## **FINANCIAL EFFECTS OF THE TRANSACTIONS**

### **In respect of the Disposal**

#### *Impact on financial performance*

The Loan Interest has contributed interest income of approximately HK\$262 million and HK\$165 million for the years ended 31 December 2022 and 2023, respectively. Among the interest income of approximately HK\$165 million for the year ended 31 December 2023, all remained outstanding as at the date of this announcement.

The Group had recognised expected credit losses on Loan Interest of approximately HK\$527 million as at 31 December 2023.

Upon Completion, it is expected that the Group shall no longer recognise the interest income from the Loan Interest as well as the expected credit losses on Loan Interest.

#### *Impact on financial position*

The Loan Interest was accounted for as a financial asset of the Group with carrying amount of approximately HK\$1,902 million as at 31 December 2023. Upon Completion, it is expected that the current assets of the Group will be decreased by the same amount.

### *Gain on the Disposal*

Upon Completion, it is expected that the Group shall recognise a gain of approximately HK\$509 million based on the difference between (i) approximately HK\$2,411 million being the total of the aggregate carrying amount of the Entrusted Loans of approximately HK\$2,058 million as at 31 December 2023 and the fair value of the Target Properties of approximately HK\$353 million; and (ii) the carrying amount of the Loan Interest of approximately HK\$1,902 million as at 31 December 2023.

### **In respect of the transfer of Target Properties and the Debt Novation**

#### *Impact on financial performance*

The Group incurred interest expenses of approximately HK\$166 million per year under the Entrusted Loans. Upon Completion, the Group shall no longer incur interest expenses under the Entrusted Loans.

#### *Impact on financial position*

Upon Completion, the Target Properties will become part of the investment properties of the Group. The preliminary appraised valuation of the Target Properties was not less than RMB320 million (equivalent to approximately HK\$353 million) as at the date of this announcement. It is expected that the non-current assets of the Group will be increased by at least the same amount.

The Entrusted Loans were accounted for as a financial liability of the Group with an aggregate carrying amount of approximately HK\$2,058 million as at 31 December 2023. Upon Completion, the repayment obligation of the Entrusted Loans shall be transferred to Guangdong Zhuguang. It is expected that the total liabilities of the Group will be decreased by the same amount.

Hence, each of the total assets and total liabilities will be reduced by approximately HK\$1,549 million and HK\$2,058 million, respectively, and the net assets of the Group will be increased by approximately HK\$509 million.

The aforesaid estimation, including the gain from the Disposal, is for illustrative purpose only and does not purport to represent the financial position of the Group after Completion. Shareholders should note that the actual financial effect to be recorded by the Company is subject to review and further audit procedures by the auditors of the Company and may be different from the estimation stated herein.

## **REASONS FOR AND BENEFITS OF THE LOAN ASSIGNMENT AGREEMENT AND THE TRANSACTIONS**

The Group is principally engaged in property leasing and investments. As stated in the annual report of the Company for the year ended 31 December 2023, the Group has been striving to improve its financial position by continuing to implement measures to speed up the timing of collection of outstanding loan receivables and interest receivables, as well as expedite the disposal of financial asset investments, including equity investments and non-performing assets portfolio.

As stated above, as at 31 December 2023, the aggregate outstanding principal amount and interest under the Loan Agreements amounted to approximately RMB2,201 million (equivalent to approximately HK\$2,429 million), all of which are unsecured. Except for five Loans with the total outstanding principal amount and interest of approximately HK\$97 million as at 31 December 2023, all other forty-nine Loans with the total outstanding principal amount and interest of approximately HK\$2,332 million as at 31 December 2023 are overdue.

Thus, the Transactions, if materialised, would provide a good opportunity to the Group to substantially recover a large portion of the outstanding amount owed under the Loan Agreements within a foreseeable timeframe and in a relatively short period of time, thereby minimising the uncertainty and the credit risks associated with the Loan Interest and the administrative costs to be incurred by the Group for collecting the outstanding Loan Interest, and the Debt Novation provides a good opportunity for the Group to settle the Entrusted Loans as the rights and liabilities of the Group under the Entrusted Loan Agreements will be discharged. The transfer of the Target Properties to the Company allows the Group to enlarge and diversify its investment properties portfolio with high quality assets, as well as to strengthen the income base of the Group and to generate stable cash flows to the Group.

Having regard to the reasons for and benefits of the Disposal, the Board is of the view that the terms of the Loan Assignment Agreement, which have been reached after arm's length negotiations between the parties, and the Transactions are fair and reasonable and in the best interests of the Company and the Shareholders as a whole.

## **LISTING RULES IMPLICATIONS**

As the highest applicable percentage ratio in respect of the Disposal under Rule 14.07 of the Listing Rules exceeds 75%, the Disposal constitutes a very substantial disposal for the Company under Chapter 14 of the Listing Rules and is therefore subject to the reporting, announcement, circular and shareholders' approval requirements under Chapter 14 of the Listing Rules.

As the highest applicable percentage ratio in respect of the transfer of the Target Properties under Rule 14.07 of the Listing Rules exceeds 100%, the transfer of the Target Properties constitutes a very substantial acquisition for the Company under Chapter 14 of the Listing Rules and is therefore subject to the reporting, announcement, circular and shareholders' approval requirements under Chapter 14 of the Listing Rules.

## GENERAL

An EGM will be convened for the Shareholders to consider and, if thought fit, to approve the Loan Assignment Agreement and the Transactions. Voting by the Shareholders at the EGM will be taken by poll. To the Directors' best knowledge, information and belief and having made all reasonable enquiries, as at the date of this announcement, no Shareholder has a material interest in the Loan Assignment Agreement and the Transactions and therefore, no Shareholder is required to abstain from voting on the proposed resolution(s) approving the Loan Assignment Agreement and the Transactions at the EGM.

A circular containing, amongst other things, (i) further information in relation to the Loan Assignment Agreement and the Transactions; (ii) the valuation report of the Target Properties; and (iii) the notice of the EGM and the proxy forms will be despatched to the Shareholders on or before 31 July 2024 in order to allow sufficient time for the Company to prepare the necessary financial information to be included in the circular.

**Completion is subject to and conditional upon the fulfilment of the terms and conditions precedent set out in the Loan Assignment Agreement and the Transactions may or may not proceed. Shareholders and potential investors are advised to exercise caution when dealing in the securities of the Company.**
