# CHAIRMAN'S STATEMENT

Dear shareholders,

On behalf of CSMall Group Limited (the “**Company**”), I am pleased to present the annual results of the Company and its subsidiaries (collectively the “**Group**” or “**we**”) for the financial year ended 31 December 2023 (or the “**current year**”, “**this year**” or “**during the year**”) together with the comparative figures for the year ended 31 December 2022 (or the “**last year**” or “**prior year**”).

## BUSINESS REVIEW

The year 2023 saw economic downturn. In 2023, China’s economy was under triple pressures of demand contraction, supply shock, and weakening expectations. The impact of the epidemic was far from over, and the macroeconomy greatly suffered, resulting in sluggish market and weak consumer spending. People’s income did not significantly increase and even fell sharply in some regions. The shrinking consumption power was also an indisputable fact, and it would take time for the recovery of the market, consumer demand and business confidence to realize. In view of the context of weak sales growth in the retail industry, the Group has been exploring and considering suitable business opportunities within and outside the jewellery industry from time to time in recent years to diversify our business risks. On the one hand, we diversified our business by entering the fresh food industry of essential consumer goods. On the other hand, we have also been looking for new business growth drivers for our jewellery retail business.

### New Jewellery Retail Segment

In 2023, the sales strategy of the Group’s New Jewellery Retail segment was primarily focused on gold and silver, supplemented by gemstones and jewellery. During the year, the gold and silver sales accounted for approximately 80.9% of the Group’s total sales. In particular, benefited from the significant increase in gold price, gold sales also increased significantly by approximately 86.1% as compared to the last year. During the year, gold price rose sharply, and in the second half of the year, gold price was reaching a peak of RMB490/g and close to RMB500/g and remained at a high level, which also led to a significant increase in our gold sales compared to the last year.

## CHAIRMAN'S STATEMENT

Building upon the foundation of our silver and gold business, we also developed a new business, i.e. the lab-grown diamond brand SISI. We invested significant amount of funds and efforts on brand planning, brand marketing, product design, team structure adjustment and expansion and regional agency nationwide of this project, making vigorous development and achieving significant progress. After intensive preparations, the products of the brand SISI gradually entered the market.

Compared with overseas markets, the lab-grown diamond industry in China is still in a relatively early stage of development. At present, Chinese consumers' awareness of the concept of lab-grown diamond and its advantages is still low. However, the industry has huge growth potential. It is expected that after a year or two of extensive promotion, consumers' awareness can be greatly improved and the market will expand rapidly, contributing to the major breakthroughs in the lab-grown diamond industry.

Compared to natural diamonds, lab-grown diamonds are more sustainable, with the impact on the environment significantly lower than that of mined diamonds. As consumers become more aware of sustainability and ethical purchasing, lab-grown diamonds are gaining popularity among the younger generation as an environmentally friendly, socially responsible and affordable option.

The improvement of the standardization and appraisal system of the lab-grown diamond industry is continuously empowering the industry chain, providing more professional endorsements and helping major brands to deploy lab-grown diamond jewellery series, and commencing a golden period for the development of lab-grown diamond. Since 2020, the number of lab-grown diamond brands in China has gradually increased, and leading jewellery brands began to proactively deploy resources for the lab-grown diamond market. SISI differentiates itself from the monotonous marketing and sales methods of other lab-grown diamonds brands currently on the market, SISI adheres to "one source for one diamond" and focuses on "growing warm jewellery-grade DNA diamonds for love" with the brand concept of "growing diamonds for love". The concept is applied in various life scenes, e.g. "Love Diamond", "Lanugo Diamond", "Family Diamond", "Pet Diamond", "Friendship Diamond", and "Self-Pleasing Diamond", to connect the emotions of new life, encounter, companionship and commemoration. In contrast to traditional jewellery sales channels, we plan to promote this to-be-popularized brand through online new media platforms, and recruit offline city agents, so that we are able to leverage the customer base of pet stores, confinement centers and beauty salons to promote and sell SISI products. By sharing the benefits of the high profit margin of lab-grown diamonds to channel dealers, this model allows us to rapidly expand our distribution channels effectively. Moreover, given its customized nature, this product will require a minimal inventory and the cost advantage will become the highlight of this new business. In addition to lab-grown diamonds, the Group also continues to be optimistic about the room for appreciation and market potential of colored gemstones. Due to the scarcity and the value preservation and value appreciation attributes of rubies, the Group will carefully consider its sales strategy and gradually expand its sales channel, rubies are expected to embark on a long-term and stable price increase.

## CHAIRMAN'S STATEMENT

Due to the Group's focus on new business initiatives, store expansion was halted and 4 stores were closed during the year, with the total number of stores reduced to 16. In recent years, the Group continued to enhance online sales operations by expanding online sales channels and through new marketing models including short video marketing, e-commerce live streaming and online celebrity (KOL) promotion in reliance on the strong traffic of third-party platforms. During the year, in addition to the existing e-commerce and live streaming sales of product categories, the Group also actively expanded the new business of SISI. The Group launched its new social media-based operating model through WeChat (微信) official account, TikTok (抖音), Xiaohongshu (小紅書), video channel, Weibo (微博), etc., to achieve strong exposure for the SISI brand through content integration. Meanwhile, SISI also established a presence on e-commerce platforms such as Taobao (淘寶) and mall applets (mini-programs), operating through multiple channels, to continuously enhance our brand influence.

### Online Sales Channels

In 2023, our third-party online platforms included JD.com (京東), Suning (蘇寧), Tmall (天貓), WeChat (微信), TikTok (抖音) and Xiaohongshu (小紅書) and 13 television and video shopping channels in the PRC to promote and sell our jewellery products. We also became a core supplier in the gold, silver and jewellery category of all top television channels, which enabled us to achieve satisfactory sales performance. With a daily coverage of over 100 million home viewers in the PRC, our brand awareness among a vast population of Chinese viewers of television and video shopping channels was enhanced substantially.

Short-video promotion and online celebrity (KOL) promotion have become standard practices in our brand marketing, and their content has also become the core element of every aspect of our brand marketing, sales and operation.

## Offline Retail and Service Network

### (1) CSmall Shops

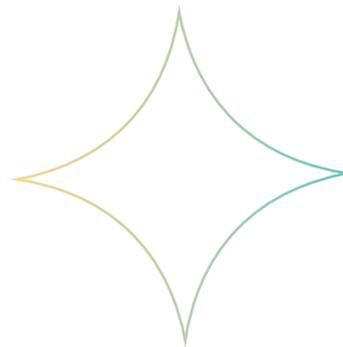

For the year ended 31 December 2023, due to the development of the new business, the Group ceased to expand existing stores and adjusted the layout of offline business outlets. As of 31 December 2023, we had 16 franchised CSmall Shops located in 8 provinces and municipalities in the PRC, with presence in Beijing, Gansu, Heilongjiang, Henan, Sichuan, Tibet, Xinjiang and Zhejiang.

## CHAIRMAN'S STATEMENT

(2) *Shenzhen Exhibition Hall*

We sell products at the Shenzhen Exhibition Hall in Shuibei, Shenzhen, which is generally seen as home to the PRC's largest and leading jewellery trading and wholesale market. The Shenzhen Exhibition Hall serves as an interactive exhibition and sales platform primarily for our wholesale customers as well as franchisees.

## CHAIRMAN'S STATEMENT

### Fresh Food Retail Segment

On 31 December 2021, the Group entered into an investment agreement for investment and control in Jiangsu Nongmuren Electronic Business Corp.\* (江蘇農牧人電子商務股份有限公司) which is the developer and operator of the “農牧人” (“Nongmuren”, meaning farmers and herdsmen) S2B2C (supply chain to business to customer) platform. The “Nongmuren” S2B2C platform, officially launched in May 2021, provides branding and software as a service (“SaaS”) services to enterprises along the agricultural supply chain as well as small and medium-sized businesses in China. Through the investment, the Group expands its business operations from the new jewellery retail (non-essential good) to the new agricultural products retail (an essential good), thereby digitally empowering another traditional industry, namely the agricultural products industry, and promoting the modernization of the agricultural sector. This business grew rapidly during the epidemic and brought encouraging revenue to the Group in 2022. The sharp decline in performance in 2023 as compared with 2022 was due to the following two significant adjustments made in 2023 that led to a shift from the model of pursuing rapid expansion to a profit-driven model of refined operation.

## CHAIRMAN'S STATEMENT

Firstly, as the meat market in China saw a downward trend in pork prices and the overall pork consumption declined during the year, and in light of the diversion of business by the resumption of traditional fresh food model after the epidemic, the Group suspended the rapid expansion model of the original “Meat Shopkeeper (肉掌櫃)” business focusing on pork during the year and reduced the number of stores, resulting in a significant decrease in the sales of pork. However, during the year, the overall consumption of beef, lamb and other meat markets in China increased. Therefore, leveraging the foundation of the sheep and cattle industry chains established in last year, the focus of the Group this year was placed on exploring more competitive product categories and establishing Beef Shopkeeper (牛掌櫃), Lamb Shopkeeper (羊掌櫃), Noodle Shopkeeper (麵掌櫃) and other new shopkeepers of different forms. The Group also leaned toward these new business lines in terms of product development, team deployment and capital investment. In order to reduce costs and increase efficiency, the Group implemented a hierarchical approach of management and supply system on existing stores, adjusted market strategies, and reduced corresponding marketing expenses, thereby reducing losses. Funds were invested towards building supply chain capacity and development of new business lines. In addition, the Group continued to look for a better meat supply chain to minimize supply costs and provide higher profits for subsequent sales.

Secondly, while the original profit model was to charge technical service fees from merchants, we now turn merchants into franchisees, which lead to better and more refined management and also allow us to earn the price spread through the supply chain. The strategic focus shifted from expansion of stores to deepened development of stores. In particular, the focus was placed on strengthening the establishment of an upstream industry chain system in the supply chain. The main goal is to have a better grasp of the upstream price indices and quality systems and establish the traceability of the whole industry chain from upstream to downstream.

## CHAIRMAN'S STATEMENT

### PROSPECTS

Looking ahead, as the National Development and Reform Commission of the People's Republic of China have introduced measures to revive and expand consumption to further boost the economic outlook of China, we remain confident in the future market. Benefiting from the full liberalization of consumption scenarios and the Group's development and cultivation of new businesses, we will face new challenges and strengthen new businesses. For the New Jewellery Retail segment, leveraging the price advantages, environmental friendliness, wide variety (with colored diamonds and special-shaped diamonds), high-tech sense and other attributes of lab-grown diamonds, the Group will continue to deepen its presence in various industries, such as the beauty industry, pet industry, maternal and child industry and e-commerce industry, and will focus on the in-depth construction of a marketing system driven by accurate consumer insights to constantly expand the market size, with the plan of building SISI into the "No. 1 brand of DNA-grown diamonds". Meanwhile, the Group will strengthen product innovation and exert continuous efforts in product research and development and innovation, so as to launch more high-end and distinctive diamond products to meet the needs of different consumer groups and different application scenarios. In the context of macro economic uncertainty and geopolitical risks, we are optimistic about the rise of gold and silver price. The Federal Reserve's easing policy will also promote the continued significant rise of gold and silver price, so we are optimistic about the future of the gold and silver market and will continue to pay attention to the development of the core businesses of gold and silver.

With the adjustment of development strategy, the expansion of categories and further strategic cooperation with large-scale enterprises, the Group's Fresh Food Retail segment will gain better advantages in the supply chain. Meanwhile, for the fresh food S2B2C business, Nongmuren Meat Shopkeeper (農牧人肉掌櫃) stores will be operated in a refined manner. A complete digital system covering every aspect from pig farming to pork sales at community stores will be provided through S2B2C\F2B2C (farm to business to customer), each city will have an independent management system that encompasses store renovation, cash register system, electronic scales and other hardware and software facilities, laying a foundation for a more stable supply chain with price advantages of Nongmuren Meat Shopkeeper for the next year.

We will continue to pay attention to the trend of gold and silver prices, and seize the growth opportunity to intensify the development of the core businesses. The Group is confident that it will continue to bring good returns to shareholders in the future.

# MANAGEMENT DISCUSSION AND ANALYSIS

## FINANCIAL REVIEW

### Revenue

The revenue of the Group for the year ended 31 December 2023 was approximately RMB500.5 million (2022: RMB1,790.3 million), representing a significant decrease of approximately 72.0% from that of 2022, this decline was attributed to the underperformance of the Fresh Food Retail segment, as its “Nongmuren” S2B2C platform was still in a consolidation stage with a focus on optimizing its network of collaborative stores, diversifying its product offerings and adjusting its business strategies.

## MANAGEMENT DISCUSSION AND ANALYSIS

### New Jewellery Retail Segment

#### *Online Sales Channels*

During the year, the online sales channels recorded sales of approximately RMB358.5 million (2022: RMB248.7 million), representing an increase of approximately 44.1%. The COVID-19 pandemic has significantly accelerated the growth and widespread adoption of online sales channels, particularly through short video marketing, e-commerce live streaming, and online celebrity (KOL) promotion. After implementing a series of online promotion campaigns, we have observed a significant rise in sales generated through third-party online sales channels.

#### *Offline Retail and Service Network*

During the year, the offline retail and service network recorded sales of approximately RMB52.0 million (2022: RMB31.8 million), representing an increase of approximately 63.6%, mainly due to the increased contribution from the sales of gold products in Shenzhen Exhibition Hall as people perceive gold as a relatively stable and tangible asset that can retain its value in an uncertain economic environment.

### Fresh Food Retail Segment

During the year, the Fresh Food Retail segment recorded sales of approximately RMB90.1 million (2022: RMB1,509.8 million) representing a decrease of approximately 94.0%. The significant decrease was mainly because the “Nongmuren” S2B2C platform was still in a consolidation stage with a focus on optimizing its network of collaborative stores, diversifying its product offerings and adjusting its business strategies with the number of stores reduced. Besides, as hog prices in Mainland China showed a downward trend during the year, the overall trend in the hog farming industry indicated an excessive surplus in production capacity, which reduced the shopkeepers’ appetite for trade and thus amount of hog purchased during the year.

### Cost of Sales and Services Provided

Cost of sales and services provided significantly decreased from approximately RMB1,737.9 million for the year ended 31 December 2022 to approximately RMB463.1 million for the year ended 31 December 2023, representing a significant decrease of approximately 73.4%, mainly due to the significant decrease in revenue contributed from the Fresh Food Retail segment and thus, the relevant costs also decreased significantly.

### Gross Profit and Gross Profit Margin

We recorded gross profit of approximately RMB37.4 million for the year ended 31 December 2023 (2022: RMB52.4 million), a decrease of approximately 28.6% as compared to that of 2022, mainly due to the reduced sales volume in the Fresh Food Retail segment. However, the overall gross profit margin increased from approximately 2.9% for the prior year to approximately 7.5% this year, mainly due to the increased contribution of sales from the New Jewellery Retail segment, which generally has a higher gross profit margin than the Fresh Food Retail segment.

### Other Income, Gains and Losses

Other income and other gains and losses mainly include bank interest income and net exchange losses respectively.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Selling and Distribution Expenses

Selling and distribution expenses decreased by approximately 21.8% from approximately RMB41.8 million for the year ended 31 December 2022 to approximately RMB32.7 million for the year ended 31 December 2023, mainly due to the decrease from the Fresh Food Retail segment which focused on optimizing its network of collaborative stores, diversifying its product offerings and adjusting its business strategies during the year, which led to less selling and distribution expenses.

### Administrative Expenses

Administrative expenses decreased by approximately 13.5% from approximately RMB36.9 million for the year ended 31 December 2022 to approximately RMB31.9 million for the year ended 31 December 2023, mainly benefiting from the successful implementation of cost control measures in the Fresh Food Retail segment following the abovementioned adjustment in the business strategies.

### Income Tax Expense

Income tax expense decreased from approximately RMB0.9 million for the year ended 31 December 2022 to approximately RMB0.3 million for the year ended 31 December 2023, mainly because the accrued PRC enterprise income tax for the current year was largely offset by deferred taxation adjustments, resulting in a very small amount of net income tax expense for the current year.

### Loss Attributable to Owners of the Company

For the year ended 31 December 2023, we recorded a loss attributable to owners of the Company of approximately RMB35.0 million (2022: RMB25.6 million). Such increase in loss was mainly attributable to the following factors:

- (i) in respect of the Group's New Jewellery Retail segment, although the sales volume for 2023 increased compared to 2022, the increase was mainly attributable to the growth in sales of gold products, which had a lower gross profit margin compared to other jewellery products, thereby lowering the overall gross profit margin of the segment and resulting in a segment loss for 2023; and
- (ii) in respect of the Group's Fresh Food Retail segment, the "Nongmuren" S2B2C platform was still in a consolidation stage with a focus on optimizing its network of collaborative stores, diversifying its product offerings and adjusting its business strategies. Besides, hog prices in Mainland China during 2023 were generally lower than those during 2022, which reduced shopkeepers' appetite for trade and thus the amount of hog transacted. For these reasons, the sales volume for 2023 was significantly lower than that for 2022, while the cost of sales and other related costs and expenses were also significantly reduced accordingly. Overall, given its status of development, the segment had not started to generate a net profit during 2023.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Inventories, Trade Receivables and Trade Payables Turnover Cycle

The Group's inventories mainly comprise silver bars, colored gemstones, jewellery products, gold bars and fresh food products. For the year ended 31 December 2023, inventory turnover days were approximately 778.0 days (for the year ended 31 December 2022: 207.1 days). The increase was due to the increased proportion of sales from the New Jewellery Retail segment, which generally has a higher inventories turnover day than the Fresh Food Retail segment.

The turnover days for trade receivables for the year ended 31 December 2023 were approximately 28.4 days (for the year ended 31 December 2022: 4.5 days), the increase was mainly due to the increased proportion of trade receivable from the New Jewellery Retail segment which generally has a longer credit term for its customers than the Fresh Food Retail segment.

The turnover days for trade payables for the year ended 31 December 2023 were approximately 24.8 days (for the year ended 31 December 2022: 6.7 days). The increase was mainly due to increase in the trade payable of the New Jewellery Retail segment which has a longer repayment term to suppliers.

### Bank Borrowings

As of 31 December 2023, the Group's bank borrowings balance amounted to approximately RMB94.0 million (as of 31 December 2022: RMB84.1 million), of which approximately RMB14.0 million of bank borrowings was carried at fixed interest rate and approximately RMB80.0 million was carried at floating interest rate. (as of 31 December 2022: RMB10.1 million was carried at fixed interest rate and RMB74.0 million was carried at floating interest rate). The bank borrowings would be due for repayment within one year.

The Group's net gearing ratio was calculated on the basis of the bank borrowing less bank balances and cash as a percentage of total equity. As of 31 December 2023, the Group was in a net cash position with a net gearing ratio of approximately -24.4% (as of 31 December 2022: -28.4%).

### Capital Expenditures

For the year ended 31 December 2023, the Group invested approximately RMB1.4 million in property, plant and equipment (2022: RMB0.8 million).

### Pledge of Assets

As at 31 December 2023 and 2022, none of the Group's assets was pledged.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Capital Commitments

As of 31 December 2023 and 2022, the Group did not incur any capital commitments.

### Contingent Liabilities

During the year, Jiangxi Jiyin Company Limited (江西吉銀實業有限公司) (“**Jiangxi Jiyin**”), a subsidiary of the Group, provided a corporate guarantee of RMB250.0 million to Jiangxi Longtianyong, a fellow subsidiary of the Group and a subsidiary of China Silver Group Limited (stock code: 815) (“**China Silver Group**”), to obtain a bank borrowing. If Jiangxi Longtianyong fails to repay the bank borrowing based on the borrowing terms in the borrowing agreement, Jiangxi Jiyin will become liable to compensate such bank accordingly (for the year ended 31 December 2022: RMB250.0 million).

### Employees

As of 31 December 2023, the Group employed 215 staff members (as of 31 December 2022: 280 staff members) and the total staff cost for the year ended 31 December 2023 amounted to approximately RMB29.0 million (2022: RMB31.5 million). The decrease was mainly due to the reduction of scale of the Fresh Food Retail segment in the current year. The Group’s remuneration packages are in line with the current laws in the relevant jurisdictions, the experience and qualifications of individual employees and the general market conditions. Bonuses are linked to the Group’s financial results as well as to individual performances. The Group ensures that adequate training and professional development opportunities are provided to all employees so as to satisfy their career development needs.

### Liquidity and Financial Resources

The Group maintained a healthy liquidity position during the year. The Group was principally financed by internal resources and bank borrowings. The Group’s principal financial instruments comprise bank balances and cash, trade and other receivables, trade and other payables as well as bank borrowings. As of 31 December 2023, the bank balances and cash, net current assets and total assets less current liabilities were approximately RMB419.5 million (as of 31 December 2022: RMB475.2 million), RMB1,294.6 million (as of 31 December 2022: RMB1,338.9 million) and RMB1,330.8 million (as of 31 December 2022: RMB1,379.2 million), respectively.

### Dividend

No final dividend for the year ended 31 December 2023 was proposed (2022: nil).

## MANAGEMENT DISCUSSION AND ANALYSIS

### Significant Investment Held, Material Acquisition and Disposal

The Group did not hold any significant investment nor carry out any significant acquisition and disposal of subsidiaries, associates and joint ventures during 2023, nor was there any plan for other significant investment or acquisition of capital assets in the future.

### Significant Event after the Reporting Period

There is no material subsequent event after the reporting period.

### Closure of Register of Members

The register of members of the Company will be closed from Tuesday, 11 June 2024 to Friday, 14 June 2024 (both days inclusive), during which period no transfer of shares will be effected. In order to qualify for the right to attend and vote at the annual general meeting to be held on Friday, 14 June 2024, all transfers accompanied by the relevant share certificates must be lodged with the Company's share registrar in Hong Kong, Computershare Hong Kong Investor Services Limited, at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong, no later than 4:30 p.m. on Friday, 7 June 2024 for registration of transfer.

The Director Nomination Policy also sets out the procedures for the selection and appointment of new Directors and re-election of Directors at general meetings.

The Nomination Committee will review the Director Nomination Policy, as appropriate, to ensure its effectiveness. The Nomination Committee will also review at least annually the structure, size and composition (including skills, knowledge and experience) of the Board and diversity of the Board to ensure that it has a balance of expertise, skills, experience and diversity of perspectives appropriate to complement the Company's corporate strategy.

## CORPORATE GOVERNANCE REPORT

### (xi) Directors' Continuous Training and Development

Directors should participate in continuous professional development to develop and refresh their knowledge and skills. This is to ensure that their contribution to the Board remains informed and relevant. The Directors are committed to complying with code provision C.1.4 under the CG Code on Directors' training. All Directors have participated in continuous professional development and provided a record of training they received during the year ended 31 December 2023 to the Company.

### (xii) Board Independence Evaluation

The Company has established a board independence evaluation mechanism (the "**Board Independence Evaluation Mechanism**") which sets out the processes and procedures to ensure a strong independent element on the Board.

The Board Independence Evaluation Mechanism covers the following aspects:

- (a) Independent non-executive director's recruitment criteria
- (b) Number of independent non-executive directors
- (c) Assessing the independence of an independent non-executive director
- (d) Assessment or evaluation of independent non-executive directors' time commitment and contribution
- (e) Other channels where independent views are available

During the year ended 31 December 2023, the Board reviewed the implementation and effectiveness of the Board Independence Evaluation Mechanism and the results were satisfactory.

### (xiii) Gender Diversity

The Company values gender diversity across all levels of the Group. The following table sets out the gender ratio in the workforce of the Group, including the Board and senior management as at the date of this report:

	Unit: % (person)	
	Female	Male
Board	0% (0)	100% (5)
Senior management	0% (0)	100% (1)
Other employees	61% (128)	39% (81)
Overall workforce	60% (128)	40% (87)

## CORPORATE GOVERNANCE REPORT

To comply with Rule 13.92 of the Listing Rules, the Company will include a female director to join the Board by 31 December 2024 via different channels such as by engaging human resources agencies to identify potential successors for the Board and enhance gender diversity in the coming years, if necessary, and will emphasize to include gender as a factor to be taken into consideration for achieving the Board diversity.

The Board is committed to improving gender diversity among the senior management as and when suitable candidates are identified for the appointment of senior management.

The Company is committed to promoting gender diversity not only within the Board and senior management but among its workforce generally. As at the date of this report, the number of female employees of the Group accounted for 60% of the total workforce. The Board is of the view that the Group has achieved gender diversity among employees.

The Company is not aware of any mitigating factors or circumstances which make achieving gender diversity across the workforce (including senior management) more challenging or less relevant.

Up to the date of this report, the Nomination Committee is in the process of identifying suitable female candidate(s) for appointment to the Board on merit against objective criteria.

### AUDIT COMMITTEE

The Board established an audit committee (the “**Audit Committee**”) with written terms of reference in compliance with the CG Code. Under Rule 3.21 of the Listing Rules, a majority of the members of the audit committee should be independent non-executive directors and the audit committee should be chaired by an independent non-executive director. The Audit Committee comprises all three independent non-executive Directors, namely, Mr. Yu Leung Fai (Chairman), Mr. Hu Qilin and Mr. Zhang Zuhui. The primary responsibilities of the Audit Committee are to review and supervise financial reporting processes and risk management and internal control systems of the Group.

During the year ended 31 December 2023, the Audit Committee held three meetings. The members of Audit Committee reviewed and discussed with the external auditor of the Company the Group’s audited consolidated financial statements for the year ended 31 December 2022 and unaudited condensed consolidated financial statements for the six months ended 30 June 2023. They were of the opinion that these statements had complied with the applicable accounting standards, the Listing Rules and legal requirements, and that adequate disclosures had been made. They also reviewed significant issues on the financial reporting, the effectiveness of the risk management and internal control systems and internal audit function, appointment of external auditor and engagement of non-audit services and relevant scope of works, connected transactions and arrangements for employees to raise concerns about possible improprieties. Additional meeting may also be held by the Audit Committee from time to time to discuss special projects or other issues which it considers necessary. The external auditor of the Group may request a meeting of the Audit Committee to be convened if they consider that is necessary.

The main duties of the Audit Committee are as follows:

- To consider the appointment of the external auditor, the audit fee, and any question of resignation or dismissal.

## CORPORATE GOVERNANCE REPORT

- To discuss with the external auditor the nature and scope of the audit.
- To review and monitor the external auditor’s independence and objectivity and the effectiveness of the audit process in accordance with applicable standard.
- To discuss with the management the systems of internal control and risk management and ensure that management has discharged its duty to have effective systems including the adequacy of resources, qualifications and experience of staff of the Company’s accounting and financial reporting function, and their training programmes and budget.
- To review the internal audit programme, ensure co-ordination between the internal and external auditor, and ensure that the internal audit function is adequately resourced and has appropriate standing within the Company.
- To review the Group’s interim and annual financial statements before submission to the Board.
- To discuss problems and reservations arising from the interim and final audits and any matters that the external auditor may wish to discuss.
- To review the external auditor’s management letter and the management’s response.
- To review the Group’s financial controls, and unless expressly addressed by a separate board risk committee, or by the Board itself, to review risk management and internal control systems.
- To consider the major findings of any internal investigations on risk management and internal control matters as delegated by the Board or its own initiative and the management’s response to these findings.
- To consider other topics, as defined by the Board.

The following is the attendance record of the committee meetings held by the Audit Committee.

	Attendance at meetings
Mr. Yu Leung Fai ( <i>Chairman</i> )	3/3
Mr. Hu Qilin	3/3
Mr. Zhang Zuhui	3/3

During the year ended 31 December 2023, the Audit Committee and senior management also met the external auditor twice.

## CORPORATE GOVERNANCE REPORT

### AUDITOR'S REMUNERATION

The Audit Committee is responsible for making recommendations to the Board as to the appointment, re-appointment and removal of the external auditor, which is subject to the approval by the Board and at general meetings of the Company by the shareholders.

### DIRECTOR'S RESPONSIBILITY FOR FINANCIAL REPORTING IN RESPECT OF THE FINANCIAL STATEMENTS

The Directors acknowledge that it is their responsibility to prepare accounts of the Group and other financial disclosures required under the Listing Rules and the management will provide information and explanation to the Board to enable it to make informed assessments of the financial and other decisions.

The Directors are not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

The statement of the external auditor of the Company about their reporting responsibilities on the consolidated financial statements is set out in the independent auditor's report on pages 63 to 69.

## CORPORATE GOVERNANCE REPORT

### RISK MANAGEMENT AND INTERNAL CONTROL

In view of the implementation of the Consultation Conclusions on Risk Management and Internal Control relating to code provision D.2.1 of the CG Code issued by the Stock Exchange, the Board has already reviewed the effectiveness of its risk management framework and processes and internal control systems, and has implemented relevant measures resulting from this exercise that aim to enhance its framework and processes to comply with the requirements of the CG Code.

The Group established the Risk Management Taskforce (“**RMTF**”) to assist the Board and the Audit Committee in overseeing the Group’s risk management and internal control systems on an ongoing basis. The RMTF is responsible for leading and coordinating risk assessment activities including risk identification, risk assessment, actions taken to monitor and mitigate risks and risk reporting at least once a year. The risk inventory of the Group is developed and will be updated based on the results of the risk assessment. The risk assessment report is prepared based on the results of the risk assessment and the progress of risk management processes. The risk assessment report is submitted to the Audit Committee for review and approved by the Board.

The Board is ultimately responsible for determining and evaluating the risks it is willing to take in achieving its objectives, and ensuring it establishes and maintains effective risk management and internal control systems for the Group. The Group maintains risk management and internal control systems that are designed to provide reasonable but not absolute assurance against material misstatement or loss in the achievement of its objectives. The Board also has the overall responsibility for monitoring the design, implementation and the overall effectiveness of risk management and internal control systems. The main features of these systems include a clear governance structure, defined roles and responsibilities, reporting procedures and clear risk management and internal control procedures, ascertaining its staff to achieve the Group’s strategic objectives by implementing effective risk management and internal control systems and fulfilling the respective compliance requirements.

The Group also established an internal audit department (the “**Internal Audit Department**”) to provide the Board and the management with useful information and recommendations on the adequacy and effectiveness of the risk management and internal control systems. The Internal Audit Department is authorised by the Board to have access to all records, people and physical properties relevant to the performance of internal audit. The head of Internal Audit Department has unrestricted access to the chairman of the Audit Committee and reports directly to the Audit Committee for direction and accountability. During the year, the Internal Audit Department has performed independent review of the adequacy and effectiveness of the design and implementation of the risk management and internal control systems and make appropriate recommendations for improvement. Significant internal control deficiencies are reported to the Audit Committee and the Board on a timely basis to ensure prompt remediation actions are taken.

The management of the Group is committed to taking appropriate remedial actions promptly in respect of the internal control deficiencies and ensure the Group maintains an adequate and effective risk management and internal control systems.

## CORPORATE GOVERNANCE REPORT

The Board conducts an annual review on the effectiveness of risk management and internal control systems, covering but not limited to:

- Review the changes in the nature and extent of significant risks (including environmental, social and governance risks) since last year's review, and the Group's ability to respond to changes in its business and the external environment;
- Review the scope and quality of management's ongoing monitoring of risks (including environmental, social and governance risks) and of the internal control systems, and where applicable, the work of its internal audit function and other assurance providers;
- Review the extent and frequency of communication of monitoring results to the Board and the Audit Committee, and effectiveness of the risk management, financial reporting and Listing Rules compliance;
- Address any significant control failings or weakness that have been identified during the review and the extent to which they have resulted in unforeseen outcomes or contingencies that have had, could have had, or may in the future have, a material impact on the Company's financial performance or condition; and
- Review on the accounting, financial reporting and internal audit function, including the adequacy of resources, staff qualifications and experience, the quality of training programmes, and budget.

The risk management and internal controls systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

### PROCEDURES AND INTERNAL CONTROLS FOR THE HANDLING AND DISSEMINATION OF INSIDE INFORMATION

The Group complies with requirements of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) ("SFO") and the Listing Rules. The Group discloses inside information to the public as soon as reasonably practicable unless the information falls within any of the safe harbours as provided in the SFO. Before the information is fully disclosed to the public, the Group ensures the information is kept strictly confidential. ## REPORT OF THE DIRECTORS

### NON-COMPETITION UNDERTAKING

To safeguard our Group from any potential competition with China Silver Group (“our Controlling Shareholder”) and its close associates, on 13 February 2018, our Controlling Shareholder has executed a Deed of Non-Competition in favour of our Company, pursuant to which our Controlling Shareholder has undertaken to us that it will not, and that it will procure that its subsidiaries and parties controlled by it either solely or jointly with any other party (the “Affiliates”) will not, solely or jointly or in cooperation with other parties, without our prior written consent, hold and/or be interested in, either directly or indirectly, any shares or securities or interest in any company or other business entity which is engaged or involved in, directly or indirectly, any activity or business which competes or is likely to compete, directly or indirectly, with the existing businesses of any member of our Group after the Listing (the “Restricted Business”).

The non-competition undertaking does not apply to the holding of securities in a company that is engaged in the Restricted Business, provided that our Controlling Shareholder or its close associates does not individually and in aggregate hold or control the voting rights in respect of 10% or more of the issued share capital of such company.

Pursuant to the Deed of Non-Competition, our Controlling Shareholder has also undertaken that if it or any of its Affiliates become aware of any business opportunity relating to any Restricted Business (the “Business Opportunity”), it will notify us of such Business Opportunity as soon as they become aware of the same, and will use commercially reasonable efforts to assist our Group in pursuing such Business Opportunity. To the extent that the Business Opportunity is being made available by a third party to any of our Controlling Shareholder or its Affiliates, our Controlling Shareholder will use commercially reasonable efforts to procure that such Business Opportunity is first offered to our Group as soon as practicable on terms and conditions which are no less favourable than those offered to it or its Affiliates. Our Company will seek approval from our independent non-executive Directors who do not have a material interest in the matter for consideration as to whether to pursue or decline such Business Opportunity. Our Controlling Shareholder will ensure that it or its Affiliates will be entitled to pursue the Business Opportunity only if: (i) it has received a notice from us declining such Business Opportunity and confirming that such Business Opportunity would not constitute competition with our core business; or (ii) it has not received any notice from us within a period of 10 Business Days (the “Offer Notice Period”) of us being notified by it of such Business Opportunity. The Offer Notice Period shall be extended to not more than 30 Business Days at the request of our independent non-executive Directors who do not have a material interest in the matter.

The undertakings given by our Controlling Shareholder under the Deed of Non-Competition are effective from 13 March 2018 and terminate on the earlier of: (i) the date on which our Controlling Shareholder cease to be our controlling shareholder as defined in the Listing Rules; (ii) the date on which the Shares cease to be listed on the Stock Exchange; and (iii) the date on which our Group ceases to engage in the Restricted Businesses.

Our independent non-executive Directors will consider on an annual basis whether our Controlling Shareholder has complied with the terms set forth in the Deed of Non-Competition. Our independent non-executive Directors may appoint independent advisers and other professional advisers as they consider appropriate to advise them on any matter relating to the Deed of Non-Competition at the cost of our Company. We will disclose in our annual report decisions or determinations, with basis, in relation to matters reviewed by the independent non-executive Directors regarding: (i) the Business Opportunities offered by any of our Controlling Shareholder to us; and (ii) whether any activity or business or proposed activity or business of any of our Controlling Shareholder or its Affiliates competes or is likely to compete, either directly or indirectly, with the Restricted Business.

## REPORT OF THE DIRECTORS

To ensure our independent non-executive Directors being able to monitor the compliance with the Deed of Non-Competition, our Controlling Shareholder has undertaken in the Deed of Non-Competition to provide and to procure the provision to us all information necessary for the enforcement of the undertakings contained therein. Our Controlling Shareholder has further undertaken to make a statement in our annual report confirming its compliance with the terms of the Deed of Non-Competition.

Our Controlling Shareholder has provided a written confirmation to the Company confirming that it has complied with the terms of the Deed of Non-Competition for the year ended 31 December 2023. The independent non-executive Directors have also reviewed the status of compliance by our Controlling Shareholder and confirmed that, as far as they can ascertain, our Controlling Shareholder has complied with the terms of the Deed of Non-Competition.

### DIRECTORS' INTERESTS IN COMPETING BUSINESS

Save as disclosed in this report, as of 31 December 2023, none of the Directors or their respective associates had engaged in or had any interest in any business which competes or may compete with the businesses of the Group.

### CONNECTED TRANSACTIONS

Details of the related party transactions during the year ended 31 December 2023 (the “**FY2023 Related Party Transactions**”) are set out in note 35 to the consolidated financial statements. All of the FY2023 Related Party Transactions were connected transactions or continuing connected transactions of the Company under Chapter 14A of the Listing Rules, in respect of which the Company had complied with the applicable requirements under Chapter 14A of the Listing Rules during the year ended 31 December 2023. Except for the Non-fully Exempted Continuing Connected Transactions described below, all other FY2023 Related Party Transactions were fully exempt from the requirements under Chapter 14A of the Listing Rules pursuant to the de minimis threshold of HK\$3 million under Rule 14A.76(1)(c) of the Listing Rules.

As disclosed in the prospectus of the Company dated 28 February 2018 (the “**Prospectus**”), the Group has entered into certain continuing connected transactions with connected persons (as defined under the Listing Rules) which were not fully-exempted from reporting, announcement, independent shareholders’ approval and annual review requirements under Chapter 14A of the Listing Rules (the “**Non-fully Exempted Continuing Connected Transactions**”). Details of which are set out below.

We have, through our wholly owned subsidiaries, Shenzhen Guoyintongbao and Jiangxi Jiyin Company Limited (江西吉銀實業有限公司) (“**Jiangxi Jiyin**”), entered into a framework purchase agreement with Longtianyong on 19 February 2018 in relation to the Group’s sourcing of silver ingots and related raw materials from Longtianyong for the period from 13 March 2018 to 31 December 2020. On 16 November 2020, Jiangxi Jiyin and Longtianyong entered into a framework purchase agreement in relation to the Group’s sourcing of silver ingots from Longtianyong for the period from 1 January 2021 to 31 December 2023 (the “**2021-2023 Framework Purchase Agreement**”). The terms and annual caps for the three years ended 31 December 2021, 2022 and 2023 of the 2021-2023 Framework Purchase Agreement were approved by the independent shareholders at the extraordinary general meeting of the Company held on 28 December 2020. Details of the 2021-2023 Framework Purchase Agreement and the transactions are set out in the Company’s announcement and circular dated 16 November 2020 and 10 December 2020 respectively. The annual cap for the year ended 31 December 2023 under the 2021-2023 Framework Purchase Agreement was RMB600.0 million and the total amount of purchase under the 2021-2023 Framework Purchase Agreement during the year ended 31 December 2023 was approximately RMB83.7 million.

## REPORT OF THE DIRECTORS

On 3 November 2023, Jiangxi Jiyin and Longtianyong entered into a framework purchase agreement in relation to the Group's sourcing of silver ingots from Longtianyong for the period from 1 January 2024 to 31 December 2026 (the **"2024-2026 Framework Purchase Agreement"**). The terms and annual caps for the three years ending 31 December 2024, 2025 and 2026 of the 2024-2026 Framework Purchase Agreement were approved by the independent shareholders at the extraordinary general meeting of the Company held on 13 December 2023. Details of the 2024-2026 Framework Purchase Agreement and the transactions are set out in the Company's announcement and circular dated 3 November 2023 and 23 November 2023 respectively.

Longtianyong (referred to in full as "江西龍天勇有色金屬有限公司" in note 35 to the consolidated financial statements) is a wholly-owned subsidiary of China Silver Group, the immediate and ultimate holding company of the Company. China Silver Group is a connected person of the Company under Rule 14A.07(1) of the Listing Rules. Longtianyong is an associate of China Silver Group under Rule 14A.13(1) of the Listing Rules, and hence a connected person of the Company under Rule 14A.07(4) of the Listing Rules.

The Non-fully Exempted Continuing Connected Transactions mentioned above have been reviewed by the Independent Non-executive Directors who have confirmed that the transactions have been entered into:

- (a) in the ordinary and usual course of business of the Group;
- (b) on normal commercial terms;
- (c) according to the relevant agreement governing the respective transactions on the terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole; and
- (d) within the cap as set out in the circular dated 10 December 2020 of the Company for the year ended 31 December 2023.

The Company's auditor was engaged to report on the Group's Non-fully Exempted Continuing Connected Transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 (Revised) "Auditor's Letter on Continuing Connected Transactions under the Listing Rules" issued by the Hong Kong Institute of Certified Public Accountants. The auditor has issued an unqualified letter containing their findings and conclusions in respect of the Non-fully Exempted Continuing Connected Transactions disclosed by the Company in this annual report in accordance with Rule 14A.56 of the Listing Rules. A copy of the auditor's letter has been provided by the Company to the Stock Exchange.

## REPORT OF THE DIRECTORS

### CONTRACTUAL ARRANGEMENTS

Various regulations in the PRC restrict foreign-invested enterprises from holding certain licenses required to operate business in relation to value-added telecommunication services. Foreign investment activities in the PRC are subject to the restrictions as set forth in the Special Administrative Measures for Foreign Investment Access (Negative List) (2020 Version) (the “**2020 Negative List**”), which was promulgated and amended from time to time jointly by the National Development and Reform Commission of the PRC (the “**NDRC**”) and Ministry of Commerce of the PRC (the “**MOFCOM**”), the latest version of which was released on 23 June 2020 and became effective on 23 June 2020. Foreign investment in industries which fall within the 2020 Negative List shall be subject to special administration measures as set forth therein.

According to the 2020 Negative List, foreign invested telecommunications enterprises (each a “**FITE**”) in the PRC are generally required to be established as Sino-foreign equity joint ventures with limited exceptions. In general, the foreign party to a FITE engaging in value-added telecommunications services may hold up to 50% of the equity of the FITE, of which the geographical area it may conduct telecommunications services is provided by the Ministry of Industry and Information Technology in accordance with relevant provisions as mentioned above. In addition, the major foreign investor in a value-added telecommunications business in China must satisfy a number of stringent performance and operational experience requirements, including demonstrating a good track record and experience in operating a value-added telecommunications business overseas.

During the year ended 31 December 2023, certain business activities of the Group which are categorised as “restricted” business under the PRC laws and regulations have been carried by the Group through a series of contractual arrangements (the “**VIE Agreements**” or “**Nongmuren VIE Agreements**”) with certain PRC nationals to control Jiangsu Nongmuren Electronic Business Corp.\* (江蘇農牧人電子商務股份有限公司) (“**Jiangsu Nongmuren**”, together with its subsidiaries, the “**Nongmuren Structured Entities**”), a company incorporated in the PRC limited by shares, pursuant to which the economic benefits and control of Jiangsu Nongmuren are transferred to the relevant subsidiary of the Company (the “**VIE Structure**” or “**Nongmuren VIE Structure**”).

Jiangsu Nongmuren currently holds the ICP (Internet Content Provider) License (No. SU B2-20170344) issued by the Jiangsu Communications Administration, under which, Jiangsu Nongmuren operates two types of businesses and services, including (1) Online data processing and transaction processing services (operating e-commerce) in Category II of value-added telecommunications services; and (2) Information services in Category II value added telecommunications services (limited to internet information services).

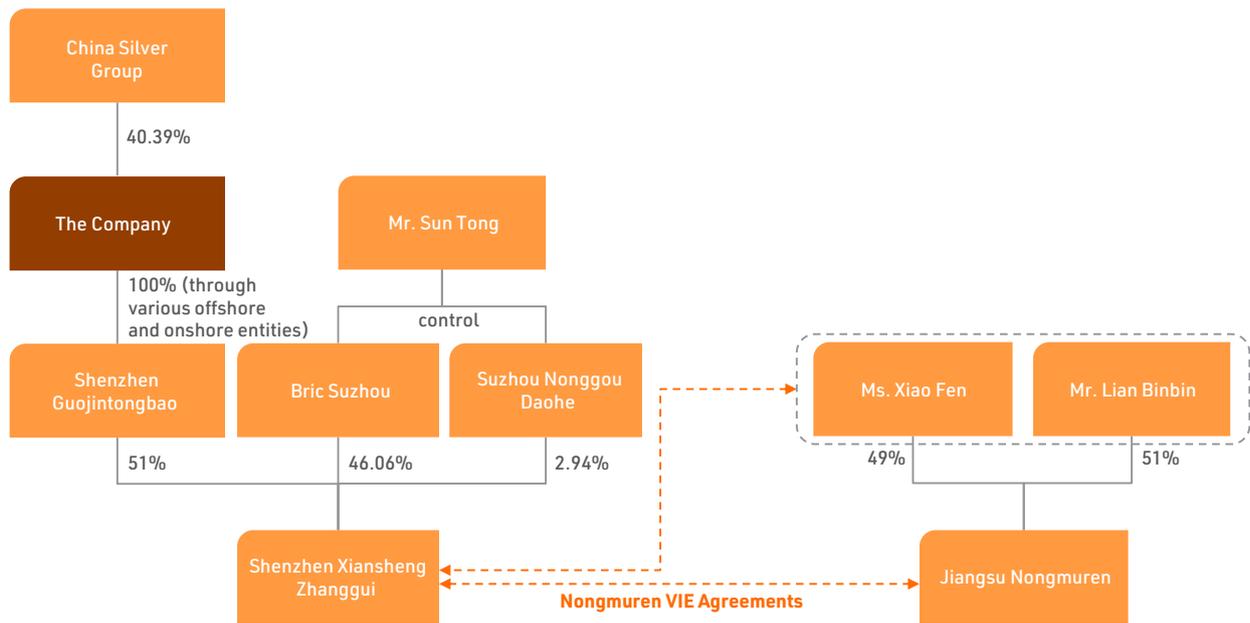

Given that the foreign investment in the industry in which the Nongmuren Structured Entities operate is subject to restrictions under PRC laws and regulations, the VIE Agreements were entered into to allow the Company to exercise control over the operations of the Nongmuren Structured Entities to enjoy the economic benefits generated by the Nongmuren Structured Entities via the contractual arrangements. The VIE Agreements are narrowly tailored as they are necessary to address the foreign ownership restriction for the Company in the value-added telecommunication business, as set forth above. The VIE Agreements are also narrowly tailored to achieve the business purposes of the Company and minimize the potential for conflict with relevant PRC laws and regulations.

## REPORT OF THE DIRECTORS

### Major Terms of the Contractual Arrangements

Mr. Lian Binbin and Ms. Xiao Fen are the registered owners of Jiangsu Nongmuren. They are employees of the Group (not being directors of China Silver Group or the Company or any of their respective subsidiaries).

The following diagram illustrates the shareholding and ownership structure of Jiangsu Nongmuren:

## REPORT OF THE DIRECTORS

The Nongmuren VIE Agreements comprise the following agreements:

- (1) An exclusive option agreement entered into among Shenzhen Xiansheng Zhanggui Technology Co., Ltd.\* (深圳鮮生掌櫃科技有限公司) (“**Shenzhen Xiansheng Zhanggui**”), Ms. Xiao Fen, Mr. Lian Binbin and Jiangsu Nongmuren, whereby Ms. Xiao Fen and Mr. Lian Binbin irrevocably grant Shenzhen Xiansheng Zhanggui an exclusive option to purchase all or part of the equity interest in Jiangsu Nongmuren and an exclusive option to purchase all or part of Jiangsu Nongmuren’s assets;
- (2) An exclusive consultancy and services agreement entered into between Shenzhen Xiansheng Zhanggui and Jiangsu Nongmuren, whereby Jiangsu Nongmuren exclusively engages Shenzhen Xiansheng Zhanggui to provide consultancy services and agrees to pay Shenzhen Xiansheng Zhanggui service fees in an amount equal to 100% of Jiangsu Nongmuren’s annual net profit or an amount otherwise agreed by the parties;
- (3) An equity pledge agreement entered into among Shenzhen Xiansheng Zhanggui, Ms. Xiao Fen, Mr. Lian Binbin and Jiangsu Nongmuren, whereby Ms. Xiao Fen and Mr. Lian Binbin agree to pledge all of their equity interest in Jiangsu Nongmuren to Shenzhen Xiansheng Zhanggui to secure their contractual obligations under the Nongmuren VIE Agreements;
- (4) Shareholder voting right entrustment agreements entered into (i) among Shenzhen Xiansheng Zhanggui, Ms. Xiao Fen and Jiangsu Nongmuren; and (ii) among Shenzhen Xiansheng Zhanggui, Mr. Lian Binbin and Jiangsu Nongmuren, whereby Ms. Xiao Fen and Mr. Lian Binbin irrevocably agree to authorize any person designated by Shenzhen Xiansheng Zhanggui to exercise their rights and powers as shareholders of Jiangsu Nongmuren; and
- (5) Spouse consent letters executed by (i) Ms. Xiao Fen; and (ii) the present spouse of Mr. Lian Binbin, whereby Ms. Xiao Fen undertakes to procure her future spouse to agree, and the present spouse of Mr. Lian Binbin agrees, to execute all necessary documents and take all necessary actions for ensuring the due performance of the Nongmuren VIE Agreements and not to bring any claim in respect of the equity interest in Jiangsu Nongmuren held by Ms. Xiao Fen and Mr. Lian Binbin, respectively.

### **Business activities of Jiangsu Nongmuren, significance and financial contribution of the Nongmuren Structured Entities to the Group**

Jiangsu Nongmuren is the developer and operator of the Nongmuren supply chain and sales platforms, which conducts integrated online-and-offline sales of fresh food in the PRC, and provides related electronic platforms and branding and SaaS services in the PRC. Through the investment into Jiangsu Nongmuren, the Group expands its business operations from the retail of jewellery, a non-essential good, to the retail of agricultural products, an essential good, thereby digitally empowering another traditional industry, namely the agricultural products industry, and promoting the modernization of agricultural industry.

## REPORT OF THE DIRECTORS

During the year ended 31 December 2023, the Nongmuren Structured Entities were significant to the Group as they held a relevant license to provide internet information services. The following table sets out the financial contribution of the Nongmuren Structured Entities to the Group:

Revenue for the year ended 31 December 2023 (RMB '000)	Assets as at 31 December 2023 (RMB '000)
90,074	85,642

### Risks and mitigation relating to the Nongmuren VIE Structure

In connection with the VIE Structure, the Group is subject to certain risks and limitations, which are summarized below:

- (a) Uncertainties exist with respect to the interpretation and implementation of the newly enacted PRC Foreign Investment Law\* 《中華人民共和國外商投資法》(the "2019 FIL") and how it may impact the viability of the current corporate structure, VIE Agreements, corporate governance and business operations of the Group and Jiangsu Nongmuren. If the PRC government finds that the VIE Agreements and/or Jiangsu Nongmuren to operate certain businesses in the PRC through the VIE Agreements do not comply with PRC laws and regulations, or if these laws or regulations or their interpretations change in the future, the Group could be subject to severe consequences and penalties, including the nullification of the VIE Agreements and forced relinquishment of the interests received through the VIE Agreements.
- (b) The VIE Agreements may not be as effective in providing operational control as direct ownership and Jiangsu Nongmuren or its shareholders may fail to perform their obligations under the VIE Agreements.
- (c) The exercise of the option to acquire the equity interest in Jiangsu Nongmuren may be subject to substantial amount of costs and time.
- (d) Certain terms of the VIE Agreements may not be enforceable under PRC laws and enforcement of certain of the Group's rights under the VIE Agreements is subject to regulatory approval.
- (e) The shareholders of Jiangsu Nongmuren may have conflicts of interests with the Group, which may materially and adversely affect the Group's business and financial conditions.
- (f) Shenzhen Xiansheng Zhanggui bears as the primary beneficiary of Jiangsu Nongmuren, financial support to Jiangsu Nongmuren and potential exposure of Jiangsu Nongmuren to losses.
- (g) The VIE Agreements may be subject to scrutiny by the PRC tax authorities and additional taxes may be imposed.

There are uncertainties with respect to the interpretation and implementation of the newly enacted 2019 FIL. As such, the Board will closely monitor the development of the 2019 FIL with the help of the Company's PRC legal adviser, including but not limited to any new negative list issued by or approved to be issued by the State Council, or any future laws, administrative regulations or provisions prescribed by relevant governmental authorities. The Company will then discuss with its PRC legal adviser in order to assess any possible impact arising from the development of the 2019 FIL on the VIE Agreements and the business operation of the Company and Jiangsu Nongmuren.

## REPORT OF THE DIRECTORS

In case there would be material and adverse effect on the Company or the business of Jiangsu Nongmuren arising from the 2019 FIL, the Company will disclose, as soon as possible: (i) updates of material development to the 2019 FIL as and when it occurs; and (ii) specific measures taken by the Company to fully comply with the development to the 2019 FIL and any material impact of the development of the 2019 FIL on the Company's operations and financial position.

Up to 31 December 2023, the Group did not maintain any insurance to cover the risks relating to the VIE Agreements.

Despite the above, as advised by the PRC legal advisers to the Company, the Nongmuren VIE Structure is in compliance with and, to the extent governed by the PRC laws currently in force, are enforceable under the current PRC laws. The Company will monitor the relevant PRC laws and regulations relevant to the VIE Structure and will take all necessary actions to protect the Company's interest in Jiangsu Nongmuren.

### Material changes

During the year ended 31 December 2023, there was no material change in the Nongmuren VIE Agreements and the Nongmuren VIE Structure, and/or the circumstances under which they were adopted.

Given that the restrictions that led to the adoption of the Nongmuren VIE Agreements and the Nongmuren VIE Structure are still in place as of the date of this report, the Nongmuren VIE Agreements and the Nongmuren VIE Structure are still in place and there is no failure to terminate them.

## EQUITY-LINKED AGREEMENTS

The Company has adopted two employee share schemes as incentives to eligible employees.

### Pre-IPO Employee Share Scheme

The Company adopted a pre-IPO employee share scheme on 6 June 2016 which was subsequently reconstituted on 16 February 2017 (the "Pre-IPO Employee Share Scheme"). Participants of the Pre-IPO Employee Share Scheme are employees of the Group. The purpose of the Pre-IPO Employee Share Scheme was to further align the interests of the employee participants with those of the Group and incentivize the employee participants. Pursuant to the Pre-IPO Employee Share Scheme, Mr. Lin Ting, an employee of the Group, acts as the trustee and holds 166,025,000 Shares on trust for the benefit of himself and other 57 scheme participants. Grant was made one-off upon adoption of the Pre-IPO Employee Share Scheme, and no further grants would be made under the scheme. Awarded shares were fully vested once issued. The maximum entitlement of each participant under the Pre-IPO Employee Share Scheme varies. There is no definite expiry date to the Pre-IPO Employee Share Scheme.

The 166,025,000 Shares under the Pre-IPO Employee Share Scheme were issued to Blaze Loop Limited (a wholly-owned investment holding vehicle of Mr. Lin Ting) on 16 February 2017. Employees may withdraw shares from the trust at anytime. As at 31 December 2023, the number of Shares still held by the trustee under the Pre-IPO Employee Share Scheme was 85,921,000 as certain participants had withdrawn a total of 2,979,000 Shares (to which they were beneficially entitled) from the trust under the Pre-IPO Employee Share Scheme during the year ended 31 December 2023 to hold such Shares in their respective own names. No further shares will be issued pursuant to the Pre-IPO Employee Share Scheme. The 85,921,000 Shares issued under the Share Scheme and not yet withdrawn by the participants represent approximately 6.94% of the issued shares as at the date of this report.

## REPORT OF THE DIRECTORS

Details of the movement of the Shares under the Pre-IPO Employee Share Scheme during the year ended 31 December 2023 are as follows:

	Date of grant	Outstanding as at 1 January 2023	Withdrawn from the trust during the year	Lapsed/ forfeited during the year	Outstanding as at 31 December 2023

Please refer to the section headed "History, Reorganisation and Group Structure" in the Prospectus for further details of the Pre-IPO Employee Share Scheme, which was referred to as the "Employee Share Scheme" therein.

### Post-IPO Employee Share Scheme

The Company further adopted a post-IPO employee share scheme on 6 May 2019 (the "Post-IPO Employee Share Scheme"). Participants of the Post-IPO Employee Share Scheme are employees of the Group. The purpose of the Post-IPO Share Scheme was to further align the interests of the employee participants with those of the Group and incentivize the employee participants. Pursuant to the Post-IPO employee share scheme, Ms. Xue Meiqi, an employee of the Group, acts as the trustee and holds 73,428,040 Shares on trust for the benefit of 40 scheme participants. Grant was made one-off upon adoption of the Post-IPO Employee Share Scheme, and no further grants would be made under the scheme. Awarded shares were fully vested once issued. The maximum entitlement of each participant under the Post-IPO Employee Share Scheme varies. There is no definite expiry date to the Post-IPO Employee Share Scheme.

## REPORT OF THE DIRECTORS

The 73,428,040 Shares under the Post-IPO Employee Share Scheme were issued to Ascend Delight Holdings Limited (a wholly-owned investment holding vehicle of Ms. Xue Meiqi) on 30 August 2019. Employees may withdraw shares from the trust at anytime (after expiry of lock-up period, if any). No further shares will be issued pursuant to the Post-IPO Employee Share Scheme. The 73,428,040 Shares issued under the Post-IPO Employee Share Scheme and not yet withdrawn by the participants represent approximately 6.81% of the issued shares as at the date of this report.

Details of the movement of the Shares under the Post-IPO Employee Share Scheme during the year ended 31 December 2023 are as follows:

	Date of grant	Outstanding as at 1 January 2023	Withdrawn from the trust during the year	Lapsed/ forfeited during the year	Outstanding as at 31 December 2023

<b>Total</b>		<b>84,287,040</b>	<b>10,859,000</b>		<b>73,428,040</b>

Please refer to the circular of the Company dated 31 July 2019 for further details of the Post-IPO Employee Share Scheme, which was referred to as the "New Employee Share Scheme" therein.

Details of such Shares held by Mr. Lin Ting and Ms. Xue Meiqi are set out in the paragraph headed "Substantial Shareholders' Interests and Short Positions in Shares and Underlying Shares" above.

Other than the Pre-IPO Employee Share Scheme and the Post-IPO Employee Share Scheme, no equity-linked agreements that will or may result in the Company issuing Shares or requiring the Company to enter into any agreements that will or may result in the Company issuing Shares were entered into by the Company during the year ended 31 December 2023 or subsisted at the end of the year.

### EXPOSURE TO FLUCTUATIONS IN EXCHANGE RATES

We mainly operate in the PRC with most of the transactions settled in Renminbi and therefore have minimal exposure to foreign exchange risk. We have not used any derivative financial instrument to hedge against our exposure to foreign exchange risk but will closely monitor such risk on an ongoing basis. For a detailed discussion, please refer to note 3 to the consolidated financial statements.

### AUDIT COMMITTEE

The Audit Committee has reviewed the financial reporting processes, risk management and internal control systems of the Group. The Audit Committee has also reviewed and discussed with the external auditor the audited consolidated financial statements for the year ended 31 December 2023. The Audit Committee is of the opinion that these statements had complied with the applicable accounting standards, the Listing Rules and legal requirements, and that adequate disclosures had been made.

## REPORT OF THE DIRECTORS

### CODE OF CONDUCT REGARDING DIRECTORS' SECURITIES AND SECURITIES TRANSACTIONS

The Company has adopted a code of conduct regarding Directors' securities transactions on terms no less exacting than the required standard set out in the Model Code contained in the Listing Rules. Specific enquiry has been made to all the Directors and the Directors have confirmed that they had complied with such code of conduct throughout the year ended 31 December 2023.

### PERMITTED INDEMNITY PROVISION

Pursuant to article 191 of the Articles of Association, every Director is entitled to be indemnified and secured harmless out of the assets and profits of the Company from and against all actions, costs, charges, losses, damages and expenses which he may incur or sustain by reason of any act done, concurred in or omitted in or about the execution of the duties of his office or otherwise in relation thereto (except such is incurred or sustained through his own fraud or dishonesty). Such provision is currently in force as of the date of this report and was in force throughout the year ended 31 December 2023.

The Company has taken out and maintained appropriate directors' and officers' liability insurance coverage for the directors and officers of the Company throughout the year ended 31 December 2023.

### TAX RELIEF

The Company is not aware of any relief from taxation available to the shareholders by reason of their holding of the Shares.

### CORPORATE GOVERNANCE

The Company is committed to the highest standard of corporate governance practices. Information on the corporate governance practices adopted by the Company is set out in the Corporate Governance Report on pages 26 to 44 of this report.

### SUFFICIENCY OF PUBLIC FLOAT

Based on information publicly available to the Company and to the knowledge of the Directors, at least 25% of the Company's total issued share capital, the prescribed minimum percentage of public float approved by the Stock Exchange and permitted under the Listing Rules, have been held by the public at all times for the year ended 31 December 2023 and up to the date of this report.

### AUDITOR

The consolidated financial statements of the Company for the year ended 31 December 2023 have been audited by Linksfield CPA Limited. Linksfield CPA Limited was appointed as auditor of the Company on 19 January 2023 after the resignation of Moore Stephens CPA Limited.

Linksfield CPA Limited will retire and, being eligible, offer themselves for re-appointment at the forthcoming annual general meeting of the Company. A resolution will be submitted to the forthcoming annual general meeting of the Company for the re-appointment of Linksfield CPA Limited as auditor of the Company.

## OPINION

### *What we have audited*

The consolidated financial statements of CSMall Group Limited (the “**Company**”) and its subsidiaries (the “**Group**”) set out on pages 70 to 147, which comprise:

- the consolidated statement of financial position as at 31 December 2023;
- the consolidated statement of profit or loss and other comprehensive income for the year then ended;
- the consolidated statement of changes in equity for the year then ended;
- the consolidated statement of cash flows for the year then ended; and
- the notes to the consolidated financial statements, which include a summary of material accounting policies and other explanatory information.

### *Our opinion*

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (“**IFRSs**”) issued by the International Accounting Standards Board (the “**IASB**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

## BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“**HKSAs**”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Independence*

We are independent of the Group in accordance with The Hong Kong Institute of Certified Public Accountants (“**HKICPA**”) Code of Ethics for Professional Accountants (the “**Code**”), and we have fulfilled our other ethical responsibilities in accordance with the Code.

## INDEPENDENT AUDITOR'S REPORT

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarised as follows:

- Valuation of inventories;
- Revenue recognition; and
- Assessment of goodwill and intangible assets impairment.

#### Key audit matter

##### *Valuation of inventories*

We identified valuation of inventories as a key audit matter due to the significance of balance to the consolidated financial statements and significant management's judgment involved in the valuation process.

Referring to Notes 4 and 21 to the consolidated financial statements, the carrying amount of inventories in the consolidated statement of financial position as at 31 December 2023 amounted to RMB980,549,000, without any write-down being recognised.

As explained in Note 4 to the consolidated financial statements, the management regularly reviews its inventory levels and ageing analysis to identify potential valuation problem of inventories and estimates the net realisable value of those inventories based primarily on the current market conditions and subsequent selling price.

The estimations used in applying this methodology are subject to a higher degree of estimation uncertainty and subjectivity in management's judgement in respect of changes of market condition and customer needs.

#### How our audit addressed the key audit matter

Our procedures in relation to assessing the appropriateness of the valuation of the inventories included:

- Obtaining an understanding of the Group's inventory provision policy and the management's processes in identifying potential valuation problem of inventories;
- Testing the accuracy of the ageing analysis prepared by the management, on a sample basis, by tracing to good receipt notes;
- Assessing whether potential valuation problem of inventories was properly identified after taking into account the current market conditions and ageing analysis; and
- Comparing the actual selling prices of finished goods subsequent to year end and market quotations of similar inventory items as at year end, on a sample basis, to their carrying amounts to check whether the finished goods are measured at the lower of cost and net realisable value.

Based on the procedures performed, we found that the estimates and judgement made by management in respect of the net realisable value of inventories, are supportable by the available evidence.

## INDEPENDENT AUDITOR'S REPORT

### KEY AUDIT MATTERS (continued)

#### Key audit matter

##### *Revenue recognition*

The revenue of the Group is mainly comprises income from sales of jewellery and sales of fresh food product. For the year ended 31 December 2023, the recognised revenue of the Group was RMB500,532,000, referring to Note 6 to the consolidated financial statements.

We focused on this area due to the significance of the revenue to the consolidated financial statements and hence significant audit resources were spent on performing the audit procedures on revenue recognition.

For disclosure on the revenue recognition policy, please refer to Note 2.

#### How our audit addressed the key audit matter

Our procedures in relation to assessing the appropriateness of the accuracy of revenue included:

- Obtaining an understanding of processes and internal controls of revenue recognition;
- Performing testing on the design and execution effectiveness of key internal controls;
- Inspecting the sales contract on a sampling basis to identify the sales business contract and each individual performance obligation, and evaluated whether the point of time when the customer obtains control of the service as judged by the management meets the requirements of the IFRSs; and
- Performing analytical procedures and detailed tests to review the completeness, authenticity, cut-off of revenue accounting and the accuracy of disclosure.

Based on the procedures performed, we found the revenue transactions tested to be supported by the available evidence.

### KEY AUDIT MATTERS (continued)

#### Key audit matter

#### *Assessment of goodwill and intangible assets impairment*

Referring to Notes 4, 19 and 18 to the consolidated financial statements, the carrying amount of goodwill and intangible assets in the consolidated statement of financial position as at 31 December 2023 amounted to RMB12,476,000 and RMB5,421,000 respectively which were allocated to the cash generating unit ("CGU") of Jiangsu Nongmuren Electronic Business Corp. ("Nongmuren").

The assessment of goodwill impairment is determined based on value-in-use calculations, and it is inherently judgmental as it requires significant management judgements about future business performance and the discount rates applied to future cash flow forecasts, and accordingly, this is an area of audit focus. Management engaged an independent external valuer to assist them to perform the value-in-use calculations using appropriate valuation methodologies.

As at 31 December 2023, the goodwill and intangible assets arising from the acquisitions of subsidiaries of the Group were allocated to the CGU of sale of fresh food products.

#### How our audit addressed the key audit matter

Our procedures in relation to assessing the appropriateness of the accuracy of revenue included:

- Obtaining an understanding of and evaluating the design and implementation of key internal controls in relation to the assessment goodwill and intangible assets impairment;
- Assessing the competence, capabilities and objectivity of the external valuer;
- Discussing future operating plans with management and assessing the reasonableness of compound growth rate of revenue used in the discounted cash flow forecasts with reference to historical revenue growth rate; and
- Involving our internal valuation specialist in assessing the appropriateness of the methodology applied with reference to the prevailing accounting standards and the reasonableness of other assumptions used in determining the recoverable amount of the CGU, which included comparing long-term growth rate with the long-term inflation rate of China and post-tax discount rate with reference to those of comparable companies.

Based on the above audit procedures performed, we found that the judgements involved in the valuation methodologies and assumptions used in the assessment of goodwill impairment were supported by the available evidence.

## INDEPENDENT AUDITOR'S REPORT

### OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### RESPONSIBILITIES OF DIRECTORS AND THE AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRSs issued by the IASB and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee is responsible for overseeing the Group's financial reporting process.

## INDEPENDENT AUDITOR'S REPORT

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with Section 405 of the Hong Kong Companies Ordinance and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

## INDEPENDENT AUDITOR'S REPORT

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES

The material accounting policies applied in the preparation of the consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

### 2.1 Basis of preparation

The consolidated financial statements of the Company have been prepared in accordance with International Financial Reporting Standards ("IFRS") and the disclosure requirements of the Hong Kong Companies Ordinance Cap. 622. The consolidated financial statements has been prepared under the historical cost convention.

The preparation of consolidated financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 4.

#### 2.1(a) New standards and amendments to IFRSs that are mandatorily effective for the current year

The Group has applied the following amendments for the first time for their annual reporting period commencing 1 January 2023:

IFRS 17 (including the June 2020 and December 2021 Amendments to IFRS 17)	Insurance Contracts
Amendments to IAS 8	Definition of Accounting Estimates
Amendments to IAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction
Amendments to IAS 12	International Tax Reform-Pillar Two model Rules
Amendments to IAS 1 and IFRS Practice Statement 2	Disclosure of Accounting Policies

The new standards and amendments to standards listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.1 Basis of preparation (continued)

##### 2.1(b) New Standards and amendments to IFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to IFRSs that have been issued but are not yet effective:

Amendments to IFRS 16	Lease Liability in a Sale and Leaseback <sup>1</sup>

These new standards and amendments are not expected to have a material impact on the Group in the current or future reporting periods and on foreseeable future transactions.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

## 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

### 2.2 Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss and other comprehensive income, statement of changes in equity and consolidated statement of financial position respectively.

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised in a separate reserve within equity attributable to owners of the Company.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are reclassified to profit or loss, as part of the gain or loss on sale.

### 2.3 Business combination

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary comprises the:

- fair values of the assets transferred,
- liabilities incurred to the former owners of the acquired entity,
- equity interests issued by the Group,
- fair value of any asset or liability resulting from a contingent consideration arrangement, and
- fair value of any pre-existing equity interest in the subsidiary.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Acquisition-related costs are expensed as incurred.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.3 Business combination (continued)

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is re-measured to fair value at the acquisition date; any gains or losses arising from such re-measurement are recognised in the consolidated statement of profit or loss. The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the consolidated statement of profit or loss.

#### 2.4 Separate financial statements

Investments in subsidiaries are accounted for at cost less impairment losses. Cost also includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving dividends from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

#### 2.5 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker ("CODM"). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Executive Directors that make strategic decisions.

#### 2.6 Foreign currency translation

##### (i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The Company's functional currency is RMB, which is the Company's and the Group's presentation currency.

##### (ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated statement of profit or loss.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.6 Foreign currency translation (continued)

##### (iii) Group companies

The results and financial positions of all the group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;
- income and expenses for each statement of profit or loss are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rates on the dates of the transactions); and
- all resulting exchange differences are recognised in other comprehensive income.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate. Exchange differences arising are recognised in other comprehensive income.

#### 2.7 Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates or enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.7 Revenue from contracts with customers (continued)

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with IFRS 9 "Financial Instruments" ("IFRS 9"). In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

#### Principal versus agent

When another party is involved in providing goods or services to a customer, the Group determines whether the nature of its promise is a performance obligation to provide the specified goods or services itself (i.e. the Group is a principal) or to arrange for those goods or services to be provided by the other party (i.e. the Group is an agent).

The Group is a principal if it controls the specified good or service before that good or service is transferred to a customer.

The Group is an agent if its performance obligation is to arrange for the provision of the specified good or service by another party. In this case, the Group does not control the specified good or service provided by another party before that good or service is transferred to the customer. When the Group acts as an agent, it recognises revenue in the amount of any fee or commission to which it expects to be entitled in exchange for arranging for the specified goods or services to be provided by the other party.

### 2.8 Leases

#### Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified on or after the date of initial application or arising from business combinations, the Group assesses whether a contract is or contains a lease based on the definition under IFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed. As a practical expedient, leases with similar characteristics are accounted on a portfolio basis when the Group reasonably expects that the effects on the consolidated financial statements would not differ materially from individual leases within the portfolio.

#### The Group as a lessee

##### *Allocation of consideration to components of a contract*

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Non-lease components are separated from lease component and are accounted for by applying other applicable standards.

##### *Short-term leases*

The Group applies the short-term lease recognition exemption to leases of office premises and retail shops that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. Lease payments on short-term leases are recognised as expense on a straight-line basis or another systematic basis over the lease term.

##### *Right-of-use assets*

The cost of right-of-use asset includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

#### 2.8 Leases (continued)

##### The Group as a lessee (continued)

##### *Right-of-use assets (continued)*

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

##### *Refundable rental deposits*

Refundable rental deposits paid are accounted under IFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

##### *Lease liabilities*

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include:

- fixed payments (including in-substance fixed payments) less any lease incentives receivable;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable by the Group under residual value guarantees;
- the exercise price of a purchase option if the Group is reasonably certain to exercise the option; and
- payments of penalties for terminating a lease, if the lease term reflects the Group exercising an option to terminate the lease.

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

## 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

### 2.8 Leases (continued)

#### The Group as a lessee (continued)

##### *Lease liabilities (continued)*

The Group remeasures lease liabilities (and makes a corresponding adjustment to the related right-of-use assets) whenever:

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.
- the lease payments change due to changes in market rental rates following a market rent review, in which cases the related lease liability is remeasured by discounting the revised lease payments using the initial discount rate.

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

##### *Lease modifications*

- the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- the consideration for the leases increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, the Group remeasures the lease liability based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Group accounts for the remeasurement of lease liabilities by making corresponding adjustments to the relevant right-of-use asset. When the modified contract contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the modified contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

### 2.9 Borrowing costs

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.10 Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants related to income that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable. Such grants are presented under "other income".

#### 2.11 Employee benefits

##### Retirement benefit costs

Payments to defined contribution retirement benefit plans including the state-managed retirement benefit schemes and the Mandatory Provident Fund Scheme are recognised as an expense when employees have rendered service entitling them to the contributions.

In accordance with the rules and regulations in the PRC, the PRC-based employees of the Group participate in various defined contribution retirement benefit plans organised by the relevant municipal and provincial governments in the PRC under which the Group and the PRC-based employees are required to make monthly contributions to these plans calculated as a percentage of the employees' salaries.

The municipal and provincial governments undertake to assume the retirement benefit obligations of all existing and future retired PRC-based employees' payable under the plans described above. Other than the monthly contributions, the Group has no further obligation for the payment of retirement and other post-retirement benefits of its employees. The assets of these plans are held separately from those of the Group in independently administrated funds managed by the PRC government.

The Group's contribution to the defined contribution retirement schemes are expensed as incurred.

##### Short-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another IFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries) after deducting any amount already paid.

## 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

### 2.12 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from (loss) profit before income tax because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arise from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.12 Taxation (continued)

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxable entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

#### 2.13 Property, plant and equipment

Property, plant and equipment are tangible assets that are held for use in the production or supply of goods or services, or for administrative purposes. Property, plant and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of assets less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

#### 2.14 Intangible assets

##### Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at costs less accumulated amortisation and any accumulated impairment losses. Amortisation for intangible assets with finite useful lives is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less any subsequent accumulated impairment losses.

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.14 Intangible assets (continued)

##### Goodwill

Goodwill arises on the acquisition of subsidiaries represents the excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition date fair value of any previous equity interest in the acquiree over the fair value of the identified net assets acquired. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units ("CGUs"), or groups of CGUs, that is expected to benefit from the synergies of the combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the entity at which the goodwill is monitored for internal management purposes. Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate a potential impairment. The Group performs its annual impairment reviews for goodwill as at 31 December every year. The carrying value of goodwill is compared to the recoverable amount, which is the higher of value in use and the fair value less costs of disposal. Any impairment is recognised immediately as an expense and is not subsequently reversed.

#### 2.15 Impairment of property, plant and equipment, right-of-use assets and intangible assets other than goodwill

At the end of the reporting period, the Group reviews the carrying amounts of its property, plant and equipment, right-of-use assets and intangible assets with finite useful lives to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any). Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

The recoverable amount of property, plant and equipment, right-of-use assets and intangible assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

In testing a cash generating unit for impairment, corporate assets are allocated to the relevant cash-generating units when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the cash-generating unit or group of cash-generating units to which the corporate asset belongs, and is compared with the carrying amount of the relevant cash-generating unit or group of cash-generating units.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.15 Impairment of property, plant and equipment, right-of-use assets and intangible assets other than goodwill (continued)

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a cash-generating unit, the Group compares the carrying amount of a group of cash-generating units, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of cash-generating units, with the recoverable amount of the group of cash-generating units. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of cash-generating units. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of cash-generating units. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit or a group of cash-generating units) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit or a group of cash-generating units) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

#### 2.16 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on a weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Costs necessary to make the sale include incremental costs directly attributable, to the sale and non-incremental costs which the Group must incur to make the sale.

#### 2.17 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.18 Investments in associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates and joint ventures are incorporated in these consolidated financial statements using the equity method of accounting. Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. When the Group's share of losses of an associate or joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised immediately in profit or loss in the period in which the investment is acquired.

The Group assesses whether there is an objective evidence that the interest in an associate or a joint venture may be impaired. When any objective evidence exists, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with IAS 36 as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised is not allocated to any asset, including goodwill, that forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with IAS 36 to the extent that the recoverable amount of the investment subsequently increases.

When the Group ceases to have significant influence over an associate or joint control over a joint venture, it is accounted for as a disposal of the entire interest in the investee with a resulting gain or loss being recognised in profit or loss. When the Group retains an interest in the former associate or joint venture and the retained interest is a financial asset within the scope of IFRS 9, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition. The difference between the carrying amount of the associate or joint venture and the fair value of any retained interest and any proceeds from disposing of the relevant interest in the associate or joint venture is included in the determination of the gain or loss on disposal of the associate or joint venture.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.18 Investments in associates and joint ventures (continued)

In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associate or joint venture on the same basis as would be required if that associate or joint venture had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income by that associate or joint venture would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) upon disposal/partial disposal of the relevant associate or joint venture.

When a group entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associate or joint venture are recognised in the consolidated financial statements only to the extent of interests in the associate or joint venture that are not related to the Group.

The group applies IFRS 9, including the impairment requirements, to long-term interests in an associate or joint venture to which the equity method is not applied and which form part of the net investment in the investee. Furthermore, in applying IFRS 9 to long-term interests, the group does not take into account adjustments to their carrying amount required by IAS 28 (i.e. adjustments to the carrying amount of long-term interests arising from the allocation of losses of the investee or assessment of impairment in accordance with IAS 28).

#### Changes in the Group's interests in associates and joint ventures

The Group continues to use the equity method when an investment in an associate becomes an investment in a joint venture or an investment in a joint venture becomes an investment in an associate. There is no remeasurement to fair value upon such changes in ownership interests.

When the Group reduces its ownership interest in an associate or a joint venture but the Group continues to use the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be reclassified to profit or loss on the disposal of the related assets or liabilities.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

## 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

### 2.19 Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchase or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales of financial assets are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising contracts with customers which are initially measured in accordance with IFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

#### Financial assets

##### *Classification and subsequent measurement of financial assets*

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### *Amortised cost and interest income*

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.19 Financial instruments (continued)

##### Financial assets (continued)

##### *Impairment of financial assets*

The Group performs impairment assessment under expected credit loss (“ECL”) model on financial assets (including trade and other receivables, refundable rental deposits, restricted bank balances, pledged bank deposits and bank balances) which are subject to impairment assessment under IFRS 9. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL (“12m ECL”) represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessments are done based on the Group’s historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade receivables. The ECL on these assets that are credit-impaired or with significant outstanding balance is assessed individually. The ECL on the remaining balance is assessed collectively using a provision matrix with appropriate groupings.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, in which case the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

##### *i) Significant increase in credit risk*

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.19 Financial instruments (continued)

##### Financial assets (continued)

##### *Impairment of financial assets (continued)*

##### *i) Significant increase in credit risk (continued)*

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor; or
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

### 2 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

#### 2.19 Financial instruments (continued)

##### Financial assets (continued)

##### *Impairment of financial assets (continued)*

##### *ii) Definition of default*

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

##### *iii) Credit-impaired financial assets*

A financial asset is credit-impaired when one or more events of default that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower;
- (b) a breach of contract, such as a default or past due event;
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider; or
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.

##### *iv) Write-off policy*

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over two years past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

##### *v) Measurement and recognition of ECL*

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted and forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Where ECL is measured on a collective basis or cater for cases where evidence at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Past-due status; and
- Nature, size and industry of debtors.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables where the corresponding adjustment is recognised through a loss allowance account.

##### *Derecognition of financial assets*

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

##### *Financial liabilities and equity*

##### Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

##### Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

##### Financial liabilities at amortised cost

Financial liabilities including trade, bills and other payables and bank borrowings are subsequently measured at amortised cost, using the effective interest method.

##### Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

### 3. FINANCIAL RISK MANAGEMENT

The Group manages its capital to ensure that the entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of net debt, which includes amounts due to a fellow subsidiary, amounts due to related companies and lease liabilities as disclosed in Notes 23 and 26, respectively, net of cash and cash equivalents, and equity attributable to owners of the Company, comprising issued share capital and various reserves.

The directors of the Company review the capital structure regularly. As part of this review, the directors consider the cost of capital and the risks associated with each class of capital, and will take appropriate actions to balance its overall capital structure.

#### Financial risk management objectives and policies

The Group's financial instruments include trade and other receivables, refundable rental deposits, amount due from immediate holding company, amount due from a fellow subsidiary, bank balances and cash, trade and other payables, lease liabilities, amounts due to a fellow subsidiary, amount due to a non-controlling interest, amounts due to related companies and bank borrowings. Details of these financial instruments are disclosed in respective notes. The risks associated with these financial instruments include market risk (currency risk and interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

#### (i) Market risk

##### *Currency risk*

The carrying amounts of the Group's monetary assets and monetary liabilities that are denominated in currencies other than the functional currency of the respective entities at the end of the reporting period are mainly as follows:

	Assets		Liabilities	
	2023 RMB'000	2022 RMB'000	2023 RMB'000	2022 RMB'000
Hong Kong dollar	270	336	172	577
United States dollar	3	14	-	-

The Group currently does not have a foreign currency hedging policy. However, the management of the Company will monitor foreign exchange exposure closely and consider the use of hedging instruments when the need arises.

##### (i) Market risk (continued)

###### *Sensitivity analysis*

The analysis measures the Group's sensitivity to a 5% (2022: 5%) increase and decrease in the RMB against the relevant foreign currencies. 5% (2022: 5%) is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rate.

The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for a 5% (2022: 5%) change in foreign currency rates. A positive number indicates an increase in loss for the year and other equity where RMB strengthen 5% (2022: 5%) against the relevant currency. For a 5% (2022: 5%) weakening of RMB against the relevant currency, there would be an equal and opposite impact on the loss for the year and the amounts would be negative.

There was no significant foreign currency risk as at 31 December 2023 and 2022.

###### *Interest rate risk*

The Group is exposed to cash flow interest rate risk in relation to variable-rate bank balances and borrowings (see Notes 24 and 28 for details) and fair value interest rate risk in relation to lease liabilities (see Note 26 for details) and fixed-rate bank borrowing (see Note 28 for details).

The Group currently does not have any interest rate hedging policy. The management of the Group monitors the Group's exposure on an ongoing basis and will consider hedging interest rate risk should the need arise.

###### *Sensitivity analysis*

No sensitivity analysis is presented since the directors of the Company consider the exposure of cash flow interest rate risk arising from variable-rate bank balances is insignificant.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3. FINANCIAL RISK MANAGEMENT (continued)

#### Financial risk management objectives and policies (continued)

##### (ii) Credit risk and impairment assessment

At the end of the reporting period, the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position as trade and other receivables, refundable rental deposits, amount due from immediate holding company and bank balances, which those best represent the Group's maximum exposure to credit risk which will cause a financial loss due to failure to discharge an obligation by the counterparties.

##### Trade receivables

In order to minimise the credit risk, the management of the Group has delegated a team responsible for determination of credit limits and credit approvals. Other monitoring procedures are in place to ensure that follow-up action is taken to recover overdue debts. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

In addition, the Group performs impairment assessment under ECL model on trade receivables balances individually or based on provision matrix based on shared credit risk characteristics by reference to repayment histories for recurring customers and current past due exposure for the new customers, taking into consideration forward-looking information that is reasonable and supportable available without undue cost or effort.

The Group has concentration of credit risk in relation to its trade receivables as shown below, these balances are mainly due from debtors with good repayment history.

	2023	2022
Amount due from the largest debtor as a percentage to total trade receivables	53%	11%
Total amount due from the five largest debtors as a percentage to total trade receivables	65%	40%

### 3. FINANCIAL RISK MANAGEMENT (continued)

#### Financial risk management objectives and policies (continued)

##### (ii) Credit risk and impairment assessment (continued)

##### Other financial assets

The Group's internal credit risk grading assessment on financial assets other than trade receivables comprises the following categories:

Internal credit rating	Description	Other financial assets/other items
Low risk	The counterparty has a low risk of default and may have any past-due amounts but usually settle after due date	12m ECL
Doubtful	There have been significant increases in credit risk since initial recognition through information developed internally or external resources	Lifetime ECL – not credit-impaired
Loss	There is evidence indicating the asset is credit-impaired	Lifetime ECL – credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written off

##### *Refundable rental deposits*

The credit risk arising from refundable rental deposits is limited as the Group may utilise such amount for the payment of outstanding rental expenses.

##### *Other receivables and deposits*

For other receivables and deposits, the management makes periodic individual assessment on the recoverability of other receivables and deposits based on historical settlement records, past experience, and also quantitative and qualitative information that is reasonable and supportive forward-looking information.

## 3. FINANCIAL RISK MANAGEMENT (continued)

### Financial risk management objectives and policies (continued)

#### (ii) Credit risk and impairment assessment (continued)

##### Other financial assets (continued)

##### *Amount due from immediate holding company (continued)*

As at 31 December 2023, the credit risk arising from amount due from immediate holding company of approximately RMB15,443,000 (2022: RMB13,372,000) is limited and classified as low risk after assessing its financial background (2022: same). The assessed ECL for the amount due from immediate holding company is insignificant and no allowance is recognised (2022: same).

##### *Bank balances*

The credit risks on bank balances are limited because the counterparties are banks with good reputation.

As at 31 December 2023, the cash and cash equivalents were deposited in reputable financial institutions in the PRC. The Group had certain concentration of credit risk as 99.6% (2022: 98.4%) of the total of cash and cash equivalents was deposited with one financial institution in the PRC. The directors of the Company do not expect any losses from non-performance by these counterparties.

### 3. FINANCIAL RISK MANAGEMENT (continued)

#### Financial risk management objectives and policies (continued)

##### (ii) Credit risk and impairment assessment (continued)

Notes:

- For trade receivables, the Group has applied the simplified approach in IFRS 9 to measure the loss allowance at lifetime ECL. Except for debtors that are credit-impaired or with significant outstanding balances, the Group determines the expected credit losses on these items by using a provision matrix.

As part of the Group's credit risk management, the Group uses debtors' ageing to assess the impairment for its debtors except for those that with significant outstanding balances or credit-impaired. The following table provides information about the exposure to credit risk for trade receivables which are assessed based on provision matrix within lifetime ECL (not credit-impaired).

Gross carrying amount

	2023			2022		
	Trade receivables	Average loss rate	Expected credit loss	Trade receivables	Average loss rate	Expected credit loss
	RMB'000		RMB'000	RMB'000		RMB'000
Current (not past due)	50,453	4.12%	2,081	6,991	3.63%	254
1-30 days past due	676	7.60%	51	6,533	3.91%	255
31-60 days past due	3	14.96%	-	66	12.81%	8
61-90 days past due	251	19.40%	49	97	17.50%	17

	62,166		10,254	17,265		2,923

The estimated loss rates are estimated based on historical observed default rates over the expected life of the debtors and are adjusted for forward-looking information that is available without undue cost or effort. The grouping is regularly reviewed by management to ensure relevant information about specific debtors is updated.

#### Financial risk management objectives and policies (continued)

##### (ii) Credit risk and impairment assessment (continued)

Notes: (continued)

1. During the year ended 31 December 2023, the Group provided RMB10,258,000 (2022: RMB2,921,000) impairment allowance for trade receivables based on collective assessment. Debtors with significant outstanding balances but not credit-impaired and debtors with significant outstanding balances but credit-impaired amounted to RMB8,523,000 and RMB8,593,000 respectively (2022: RMB8,567,000 and RMB9,074,000) were assessed individually. During the year ended 31 December 2023, the Group provided RMB3,370,000 and RMB8,593,000 (2022: RMB2,661,000 and RMB8,507,000) impairment allowance for both significant outstanding balances but not credit-impaired and credit-impaired respectively.

The following table shows reconciliation of loss allowances that has been recognised for trade receivables.

	Lifetime ECL (not credit- impaired) RMB'000	Lifetime ECL (credit- impaired) RMB'000	Total RMB'000
At 1 January 2022	4,845	7,011	11,856
- Impairment losses reversed	(30)	-	(30)
- Impairment losses recognised	83	1,496	1,579
- Exchange realignment	686	-	686
At 31 December 2022 and 1 January 2023	5,584	8,507	14,091
- Impairment losses reversed	-	(37)	(37)
- Impairment losses recognised	8,044	123	8,167
At 31 December 2023	13,628	8,593	22,221

2. As part of the Group's credit risk management, the Group uses counterparties' aging to assess the impairment. The following table provides information about the exposure to credit risk for other receivables within the fresh food retail segment which are assessed on a collective basis by using provision matrix within 12 month ECL or lifetime ECL. No such impairment was provided for these counterparties as at 31 December 2022.

Gross carrying amount

	2023		
	Other receivables RMB'000	Average loss rate	Expected credit loss RMB'000
Current (not past due)	13,643	2.63%	359
More than 90 days past due	20,036	27.45%	5,500
	33,679		5,859

The estimated loss rates are estimated based on historical observed default rates over the expected life of the debtors and are adjusted for forward-looking information that is available without undue cost or effort. The grouping is regularly reviewed by management to ensure relevant information about specific debtors is updated.

During the year ended 31 December 2023, the Group provided RMB5,859,000 (2022: nil) impairment allowance for other receivables based on collective assessment.

2. The following table shows reconciliation of loss allowances that has been recognised for these other receivables.

At 1 January 2022, 31 December 2022 and 1 January 2023	–
Impairment losses recognised	5,859
At 31 December 2023	5,859

3. For refundable deposits and other receivables, the Group measures the loss allowance equal to 12m ECL. For amount due from immediate holding company, the Group applies internal credit risk management to assess whether credit risks has increased significantly since initial recognition, in which case the Group recognises lifetime ECL. The credit risk on refundable deposits and other receivables is limited having considered the credit quality of the counterparties and the probability of default is negligible. Therefore, no impairment allowance is made on these balances.
4. Bank balances are deposited with financial institutions with high credit rating and are considered low credit risk financial assets. The directors of the Company consider these assets are short-term in nature and the probability of default is negligible on the basis of their high-credit ratings. Therefore, no impairment allowance is made on these balances.

##### (iii) Liquidity risk

The following table details the Group's remaining contractual maturity for its financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The maturity dates for other non-derivative financial liabilities are based on the agreed repayment dates.

The table includes both interest and principal cash flows. To the extent that interest flows are floating rates, the undiscounted amount is derived from interest rate at the end of the reporting period.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 3. FINANCIAL RISK MANAGEMENT (continued)

#### Financial risk management objectives and policies (continued)

Fair value of the Group's financial assets that are measured at fair value on a recurring basis.

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements approximate their fair values.

The fair values of these financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant input being the discount rate that reflects the credit risk of counterparties.

### 4 KEY SOURCES OF ESTIMATION UNCERTAINTY

#### Critical accounting estimates and judgments

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Group's accounting policies.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

#### Allowance for inventories

Inventories are valued at the lower of cost and net realisable value. The management regularly reviews its inventory levels and ageing analysis in order to identify potential valuation problem of inventories. The management estimates the net realisable value of those inventories based primarily on the current market conditions and subsequent selling price. The Group makes allowance for inventory when the Group identifies items of inventories which have a net realisable value that is lower than its carrying amount.

#### Provision of ECL for trade receivables

The Group uses provision matrix to calculate ECL for certain of its trade receivables. The provision rates are based on historical default rates of various debtors that have similar loss patterns. The provision matrix is based on the shared credit risk characteristics by reference to repayment histories for recurring customers and current past due exposure for the new customers, taking into consideration forward-looking information that is reasonable and supportable available without undue cost or effort. At every reporting date, the historical observed default rates are reassessed and changes in the forward-looking information are considered. In addition, trade receivables that are credit-impaired or with significant outstanding balances are assessed for ECL individually.

The provision of ECL is sensitive to changes in estimates. The information about the trade receivables and the Group's ECL are disclosed in Notes 22 and 10, respectively.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 4 KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)

#### Critical accounting estimates and judgments (continued)

##### Consolidation of controlled structured entities

The Group obtained controls over certain VIEs by entering into a series of contractual arrangements (the “Contractual Arrangements”) with the VIEs and their respective Nominee Shareholders. Nevertheless, the Contractual Arrangements and other measures may not be as effective as direct legal ownership in providing the Group with direct control over the VIEs and uncertainties presented by the PRC legal system could impede the Group’s beneficiary rights of the results, assets and liabilities of the VIEs. The directors of the Company, based on the advice of its legal counsel, consider that the Contractual Arrangements among the VIEs and their respective Nominee Shareholders are in compliance with the relevant PRC Laws and are legally enforceable.

##### Business combinations

Business combinations are accounted for under the acquisition method. The determination and allocation of fair values to the identifiable assets acquired and liabilities assumed is based on various assumptions and valuation methodologies requiring considerable management judgment. Although the Group believes that the assumptions and estimates applied in the determination are reasonable based on information available at the date of acquisition, actual results may differ from the forecasted amounts and the difference could be material, see Note 30 for details.

##### Provision of ECL for amount due from immediate holding company

Impairment of amount due from immediate holding company is assessed on 12m ECL basis when there had been no significant increase in credit risk since initial recognition. However, when there has been a significant increase in credit risk since origination, the allowances will be based on the lifetime ECL. Assessment are done based on the Group’s historical credit loss experience, general conditions, internal credit ratings and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions. The provision of ECL is sensitive to changes in estimates. The information about amount due from immediate holding company and its ECL are disclosed in Notes 3 and 23, respectively.

##### Impairment of property, plant and equipment, right-of-use assets and intangible assets

Property, plant and equipment, right-of-use assets and intangible assets are stated at costs less accumulated depreciation and impairment, if any. In determining whether an asset is impaired, the Group has to exercise judgment and make estimation, particularly in assessing: (1) whether an event has occurred or any indicators that may affect the asset value; (2) whether the carrying value of an asset can be supported by the recoverable amount, in the case of value in use, the net present value of future cash flows which are estimated based upon the continued use of the asset; and (3) the appropriate key assumptions to be applied in estimating the recoverable amounts including cash flow projections and an appropriate discount rate. When it is not possible to estimate the recoverable amount of an individual asset (including right-of-use assets), the Group estimates the recoverable amount of the cash generating unit to which the assets belong, including allocation of corporate assets when a reasonable and consistent basis of allocation can be established, otherwise recoverable amount is determined at the smallest group of cash generating units, for which the relevant corporate assets have been allocated. Changing the assumptions and estimates, including the discount rates or the growth rate in the cash flow projections, could materially affect the recoverable amounts.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 4 KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)

#### Critical accounting estimates and judgments (continued)

##### Recoverability of goodwill

The Group tests whether goodwill has suffered any impairment on an annual basis. Judgment is required to determine the testing level and appropriate impairment approaches, i.e. fair value less costs of disposal or value in use, for impairment review purposes, and to select key assumptions and estimates applied in the adopted valuation models, including discounted cash flows and market approach. Changing the assumptions and estimates selected by management in assessing impairment could materially affect the result of the impairment test and in turn affect the Group's financial condition and results of operations. If there is a significant adverse change in the key assumptions and estimates applied, it may be necessary to take additional impairment charge to the consolidated statement of profit or loss and other comprehensive income. See Note 19 for details.

### 5 SEGMENT INFORMATION

The Group has two operating and reportable segments (2022: two segments). Management determines the operating segment based on the information reported to the Group's CODMs (i.e. the executive directors of the Company) for the purposes of resource allocation and performance assessment, are as follows:

- (i) Designing and sales of gold, silver, colored gemstones and gem-set and other jewellery products in the PRC ("**New Jewellery Retail segment**"); and
- (ii) Integrated online-and-offline sales of fresh food in the PRC, and providing related electronic platforms and branding and SaaS services along the agricultural supply chain in the PRC ("**Fresh Food Retail segment**").

The Group's operating segments also represent its reportable segments.

### 6 REVENUE (continued)

#### (ii) Performance obligations for contracts with customers

##### New Jewellery Retail segment

*Sale of gold products, sales of silver products, colored gemstones and gem-set and other jewellery products*

The Group sells gold products, silver products, colored gemstones and gem-set and other jewellery products to (i) the wholesale market through self-operated online platform and offline retail and service network and (ii) directly to customers through self-operated online platform, third-party online sales channels and offline retail and services network.

For sales to the wholesale market, revenue is recognised when control of the goods is transferred, being the time when products are delivered to the wholesaler's specific location. Upon delivery, the wholesalers have full discretion over the manner of distribution and pricing to sell the goods, and they also bear the risks of obsolescence and loss in relation to the goods. The credit term granted to the wholesalers is 30 to 90 days from invoice date, and deposits received in advance are recognised as contract liabilities.

For sales directly to customers, revenue is recognised when goods are delivered or picked up, being the time when customers obtain control over the goods. The customers have a seven-day free return for jewellery products through online sales channels provided that the products are returned in their original state without damage. However, gold bars and silver bars are not returnable unless they are proved inauthentic and all other goods through offline retail and services network are not returnable. The Group uses its accumulated historical experience to estimate the number of return and considered that it is insignificant. Payments from the customers are made immediately upon or before delivery of the products. Payments received in advance are recognised as contract liabilities.

##### Fresh Food Retail segment

The Group sells fresh food product directly to customers through self-operated online platform, and offline retail distribution network. Revenue is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the products.

#### (iii) Transaction price allocated to the remaining performance obligation for contracts with customers

All contracts with customers for the Group are for periods of one year or less. As permitted under IFRS 15, the transaction price allocated to these unsatisfied contracts is not disclosed.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 17 RIGHT-OF-USE ASSETS (continued)

For both years, the Group leases office premises, showrooms, warehouse and retail shops for its operations. Majority of lease contracts are entered into for lease terms of one to five years for the year ended 31 December 2023 (2022: one to five years). Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. In determining the lease terms and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

The Group regularly entered into short-term leases for office premises and retail shops. As at 31 December 2023 and 2022, the portfolio of short-term leases is similar to the portfolio of short-term leases to which the short-term lease expense disclosed above.

#### Restrictions or covenants on leases

In addition, lease liabilities of RMB5,974,000 (2022: RMB5,774,000) are recognised with related right-of-use assets of RMB4,424,000 (2022: RMB5,027,000) as at 31 December 2023. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lesser. Leased assets may not be used as security for borrowing purposes.

For the purposes of impairment review, the recoverable amount of CGU is determined based on the value-in-use calculations which require the use of assumptions and estimates. During the year ended 31 December 2023, management considered to adjust the development strategy of the Fresh Food Retail segment and to refine the future operation model.

The calculation uses pre-tax cash flow projections based on financial budgets approved by management using the compound annual growth rate in the eight-year period from the balance sheet date of 52.0% (2022: the compound annual growth rate in five-year period of 26.6%). Management believes that it is appropriate for the cash flow projections to cover an eight-year period because it captures the early development stage of the Fresh Food Retail segment during which the Group expects to experience a high growth rate of revenue.

Cash flows beyond the 8-year period are expected to be similar to that of the 8th year, taking into account of the estimated terminal growth rate of 3% (2022: 3%). The assumptions used for budgeted revenue and gross profit margin are considered with reference to the latest market condition and the historical data. The operating cash inflows generated from the Fresh Food Retail segment are mainly from the retail sales of fresh food products which cash are received upon sales, and accordingly the management considers the credit risk of cash flows to be insignificant. The pre-tax discount rate used is 18.8% (2022: 24.4%). Management estimates the discount rate using pre-tax rates that reflect market assessments of the time value of money and the specific risks relating to the CGU. Based on the impairment review, no impairment is considered necessary as at 31 December 2023.

A reasonably possible change in key assumptions used in the impairment test of goodwill might cause the carrying amount to exceed its recoverable amount as at 31 December 2023. The effect of the reasonably possible change in key assumptions is: had there been a 0.5% reduction of terminal growth rate, or a 0.5% increase in pre-tax discount rate, the carrying amount of the CGU would exceed its recoverable amount by approximately RMB1,073,000 and RMB2,161,000, respectively, as at 31 December 2023.

### 30 ACQUISITION OF A SUBSIDIARY

On 31 December 2021, Shenzhen Guojintongbao Company Limited\* (深圳國金通寶有限公司) (“Shenzhen Guojintongbao” which is a wholly-owned subsidiary of the Group), Bric (Suzhou) Agriculture Information Technology Co., Ltd.\* (布瑞克(蘇州)農業互聯網股份有限公司) (“Bric Suzhou” which was an existing shareholder of Jiangsu Nongmuren Electronic Business Corp.\* (江蘇農牧人電子商務股份有限公司) (“Jiangsu Nongmuren”)), Suzhou Nonggou Daohe Investment Management Center (Limited Partnership)\* (蘇州農購道合投資管理中心(有限合夥)) (“Suzhou Nonggou Daohe” which was an existing shareholder of Jiangsu Nongmuren), Mr. Sun Tong (who was the controlling shareholder of Bric Suzhou and Suzhou Nonggou Daohe) and Jiangsu Nongmuren entered into an investment agreement, pursuant to which the Group shall obtain 51% effective ownership in Jiangsu Nongmuren in cash consideration by way of capital injection of RMB26,000,000 payable in cash to Jiangsu Nongmuren in two installments.

Jiangsu Nongmuren is a company incorporated in the PRC limited by shares. Jiangsu Nongmuren is the developer and operator of the “農牧人” (“Nongmuren”) supply chain and sales platforms, which conducts integrated online-and-offline sales of fresh food in the PRC, and provides related electronic platforms and branding and SaaS services in the PRC. This transaction was completed on 10 January 2022 and Jiangsu Nongmuren became a non-wholly owned subsidiary of the Group. This acquisition enables the Group to expand its market share in the fresh food industry.

### 31 RETIREMENT BENEFITS PLANS

The Group participates in a Mandatory Provident Fund Scheme (“MPF Scheme”) for all qualifying employees in Hong Kong established under the Mandatory Provident Fund Schemes Ordinance. The assets of the MPF Scheme are held separately from those of the Group in funds under the control of an independent trustee. Under the rule of the MPF Scheme, the employer and its employees are each required to make contributions to the scheme at a rate of 5% specified in the rules, but subject to a cap. The only obligation of the Group with respect of MPF Scheme is to make the required contributions under the scheme. No forfeited contribution is available to reduce the contribution payable in the future years.

The employees employed in the PRC are members of the state-managed retirement benefit schemes operated by the PRC government. The PRC subsidiaries are required to contribute a certain percentage of their basic payroll to the retirement benefit schemes to fund the benefits. The only obligation of the Group with respect to the retirement benefit schemes is to make the required contributions under the schemes. No forfeited contribution is available to reduce the contribution payable in future years.

During the year ended 31 December 2023, the total expenses recognised in profit or loss of RMB2,661,000 (2022: RMB3,295,000) represent contributions payable to these plans by the Group at rates specified in the rules of the plans.

### 36 SUBSIDIARIES (continued)

**Note: Consolidated structured entity**

PRC laws and regulations restrict foreign investors from owning more than 50% equity interests in any enterprise engaged in value-added telecommunication business (the "Restricted Business").

During the year ended 31 December 2023, the Group decided to engage in the provision of electronic platforms and branding and SaaS services in the PRC which was categorised under the Restricted Business. Therefore, Jiangsu Nongmuren was acquired and under the legal ownership of two independent third parties. Therefore, a series of agreements (the "2022 Contractual Arrangements") were entered into between the Group and the legal owners on 31 December 2022.

Jiangsu Nongmuren is referred to as the "Structured Entity".

The 2021 Contractual Arrangements both comprised of (a) exclusive option agreement, (b) exclusive consultancy and services agreement, (c) shareholder voting right entrustment agreements, and (d) equity pledge agreement. Key provisions of the 2021 Contractual Arrangements are as follows:

*Exclusive option Agreement*

The Group, the Structured Entity and the legal owners entered into an exclusive option agreement (the "Exclusive Option Agreement") whereby the legal owners have irrevocably and unconditionally agree, to the extent permitted under the laws of the PRC, to transfer to the Group or any other entities or persons designated by the Group their equity interests in the Structured Entity. The Group may exercise, at its sole discretion, its rights at any time and in any manner permitted under the laws of the PRC. The exercise price of the rights payable to each of the legal owners is the lower of (a) the amount of registered capital contributed by the respective legal owner in accordance with their respective percentage of equity interest in the Structured Entity and (b) the lowest price permitted under the laws of the PRC. The entire consideration received by the legal owners in exercising the option would be transferred to the Group within 10 days. In respect of the 2021 Contractual Arrangements, the Exclusive Option Agreement contains an undertaking from Jiangsu Nongmuren's legal owners to return to the Company any consideration they received when the Company acquires the equity interest of Jiangsu Nongmuren upon unwinding the 2021 Contractual Arrangements.

The Exclusive Option Agreement will be terminated when all the rights and assets in the Structured Entity are transferred to the Group and/or other entities or persons designated by the Group in accordance with the terms of the Exclusive Option Agreement and the laws of the PRC.

*Exclusive Consultancy and Services Agreement*

The Group and the Structured Entity entered into an exclusive consultancy and services agreement ("Exclusive Consultancy and Services Agreement") whereby the Structured Entity engages the Group on an exclusive basis to provide consultancy services in relation to technology approval (技術審批), technology support, technology consultation and other related corporate consultation services.

In consideration of the provision of the aforementioned services by the Group, the Structured Entity will pay the Group (a) a service fee equivalent to the entire profit after taxation of the Structured Entity, with calculation in accordance to IFRSs, after setting off any accumulated loss after taxation in the prior years; and (b) another service fee agreed separately between the Structured Entity and the Group for specific technology services provided by the Group on the request of the Structured Entity.

The Exclusive Consultancy and Services Agreement will be valid until terminated in writing by both parties or in accordance with the requirements by the laws of the PRC.

*Shareholder voting right entrustment agreements*

The Group, the Structured Entity and the legal owners entered into a shareholder voting right entrustment agreements (the "Shareholder Voting Right Entrustment Agreements") whereby the legal owners have irrevocably agree that the Group shall be authorise any person designated by the Group to exercise their rights and powers as shareholders of the Structured Entity.

The Shareholder Voting Right Entrustment Agreements will be terminated when all the equity interests in the Structured Entity are transferred to the Group and/or other entities or persons designated by the Group in accordance with the terms of the Shareholder Voting Right Entrustment Agreements and the laws of the PRC.

**Note:** Consolidated structured entity (continued)

#### *Equity Pledge Agreement*

The Group, the Structured Entity and the legal owners entered into a share pledge agreement (the "**Share Pledge Agreement**") whereby the legal owners have irrevocably and unconditionally agree that the Group shall be entitled to enforce the pledge in accordance with the terms of the Share Pledge Agreement.

The Share Pledge Agreement will remain in effect until the later to occur of the following: (a) all of the obligations of the legal owners and the Structured Entity under the Exclusive Option Agreement, the Exclusive Consultancy and Services Agreement, the Equity Pledge Agreement, and the Shareholder Voting Right Entrustment Agreements are satisfied in full or (b) all the direct, indirect or incidental loss suffered by the Group as a result of the breach by the legal owners or the Structured Entity under the Option Agreement, the Proxy Agreement and/or the Consultancy and Services Agreement has been discharged in full.

The directors of the Company, after consulting their legal counsel, are of the view that the 2022 Contractual Arrangements are in compliance with existing PRC laws and regulations and are valid, binding and enforceable, and do not result in any violation of PRC laws or regulations currently in effect in all material aspects. The 2022 Contractual Arrangements have in substance enabled the Group to exercise full control over and enjoy all economic benefits of the Structured Entity despite the absence of formal legal equity interest held by the Group therein and the legal owners are, in substance, the nominees of the Group. Accordingly, the Structured Entity is accounted for as a consolidated Structured Entity of the Group.

Jiangsu Nongmuren is principally engaged in conducts integrated online-and-offline sales of fresh food in the PRC, and provides related electronic platforms and branding and SaaS services along the agricultural supply chain in the PRC.
