Performance targets and clawback mechanism

There are no additional performance targets attached to the Grants. The Grants are also not subject to any clawback mechanism for the Company to recover the RSUs granted.

The Compensation Committee is of the view that it is not necessary to set any additional performance target and/or clawback mechanism for the Grants. Such arrangement is aligned with the purpose of the 2018 Share Incentive Plan as it increases the Grantees' loyalty to the Company and incentivizes the Grantees to work towards enhancing the value of the Company and its Shares.

The Grants are subject to the terms and conditions of the 2018 Share Incentive Plan and the award agreements entered into between the Company and each of the Grantees.

The RSUs will be satisfied through utilizing the Class Z Ordinary Shares issued and reserved for future issuance upon the exercise or vesting of awards granted under the Company's share incentive plans.

The Grants would not result in the options and awards granted and to be granted to (i) each individual Grantee in the 12-month period up to and including the date of such Grant in aggregate to exceed 1% of the Shares in issue or (ii) each related entity participant or service provider Grantee in the 12-month period up to and including the date of such Grant in aggregate to exceed 0.1% of the Shares in issue.

None of the Grants is subject to approval by the shareholders of the Company, and none of the Grantees is a Director, chief executive or substantial shareholder (as defined in the Listing Rules) of the Company or an associate (as defined in the Listing Rules) of any of them.

Reasons for and Benefits of the Grants

The purpose of the Grants is to (i) promote the success and enhance the value of the Company by linking the personal interests of the Grantees to those of the Company's shareholders and by providing such individuals with an incentive for outstanding performance to generate superior returns to the Company's shareholders, and (ii) provide flexibility to the Company in its ability to motivate, attract, and retain the services of the Grantees upon whose judgment, interest, and special effort the successful conduct of the Company's operation is largely dependent.

Class Z Ordinary Shares available for grant under the 2018 Share Incentive Plan

The maximum aggregate number of Class Z Ordinary Shares which may be issued pursuant to all awards is 30,673,710, which is 10% of the total number of issued Class Z Ordinary Shares as at October 3, 2022, the date on which the Company's voluntary conversion of its secondary listing status in Hong Kong to primary listing on the Stock Exchange became effective (excluding Class Z Ordinary Shares underlying awards which have terminated, expired, lapsed or have been forfeited in accordance with the rules of the 2018 Share Incentive Plan). Upon the making of the Grants, the Company may grant further awards representing a total of 17,484,784 Class Z Ordinary Shares pursuant to the 2018 Share Incentive Plan.

The 2018 Share Incentive Plan was adopted before the effective date of the new Chapter 17 of the Listing Rules. The Company has complied and will continue to comply with the new Chapter 17 to the extent required by the transitional arrangements for the existing share schemes.
