong Kong. One notable addition is the MCL Cinemas Plus+ Plaza Hollywood, a new cinema at Plaza Hollywood in Diamond Hill, Kowloon through a joint venture company with Emperor Cinemas Group opened in July 2022. Furthermore, eSun Group extended its cinema network through another joint venture with Emperor Cinemas Group, namely the Emperor Cinemas Plus+ (Tai Wai), which is managed by Emperor Cinemas Group and opened in July 2023. In September 2023, eSun Group further expanded its presence with the opening of two new cinemas at The ONE in Tsim Sha Tsui, Kowloon and AIRSIDE in Kai Tak, Kowloon. These new cinemas further enhance eSun Group's cinema network and strengthen eSun Group's growing presence. eSun Group is closely monitoring the market conditions and will continue to improve its overall operating efficiency and take a prudent approach in evaluating opportunities for further expansion of its footprint.

Media Asia Group Holdings Limited ("**MAGHL**", an indirect wholly-owned subsidiary of eSun as at the date of this Annual Report, together with its subsidiaries, "**MAGHL Group**"), being the media and entertainment arm of eSun Group will continue to produce high quality and commercially viable products.

# Cinema Operation/Media and Entertainment/Film Production and Distribution (continued)

MAGHL Group continues to invest in original productions of quality films with Chinese themes. The current production pipelines include "*Twilight of the Warriors: Walled In*", an action film directed by Cheng Poi-Shui, featuring Louis Koo, Sammo Hung, Richie Jen and Raymond Lam and "*Love at First Lie*", a romance comedy film directed and produced by Patrick Kong starring Edward Chen, Mandy Tam and Leung Chung Hang.

Projects under production include "*Heir to the Throne*", a 30-episode modern-drama series tailor-made for Alibaba's Youku Platforms. MAGHL Group is in discussion with various Chinese portals and video websites for new project development in TV drama production.

The distribution licence of music products with Tencent Music Entertainment (Shenzhen) Co., Ltd, and Warner Music continue to provide stable income to eSun Group.

The recent "Jay Fung Concert 2023 Jay Pop Live@Coliseum", "Yoga Lin Concert in HK 2023" and "NCT Dream Tour 'The Dream Show 2: In A Dream' in Hong Kong" have earned good reputation and public praises. eSun Group will continue to work with prominent local and Asian artistes for concert promotion and the upcoming events include concerts of Leon Lai, Tsai Chin and Sammi Cheng.

Looking forward, eSun Group believes that its integrated MAGHL platform comprising movies, TV programs, music, artiste management and live entertainment put it in a strong position to capture the opportunities of entertainment market by a balanced and synergetic approach and eSun Group will continue to explore cooperation and investment opportunities to enrich its portfolio, broaden its income stream and maximise value for its shareholders.

## Chairman's Statement

### BUSINESS REVIEW AND OUTLOOK (CONTINUED)

### **Other Business Updates**

The rights issue ("**Rights Issue**") announced by the Company in November 2022 on the basis of one rights share for every two existing shares of the Company at a subscription price of HK\$1.64 each was completed in January 2023. The total net proceeds of the Rights Issue, after deduction of rights issue expenses, was approximately HK\$776.6 million. As at the date of this Annual Report, all HK\$776.6 million has been used for repayment of outstanding bank borrowings of the Group. Upon the completion of the Rights Issue, public float of the Company complies with the minimum requirement as set out in the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("**Stock Exchange**").

On 10 November 2022, eSun announced to privatise MAGHL by way of a scheme of arrangement ("**Scheme**"). On 13 February 2023, the Scheme was approved at the court meeting and special general meeting of MAGHL and the special general meeting of eSun by respective shareholders of MAGHL and eSun. The Scheme was sanctioned (without modification) by the Supreme Court of Bermuda on 3 March 2023 and became effective on 16 March 2023, and the listing of MAGHL shares on GEM of the Stock Exchange was withdrawn at 4:00 p.m. on 20 March 2023. An aggregate of 264,022,268 new shares of eSun were allotted and issued on 27 March 2023 and cash consideration of approximately HK\$194.3 million was paid to the relevant Scheme shareholders. MAGHL became an indirect wholly-owned subsidiary of eSun and eSun remained an indirect non-wholly-owned subsidiary of the Company. Immediately upon completion of the Scheme, eSun were indirectly owned as to approximately 63.40% by the Company.

During the year under review, the Group, excluding eSun Group and Lai Fung Group, redeemed the US\$400 million guaranteed notes issued by the Group in 2017 upon maturity in September 2022. As at 31 July 2023, the Group's consolidated cash and bank deposits amounted to HK\$5,022.4 million (HK\$1,889.3 million excluding eSun Group and Lai Fung Group) with undrawn facilities of HK\$5,295.4 million (HK\$3,246.9 million excluding eSun Group and Lai Fung Group and Lai Fung Group). The net debt to equity ratio as at 31 July 2023 was approximately 70% (31 July 2022: 62%). The Group's gearing excluding the net debt of eSun Group and Lai Fung Group was approximately 46%. The Group's gearing excluding the net debt of eSun Group and Lai Fung Group and the net debt of the London portfolio which have a positive carry net of financing costs is approximately 44%. The Group will continue its prudent and flexible approach in growing the landbank and managing its financial position.

## **APPRECIATION**

Looking back on this financial year, I would like to thank my Board colleagues, the senior management team, our partners and everyone who worked with us during the year for their loyalty, support and outstanding teamwork.

I am delighted to welcome Mr. Cheung Sum, Sam and Mr. Luk Hon Man who joined the Board as an Executive Director and an Independent Non-Executive Director of the Company with effect from 1 August 2023.

I would also like to thank Mr. Chew Fook Aun who left the Board on 1 October 2023 for his valuable contributions to the Company during his tenure.

I firmly believe that through the concerted efforts of our staff and with the support of all our stakeholders, we will continue to grow the Group going forward in a prudent and sustainable manner.

#### 100 Leadenhall Street, London EC3, United Kingdom

Following the acquisition of 107 Leadenhall Street in April 2014, the Group completed the acquisition of 100 Leadenhall Street in January 2015. This property comprises a basement, a lower ground floor, ground floor and nine upper floors and provides 177,700 square feet gross internal area of offices and ancillary accommodation. The property is currently fully let to Chubb Market Company Limited.

The Group owns 100% of this property.

#### 106 Leadenhall Street, London EC3, United Kingdom

In December 2015, the Group acquired the property located adjacent to 100 and 107 Leadenhall Street, namely 106 Leadenhall Street, which is a multi-tenanted asset with approximately 19,924 square feet gross internal area of commercial and offices including ancillary space. The property is currently fully leased out.

The Group owns 100% of this property.

The City of London's Planning and Transportation Committee has approved a resolution to grant Planning Consent to the Group to redevelop the Leadenhall Properties. The Leadenhall Properties currently have a combined GFA of approximately 344,230 square feet. All leases of the Leadenhall Properties have been aligned to expire in 2023 and the Group will continue to monitor the market conditions in London closely. The Planning Consent would allow the Group to redevelop the Leadenhall Properties into a 57 storey tower with i) approximately 1,059,525 square feet gross internal area of office space as well as new retail space of approximately 57,827 square feet including two restaurant floors at levels 53 and 54; ii) a free, public viewing gallery of approximately 25,190 square feet at levels 56 and 57 of the building which offers 360 degree views across London; and iii) new pedestrian routes between Leadenhall Street, Bury Street and St Mary Axe, and new public spaces around the base of the building. Including ancillary facilities of approximately 153,487 square feet, the total gross internal area of the proposed tower is expected to be approximately 1,296,029 square feet upon completion. This mixed-use development is targeting a carbon net zero strategy. Knight Frank and CBRE have been appointed as Office Leasing and Development advisers. A revised scheme was submitted to the City of London's Planning and Transportation Committee in August 2022 for improving on the original design and repositioning the building to provide higher sustainability standards and enhanced amenities within the building. The revised proposal has been approved by the City of London Authority in May 2023. The Group is currently considering options and timing for the redevelopment of the Leadenhall Properties.

#### Hengqin Novotown

#### Phase I

Sales of the cultural studios and cultural workshop units of Hengqin Novotown Phase I are in progress. During the year under review, sales of 32,605 square feet of cultural studios and 42,476 square feet of cultural workshop units were recognised at an average selling price of HK\$4,547 per square foot and HK\$2,375 per square foot, respectively, which contributed a total of HK\$230.5 million to Lai Fung Group's turnover. As at 31 July 2023, contracted but not yet recognised sales for cultural studios and cultural workshop units amounted to HK\$128.8 million and HK\$62.1 million, at an average selling price of HK\$4,715 per square foot and HK\$2,360 per square foot, respectively. As at 31 July 2023, completed properties held for sale in Novotown Phase I, including cultural studios, cultural workshop units and office units, amounted to approximately 905,600 square feet.

Lai Fung Group owns 80% of Novotown Phase I. The remaining 20% is owned the Group.

#### Phase II

Novotown Phase II is situated adjacent to Novotown Phase I with a total site area of approximately 143,800 square meters and a maximum plot ratio of two times. Lai Fung Group succeeded in bidding for the land use rights of the land offered for sale by The Land and Resources Bureau of Zhuhai through the listing-for-sale process in December 2018.

Construction work is in progress. This mixed-used development project is expected to provide commercial and experiential entertainment facilities, office space and serviced apartment space of 355,500 square feet, 1,585,000 square feet and 578,400 square feet, respectively. Properties in Novotown Phase II occupied by Harrow ILA Hengqin have been sold to the school operator, which enabled Lai Fung Group to crystalise the value of its investment in Novotown Phase II and gradually recoup funding to improve the project's working capital position.

Lai Fung Group remains confident that the continuous development of the Guangdong-Macau In-Depth Cooperation Zone in Hengqin will position Hengqin as a prominent piece within the Guangdong-Hong Kong-Macau Greater Bay Area development. The integration between Macau and Hengqin will encourage more businesses and population to reside in Hengqin which will further enhance the tourism market, making Novotown a new contributor to Lai Fung Group's results in the long run.

Lai Fung Group owns 100% of Novotown Phase II, except for the properties occupied by Harrow ILA Hengqin which have been sold to the school operator.

## HOTEL AND SERVICED APARTMENT OPERATIONS

The hotel and serviced apartment operation segment of the Group includes the Group's operation of the Ocean Park Marriott Hotel in Hong Kong and the Caravelle Hotel in Ho Chi Minh City, Vietnam, as well as Lai Fung Group's hotel and serviced apartment operation in Shanghai and Hengqin, Mainland China. Since December 2019, the Group further expanded its hotel portfolio with the acquisition of a 50% interest in Fairmont St. Andrews resort in Fife, Scotland, United Kingdom. Performance of the 50:50 joint venture of Fairmont St. Andrews resort is recognised as "Share of profits and losses of joint ventures" in the consolidated income statement of the Group. The hotel project in Phuket, Thailand that the Group invested in June 2017 is still at the planning stage. The Group is closely monitoring the tourism market in Thailand and will provide updates on this project as and when there is material progress.

For the year ended 31 July 2023, the hotel and serviced apartment operations contributed HK\$977.7 million to the Group's turnover (2022: HK\$650.0 million). Recovery of tourism industry and hotel business in Vietnam was strong since its reopening of border gate to foreign visitors in March 2022 and the Group's Caravelle Hotel in Ho Chi Minh City recorded robust growth during the year under review as compared to last financial year. Hong Kong Ocean Park Marriot Hotel was operating as a designated quarantine hotel since June 2022 before the change of quarantine arrangement in Hong Kong to a "0+3" regime in September 2022 and during that period the hotel's catering and banquet businesses saw a significant decrease in demand. Following the reopening of the border with Mainland China in early January 2023, there has been an increase in the number of visitors from Mainland China. As a result, the Group's Hong Kong Ocean Park Marriot Hotel experienced growth during the year under review as compared to last financial year.

## CINEMA OPERATION

The cinema operation is managed by eSun Group. For the year ended 31 July 2023, this segment recorded a turnover of HK\$525.1 million (2022: HK\$385.0 million) and segment results of a loss of HK\$55.5 million (2022: a loss of HK\$130.1 million). The Hong Kong box office was encouraging with a strong line-up of locally produced movies and Hollywood blockbusters released during the year under review. In view of the challenging market condition and economic uncertainty in Mainland China, the Guangzhou Mayflower Cinema City was closed in October 2022 and a non-recurring gain on derecognition of lease liabilities was recognised during the year under review. As at the date of this Annual Report, eSun Group operates seventeen cinemas in Hong Kong (including one joint venture project) and two cinemas in Mainland China and details on the number of screens and seats of each existing cinema are disclosed in below table. Besides, eSun Group has extended its cinema network through a 50% joint venture with Emperor Cinemas Group, namely the Emperor Cinemas Plus+ (Tai Wai), which is managed by Emperor Cinemas Group and opened in July 2023.

## INTERESTS IN JOINT VENTURES

For the year ended 31 July 2023, losses from joint ventures amounted to losses of HK\$10.3 million, as compared to losses of HK\$42.0 million last year. The narrowed loss was primarily due to the decrease in fair value loss of CCB Tower, which slightly offset by the decrease in operating profits of joint ventures during the year under review.

## LIQUIDITY AND FINANCIAL RESOURCES

As at 31 July 2023, cash and bank balances and undrawn facilities held by the Group amounted to approximately HK\$5,022.4 million and approximately HK\$5,295.4 million, respectively. Cash and bank balances held by the Group of which about 41% was denominated in Hong Kong dollars and United States dollars, and about 45% was denominated in Renminbi. Excluding eSun Group and Lai Fung Group, cash and bank balances and undrawn facilities held by the Group as at 31 July 2023 were approximately HK\$1,889.3 million and approximately HK\$3,246.9 million, respectively.

The Group's sources of funding comprise mainly internal funds generated from the Group's business operations, loan facilities provided by banks, guaranteed notes issued to investors and rights issue.

As at 31 July 2023, the Group had bank borrowings of approximately HK\$21,344.4 million, guaranteed notes of approximately HK\$4,263.7 million and other borrowings of approximately HK\$318.4 million. As at 31 July 2023, the maturity profile of the bank borrowings of HK\$21,344.4 million is spread with HK\$6,000.8 million repayable within one year, HK\$1,693.1 million repayable in the second year, HK\$12,176.5 million repayable in the third to fifth years, and HK\$1,474.0 million repayable beyond the fifth year.

The Group issued guaranteed notes in an aggregate principal amount of US\$500 million and HK\$385 million. The guaranteed notes have terms ranging from five years to seven years and three months, and bear fixed interest rates ranging from 4.9% to 5.25% per annum. Certain guaranteed notes are listed on the Stock Exchange and were issued for refinancing the previous notes and for general corporate purposes.

Approximately 83% and 16% of the Group's total borrowings carried interest on a floating rate basis and fixed rate basis, respectively, and the remaining 1% of the Group's borrowings were interest-free.

The gearing ratio, expressed as a percentage of the total outstanding net debt (being the total borrowings less cash and bank balances) to consolidated net assets attributable to owners of the Company, was approximately 70%. Excluding the net debt of eSun Group and Lai Fung Group, the Group's gearing ratio was approximately 46%. Excluding the net debt of London portfolio which had a positive carry net of financing costs, and the net debt of eSun Group, the Group's gearing ratio was approximately 46%.

As at 31 July 2023, certain investment properties with carrying amounts of approximately HK\$33,317.6 million, certain property, plant and equipment and the related right-of-use assets with carrying amounts of approximately HK\$8,329.7 million, certain completed properties for sale with carrying amounts of approximately HK\$449.7 million, certain properties under development with carrying amounts of approximately HK\$449.7 million, certain bank balances and time deposits with banks of approximately HK\$827.5 million were pledged to banks to secure banking facilities granted to the Group. In addition, certain shares in subsidiaries were pledged to banks to secure banking facilities granted to the respective joint ventures of the Group. The Group's secured bank borrowings were also secured by floating charges over certain assets held by the Group.

## LIQUIDITY AND FINANCIAL RESOURCES (CONTINUED)

The Group's major assets and liabilities and transactions were denominated in Hong Kong dollars, United States dollars, Pound Sterling and Renminbi. Considering that Hong Kong dollars are pegged against United States dollars, the Group believes that the corresponding exposure to exchange rate risk arising from United States dollars is not material. The Group has investments in United Kingdom with the assets and liabilities denominated in Pound Sterling. These investments were primarily financed by bank borrowings denominated in Pound Sterling in order to minimise the net foreign exchange exposure. Lai Fung Group has a net exchange exposure to Renminbi as their assets are principally located in Mainland China and the revenues are predominantly in Renminbi. Other than the abovementioned, the remaining monetary assets and liabilities of the Group were denominated in Euro, Malaysian Ringgit and Vietnamese Dong which were insignificant as compared with the Group's total assets and liabilities. The Group manages its foreign currency risk by closely reviewing the movement of the foreign currency rate and considers hedging significant foreign currency exposure should the additional need arise.

## **CONTINGENT LIABILITIES**

Details of contingent liabilities of the Group at the end of the reporting period are set out in note 45 to the financial statements.

## **EMPLOYEES AND REMUNERATION POLICIES**

As at 31 July 2023, the Group employed a total of approximately 4,100 employees. The Group recognises the importance of maintaining a stable staff force in its continued success. Under the Group's existing policies, employee pay rates are maintained at competitive levels whilst promotion and salary increments are assessed on a performance-related basis. Discretionary bonuses are granted to employees based on their merit and in accordance with industry practice. Other benefits including share option scheme, mandatory provident fund scheme, free hospitalisation insurance plan, subsidised medical care and sponsorship for external education and training programmes are offered to eligible employees.

# Environmental, Social and Governance Report

## ABOUT THIS REPORT

The Company is delighted to publish its annual Environmental, Social and Governance ("**ESG**") report, summarising the ESG management approach, strategies and performance of the Company and its subsidiaries (together, the "**Group**") in accordance with the ESG Reporting Guide contained in Appendix 27 to the Rules Governing the Listing of Securities on the main board of The Stock Exchange of Hong Kong Limited ("**Stock Exchange**"). This report complies with the four reporting principles listed in the Stock Exchange ESG Reporting Guide, including materiality, quantitative, balance and consistency for report disclosure and historical data comparison. This year, the Company has taken the lead to disclose the climate actions with reference to the Task Force on Climate-related Financial Disclosures ("**TCFD**") to build our climate resilience strategy. We also mapped our strategies and initiatives with the United Nations' Sustainable Development Goals ("**SDGs**"). 10 of the 17 SDGs, which are the most relevant to our business profile, were mapped into our contribution in respective chapters of this report.

Unless otherwise specified, this report covers the ESG management and performance of the Group from 1 August 2022 to 31 July 2023. The reporting boundary of this report comprises properties under the Group's property investment, property development and investment and operation of hotel, restaurant, cinema, media and entertainment businesses in Hong Kong and Mainland China. For further details of the specific properties covered in the reporting scope, please refer to the section on Summary of Environmental Performance. This report has been approved by the management team and the board of directors of the Company (the "**Board**").

## ESG GOVERNANCE

#### **Board Statement**

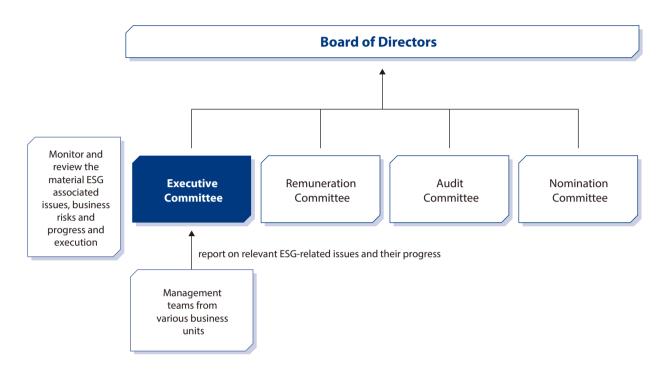

The Group recognises the importance of tackling ESG issues to pave the way for long-lasting business success. The Board holds the responsibility for endorsing the ESG report, prioritising and overseeing key ESG issues including material ESG risks related to the business operations and their incorporation with the Group's ESG strategies, policies, procedures and initiatives.

The Executive Committee of the Company (the "**Committee**") is appointed by the Board to conduct assessment on the management and implementation efficacy of relevant ESG issues encompassing the execution of goals and targets. The Committee also arranges regular briefing sections to the Board to support their monitoring and evaluation of the material ESG issues, associated business risks and progress and implementation of ESG policies, procedures, and initiatives. The Group's environmental targets that have been assented by the Board will be reviewed by the Committee annually. Given the Group's diversified business portfolios, each business unit holds the responsibility to report their performance and ESG issues to the Committee on a regular basis.

## ESG GOVERNANCE (CONTINUED)

#### Board Statement (continued)

Following the stakeholder engagement exercises conducted in the financial year 2020/2021, the material ESG issues identified are reviewed annually and authenticated by the Board before being incorporated into the Group's ESG management approaches and strategy. For more details of the materiality analysis on ESG topics, please refer to the Materiality Analysis section.

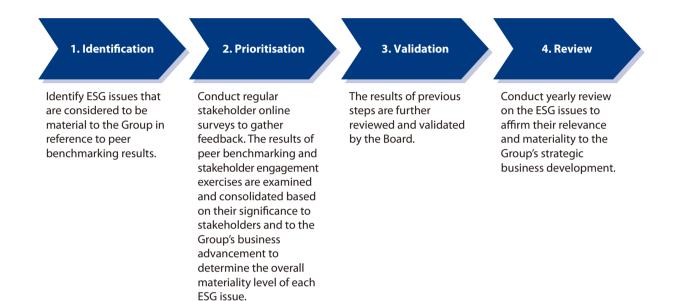

## Stakeholder Engagement

The Group strives to uphold a deep-rooted relationship with the stakeholders and maximise value creation by refining our sustainability programmes based on the stakeholders' views gained through different engagement channels. Stakeholders were engaged in identifying the potentially material ESG issues and risks to the Group in the form of providing feedback via online surveys, which was executed by an independent consultant. The gathered input from stakeholders allows the Group to meet stakeholders' needs and expectations in a continuous sense.

## ESG GOVERNANCE (CONTINUED)

## **Materiality Analysis**

The Group undertakes the constant review on the pertinence of the ESG issues to our business and stakeholders to formulate well-defined ESG management and strategies for informed decision. A four-step materiality assessment approach is implemented to pinpoint and assess the material ESG issues in our business operations.

#### Materiality Analysis (continued)

Peer benchmarking and review of the material issues were conducted during the reporting year. This exercise enabled us to identify the latest trend from the industry and market, thereby leveraging them in building reinforced ESG management practices. A range of ESG issues that are regarded material to our stakeholders and the Group are listed as follow:

#### \* Newly added topic in FY22/23, or new topic to the business operation

#### \*\* Renamed and merged

In contrast to the last reporting year, "Green building" "Packaging materials" and "Forced and child labour" are new issues included in the material topics, whereas "Marketing and labelling" has been removed from the list. Note that "Employee relationship" and "Recruitment and retention" from the previous reporting year are merged into "Employee engagement", and "Occupational health and safety" and "Wellbeing" are incorporated and renamed as "Wellbeing, occupational health and safety".

## **ENVIRONMENT**

## Integrating Environmental Sustainability into Our Operations

The Group aims to conduct our businesses in an environmentally sustainable manner while reducing our environmental impacts. Aside from adopting effective management of the Group's carbon emissions, waste generation, and consumption of water and energy, we have also committed to integrating environmental considerations into our business planning and decision-making procedures. To demonstrate the Group's commitment in environmental protection, we have set several qualitative environmental targets for the property investment businesses in financial year 2020/2021, including reduction targets on energy consumption, GHG emissions and waste generation.

The Group regularly assesses the effectiveness of our environmental initiatives and monitors our environmental performance to ensure full compliance with all relevant laws and regulations. During the reporting year, there was no case of non-compliance with environmental legislation as stated in the List of Significant Laws and Regulations section.

## Green Building Development and Operations

The Group has always put importance in the mission of exploring the possibilities for incorporating sustainability into our development projects. Our adherence to all applicable standards, rules, and regulations regarding air, noise, and wastewater pollution, as well as waste disposal are closely monitored, and we strive to incorporate sustainable features into the construction and design of our buildings. Where necessary, the Group works with green building specialists and consultants to provide technical support on environmentally sustainable building designs and emissions controls, such as adherence of standards set in required emissions permits for sewage discharge and waste.

For instance, Shanghai Hong Kong Plaza's plan to engage heating, ventilation and air conditioning ("**HVAC**") specialists to improve energy efficiency by redesigning the air-conditioning energy management system has been greenlit, and is expected to be finished by 2024. Gradual replacement of lighting systems and upgrading of electrical machinery for better energy efficiency are also underway.

The Group strives to maintain internationally recognised green building certifications in our properties. Novotown in Hengqin and Shanghai Hong Kong Plaza are in the progress of preparing for LEED application submissions.

The Group has covered broader aspects of environmental protection and management on construction sites through increased efforts. For example, contractors are required to submit an Environmental Management Plan that identifies and evaluates the environmental risks, and proposes efficient mitigation actions to reduce the environmental impacts during construction. In order to make sure all planned control measures are implemented to handle the potential environmental risks, we also conduct regular reviews on the on-site actual performance against the plan.

#### **ENVIRONMENT** (CONTINUED)

#### Green Building Development and Operations (continued)

In addition, CCB Tower has received various awards in appreciation of its' environmental efforts, including the Excellent Level of Wastewi\$e Certificate issued by the Environmental Campaign Committee, the Green Office Award Labelling Scheme Certificate issued by the World Green Organisation and the Indoor Air Quality Certificate (Good Class) from the Environmental Protection Department ("**EPD**"). Furthermore, the Group used environmentally friendly materials with low volatile organic compound levels in managed properties' maintenance and refurbishment projects whenever possible.

For more details on energy, water and waste management initiatives, please refer to Waste and Air Emissions to the Environment, Greenhouse Gas Emissions and Energy, and Water sections respectively.

## **Responding to Climate Change**

This year, the Group adopted TCFD's recommended disclosures to disclose our climate risk management based on four pillars: Governance, Strategy, Risk Management and Metrics and Targets.

#### Governance

The Group recognises the significance of ESG challenges in ensuring long-term corporate success. The Board oversees the managing of significant ESG concerns such as material ESG risks, and any climate-related risks and opportunities relevant to company operations and their integration with the Group's ESG plans, policies, processes, and activities. The Committee reviews and monitors the management and implementation effectiveness of relevant ESG-related issues including climate change, relevant business risks, and progress and execution of ESG policies, processes, and initiatives. For more details, please refer to the Board Statement.

#### Strategy

In light of the considerable risks posed by climate change on a worldwide scale, the Group has improved our management practices to strengthen our climate resilience and adaptation capability. To help us establish climate risk mitigation plans, a third-party consultant was hired to conduct a climate risk assessment in fiscal year 2020/2021 to identify and analyse potential hazards in our operations.

#### Physical Risk

Tropical cyclones are regarded as the most significant climate-related risk to our activities in terms of physical risk exposure, with the potential to cause catastrophic property destruction and economic loss. Our climate risk assessment results also showed that our operations in Hong Kong and Southern China could be considerably impacted by floods due to their proximity to coastal areas; however, the flood risk for our operations in Eastern China is limited.

## **ENVIRONMENT** (CONTINUED)

#### Responding to Climate Change (continued)

#### *Strategy (continued)*

#### **Transition Risk**

Policy and legal risks are considered as material transition risks to the Hong Kong and Mainland China operations. It is expected that more stringent policies and initiatives are likely to be executed by the government to meet carbon emission reduction targets and net zero commitments, resulting in higher operating costs. Replacement of equipment with higher efficiency models is also expected down the line to ensure future compliance with the regulations.

#### Risk Management

We strive to prevent and mitigate the effects of climate change in our business activities.

The Group has created typhoon and extreme weather condition work arrangement standards to standardise operating procedures during tropical cyclone alerts and adverse weather conditions. Emergency plans are also in place in the event of natural disasters, and inspections are done regularly for critical machinery and equipment to ensure proper working conditions in the event of an emergency. Prior to typhoon events, property management teams will conduct checks and take suitable procedures, such as securing gondolas, inspecting the roof rainfall outlet and other surface channels for good drainage, and determining if external bamboo scaffolding is fixed properly.

#### Metrics and Targets

Since the financial year 2020/2021, the Group has formulated environmental targets on reducing GHG emissions and energy consumption of our investment properties in Mainland China and Hong Kong. The Board has approved the targets, and the Committee reviews them on an annual basis.

- Upgrade lighting and HVAC systems and appliances of all operating sites to energy-saving models by phases
- Increase the number of properties with certified environmental management systems and green building certificates in our portfolio

For our progress, please refer to the Greenhouse Gas Emissions and Energy section.

#### **ENVIRONMENT** (CONTINUED)

#### Waste and Air Emissions to the Environment

The Group is also conscious of the effects our operations have on the environment and takes every effort to reduce our air emissions, wastewater discharge and waste generation. Considering this, we have developed waste targets to demonstrate our commitment.

- Improve recycling rate by disclosing the amount of hazardous and non-hazardous waste recycled by Mainland China's property investment business and progressively expand disclosure of recycling performance data across all business operations in Mainland China
- Review and enhance waste collection and recycling procedure for property investment in Hong Kong

We have already implemented a variety of group-wide and business unit-specific abatement procedures and control mechanisms. We have also implemented handling procedures for non-hazardous waste in the Group to ensure proper disposal of any waste produced.

#### Managing Waste from Property Development and Investment

To strengthen our waste reduction efforts at the construction sites, it is mandatory for all contractors from the Group's property development business to submit a Waste Disposal Plan with thorough waste management procedures. The plan should include the implementation of 3R principles (reduce, reuse and recycle), as well as specific examples of their waste management initiatives. In terms of construction waste management, we reuse construction materials whenever possible, sorting inert debris materials to be used as road sub-base as well as for backfilling purposes. The Group has placed numerous recycling containers at construction sites to encourage employees and contractors to take part in our recycling initiatives. The remaining non-recyclable construction waste would be disposed in landfills run by the EPD with a registered billing account or with the necessary waste disposal license. The Group has also employed licensed contractors to be responsible for handling the construction waste disposal in Hong Kong.

The Group is aware of the significance of safe handling and final disposal of chemical waste, and we are in strict compliance with the Waste Disposal (Chemical Waste) (General) Regulation and have implemented rigorous management strategies. All construction projects of the Group are registered with EPD as a chemical waste producer. As it is inevitable for some chemical waste to be generated during the construction work, we strive to minimise our waste production by packaging, labelling and storing waste such as empty chemical cans, contaminated soil and liquid chemical waste in a proper way in accordance with the "Code of Practice on the Packaging, Labelling and Storage of Chemical Wastes". In Mainland China, we appointed authorised third-party contractors for handling all chemical waste and other hazardous waste identified in the "Directory of National Hazardous Wastes". As for the collection, treatment and disposal of electronic waste and other hazardous waste, we would appoint qualified waste management companies or take part in relevant recycling schemes to handle the waste disposal in a safe, responsible and legal manner.

#### Managing Waste from Property Development and Investment (continued)

Moreover, we reduce tenant waste through providing specific locations for waste disposal and sorting. Grease oil is collected by a certified environmental contractor, ensuring any non-hazardous waste is properly sorted for disposal and recycling. As a group-wide approach, we have enhanced collection and disclosure of recycling data of hazardous and non-hazardous waste in all operations in Mainland China. Please refer to the section of Summary of Environmental Performance in this report for further details.

#### Reducing Waste in Food and Beverage Services

Our food and beverage operations mainly focus on food and kitchen waste reduction at source. In order to minimise waste during the food manufacturing process, perishable food is stocked in a proper manner to reduce wastage during food production processes, and usage of all raw material has been maximised. Whenever possible, non-perishable foods under good condition will be donated to charitable organisations. For example, Hong Kong Ocean Park Marriott Hotel works with local non-governmental organisations such as Foodlink and Food Angel to donate food like excess bread, pastries and desserts from the buffet and cafeteria to people in need.

#### Minimising Waste in Hotel Operations

To promote environmentally responsible behaviour, it is imperative to foster a culture of environmental awareness among employees and customers, while also guiding them on a range of eco-friendly practices. For instance, since 2019, STARR Hotel Shanghai has reduced single-use item consumption by not providing disposable toothbrushes, combs, bath wipes, razors, nail files, and shoe wipes, unless specifically requested by guests.

#### Minimising Waste in Media and Entertainment Business

Our media and entertainment operations have implemented several employee-centric initiatives to curtail waste. We promote eco-friendly practices such as cloud-sharing of work documents, employment of environmentally friendly paper, and adoption of double-sided printing to minimise paper usage in our offices. Furthermore, we encourage our staff to minimise the use of plastic disposable items wherever feasible.

#### Minimising Air Emissions from Property Development

The Group has implemented various measures to control the amount of air pollutants released during its construction projects. To reduce dust emissions, the Group requires its contractors to adopt dust abatement procedures when undertaking activities such as vehicle movement and material handling on construction sites. The Group has also widely adopted the use of ultra-low sulphur diesel at its development sites to minimise airborne emissions. Furthermore, during its material procurement process, the Group gives priority to building materials with lower volatile organic compounds and those that strictly adhere to the Air Pollution Control (Volatile Organic Compounds) Regulation, thus helping to control air pollution.

#### **ENVIRONMENT** (CONTINUED)

#### Greenhouse Gas Emissions and Energy

The Group strongly advocates for active energy management through the implementation of green policies and environmental initiatives aimed at reducing energy consumption, as well as GHG emissions. To achieve these goals, we have invested in energy-saving technologies, and adopted locally and internationally recognised standards for building design and construction, which are intended to help us minimise our energy consumption and GHG emissions.

The GHG emission intensity of the Group's property operations are shown as follows:

**GHG Emission Intensity of Property Businesses** 

Note: GHG emission intensity = Total (scope 1 & 2) GHG emission of the year/gross floor area

#### **ENVIRONMENT** (CONTINUED)

#### **Reducing Energy Consumption in Property Business**

The Group's property management team conducts monthly reviews of energy consumption to prevent excessive energy usage. We are committed to continuously improving the resource efficiency of our operations and actively exploring opportunities to reduce our environmental impact.

To achieve our energy targets, various initiatives were successfully implemented to improve energy management systems. CCB Tower successfully collaborated with "CLP eSolution" to implement a Chiller Plant Optimisation through installing "PlantPro" in March 2023, allowing more energy-efficient controlling of HVAC systems within the property. Also Causeway Bay Plaza 2 optimised its Chiller Plant systems to increase operating efficiency of its air conditioning system, reducing overall electricity consumption. Lighting upgrade was in good progress in addition to HVAC systems improvement.

In terms of the utilisation or generation of renewable energy, Lai Sun Commercial Centre's solar panels commenced operation in April 2022 to provide clean energy into the feed-in tariff scheme, generating approximately 170,000 kWh annually, while Cheung Sha Wan Plaza's solar panels started operation in May 2023 and both PV systems allow CLP to buy the renewable energy from us at tariff rates. In terms of energy consumption reduction initiatives, CCB Tower locks their passenger lift situated in the main lobby for energy-saving purposes every day during non-business hours, while Alto Residences has adjusted their operation hours for car lifts during Sundays and Public Holidays.

Moreover, CCB Tower has signed up for the Energy Saving Charter issued by Environment Bureau and Electrical and Mechanical Services Department to demonstrate its commitment to energy conservation. In recognition of the Group's energy reduction efforts, CCB Tower has been awarded with the Platinum Award of Charter on External Lighting from the Environmental Bureau.

Regarding our Mainland China property operations, the Group has a Resource and Energy Management Plan in place to direct our resource conservation work. For example, Palm Spring in Zhongshan utilises a centralised air conditioning system with a more energy efficient model, contributing to around 60,000 kWh reduction in electricity consumption each year. Novotown in Hengqin reduces energy consumption through various initiatives, such as utilising wind screen machines for their main doors, varying shut-off times for lights and machinery for different areas within the property, and reducing escalator standby times.

#### Reducing Energy Use in Food and Beverage Services

To maintain efficiency, all air-conditioners are regularly cleaned and required to be turned off when not in use. Furthermore, LED lighting fixtures are continually retrofitted into most of the Group's restaurants to further reduce energy consumption.

#### **ENVIRONMENT** (CONTINUED)

#### Greenhouse Gas Emissions and Energy (continued)

#### Minimising Energy Consumption in Hotel Operations

The Group actively engages in resources conservation in our hotels in Hong Kong and Mainland China. For instance, Hong Kong Ocean Park Marriott Hotel is part of the government's Charter on External Lighting and Energy Saving Charter to demonstrate its commitment in energy conservation. Aluminium alloy coating is also applied on the hotel exterior for solar shading for better indoor temperature regulation. Moreover, the installation of LED lights in the hotel are estimated to save around 43,200 kWh of electricity annually.

In Mainland China, Ascott Huaihai Road Shanghai has established a number of measures demonstrated in the case study below. Meanwhile, in Hyatt Regency Hengqin, an infrared sensor lighting management system is installed for automatically turning off lighting in hotel rooms when idle for 45 minutes, which can save nearly 200,000 kWh of electricity per year.

#### Energy Optimisation in Ascott Huaihai Road Shanghai

- Monitor guests' energy use by including terms of energy price cap in the renewal of accommodation agreements in the long term, which is expected to result in a 5% annual decrease in overall electricity consumption
- Established an Energy Conservation Committee to monitor its energy performance, and turn off all air-conditioning, lighting, and computers for unoccupied areas
- Completed the retrofitting of LED lighting during the reporting year, which is estimated to save around 252,700 kWh of electricity per year
- Installed electronically controlled lighting fixtures in public areas, reducing unneeded lighting

#### Managing Energy Use in Cinema Operation

We have implemented various management measures to control electrical consumption effectively. To maintain our high standards, the electricity consumption of cinemas is closely monitored on a regular basis. Furthermore, some of the Group's cinemas have gone a step further by adopting additional energy-saving measures, such as installing energy-efficient lighting and automated induction systems.

#### Water

#### **Reducing Water Consumption in Property Business**

Several Hong Kong properties under our management, including Causeway Bay Plaza 2, Cheung Sha Wan Plaza and Alto Residences, feature automatic sensors for urinals and water taps to conserve water. These water-saving measures have resulted in water consumption reduction. Moreover, the Group plans to implement a resource management platform in our properties in Shanghai, allowing for monitoring of properties' water consumption, leading to better water consumption management.

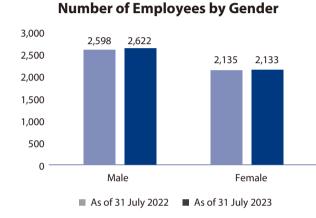

Minimising Water Consumption in Hotel Operations

The Group has implemented multiple initiatives in our hotel operations to ensure minimising of water consumption within our business. For Hong Kong Ocean Park Marriot Hotel, we have installed a rainwater collection system for irrigation purposes, estimated to save around 4,450m<sup>3</sup> of water annually. For Ascott Huaihai Road Shanghai, STARR Hotel Shanghai and Hyatt Regency Hengqin, the hotels retrofitted the water closets with higher water efficiency models, saving an estimated 700 to 800 tonnes of water per year.

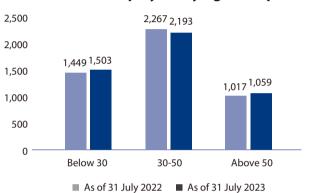

#### PEOPLE

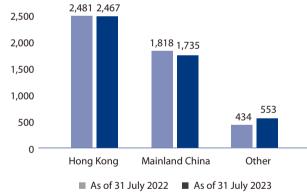

#### **Employment Practices**

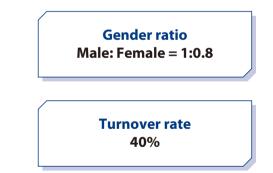

#### Number of Employees by Age Group

#### Number of Employees by Geographical Region

The Group makes the best endeavour to retain and attract talent as we acknowledge the unquestionable importance of employees to a sustainable and successful business. Employees can thrive freely in this sound and unrivalled environment that we create. We strive to maintain such environment by complying with all applicable employment laws and regulations in Hong Kong and Mainland China. Meanwhile, our staff handbook states all relevant terms and conditions, including employee benefits, compensation and dismissal, working hours, leave entitlement, anti-discrimination, and the Group's standards for employees' work behaviour and conduct.

#### **PEOPLE** (continued)

#### **Employment Practices** (continued)

Effective policies and a grievance mechanism are in place to foster inclusivity and diversity in a professional workplace. In addition to encouraging employees to report any misconduct or wrongdoing by referring to the Code of Conduct and staff handbook, we also ensure that their personal information will be protected with absolute confidentiality. Furthermore, the Group has established several communication channels such as daily emails, meetings, internal newsletters and social media platforms to maintain close relationships with its employees as well as to increase employee engagement for a better workplace.

During the reporting year, there were no instances of non-compliance with employment laws and regulations.

#### **Employee Welfare**

By signing the Good Employer Charter of the Labour Department and complying with all relevant laws and regulations, the Group has further affirmed our commitment to building an all-around workplace that provides everything that employees need to grow professionally and personally. We want the workplace to provide employees with care, benefits, communications, and work-life balance. Apart from standardised welfare packages, we provide medical or commercial insurance, social security and housing benefits to employees in each region.

We also offer well-being programmes and value-added benefits to the employees. We provide a wide range of non-wage compensations, such as vaccination leave, additional holidays, annual health check-ups and free entry to club-house facilities for employees who work in the properties in Mainland China. To foster balanced lifestyles, our full-time cinema staff is offered further work flexibility and mobility, including overtime allowance, travel allowance, typhoon/rainstorm allowance, and attendance bonus. For our employees in Hong Kong, we arrange monthly "Lunch Talk" sessions, with this year covering topics on health knowledge and ethics at work. DIY workshops and a wellbeing massage session were also organised to engage employees. In Mainland China, we prepared festive gifts such as mooncakes for employees to celebrate traditional festivals, and increased sense of belonging through organising employee birthday celebrations, staff-appreciation meetings, and Global Health Week activities promoting employee physical and mental health. Overall efforts to build team relations for employee groups across our operations include movie screenings, group fitness classes, BBQ parties, and more.

#### **PEOPLE** (CONTINUED)

#### Health and Safety

Being committed to safeguarding the health and safety of our employees, the Group endeavours to minimise any potential occupational safety risks at all costs. We do so by strictly following the guidelines and information stipulated by the Labour Department regarding occupational safety and health. We have tasked the management teams of different business units with implementing health and safety measures while providing regular safety training to all staff. For example, we have appointed fire safety ambassadors to promote fire awareness, and reporting or abating fire hazards. At the same time, protective equipment will be provided for our employees at all premises to prevent any health and safety hazards.

In response to times during the COVID-19 outbreak, we safeguarded employees' health and safety by asking them to conduct voluntary testing, providing free anti-epidemic supplies, requiring them to wear face masks and do temperature checks, and offering paid vaccination leave and financial support. We have also provided psychological counselling to employees resuming work after the pandemic.

The Group places high value on its employees and views them as a crucial asset for long-term business development. The Group regularly organises workshops and events dedicated to promoting health and wellness. During the reporting year, there were no non-compliance cases with health and safety laws and regulations listed in the List of Significant Laws and Regulations section.

#### At Construction Sites and in Building Operations

The Group aims to be meticulous when addressing potential occupational health and safety risks at construction sites. Besides complying with Chapter 509 Occupational Safety and Health Ordinance and ensuring the compliance of our contractors with Chapter 59 Factories and Industrial Undertaking Ordinance in Hong Kong, measures that help foster a safe working environment are being actively devised and implemented by the Group. There will be at least one safety officer in every project who will oversee any health and safety issues and prepare the on-site management plan. We arrange meetings with the officers once every two weeks to identify safety hazards and discuss the appropriate measures. The regular safety training that we arrange helps provide adequate knowledge for employees so that they can respond well in the events of work-related emergencies as well as prevent those events from happening.

#### **PEOPLE** (continued)

#### Health and Safety (continued)

At Construction Sites and in Building Operations (continued)

We enforce rigorous safety protocols at all residential and commercial properties we oversee. Our property management teams have access to a safety handbook which they can read at their convenience. The table below summarises the health and safety-related certifications our properties hold.

| ISO and Other Certifications  | Properties  |
|---|---|
| ISO 45001:2018 Occupational health and safety management systems  | CCB Tower   |
| Guideline of China occupational safety and health management system (GB/T 33000-2016) Level 3 Certification | Shanghai Hong Kong Plaza<br>Shanghai May Flower Plaza |
| HKQAA Anti-Epidemic Hygiene Measures Certification  | CCB Tower   |

We also provide training and workshops on safety-related risks for all employees, covering all critical aspects of safety management, including fire hazards, safe production practices, and proper equipment usage. We have also organised coaching sessions with qualified trainers providing advice on working at height and health, safety and environmental management.

#### At Hotels

In hospitality operations, the Safety Committees at Hong Kong Ocean Park Marriott Hotel and Ascott Huaihai Road Shanghai manage health and safety issues by implementing more measures to improve the wellness of the employees. Training on how to respond to emergency events, fire hazards, food safety and first-aid performing are provided to employees at the hotels we manage. Clear guidelines on emergency medical response are also implemented by the Safety Committees to ensure employee injuries are sufficiently managed and filed.

#### **PEOPLE** (CONTINUED)

#### **Development and Training**

Under the ever-changing business environment, the Group is mindful of the importance of cultivating a lifelong learning culture to unleash employees' full potential and enhance capabilities to the latest market standards. Our staff handbook outlines the Group's progressive approaches toward employee development and training programmes. A wide spectrum of on-the-job learning programmes are made available for managerial and frontline employees to upskill their hands-on experience. To help our officers and supervisory grade staff improve their communication and other business abilities, we invite seasoned specialists to conduct lectures on crucial business skills including time management and delegation to managerial grade staff to enhance their management skills.

Total Training Hours >102,900 hours

Apart from internal programmes, we also provide financial support if our employees wish to obtain professional qualifications or attend programmes that are held externally, as pursuing career interests is vital to one's professional development.

The Group acknowledges a strong linkage between the performance appraisal and employee's motivation. To recognise valued performers, the job assessment is carried out every year in Hong Kong, while two evaluations for Mainland China employees occur in every July and December. The Group offers merit to employees with outstanding results in the forms of salary adjustments and job promotion opportunities.

#### Capacity Building for the Property Business

A great emphasis is made on enhancing the performance of our property management teams through all stages of the business cycle. New hires are welcomed with structured onboarding sessions to ensure they are familiarised with organisation policies, people, and the culture. Diverse modules are also made available to improve employees' operational productivity and efficiency, ranging from fundamental occupational skills such as property safety management and sales knowledge to personal development including English communication and etiquette. Specifically, lectures on licensing of property management services and land development are offered to sustain their career aspirations and uphold best service to our customers.

The Group also invites high calibre graduates to our Management Trainee Programme. During the reporting year, the Programme has been extended from 15 months to 18 months to leverage the power of talented young people into the Group's strategy. Trainees will rotate through different functions of LSD and be engaged in tailor-made programmes such as on-the-job training, professional training workshops, and trips to the properties in Mainland China. Upon the completion of the programmes, they will be assigned as the managerial staff to a specific department in the Group.

#### **People** (continued)

#### Development and Training (continued)

#### Training Opportunities for Hotel Operations

The Group also makes ceaseless commitments in employee cultivation and nurturing of their growth in its hotel operation. During the reporting year, Hong Kong Ocean Park Marriott Hotel continued their sustainable commitments by providing awareness training on Greenkey certificate implementation and running the Foundation of Leadership training to entire employees to enhance their societal responsibilities.

In Mainland China, Ascott Huaihai Road Shanghai executed diverse programmes such as Red Cross first aid training, handling explosive and combustible objects, and customer service training to deliver lofty customer satisfaction levels. Hyatt Regency Hengqin continued its Management Trainee programme to onboard and coach talented fresh graduates to become a valuable part of the team.

Regardless of the locations where the Group operates, general training such as first aid programmes, fire safety and emergency management and etiquette training were delivered. These programmes ensure our workplace security.

#### Labour Standards

Creating an equitable, constructive, and motivating workplace is fundamental to our business. On top of the policies stipulated in the staff handbook, the Group adheres to international labour standards to respect the protection of proclaimed human rights and dignity of our employees. Our Human Resources Departments are entitled with the overall responsibilities in overseeing employment-related issues and monitoring compliance with applicable laws. All potential candidates undergo a robust screening process to ensure their background and relevant information meet the legal standards. The Group provides clear and well-defined employment and labour terms in the employment contract and does not hire employees aged under 15 to ensure there are no instances of forced or child labour in our operations.

Our Mainland China business also operates under rigid compliance with the laws and regulations related to forced and child labour and overtime work. In case of any overtime, employees will be paid based on a relevant legal policy. We require the Group contractors to adhere to the stipulations as well. Emerging laws and regulations are closely monitored to make sure we are braced for any changes.

There were no non-compliance cases with relevant laws and regulations listed in the List of Significant Laws and Regulations section during the reporting year.

#### **OPERATING PRACTICES**

#### **Responsible and Ethical Practices**

Responsible Marketing Practices for Property Sales

The Group implements necessary measures to avoid providing any inaccurate information to our customers. We make sure all sales brochures, price lists, show flats, advertisements and sales arrangements are in strict compliance with Chapter 621 Residential Properties (First-Hand Sales) Ordinance in Hong Kong. In a bid to prevent any potential misrepresentation in our marketing materials, the contents are reviewed by external and internal solicitors as well as professional checkers. Sales Management will conduct regular meetings and reviews to all the advertisements to make sure they are in strict compliance with the Ordinances before granting consent for publication.

All Hong Kong property sales staff must acquire a salesperson's or estate agent's license and comply with the rules and regulations of the Estate Agents Ordinance, including its subsidiary legislations, the Code of Ethics, and any other guidelines issued by the Estate Agents Authority during their practices. The Sales Team is required to adhere to the best practices guidelines outlined in the Practice Notes recommended by the Sales of First-hand Residential Properties Authority periodically. The Group obtains official sales consent from the Legal Advisory and Conveyancing Office ("LACO") of Lands Department before publicly selling first-hand residential properties, relying on strict adherence to local government laws and regulations.

The Group also adheres to the relevant laws and regulations of "Urban Real Estate Administration Law of the People's Republic of China" on the process of property sales in Mainland China. When compiling marketing materials, we have arranged different departments including finance, project management, sales and marketing to take part in the compilation process to ensure accurate and fair reflection on the actual project planning and surrounding facilities. We make sure none of our marketing materials contain exaggerated, false and misleading content. As a monitoring strategy, the Group also consults our legal and management teams on marketing materials. By strictly complying with local government's laws and regulations, the Group acquires the official sales permit from the LACO of Lands Department.

During the reporting year, the Group had no recordable non-compliance cases with relevant laws and regulations in Hong Kong and Mainland China regarding the sales process of the properties and the marketing materials.

#### **OPERATING PRACTICES** (CONTINUED)

#### Responsible and Ethical Practices (continued)

Responsible Marketing Practices for Food and Beverage Services

By upholding responsible and ethical principles in our businesses, the Group takes specific measures to cater different needs of our customers. To ensure customers with food allergies are taken care of, a warning has been printed on menus to encourage them to inform the server of their food allergy. Restaurant in-charge will discuss with chefs about the customers' special dietary needs and customise the dish for them. During the reporting year, there were no non-compliance cases related to our marketing practices in food and beverage operations.

#### Service Excellence

#### **Delivering Excellent Property Management Services**

The Group aspires to offer customers with high-quality services in the property management operations. The Group periodically sends questionnaires to customers to collect their opinions and understand their satisfaction level on the Group's services, including customer service, security service, environmental greening and construction management. Various properties have obtained certificates related to quality management and service excellence, ensuring their standards are in alignment with the industry best practice:

| ISO and Other Certifications  | Properties  |
|---|---|
| ISO 9001:2015 Quality management systems                                | Shanghai Hong Kong Plaza<br>Guangzhou May Flower Plaza<br>Guangzhou West Point<br>Hengqin Novotown<br>Cheung Sha Wan Plaza<br>CCB Tower |

| Advanced Property Management<br>Community and Excellent Unit            | Zhongshan Palm Spring   |
| HKQAA "Silver Seal" for Business<br>Resilience & Community Contribution | CCB Tower   |

We also maintained a high customer satisfaction rate across our properties during the reporting year. For example, among the 6 properties in Shanghai, Guangzhou and Zhongshan where we conducted customer satisfaction surveys, all properties received a customer satisfaction score of 97% or above.

#### **OPERATING PRACTICES** (CONTINUED)

#### Service Excellence (continued)

#### Delivering Excellent Property Management Services (continued)

In the long run, the Group understands that all feedback received is essential to improving the quality of property management services. To further enhance employee performance, Guangzhou, Shanghai and Hengqin operations have provided employees with customer service and personal grooming training. In Hong Kong, the Group continues to offer "Seasonal Star Award" to encourage frontline employees to maintain excellent work performance. Award-winning employees will receive bonuses and certificates issued by senior management.

The Group has put in place a set of standard complaint handling guidelines and procedures to guide the frontline staff of both the Group's Hong Kong and Mainland China managed properties to professionally handle complaints from customers and tenants. The Hong Kong complaint management policies are aligned to guidelines issued by the Property Management Services Authority. A person-in-charge is appointed to formally process the complaint to a complaint register and supervise its handling and follow-up actions. We will retain all complaint information and documents for at least 3 years from the complaint's receipt. However, anonymous complaints or those pertaining to matters that occurred over 12 months ago will not be addressed, but records will be kept for future reference.

We value customers' feedback on our customer service, so we have set up a customer complaint box and customer service hotline to understand their opinions and expectations on our services. During the reporting year, our properties in Guangzhou, Zhongshan and Shanghai received 10, 18 and 15 complaints, respectively. Our property management teams have followed up the complaints and taken the appropriate detailed actions, as standard practice across our portfolio. For example, we prohibited takeaways and couriers from entering the building after receiving expressed concern on order and safety of the building in Guangzhou, and introduced smart lockers to provide fast and convenient food pickup service to building tenants.

The Group promotes direct communication with the complainers to make sure relevant complaints are properly followed up and resolved. All complaints will be duly filed to ensure future improvements of the Group.

#### **OPERATING PRACTICES** (CONTINUED)

#### Service Excellence (continued)

Maintaining Excellent Services in Food and Beverage and Hotel Operations

For hotel and restaurant operations, the Group endeavours to identify potential complaints as early as possible and adopt timely corrective actions upon receiving the complaints. Every member of the management team is well trained to handle complaints in various circumstances. As stated in the Group's management policy, it is mandatory for pertinent employees to submit daily incident reports to the headquarters to ensure all issues are properly followed up.

To improve customer satisfaction at our restaurants, our restaurant in-charge will engage with dine-in customers and obtain their feedback directly to ensure we address their concerns and follow up timely. In addition, a separate email address has been provided on the company website for customers to leave comments. Every comment will be forwarded to the department head to follow up accordingly.

To monitor the quality of our services at hotels, we strive to collect customer feedback via various channels. For instance, Ascott Huaihai Road Shanghai's customer satisfaction surveys are distributed to guests via email after the check-out procedure, achieving an 80% satisfaction score as the latest score received in May 2023. Each complaint is analysed by the front desk team, and the team manager promptly notifies the operations team to discuss remedial action. Furthermore, Hong Kong Ocean Park Marriott Hotel has an online system "Guest Voice" for customers to express their opinions after staying with the hotel. Follow-up actions are taken within 24 hours upon receiving comments to ensure customers' feedback can be properly responded to.

With the aim of encouraging employees to provide high quality services, our hotels also regularly evaluate and appraise their performance. For instance, Hyatt Regency Hengqin has set up the Hyatt Star Awards for outstanding employees to redeem points for complimentary buffet meals and hotel stays.

Ensuring Customer Satisfaction for Cinema Operation and Entertainment Business

The Group gathers feedback from customers of cinema and entertainment businesses through various channels, such as hotlines, emails, and social media platforms. All comments and complaints are handled by our customer service representatives. We also ensure that customers' enquiries are responded within a service target time. All communications with customers are overseen by the management team to ensure timely and reasonable responses.

In Hong Kong, the Group adheres to the Standard Operating Procedure to provide quality customer services. We provide customer service training for all employees such as monthly complaint cases and guidelinessharing and conduct weekly site visits by operation managers. Aside from a centralised hotline, our operation managers will respond quickly to customer feedback on-site and, if necessary, divert it to headquarters for further follow-up. There were no major complaint cases in the entertainment business received by the Group during the reporting year.

#### **OPERATING PRACTICES** (CONTINUED)

#### Customer Health and Safety

From witnessing the significant impact of COVID-19 on the overall well-being of customers and employees, as well as on business operations, the Company understands the importance of safeguarding health and safety and has taken various preventative actions. For instance, special technicians are employed for equipment maintenance and fire drills are held for tenants and employees on a regular basis.

#### Ensuring Customer Health and Safety in Property Management Services

In our managed properties, we have implemented strict measures to ensure the health and safety of our customers and staff. For example, in CCB Tower, disinfection machines have been placed in the common areas for added protection against germs and viruses. We maintain air quality with purifiers installed in all bathrooms within Cheung Sha Wan Plaza.

Further examples from our properties in Mainland China include air-conditioning water quality testing, regular cleaning of grease ducts, and domestic water tank cleaning and water quality testing in Guangzhou, and daily inspections for fire safety, regular inspection of safety hazards, noise source inspection, and engagement of qualified units to ensure the safety of equipment operation warning in Zhongshan. We also conduct regular fire drills or training for tenants and staff.

#### Ensuring Customer Health and Safety in Hotel Operations

Our staff are trained in procedures for handling theft or violence incidents and hazardous materials. For example, at Hyatt Regency Hengqin, we have passed the annual system certification audit of ISO 22000:2018 required by the Hyatt Group and undergone professional inspection by the authoritative organisation – Intertek. As part of the Marriot International corporate standard, Hong Kong Ocean Park Marriott Hotel requires employees to undergo various training, including new employee induction, fire safety, first aid, food safety, and emergency plan training, to ensure that we provide a safe environment for our guests.

#### Safety and Hygiene in Food and Beverage Services and Cinema Operations

Food safety is crucial to our food and beverage and cinema operations. To maintain a high standard of food hygiene, the management staff is appointed as hygiene supervisors in accordance with the Hygiene Manager and Hygiene Supervisor Scheme by the Food and Environmental Hygiene Department. The Group conducts frequent internal audits to monitor the quality of the food being served to customers while providing staff with checklists on proper food handling procedures. The Group primarily purchases food from authorised suppliers to enhance source traceability and control. The Group will keep informed on the latest government regulations and announcements, including the Notice of the Centre for Food Safety, and will act swiftly to address relevant issues.

The Group did not have any non-compliance incidents related to food safety and hygiene during the reporting year.

#### **OPERATING PRACTICES** (CONTINUED)

#### **Data Protection and Privacy**

The Group endeavours to build a trusting relationship with its customers by protecting their privacy. When handling personal and confidential data, the Group fully abides by Chapter 486 Personal Data (Privacy) Ordinance in Hong Kong and Cybersecurity Law of the People's Republic of China ("**PRC**") strictly. Personal and confidential data will be handled with caution, and the Group only collects personal data from its employees, suppliers or customers when necessary. Data providers are well informed to sign a Personal Information Collection Statement before their personal information is about to be collected. The practice is also made known to our business partners and clients to avoid confusion. During the reporting year, there were no recorded incidents of non-compliance with data privacy.

#### **Property Business**

The Group has established policies and procedures to protect customer data, including the existing Group Information Technology Operation Manual and the Lai Fung Holdings (Guangzhou) Information Management System Policy. In the reporting year, we have introduced the IT Security Policy (2022 Edition) and the Hengqin Information System/IT Management System. Moreover, the Group has implemented a set of written procedures to provide guidance for property sales and management on personal data collection and handling. All information collected is stored in an absolutely confidential manner and only for sales purposes. Data obtained during the sales process, including Personal Data Collection Statement, all personal data and sales records, are stored in the internal system of the Group which only management level employees are allowed to access, and other staff must gain permission from the management before accessing the system to browse their own customer information. Terms regarding personal data privacy of employees, and information protection awareness for employees engaging with operations data and technology, are outlined in our staff handbook.

#### Food and Beverage Operations

The Group's food and beverage operations follow the Information Protection & Cyber Security Policy and the Information Protection Awareness Guide, and comply with the Payment Card Industry Data Security Standard.

#### Hotel and Cinema Operations

While the Group provides individualised and superior services to customers, information security maintains as the top priority. Various data handling procedures and policies are in place to standardise the data collection procedures in our hotel operations, including the Information Protection & Cyber Security Policy, the Information Protection Awareness Guide and compliance with the Payment Card Industry Data Security Standard. In addition, the Group provides training sessions regarding the above-mentioned content to its employees to ensure they are aware of the guidelines.

#### Data Protection and Privacy (continued)

#### Hotel and Cinema Operations (continued)

In our cinema operations, the customers' personal data, including their names, birth dates, emails and telephone numbers, are solely collected for necessary use to manage customer memberships. Customers' acknowledgement of the Personal Information Collection Statement and Privacy Policy Statement is required prior to their enrolment in the loyalty programme. The Statements outline appropriate steps and procedures for data collection and disposal for all relevant staff. No marketing materials will be sent to unsubscribed individuals without permission.

For our online ticketing system, to ensure that only authorised personnel have access to the database, access rights are strictly monitored and reviewed regularly. All data in the online ticketing system is stored in the head office's database to minimise access points. The Group only collects minimal personal information of customers for potential refunds and ticket redemption. After the service is completed, all personally identifiable information will be destroyed in a safe manner immediately.

#### Supply Chain Management

To ensure the quality of our products and services, the Group adheres to the principles of being transparent and fair in our tendering process as well as supply chain operation and management. We do so by working closely with all business partners and selecting suppliers with many attributes taken into account, such as their quality, strength and experience.

#### ESG Considerations in Selecting Construction Contractors

The Group has established a comprehensive tendering procedure that specifies the required quotation for construction projects in different scales. Contractors are required to comply with the Group's standards and requirements in local regulations. In terms of the environmental and safety performance, the Group has included selection criteria in the tendering process that evaluates whether the contractor's environmental and safety practices meet our standards. To guarantee that the relevant procedures are effectively carried out, all selected contractors are required to submit an Environmental Management Plan and a Safety Management Plan to the Group. Relevant parties working at our Shanghai construction sites must also sign a subcontractor construction safety agreement. Moreover, to ensure new suppliers comply with our environmental protection requirements, they must sign a confirmation to acknowledge such requirements.

#### Supply Chain Management (continued)

#### ESG Considerations in Selecting Construction Contractors (continued)

The environmental and safety management plan and the environmental impact assessment have outlined the mitigation measures that the contractors must follow to minimise the negative effects of pollution and waste on the surrounding environment. Moreover, regular site visits are conducted by the management team. During the visits, the quality of the project and the environment, health and safety conditions were discussed with the building services inspectors, project supervisors, resident site engineers, and other members of the site management team as well as authorised third-party consultants.

#### Selecting Sustainable Suppliers for Hotels

The Group has established a standardised procurement procedure for supplier selection for hotels in Mainland China. For example, at Ascott Huaihai Road Shanghai, suppliers must meet the requirements for waste management, material usage, and safety equipment as mentioned in the hotel's Sustainable Building Guideline and Occupational Health and Safety Plan. For Hong Kong Ocean Park Marriot Hotel, briefings, interviews, and other procedures are performed before tendering and bidding. The verification of all tendering papers and the suppliers' acknowledgement of our Code of Conduct must be received before bidding to guarantee that suppliers agree to our compliance requirements.

#### Responsible Food Sourcing in Food and Beverage Services

To fulfil the growing demand for healthy and sustainable food among the customers, the Group carefully selects responsible sources of food for our restaurants with regular inspections. For instance, the restaurants in Hong Kong Ocean Park Marriott Hotel collaborated with WWF to introduce a wide range of sustainable seafood options on the menu, with reference to their Seafood Guide. It helps to promote responsible consumption choices and sustainable procurement to the public. To extend our influence for a more sustainable supply chain, the Hyatt Food Safety Management System is adopted in the hotel in Hengqin, which includes procurement control procedures, identification and traceability control procedures and food fraud prevention and elimination procedures in selecting new suppliers.

Furthermore, priority will be given to suppliers who provide ASC, MSC or organic-certified food with ISO or HACCP certification to ensure responsible food sourcing. Healthiness, organic and fair trade are also taken into consideration when purchasing concession stand products for our cinema operations. Site visits with our existing suppliers are also conducted regularly to monitor their environmental and social compliances and initiatives.

#### **OPERATING PRACTICES** (CONTINUED)

#### Integrity and Discipline

Being committed to upholding absolute integrity, fairness and discipline in the business, the Group expects its employees to strictly follow all rules and procedures in line with applicable laws and regulations. No fraud or corruption should, in any case, be tolerated regardless of the business segment, and we strive to prevent it at all costs.

Our staff handbook explicitly states the definition of "advantages" and outlines the procedures for employees to follow, preventing any bribery, corruption, and conflicts of interests from happening. Our Anti-Fraud and Anti-Corruption Policy ensures that the Group operates in a high standard of integrity, openness and discipline. We also expect employees to declare or make known to the management when handling presents and gifts as the action could be deemed suspicious and unethical. If any misconduct is discovered, the person responsible will be subject to termination or legal consequences. Regular anti-fraud and anti-corruption trainings are provided to all employees including directors.

The Group has set up designated training across our businesses. We held anti-corruption training across our Mainland China property operations. All new employees receive anti-corruption training which is included within their induction. Beyond internal training, we cooperated with the government to foster anti-corruption practices and integrity through promotional material, including posters and educational films displayed on project bulletin boards and screens. We also arranged lectures on the Communist Party Anti-Corruption Law of the People's Republic of China for our staff.

Within our Hong Kong Properties, on top of the Ethics at Work training conducted by Independent Commission Against Corruption ("**ICAC**"), employees received training on the business ethics and conflicts of interest in 2022. We also invited ICAC's representative to provide both "Prevention of Bribery Ordinance" and integrity compliance training during the reporting year.

The Group also has a Whistleblowing Policy as a monitoring and control system to allow employees and relevant third parties such as customers, suppliers, creditors and debtors to report any concerns. The Policy sets out how reports of inappropriate acts can be made and how they are reviewed and investigated. The Group will handle all whistleblowing reports with care and treat the whistleblower's concerns fairly and properly. During the reporting year, there were no non-compliance cases in relation to bribery, extortion, fraud and money laundering in Hong Kong and Mainland China. There were also no legal cases regarding corrupt practices brought against the Group or its employees during the reporting year.

#### **OPERATING PRACTICES** (CONTINUED)

#### **Intellectual Property Rights**

To preserve all intellectual property rights, the Group has implemented appropriate security safeguards and confidentiality agreements. All agreements on collaboration with third parties in all business segments and within the Group are reviewed by the Group's legal team to avoid infringements and breaches.

#### **Respecting Creations in our Entertainment Business**

The Group recognises that intellectual property is essential to entertainment business development. The Group is committed to ensuring compliance with all relevant intellectual property laws and regulations, including but not limited to Chapter 559 Trade Marks Ordinance, Chapter 528 Copyright Ordinance and Chapter 544 Prevention of Copyright Piracy Ordinance. Before using or referencing any other creative works, the Group will ensure that the producers and their teams of films, television programmes and music productions are acquainted with, and have clarified, the rights. In any case of violation of relevant regulations and infringement, actions will be taken immediately to clear the rights or deal with related matters. During the reporting year, there were no non-compliance cases with the aforementioned laws and regulations.

#### COMMUNITY

As a responsible corporate, the Group recognises the significance of community engagement and its impact on sustainable development. We remain committed to fulfilling our corporate social responsibilities by giving back to the communities in where we operate. We focus on supporting charitable organisations and the underprivileged through donations and voluntary activities. We aim to create long-term impact and devote majority of our resources towards employment and youth education, with particular emphasis on aiding households and people with disabilities.

In Mainland China, the Group has organised a variety of charity events to show our love and care to the society. During the reporting year, the Group jointly held the "Warmth for Anti-epidemic" event with JPG Coffee Shop to distribute free coffee to medical staff and citizens at the Guangzhou Lai Fung Tower. Meanwhile, the Group also proactively participated in fundraising events. We donated RMB500,000 to the Guizhou Charity Federation and fundraised RMB20,000 during the charity walk in Zhongshan.

In Hong Kong, the Group collaborated with different organisations and encouraged our staff to participate in volunteering events. For example, our staff volunteers participated in elderly visits organised by the Hong Kong Young Women's Christian Association in Mid-Autumn Festival. Also, we continued the Serve360 Sustainability Program to deliver aid and support to the needy, and joined the volunteer event organised by Food Angel to serve the community.

Our involvement in these activities demonstrates our commitment to giving back to the community and creating a positive impact on society.

Water consumption is managed by the central property management of the office building, and thus consumption values are not available for this report. Note 5:

COVID-19 outbreak led to a lower-than-usual environmental footprint during the year ended 31 July 2022. Note 6:

Note 7: Closure of cinemas due to COVID-19 outbreak in 2022.

Note 8: Data is restated to reflect actual situation.

Natural gas is calculated with reference to "Emission Factors for Greenhouse Gas Inventories" by US EPA. Note 9:

The Company is committed to achieving and maintaining high standards of corporate governance and has established policies and procedures in compliance with the principles and code provisions set out from time to time in the Corporate Governance Code ("**CG Code**") contained in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("**Listing Rules**" and "**Stock Exchange**", respectively).

# (1) CORPORATE GOVERNANCE PRACTICES

The Company has complied with all the code provisions set out in the CG Code during the year ended 31 July 2023 ("**Year**") save for the deviation from code provision F.2.2.

Under code provision F.2.2, the chairman of the board should attend the annual general meeting.

Due to other pre-arranged business commitments which must be attended to by Dr. Lam Kin Ngok, Peter, the Chairman, he was not present at the annual general meeting of the Company ("**AGM**") held on 16 December 2022. However, Mr. Chew Fook Aun, then the Deputy Chairman was present at that AGM and took the chair of that AGM pursuant to Article 71 of the Articles of Association of the Company ("**Articles of Association**") to ensure an effective communication with the shareholders of the Company ("**Shareholders**") thereat.

# (2) CORPORATE CULTURE AND STRATEGY

The Company acts as an investment holding company and the principal activities of its subsidiaries (together with the Company, "**Group**") include property investment, property development, investment in and operation of hotels and restaurants, production and distribution of films and TV programs, music production and publishing, management and production of concerts, artiste management, cinema operation, cultural, leisure, entertainment and related facilities and investment holding. As a group with diversified businesses, by recognising the importance of stakeholders at the Board level and throughout the Group, we strive to provide high quality and reliable products and services, and to create values to the stakeholders through sustainable growth and continuous development.

### (2) CORPORATE CULTURE AND STRATEGY (CONTINUED)

The board of directors of the Company ("**Board**" and "**Directors**", respectively) has set out the following values to provide guidance on employees' conduct and behaviours as well as the business activities, and to ensure they are embedded throughout the Company's vision, mission, policies and business strategies:

- (i) Integrity we strive to do what is right;
- (ii) Excellence we aim to deliver excellence;
- (iii) Collaboration we are always better together;
- (iv) Accountability we are accountable for delivering on our commitments;
- (v) Empathy we are about our stakeholders employees, customers, supply chain and the community; and
- (vi) Sustainability we are committed to a sustainable future.

The Group will continuously review and adjust, if necessary, its business strategies and keep track of the changing market conditions to ensure prompt and proactive measures will be taken to respond to the changes and meet the market needs to foster the sustainability of the Group.

### (3) BOARD OF DIRECTORS

### (3.1) Responsibilities and delegation

The Board oversees the overall management of the Company's business and affairs. The Board's primary duty is to ensure the viability of the Company and to ascertain that it is managed in the best interests of its Shareholders as a whole while taking into account the interests of other stakeholders.

The Board has established specific committees with written terms of reference to assist it in the efficient implementation of its functions, namely the Executive Committee, the Audit Committee, the Nomination Committee and the Remuneration Committee. Specific responsibilities have been delegated to the above committees.

The Board has delegated the day-to-day management of the Company's business to the management and the Executive Committee, and focuses its attention on matters affecting the Company's long-term objectives and plans for achieving these objectives, the overall business and commercial strategy of the Group as well as overall policies and guidelines. The Board has also delegated the environmental, social and governance ("**ESG**") management to the Executive Committee.

All Directors have been provided, on a monthly basis, with the Group's management information updates, giving a balanced and understandable assessment of the Group's performance, position, recent developments and prospects in sufficient detail to keep them abreast of the Group's affairs and facilitate them to discharge their duties under the relevant requirements of the Listing Rules. All Directors are entitled to retain independent professional advisors where necessary.

## (3) BOARD OF DIRECTORS (CONTINUED)

#### (3.2) Composition of the Board

The Board currently comprises ten members, of whom five are executive Directors ("**EDs**"), one is non-executive Director ("**NED**") and the remaining four are independent non-executive Directors ("**INEDs**"), with the minimum number of INEDs required under Rule 3.10(1) of the Listing Rules. The Company has also complied with Rule 3.10A with INEDs representing at least one-third of the Board. The Directors who served the Board during the Year and up to the date of this Annual Report are named as follows:

#### **Executive Directors**

Lam Kin Ngok, Peter, GBM, GBS *(Chairman)* Lau Shu Yan, Julius *(Chief Executive Officer)* Lam Hau Yin, Lester *(also alternate director to U Po Chu)* Lee Tze Yan, Ernest Cheung Sum, Sam (appointed on 1 August 2023)

#### Non-executive Directors

U Po Chu

The brief biographical particulars of the Directors are set out in the section headed "Biographical Details of Directors" of this Annual Report on pages 133 to 140.

Dr. Lam Kin Ngok, Peter, Chairman of the Board and an ED, is the son of Madam U Po Chu, a NED and the father of Mr. Lam Hau Yin, Lester, an ED.

Save as disclosed above and in the "Biographical Details of Directors" section of this Annual Report, none of the Directors has any financial, business, family or other material/relevant relationships with one another.

### (3) BOARD OF DIRECTORS (CONTINUED)

### (3.3) Board Independence

The Group has established mechanisms to ensure independent views and input are available to the Board and such mechanisms will be reviewed annually by the Board. On 20 October 2023, the Board has reviewed the implementation and effectiveness of the following mechanisms at the Board meeting:

- (a) Four out of the ten Directors are INEDs which complies with the requirement of the Listing Rules that at least one-third of the Board are independent non-executive directors.
- (b) The Nomination Committee will assess the independence of a candidate who is nominated to be a new INED before appointment and the continued independence of the current long-serving INEDs on an annual basis. All INEDs are required to submit a written confirmation to the Company annually to confirm the independence of each of them and their immediate family members, and their compliance with the requirements as set out in the Rule 3.13 of the Listing Rules.
- (c) All Directors are entitled to retain independent professional advisors as and when it is required.
- (d) All Directors are encouraged to express their views in an open and candid manner during the Board/Committee meetings.
- (e) The Chairman of the Board will meet with the INEDs at least annually without the presence of the EDs.
- (f) A Director (including INED) who has material interest in any contract, transaction or arrangement shall abstain from voting and not be counted in the quorum on any Board resolution approving the same.
- (g) No equity-based remuneration with performance-related elements will be granted to INEDs.

| Luk Hon Man <sup>(3)</sup>                                | N/A   |

#### Notes:

- (1) Mr. Cheung Sum, Sam was appointed an ED on 1 August 2023.
- (2) Mr. Chew Fook Aun was re-designated from an ED to NED on 2 June 2023 and resigned as Deputy Chairman and NED on 1 October 2023.
- (3) Mr. Luk Hon Man was appointed an INED on 1 August 2023.

#### (3.5) NEDs

None of the existing NEDs (including INEDs) is appointed for a specific term.

#### (3.6) INEDs

The Company has complied with the requirements under Rules 3.10(1) and 3.10(2) of the Listing Rules which require that every board of directors of a listed issuer must include at least three INEDs and at least one of the INEDs must have appropriate professional qualifications or accounting or related financial management expertise. The Company has received from each of the INEDs an annual confirmation in writing of his independence for the Year and all INEDs meet the guidelines for assessment of their independence as set out in Rule 3.13 of the Listing Rules. Both the Nomination Committee and the Board have assessed the independence of all INEDs and are of the view that all of them are independent.

#### (3) BOARD OF DIRECTORS (CONTINUED)

#### (3.6) INEDs (continued)

Mr. Lam Bing Kwan ("**Mr. Lam**") and Mr. Leung Shu Yin, William ("**Mr. Leung**") will retire at the forthcoming AGM and, being eligible, they offer themselves for re-election. Mr. Lam was appointed an INED in July 2002 and Mr. Leung was appointed an INED in September 2004 and have served on the Board for more than 9 years. The Board has received from Mr. Lam and Mr. Leung written annual confirmation of their independence every year and taking into account the various factors as set out in Rule 3.13 of the Listing Rules. The Board concurs with the Nomination Committee and believes that Mr. Lam and Mr. Leung have developed an in-depth understanding of the Company's operations and business, and have expressed objective views and given independent guidance to the Company over the years. There is no empirical evidence that the long service of Mr. Lam and Mr. Leung would impair their independent judgement. The Board is satisfied that Mr. Lam and Mr. Leung will continue to have the required character and experience to fulfill the role of an INED and considers that the re-election of Mr. Lam and Mr. Leung as an INED at the forthcoming AGM are in the best interest of the Company and its Shareholders as a whole.

Pursuant to code provision B.2.3 of the CG Code, their re-election will be subject to a separate resolution to be approved by the shareholders at 2023 AGM. Details of the above retiring INEDs and the reason why the Nomination Committee and the Board considered them to be independent and recommended to be re-elected at 2023 AGM will be set out in the Company's circular dated 17 November 2023.

Another existing INED, namely Mr. Ip Shu Kwan, Stephen was appointed in December 2009. As all INEDs during the Year have served more than nine years on the Board, the Company has appointed Mr. Luk Hon Man as an additional INED on 1 August 2023 in compliance with code provision B.2.4(b) of the CG Code.

Mr. Luk Hon Man will retire as Director at the forthcoming AGM and, being eligible, offer himself for election. The Board has received a written annual confirmation of independence from Mr. Luk and taking into account the various matters as set out in Rule 3.13 of the Listing Rules. Both the Nomination Committee and the Board are satisfied that Mr. Luk has the required character and experience to fulfill the role of an INED and consider that the election of Mr. Luk as an INED at the forthcoming AGM is in the best interest of the Company and its Shareholders as a whole.

Further, up to the date of this Annual Report, the Board has not been aware of the occurrence of any events which would cause it to believe that the independence of any INED has been impaired.

#### (3.7) Directors' and Officers' Liabilities Insurance

The Company has arranged appropriate directors' and officers' liabilities insurance coverage for the Directors and officers of the Company.

# (4) DIRECTORS' INDUCTION AND CONTINUOUS PROFESSIONAL DEVELOPMENT

On appointment to the Board, each Director receives a comprehensive induction package covering business operations, policy and procedures of the Company as well as the general, statutory and regulatory obligations of being a Director to ensure that he/she is sufficiently aware of his/her responsibilities under the Listing Rules and other relevant regulatory requirements.

The Directors are regularly briefed on the amendments to or updates on the relevant laws, rules and regulations. In addition, the Company has been encouraging the Directors and senior executives to enroll in a wide range of professional development courses and seminars/webinars relating to the Listing Rules, companies ordinance/act and corporate governance practices organised by professional bodies, independent auditor and/or law firms in Hong Kong so that they can continuously update and further improve their relevant knowledge and skills.

From time to time, Directors are provided with written training materials to develop and refresh their professional skills; the Group's legal and company secretarial departments also organise and arrange seminars/webinars on the latest development of applicable laws, rules and regulations for the Directors to assist them in discharging their duties.

According to the records maintained by the Company, the current Directors received the following training with an emphasis on the roles, functions and duties of a director of a listed company in compliance with the requirement of the CG Code on continuous professional development during the Year:

#### Notes:

(1) Mr. Cheung Sum, Sam was appointed an ED on 1 August 2023.

(2) Mr. Chew Fook Aun was re-designated from an ED to NED on 2 June 2023 and resigned as Deputy Chairman and NED on 1 October 2023.

(3) Mr. Luk Hon Man was appointed an INED on 1 August 2023.

## (5) BOARD COMMITTEES

The Executive Committee comprising members appointed by the Board amongst the EDs was established on 18 November 2005 with written terms of reference to assist the Board in monitoring the ongoing management of the Company's business and in implementing the Company's objectives in accordance with the strategy and policies approved by the Board. The Executive Committee is also responsible for overseeing the Company's ESG matters. The Board has also delegated its authority to the following Committees to assist it in the implementation of its functions:

#### (5.1) Audit Committee

The Board established an Audit Committee on 31 March 2000 which currently comprises three INEDs, namely Mr. Leung Shu Yin, William (Chairman), Mr. Lam Bing Kwan, and Mr. Ip Shu Kwan, Stephen up to the date of this Annual Report.

The Company has complied with Rule 3.21 of the Listing Rules, which requires that at least one of the members of the Audit Committee (which must comprise a minimum of three members and must be chaired by an INED) is an INED who possesses appropriate professional qualifications or accounting or related financial management expertise.

(a) Duties of the Audit Committee (including corporate governance functions)

The Audit Committee is principally responsible for the monitoring of the integrity of periodical financial statements of the Company, the review of significant financial reporting judgments contained in them before submission to the Board for approval, and the review and monitoring of the auditor's independence and objectivity as well as the effectiveness of the audit process. The Audit Committee is also responsible for performing the corporate governance functions and to oversight the Company's risk management and internal control systems and arrangements under the Company's Whistleblowing Policy.

While recognising corporate governance is the collective responsibility of all of its members, the Board has delegated the corporate governance functions to the members of the Audit Committee who are considered to be better positioned to provide an objective and independent guidance on governance-related matters.

On 29 March 2012, the Board formalised the governance-related policies and procedures, established on the foundations of accountability, transparency, fairness and integrity and adopted by the Group for years, into a set of corporate governance policy ("**CG Policy**"). The terms of reference of the Audit Committee were revised in line with the CG Policy and had incorporated the new corporate governance-related functions which include the responsibilities to develop, review, monitor, and make recommendations to the Board (as appropriate) in respect of the Company's policies and practices of corporate governance (including the compliance with the CG Code and the relevant disclosures in the Company's interim and annual reports), the practices in compliance with legal and regulatory requirements, and the training and continuous professional development of the Directors and senior management.

The terms of reference setting out the Audit Committee's authority, duties and responsibilities are available on the respective websites of Hong Kong Exchanges and Clearing Limited ("**HKEX**") at www.hkexnews.hk and the Company.

### (5) BOARD COMMITTEES (CONTINUED)

#### (5.1) Audit Committee (continued)

(a) Duties of the Audit Committee (including corporate governance functions) (continued)

During the Year, an independent external risk advisory firm ("**Independent Advisor**") had been retained to conduct internal control reviews of the Group. The relevant reports from the Independent Advisor were presented to and reviewed by the Audit Committee and the Board.

Apart from performing the corporate governance functions, the Audit Committee is principally responsible for the monitoring of the integrity of periodical financial statements of the Company, the review of significant financial reporting judgments contained in them before submission to the Board for approval, and the review and monitoring of the auditor's independence and objectivity as well as the effectiveness of the audit process.

The Audit Committee is also responsible to oversight the Company's internal control and risk management systems as assisted by the Independent Advisor.

#### (b) Work performed by the Audit Committee

The Audit Committee held three meetings during the Year. It has reviewed the audited results of the Company for the year ended 31 July 2022, the unaudited interim results of the Company for the six months ended 31 January 2023 and other matters related to the financial and accounting policies and practices of the Company as well as the nature and scope of the audit for the Year. It has also reviewed the Company's compliance with the CG Code and disclosure in this Corporate Governance Report. Further, it has reviewed audit fees payable to the independent auditor of the Company ("**Independent Auditor**"), the budget for the ensuing year and internal control review reports and put forward relevant recommendations to the Board for approval. During the Year, the Audit Committee has also reviewed and recommended the Board to adopt revised Whistleblowing Policy and accept pre-concurrence for provision of non-assurance services ("**NAS**") provided by the Independent Auditor and a threshold for each individual NAS was set. In addition, the Audit Committee held private session with the Independent Auditor separately without the presence of management.

On 19 October 2023, the Audit Committee reviewed the draft audited consolidated financial statements of the Company as well as the accounting principles and policies for the Year with the Company's management in the presence of the representatives of the Independent Auditor. It also reviewed this Corporate Governance Report, the internal control review reports on the Company and risk management report prepared by the Independent Advisor. In addition, the Audit Committee has assessed the effectiveness of the Group's systems of risk management and internal control. Further, it has reviewed and approved the proposal for internal audit services for the three financial years ending 31 July 2026.

| Ip Shu Kwan, Stephen, GBS, JP       | 3/3   |  |

### (5.2) Nomination Committee

The Board established a Nomination Committee on 25 January 2022 which currently comprises the Chairman, namely Dr. Lam Kin Ngok, Peter and two INEDs, namely Mr. Leung Shu Yin, William and Mr. Lam Bing Kwan. Mr. Chew Fook Aun ceased to act as and Mr. Lau Shu Yan, Julius was appointed an alternate to Dr. Lam Kin Ngok, Peter on 2 June 2023.

The Company has complied with Rule 3.27A of the Listing Rules, which requires that a Nomination Committee chaired by the chairman of the board of directors or an independent non-executive director and comprises a majority of independent non-executive directors must be established.

The terms of reference setting out the Nomination Committee's authority, duties and responsibilities are available on the respective websites of HKEX and the Company.

### (5) BOARD COMMITTEES (CONTINUED)

#### (5.2) Nomination Committee (continued)

#### (a) Duties of the Nomination Committee

The Nomination Committee is responsible for reviewing the structure, size and composition (including the skills, knowledge and experience) of the Board at least once annually and make recommendation on any proposed changes to the Board to complement the corporate strategy of the Company and promote shareholder value. It is in charged of identifying suitable director candidates and selecting or making recommendations to the Board on the selection of individuals to be nominated for directorships. It also assesses the independence of INEDs and make recommendations to the Board on the appointment or re-appointment of Directors and succession planning for Directors.

The Company has adopted the Nomination Policy and Board Diversity Policy, and the Nomination Committee is responsible for reviewing these policies periodically to ensure their effectiveness and making recommendations on any proposed revisions to the Board:

#### *(i) Nomination Policy for the Directors*

The Company has adopted the Nomination Policy in January 2019 which was revised by the Board on 25 January 2022, which sets out the criteria, process and procedures by which the Nomination Committee and the Company will select candidate for possible inclusion in the Board. The Nomination Policy contains a number of factors in assessing the suitability of a proposed candidate which include the candidate's skills and experience, diversity perspectives set out in the Board Diversity Policy, the candidate's time and commitment and integrity, and the independence criteria under Rule 3.13 of the Listing Rules if the candidate is proposed to be appointed as an INED. Nomination of new Directors will normally be proposed by the Chairman/ the Nomination Committee subject to the Board's approval. Shareholders may also nominate a person to stand for election as a Director at a general meeting in accordance with the Articles of Association and applicable laws and regulations. The procedures for such proposal are posted on the website of the Company. During the Year, the Nomination Committee and Board as a whole regularly reviewed the structure, size and composition of the Board to ensure that it has a balance of expertise, skills and experience appropriate for the requirements of the business as the Company. The independence of the INEDs was assessed according to the relevant rules and requirements under the Listing Rules. The Nomination Committee will review the Nomination Policy, as appropriate, to ensure its continued effectiveness.

The Nomination Policy was reviewed by the Nomination Committee on 19 October 2023 and the Board on 20 October 2023.

### (5) BOARD COMMITTEES (CONTINUED)

#### (5.2) Nomination Committee (continued)

#### (a) Duties of the Nomination Committee (continued)

(ii) Board Diversity Policy

A Board Diversity Policy was adopted by the Company in July 2013 and has been revised on 25 March 2022. It sets out the approach to achieve and maintain diversity on the Board in order to enhance the effectiveness of the Board.

The Company recognises Board diversity will strengthen the Company's strategic objectives in driving business results; enhancing good corporate governance and reputation, and attracting and retaining talent for the Board.

Board diversity ensures the Board has the appropriate balance and level of skills, experience and perspective required to support the execution of the Company's business strategies. The Company seeks to achieve Board diversity through the consideration of a number of factors, including professional qualifications and experience, cultural and educational background, race and ethnicity, gender, age and length of service. The Company will also take into consideration factors based on its own business model and specific needs from time to time in determining the optimum composition of the Board.

On recommendation from the Nomination Committee, the Board will set measurable objectives (in terms of gender, skills and experience) to implement the Board Diversity Policy and review such objectives from time to time to ensure their appropriateness and ascertain the progress made towards achieving those objectives. The Nomination Committee will review the Board Diversity Policy annually to ensure its continued effectiveness and compliance with regulatory requirements and good corporate governance practice.

A copy of the Board Diversity Policy has been published on the Company's website for public information.

Currently, the Board comprises ten members, of whom five are EDs, one is NED and the remaining four are INEDs. The Company has one female Director achieving gender diversity at Board level. The current Board comprises individuals who are professionals with real estate, investment, textile and apparel industry, accounting, financial, general management, tourism and public services backgrounds.

The Board Diversity Policy was reviewed by the Nomination Committee on 19 October 2023 and the Board on 20 October 2023.

## (5) BOARD COMMITTEES (CONTINUED)

#### (5.2) Nomination Committee (continued)

#### (b) Work performed by the Nomination Committee

The Nomination Committee held three meetings during the Year. It has reviewed and approved the revised Board diversity Policy and the Nomination Policy, and considered that the said policies were appropriate and effective. It has also reviewed the structure, size and composition of the Board (including the skills, knowledge and experience). The Nomination Committee was of the view that the current composition of the Board was suitable to the operations of the Company and appropriate to the requirements of the Board Diversity Policy and therefore the current structure, size and composition of the Board should be maintained. In addition, the Nomination Committee reviewed and recommended to the Board on the redesignation of Mr. Chew Fook Aun from ED to NED, the appointment of Mr. Cheung Sum, Sam as ED and Mr. Luk Hon Man as INED.

On 19 October 2023, the Nomination Committee reviewed the Nomination Policy and the Board Diversity Policy, and considered that the said policies were appropriate and effective. Further, it reviewed biographies of the Directors, assessed the continued independence of each INED and recommended Mr. Lau Shu Yan, Julius, Mr. Cheung Sum, Sam, Mr. Lam Bing Kwan, Mr. Leung Shu Yin, William and Mr. Luk Hon Man ("**Retiring Directors**") to the Board for considering their election/re-election at the forthcoming AGM based on the Nomination Policy and the Board Diversity Policy. The Nomination Committee believed that the Retiring Directors will continue to contribute to the Board with their skills, experience and knowledge. It also considered the long service of all INEDs will not affect their exercise of independent judgement and they will remain committed to their role as an independent non-executive director of the Company.

#### (c) Attendance at the Nomination Committee meetings

The attendance record of the committee members at these meetings held during the Year is set out below:

(1) Mr. Lau Shu Yan, Julius was appointed alternate to Dr. Lam Kin Ngok, Peter on 2 June 2023.

(2) Mr. Chew Fook Aun ceased to act as alternate to Dr. Lam Kin Ngok, Peter on 2 June 2023.

### (5) BOARD COMMITTEES (CONTINUED)

#### (5.3) Remuneration Committee

The Board established on 18 November 2005 a Remuneration Committee which currently comprises two INEDs, namely Mr. Leung Shu Yin, William (Chairman) and Mr. Lam Bing Kwan and an ED, Mr. Lau Shu Yan, Julius. Mr. Chew Fook Aun ceased to be a member of the Remuneration Committee on 2 June 2023.

The Remuneration Committee has adopted the operation model where it performs an advisory role to the Board, with the Board retaining the final authority to approve the remuneration packages of the Directors and senior management.

(a) Duties of the Remuneration Committee

The Remuneration Committee has been charged with the responsibility of making recommendations to the Board, in consultation with the Chairman of the Board and/ or the Chief Executive Officer, on an appropriate policy and framework for all aspects of remuneration of all Directors and senior management, including but not limited to Directors' fees, salaries, allowances, bonuses, share options, benefits in kind and pension rights, to ensure that the level of remuneration offered by the Company is competitive and sufficient to attract, retain and motivate personnel of the required quality to manage the Company successfully.

On 17 January 2023, the Board adopted the revised terms of reference of the Remuneration Committee, which have included the rules amendments relating to share option schemes and share award schemes in line with new requirements under Chapter 17 of the Listing Rules which come into effect on 1 January 2023.

The terms of reference of the Remuneration Committee setting out its authority, duties and responsibilities are available on the respective website of HKEX and the Company.

(b) Work performed by the Remuneration Committee

The Remuneration Committee held three meetings during the Year to discuss remuneration-related matters (including the new share option scheme adopted by the Company on 16 December 2022), the payment of discretionary bonus to EDs and review the remuneration packages of EDs as well as the redesignation of Mr. Chew Fook Aun from ED to NED and the appointment of new ED and INED. It also reviewed the Terms of Reference of Remuneration Committee. No Director was involved in deciding his own remuneration at the meeting of the Remuneration Committee.

- (1) Mr. Lau Shu Yan, Julius was appointed a member of the Remuneration Committee on 2 June 2023.
- (2) Mr. Chew Fook Aun ceased to be a member of the Remuneration Committee on 2 June 2023.

### (6) CHAIRMAN AND CHIEF EXECUTIVE

The CG Code provides that the roles of the chairman and the chief executive should be separated and performed by different individuals.

During the Year and up to the date of this Annual Report, Dr. Lam Kin Ngok, Peter is the Chairman and Mr. Lau Shu Yan, Julius is the Chief Executive Officer of the Company. Mr. Chew Fook Aun was the Deputy Chairman of the Company until 1 October 2023.

The established division of responsibilities between the roles of the Chairman and Chief Executive Officer was put into written form and formally adopted by the Board.

# (7) **DIVIDEND POLICY**

The Company has adopted the dividend policy ("**Dividend Policy**") on 25 January 2019 which sets out the principles and guidelines for the Board to determine (i) whether dividends are to be declared and paid, and (ii) the level of dividend to be paid to the Shareholders.

The Company aims to allow the Shareholders to participate in the Company's profits whilst retaining adequate cash reserves for maintaining its working capital requirement and future growth as well as its share value.

The Board has the sole discretion to declare and distribute dividends to the Shareholders, subject to all applicable requirements (including without limitation restrictions on dividend declaration and payment) under the Companies Ordinance (Cap. 622 of the Laws of Hong Kong) ("**Companies Ordinance**") and the Articles of Association.

The Board may propose the payment of dividends, if any, with respect to the Company's shares on a per share basis.

The Company determines/proposes the frequency, amount and form of any dividend in any financial year/period through the consideration of a number of factors. The Company does not have any pre-determined dividend ratio.

The Board will review the Dividend Policy as appropriate from time to time and reserves the right in its sole and absolute discretion to update, amend and/or modify the Dividend Policy at any time, and the Dividend Policy shall in no way constitute a legally binding commitment by the Company that dividends will be paid in any particular amount and/or in no way obligate the Company to declare a dividend at any time or from time to time.

## (8) Securities Transactions by Directors and Designated Employees

The Company has adopted a Code of Practice for Securities Transactions by Directors and Designated Employees ("**Securities Code**") on terms no less exacting than the required standard set out in the Model Code for Securities Transactions by Directors of Listed Issuers in Appendix 10 to the Listing Rules. The Company has made specific enquiry of all Directors and they have confirmed in writing their compliance with the required standard set out in the Securities Code during the Year.

## (9) Whistleblowing Policy

In compliance with code provision D.2.6 of the CG Code, the Board adopted a Whistleblowing Policy on 22 July 2022 and updated on 3 October 2023. It provides employees and the relevant third parties who deal with the Group (e.g. customers, suppliers, creditors and debtors) with guidance and reporting channels on reporting any suspected improprieties in any matters related to the Group directly addressed to the designated ED and the designated person as well as Head of Group Human Resources and Administration Department. An email account (whistleblowing@laisun.com) has been set up for this purpose. All reported matters will be investigated independently and, in the meantime, all information received from a whistleblower and its identity will be kept confidential.

The Board and the Audit Committee will regularly review the Whistleblowing Policy and mechanism to improve its effectiveness.

A copy of the Whistleblowing Policy has been published on the Company's website for public information.

## (10) ANTI-FRAUD AND ANTI-CORRUPTION POLICY

In compliance with code provision D.2.7 of the CG Code, the Board adopted the Anti-Fraud and Anti-Corruption Policy on 22 July 2022. It outlines guidelines and the minimum standards of conduct, all applicable laws and regulations in relation to the anti-corruption and anti-bribery, the responsibilities of employees to resist fraud, to help the Group defend against corrupt practices and to report any reasonably suspected case of fraud and corruption or any attempts thereof, to the management or through an appropriate reporting channel. The Group would not tolerate all forms of fraud and corruption among all employees and those acting in an agency or fiduciary capacity on behalf of the Group, and in its business dealing with third parties.

The Board and the Audit Committee will continue to review the Anti-fraud and Anti-Corruption Policy and mechanism periodically to improve its effectiveness and enforce the commitment of the Group to the prevention, deterrence, detection and investigation of all forms of fraud and corruption.

A copy of the Anti-Fraud and Anti-Corruption Policy has been published on the Company's website for public information.

# (12) DIRECTORS' RESPONSIBILITY FOR PREPARING FINANCIAL STATEMENTS

The Directors acknowledge that they are responsible for overseeing the preparation of the financial statements which give a true and fair view of the financial position of the Group and of the financial performance and cash flows for such reporting period. In doing so, the Directors select suitable accounting policies and apply them consistently and make accounting estimates that are appropriate in the circumstances. With the assistance of the accounting and finance staff, the Directors ensure that the financial statements of the Group are prepared in accordance with statutory requirements and appropriate financial reporting standards.

## (13) INDEPENDENT AUDITOR'S REPORTING RESPONSIBILITY

The statement by the Independent Auditor about their reporting and auditing responsibilities for the financial statements is set out in the "Independent Auditor's Report" contained in this Annual Report.

# (14) RISK MANAGEMENT AND INTERNAL CONTROL

The main features of the risk management and internal control systems are to provide a clear governance structure, policies and procedures, as well as reporting mechanism to facilitate the Group to manage it risks across business operations.

The Group has established a risk management framework, which consists of the Board of Directors, the Audit Committee and the Risk Management Taskforce. The Board of Directors determines the nature and extent of risks that shall be taken in achieving the Group's strategic objectives, and has the overall responsibility for monitoring the design, implementation and the overall effectiveness of risk management and internal control systems.

The Group has formulated and adopted Risk Management Policy in providing direction in identifying, evaluating and managing significant risks. At least on an annual basis, the Risk Management Taskforce identifies risks that would adversely affect the achievement of the Group's objectives, and assesses and prioritizes the identified risks according to a set of standard criteria. Risk mitigation plans and risk owners are then established for those risks considered to be significant.

In addition, the Group has engaged an independent professional advisor to assist the Board of Directors and the Audit Committee in ongoing monitoring of the risk management and internal control systems of the Group. Deficiencies in the design and implementation of internal controls are identified and recommendations are proposed for improvement. Significant internal control deficiencies are reported to the Audit Committee and the Board of Directors on a timely basis to ensure prompt remediation actions are taken.

## (14) RISK MANAGEMENT AND INTERNAL CONTROL (CONTINUED)

Risk management report and internal control review report are submitted to the Audit Committee and the Board of Directors at least once a year. The Board of Directors had performed annual review on the effectiveness of the Group's risk management and internal control systems, including but not limited to the Group's ability to cope with its business transformation and changing external environment; the scope and quality of management's review on risk management and internal control systems; result of internal audit work; the extent and frequency of communication with the Board of Directors in relation to result of risk and internal control review; significant failures or weaknesses identified and their related implications; and status of compliance with the Listing Rules. The Board of Directors considers the Group's risk management and internal control systems in place for the Year and up to the date of this Annual Report are effective and adequate.

The risk management and internal control systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

# Procedures and internal controls for the handling and dissemination of inside information

The Group complies with requirements of Securities & Futures Ordinance, Chapter 571 of the Laws of Hong Kong ("**SFO**") and the Listing Rules. The Group discloses inside information to the public as soon as reasonably practicable unless the information falls within any of the Safe Harbours as provided in the SFO. Before the information is fully disclosed to the public, the Group ensures the information is kept strictly confidential. If the Group believes that the necessary degree of confidentiality cannot be maintained or that confidentiality may have been breached, the Group would immediately disclose the information to the public. The Group is committed to ensure that information contained in announcements are not false or misleading as to a material fact, or false or misleading through the omission of a material fact in view of presenting information in a clear and balanced way, which requires equal disclosure of both positive and negative facts.

## (15) COMPANY SECRETARY

During the Year, the company secretary of the Company ("**Company Secretary**") has complied with the relevant training requirement under Rule 3.29 of the Listing Rules.

# (16) SHAREHOLDERS' RIGHTS

### (16.1) Procedures for Shareholders to convene a general meeting

Pursuant to the Articles of Association and the Companies Ordinance, registered Shareholders representing at least 5% of the total voting rights of all the members having a right to vote at general meetings of the Company ("**GM Requisitionists**") can deposit a written request to convene a general meeting ("**GM**") at the registered office of the Company ("**Registered Office**"), which is situated at the 11th Floor, Lai Sun Commercial Centre, 680 Cheung Sha Wan Road, Kowloon, Hong Kong for the attention of the Company Secretary.

The GM Requisitionists must state in their request(s) the general nature of the business to be dealt with at the GM and such request(s) must be authenticated by all the GM Requisitionists and may consist of several documents in like form.

The Company's share registrar ("**Share Registrar**") will verify the GM Requisitionists' particulars in the GM Requisitionists' request. Promptly after confirmation from the Share Registrar that the GM Requisitionists' request is in order, the Company Secretary will arrange with the Board to convene a GM by serving sufficient notice to all the registered Shareholders in accordance with all the relevant statutory and regulatory requirements. On the contrary, if the GM Requisitionists' request is verified not in order, the GM Requisitionists will be advised of the outcome and accordingly, a GM will not be convened as requested.

The GM Requisitionists, or any of them representing more than one-half of the total voting rights of all of them, may themselves convene a GM if within twenty-one (21) days of the deposit of the GM Requisitionists' request, the Board does not proceed duly to convene a GM for a day not more than twenty-eight (28) days after the date on which the notice convening the GM is given, provided that any GM so convened is held within three (3) months from the date of the original GM Requisitionists' request. Any reasonable expenses incurred by the GM Requisitionists by reason of the Board's failure to duly convene a GM shall be repaid to the GM Requisitionists by the Company.

# (16) SHAREHOLDERS' RIGHTS (CONTINUED)

### (16.2) Procedures for putting forward proposals at general meeting

Pursuant to Section 580 and 615 of the Companies Ordinance, either the Shareholders of the Company representing at least 2.5% of the total voting rights of all the Shareholders who have a right to vote on the resolution at the GM, or at least 50 registered Shareholders who have a right to vote on the resolution at the GM, may request the Company in writing to give to the Shareholders entitled to receive notice of the GM of any resolution which may properly be moved and is intended to be moved at that meeting; and to circulate statements regarding resolutions proposed at GM.

The requisition (i) must be sent to the Company in hard copy form at the Registered Office stated in paragraph (16.1) above or in electronic form by email at lscomsec@laisun.com; (ii) must identify the resolution of which notice is to be given; (iii) must be authenticated by the person or persons making it; and (iv) (a) in the case requisition for the circulation of resolutions to be moved at GM, the requisition must be received by the Company not later than 6 weeks before the GM or (b) in the case of requisition for the circulation of statements regarding resolutions proposed at the GM, such requisition must be received by the Company not later than 7 days before the GM, or if later, the time at which notice is given of that meeting.

### (16.3) Procedures for proposing a person for election as a director

As regards the procedures for proposing a person for election as a director, please refer to the procedures made available under the Corporate Governance section (Shareholders' Right sub-section) of the Company's website at www.laisun.com.

#### (16.4) Procedures for directing Shareholders' enquiries to the Board

Shareholders may at any time send their enquiries and concerns to the Board in writing through the Company Secretary whose contact details are as follows:

11/F., Lai Sun Commercial Centre 680 Cheung Sha Wan Road Kowloon, Hong Kong

Fax: (852) 2743 8459 Email: lscomsec@laisun.com

Shareholders may also make enquiries with the Board at the GM.

# (17) Communication with Shareholders

### (17.1) Shareholders' Communication Policy

On 29 March 2012, the Board adopted a Shareholders' Communication Policy ("**SC Policy**") which was revised and adopted by the Board on 22 July 2022 reflecting mostly the current practices of the Company for communication with its Shareholders. Such policy aims at providing the Shareholders and potential investors with ready and timely access to balanced and understandable information of the Company. However, it will be reviewed regularly to ensure its effectiveness and compliance with the prevailing regulatory and other requirements.

The Company has established a number of channels for maintaining an on-going dialogue with its Shareholders as follows:

- Shareholders can choose the means of receiving corporate communications such as annual reports, interim reports and circulars are issued in printed form or in electronic form by assessing the corporate communications published on HKEX's website at www.hkex.com.hk and the Company's website at www.laisun.com;
- (ii) financial highlights, press releases and results roadshows presentations are also posted on the Company's website;
- (iii) periodic announcements are made through the Stock Exchange and published on the respective websites of HKEX and the Company;
- (iv) corporate information and the Articles of Association of the Company are made available on the Company's website and the latter is also posted on the website of HKEX;
- (v) participate in roadshows and investors' conferences to meet Shareholders/investors, media and financial analysts;
- (vi) AGMs and/or GMs provide a forum for the Shareholders to make comments and exchange views with the Directors and senior management; and
- (vii) the Share Registrar serves the Shareholders in respect of share registration, dividend payment, change of Shareholders' particulars and related matters.

The Board has reviewed the SC Policy on 21 July 2023. Having considered the multiple channels of communication and engagement in place, the Board is satisfied that the SC Policy has been properly implemented during the Year and is effective.

A copy of the SC Policy has been published on the Company's website for public information.

# (18) INVESTOR RELATIONS

To ensure our investors have a better understanding of the Company, our management engages in a proactive investor relations programme. Our Executive Directors and Investor Relations Department communicate with research analysts and institutional investors on an on-going basis and meet with research analysts and the press after our results announcements, attend major investors' conferences and participate in international non-deal roadshows to communicate the Company's financial performance and global business strategy.

The Group maintains proactive interactions with the investment community and provides them with updates on the Group's operations, financial performance and outlook. During the year under review, the Company has been communicating with a number of research analysts and investors via online meetings and conference calls.

The Company is keen on promoting investor relations and enhancing communication with the Shareholders and potential investors. It welcomes suggestions from investors, stakeholders and the public who may contact the Investor Relations Department by phone on (852) 2853 6106, by fax at (852) 2853 6651 or by e-mail at ir@laisun.com.

## (19) CONSTITUTIONAL DOCUMENTS

During the Year, the amended articles of association of the Company was adopted at the 2022 AGM. The amendments are mainly to (i) provide greater flexibility to the Company in relation to the conduct of general meetings by allowing (but not requiring) general meetings to be held as an electronic meeting and/or as a hybrid meeting where the Shareholders may attend by electronic means in addition to as a physical meeting where the Shareholders attend in person; (ii) bring the old articles of association of the Company ("**Old Articles**") in line with the amendments made to the Listing Rules (in particular to confirm to the core shareholder protection standards as set out in Appendix 3 to the Listing Rules) and applicable laws of Hong Kong; and (iii) make certain minor housekeeping amendments to the Old Articles. Details of the amendments can be found in the 2022 Circular.

Save as disclosed above, there were no significant changes in the constitutional documents of the Company during the Year and up to the date of this Annual Report.

An up-to-date consolidated version of the Company's constitutional documents has been posted on the respective websites of HKEX and the Company.

He is a fellow member of the Association of Chartered Certified Accountants in the United Kingdom ("**UK**") and the Hong Kong Institute of Certified Public Accountants ("**HKICPA**").

The Company and Mr. Cheung have entered into an employment contract with no fixed term but such contract is determinable by either the Company or Mr. Cheung by serving the other party not less than three months' written notice or payment in lieu thereof. In accordance with the provision of the Articles of Association , he is due to retire from office at the forthcoming AGM and is eligible for election thereat. If elected, he will be subject to retirement from office by rotation once every three years and will also be eligible for re-election at future AGMS. Under his employment contract, Mr. Cheung is entitled to an annual remuneration of HK\$2,600,000 and such other remuneration and discretionary bonus as may be determined by the Board with reference to the performance of the Company, his duties and responsibilities and prevailing market conditions. He also receives an annual remuneration of HK\$300,000 from LSG and eSun and HK\$1,800,000 from Lai Fung, respectively. The Nomination Committee and the Board had considered and recommended the election of Mr. Cheung at the forthcoming AGM.

Save as disclosed above, Mr. Cheung does not have any relationship with any other directors, senior management or substantial or controlling shareholders of the Company. As at the date of this Annual Report, Mr. Cheung does not hold any interest or short position in the shares, underlying shares and/or debentures of the Company or any of its associated corporations within the meaning of Part XV of the SFO.

For the purpose of his election as a director of the Company at the forthcoming AGM in accordance with Article 93 of the Articles of Association, save as disclosed above, there are no other matters which need to be brought to the attention of the shareholders of the Company, and there is no information which is discloseable pursuant to any of the requirements of Rule 13.51(2) of the Listing Rules.

Please also refer to the Note at the end of this section of "Biographical Details of Directors".

# NON-EXECUTIVE DIRECTOR

**Madam U Po Chu**, aged 98, has been a Director of the Company since December 1993. She is also a non-executive director of eSun and an executive director of LSG and Lai Fung. The issued shares of LSG, eSun, and Lai Fung are listed and traded on the Main Board of the Stock Exchange. LSG is the ultimate holding company of the Company which in turn is the intermediate holding company of eSun and Lai Fung.

Madam U has over 55 years of experience in the garment manufacturing business and had been involved in the printing business since the mid-1960's. She started to expand the business to fabric bleaching and dyeing in the early 1970's and became involved in property development and investment in the late 1980's.

Madam U is the mother of Dr. Lam Kin Ngok, Peter (Chairman and Executive Director of the Company) and the grandmother of Mr. Lam Hau Yin, Lester (an Executive Director of the Company).

# INDEPENDENT NON-EXECUTIVE DIRECTORS

**Mr. Lam Bing Kwan**, aged 73, was appointed an Independent Non-Executive Director in July 2002 and is currently a member of the Audit Committee, the Remuneration Committee and the Nomination Committee of the Company.

Mr. Lam graduated from the University of Oregon in the USA with a Bachelor of Business Administration degree in 1974. He has substantial experience in the property development and investment in China, having been actively involved in this industry since the mid-1980's. Mr. Lam has served on the boards of directors of a number of listed companies in Hong Kong for over 20 years and is currently a non-executive director of Sino-i Technology Limited and Nan Hai Corporation Limited and an independent non-executive director of LSG and Lai Fung. The issued shares of all the aforesaid companies are listed and traded on the Main Board of the Stock Exchange.

Mr. Lam does not have a service contract with the Company. However, in accordance with the provisions of the Articles of Association, he will be subject to retirement from office as director by rotation once every three years if re-elected at the forthcoming AGM and will also be eligible for re-election at future AGMs. Mr. Lam presently receives an annual director's fee of HK\$350,000 from the Company and is entitled to receive such other remuneration and discretionary bonus as may be determined by the Board from time to time with reference to the results of the Company, his performance, duties and responsibilities as well as the prevailing market conditions. He also receives an annual director's fee of HK\$350,000 from each of LSG and Lai Fung.

Mr. Lam has served on the Board for over 9 years. Being a long-serving director, Mr. Lam has developed an in-depth understanding of the Company's operations and business, and has expressed objective views and given independent guidance to the Company over the years. There is no empirical evidence that the long service of Mr. Lam would impair his independent judgment. The Nomination Committee had assessed the independence of Mr. Lam in accordance with Rule 3.13 of the Listing Rules criteria and the Board is satisfied that Mr. Lam will continue to have the required character and experience to fulfill the role of an Independent Non-Executive Director and considers that the re-election of Mr. Lam as an Independent Non-Executive Director at the forthcoming AGM is in the best interest of the Company and its shareholders as a whole.

Save as disclosed above, Mr. Lam does not have any relationship with any other directors, senior management or substantial or controlling shareholders of the Company. As at the date of this Annual Report, Mr. Lam does not have any interests or short positions in the shares, underlying shares and/or debentures of the Company or any of its associated corporations within the meaning of Part XV of the SFO.

For the purpose of his re-election as a director of the Company at the forthcoming AGM in accordance with Article 102 of the Articles of Association, save as disclosed above, there are no other matters which need to be brought to the attention of the shareholders of the Company, and there is no information which is discloseable pursuant to any of the requirements of Rule 13.51(2) of the Listing Rules.

# INDEPENDENT NON-EXECUTIVE DIRECTORS (CONTINUED)

**Mr. Leung Shu Yin, William**, aged 74, was appointed an Independent Non-Executive Director in September 2004 and is currently the chairman of both the Remuneration Committee and the Audit Committee of the Company. He was also a member of the Nomination Committee of the Company. Mr. Leung is a certified public accountant, a member of the Hong Kong Securities and Investment Institute and a fellow of both the Association of Chartered Certified Accountants in the UK and the HKICPA. He is a practising director of two certified public accountants' firms in Hong Kong and is an independent non-executive director of LSG and CGL. He was also the Deputy Chairman of CGL and an independent non-executive director of Mainland Headwear Holdings Limited until his resignation on 31 August 2023. The issued shares of all the aforesaid companies are listed and traded on the Main Board of the Stock Exchange.

Mr. Leung does not have a service contract with the Company. However, in accordance with the provisions of the Articles of Association, he will be subject to retirement from office as director by rotation once every three years if re-elected at the forthcoming AGM and will also be eligible for re-election at future AGMs. Mr. Leung presently receives an annual director's fee of HK\$350,000 and is entitled to receive such other remuneration and discretionary bonus as may be determined by the Board from time to time with reference to the results of the Company, his performance, duties and responsibilities as well as the prevailing market conditions. He also receives an annual director's fee of HK\$350,000 from LSG.

Mr. Leung has served on the Board for over 9 years. Being a long-serving director, Mr. Leung has developed an in-depth understanding of the Company's operations and business, and has expressed objective views and given independent guidance to the Company over the years. There is no empirical evidence that the long service of Mr. Leung would impair his independent judgment. The Nomination Committee had assessed the independence of Mr. Leung in accordance with Rule 3.13 of the Listing Rules criteria and the Board is satisfied that Mr. Leung will continue to have the required character and experience to fulfill the role of an Independent Non-Executive Director and considers that the re-election of Mr. Leung as an Independent Non-Executive Director at the forthcoming AGM is in the best interest of the Company and its shareholders as a whole.

Save as disclosed above, Mr. Leung does not have any relationship with any other directors, senior management or substantial or controlling shareholders of the Company. As at the date of this Annual Report, Mr. Leung does not have any interests or short positions in the shares, underlying shares and/or debentures of the Company or any of its associated corporations within the meaning of Part XV of the SFO.

For the purpose of his re-election as a director of the Company at the forthcoming AGM in accordance with Article 102 of the Articles of Association, save as disclosed above, there are no other matters which need to be brought to the attention of the shareholders of the Company, and there is no information which is discloseable pursuant to any of the requirements of Rule 13.51(2) of the Listing Rules.

Details of the Directors' remuneration are set out in the note 9 of the financial statements.

# DIRECTORS' INTERESTS IN TRANSACTIONS, ARRANGEMENTS OR CONTRACTS

Save as disclosed in note 5 to the financial statements headed "Related Party Transactions" and the section headed "Continuing Connected Transactions" of this Report below, no Director had a material interest, whether directly or indirectly, in any contract of significance to the business of the Group to which the Company, its holding company, or any of its subsidiaries or fellow subsidiaries was a party during the Year.

# CONTROLLING SHAREHOLDER'S INTERESTS IN SIGNIFICANT CONTRACTS

Save as disclosed in note 5 to the financial statements headed "Related Party Transactions" and the section headed "Continuing Connected Transactions" of this Report below, at no time during the Year had the Company or any of its subsidiaries, and the controlling shareholder (as defined in the Listing Rules) or any of its subsidiaries entered into any contract of significance or any contract of significance for the provision of services by the controlling shareholder or any of its subsidiaries.

# CONTINUING CONNECTED TRANSACTIONS

The Company has certain continuing connected transactions ("**CCTs**") (as defined in the Listing Rules) during the Year, brief particulars of which are as follows:

### 1. Ascott Management Agreement

As announced by the Company, Lai Sun Garment (International) Limited ("**LSG**"), eSun Holdings Limited ("**eSun**", together with its subsidiaries "**eSun Group**") and Lai Fung Holdings Limited ("**Lai Fung**", together with its subsidiaries "**Lai Fung Group**") on 23 January 2020, Shanghai Li Xing Real Estate Development Co., Ltd. ("**Li Xing**"), a wholly-owned subsidiary of Lai Fung, and Ascott Property Management (Shanghai) Co., Ltd. ("**La Scott**"), a wholly-owned subsidiary of CapitaLand Group Pte. Ltd. ("**CapitaLand**"), entered into the 2020 Management Agreement to renew the 2009 Management Agreement which would expire on 30 April 2020 pursuant to which Ascott agreed to provide certain management services to Li Xing in relation to a serviced residence property owned by and units leased to Li Xing in Shanghai. The terms for 2020 Management Agreement is 10 years commencing on 1 May 2020 and renewable for two successive terms of five years at the option of Ascott and subject to the agreement of Li Xing.

Pursuant to the announcement dated 23 January 2020, Lai Fung had adopted a maximum aggregate annual value of RMB15 million per annum for the management and other service fees payable to Ascott under the 2020 Management Agreement.

For the year ended 31 July 2023, the management and other service fees paid or payable by the Group to Ascott amounted to RMB4,871,000 (equivalent to approximately HK\$5,442,000).

CapitaLand is an indirect substantial shareholder of Lai Fung. Lai Fung is a 55.08% owned subsidiary of the Company. Accordingly, Ascott is a connected person of the Company under Rule 14A.07 of the Listing Rules, and the transactions contemplated under the 2020 Management Agreement constitute CCTs for the Company under Chapter 14A of the Listing Rules.

# CONTINUING CONNECTED TRANSACTIONS (CONTINUED)

## 2. 2020 Commercial Letting Framework Agreement

The Company, LSG, eSun, Lai Fung (collectively, "**Lai Sun Group**") and Media Asia Group Holdings Limited ("**MAGHL**", withdrawn listing from GEM of the Stock Exchange in March 2023) entered into a new memorandum of agreement ("**Renewal Agreement**") on 31 July 2017 to renew the memorandum of agreement dated 14 February 2014 in relation to all existing or future transactions with regard to the letting and/or licensing of various premises owned or held by other members of the Lai Sun Group ("**Transactions**") for a period of three years commencing on 1 August 2017 and expiring on 31 July 2020.

As announced on 31 July 2020, in view of expiry of the Renewal Agreement on 31 July 2020, the Lai Sun Group and MAGHL entered into the 2020 Commercial Letting Framework Agreement dated 31 July 2020 to govern the Transactions constituting their respective CCTs for a period of three years commencing on 1 August 2020 and expiring on 31 July 2023.

Pursuant to the announcement made by the Lai Sun Group on 31 July 2020, the Company has set the following annual caps:

#### As lessee:

- (i) the annual caps for the total value of the right-of-use assets in respect of the Transactions are HK\$11,200,000, HK\$12,100,000 and HK\$8,400,000 for the respective financial years ended 31 July 2021, 2022 and 2023; and
- (ii) the annual caps for licensing and other fees other than the fixed rental payments in respect of the Transactions are HK\$9,900,000, HK\$10,900,000 and HK\$12,100,000 for the respective financial years ended 31 July 2021, 2022 and 2023.

## CONTINUING CONNECTED TRANSACTIONS (CONTINUED)

#### 2. 2020 Commercial Letting Framework Agreement (continued)

#### As lessor:

The annual caps for the annual rental, licensing fees and/or other fees receivable by the Group in respect of the Transactions are HK\$5,500,000, HK\$5,900,000 and HK\$6,100,000 for the respective financial years ended 31 July 2021, 2022 and 2023.

Details of the 2020 Commercial Letting Framework Agreement are set out in the announcement dated 31 July 2020 jointly published by the Lai Sun Group.

For the financial year ended 31 July 2023, in respect of the Transactions:

- (i) total value of the newly recognised right-of-use assets amounted to HK\$2,298,000;
- (ii) licensing and other fees other than the fixed rental payments paid or payable by the Group amounted to HK\$3,277,000; and
- (iii) annual rental, licensing fees and/or other fees received or receivable by the Group amounted to HK\$10,714,000.

Mr. Yu Cheuk Yi and Ms. Yu Siu Yuk ("**Yu Shareholders**") are substantial shareholders of the Company and hence connected persons of the Company under the Listing Rules.

According to the Yu Shareholders' disclosures of interests in eSun, the Yu Shareholders held over 10% of the issued share capital of eSun during the period from 30 May 2022 to 26 March 2023 ("**Relevant Period**"). Hence, eSun became a connected subsidiary of the Company pursuant to Rule 14A.16(1) of the Listing Rules, and was a connected person of the Company. While the terms of the 2020 Commercial Letting Framework Agreement remained unchanged, during the period from 30 May 2022 to 26 March 2023, the transactions thereunder had become CCTS of the Company under Chapter 14A of the Listing Rules.

Due to the Yu Shareholders having become substantial shareholders of eSun during the Relevant Period, the actual transaction amount for the financial year ended 31 July 2023 under the 2020 Commercial Letting Framework Agreement as recorded by LSD as a lessor (being the rental income) of its connected persons exceeded the corresponding annual cap of HK\$6.1 million by approximately HK\$4.6 million.

As announced on 31 July 2023, the annual cap as set out in the announcement made by the Lai Sun Group on 31 July 2020 were determined at the time that eSun was not a connected subsidiary of the Company and LSG due to the Yu Shareholders' interests in eSun (which was less than 10% of the issued share capital of eSun). Further details are set out in the Company's announcement dated 31 July 2023.

# CONTINUING CONNECTED TRANSACTIONS (CONTINUED)

#### 3. Cheung Sha Wan Cinema Lease

As announced by the Company and LSG on 31 July 2023, on 26 November 2018, Multiplex Cinema Limited ("Lessee"), an indirect 95%-owned subsidiary of eSun, and the Company entered into the lease ("Cinema Lease") for certain premises in Lai Sun Commercial Centre, for a fixed term of four years from 26 November 2018 to 25 November 2022 (both days inclusive) ("Fixed Term"). On 26 November 2022, pursuant to the terms of the Cinema Lease, the Lessee renewed such lease for a further term of three years ("First Renewal Term"), which shall expire on 25 November 2025, and the Lessee has the option to renew the Cinema Lease for another further term of three years from the expiration of the First Renewal Term. The maximum total lease term is therefore ten years.

The Company from the perspective of a lessor has recognised the rental payments under the Cinema Lease as their rental income over the term thereof. For the period from 1 August 2022 to 26 March 2023, the actual transaction amount recorded by the Company as lessor under the Cinema Lease was approximately HK\$4,416,000, which consisted of:

|   | HK\$       |  |
|---|------------|--|
|   |            |  |
| For the period from 1 August 2022 to 25 November 2022 | 2,467,000  |  |
| For the period from 26 November 2022 to 26 March 2023 | 1,949,000# |  |
|   |            |  |
| For the period from 1 August 2022 to 26 March 2023    | 4,416,000  |  |
|   |            |  |

According to the Yu Shareholders' disclosures of interests in eSun, the Yu Shareholders held over 10% of the issued share capital of eSun during the period from 30 May 2022 to 26 March 2023. Hence, eSun became a connected subsidiary of the Company pursuant to Rule 14A.16(1) of the Listing Rules, and was a connected person of the Company. Whilst the terms of the Cinema Lease remained unchanged, during the period from 30 May 2022 to 26 March 2023, the transactions thereunder had become CCTs of the Company under Chapter 14A of the Listing Rules. No annual caps were set for the Company as lessor in respect of the transactions for the period from 1 August 2022 to 25 November 2022 under such pre-existing agreement.

<sup>#</sup> Since the annual transaction amount for the annual rental income receivable by the Group as lessor is less than HK\$3,000,000, the transactions constitute fully exempt CCTs under Listing Rule 14A.76, and are not subject to, amongst others, annual review requirements under the Listing Rules.

#### 4. Financial Assistance Framework Agreements

As announced by the Company and LSG on 9 September 2022, the Company entered into the LSG-LSD Framework Agreement with LSG in respect of financial assistance to be provided by LSG Lender Group Companies to LSD Borrower Group Companies from time to time for an initial term of three years commencing from 1 January 2023 and expiring on 31 December 2025. On 9 September 2022, the Company entered into the LSD-eSun Framework Agreement and the LSD-LF Framework Agreement respectively with eSun and LF in respect of financial assistance to be provided by LSD Lender Group Companies to eSun Borrower Group Companies and LF Borrower Group Companies, respectively, from time to time. Each of the two LSD Financial Assistance Framework Agreements is for an initial term of three years commencing from 1 January 2023 and expiring on 31 December 2025.

The two LSD Financial Assistance Framework Agreements and the Intercompany Loan Transactions contemplated thereunder, had constituted CCTs of the Company under Chapter 14A of the Listing Rules.

Pursuant to the announcement made by the Company on 9 September 2022, the Company had set the following annual caps:

- the LSD-eSun Annual Caps for the LSD-eSun Loan Transactions contemplated under the LSD-eSun Framework Agreement are HK\$90,000,000 for the financial year ended 31 July 2023, HK\$190,000,000, HK\$360,000,000 and HK\$485,000,000 for the respective financial years ending 31 July 2024, 2025 and 2026; and
- the LSD-LF Annual Caps for the LSD-LF Loan Transactions contemplated under the LSD-LF Framework Agreement are HK\$1,000,000,000 for the financial year ended 31 July 2023, HK\$3,000,000,000, HK\$3,000,000,000 and HK\$3,000,000,000 for the respective financial years ending 31 July 2024, 2025 and 2026.

For the year ended 31 July 2023, there is no transaction under these Financial Assistance Framework Agreements.

Details of the Financial Assistance Framework Agreements are set out in the announcement dated 9 September 2022 jointly published by the Company and LSG.

## 5. 2023 Commercial Letting Framework Agreement

As announced on 31 July 2023, the Lai Sun Group entered into the 2023 commercial letting framework agreement ("**2023 Commercial Letting Framework Agreement**") for the transaction with regard to the letting and/or licensing of premises for office space, warehouse, commercial properties, car parking spaces, advertising spaces and other premises within members of the Lai Sun Group ("**Transaction**") and the Transactions constituting their respective CCTs for a period of three years commencing on 1 August 2023 and expiring on 31 July 2026.

Pursuant to the announcement made by the Lai Sun Group on 31 July 2023, the Company has set the following annual caps:

As lessee:

- the annual caps for the total value of the right-of-use assets in respect of the Transactions are HK\$16,000,000, HK\$15,000,000 and HK\$14,000,000 for the respective financial years ending 31 July 2024, 2025 and 2026; and
- the annual caps for licensing and other fees other than the fixed rental payments in respect of the Transactions are HK\$5,000,000 for each of the respective financial years ending 31 July 2024, 2025 and 2026.

As lessor:

The annual caps for the annual rental, licensing fees and/or other fees receivable by the Group in respect of the Transactions is HK\$22,000,000, HK\$23,000,000 and HK\$26,000,000 for the respective financial years ending 31 July 2024, 2025 and 2026.

Details of the 2023 Commercial Letting Framework Agreement are set out in the announcement dated 31 July 2023 published by the Lai Sun Group.

The Company will comply with the requirements under the connected transactions rules of the Listing Rules if any cap is exceeded, or when the 2023 Commercial Letting Framework Agreement is renewed or there are material changes to the provisions of the 2023 Commercial Letting Framework Agreement.

Under Rule 14A.55 of the Listing Rules, the INEDs have reviewed annually the CCTs listed above and confirmed that the transactions have been entered into:

- (a) in the ordinary and usual course of business of the Group;
- (b) on normal commercial terms or better; and
- (c) according to the agreements governing them on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

## CONTINUING CONNECTED TRANSACTIONS (CONTINUED)

Ernst & Young, Certified Public Accountants ("**Ernst & Young**"), the Company's independent auditor, were engaged to report on the CCTs of the Group in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 (Revised) "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants. Ernst & Young issued a letter in respect of the CCTs to the Board (with a copy provided to the Stock Exchange) in accordance with Rule 14A.56 of the Listing Rules and confirming that nothing has come to their attention that causes them to believe that the disclosed CCTs as set out in (1) and (2) above, and the disclosed CCTs under the pre-existing Cheung Sha Wan Cinema Lease during the period from 1 August 2022 to 25 November 2022 as set out in (3) above;

- (i) have not been approved by the Board;
- (ii) were not, in all material respects, in accordance with the pricing policies of the Group for transactions involving the provision of goods or services by the Group;
- (iii) were not entered into, all material respects, in accordance with the relevant agreements governing such transactions; and
- (iv) have exceeded the annual cap as set by the Company, except for the annual rental, licensing fees and/ or other fees receivable by the Group in respect of the CCT listed in (3), which exceeded the cap by approximately HK\$4,614,000.

In respect of the pre-existing Cheung Sha Wan Cinema Lease entered into prior to eSun becoming a connected subsidiary (and therefore a connected person) of the Company as a result of the Yu Shareholders becoming connected persons of each of the Company and eSun, no annual caps were set for the Company as lessor in respect of such transactions.

In addition, during the Year, there were sharing of corporate salaries and administrative expenses on a cost basis allocated from and to the Group, the LSG Group, the eSun Group and the Lai Fung Group. These CCTs are exempt from announcement, reporting and shareholders' approval requirements pursuant to Rule 14A.98 of the Listing Rules.

# DIRECTORS' INTERESTS IN COMPETING BUSINESSES

During the Year and up to the Report Date, the following Directors are considered to have interests in the businesses which compete or are likely to compete, either directly or indirectly, with the businesses of the Group pursuant to the Listing Rules:

Dr. Peter Lam, Mr. Julius Lau, Madam U, Mr. Lester Lam, Mr. Sam Cheung (from 1 August 2023) and Mr. FA Chew (up to 30 September 2023) (together, "**Interested Directors**") held shareholding interests and/or directorships in companies/entities engaged in the businesses of property investment and development in Hong Kong including Crocodile Garments Limited.

Dr. Peter Lam held shareholding or other interests and/or directorships in companies or entities engaged in the business of investment in and operation of restaurants in Hong Kong.

The Directors do not consider the interests held by the Interested Directors to be competing in practice with the relevant business of the Group in view of:

- (1) different locations and different uses of the properties owned by the above companies and those of the Group; and
- (2) different target customers of the restaurant operations as well as the concerts and albums of the above companies and those of the Group.

However, the Board is independent from the boards of directors/governing committees of the aforesaid companies/entities and none of the Interested Directors can personally control the Board. Further, each of the Interested Directors is fully aware of, and has been discharging his/her fiduciary duty to the Company and has acted and will continue to act in the best interest of the Company and its shareholders as a whole. Therefore, the Group is capable of carrying on its businesses independently of, and at arm's length from, the businesses of such companies/entities.

# SHARE OPTION SCHEMES

#### (1) The Company

At the annual general meeting of the Company held on 16 December 2022, the shareholders of the Company approved the adoption of a new share option scheme ("**2022 Share Option Scheme**"). The 2022 Share Option Scheme has also approved by the shareholders of LSG at its annual general meeting on 16 December 2022. The share option schemes adopted by the Company on 22 December 2006 ("**2006 Share Option Scheme**") and 11 December 2015 ("**2015 Share Option Scheme**") terminated when the 2022 Share Option Scheme was adopted on 16 December 2022 and became effective on 19 December 2022 ("**Effective Date**"). The number of shares available for grant under the 2015 Share Option Scheme at the beginning of the year ended 31 July 2023 was 39,302,738 Shares, representing approximately 4.06% of the shares then in issue. No further share options will be granted under the 2006 Share Option Scheme and the 2015 Share Option Scheme but the subsisting options granted prior to its termination will continue to be valid and exercisable in accordance with the terms of the 2006 Share Option Scheme and the 2015 Share Option Scheme.

The purpose of the 2022 Share Option Scheme is to recognise the contribution or future contribution of the Eligible Participants (as defined in the 2022 Share Option Scheme) for their contribution to the Group by granting share options to them as incentives or rewards and to attract, retain and motivate high-calibre Eligible Participants in line with the performance goals of the Group and the Related Entities (as defined in the 2022 Share Option Scheme). Eligible Participants include but not limited to the Directors, chief executive, employees of the Group and related entity and the service providers of the Group. The 2022 Share Option Scheme shall strengthen the many long-term relationships that the Eligible Participants may have with the Group. Unless otherwise cancelled or amended, the 2022 Share Option Scheme will be remain in force for 10 years from the Effective Date.

The principal terms of the 2022 Share Option Scheme are set out in the circular of the Company dated 17 November 2022. The number of shares available for grant under the 2022 Share Option Scheme as at the Effective Date and the end of the financial year for the year ended 31 July 2023 was 96,888,588 shares (representing 6.67% of the Company's issued shares as at 31 July 2023). The service provider sublimit as at the Effective Date and the end of the financial year for the year ended 31 July 2023 was 96,888,858 shares (representing 0.67% of the Company's issued shares as at 31 July 2023).

On 30 January 2023, the Company issued and allotted 484,442,943 Rights Shares pursuant to the completion of the 1-to-2 rights issue of the Company ("**Rights Issue**").

During the Year, 486,452 options, 2,432,259 options, 4,864,519 options, 969,854 options granted to the Directors, namely, Dr. Lam Kin Ngok, Peter, Mr. Lau Shu Yan, Julius, Mr. Lam Hau Yin, Lester and Mr. Lee Tze Yan, Ernest and 1,308,905 options granted to certain eligible participants, respectively under the 2006 Share Option Scheme expired on 18 January 2023 and 26 July 2023, and no share options had been granted under the 2022 Share Option Scheme and all its old share options schemes. Accordingly, there were no shares of the Company that might be issued in respect of share options granted under all share option schemes of the Company during the Year.

As at 31 July 2023, share options comprising a total of 896,604 underlying Shares, representing 193,176 share options granted under the 2006 Share Option Scheme and 703,428 share options granted under the 2015 Share Option Scheme were outstanding, representing approximately 0.06% of the shares currently in issue.

The maximum number of eSun's ordinary shares of HK\$0.50 each ("**eSun Shares**") issuable pursuant to the 2015 eSun Share Option Scheme is 124,321,216, being 10% of the total issued eSun Shares on the date of the approval of the 2015 eSun Share Option Scheme.

Upon the closing of eSun's offers on 22 August 2018, all outstanding share options granted under the 2015 eSun Share Option Scheme had been cancelled. On 21 January 2022, eSun granted share options under the 2015 eSun Share Option Scheme to the eligible participants to subscribe for a total of 1,500,000 underlying eSun Shares (equivalent to approximately 0.10% of the total issued eSun Shares as at that date (i.e. 1,491,854,598)) at the exercise price of HK\$0.50 per eSun Share with the exercise period from 21 January 2022 to 20 January 2032.

The 2015 eSun Share Option Scheme was terminated and a new share option scheme ("**2022 eSun Share Option Scheme**") was adopted by eSun's shareholders ("**eSun Shareholders**") at its annual general meeting held on 16 December 2022. The 2022 eSun Share Option Scheme has also been approved by shareholders of both the Company and LSG at their respective annual general meetings held on the same date and became effective on 19 December 2022 ("eSun Effective Date").

## SHARE OPTION SCHEMES (CONTINUED)

#### (2) eSun (continued)

The number of eSun Shares available for grant under the 2015 eSun Share Option Scheme at the beginning of the financial year ended 31 July 2023 was 122,821,216. Following termination of the 2015 eSun Share Option Scheme, no further share options will be granted thereunder but the outstanding share options granted prior to the termination will continue to be valid and exercisable in accordance with the terms of the 2015 eSun Share Option Scheme.

Unless otherwise cancelled or amended, the 2022 eSun Share Option Scheme will remain in force for 10 years from the eSun Effective Date, which will expire on 19 December 2032. The principal terms of the 2022 eSun Share Option Scheme are set out in the circular of eSun dated 17 November 2022. The maximum number of eSun Shares issuable and the service provider sublimit pursuant to the 2022 eSun Share Option Scheme were 149,185,459 and 14,918,545 Shares (being 10% and 1% of the total issued eSun Shares) as at the eSun Effective Date and (being 8.50% and 0.85% of the total issued eSun Shares) as at the financial year ended 31 July 2023 respectively.

The purpose of the 2022 eSun Share Option Scheme is to recognise the contribution or future contribution of the Eligible Participants (as defined in the 2022 eSun Share Option Scheme) for their contribution to the eSun Group by granting share options to them as incentives or rewards and to attract, retain and motivate high-calibre Eligible Participants in line with the performance goals of the eSun Group and the related entities. The 2022 eSun Share Option Scheme shall strengthen the many long-term relationships that the Eligible Participants may have with the eSun Group. Eligible Participants include but not limited to the directors, chief executives, employees and service providers of the eSun Group as well as the related entity participants (as defined in the 2022 eSun Share Option Scheme).

During the Year, no share options had been granted under the 2015 eSun Share Option Scheme and the 2022 eSun Share Option Scheme. Accordingly, there were no eSun Shares that might be issued in respect of share options granted under all share option schemes of eSun during the Year.

As at 31 July 2023, share options comprising a total of 1,500,000 underlying eSun Shares (representing approximately 0.085% of the total issued eSun Shares as at that date (i.e. 1,755,876,866)) granted under the 2015 eSun Share Option Scheme were outstanding and no further share options can be granted under the 2015 eSun Share Option Scheme upon its termination on 16 December 2022. Therefore, a total number of 150,685,459 eSun Shares are available for issue under the share option schemes of eSun, representing approximately 8.58% of the total issued eSun Shares as at that date.

Notes:

- 1. The eSun share options were vested on the date of grant.
- 2. The exercise price of the eSun share options is subject to adjustment in the case of rights or bonus issues, or other similar changes in eSun's share capital.

Save as disclosed above, no eSun share options were granted, exercised, cancelled, or lapsed in accordance with the terms of the 2015 eSun Share Option Scheme and the 2022 eSun Share Option Scheme during the Year.

A share option granted to an eligible participant under the 2015 eSun Share Option Scheme on 21 January 2022 comprising 800,000 underlying eSun Shares lapsed on 15 August 2023. As at the Report Date, share options to subscribe for a maximum of 149,185,459 eSun Shares could be granted under the 2022 eSun Share Option Scheme, together with the 700,000 underlying eSun Shares comprised in the share options granted under the 2015 eSun Share Option Scheme and remained outstanding as at the Report Date, a total number of 149,885,459 eSun Shares are available for issue under the share option schemes of eSun, representing approximately 8.54% of the total issued eSun Shares as at the Report Date.

Further details of the 2015 eSun Share Option Scheme and the 2022 eSun Share Option Scheme are set out in note 41 to financial statements.

## SHARE OPTION SCHEMES (CONTINUED)

### (3) Lai Fung

The share option scheme adopted by Lai Fung on 18 December 2012 ("**2012 Lai Fung Share Option Scheme**") had expired on 17 December 2022 ("**Expiration Date**"). The number of shares available for grant under the 2012 Lai Fung Share Option Scheme at the beginning of the year ended 31 July 2023 was 23,531,135 Lai Fung Shares. Following the Expiration Date, no further share options shall be granted under the 2012 Lai Fung Share Option Scheme but the outstanding share options granted thereunder shall continue to be valid and exercisable in accordance with the terms of the 2012 Lai Fung Share Option Scheme.

At the annual general meeting of Lai Fung held on 16 December 2022, a new share option scheme ("2022 Lai Fung Share Option Scheme") was adopted for the purpose of recognising the contribution or future contribution of the Eligible Participants (as defined in the 2022 Lai Fung Share Option Scheme) to Lai Fung Group by granting options to them as incentives or rewards and to attract, retain and motivate high-caliber Eligible Participants in line with performance goals of the Lai Fung Group and the related entities. Eligible Participants include but are not limited to the directors, chief executive and employees of the Lai Fung Group and related entities, and service providers of the Lai Fung Group. The 2022 Lai Fung Share Option Scheme has also been approved by the shareholders of LSG and the Company at their respective annual general meetings and became effective on 19 December 2022 ("Lai Fung Effective Date"). Unless otherwise cancelled or amended, the 2022 Lai Fung Share Option Scheme will remain in force for 10 years from the Lai Fung Effective Date. The principal terms of the 2022 Lai Fung Share Option Scheme are set out in the circular of Lai Fung dated 17 November 2022. The number of shares available for grant under the 2022 Lai Fung Share Option Scheme as at the Lai Fung Effective Date and the end of the financial year ended 31 July 2023 was 33,103,344 Lai Fung Shares (representing 10% of Lai Fung's issued shares as at 31 July 2023). The service provider sublimit as at the Lai Fung Effective Date and the end of the financial year ended 31 July 2023 was 3,310,334 Lai Fung Shares (representing 1% of Lai Fung's issued shares as at 31 July 2023).

During the Year, no share options had been granted under the 2012 Lai Fung Share Option Scheme and the 2022 Lai Fung Share Option Scheme. Accordingly, there were no shares of Lai Fung that might be issued in respect of share options granted under all share option schemes of Lai Fung during the Year.

As at 31 July 2023, share options comprising a total of 830,000 underlying Lai Fung Shares granted under the 2012 Lai Fung Share Option Scheme were outstanding.

## SHARE OPTION SCHEMES (CONTINUED)

#### (4) MAGHL (continued)

The purpose of the 2022 MAGHL Share Option Scheme is to recognise the contribution or future contribution of the eligible participants ("**MAGHL Eligible Participants**", as defined in the 2022 MAGHL Share Option Scheme) for their contribution to MAGHL and its subsidiaries ("**MAGHL Group**") by granting share options to them as incentives or rewards and to attract, retain and motivate high-calibre MAGHL Eligible Participants in line with the performance goals of MAGHL Group and its related entities; and strengthen the many long-term relationships that MAGHL Eligible Participants may have with the MAGHL Group. MAGHL Eligible Participants include but not limited to the directors, chief executive, employees and service providers of MAGHL Group as well as the related entity participants (as defined in the 2022 MAGHL Share Option Scheme).

The 2022 MAGHL Share Option Scheme which became effective on 19 December 2022 ("**MAGHL Effective Date**") would remain in force for 10 years from MAGHL Effective Date. The principal terms of the 2022 MAGHL Share Option Scheme are set out in the circular of MAGHL dated 31 October 2022. The maximum number of MAGHL's ordinary shares of HK\$0.10 each ("**MAGHL Shares**") issuable and MAGHL's service provider sublimit pursuant to the 2022 MAGHL Share Option Scheme were 298,631,401 and 29,863,140 MAGHL Shares (being 10% and 1% of the total number of the issued MAGHL Shares) as at MAGHL Effective Date.

No share options had been granted under the 2022 MAGHL Share Option Scheme since its adoption. As the listing of MAGHL Shares on GEM was withdrawn at 4:00 p.m. on 20 March 2023, the 2022 MAGHL Share Option Scheme was terminated thereafter with the approval of MAGHL's board of directors and sole member respectively.

# Independent Auditor's Report

**To the members of Lai Sun Development Company Limited** (Incorporated in Hong Kong with limited liability)

# **O**PINION

We have audited the consolidated financial statements of Lai Sun Development Company Limited (the "**Company**") and its subsidiaries (the "**Group**") set out on pages 179 to 360, which comprise the consolidated statement of financial position as at 31 July 2023, and the consolidated income statement, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 July 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("**HKFRSs**") issued by the Hong Kong Institute of Certified Public Accountants ("**HKICPA**") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

# **BASIS FOR OPINION**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("**HKSAs**") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "**Code**"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# **KEY AUDIT MATTERS**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

# Independent Auditor's Report

## Other Information Included in the Annual Report

The directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Responsibilities of the Directors for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

# Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

# AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- \* Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- \* Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- \* Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- \* Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- \* Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- \* Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

# Independent Auditor's Report

# AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Lai Wan Fung, Jacky.

## 1. CORPORATE AND GROUP INFORMATION

Lai Sun Development Company Limited (the "**Company**") is a limited liability company incorporated in Hong Kong with its shares listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "**Stock Exchange**"). The registered office of the Company is located at 11th Floor, Lai Sun Commercial Centre, 680 Cheung Sha Wan Road, Kowloon, Hong Kong. In the opinion of the directors, the Company's ultimate holding company is Lai Sun Garment (International) Limited ("**LSG**"), a limited liability company incorporated in Hong Kong with its shares listed on the Main Board of the Stock Exchange.

During the year, the Company and its subsidiaries (collectively referred to as the "**Group**") were involved in the following principal activities:

- property development for sale;
- property investment;
- investment in and operation of hotels;
- investment in and operation of restaurants;
- production and distribution of films and TV programs;
- music production and publishing;
- management and production of concerts;
- artiste management;
- cinema operation;
- development and operation of and investment in cultural, leisure, entertainment and related facilities; and
- investment holding.

Details of the principal subsidiaries are set out in note 50 to the financial statements.

## 2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("**HKFRSs**") (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("**HKASs**") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants, accounting principles generally accepted in Hong Kong and the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) ("**Companies Ordinance**"). They have been prepared under the historical cost convention, except for investment properties, financial assets at fair value through other comprehensive income, financial assets at fair value through profit or loss, derivative financial instruments and certain financial assets, which have been measured at fair value. Non-current assets classified as held for sale are stated at the lower of their carrying amounts and fair values less costs to sell as further explained in note 2.4. These financial statements are presented in Hong Kong dollars ("**HK\$**") and all values are rounded to the nearest thousand except when otherwise indicated.

#### 31 July 2023

### 2.1 BASIS OF PREPARATION (CONTINUED)

#### Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries for the year ended 31 July 2023. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

Generally, there is a presumption that a majority of voting rights results in control. When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group's voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in the income statement. The Group's share of components previously recognised in other comprehensive income is reclassified to the income statement or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

## 2.2 Changes in Accounting Policies and Disclosures

The Group has adopted the following revised HKFRSs for the first time for the current year's financial statements.

Amendments to HKFRS 3 Amendments to HKAS 16 Amendments to HKAS 37 Annual Improvements to HKFRSs 2018-2020 Reference to the Conceptual Framework Property, Plant and Equipment: Proceeds before Intended Use Onerous Contracts — Cost of Fulfilling a Contract Amendments to HKFRS 1, HKFRS 9, Illustrative Examples accompanying HKFRS 16, and HKAS 41

The adoption of the above amendments to HKFRSs has had no significant financial effect on the financial statements.

## 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and revised HKFRSs, that have been issued but are not yet effective, in these financial statements.

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2023

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2024

Effective for annual periods beginning on or after 1 January 2025
 No mandatory effective data yet datarmined but available for adaptive data with the second s

<sup>4</sup> No mandatory effective date yet determined but available for adoption
 <sup>5</sup> As a consequence of the 2022 Amendments, the effective date of the 2020 Amendments was deferred to annual periods beginning on or after 1 January 2024. In addition, as a consequence of the 2020 Amendments and 2022 Amendments, Hong Kong Interpretation 5 *Presentation of Financial Statements — Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause* was revised to align the corresponding wording with no change in conclusion

<sup>6</sup> As a consequence of the amendments to HKFRS 17 issued in October 2020, HKFRS 4 was amended to extend the temporary exemption that permits insurers to apply HKAS 39 rather than HKFRS 9 for annual periods beginning before 1 January 2023

<sup>7</sup> An entity that chooses to apply the transition option relating to the classification overlay set out in this amendment shall apply it on initial application of HKFRS 17

The Group is in the process of making an assessment of the impact of these new and revised HKFRSs upon initial application but is not yet in the position to state whether these new and revised HKFRSs would have a significant impact on the Group's financial performance and financial position.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Investments in associates and joint ventures

An associate is an entity in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

The Group's investments in associates and joint ventures are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses.

Adjustments are made to bring into line any dissimilar accounting policies that may exist.

The Group's share of the post-acquisition results and other comprehensive income of associates and joint ventures is included in the consolidated income statement and consolidated other comprehensive income, respectively. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associates or joint ventures are eliminated to the extent of the Group's investments in the associates or joint ventures, except where unrealised losses provide evidence of an impairment of the assets transferred. Goodwill arising from the acquisition of associates or joint ventures is included as part of the Group's investments in associates or joint ventures.

If an investment in an associate becomes an investment in a joint venture or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method. In all other cases, upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in the income statement.

When an investment in an associate or a joint venture is classified as held for sale, it is accounted for in accordance with HKFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*.

### Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

The Group determines that it has acquired a business when the acquired set of activities and assets includes an input and a substantive process that together significantly contribute to the ability to create outputs.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts of the acquiree.

If the business combination is achieved in stages, the previously held equity interest is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in the income statement.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability is measured at fair value with changes in fair value recognised in the income statement. Contingent consideration that is classified as equity is not remeasured and subsequent settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets acquired, the difference is, after reassessment, recognised in the income statement as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill as at 31 July. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

31 July 2023

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Business combinations and goodwill (continued)

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Where goodwill has been allocated to a cash-generating unit (or group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on the disposal. Goodwill disposed of in these circumstances is measured based on the relative value of the operation disposed of and the portion of the cash-generating unit retained.

### Fair value measurement

The Group measures its investment properties, financial assets at fair value through other comprehensive income, financial assets at fair value through profit or loss, derivative financial instruments and certain financial assets at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 based on quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly
- Level 3 based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

#### Fair value measurement (continued)

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

#### Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than properties under development, completed properties for sale, inventories, deferred tax assets, financial assets, investment properties, assets classified as held for sale and goodwill), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs. In testing a cash-generating unit for impairment, a portion of the carrying amount of a corporate asset (e.g., a headquarters building) is allocated to an individual cash-generating unit if it can be allocated on a reasonable and consistent basis or, otherwise, to the smallest group of cash-generating units.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the income statement in the period in which it arises, unless the asset is carried at a revalued amount, in which case the impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the income statement in the period in which it arises, unless the asset is carried at a revalued amount, in which case the reversal of the impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Related parties**

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

#### or

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Group are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  - (iii) the entity and the Group are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
  - (vi) the entity is controlled or jointly controlled by a person identified in (a);
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
  - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

## Property, plant and equipment and depreciation

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any impairment losses. When an item of property, plant and equipment is classified as held for sale or when it is part of a disposal group classified as held for sale, it is not depreciated and is accounted for in accordance with HKFRS 5, as further explained in the accounting policy for "Non-current assets held for sale". The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the income statement in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

| Buildings                                 | Over the remaining lease terms               |
|---|--|
| Hotel properties                          | Over the remaining lease terms               |
| Leasehold improvements                    | 20% or over the terms of the related leases, |
|   | whichever is shorter                         |
| Theme parks, excluding land and buildings | 10% — 20%                                    |
| Furniture, fixtures and equipment         | 10% — 25%                                    |

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in the income statement in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Construction in progress represents buildings under construction or equipment under installation or testing, which are stated at cost less any impairment losses, and are not depreciated. Cost comprises the direct costs of construction or equipment and capitalised borrowing costs on related borrowed funds during the period of construction. Construction in progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Investment properties**

Investment properties are interests in land and buildings (including the leasehold property held as a right-of-use asset which would otherwise meet the definition of an investment property) held to earn rental income and/or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes; or for sale in the ordinary course of business. These include land held for a currently undetermined future use and properties which are constructed for future use as investment properties.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions as at the end of the reporting period. Gains or losses arising from changes in the fair values of investment properties are included in the income statement in the year in which they arise. Any gains or losses on the retirement or disposal of an investment property are recognised in the income statement in the year of the retirement or disposal.

Properties under construction for future use as investment properties are accounted for in the same way as completed investment properties. Specifically, construction costs incurred for investment properties under construction are capitalised as part of the carrying amounts of the investment properties under construction. Investment properties under construction are measured at fair value as at the end of the reporting period. Any difference between the fair values of the investment properties under construction and their carrying amounts is recognised in the income statement in the period in which it arises.

If the fair value of an investment property under construction is at present not reliably determinable but is expected to be reliably determinable when construction is completed, such investment property under construction is stated at cost until either its fair value becomes reliably determinable or construction is completed, whichever is earlier.

A transfer from investment property under construction to property under development/construction in progress shall be made when, and only when, there is a change in use, evidenced by commencement of development with a view to sale/owner-occupation.

### Properties under development

Properties under development are stated at the lower of cost and net realisable value. Cost comprises the prepaid land lease payments or cost of land together with any other direct costs attributable to the development of the properties and other related expenses capitalised during the development period. Net realisable value is determined by the directors based on prevailing market prices on an individual property basis less estimated costs of completion and costs to be incurred in selling the property.

Once the construction or development of these properties is completed, these properties are reclassified to the appropriate categories of assets.

If a property under development is intended to be redeveloped into an owner-occupied property, it is transferred to construction in progress at the carrying amount.

### Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amounts will be recovered principally through a sales transaction rather than through continuing use. For this to be the case, the asset must be available for immediate sale in its present condition subject only to terms that are usual and customary for the sale of such assets and its sale must be highly probable.

Non-current assets (other than investment properties and financial assets) classified as held for sale are measured at the lower of their carrying amounts and fair values less costs to sell. Property, plant and equipment and intangible assets classified as held for sale are not depreciated or amortised.

## Intangible assets (other than goodwill)

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether the indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is accounted for on a prospective basis.

31 July 2023

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Intangible assets (other than goodwill) (continued)

#### (i) Trademarks

Trademarks are stated at cost less impairment losses.

#### (ii) Customer relationships

Customer relationships are stated at cost less accumulated amortisation and impairment losses. Amortisation is calculated on a straight-line basis over the estimated useful life of 8 to 10 years.

## Completed properties for sale

Completed properties for sale are stated at the lower of cost and net realisable value. Cost includes all development expenditure, applicable borrowing costs and other direct costs attributable to such properties. Cost is determined by an apportionment of the total costs of land and buildings attributable to unsold properties. Net realisable value is determined by the directors based on the prevailing market prices on an individual property basis less cost to be incurred in selling the property.

If an item of completed property for sale becomes owner-occupied, it is transferred to property, plant and equipment at carrying amount.

For a transfer from an item of completed property for sale to investment property that will be carried at fair value as its use has changed as evidenced by commencement of an operating lease, any difference between the fair value of the property at that date and its previous carrying amount shall be recognised in the income statement.

## **Music catalogs**

Music catalogs represent song catalogs, music video recording rights and publishing rights of songs acquired from outsiders. They are stated at cost less accumulated amortisation and impairment losses.

The costs of music catalogs less accumulated impairment loss are amortised based on the proportion of actual revenue earned during the year to total estimated projected revenues subject to a maximum of 15 years. Additional adjustment to accumulated amortisation is made if the projected revenues are different from the previous estimation or to reflect the actual consumption of economic benefits, as appropriate. Estimated projected revenues and related future cash flows, and the amortisation method are reviewed, and adjusted if appropriate, at least at the end of each reporting period.

### Film and TV program products and films and TV programs under production

Film and TV program products are stated at cost less accumulated amortisation and any impairment losses. The portion of film and TV program products to be recovered through use, less estimated residual value and accumulated impairment losses, is amortised based on the proportion of actual revenues earned during the year to their total estimated projected revenues as an approximation of the consumption of their economic benefits. Additional adjustment to accumulated amortisation is made if the projected revenues are different from the previous estimation or to reflect the actual consumption of economic benefits, as appropriate. Cost of film and TV program products, accounted for on a project-by-project basis, includes production costs, costs of services, direct labour costs, facilities and raw materials consumed in the creation of a film or TV program.

Films and TV programs under production include production costs, costs of services, direct labour costs, facilities and raw materials consumed in the creation of films or TV programs. Upon completion and available for commercial exploitation, these films and TV programs under production are reclassified as film and TV program products. Films and TV programs under production are accounted for on a project-by-project basis and are stated at cost less any impairment losses.

#### Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### 31 July 2023

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Leases (continued)

#### Group as a lessee (continued)

#### (a) Right-of-use assets

Right-of-use assets are recognised at the commencement date of the lease (that is the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease terms and the estimated useful lives of the assets as follows:

| the unexpired lease terms |
|---------------------------|
| 2 to 14 years             |
| 2 to 15 years             |
| 5 years                   |
|                           |

If ownership of the leased asset transfers to the Group by the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

When the right-of-use assets relate to interests in leasehold land held as inventories, they are subsequently measured at the lower of cost and net realisable value in accordance with the Group's policy for "Properties under development" and "Completed properties for sale". When a right-of-use asset meets the definition of investment property, it is included in investment properties. The corresponding right-of-use asset is initially measured at cost, and subsequently measured at fair value, in accordance with the Group's policy for "Investment properties".

#### (b) Lease liabilities

Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for termination of a lease, if the lease term reflects the Group exercising the option to terminate the lease. The variable lease payments that do not depend on an index or a rate are recognised as an expense in the period in which the event or condition that triggers the payment occurs.

#### Leases (continued)

#### Group as a lessee (continued)

(b) Lease liabilities (continued)

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., a change to future lease payments resulting from a change in an index or rate) or a change in assessment of an option to purchase the underlying asset.

(c) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). When the Group enters into a lease in respect of a low-value asset, the Group decides whether to capitalise the lease on a lease-by-lease basis. Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

#### Group as a lessor

When the Group acts as a lessor, it classifies at lease inception (or when there is a lease modification) each of its leases as either an operating lease or a finance lease.

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. Rental income is accounted for on a straight-line basis over the lease terms and is included in revenue in the income statement due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases that transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee are accounted for as finance leases.

At the commencement date, as the Group acts as a manufacturer or dealer lessor, the following for each of its finance leases should be recognised:

- (a) revenue being the fair value of the underlying asset, or, if lower, the present value of the lease payments accruing to the lessor, discounted using a market rate of interest;
- (b) the cost of sale being the cost, or carrying amount if different, of the underlying asset less the present value of the unguaranteed residual value; and
- (c) selling profit or loss (being the difference between revenue and the cost of sale) in accordance with its policy for outright sales to which HKFRS 15 applies at the commencement date.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Investments and other financial assets

#### Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of debtors that do not contain a significant financing component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financing component, the Group initially measures a financial asset at its fair value, plus in the case of a financial asset not at fair value through profit or loss, transaction costs. Debtors that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under HKFRS 15 in accordance with the policies set out for "Revenue recognition" below.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are solely payments of principal and interest ("**SPPI**") on the principal amount outstanding. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows, while financial assets classified and measured at fair value through other comprehensive income are held within a business model with the objective of both holding to collect contractual cash flows and selling. Financial assets which are not held within the aforementioned business models are classified and measured at fair value through profit or loss.

The Group has certain investments in film projects and entertainment events which entitle the Group to receive a fixed and/or variable income based on the Group's investment amount and/or expected rate of return as specified in respective agreements. All film investments and investments in entertainment events which give rise to cash flows that are not SPPI on the principal amount outstanding are stated at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

#### Investments and other financial assets (continued)

#### Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

#### Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in the income statement when the asset is derecognised, modified or impaired.

#### Financial assets designated at fair value through other comprehensive income (equity investments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity investments designated at fair value through other comprehensive income when they meet the definition of equity under HKAS 32 *Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to the income statement. Dividends are recognised as other revenue in the income statement when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in other comprehensive income. Equity investments designated at fair value through other comprehensive income are not subject to impairment assessment.

#### Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the income statement.

This category includes derivative instruments and equity investments which the Group had not irrevocably elected to classify at fair value through other comprehensive income. Dividends on equity investments classified as financial assets at fair value through profit or loss are also recognised as other revenue in the income statement when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

31 July 2023

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Investments and other financial assets (continued)

#### Financial assets at fair value through profit or loss (continued)

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognised in the income statement. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

A derivative embedded within a hybrid contract containing a financial asset host is not accounted for separately. The financial asset host together with the embedded derivative is required to be classified in its entirety as a financial asset at fair value through profit or loss.

## Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- \* the rights to receive cash flows from the asset have expired; or
- \* the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a passthrough arrangement, it evaluates if, and to what extent, it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

### Impairment of financial assets

The Group recognises an allowance for expected credit losses ("**ECLs**") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

#### **General approach**

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

At each reporting date, the Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information that is available without undue cost or effort, including historical and forward-looking information. The Group considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due unless the Group has reasonable and supportable information that demonstrates otherwise.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Financial assets at amortised cost are subject to impairment under the general approach and they are classified within the following stages for measurement of ECLs except for debtors which apply the simplified approach as detailed below:

- Stage 1 Financial instruments for which credit risk has not increased significantly since initial recognition and for which the loss allowance is measured at an amount equal to 12-month ECLs
- Stage 2 Financial instruments for which credit risk has increased significantly since initial recognition but that are not credit-impaired financial assets and for which the loss allowance is measured at an amount equal to lifetime ECLs
- Stage 3 Financial assets that are credit-impaired at the reporting date (but that are not purchased or originated credit-impaired) and for which the loss allowance is measured at an amount equal to lifetime ECLs

31 July 2023

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Impairment of financial assets (continued)

#### Simplified approach

For debtors that do not contain a significant financing component or when the Group applies the practical expedient of not adjusting the effect of a significant financing component, the Group applies the simplified approach in calculating ECLs. Under the simplified approach, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For debtors that contain a significant financing component and lease receivables, the Group chooses as its accounting policy to adopt the simplified approach in calculating ECLs as described above.

## Financial liabilities

#### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

#### Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

#### Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in the income statement when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in the income statement.

#### Financial liabilities (continued)

#### Subsequent measurement (continued)

#### Put option liabilities

Put options are financial instruments granted by the Group whereby counterparties may have the rights to request the Group to purchase their equity interests in certain of the Group's subsidiaries for cash when certain conditions are met. If the Group does not have the unconditional right to avoid delivering cash under the put option, the Group has to recognise a financial liability at the present value of the estimated future cash outflows under the put option. The financial liability is initially recognised at fair value.

Subsequently, if the Group revises its estimates of the payments, the Group adjusts the carrying amount of the financial liability to reflect actual and revised estimated cash outflows. At the end of each reporting period, the Group recalculates the carrying amount by computing the present value of the revised estimated future cash outflows at the financial instrument's original effective interest rate and adjustment to its carrying amount is to be recognised as income or expenses in the income statement.

#### Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. A financial guarantee contract is recognised initially as a liability at its fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, the Group measures the financial guarantee contracts at the higher of: (i) the ECL allowance determined in accordance with the policy as set out in "Impairment of financial assets"; and (ii) the amount initially recognised less, when appropriate, the cumulative amount of income recognised.

## Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the income statement.

## Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

31 July 2023

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Derivative financial instruments

#### Initial recognition and subsequent measurement

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

Any gains or losses arising from changes in fair value of derivatives are taken directly to the income statement.

#### **Current versus non-current classification**

Derivative instruments that are not designated as effective hedging instruments are classified as current or non-current or separated into current and non-current portions based on an assessment of the facts and circumstances (i.e., the underlying contracted cash flows).

#### Inventories

Inventories comprise food, beverages, cutlery, linen, supplies used in hotel and restaurant operation, video products and gaming products, are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis and, in the case of work in progress and finished goods, comprises direct materials, direct labour and an appropriate proportion of overheads. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

## Cash and cash equivalents

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, and assets similar in nature to cash, which are not restricted as to use.

#### Provisions

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the income statement.

#### Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised either in other comprehensive income or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised, except:

• when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

31 July 2023

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income tax (continued)

in respect of deductible temporary differences associated with investments in subsidiaries, associates and joint ventures, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be util or part of the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Group has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Dividend income derived from the Company's subsidiaries in Mainland China is subject to a withholding tax under the prevailing tax rules and regulations of the People's Republic of China (the "**PRC**").

#### Mainland China land appreciation tax ("LAT")

LAT is levied at prevailing progressive rates on the appreciation of land value, being the proceeds from the sale of properties less deductible costs.

#### Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the costs, for which it is intended to compensate, are expensed.

Where the grant relates to an asset, the fair value is credited to a deferred income account and is released to the income statement over the expected useful life of the relevant asset by equal annual instalments or deducted from the carrying amount of the asset and released to the income statement by way of a reduced depreciation charge.

#### **Revenue recognition**

#### **Revenue from contracts with customers**

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Group will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

When the contract contains a financing component which provides the customer with a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amount receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Group and the customer at contract inception. When the contract contains a financing component which provides the Group with a significant financial benefit for more than one year, revenue recognised under the contract includes the interest expense accreted on the contract liability under the effective interest method. For a contract where the period between the payment by the customer and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in HKFRS 15.

(a) Sale of properties

Revenue from the sale of completed properties is recognised at the point in time when the control of the property is transferred to the purchaser.

(b) Building management services

Revenue from the provision of building management services is recognised over the scheduled period on a straight-line basis because the customer simultaneously receives and consumes the benefits provided by the Group.

#### (c) Services from hotel operation

Revenue from the provision of services from hotel operation is recognised over the scheduled period on a straight-line basis because the customer simultaneously receives and consumes the benefits provided by the Group.

#### (d) Revenue from restaurant and food & beverage ("F&B") product sales operations

Revenue from restaurant and F&B product sales operations is recognised at the point in time when the control of the assets is transferred to the customer, generally upon consumption of the food and beverage items by the customer.

## 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Revenue recognition (continued)

#### **Revenue from contracts with customers (continued)**

(e) Revenue from theme park operation

Revenue from admission tickets sold is recognised over time when the theme park service is provided to the customer or at the point in time when the tickets are expired; and sale of goods are recognised when the goods are delivered to the customer.

(f) Entertainment events

Revenue from entertainment events organised by the Group is recognised when the events are completed.

- (g) Film distribution Income from films licensed to movie theatres is recognised when the films are exhibited.
- (h) Film licence fee

Licence income from films and TV programs licensed for a fixed fee or non-refundable guarantee under a non-cancellable contract is recognised where an assignment is granted to the licensee which permits the licensee to exploit those rights freely, and where the Group has no remaining obligations to perform and when the film materials have been delivered to licensees.

Licence income from films and TV programs licensed, other than for a fixed fee or non-refundable guarantee under a non-cancellable contract, to licensees, over the licence period is recognised when the films and TV programs are available for showing or telecast.

#### *(i)* Sale of products and albums

Sale of products and albums are recognised when control of the asset is transferred to the customers, generally on delivery of the products or in accordance with the terms of the relevant agreements.

#### (j) Distribution commission

Distribution commission income is recognised when the albums, film materials or TV program materials have been delivered to the wholesalers, distributors and licensees.

#### (k) Album licensing and music publishing

Album licence income and music publishing income are recognised when the licence is used by the customer or the customer simultaneously receives and consumes the benefits provided by the Group in accordance with the terms of the relevant agreements.

# 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Revenue recognition (continued)

### Revenue from contracts with customers (continued)

- Box-office takings
   Revenue from gross box-office takings for film exhibition is recognised at the point in time, upon the sale of tickets and when the film is exhibited.
- (m) Advertising and artiste management

Advertising income and artiste management fee income from entertainment events and TV programs and commission income and handling fees from entertainment events are recognised in the period in which the relevant services are rendered to the customer or the customer simultaneously receives and consumes the benefits provided by the Group.

### **Revenue from other sources**

Rental income is recognised on a time proportion basis over the lease terms. Variable lease payments that do not depend on an index or a rate are recognised as income in the accounting period in which they are incurred.

Income from properties under finance lease is recognised at the commencement date of finance lease when the risks and rewards incidental to the ownership of the underlying properties are substantially transferred to the lessee.

### Other revenue

- (a) Interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.
- (b) Dividend income is recognised when the shareholders' right to receive payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

# **Contract liabilities**

A contract liability is recognised when a payment is received or a payment is due (whichever is earlier) from a customer before the Group transfers the related goods or services. Contract liabilities are recognised as revenue when the Group performs under the contract (i.e., transfers control of the related goods or services to the customer).

31 July 2023

# 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### **Contract costs**

Costs incurred to fulfil a contract with a customer are capitalised as an asset if all of the following criteria are met:

- (a) The costs relate directly to a contract or to an anticipated contract that the entity can specifically identify.
- (b) The costs generate or enhance resources of the entity that will be used in satisfying (or in continuing to satisfy) performance obligations in the future.
- (c) The costs are expected to be recovered.

The capitalised contract costs are amortised and charged to the income statement on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the asset relates. Other contract costs are expensed as incurred.

# Dividends

Final dividends are recognised as a liability when they are approved by the shareholders in a general meeting. Proposed final dividends are disclosed in the notes to the financial statements.

Interim dividends are simultaneously proposed and declared, because the Company's articles of association grant the directors the authority to declare interim dividends. Consequently, interim dividends are recognised immediately as a liability when they are proposed and declared.

## **Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, i.e., assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs capitalised. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

## **Foreign currencies**

These financial statements are presented in Hong Kong dollars, which is the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in the income statement.

# 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Foreign currencies (continued)

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in other comprehensive income or the income statement is also recognised in other comprehensive income or the income statement.

In determining the exchange rate on initial recognition of the related asset, expense or income on the derecognition of a non-monetary asset or non-monetary liability relating to an advance consideration, the date of initial transaction is the date on which the Group initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, the Group determines the transaction date for each payment or receipt of the advance consideration.

The functional currencies of certain overseas/Mainland China subsidiaries, joint ventures and associates are currencies other than the Hong Kong dollar. As at the end of the reporting period, the assets and liabilities of these entities are translated into Hong Kong dollars at the exchange rates prevailing at the end of the reporting period and their income statements are translated into Hong Kong dollars at the exchange rates that approximate to those prevailing at the dates of the transactions.

The resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in the income statement.

Any goodwill arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on acquisition are treated as assets and liabilities of the foreign operation and translated at the closing rate.

For the purpose of the consolidated statement of cash flows, the cash flows of overseas/Mainland China subsidiaries are translated into Hong Kong dollars at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas/Mainland China subsidiaries which arise throughout the year are translated into Hong Kong dollars at the weighted average exchange rates for the year.

# 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# **Employee benefits**

### Share-based payments

The Group operates share option schemes for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Employees (including directors) of the Group receive remuneration in the form of share-based payments, whereby employees render services in exchange for equity instruments ("**equity-settled transactions**").

The cost of equity-settled transactions with employees for grants after 7 November 2002 is measured by reference to the fair value at the date at which they are granted. The fair value is determined by using the Binomial Option Pricing Model ("**Binomial Model**").

The cost of equity-settled transactions is recognised in employee benefit expense, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at the end of each reporting period until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to the income statement for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

For awards that do not ultimately vest because non-market performance and/or service conditions have not been met, no expense is recognised. Where awards include a market or non-vesting condition, the transactions are treated as vesting irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

## Employee benefits (continued)

### Paid leave carried forward

The Group provides paid annual leave to its employees under their employment contracts on a calendar year basis. Under certain circumstances, such leave which remains untaken as at the year end is permitted to be carried forward and utilised by the respective employees in the following year. An accrual is made at the end of the reporting period for the material expected future cost of such paid leave earned during the current financial year by the employees and carried forward.

### **Retirement benefits**

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the "**MPF Scheme**") under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees' basic salaries and are charged to the income statement as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group's subsidiaries which operate in Vietnam and Mainland China are required to participate in central pension schemes operated by the respective governments in Vietnam and the PRC. These subsidiaries are required to contribute a certain percentage of their payroll costs to the central pension schemes. The contributions are charged to the income statement as they become payable in accordance with the rules of the central pension schemes.

# 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

## Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements:

31 July 2023

# 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

### Judgements (continued)

### Impairment of a hotel property located in Hong Kong (the "HK Hotel") and the related right-ofuse assets

The HK Hotel is stated at cost less accumulated depreciation and impairment losses, if any. In determining whether there is any indication of impairment, the Group has to exercise judgement, particularly in assessing the appropriate key assumptions to be applied in preparing cash flow projections. To support the impairment assessment, the Group engaged an external valuer to perform a valuation on the HK Hotel and the related right-of-use assets. Changing the assumptions selected by the valuer to determine whether there is any indication of impairment, including those related to the cash flow projections, such as the estimated average daily room rates, estimated occupancy rates and discount rate, could materially affect the net present value used in the impairment test. The carrying amounts of the HK Hotel and the related right-of-use assets as at 31 July 2023 were approximately HK\$2,838 million (2022: HK\$2,971 million) and HK\$1,380 million (2022: HK\$1,436 million), respectively.

### Classification between investment properties and owner-occupied properties

The Group determines whether a property qualifies as an investment property, and has developed criteria in making that judgement. Investment property is a property held to earn rentals or for capital appreciation or both. Therefore, the Group considers whether a property generates cash flows largely independently of the other assets held by the Group.

Some properties comprise a portion that is held to earn rentals or for capital appreciation and another portion that is held for use in the production or supply of goods or services or for administrative purposes. If these portions could be sold separately or leased out separately under a finance lease, the Group accounts for the portions separately. If the portions could not be sold separately, the property is an investment property only if an insignificant portion is held for use in the production or supply of goods or services or for administrative purposes. Judgement is made on an individual property basis to determine whether ancillary services are so significant that a property does not qualify as an investment property.

# 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

### Judgements (continued)

### Income tax

Deferred tax is provided using the liability method, on all temporary differences as at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

As explained in note 39 to the financial statements, withholding tax is levied on dividends to be distributed by subsidiaries established in Mainland China in respect of earnings generated from 1 January 2008. Deferred tax is provided, at the applicable withholding tax rate, on the undistributed earnings of the Group's PRC subsidiaries that would be distributed to their respective holding companies outside Mainland China in the foreseeable future.

### **Put option liabilities**

As explained in note 34 to the financial statements, put option liabilities arising from the buy-back upon the occurrence of certain triggering events are recognised as financial liabilities. When determining the classification and measurement of the put option liabilities, judgements are exercised, including determining whether the Group has the present ownership interest in the shares subject to the put options, the timing that the triggering events would occur and the possibility that the buy-back would be exercised.

#### Significant judgement in determining the lease term of contracts with renewal options

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate the lease.

The Group includes the renewal period as part of the lease term for leases of leased properties.

### 31 July 2023

# 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

### **Estimation uncertainty**

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

# Impairment assessment of film rights, film and TV program products and films and TV programs under production

Film rights and film and TV program products are stated at cost less accumulated amortisation and any impairment losses. Films and TV programs under production are accounted for on a project-by-project basis and are stated at cost less any impairment losses. Management estimates the costs to be incurred to complete production and the total projected revenues and the related future cash flows, as appropriate, of films and TV programs under production, film rights and film and TV program products based on the historical cost, performance and cash flows of similar films and TV programs, incorporating factors such as the production plans, target markets and distribution plans of the respective films and TV programs, the past box office or similar records and/or other relevant information of the main artistes and directors of the films and TV programs, the genre of the films and TV programs, their anticipated performance in relevant theatrical, home entertainment, television and other ancillary markets, with reference to agreements for future sales, licensing and other exploitations, as appropriate.

These estimated costs to be incurred to complete production, projected revenues and related future cash flows can change significantly due to a variety of factors. Based on both internal and external information available on the films and TV programs under production, film rights and film and TV program products, management reviews the estimated costs to be incurred to complete production, the projected revenues and the related future cash flows of the relevant assets, as appropriate, to assess whether there is any impairment or reversal of impairment. Any change in estimates may have a significant impact on the Group's financial performance. The carrying amounts of film rights, film and TV program products and films and TV programs under production are disclosed in notes 18, 19 and 31 to the financial statements, respectively.

# Estimation of fair values of investment properties and a financial asset at fair value through other comprehensive income

The best evidence of fair value is current prices in an active market for similar properties in the same location and condition and subject to similar leases and other contracts. In the absence of such information, management determines the amount within a range of reasonable fair value estimates. In making its judgement, management considers information from (i) independent valuations; (ii) current prices in an active market for properties of a different nature, condition or location by reference to available market information; (iii) recent prices of similar properties in less active markets, with adjustments to reflect any changes in economic conditions since the dates of transactions that occurred at those prices; and (iv) discounted cash flow projections, based on reliable estimates of future cash flows, derived from the terms of any existing lease and other contracts, and (where possible) from external evidence such as current market rates for similar properties in the same location and condition, and using discount rates that reflect current market assessments of the uncertainty in the amount and timing of cash flows. The carrying amount of investment properties measured at fair value as at 31 July 2023 was approximately HK\$35,752 million (2022: HK\$37,168 million) and that of a financial asset at fair value through other comprehensive income of which the principal asset is an investment property, as at 31 July 2023 was approximately HK\$1,576 million (2022: HK\$1,576 million).

# 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

### Estimation uncertainty (continued)

# Estimation of net realisable value of properties under development and completed properties for sale

In determining the net realisable value of properties under development and completed properties for sale, management takes into consideration of (i) independent valuations by professional valuers; (ii) current market conditions; (iii) estimated selling prices of properties of a similar nature, conditions and locations; and (iv) estimated costs of completion and the estimated costs necessary to make the sale, if any. Write-down on properties under development and/or completed properties for sale to net realisable value is made if the estimated or actual net realisable value of properties under development and completed properties for sale is less than expected as a result of change in market condition.

### Estimation of total budgeted costs and costs to completion for properties under development/ investment properties under construction

The total budgeted costs for properties under development/investment properties under construction comprise (i) leasehold land, (ii) building costs, and (iii) any other direct costs attributable to the development of the properties. In estimating the total budgeted costs for properties under development/ investment properties under construction, management makes reference to information such as (i) current offers from contractors and suppliers, (ii) recent offers agreed with contractors and suppliers, and (iii) professional estimation on construction and material costs.

### Provision for ECLs on debtors and other receivables

The Group uses a provision matrix to calculate ECLs for debtors. The provision rates are based on days past due for groupings of various customer segments with shared risk characteristics. The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At each reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation among historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customers' actual default in the future. The information about the ECLs on the Group's debtors is disclosed in note 33 to the financial statements.

### 31 July 2023

# 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

### Estimation uncertainty (continued)

### Provision for ECLs on debtors and other receivables (continued)

The loss allowances for other receivables are based on assumption about risk of default and expected loss rates. The Group makes adjustment in making these assumptions and selecting the inputs to the ECL calculation, based on the Group's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period. A number of significant judgements are also required in applying the accounting requirements for measuring ECLs, such as:

- Determining criteria for a significant increase in credit risk;
- Identifying economic indicators for forward-looking measurement; and
- Estimating future cash flows for the other receivables.

The information about the provision for ECLs on the Group's other receivables is disclosed in note 28 to the financial statements.

### Useful lives and residual values of items of property, plant and equipment

In determining the useful lives and residual values of items of property, plant and equipment, the Group has to consider various factors, such as technical or commercial obsolescence arising from changes or improvements in production, expected usage of the asset, expected physical wear and tear, the care and maintenance of the asset, and legal or similar limits on the use of the asset. The estimation of the useful life of the asset is based on the experience of the Group with similar assets that are used in a similar way. Additional depreciation is made if the estimated useful lives and/or the residual values of items of property, plant and equipment are different from previous estimation. Useful lives and residual values are reviewed at each financial year end date based on changes in circumstances.

### Impairment of goodwill and trademarks with indefinite useful lives

The Group determines whether goodwill and trademarks with indefinite useful lives are impaired at least on an annual basis. This requires an estimation of the value in use of the cash-generating units or the fair value of a trademark to which the goodwill and trademarks with indefinite useful lives are allocated. Estimating the value in use and fair value requires the Group to make an estimate of the expected future cash flows from the cash-generating units or trademarks and also to choose a suitable discount rate in order to calculate the present value of those cash flows. Details of goodwill and trademarks with indefinite useful lives are disclosed in notes 21 and 22 to the financial statements.

# 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONTINUED)

### Estimation uncertainty (continued)

### Impairment of non-financial assets (other than goodwill)

In determining whether an asset is impaired or the event previously causing the impairment no longer exists, the Group has to exercise judgement in the area of asset impairment, particularly in assessing: (1) whether an event has occurred that may affect the asset value or such event affecting the asset value has not been in existence; (2) whether the carrying value of an asset can be supported by the net present value of future cash flows which are estimated based upon the continued use of the asset or derecognition; and (3) the appropriate key assumptions to be applied in preparing cash flow projections including whether these cash flow projections are discounted using an appropriate rate. Changing the assumptions selected by management to determine the level of impairment, including the discount rates or the growth rate assumptions in the cash flow projections, could materially affect the net present value used in the impairment test.

### Leases — Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in a lease, and therefore, it uses an incremental borrowing rate ("**IBR**") to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group "would have to pay", which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when it needs to be adjusted to reflect the terms and conditions of the lease (for example, when leases are not in the subsidiary's functional currency). The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates (such as the subsidiary's stand-alone credit rating).

### Provision for LAT and corporate income tax ("CIT")

The Group is subject to LAT in the PRC. The provision for LAT is based on management's best estimates according to its understanding of the requirements set forth in the relevant PRC tax laws and regulations. The actual LAT liabilities are subject to the determination by the tax authorities upon the completion of the property development projects. The Group has not finalised its LAT calculations and payments with the tax authorities for certain property development projects. The final tax outcome could be different from the amounts that were initially recorded, and any differences will impact the LAT expenses and the related LAT provision in the period in which such taxes are finalised with the tax authorities.

The Group is mainly subject to CIT in the PRC. Subsequent to the financial year ends of the PRC subsidiaries, management shall make adjustments (and the relevant local tax authorities may raise further adjustments) to the accounting profit to arrive at the taxable income under the process known as annual tax assessment. Management's best estimates with reference to the currently enacted tax laws, regulations and other related policies are required in determining the provision for CIT. Where the final tax outcomes of tax adjustments are different from the amounts originally recorded, the differences will impact on the CIT and related CIT provision in the period in which such taxes are finalised with the tax authorities.

31 July 2023

# 4. Segment Information

For management purposes, the Group has the following reportable segments:

- (a) the property development and sales segment engages in property development and sale of properties;
- (b) the property investment segment invests in commercial and office buildings for their rental income potential and provides building management services;
- (c) the hotel operation segment engages in the operation of and provision of consultancy services to hotels and serviced apartments;
- (d) the restaurant and F&B product sales operations segment engages in the operation of restaurants and sales of food and beverage products;
- the media and entertainment segment engages in the management and production of concerts and the provision of related advertising services, the provision of artiste management services, album sales and the distribution and licensing of music and the trading of gaming products;
- (f) the film and TV program segment engages in the investment in, production of, sale, distribution and licensing of films and TV programs, the provision of related advertising services as well as the distribution of video format products derived from these films and films licensed-in by the Group;
- (g) the cinema operation segment engages in the operation of cinemas in Hong Kong and Mainland China;
- (h) the theme park operation segment engages in development and operation of theme parks in Mainland China; and
- (i) the "others" segment mainly comprises luxury yachting business, the provision of property management services, leasing agency services and building services.

# 4. SEGMENT INFORMATION (CONTINUED)

Management monitors the results of the Group's operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment results, which is a measure of adjusted loss before tax. The adjusted loss before tax is measured consistently with the Group's loss before tax except that fair value (losses)/gains on investment properties, net, finance costs, share of profits and losses of associates, share of profits and losses of joint ventures and other unallocated income and expenses are excluded from such measurement.

Segment assets mainly exclude investments in associates, investments in joint ventures, financial assets at fair value through other comprehensive income, certain financial assets at fair value through profit or loss, derivative financial instruments, deferred tax assets, prepaid tax, certain pledged and restricted bank balances and time deposits, certain cash and cash equivalents, assets classified as held for sale and other unallocated corporate assets as these assets are managed on a group basis.

Segment liabilities mainly exclude bank borrowings, other borrowings, guaranteed notes, tax payable, deferred tax liabilities, put option liabilities included in creditors, other payables and accruals and other unallocated corporate liabilities as these liabilities are managed on a group basis.

Intersegment sales are transacted with reference to the prevailing market prices.

# (b) Performance obligations

Information about the Group's performance obligations is summarised below:

### Sale of properties

Revenue from the sale of properties is recognised at a point in time when the completed property is transferred to customers, being at the point that the customer obtains the control of the completed property. Payment in advance is normally required.

### Hotel operation and building management operation

The performance obligation is satisfied over time as services are rendered. Contracts for hotel services and building management services are for certain periods and are billed based on the time incurred.

#### **Entertainment events**

Revenue from entertainment events organised by the Group is recognised at a point in time when the events are completed. Payment is generally due within 30 to 60 days from the date of billing.

# 6. TURNOVER AND OTHER REVENUE AND GAINS (CONTINUED)

### (b) Performance obligations (continued)

### Film and TV program licence income

The performance obligation is satisfied at a point in time (i) when the films or TV programs licensed to movie theatres are exhibited, (ii) where an assignment is granted to the licensee which permits the licensee to exploit those rights freely and where the Group has no remaining obligations to perform and when the materials have been delivered to the licensee, or (iii) when the films or TV programs are available for showing or telecast. Partial payment in advance for licence income is normally required and the remaining balance is billed according to the payment schedule as stipulated in agreements or upon completion of exhibition of the films or TV programs. Payment is generally due within 30 to 60 days from the date of billing.

# (c) Transaction price allocated to the remaining performance obligations

The Group elected to apply the practical expedient under HKFRS 15 and does not disclose the amount of the transaction price allocated to the remaining obligations for contracts with an original expected duration for one year or less as well as contracts for hotel and serviced apartment operation and building management operations for which the Group bills fixed amount for each month of service provided and recognises revenue in the amount to which the Group has right to invoice.

### 12. DIVIDEND

No final dividend was declared for the years ended 31 July 2023 and 2022.

### 13. Loss Per Share Attributable to Owners of the Company

The calculation of basic loss per share amount was based on the loss for the year attributable to owners of the Company of HK\$2,965,960,000 (2022: HK\$1,966,921,000), and the weighted average number of ordinary shares of 1,211,771,000 (2022: 921,978,000) in issue during the year.

No adjustment has been made to the basic loss per share amounts presented for the years ended 31 July 2023 and 2022 in respect of a dilution as the impact of the share options of the Company, eSun and Lai Fung had an anti-dilutive effect on the basic loss per share amounts presented.

#### 14. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

At 31 July 2023, the HK Hotel comprising hotel properties, leasehold improvements, furniture, fixtures and equipment and computers, named "Hong Kong Ocean Park Marriott Hotel", with carrying amounts of approximately HK\$2,804,819,000, HK\$25,179,000, HK\$5,173,000, and HK\$2,891,000, respectively, totalling HK\$2,838,062,000; certain leasehold buildings, certain hotels and serviced apartments under hotel properties (including related leasehold improvements), theme parks and certain construction in progress with aggregate carrying amount of approximately HK\$2,340,027,000 were pledged to banks to secure banking facilities granted to the Group (note 37).

At 31 July 2022, the HK Hotel comprising hotel properties, leasehold improvements, furniture, fixtures and equipment and computers of Hong Kong Ocean Park Marriott Hotel, with carrying amounts of approximately HK\$2,919,692,000, HK\$32,047,000, HK\$13,115,000, and HK\$6,575,000, respectively, totalling HK\$2,971,429,000; certain serviced apartments under hotel properties (including related leasehold improvements) and certain construction in progress with aggregate carrying amount of approximately HK\$629,072,000 were pledged to banks to secure banking facilities granted to the Group (note 37).

As at 31 July 2023, the Group had conducted an impairment test on property, plant and equipment including property, plant and equipment related to theme parks (each treated as a cash generating unit). The carrying amounts of the cash-generating units were in excess of their recoverable amounts given the market conditions were out of management's expectation. Accordingly, a provision for impairment of approximately HK\$191,413,000 (2022: HK\$375,756,000) was charged to the consolidated income statement for the year. The reversal of impairment loss of HK\$3,006,000 (2022: Nil) represented the write-back of the carrying amounts of certain plant and equipment of certain cinemas to their recoverable amounts because favourable changes on the cinema operation have been taken place during the year ended 31 July 2023. The estimated recoverable amounts as at 31 July 2023 were determined based on their value in use amounts estimated using discount rates ranging from 10% to 12% (2022: 10% to 32%).

Certain investment properties of the Group with an aggregate carrying amount of approximately HK\$33,317,551,000 (2022: HK\$31,314,902,000) were pledged to banks to secure banking facilities granted to the Group (note 37).

#### Valuation process

The directors of the Company have determined that investment properties are completed properties held for rental and investment properties under construction, based on the nature, characteristics and risks of each property. The Group's investment properties were revalued on 31 July 2023 based on valuations performed by Savills Valuation and Professional Services Limited, Savills (UK) Limited and Knight Frank Petty Limited, independent professionally qualified valuers, at HK\$13,035,270,000 (2022: HK\$13,381,720,000), HK\$3,025,651,000 (2022: HK\$3,227,900,000) and HK\$19,690,800,000 (2022: HK\$20,558,602,000), respectively. Each year, the Group's management decides to appoint which external valuer to be responsible for the external valuations of the Group's properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The Group's management has discussions with the valuers on the valuation assumptions and valuation results twice a year when the valuations are performed for interim and annual financial reporting.

#### Fair value measurement using significant unobservable inputs (Level 3)

For completed investment properties, valuations are based on the income approach and the market approach. The income approach is based on capitalisation of the net income and the reversionary income potential by adopting appropriate capitalisation rates, which are derived from analysis of sale transactions and valuers' interpretation of prevailing investor requirements or expectations. The prevailing market rents adopted in the valuation are with reference to valuers' view of recent lettings, within the subject properties and other comparable properties. The market approach is based on market comparable transactions available in the market and adjustments of various factors would be made between the subject properties and comparable properties.

For investment properties in London, the fair values are determined on the basis that they will be redeveloped and completed in accordance with the Group's latest development plans. The valuation is mainly determined by the residual method, and wherever appropriate, by the income approach. The residual method involves calculating the gross development value ("**GDV**") and deducting the estimated development costs and developer's profit. The income approach capitalises the remaining income profiles of the existing buildings until the latest expiry.

For investment properties under construction, the Group has valued such properties on the basis that they will be developed and completed in accordance with the Group's latest development plans. Valuations are based on the residual method, which is essentially a means of valuing the land by reference to its development potential by deducting development costs together with developer's profit and risk associated with the estimated capital value of the proposed development assumed to be completed as at the date of valuation.

## 16. LEASES

#### The Group as a lessee

The Group has lease contracts of certain cinema related properties, other properties and equipment for its operations. Leases of cinema related properties generally have lease terms between 2 and 14 years, while other properties generally have lease terms between 2 and 15 years. Leases of equipment generally have lease terms of 5 years. Generally, the Group is restricted from assigning and subleasing the leased assets outside the Group.

#### (a) Right-of-use assets

The carrying amounts of the Group's right-of-use assets and the movements during the year are as follows:

#### 16. LEASES (CONTINUED)

The Group as a lessee (continued)

#### (a) Right-of-use assets (continued)

During the year ended 31 July 2023, the impairment loss of HK\$5,202,000 (2022: HK\$46,037,000 represented the write-down of the carrying amounts of right-of use assets of certain cinema related properties, other properties and equipment) represented the write-down of the carrying amounts of right-of-use assets of other properties and equipment to their recoverable amounts because the market conditions were out of the management's expectation. The reversal of impairment loss of HK\$7,687,000 (2022: Nil) represented the write-back of the carrying amounts of right-of-use assets of certain cinema related properties to their recoverable amounts because favourable changes on the cinema operation have been taken place during the year ended 31 July 2023. The estimated recoverable amounts as at 31 July 2023 were determined based on their value in use amounts estimated using discount rates ranging from 10% to 12% (2022: 10% to 32%).

At 31 July 2023, certain of the Group's right-of-use assets with a carrying amount of HK\$3,151,616,000 (2022: HK\$2,864,019,000), of which HK\$1,379,611,000 (2022: HK\$1,436,114,000) was in relation to the land on which the HK Hotel is situated, were pledged to secure banking facilities granted to the Group (note 37).

#### (b) Lease liabilities

The carrying amount of the Group's lease liabilities and the movements during the year are as follows:

#### (d) Variable lease payments

The Group leased a number of properties which contain variable lease payment terms that are based on the Group's turnover generated from the properties. There are also minimum annual base rental arrangements for these leases.

(e) The total cash outflow for leases and future cash outflows relating to leases that have not yet commenced are disclosed in notes 52(c) and 44(b) respectively, to the financial statements.

#### The Group as a lessor

The Group leases its investment properties (note 15) under operating lease arrangements. The terms of the leases generally require the tenants to pay security deposits and provide for periodic rental adjustments according to the then prevailing market conditions. Rental income recognised by the Group during the year was HK\$960,191,000 (2022: HK\$1,043,089,000), details of which are included in note 6 to the financial statements.

31 July 2023

#### 16. LEASES (CONTINUED)

#### The Group as a lessor (continued)

At 31 July 2023, the undiscounted lease payments receivable by the Group in future periods under non-cancellable operating leases with its tenants are as follows:

|   | 2023<br>HK\$′000     | 2022<br>HK\$'000     |

|   | 2,704,247            | 2,349,141            |

In addition, the operating lease arrangements for certain investment properties of the Group are contingent based on the turnover of the tenants pursuant to the terms and conditions as set out in the respective agreements. As the future turnover of the tenants could not be accurately determined, the relevant contingent rent has not been included above.

### 18. FILM RIGHTS

Film rights are rights acquired or licensed from outsiders for exhibition/broadcasting and other exploitation of the films and TV programs.

The Group regularly reviews its library of film rights to assess the marketability/future economic benefits of film rights and the corresponding recoverable amounts. The estimated recoverable amounts as at 31 July 2023 and 31 July 2022 were determined based on the present value of expected future revenues and related cash flows arising from the distribution and sublicensing of the film rights, which were derived from discounting the projected cash flows using a discount rate of 13.5% (2022: 13.5%) for the relevant assets.

#### 19. FILM AND TV PROGRAM PRODUCTS (CONTINUED)

The Group regularly reviews its film and TV program products to assess the marketability/future economic benefits of the film and TV program products and the corresponding recoverable amounts. The estimated recoverable amounts as at 31 July 2023 and 31 July 2022 were determined based on the present value of expected future revenues and related cash flows arising from the distribution and sublicensing of the film and TV program products, which were derived from discounting the projected cash flows using a discount rate of 13.5% (2022: 13.5%) for the relevant assets.

#### 20. MUSIC CATALOGS

Music catalogs represent song catalogs, music video recording rights and publishing rights of songs acquired.

#### 21. GOODWILL (CONTINUED)

#### Impairment testing of goodwill

#### CNI CGU

Goodwill of HK\$218,135,000 (2022: HK\$203,951,000) arising from the acquisition of additional equity interests in CNI (as defined in note 50 to the financial statements) and its subsidiaries during the year ended 31 July 2018 was allocated to cash-generating unit (the "**CNI CGU**"), which is included in the components of others segment for impairment testing.

The acquired subsidiaries of the CNI CGU generate cash inflows that are largely independent of the cash inflows from other assets.

Details of impairment test of the CNI CGU are set out in note 22 to the financial statements.

#### F&B CGU A

Goodwill of HK\$3,842,000 (2022: HK\$3,842,000) arising from the acquisition of additional equity interests in three subsidiaries during the year ended 31 July 2016 was allocated to a cash-generating unit (the "**F&B CGU A**"), which is included in the components of the restaurant and F&B product sales operations segment for impairment testing.

The acquired subsidiaries of the F&B CGU A generate cash inflows that are largely independent of the cash inflows from other assets.

The carrying amount of the cash-generating unit, which included the goodwill, was in excess of its recoverable amount as a result of the continuing operating losses incurred. Accordingly, an impairment of approximately HK\$1,319,000 was recognised in prior years.

The recoverable amount of the F&B CGU A has been determined based on a value in use calculation using cash flow projections based on financial budgets covering a five-year period (2022: five-year period) with a growth rate approved by senior management, which is based on management's expectation for market development. The discount rate applied to the cash flow projections is 13.0% (2022: 12.5%).

Assumptions were used in the value in use calculation of the F&B CGU A for the years ended 31 July 2023 and 2022. The following describes each key assumption on which management has based its cash flow projections to undertake impairment testing of goodwill:

Budgeted profit — The basis used to determine the value assigned to the budgeted profit is the historical average profit achieved, adjusted for expected efficiency improvement, and expected market development.

Discount rate — The discount rate used is before tax and reflects specific risks relating to the relevant unit.

#### Impairment testing of goodwill (continued)

#### F&B CGU B

Goodwill of HK\$36,101,000 (2022: HK\$36,101,000) arising from the acquisition of non-wholly-owned subsidiaries during the year ended 31 July 2020 was allocated to a cash-generating unit (the "**F&B CGU B**"), which is included in the components of the restaurant and F&B product sales operations segment for impairment testing.

The acquired subsidiaries of the F&B CGU B generate cash inflows that are largely independent of the cash inflows from other assets.

The carrying amount of the cash-generating unit, which included the goodwill, was in excess of its recoverable amount because the market conditions and the impact of the outbreak of COVID-19 were out of management's expectation. Accordingly, an impairment of approximately HK\$36,101,000 was recognised to write down to its recoverable amount in prior year.

Details of the impairment test of the F&B CGU B are set out in note 22 to the financial statements.

## 22. OTHER INTANGIBLE ASSETS (CONTINUED)

#### Trademarks

Trademarks are regarded as having an indefinite useful life because the trademarked products and services are expected to generate net cash inflows indefinitely.

# Impairment testing of goodwill and trademarks with an indefinite useful life allocated to CNI CGU

The recoverable amount of the CNI CGU has been determined based on a value in use calculation using three-year (2022: three-year) cash flow projections based on financial budgets approved by senior management, which is based on management's expectation for market development. The growth rate used to extrapolate the cash flows of the CNI CGU beyond the three-year (2022: three-year) period is 1.5% (2022: 1.5%). The discount rate applied to the cash flow projections is 1.5% (2022: 1.5%).

Assumptions were used in the value in use calculation of the CNI CGU for the years ended 31 July 2023 and 2022. The following describes each key assumption on which management has based its cash flow projections to undertake impairment testing of goodwill:

Budgeted profit — The basis used to determine the value assigned to the budgeted profit is the historical average profit achieved, adjusted for expected efficiency improvement, and expected market development.

Discount rate — The discount rate used is before tax and reflects specific risks relating to the relevant unit.

# Impairment testing of goodwill and other intangible assets allocated to F&B CGU B

The recoverable amount of the F&B CGU B has been determined based on a value in use calculation using cash flow projections based on financial budgets covering a five-year period with a growth rate approved by senior management, which is based on management's expectation for market development. The discount rate applied to the cash flow projections is 13% (2022: 13%). The terminal growth rate applied to the cash flow projections is 1.9% (2022: 1.4%).

Assumptions were used in the value in use calculation of the F&B CGU B for the years ended 31 July 2023 and 2022. The following describes each key assumption on which management has based its cash flow projections to undertake impairment testing of goodwill:

Budgeted profit — The basis used to determine the value assigned to the budgeted profit is the historical average profit achieved, adjusted for expected efficiency improvement, and expected market development.

Discount rate — The discount rate used is before tax and reflects specific risks relating to the relevant unit.

The amounts due from associates are unsecured, interest-free and repayable on demand but are not expected to be repayable within the next 12 months from the end of the reporting period. In the opinion of the directors, these balances are considered as part of the Group's net investments in the associates.

Loss allowance for impairment of the amounts due from associates represented lifetime ECLs made for the credit-impaired balance.

Movements in the loss allowance for impairment of amounts due from associates are as follows:

As at 31 July 2023, an impairment of HK\$49,007,000 (2022: HK\$53,420,000) was recognised for amounts due from joint ventures with gross carrying amounts of HK\$54,193,000 (2022: HK\$66,605,000) because these joint ventures have been loss-making for some time.

Except for the amount of HK\$1,500,000 (2022: HK\$1,500,000) due from a joint venture which was unsecured, interest-free and repayable on the third anniversary date of the drawdown date of such loan, the amounts due from joint ventures are unsecured, interest-free and repayable on demand but are not expected to be repayable within the next 12 months from the end of the reporting period. In the opinion of the directors, these amounts due from joint ventures are unlikely to be repaid in the foreseeable future and are considered as part of the Group's net investments in the joint ventures.

#### 31 July 2023

## 29. Pledged and Restricted Bank Balances and Time Deposits and Cash and Cash Equivalents (continued)

- \* The balance of HK\$17,999,000 (2022: HK\$17,476,000) was pledged to a bank in respect of a bank guarantee for an associate.
- \*\* The balances included an aggregate amount of HK\$31,186,000 (2022: HK\$30,000,000) pledged to certain banks in respect of a guarantee and a standby letter of credit issued by the banks.
- \*\*\* In accordance with the relevant laws and regulations imposed by the government authorities concerned or the terms and conditions set out in the relevant bank loan agreements, proceeds from the sale and lease of certain properties in Mainland China are required to be deposited into designated bank accounts and restricted to be used for the relevant projects. As at 31 July 2023, the balance was HK\$466,046,000 (2022: HK\$1,797,860,000) in aggregate.

In accordance with the relevant laws and regulations imposed by the government authorities concerned, estimated resettlement costs of certain sites for development in Mainland China are required to be deposited into designated bank accounts. Such deposits are restricted to be used for the resettlement and such restriction will be uplifted upon completion of the resettlement. As at 31 July 2023, the balance was HK\$23,084,000 (2022: HK\$25,127,000) in aggregate.

In accordance with the relevant clauses of certain bank loan facilities, proceeds from the drawdown of bank loans are required to be deposited into designated bank accounts and restricted to be used for the relevant projects. As at 31 July 2023, the balance was HK\$8,411,000 (2022: HK\$35,702,000) in aggregate.

In accordance with the relevant laws and regulations imposed by the government authorities concerned, certain deposits are required to be placed into designated bank accounts restricted as to use. As at 31 July 2023, the balance was HK\$18,403,000 (2022: HK\$17,306,000) in aggregate.

The conversion of Vietnamese Dong ("**VND**")/Renminbi ("**RMB**") denominated cash and bank balances and time deposits into foreign currencies and the remittance of such foreign currencies denominated balances out of Vietnam/Mainland China are subject to the relevant rules and regulations of foreign exchange control promulgated by the respective government authorities concerned. As at 31 July 2023, such VND and RMB denominated cash and bank balances and time deposits of the Group amounted to approximately HK\$177,336,000 (2022: HK\$134,163,000) and approximately HK\$2,222,700,000 (2022: HK\$3,866,634,000), respectively.

Cash at banks earns interest at floating rates based on bank deposit rates. Short-term time deposits are spread over varying periods up to three months based on the estimated cash requirements of the Group, and earn interest at the respective short-term time deposit rates. Bank balances and time deposits are deposited with creditworthy banks with no recent history of default.

#### **30.** Completed Properties for Sale

The completed properties for sale were carried at cost and net realisable value at the end of the reporting period.

During the year ended 31 July 2023, write-down of completed properties for sale of approximately HK\$321,337,000 was charged to the consolidated income statement (2022: Nil).

As at 31 July 2023, certain of the Group's completed properties for sale with a total carrying amount of approximately HK\$449,669,000 (2022: HK\$1,099,983,000) were pledged to banks to secure banking facilities granted to the Group (note 37).

## 32. Assets Classified As Held for Sale

Balance as at 31 July 2023 and 2022 included units of serviced apartments located in Zhongshan (namely, STARR Resort Residence Zhongshan) which were offered for sale with carrying amounts of approximately HK\$1,758,000 and HK\$1,855,000, respectively. The serviced apartments were previously classified as property, plant and equipment. Management had committed to a plan to sell with an active programme to locate buyers already initiated and the disposal was expected to be completed in the ensuing year. As a result, the serviced apartments were transferred to assets classified as held for sale since then.

#### **33.** Debtors

The Group (other than the eSun Group) maintains various credit policies for different business operations in accordance with business practices and market conditions in which the respective subsidiaries operate. Sales proceeds receivable from the sale of properties are settled in accordance with the terms of the respective contracts. Rent and related charges in respect of the leasing of properties are receivable from tenants, and are normally payable in advance with rental deposits received in accordance with the terms of the tenancy agreements. Hotel and restaurant charges are mainly settled by customers on a cash basis except for those corporate clients who maintain credit accounts with the respective subsidiaries, the settlement of which is in accordance with the respective agreements. The Group's trade receivables related to a large number of diversified customers and there is no significant concentration of credit risk. Trade receivables of the Group are non-interest-bearing. The Group's finance lease receivables related to a creditworthy third party.

The trading terms of the eSun Group with its customers are mainly on credit. Invoices are normally payable within 30 to 90 days of issuance, except for certain well-established customers, where the terms are extended to 120 days. Each customer has a maximum credit limit. The eSun Group seeks to maintain strict control over its outstanding receivables and has a credit control policy to minimise its credit risk. Overdue balances are regularly reviewed by senior management. Since the eSun Group trades only with recognised and creditworthy third parties, there is no requirement for collateral. Concentrations of credit risk are managed by customer/counterparty, by geographical region and by industry sector. There are no significant concentrations of credit risk within the eSun Group as the customer bases of the eSun Group's trade receivables are widely dispersed in different sectors and industries. The eSun Group's trade receivables are non-interest-bearing.

Other than rental deposits received, the Group did not hold any collateral or other credit enhancements over these balances.

An impairment analysis is performed at each reporting date using a provision matrix to measure ECLs. The provision rates are based on days past due for grouping of various customer segments with shared risk characteristics. The provision matrix reflects the probability-weighted outcome and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Group has applied the simplified approach to provide for ECLs for trade receivables and finance lease receivables which permits the use of lifetime ECLs provision. To measure the ECLs, the Group considered the historical and forward-looking information. As at 31 July 2023 and 2022, the Group estimated that the ECLs for finance lease receivables were insignificant.

#### Note:

On 19 January 2020, Winfield Concept Limited ("**Winfield**"), a subsidiary owned by Lai Fung and the Company (other than interests held through Lai Fung) as to 80% and 20%, respectively, together with its wholly-owned subsidiary, Zhuhai Hengqin Laisun Creative Culture City Co., Ltd. ("**Laisun Creative Culture**"), entered into an agreement (the "**Da Hengqin Agreement**") with an independent third-party, Zhuhai Da Hengqin Real Estate Co., Ltd. ("**Da Hengqin**"). Pursuant to the Da Hengqin Agreement, among others, Da Hengqin has agreed to make a total capital contribution of approximately RMB948,448,000 in Laisun Creative Culture (the "**Da Hengqin Transaction**"). The Da Hengqin Transaction was completed on 6 August 2020 and Da Hengqin became a holder of 16.68% equity interest in Laisun Creative Culture.

According to the Da Hengqin Agreement, Da Hengqin has been granted a put option pursuant to which Da Hengqin has the right (but not an obligation) to require Laisun Creative Culture and/or Winfield to acquire all equity interest held by Da Hengqin in Laisun Creative Culture upon occurrence of certain events. Accordingly, financial liabilities of approximately RMB825,606,000 (equivalent to approximately HK\$900,726,000 (2022: HK\$959,672,000)), equal to the amount of capital contribution made by Da Hengqin in cash to Laisun Creative Culture, are recorded as put option liabilities under non-current "other payables" of the consolidated statement of financial position as at the end of the reporting period.

Further details of the Da Hengqin Transaction are set out in a circular of Lai Fung dated 30 April 2020.

## 34. CREDITORS, OTHER PAYABLES AND ACCRUALS (CONTINUED)

#### Note: (continued)

On 31 December 2018, Rosy Commerce Holdings Limited ("**Rosy Commerce**", a company indirectly owned by Lai Fung and eSun as to 80% and 20%, respectively) and China Cinda (HK) Asset Management Co., Limited ("**Cinda**"), an independent third party, entered into two investment agreements (the "**Cinda Agreements**"). Pursuant to the Cinda Agreements, Cinda agrees to invest, by way of share subscription and/or share sale, in two wholly-owned subsidiaries of Rosy Commerce, namely Harmonic Run Limited ("**HRL**") and Glorious Stand Limited ("**GSL**") at considerations of approximately US\$27,366,000 and approximately US\$8,386,000, respectively (the "**HRL Consideration**" and "**GSL Consideration**", collectively the "**Considerations**" ) (the "**Cinda Transaction**"). The Cinda Transaction was completed on 25 January 2019 (the "**Cinda Completion Date**") and Cinda became a holder of 30% equity interests in each of HRL and GSL.

On the Cinda Completion Date, Rosy Commerce and Cinda further entered into two shareholders' agreements, pursuant to the buy-back clause contained therein, upon the occurrence of certain triggering events during the sixyear investment period, Rosy Commerce has a contractual obligation to buy-back the 30% equity interests in each of HRL and GSL from Cinda at an aggregate amount equal to the Considerations. Accordingly, financial liabilities, being the amount equal to the Considerations, were recorded as put option liabilities under "Creditors, other payables and accruals" of the consolidated statement of financial position as at the end of the reporting period.

Further details of the Cinda Transaction are set out in a joint announcement of the Company, LSG, eSun and Lai Fung dated 2 January 2019.

#### Notes:

(i) On the Cinda Completion Date, Rosy Commerce and Cinda entered into two shareholders' loan agreements pursuant to which, Cinda provided non-interest-bearing initial shareholder loans of US\$4,414,000 and US\$883,000 to HRL and GSL, respectively (the "HRL Shareholder's Loan" and "GSL Shareholder's Loan"). Such shareholders' loans are repayable upon the earlier of, inter alia, the sixth anniversary of the date of the two shareholders' loan agreements; or the occurrence of the buy-back triggering events mentioned in note 34 to the financial statements.

On 21 June 2023, Rosy Commerce and Cinda entered into a sale and purchase agreement, pursuant to which Rosy Commerce has agreed to purchase from Cinda the 30% equity interest of GSL at the amount equal to the GSL Consideration and take assignment of the GSL Shareholder's Loan (the "Acquisition") with an aggregate amount of approximately US\$9,269,000 in instalments (the "Total Consideration"). As a result, the put option liabilities relating to the GSL Consideration were reclassified to "other payables" under "creditors, accruals and other payables" of the consolidated statement of financial position.

The Acquisition shall be completed upon payment of the Total Consideration in full in accordance with the sale and purchase agreement. Up to 31 July 2023, Rosy Commerce has made the payment of US\$5,000,000 to Cinda and the Acquisition has not yet completed. Subsequent to 31 July 2023, payment of US\$2,000,000 has been made. Further details of the Acquisition are set out in a joint announcement of the Company, LSG and Lai Fung dated 21 June 2023.

- (ii) The unsecured other borrowings represented amounts due to the late Mr. Lim Por Yen which bear interest at The Hongkong and Shanghai Banking Corporation Limited prime rate per annum except for the accrued interest portion with an amount of HK\$120,115,000 (2022: HK\$113,926,000) which is interest-free.
- (iii) The unsecured other borrowing represented an amount due to the late Mr. Lim Por Yen which is interestfree.
- (iv) At the request of the Group, the joint executrixes of the estate of the late Mr. Lim Por Yen confirmed with the Group that no demand for the repayment of the outstanding other borrowings or the related interest would be made within one year from the end of the respective reporting periods.

## **39. DEFERRED TAX (CONTINUED)**

At 31 July 2023, the Group had tax losses arising in Hong Kong of approximately HK\$8.4 billion (2022: HK\$6.9 billion) that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. Deferred tax assets have not been recognised in respect of these losses as they have arisen in subsidiaries that have been loss-making for some time and it is not considered probable that taxable profits will be available against which the tax losses could be utilised.

As at 31 July 2023, the Group had tax losses arising in Mainland China of HK\$1.8 billion (2022: HK\$1.5 billion) that would expire in one to five years for offsetting against future taxable profits of the companies in which the losses arose. Deferred tax assets have not been recognised in respect of these losses as it is not considered probable that taxable profits will be available against which the tax losses could be utilised.

Pursuant to the PRC Corporate Income Tax Law, a 10% withholding tax is levied on dividends declared to foreign investors from the foreign investment enterprises established in Mainland China. The requirement is effective from 1 January 2008 and applied to earnings after 31 December 2007. A lower withholding tax rate may be applied if there is a tax treaty between Mainland China and the jurisdiction of the foreign investors. For the Group, the applicable rate is either 5% or 10% (2022: 5% or 10%). The Group is therefore liable to withholding taxes on dividends to be distributed by those subsidiaries and joint ventures established in Mainland China in respect of earnings generated from 1 January 2008.

For the investment properties that are located in Mainland China, they are held by certain subsidiaries with a business model to consume substantially all the economic benefits embodied in the investment properties over time, rather than through sale, the presumption is rebutted and related deferred tax is determined based on recovery of use. For the remaining investment properties, the tax consequence is on the presumption that they are recovered entirely by sale.

At 31 July 2023, no deferred tax has been recognised for withholding taxes that would be payable on the unremitted earnings that were subject to withholding taxes of certain subsidiaries established in Mainland China. In the opinion of the directors, it was not probable that these subsidiaries will distribute such earnings in the foreseeable future. The aggregate amount of temporary differences associated with investments in subsidiaries in Mainland China for which deferred tax liabilities have not been recognised totalled approximately HK\$15 million as at 31 July 2023 (2022: HK\$16 million).

## 41. SHARE OPTION SCHEMES

#### (a) The Company

#### 2006 Share Option Scheme

On 22 December 2006, the Company adopted a share option scheme (the **"2006 Share Option Scheme**") for the purpose of providing incentives or rewards to eligible participants for their contribution or would be contribution to the Group, to enable the Group to recruit and retain high-calibre employees and to attract human resources that are valuable to the Group. Eligible participants of the 2006 Share Option Scheme include the directors (including executive, non-executive and independent non-executive directors), employees of the Group, agents or consultants of the Group, and employees of the shareholder or any member of the Group or any holder of any securities issued by any member of the Group. The 2006 Share Option Scheme became effective on 29 December 2006. Unless otherwise terminated or amended, the 2006 Share Option Scheme would remain in force for 10 years from 29 December 2006. The 2006 Share Option Scheme (as defined below) on 11 December 2015.

The maximum number of the Company's shares which may be issued upon exercise of all outstanding share options granted and yet to be exercised under the 2006 Share Option Scheme and any other schemes of the Company must not exceed 30% of the Company's total number of shares in issue from time to time. The total number of shares which may be issued upon exercise of all share options to be granted under the 2006 Share Option Scheme and any other schemes of the Company shall not exceed 10% of the total number of shares of the Company in issue as at the date of adopting the 2006 Share Option Scheme unless the Company seeks the approval of its shareholders in a general meeting to refresh the 10% limit under the 2006 Share Option Scheme.

The total number of shares issued and to be issued upon exercise of the share options granted to each eligible participant (including both exercised and outstanding options) in any 12-month period must not exceed 1% of the Company's total number of shares in issue. Any further grant of share options representing in aggregate over 1% of the total number of the Company's shares in issue must be separately approved by the shareholders in general meetings of the Company.

Each grant of share options to a director, chief executive or substantial shareholder of the Company, or to any of their respective associates, shall be subject to approval by the independent non-executive directors of the Company. Any grant of share options to a substantial shareholder or an independent non-executive director of the Company, or to any of their respective associates, representing in aggregate over 0.1% of the shares of the Company in issue or having an aggregate value (based on the closing price of the Company's shares at the date of grant) in excess of HK\$5 million, in the 12-month period up to and including the date of such grant must be approved by shareholders in general meetings of the Company.

#### (a) The Company (continued)

#### 2006 Share Option Scheme (continued)

The offer of a grant of share options shall be accepted within 28 days from the date of offer and acceptance shall be made with a remittance in favour of the Company of HK\$1 by way of consideration for the grant. The exercise period of the share options granted is determinable by the directors of the Company save that such period shall not be more than 10 years from the date of grant of the share options.

The exercise price of share options is determinable by the directors of the Company, but shall not be lower than the highest of (i) the closing price of the Company's shares as stated in the daily quotation sheet of the Stock Exchange on the date of grant, which must be a trading day; and (ii) the average closing price of the Company's shares as stated in the Stock Exchange's daily quotation sheets for the five trading days immediately preceding the date of grant.

Share options do not confer rights on the holders to dividends or to vote at general meetings of the Company.

#### 2015 Share Option Scheme

On 11 December 2015, the Company adopted a new share option scheme (the "**2015 Share Option Scheme**") and terminated the 2006 Share Option Scheme. Subsisting options granted prior to the termination will continue to be valid and exercisable in accordance with the terms of the previous scheme. The purpose of the 2015 Share Option Scheme is to recognise the contribution or future contribution of the eligible participants to the Group by granting share options to them as incentives or rewards and to attract, retain and motivate high-calibre eligible participants in line with the performance goals of the relevant companies. Eligible participants include but are not limited to the directors and any employee of the Group. The 2015 Share Option Scheme at the annual general meeting of the Company held on 16 December 2022, no further share options can be granted thereunder but the subsisting share options granted prior to the termination will continue to be valid and exercisable in accordance with the terms of the 2015 Share Option Scheme at the annual general meeting of the Company held on 16 December 2022, no further share options can be granted thereunder but the subsisting share options granted prior to the termination will continue to be valid and exercisable in accordance with the terms of the 2015 Share Option Scheme.

The maximum number of shares which may be issued upon the exercise of all options to be granted under the 2015 Share Option Scheme (i) shall not exceed 10% of the shares of the Company in issue at the date of adopting the 2015 Share Option Scheme; (ii) shall not exceed 30% of the shares of the Company in issue from time to time; and (iii) to each eligible participant and within any 12-month period, is limited to 1% of the shares of the Company in issue at any time. Any further grant of share options in excess of the limits set out in (i) and (iii) is subject to the approval of shareholders of the Company and the shareholders of LSG (so long as the Company is a subsidiary of LSG under the Listing Rules) in the respective general meetings.

## 41. SHARE OPTION SCHEMES (CONTINUED)

(a) The Company (continued)

#### 2015 Share Option Scheme (continued)

Share options granted to a director, chief executive or substantial shareholder of the Company, or to any of their associates, are subject to approval in advance by the independent non-executive directors of each of the Company and LSG (so long as the Company is a subsidiary of LSG under the Listing Rules). In addition, any share options granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their associates, in excess of 0.1% of the shares of the Company in issue at any time or with an aggregate value (based on the closing price of the Company's shares at the date of grant) in excess of HK\$5 million, within any 12-month period, are subject to the approval of shareholders of the Company and the shareholders of LSG (so long as the Company is a subsidiary of LSG under the Listing Rules) in the respective general meetings.

The offer of a grant of share options may be accepted within 30 days from the date of grant, upon payment of a nominal consideration of HK\$1 in total by the grantee. The exercise period of the share options granted is determined by the directors of the Company, save that such period shall not be longer than 10 years from the date of grant of the share options.

The exercise price of the share options is determinable by the directors of the Company, which shall be at least the highest of (i) the closing price of the Company's shares as stated in the daily quotation sheets of the Stock Exchange on the date of grant of the share options; and (ii) the average closing price of the Company's shares as stated in the daily quotation sheets of the Stock Exchange for the five trading days immediately preceding the date of grant.

Share options do not confer rights on the holders to dividends or to vote at general meetings of the Company.

\* The exercise price of the share options is subject to adjustment in the case of rights or bonus issues, or other relevant changes in the Company's share capital.

The closing price of the Company's shares immediately before the date of grant of share options during the year ended 31 July 2022 was HK\$4.32 per share.

The fair value of the share options granted during the year ended 31 July 2022 was approximately HK\$550,000, HK\$1.774 each, of which the Group recognised the entire amount as an expense during the year ended 31 July 2022.

#### (a) The Company (continued)

The fair value of the equity-settled share options granted during the year ended 31 July 2022 was estimated as at the date of grant using the Binomial Model, taking into account the terms and conditions upon which the options were granted. The following table lists the inputs to the model used:

| Date of valuation                    | 25 January<br>2022 |
|--------------------------------------|--------------------|
|                                      |                    |
| Closing share price (HK\$ per share) | 4.250              |
| Exercise price (HK\$ per share)      | 4.380              |
| Expected life of options (years)     | 10                 |
| Risk-free interest rate (%)          | 1.727              |
| Dividend yield (%)                   | 0.0                |
| Expected volatility (%)              | 36.586             |
| Historical volatility (%)            | 36.586             |
| Forfeiture rate (%)                  | 2.200              |

The expected life of the options is not necessarily indicative of the exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome.

No other feature of the options granted was incorporated into the measurement of fair value.

Other than the movements of the share options as detailed above, no options were granted, exercised, cancelled or lapsed in accordance with the terms of the 2006 Share Option Scheme and the 2015 Share Option Scheme.

As at 31 July 2023, a total of 896,604 underlying shares comprised in share options were outstanding, of which 193,176 underlying shares relate to share options granted under the 2006 Share Option Scheme and 703,428 underlying shares relate to share options granted under the 2015 Share Option Scheme, represented approximately 0.01% and 0.05% of the Company's shares in issue, respectively, as at that date.

### 41. SHARE OPTION SCHEMES (CONTINUED)

#### (a) The Company (continued)

#### 2022 Share Option Scheme

On 16 December 2022 (the "Adoption Date"), the Company adopted of a new share option scheme (the "2022 Share Option Scheme") and terminated the 2015 Share Option Scheme. Subsisting options granted prior to the termination will continue to be valid and exercisable in accordance with the terms of the 2006 Share Option Scheme and the 2015 Share Option Scheme. The purpose of the 2022 Share Option Scheme is to recognise the contribution or future contribution of the Eligible Participants (as defined in the 2022 Share Option Scheme) for their contribution to the Group by granting share options to them as incentives or rewards and to attract, retain and motivate high-calibre Eligible Participants in line with the performance goals of the Group and the Related Entities (as defined in the 2022 Share Option Scheme). Eligible Participants include but are not limited to the directors, chief executive, employees of the Group and related entity and the service providers. The 2022 Share Option Scheme shall strengthen the many long-term relationships that the Eligible Participants may have with the Group. The 2022 Share Option Scheme became effective on 19 December 2022 (the "Effective Date"). Unless otherwise altered or terminated, the 2022 Share Option Scheme will be valid and effective for a period of 10 years commencing on the Effective Date.

The maximum number of shares which may be issued upon the exercise of all share options to be granted under the 2022 Share Option Scheme and any other share option schemes and share award schemes of the Company (i) shall not in aggregate exceed 10% of shares of the Company in issue at the Adoption Date; (ii) to the Service Provider (as defined in the 2022 Share Option Scheme), shall not exceed 1% of shares of the Company in issue at the Adoption Date; and (iii) to each Eligible Participant in the 2022 Share Option Scheme and within any 12-month period, is limited to 1% of shares of the Company in issue at any time. Any further grant of share options in excess of the limits set out in (i), and (ii) must be subject to the approval of the shareholders of the Company and the shareholders of LSG (so long as the Company is a subsidiary of LSG under the Listing Rules) in the respective general meetings after three years from the Adoption Date or the last refreshment.

Share options granted to Eligible Participants (as defined in the 2022 Share Option Scheme), including a director, chief executive or substantial shareholder of the Company, or to any of their respective associates, are subject to the approval by the independent non-executive directors of each of the Company and LSG (so long as the Company is a subsidiary of LSG under the Listing Rules). In addition, any share options granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their respective associates, in excess of 0.1% of the relevant class of shares of the Company, within any 12-month period up to and including the date of grant, are subject to the approval by the shareholders of the Company and the shareholders of LSG (so long as the Company is a subsidiary of LSG under the Listing Rules) in the respective general meetings.

#### (a) The Company (continued)

#### 2022 Share Option Scheme (continued)

The offer of a grant of share options may be accepted within 30 days from the date of grant, upon payment of a nominal consideration of HK\$1 in total by the grantee. The exercise period of the share options granted is determined by the directors of the Company provided that such period must not be longer than 10 years from the date upon which any share option is granted in accordance with the 2022 Share Option Scheme.

A share option must be held by the option holder for at least 12 months before the share option can be exercised. A shorter vesting period may be granted to the Employee Participants (as defined in the 2022 Share Option Scheme) at the discretion of the board of directors of the Company in the circumstances as set out in the 2022 Share Option Scheme.

The exercise price of the share options is determinable by the directors of the Company, which shall be at least the highest of (i) the closing price of the Company's shares as stated in the daily quotation sheet of the Stock Exchange on the date of grant of the share options; and (ii) the average closing price of the Company's shares as stated in the daily quotation sheet of the Stock Exchange for the five trading days immediately preceding the date of grant.

Share options do not confer rights on the holders to dividends or to vote at general meetings of the Company.

During the year, no share options were granted, exercised, cancelled or lapsed in accordance with the terms of the 2022 Share Option Scheme.

#### (b) eSun

#### 2015 eSun Share Option Scheme

On 11 December 2015 (the "**2015 eSun Adoption Date**"), eSun adopted a new share option scheme (the "**2015 eSun Share Option Scheme**"). The purpose of the 2015 eSun Share Option Scheme is to recognise the contribution or future contribution of the Eligible Participants (as defined in the 2015 eSun Share Option Scheme) to the eSun Group by granting share options to them as incentives or rewards and to attract, retain and motivate the Eligible Participants in line with the performance goals of the Relevant Companies (as defined in the 2015 eSun Share Option Scheme). Eligible Participants include but are not limited to the directors and any employees of the eSun Group. Upon the termination of the 2015 eSun Share Option Scheme at the annual general meeting of eSun held on 16 December 2022, no further share options can be granted thereunder but the subsisting share options granted prior to the termination will continue to be valid and exercisable in accordance with the terms of the 2015 eSun Share Option Scheme.

### 41. SHARE OPTION SCHEMES (CONTINUED)

(b) eSun (continued)

#### 2015 eSun Share Option Scheme (continued)

The principal terms of the 2015 eSun Share Option Scheme are:

- (i) The maximum number of shares in respect of which share options may be granted under the 2015 eSun Share Option Scheme and any other share option schemes of eSun (i) shall not in aggregate exceed 10% of the total issued eSun shares on the 2015 eSun Adoption Date; (ii) shall not exceed 30% of the total issued eSun shares from time to time; and (iii) to each Eligible Participant in the 2015 eSun Share Option Scheme and within any 12-month period, is limited to 1% of total issued eSun shares at any time. Any further grant of share options in excess of the limits set out in (i) and (iii) must be subject to the approval of the shareholders of eSun and the shareholders of the Company (so long as eSun is a subsidiary of the Company under the Listing Rules) in the respective general meetings.
- (ii) Share options granted to a director, chief executive or substantial shareholder of eSun, or to any of their respective associates, are subject to approval by the independent non-executive directors of eSun and the Company (so long as eSun is a subsidiary of the Company under the Listing Rules). In addition, any share options granted to a substantial shareholder or an independent non-executive director of eSun, or to any of their respective associates, in excess of 0.1% of the total issued eSun shares at any time and with an aggregate value (based on the closing price of eSun shares as stated in the Stock Exchange's daily quotation sheet on the date of grant) in excess of HK\$5 million, within any 12-month period up to and including the date of grant, are subject to the approval by the shareholders of eSun and the shareholders of the Company (so long as eSun is a subsidiary of the Company under the Listing Rules) in the respective general meetings.
- (iii) The offer of a grant of share options may be accepted within 30 days from the date of offer, to be accompanied by payment of a consideration of HK\$1 per share option by the grantee.
- (iv) The exercise period of the share options granted is determined by the directors of eSun provided that such period must not be longer than 10 years from the date upon which any share option is granted in accordance with the 2015 eSun Share Option Scheme.
- (v) The subscription (or exercise) price of any share options is determinable by the directors of eSun, and shall be at least the highest of (i) the closing price of eSun shares in the Stock Exchange's daily quotation sheet on the date of the offer of grant; (ii) the average closing price of eSun shares in the Stock Exchange's daily quotation sheets for the five trading days immediately preceding the date of the offer of grant; and (iii) the nominal value of an eSun share on the date of the offer of grant.

Share options do not confer rights on the holders to dividends or to vote at general meetings of eSun.

## 41. SHARE OPTION SCHEMES (CONTINUED)

#### (b) eSun (continued)

#### 2015 eSun Share Option Scheme (continued)

The closing price of the eSun share immediately before the date of grant of share options during the year ended 31 July 2022 was HK\$0.37. The fair value of the share options granted was approximately HK\$243,000, which was recognised as share option expense during the year ended 31 July 2022.

The fair value of the equity-settled share options granted during the year ended 31 July 2022 was estimated as at the date of grant using the Binomial Model, taking into account the terms and conditions upon which the share options were granted. The following table lists the inputs to the model used:

| Date of valuation                    | 21 January<br>2022 |
|--------------------------------------|--------------------|
|                                      |                    |
| Closing share price (HK\$ per share) | 0.360              |
| Exercise price (HK\$ per share)      | 0.500              |
| Expected life of options (years)     | 10                 |
| Risk-free interest rate (%)          | 1.737              |
| Dividend yield (%)                   | 0.0                |
| Expected volatility (%)              | 52.626             |
| Historical volatility (%)            | 52.626             |
| Forfeiture rate (%)                  | 2.200              |

The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome. The value of the share options is subject to a number of assumptions and with regard to the limitation of the Binomial Model. Therefore, the value may be subjective and would change should any of the assumptions change.

Other than the movements of the share options as detailed above, no share options were granted, exercised, cancelled or lapsed in accordance with the terms of the 2015 eSun Share Option Scheme during the years ended 31 July 2023 and 2022.

As at 31 July 2023, a total of 1,500,000 (2022: 1,500,000) underlying eSun shares relating to share options granted under the 2015 eSun Share Option Scheme were outstanding and they represented approximately 0.09% (2022: 0.10%) of the total issued eSun shares as at that date.

(b) eSun (continued)

#### 2022 eSun Share Option Scheme

At the annual general meeting of eSun held on 16 December 2022 (the **"2022 eSun Adoption Date**"), the shareholders of eSun approved the adoption of a new share option scheme (the "**2022 eSun Share Option Scheme**") which became effective on 19 December 2022 (the **"2022 eSun Share Option Scheme Effective Date**"). Unless otherwise cancelled or amended, the 2022 eSun Share Option Scheme will remain in force for 10 years from the 2022 eSun Share Option Scheme Effective Date, which will expire on 19 December 2032.

The purpose of the 2022 eSun Share Option Scheme is to recognise the contribution or future contribution of the Eligible Participants including but not limited to the directors, chief executives, employees and service providers of the eSun Group as well as the related entity participants (as defined in the 2022 eSun Share Option Scheme) for their contribution to the eSun Group by granting share options to them as incentives or rewards and to attract, retain and motivate high-calibre Eligible Participants in line with the performance goals of the eSun Group and the related entities. The 2022 eSun Share Option Scheme shall strengthen the many long-term relationships that the Eligible Participants may have with the eSun Group.

The principal terms of the 2022 eSun Share Option Scheme are:

- (i) The maximum number of shares in respect of which share options may be granted under the 2022 eSun Share Option Scheme and any other share option schemes and share award schemes of eSun (i) shall not in aggregate exceed 10% of the number of the total issued eSun shares on the 2022 eSun Adoption Date (i.e. 149,185,459 shares); (ii) to the Service Providers (as defined in the 2022 eSun Share Option Scheme), shall not exceed 1% of the number of the total issued eSun shares on the 2022 eSun Adoption Date (i.e. 14,918,545 shares); and (iii) to each Eligible Participant in the 2022 eSun Share Option Scheme and within any 12-month period, is limited to 1% of the total issued eSun shares at any time. Any further grant of share options in excess of the limits set out in (i) and (ii) must be subject to the approval of the shareholders of eSun and the shareholders of the Company and/or LSG (so long as eSun is a subsidiary of the Company and/or LSG under the Listing Rules) in the respective general meetings after three years of the 2022 eSun Adoption Date or the last refreshment.
- (ii) Share options granted to Eligible Participants (as defined in the 2022 eSun Share Option Scheme), including a director, chief executive or substantial shareholder of eSun, or to any of their respective associates, are subject to the approval by the independent nonexecutive directors of eSun and the Company and/or LSG (so long as eSun is a subsidiary of the Company and/or LSG under the Listing Rules). In addition, any share options granted to a substantial shareholder or an independent non-executive director of eSun, or to any of their respective associates, in excess of 0.1% of the relevant class of shares of eSun, within any 12-month period up to and including the date of grant, are subject to the approval by the shareholders of eSun and the shareholders of the Company and/or LSG (so long as eSun is a subsidiary of the Company and/or LSG under the Listing Rules) in the respective general meetings.

### 41. SHARE OPTION SCHEMES (CONTINUED)

(b) eSun (continued)

#### 2022 eSun Share Option Scheme (continued)

The principal terms of the 2022 eSun Share Option Scheme are: (continued)

- (iii) The offer of a grant of share options may be accepted within 30 days from the date of offer, to be accompanied by payment of a consideration of HK\$1 per share option by the grantee.
- (iv) The exercise period of the share options granted is determined by the directors of eSun provided that such period must not be longer than 10 years from the date upon which any share option is granted in accordance with the 2022 eSun Share Option Scheme.
- (v) A share option must be held by the option holder for at least 12 months before the share option can be exercised. A shorter vesting period may be granted to the Employee Participants (as defined in the 2022 eSun Share Option Scheme) at the discretion of the board of directors of eSun in the circumstances as set out in the 2022 eSun Share Option Scheme.
- (vi) The exercise price of any share options is determinable by the directors of eSun, and shall be at least the highest of (i) the closing price of eSun share as stated in the Stock Exchange's daily quotation sheet on the date of the offer of grant; (ii) the average of the closing price of eSun share as stated in the Stock Exchange's daily quotation sheets for the five trading days immediately preceding the date of the offer of grant; and (iii) the nominal value of eSun share on the date of the offer of grant.

Share options do not confer rights on the holders to dividends or to vote at general meetings of eSun.

During the year, no share options were granted, exercised, cancelled or lapsed in accordance with the terms of the 2022 eSun Share Option Scheme.

### (c) Lai Fung

#### 2012 Lai Fung Share Option Scheme

On 18 December 2012 (the "2012 Lai Fung Adoption Date"), Lai Fung adopted a share option scheme (the "2012 Lai Fung Share Option Scheme"). Unless otherwise cancelled or amended, the 2012 Lai Fung Share Option Scheme will remain in force for 10 years from the 2012 Lai Fung Adoption Date. The purpose of the 2012 Lai Fung Share Option Scheme is to recognise the contribution or future contribution of the Eligible Participants (as defined in the 2012 Lai Fung Share Option Scheme) to the Lai Fung Group by granting share options to them as incentives or rewards and to attract, retain and motivate high-calibre Eligible Participants in line with the performance goals of the Relevant Companies (as defined in the 2012 Lai Fung Share Option Scheme). Eligible Participants include but are not limited to the directors and any employees of the Lai Fung Group. The 2012 Lai Fung Share Option Scheme expired on 17 December 2022.

The maximum number of shares which may be issued upon the exercise of all options to be granted under the 2012 Lai Fung Share Option Scheme (i) shall not exceed 10% of the shares of Lai Fung in issue on the 2012 Lai Fung Adoption Date; (ii) shall not exceed 30% of the shares of Lai Fung in issue from time to time; and (iii) to each Eligible Participant and within any 12-month period, is limited to 1% of the shares of Lai Fung in issue at any time. Any further grant of share options in excess of the limits set out in (i) and (iii) is subject to the approval of shareholders of Lai Fung and the shareholders of the holding company of Lai Fung in the respective general meetings.

#### (c) Lai Fung (continued)

#### 2012 Lai Fung Share Option Scheme (continued)

Share options granted to a director, chief executive or substantial shareholder of Lai Fung, or to any of their associates, are subject to approval in advance by the independent non-executive directors of each of Lai Fung and the holding company of Lai Fung. In addition, any share options granted to a substantial shareholder or an independent non-executive director of Lai Fung, or to any of their associates, in excess of 0.1% of the shares of Lai Fung in issue at any time or with an aggregate value (based on the closing price of Lai Fung shares at the date of grant) in excess of HK\$5 million, within any 12-month period, are subject to the approval of shareholders of Lai Fung and the shareholders of the holding company of Lai Fung in the respective general meetings.

The offer of a grant of share options may be accepted within 30 days from the date of grant, upon payment of a nominal consideration of HK\$1 in total by the grantee. The exercise period of the share options granted is determined by the directors of Lai Fung, save that such period shall not be longer than 10 years from the date of grant of the share options.

The exercise price of the share options is determinable by the directors of Lai Fung, which shall be at least the highest of (i) the Stock Exchange closing price of Lai Fung shares on the date of grant of the share options; (ii) the average Stock Exchange closing price of Lai Fung shares for the five trading days immediately preceding the date of grant; and (iii) the nominal value of Lai Fung shares on the date of grant.

Share options do not confer rights on the holders to dividends or to vote at shareholders' meetings of Lai Fung.

#### 2012 Lai Fung Share Option Scheme (continued)

The closing price of the Lai Fung shares immediately before the date of grant of share options during the year ended 31 July 2022 was HK\$6.00.

The fair value of the share options granted during the year ended 31 July 2022 was approximately HK\$1,076,000, HK\$2.4447 each which was recognised as a share option expense of approximately HK\$1,076,000 and HK\$495,000 (before and after capitalisation to properties under development/ investment properties under construction/construction in progress, respectively) for the year ended 31 July 2022.

The fair value of the equity-settled share options granted during the year ended 31 July 2022 was estimated as at the date of acceptance using the Binomial Model, taking into account the terms and conditions upon which the options were granted. The following table lists the inputs to the model used:

|                                      | 21 January |
|--------------------------------------|------------|
| Date of valuation                    | 2022       |
|                                      |            |
| Closing share price (HK\$ per share) | 5.750      |
| Exercise price (HK\$ per share)      | 5.750      |
| Option life (years)                  | 10         |
| Risk-free interest rate (%)          | 1.7370     |
| Dividend yield (%)                   | 0          |
| Expected volatility (%)              | 37.528     |
| Historical volatility (%)            | 37.528     |
| Forfeiture rate (%)                  | 0          |

The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may also not necessarily be the actual outcome. The value of the share options is subject to a number of assumptions and with regard to the limitation of the Binomial Model. Therefore, the value may be subjective and would change should any of the assumptions change.

Other than the lapse of share options comprising 7,610,690 Lai Fung underlying shares, no share options were granted, exercised, lapsed or cancelled in accordance with the terms of the 2012 Lai Fung Share Option Scheme during the year.

As at 31 July 2023, a total of 830,000 (2022: 8,440,690) Lai Fung underlying shares relating to share options granted under the 2012 Lai Fung Share Option Scheme were outstanding, represented approximately 0.25% (2022: 2.55%) of the Lai Fung shares in issue as at that date.

### 41. SHARE OPTION SCHEMES (CONTINUED)

(c) Lai Fung (continued)

#### 2022 Lai Fung Share Option Scheme

On 16 December 2022 (the "**2022 Lai Fung Adoption Date**"), Lai Fung adopted a new share option scheme (the "**2022 Lai Fung Share Option Scheme**") which became effective on 19 December 2022 (the "**2022 Lai Fung Share Option Scheme Effective Date**"). The purpose of the 2022 Lai Fung Share Option Scheme is to recognise the contribution or future contribution of the Eligible Participants (as defined in the 2022 Lai Fung Share Option Scheme) to the Lai Fung Group by granting options to them as incentives or rewards and to attract, retain and motivate high-caliber Eligible Participants in line with performance goals of the Lai Fung Group and the related entities. Eligible Participants include but are not limited to the directors, chief executive and employees of the Lai Fung Group and related entities, and service providers of the Lai Fung Group. Unless otherwise cancelled or amended, the 2022 Lai Fung Share Option Scheme will remain in force for 10 years from the 2022 Lai Fung Share Option Scheme Effective Date.

The maximum number of shares which may be issued upon the exercise of all options to be granted under the 2022 Lai Fung Share Option Scheme (i) shall not (when aggregated with any other share option scheme(s) and share award scheme(s) of Lai Fung) exceed 10% of the shares of Lai Fung in issue on the 2022 Lai Fung Adoption Date ("**Scheme Mandate Limit**"); and (ii) shall not exceed 1% of the shares of Lai Fung in issue on the 2022 Lai Fung Adoption Date ("Scheme Mandate Limit"); and (ii) shall not exceed 1% of the shares of Lai Fung in issue on the 2022 Lai Fung Adoption Date in respect of options that may be granted to service providers. The total number of shares issued and to be issued upon exercise of the options and awards granted to each Eligible Participant or grantee (including exercised and outstanding options but excluding any options and awards lapsed in accordance with the terms of such schemes) in any 12-month period up to the date of grant shall not exceed 1% of the number of total issued shares at the date of grant.

Lai Fung may seek separate approval by the shareholders in its general meeting for granting options beyond the Scheme Mandate Limit provided that the options in excess of the Scheme Mandate Limit are granted only to the Eligible Participants specifically identified by Lai Fung before such approval is sought.

Any grant of options to an Eligible Participant who is a director, chief executive or substantial shareholder of Lai Fung or their respective associates must be approved by the independent non-executive directors of Lai Fung (excluding any independent non-executive director who is a proposed grantee of the relevant options) and shall comply with the requirements of Rule 17.04 of the Listing Rules. Where options are proposed to be granted to independent non-executive director or substantial shareholder of Lai Fung, or any of their respective associates and if such grant would result in the total number of shares issued and to be issued in respect of all options and awards (excluding any options and awards lapsed in accordance with the terms of the 2022 Lai Fung Share Option Scheme) granted to such person in the 12-month period up to and including the date of grant to such person representing in aggregate over 0.1% of the relevant class of shares, then the proposed grant must be subject to the approval of shareholders taken on a poll in a general meeting.

#### (c) Lai Fung (continued)

#### 2022 Lai Fung Share Option Scheme (continued)

Save for the circumstances as set out in the 2022 Lai Fung Share Option Scheme that a shorter vesting period may be granted to the employee participants at the sole discretion of the board of directors of Lai Fung, an option must be held by the option holder for at least 12 months before the option can be exercised.

The offer of a grant of share options may be accepted within 30 days from the date of grant, upon payment of a nominal consideration of HK\$1 in total by the grantee. The exercise period of the share options granted is determined by the directors of Lai Fung, save that such period shall not be longer than 10 years from the date of grant of the share options.

The exercise price of the share options is determinable by the directors of Lai Fung, which shall be at least the highest of (i) the Stock Exchange closing price of Lai Fung shares on the date of grant of the share options; (ii) the average Stock Exchange closing price of Lai Fung shares for the five trading days immediately preceding the date of grant; and (iii) the nominal value of Lai Fung shares on the date of grant.

Share options do not confer rights on the holders to dividends or to vote at shareholders' meetings of Lai Fung.

During the year, no share options were granted, exercised, cancelled or lapsed in accordance with the terms of the 2022 Lai Fung Share Option Scheme.

### 42. Reserves

The amounts of the Group's reserves and the movements therein for the years ended 31 July 2023 and 2022 are presented in the consolidated statement of changes in equity.

#### Statutory reserve

Pursuant to the relevant laws and regulations in the PRC, the subsidiaries and the joint ventures of the Company, which are registered in the PRC, are required to transfer a certain percentage of their net profit after tax (after offsetting any prior years' losses, if any) to the statutory reserve funds which are restricted as to use, until the balance of the statutory reserve funds reaches 50% of the entity's registered capital.

### Other reserve

The other reserve mainly comprised of the reserve arising from the acquisition of the additional equity interests in subsidiaries.

## 43. PARTLY-OWNED SUBSIDIARIES WITH MATERIAL NON-CONTROLLING INTERESTS

Details of the Group's subsidiaries that have material non-controlling interests are set out below. The summarised financial information below represents amounts after fair value adjustments and before intragroup eliminations.

### 44. COMMITMENTS

(a) The Group had the following commitments not provided for in the financial statements at the end of the reporting period:

|  | 2023<br>HK\$′000 | 2022<br>HK\$′000 |
|--|------------------|------------------|
|  |                  |                  |
| Contracted, but not provided for                   |                  |                  |
| Purchase of items of property, plant and equipment | 58,896           | 19,942           |
| Additions to investment properties                 | 1,656            | 22,824           |
| Construction, development and resettlement costs   | 223,938          | 756,308          |
|  |                  |                  |
|  | 284,490          | 799,074          |

(b) The Group had lease contracts that had not yet commenced as at 31 July 2022. The future lease payments for these non-cancellable lease contracts were HK\$7,800,000 due within one year, HK\$129,800,000 due in the second to fifth years, inclusive and HK\$195,790,000 due after five years.

## 45. CONTINGENT LIABILITIES

Save as disclosed elsewhere in the financial statements, the Group also had the following contingent liabilities at the end of the reporting period:

(a) Contingent liabilities not provided for in the financial statements:

|   | 2023     | 2022     |
|---|----------|----------|
|   | HK\$'000 | HK\$'000 |
|   |          |          |
| Guarantees given to banks in connection with facilities |          |          |
| granted to and utilised by joint ventures               | 780,480  | 563,250  |

(b) The Group has provided guarantees to certain banks in respect of mortgage loan facilities granted by such banks to certain end-buyers of property units developed by the Group. Pursuant to the terms of the guarantees, upon default in mortgage payments by these end-buyers, the Group will be responsible to repay the outstanding mortgage loan principal amounts together with accrued interest owed by the end-buyers in default. The Group's obligation in relation to such guarantees has been gradually relinquished along with the settlement of the mortgage loans granted by the banks to the end-buyers. Such obligation will also be relinquished when the property ownership certificates for the relevant properties are issued and/or the end-buyers have fully repaid the mortgage loans. As at 31 July 2023, in respect of these guarantees, the contingent liabilities of the Group amounted to approximately HK\$731,643,000 (2022: HK\$768,204,000).

## 45. CONTINGENT LIABILITIES (CONTINUED)

- (c) The Group has pledged a time deposit to a bank in connection with a bank guarantee for an associate of approximately HK\$17,999,000 (2022: HK\$14,040,000).
- (d) The Group had pledged certain time deposits to certain banks in connection with the banking facilities granted to certain subsidiaries. As at 31 July 2023, the respective letter of credit and letter of guarantee facilities of approximately HK\$440,000 (2022: HK\$2,246,000) were utilised.

During the year ended 31 July 2023, there were no transfer of fair value measurement between Level 1 and Level 2 for both financial assets and financial liabilities (2022: Nil).

During the year ended 31 July 2023, there were no transfers into or out of Level 3 for both financial assets and liabilities. During the year ended 31 July 2022, fair value measurement of a financial asset at fair value through profit or loss had been transferred from Level 2 to Level 3 and the transfer was primarily attributable to changes in observable valuation inputs in valuing this investment.

### Valuation techniques

#### Fair value measurement using significant observable inputs (Level 2)

The fair values of certain financial assets at fair value through profit or loss is based on the fair values of the underlying investment portfolio provided by the fund managers.

For the derivative financial instruments in Level 2, the Group relies on bank valuations to determine the fair value of the instruments. The fair value of the instruments was estimated at the end of the reporting period using observable market data. Key observable inputs in the valuations are foreign exchange spot rates, strike rates, volatility, time to expiration and risk free rate.

## 47. FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS (CONTINUED)

#### Valuation techniques (continued)

#### Fair value measurement using significant unobservable inputs (Level 3)

Each year, the Group's management appoints external valuers to be responsible for the external valuations of the Group's financial instruments (the **"Financial Instrument Valuers**"). Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The Group's management has discussions with the Financial Instrument Valuers on the valuation assumptions and valuation results twice a year when the valuation is performed for interim and annual financial reporting.

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The methods and assumptions used to estimate the fair values of the principal financial instruments are stated as follows:

- (i) Fair value of the equity interest in Bayshore, classified as financial assets at fair value through other comprehensive income, has been estimated using the fair value of investment properties held by Bayshore, which is mainly determined by income approach. Income approach is an approach to valuation that provides an indication of value by converting future cash flows to a single current capital value. The current capital value is projected based on discounted cash flow method. It is a process of valuing an investment property or asset by undertaking an estimation of future cash flows and taking into account the time value of money.
- (ii) Fair value of the financial asset at fair value through profit or loss has been determined using equity value allocation model with Black-Scholes option pricing formula. Under this valuation methodology, the underlying total equity values have been determined based on the most recent transactions of share subscriptions by the independent third-party investors in the investee companies as well as other unobservable inputs.
- (iii) Derivative financial instruments—CCSs were measured using valuation techniques similar to forward pricing and swap models, using present value calculations. The models incorporated various market observable inputs including the credit quality of counterparties, foreign exchange spot rates and interest rate curves as well as other unobservable inputs. The carrying amounts of the derivative financial instruments were the same as their fair values.

### 48. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The principal financial assets held by the Group comprise financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income, pledged and restricted bank balances and time deposits, and cash and cash equivalents. Management would, based on the Group's projected cash flow requirements, determine the types and levels of these financial instruments with a view to maintaining an appropriate level of funding for the Group's principal financial liabilities comprise bank borrowings and guaranteed notes. The Group will procure various types and levels of such financial liabilities in order to maintain sufficient funding for the Group's daily operations and to cope with expenditures incurred for various properties under development or investment projects. In addition, the Group has various other financial assets and liabilities such as debtors and creditors which arise directly from its daily operations.

The main risks arising from the Group's financial instruments are interest rate risks, foreign currency risk, credit risk and liquidity risk. The management of the Company meets periodically to analyse and formulate measures to manage the Group's exposure to these risks. Generally, the Group has adopted relatively conservative strategies on its risk management and the Group has not used any derivatives and other instruments for hedging purposes during the year. The Group does not hold or issue derivative financial instruments for trading purposes. The directors review and determine policies for managing each of these risks and they are summarised as follows:

### (i) Fair value and cash flow interest rate risks

Fair value interest rate risk is the risk that the value of a financial instrument fluctuates because of changes in market interest rates. Cash flow interest rate risk is the risk that the future cash flows of a financial instrument fluctuate because of changes in market interest rates. The Group is exposed to both fair value and cash flow interest rate risks. The Group's exposure to market risk for changes in interest rates relates primarily to the Group's pledged and restricted bank balances and time deposits, cash and cash equivalents and bank borrowings with a floating interest rate.

At present, the Group does not intend to seek to hedge its exposure to interest rate fluctuations. However, the Group constantly reviews the economic situation and its interest rate risk profile, and will consider appropriate hedging measures in future as may be necessary.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant and before any impact on tax, of the Group's income statement (through the impact on variable-rate mortgage loan receivables, pledged and restricted bank balances and time deposits, cash and cash equivalents, bank borrowings and certain other borrowings) and the equity of the Group.

### (i) Fair value and cash flow interest rate risks (continued)

#### (ii) Foreign currency risk

Foreign currency risk is the risk that the value of a financial instrument fluctuates because of changes in foreign exchange rates.

#### US\$

The Group's major assets and liabilities and transactions are denominated in HK\$ or US\$. As HK\$ is pegged against US\$, the Group believes that the corresponding exposure to exchange rate risk arising from US\$ is nominal and does not expect any significant movements in the exchange rate in the foreseeable future.

#### RMB

Certain subsidiaries (mainly the Lai Fung Group) of the Group have transactions denominated in RMB. The Group is exposed to foreign exchange risk arising from the exposure of RMB against HK\$.

It is the Group's policy to negotiate the terms of the hedge derivatives to match the terms of the hedged item to maximise hedge effectiveness. The Group will constantly review the economic situation and its foreign currency risk profile, and will consider other appropriate hedging measures in future as may be necessary.

#### **Pound Sterling**

The Group had made investments in the United Kingdom with the assets and liabilities denominated in Pounds Sterling. The investments were financed by bank borrowings denominated in Pound Sterling in order to minimise the net foreign exchange exposure.

Other than the abovementioned, the remaining monetary assets and liabilities of the Group were denominated in Euro, Malaysian Ringgit and VND which were insignificant as compared with the Group's total assets and liabilities. The Group manages its foreign currency risk by closely reviewing the movement of foreign currency rates and considers hedging significant foreign currency exposure should the additional need arise.

#### 48. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

#### (iii) Credit risk

The Group (other than eSun Group) maintains various credit policies for different business operations as described in note 33 to the financial statements. In addition, debtor balances are being closely monitored on an ongoing basis and the Group's exposure to bad debts is not significant.

The eSun Group trades only with recognised and creditworthy third parties. It is the eSun Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis and the eSun Group's exposure to bad debts is not significant.

In respect of loan and interest receivables, individual credit evaluations are performed on all borrowers requiring credit over a certain amount. These evaluations focus on the borrowers' past history of making payments when due and the current ability to pay, and take into account information specific to the borrowers. Certain of these loan and interest receivables are secured by share charges in respect of the equity interest of certain subsidiaries and unlisted equity investments of the respective borrowers.

#### Maximum exposure and year-end staging

The tables below show the credit quality and the maximum exposure to credit risk based on the Group's credit policy, which is mainly based on past due information unless other information is available without undue cost or effort, and year-end staging classification as at 31 July. The amounts presented are gross carrying amounts for financial assets.

\* For trade receivables and finance lease receivables to which the Group applies the simplified approach for impairment, information based on the provision matrix is disclosed in note 33 to the financial statements.

\*\* The credit quality of the amounts due from associates and joint ventures, and financial assets included in deposits, prepayments, other receivables and other assets is considered to be "normal" when they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. Otherwise, the credit quality of the financial assets is considered to be "doubtful".

## 48. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

## (iv) Liquidity risk

The Group's objective is to ensure adequate funds are available to meet commitments associated with its capital expenditure and financial liabilities. Cash flows are closely monitored on an ongoing basis.

The maturity profile of the Group's financial liabilities as at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

#### 48. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

#### (v) Capital management

The Group manages its capital structure to ensure that entities in the Group will be able to continue to operate as a going concern while maximising the return to stakeholders through the setting up and maintenance of an optimal debt and equity capital structure. The Group's overall strategy remains unchanged from that of the prior year.

The capital structure of the Group mainly consists of bank borrowings, other borrowings, guaranteed notes and equity attributable to owners of the Company, comprising share capital and reserves.

The directors of the Company review the capital structure regularly. They will take into consideration the cost of capital and the risks associated with each class of capital prevailing in the market. Based on the recommendation of the directors, the Group will balance its overall capital structure through various types of equity fund raising exercises as well as maintenance of appropriate types and levels of debts.

The Group monitors capital using, inter alia, a gearing ratio which is net debt divided by equity attributable to owners of the Company. Net debt includes bank borrowings, other borrowings, and guaranteed notes, less pledged and restricted bank balances and time deposits, and cash and cash equivalents. The gearing ratio as at the end of the reporting period is as follows:
