ANNOUNCEMENT AND NOTICE OF THE PROPOSED CESSATION OF TRADING, TERMINATION, VOLUNTARY DEAUTHORIZATION AND DELISTING AND NON-APPLICABILITY OF CERTAIN PROVISIONS OF THE CODE ON UNIT TRUSTS AND MUTUAL FUNDS

Terms not defined in this Announcement and Notice will have the meanings as are given to such terms in the prospectus of the Trust and the Terminating Products dated 16 April 2024 (the “Prospectus”).

IMPORTANT: Investors are strongly advised to consider the contents of this Announcement and Notice. This Announcement and Notice is important and requires your immediate attention. It concerns the proposed cessation of trading, proposed termination, proposed deauthorization and proposed delisting of the Terminating Products and the non-applicability of certain provisions of the Code on Unit Trusts and Mutual Funds (the “Code”) for the period from 21 May 2024 (i.e. the Trading Cessation Date, as defined in section 2.5) to the date of deauthorization (the “Deauthorization Date”). In particular, investors should note that:

- **taking into account the relevant factors, including, in particular, the relatively small net asset value (“Net Asset Value”) of each of the Terminating Products (see details of the factors in section 1 below), the Manager has, by means of a resolution of the board of directors of the Manager dated 12 April 2024, decided to exercise its power under Clause 35.6(A) of the Trust Deed, and proposed to seek termination of the Terminating Products with effect from the Termination Date (as defined in section 2.4);**
- **the Last Trading Day (as defined in section 2.5) of the units in the Terminating Products (“Units”) will be 20 May 2024;**
- **the Units of the Terminating Products will cease trading as from 21 May 2024 (i.e. the Trading Cessation Date, as defined in section 2.5);**

- **the Manager, after having consulted the Trustee and the Terminating Products’ auditor, will realise all of the assets of each of the Terminating Products effective from the Trading Cessation Date. Accordingly, from the Trading Cessation Date onwards, (i) there will be no further trading of Units of each of the Terminating Products and no further creation and redemption of Units of each of the Terminating Products; (ii) the Manager will start to realise all of the assets of each of the Terminating Products and each Terminating Product will therefore cease to track the leveraged performance or inverse performance (as the case may be) of the respective indices and will not be able to meet its investment objective of tracking the leveraged performance or inverse performance (as the case may be) of the respective indices; (iii) the Terminating Products will no longer be marketed or offered to the public; (iv) the Terminating Products will mainly hold cash; and (v) the Terminating Products will only be operated in a limited manner;**
- **the Manager will, after having consulted the Trustee and the Terminating Products’ auditor, declare a Final Distribution (as defined in section 2.2) to the investors who remain so as at 24 May 2024 (the “Distribution Record Date”), and the Final Distribution is expected to be payable on or around 17 June 2024 (the “Final Distribution Date”);**
- **the amount of Final Distribution will equal the total net assets of each of the Terminating Products as at 24 May 2024, which will exclude (i) any taxes payable; and (ii) any expenses payable;**
- **by the date when the Trustee and the Manager form an opinion that the Terminating Products cease to have any outstanding contingent or actual assets or liabilities, the Trustee and the Manager will commence the completion of the termination of the Terminating Products (i.e. the Termination Date). The Manager expects the Termination Date will be on or around 22 July 2024. The Manager will publish an announcement on or shortly before the Termination Date in relation to the termination, deauthorization and delisting of the Terminating Products;**
- **during the period from the Trading Cessation Date until, at least, the Termination Date, the Manager will maintain the Terminating Products’ SFC authorization status and SEHK listed status, and, subject to the SEHK’s approval, expects the delisting to take effect at or around the same time as the deauthorization;**
- **the Manager expects that the deauthorization and the delisting will take place either on the Termination Date or shortly after the Termination Date (please note that any product documentation for the Terminating Products previously issued to investors, including the Prospectus and the KFS in respect of the Terminating Products, should be retained for personal use only and not for public circulation); and**
- **investors should pay attention to the risk factors as set out in section 6.1 below (including liquidity risk, Units trading at a discount or premium risk, tracking errors during the period from the date of this Announcement and Notice to the Last Trading Day risk, Net Asset Value downward adjustment risk, failure to track the leveraged performance or inverse performance of the indices risk, delay in distribution risk and market makers’ inefficiency risk). Investors should exercise**

caution and consult their professional and financial advisers before dealing in the Units in the Terminating Products or otherwise deciding on the course of actions to be taken in relation to their Units in the Terminating Products.

Stockbrokers and financial intermediaries are urged to:

- **forward a copy of this Announcement and Notice to their clients holding Units in any or all of the Terminating Products, and inform them of the contents of this Announcement and Notice as soon as possible;**
- **facilitate their clients who want to dispose of Units in any or all of the Terminating Products on or before the Last Trading Day;**
- **inform their clients as soon as possible if any earlier dealing deadline, additional fees or charges, and/or other terms and conditions will be applicable in respect of the provision of their services in connection with any disposal of Units in the Terminating Products; and**
- **inform their clients of the Final Distribution arrangements as set out in section 2.2 below and the possible impact in relation to such arrangements to their clients.**

The Manager will, until the Last Trading Day, issue reminder announcements on a weekly basis to investors informing and reminding them of the Last Trading Day, the Trading Cessation Date and the Distribution Record Date. Also, further announcements will be made, as and when appropriate in accordance with the applicable regulatory requirements, in due course to inform the investors of the Final Distribution Date, the Termination Date, the dates for the deauthorization and the delisting.

1. Proposed termination of the Terminating Products, cessation of trading and realisation of assets

1.1 Proposed termination of the Terminating Products

According to Clause 35.6(A) of the Trust Deed dated 24 April 2020, as amended and restated from time to time, each Terminating Product may be terminated by the Manager in its absolute discretion by notice in writing to the Trustee in the event that, after one year from the date of establishment of the relevant Terminating Product, the aggregate Net Asset Value of all the Units in such Terminating Product outstanding shall be less than USD 10,000,000. No approval from the Unitholders of the Terminating Products is required for such termination under Clause 35.6(A) of the Trust Deed.

As at 17 April 2024, the Net Asset Value and the Net Asset Value per Unit of each of the Terminating Products were as follows:

Product Name	Net Asset Value	Net Asset Value per Unit
CSOP CSI 300 Index Daily (-1x) Inverse Product	RMB21,151,947.49 (Indicatively, USD2,922,310.76)	RMB6.6100 (Indicatively, USD0.9132)
CSOP FTSE China A50 Index Daily (2x) Leveraged Product	USD4,339,740.07	USD0.4018
CSOP FTSE China A50 Index Daily (-1x) Inverse Product	USD2,803,081.67	USD1.1680
CSOP Gold Futures Daily (-1x) Inverse Product	USD1,813,789.48	USD0.7557
CSOP WTI Crude Oil Futures Daily (-1x) Inverse Product	USD1,797,990.68	USD0.4495
CSOP CSI Brokerage Index Daily (2x) Leveraged Product	RMB8,533,717.73 (Indicatively, USD1,179,001.37)	RMB5.3336 (Indicatively, USD0.7369)

Having taken into account the relevant factors including the interests of the investors as a whole, the current relatively small Net Asset Value and the low trading volume of each of the Terminating Products, the Manager is of the view that the proposed termination of the Terminating Products would be in the best interests of the investors of the Terminating Products. Therefore, the Manager has, by means of a resolution of the board of directors of the Manager dated 12 April 2024, decided to exercise its power under Clause 35.6(A) of the Trust Deed, to terminate the Terminating Products on the date on which the Trustee and the Manager form an opinion that the Terminating Products cease to have any contingent or actual assets or liabilities. The Manager has given written notice to the Trustee notifying the Trustee of its proposal to terminate the Terminating Products pursuant to Clause 35.6(A) of the Trust Deed, and the Trustee does not object to such proposal (including the cessation of trading, termination, deauthorization and delisting of the Terminating Products) and acknowledges the non-applicability of certain provisions of the Code as referred to in this Announcement and Notice.

As required under Clause 35.8 of the Trust Deed, no less than three month's notice is hereby given to the investors, notifying them of the proposed termination of the Terminating Products. Also, as required under Chapter 11.1A and 11.2 of the Code, no less than one month's notice is hereby given to the investors, notifying them that the Terminating Products will cease to track the leveraged performance or inverse performance (as the case may be) of the respective indices, and cease trading, from the Trading Cessation Date.

1.2 The proposed cessation of trading

The Manager will apply to SEHK to have the Units of the Terminating Products cease trading on the SEHK with effect from 21 May 2024 (i.e. the Trading Cessation Date). The Manager will realise all of the assets

of each of the Terminating Products effective from the Trading Cessation Date. No additional cost would be involved in such realisation of the assets of the Terminating Products as compared to the costs associated with the normal realisation of assets in the Terminating Products. 20 May 2024 will be the Last Trading Day when investors may buy or sell Units in the Terminating Products on the SEHK in accordance with the usual trading arrangements currently in place.

For the avoidance of doubt, creation and redemption of Units in the Terminating Products by Participating Dealers will continue to be permitted until the Last Trading Day. Creations of Units will be limited to the creation of Units by Participating Dealers for market making activities of market makers to provide liquidity of the trading of the Units on the SEHK. There will be no creation of Units for other purposes from the date of this Announcement and Notice.

Investors should note that they cannot create and redeem Units directly from the Terminating Products in the primary market. Only Participating Dealers may submit creation and redemption applications to the Manager and the Participating Dealers may have their own application procedures for their clients and may set application cut-off times for their clients which are earlier than those set out in the Prospectus but in any event, not later than the Last Trading Day. Investors are advised to check with the Participating Dealers as to the relevant timing deadlines and the client acceptance procedures and requirements.

1.3. Impacts on the proposed realisation of the assets of the Terminating Products

After the realisation of the assets of each of the Terminating Products (as described in section 1.2 above and subject to section 2.4 below), each of the Terminating Products will mainly hold cash, primarily consisting of the proceeds from the realisation of the assets of each of the Terminating Products. It therefore follows that, from the Trading Cessation Date, each of the Terminating Products will cease to track the leveraged performance or inverse performance (as the case may be) of their respective indices, and will not be able to meet their investment objective of tracking the leveraged performance or inverse performance (as the case may be) of their respective indices.

2. What will happen on or before the Last Trading Day and from the Trading Cessation Date?

2.1 Trading on the SEHK on any trading day up to and including the Last Trading Day

On any trading day up to (and including) the Last Trading Day, an investor may continue to buy or sell its Units in the Terminating Products on the SEHK in accordance with the usual trading arrangements, during the trading hours of the SEHK and based on the prevailing market prices. The market makers of the Terminating Products will continue to perform their market making functions in accordance with the Trading Rules of the SEHK until the Last Trading Day.

Investors should note that stockbrokers or other financial intermediaries may impose brokerage fees on any sale of the Units of each of the Terminating Products on the SEHK on investors, and a SFC transaction levy (at 0.0027% of the price of the Units), an AFRC transaction levy (at 0.00015% of the price of the Units)

and a trading fee (at 0.00565% of the price of the Units) will be payable by the buyer and the seller of the Units.

No charge to stamp duty will arise in Hong Kong in respect of sale or purchase of Units of the Terminating Products on the SEHK.

The trading price of Units of each of the Terminating Products may be below or above the Net Asset Value per Unit. Please see the “Units trading at a discount or premium risk” and “Market makers’ inefficiency risk” in section 6.1 below.

Relevant Investors are reminded to contact their stockbrokers or financial intermediaries to check whether there will be any fees or charges including custody fees that they may need to bear with regard to their unitholding in the Terminating Products during the period from the Trading Cessation Date up till the date on which they cease to hold their Units.

2.2 Final Distribution

For Relevant Investors who are still holding Units in the Terminating Products after the Last Trading Day, the Manager will, after consulting the Trustee and the Terminating Products’ auditor, declare a final distribution of assets (the “**Final Distribution**”) in respect of those investors who remain invested in the Terminating Products as of the Distribution Record Date (the “**Relevant Investors**”). Such Final Distribution is expected to be made on or around 17 June 2024.

Each Relevant Investor will be entitled to a Final Distribution of an amount equal to the relevant Terminating Product’s then Net Asset Value in proportion to the Relevant Investor’s Units in that Terminating Product as at the Distribution Record Date. Each Terminating Product’s then Net Asset Value will be the total value of the net proceeds from the realisation of the assets of the relevant Terminating Product as described in section 1.3 above, which will exclude (i) any taxes payable; and (ii) any expenses payable.

The Final Distribution payable to each Relevant Investor is expected to be paid to the accounts of its financial intermediary or stockbroker maintained with CCASS as at the Distribution Record Date on or around 17 June 2024. The Manager will issue a further announcement to inform the Relevant Investors of the exact day of payment of the Final Distribution, together with the amount of Final Distribution per Unit in respect of the relevant Terminating Product in due course.

2.3 Further Distribution

The Manager does not expect or anticipate there will be a further distribution after the Final Distribution. However, in the unlikely event there is a further distribution after the Final Distribution, the Manager will issue an announcement informing the Relevant Investors.

IMPORTANT NOTE: Investors should pay attention to the risk factors as set out in section 6.1 below and consult their professional and financial advisers before disposing of the Units in the Terminating

Products. If an investor disposes of its Units in the Terminating Products at any time on or before the Last Trading Day, such investor will not in any circumstances be entitled to any portion of the Final Distribution or any further distribution (if any) in respect of any Units so disposed. Investors should therefore exercise caution and consult their professional and financial advisers before dealing in their Units in the Terminating Products or otherwise deciding on any course of actions to be taken in relation to their Units in any of the Terminating Products.

2.4 During the period from the Trading Cessation Date (as defined in section 2.5) until the Termination Date

Following the realisation of the assets and the Final Distribution, on the date on which the Trustee and the Manager form an opinion that the Terminating Products cease to have any contingent or actual assets or liabilities (the “**Termination Date**”), the Manager and the Trustee will commence the completion of terminating the Terminating Products.

During the period from the Trading Cessation Date until, at least, the Termination Date, the Terminating Products will continue to have listing status on the SEHK and will remain authorized by the SFC, although the Terminating Products will be operated only in a limited manner as there will not be any trading of Units of the Terminating Products and the Terminating Products will have no investment activities from the Trading Cessation Date onwards.

The deauthorization and delisting of the Terminating Products will take place either on the Termination Date or shortly after the Termination Date, subject to the SFC’s and SEHK’s approval respectively. The Manager expects, subject to the SEHK’s approval, that the delisting will only take place at or around the same time of the deauthorization.

The proposed termination, deauthorization and delisting will be subject to the payment of all outstanding fees and expenses (please refer to section 5 below for further information), discharge of all outstanding liabilities of the Terminating Products, as well as the final respective approvals by the SFC and the SEHK.

Following deauthorization, the Terminating Products will no longer be subject to regulation by the SFC and will not be available for public distribution in Hong Kong. Any product documentation for the Terminating Products previously issued to investors, including the Prospectus and any KFS in respect of the Terminating Products, should be retained for personal use only and not for public circulation. Stockbrokers, financial intermediaries and investors must not circulate any marketing or other product information relating to the Terminating Products to the public in Hong Kong as this may be in breach of the Securities and Futures Ordinance.

2.5 Important dates

Subject to the SFC’s and the SEHK’s respective approvals for the proposed arrangements set out in this Announcement and Notice, it is anticipated that the expected important dates in respect of the Terminating Products will be as follows:

Dispatch of this Announcement and Notice	After market close on 19 April 2024, Friday
No further request for creation of Units by investors in the primary market via Participating Dealers (other than by Participating Dealers for market making activities) will be accepted	22 April 2024, Monday
Last day for dealings in the Units of each of the Terminating Products on the SEHK and last day for creation by Participating Dealers for market making activities and redemption of Units of each of the Terminating Products in the primary market through a Participating Dealer (the “ Last Trading Day ”)	20 May 2024, Monday
Dealings in the Units of each of the Terminating Products on the SEHK cease and no further creation and redemption of Units of each of the Terminating Products in the primary market through a Participating Dealer (the “ Trading Cessation Date ”), i.e. same date on which the Manager will start to realise all the investments of the Terminating Products and each of the Terminating Products will cease to be able to track the leveraged performance or inverse performance (as the case may be) of the respective indices and will no longer be marketed or offered to the public in Hong Kong	21 May 2024, Tuesday
Record date for determining the eligibility of entitlement of investors for the Final Distribution and further distribution, if any (the “ Distribution Record Date ”)	By close of business on 24 May 2024, Friday
The date as at which the Manager will, after having consulted the Trustee and the Terminating Products’ auditor, declare the Final Distribution amount per unit and dispatch the announcement on the Final Distribution	On or around 7 June 2024, Friday
Final Distribution, after the Manager having consulted with the Trustee and the Terminating Products’ auditor, will be paid to the Relevant Investors (the “ Final Distribution Date ”)	On or around 17 June 2024, Monday
Termination of the Terminating Products (the “ Termination Date ”)	Expected to be 22 July 2024, Monday, when the Manager and Trustee form an opinion that the Terminating Products cease to have any contingent or actual assets or liabilities.
Deauthorization and delisting of the Terminating Products	On or shortly after the Termination Date, which is the date the SFC and

	<p>SEHK approve the deauthorization and delisting respectively.</p> <p>The Manager expects that the deauthorization and delisting will take place either on or immediately after the Termination Date.</p>
--	--

The Manager will issue the following:

- (on a weekly basis from the date of this Announcement and Notice to the Last Trading Day) reminder announcements informing and reminding investors of the Last Trading Day, the Trading Cessation Date and the Distribution Record Date;
- (in due course) an announcement to inform the investors of the Final Distribution Date;
- (on or shortly before the Termination Date) an announcement informing investors about the Termination Date, dates for the deauthorization and delisting of the Terminating Products, in accordance with the applicable regulatory requirements.

If there is any change to the dates mentioned in this section, the Manager will issue an announcement to inform the Relevant Investors of the revised dates.

3. Non-applicability of certain provisions of the Code

3.1 Background

As set out in section 2.4 above, while the Units in each of the Terminating Products will cease trading effective from the Trading Cessation Date, because of certain outstanding actual or contingent assets or liabilities in relation to the Terminating Products, the Terminating Products will remain in existence after the Trading Cessation Date until the Termination Date. During such period, the Terminating Products will maintain its SFC authorization status, and its SEHK listed status, until the completion of the proposed termination, deauthorization and delisting.

Given the Terminating Products will no longer be marketed or offered to the public and have limited operations after it ceases trading, pursuant to 8.6(t) of the Code and Question 20 of the Frequently Asked Questions on Leveraged and Inverse Products, the Terminating Products will continue to maintain their SFC authorization status without strictly complying with certain provisions of the Code for the period from the Trading Cessation Date to the Deauthorization Date, provided that the specific conditions and requirements imposed by the SFC are met.

Such conditions and requirements are described in the following sub-sections 3.2 to 3.5.

3.2 Publishing of the suspension of dealing

Under Chapter 10.7 of the Code, the Manager is required to: (a) immediately notify the SFC if dealing in Units ceases or is suspended; and (b) publish the fact that dealing is suspended immediately following the decision to suspend and at least once a month during the period of suspension in an appropriate manner.

The Manager will continue to manage the Terminating Products without strict compliance with 10.7 of the Code from the Trading Cessation Date to the Deauthorization Date, subject to the condition that a statement shall be posted in a prominent position of the Manager's website¹ from the Trading Cessation Date until the Deauthorization Date to notify investors that the Units of the Terminating Products have ceased trading on the SEHK from 21 May 2024, and draw investors' attention to this Announcement and Notice and all other relevant announcements.

As the Terminating Products will maintain its SEHK listing status after the Last Trading Day 20 May 2024 until the date of delisting, investors may continue to access further announcements in relation to the Terminating Products via the HKEX's website and the Manager's website¹ during such period.

3.3 Provision of real time or near-real time indicative Net Asset Value per Unit and last Net Asset Value

Under 8.6(u)(i) and 8.6(u)(ii) of the Code, the Manager is required to provide real time or near-real time indicative NAV per Unit (updated at least every 15 seconds during trading hours) and last NAV per Unit and last NAV of the Terminating Products (updated on a daily basis) on the Manager's website¹, or such other channels as the SFC considers appropriate.

Accordingly, the Manager will continue to manage the Terminating Products without strict compliance with 8.6(u)(i) and 8.6(u)(ii) of the Code (for the period from the Trading Cessation Date to the Deauthorization Date), subject to the following conditions and requirements imposed by the SFC and which the Manager has undertaken to meet:

- (A) the Net Asset Value per Unit of each Terminating Product as of 20 May 2024 (i.e. the Last Trading Day), which will be the latest available Net Asset Value per Unit of each Terminating Product, will be published on the Manager's website¹; and
- (B) the Manager shall update the latest available Net Asset Value per Unit of each of the Terminating Products on the Manager's website¹ as soon as practicable should there be any other change to the Net Asset Value of each Terminating Product, including but not limited to changes arising from (i) the Final Distribution (please see further in section 2.2 above); (ii) further distribution (if any); (iii) any change in market value of any scrip dividend receivable by the Terminating Products; and (iv) any deduction of transaction costs or taxes relating to the realisation of assets of each of the Terminating Products.

¹ <https://www.csopasset.com/en/home>. The contents of the website have not been reviewed by the SFC.

3.4 Updating of the Prospectus and KFS in respect of the Terminating Products

Under Chapters 6.1 and 11.1B of the Code, the Prospectus and the KFS in respect of the Terminating Products must be up-to-date and must be updated to incorporate any relevant changes to the Terminating Products.

The Manager will continue to manage the Terminating Products without updating the Prospectus and the KFS in respect of the Terminating Products as required under 6.1 and 11.1B of the Code from the Trading Cessation Date to the Deauthorization Date, subject to the following conditions and requirements imposed by the SFC and which the Manager has undertaken to meet:

- (A) the Manager will promptly notify investors of any changes to the Terminating Products or to the Prospectus or the KFS of the Terminating Products by means of publishing further announcement(s) on the Manager's and the HKEX's websites (each, a "**Relevant Future Announcement**");
- (B) the Manager will ensure that each Relevant Future Announcement shall include a statement to refer investors to read this Announcement and Notice together with the Prospectus, the KFS of the relevant Terminating Products, and any other Relevant Future Announcement(s); and
- (C) the Manager will issue an updated Prospectus on the Deauthorization Date to remove all references to the Terminating Products.

3.5 Other related matter

The Manager confirms that, save for the particular provisions of the Code set out in sections 3.2 to 3.4 above, the Manager will continue to comply with all the other applicable provisions of the Code, the applicable provisions in the Trust Deed, The Rules Governing the Listing of Securities ("**Listing Rules**") on the SEHK and other applicable laws and regulations in respect of the Terminating Products.

4. Preparing interim report covering the Termination Audit Period

Under Chapter 11.6 of the Code, the Manager is required to publish and distribute interim reports containing the information required in Appendix E of the Code to investors within two months of the end of the covered period (i.e. from 1 January 2024 to 30 June 2024). With a view to minimising operational cost, the Manager will rely on Note (2) to Chapter 11.6 of the Code which permits extension of reporting period for the interim report in the case of fund termination. Accordingly, to the extent that the Termination Date falls within the first two months after the covered period, the Manager will issue an interim report of the Terminating Products covering an extended reporting period from 1 January 2024 to the Termination Date (expected to be 22 July 2024) (the "**Termination Audit Period**") which shall be published on the Manager's website and the HKEX's website as soon as practicable and in any event no later than two months after the Termination Date.

The Manager will publish the interim report as follows:

- (i) The contents of the interim report for the Termination Audit Period (the “**Termination Audit Report**”) shall comply with the requirements under 4.5(f) and Appendix E to the Code, and all other applicable provisions of the Code, other applicable laws and regulations.
- (ii) The Manager shall notify the investors by way of an announcement on its website and the HKEX’s website on or before 31 August 2024 (i.e. the due date for issuance of the normal interim report) of, among other things: (a) when the Termination Audit Report will be published; (b) the start and end dates of the Termination Audit Period; and (c) where the Termination Audit Report, in printed and electronic forms, can be obtained.

The Manager confirms that Unitholders will not be prejudiced from the above arrangement under Chapter 11.6 of the Code. The Manager also confirms that, save as otherwise set out above, the Manager will continue to comply with all the other applicable provisions of the Code, the applicable provisions in the Trust Deed, the Listing Rules on the SEHK and other applicable laws and regulations in respect of the Terminating Products.

5. Costs

5.1 Trading on the SEHK

As indicated in section 2.1 above, stockbrokers or financial intermediaries may levy certain fees and charges for any orders to dispose of Units of the Terminating Products on or before the Last Trading Day.

5.2 Creation and redemption by Participating Dealers

All creation and redemptions of Units of the Terminating Products by Participating Dealers will be subject to the fees and costs as set out in the Prospectus. Participating Dealers may pass on to the Relevant Investors such fees and costs, and may also impose fees and charges in handling creation and redemption requests which would increase the cost of creation and redemption. Investors are advised to check with Participating Dealers as to their relevant fees, costs and charges.

5.3 Cost of termination, deauthorization and delisting

The Manager will bear the unamortised preliminary expenses and all costs and expenses associated with the termination, deauthorization and delisting of the Terminating Products (other than transaction costs and any taxes relating to the realisation of assets of the Terminating Products) from the date of this Announcement and Notice up to and including the Termination Date.

5.4 Ongoing charges of the Terminating Products

The ongoing charges over a year² for the Terminating Products, as disclosed in the latest KFS dated 16 April 2024, are 3.00%. The ongoing charges figure represents the ongoing expenses expressed as a

² The ongoing charges figure represents the sum of the ongoing expenses chargeable to the Product expressed as a percentage of the Product's NAV. The ongoing charges figure does not include the swap fees as discussed herein.

percentage of the Net Asset Value of the Terminating Products over a period of one year. The Manager will continue to charge a management fee (trustee fee included) up to and including the Final Distribution Date.

The Manager will cap the ongoing charges of the Terminating Products (including fees of other service providers) at 3.00% per annum until the Termination Date.

The Manager does not expect that the termination of the Terminating Products will impact the ongoing charges figures. Please note for completeness the ongoing charges figures are calculated in accordance with the guidance under the relevant SFC circular, and exclude the following costs and expenses associated with the termination of the Terminating Products (which are to be borne by the Terminating Products): (i) transaction costs and (ii) any taxes relating to the realisation of assets of the Terminating Products.

Each of the Terminating Products does not have any contingent liabilities (such as outstanding litigation) as at the date of this Announcement and Notice.

6. Other matters

6.1 Other implications of the proposed cessation of trading, the proposed termination of the Terminating Products and the proposed delisting and deauthorization

In consequence of this Announcement and Notice and the proposed cessation of trading, the proposed termination of the Terminating Products and the proposed delisting and deauthorization, investors should note the following:

Liquidity risk - Trading of Units in each of the Terminating Products on the SEHK from the date of this Announcement and Notice may become less liquid;

Units trading at a discount or premium risk - Although up to (and including) the Last Trading Day, the market makers of the Terminating Products will continue to perform its market making functions in accordance with the Trading Rules of the SEHK, Units in each of the Terminating Products may trade at a discount compared to its Net Asset Value in extreme market situations. This is because many investors may want to sell their Units in the Terminating Products after this Announcement and Notice has been published but there may not be many investors in the market who are willing to purchase such Units. On the other hand, it is also possible that the Units in each of the Terminating Products may trade at a premium and consequently the divergence between the supply of and demand for such Units may be larger than usual;

Tracking errors during the period from the date of this Announcement and Notice to the Last Trading Day risk – It is possible that the size of the Terminating Products may drop drastically before the Last Trading Day. This may impair the Manager's ability to fulfill the investment objectives of the Terminating Products and result in significant tracking error. In the extreme situation where the size of the Terminating Products becomes so small that the Manager considers that it is not in the best interest of the Terminating Products to continue to invest in the market, the Manager may decide to convert the whole or part of the investments of the Terminating Products into cash or deposits in order to protect the interest of the investors of the Terminating Products;

Net Asset Value downward adjustment risk – Changes in economic environment, consumption pattern and investors' expectations may have significant impact on the value of the investments and there may be significant drop in value of the assets. Such market movements may result in substantial downward adjustment of the Net Asset Value per Unit before the Last Trading Day;

Failure to track the leveraged performance or inverse performance of the indices risk – All assets of the Terminating Products, will be realised with effect from the Trading Cessation Date. Thereafter, the Terminating Products' assets will mainly be cash. The Terminating Products will only be operated in a limited manner. It therefore follows that, from the Trading Cessation Date, each of the Terminating Products will cease to track the leveraged performance or inverse performance (as the case may be) of their respective indices, and will not be able to meet its investment objective of tracking the leveraged performance or inverse performance (as the case may be) of their respective indices;

Delay in distribution risk - The Manager will aim to realise all of the assets of the Terminating Products and proceed with the Final Distribution as soon as practicable. However, the Manager may not be able to realise all of the assets in a timely manner during certain periods of time, for example, when trading on the relevant stock exchanges is restricted or suspended or when the official clearing and settlement depository of the relevant market is close. In this case, the payment of Final Distribution may be delayed; and

Market makers' inefficiency risk – The Market Maker will continue to perform its market making functions in respect of the Terminating Products in accordance with the Trading Rules of the SEHK until the Last Trading Day. However, in particular, should there be a large demand for the Units before the Trading Cessation Date, the market makers may not be able to effectively perform their market making activities to provide liquidity of the trading of Units on the SEHK. As a result, the price volatility of the Units may be higher than usual from the date of this Announcement and Notice through the Last Trading Day.

Investor attention is also drawn to the risks disclosed in the Prospectus of the Terminating Products.

6.2 Tax implications

Hong Kong tax

Based on the Manager's understanding of the law and practice in force at the date of this Announcement and Notice, as the Terminating Products is a collective investment scheme authorized under Section 104 of the Securities and Futures Ordinance (Cap. 571 Laws of Hong Kong), profits of the Terminating Products derived from realisation of its assets are exempt from Hong Kong profits tax. Notwithstanding that profits of each Terminating Product derived from realisation of its assets are exempt from Hong Kong profits tax, the Terminating Products may be subject to tax in certain jurisdictions where investments are made, on income or capital gains derived from such investments.

No Hong Kong profits tax is expected to be payable by investors in Hong Kong in respect of the Final Distribution or further distributions (if any) to the extent of distribution of profits and/or capital of the Terminating Products. For investors carrying on a trade, profession or business in Hong Kong, profits derived in redemption or disposal of Units in the Terminating Products may be subject to Hong Kong profits

tax if the profits in question arise in or are derived from such trade, profession or business, sourced in Hong Kong, as well as the Units of the Terminating Products are revenue assets of the investors.

Investors should consult their professional financial advisers for tax advice.

7. Connected party transactions

None of the Connected Persons of the Manager and/or the Trustee are party to any transaction in relation to the Terminating Products, nor hold any interest in the Terminating Products.

8. Documents available for inspection

Copies of the following documents are available for inspection free of charge at the offices of the Manager (2801-2803 Two Exchange Square, 8 Connaught Place, Central, Hong Kong) during normal business hours. Copies of (a) may be obtained from the Manager on payment of a reasonable fee:

- (a) the Trust Deed;
- (b) the Participation Agreements;
- (c) the Service Agreements;
- (d) the audited accounts and the semi-annually unaudited reports of the Trust and the Terminating Products (if any); and
- (e) the Prospectus and the KFS.

9. Enquiries

If you have any queries in relation to the contents of this Announcement and Notice, please direct them to your stockbrokers or financial intermediaries or contact the Manager by calling (852) 3406 5688 during office hours (except Hong Kong statutory holidays), or visiting the Manager in person at 2801-2803, Two Exchange Square, 8 Connaught Place, Central, Hong Kong or visiting the Manager's website¹.

The Manager accepts full responsibility for the accuracy of the information contained in this Announcement and Notice, and confirms, having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement misleading.
