PROFIT ALERT – REDUCTION IN LOSS

This announcement is made by Tongda Hong Tai Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders and potential investors of the Company that, based on the preliminary review of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2024 (the “**Current Period**”) and the information currently available to the Board, it is expected that the Company’s revenue for the Current Period would be approximately HK\$21,181,000, as compared to the revenue of approximately HK\$46,836,000 for the corresponding period in 2023; and the net loss for the Current Period is expected to be approximately HK\$23,674,000 as compared to the net loss of approximately HK\$48,513,000 for the corresponding period in 2023.

The expected decrease in the Group’s revenue and expected decrease in the Group’s net loss was mainly attributable to the ongoing operation restructuring of the Group commenced last year. Due to the operating restructuring, the Group has reassessed its projects to improve the operating cashflow and resulted in less sales orders received. Also, the Group’s sales orders and production yield were negatively impacted by external unfavorable challenges, including but not limited to, global inflation surge, increase in staff costs, continual fluctuation of material prices due to the instability of supply chain, shortage in the supply of semiconductors and the continuing increase in competition in the market which all put pressure to the sales order of the Group. The expected decrease in the Group’s net loss was primarily due to the successful implementation of the aforesaid undergoing operation restructuring of the Group.

As at the date of this announcement, the Company is still in the process of finalising the Group's interim results for the Current Period (the “**Interim Results**”). The information contained in this announcement is only based on the Board's preliminary assessment of the unaudited consolidated management accounts of the Group with reference to the information currently available to the Board which may be subject to amendments or adjustments, and have not been reviewed or confirmed by the Company's auditors or the audit committee of the Company. The actual Interim Results of the Group may be different from the information disclosed in this announcement. Further details of the Group's performance will be disclosed in the Interim Results announcement of the Company, which is expected to be published on or before 31 August 2024.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.
