## LETTER FROM THE BOARD

amounted US\$146,684 received by the Company during the holding period of the CCAMCL Notes Batch 2. For details of the reasons of the Disposal at this particular point of time, see “Reasons for and benefits of the Disposal” in this Circular.

### **Basis of the consideration and settlement**

As at 30 June 2023 and 31 December 2023, the CCAMCL Notes Batch 2 at fair value through profit or loss (i.e. being the book value of the CCAMCL Notes Batch 2) was approximately US\$2,423,779 and US\$2,475,119 respectively. The total consideration (inclusive of the accrued interests) for the Disposal was approximately US\$2,476,392 (equivalent to approximately HK\$19,315,858), which represented the then market price of the CCAMCL Notes Batch 2 being disposed of. The entire consideration for the Disposal has been settled by cash and in accordance with the relevant standard market practice.

As the Disposal was conducted through the open market, to the best of the knowledge, information and belief of the Directors, having made all reasonable enquiries, each of the purchasers and their ultimate beneficial owners are the Independent Third Parties, and are not shareholders of the Company. The Disposal was conducted with the consent of the Potential Individual Purchaser (as defined in the 3.7 Announcements pursuant to Note 1 to Rule 4 of the Hong Kong Code on Takeovers and Mergers).

### **Information of China Cinda Finance and China Cinda HK**

To be best of the Director’s knowledge, China Cinda Finance is a company incorporated with limited liability in British Virgin Island; and China Cinda HK is a company established with limited liability in HK. China Cinda Finance and China Cinda HK are wholly-owned by China Cinda. China Cinda primarily engages in distressed asset management and financial services. To the best of the Directors’ knowledge, information and belief, having made all reasonable enquiries, China Cinda Finance, China Cinda HK and their ultimate beneficial owner(s) are Independent Third Parties and are not shareholders of the Group.

### **Reasons for and benefits of the Disposal**

The investment strategy of the Group is, among others, to achieve long-term return within an acceptable risk level by investing in a broad diversification of portfolio, including but not limited to stocks, bonds, funds, structured products and derivatives in different business sectors. Over the years, the Group has sought to diversify its investment portfolios when opportunities arose and would, from time to time, realise its investments which to do so will be in the best interests of the Group.

The Disposal was in line with the Group’s principal activities on securities dealing and financial investments, and allowed the Group to (i) realise the Company’s investment in the listed securities and bonds; (ii) enhance liquidity of the Company and (iii) obtain

## LETTER FROM THE BOARD

additional cash flow. Considering the recent recovery in the price of the CCAMCL Notes Batch 2 of over 2% from August 2023 to January 2024, and the geopolitical conflicts and political tensions in Eastern Europe, a persistent inflation and tightening of monetary policies, including increase in interest rates, are expected in the near future, hence raising concerns on sustainable development prospects of the global as well as local economy and stability. The sluggish recovery in the global economy would further dampen the market sentiment and disincentivize the investors in general, such that investors may be more risk-averse in their investment decisions, eventually affecting the bond markets as a whole. Therefore, considering the fact that an overall gain of US\$100,076 would be realized from the Disposal after taking into account of the interests amounted US\$146,684 received by the Company during the holding period of the CCAMCL Notes Batch 2 under such economic slowdown and uncertain macro-economic outlook, the Board was of the opinion that the Disposal represented a good opportunity for the Group to exit the investment in the CCAMCL Notes Batch 2.

Based on the above factors and the financial effect of the Disposal as disclosed in the paragraph headed “Financial Impact and Use of Proceeds” below, taking into account (i) the volatile market environment due to the global economic and political complexities as illustrated above; (ii) the general inverse relationship between the bond prices and market interest rates, considering the potential fluctuation and uncertainties of market interest rates in 2024; (iii) despite a loss of approximately US\$46,608 was recorded from the Disposal, an overall gain of US\$100,076 can be realized from the Disposal after taking into account of the interests amounted US\$146,684 received by the Company during the holding period of the CCAMCL Notes; and (iv) given the general dim economic outlook and downturn of the bond market which may eventually impact the financial strength of the issuer, the Directors decided to take a conservative approach as investment strategy to proceed with the Disposal to reduce uncertain risks. Therefore, the Directors were of the view that the Disposal was in the interest of the Company and its Shareholders as a whole. As the Disposal was made in the open market at prevailing market price, the Directors were of the view that the terms of the Disposal were fair and reasonable and in the interests of the Company and its Shareholders as a whole.

- (1) The Company conducted several other disposal transactions of listed securities held by the Group in 2023 to date. partially redeem the outstanding USD Bonds. For details of the change in use of Net Proceeds of the Discloseable Disposals, please refer to the announcement of the Company published dated 31 January 2024 and “Financial Impact and Use of Proceeds” in this Circular.

Other than relevant disposals as disclosed above, the Group does not hold any remaining CCAMCL Notes and/or other listed securities held for trading and fund investment as at the Latest Practicable Date.

### **Financial Impact and Use of Proceeds**

An aggregate principal amount of US\$2,500,000 of CCAMCL Notes Batch 2 was acquired by the Group on 2 June 2022 in the open market at an aggregate consideration of approximately US\$2,523,000 (equivalent to approximately HK\$19,679,400). The Company has recorded a loss of approximately US\$46,608 (equivalent to approximately HK\$363,542), being the difference between the consideration received from the Disposal and the acquisition cost of the CCAMCL Notes Batch 2 disposed of (exclusive of transaction costs). Despite the loss incurred from the Disposal, the Board considers that the consideration for the Disposal is fair and reasonable and in the interest of the Company and the Shareholders as a whole as the Company disposed of the CCAMCL Notes Batch 2 at a reasonable price notwithstanding the recent highly volatile market conditions. In particular, the Directors considered that the Disposal shall be proceeded when an overall gain of US\$100,076 can be realized from the said disposal which has taken into account of the interests amounted US\$146,684 received by the Company during the holding period of the CCAMCL Notes Batch 2.

Having taken into account the consideration of US\$2,476,392 (equivalent to approximately HK\$19,315,858) from the Disposal, as compared to the financial information on 30 June 2023, being the date to which the latest published accounts of the Company were made up, there is a decrease in the current assets (financial assets at fair value through profit or loss) of the Group, being the fair value of CCAMCL Notes Batch 2 by approximately US\$2,423,779 and there is an increase in current assets (cash and bank balances) of the Group, being the total consideration (together with accrued interests) by approximately US\$2,476,392. There is no effect on the total liabilities of the Group.

The actual amount of gain or loss as a result of the Disposal to be recorded by the Group will be subject to review and final audit by the auditors of the Company.

### **Change in Use of Proceeds from the Disposal of CCAMCL Notes Batch 2**

As disclosed in the Announcement, the Directors have resolved to apply the net proceeds from the Disposals for future investment and general working capital purposes.

However, in light of the maturity date of 9 February 2024 of the USD Bonds and after careful consideration and detailed evaluation of the Group’s latest operations and financial situations, to ensure punctual payment for redemption of the USD Bonds, the

## LETTER FROM THE BOARD

Board has resolved to change the use of all the Net Proceeds in the total sum of approximately US\$35,352,369 to partially redeem the outstanding USD Bonds, among which, approximately US\$2,476,392 (equivalent to approximately HK\$19,315,858) of the Net Proceeds were derived from the Disposal. For details of the USD Bonds and the change in use of Net Proceeds of the Discloseable Disposals, please see the offering circular of the Company dated 10 February 2021 and the announcement of the Company dated 31 January 2024 respectively. Apart from the Net Proceeds amounted to approximately US\$35,352,369 to be used for the redemption of the USD Bonds, the balance of the outstanding USD Bonds will be redeemed by the Company by other financial means including the proceeds from the SSII Loan in the sum of approximately US\$15,351,158 in accordance with relevant announcement, and the bank balances of the Company in the sum of approximately US\$43,646,473.

The Company currently expects to fully utilize the net proceeds of the Disposal by 9 February 2024. The Board considers the above change in the use of the net proceeds of the Disposal is fair and reasonable as given that this would allow the Company to deploy its financial resources more effectively and such change is therefore in the interests of the Group and the shareholders of the Company as a whole. Save for the aforesaid changes, there is no other change in the use of the net proceeds of the Disposal as of the Latest Practicable Date.

### **3. INFORMATION OF THE COMPANY AND THE GROUP**

The Company is incorporated in Bermuda with limited liability. The principal activity of the Company is investment holding. The Group, through its subsidiaries, principally engages in brokerage and margin financing, corporate finance, asset management and proprietary trading.

### **4. IMPLICATIONS UNDER THE LISTING RULES**

As one or more of the applicable percentage ratios for each of the First Previous Disposal and the Second Previous Disposal (on both a stand-alone basis and in aggregate) exceeded 5% but all of them were less than 25%, each of the First Previous Disposal and the Second Previous Disposal constituted a discloseable transaction of the Company and the Company has complied with the disclosure requirements for discloseable transaction in accordance with Chapter 14 of the Listing Rules.

As the Disposal, the First Previous Disposal and the Second Previous Disposal were conducted within a 12-month period prior to and inclusive of the date of the Disposal, they were aggregated pursuant to Rule 14.22 of the Listing Rules. As one or more of the applicable percentage ratios under Rule 14.07 of the Listing Rules in respect of the Disposal (on both a stand-alone basis and in aggregate with the First Previous Disposal and the Second Previous Disposal) exceeds 25% but all of them are less than 75%, it constitutes a major transaction for the Company under Chapter 14 of the Listing Rules and is therefore subject to the reporting, announcement, circular and shareholders' approval requirements thereunder.

## **LETTER FROM THE BOARD**

### **5. WRITTEN SHAREHOLDER'S APPROVAL**

Under Rule 14.44 of the Listing Rules, Shareholders' approval for the Disposal may be obtained by way of written Shareholders' approval in lieu of holding a general meeting if (1) no Shareholder is required to abstain from voting if the Company were to convene a general meeting for the approval of the Disposal; and (2) written Shareholders' approval has been obtained from a Shareholder or a closely allied group of Shareholders who together hold more than 50% of the voting rights at that general meeting to approve the Disposal.

The Company has obtained written approval for the Disposal in accordance with Rule 14.44 of the Listing Rules from SSII, which is the beneficial owner of 2,713,469,233 Shares, representing approximately 74.10% of the entire issued share capital of the Company as at the date of this circular.

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, no Shareholders or any of their respective close associates have any material interest in the Disposal; and therefore, none of them is required to abstain from voting if the Company were to convene a general meeting for the approval of the Disposal. As such, no general meeting will be convened for the approval of the Disposal as is permitted under Rule 14.44 of the Listing Rules.

### **6. RECOMMENDATION**

The Directors are of the view that the Disposal is on normal commercial terms, fair and reasonable and in the interests of the Company and the Shareholders as a whole. Accordingly, the Directors would recommend the Shareholders to vote in favour of the resolution(s) approving the Disposal, if a general meeting of the Company was to be convened.

The above statement is for the Shareholders' reference only given that the Company had already obtained the written approval from the relevant Shareholders for the Disposal and hence, pursuant to Rule 14.44 of the Listing Rules, no general meeting of the Company will be convened for the purpose of approving the Disposal.

Save as disclosed above, the Directors have confirmed that there had been no material changes in the indebtedness and contingent liabilities of the Group since 31 December 2023, up to and including the Latest Practicable Date.

**3. WORKING CAPITAL**

In the preparation of the Group's working capital forecast, the Directors have given careful consideration to the Group's future liquidity and performance and its available sources of financing to continue as a going concern. After taking into account the following considerations in preparing the working capital forecast, in the opinion of the Directors, the working capital forecast have been prepared with the following assumptions:

- (i) as set out in the Company's announcement on 30 December 2022, SSII had entered into a memorandum of understanding (the "**MOU**") with a potential purchaser on 30 December 2022 in relation to the potential sale and purchase of the shares of the Company (the "**Potential Transaction**"). On 30 June 2023, SSII, the Potential Purchaser and a potential individual purchaser (the "**Potential Individual Purchaser**") had further entered into a supplemental memorandum of understanding (the "**1st Supplemental MOU**") that all the rights and obligations of the Potential Purchaser under the MOU shall be transferred to the Potential Individual Purchaser and the exclusivity period shall be extended from 30 June 2023 to 30 September 2023, while other terms of the MOU and their respective effect shall remain unchanged under the 1st Supplemental MOU. On 22 September 2023, SSII had entered into a second supplemental memorandum of understanding (the "**2nd Supplemental MOU**") with the Potential Individual Purchaser and the Potential Purchaser where the exclusivity periods shall be further extended from 30 September 2023 to 30 December 2023. On 25 October 2023, the Company, the

Potential Individual Purchaser and the Potential Purchaser had entered into a business cost sharing agreement (the “**Agreement**”) to establish a framework governing the sharing of costs and expenses incurred in respect of, and earnings generated from, the business operations of subsidiaries of the Company which are licensed corporations. On 29 December 2023, SSII had entered into a third supplemental memorandum of understanding (the “**3rd Supplemental MOU**”) with the Potential Individual Purchaser and the Potential Purchaser and the exclusivity periods shall be further extended from 30 December 2023 to 30 January 2024. On 30 January 2024, SSII had entered into a fourth supplemental memorandum of understanding (the “**4th Supplemental MOU**”) with the Potential Individual Purchaser and the Potential Purchaser (collectively known as the “**Parties**”) to acknowledge the lapse of exclusivity period on 30 January 2024 and the Parties agreed to continue with the negotiation of the Potential Transaction on a non-exclusive basis commencing from the date of the 4th Supplemental MOU and until 30 April 2024. The Directors considered that the MOU, the 1st Supplemental MOU, the 2nd Supplemental MOU, the Agreement, the 3rd Supplemental MOU, the 4th Supplemental MOU and the Group’s capital deficiency position as at 31 December 2023 would not trigger any early redemption of the bonds payable before the maturity date, unless and until there is any subsequent completion of the Potential Transaction;

- (ii) SWSC, the ultimate holding company of the Company, being the guarantor of the bonds payable and pursuant to the deed of guarantee, is obligated to guarantee payment of all sums payable from time to time by the Company in connection with the bonds payable, as and when required. The Directors considered SWSC have such financial ability to do so;
- (iii) On 1 February 2024, SSII, the immediate holding company of the Company, offered a loan in the amount of equivalent to HK\$120,000,000 to the Company (the “**Controlling Shareholder’s Loan**”) for the repayment of outstanding 2021 USD Bonds of the Company. The Controlling Shareholder’s Loan is unsecured, unguaranteed, interest bearing at 6.1475% and repayable on 31 December 2024.

SSII has confirmed its intention to ensure that the Group is able to continue as a going concern and has sufficient working capital for the Group’s present requirements, up to the end of 30 June 2025 or the date of the completion of the Potential Transaction whichever is earlier. The Directors considered that SSII have such financial ability to do so;

- (iv) a loan of HK\$70,000,000 will be drawn from an independent third party to repay the Controlling Shareholder’s Loan as detailed in note (iii) above after the Potential Transaction is completed;

- (v) it is assumed that the Potential Transaction will be completed during the period of working capital forecast, and accordingly, it is also assumed that the new shareholder of the Company will have adequate funding and provide financial support to the Company as and when required to maintain the Company as a going concern and the working capital available to the Group is sufficient for the Group's present requirements; and
- (vi) the Group is able to maintain sufficient working capital to realise its assets and discharge its liabilities in the normal course of businesses.

Notwithstanding the above, material uncertainties exist that may cast significant doubt on the Group's ability to continue as going concern, which depends on (i) whether the Potential Transaction shall subsequently be completing; (ii) the availability of financial support from SWSC for any early redemption demanding by bondholders, if the Potential Transaction is subsequently completing; (iii) the willingness and sufficiency of the fundings to be provided by the new shareholder of the Company after the completion of the Potential Transaction and (iv) the successful implementation of measures described above in the normal course of businesses.

As at the Latest Practicable Date, the Directors were of the opinion that, in the absence of unforeseeable circumstances and after taking into account the Group's financial resources, including internally generated funds, presently available credit facilities and the above-mentioned measures, the Group has sufficient working capital for its present requirements for the next twelve months from the date of this circular.

Should the Group fail to achieve the above-mentioned consideration and measures, the Group may not have sufficient working capital for its requirements within the next twelve months from the date of this circular.

#### **4. MATERIAL ADVERSE CHANGE**

As at the Latest Practicable Date, the Directors have not been aware of any material adverse change in the financial or trading position of the Group since 31 December 2022, being the date to which the latest published audited financial statements of the Group were made up.

#### **5. FINANCIAL AND TRADING PROSPECTS OF THE GROUP**

In recent years, China has been steadfastly promoting the two-way openness of the capital market, and has been pushing forward the deepening of the systematic two-way openness. The Shanghai-Shenzhen-Hong Kong Stock Connect further expanded the subject scope of interconnected stocks. The mechanism of the Shanghai-London Stock Connect was further optimized, which expanded to the domestic market in the Shenzhen Stock Exchange and the overseas markets, such as Switzerland, Germany, and other European markets. As the rules governing the overseas listing of domestic enterprises were formally announced and

implemented, the cross-border supervisory cooperation has yielded positive results, thus ushering in a wider scope and a higher level of openness of the capital market. Under the new development landscape, the high-level opening up of China's capital market is accelerating, and the linkage effect between the international and domestic markets is becoming more and more obvious. As a Hong Kong-listed brokerage firm with Sino-investment, the Company will face both opportunities and challenges in the future. Currently, the Company is focusing on controlling risks and reducing costs, actively promoting strategic restructuring, and adopting various measures to optimize its business structure, so as to prevent and mitigate the risks of operating on a going concern.
