The board (the “**Board**”) of directors (the “**Director(s)**”) of YesAsia Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) announces, pursuant to Rule 17.06A of the Rules Governing the Listing of Securities (the “**Listing Rules**”) on The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”), that the Company has resolved to make grants of share options under the post-IPO share option scheme adopted by the Company on 13 March 2021 which came into effect on 9 July 2021 (the “**Post-IPO Share Option Scheme**”).

The Board is pleased to announce that on 26 April 2024 (the “**Date of Grant**”), 309,000 share options (the “**Option(s)**”) carrying rights to subscribe for a maximum of an aggregate of 3,090,000 ordinary shares of the Company (the “**Share(s)**”) were granted to a total of 72 selected grantees (the “**Option Grantee(s)**”) comprising 4 senior managers (as defined in the Listing Rules) (the “**Senior Manager Grantee(s)**”) and 68 employees of the Group, all being eligible persons under the Post-IPO Share Option Scheme but none of them is a Director, or chief executive of the Group, subject to their acceptance, under the Post-IPO Share Option Scheme. The Options do not demand payment by the Option Grantees on their acceptance of the Option. Details of the Options granted are set out as follows:

Exercise price of Options granted	HK\$7.9 per Option
Exercise price per Share under Options granted	HK\$0.79 per Share
Grantees and number of Options granted	309,000 Options (each Option shall entitle the holder of the Option to subscribe for 10 Shares) were granted to the Option Grantees, comprising senior managers and employees of the Group.

To the best knowledge of the Directors, as of the date of this announcement, none of the Option Grantees is (i) a Director, chief executive or substantial shareholder (as defined in the Listing Rules) of the Company, or an associate (as defined in the Listing Rules) of any of them, or (ii) a participant with options granted and to be granted exceeding the 1% individual limit under the Listing Rules, or (iii) a related entity participant or a service provider (as defined in the Listing Rules) of the Company.

Average closing price per Share for the five business days immediately preceding the Date of Grant HK\$0.79 per Share

Closing price of the Shares on the Date of Grant HK\$0.75 per Share

Validity period of the Options 26 April 2024 to 25 April 2034, both dates inclusive

Vesting schedule of the Options Subject to the scheme rules of the Post-IPO Share Option Scheme, the terms and conditions under the individual option grant letter to be executed between the Company and the Option Grantee(s), including the Senior Manager Grantee(s) (the “**Option Agreement**”) and the applicable laws, rules and regulations (including the Listing Rules), the default vesting schedule shall be:

- (1) 25% of all the Options granted will become vested on the first anniversary of the vesting start date as specified in the Option Agreement (i.e. 26 April 2024) (the “**Vesting Start Date**”);
- (2) 6.25% of the Options granted will become vested as at the end of each three-month period after the first anniversary of the Vesting Start Date, such that all of the Options with the same Vesting Start Date shall become vested on the fourth anniversary of the Vesting Start Date;

provided that, among others, (i) the Option Grantee does not suffer a termination of eligibility status prior to each such vesting date and (ii) the additional vesting will be suspended during any period which the Option Grantee is on a leave of absence from the Group, as determined by the Board or by a committee appointed by the Board which consists of two or more members of the Board.

Exercise period of the Options 26 April 2024 to 25 April 2034, both dates inclusive, subject to the vesting schedule set out in the preceding paragraph.

Performance targets and clawback mechanism The Options are granted without performance targets attached to the vesting or exercise of the Options.

Among the 309,000 Options granted, a total of 20,000 Options were granted to the Senior Manager Grantees.

Taking into account (i) the value of the Options is linked to the future market price of the Shares, which, in turn, depends on the business performance of the Group, the Option Grantees will be incentivised to directly contribute to the business performance of the Group, so as to enhance the long-term value of the Shares; and (ii) the Options are subject to the vesting schedule as stated above and may lapse if the Option Grantee ceases to be an eligible participant under the Post-IPO Share Option Scheme, the Board is of the view that such mechanisms are market competitive and would motivate the Option Grantees to be retained as employees of the Group and continually contribute to the Group's development.

Despite there is no additional clawback mechanism attached to the Options, it is set out in the scheme rules of the Post-IPO Share Option Scheme that the Options or any part thereof shall lapse in the event, among others, that the Option Grantees cease to be employees of the Group or commit a breach of the relevant scheme rules.

The remuneration committee of the Company ("**Remuneration Committee**") considers that the grant of Options without performance targets and clawback mechanism can nonetheless align the interests of the Senior Manager Grantees with that of the Company and the Shareholders and incentive and encourage the Senior Manager Grantees to continue to commit and contribute towards the sustainable growth of the Group and enhance the long term value of the Company and the Shares, which is in line with the purpose of the Post-IPO Share Option Scheme. Additional clawback mechanism is considered not necessary as the Post-IPO Share Option Scheme already provided for the lapse of Options under various scenarios which could adequately safeguard the Company's interest.

Financial Assistance The Group has not provided any financial assistance to the Option Grantees to facilitate the purchase of Shares under the Post-IPO Share Option Scheme.

None of the Option Grantees will be holding more than 1% the share capital issued and to be issued upon exercise of the Option(s) in full and, if any, other share options granted (including exercised, cancelled and outstanding options) in the 12-month period up to and including 26 April 2024. The aforesaid grants of Options are not subject to approval by the Shareholders.

Reason for and Benefits of the Grant of Options

The purposes of the grant of Options are to (i) retain, incentivise and reward the Option Grantees for their continuing commitment and contribution towards the sustainable growth of the Group by providing them with an opportunity to invest in the Company, and (ii) encourage the Option Grantees to work towards enhancing the long-term value of the Company and its Shares.

Number of Shares Available for Future Grants

As at the date of this announcement, immediately after the aforesaid grant of Options, a total of 3,068,407 Options, which is equivalent to 30,684,070 underlying Shares, will remain available for future grants under the Post-IPO Share Option Scheme.
